CANTON STATESMAN AT HOME

Pursuant to Hanna's Orders No Expense Was Spared on the McKinley Demonstration.

FREE SPECIAL TRAINS WERE CROWDED

Local Pride Caused Many Democrats to Contribute to the Noise and Display—New Deal in Kansas—Stevenson will Preside.

Canton, Ohio, Sept. 18.—The formal opening of the campaign in the home city of the Republican nominee occurs to-day. The streets are thronged with streamers, banners and flags and arches with welcoming mottoes span the prominent thoroughfares. Buildings, public and private, are draped with flags and bunting; portraits of McKinley and Hobart are displayed in thousands of windows.

The day is bright but cool, the shops, factories and stores are closed for the day. Business is suspended. It is largely a non-partisan demonstration, all parties participating.

Over fifty special trains have brought delegations from the outside country almost faster than they could be counted. The notable uniformed delegations present are the Young Men's Tariff club and the American club of Pittsburgh, the Elkins club, of Wheeling, the Tippecanoe club, of Cleveland, the wheelmen's club, of Toledo and Detroit.

GRAND PARADE AT NOON

At noon the bustle and hurry of the parade began. The procession formed in four divisions of footmen with a large contingent of wheelmen and horsemen. Pennsylvania, West Virginia and other states formed the first division; Ohio, outside of Stark county, the second; Stark county, outside of Canton, the third; Canton the fourth. Major McKinley, visiting speakers, officers of the day and guests of honor rode in open carriages at the head of the parade.

A short line of march brought the parade to the monster tent, with accommodations for 20,000 people. Here the first meeting was held. Gov. Bushnell presiding, making a short introductory address. There was music by the combined bands and companies of the Elkinsburg Tariff league quartette and the Elkins quartette. Addresses were made by Senator Callahan, of Illinois, and Thurston, of Nebraska.

New Deal in Kansas Politics.

Fort Scott, Kan., Sept. 18.—That there is to be a change, within a few days, by the prohibition element opposed to Governor Morrill's re-election, a new faction in the Kansas campaign is authoritatively stated to-day by those interested in the movement.

There will, it seems, be a coalition of all the Republican elements against Governor Morrill upon a new candidate for governor. The two heads of the prohibition tickets are to be withdrawn and a new candidate, upon whom all will unite, will be nominated.

The movement is being worked quietly by correspondence and conference and the plans are said to have been completed.

Vice-President Will Preside.

Washington, Sept. 18.—Vice-President Stevenson has informed Secretary Gardner, of the association of Bryan clubs, that he accepts the association's invitation to preside at the club convention at St. Louis on October 3. The club officials count upon an attendance of 10,000 delegates.

A Harmless Conference.

Denver, Sept. 18.—Thomas E. Watson arrived in Denver to-day and conferred with ex-Gov. Waite and other middle-of-the-road Populist leaders. He declined to be interviewed. He will make several speeches in Colorado and will return east on next Monday.

Mr. Bryan in North Carolina.

Goldboro, N. C., Sept. 18.—Hon. W. J. Bryan arrived here last night and his private car was sidetracked until 9 o'clock this morning, when he delivered an address to a large crowd.

Just Back From Europe.

Long Branch, Sept. 18.—U. S. Senator Smith published an announcement to-day that, being unable to reconcile his views with the platform of the Democratic national convention, he will resign the chairmanship of the New Jersey state Democratic committee.

Murder and Suicide.

St. Joseph, Mo., Sept. 18.—F. S. Fowler, of Stillwell, O. T., found his runaway wife in this city to-day, shot her, and then shot himself. Both are dead.

Fast Pacing in New England.

Park, Bedford, Mass., Sept. 18.—Star Pointer won the first heat pacing; time 2:03 1/2; Frank Agan, second; Robert J. third. It was the fastest heat ever paced in New England.

Woman Murdered in Kansas.

Lawrence, Kas., Sept. 18.—Martha McCord, a seamstress, was found dead in her room this morning. Death was caused by three wounds, inflicted apparently with a hatchet which lay near. Undoubtedly it was a case of murder and robbery. The woman lived alone.

Flying Machine Tested.

Chicago, Sept. 18.—The first free test of the Octave Chanute Albatross soaring machine, invented and constructed by William Paul, was made at Miller's, Ind., last evening under unfavorable conditions. The machine was heavily loaded with ballast so as to prevent it flying to a great distance and was anchored by four ropes, each 200 feet long. The trial proved that the machine is perfectly safe.

WIND, HAIL AND RAIN.

Immense Damage Done in Pennsylvania by a Violent Storm Last Night.

Philadelphia, Sept. 18.—The storm of wind, hail and rain, which swept over the eastern portion of Pennsylvania last night, was the most severe that has visited that section for a long time. Scores of buildings were unroofed, some utterly ruined; thousands of panes of window glass and many sky-lights were shattered; the apple and other late crops were destroyed.

New York, Sept. 18.—Arnold Flosch, of the clock manufacturing firm of Bernard Pasternak & Co., is in the hospital with three pistol shot wounds. His son, William B. Flosch, is in custody on suspicion of having attempted to take his father's life.

Arnold Flosch said that he was lying on his bed when someone stood over him and without warning began shooting at him. He said he did not see who fired the shot.

Young Flosch said he knew nothing about the shooting, further than that he had been aroused from sleep and found his father bleeding from three ball wounds.

Strike Threatened at Dallas.

Dallas, Texas, Sept. 18.—A strike of the operatives in the Dallas cotton mills has been determined on to take place next Monday. The company a few days ago determined to reduce wages 10 per cent on the plea that the Dallas mills are paying 80 per cent higher wages than any other of the 500 mills in the south. If the mill owners persist in the cut nearly 300 operatives will walk out.

OUR SISTER REPUBLIC.

President Diaz Speaks of the International Water Question—Mines and Finances in Fine Condition.

City of Mexico, September 17.—The address delivered last evening by President Diaz, on the opening of the legislative referring to diplomatic relations with the United States was in part as follows: "The 6th of May last a convention was concluded at Washington, whereby the international water boundary commission between Mexico and the United States was empowered to study certain questions bearing on the distribution of the waters of the Bravo or Rio Grande river. The water boundary commission has settled two grave questions of disputed territory arising from changes in the bed of the Rio Grande, one relating to the Chimaltlan tract, claimed by both commissions on behalf of their governments, and the other regarding the San Eizaria tract, which was awarded by both commissions to Mexico."

The mining industry in Mexico has made remarkable progress, as shown not only by the large numbers of grants but by the returns of the exports of the precious metals, which during the first nine months of the fiscal year ending June 30 last amounted to \$50,861,000 against \$38,809,000 in the corresponding period of the preceding year.

The most important part of the message relates to the financial situation in Mexico, the cash revenues amounting for the last fiscal year to \$50,000,000, the largest revenue yet recorded, and the year closed on June 30 with a surplus of \$4,500,000. The surplus is now in excess of \$6,000,000.

DEMOCRATIC TICKET

FOR PRESIDENT,

WILLIAM J. BRYAN,
OF NEBRASKA.

FOR VICE-PRESIDENT,

ARTHUR SEWALL,
OF MAINE.

Democratic Call.

Santa Fe, N. M., Sept. 18, 1896.—Whereas, at a meeting of the Democratic territorial central committee, held in Las Vegas, on June 15, 1896, the city of Santa Fe was selected as the place for the meeting of a Democratic territorial convention for the nomination of a Democratic candidate for delegate from New Mexico to the 55th congress of the United States; and

Whereas, The date of the holding of said convention was left to be fixed by the chairman and secretary of this committee at such convenient time as would in their judgment best serve the interests of the party; and

Whereas, Said proposed convention was authorized to be constituted, as to representation from the various counties of the territory, on the basis of one delegate for each 100 votes cast for Antonio Joseph in each of said counties at the last general election and one additional delegate for each fraction of 100 votes so cast amounting to fifty or more;

Now, therefore, by virtue of the authority in us so vested, a convention of the Democratic party of New Mexico is hereby proclaimed to be held in the city of Santa Fe, at the hour of 1 o'clock p. m., on the 25th day of September, A. D. 1896, for the purpose of nominating a Democratic candidate for delegate from New Mexico to the 55th congress of the United States and for the transaction of such other business as may properly come before it related to that primary purpose.

According to the authorization of this committee, at its said meeting, the apportionment of delegates to said convention from the various counties is as follows, to wit:

Bernalillo county	12
Chaves county	5
Colfax county	8
Doña Ana county	12
Eddy county	4
Grant county	5
Guadalupe county	5
Lincoln county	6
Mora county	6
Rio Arriba county	16
San Juan county	2
San Miguel county	2
Santa Fe county	15
Sierra county	3
Socorro county	9
Taos county	11
Union county	5
Valencia county	3

Total delegates

155
The county central committees of the various counties are requested to call county conventions for the election of the designated number of delegates, according to the rules and regulations governing party practice, in the respective counties, and it is suggested that such conventions and preliminary primaries be held at such times as are convenient to the party in the respective counties.

In those counties in which party interests have advised the holding of county conventions prior to this call the delegates there selected to represent such county in the proclaimed convention will undoubtedly be held to have been duly elected, according to the purpose of this call.

In carrying out the instructions of the committee, at its said meeting, all Democrats, and all those who intend to act with the Democratic party on the leading principles enunciated in its Chicago platform, and especially on the great declaration in favor of the free and unlimited coinage of silver, are hereby invited to participate in the primaries, in the respective counties, and in the proposed territorial convention, if so be that they are chosen as representatives at county conventions.

In view of the great issues involved in the national campaign, now on, and of the high and advanced ground taken by the Democratic party in favor of the restoration of the money of the common people to its constitutional place in the financial policy of the nation; and, in view, further, of the utter failure of the Republican party to give the territory an influential and useful delegate in congress from New Mexico, it is the hope of this committee that the convention hereby called may be a fully attended and memorable gathering of representatives of Democrats from every county in the territory. To this end all citizens of this territory, within the purview of this call, are urged to take an active interest in the preliminary steps to constitute said convention and in the important work of the same.

J. H. CAIST,
Chairman.

RAFAEL ROMERO,
Secretary.

"New Mexico, Oklahoma and Arizona are entitled to statehood and their early admission is demanded by their material and political interests."—W. J. Bryan's letter accepting the Democratic nomination for the presidency.

"Should an attempt be made to rescue the Borregos, there will be some killing," says the Silver City Eagle. Well, slightly!

The Bernalillo county Populists are evidently on to their job. The People's party can't be used this year as a tail to Catron's kite.

The Las Vegas delegations to the territorial Republican convention seem to have fallen an easy prey to the corporationists and trust advocates.

The Optic is all right. Evidently the Optic believes in the truthfulness of Senator Teller's declaration—"there can be no free trade in this country; that is nonsense!"

As BETWEEN R. E. Twitchell and ex-Gov. Hadley the wage-earners and farmers of New Mexico will not be long in deciding who is capable of giving them honest counsel.

Much has been said pro and con on the "crime of '73." The New Mexican of Saturday next will contain an article of absorbing interest to all western men on this subject. Read it.

SPARKING of that anonymous scoundrel attacking and maligning Gov. Thornton, the Citizen declares that it was "written by a gentleman in Santa Fe." That would seem to vindicate Catron!

There is now no shadow of a doubt that Harvey B. Fergusson will be the nominee of the New Mexico Democrats for delegate in congress. Everywhere the utmost enthusiasm is shown by the people for this loyal and true son of Democracy.

A good many of our native citizens are holding their sheep and buying more in confident expectation that this great industry will enjoy a long lease of prosperity after Bryan's election. It's a good sign in more than one direction, but above all it shows that they have studied the meaning of the plain and unequivocal language of the Democratic platform.

"As goes Maine, so go the Union," was just as exultingly quoted by the Republicans after the September election in 1884 and 1892 as it is now being worked in the head lines and editorial comments of the McKinley or gold standard press. Yet the Democratic national ticket was elected at the November election in each of those years. It is time the poor old political saw was retired on a pension.

STRAIGHT Democracy carried the day in New York state yesterday despite the perfidy of Murphy, Hill, Whitney and Flower. The people, not the political bosses, ran that convention, and the endorsement given the national Democratic platform, Bryan and Sewall, was the heartiest yet given by the Democrats of any state in the Union. Thus all is moving well for Democracy, even in New York.

The allegation that curiosity killed a cat may be true, but just the same the New Mexican would much like to hear from ex-Gov. Stover in response to ex-Gov. Hadley, and, in order that any reply Gov. Stover may make shall receive the widest possible circulation among "the farmers and wage earners of New Mexico," the New Mexican hereby tenders that esteemed citizen all the space he may require to make such response.

Florida County's Ghost.
The Independent regrets to see the Lordsburg Liberal advocating county division so early in the campaign. Of course we expect that old man of the sea, Florida county, to bob up in the territorial legislature next winter, but we have not cared to talk about our troubles so early in the conflict. However Florida county will continue to dwell with McGinty, at the bottom of the sea.—Silver City Independent.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.
The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.
Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.
The cultivation of canebrake—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.
The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.
Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.
The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Folsom section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

MANDAMUS GRANTED.

Judge Laughlin This Morning Ordered the School Superintendent of Taos County to Recognize Election of Certain School Directors.

The matter of The Territory of New Mexico ex rel Francisco Duran vs. Santiago Abreu, county superintendent of schools of Taos county, wherein a mandamus was asked commanding the said Santiago Abreu to recognize the election of certain school directors in districts No. 1 and No. 27 of Taos county, was argued before Judge Laughlin in chambers this forenoon by Gen. Bartlett for the petitioner and Mr. A. B. Rensch for the county superintendent.

Judge Laughlin held that the duty of the county superintendent in the premises was purely ministerial, that he was not called on to pass upon the legality of elections in the school districts, and hence should have accepted the oath of office and recognized the election of the directors upon the prima facie evidence presented to him. Hence he made the mandamus peremptory and ordered the county superintendent to recognize the directors in question upon their filing their oaths of office.

The persons thus recognized as school directors are Francisco Duran, Felix Santistevan and Dionicio Archuleta, of district No. 1, and Jose Hilario Lucero, Juan Tafuya and Gregorio Barola, of district No. 27.

Just received at Fischer's, Butter-milk soap at popular prices.

ROUND ABOUT TOWN.

U. S. weather bureau forecast for New Mexico: Light showers are probable. There was a jolly dance at Adams' hall last night, some twenty-five couples being present. It was given by Messrs. Clarence Dixon, J. V. Conway and others.

Hon. W. G. Ritch, the newly elected representative from New Mexico to the national grand lodge, I. O. O. F., left last night for Dallas, Texas, to enter upon his official duties.

His many friends here extend congratulations to Hon. Thos. P. Gable on his promotion to major of the 1st battalion of cavalry, New Mexico militia—Raton Range.

The Misses Baker depart to-morrow for their home at San Antonio, Texas. Their young gentlemen admirers will tender them a complimentary dance at the Palace hotel this evening.

W. J. Slaughter returned this morning from Albuquerque where he took the Shriner's degree. The colored men's Masonic lodge there is in a very flourishing condition, having forty-five members in good standing.

Henry S. Kaune & Co. will to-morrow open their new family grocery store in the Delgado block, opposite the First National bank. Mr. Kaune is well known to all citizens as an experienced and active business man and the New Mexican bespeaks for him a fair share of the public patronage.

It is a mighty poor orchard in Santa Fe that can't boast of 1,000 pounds or more of first-class peaches this year. Large shipments of superb fruit are sent out daily to those frost-bitten regions where fruit crops are total failures. Santa Fe valley is the fruit section par excellence in all the broad west.

Dr. Jessie Bowman Young, editor of the Central Christian Advocate, will deliver a lecture at the Methodist church, this evening on "Spiritual Dynamics." Dr. Young is a fine speaker as well as writer and his address this evening promises to be exceptionally good.—Las Vegas Optic. Dr. Young's numerous friends and admirers in Santa Fe are making an effort to induce him to come to this city for the purpose of delivering a lecture and personally experiencing our unrivaled climate.

The healthfulness of Santa Fe's climate as well as the superior sanitary conditions prevailing at the penitentiary are responsible for a very remarkable record. The second death at the penitentiary in four years was announced yesterday, a negro convict from Albuquerque. The average number of convicts in the institution during this four years' period was 160. Recently an English physician was looking through the penitentiary and when asked what he thought the death rate to be he said he guessed it would be eighteen a year for every 100 men kept in confinement.

POLITICAL CHAFF.

Pointers of Moment Gleaned from Various and Sundry Sources.

The Santa Fe county Republican convention to name delegates to the territorial convention meets at the court house to-morrow.

W. C. Wrigley, lawyer, will probably be nominated on the Catron-McLennan gold-fite ticket in the Colfax district for member of the territorial council.

Some leading Republicans of Santa Fe county have called on Delegate Catron to lie down and not become a candidate for re-election this year. Who would ever have "thunk" it?

Chairman M. P. Stamm says he won't stand it; that Bernillo county Populists who decline to name delegates to the territorial convention were only "so-called" People's party adherents, and accordingly he has called another county convention for 8 p. m. to-morrow.

Comments on the editorial page of the Albuquerque Citizen of last evening indicate quite conclusively that Twitshell's raid on the Las Vegas primary was a preconcerted affair in which the gold advocates had their plans well laid. No wonder the Optic and other friends of free coinage are wrathful over it.

The Republican county convention for Rio Arriba county takes place at Tierra Amarilla to-morrow. Delegate Catron has been up there looking after his fences and he comes home declaring that Tom Burns is in line and Rio Arriba is solid for him. Catron was on this mission when he said he was "in Colorado on mining business." He did go to Colorado, but he went there on Tom Burns' trail, having failed to catch him at Tierra Amarilla.

Col. T. B. Mills, who ran on the Populist ticket for delegate to congress two

years ago, was in Albuquerque yesterday. He stated that he had been down in the southern counties in the interest of the Populist party, and had secured delegations to the territorial convention from Socorro, Grant and Sierra counties. He also stated that he thought the Populist delegations from the counties named would favor his candidacy for the office of H. B. Ferguson, Democrat, as delegate to congress.

"The Wages of Sin."
It is believed that the affidavit which Mr. Catron made in reference to the arraignment of the Borregos will be made the basis of proceedings to disbar Mr. Catron. It is now a well known fact that Mr. Catron very narrowly escaped being disbarred by the supreme court last fall and the charges of perjury which it seems likely will be made against him will, in all probability, result disastrously to him.—Silver City Eagle.

NEEDS VERIFICATION.

Alleged Murderous Assault on Ben Helweg by San Domingo Pueblo Indians Has Not Been Reported to Capt. Bullis.

A NEW MEXICAN representative this morning showed to Capt. J. L. Bullis, Pueblo Indian agent, a sensational report in the Albuquerque Citizen representing that Ben Helweg, a Perilla canon miser, had been chased by San Domingo Indians and his horse shot from under him.

Capt. Bullis said that this was the first intimation he had received of the alleged assault on Helweg, and added that, if the Citizen's publication was true, it was surprising that he had not been officially advised of the facts. He continued that, if he had been informed of the transaction by Helweg, he would have immediately gone to San Domingo for the purpose of probing the matter to the bottom and bringing the guilty Indians to justice.

He says that the San Domingo and Zuni Pueblos are the worst Indians he has to deal with, being non-progressive, lazy and opposed to schools, but he does not regard them as dangerous. Indeed, during the three years he has had charge of all the Pueblos as their agent, he has never known one of them to commit a murder or attempt such a deed.

CATRON BEGS THE QUESTION

Replies to Gov. Thornton's Open Letter—But Does Not Deny That the Anonymous Served Emanated from His Office.

Gov. Thornton received through the mail yesterday afternoon the following: Gov. W. T. Thornton, Office of the Executive, Territory of New Mexico, Santa Fe, N. M., Santa Fe, N. M., Sept. 16, 1896.—Dear Sir: I am this morning in possession of your communication of the 10th inst., written from the "office of the executive," having just returned from Colorado, where I have been looking after some mining interests.

As a citizen of New Mexico of over thirty years' standing, interested in her welfare, I deplore sincerely that you, as her chief executive, have so far forgotten the dignity and obligations of the office you hold as to write such a letter as the one addressed to me and published in your newspaper on the 11th inst. It has the appearance of being designed to provoke me to some act of violence which might give your adherents an opportunity to injure me physically, but I am unwilling to attribute to you such a design. I prefer to consider your act that of one smarting under some fancied injury to such a degree as to render you temporarily insane. I shall try to avoid your example. As I left Santa Fe on the same day of your publication, and did not receive your communication until this morning, your delay in writing it is to be regretted. The coincidence in time of my going and of your publication was, of course, purely fortuitous, but some may not so believe.

I am surprised that you could imagine that I would write an anonymous letter about you or any one else. We have known each other very many years; and you will bear witness that when I have had anything to say to or about you I have not hesitated to say it in person, and there is no reason for any change. It ought not to be necessary for me to assure you, of all living men, in view of our long and intimate association—much of the time when you were my "willing" law partner, in which the most intimate and confidential relations existed—that I have not written and will not write any anonymous attacks upon you or any one else. After your letter you do not deserve such statement; but I do state that I have not written, dictated or inspired the matter you quote or refer to, about you, either directly or indirectly, that I never heard of it before its publication, and never saw it until I saw it in your letter; nor have I written, dictated or inspired any other communications about any other official, as you suggest.

I shall not attempt to reply to your scurrilous insinuations, believing them to be the effects of mental aberration, except to say they are untrue in substance and intent. Should, in my judgment, the proper time ever arrive for me to express myself as to you or any one else, I will do it openly and directly, as you well know.

I can not notice your scurrilous and slanderous statements. They are unworthy of your high official position, and do not elevate your character as a gentleman; and it would degrade me to otherwise notice them. I leave you them with a simple denial, declining to follow your precedent, and will let the people who know us judge. Respectfully, etc., (Signed) T. B. CATRON.

In the above it will be observed by the discriminating reading public that Delegate Catron makes no denial of the direct allegation in the governor's open letter that the venomous and malicious anonymous communication, appearing in the Albuquerque Citizen of the 4th instant, emanated from Catron's office. The governor says he is perfectly willing to rest the case with the people of New Mexico.
