VOL. 34.

SANTA FE, N. M., MONDAY, APRIL 19, 1897.

NO. 49

## WASHINGTON NEWS BUDGET

Secretary Sherman Officially Informed of Termination of Diplomatic Relations Between Turkey and Greece.

## NO OFFICIAL DECLARATION OF WAR

Until Such Declaration is Made the U. S. Government Will Not Give Official Recognition to the Existing State of Affairs.

Washington, April 19.—The Supreme court today refused an application for a writ of certiorari and habeas corpus, by Elverson K. Chapman, a broker who refused to testify in the sugar speculation investigation as to whether the senators had speculated in sugar and stocks, while the Wilson tariff bill was before that body.

Chief Justice Fuller, who delivered the opinion, held that the senate under a constitutional proposition had the right to censure and expel members, also had the right to investigate any alleged improper conduct of senators, and could compel witnesses to give testimony.

## APPROPRIATION BILL PASSED.

The senate passed the Indian appropriation bill, and then went into executive session on the arbitration treaty. It has been agreed to vote on the arbitration treaty on May 5, at 4 p. m.

## CONSUL AT BERLIN.

The president today informed Representative Bartholdy of Missouri, that Julius Goldsmith of Milwaukee, Wis., had been selected for consul-general to Berlin.

## DECLARATION OF WAR.

The following official statement was issued by the State department today: "The department of state has received a dispatch from the U. S. minister to Turkey in relation to the situation between that country and Greece, and also as to the Greek and Turkish declarations of war. Mr. Terrell states that the minister from Greece has been informed that he must leave before next Wednesday. He is not permitted to communicate by telegraph with the Greek government. There are perhaps 40,000 men, subjects of Greece in Turkey and all subjects of Greece are required to leave Constantinople within 15 days. The note of the port to foreign powers, declares any desire for territorial acquisition. The Greek minister informs Mr. Terrell that the Greek government requires the service of all subjects of Greece of military age, reserved for military duty. The Turkish government claims that the regular Greek troops had seized, and were fortifying Anafan in violation of an agreement prohibiting it. Hence the attack there by Turks on the 16th. The Turkish troops are scattered along the border of Thessaly, and cannot quickly concentrate for a decisive battle. This may enable the Greek army to fight them in detail."

## INDIAN SUPPLY WAREHOUSES.

The senate today took up the Indian appropriation bill, and agreed to an amendment for the establishment of an Indian supply warehouse at Omaha, Neb., and for additional judges in the Indian Territory.

## NO OFFICIAL RECOGNITION.

The Turkish minister, Moustapha Bey, has communicated with Secretary Sherman on the status of Turkey-Greece conflict. He has officially informed the American secretary of state of the termination of diplomatic relations between Turkey and Greece, and of the attitude of offense which Turkey has been compelled to take by reason of the aggressive course of Greece. It was expressly made known however that no declaration of war had been issued. Until this declaration is made the U. S. government will not give official recognition to the existing state of affairs.

## BRITISH NAVAL DISPLAY.

New York, April 19.—The British cruiser Talbot arrived this morning from Jamaica, to represent the British government in the naval display at the Grant monument celebration.

## ADJOURNED SINCE DIE.

Athens, April 19.—At a second sitting of the legislative assembly last night the house voted on various measures proposed by the government and then adjourned sine die. The session lasted until 2 o'clock this morning.

## A DISASTROUS CONFLAGRATION.

Berea, O., April 19.—A fire broke out in the business part of the city at 6 this morning. Twenty buildings are already consumed. The loss is \$100,000, and the fire is still spreading.

## WELCOME TO BRYAN.

Frankfort, Ky., April 19.—W. J. Bryan arrived from Louisville today, and was given an enthusiastic welcome at the depot.

## EFFECTS ON WHEAT.

The European War News Has a Tendency to Make the Prices on This Commodity Jump Skyward.

## NEW YORK, APRIL 19.—

The breaking of the war cloud in southern Europe, put the wheat market in a state of feverish excitement this morning. The curb price for May wheat was 82½¢, an advance of 3 cents over Saturday's 1 o'clock figures. As the market opened the scene in the exchange became one of wild excitement and amid a tremendous tumult, May wheat started at 82½¢ and in a short time jumped to 83½¢.

## PRICES SKYROCKET IN CHICAGO.

Chicago.—The war news sent the wheat market skyward today. May wheat went as high as 78¢ at opening of trade on change, an advance of 4½¢ over the closing figures of Saturday, and 8½¢ over the lowest price touched that day. Fluctuations were violent.

## SITUATION NOT IMPROVED.

A Large Part of Upper Madison Parish, Vicksburg, Miss., Overflooded.

Vicksburg, Miss., April 19.—The situation is not bettered on the Louisiana side, and water from the Biggs crosses

is overflowing a large portion of the upper Madison parish. Telegrams from Ashwood at midnight, ask that relief boats be sent to Bayou Vidal as that line is in danger. The steamer Florence went down at 11 o'clock. The steamer Ruth arrived here last night, loaded with stock and refugees from the Mississippi side, above Iaquona county. During last night and this morning, over 300 destitute people arrived by relief boats. At 8 a. m. the gauge showed 51 feet, a rise of three-tenths of a foot in four hours. At 11 o'clock a. m. it was 51.8.

## EXPEDITION ANNIHILATED.

Italians Enter Abyssinia Unauthorized and Meet with Extermination.

Paris, April 19.—The Temps publishes a story this evening, saying that the Italian expedition under Major Bottego has been annihilated in southern Abyssinia. It appears that the Ethiopian general commanding at Baro, requested Major Bottego to halt until the expedition was authorized by Negus to proceed. The Italians thereupon fired on the messengers, bearing the flag of truce and killed them. In the fight between Abyssinians and Italians which followed, only two of the latter succeeded in escaping.

## MARKET REPORTS.

New York, April 19.—Money on call nominally at 1½¢ per cent; prime mercantile paper, 8½¢; lead, \$3.20; silver, 62¢; copper castings, 10½¢.

St. Louis.—Lead, dull at \$3.12½¢ @ \$3.17½¢. Spelter, firm; \$3.95.

Chicago.—Wheat, April, 75¢; May, 75¢; Corn, April, 24½¢; May, 24½¢. Oats, April, 17¢; May, 17½¢.

Kansas City.—Cattle, receipts, 4,000; best grades steady, others weak; Texas steers, \$4.10; Texas cows, \$2.85 @ \$3.75; native steers, \$3.80 @ \$5.00; native cows and heifers, \$1.25 @ \$4.10; stockers and feeders, \$2.25 @ \$4.60; bulls, \$1.75 @ \$3.50. Sheep receipts, market weaker; lambs, \$3.00 @ \$5.50, muttons, \$3.00 @ \$4.75.

Chicago.—Cattle, receipts, 19,000; weak averaging 10 cents lower; beefs, \$3.75 @ \$5.35; cows and heifers, \$2.00 @ \$4.35; Texas steers, \$3.80 @ \$4.40; stockers and feeders, \$2.40 @ \$4.40. Heavy sheep steady, other sheep and lambs 10¢ to 15¢ lower. Native sheep, \$3.00 @ \$4.90; western \$3.20 @ \$5.25; lambs, \$3.75 @ \$5.80.

## A USEFUL PUBLICATION.

Monthly Guide on the Resources of Colorado Issued by Mr. S. K. Hooper, General Passenger Agent of the Denver & Rio Grande Railroad.

A very neat publication in the way of railroad advertising has just been issued by Major S. K. Hooper, general passenger and ticket agent of the D. & R. G. railroad, under the title of "Railroad Red Book of the West," which is a tourist guide to the Rocky mountains, filled with valuable information concerning that portion of the country traversed by the D. & R. G. and connecting lines. This little pamphlet is handsomely illustrated with many beautiful views, and contains not alone current information, but important statistical matter dealing with the resources of all sections of the middle west—on mining, industrial, commercial, and agricultural pursuits, as well as on the railroads, resorts, and scenery.

In this work Major Hooper has endeavored to produce a handbook that will not alone serve the traveler, but one that will adequately present the strong features of the west to the healthful classes of prospective immigrants from the east. The Red Book will hereafter be issued monthly, and those interested in the development of Colorado will be glad to see its numerous industries set forth in a "publication of this character."

Mr. Hooper enjoys the reputation of being one of the most enterprising passenger agents in the United States, and this latest venture in the advertising line proves that he is up to the times, and that he fully appreciates the efficacy of the printed page as a factor in the business of which he has made a decided success.

## A PRISONER'S ESCAPE.

He Walks Out of a Car and Over the Hills, While His Escort is Elsewhere Engaged.

Saturday night Deputy Sheriff C. P. Jones of Bernalillo county, boarded the northbound train at Albuquerque, having in charge an one-armed man, who called himself August Raymond, destined for the penitentiary to serve one year for burglary. On entering the car the prisoner sat down well to the rear, and Mr. Jones took a seat across the aisle.

Nothing unusual happened until near Thornton, where the train went onto a side track to allow the southbound train to pass, when Mr. Jones found it necessary to go to another part of the car. During his temporary absence, the prisoner although his right hand was fastened by a handcuff to a steel bolt around his waist, walked out of the car, and over the hills and far away.

On returning Deputy Jones missed his man, and immediately gave chase. He found the trail right after sunrise, followed it, and after a hard ride of about 20 miles came across the escapee in the hills southwest of Thornton, captured him without resistance, took him back to the train, and then to Santa Fe, and turned him over to Colonel Bergmann at the territorial penitentiary this morning, where Mr. Raymond will do the territory some service, as required by law and the sentence of the court.

## CERTIFICATE OF PUBLICATION.

For the Year Ending December 31, 1897. TERRITORY OF NEW MEXICO. Auditor's Office—Insurance Department. Office of Auditor of Public Accounts.

Santa Fe, New Mexico, April 10, 1897.—It is hereby certified, that the American Surety Insurance Company, a corporation organized under the laws of the State of New York, whose principal office is located at New York, has been duly qualified to transact business in the Territory of New Mexico, under the provisions of Chapter 4 of the laws of New Mexico, passed in 1884, entitled "An Act regulating Insurance Companies," approved February 13, 1885 (amended April 3, 1884), so far as the regulations of said act are applicable to said company for the year of our Lord One Thousand Eight Hundred and Ninety Seven.

In testimony whereof, I, Marcelino Garcia, Auditor of Public Accounts for the Territory of New Mexico, have hereunto set my hand and affixed my seal of office, at the city of Santa Fe, the day and year first above written.

MARCELINO GARCIA, Auditor of Public Accounts.

## GREEKS MUST LEAVE TURKEY

Forty Thousand Subjects of the Greek Government Ordered to Leave Turkish Territory Within 15 Days.

## THEIR DIPLOMATIC RELATIONS SEVERED

A Number of Engagements on the Frontier and Elsewhere in Which the Turkish Troops Suffer Severe Losses.

## Copyrighted by Associated Press.

Headquarters Turkish Army Macedonia, Elaseon, April 18.—(Evening). The Turkish forces, as this dispatch is being forwarded, are holding positions in Miliana pass. During the severe fight which began yesterday evening, the Greeks and Turks fought and behaved in the most admirable manner. Late tonight information is received from the front, that the Turks have occupied the whole extent of Miliana pass, and all the commanding heights, from Neokhe to Popaly Vava, as well as all the defiles. The Turkish losses, thus far, are reported to be slight—only 30 killed and 50 wounded. A correspondent of the Associated Press counted 100 Greek corpses on the hill opposite the Turkish position. The Turks declare that the Greeks were drunk during the fight today, being constantly supplied with liquor.

Kenan Bey returned from Marza, where fighting was going on when he left there. The Turkish loss at this place is about 200. Kenan Bey says he counted nearly 1,000 dead Greeks.

## EFFECTIVE BOMBARDMENT.

Island of Corfu—Noon—April 19.—Greek troops as this dispatch is sent, are advancing on Filiplada, northwest of Arta. A detachment of 800 Greek troops is in readiness to land at Preveza, the Turkish fortified position north of the entrance to the Gulf of Arta. The Turkish forts at that place have been almost completely destroyed by the bombardment of the Greek fleet. Many other forts have been reduced to ashes.

## ANOTHER FORT DESTROYED.

Rome, April 19.—A dispatch from Arta says that the remaining Turkish forts at Preveza have been destroyed by the fire of the Greek warships, and that the position of the Turks is untenable. Four thousand Greeks, the dispatch adds, have been landed for the purpose of occupying Preveza. A second dispatch to the same effect, dated from Greece, and is the expressed intention of reaching Larissa, have recrossed the frontier and are now ravaging.

## FRONTIER ENGAGEMENTS.

Athens, April 19.—Firing commenced this morning between Greeks and Turks at several points along the frontier. Colonel Manos, at the head of 25,000 Greek troops, has crossed the river Arakhs, from the frontier of Epirus, and is now entering that part of south Albania, after having driven back the Turkish advance posts.

The bombardment of Preveza, was resumed at daybreak. The landing force has not yet attacked the place. A dispatch from the Greek headquarters at Larissa, says that three important positions were occupied today near Menexia by Greek troops. Prince Nicholas of Greece, the third son of King George, has been ordered to the front in command of a battery of artillery. Later in the day a confirmation was received of the report that a large Greek force had crossed the river Arakhs. The Greek battleship Spetzai has been taking part in the bombardment of Preveza. Firing commenced at 3:30 a. m. today. A body of 700 Greek "insurgents" landed at Syrakon, Epirus, and are now marching on Filiplada. Numerous other bands of Greek insurgents have entered Epirus.

## TURKISH POSTS CAPTURED.

Athens, April 19.—Dispatches from Tynavris in the northwest of Larissa, say that the fight in the vicinity of Revenis and Bozgan, lasted all day Sunday. The Greeks captured two Turkish posts, one of which was retaken later by the Turks. The fighting was of a most desperate character, hand to hand, and the Greeks are reported to have advanced into Damaz plain, and occupied Viglia which commands it, after capturing a battery of Turkish artillery. A second engagement occurred at Gritzovali, where the Turks, according to last reports, were attempting to recapture that post from the Greeks.

## PREBTERY OF SANTA FE.

The regular spring meeting of the prebtery of Santa Fe was held in Taos commencing on Tuesday evening last.

In the absence of the moderator, the ex-moderator, the Rev. R. M. Craig, of Santa Fe, preached the opening sermon from the text, "Speak unto the children of Israel that they go forward," after which the Rev. T. C. Moffatt of Nelson, was elected moderator and the Rev. J. C. Gilchrist of Mora, temporary clerk.

Interesting and encouraging reports were given by the ministers and evangelists of the work in the different churches. The Rev. S. W. Curtis of Las Vegas, and Elder F. F. Orichon of Santa Fe, were elected as commissioners to the general assembly which meets in Wisconsin Park near Warsaw, Ind., on May 30.

The standing committees for the ensuing three years were appointed and suitable resolutions adopted on the loss of the prebtery has sustained in the deaths of the Rev. J. A. Menzel and Elder Robert Harvey.

The meetings of the prebtery were largely attended by the citizens of Taos, who showed to the visiting brethren no little kindness.

The next meeting of the prebtery will be held in Las Vegas in September of this year.

## EVERY LAWYER NEEDS ONE.

The New Mexican Printing Company is preparing in a neat pamphlet form, so as to be conveniently carried in the pocket, copies of the new CODE OF PRACTICE. The pamphlet is thoroughly and comprehensively indexed, placed between each of the pages for reference notes, corrections or additions, and is bound in tough leatherette covers. It is just the thing for lawyers as a ready reference book. Place your order at once, as a limited supply only has been printed.

## THE LA BELLE GOLD FIELDS

Development Work Has Continued Steadily Throughout the Entire Winter.

## The Outlook Most Promising for La Belle and All the Camps of Western Colfax and Eastern Taos Counties.

## Special Correspondence New Mexican.

La Belle is still in the field and as certain as ever that she will carry off the honors as the banner camp of the territory within a few months for the largest production of gold.

The winter from which we are just emerging has been very severe for this locality, but nevertheless development has continued steadily on a large number of claims. Notable among these is the Midnight which three shifts have worked steadily since the early part of last July. This property is owned by an Ohio company who purchased it last season and is one of the most valuable in the district.

The large two compartment shaft is down 175 feet and over 300 feet of drifts running from this in each direction along the vein have disclosed a vein averaging over five feet in width all of which is milling ore and averages about \$35 per ton, while occasional rich streaks assay over \$75 per ton. Over 20,000 tons of the \$35 ore is now blocked out and in a short time the company intends to put in a 50 ton mill. A six horse power steam hoist has been in operation since the first of January.

The Edison has recently been purchased by another Ohio company. On this there is over 1,300 feet of development work, consisting mostly of tunnels and drifts with a few connecting winzes between the levels. The ore is a hematite similar to that of the Midnight, and of about the same value. The purchasing parties paid \$25,000 for the property and will at once put in a mill. In connection with this mine are large ore bins, capacity 16,000 cubic feet and these are now full and a large amount of ore is piled upon the dumps.

Denmark, owned by a Trinidad, Colo., company, has 500 feet of tunnels and winzes and a large amount of \$20 ore. The Colorado Tunnel M. & M. company now in 200 feet, is being driven to cut two or three valuable veins covered by claims owned by the company is one of the best pieces of property in the district; though no ore is yet in sight, it will within the next 300 feet, cut at least two veins of known value and at a great depth. Two shifts are also at work on the Memphis, owned by a Wichita, Kas., company together with six other claims. Work aggregating 175 feet, values from very low to as high as \$250.

The Boston Gold Mining company have a group of six patented claims and work aggregating 300 feet. The main shaft on the 100 level is 100 feet deep and another 50 feet, both disclosing large veins of ore running from \$5 to \$35 per ton.

Work will be resumed in a few days on the What Is It, one of the finest sulphide claims in the district. The large 85 foot shaft opens to view a vein seven feet wide and has been done by another shaft, a large vein of sulphide running \$35 in gold from one to ten ounces in silver and a large per cent iron, some lead, the ore being very metallic.

The Climax from which assays of \$2,000 have been obtained and mill runs from \$20 to \$30 has been done by another over 400 feet. It is useless to enumerate farther. To one unacquainted with the district, the statements regarding the thousands of feet of work that has been done here in the past three years seems preposterous and is usually discredited. But it must be remembered that there are now 16 stock companies operating on operations with principal office here at La Belle and a great many individual prospectors backed by outside capital. Since the little town boom two years ago nothing has been done to attract attention of any except men of means, but La Belle has a good steady business location and work has never ceased on a number of claims during that time. The results are very satisfactory. Immense bodies of low and medium grade ores have been opened up and in a short time at least three mills will be constructed. The number of extra buildings erected two years ago has been sufficient up to the present time, but this spring the carpenter's hammer and saw is again in the chorus.

La Belle has three hotels, two stores, three saloons, and other necessary establishments all of which come in with the first excitement and still remain and carry on a profitable business.

## POLITICAL NEWS.

The Governorship Not Settled—Gossip About the Candidates.

Information by telegram and by mail from Washington is to the effect that Judge A. L. Morrison called on the president last Tuesday and had a lengthy interview. Judge Morrison has withdrawn from the race for appointment as governor, but will in all probability receive a federal appointment in New Mexico.

Hon. Geo. H. Wallace called on the president last Wednesday in company with Senator J. C. Burroughs of Michigan and had an interview.

Those who are in Washington and are pretty well posted of the New Mexican contingent are divided in belief as to who will be appointed. The chances seem to be between Messrs. Wallace, Pray, Prince and Collier.

As to other matters it may be that the president will select some of the judges from outside of the territorial applicants, although Mr. Frank W. Parker, the Hillsboro attorney, seems to stand an excellent chance.

Ex-Gov. Prince is working very hard, but has found quite an obstacle in his way and that is the fact that he presided at a meeting of citizens last year, which, it was represented in Washington, favored the reappointment of certain county bonds.

Mr. Ostron writes the New Mexican that he is supporting Mr. Peres and hopes he will be appointed.

## MACHINERY FOR SALE AT A BARGAIN.

One 50-horse power engine, one 80-horse power boiler, two Cornish rolls, situated at Glorieta, Santa Fe county, N. M. All of the best make and in first-class condition. Here is a bargain for any one needing such machinery. Address GEO. W. KNAEDEL, Attorney-at-law, Santa Fe, N. M.

## TERRITORIAL NEWS NOTES

Gossip from Several Different Sections of the Territory As Culled from Our Exchanges.

## CATTLE SHIPMENTS FROM DEMING

Over 5,000 Head of Cattle Were Shipped from Deming During the Past Week, and the Presence of a Great Number of Cattlemen and Cowboys There Made Things Lively.

## DONA ANA COUNTY.

Messrs. Frost and Humphreys of Kansas, who made investments in the Organ mountains about a year ago, have returned to New Mexico. They are well pleased with the contract work completed on their property during a year's absence.

Messrs. Rigley and Dodd are pushing work on a tunnel site in Texas canon. The ore body has improved in size and value.

R. Y. Anderson, a mining expert of Colorado, who has been looking over Organ mountain district for the past few weeks, has bonded a mine from Judge Connors and has let a contract for 50 feet of work on the property.

The Bennett mill in the Organ mountains district is turning out first-class concentrates. Since this mill started last autumn it has not been idle a day, excepting a brief period for necessary repairs. Under the management of Mr. W. H. Skidmore, first owner of the mine, the property is proving a success in every respect.

The public school was reopened last week at Organ under the efficient management of Miss Mabel McGee. By ability and tact Miss McGee has won the affections of her pupils, and the esteem of parents generally throughout the district.

Geo. F. Patrick, esq., was in Rincon last week looking for cattle. He wants several thousand head.

Robert Rigil died in Mesilla on Wednesday, April 14, aged 30 years, and was buried from the Catholic church on the following Friday.

The Rio Grande Republican says that Charles Hunt, formerly of Albuquerque, is now keeping a hotel in Chinahuas, Mexico, where he is reported to be coining money.

Michael Sullivan, aged 55 years, died at his home near Nombro de Dios, on Wednesday, April 14. Mr. Sullivan had been an invalid for many months but his death was unexpected. The funeral took place at Anthony on Thursday last and was attended by a large concourse of friends and acquaintances.

Wood base electrots not accepted.

No display advertisements accepted for less than \$1 net, per month.

No reduction in price made for "every other day" advertisements.

MONDAY, APRIL 19.

PRESIDENT MCKINLEY is somewhat of a humorist. He has sent an Angel as minister to the unspeakable Turk.

The New York Reform club is to eat a fine dinner in order to show to the people of the country that it is opposed to the passage of the Disgrace bill.

DR. PARHURST must be getting old. He is riding a wheel now, instead of denouncing wheels as an invention of the devil and engines of corruption.

The New York Journal propounds this important question: "Is Dr. Lyman Abbott a Christian?" To tell the truth, we don't know, and what's more, we don't care.

CONGRESSMAN JERRY SIMPSON is trying his best to have Speaker Reed step on the tail of his coat. But the speaker thinks that Mr. Simpson's coat tail is not worth stepping on.

THERE is quite a difference of opinion between William Jennings Bryan and his late running mate, Arthur Sewall. The former sees a great deal of significance in the present city elections and swears, by everything that is holy and otherwise, that his kind of Democrats are sure of success in 1900. The latter sees no special significance in these elections and thinks they will have no bearing at all on the 1900 elections. The difference between these two gentlemen is very marked. Mr. Bryan is a rainbow chaser and Mr. Sewall is not.

DR. HUNTER'S invitation to Mr. Taylor, who is looking after the senatorial muddle in Kentucky in the interest of Mr. Hanna, to retire from the field and not trouble himself about Kentucky politics, is not astonishing in the face of the recent grand jury findings, charging him with conspiracy to bribe. No doubt Dr. Hunter would like to have several other people get out, and not trouble themselves, etc., especially those who furnished the grand jury with information upon which the indictment was found. The charges are sweeping in character and involve an ex-congressman and several of the most prominent politicians in the state.

## THE GREEK INVASION.

There is something more than patriotic fury and irrational impetuosity in the proceedings of the Greeks. It was a well considered movement to land troops in Crete, and the warships of the foolish powers cannot bombard the mountains. The Greek troops will stay. The invasion of the alleged Turkish territory by irregular Greeks is also well planned, and the Greek flag on Mt. Olympus is an inspiration. The Turks are probably too strong for the Greeks, as they are massed on the frontier, but if the irregulars kindle a conflagration in Macedonia, it will be an important diversion and give occupation to enough of the regular Turkish army to increase the chances of the Greeks in the field. It would be the salvation of the Greeks to whip the Turks, but the prince in command has probably been instructed to be cautious. The critical question is, whether when the Greeks reach their maximum of strength in the field, they can be harried successfully upon the Turks.

## BET SUGAR INDUSTRY.

Prof. C. T. Jordan, president and director of the New Mexico experiment station, announces that he will furnish, postage paid, a small quantity of imported sugar beet seed to a limited number of persons in different sections of the territory, on condition that those receiving the seed shall plant and cultivate the same according to directions furnished by the station director. A blank will accompany each donation which recipients are required to fill in, stating the time of planting, methods of cultivation and irrigation, etc., and return to the station together with a sample of beets raised. The beets received will be analyzed and the results published in bulletin form.

On the station farm 50 plots of ground have been set aside for the work, and it is hoped that with the aid of active, progressive and intelligent farmers of the

territory, the work done at the station may be supplemented to such an extent that the bulletin giving these methods of cultivation and results may be a complete and comprehensive one, which will result in greatly aiding the material development of the territory.

## WICKED TARIFF TINKERS.

In the face of the retroactive clause of the new tariff bill, certain New York patriots will find their brilliant plans for having a little fun with Uncle Samuel nipped in the bud. These patriots have gone and ordered about \$400,000,000 worth of silks, woollens, and linen goods from Europe. They have ordered tons of pottery and out glass, ship loads of velvet, lace, kid gloves, etc., enough to last the country for three or four years, and they expect to make about \$100,000,000 on the transaction. The tariff that the Dingley bill puts on these goods they expect to make themselves. Now comes the deadly retroactive clause. It takes the profit right out of the patriots' pockets and gives it to your old Uncle Samuel, who is quite a foxy old gentleman at times.

Hence comes the selfish old Yankee government, and snatches this tariff bounty that ought to go into the pockets of these high toned and patriotic New York importers—sleek English, French, and German gentlemen, who were stroking their stomachs a few days since with the consciousness of having accomplished a pretty turn in trade. They did not dream of any cruel retroactive clause. Ah well, this is a selfish world, and your old uncle is a selfish old miser, to want that \$100,000,000 tariff for his people, instead of giving it to the New York patriotic importers.

## THE FINANCIAL OUTLOOK.

The advance proof of the Weekly Financial Review issued by the banking house of Henry Claws & Co., New York City, has reached us. The Review says that Good Friday holiday interrupted the week's business in Wall street, causing some postponement in buying operations.

"Upon the whole," continues the Review, "the investment market is steadily working towards more settled and hopeful conditions. So far as respects factors which affect financial confidence, the change within the past few months has been much greater than is generally understood or credited. Up to last November, the most intense anxiety prevailed as to the outcome of the silver question in the election. The result of the national vote is well known. This week the president has appointed a commission to make proposals to the European governments with a view to reaching a settlement of this disturbing element through the creation of a system of international bimetalism. In the broader monetary question—the reconstruction of our paper money system—the drift is towards a careful and thorough consideration of the whole problem.

"An improvement is to be noted in such aspects of foreign affairs as have a bearing upon our investments.

"Affairs in Cuba have ceased to attract attention on the Stock Exchange, and the fact that the administration has decided upon a policy of non-intervention has removed the feverish apprehension that for months has kept Wall Street in a state of tension. So with respect to the unsettled feeling that has existed in connection with the possibility that a European conflict might grow out of the hostile relations between Turkey and Greece. Those complications are now entering upon a new and, it may be hoped, less critical phase. So long as the powers were occupied with complications intended to avert violence which might run into the most serious complications, there was an indefinable danger which produced caution in every direction. Now that a war between Turkey and Greece seems quite possible, Russia speaking presumably for the powers at large, declares that, in case of such a war, the concert of the powers will cease its present active intervention and simply wait for results, with the fixed purpose of preventing either of the belligerents which may be responsible for starting the struggle from receiving any advantages from victory. The threat is likely to keep both Turkey and Greece, careful about initiating hostilities, and will afford an opportunity for the two countries to settle their disputes peacefully. The result is that, in spite of the belligerent news that comes from the camps of the opposed armies, the opinion is gaining ground in the highest banking circles of Europe—that which there is no better source of knowledge—that these dangerous complications will find a settlement without a widespread war. This is an important gain upon the disturbing political situation that has existed for many weeks past.

"Taking a broad view of the outlook there is thus reason to hope that the conditions influencing financial operations are entering upon a more normal and hopeful phase. After such a long run of severe experiences as we have passed through, a pessimistic habit of feeling becomes established which prevents the approach of better conditions from being distinctly foreseen or fully appreciated; and, for that reason, the situation of today and the tendencies reaching into the future are far from being credited with all the promise that lies in them."

## THE NEW DEMOCRACY.

The old Democratic party is at an end. The proceedings of the Chicago convention last year settled the fact, which had been hovering in the air for some years, that the old-fashioned Democracy were done for. No longer could they sail into office under Grover Cleveland & Co. with the confederate tariff plank interpreted by British precedents in colonial times—with a money plank pure gold on one side and pure silver on the other, mingled as one in a system of punctuation. The truth had to be told, and it burst the egg shell with a crack and a crash and hiss, as if a bomb had broken into full bloom. The old Democratic party had been

wiped out on the tariff question two years in succession, when there was no dispute as to the issue, and there was no departure at Chicago, consisting chiefly in confessing the truth and formulating it on money matters—the mildest form of Democratic opinion being that we must accept the silver standard of money in the name of free silver, and obliterate our credit.

Of course this was and is a vast scheme of repudiation and spoliation, and means nothing less than war upon national honor, private capital, and our present form of government. Those at the head of the scheme know that this program is revolutionary, and also that they are for it, for the revolution that is in it—and that is the Democratic party. When it is well shaken on this subject the fact will be demonstrated by the visible affinity of the parties that the Democratic party is an organized revolution in the strictly anarchical sense, and that it is going deliberately into the bottomless pit.

Bryan and Altgeld last year finding themselves beaten on the mere silver foolishness—that is to say, Altgeld knew it clearly, and Bryan saw it according to his dimmer faculties—came east invading the enemies country, to arouse class and sectional animosities, class passions especially. They are now the bosses of the party and are at it again, and think they are bound to win next time. There has been a good deal of earnestness concerning Mr. Bryan's speech at the Jeffersonian banquet in Washington. He was the guest of honor and spoke to the toast of the evening. He had been chased about by docile Democratic congressmen for some time, as he flitted through Washington and flattered here and there through the south, and the dinner was a witness of the formal recognition of his leadership. This, it is clear, is no longer contested, and he is personally convinced and proclamatory about it, that the recent municipal elections mean a change in public sentiment on the patent medicine silver question since the election in November last. Mr. Bryan improved the occasion as the leader of his party.

He announced that Grover Cleveland had changed the issue—that in fact, Cleveland was not a Democrat, because he was for gold as the standard of value—and by thus conflicting with Democratic sentiment had put aside the tariff and pushed forward the money question.

The important part of Mr. Bryan's speech as reported in the New York Journal, is as follows:

"Mr. Cleveland, more than any other one person in this nation is responsible for the prominent position which the money question now occupies. It was his determination to complete the demonetization of silver and make the gold standard perpetual that aroused the masses of the United States to active resistance.

"If you doubt the permanency of the Chicago platform as a party creed go among the rank and file of the party and measure the zeal and enthusiasm which that platform has aroused, and you will realize the impossibility of taking a backward step."

Democrats should ponder well this utterance from their acknowledged leader. If they were not for silver, with a paper swindle on top of it, and if they are not for the spoliation of the so-called capitalist states, for class legislation of the meanest sort, contrived by theorists of mischief and discord, they are not Democrats at all, according to the leader.

These are sentiments that form the ground work of the new Democracy, of which Mr. Bryan is the leading exponent. With his own hand he has laid the foundation stone of the new party.

## QUESTIONS OF THE DAY.

### What the United States Should Do.

This country must make more sugar. Our imports of that article last year cost more than all our exports of wheat and flour. The thing for America to do is to make her sugar at home and keep her money at home.—New York Mail and Express.

### Good News for the Republicans.

"The position taken by the Democratic party in 1896 will not be arraigned," says Mr. Bryan, which means that the free silver, income tax and anti-Supreme court follies and scandals of the Chicago platform will be stuck to by the Popocratic party. This, if true, is great news for the Republicans. It means they are likely to get a bigger majority in 1900 than they did in 1896. No party or coalition having any such creed as that promulgated by the Bryanites last year can ever carry this country.—St. Louis Globe-Democrat.

### The Difference Between a Republic and Monarchies.

Russia has accumulated gold amounting to \$564,000,000; the Bank of England has \$200,000,000; the Bank of France has \$385,000,000, and the United States has upward of \$152,000,000. This country is the only one whose stock of gold is increasing without governmental efforts in that direction. The gold in the treasury is growing as the result of national business causes and conditions. The foreign nations are hoarding the yellow metal in anticipation of war, but here it is accumulating as a consequence of peace and returning prosperity.—New York Mail and Express.

### What Will Happen in Greater New York.

Hill and the Tammany bosses will make a disastrous blunder if they think that a campaign for "wide-open" dives, with free silver as a side issue, will commend itself to the citizens of the consolidated municipality. New York and Brooklyn are not Chicago. There is no desire on the part of the inhabitants of Manhattan island to go back to the filthy streets, the corrupt police administration and the general maladministration of Tammany Hall. With the decent elements of Greater New York's citizenship united, Hill's program of unrestricted license will be condemned by a crushing majority. The defiant proclamation of this scheme should make the union of all honest and public-spirited voters certain.—New York Commercial Advertiser.

A daily stage line at 8:30 a. m. from Antonio, arriving at Red River City for supper same day. For full information, call on or address the undersigned.

T. J. HARRIS, General Agent, Santa Fe, N. M.

## FOR THE LADIES.

### A SPRING WRAP.

The new wrap shape which simulates the Empire effect as to its body, admits of delightful combinations of fabrics and colors.

The one shown is of black and white; four different materials are employed. The body of the garment is of black satin

with a bolero effect in white satin embroidered with jet. The cape-shaped sleeves are of white moire trimmed with ruffles of black net. The net, laid in narrow side plaits forms two flounces at the top of the sleeves. A piece of net which is plaited and then laid double forms a robe inside the daring collar. Ruffles of the net trim the edges of the body of the garment and finish the lower edge of the bolero. This spring net is very much used as a trimming on dressy wraps, and is newer than chiffon or mousseline de soie.

### Notice.

To the Creditors of Santa Fe County, New Mexico, and to All Others to Whom This May Be of Concern:—Notice is hereby given, that under and by virtue of the provisions of Chapter 62, of the session laws of 1897, entitled, "An act for the purpose of funding the floating indebtedness of counties, boards of education, municipal corporations and school districts and for other purposes," approved March 12, 1897, the board of county commissioners of Santa Fe county, New Mexico, will meet at the court house in the city of Santa Fe in said county on the first Monday in May, A. D. 1897, for the purpose of ascertaining and determining the outstanding and floating indebtedness of the said county of Santa Fe, other than bonded indebtedness and such other indebtedness as cannot be considered floating, such as coupons unpaid and the like. The board of county commissioners will be in session for a sufficient term to pass upon all claims of floating indebtedness and unpaid accounts and vouchers, approved and unapproved, that may be presented them and there. All persons holding any such claims against the county, such as unpaid bills and accounts, vouchers approved or unapproved, certificates of indebtedness or unpaid warrants of any kind, however evidenced, are hereby notified to present such claims at the said meeting as provided by the law above quoted.

By order of the board of county commissioners of Santa Fe county, Dated at Santa Fe, New Mexico, this 13th day of April, A. D. 1897.

CHARLES W. DUDROW, Chairman.

ATANASIO ROMERO, Clerk of Said Board.

### Notice.

To the Creditors of the City of Santa Fe, N. M., and to Whom It May Concern:—Notice is hereby given, that under and by virtue of the provisions of Chapter 62 of the session laws of 1897, entitled "An act for the purpose of funding the floating indebtedness of counties, boards of education, municipal corporations and school districts and for other purposes," approved March 12, 1897, the city council of the city of Santa Fe, New Mexico, will meet at Fireman's hall in the city of Santa Fe, New Mexico, this 13th day of May, 1897, and then and there proceedings will be commenced for the purpose of ascertaining and determining the indebtedness of the said city of Santa Fe, other than bonded indebtedness, and such other indebtedness as cannot be considered floating, and that at such time the said city council will continue in session for a sufficient length of time to transact the business before it. All persons holding any such indebtedness against the said city of Santa Fe, are hereby notified to present their claims for such indebtedness at said meeting as provided by law; and any such creditor claiming an indebtedness to be due him shall make out his claim in writing, stating the nature and origin thereof, and when it accrued, and shall accompany the same by any instrument of indebtedness, certificate or voucher upon which his claim is based, or an itemized account if his claim is based thereon.

By order of the city council of the city of Santa Fe, New Mexico, Dated at Santa Fe, New Mexico, this 13th day of April, A. D. 1897.

PEDRO DELGADO, Mayor.

FRANK ANDREWS, Clerk.

## DUDROW & DAVIS, Props.

THE SEVENTH Beet Sugar factory in the United States was erected at Eddy, New Mexico, in 1896, and made its first "campaign," beginning November 15th, 1896, and closing February 15th, 1897.

THE CONTENT OF "SUGAR in the beet" of the crop grown in the Eddy and Roswell sections of the valley has proven to be more uniformly high than any other part of the United States.

FORTUNATELY the land is blessed with just the fertility to produce high grade beets, and

MORE FORTUNATELY the Pecos

Irrigation and Improvement Co. and the Roswell Land and Water Co. have an irrigation system of great magnitude, covering a vast body of the BEST SUGAR BEET lands on earth. The water is applied to the crop WHEN NEEDED.

THE SUN SHINES more hours in the day and more days in the year in Eddy and Chaves counties, New Mexico, than in any other section of the west.

124 separate analysis, chiefly carload lots, showed AN AVERAGE of 17.01 per cent sugar in beet; 84.1 per cent purity.

THIS REMARKABLE RESULT was accomplished by raw farmers, unacquainted with the culture of beet root, on new land and under very trying circumstances, as the factory was not assured until May, and a majority of the acreage was planted between JUNE 1st AND AUGUST 10th.

GOOD SOIL makes the seed germinate.

WATER makes the plant grow

SUNLIGHT puts the sugar in the BEET.

THE ONLY THING left to be desired that the Pecos Valley has not on hand in abundance is PEOPLE. We need thrifty farmers; 500 heads of families each on a 40-acre farm.

NO FAIRER terms or conditions of sale of beet and fruit lands were ever made.

#### CITY COUNCIL.

Illegal Action in Electing Lacombe—Bills Approved—Resolution of Thanks to Mayor Delgado.

On Friday evening the city council met; present, Mayor Delgado, City Clerk Andrews, Aldermen Baca, Garcia, Harroun, Sosa and Wagner.

Mr. J. E. Lacombe was elected to fill the vacancy, caused by the council all at once coming to the conclusion that Hemingway's seat was vacant. Dr. Harroun voted against this action, believing it to be illegal and improper, and withdrew from the session.

Bills for salaries of city clerk, city treasurer, city marshal and one policeman, also judges and clerks of election and registration, were approved.

The following resolution was then passed: Be it resolved by the city council of the city of Santa Fe, That the thanks of this council, and of the citizens of the city of Santa Fe, whose representatives we are, are hereby tendered to our retiring mayor, Hon. Pedro Delgado, for his untiring efforts in behalf of our city, both as alderman and mayor of the same, and for his fair and impartial conduct as our chief executive officer, and

Be it further resolved, That these resolutions be spread upon the record of proceedings of this council, and that a certified copy of the same be furnished Mr. Delgado, and one to the Santa Fe Daily New Mexican with the request that the same be published; the clerk of this council being hereby requested to furnish said copies.

The council then adjourned to meet to-morrow to close up its business and turn over the reins of the city government to its successor.

Harness, hardware, crockery, glass, tinware and woodenware at the Cash Store.

Just received a new supply of Dry Plates and other photographic material at Fischer & Co's.

#### CITY NEWS ITEMS.

The Palace hotel should be reopened. City council meets tonight for organization.

The street sprinkler should be kept going.

The repairs on the federal building are finished.

After tonight it will be Mayor Spies, City Treasurer Cartwright and City Clerk Conklin.

U. S. weather bureau forecast for New Mexico; fair tonight and Tuesday; warmer Tuesday.

The Denver & Rio Grande people hauled a very good train out this forenoon. The passenger cars were crowded, over 40 passengers going north from this point.

The farewell entertainment which was to have been given this evening in honor of Major and Mrs. Bullis, who leave this city shortly for an eastern station, has been called off.

The suggestion of the New Mexican that the Woman's board of trade take hold of and manage the Palace hotel meets with great approval among the good citizens of the city.

Hon. T. B. Catron expected to argue the Bartolome Baca grant case before the U. S. Supreme court today and to leave there this evening for Santa Fe via Lexington, Mo., reaching here on the 25th instant.

The "Coronation" cantata to be given at the court house, within three or four weeks, for the benefit of the Guadalupe parish, is being practiced daily under the direction of Mr. Stanley, and promises to be a rare treat to the music-lovers. Hon. Larkin G. Read will take part in it in the character of the "recluse."

Rev. H. O. Ladd is well remembered in Santa Fe. He is now rector of the Episcopal church at Jamaica, Long Island, and the last number of the Living Church contains the following item concerning his church: "The family of the former governor of New York, the Hon. John Alsop King, has directed that a chime of eight bells be placed in the tower of Grace church, Jamaica, the Rev. H. O. Ladd, rector. They are to be memorials of the late Mrs. Cornelia King. The eight bells composing the set will be rung for the first time on Easter morning."

#### PERSONAL MENTION.

Sheriff Kinell returned last night from Cerrillos.

Rev. Hale Townsend is still confined to his bed by illness.

Hon. A. C. Voorhees has returned to Raton from Washington.

L. Digueo went to Espanola this morning on business.

Father Derachew went to Chamita this morning on the narrow gauge.

Facial and Beautified by CUTICURA SOAP.

Rev. R. M. Craig and wife returned on Saturday afternoon from Taos.

Rev. Howard of the M. E. church, was a passenger to Espanola this forenoon.

Dr. W. S. Harroun was called to Pecos town yesterday on professional business.

Mrs. E. M. Rose was a passenger to Lumberton on the narrow gauge on today's train.

Mrs. C. R. Fuller, sister of Mrs. Hampel, went to Denver this morning via the D. & R. G. railroad.

A. Moore of Charleston, S. C., went to Pueblo today being a passenger on the D. & R. G. railroad.

George F. Albright, manager of A. A. Grant's Albuquerque Democrat, has rooms at the Palace.

Dan E. Caldwell and sister were passengers on the D. & R. G. this forenoon to Tres Piedras.

Hon. Ernest Meyers, of the wholesale liquor firm of Lowenthal & Meyers, Albuquerque, has gone to New York.

James Duggan, superintendent of the coal mines at Madrid, is in the city on business; he registers at the Palace.

Hon. F. A. Reynolds of Socorro was at the Exchange hotel. He left this morning via D. & R. G. for Colorado Springs.

Mrs. George R. Baucus, of Hermosa, arrived last night and will visit with her sister, Mrs. Amado Chavez, for a few weeks.

Mrs. Geo. Marzlin and five children occupied seats in a Denver & Rio Grande car this morning en route to Durango, Colo.

Collector C. M. Shannon returned Saturday afternoon from a business trip to Denver and Chicago. He has been absent about three weeks.

Mrs. Soion E. Rose, of Albuquerque, accompanied by her children, will leave about the middle of the week on a visit to relatives in Tennessee.

Hon. F. A. Manzanares and Hon. J. S. Duncan have gone to Sonora, Mexico, to look after important mining interests they have in that state.

O. L. Rice, traveling correspondent for the New Mexican, spent yesterday in the city on a visit to his family and left for the south again last night.

General J. A. Williamson, ex-land commissioner of the A. & P. railroad, who has been visiting in Phoenix and Albuquerque, has returned to New York.

Judge Joseph Boone, of Deming, who has been a very sick man, is recovering from his recent severe spell of illness and is attending to business again.

Hon. Pedro Sanchez and daughter have returned from Las Vegas and spent yesterday in the city as guests at the Exchange. They went this morning to Taos.

Mrs. W. E. Baker and children have returned to Las Cruces from a visit to relatives in St. Louis. They are temporarily located at Mr. Livingston's Alameda.

K. McKiever and wife are recent arrivals at Las Cruces from London, Eng. They will locate in that town and are stopping for the present with Dr. Yair.

Hon. W. H. Jack, president of the cattle sanitary commission, passed up the Santa Fe road yesterday and will spend the next two weeks on his cattle ranches in Union county.

S. M. Ashenfelter, now a prosperous attorney at Colorado Springs, is in Grant county looking after legal matters in which he is interested.

E. S. Waddles, well known and popular commercial traveler out of St. Joseph, Mo., was at the Palace yesterday. He left this morning for Chamita over the narrow gauge.

A. Barney, traveling freight agent of the Denver & Rio Grande, who has been here on business, left this morning for a business trip to Red River and the mining section surrounding that camp.

O. L. Rice, the courteous and affable representative of the Santa Fe New Mexican, spent several days in this city during the week. While here Mr. Rice made a host of friends for the able journal which he represents, as well as acquiring many personal friends. He is an excellent representative of a first-class paper.

—Silver City Enterprise.

Hon. J. H. Riley, president of the Alfalfa Land & Cattle company at Fowler, Colo., and conceded to be one of the best purchasers and managers of cattle in the west, is in Deming looking after shipments of cattle purchased by him for his company. Mr. Riley and his company are making money fast and the New Mexican is glad of it.

The Bon Ton receives tri-weekly all kinds of Kansas City meats, sausages, oysters, fish and game. Short order meals at all hours. Open day and night.

Jewelry, books, stationery, toys and notions at the Cash Store.

Guns, pistols and ammunition at J. H. Blain's Cash Store.

The Cathedral Easter Music.

The cathedral choir did itself proud yesterday in the rendition of Merondante's B flat mass and Lambillote's "Regina Coeli." This fine philharmonic body is today the subject of many complimentary remarks. The following took part in the choir: Misses Sens, Morrison, May, McNulty, Messrs. Sens and Stadtmuller, first soprano; Misses Heath, D. Peres, Brothers Edwards and Michael, second sopranos; Brother Botolph, Messrs. Hinojos, and Larkie G. Resa, basses; Mrs. Chapman, organist; Brother Fabian, director. Brother Fabian and his choir, in particular, and the whole community at large are to be congratulated on possessing such good musical talent. The same choir will render another fine musical program at Pentecost.

"El Sidel" clear Havana cigar 5c, at Scheuch's.

#### THE EXCHANGE HOTEL.

One of the Old Time Hostleries of the City of Santa Fe.

The Exchange hotel, located on the southeast corner of the old plaza, is pretty well known to the traveling public, having been in operation since 1850. In the early part of that year it was established, and under several different proprietors has continued in business down to the present time.

The present proprietor, John T. Forsha, became identified with the establishment in 1887, and notwithstanding the fact that this is his first venture in the hotel business, he has scored a decided success.

His rates run from \$1.50 to \$2 per day, with special rates by the week or month, and no efforts are spared to make guests comfortable. The Exchange is conducted on the American plan. There are good sample rooms, and ample facilities for pool, billiards, cards, etc. Mr. Forsha is a native of Ohio and came to New Mexico in 1868.

Up to the time of the completion of the Denver & Rio Grande railroad he was in the mail express business, employed by the pioneer firm of Barlow & Sanderson. In 1881 he settled in Santa Fe, and has resided in this city ever since. Between 1881 and 1887 he was engaged in several enterprises here, mercantile and otherwise, assuming proprietorship of the Exchange hotel property during the latter year, and remaining there steadily up to the present time.

Mr. Forsha manages to get a goodly share of the hotel patronage falling to the lot of Santa Fe.

At the Hotels.

At the Claire: A. Barney, Denver; E. Arred, Kansas City; W. M. Cormin, P. Brindle, New York; W. D. Campbell, Lansing; G. P. Jones, Albuquerque.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 156.34 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases:—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercular Affections, Scrofula, Catarrh, Le Gripe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—

ANTONIO JOSEPH, Prop.

Ojo Caliente, Taos County, New Mexico. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 11:15 a. m. and reach Ojo Caliente at 6 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.
