THE BORREGOS MUST HANG

U. S. Supreme Court Has Affirmed Judgment of New Mexico Supreme Court.

NO ERROR IN THE PROCEEDINGS

Remains for Territorial Supreme Court to Fix New Date for Execution of Its Sentence—Twenty Days from January 4.

Washington, Dec. 21.—The United States supreme court to-day affirmed the judgment of the supreme court of New Mexico in the case of Francisco Borrego, Antonio Borrego, Lauriano Alarid and Patrio Valencia, under sentence of death for the murder of ex-Sheriff Francisco Chavez, of Santa Fe county, on May 29, 1892. The case was appealed to the United States supreme court on allegation of error, but the court of last resort has decided the proceedings in the territorial courts regular.

[Under this decision of the highest judicial tribunal in the land, it remains for the supreme court of New Mexico, when it again convenes in adjourned regular session on January 4, to fix a new date for the hanging of the four murderers named, which must be at least twenty days after the 4th of January.]

**Train Derailed.**  
Danville Junction, Maine, Dec. 21.—A train on the Grand Trunk railway was derailed about two miles below the junction to-day and four cars were wrecked. Seventeen passengers were hurt, but not seriously.

Mayfield, Ky., Dec. 21.—Jim Stone, a negro rapist, was taken from jail this morning by fully 500 men and hanged to a tree in the court house yard. The body was then riddled with bullets.  
The victim insisted that another negro committed the crime, but the mob would not listen. As the next day dawned the jail others behind jabbed knives into his flesh.  
The lynchers left a placard on the body announcing that it must not be cut down until noon to-day.

MONDAY, DECEMBER 21.

All signs point to the fact that 1897 is going to prove New Mexico's busy year.

The New Mexican is under obligations to the territorial press for many kindly notices of its special illustrated immigration edition.

The Las Cruces Republican changes hands again on the first of the year. Rumor hath it that Fred A. Anderson, of the Rincon Weekly, will assume charge.

The cattle fish organs are making more fuss over "Capt." Howard's aspirations for the San Marcial postmaster than they would ever think of making over Catron's appointment as United States minister to Mexico. "Capt." Howard must be a pretty good sort of a fellow.

New Mexico raises up her voice and joins in the demand that Cuba have fair play. True, New Mexico is not a sovereign state, but her people are just as patriotic and liberty-loving as any American community, and in case of war our territory would go to Uncle Sam's rescue with a surprising number of native sons.

**A SIGNIFICANT VICTORY.**

The New England press will have to resume at once its obituary on the death of "the silver czar." There was a city election in Lynn, Mass., last Tuesday, and lo, and behold, a straight-out 16 to 1 silver Democrat was chosen mayor. Walter L. Ramsdell is his name. Ramsdell was the nominee of the Democrats, Citizens' Reform, and Populist parties, and swept the city, receiving 1,940 votes more than his Republican opponent, ex-Senator Charles H. Baker, and this, too, in a community which gave McKinley a majority of 3,800 in the election of November 3. As Mr. Bryan observes, it looks as if the battle had just begun.

**CONGRESS AND CATRONISM.**

It seems very likely that the statehood question will not be considered by congress for the next two years. Press dispatches state that Delegate Catron has given notice to the house that he will move to postpone the consideration of the measure for the next two years.—Deming Herald.

Well, what if he has "given notice" etc. The present session of congress and also Catron will close their political career on the 3rd of March next at midnight and any dirty tricks Catron may attempt to play on the people of New Mexico at this session of congress can have no weight or effect in the next congress where Harvey B. Ferguson will represent this territory.

**THE DINGLEY BILL EXPOSURE.**

Senator Vest did good service for the country and the democracy by exposing in the senate the hypocrisy of the Republicans with regard to the Dingley bill in particular and the tariff in general.

His vigorous attack on the bill and on the Republican attitude with regard to the tariff brought out the statement from the Republican side of the senate that the Republicans did not expect to pass the bill and regarded it as dead.

Senator Teller added to the interest and significance of the revelation by asserting that it never was the intention of the Republicans to pass the bill, but that it was drawn up and introduced for political effect in the campaign. It was intended to serve as a sop and an appetite-whetter to the manufacturers, from whom the Republicans wanted aid in the election.

The Republican talk about the Dingley bill is, therefore, pure moonshine. The leaders admit they can not pass it and that, if they could, would not pass it. As a matter of fact, they would regard its passage as a great party calamity, because it would take away the excuse for calling an extra session and passing a bill which will be satisfactory to the horde of bounty seekers the party has on its hands.—St. Louis Republic.

## PRESS COMMENT.

### Important if True.

The Santa Fe has given up all idea of controlling the Atlantic & Pacific, and the Southern Pacific will likely operate the road.—Deming Herald.

### Yes! He's Come to Stay!

The appointment of Hon. W. B. Childers as United States district attorney for New Mexico, has been confirmed by the U. S. senate. Mr. Childers is one of the leading attorneys of the New Mexico bar, is honest and upright, and has the respect of all who know him without regard to party affiliations. The friends of Hon. W. B. Childers in this part of New Mexico extend congratulations to him on his being confirmed as United States attorney for New Mexico.—Socorro Chieftain.

### What's the Matter?

This is the headline in the morning Democrat over a communication from one who signs XXX.

Well, let's see what is the matter. And first, the Democrat, its morning paper, is marching about, mile behind the procession, it is in the hands of a siliurian, instead of doing work for Albuquerque it is given over to editorials after the manner of "The wife of D. Robinson is sick with rheumatism," and such trifling matters.

Then the people are to a certain extent losing their grip, business is not good and feels it much if not more than any city in New Mexico. Its prosperity is dependent on the railroad shops and railroad business and it is not there. Then many of the business men have left and the failure of the Albuquerque National bank crippled many others of its best men. In a word the city of Albuquerque is coming down to bed rock, all gas and steam is being pressed out, the city is settling down to just what she is worth and no more.

But you people of Albuquerque need not despair, a change will come as time improves. New men and new energy will come, the old things will pass away and Albuquerque will build up and once again be herself as old. It will take time, however, and new men, new money, and new ideas will be needed. The silurians will disappear.—Socorro Chieftain.

# The PECOS VALLEY of . . . NEW MEXICO

**OFFERS** unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables and fruits of the temperate and some of those of the semi-tropical zone. In such fruits as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portion in particular the finest apple country in the world.

Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of sugarcane—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Land with perpetual water-rights are for sale at low prices and on easy terms. The water-supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times, rapid increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

## THE FIGHT FOR LIBERTY.

Meeting of Cuban Sympathizers in  
Santa Fe—Suitable Resolutions  
Adopted.

A largely attended meeting of Cuban  
sympathizers was held at the armory of  
the local cavalry troop on Saturday  
evening. E. T. Webber was chosen president  
and H. L. Ortiz officiated as secretary.

On motion the chair named Messrs. J.  
L. Zimmerman, T. P. Gable and E. B.  
Linsen as a committee to draft resolu-  
tions expressive of the sentiments of the  
meeting.

Pending the report of the committee  
brief addresses were made denunciating  
of the cowardly warfare Spain has long  
been waging against Cuba.

Notable among these addresses was  
one by Capt. J. H. Alderson, a veteran  
Canadian sea captain and a British sub-  
ject, who intimated his willingness to re-  
nounce his allegiance to Canada and take  
command of any kind of an American  
craft in the possible conflict between  
Spain and the United States for the  
rights and liberties of the Cuban patriots.

The following resolutions were reported  
by the committee:

Be it resolved, by this meeting of citi-  
zens of the city of Santa Fe, N. M., in  
mass meeting assembled, That we heartily  
sympathize with the Cuban patriots in  
their struggle for freedom and independ-  
ence; and be it further.

Resolved, That we pledge our aid and  
support, financially and by a company of  
men—brave and true—to help their fight  
for the cause of right and liberty, in the  
event of the United States declaring the  
Cubans belligerents.

On motion of Col. Stover the above res-  
olutions were adopted, and it was ordered  
that a copy thereof be sent to Senor Es-  
trada Palma, of New York, and also to  
the New Mexican for publication.

After a timely talk by Chairman Web-  
ber, the meeting adjourned subject to the  
call of the chairman and secretary.

nished. Mrs. B. M. Thomas.

portant business.

It is well understood now that Alex. H.  
Allen is to be chief deputy under Sherif-  
elect Kinsell. The selection does credit  
to the good sense of Mr. Kinsell.

The language of the act of congress re-  
lating to the Coler-Brice bonds will bear  
a great deal of serious study on the part  
of Santa Fe taxpayers.

Jim Longwell, formerly of Santa Fe, is  
right in it down at El Paso. He has just  
been chosen vice-president of the Rio  
Grande Land & Irrigation company which  
has some big projects under way south  
of the Pass city.

Mr. Wm. Berger received by to-day's  
mail a commission from Gen. T. J. Clark-  
son, commander-in-chief of the Grand  
Army of the Republic, appointing him  
assistant inspector-general, G. A. R.,  
upon the staff of the commander-in-chief  
with the rank of colonel. Therefore it is  
now Col. Berger, if you please.

Many of the friends of Walter V. Hayt,  
formerly of Santa Fe, will be pleased to  
learn of his success in life. He lives in  
Chicago with his family. He has just re-  
ceived the appointment of chief deputy  
recorder of Cook county, a position pay-  
ing about \$5,000, the term of his appoint-  
ment being for four years. Mr. Berger  
met him while in Chicago recently and  
says Mr. Hayt is in excellent health.

Every subscriber to the New Mexican  
received on Saturday a copy of our im-  
mense illustrated special edition. Those  
persons who have contracts for extra  
copies will be served as quickly as pos-  
sible, within a day or two at most. It is  
no small task to handle an edition of this  
magnitude, the folding and pasting alone  
requiring the services of a dozen extra  
employees in our bindery department.

Civil Engineer P. E. Harroun came in  
from the Rio Puerco yesterday and took  
the evening train for Santa Fe. He said  
it would take his twelve assistants anoth-  
er month to complete the survey, when  
the work of construction would begin.

ARMSTEAD IN TROUBLE.

The Dapper Young Millionaire Ar-  
rested in Denver for Swindling—  
His Troubles Originated in  
Transactions in Santa  
Fe County.

On the authority of a telegram from  
Chief of Detectives O'Brien, of New York  
City, Detectives Loomis and Burlew, at 9  
o'clock yesterday morning arrested Henry  
H. Armstead at the Brown Palace hotel  
and took him to headquarters for exami-  
nation. Chief O'Brien's telegram was to  
the fact that a bench warrant had been  
issued for Armstead's apprehension on a  
charge of grand larceny. Chief of Police  
Russell telegraphed the fact of the arrest  
and last night he received another tele-  
gram from O'Brien stating that an officer  
had started to Denver to take charge of  
the prisoner.

Armstead remained in charge of Detectives  
Loomis and Burlew until he deposi-  
ted a cash indemnity bond with Chief  
Russell to guarantee his appearance when  
desired, and was released, returning to  
the Brown hotel. The officer from New  
York will reach Denver about Tuesday,  
and Armstead says he will return with  
him without requisition papers.

The quasi prisoner is the senior mem-  
ber of the firm of H. H. Armstead & Son,  
mining engineers, assayers and metallur-  
gists, of room 11, Brown Palace hotel,  
and of 8 Broad street, New York City. He  
is currently rated to be worth between  
\$1,000,000 and \$2,000,000 and it is said  
that he deposited \$50,000 cash with Chief  
Russell to insure his compliance with the  
wishes of the arresting officers of the law.

Armstead is said to be worth \$1,000,000  
or more. He says the deal in which  
Thomas Taylor, of Midway, Pa., claims to  
have been swindled out of \$45,000, was  
perfectly legal, and Taylor is sore because  
he did not make a fortune as easily as  
expected. Armstead has been in Denver  
about six weeks engaged in the formation  
of a new mining venture, which he calls  
the New Columbia Gold Mining company.  
According to the prospectus the Columbia  
company has been incorporated under  
the New Mexico laws for \$5,000,000, and  
has as its president, M. W. O'Boyle, treas-  
urer, the Alpine Electric company, of  
Pittsburg, Pa. The properties owned by  
the company are said to number forty-  
eight mining claims in the Yellow Jacket  
district, Lemhi county, Idaho.—Denver  
dispatches of Saturday evening.

Inquiry at the office of the territorial  
secretary disclosed the fact that the  
United States Gold Producing company,  
the Idaho Chemical Gold Mining com-  
pany, the New Columbia Gold Mining  
company, the Gold Sluicing & Separating  
company, and the Irrigation & Hydraulic  
Mining company have filed articles of in-  
corporation in New Mexico, with Henry  
H. Armstead appearing as the chief pro-  
moter thereof, and John F. Daley, "of  
Golden, as agent in New Mexico.

Armstead's present troubles with Tay-  
lor appear to have grown out of the or-  
ganization of the last named company,  
wherein it is alleged Armstead induced  
Taylor to invest \$25,000 on the representa-  
tion that said company owned in fee  
simple 10,000 acres of valuable placer  
lands in Santa Fe and Bernalillo counties,  
when in fact the deeds to such lands were  
fraudulent and void. On the strength of  
this representation, the investigations of Mr.  
Harold's attorney, Judge Downs, revealed  
the fact that the company last named had  
no title to the 10,000 acres of placer land  
claimed by it.

We will continue our special sales as  
advertised Saturday until to-morrow

## MOTIONS FOR REHEARING.

Rules Adopted by the New Mexico  
Supreme Court at Its Recent Ses-  
sion in Santa Fe.

The New Mexico supreme court, at its  
recent adjourned meeting in this city,  
adopted the following rule of general in-  
terest to attorneys:

A motion for rehearing after judg-  
ment can be presented only at the term  
at which the judgment is entered, unless  
by special leave granted during the term,  
and must be filed within ten days after  
such judgment, if the term shall so long  
continue.

No motion for rehearing shall be filed  
unless in the ground or grounds of said  
motion it shall distinctly point out, that  
some question decisive of the cause, and  
only submitted by counsel, has been over-  
looked by the court, or that the decision  
of the court is in conflict with some con-  
trolling decision or provision by statute  
to which the attention of the court has  
not been called through the oversight or  
neglect of counsel.

**Judge Foster in Denver.**

E. C. Foster, the husband of J. Ellen  
Foster, the noted woman lecturer, is in  
Denver and is stopping at the Brown.  
Mr. Foster is here in the interest of ex-  
tensive land and irrigation properties in  
northern New Mexico in which he is  
largely interested. He is promulgating  
an important scheme for the irrigation  
and reclamation of a large tract of land  
at the junction of the La Plata, the An-  
imas and the San Juan rivers in San Juan  
county. To interest capitalists in the  
scheme is the purpose of his visit and he  
prefers to have western capital invested  
in the enterprise which, he says, will be  
beyond doubt be successful, rather than to  
have the profits go east.—Denver Times.

**The Hunter's Paradise.**

The hunting party composed of W. A.  
Otis, Charles A. Otis, Jr., and W. G. Ham-  
ilton, returned from their hunting trip in  
the northern part of the valley, Monday.

They visited the Hagerman and Roswell  
country and found all the game desired.  
Near Hagerman they secured four ante-  
lope, and at Roswell abundant duck and  
quail. They went over to the deep lakes,  
east of Roswell, being greatly interested.  
The party is unanimously of the opinion  
that the Pecos valley is verily a place to  
delight the sportsman's heart. Assistant  
General Manager Hamilton, who has been  
here for years, says that the trip to him  
produced surprise after surprise; that  
previously he had no idea of the quantity  
and variety of game to be found in this  
section. After their return from the  
north the party visited the Hagerman  
farm, in the lower valley, returning  
Wednesday. Quail and duck were the  
game there, and they brought back  
seventy-five of the former as a result of  
the outing. The Messrs. Otis leave for  
home this evening, well pleased with  
their trip, and with a determination to  
soon repeat it.—Eddy Argus.

**A Mail and Trade Note**

The merchants of Denver do not ap-  
preciate the volume of business done in this  
territory or the value of the trade of  
Albuquerque, and if a delegation of a  
hundred of the prominent business men  
of Denver would come down to this place  
and investigate the situation for them-  
selves, we venture to predict that it  
would not be ninety days before some  
arrangement would be made to build the  
section of about sixty miles of the Den-  
ver & Rio Grande, which is all that is  
required to turn the great bulk of all this  
business into Denver.—Albuquerque  
Democrat.
