BATTLE OF THE STANDARDS

Candidate Bryan Addressed Enthusiastic Thousands in Michigan Iron Region This Morning.

AN EXPLANATION OF POPULIST ADDRESS

Chairman Butler Says That the Document will Be Approved by Candidate Watson—McKinley Reviews a Circus Procession.

Bessemer, Mich., Oct. 14.—Candidate Bryan entered Michigan at 9 o'clock this morning. Nearly 5,000 people were on the square near the Ironwood depot. Many were present from the surrounding towns. The weather was bright and clear. Mr. Bryan, with head uncovered, addressed the enthusiastic crowd.

The Populist Address.

Chicago, Oct. 14.—"There seems to be a wrong impression regarding the action taken by the Populist committee," said Senator Butler to-day. "The address issued by the committee does not reflect in any way upon Mr. Watson and will undoubtedly be approved by him. Committee member Reed, of Georgia, came directly here, after spending two days with Watson discussing the situation, and the policy indicated by our address is entirely approved by him. Of course the situation as regards fusion in several states is not entirely satisfactory to the committee. Since a union of forces is necessary to win the election in those states, it is not a matter of expediency, but a matter of necessity. That ticket should be Bryan and Watson, but we are not going to divide our forces. In Kansas and Colorado, where there are no Watson electors, the situation is especially unsatisfactory to the committee and Watson, but since the electors in those states can not be divided, we are not going to turn them over to McKinley. The committee will probably call on Watson to talk over the situation and communicate to him the reason that caused the committee to arrive at this conclusion. I felt sure, when the situation is thoroughly explained to Mr. Watson, that, in the interest of harmony, he will arrive at the same conclusion that we have."

The members of the Populist executive committee held a conference with Chairman Jones of the Democratic national committee, to-day to arrange, if possible, for the completion of fusion arrangements in congressional districts where this has not been brought about.

Reviewed a Circus Procession.

Canton, Oct. 14.—A special train of eleven coaches arrived about noon over the Pennsylvania lines, bringing an enthusiastic party from McDonald, Pa., composed largely of railroad men and farmers. Their demonstration was very enthusiastic.

Major McKinley's address in responding to the speakersman, Chas. A. Whitehead, was constantly interrupted by applause. Barnum & Bailey's circus paraded past McKinley's home, where it was reviewed by Major and Mrs. McKinley and their friends. The employees of the circus presented Major McKinley with a handsome flag. McKinley accepted with an appropriate address.

A Tour by Harrison.

Chicago, Oct. 14.—The Republican national committee has secured ex-President Harrison for a number of speeches in Indiana. A special train will be used and on October 20 and 21, 30 and 31, the ex-president will make tours of the state, delivering short speeches on the way from the platform of the car. He will not speak outside of Indiana, however, and these will be the only speeches delivered by Mr. Harrison during the campaign, his affairs not permitting him to spend more time on the stump.

Larceny of a Name Approved.

New York, Oct. 14.—The appellate division of the supreme court, sitting in Brooklyn, to-day decided that the use of the name "national democratic party" on the official ballot is permissible. This reverses the decision of Justice Clements.

Fusion Complete in Arkansas.

Little Rock, Ark., Oct. 14.—The Populist state central committee has issued an address announcing that the Populists and Democrats have agreed upon a fusion electoral ticket, the Populists to have three and the Democrats five votes.

Official Ballots in Colorado.

Denver, Oct. 14.—The supreme court to-day made an order requiring the secretary of state to certify the nominations of the McKinley Republicans to the county clerks to be printed on the official ballot and awarded the Republican emblem, the eagle, to the McKinleyites. A decision was also given awarding the cottage home emblem to the Patterson-Bryan and Sewall-Populists.

COERCION AND CORRUPTION.

Merchant Crawford, of St. Louis, Sharply Reminded That It is a Felony to Intimidate Voters.

St. Louis, Oct. 14.—A warrant was secured to-day for the arrest of Dr. Crawford, a leading dry goods merchant, on the charge of intimidation in that he discharged twelve clerks because they announced their intention to vote for Bryan and free silver. It is claimed that Crawford's action was in violation of a state law, which makes it a felony to intimidate voters.

City was Run "Wide Open."

North Platte, Neb., Oct. 14.—North Platte never saw such a crowd as to-day. The irrigation fair attraction drew 20,000 people. The bringing of Indians and cow-boys to town caused a production of the scenes of the 60s and 70s. Indians swarmed through town. Cow-boys rode their horses into crowded saloons. The city was run "wide open." At the fair grounds ex-Gov. Furness delivered an excellent address.

Civil Marriage Sanctioned.

Lima, Peru, Oct. 14.—The chamber of deputies last night sanctioned the radical project, providing for civil marriages. It will require the approval of the senate.

Bank Suspension.

Duluth, Minn., Oct. 14.—The Marine National bank has suspended. A bank examiner is in charge. Inability to make collections rapidly enough to meet withdrawals is assigned as the cause. The bank has a capital of \$250,000.

NATIONAL POLITICS.

UP TO DATE FIGURES.

Chicago, Oct. 14.—The following table, showing the results of the state elections thus far held this year, is a source of much comfort to the Democratic managers:

FOR GOLD.	FOR SILVER.	AS TO OHIO.
State.	Electoral votes.	Majority.
Vermont.....	3	36,000
Maine.....	6	43,000
Total.....	10	79,000
Alabama.....	11	41,000
Mississippi.....	12	27,000
Arkansas.....	13	17,000
Georgia.....	14	57,000
Florida.....	15	30,000
Total.....	52	213,000

Washington, Oct. 14.—The Post, Republican, prints this from Columbus, Ohio:

"By common consent, and for reasons that are not clearly apparent to those who are in close touch with the political situation in Ohio, this state has in all calculations been considered certain to be carried by McKinley and Hobart, and by majority carrying all the way from 50,000 to 150,000 votes, according to the imagination of the prophet making the prediction. The fact that in recent years the state has been in the habit of rolling up unprecedented Republican majorities, coupled with the magnificent presence of McKinley and Hobart, has probably caused this hallucination to be indulged in, but the fact is that in twenty years the Republican state committee has not had such a task before it to carry the state at all for the Republican ticket."

"A poll of the state, made by counties, in August showed a majority for Bryan and free silver. This may be unpleasant news to people outside of Ohio, who imagined that McKinley had a walk-over in Ohio. And this was a month after the daily meetings at Canton had been in progress. A month later a view from a Republican point of view. There had been considerable shifting of opinion, and McKinley was in the lead, but by such a small margin that there was nothing to gloat over."

"A third poll is now being made, and returns have been received from about ten counties, and the figures show a still further improvement, but nothing to warrant the view that any records will be broken. In fact, the poll shows that there are still a number of sore spots in that state that will still further demand the close attention of the state committee and ceaseless vigilance on the part of the county chairman."

"An especial effort will be made to control a portion of the labor vote for Palmer, for the Republicans are in trouble there also. General Master Workman Stedman will be in the state shortly to rally labor under the Bryan banner, and something must be done to neutralize his influence. Hon. H. M. Hahn, who has charge of the speakers' bureau at Chicago, wanted to send ex-Master Workman Powderly to Ohio to offset the influence of Stedman, but this was not possible. Mr. Powderly will not come. The latter does not stand very high in labor circles here and would do more harm than good."

"The Democratic state committee is doing absolutely nothing, and whatever good fortune may come to the party next month will not be due to any way to its efforts. Chairman McConville has been too busy arranging for the Bryan itinerary to pay any attention to Ohio. It has been less than a week that he named his executive committee, and not a single meeting of that body has been held. A few speaking appointments have been arranged for throughout the state, but no one appears to be acquainted with the oratorical talent announced. The fact is, the Democrats both in Ohio and out of it, who have heretofore contributed their money and their talents to the promotion of Democratic doctrine, are taking no interest in politics, and matters about state headquarters are as quiet as if there was a corpse in the house."

"This only adds to the perplexity of the situation from a Republican point of view. Here we have the state committee of the opposition not taking the wheel for the success of Bryan, not a dollar in sight here for campaign purpose, no speaking, but few documents, and absolutely no enthusiasm. Yet the Republican managers and their forces in many sections of the state eager to join the Democrats, who are doing nothing for themselves, and threatening to throw the state for Bryan."

U. P. EXPRESS TRAIN HELD UP

Two Bold Bandits Stopped and Robbed a Train in Utah This Morning.

THE ENGINEER WAS TAKEN BY SURPRISE

Presumed That Much Cash was Secured from Registered Mail Pouches—Express Safe Not Opened—Passengers Not Disturbed.

Salt Lake, Utah, Oct. 14.—The Union Pacific train, due here at 3:15 o'clock this morning, was held up at a short distance east of Utah, near the mouth of Weber canon, about eight miles from Ogden. It was supposed that two men did the work. How much booty they got is not known. The engineer, who ran ahead to Utah, telegraphed the bare facts. He believes, from the conversation of the men as they went through the train, that they intended to blow up the express car with dynamite.

A train, made up at Ogden, was dispatched to the scene of the robbery and orders given to organize a posse.

STORY OF THE ROBBERY.

Ogden, Utah.—The train held up near Utah arrived here this morning. No passengers were molested, the robbers confining their operations to the mail and express cars.

Two robbers boarded the train at Pateros, a small station in the heart of Weber canon. They surprised the engineer by suddenly appearing from behind the tank and covering him with guns.

They ordered the fireman to cover his head with a cotton sack which they handed him. The engineer was ordered to stop the train and to indicate the express car, which he did.

While the attention of the robbers was distracted, the engineer ran away to Utah, where Supt. O'Neil was notified.

Meanwhile the baggage and express cars were encircled by the robbers and run ahead of the train a few yards and both cars were broken open. The robbers failed to open the safe in the express car.

Railway officials say that the booty secured was a few mail bags, the value of the contents being unknown. Superintendent O'Neil may catch the robbers, as they can not get out of the canon except by the eastern entrance and all the station agents are watching.

REGISTERED MAIL RIFLED.

Chicago, Oct. 14.—The Union Pacific fast mail train, held up at Utah, this morning, was carrying the mail from the coast due in Chicago to-morrow morning. Superintendent Troy of the railway mail service, was wired this morning by the postal messengers on the train that the registered mail was thoroughly rifled.

As a great proportion of such mail is correspondence with banks, enclosing exchange and remittance, and always a good proportion in cash, the loss is supposed by Mr. Troy to be of consequence.

LA BELLE GOLD DISTRICT.

Remarkably Rich Piece of Gold Flashed Up—Encouraging Results of Development Work.

The richest find yet found in the district was shown at the Cresset office this week. In one specimen many blades of pure gold were imbedded in the yellow metal and all the rock literally glowed with fine particles.

Arthur Christian has closed his mining business for the present at Hematite and will now give his attention to the Climax group in Gold gulch, near this camp. Extensive prospecting will be done on the several claims, and sinking resumed on the Climax.

Dr. H. C. Gallaher came in Sunday evening, making the trip from Monte Vista via Good Hope camp where he has some valuable mining property. He reports that camp moving along in a very substantial sort of way, new discoveries being made and some good properties being developed, but no boom.

A vein four feet in width was cut in the La Belle tunnel this week. The vein matter is of a mixed oxide and sulphide nature and returns low grade values of the entire streak. It is considered of considerable importance, but is not the rich surface lead for which search is being made, and the work of driving the tunnel continues.

G. W. Downey has the large shaft house and shops in the Oro, 30x35, now ready for the roof. Another miner was added to the force this week, and two shifts will continue sinking. If present looks and returns go for anything, the contemplated development this winter will make a producer of the Oro property.—La Belle Cresset.

Harcourt Denies a Rumor.

London, Oct. 14.—Sir William Vernon Harcourt, replying to an inquiry on the subject, to-day telegraphed that there is no truth in the report that he has resigned the leadership of the Liberal party in the house of commons.

A GOOD MAN GONE.

Ex-Senator Thomas White Ferry Died of Paralysis in His Michigan Home This Morning.

Grand Haven, Mich., Oct. 14.—Ex-Senator Thomas W. Ferry died here very suddenly this morning of paralysis.

Senator Ferry had been in splendid health except for an attack of sudden dizziness, until three days ago, when he took to his bed. Last evening he was given a hypodermic injection. His family sat up with him until he seemed asleep. This morning they found him dead.

Thomas White Ferry was born at Mackinac on June 1, 1827. In 1853 he was elected to the legislature, in 1864 to congress and in 1871 to the United States senate.

During the Hayes and Wheeler electoral count, he was president of the joint meeting, having become, on the death of Vice-President Wilson, acting vice-president. He was defeated for re-election by Thos. W. Palmer in 1882. He was unmarried.

A Suggestion for Cyclists.

Now that Santa Fe has first-class cavalry, infantry and artillery companies, what would be the matter with the wheelmen organizing a bicycle zone company?

There are some eighty male riders in Santa Fe and should one-half join such an organization, use their own wheels and furnish themselves with uniforms, which are pretty and cheap, they would, indeed, make a most beautiful turn-out. The uniform could consist of red trousers, short dark blue jackets, dark blue caps, and light blue shirts. They could also have light blue and dark blue caps with light blue tassels. Tactics could be adopted and officers chosen in meeting.

This would be the first organization of this kind to my knowledge, and would no doubt make a hit wherever it appeared. All who would like to become members of such an organization can send their names to me and I will arrange for a meeting in the near future, when organization can be perfected.

About to visit some section of country where malarial disease, either in the form of chills and fever or bilious remittent was particularly rife, what would be the best advice that you could give him. We will tell you—to carry along or procure on arriving, that potent medicinal safeguard, Hostetter's Stomach Bitters, known throughout malarial-plagued regions, here and in other countries, as the surest means of dispelling the miasma, scouring and robbing it of its fell destructive influence. Not only does it fortify the system by increasing its stamina; but overcomes irregularity of digestion, the liver and the bowels, and counteracts the unfavorable effects of over-exertion, bodily and mental, exposure in rough weather, or occupation too sedentary or laborious, loss of appetite and excessive nervousness. The functions of alimentation, bilious secretion and sleep have in it a most powerful and reliable auxiliary.

THE BOLLING FACTION

It apparently seemed to him that the convention had been for the time being, endowed with a superhuman insight, to have at once selected such a great and noble leader. Mr. Dame gratefully announced his acceptance and said: "I am a good enough American to have voted for Thos. B. Castro, rather than H. B. Ferguson, who is a greater anarchist than W. J. Bryan," at this outburst the true greatness of his leader seemed to dawn on the assembly, and the noble sentiment he had uttered was greeted by storms of applause from fully 90 per cent of the delegates present.

Mr. Branton having declined to serve on the central committee was practically "out of it" and the ratification proceedings were left in the hands of the following well known gentlemen, who were actually present: Childers, Marshall, Johnston, Medler, Mason, Burton, Jones, Harrison, Lynch, Schofield and Dame.

Probable reasons for the interest taken in this movement by the various delegates have been suggested as follows: Childers—Cleveland; Marshall and Harrison—economy—understood that expenses were to be paid by Republicans; Johnston, Mason and Britton—A. & P. railroad employees; Medler—Childers; Lynch, Dame and Schofield—past favors—passed to Indianapolis; Jones, an old "rev. enue" Democrat probably attracted by the "spend money" part of it.

THE CHILDERS CONVENTION

Eleven Gold Standard Democrats Meet in "Convention" at the Ducal City.

DECOY DAME NAMED FOR DELEGATE

Decidedly Yellow Resolutions Solemnly Promulgated—A Bolling Faction Developed and with Heroulean Effort Suppressed.

Correspondence New Mexican.

Albuquerque, Oct. 13.—After many delays and discouragements, the Hon. Wm. B. Childers succeeded in finding eleven gold standard Democrats in Albuquerque at one time, and at 8:45 on Monday evening he and his assistant were successful in corraling them in the Medler building where they called them to order and gravely announced that this was the territorial convention of the "national Democracy." To give the proceedings AN AIR OF REGULARITY they proceeded with a temporary organization by naming J. C. Marshall as chairman, and Andrew Johnson as secretary.

The chairman then adjusted his glasses and proceeded to make "his appointments" on the various committees—in strict accordance with the lists furnished him. The committee on credentials consisted of J. W. Schofield and J. W. Mason; Wm. B. Childers, W. C. Branton and W. E. Dame were entrusted with the serious duty of "resolving."

The committee on credentials brought in a report embodying a list of well known Democrats in New Mexico, with the proxies appropriately distributed among the eleven who were present. Their report was as follows:

Bernalillo county, J. W. Mason, J. C. Marshall, Thos. Burton, A. H. Jones, Andrew Johnson and H. T. McKinney; Jack Lynch, proxy; Chaves county, D. H. Clark and E. S. Leary, by J. W. Schofield; Santa Fe county, W. E. Dame and T. J. Curran, by W. B. Childers, proxy; San Miguel county, M. B. Rosebury, by Dr. G. W. Harrison, proxy; Socorro county, W. C. Branton; Sierra county, George C. Robin, by E. L. Medler, proxy.

AFTER A SHORT WAIT

the committee on resolutions returned from up town in a more "spirited" condition and amid unbounded enthusiasm, (eleven strong, count 'em,) read a platform which came near to causing a bolt. It seems that in addition to many familiar quotations from Jno. Sherman, Carl Schurz & Co., the resolutions, in plain language calling attention to the pitiable political condition of New Mexico and hinting broadly that one of the eleven must come to the rescue of the commonwealth and place himself in the hands of his friends.

Mr. Branton, of Socorro, realized that the candidates for congress must be possessed of at least an appearance of intelligence, and, after a hasty glance over the "assembled multitude," evidently thought the chances for nomination were narrowing down uncomfortably close to him, and at once arose and registered his kick; he said that he disagreed from the resolutions in reference to nominating a delegate, because he was given to understand when he took part in the selection of delegates to Indianapolis that it should not interfere with

TERRITORIAL POLITICS.

He then went on to say that the section of country he represented had very few gold Democrats, "in fact," he said, "to my knowledge there are not more than two gold Democrats in Socorro county." Mr. Childers then spoke his little piece, stating that he could not vote for either of the candidates in the field, and inferring that while his sympathies were with the Republican nominees (on account of valuable services rendered in connection with the speaker's confirmation by the senate, probably), he would, on account of the pie-counter in the hereafter, be unable to vote for him directly, and appealing to the "convention" to furnish him with a substitute. The eloquence of the United States attorney prevailed, and the resolutions were adopted as read by the overwhelming majority of ten to one. Mr. Branton voting no, and evidently clinging to the out of date idea that honesty of purpose should characterize an "honest money" convention.

THE BOLLING FACTION

having been forced into a state of submission, Mr. Childers winked at Mr. Schofield, who walked over and whispered to Mr. Jones, commonly known as "Bucky," and after a short pause, during which "Bucky" received a nod of approval and encouragement from Mr. Childers, he rose and placed in nomination W. E. Dame, of Cerrillos, for delegate to congress. Mr. Childers seconded his nomination in a style that showed how thankful he was that a sacrifice had been provided. Mr. Schofield then moved that the nominations close, and every delegate eagerly assented. Mr. Childers then glanced fearfully at the bolling faction and hurried a motion through nominating Mr. Dame by acclamation.

All (except the bolling faction) seemed delighted with the action, but none seemed so profoundly impressed with the wisdom of the choice as the

OF MAINE.

FOR DELEGATE TO CONGRESS,

H. B. FERGUSON.

"New Mexico, Oklahoma and Arizona are entitled to statehood and their early admission is demanded by their material and political interests."—W. J. Bryan's letter accepting the Democratic nomination for the presidency.

## DEMOCRACY ON WOOL AND OTHER INDUSTRIES.

"We hold that tariff duties should be levied for purposes of revenue, such duties to be so adjusted as to operate equally throughout the country and not to discriminate between classes or sections and that taxation should be limited by the needs of the government honestly and economically administered."

"We denounce as disturbing to business the Republican threat to restore the McKinley law, which has been twice condemned by the people in national elections and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies; enriched the few at the expense of the many; restricted trade and deprived producers of the great American staples of access to their natural markets."—National Democratic Platform, 1896.

"We indorse every sentence of the Chicago platform and declare that we believe it to be the best expression of Democratic faith ever emanating from an assembly of Democrats, and, while thus indorsing and adopting the Chicago platform, we desire particularly to express our gratitude to the members of that convention for those portions of that platform which, without equivocation, and in language which can not be misunderstood, favor the free and unlimited coinage of silver at the ratio of 16 to 1, without waiting for the consent of any other nation, and which declare for a tariff for revenue with duties so adjusted as to operate equally throughout the country, and not discriminating between class or section, thus guaranteeing to our wool and livestock interests that same measure of protection which is accorded by law to the manufacturing industries of the country."—New Mexico Democratic Platform, 1896.

WELL! Mr. Bryan's nerve certainly can't be questioned. He was caught out at Minneapolis at 10 o'clock last Monday night with 2,000 women—and they all cheered him!

"The cadetship is not an issue this campaign" says the Lindsborg Liberal. Well, how about the Coler-Brice bond steel and Catronism in general? Come now, let's be reasonable.

George W. Bell, of San Miguel county, and the Hon. J. A. Anoheta, of Grant, can conscientiously shake hands. Neither proposes to be sacrificed on the legislative altar of Catronism.

THE Catronist motto in this campaign, as agreed on at the Catron ratification meeting on Monday night, is: "Viva los Borregos." As the Rincon Weekly says, this is a campaign "for law and order."

The great dry goods firm of Crawford & Co., of St. Louis, has discharged all its employees who favor the free coinage of gold and silver. This house has an immense order trade from New Mexico and other sections of the southwest. What do the people think of this sort of business in "the land of the free and the home of the brave?"

And now the question arises how can a McKinley-Hobart club conscientiously ratify Catron's nomination? He's not on the national Republican platform. He's simply playing for suckers with "the free coinage of the American silver product" as bait. Why not be consistent and "ratify" A. L. Morrison, E. A. Fiske, Col. Harris and other consistent goldite Republicans.

## CAN'T STAND CATRONISM.

Mr. C. A. Sparks, of Roswell, a former staunch Republican, is doing superior work for the cause of Democracy and free silver throughout Lincoln, Chaves and Eddy counties. He has openly declared his disgust for Catronism and McKinnism and through his writings in the Roswell Record shows the faith that is in him by presenting many entertaining and incontrovertible facts to sustain his position.

## THE COLER-BRICE STEAL.

Catron's Brice-Coler bond swipe will prove a powerful issue in Grant county this year. Mr. Ferguson has looked carefully into this bond question, both in Santa Fe and Grant counties, and has pledged himself to support the territorial appropriations as provided by the last legislature, but to oppose in case of election, with all his power the unholy scheme to work in a validation of the fraudulent Coler-Brice bonds. Largely on this account Grant county citizens promise him a majority of something like 450 votes. Santa Fe county residents have much more at stake than those of Grant county in this matter, and they ought to work for at least 250 majority for the Democratic nominee.

## JUDGE BREWER'S EXPLANATION.

The New Mexican yesterday had the satisfaction of printing a letter from Associate Justice Brewer, of the United States supreme court, to Solicitor-General Victory explaining exactly under what circumstances he granted an appeal and stay of execution in the Borrego case. The letter shows that the learned and upright judge was very reluctant to interrupt the administration of justice in New Mexico, plainly intimating a grave doubt as to the justification of his action, but was prompted to do so by the fact that four lives were involved and he thought it best that the full court, about to convene, should pass upon alleged irregularities raised by Mr. Catron in behalf of the condemned men. He points out that a motion to dismiss the appeal on the ground of lack of jurisdiction can be filed and disposed of promptly, adding that "if this court has no jurisdiction the appeal will be dismissed, and, if the point raised (as to Judge Hamilton sitting) has no validity, judgment will be affirmed." This straightforward letter, creditable alike to the head and heart of Judge Brewer, clears up the misapprehension that existed in the community touching the action taken, and every friend of law and order with whom we have talked is glad that the matter is in its present form—that the much mooted question of jurisdiction in such cases is to be distinctly disposed of. The motion to dismiss, suggested by Judge Brewer, will at once be filed and no intelligent person doubts that it will be sustained.

## PRESS COMMENT.

### The Self-Confessed Assassins.

The convicted murderers are well known to be members of the gang known as the "Borrego society" of Santa Fe, whose members and sympathizers on Friday gave vent to their rejoicing by distributing printed hand-bills in English and Spanish announcing that the United States supreme court had granted an appeal and ordered stay of execution.

This rejoicing will be found exceedingly premature and unfounded. The order was made by Justice Brewer alone, not by the supreme court, and was upon the ex parte showing made by Attorney Catron, without any hearing or opportunity on the part of the territory. Any judge in view of the short time before the execution, and upon the facts, no doubt sworn to, presented to Justice Brewer, would have allowed a reprieve until a hearing could be had, and this is all that has been done upon which these vain hopes are founded.

A motion to dismiss the appeal thus allowed will be made and heard before the full bench of the United States supreme court by the territory without delay, and that tribunal, in the light of its own repeated and deliberate decisions, will, beyond question or doubt, demand the defendants to suffer the penalty of their damnable crime.—Albuquerque Democrat.

### His Record.

The San Miguel county Republican platform indorses T. B. Catron and "his record in congress." Let's see; what was his record in congress? Oh! yes; he appointed both of his sons to places in the government crib. Well done, Thomas Bothams Catron! Your record in congress is without a parallel. Not one thing for the people, but two fat places for your sons. Nevertheless, the San Miguel county pie-eaters, looking at the unroofed walls of the normal school, hearing the maniacal shrieks of the demented confined in filthy jails because the territorial asylum is not large enough for their accommodation, seeing every territorial institution handicapped for lack of means because Catron failed to get the territorial bonds confirmed, knowing this failure and the cause of it, the personal grasping avarice of the delegate, the San Miguel pie-eaters turn from this failure and indorse his record in congress, the sum and substance of which is the appointment of both his sons to government places and patronage. Well, the pie-eaters are hungry and had to indorse something!—Las Vegas Optic.

NEW MEXICAN PRINTING COMPANY.

# The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portion in particular the finest apple country in the world.

Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of canasgre—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Land with perpetual water-rights are for sale at low prices and on easy terms. The water-supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times, rapid increase in value.

The recent completion of the Pecos Valley Railway to Roswell, will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Fells section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold. ### CASE OF BORREGOS AGAIN.

Discreditable Effort to White-Wash  
Assassins and Smirch the Name of  
Their Victim in Albuquerque  
Citizen-Solicitor-General  
Unwarrantably At-  
tacked.

Now comes the Albuquerque Citizen, always on the side of the lawless and criminal element in society, with a paid, fully elaborate and discreditable "new trial," of the celebrated Borrego murder case in which an effort is made to white-wash the Borregos by representations that their victim, ex-Sheriff Francisco Chavez, was a Democrat and a very bad man on general principles, leaving the inference to be drawn by the credulous and uninformed that the Borregos are the innocent victims of cruel persecution and should be liberated. The head lines of this article in the Citizen give a clew to its nature and are reproduced as follows: "Saved their Neck! Delegate Catron Determined that Innocent Men Must not Hang. Appeal and Stay of Execution."

Right here it may properly be remarked that the lying and idiotic article in question is clearly from the pen of a well known Santa Fe Republican, who is afflicted with scribbler's itch and at the same time none too friendly to Mr. Catron, and it was evidently printed in the Citizen on the day that Mr. Catron was generally known to be in Albuquerque with the design of creating the impression that he was an author. The New Mexican does not indulge in any incendiary affection for Mr. Catron, but it credits him with too much sense to have written or inspired such a silly and easily answered column of slush.

Touching the absurd representation that Francisco Gonzalez y Borrego, Antonio Gonzalez y Borrego, Lauriano Alarid and Patricio Valencia are "innocent," because Francisco Gonzalez y Borrego and Hipolito Vigil had had trouble with Francisco Chavez and because of an allegation that the latter was short in his accounts as sheriff, it is merely necessary to recall a few undisputed and undeniable facts.

The circumstances connected with the death of Francisco Chavez on Guadalupe street bridge in this city, about 10 o'clock on the night of May 29, 1892, are familiar to every reader of the New Mexican. He was assassinated in the most cruel, cowardly and bandish manner by a number of men there and then lying in wait for him as he approached his home. The inexorable finger of suspicion instantly pointed with almost absolute certainty to the Borregos and their associates as the persons guilty, but it was some time before sufficient evidence was secured to justify arrests.

Finally, however, the necessary evidence was obtained. The four persons named were arrested, held by Judge Seeds without bail, indicted by the grand jury, tried before a jury of their peers, convicted of murder in the first degree and sentenced by Judge Hamilton to die on the gallows. They appealed to the territorial supreme court, the sentence of the court below was affirmed, and they would be hanged to-morrow except for a temporary stay of the proceedings by a judge of the United States supreme court.

#### PROOF OF GUILT CONCLUSIVE.

During the weary years that have elapsed since the night of May 29, 1892, and during all the protracted and costly litigation that has grown out of the case, no one has dreamed of accusing any one else than the four condemned men of the murder of Francisco Chavez. The evidence of their guilt was absolutely conclusive.

But, if the color of a doubt of their guilt remained in any mind after their conviction, it was removed by the detailed, voluntary and solemn confessions of Lauriano Alarid and Patricio Valencia of their share in the dreadful deed and that of the two Borregos. The former confessed in the presence of his own brother and assured the latter that he did so of his own free will and accord. Yet the Citizen, in its congenial role of an apologist for crime, attempts to divert attention from these damning facts and to make it appear that the condemned men are "innocent" by seeking to smirch the name and memory of their dead victim. A man who would thus attempt to print such stuff would rob the grave of Francisco Chavez if he had a sufficient motive to do so.

But, not satisfied with the noble achievements noted, the Citizen writer proceeds to say that Solicitor-General Victory "did a most astonishing and unheard of and improper thing" in addressing letters to the justices of the United States supreme court on the subject of the proposed attempt to appeal the Borrego case to the highest court in the land. The solicitor-general's letter to Mr. Justice Brewer is the best answer to this sort of malignant nonsense. It is as follows:

#### SOLICITOR GENERAL'S LETTER.

TERRITORY OF NEW MEXICO,  
Office of Solicitor General,  
Santa Fe, N. M., Sept. 28, 1896.

Hon. David J. Brewer, Associate Justice U. S. Supreme Court, Washington, D. C.  
Dear Sir: Having information that an application will probably be made to the supreme court for a writ of mandamus or prohibition for the purpose of preventing the execution of the sentence of death pronounced by the district court and affirmed by the supreme court of this territory, I take the liberty of requesting that notice be required to be given of any such application, or for a habeas corpus.

The case is entitled, Territory of New Mexico vs. Francisco Gonzalez y Borrego, Antonio Gonzalez y Borrego, Lauriano Alarid and Patricio Valencia, and the record discloses the foul assassination of an ex-sheriff of Santa Fe county, and I enclose a copy of the opinion of the territorial supreme court upon the question of the right of appeal to the U. S. supreme court, handed down upon denial by that court of an appeal, which was prayed by defendants from the order discharging a writ of habeas corpus, which was issued after final judgment, conviction and sentence.

It will be seen that the right of appeal in such cases has been expressly passed upon by the supreme court of the United States in the case of Cross vs. Burke, 146 U. S. 82 and in re Lennon, 150 U. S. 393, which are cited in the enclosed opinion. As the chief law officer of the territory I make this request in the interest of the people and of justice.

Respectfully yours,

JOHN F. VICTORY,

Solicitor General of New Mexico.

The solicitor-general sent a similar letter to all the other justices of the United States supreme court.

JUDGE BREWER'S COURTEOUS REPLY.  
Judge Brewer's courteous and satisfactory reply to this letter, which was printed in these columns yesterday, proves that he did not regard the solicitor-general's letter as "astonishing and unheard of and improper." On the contrary, it inferentially approved the action of the solicitor-general in the premises, satisfactorily explained why the temporary delay was granted in spite of the grave doubts of

the judge as to the validity of the action, and pointed out the authorities upon which a motion to dismiss the appeal would probably be sustained.

### ROUND ABOUT TOWN.

A decision of the Santa Fe grant case by the U. S. supreme court may be looked for any day.

Owing to the forty-eight hours of rain the program of sports at Albuquerque yesterday and this forenoon had to be postponed.

U. S. weather bureau forecast for New Mexico: Generally fair, preceded by local showers this afternoon or to-night; warmer Thursday.

The Wells-Fargo Express company has paid H. W. Loomis, deputy U. S. marshal, a reward of \$300 for the capture, by death, of Cole Estes, alias Cole Young, the train robber.

As a result of the storm prevailing during the past two days, 600 feet of A. T. & S. F. track was washed out yesterday near San Marcial and a similar trouble is reported near Rincon to-day.

New Mexico did well in sending a troop of cavalry, besides many other visitors to the Denver festival. It is hoped that the word which these New Mexicans will take home with them will induce a much larger attendance in future years. New Mexico and Colorado should stand close together in all that concerns their common interest and that is very great.—Denver Republican.

Santa Fe always responds. Our town sent 115 people to Denver to attend the Mountain and Plain festival and now Agent Lutz reports that some 125 citizens have gone over the A. T. & S. F. to take in the Albuquerque fair. The New Mexican violates no confidences in asserting that no other town in New Mexico does these things.

Just received from Topeka, fresh pork sausage, ham sausage, bacon and lard. Fresh ocean fish received twice a week. THE MODEL.

### PERSONAL.

Hon. H. L. Warren arrived from Albuquerque last night.

Mr. George A. Glaser, of Denver, is registered at the Palace.

Col. Wm. Strover returned home from Denver yesterday afternoon.

Judge Francis Downs has returned from an extended eastern trip.

Tom McElroy and Miss Florence Garcia left for Santa Fe by way of Albuquerque last evening.—Las Vegas Optic.

Rev. S. W. Curtis was here from Las Vegas yesterday to attend a meeting of the Presbyterian home mission committee.

F. W. Foster and wife, Uriehsville; A. C. Irwig and wife, St. Louis; John Roper, Alamosa; T. J. Walton, Mora, are at the Exchange.

Mr. Sam Haas, of Louisville, Ky., one of the most popular traveling men in the southwest, is talking business to Santa Feans to-day.

At the Bon Ton: Antonio Romero y Garcia, Rio Arriba; W. H. Coleman, Cerrillos; H. D. Windsor, A. J. Stewart, J. H. Gilmore, Pecos; Ursulo Borrego, Santa Cruz; James C. Coleman, Cerrillos; M. A. Dunn, Antonio.

Oysters and Rocky mountain trout, first of the season, at the Bon Ton short order restaurant.

### POLITICAL GOSSIP.

The Rio Arriba county Democratic convention takes place on Tuesday next at Chamita.

A very conservative estimate shows that at least one-half the Republicans of Albuquerque will vote for Ferguson.

The Mora county Democratic convention will be held to-morrow and the Republicans will hold their convention on Friday.

"Owing to the rain" Candidate Catron did not speak at Albuquerque last night. He expects to speak there one week from to-morrow.

Hon. A. A. Jones, of Las Vegas, will reach home from California next week, when he will proceed to fill assignments of silver speeches made by the territorial committee.

Don Placido Sandoval, a life-long Republican, will affiliate with the Union party, this year, and will make the speech of his life at Thursday's convention.—Optic.

Don Margarito Romero, a Republican beyond doubt, is flat-footed in favor of the success of the Union party at the polls on the 5th proximo.—Las Vegas Optic.

Hon. H. B. Ferguson, undoubtedly the next delegate to congress from New Mexico, reached Las Vegas last night from Clayton. To-day he goes to Mora, returning and being present at the San Miguel county convention of the Union party, to-morrow.

Local politicians with money to throw at the birds will be interested in this: "John R. McLean, of the Cincinnati Enquirer, offers to bet \$10,000 against \$3,000 that Bryan will carry Ohio, and \$20,000 against \$10,000 that Bryan will get more votes in Canton than McKinley."

A Frank Chavez Democratic Silver club was organized at Galisteo Saturday evening with the following officers: Justiniano Leyba, president; Apolinario Chavez, vice-president; secretary, Ventura Banos; assistant secretary, Geo. W. Howland. The following gentlemen made addresses: J. S. Candelario, Bonifacio Ortiz, Asencio Rael, Justiniano Leyba and Apolinario Chavez. The roll was signed by forty members and three Republicans joined the club.

Citizen Webber had a conference this morning with the Democrats to ascertain what concessions would be made to the People's party on the Democratic county ticket. He stated that in accordance with the program for fusion as agreed on at Las Vegas and ratified by the territorial committee, the Populists would ask that one of the nominees on the ticket put forth by Santa Fe county Democrats be a Populist. No decision was reached and another junta is to be held shortly.

Just received at Fischer's, Butter-milk soap at popular prices.

### FASTEST AND HANDSOMEST.

Facts of Local Moment on the New A. T. & S. F. Train Service to Be inaugurated Next Month.

H. U. Mudge, general superintendent; J. E. Hurley, division superintendent; M. R. Williams, superintendent of buildings and bridges, and D. Elliott, roadmaster, arrived on a special train at 6 p. m. last night, remained here a short time and left for the south. They are on a tour of inspection. Messrs. Mudge and Hurley confirm the report that early in November the A. T. & S. F. railroad will inaugurate the fastest and handsomest train service in the world. The train will run semi-weekly and will consist of magnificent drawing room vestibuled sleepers, buffet smoking and library cars, also dining cars, and will carry nothing but Pullman equipment. The connections from Santa Fe will be about as follows:

No. 3, west bound, will leave Santa Fe on Mondays and Fridays at 9 a. m.; returning arrive in Santa Fe at 10:50 a. m. No. 4, east bound, will leave Santa Fe on Wednesdays and Saturdays at 11:30 a. m.; returning arrive at Santa Fe at 1 p. m. The regular service as in effect at present will be changed as follows: No. 1, west bound, will leave Santa Fe at 9:30 p. m.; returning, arrive at Santa Fe at 11:30 p. m. No. 2, east bound, will leave Santa Fe at 11:50 p. m.; returning, arrive at Santa Fe at 1:40 a. m. Trains No. 1 and 2 will continue to handle all local business, also all business to and from Mexico and northern California.

These fast trains will, as a rule, make a pace of about sixty miles an hour between Chicago and Los Angeles and the claim is made that it will be the fastest and most handsome long distance train crossing the continent.

At the Bon Ton: Short order meals, hot and cold lunches at all hours. Open day and night.

## OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barrenas Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1688.34 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis, Mercurial Affections, Scrofula, Catarrh, Jaundice, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—
