## DEMOCRATIC TICKET

FOR PRESIDENT,  
**WILLIAM J. BRYAN,**  
OF NEBRASKA.

FOR VICE-PRESIDENT,  
**ARTHUR SEWALL,**  
OF MAINE.

### Democratic Call.

Santa Fe, N. M., Sept. 3, 1896.—Whereas, at a meeting of the Democratic territorial central committee, held in Las Vegas, on June 15, 1896, the city of Santa Fe was selected as the place for the meeting of a Democratic territorial convention for the nomination of a Democratic candidate for delegate from New Mexico to the 55th congress of the United States;

Whereas, The date of the holding of said convention was left to be fixed by the chairman and secretary of this committee at such convenient time as would in their judgment best serve the interests of the party; and

Whereas, Said proposed convention was authorized to be constituted, as to representation from the various counties of the territory, on the basis of one delegate for each 100 votes cast for Antonio Joseph in each of said counties at the last general election and one additional delegate for each fraction of 100 votes so cast amounting to fifty or more;

Now, therefore, by virtue of the authority in us so vested, a convention of the Democratic party of New Mexico is hereby proclaimed to be held in the city of Santa Fe, at the hour of 1 o'clock p. m., on the 29th day of September, A. D. 1896, for the purpose of nominating a Democratic candidate for delegate from New Mexico to the 55th congress of the United States and for the transaction of such other business as may properly come before it related to that primary purpose.

According to the authorization of this committee, at its said meeting, the apportionment of delegates to said convention from the various counties is as follows, to wit:

Bernalillo county.....	12
Chaves county.....	5
Coffey county.....	8
Doña Ana county.....	12
Eddy county.....	4
Grant county.....	7
Guadalupe county.....	6
Lincoln county.....	6
Mora county.....	11
Rio Arriba county.....	10
San Juan county.....	2
San Miguel county.....	21
Santa Fe county.....	13
Sierra county.....	3
Socorro county.....	9
Taos county.....	5
Union county.....	5
Valencia county.....	3
Total delegates.....	155

The county central committees of the various counties are requested to call county conventions for the election of the designated number of delegates, according to the rules and regulations governing party practices, in the respective counties, and it is suggested that such conventions and preliminary primaries be held at such times as are convenient to the party in the respective counties.

In those counties in which party interests have advised the holding of county conventions prior to this call the delegates there selected to represent such county in the proclaimed convention will undoubtedly be held to have been duly elected, according to the purpose of this call.

In carrying out the instructions of the committee, at its said meeting, all Democrats, and all those who intend to act with the Democratic party on the leading principles enunciated in its Chicago platform, and especially on the great declaration in favor of the free and unlimited coinage of silver, are hereby invited to participate in the primaries, in the respective counties, and in the proposed territorial convention, if so it be that they are chosen as representatives at county conventions.

In view of the great issues involved in the national campaign, now on, and of the high and advanced ground taken by the Democratic party in favor of the restoration of the money of the common people to its constitutional place in the financial policy of the nation; and in view, further, of the utter failure of the Republican party to give the territory an influential and useful delegate in congress from New Mexico, it is the hope of this committee that the convention hereby called may be a fully attended and memorable gathering of representative Democrats from every county in the territory. To this end all citizens of this territory, within the purview of this call, are urged to take an active interest in the preliminary steps to constitute said convention and in the important work of the same.

J. H. CHAIRMAN,  
RAPHAEL ROMERO,  
Secretary.

"New Mexico, Oklahoma and Arizona are entitled to statehood and their early admission is demanded by their material and political interests."—W. J. Bryan's letter accepting the Democratic nomination for the presidency.

Colfax county is safe for a big Democratic majority this year.

EVIDENTLY the corporation goldbugs didn't do a thing to Geo. W. Hartman and the Optic over at Las Vegas.

THE Republican battle cry, in the campaign this year, in the language of Col. Joe Sheridan is: "Are you healed?"

From all reports Col. Andy Laird was cruelly done up in Grant county. Judge Ginn is on guard down there, eh, Joe?

THE fact that Delegate Catron failed to carry his own county may cut a figure in the territorial convention on Saturday next.

ALL of the generals and most of the colonels favor the gold standard. Why shouldn't they? The plain people be dashed is their motto.

THE Las Vegas Optic is a consistent Republican newspaper. We commend to our readers its editorial elsewhere printed on the subject of wool.

SO JOHN SHERMAN's mention of Bryan's name in Montana only caused the crowd to cheer for five minutes at a stretch. No wonder the chief conspirator of all the goldites finds the west incompatible with his health.

AND now the question arises have Cooney and Burns been true to their convictions in declaring for the free coinage of the American product? What did Prince say about that in his trans-Mississippi congress speech?

IT took a good deal of hard scratching, but the Santa Fe county Republicans finally dug up something upon which to "indorse" Delegate Catron. They think he ought to be re-elected because he passed the anti-prize fight bill. Wow!

THIS campaign is dead easy for the Democrats. The Republicans are answering one another with so much emphasis that it is scarcely worth the while of Democrats to get into the fight. It's all in the interest of Bryan and Sewall.

IF the goldites are going to make their fight on the proposition that "the only reason the silver dollar is now accepted at 100 cents is because it is redeemable by the U. S. treasury in gold," they had better call in their orators. That won't go down with intelligent people.

THEY do say that, owing to Frank Clancy's loyalty in swinging Bernalillo in his behalf, Delegate Catron has annulled all former contracts and pledged him the U. S. attorneyship—in case McKinley is elected. Now the question arises what's to become of Spiess and McFie—in case McKinley is elected?

### PRESS COMMENT.

#### As to Wool.

The Optic has been an ardent advocate of protection to American products in all years past and is just as firm in that belief to-day as ever, but protection will not do it all. To those Republicans who can see no other question in this campaign but protection, and they are chiefly the wool men, let us ask, how will protection benefit the wool grower to the great extent expected? When will he sell his wool at that increased price? Three-fourths of the woolen mills of this country are closed. They did not close because they had no protection, for the protection on the manufactured product is as great now as it was under the McKinley tariff. They are getting the wool for less money than ever before. Does the wool grower expect that if the manufacturer is compelled to pay 10 cents per pound more for his wool that he will immediately open his mill? Far from this. The conditions just now are favorable for the manufacturer in so far as tariff is concerned as he could expect, but he has no sale for his product. The great masses of the people upon whom he depends to use his product have labor to offer in exchange, but they have no money. The medium of exchange has been gradually drawn from the people at large and placed in the hands of the few. It was possible to do this with the gold standard, but it would not have been possible if the country had been on a bi-metallic basis. So if the wool grower wants to get at the root of the evil he must begin with the money question, get the people to working for money, have them buy goods that they need of their merchant, have the merchant buy of the manufacturer, and then the manufacturer can use the wool, and as soon as the demand is made prices will go up. When the demand is such that this country needs foreign wool to supply the factories, then a protective tariff is of value; until that time protection is a fallacy.—Las Vegas Optic.

Mr. A. H. Cranby, of No. 123 Kerr St., Memphis, Tenn., writes that his wife had cancer which had eaten two large holes in her breast, and which the best physicians of the surrounding country treated and pronounced incurable. Her grandmother and aunt had died of

and when told this, the most eminent specialists of New York, under whose treatment she was placed, declared her case was hopeless. All treatment having failed, she was given up to die. S. S. S. was recommended, and she was cured. A few bottles cured her sound and well. Our treatise on this disease will be sent free to any address.

## The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.  
The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.  
Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.  
The cultivation of tannin—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.  
The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.  
Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.  
The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

be offered to its destructive career by the  
use of the pernicious drug quinine. Ec-

a pleasure to you to know the high es-  
teem in which Chamberlain's medicines  
are held by the people of your own state  
where they must be best known. An aunt  
of mine, who resides at Dexter, Iowa, was  
about to visit me a few years since, and  
before leaving home wrote me, asking if  
they were sold here, stating if they were  
not she would bring a quantity with her,  
as she did not like to be without them."  
The medicines referred to are Chamber-  
lain's Cough Remedy, famous for its  
cures of colds and croup; Chamberlain's  
Pain Balm for rheumatism, lame back,  
pains in the side and chest, and Cham-

medicines have been in constant use in  
Iowa for almost a quarter of a century.  
The people have learned that they are  
articles of great worth and merit, and un-

**AN UNKEPT PROMISE.**

Although Uncle Reuben told me the  
why of Colonel Baxter's presence in New  
York it was a long while before he would  
unburden and tell me the story of his own  
coming. The last time that I dined at his  
excellent table I found him in a "down  
thah" mood and got out of him the simply  
told tale of the circumstances which  
brought him from a home and people  
which he loved to an environment and life  
which was foreign to his every instinct.  
It was told with much halting and shame-  
faced hesitation. It opened with:

"You are fond of the Baxters, Uncle  
Reuben?"

"Yessuh, pow'ful."

"How is it that you don't go back to  
Tennessee and hunt up the old family?"

"Don't reckon I'll evah see ole Ten'see

**The Soul's Farewell to the Body.**  
So must part forever, and although  
I long have been wings and feet to go,  
Free from your narrow limiting control,  
Forth into space, the true home of the soul.

Yet now, yet now that hour is drawing near  
I pause reluctant, finding you so dear.  
All joys await me in the realm of God.  
Most joy, my comrade, molder in the sod!

I was your captive, yet you were my slave;  
Your prisoner, yet you were my free.  
To all my earnest wishes and commands,  
Now to the word I leave those willing hands

That toiled for me or held the books I read;  
Those feet that trod where'er I wished to tread;  
Those arms that clasped my dear ones, and the  
bush  
On which one loved and loving heart found  
rest;

Those lips through which my prayers to God  
have risen;  
Those eyes that were the windows to my  
prison—  
From these, all these, Death's Angel bids me  
never.

Dear Comrade Body, fare thee well forever.  
I go to my inheritance and go  
With joy that only the freed soul can know.  
Yet in my spirit wanderings I true  
I may sometimes pause near your sacred dust—  
—Ella Wheeler Wilcox.

**Weed and Rose.**  
A little weed grew at the foot of a rose,  
And they both breathed the soft summer air,  
But the little weed sighed as it looked at the  
rose.

For the rose was so tall and so fair,  
At sunset the little weed tremulously spoke  
And told of its love to the rose,  
But the rose did not hear, for the language of  
Is a language a weed only knows.

Then the little weed wept, washed the fair  
rose's feet,  
And the rose was refreshed for the night.  
The songs of the morning birds opened her  
heart.

And she lifted her head to the light,  
And taller she grew, and her green leaves  
spread wide.

Till they shut out the sunlight and air,  
So the little weed died at the foot of the rose,  
And the rose never knew it was there.

**Mary's Hat.**  
Dear Mary had a great big hat—  
She was a dainty creature—  
And men who sat behind in church  
—Could never see the preacher.

And when she wore it to the play  
It quite obscured the stage;  
So all the men who couldn't see  
Were thrown into a rage.

Now, from the men who sat in church  
There came no ill report,  
While those who could not see the stage  
Dragged Mary into court.

## GEMS IN VERSE.

**Scatter in Springtime.**

Scatter in springtime a handful of seeds  
And gather in summer a harvest of flowers.  
This is the song of the birds in the bower.  
This is the song of the wind in the reeds—  
Scatter in springtime a handful of seeds  
And gather in summer a harvest of flowers.

Scatter in childhood kind words and deeds;  
Scatter them everywhere through all the  
hours.  
Whether sky brightens, or whether cloud  
lowers,  
Their blossoms shall come to thee ere summer  
speeds—  
Scatter in springtime a handful of seeds  
And gather in summer a harvest of flowers.

**When the World Is Free.**

Far through the future shines the golden age  
Of brotherhood. A new humanity,  
Foretold by prophet, poet, saint and sage,  
Will work together when the world is free.

Then science and religion will join hands  
And follow nature to divinity.  
Then strife will cease between united hands  
And peace will prosper when the world is  
free.

Then those who toll will be the ones who own.  
The slave no longer then will bow the knee.  
The king will then be driven from his throne,  
The people rampant, when the world is free.

Then greed and poverty will pass away,  
And all will share a true prosperity.  
The god of Mammon, with his feet of clay,  
Will be demolished when the world is free.

Then will be little law. The golden rule  
Will be enthroned the law of equity.  
The priest will vanish, with his creed and  
school,  
And truth will flourish when the world is  
free.

Then will be happy homes and happy men,  
And happy women freed from slavery.  
And happy children, all that day has been  
Will be forgotten when the world is free.

Oh, when the world is free! Transcendent  
time!  
The golden age of dreams, the years to be!  
From better unto better men will climb  
Until the highest when the world is free.  
—James Arthur Edgerton.

**Beyond.**  
Beyond the crimson and the gold,  
Beyond all things both new and old,  
Beyond the sunset's fading light,  
Beyond the stars that sparkle bright  
Is nature's power.

Beyond the false, beyond the true,  
Beyond all power to construe,  
Beyond all hope and clean desire,  
Beyond the music in the air  
Ring memory's bells."

Beyond all loss or sorrow gain,  
Beyond the turmoil and the pain,  
Beyond lament and falling tears,  
Beyond mistakes of mispent years  
Fate's molding power."

Beyond the first, beyond the last,  
Beyond the milestones of the past,  
Beyond the old love and the new,  
Beyond the debts time owes to you  
Is love's lament."

Beyond the ebbing of the tide,  
Beyond the oceans that divide,  
Beyond the lights along the shore,  
Beyond the logboat's written score  
Is safety's harbor."

Beyond all passion, pain and strife,  
Beyond disorders that are rife,  
Beyond the cyprus and the pine,  
Beyond the battle's long night line  
Is victory's banner."

Beyond the pearls that glaze the shine,  
Beyond the light that seems divine,  
Beyond the tint that nature paints,  
Beyond the passing of the saints  
Time's revelation."

—George Herriott.

**The Soul's Farewell to the Body.**  
So must part forever, and although  
I long have been wings and feet to go,  
Free from your narrow limiting control,  
Forth into space, the true home of the soul.

Yet now, yet now that hour is drawing near  
I pause reluctant, finding you so dear.  
All joys await me in the realm of God.  
Most joy, my comrade, molder in the sod!

I was your captive, yet you were my slave;  
Your prisoner, yet you were my free.  
To all my earnest wishes and commands,  
Now to the word I leave those willing hands

That toiled for me or held the books I read;  
Those feet that trod where'er I wished to tread;  
Those arms that clasped my dear ones, and the  
bush  
On which one loved and loving heart found  
rest;

Those lips through which my prayers to God  
have risen;  
Those eyes that were the windows to my  
prison—  
From these, all these, Death's Angel bids me  
never.

Dear Comrade Body, fare thee well forever.  
I go to my inheritance and go  
With joy that only the freed soul can know.  
Yet in my spirit wanderings I true  
I may sometimes pause near your sacred dust—  
—Ella Wheeler Wilcox.

**Weed and Rose.**  
A little weed grew at the foot of a rose,  
And they both breathed the soft summer air,  
But the little weed sighed as it looked at the

For the rose was so tall and so fair,

And told of its love to the rose,

Then the little weed wept, washed the fair

The murderer who, at dead of night,  
creeps, stealthily out to bury the dead  
and mangled body of his victim inspires me  
with horror and dread. There is a murderer  
abroad who yearly slays one-sixth of all the  
human race who go down to untimely deaths.  
This dread monster is called consumption.  
The approach of consumption is slow and  
insidious. First there is a slight disorder  
of the digestion. The appetite is poor and  
the nourishing properties of the food are not  
properly assimilated. The blood becomes  
thick and sluggish. The body begins to  
lose weight. Old tissues of the body are not  
replaced by new. The lung tissues are not  
properly nourished and are inert and half  
dead. In this condition they offer a good  
soil for the germs of consumption which  
invade and attack them.

This operation is promptly reversed by  
Dr. Pierce's Golden Medical Discovery. It  
invigorates the digestion and appetite and  
makes assimilation perfect. It builds up  
and purifies the blood. It makes new and  
healthy tissue to replace the old, inert mat-  
ter which it causes to be carried off. It  
drives out all disease-germs. Thousands of  
cases given up as hopeless have been cured.

Miss Laura Pierist, of West Bethlehem, Wash-  
ington Co., Pa., writes: "I must write you  
telling you of the great benefit derived from the use  
of your 'Golden Medical Discovery.' Last sum-  
mer my friends thought I was surely going into  
consumption, and having tried doctors with no  
satisfactory results and hearing your medicine so  
highly spoken of, I took one bottle. My cough  
left me together with all the distressing symp-  
toms, and in fact the cure seemed almost miracu-  
lous to all who saw me."

sugar-coated granules that are an unfailing  
and permanent cure for constipation.

Sir, said a lad coming down to one of  
the wharves in Boston, and addressing a  
well-known merchant, have you any cargo  
on your ship? I want to earn something.  
What can you do? asked the gentleman.  
I can try my best to do whatever I am  
put to do, answered the boy.  
What have you done?  
I have saved and split all mother's  
wood for night on two years.  
What have you not done? asked the  
gentleman, who was a queer sort of a  
questioner.  
Well, sir, answered the boy, after a  
moment's pause, I have not whispered in  
school once for a whole year.  
That's enough, said the gentleman; you  
may ship aboard this vessel; and I hope  
to see you the master of her some day.

### DOOMED TO BE HANGED.

**Sheriff Garcia and Deputies Left for Tierra Amarilla This Forenoon with Two Condemned Murderers—Prospective Hanging at Albuquerque.**

Sheriff Felix Garcia and Deputies Olivas and Larange, of Rio Arriba county, and special deputies Wm. Hogan, N. L. King, W. C. Vipond and T. H. Tucker, of this city, left for Tierra Amarilla over the narrow gauge this morning, having in charge Perfecto Padilla and Rosario Ring, sentenced to be hanged in Rio Arriba county for murder.

The party will go by rail to Chamita and thence by team to Tierra Amarilla, arriving at that place to-morrow evening. From Chamita six cavalrymen from this city, under command of Lieut. Coleman, will form an armed escort for the party on the overland trip. This additional precaution was taken in view of a report that an effort would be made to rescue the prisoners en route. Sheriff Garcia, however, assured a New Mexican scribe that there was no foundation for this report and that he anticipated no trouble on the way.

The movement to induce the governor to commute the death sentence of Ring to imprisonment for life was effectually defeated by strong protests from the people in Rio Arriba county. It will be remembered that on the 16th of Sept., 1895, in a drunken brawl, Ring killed a young man in the streets of Tierra Amarilla.

Padilla's crime was the cowardly and cold-blooded assassination of John Vipond in August, 1894, when the latter was in camp near Copper City.

The executions will take place about 8:30 on Thursday morning at Tierra Amarilla under the immediate supervision of Deputies Hogan and Larange. Padilla will be hanged first.

#### CASE OF SANDOVAL.

Strenuous efforts have been made to persuade the governor to commute the death sentence of Dionicio Sandoval, of Albuquerque, to imprisonment for life on the ground that the condemned man was mentally defective. The governor has made diligent inquiry on the subject of leading physicians at Albuquerque with the following result:

Hon. William T. Thornton, Governor of the Territory of New Mexico, Santa Fe, N. M.

Albuquerque, N. M., Sept. 21, 1896.—Sir: In answer to your request that we should examine Dionicio Sandoval, confined in the Bernalillo county jail under sentence of death, with a view to ascertaining if his mental condition is such as to warrant executive interference, would respectfully report as follows:

That we have examined the said Sandoval and can find no evidence that would warrant us in stating that he is mentally defective. We are satisfied that he is an uneducated man, but can see no signs of such mental depression as would warrant us in calling him below the average person in his station and position. While we regret the necessity which compels the execution of the penalty of the law, we can find nothing that will warrant our considering him to be so deficient in intelligence as to be irresponsible.

We do not, however, believe that the interests of justice or public morality will be benefited by a public execution as now contemplated.

JAMES H. WATSON, M. D., J. P. KATZ, M. D., W. G. HORN.

In the light of the foregoing professional opinion the governor has concluded that he would not be justified in commuting the sentence of Sandoval and the doomed man will expire his awful crime on the gallows at Albuquerque on Thursday forenoon, September 24.

Just received at Fischer's, Butter-milk soap at popular prices.

### ROUND ABOUT TOWN.

Democratic county convention to-morrow.

U. S. weather bureau forecast for New Mexico: Local showers this afternoon followed by fair weather Wednesday.

Private advices from Raton state that Samuel P. Officer, well known throughout the territory, died there on Sunday, aged 70 years.

Conductor Britt, one of the old time employees on the D. & R. G., is here today with a special train to take out fourteen double-decker cars of sheep for C. B. Reynolds, of Raymond, Neb.

Manuel Martinez and Miss Melinda Yates, both of this city, were united in marriage yesterday morning at 10 o'clock. The ceremony was performed by Father Fourchegon, vicar-general, at the latter's residence.

All members of the Bryan Silver club take notice: There will be a special and important meeting of the club at Oxford club hall at 7:30 to-morrow, Wednesday evening.

A circular issued by the promoters of the Mountain and Plain festival states that: "The Mexican band from Santa Fe will be at the festival. The weird music of this famous organization will be a most interesting feature of the 'mile high round-up'."

Deputy U. S. Marshal Loomis returned from the U. S. court at Silver City yesterday and lodged the following U. S. prisoners in the penitentiary: W. H. Caine, one year for making a fraudulent claim against the government; Jose Duarte, eight months, violating Edmunds act.

Another rain this morning, and the peaches, apples, pears, raspberries, etc., in Santa Fe orchards are growing larger and more luscious every hour. Santa Fe has a superb fruit crop this season, but, strange to say, there is little demand for the product. It is undoubtedly true that the people have no money to buy fruit at any price.

Fred Helwig, the active and hard working 12-year old son of Robert Helwig, who has for months delivered milk about town on horseback, suffered a serious accident yesterday morning. His horse slipped and fell in crossing a culvert and the boy rider fell under the animal. The little fellow's leg was broken in two places, his foot was crushed and his nose and face badly bruised. It will be weeks before he will be able again to be about.

At the Bon Ton: Short order meals, hot and cold lunches at all hours. Open day and night.

#### Archbishop Chapelle.

Very Rev. P. L. O'happelle, archbishop of the see of Santa Fe, will visit Roswell to-morrow and remain until Monday. On

Sunday he will conduct services at Sparks' hall at the usual hours, says the Roswell Record.

Archbishop Chapelle is a most polished gentleman, a ripe scholar and an eminent divine. Before he was elected to his present exalted station he was for many years stationed at one of the best churches in the city of Washington, and his rare abilities as a scholar and divine won universal admiration and esteem. He was distinctively the pastor of all the foreign representatives to the court at Washington, and he numbers his friends in every land on the globe. Since coming to New Mexico he has labored assiduously for both the spiritual and temporal welfare of the people of this country, especially the Spanish-speaking portion thereof, and to his efforts more than to those of any other can be attributed the elimination of the prejudice which existed between the Spanish and English-speaking people of the southwest.

### IN THE DISTRICT COURT.

**Proceedings Began Before Judge Hamilton This Morning to Correct Record in Borrego Case.**

As mentioned in these columns last evening, Solicitor-General Victory yesterday filed in the district court, Judge Laughlin presiding, a motion, supported by sundry affidavits, to correct the records of the court so as to show the fact of the formal arraignment of Francisco Gonzales y Borrego, Antonio Gonzales y Borrego, Lauriano Alarid and Patricio Valencia, convicted and sentenced to die for the murder of Francisco Chavez, before Judge Hamilton at the opening of their trial on April 23, 1895.

Inasmuch as it is claimed that Judge Laughlin, having assisted in the original prosecution of the condemned men, is not qualified even to sit at the proceeding to correct the record of his own court, Judge Hamilton came up from Socorro last night and assumed the position of presiding judge this morning at 10:30 o'clock.

At that hour the four condemned men were brought into the court room by Sheriff Cunningham and his deputies. Their attorneys, Messrs. Catron and Spies, were in attendance and the territory was represented by Solicitor-General Victory, District Attorney Crist and Judge H. L. Warren.

After court was formally opened, Solicitor-General Victory read the motion above mentioned and affidavits of Stenographer Reuchan, Clerk Wyllys, District Attorney Crist, Sheriff Cunningham, Deputy Sheriff Tucker and Juror J. W. Brady in support thereof, all certifying to the fact of the formal arraignment of the four defendants in open court before Judge Hamilton before the trial began.

At the request of Mr. Catron, a recess was then taken until 2 p. m.

#### Good Reports From Colfax.

Mr. A. L. Hobbs, of Raton, secretary and superintendent of the Raton water works, is making friends in Santa Fe today. He brings the best of reports from his town and district. Raton, he avers, is building more dwelling and business houses than any other town in New Mexico. This statement is stimulated by the A. T. & S. F. shop pay roll which amounts to about \$45,000 per month. In the mining districts about Baldy and Elizabethtown business is prospering. Mr. Hobbs mentions one property, the Ajax, where a mountain of ore is being worked that yields \$100 per day. He has great faith in the Hematite and Red River districts also.

Few people realize what a big railroad the Burlington is. It is longer—employs more men—runs through more states—owns more engines—operates more trains—has more stations and serves more people than any of the trans-continental lines. Only two railroads in the world have a greater mileage. Not one—NOT ONE—offers a better service.

Omaha—Chicago—Kansas City—St. Louis—ALL points east and south.

### POLITICAL ROUND-UP.

**Many Items of Timely Moment from Various and Sundry Sources.**

E. T. Webber left last night for Las Vegas to attend the territorial Populist convention.

Socorro county Republicans declared against the McPherson platform, thus leaving Col. Williams, Hon. S. Alexander, et al in the cold, cold soup.

Geo. W. Hartman is receiving the congratulations of men who think independently for themselves in politics. It is the strength of our nation that in it men can no longer be chained to parties.—Las Vegas Examiner.

From all reports that reach Santa Fe, the Republicans of Grant county had a Killenny cat time of it in their convention on Saturday last. The straight free change ticket was defeated and the Catronists won the day after a hard fight.

The Republicans of Chaves county endorsed seven of the Democratic nominees and nominated Miss E. Eaton for school superintendent and Chas. Wilson treasurer, Samuel Brown judge, Fred Stevens surveyor, J. P. Dargit board commissioner, district 3, and J. W. Sutherland coroner.

It is now believed, by those in position to know, that Gov. O. A. Hadley will be a favorite among the delegates of the Populist territorial convention for delegate to congress. The reasons given by leading Populists are that he is a farmer and stock-raiser and will be free from the influences which environ the legal fraternity, such as land grant attorneys, bank attorneys and corporation lawyers.—Las Vegas Optic.

Conventions will be held at Las Cruces October 1 for the nomination of a candidate for the council from the 8th district, composed of the counties of Grant and Dona Ana; a candidate for the council from the 9th district, composed of the counties of Grant, Dona Ana, Lincoln, Chaves and Eddy, and for the nomination of a candidate for the legislature from the 14th district, composed of the counties of Grant and Dona Ana.

Lincoln county Democratic convention echo: John V. Hewitt, W. C. McDonald, J. P. Romero, George Senn, J. E. Wharton and J. F. Hinkle were recommended as representatives to the territorial and council conventions. Scipio Salazar, Paul Mayer, Mangel Sinneros, Charles W. H. Hinkle, Isidoro Chavez, Chas. Bolyjen, Emil Frit, George Reeves, Thos. Henley, and J. E. Wharton were recommended as delegates to the representative convention.

It is understood that Hon. L. B. Prince has received urgent requests from the Republican national committee as well as the state committee of several states to aid in the campaign. In case he leaves New Mexico at all for this purpose, it will probably be to go into states like Wyoming, Montana and others where the platforms are for silver, so that he can speak without restraint. As is well known he has been a Republican speaker in every campaign since 1860, when he was a boy, and once spoke over forty successive nights in New York and adjacent states.

"But twenty-two of the fifty-three precincts of San Miguel county sent delegates to the county convention, for the purpose of selecting delegates to the Republican territorial convention, which meets in Las Vegas on Saturday next," says the Optic, and it adds: "More than two hours were spent in discussing the resolutions. Major Miguel Salazar manfully fought for the right, but the politicians had been too earnestly at work and he was defeated in his fight for silver. The resolutions endorsed the St. Louis platform and instructed the delegates to the territorial convention to work for the same thing in that convention."

#### City Council Last Night.

The city council met in regular session last evening with Councilmen Garcia, Holmes, Harroon, Lewis and Senn present. In the absence of the mayor President Garcia presided.

The petition of Julianna Gallegos de Rivera and Faustina Muniz, praying that the disorderly house of Juan Olivas and her daughters on Galisteo street be suppressed, was referred to the city marshal. A warrant was ordered drawn on the fire fund, in favor of Chief Van Arsdell, in payment for a hose expander. The council then adjourned.
