THE PRESIDENTIAL PARTY

President-Elect McKinley With His Family and Invited Guests Reached Washington Today by Special Train.

THE CHIEF IN THE BEST OF HEALTH

Presidential Party Met at Baltimore by the Chief Magistrate's Brother Who Was Accompanied by His Wife and Daughter—Photographing the Train.

Harrisburg, Pa., March 2.—The train bearing President-elect McKinley and party arrived here at 6:45 this morning over the Pennsylvania road. It left for Washington at 6:55. The large crowd at the depot was disappointed, as the president-elect was still asleep. By direction of Gov. Hastings, a national salute of 21 guns was fired at the state arsenal while the train was in the city. The presidential train will make no stop between this point and Baltimore, where it is scheduled to arrive at 9:40.

BIG DEMONSTRATION AT BALTIMORE.

Baltimore.—At Baltimore the train-sheds and viaducts were crowded with about 5,000 people cheering and trying to get a glimpse at the presidential car. An exceedingly warm greeting was given Mr. McKinley when he stepped out on the rear platform and bowed acknowledgments. The presidential party was met at Baltimore by Mr. and Mrs. Abner McKinley and their daughter Mabel, of New York. The train was photographed at a slow rate of speed four miles out of Baltimore, on the last 40 miles to Washington. About a minute behind schedule time, the special train came rolling into the station, amid the cheers of many spectators. Governor Bushnell boarded car No. 33, which was the presidential car, and the members of his family were waiting for the executive committee, and paid his respects to the incoming chief magistrate, then the party started for carriages to convey them to the Ebbitt House. The president-elect with Mrs. McKinley holding closely to his arm, came through with Chairman Hobart and Mr. J. Addison Porter to protect them from the crowd. Colonel Britton with the greatest escort of presidential-elect, and the remainder of the party took places in line just as they alighted from the cars, the staff of the governor of Ohio bringing up the rear. As he passed the head of the train Mr. McKinley beckoned to one of the party who bore aloft a great bouquet of flowers and carefully selecting from it some white carnations of wonderful size, handed them to the engineer grimy and perspiring in his cab.

PREMIER-ELECT IN WASHINGTON.

Washington.—President-elect McKinley and party arrived here in a special train at 11:15 and were driven to the Ebbitt house, where they were quartered until the president-elect takes up his abode in the White house on March 4. In accordance with Mr. McKinley's expressed wish, there was no escort or display connected with his entry into the National capital. It had been arranged that a company of militia should receive and accompany the president-elect, but the president-elect vetoed this program, so that the only formal reception received, was the greeting of prominent residents of Washington. There was, of course, an informal demonstration by the public.

THE HOBART PARTY.

Patterson, N. J.—Vice President-elect Hobart, Mrs. Hobart and Garrett A. Hobart, Jr., left here at ten a. m. on their journey to Washington. The party occupied a special car.

WASHINGTON.—Vice President Hobart and party arrived at 3:25 this afternoon.

Long for the Navy.

Boston, March 2.—Ex Governor John D. Long today announced that he had accepted the navy portfolio in President McKinley's cabinet.

McKENNA'S APPOINTMENT.

Chicago, March 2.—Judge Joseph McKenna, of California, passed through Chicago today for Washington. When asked what portfolio had been tendered him by Mr. McKinley, Judge McKenna said: "It is undetermined yet whether I am to be attorney-general or secretary of the interior. This matter will be determined by a conference, which will take place within a short time after I get to Washington, and the public will know almost as soon as I do."

MARKET REPORTS.

New York, March 2.—Money on call easy at 1 1/2 % per cent; prime mercantile paper, 3 @ 4; silver, 64 1/2; lead, \$3.05; copper castings, 11. St. Louis, March 2.—Cattle receipts, \$3.17 1/2; spotter strong at \$3.05. Chicago.—Wheat, March, 74 1/2; May, 75 1/2 @ 76; corn, March, 28; May, 24 1/2; oats, March, 15 1/2; May, 17 1/2. Chicago.—Cattle receipts, 25,000; steady to firm; beefs, \$3.55 @ \$4.85; cows and heifers, \$1.90 @ \$3.10; Texas steers, \$2.25 @ \$2.80; native steers, \$3.50 @ \$5.00; native cows and heifers, \$1.65 @ \$3.80; stockers and feeders, \$2.75 @ \$4.65; bulls, \$2.15 @ \$3.00. Sheep receipts, 3,000; shipments, 1,100; market, 10 @ 15 cents higher; lambs \$3.20 @ \$4.65; muttons, \$2.75 @ \$3.90.

Legislature Bravery.

Topeka, Kas., March 2.—A sensation was sprung in the Kansas state senate today when Senators Titus and Jumper said they each had been offered \$1,000 to support a certain measure concerning the Kansas City stock yards. The parties were named, and A. Touchie has been placed under arrest.

Carnegie Improving.

Greenwich, Conn., March 2.—Andrew Carnegie, who has been seriously ill with pleurisy, is improving.

Hazing Law.

Albany, March 2.—The court of appeals has decided that the Percy-Gray racing law constitution and the methods of bookmaking allowed by the racing commission to be in accordance with law. The cases decided were on appeal from the people, from dismissal of action brought against President Lawrence, of Westchester racing association, and Joseph Sturgess, a bookmaker.

RIOTING AT CANEA.

Musulman Gendarmes as a Result of Irregular Pay Create a Riot in Which Several Men Are Killed.

New York, March 2.—A special to the Herald from Canea says: The admiral of the allied fleet will send an ultimatum to the Greek warships to leave Cretan waters within 48 hours. The order will be obeyed.

MASSACRE.

Paris.—A dispatch to Eclair from Canea says: It is reported there that 2,000 Musulmans stationed in a fortress near Selino have all been massacred, and great apprehension is felt regarding the fate of the 4,000 Musulmans besieged near Candia.

EUROPEANS IN DANGER.

Canea.—The insurgents effected a junction with the Greek regulars before bombarding the blockhouse at Stavros on Sunday. The Musulmans of Canea are so incensed at the danger of Europeans, that the lives of Europeans are in danger, and the foreign consulates threatened.

REVOLT AT CANEA.

Canea.—At 5 p. m. the Musulman gendarmes in demanding their arrears of pay this afternoon revolted, fired shots, and threatened to provoke a massacre. Foreign marines surrounded the barracks of the gendarmes, and fired volleys under the windows as a warning. The gendarmes did not reply. The town is in a state of panic. The colonel of the gendarmes, Salehian Bey, was wounded by musketeers and is dying. In addition several other Turkish officers were wounded. Italian marines fired upon the gendarmes wounding several. The remainder will be disarmed and put in prison.

A Corner on Wool.

London, March 2.—Speaking of the reported Boston wool corner, London wool brokers ridicule the idea that there is any possibility of danger concerning the purchase of two wool clips to do so, meaning the cornering of at least 8,000,000 bales, and at an expenditure of \$5,000,000.

NOT GUILTY AFTER ALL.

A Peculiar Case in Colfax County—Woman with a Commuted Sentence Hanging Over Her Head Acquitted by the Jury.

Last Tuesday, acting upon letters received from Chief Justice Smith who was holding court at Springer, Acting Gov. Miller commuted the death sentence of Mrs. Edwigen Valdez de Arellano to imprisonment for life in the territorial penitentiary. Today Sheriff Little, of Colfax county, who is in the city, told a representative of the New Mexican the history of the case, and also the result of the trial. The facts are these: Mrs. Valdez de Arellano was indicted by the grand jury of Colfax for the murder of her husband by poisoning. She was too poor to employ an attorney to defend her, and Judge Smith appointed W. C. Rigley to make the defense.

Mr. Rigley, after consultation with his client, arranged that she should plead guilty in the second degree, but under the indictment Judge Smith could not enter a plea of that kind. Circumstances in the case were such that it was determined the prisoner ought not to suffer the extreme penalty of the law, and Judge Smith suggested that she plead guilty to murder in the first degree and that he would give her the benefit of the governor for executive clemency. In accordance with this suggestion, the governor was written and the sentence commuted. At this point a new element entered into the case in the person of Attorney Mills who interested himself in the case. Mrs. Valdez de Arellano refused to plead guilty, and on last Saturday the case went to trial. The jury after hearing all the evidence brought in a verdict of "not guilty," and Mrs. Edwigen Valdez de Arellano was acquitted.

Roman Cordova, who was indicted as an accessory to the crime, after the result of the trial of the principal, had his case continued until the next term of court and was released on \$1,000 bonds.

THE NAVAL BILL.

The house today sent the whole naval bill, including the armor plating amendment, to conference. Mr. Dalzell, of Pennsylvania, made a caustic reply to recent strictures on Justice Shiras of the Supreme court. He declared the justice was a righteous judge and had not changed his mind on the income tax question.

MR. CLEVELAND HAS THE GOUT.

President Cleveland has suffered for a week from rheumatic gout which has assumed such proportions that it is a question whether he will be able to take part in the inaugural ceremonies.

A CONTENTED SEAT.

The house unanimously voted that Mr. Black, of Georgia, whose seat was contested by Thomas E. Watson, late Populist candidate for vice-president, is entitled to the seat. Mr. Aldrich called up the prize fighting bill to prevent detailed fights, but a motion for recess for the house prevailed by a vote of 72 to 22.

THE SENATE.

The senate passed the fortifications appropriation bill in 30 minutes. The international monetary conference bill was taken up and led to heated criticism by Senator Dubois, of Idaho, and Cannon, of Utah. Senator Dubois warned his former Republican associates that the silver Republicans would never return to the senate. Senator Cannon asserted that the next administration would be as tough as Grover Cleveland had been elected for a third term. Senator Stewart, of Nevada, said the choice of Lyman J. Gage fixed the gold standard policy of the next administration. Teller then spoke of the probable facility of the international monetary conference. He said that President-elect McKinley, by his cabinet selections, had evidently gone over to the gold standard to stay there. The senate concurred in the house amendments to the international monetary conference bill. This is the last legislative stage bill to go to the president.

WASHINGTON NEWS BUDGET

President Cleveland Has Vetoed the Immigration Bill in a Lengthy Message Sent to the House This Afternoon.

INAUGURAL PLATFORM CONTENTION

The Federal Commission Has Decided Upon San Pedro as a Deep Water Harbor for California. Upon Which the Appropriation Will Be Expended.

Washington, March 2.—The California deep harbor commission, has submitted a report to the secretary of war. The commission decides in favor of San Pedro as a harbor on which the government appropriation shall be expended. Commissioner Morgan does not sign the report.

THE IMMIGRATION BILL VETOED.

President Cleveland has vetoed the immigration bill. A message setting forth his objection will be delivered to the house this afternoon.

WHAIRING IN THE HOUSE.

The house was prepared for a long hard day's work when it met at 10 o'clock today. The rotunda, corridors, and galleries were thronged. Mr. Dockery, Democrat, of Missouri, introduced a resolution for inquiry into the reason why precedents had been ignored in locating the platform upon the eastern terrace of the capitol, where Mr. McKinley will be inaugurated, entirely in front of the senate window. Heretofore the platform has been built out from the main entrance, and neither house had any cause to feel slighted. Under the rules this resolution was referred to a committee. Mr. Richardson, Democrat, of Pennsylvania, suggested an amendment, to ascertain what authority existed for the erection of a platform anywhere on the plaza.

THE APPOINTMENTS AND CONFIRMATIONS.

Yesterday and today there was a good deal of canvassing for and against. Partly it was on the capital removal bill, partly the offices were discussed and partly other important measures were the subjects. The spirit of compromise was abroad in the land and in the legislative council, and it finally triumphed and was under the circumstances the best thing that could be done by the Republicans.

The appointments are out of the way and well out of the way, and while some of them were not pleasant to the Republican members as would have been Mums Extra Dry or terrapin stew or green turtle soup or peacam fed turkey or Tokay wine or Gouthers candy or saws back duck with truffles, still under the circumstances it was the best that could be done, and a small loaf is better than no loaf when one is very hungry, and some offices are better than none and the capital removal fight is also finished, which in itself is a great good thing for the people as a whole.

The compromise was well engineered and carried through without a break. Solicitor-General Victory, who was a candidate for reappointment, withdrew in favor of the Democratic caucus nominee, because he desired to be of service to Santa Fe, and there is no doubt but that his action was a benefit for the Santa Fe side on the capital removal fight. Mr. Curry on the Democratic side and Mr. Spies on the Republican side worked hard for the compromise; Mr. Curry because he thought it best for all interests and Mr. Spies also for that reason and it became apparent this morning, that unless a compromise was effected the

TUESDAY, MARCH 2.

TENNESSEE has passed a law making lobbying a felony. Let New Mexico follow suit.

A FEW more hours and this country will have a Republican president and it's high time that this should happen.

AMEND the Standard oil tax measure, so as to force the company to furnish a better quality of oil, and then pass it.

If Councilman Thomas Hughes will not remain in the Republican caucus, why should Councilman Spies? Query?

It is beginning to look as if the Standard Oil company or the Continental Oil company or whatever you choose to call it will escape regulation by law in New Mexico. Who is to blame?

DURING its closing sessions the senate of the United States is taking great pleasure in doing exactly what Mr. Cleveland does not want it to do. But human nature was always perverse.

It comes from Albuquerque straight, that the capital removal brigade has secured the services of Mr. William Jennings Bryan to aid in removing the capital from Santa Fe to Albuquerque.

THE removal of the capital to Albuquerque would be a violation of all the historic traditions with which the name of old Santa Fe is associated. It would arouse resentment in every quarter of the territory, and a perfect storm of protest from the native population.

THE quarterly report of the territorial auditor and of the territorial treasurer for the quarter just ended, appear on the third page of this journal today. They give the condition of the territorial finances and should be carefully read by all interested.

THE people of New Mexico, by a very decided majority, want no capital removal schemes to succeed. Out of the 175,000 people in New Mexico, certainly 165,000 are opposed to any capital removal, but desire the capital to remain in Santa Fe.

SANTA FE's representatives in the council and house are standing loyally by the best interests of the people of New Mexico on the capital removal question. So are a good many other representatives and the fight has only just begun on the question.

IF the gentlemen who control our mining interests will forward the desired information concerning this industry to the editor of the Lordsburg Liberal, N. M., for once at least will render accurate account of her mineral output. Those possessing such information should act promptly.

THE alien land act which has just passed congress through the untiring efforts of Delegate Catron, will meet with the favor of a majority of the citizens of New Mexico. This is as it should be. The measure is an excellent one, and will subserve the best interests of the sections to which it applies.

A few enterprising capitalists and real estate men in Albuquerque want the capital removed from Santa Fe to that town. No blame is to be attached to them for this wish. But the citizens of Santa Fe must help themselves in this emergency. God helps those who help themselves. Come, get up and be doing.

QUEEN LIL, who lost her job at queening during the administration now about to close, will make strenuous efforts to retrieve her fallen fortunes under the new president. Somehow she is under the impression that President McKinley will look upon her claims for reinstatement with favor. It is her last hope for regaining the rubes of royalty and away over a people who seem to be getting along fairly well without her.

It is a great pity and a great sorrow to Democratic newspapers throughout the country that there is no Republican factional fight on in Ohio. Too bad, that, indeed. It deprives them of much pleasure.

ure and space must be filled up with something not quite as interesting and fetching.

From interviews published in yesterday's issue of the New Mexican it is easy to gather the trend of public opinion in the matter of the Standard Oil company and the unheard of exactions of this corporation. The bill now before the legislature should be amended so as to furnish the desired protection and then be passed.

In a few more hours also Harvey B. Ferguson, of Albuquerque, will be the delegate from New Mexico to congress. The people will watch this man's conduct carefully. It is predicted he will make a very poor and inefficient delegate. The New Mexican will watch his conduct and will give him credit wherever he deserves it; otherwise the reverse will be told in as good English as can be used.

WEYLER'S RESIGNATION.

The press dispatches yesterday contain the very welcome news that General Weyler, offended at the course of his government in detaching a policy concerning American prisoners in Cuba, had tendered his resignation. This may be true, but it must be remembered that he has resigned before, and from similar causes, so that the people here come to take whatever they hear of this Spanish butcher, cum grano solis.

It is well to take everything that comes from Cuba these times, in the shape of news with even more than a grain of salt. The only method of arriving at the truth in this dense tangle of Cuban dispatches, recorded one day only to be contradicted on the next, is to wait the action of time and events. Acting upon this, it is not safe to jubilate overmuch over a piece of news, that is news indeed, if it be true. This man during a few months of command, has made his name known over all the world as the most blood thirsty inhuman creature of modern times. He has burned hospitals filled with wounded soldiers, with a gusto of savage enjoyment that in comparison would make a Nero seem a Christian martyr.

We know that these things are true because time has attested their truthfulness and it is only fair to assume that the half has not been told. It is hardly reasonable to suppose that the full horrors of the situation could be told under a rigid press censorship that takes strict cognizance of every word of news sent from the island.

THE ALIEN LAND ACT.

Delegate Catron's alien act having passed both houses of congress, a brief review of the same becomes opportune upon the assumption that many of our fellow citizens have not had opportunity of becoming acquainted with its provisions which would seem to be of prime interest to every resident of New Mexico. Upon the first reading this measure encountered considerable opposition, but that grim determination which has won upon so many occasions for Mr. Catron, came into play in this instance, and the measure finally passed both houses, for which New Mexico's representative at Washington deserves much credit.

The title of the act, declares its purpose to better define and regulate the rights of aliens to hold and own real estate in the territories, and it provides that no alien or person who is not a citizen of the United States, or who has not declared his intention to become a citizen of the United States in the manner provided by law, shall acquire title to or own any land in any of the territories of the United States, provided that this prohibition shall not apply to cases in which the right to hold or dispose of lands in the United States is secured by existing treaties to citizens or subjects of foreign countries whose rights so far as they may exist by force of any such treaty, shall continue to exist so long as such treaties are in force, and no longer.

This act does not apply to land now held in the territories by aliens, which was acquired prior to March 3, 1897, nor to any alien who shall become a bona fide resident of the United States, or shall have declared his intention to become a citizen of the United States in the manner provided by law, shall have the right to acquire and hold lands in either of the territories, upon the same terms as citizens of the United States. This act shall not be construed to prevent any persons not citizens of the United States from acquiring or holding lots or parcels of lands in any incorporated or platted city, town or village, or in any mine or mining claim, in any of the territories. This act does not prevent aliens from acquiring lands, or any interests therein by inheritance, nor from lending money and securing the same upon real estate, nor from enforcing any such lien, nor from acquiring and holding title to any such real estate.

Section 5 provides that it shall be the duty of the attorney-general of the United States when he shall have reason to believe that land in the territories is being held contrary to the provisions of this act to institute suit in behalf of the United States in the district court of the territory wherein the contested land is situated, giving a notice of 90 days to the alleged owner thereof of his intention to commence such suit.

TERRITORIAL COMMENT.

Leading Questions as Treated by the Territorial Papers.
A Pointer to Santa Fe Citizens.
Unless the staid, old, avaricious, sleepy deities of Santa Fe put up handsomely, the territorial capital will be removed to Albuquerque.—Las Vegas Optic.

Let Las Vegas Ask?
The cliques and clans that always exist in a capital city never fail to put down and kill the place. Las Vegas would much rather have something else than the capital and this city is now in a position to get anything within the gift of the legislature. Let us not be timid about asking and receiving that which is most desired, whatever it may prove to be.—Las Vegas Optic.

An Unqualified Success.
The first campaign of the Pecos valley sugar factory is ended. Taking everything into consideration, it has been a most unqualified success. It has done much for the farmers and for the town, and has aided in making the fame of the valley, world wide.—Pecos Valley Argus.

Fraternally Accepted.

On last Saturday the NEW MEXICAN entered upon its 35th year as the leading and oldest daily newspaper of the territory. During 30 years of its existence it has been Republican in politics, Democratic during the remaining period. To the NEW MEXICAN, fraternally, the Herald-Weekly extends its best wishes.—Bland Herald-Weekly.

How Much is There to This?

It has been claimed that Albuquerque money burned the capital building at Santa Fe and it is now said that the fellow who applied the torch to the unfinished structure, for a consideration, and the destruction of which cost the taxpayers of New Mexico a large sum of money, is at present a resident of Las Vegas.—Las Vegas Optic.

Will He Be As Attentive?

The bureau of animal industry has issued a handsomely illustrated volume of some 500 pages entitled "Special Report on Diseases of the Horse." Delegate Catron favored the Bee with a copy of the work, and also a copy of the annual report of the secretary of the interior for the fiscal year ending June 30, 1896. Mr. Catron has shown every courtesy to the press of New Mexico in the way of departmental reports and other literature of great value to us in an agricultural sense. Will his successor be as attentive in that respect?—San Marcial Bee.

The PECOS VALLEY of NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces beautiful crops of most of the grasses, grains, vegetables and fruits of the temperate and some of those of the semi-tropical zones. In each tract the peach, pear, plum, grape, prune, apricot, melon, cherry, quince, etc., the Valley will displace for the pre-eminence with California; while competent authority pronounces its upper portion in particular the finest apple country in the world.

Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of oranges—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Lands with perpetual water-rights are for sale at low prices and on easy terms. The water-supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times, rapid increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

J. H. BLAIN,

JOSE D. SENA, Member of the House of Representatives of the Thirty-Second Legislative Assembly from Santa Fe County.

was born in Santa Fe on February 13, 1867. He is the youngest son of the late Major J. D. Sena, and is in every sense of the word a son of Santa Fe, having been raised here and received his primary education in St. Michael's college in this city, afterwards attending the Las Vegas Jesuit college, and finishing his collegiate course in the St. Louis university, conducted by the same order. Upon his return to Santa Fe, Mr. Sena was employed by the late Archbishop Lamy and Archbishop Salpointe in the St. Catherine government Indian school for two years, having charge of that institution. Since leaving that position he has been private secretary to Gov. L. Bradford Prince, deputy United States marshal, interpreter for the Indian office and also for the District court, and more recently chief clerk in the auditor's office under the Hon. Demetrio Perez.

Last November Mr. Sena was elected to the Thirty-second territorial legislative assembly as a representative from Santa Fe county, and as such representative has proven himself more than equal to the expectations of his friends. While he is a loyal, active Republican, he has the interests of the territory at heart, and is always found battling for its advancement and betterment. Among his fellow citizens he stands high. His integrity and gentlemanly conduct has twice given him the unanimous nomination by the Republicans for city clerk, he was a member of the first board of education in the city, and at the November election he received the largest majority ever given a young man in Santa Fe county.

In February, 1892, Mr. Sena was married to Miss Eufrosine Clouthier, one of New Mexico's brightest and fairest daughters, and this marriage has proven the happiest venture ever made by him.

CITY NEWS ITEMS.

The guards at the penitentiary were paid yesterday by Superintendent Bergmann.

The Santa Fe Social club will hold an entertainment this evening at its club rooms.

U. S. weather bureau forecast for New Mexico: Generally fair; stationary temperature tonight and Wednesday.

The quarterly reports of the auditor and treasurer for February 28, 1897, can be found on the third page of this day's issue.

The amount of the losses on the Weltmer property has not yet been adjusted, but is believed the adjustment will be completed to-morrow.

Tomorrow will be Ash-Wednesday, the first day of Lent. There will be service and sermon at the Episcopal church in the morning at 10 o'clock, and in the afternoon at 4 o'clock. Service and address on Friday at 4 p. m.

A most enjoyable party was given last evening at the sanitarium in honor of the Misses Burns, of Tierra Amarilla, who have been visiting the city for several days past and who will leave tonight for the City of Mexico. Forty-five guests were invited, and the event will long be remembered as one of the successful social events of the season of 1897.

In the Supreme court, last evening, Hon. U. S. Bateman, of the Fifth judicial district, and Hon. John Morrow, of the Fourth judicial district, were admitted to the Supreme court bar. The court then took a recess until Thursday, March 25.

On February 14, the Rev. R. M. Craig appealed to his congregation of the First Presbyterian church, of this city, for a collection on the following Sunday, in behalf of the Home Mission board of the United States. Mr. Craig asked that the collection be not less than \$50, and on Sunday last had the pleasure of announcing that the people had responded so liberally, that including the gifts from Sunday school and Christian Endeavor societies, the total amount of the contribution was \$112.

Prof. Hamil, one of the members of the committee for the preparation of the International Sabbath School Lessons, who is traveling through this western country in the interests of Sunday school work, is

expected to reach Santa Fe on Thursday of this week, and will deliver an address in the First Presbyterian church on Friday evening at 7:30. A cordial invitation is extended to all Sunday schools, Sunday school workers and friends of Sunday schools. A collection will be taken to defray the expenses of the lecturer.

LEGISLATIVE ASSEMBLY.

(Continued from First Page.)

MONDAY AFTERNOON.

The house was called to order at 2 p. m. with the speaker in the chair. A quorum being present the house proceeded to business.

Mr. Bateman arose for information and wanted to know if the special committee on H. B. No. 94, An act providing for the compilation, publication, and distribution of the laws of New Mexico, had made a report. Mr. Malaquias Martinez informed the gentleman from Eddy that the committee had not come to any definite conclusion as yet, and he asked further time to report. On motion of Mr. Luna H. B. No. 94 was made the special order for tomorrow at 10 a. m.

Mr. Luna moved that the rules be suspended, and that H. B. No. 133, An act for the removal of the capital be withdrawn from the special committee to whom it was referred and the said bill be referred to a committee of the whole house. Mr. Bateman seconded the motion. Mr. Larkin Read moved that the motion made by the gentleman from Valencia, be tabled indefinitely. The motion was lost.

Upon motion of Mr. Luna the special committee to whom was referred H. B. No. 133, be increased to two additional members appointed by the chair. The committee consists of Messrs. Luna and Bateman as additional members. Mr. Mulholland moved that the committee be instructed to report tomorrow morning at 10 a. m. Mr. Smith moved as an amendment to the motion of the gentleman from Bernalillo, that this bill be made the special order for 4 o'clock this afternoon. Mr. Luna seconded the motion. Mr. Jaramillo stated, that if that bill was made the special order for 4 o'clock this afternoon, he would resign from the committee. Mr. Smith withdrew his motion. Mr. Mulholland asked to withdraw his motion, inasmuch as there was a special order for 10 o'clock tomorrow morning; he therefore moved in place of his motion to have the committee to whom was referred H. B. No. 133 report by tomorrow at 2 p. m. Mr. Luna seconded the motion. A message from the governor was announced. Mr. Luna asked that the speaker may read the message first in order if there was any confidential communication they might want to act upon it in executive session. The speaker stated that the message didn't have anything in it of a confidential nature. Whereupon the message was read as follows:

To the Honorable Speaker and house of representatives of the Thirty-second legislative assembly of the territory of New Mexico, Gentlemen:—I have the honor to inform you that I have, as acting governor of the territory of New Mexico, approved the following bills and memorial, to-wit: H. B. No. 57, An act amending section 1798 of the Compiled Laws of New Mexico; H. B. No. 49, An act requiring the corporate authorities of towns to convey certain lands to boards of education and providing for the sale of such lands; H. B. No. 85, An act to prevent the pollution of sources of streams, springs, lakes, etc., and providing a punishment therefor, and H. J. M. No. 2, in relation to the appointment of federal officials. Respectfully,

LOUIS MILLER,
Acting Governor of New Mexico.

The chair stated that the message from the governor would be received. Mr. Mulholland added to his motion on H. B. No. 133 that the public printer be requested to have the bill printed and delivered to this house by tomorrow

morning. Mr. Luna moved to amend the motion of Mr. Mulholland by adding or putting instead, that the public printer be ordered to have this bill printed and delivered to this house tomorrow morning at ten o'clock, and called for the previous question. Mr. Bateman seconded the motion. The motion was carried. The motion on the main question was carried. The motion of Mr. Mulholland that H. B. No. 133 be made the special order for tomorrow at two p. m., and amended by Mr. Luna that the public printer be ordered to have the bill printed and delivered to this house by ten o'clock, prevailed.

Under the head of bills on third reading C. B. No. 52, An act in reference to incorporations in New Mexico was taken up on its third reading.

The chair announced the third reading of the bill. Mr. Malaquias Martinez moved that the bill do now pass. Ayes, 15; nays, 2. Whereupon the chair stated that C. B. No. 52 having received the majority votes of this house declared the same passed.

H. B. No. 74, An act relating to the construction of foundries, came up on its third reading.

A message from the council was announced stating that the officers of the council had signed council substitute for C. B. No. 24 and 29, acts for the encouragement of best sugar factories, woolen mills and smelters, in lieu of word, An act amending section 2388 of the Compiled Laws, and also announced the passage of H. J. M. No. 4, relative to the Navajo Indians, and the non-concurrence of H. B. No. 96, An act with regard to the diversion of water. The chair stated that the message would be received and come up in its regular order. Mr. Cristman moved that H. B. No. 74 do not pass. Mr. Reynolds moved to amend in section 1 and line three after word "mills" insert the word "canning factories heretofore" and hereafter constructed within two years. Mr. Luna moved to amend and insert in the proper place and include "canning factories." The question came up on the motion of Mr. Cristman. The motion prevailed. The amendment offered by Mr. Sena was adopted. Mr. Mulholland offered the following amendment to section 1 line three substitute the word "saw" in lieu of word, "foundry." The amendment was adopted. The proposition came up on the bill being placed upon its passage as amended. Mr. Malaquias Martinez moved that H. B. No. 74 do not pass. Seconded by Mr. Ortiz. Mr. Smith offered an amendment to the motion of Mr. Martinez, that the bill be referred to a special committee of three members appointed by the chair. Mr. Luna moved that this bill be referred to a special committee consisting of Messrs. Ortiz, Malaquias Martinez, Reynolds and Mr. Mulholland. The motion prevailed, and H. B. No. 74, An act relating to the construction of foundries, was referred to said committee.

The chair stated that he and the chief clerk had signed C. B. No. 96, An act amending section 3368 of the Compiled Laws, and council substitute for C. B. No. 24 and 29, acts for the encouragement of best sugar factories, woolen mills and smelters.

Upon motion of Mr. Sanchez the house adjourned.

PERSONAL MENTION.

Hon. Luis M. Ortiz, of Chamita, is at the capital.

E. A. Faulkner, receiver of the Pecos Valley railroad, left last night for Eddy.

Coal Oil Inspector M. S. Hart, is here looking after legislation. Of what kind that is the question.

R. E. Twitchell was in Albuquerque yesterday on legal business and returned from there this morning.

J. I. Rapp, the architect employed by the capital rebuilding commission, is in the city from Las Vegas.

G. E. Albright is here looking after the interests of his paper, the Albuquerque Democrat. He is at the Palace.

Assistant United States Attorney Geo. B. Money is in Albuquerque attending the session of the U. S. court there.

J. G. Fitch, Socorro attorney, is here on business. He is also secretary and treasurer of the board of regents of the School of Mines and is looking after the appropriation for that institution.

Mrs. E. A. Reynolds, wife of Sierra county's faithful representative in the house, arrived yesterday from Cripple Creek and will remain here with her husband until the end of the session.

Sheriff O. H. O. Bureau, of Socorro county, passed up the road Sunday en route to Washington to take in the inauguration ceremonies and to have his say in New Mexico appointments, if possible.

Sheriff Marion Littrel, of Colfax county, is in the city at the Palace; he and Deputy A. F. Emerson brought some prisoners from that county. Mr. Littrel is acknowledged to be one of the best officers in the territory and was re-elected as a Republican last November by a very handsome majority in the strongly Democratic county of Colfax, a compliment that proves his worth as an officer and as a man.

A SLIGHT MISTAKE.

It May Be Humorous and Very Funny, But It Is Not So.

The following headlines and dispatch appeared in yesterday's Albuquerque Citizen:

DENVER & RIO GRANDE

Will be Extended Here if Capital is Removed From Santa Fe.

Special to Citizen.

Santa Fe, N. M., March 1.—The Denver & Rio Grande officials give assurances that this road will be extended to Albuquerque in the near future if the capital is removed from Santa Fe.

The New Mexican is extremely sorry to have to take issue with its esteemed contemporary, but its correspondent was evidently either mistaken, or dreaming, or hypnotized, or under the influence of hashish, or had been tampering with the X ray, or had been mesmerized or something else.

Inquiry at the Denver & Rio Grande offices in this city elicits the fact, that no such move is contemplated, capital or no capital; and that no official of the road in this city has heard of it before. Inquiry by wire at Denver reveals the fact, that the Denver & Rio Grande railroad officials had no knowledge whatever of the capital removal fight, have not had, therefore, the matter under consideration, and hence have said nothing and have not thought about it. And that is all there is of that. Selah.

The Weather.

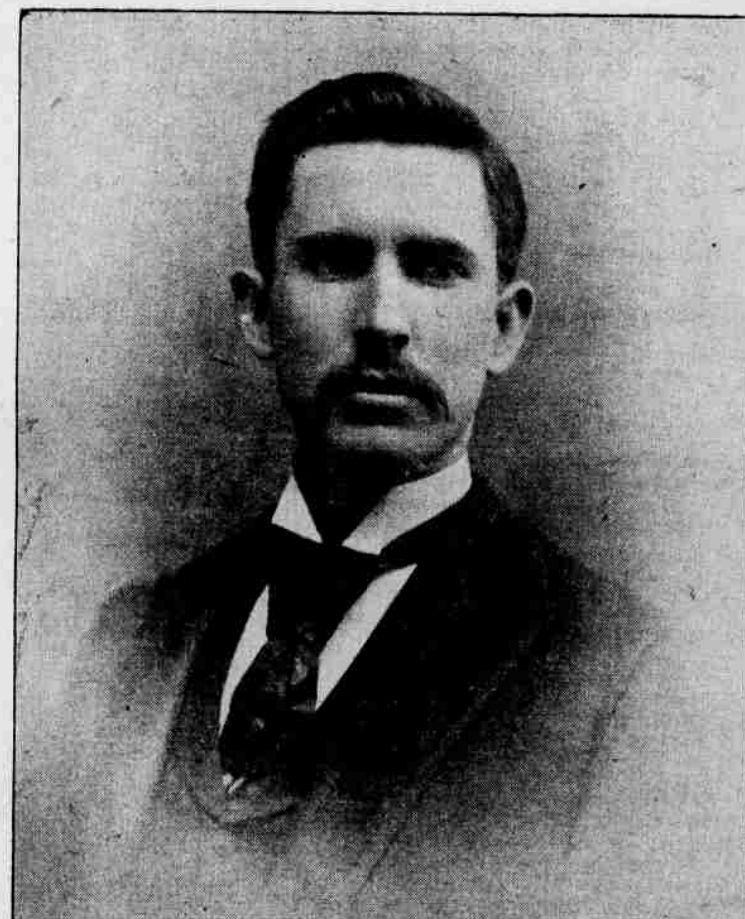

The weather yesterday continued clear and warm, with light winds. The mean temperature was eight degrees above the normal, maximum 56 and minimum 32 degrees. The mean relative humidity was 26 per cent. Fair and continued warm weather is indicated for to-night and to-morrow.

New Batch of Convicts.

Sheriff Marion Littrel, of Colfax county, accompanied by Deputy A. W. Emerson, arrived from Springer last night, bringing the following prisoners, tried, convicted and sentenced at the term of court just closed in Colfax county:

R. K. Etting, burglary, two years; Edward Valle, larceny, one year; Albert Boone, larceny and burglary, one year; Mariano Tefoya, assault with intent to kill, one year.

These men were transferred to Superintendent Bergmann with promptness and dispatch and today are doing the territory some service.

OLLIN EUGENE SMITH, Member of the House of Representatives of the Thirty-Second Legislative Assembly, from Union County.

was born in Waverly, Ala., December 22, 1869, and came to New Mexico in 1895, making his home in Clayton.

Mr. Smith is the son of Giles T. and Martha M. Smith, and is a member of one of the oldest families in Alabama, his great grandparents coming from Scotland and England in an early day. He was educated in the Dadeville college, near the place of his birth, and after finishing his collegiate course entered the law office of ex-Senator T. L. Bulger where he read law and was admitted to the bar in 1890 at Rockford, Ala. For two years he practiced at Pratt City, Ala., but his health failed him and he removed to New Mexico. In his profession, since coming west he has been quite successful, and has attained a high rank among the members of the territorial bar.

In November last Mr. Smith was elected to the Thirty-second legislature from Union county, and in the house of representatives has made an enviable record as a parliamentarian, a hardworker, and has succeeded in passing several meritorious measures through both branches of the assembly.

Politically Mr. Smith is a Jeffersonian Democrat, and while keeping an eye on the success of his party, has not lost sight of the welfare of the territory and never allows party to stand between him and what he considers right and just. Socially he is a prince of good fellows, and holds the esteem of all who know him, irrespective of politics. In the Masonic fraternity he is a valued member, and has been honored with the position of worshipful master of Clayton lodge No. 23, A. F. and A. M.

On October 22, 1895, Mr. Smith was married to Miss Cordelia A. Wagner, at Dadeville, Ala., and their married life has proven one of great felicity.

Notice to Taxpayers.—The taxpayers of Santa Fe county are hereby notified that I will commence to receive the reports of the taxable property of said county during the months of March and April, 1897, as provided by law. And all those who fail to make their reports within the time prescribed by law, the penalty of 25 per cent will be added.

J. R. Hunsor, Assessor.

A Lost Son.—Mrs. J. Millard, a resident of Englishville, Mich., has addressed a communication to Gov. Thornton, asking information of a lost son, Walter Millard, aged 42 years, who was in New Mexico in 1892. Since that time nothing has been heard as to his whereabouts, and the aged mother is much concerned to hear from her long absent son. She requested that the letter be handed to a newspaper for publication. Anyone possessing information in this matter, will do well to address Mrs. J. Millard, Englishville, Mich.

Fine stationery at Fischer & Co's. If you want photographic cameras or supplies, go to Fischer & Co's. The Bon Ton receives tri-weekly all kinds of Kansas City meats, sausages, oysters, fish and game. Short order meals at all hours. Open day and night.
