BRYAN IS STILL IN NEW YORK

Senator Teller Will at Once Place His Services at Command of Silver Democracy.

IS CONFIDENT THAT BRYAN WILL WIN

Perfect Fusion Effected in Nine Congressional Districts in Iowa—Bryan Clubs Forming in Ohio—Allison Congratulates McKinley.

Chautauque, N. Y., Aug. 31.—The Bryan party left Lakewood at 7:40 this morning on the steam launch, Ceylon. The trip, with the exception of a stop at Bemis, was without incident. At that point the people crowded the docks and shook hands with the nominee.

Teller in the Saddle.

Denver, Aug. 31.—Senator Teller informs a representative of the Associated Press that his movements outside of Colorado during the campaign will be controlled entirely by the Democratic national committee. He has received urgent invitations to speak in almost every state in the Union, but replies to all such that he will make no engagements independent of the committee.

He will leave Denver the latter part of this week and will go direct to Chicago, where he will meet Chairman Jones, of the national committee, placing himself at the disposal of the latter for the remainder of the campaign. He will make only one formal speech in Colorado before taking his departure. This will be delivered to-day at Colorado Springs, where there is a stronger McKinley sentiment than in any other part of the state. The senator expressed great confidence in the favorable result of the campaign, saying that his mail indicates a remarkably rapid growth of the free silver sentiment. He says that Bryan's campaign has so far justified the anticipations of his most ardent admirers, and expresses the opinion that the history of the country does not record a series of speeches more apt and telling than those which have been delivered by the free silver candidate in his eastern tour.

No Doubt of Bryan's Election.

Denver, Aug. 31.—J. N. Stevens, vice-chairman of the national silver party, campaign committee, has returned here for a few days. He says that Illinois, Minnesota and Michigan are sure for Bryan and that there is no doubt of his election, if means are forthcoming to fill the Mississippi valley states with silver speakers and literatures.

Perfect Fusion in Iowa.

Des Moines, Iowa, Aug. 31.—The fusion entered into by the silver Democrats, Populists and Republicans at the Ottumwa convention has been carried out in the nine congressional districts thus far held and in the nomination of county tickets.

Bryan Clubs in Ohio.

Cincinnati, Aug. 31.—Bryan clubs are being organized in nearly every township and hamlet in northern Ohio. This is one of the most significant indications of the popular interest in the campaign. The present campaign, that can possibly be furnished. Hitherto the Democrats have had no organization in the smaller towns and hamlets of northern Ohio and their vote has been so small that it was hardly worth while for them to organize.

Allison to McKinley.

Canton, Ohio, Aug. 31.—Among the thousands of congratulatory messages received by Major McKinley is the following from Hon. W. B. Allison: "Dubuque, Iowa, My Dear Governor: I want to congratulate you on your letter of acceptance. It is most admirable in temper, style and unanswerable in statement. I especially wish to congratulate you on your discussion of the money question. Your positions are unassailable and you argue the question with consummate skill."

THE MARKETS.

New York, Aug. 31.—Money on call firm at 6 1/2 per cent. Prime mercantile paper, nominally 7 @ 8; silver, 66 1/2; lead, 25.50.

Chicago.—Cattle, market unchanged. Sheep, steady.

Kansas City.—Cattle, best grades steady to strong, others weak to 10c lower; Texas steers, \$2.05 @ \$2.10; Texas cows, \$1.50 @ \$2.75; beef steers, \$3.00 @ \$4.00; native cows, \$1.15 @ \$2.10; stockers and feeders, \$2.50 @ \$3.50; bulls, \$1.50 @ \$2.50. Sheep, market steady to strong; on sheep, lambs, \$2.00 @ \$3.00 @ \$4.50; muttons, \$2.00 @ \$3.00.

Chicago.—Wheat, August, 56 1/2; September, 56 1/2. Corn, August and September, 20 1/2. Oats, September, 17 1/2.

Texas Fever.

Columbia, Mo., Aug. 31.—Dr. J. S. Hunt, representing the government of Queensland, Australia, who is making thorough investigation of the origin and history of splenic fever, or Texas fever, is in Columbia in conference with Dr. Waters and Connaway and Secretary Rippey in relation to the Texas fever experiment being conducted by the state board of agriculture and the experiment station. Dr. Hunt goes from here to Kansas City for conference with Col. Dean, of the cattle division of the United States department of agriculture, and thence to the infected area of Texas for a critical examination of existing conditions there. The cattle raising industry of Australia is seriously threatened by the disease, which commenced in the northwest portion of that country about three years ago and has spread over about one-half of the territory. They are not favored with heavy frosts that for a period check the ravages of the disease, as it does in this country, and its spread is thus hastened, and on account of the large grazing ranches, all of which are unfenced, quarantine regulations are impracticable.

Domestic Tragedy in Detroit.

Detroit, Aug. 31.—Frank Beabien, aged 40, member of an old French family, inherited considerable money recently and has been drinking heavily. This morning he went home drunk. His wife remonstrated and he shot her in the back as she ran, killing her. He also attempted to shoot his two children, but both escaped injury. He then blew his brains out.

Comment Would be Superfluous.

London, Aug. 31.—It is reported that John Duff, another Irish political prisoner, has become dangerously insane.

McKINLEY AID SOCIETY.

Boasting Democratic telegraphs gathering at Indianapolis for the purpose of comparing notes.

Indianapolis, Aug. 31.—As the delegates to the gold Democratic national convention began to arrive this morning the talk of candidates became more general, but nothing developed to indicate which way the tide might turn.

Florida caused comment by telegraphing to have a banner painted with the names of Cleveland and the words, "Our choice," on it.

Some one opposed making a nomination in P. H. Kassier, from Texas. He says that in the south McKinley will be much stronger than a third ticket. He announced that he will vote for McKinley even if a nomination is made.

Mr. Bryan, the most prominent promoter of the movement here, says that a third ticket will carry several states, including Texas and Kentucky.

Ferry Belmont was among the arrivals to-day. He came as a looker on, but will probably hold a proxy from New York.

There may be a contest in committee on resolution over the question of adopting the principle of an income tax. Eastern delegates generally oppose it, but Delegates L. C. Knauth, of Missouri, is earnestly advocating such a plank.

"Senator Vilas will not permit the use of his name in connection with the presidential nomination" was the news brought to-day by Ellis B. Usher, of Wisconsin.

"Vilas does not want the nomination in the first place," said Usher. "In the second place he is for Gen. Bragg for whom the state convention instructed. From what I gather of the situation on my arrival it would appear that Henry Watterson will be Bragg's only formidable rival."

Usher further said that he did not believe there was any warrant for the statement that Vilas was the administration candidate.

GOLDBUGS IN NEW YORK.

Syracuse, N. Y.—The state convention of gold Democrats met here to-day. Daniel Griffin, of Watertown, was chosen president. He made a speech denouncing the action of the Chicago convention, opposing McKinley on account of his protection views, and praising Cleveland as the greatest modern statesman.

NATIONAL POLITICS.

Washington.—The attitude of certain railroad managers in the present campaign is causing the Democrats leaders a good deal of annoyance and worry.

It seems to be no doubt that the managers of certain of these great corporations are starting out to deliberately bulldoze their employees and compel them to vote for McKinley and the single gold standard.

Some time ago the Railway Age, one of the organs of the railway managers of the United States, started a movement for the organization of "sound money" clubs among railway employees throughout the country. This movement received a powerful impetus through the announcement by President M. E. Ingalls, of the Chesapeake and Ohio, and the Big Four, that if Bryan were elected he would be compelled to cut down the force of those already working and to put a stop also to the immense improvements now being made by the C. & O. at Richmond, Va., and elsewhere on the road.

As Mr. Ingalls has the direction of more than 20,000 men, this announcement was calculated not only to arrest the attention of those most directly interested, but of the entire country as well. Men in the employ of the C. & O. have commenced a campaign to protect the railroad employees, and have given information that extraordinary measures are being taken by the railroad managers to control the votes of the employees.

The vote of the railroad men in Virginia is considerable. And if solidly cast for the Republican ticket might be sufficient to give the state to McKinley. It is not believed that the vote of the railroads could be so easily cast for McKinley, nor is there serious fear that Mr. Ingalls or any other railroad manager will be able to control the votes of the men in the employ of the corporations.

The attitude of the C. & O. management is arousing the antagonism of the people to that corporation in Virginia. While it is true that the Australian ballot system to a great measure protects the railroad employees, still the frequent declaration of men like Mr. Ingalls and high officials of the company that the election of Bryan would mean an immense reduction in wages and the discharge of perhaps half of the men in the employ of the corporation is bound to have influence.

The Virginia Democrats are threatening retaliation against the railroad companies. For several years there has been a demand among the people for a railroad commission in Virginia to regulate rates and to supervise the operations of the railroad corporations in the state. Such a project has been sharply antagonized by the railroad managers, and the Democratic leaders as a whole have heretofore discouraged the proposition. But now they say the offensive interference of the railroad companies in the political affairs of the people warrants them in bringing these railroads partially under state control.

It is probable, too, that Virginia is not the only state that will move in the direction of creating a railroad commission with arbitrary powers if the railroad managers persist in becoming so effectively partisan in the pending campaign.

Mortuary Record.

Chicago, August 29.—Emmett R. Schall, a man of wealth, was found dead behind the locked door of his bedroom in his residence on Prairie avenue this morning. The gas had been turned on and Schall died from asphyxiation. Schall's two sons say it was a case of suicide, arising from despondency. They said that their father had not been in good health, and since the death of his wife, fourteen months ago, he had been much depressed in spirits.

Inspecting West Point.

New York, Aug. 31.—Early this morning Li Heng Chang boarded the dispatch boat Dolphin to go to West Point to inspect the military academy.

WILD LEAP OF A LOCOMOTIVE

First Accident on the Pike's Peak Cog Railroad Since It Was Opened.

THE CONDUCTOR'S PRESENCE OF MIND

Saved Passengers from Being Hurlled Down the Mountain Side to Destruction—Engineer and Fireman Saved by Jumping.

Colorado Springs, Colo., Aug. 31.—The first accident on the Pike's Peak Cog railroad, since it was opened five years ago, occurred yesterday and but for the safety breaks would have been a load of passengers would have been hurled down the mountain to destruction.

Coming down the mountain, the sidebars on the driving wheels on both sides of the engine broke apart, rendering the compressed air breaks useless. Conductor Guyman applied the automatic breaks in the passenger coach and soon stopped the train.

The engineer and fireman were compelled to abandon the engine, which was beyond control, and it went down a 25 per cent grade at a terrible speed nearly half a mile, when it struck a curve, jumped the track and shot through the air fully 150 feet, going clear over a boulder fifteen feet high upon the mountain side above the track.

It ploughed immense holes in the mountain and the tender and engine separated just as the engine exploded hurling iron and steel in all directions.

The train was a special, carrying General Manager Frederick Harrison and party, of the London & Northwestern railway, and Major S. K. Hooper, of the Denver & Rio Grande road.

THE WORLD OF BUSINESS.

An Elevated Road in the Hands of a Receiver—Failures in Missouri and Elsewhere—Gold Importations.

New York, Aug. 31.—The King's County Elevated company, operating in Brooklyn, has been placed in the hands of a receiver. G. R. Jordan, president, was named as receiver.

The application for a receiver was made before Judge Goodrich, of the supreme court, by Tracy, Boardman & Platt in behalf of James H. Frothingham, treasurer, and August Belmont, vice-president of the King's county road, and Vermilye & Co., bankers.

The petitioners aver that it is a friendly action brought for the purpose of adjusting the affairs and protecting the interests of the stockholders. They say that there are outstanding debts that they cannot yet meet. Poor business, due to the failure of the road, is also given as one of the reasons.

The capital of the company is \$4,750,000. The road was constructed at a cost of \$14,304,808.

The last two annual reports show that the income of the road had not been sufficient to pay operating expenses and fixed charges. Its liabilities, which in July, 1895, were \$11,349,110, had grown a year later to \$15,630,047. The profit and loss account of the latter date showed a deficit of \$718,096.

FAILURE IN HANNAH.

Hannah, Mo.—The Herriman-Cord Leasing company has failed financially, \$110,000; assets, nominal. It is impossible to obtain an accurate statement. The local banks are caught for large amounts.

The liabilities as far as ascertained are \$128,000. The Farmers & Merchants' bank and the Bank of Hannibal hold obligations for \$45,000. The assets may possibly pay 25 cents on the dollar.

WOOLEN MILLS CLOSED.

St. Joseph, Mo.—The Buell woolen mills, one of the largest manufacturing establishments in the west, will close on next Saturday for an indefinite time. The general dullness of trade is given as the cause, while the necessity of the financial situation is said to have contributed to the result. About 200 employees will be thrown out of work.

DISSOLUTION OF A STRONG FIRM.

St. Louis.—It is announced that the H. C. Simon-Gregory Dry Goods company will dissolve partnership and retire from business. The concern is capitalized at \$200,000 and has a surplus of \$100,000 and a business of about \$1,000,000 a month. The only reason given for the dissolution is the desire of both Simon and Gregory to retire from active business.

CARRIAGE MAKERS FAIL.

Amesbury, Mass.—Miller Bros., carriage manufacturers, having a wide reputation, have made an assignment. No statement is yet given out.

GOLD IMPORTATIONS.

New York.—Lazard Freres deposited \$1,000,000 in gold in the sub-treasury to-day. Additional gold imports ordered since the movement started up to \$17,000,000.

The total deposits of gold at the sub-treasury in exchange for legal tenders up to 11:30 to-day amounted to \$3,000,000. J. P. Morgan & Co. deposited \$1,500,000; the Hanover National bank, \$500,000; Lazard Freres, \$500,000; the Bank of Montreal, \$500,000.

The gold imports ordered thus far aggregate \$18,250,000.

Default in Interest.

New York, Aug. 31.—It was reported to-day that the Union Trust company, not having received any funds for the purpose, the interest on the Union Pacific land grant sinking fund, \$5 per cent bonds, due to-morrow, amounting to \$230,000, would not be paid. No Union Pacific receivers are in town.

Boss Platt is Supreme.

New York, Aug. 31.—The new state Republican committee met here to-day to re-elect Joseph C. Platt as chairman. Warner Miller was dropped from the advisory board. The new executive committee members are: Thos. C. Platt, Chanamoy M. Deppew, Edward Lantersbach, Frank Hancock, Frank S. Withersbee.

Revolution in Philippine Islands.

Madrid, Aug. 31.—The Spanish warship Isla de Omba has been ordered to the Philippine Islands, where a revolution has broken out.

At the Bon Ton.

ROOM 78, SHERIDAN BLOCK.

EL PASO, TEXAS.

That Dam Project.

Senior Alberto Flores and W. W. Follett members of the joint commission selected to investigate the irrigation possibilities of the Rio Grande river for the Mexican and United States governments, arrived in town last evening. To-day they spent several hours at the office of the state engineer, gathering statistics there to the average annual flow of the stream. One plan proposed is to dam the river four miles above El Paso and construct a gigantic storage reservoir.—Denver Times.

NEW MEXICO POLITICS.

A Gossip Letter on the Situation at Albuquerque.—The Candidates—Convention Called—Notes.

A private letter from Albuquerque under date of yesterday contains the following: Well, the great gold convention was held here yesterday. There must have been as many as twenty-one delegates present—eighteen from Albuquerque and three from other points in the territory. Our mutual friend, Childers, looked lonesome and out of place. The company that gathered to hear the U. S. attorney speak his little piece must have been discouraging—especially in view of the fact Childers, Clerk Marron, R. B. Meyers and Mike McCue had "retired" for forty-eight hours to drum up a crowd at the convention. The delegates to Indianapolis left last night, all traveling on passes, of course. Jack Lynch, the brick-layer, had to be assured of a round trip elan through to New York before he would start. By the way, Jack doesn't believe in either gold or money.

"Our Bryan club is getting on awfully well, and bids fair to prove a strong factor in the county election this fall. We have a membership of 150 and the executive committee consists of twenty-five of the staunchest of the county. A majority of them are tried and true Ferguson men. Already a great many former Republicans have united with this club and a complete organization in every precinct in the county is under way. Some of the corporations are bringing a good deal of pressure to bear on their employees to support the McKinley-Hanna crowd, but we take courage in the fact that the workmen of this day and generation are not peons and have intelligence and patriotism enough to follow the suggestion of Mr. Bryan and vote as they please.

PEOPLE'S PARTY CALL.

The New Mexican has received the following with a request to publish: A delegate convention of the People's party of New Mexico will be held at the city of Las Vegas on Wednesday, September 23, 1896, for the purpose of nominating a delegate to congress, electing a territorial committee, and such other business as may properly come before it.

The basis of representation will be as follows: Five delegates at large from each county in the territory, and an additional delegate for every one hundred or fraction thereof, for T. B. Mills delegate to congress in 1894.

Each county will be entitled to cast its full vote through one or more of its delegates present. M. P. STAMM, Chairman Territorial Committee.

A REPUBLICAN VIEW.

W. W. Miller, the civil engineer of Santa Fe and one of the best informed young men in the territory, is in the city. Being requested to give his views on the political situation, he said: "In my opinion the remedy for the existing financial troubles, which now convulse our land, is a high tariff upon foreign goods imported to our shores, and not the free and unlimited coinage of silver at the ratio of 16 to 1 with gold, as prescribed and advocated by the free silver cranks. On the contrary, the free and unlimited coinage of silver at that ratio would result disastrously to the credit of the country. Regarding the coming campaign in the territory, I do not hesitate to say it is the duty of every Republican member who attends the convention at Las Vegas to use all fair means to bring about the full and complete indorsement of the St. Louis platform, particularly those who desire statehood, for it is quite obvious our next delegate to congress should be in full harmony with the next administration, which will be under the wise guidance of Wm. McKinley, of Ohio, who is the champion of an honest dollar and the rights of the American people."—Albuquerque Citizen.

POLITICAL Gossip.

Hon. H. B. Ferguson spoke at Kelly, Socorro county, on Thursday evening, and will address the Raton Bryan club to-night.

In Socorro county Elfrigo Bacon and M. Cooney are out for the offices of probate clerk and collector, respectively, and Nestor P. Eaton, for the position of assessor.

This is the official announcement that comes from the workmen of Gallup: "All the votes here are for silver and we have the nerve to stand up and say so." At Saturday night's mass meeting some 200 names were added to the membership of the Bryan club.

W. B. Childers, J. W. Schofield, delegates and John Lynch, James Boyce and Andrew Johnson, alternates, left Albuquerque on Saturday night for the national convention of the gold Democratic party to be held at Indianapolis this week. Col. A. W. Harris, owner of the Illinois mine at Hillboro, is also en route to Indianapolis to talk for the gold standard.

The territorial superintendent of schools says he finds nothing in the law that prohibits a lady from holding the office of county superintendent of schools, and that if a lady is elected he will certainly recognize her. This declaration has greatly encouraged the supporters of Mrs. Harriet B. Kells, of Roswell, who seeks the school superintendency of Chaves county.

Amongst the gold Democrats in Santa Fe county are W. E. Dame, ex-speaker of the Democratic house of the last assembly; T. J. Curran, photographer; Adolf Gaudet, merchant, and others.

In Rddy county there are said to be a good many gold Democrats, and in Chaves county some of the very best men in the party are in the movement. The goldites, from appearances, will make quite a stir in political circles in New Mexico this fall.—San Marcial Bee.

NEW PHASE OF CUBAN WAR

Spanish Premier Cables Weyler That Rebels Must Be Crushed Before the Year Closes.

HENCE WEYLER RESORTS TO EXTREMES

An Edict Promulgated Ordering Devastation of Island by Fire and Slaughter—Conservatives Protest Against This Action.

Havana, Aug. 31.—"The rebels must be defeated before the year closes or we are lost," Premier Canovas to-day cabled to Gen. Weyler. Gen. Weyler cabled back to Madrid that, in that case, he must resort to extreme methods.

"Do as you please," replied Senor Canovas.

Thereseon Gen. Weyler determined to issue shortly an edict forbidding the grinding of the season's sugar crop.

Cuba will be made desolate by fire and sword. The torch will be applied by the regulars and insurgents alike to everything which might give any comfort to the enemy. Everybody outside of the military lines will be shot without challenge.

There was a panic in political and financial quarters when Weyler's intention leaked out. A meeting of the conservative leaders was held. After a hot discussion, in which Gen. Weyler's expected edict was denounced without stint, resolutions were adopted to this purpose:

First, That a committee, composed of the Marquis of Apeztegui, Pascual Goicoechea and Patricio Sanchez, visit Weyler and try to prevail upon him not to issue the edict.

Second, If he persists in his determination, the government at Madrid will be urged to recall Weyler to Spain.

These audacious resolutions are the talk of the city, as it is well known that Spanish rule in Cuba has always been upheld by and in the control of the conservative party, especially in times of war, and that the party's resolutions are in effect law.

Don't trifle away time when you have cholera morbus or diarrhoea. Fight them in the beginning with DeWitt's Colic & Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. Newton's drug store.

ABSOLUTELY PURE

THE COCHITI DISTRICT.

Ten Four-Horse Teams Engaged Constantly in Hauling High Grade Ore from Bland to Thornton for Shipment to Distant Smelters.

The Lone Star continues its regular shipments.

Charles McCoy and Patrick Hartney are doing the assessment work for this year on the Mattie G., owned by McCoy & Madler.

There are now ten four-horse teams hauling ore daily from Cochiti to the railroad at Thornton, which is a greater number than this camp has seen in its history.

Judge Oaks is expected to arrive from Albuquerque soon, presumably to start work on the discovery of a quartz lead which he recently made in Media Din canyon.

The Little Casino, under bond and lease to Charles Graves, and M. L. Chase also owning a part therein, will resume operations on Monday, and will produce some good ore.

That there is a season of prosperity in store for this district has every assurance by the amount of improvements and prosecution of mining work which is now in progress.

A fine specimen of ore weighing 500 pounds was taken out of the Washington and now lies on the platform open to inspection. The Washington continues its shipments at regular intervals.

The lessees on the Little Molle are working into the rich vein of quartz which they recently encountered in that mine. It is not unlikely that a shipment will soon be made from this valuable property.

During last week Frank C. Earle, representative of the El Paso Smelting company, was in Bland, and while here purchased for his company 1,000 tons of Crown Point ore. This ore is from the dump of the Crown Point and runs from \$20 upward to the ton.

John Hart and Geo. Cunningham arrived from Santa Fe on Wednesday, and will go to work on the lower tunnel of the Good Hope next Monday. Chas. A. Siringo, manager of the Sweet Cabin Home Mining company, who has leased and bonded the Good Hope and Hope wells is expected to arrive here to-morrow, and will push work on the former mine without delay. A recent assay made on specimens from the Good Hope selected by Mr. Siringo runs away up, and strengthens an assertion this paper made some weeks ago to the effect that the Good Hope would become one of the leading mines of the district.—Bland Herald.

G. A. R. ENCAMPMENT.

First Day of the Encampment at St. Paul—Attendance Very Large.

St. Paul, Minn., Aug. 31.—With fifteen or more regular trains from all points of the compass, and thirty-three special trains during the morning, the Union depot was the center of the greatest activity on the first day of the Grand Army encampment.</

Advertising Rates.

Wanted—One cent a word each insertion. Local—Ten cents per line each insertion. Reading Local—Preferred position—Twenty-five cents per line each insertion. Displayed—Two dollars an inch, single column, per month in Daily. One dollar an inch, single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of copy of matter to be inserted. Prices vary according to amount of matter, length of time run, position, number of changes, etc. One copy only of each paper in which an ad. appears will be sent free. Good base notices not accepted. No display advertisements accepted for less than \$1 net, per month. No reduction in price made for "every other day" advertisements.

MONDAY, AUGUST 31.

DEMOCRATIC TICKET

FOR PRESIDENT,
WILLIAM J. BRYAN,
OF NEBRASKA.

FOR VICE-PRESIDENT,
ARTHUR SEWALL,
OF MAINE.

Hanna's Helpers or the National Syndicate of Government Bond Boosters will convene at Indianapolis to-morrow. The plain people are all holding their breath!

It was scarcely necessary for the great transportation lines to announce a reduced rate to the so-called Democratic goldite convention, as all the delegates travel on annual passes.

The Rip Van Winkles of the Republican party are giving themselves and their cause dead away. Mark Hanna told the Boston people: "The currency question came upon us like a flash of lightning out of a clear sky," and in his New York speech Gen. Harrison spoke of it as "this new issue which has been so suddenly thrust upon us." Ah, ha! They've just found it out, eh?

LABOR'S PROMISED OVATION.

William J. Bryan, Democratic candidate for president, will arrive in Chicago on September 4, and will remain there three days. He has agreed to address the working people at Sharp Shooters' park on Labor day, Monday, September 7. From all reports the sons of toil are preparing to give Mr. Bryan an ovation that has never been equalled in this or any other country. Aside from the fact that this great young commoner of the west stands as the champion of the free coinage of silver—the poor man's money—the laboring men of the nation recognize him as their friend by his works, for by reference to the New Mexican files of Thursday, July 9, before Mr. Bryan ever dreamed of becoming the Democratic nominee for the presidency, we find this statement in reference to the proceedings of the National Democratic convention:

"Ex-Congressman Bryan offered the following, which was adopted as a part of the platform: 'We are in favor of the arbitration of differences between employers engaged in inter-state commerce and their employees, and recommend such legislation as is necessary to carry out this principle.'"

This act shows that Bryan was championing the cause of honest labor before his nomination for the presidency. He is doing the same to-day.

THE NEW DEMOCRACY.

The Hon. Richard P. Bland has been telling the New York World what the new Democracy means. What he says applies in New Mexico at this time. "The public man," states Mr. Bland, who now hesitates, and especially the Democrat who now lags behind in this great battle, will find himself not only isolated at this time but for all the time to come, as a Democrat, for it can be set down as being as

certain as the future can be predicted, that the old-time Democracy which has made its battles on the slavery question and the war question and all these questions is dead and dead forever, and old-time leaders must comprehend this fact. When I say the party is dead, I mean that it is dead as to those past issues. I do not mean to say that the Democratic party itself is dead, but, on the contrary, it has new life and new vigor and is now on the high road, not only to victory in this campaign, but to popular favor for many, many years to come. It may be called a resurrection of the old issues of Jefferson and Jackson, in which the people took up Democracy to do battle against plutocracy in all its forms against the Hamilton theory of government, which meant government by the classes instead of the masses. These issues are now renewed and are to be again fought out and the Democrat who can not stand in the party upon these issues is right in leaving it and going to the party of McKinley, which supports simply the old Hamiltonian theory.

THE GOLD STANDARD.

Free coinage of silver "would drive at least 500,000,000 gold dollars which we now have permanently from the trade of the country and greatly decrease our per capita circulation," says McKinley. This is not. The Wall street speculators and national banks would doubtless strive to shove gold to a premium for a few days, in hopes of letting their theories and their apologists down easy—for they own the country under Republican laws—but it wouldn't last long, and a revolution of that sort would have the advantage of being bloodless, besides, it has long ago been discounted by most of our business men. But Major McKinley's fears are not well founded in another respect. There is no such amount of gold as he states in this country to-day. The gold supply amounts to only about \$235,000,000, which means \$3.50 per head. Why, only two weeks ago all the Boston banks struggled to help the gold standard from precipitating another issue of government bonds and the best they could do was to send to the U. S. treasury \$6,000,000 in gold. And on the very day before Major McKinley gave out his gold standard letter of acceptance a member of the great firm of Hilton, Hughes & Co., recently failed in New York, declared it a physical impossibility to borrow \$200,000 on \$1,000,000 of U. S. bonds, so wholly insufficient is the currency for the business requirements of the nation. Mr. McKinley's arguments won't do.

PRESS COMMENT.

Bray of An Ignorant Ass.

The secretary of the interior, the Hon. Hoke Smith, felt bound to support the Democratic ticket. As this was not agreeable to the president Mr. Smith resigned and ex-Gov. Francis, of Missouri, a gold-bug, has been appointed in his place. The governor of New Mexico is under the secretary of the interior and if he does not call off his paper from its wild support of Bryan he, too, will be called on to resign and let an honest money man take his place. However, he will not resign. He will flop.—Lordsburg Liberal.

That Donna Ana State.

The Rio Grande Republican nominates Don Pedro Perea, of Bernalillo, for governor, T. A. Finial, of Albuquerque, for secretary of the territory; John R. McFie, of Las Cruces, for United States attorney, and M. A. Otero, of Las Vegas, for United States marshal. The paper also brings out ex-Gov. L. Bradford Prince as its choice for the Republican nominee for congress.

Judge John R. McFie is supposed to be the builder of the foregoing slate which will be smashed to smithereens. A large proportion of the above ticket was purloined from another boleta which was manufactured in Bernalillo, but did not contain the illustrious names from the southern county. Now Brothers Papan you shouldn't slick a ticket like that, simply to give it to your legal friend, nor should you let your friend steal it and give you the name, especially when the thing stolen ain't worth a d—n.—Silver City Enterprise.

MERCURIAL POISON

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The common result is

RHEUMATISM

for which S.S.S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S.S.S. I improved rapidly and am now a well man, completely cured. I can heartily recommend it to any one suffering from this painful disease. W. F. DALEY, Brooklyn, Elevated R. R.

Our Treatise on Blood and Skin Diseases mailed free to any address. SWIFT SPECIFIC CO., Atlanta, Ga.

FESTIVAL OF MOUNTAIN AND PLAIN.

The annual festival of Mountain and Plain will take place at Denver, Colo., October 6, 7, and 8, 1896. For this occasion the Santa Fe Route will place on sale tickets to Denver and return at the exceedingly low rate of \$10.25.

Dates of sale, October 5, 6, and 7, 1896. Good for return passage until October 12, 1896. For particulars call on or address the undersigned or any agent of the Santa Fe Route. H. S. LUTZ, Agent, Santa Fe, N. M.

G. T. NICHOLSON, G. P. A., Chicago, Ill.

Reduced Rates.

Grand lodge, I. O. O. F., Albuquerque, N. M., September 8 to 12, 1896. For the above occasion the Santa Fe Route will place on sale tickets to Albuquerque and return at one fare (\$3.45) for the round trip. Dates of sale, Sept. 7, 8 and 9, good for return passage until Sept. 13, 1896. H. S. LUTZ, Agent, Santa Fe, N. M.

"Everybody Likes It."

Battle Ax PLUG

Everybody likes "Battle Ax" because of its exceedingly fine quality.

Because of the economy there is in buying it.

Because of its low price. It's the kind the rich men chew because of its high grade, and the kind the poor men can afford to chew because of its great size.

A 5-cent piece of "Battle Ax" is almost twice the size of the 10-cent piece of other high grade brands.

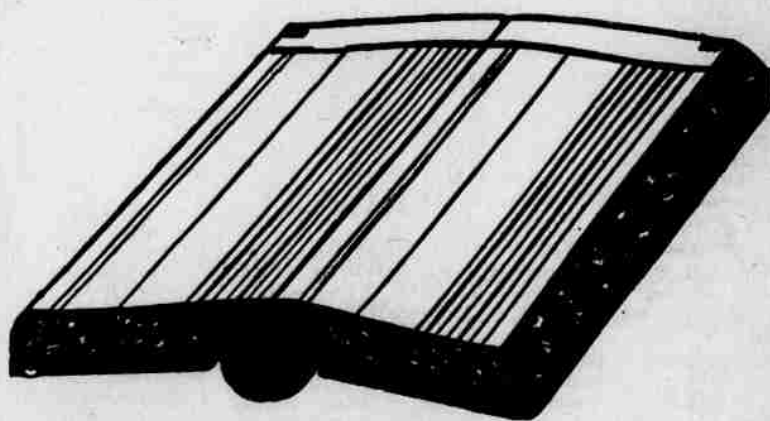

We call especial attention to our celebrated Frey's patent flat opening blank book

We make them in all manner of styles.

We bind them in any style you wish.

We rule them to order

We are the Sole Makers

JOB WORK

Of all kinds done with neatness and despatch. We carry a large and complete line of commercial stationery, consisting of wedding cards, business cards, programs, etc.

BOOK WORK

We are the best equipped establishment in the whole southwest for this line of work, and our unequalled facilities enable us to turn out work at the lowest possible figures.

LEGAL BLANKS

We carry a full and complete line of all Legal Blank, including those required by the Brand Law enacted by the last legislature.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world. Numerous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of canebrake—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Land with perpetual water-rights are for sale at low prices and on easy terms.

The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—new lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

FOR FULL INFORMATION REGARDING THE PECOS VALLEY WITH COPIES OF ILLUSTRATED PUBLICATIONS ADDRESS

This is what SALVA-CEA is doing.

WM. TAYLOR, Bishop of the Methodist Episcopal Church in Africa, writes:

"NEW YORK, Nov. 2, 1895.

"I know SALVA-CEA to be an excellent remedy. I have proved its healing virtues, both for bruises and flesh wounds, and also to kill the virus of mosquitoes and chegois."

E. A. GARLINGTON, Major and Insp'r General, U. S. A., writes:

"WASHINGTON, D. C., Apr. 21, 1895."

"I have used SALVA-CEA for soreness or rheumatic pains in the muscles of my arm, which is disabled from a gun-shot wound involving the elbow joint; relief was quick and complete."

E. G. ISAACS, Pay Office, Navy Yard, writes:

"Having been a sufferer from troublesome Piles, and not only obtained immense relief, but, I can safely say, cured, I cheerfully recommend SALVA-CEA to those suffering likewise, and hope it will afford them the same relief that it has me."

"P. S. I suffered with Piles for more than a year and tried many remedies before I was recommended to try SALVA-CEA."

SALVA-CEA does just what it is advertised to do.

Two sizes, 25 and 50 cents per box. At druggists, or by mail.

For deep-seated pain and rheumatism of the joints use SALVA-CEA, Extra Strong. Sold in 10-cent and 50-cent boxes. THE BRANFORTH CO., 274 Canal St., N. Y.

SUNBEAMS.

My face is round as yours, little girl, But I have no eyes to see, My hands are busy the livelong day, As busy as they can be, Sometimes I speak that you may know How fast the hours and minutes go.

Every Man is a Trial

To the dyspeptic. Flatulence, heartburn, oppressive fullness of the stomach, are the inevitable sequences of his use of the knife and fork. To say of him that he gratifies the cravings of appetite would be genuine satire. He only appeases them. Is relief attainable? Certainly, and by the use of a pleasant as well as thorough remedy, Hostetter's Stomach Bitters. Will it cure immediately? Certainly not—it does not effect miracles. But it does give prompt and unspokeable relief, and will, if persisted in, produce an ultimate cure. Not only does it impart relief to the food, but promotes its conversion by the stomach into rich, health and strength-sustaining blood. Superstitions of the nerves, mental depression, and unquiet slumber, produced by interruption of the digestive functions, are also remedied by it. It is the finest preventive and curative of malarial disorders, and relieves constipation, rheumatism, kidney and bladder ailments, and liver complaints.

A steel plate, said to be the largest ever made has just been turned out by a Stockton, England, iron company. It measures after shearing, 76 feet 8 inches by 5 feet 6 inches in thickness, weighs 45 and a half tons and is without a flaw.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages; this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by all druggists.

Though money talks, its safe to bet, What'er it has to say, It never has been known as yet To give itself away.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Minton, Grubbsville, Marion Co., Florida. For sale by all druggists.

Some folks look out for number one; That all may be quite true, But when it is widow she Looks for number two.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Kier, 678 Selby Ave., St. Paul, Minn. For sale by all druggists.

They lay a treasure at my door; I turned away; nor saw it more, Life's gifts may vanish in a trice; I thought so when I missed my love!

This is Your Opportunity. On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate the great merits of the remedy. ELY BROTHERS, 66 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphatically state that "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no mercury nor any injurious drug. Price, 50 cents. If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic & Cholera Cure. For dysentery and diarrhea it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. Newton's drug store.

G. A. R. National Encampment.

For the above occasion the Santa Fe route will place on sale tickets to St. Paul and return at a rate of \$38.15 for the round trip, dates of sale August 30, and 31. Good for return passage until September 15. If tickets are deposited with joint agent at St. Paul on or before September 15 they will be extended to September 30, 1896. For full particulars call on agents of the Santa Fe route.

H. S. Lutz, Agent, Santa Fe, N. M. Geo. T. Nicholson, G. P. A., Chicago, Ill.

SHE TURNED HIM DOWN.

He Was Not Up to Date and Could Not Win Her Heart.

Everybody on the train going through to San Francisco said she was the handsomest girl in the United States and every one of the dozen single men worked his level best to get an introduction. The young man worth \$8,000,000 finally accomplished the feat through her father, and for the moment was happy. Then she queried: "Sir, can you back pedal your wheel?" "I cannot!" he stammered in confusion. "Can you mend a punctured tire?" "No!" "What do you do in case of a collapse?" she continued, looking him straight in the eye. "I get a policeman to take me home!" he softly answered. "Father, what sort of a bird is this, anyhow?" demanded the princess as she turned to the old man. "He's got a carload of plunks!" whispered the governor in her ear. "But he does not ride the bike?" "I travel on my shape and wealth!" put in the young man as he bowed low before her. "They are both n. g. s. sir! The man who wins my heart must be a scorcher and able to make the tour of Europe on a bike. Go take lessons, tumble over on your ears, get up with a determination to conquer or die, win success, and then write me a post card. Father, remove the menagerie and bring in that chap with the bicycle hump to his back!"—New York Sunday World.

The Fossil Who Fished.

A doddering old fossil was one day fishing on what had been the bank of a river. The throat of the stream was dry and parched, as there was no more water to be found there than in the dining room of a Raines law hotel. "What are you doing, friend?" inquired a traveler. "Fishing," said the fossil. "But there is no water there. See! When you cast your fly it raises a cloud of dust as it strikes. I know a stream where there is plenty of limpid water in which the fish disport themselves. Furthermore, the willow blows on its banks. Why will you not come with me and cast your line there?" "I will not," replied the ancient dodo. "My son, I fished here when I was a boy, before you were born, I trow. I have caught fat fish in this stream heretofore and I may do so again. At any rate I have precedent on my side and I have never seen the stream of which you prate." "Moral.—Precedent will not catch fish, but suckers can be caught on dry land.—Truth.

He Knew Them.

An old gentleman, meeting his grandson, said to him in an impressive tone of voice: "My dear boy, I hear some very discouraging reports about you. They say that you go behind the scenes and are very much gone on Miss Topsis Liftoo. Is that so?" "Yes, grandpa, to some extent." "Drop them, my boy. I know them, my son. They are a bad lot." "But, grandpa, the actresses of the present day are different from what they were when you were a young man 50 years ago." "Not much, my boy. They are mostly the same identical actresses. Why, I was engaged once to Miss Topsis Liftoo myself."—Chicago Times-Herald.

Justifiable.

"It has been proved," said the justice, "that you tried to kill this man. Have you any special grudge against him?" "Your honor," replied the prisoner, "I am a married man." "That is totally irrelevant to the point at issue in this." "That's where you're wrong, your honor," interrupted the prisoner. "I am a married man, trying to work along on a small salary, and I was informed that this man devotes his entire time to devising new fashions in all kinds of women's garments." "Case dismissed," said the justice promptly. "The attack was justified."—Chicago Post.

A Drummer Yarn.

A drummer entered a store in San Antonio and asked of the proprietor. "Have you any of Dusenberry's magic also transubstantiators?" "No, I don't keep them." "I am sorry you haven't got any. I never use any other." "Shall I order some for you?" "If you please. You see, I am traveling for the firm. Allow me to show my samples." And before he left he took a large order.—Texas Sifter.

More Important.

The sweet girl graduate came across the word "unique" in her essay and pronounced it "un-l-kwee," to the astonishment of the attentive populace. But, gracious! her dress did not beautifully.—Lewiston Journal.

Undoubtedly He Has.

Palletto—Has young Dauber any artistic ability? Mahlistick—Well, I've seen him draw a cork with great success.—Harlem Life.

A Common Phrase Pictured.

Josephine's a flirt. When at home she meets me, Joyously she greets me; Once she even kissed me, Made believe she missed me. But I must assert Josephine's a flirt. For, when next I found her—Other men around her—"Out me dead," and, laughing, Set the crowd to chaffing. Hence I must assert Josephine's a flirt. She's my neighbor's baby; Will outgrow it, maybe, But methinks at twenty Men there'll be a plenty. Who will still assert Josephine's a flirt. —Clarence Outley in Texas Sifter.

Served Her Right.

Alicia—Whole family pined by eating "colored sweets!" There, 'Liza, you're as good as dead, and serves you right for not giving me a suck of yours —Pick Me Up.

Not the End in View.

"He's a good dog. He never hurts any one. Don't you see how he's wagging his tail?" Little Girl (still shrinking back)—Yes, I see, but that isn't the end I'm afraid of.—Collier's Weekly.

His Ultimatum.

Chappie—Mother, dear, I want you to either run a truck in the leg of my trousers or give me back my suspenders.—Texas Sifter.

Wanted a Commission.

Patient—What, doctor! One dollar a visit! Physician—Why, that's not much. It's less than most of my patients pay. Patient—That may be, doctor, but remember it was I who brought the fever into the neighborhood.—New York World.

Cholly's Great Feast.

Cholly—I thought of a clevah thing today, don't you know? She—How was that? Cholly—I read it in a papah first, don't you know!—Truth.

Their Tenth Quarrel.

She—Mr. Tompkins implied last night that you married me for my money. He—Well, don't contradict him. I don't care to be taken for a fool.—Judy.

Notice for Publication.

[Homestead Entry No. 3448.] Land Office at Santa Fe, N. M., August 5, 1895. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver, at Santa Fe, N. M., on September 19, 1895, viz: William Sparks, of Glorieta, N. M., for the N. E. 1/4 of section 17, T. 12 N., R. 10 E., S. 10. He names the following witnesses to prove his continuous residence upon, and cultivation of, said land, viz: Clarence H. Sparks, of Glorieta, N. M.; Henry Winsor, Martin Winsor, Alfred Viles, of Glorieta, N. M. JAMES H. WALKER, Register.

A healthy baby is the real jewel for which the wedding ring is only the setting. There is no place in Nature's economy for a childless marriage. Wedded couples that are childless are never truly married. A baby is the tie that binds. The baby is the pledge that makes husband and wife one in nature and in fact, and that teaches mutual self-sacrifice and sympathy. Thousands of couples are childless because of the wife's neglect of her health as a woman. Too few women fully appreciate the importance of keeping healthy and vigorous the organs upon which motherhood is dependent. As a consequence, they are weak where they should be strong, and motherhood is either an impossibility or a torturous and dangerous ordeal. This is easily remedied.

The most wonderful medicine for women is Dr. Pierce's Favorite Prescription. It acts directly and only on those delicate organs upon which the perpetuation of the race depends. It allays inflammation, soothes pain and makes those organs healthy and vigorous. It prepares for motherhood. It makes the expectant period comfortable. It makes baby's coming easy and almost painless and insures health in both mother and child. Druggists sell it.

"I like pleasure in expressing my faith in my 'Favorite Prescription,'" writes Miss Edith Cain of Clinton, Allegheny Co., Pa. "After two years of suffering I began taking Dr. Pierce's medicine and now I am entirely cured. I had been troubled with displacement of internal organs for some time and also with general weakness, but now I am well and happy. I will cheerfully recommend Dr. Pierce's Favorite Prescription to all invalid ladies." The profit side of life is health. The balance is written in the rich, red, pure blood of health. Dr. Pierce's Pleasant Pellets cure constipation and make the blood rich and pure. They never gripe. By druggists.

Recently the night freight out of Waterville, Maine, conveyed a hearse on a flat car to Portland. Near Monmouth, as the brakeman was going over the train, he discovered the feet of a tramp protruding from the hearse and the man himself was found asleep.

DeWitt's Sarsaparilla is prepared for cleansing the blood from impurities and disease. It does this and more. It builds up and strengthens the constitutions impaired by disease. It recommends itself. Newton's drug store.

William, said Mrs. Elderly, our daughter was completely wrapped up in that young Spilkins. Peering through the portiere, the old man discovered that it was indeed so.

It doesn't matter much whether sick headache, biliousness, indigestion and constipation are caused by neglect or by unavoidable circumstances; DeWitt's Little Early Risers will speedily cure them all. Newton's drug store.

Critto—That villain in your story is a perfect masterpiece? Novelist—I imagined a man possessed of all the forms of wickedness which my wife attributes to me when she is angry.

Don't trifle away time when you have cholera morbus or diarrhoea. Fight them in the beginning with DeWitt's Colic & Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. Newton's drug store.

A new Aristocrat.—Mr. Michael Van-Flanigan, formerly of Chicago; having purchased a villa at Newport has just had it furnished regardless of cost.—Society notes.

Mr. R. (Furnisher and decorator): Now sir, your house has the magnificence of an oriental potentate, except, of course, the—scraggio.

Mrs. Michael Van Flanigan proudly to her husband: Mike, dear, spare no expense, let us have one.

When snare are blazing from the skies And city streets are thinned, Just calm yourself and close your eyes And whistle for the wind!

Whistle—just whistle When weathers burn and bristle; Just close your eyes To blazing skies And whistle for the wind!

Though seaside comforts you prefer, But cash is somewhat thinned, Just smash the old thermometer And whistle for the wind!

Whistle just whistle When weathers burn and bristle; Just close your eyes To blazing skies And whistle for the wind!

All and singular the Lincoln Mining Claim and the land comprising the same together with all veins of mineral, dips and spurs and the improvements thereon, consisting of machinery, houses, etc., situated in the New Mexico Placers Mining District, in the county of Santa Fe, New Mexico, being located on what is known as Lucky Hill, about one mile east of the town of San Pedro in the county aforesaid, and about one-half mile south of the Santa Fe Copper company's mines, which said Lincoln Mining Claim is joined on the northwest by the Lucky Mining Claim, on the northeast by the Lee Mining Claim and on the southeast by the Anaconda Mining claim.

Out of the proceeds received from the sale of said property said special master, in accordance with said decree, will pay all costs and charges accrued and to accrue, including attorney's and master's fees, and the sum of \$1,024.00 with interest at the rate of 8 per cent from January 12, 1894, until payment, and 10 per cent damages thereon, or so much thereof as the purchase money will pay, payable to the complainant or his solicitor for him.

The purchase or purchasers of said property at said sale will be required to deposit with the said special master at least ten per cent of the purchase money and agree in writing to pay the balance of said purchase money upon the confirmation of said sale by the court and the tender of the special master's deed thereto.

The said special master reserves the right to adjourn said sale from day to day. From and after the sale of said property, the defendant and all persons claiming under it shall stand absolutely divested and foreclosed of and from all equity of redemption of, in and to the lands, real estate, premises and property herein ordered to be sold.

Dated at Santa Fe, N. M., this August 24th, 1895.

A. B. RENEHAN, Special Master. J. H. SUTHERLIN, Solicitor for Complainant.

Theories of cure may be discussed at length by physicians, but the sufferers want quick relief; and One Minute Cough Cure will give it to them. A safe cure for children. "It is the only harmless remedy that produces immediate results." Newton's drug store.

Some observing man discovered How I've never thought to ask That Kentucky maiden's bloomers Have a pocket for a flask; That the cycling girl of Texas As she rides is not afraid— She provides a pistol pocket When she has her bloomers made: That the bloomer girl of Boston, Always cool and wisely frowning, Has a pocket in her bloomers, Where she carries Robert Browning: That the Daisy Bell of Kansas, Who has donned the cycling breeches Has a pocket in her bloomers Full of woman suffrage speeches; That Chicago's cycling beauties, When her cycle makes rotations, Has special bloomer pocket Where she carries pork quotations; That Milwaukee's cycling beauties, As they pedal day by day, Have a tiny secret pocket Where a corkerew's stowed away; That the Gotham bloomer dame, Whom Manhattan dukes admire, Has a tatti-frutti pocket Full of gum to mend her tire.

Poison ivy, insect bites, bruises, scalds, burns, are quickly cured by DeWitt's Witch Hazel Salve, the great pile cure. Newton's drug store.

Legal Notice. In the district court of the First Judicial district, sitting in and for the county of Santa Fe.

Odaville Yates, Complainant, vs. The Lincoln, Lucky & Lee Chanery Mining Co., defendant.

Whereas by final decree made and entered in the above entitled cause on June 18, 1895, it was provided that, in the event the defendant herein failed to pay the several sums of money decreed by said decree to be paid within the time therein limited, the property hereinafter decreed should be sold to satisfy said decree; and whereas thereafter an appeal was taken from the decision so rendered as aforesaid to the Supreme Court of New Mexico; and whereas such proceedings were therein had that on the 30th day of July, 1896, a decree was rendered by said Supreme Court affirming the first mentioned decree and remanding said cause to said district court, with directions to carry said decree into effect, now, therefore, I, A. B. Renehan, heretofore appointed special master in said cause for the purpose of executing said decree, hereby give notice, the time limited in said decree for payment thereof having expired, and said payment not having been made, that I will on Tuesday, September 22, 1896, at 10 o'clock in the forenoon of said day, at the front door of the court house in Santa Fe County, New Mexico, offer for sale and sell to the highest bidder for cash, the following described property, to-wit:

All and singular the Lincoln Mining Claim and the land comprising the same together with all veins of mineral, dips and spurs and the improvements thereon, consisting of machinery, houses, etc., situated in the New Mexico Placers Mining District, in the county of Santa Fe, New Mexico, being located on what is known as Lucky Hill, about one mile east of the town of San Pedro in the county aforesaid, and about one-half mile south of the Santa Fe Copper company's mines, which said Lincoln Mining Claim is joined on the northwest by the Lucky Mining Claim, on the northeast by the Lee Mining Claim and on the southeast by the Anaconda Mining claim.

Out of the proceeds received from the sale of said property said special master, in accordance with said decree, will pay all costs and charges accrued and to accrue, including attorney's and master's fees, and the sum of \$1,024.00 with interest at the rate of 8 per cent from January 12, 1894, until payment, and 10 per cent damages thereon, or so much thereof as the purchase money will pay, payable to the complainant or his solicitor for him.

The purchase or purchasers of said property at said sale will be required to deposit with the said special master at least ten per cent of the purchase money and agree in writing to pay the balance of said purchase money upon the confirmation of said sale by the court and the tender of the special master's deed thereto.

The said special master reserves the right to adjourn said sale from day to day. From and after the sale of said property, the defendant and all persons claiming under it shall stand absolutely divested and foreclosed of and from all equity of redemption of, in and to the lands, real estate, premises and property herein ordered to be sold.

ESTABLISHED 1897.

THE U. S. LAND COURT.

Important Hearing as to Making All
Adverse Claimants Parties to Future
Trials—Hearing of Antonio
Armiño Case in Progress.

In the United States court of private land claims this morning, a full bench being present, the survey of the Santa Barbara grant, in Taos county, was approved.

The Cieneguilla and the Andres Montoya grant cases, Santa Fe county, were continued on application of Mr. Catron, attorney for the claimants.

In the San Jose del Encinal tract case, the court ruled that it would proceed no further with the hearing until all the adverse claimants were made parties to the petition.

In this connection the general rule was promulgated that hereafter no cases would be heard until all the adverse claimants and possessors had been served and made parties.

In the Dona Ana Bend Colony grant case, wherein a decree of confirmation was entered at a previous term, Judge Newcomb's motion to amend the decree, so as to make the boundaries extend from the Rio Grande as it was in 1840 instead of from where it now is, was granted.

The Antonio Armiño grant case, involving 900 acres in Santa Fe county, is on trial, Major J. H. Purdy representing the claimants and Mr. Pope appearing for the government.

"Cathode Rays" 5c cigar. The latest invention at Scheuch's.

ROUND ABOUT TOWN.

The city public schools open one week hence.

A gay throng turned out to hear the plaza concert last night.

U. S. weather bureau forecast for New Mexico: Generally fair.

At least a portion of the bicycle tax collections might be used to repair the street culverts.

A Democratic Silver club was organized at Tesuque on Saturday afternoon with a charter membership of twenty-seven.

Pablo Trujillo y E. Soza has moved his Spanish newspaper, La Estrella de Nuevo Mexico, from Santa Fe to Socorro.

The New Mexico supreme court held no session to-day. It is understood that fully twenty opinions will be handed down to-morrow morning.

The Presbytery of Santa Fe will meet to-morrow morning in Las Vegas at 10 o'clock. The moderator, the Rev. R. M. Craig, leaves to-night to attend the meeting.

A Bryan and Sewall club has been organized at Bland with a membership that includes nearly all the miners and business men in the Cochiti mining district.

The regular monthly meeting of the W. C. T. U. will be held on Tuesday afternoon, September 1, at the Presbytery, in church. A full attendance is especially requested.

Gov. Prince and family left to-day for their ranch home near Espanola, which has been christened "Sunshine Orchard." To-morrow they will celebrate by raising a huge flag-pole and flag on their new premises.

So many persons are desirous of having Gov. Prince's St. Louis speech on the silver question that a number of copies have been left by the Southwest Bimetallic association at the office of Col. G. W. Knebel, where they can be obtained gratis by all applicants.

The Stephens Printing company threatens to issue the first number of a weekly Republican campaign sheet in this city on Saturday. It is understood that it will be called the Statesman. Doubtless the initial issue will give a sufficient clew to the identity of those inspiring it.

Miss Therese Givaudan, who was born in La Batle Neuve, France, in 1877, and has lived with friends in Santa Fe one year, passed into the undiscovered country on Saturday. The body of the estimable young lady was committed to the grave in Rosario cemetery yesterday morning.

Senator Money and son and young Mr. Moore left at daylight this morning for a dash on horse-back to the top of Baldy mountain. They will camp to-night on one of the picturesque streams skirting its base and make the ascent at sunrise in the morning, returning home to-morrow evening.

The handsomest and finest young rooster at Dr. Sloan's model chicken ranch is of the 16 to 1 Black Spanish variety, and, as he is a stranger to fear and has already asserted himself as a born leader, the doctor has christened him William J. Bryan.

Mr. E. Copland, the popular southwestern agent for the A. T. & S. F., with headquarters at El Paso, was a pleasant caller at the New Mexican office on Saturday evening. He states that 500 men are at work on the new railway southwest of Juarez, and he hears that the line is to be pushed across Mexico via Batopilas to Topolampayo bay. When asked who was supplying the capital he said Salom Humphries, of New York.

After playing the star-actresses, June July and August, before large and miscellaneous audiences during the past three months, Summer will close her regular engagement in Santa Fe at midnight, graciously promising to respond to an encore in the fascinating role of Indian summer a few weeks later. Autumn, with brown cheeks, dreamy eyes and flowing tresses, will trip lightly and gracefully upon the boards in the morning, wearing the cast off robes of summer at first, but, as the season advances and evidences multiply that external nature is swiftly yet silently passing into the sleep of death, watch the giddy creature express her views regarding death by arraying herself in the gayest and brightest colors in her wardrobe.

No man is doing more to make known the climatic and other advantages of the Santa Fe region than Rev. R. M. Craig, the Presbyterian pastor. He has an extended acquaintance in the north and throughout Canada and his queries by mail are numerous. They are always fully answered by letter and as a result quite a colony of northern people are al-

ready domiciled among us and others are planning to come.

Mr. Elias Brevort, who went to the City of Mexico last January for his health, has returned to New Mexico and taken a position with the Hudson Spring Sanitarium company at Hudson, N. M., where there is being built a modern hotel of large proportions. The building is not as yet completed.

J. J. Connor, a brakeman on the A. T. & S. F., had his left foot terribly crushed between Las Vegas and Raton a few days ago. He was brought here to the hospital yesterday, his father, J. P. Connor, of Espanola, coming down to see that he was comfortably located. It is possible that he will have to suffer amputation of the member.

PERSONAL.

Hon. Pedro Perea was here yesterday talking politics to the bigwigs.

Mr. Julius Eisenmann, the well known Boston wool buyer, is in town.

Hon. Charles H. Gildersleeve and family are now living at Cambridge, Mass. Mr. Gildersleeve writes to friends in Santa Fe that he hopes to return to New Mexico before very long.

Humphry Band Fenwick Hamilton, the promising son of Judge H. B. Hamilton, will leave Socorro for Lexington, Mo., this week to resume their studies in the military academy there.

Arrivals at the Bon Ton: Frank Tries, Denver; M. A. Dunn, Antonio; Jerry Sloan, Creede; Ignacio Lopez, Las Vegas; Mrs. Mary Britton, Albuquerque; Tendoro Trujillo, Epemenuio Trujillo, Pojoaque; Antonio Sanchez, Parajito; F. Mail-luchet, Pecos; Juan Maria Chavez, Jose Esquipulo Nieto, Casa Salazar; John Mc-Niell, Thornton.

At the Palace: J. E. Hurley, Las Vegas; E. Copland, El Paso; W. Florence, Chicago; J. C. Hamlett and wife Tennessee; G. S. Belt and wife, Keithsburg; V. E. Stotter, U. S. A.; J. Eisenmann, Boston; Pedro Perea, Bernalillo; J. Erwin, St. Joe.

Mrs. Beverly Read, of Dallas, Texas, nee Lillian Money, is here on a visit to her parents and brother, Mr. George P. Money.

Mrs. Jim Curry and family left their Sombrio ranch, Espanola valley, yesterday and crossed over the Baldy trail for a three weeks' visit at Dr. Spark's place on the upper Pecos.

Domingo Garrido, Embudo; Albino Gonzales, Geo. Shaub, Pecos; J. Connor, Espanola; Wm. Ostar, Boston, are registered at the Exchange.

Mrs. H. Ifield and daughters returned last night from Las Vegas accompanied by Mr. Otto Ifield and Miss Schatz.

NEW MEXICO NEWS.

United States court convenes at Silver City on September 7.

Deming was visited by the finest rain of the season on Thursday night.

The recent rains insure plenty of grass for winter feed in Colfax county.

The public schools in the principal cities of New Mexico will open on next Monday.

Forty men are at work on the extension of the Silver City and Mogollon road from the Confidence mine to Mogollon. It will soon be open for travel.

Las Vegas tried to induce Teresa Urra to come up that way, but she declined with thanks. Maybe she thinks Las Vegas beyond divine help.—Rio Grande Republican.

A big strike of rich copper gold ore was made in the Butler mine by Collier & Wayland, lessees, early this week. The Butler is one of the Garfield group of mines, and is owned by W. H. Bocher and Silas Alexander.—Hillbore Advocate.

The Las Vegas Examiner says: Miss Louie Dick has secured a position in a mission school in the vicinity of Albuquerque. The school is under the supervision of the board of home missions of the Congregational church and the position is a responsible one.

Mayor Fleming, of Silver City, was in the city Friday. While the genial mayor did not declare himself it is suspected he was feeling the pulse of the people to see if there is a unanimous demand that he should accept the Democratic nomination for sheriff. He has been waiting for this demand for these many years, and thinks it was about time it was made.—Lordsburg Liberal.

The Eddy sugar factory is fast nearing completion; the finishing touches only remain to be done. The lime kiln is still to be constructed, but will be ready in ample time for the grand opening. Thirty-six large molasses tanks are ready to receive the sweetness of the "sugar bowl of the southwest." All the foundations for the engines are finished and waiting for the engines.

Mariano Ruiz, grandfather of Mrs. Carlos Gabaldon, died at his home at Rowe at 8 o'clock Friday evening. He was 95 years of age, and had lived at Rowe for the past twenty-five years on a piece of land three miles square, a part of the San Miguel grant, which the Pueblo Indians deeded him years ago. The funeral took place at his home yesterday.

B. S. Roder, attorney for Fritz Brink and Epifanio Archibque, connected with the killing of Ignacio Belva, this morning notified Attorney Heacock, for the other side, that he would be ready for the preliminary hearing before Justice Crawford at 10 o'clock Monday morning. Judge Heacock accepted. Dr. Hope states that his patient, Archibque, who was wounded in the shooting, is improving rapidly and will be ready for the preliminary trial Monday morning.—Albuquerque Citizen of Saturday.

The Baldy mountain mining district will at last have a newspaper. The name of the journal will be the Northern New Mexico Miner, published by Esteban and Bernet, the present publishers of the Stockman and the former publishers of the Otero County Democrat, of La Junta, Colo. The first issue will be given the public not later than September 17, and probably a week earlier than that date.

The Miner will be devoted almost exclusively to mining in northern New Mexico, and will be a good advertising medium.—Springer Stockman.

Steps will soon be taken towards fixing the date and other matters pertaining to the Union fair at Springer this fall. Owing to the success last year the managers expect a much larger crowd and more elaborate display for the season of 1896. This will be the second annual meeting of the Union Fair association, and we expect by our next issue to be able to give dates and other particulars regarding the fair. Everyone present last fall knows of the success of the first attempt, and will lend aid toward making this year's meeting a much grander suc-

cess. The Union fair comprises the counties of Colfax, Union, Mora, San Miguel and Taos.—Stockman.

HUNTING BORDER BANDITS.

Marshal Hall and His Large Posse
Are Still on the Trail of the Separ-
Postoffice Robbers—Holdings
of the Bandits—Circuit
Formed.

Nothing has been heard to-day from U. S. Marshal E. L. Hall, regarding the efforts of himself and posse to capture the gang of border bandits in southwestern New Mexico and farther news is awaited with the deepest interest.

The boldness of the bandits is something truly remarkable. After escaping from Skeleton canon, where they were supposed to be surrounded, and passing their present at Lordsburg, traveling 110 miles, undiscovered, the men came within a few miles of Deming and passed the night with a ranchman. In the morning they went into town, called at the postoffice, got their mail, and their presence was not even known by the officers until they had left in a northerly direction, apparently heading in the direction of Colorado.

Besides two companies of troops from Fort Bayard, Marshal Hall is at the head of a pursuing posse of 50 men, who have formed a complete circuit, with a radius of about twenty miles, around Cook's Peak mountain, sixteen miles north of Deming, where the bandits are supposed to be heading. The marshal, at last accounts, was confident of capturing them.

The famous "General Arthur" Cigar sold at Fischer's.

The best place to board in the city is at the Bon-Ton, 25-cent meals a specialty.

Electric Call Bells.

Manager Lewis, of the Western Union telegraph office, reports that his new system of electric call bells works like a charm and is pronounced a great convenience by patrons of his company. He has already equipped twenty-five of the principal business places of this city with these call bells and expects soon to increase the number to thirty-five or forty. They act on the principle of the fire alarm systems in the large cities. For instance, one of the officials in the federal building wishes to send a message. He pushes down the little automatic lever in his office and instantly the bell rings in the central office and his number is registered. A messenger is at once dispatched to ascertain what is wanted by the number indicated. Las Vegas and Santa Fe are the only cities in New Mexico that have call bell systems.

A New Law Firm.

W. A. Hawkins has entered into partnership with T. F. Conway in this city. The new law firm will be Conway & Hawkins and will be a strong team, both gentlemen having a well established reputation for business integrity and legal ability. Mr. Hawkins will still retain his position as attorney for the Eddy railroad syndicate and holds his other practice in the southeastern counties of the territory. His many friends in Silver City are exceedingly glad to welcome him back as a permanent resident. Mr. Hawkins and wife are a welcome acquisition to Silver City society.—Silver City Enterprise.

OJO CALIENTE
(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Harrahan Station on the Denver Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 122°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 168.34 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases:—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis, Catarrh of the Bladder, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—

ANTONIO JOSEPH, Prop.,
Ojo Caliente, Taos County, New Mexico.

Passengers for Ojo Caliente can leave Santa Fe at 11:40 a. m. and reach Ojo Caliente at 6 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.
