HOME COMFORT STEEL RANGE

Nearly 400,000 sold up to July 1, '97

TESTIMONIALS

We bought a HOME COMFORT RANGE five years ago and cheerfully recommend it as it heats quickly, bakes and boils with less fuel than any cooking range we ever had and have had no expense for repairs—

SANTA FE NEW MEXICO

OJO CALIENTE

(HOT SPRINGS.)

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 135°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 166.34 grains of alkaline salts to the gallon; being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Scrofula, Affections of the Throat, Catarrh, La Grippe, All Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—

ANTONIO JOSEPH, Prop.,

Ojo Caliente, Taos County, New Mexico
This resort is attractive at all seasons and is open all winter.
Passengers for Ojo Caliente can leave Santa Fe at 11:15 a. m. and reach Ojo Caliente at 6 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.

THE WHEAT MARKET.

Wheat Opened This Morning at 98 Cents for September, a Jump of 5 Cents Over the Closing Figure of Yesterday.

Chicago, Aug. 21.—The opening price of wheat on the regular board was 98 cents for September, a jump of 5 cents as compared with yesterday's final figure. Ten minutes after opening, wheat was selling at 97½ for September, and 96 for December. Lynn sold a million bushels of wheat around 97. His selling stopped the advance. The wildest excitement was in coarse grain. Corn was up nearly 3 cents a bushel. In oats the 2c rise was sympathetic of course with wheat. The market yielded a cent on selling by elevator interests, and the prediction of warmer and showery weather for all of the corn states. Before 11:30 September wheat touched 99 cents, December, 98½ cents.

DOLLAR MARK REACHED.
Chicago.—At 11:45 the dollar mark was reached and Schwartz & Dupee paid a hundred cents for a lot of wheat. When this red letter record had been made, there was a temporary reaction to 99½, but a moment before the closing price was back again to 99½. When the closing bell rang at noon the official record was 99½ for September, 6½ cents net gain, upward, with yesterday's quotation.

NEW YORK WHEAT MARKET.
New York.—The first recorded sale of wheat was made at 102, representing an advance of 2½ over the official close. Later it whizzed to 103½. From there it fell again to 102½. Subsequently it bobbed back again. Cables from Liverpool came 3½ higher, and added fire to the bull movement. Foreign houses, however, were not so unanimous on the buying side as yesterday. Just before the regular closing, wheat branched out into excited trading with an attendant rise to the highest point of the morning, 105½ for September. Corn was also very active and strong at 36½ for September.

A Battle Imminent.
Pittsburg, Aug. 21.—There was a clash between deputy sheriffs and strikers at Plum Creek at 4 a. m., and five strikers were arrested for disobeying the orders of the court. There was no bloodshed, but a battle between deputies and strikers may be fought at any time.

WEYLER EXPLAINS.

He Denies That Evangelina Cisneros Has Been Sentenced to the Spanish Penal Colony, and Explains the Offense with Which This Cuban Girl is Charged.

New York, Aug. 21.—Captain General Weyler, in a dispatch from Havana to the World, denies that Evangelina Cisneros, a Cuban girl of 18, has been sentenced to imprisonment for two years in the Spanish penal colony at Ocesta. The girl is a niece of the president of the Cuban republic. Weyler's dispatch is as follows: "For judicial reasons, there is on trial, in the preliminary stages, a person named Evangelina Cisneros, who, deceitfully lured to her home the military commander of the island of Pines, and had accomplices posted secretly, who tied and attempted to assassinate him. No sentence has been passed not approved by me. I answer the World with that frankness and truth, that characterizes all my acts."

An English Opinion.
London, Aug. 21.—The Westminster Gazette referring to the rise in wheat says:

"It is an unmerited stroke of good luck for President McKinley's government, which ought to have been overtaken by swift calamity, for shamelessly paying election debts to the trusts, by the passage of the Dingley bill." At the same time the Gazette finds comfort in the allegation "that the Bryans are made to look foolish."

Found Guilty.
Clarkburg, W. Va., Aug. 21.—Judge Goff found the miners arrested near Fairmont, guilty of a violation of Judge Jackson's injunction, and sentenced them to jail for three days, but later ordered them released on Monday morning.

A RAILROAD ACCIDENT.

The Engine, Three Freight Cars and Two Passenger Cars Wrecked and 40 Passengers Injured, Several Fatally.

Lima, O., Aug. 21.—An eastbound extra freight train on the Lake Erie & Western railroad, crashed into an excursion train on the Detroit & Lima Northern at a junction crossing two miles from this city, last night. The engine and three cars of freight and two passenger coaches were wrecked, and 40 passengers were injured, several fatally. The fatally injured are: Mrs. John Burnham of Lima, skull crushed; Mrs. William Murray of Lima, injured internally; Mrs. T. N. Donlon of Lima, body torn, bruised and injured internally; Mrs. H. F. Bennett of St. Mary's, O., injured internally, thigh and head badly bruised; Mrs. J. D. B. of Lima, skull fractured, injured internally.

MARKET REPORTS.

New York, Aug. 21.—Money on call nominally 1¼ @ 1½ per cent; prime mercantile paper, 8½ @ 9½ per cent. Silver, 81½; lead, \$8.60; copper, 10½.
Kansas City.—Cattle, receipts, 400, market steady, unchanged; only retail trade. Sheep, receipts, 2,000; market steady but slow; lambs, \$3.25 @ \$5.10; muttons, \$2.50 @ \$3.90.

Chicago.—Cattle, receipts, 600, market dull and weak. Sheep, receipts, 5,000; market dull and weak; native sheep, \$2.20 @ \$3.75; westerns, \$2.75 @ \$3.70; lambs, \$3.25 @ \$5.25.
Chicago.—Wheat, August, 81½; September, 81½; December, 81½. Corn, August, 81½ @ 81¾; September, 81¾ @ 81¾. Oats, August, 19¾; September, 19¾.

The Chicago Races.

Chicago, Aug. 21.—Joe Patchen won the toes, and will have the inside position in the first and third heats of the special race with Star Pointer. The wind is terribly strong, and the horses will have to face it for half a mile on the back stretch. The judges do not anticipate any breaking records. The crowd numbers 20,000. The first heat was won by Star Pointer, with Joe Patchen second by a nose. Time 2:02.

The Cavalry Contest.

San Francisco, Calif., Aug. 21.—California will be represented in the army cavalry contest at Fort Wingate, N. M.

Was it Andrew?

Christiania, Aug. 21.—A dispatch to the Fremshridt from Sande says that a balloon was seen on August 15, moving at great height in a northwesterly direction. From the balloon hung a tackle, which appeared voluminous.

PRESIDENTIAL PROGRAM.

Vice President Hobart Will Not Go to Buffalo with President McKinley Owing to the Illness of His Wife.

Bluff Point, N. Y., Aug. 21.—Secretary of War Alger came back here with the president today, and will stay until the party leaves. Alger said the present program for the president is to leave here Tuesday morning, and go to Buffalo on a special train, arriving about 2 o'clock on Wednesday. Vice President and Mrs. Hobart did not return. Mrs. Hobart has been in poor health, and her physicians believed that she would improve more rapidly at home, as the vice president's party went to New Jersey.

Bank Cashier Shot.

Shepherd, Mich., Aug. 21.—Elmer E. Struble, cashier of the Farmers bank, was shot this morning by robbers and can not live. He was getting ready to go to Mount Pleasant, and was in the vault when the shots were fired. All the cash in the bank was taken, but the amount is not known.

In Accord With Weyler.

San Sebastian, Aug. 21.—General Azcarra, premier, has decided to convene the cortes in November. The premier announces that he is in accord with Weyler, but reserves the right to make a further examination of the Cuban question.

Arranging a Conference.

Pittsburg, Aug. 21.—President Dolan returned from Columbus this morning and announced that he had been authorized by National President Rathford to arrange for a conference with the Pittsburg operators. While saying he is in favor of arbitration, Dolan insists that the men must receive 60 cents.

Unlawful Assembly Charged.

Pittsburg, Aug. 21.—The miners arrested at Plum Creek, instead of being taken before the court as originally intended, were escorted to the office of Alderman Groetsinger. Informations were there made, charging unlawful assembly. A hearing was fixed for August 31. The men were released on their own recognizance.

LAS VEGAS NOTES.

Tranquilino Labadie, deputy county collector, is making needed repairs on his west side residence.

The mother of Don Antonio Solano, ex-county commissioner, is dead at her ranch, about 17 miles from town.

Don Rox Hardy is now conducting a job printing establishment at Denver, and is said to be doing well.

T. A. Schomburg and J. Van Houten, of the Maxwell land grant at Raton, were visitors in town during the week.

Mrs. Kate Sleight left Vegas recently for Chacon, Mora county, where she will open a Presbyterian mission on September 1.

Sheepmen are greatly encouraged over the recent reported rise in the price of wool of 5 cents a pound on the Boston market.

Don Pablo Baca, a leading sheepman of San Miguel county, says if wool goes much higher, that he will feed his help on champagne.

The National Advertising company of New York has applied to the Las Vegas newspapers for one of Governor Otero's latest photographs.

The Morey brothers who have been purchasing sheep throughout the county for several days past, are about to leave for their home in Denver.

Mrs. Mary R. Riddle, who has been identified with the Spanish institution work, will soon leave for Raton, where she will teach in the public schools.

Complaints have been filed recently that the city calaboose is in a filthy condition and ought to be attended to before an other offender is incarcerated for safe keeping.

Notices sent to delinquent tax payers in outlying precincts have caused the number of visits to the court house to become most frequent of late. A stich in time saves nine.

J. J. Gilchrist and family arrived yesterday with their household effects from Mora, and will hereafter make their residence in this city for the purpose of educating their children. Mr. G. has rented the Ortiz house on Sixth street.

Felix Martinez will pay a ten days visit to El Mexico, before returning from El Paso. He denies that he intends to move his family to the latter city for permanent residence. He has a residence there and will probably take his family there for the winter.

Sheepmen say that yearling wethers now bring over \$2, and lambs are in demand at \$1.50 and \$1.60. Owing to the rise in wool, most of the sheepmen will make a full clip this season. Owing to an abundance of grass and water sheep are in an unusually fine condition.

Three years ago Don Miguel Esquivel had a fine horse stolen from his ranch, near Tecolote, and last spring he was astonished to see the animal come home. The brand had been defaced and another put over it, and the owner hit upon a novel plan for detecting the thief. He proceeded to advertise the animal in the newspapers as an stray, and stated that the owner would have the horse by paying for the advertisement, etc. Sure enough the man who had stolen the horse and defaced the brand, turned up and claimed the animal. He was sent away by Esquivel with the admonition to "sin no more."

ANASTASIO BARELA DEAD.

A Prominent Young Man of Las Cruces Passes Away This Morning.

Hon. Anastasio Barela of Las Cruces, died in that city this morning, at the age of 25 years. The deceased was born and raised in Las Cruces and was a nephew of Hon. Mariano Barela, of Dona Ana county, one of the best known men in that part of the territory, and four years ago was a member of the territorial legislature, being then just passed 21 years of age. He was educated at St. Michael's college in this city, and the Georgetown university, and at the death of his uncle inherited a large property, which did not prove a blessing to him. Although talented, wealthy and popular, and every advantage given him, he failed to grasp the opportunities of life, and while his early death is to be deplored, it will serve as a lesson to other young men who will come after him.

Territorial Supreme Court.

This morning case No. 626, Territory of New Mexico, appellee, vs. Pedro Garcia, appellant, appeal from Bernalillo county, was reinstated on the docket, and set for hearing on Monday, August 23, Solicitor General Fall for the territory, Warren, Ferguson & Gillett for Garcia.

OUTLAWS AT WORK.

Black Jack's Gang Creating Trouble and Killing People in Western New Mexico and Grant Counties.

Last Spring, when Black Jack was killed by Deputy Higgins' posse, it was hoped that that notorious gang had been broken up, and the southwestern part of the territory would not be further harassed by the outlaws, but it seems this hope was not to be realized.

From the time that Black Jack was killed nothing was heard of the remaining members of the gang, unless they killed George Smith in western Socorro county, which deed is pretty generally credited to them, until last week, when they renewed operations in northwestern Grant county, by ambushing Deputy United States Marshal Shaw near Clifton and killed his horse; since then they have been quite active.

On the night of August 13, on Mule Creek, they blew up a house belonging to Owen Wilson, in another attempt to kill Shaw. At that time, Wilson, Shaw, Per and Luby, a party in search of the gang, were in the house, and as the men ran out, seven shots were fired at them from the dark. Early Thursday morning a man by the name of Miller was ambushed on Mule Creek, and shot in both legs, apparently by a shot gun. The same party that shot Miller was pursued by a posse of men the day before, and Ed Moss, one of the party, was shot and killed. This fight occurred at the "Frisco" river in Socorro county, about seven miles from Dry Creek.

The men who are making the trouble are supposed to be Tom Anderson, Dud Atkins, Bud Upston and Tom Kitchum, although some time ago it was reported that Kitchum had been killed.

At present Sheriff Bursam of Socorro county, and a posse, James Shaw, Sheriff McAfee and posse of Grant county, and Cipriano Baca, are on the trail of the men. Deputy Marshal H. W. Loomis went to Socorro last night to get full particulars of the various fights, and is expected home tonight, and then something more definite will undoubtedly be known.

The Horticultural Exhibit.

The New Mexico Horticultural society, which will hold its fair at Santa Fe on September 7, 8 and 9, has issued its premium list. The premiums, while not large, are complete, as it is well known a fruit grower is more than recompensed by placing his fruit on exhibition, where it may be honestly admired, and a diploma is of much greater value in his eyes than any money prize could possibly be. The railroad companies have made a rate of one fare for the round trip, and from the interest manifested everywhere the fair is bound to be a brilliant success.—Cerrillos Rustler.

OYSTERS FIRST OF THE SEASON.

JUST RECEIVED AT

Conway's Hon-Ton Restaurant.

Telephone 101.

FOR SALE, INSTALLMENT PLAN.

The Mrs. E. S. Fenyes' property, situated on the corner of 10th and 11th streets, between the residence property of General Bartlett and Captain Nordstrom. Fine house and lands and in one of the most beautiful locations of the city. Terms, cash or to suit. If desired, this property would be sold on the installment plan, that is, what would be a fair rental would be accepted monthly on account of the purchase money, and no interest charged on monthly balances secured by notes and mortgage. Apply to Geo. W. Knaebel, Atty., etc., Santa Fe, N. M.

EVERY LAWYER NEEDS THE CODE

The New Mexican Printing company has it for sale. Bound in pamphlet form, in tough leatherette paper, so as to be carried in the pocket. Bound in law sheep for the office desk or library shelf. Bound in flexible morocco leather covers, with name on cover in gilt—a handsome volume—that can be carried in the pocket or valise, and not injured. The pamphlet is thoroughly and comprehensively indexed, has ruled sheets of fine paper placed between each of the pages for reference notes, corrections or additions. It is just in proper shape for lawyers to use as a ready reference book. Place your orders at once, as a limited supply only has been printed.

Albuquerque, N. M., Sept. 13 to 18, 1897.

For the above occasion the Santa Fe Route will place on sale tickets to Albuquerque and return at the rate of \$2.65. Dates of sale Sept. 11 to 18, inclusive, good for return passage until Sept. 20. For particulars call on agents of the Santa Fe Route.

H. S. LUTZ, Santa Fe, N. M.
W. J. BLACK, G. P. A., Topeka, Kas.

TERRITORIAL NEWS BUDGET

Colfax County.

The Colfax county normal institute which has been in session the past week was attended by 30 teachers.

The Raton base ball club is going to Albuquerque during the fair and proposes to clean up all the prizes offered for ball games.

The county seat removal question is not yet settled. W. Mills of Springer, has filed a complaint, consisting of a voluminous petition against John E. Codlin, James F. Ruffner, Wm. R. Griffin, M. M. Salazar and the board of county commissioners, for the purpose of testing the validity of the county seat removal law. The case will probably go up to the United States Supreme court for final decision.

Grant County.

The Silver City public schools open on September 6.

Miss Alice Ralley, Miss Belle Gaddis and Eugene Warren of Silver City, will attend the Stanford university the coming year, leaving for the west next week.

Mr. L. A. Skelly, postmaster of Silver City, is home from Old Mexico, where he spent some time trying to locate the men who murdered his brother early in the summer.

Dona Ana County.

Roman Delgado and Cona Galles are in the county jail charged with killing some other fellow's cattle.

The Roubalt cannery factory at Las Cruces began the season's campaign on last Thursday. Tomatoes are now being canned, and later on Mesilla valley fruit will be preserved.

The Las Cruces board of education at a meeting elected the following teachers for the ensuing year: Miss Lynch, Miss Dougherty, Miss Sullivan, Miss DeMier, Mrs. W. R. Fall. The date for the opening of the schools will be fixed at a meeting of the board to be held on September 1.

Chavez County.

C. W. Haynes is fencing in 2,000 acres of land along the Hondo, which he will use for pasturage.

Cattlemen of the county are improving the grade of range cattle as fast as possible, by the introduction of blooded breeding stock.

Duvis Liles of Roswell, was caught in a cattle stampede one night last week, and in the dark his horse ran into a wire fence and Mr. Liles received some serious cuts on the bars.

W. L. Crockett of Puerto de Luna, received 5,000 head of sheep, recently bought from the Salt Creek Sheep company in Roswell, last week, and drove them across the country to Guadalupe county.

J. P. White has purchased for the use of the Littlefield Cattle company, 40 head of high grade Hereford and Durham breeds from the Milne and Bush breeding herd. These, in connection with the lot purchased from Colonel Elliott, will supply the L. F. D. company for two years.

The people of Roswell have apparently gone into a joint stock concern for the raising of spring chickens, or at least the following paragraph taken from the Record would indicate such a condition: "To judge by the noise made by the chanticleer from daylight till sun up, a stranger would be justified in believing that Roswell was a grand poultry farm."

San Juan County.

The citizens of Farmington are arranging for a Fruit Day festival, to be held this fall.

Mr. L. Smith, an old gentleman 84 years of age, died at the residence of Mr. W. R. Crouch in Flora Vista, on Sunday, August 8.

The fruit crop in the county this year is estimated at 20,000,000 pounds. The yield in 1895 was 10,000,000, the great increase resulting from the large acreage of land that has been devoted to orchards.

An election will be held in school district No. 5 on September 1, to vote on the issuing of \$2,000 in bonds for the purpose of building an addition to the Farmington school house, the present building being no longer large enough to accommodate the increased number of pupils in the district.

Eddy County.

Mr. H. A. Valler, who has been the chemist in the Lohs, Cal., sugar factory for a number of years, came to Eddy the early part of September and will take charge of the Pecos valley sugar factory as superintendent.

Mr. Frank L. Seogin and Miss Annie Turckett were married on Wednesday, August 11, in Miller, Rev. Kell, pastor of the Presbyterian church at Eddy, performing the ceremony.

Pecos valley grapes are finding their way into market. This year's crop is exceptionally fine, while the yield will be very large. Mr. Osborne of Eddy, raises Tokay grapes that are "dandies," one bunch picked last week weighing over three pounds.

Territorial Board of Education.

The meeting of the territorial board of education, which had been called for September 6, will be held on August 30, at the request of a number of the members of the board who could not conveniently attend on the date originally fixed, owing to the fact that on that day most of the schools in the various counties begin the year's work.

The Weather.

Yesterday a trace of rain fell early in the afternoon, but generally fair weather prevailed during the day. The highest temperature reached during the day was 78 degrees. Partly cloudy weather is indicated for tonight and Sunday.

NEW REDUCTION WORKS.

A Plant Now Under Construction at Cerrillos that Proposes to be Ready for Operation Within 30 Days—One May Be Sent in Now.

Within 30 days it is expected that the new mill at Cerrillos, now under construction, for the purpose of reducing ores by the Stewart process, will be finished and in operation. Some days since Mr. S. L. North returned to Cerrillos from Chicago where he had been for the purpose of securing the necessary machinery for the plant, which consists of an engine and boiler, crusher and other specially designed work.

The machinery arrived in Cerrillos last Wednesday. Earlier during the same week work had been commenced on the mill site, located on the side hill near land formerly allotted to the Balcomb & Cook outfit.

It is proposed to pay particular attention to the lead and zinc ores so abundant in this section, although other refractory ores will not be refused. The estimated capacity of the new mill is to be 50 tons of ore per day. Briefly, the process is to subject the ore to a combination of furnace heat under blast and suction draft, and steam, which forms a superheated steam, which is drawn down through the ore and will take the zinc and lead out into a water tank, separating the gold and silver from the rock and depositing them upon the bottom of the tank and being gathered off later by quicksilver.

Mr. North is ready to receive ore at the present time, in order to have a good supply on hand when he is ready to start up.

Church Announcements.

Service at the German Evangelical Lutheran church tomorrow, tenth Sunday after Trinity, at 11 a. m., to which all Germans are cordially invited; Sunday school at 10 a. m. Dr. G. A. Neef, pastor.

At Guadalupe church tomorrow, 11th Sunday after Pentecost: First mass at 6:30 a. m., second mass at 9:30 a. m., vespers and benediction at 6:30 p. m. Rev. Father P. Gilbert will say mass at the penitentiary at 8 a. m.

At the cathedral tomorrow, 11th Sunday after Pentecost: First mass, 6 a. m., second mass, 8 a. m.; third mass at 9:30 a. m., sermon in English; fourth mass at 10:30 a. m., sermon in Spanish. At 4 p. m. vespers and benediction.

Episcopal church of the Holy Faith: Divine service at this church tomorrow morning at 11 o'clock as usual. Sermon by the Rev. Mr. Gay; subject of sermon, "God's unfailing, all-seeing, universal providence." Sunday school at 10 a. m. Seats free and strangers and all others cordially welcome.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

Advertising Rates.

Wanted—One-cent word each insertion. Local—Ten cents per line each insertion. Reading Local—Preferred position—Five cents per line each insertion.

SATURDAY, AUGUST 21.

The assassin of Premier Canovas was executed yesterday in Spain.

The world is wondering what the Paris newspaper could have said, that has been used for libel by Sara Bernhardt.

"DOLLAR WHEAT" is the strange device on the banner of the New York grain, ball and like Eli he is getting there in good shape.

The newspapers are wondering how it was that Bluebeard David Bates, the multi-bagman, supported seven wives on \$80 per month. Has it ever occurred to them that the wives may have supported David?

Only a few more days now to the time set for the horticultural fair in this city. Get down to work everybody and put on the finishing touches. There is much to do and only a short time to do it in. Therefore let everybody work with a will.

BERRY WALL, the ex-king of duds, is in funds again, but he will not go back to the duds business and has no aspirations in that line. He proposes to settle down to an every day business career. He made his recent strike in Wall street and will continue as a broker.

The New Mexican has suggested before that the way to get a good fruit exhibit for the Nashville exposition, would be to make up such exhibit at the coming horticultural fair to be held in Santa Fe. We desire to renew this suggestion, with the hope that it will be acted upon.

The last report that Butcher Weyler had resigned is now denied. The sympathy of the whole human family will go out to Cuba because of its incapacity to get rid of the monster who has turned the gem of the Antilles into a charnel house and set the world ringing with the tales of his cruelties.

STATEHOOD is the slogan from all sections of the territory. New Mexico must have statehood and that in the near future. Keep up the fight. It is a just cause and sure to win. Statehood would mean prosperity and standing and everything else that the territory desires and is entitled to.

WHEAT is up to \$1 a bushel in New York and there is plenty of it. The season taken all around has been a good one for the farmers, and many a mortgage will be paid off that has been a dead weight for years. The kickers are not taking any more about getting a search warrant to find that promised wave of prosperity.

Among the eminent members of the United States senate who can never be president because they were born in a foreign country are Kintie Nelson of Minnesota, Gallagher of New Hampshire, Jones of Nevada, McMillan of Michigan, Mantle of Montana, Pasco of Florida and Sewell of New Jersey.

The wildest, wildest treasure story of the year comes from Cocos island. A Mr. Hartford, labeled as an American watchmaker, soldier and adventurer, states that he has located the buried gold for which expeditions have been seeking, and can lay his hands on \$20,000,000. The chances that Mr. Hartford is a great American liar are so good that they will be safe to bank on.

The Republic of Mexico continues to be in a very bad way because of the tremendous drop in the price of silver. As an object lesson for the silverocrats, Mexico is no longer in it. What the howlers for free coinage are going to do for an awful example is one of the problems of the day, particularly now that Japan is going to the gold standard as rapidly as the minute can make preparation for it. It looks very much as if the Bryanite howlers for free and unlimited coinage, without the consent of any other nation on earth, would have nothing big enough to point to that can be seen without the aid of a microscope.

The occasion of the coming horticultural fair, to be held in this city, would, it seems to us, be an opportune time for a meeting of horticulturists from all parts of the territory for the purpose of discussing the new regulations governing the shipment of fruit from this territory. The granting of refrigerator cars by the Santa Fe railroad company is but the beginning of this good work. There are numerous details to arrange in the matter, which can best be settled by a meet-

ing of fruit growers. As a good many of those interested in this industry will be in Santa Fe during the fair, no better time could be chosen for a general conference on this important subject.

It is refreshing to note that our naval authorities are moving in the direction of providing dry docks for American warships. It is ridiculous to talk about having a great navy until docks are provided on which to repair them. The idea of having to send the Indians to Halifax in order to get her repaired, will, it is hoped, prove such an object lesson to Uncle Sam that he will be aroused to action. We ought not to be dependent upon any foreign dockyard for this service, and least of all to England. Congress will doubtless be called upon at its next session to outfit the government with such facilities as are demanded, both on the eastern and western coasts of the continent, and there should be prompt appropriation of the necessary funds for this important work.

Those who turn up interesting facts point out that the biggest farm in the world may be found in the southwestern Louisiana. It is owned and tilled by a syndicate of northern capitalists and embraces 1,500,000 acres of land. The land is devoted to the cultivation of cotton, sugar and rice. East and west the estate extends 100 miles. The Southern Pacific railway runs through it for nearly 40 miles. A good deal of attention is paid to raising cattle, of which the syndicate owns 16,000 head. The company operates several steamers on the navigable rivers that run through their mammoth farm, and they have also rice mills, a shipyard, ice plant and bank. If the syndicate will grapple the problem of agriculture more and manufactures less, perhaps there will be a more reasonable excuse for tolerating great combinations of capital.

THE PEOPLE'S UNIVERSITY.

In the next number of the Cosmopolitan Magazine which will be out now in a few days, the editor, John Brisson Walker, will definitely announce his plans for a great university for the common people. President Andrews, late of Brown university, will take charge as superintendent, and the work of the school will be begun formally on October 1. In a recent interview Mr. Walker said:

"This university has been an idea of mine for a number of years. As one result of the interest in, and thought on, education which have long engaged me it could not be undertaken, however, without having at its head a man of large ability and position. While I was looking for the right man to become accessible to the letter of the trustees of Brown university to President Andrews appeared. I went immediately to Providence and saw Dr. Andrews, and he has definitely accepted the presidency of the Cosmopolitan university."

The following members have been appointed as members of the advisory board: Spencer Trask, the New York banker; President McAllister, of the Drexel Institute, Philadelphia; Albert Shaw, editor of the Review of Reviews, New York City; General Samuel Thomas and Geo. F. Seward, president of the Fidelity and Casualty company of New York.

The method of the new university will be as follows: A student will forward to the university his name and address, and the purpose for which education is sought, and the studies which the applicant desires to pursue.

These statements will go to President Andrews, who will then map out a course of study which he deems the best possible for the applicant. He will then dispatch his own diagnosis of the applicant's case and the prescription therefor, to the most eminent expert on that particular study with whom he is acquainted. This expert will revise the course and then return it to the president, who will forward it to the student. No charge will be made for instruction, not even in the matter of books.

The proposition is looked upon as one of the most important educational moves of the decade.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body.

"I was in a horrible fix," he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good whatever. I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck, but for S. S. S."

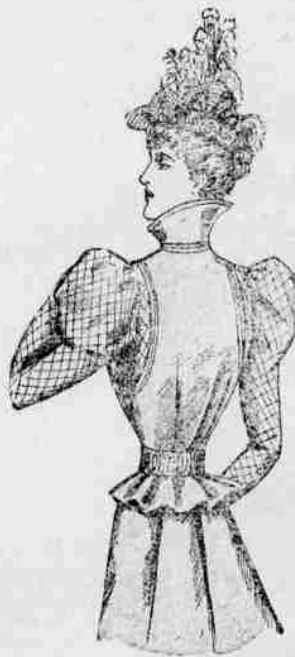

S. S. S. (guaranteed purely vegetable) is the only cure for real blood diseases. The mercurial treatment of the doctors all does more harm than good. Beware of mercury! Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.

If your child looks upon Scott's Emulsion as Cod-liver Oil and is repelled by it, begin with part of a teaspoonful in twice the quantity of water, and it will take it and relish it as though it were milk. There is no food or medicine for children of from three or four to ten or twelve years of age which equals Scott's Emulsion for putting color into the cheeks, enriching the blood and bringing comfort and good nature. Book about it free.

SCOTT & BOWNE, Chemists, New York.

FOR THE LADIES.

A BELTED COAT BODICE FOR FALL. Blouse coat bodices are among the latest fashion fancies. These have little frilled basques, the waist proper varying,

some being blouse shape all around, others, like our model, being belted in the back, with a pouch front. A curious effect is attained in some of the new waists by cutting away portions of them to show contrasting color, or fabric simulating an under-waist. Our model shows one method of accomplishing this result. A gown of brown cloth is combined with a green silk checkered with black. The waist in front, like the back is cut out around the arm-size and is further cut out in a V-shape at the top. The under-waist fastens a little to the left of the front under the bodice, with hooks at the left shoulder and under-arm seam. The edges of the cloth are trimmed with three rows of black braid. A flaring collar peeks in front to show a folded collar of the silk.

A broad suede belt is elaborately fitted and set with enormous mock emeralds.

A SIMULATED BLOUSE.

Here is a compromise which will be welcomed by the women who find blouses unbefitting and still wish to have a waist

on these fashionable lines. A fitted lining has over the body a smooth seamless piece of the goods. The fronts are fitted with one dart on either side. Over this a straight piece is laid, forming two side-plaits both back and front. The plaits are held in place by bands of braid, which form the outline of a pointed yoke at the same time.

The collar is a novel arrangement of tabs stiffly interlined. Sleeves of this shape are cut in one piece, some having a fitted lining, others having lining and goods cut alike.

The skirt of this gown is noticeable for novelty, having three yoke-shaped pieces at the top, each trimmed with black silk braid, which contrasts rather strikingly with the snuff colored cashmere, of which this gown is made.

The snuff colored straw hat is trimmed with black chiffon and curled coques plumes.

THE SEVENTH Beet Sugar factory in the United States was erected at Eddy, New Mexico, in 1896, and made its first "campaign," beginning November 15th, 1896, and closing February 15th, 1897.

THE CONTENT OF "SUGAR in the beet" of the crop grown in the Eddy and Roswell sections of the valley has proven to be more uniformly high than any other part of the United States.

FORTUNATELY the land is blessed with just the fertility to produce high grade beets, and

MORE FORTUNATELY the Pecos Irrigation and Improvement Co. and the Roswell Land and Water Co. have an irrigation system of great magnitude, covering a vast body of the BEST SUGAR BEET lands on earth. The water is applied to the crop **WHEN NEEDED.**

THE SUN SHINES more hours in the day and more days in the year in Eddy and Chaves counties, New Mexico, than in any other section of the west.

Notice for Publication
[Homestead Entry No. 468.]
LAND OFFICE AT SANTA FE, N. M., July 15, 1897.

Notice is hereby given that the following named settler has filed notice of her intention to make final proof in support of her claim, and that said proof will be made before the Register and Receiver at Santa Fe, N. M., on September 15, 1897, viz: Carrie E. Fenton of Pecos, N. M., for the W 1/4 of 14, SW 1/4 of 14 and lot 2 - sec. 4, T. 10 N., R. 20 W. 1.

She names the following witnesses to prove her continuous residence upon and cultivation of said land, viz:
E. M. Fenton, G. E. Fenton, J. F. Lime and Gilbert Latham, all of Pecos, N. M.
JAMES E. WALKER, Register.

124 separate analysis, chiefly carload lots, showed AN AVERAGE of 17.01 per cent sugar in beet; 84.1 per cent purity.

THIS REMARKABLE RESULT was accomplished by raw farmers, unacquainted with the culture of beet root, on new land and under very trying circumstances, as the factory was not assured until May, and a majority of the acreage was planted between JUNE 1st AND AUGUST 10th.

THE SUGAR BOWL OF THE GREAT SOUTHWEST Is the Rich Valley of the Rio Pecos.
IN THE COUNTIES OF EDDY AND CHAVES OF NEW MEXICO.

GOOD SOIL makes the seed germinate.

WATER makes the plant grow

SUNLIGHT puts the sugar in the BEET.

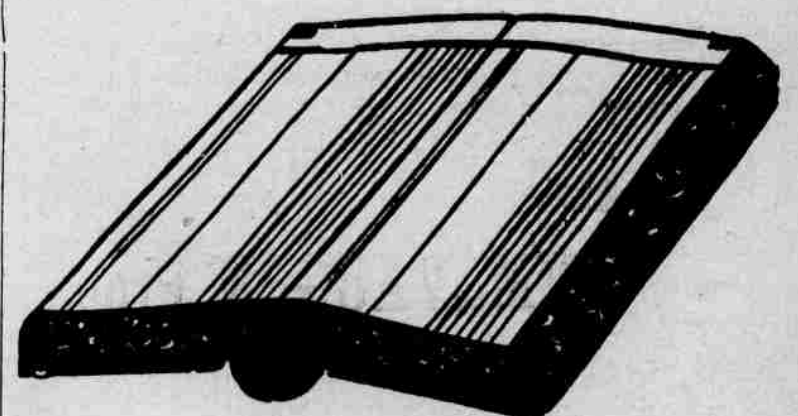

THE ONLY THING left to be desired that the Pecos Valley has not on hand in abundance is **PEOPLE.** We need thrifty farmers; 500 heads of families each on a 40-acre farm.

NO FAIRER terms or conditions of sale of beet and fruit lands were ever made.

SOCIAL HAPPENINGS.

The Week's Doings Among Well
Known People.

A wedding on the program for the coming week.

Hon. John H. Riley left last night for Colorado Springs.

Mrs. S. B. Pickard of Albuquerque, is registered at the Exchange.

Hon. Pedro Perez, a leading citizen of Bernalillo county, is in the city on business.

Dr. J. M. Diaz and family have returned from a month's visit to southern California.

Mr. M. Sineres passed through Santa Fe this morning, on his way home to Antonio from Las Vegas.

Mrs. D. T. Lowry of Las Vegas, is enjoying a visit from her mother, Mrs. Mary L. Field of Denver, Colo.

Mr. and Mrs. Gardner, parents of Mrs. W. A. Hawkins, are visiting their daughter in Silver City from St. Louis.

Several dinner parties were given during the past week, one at the Palace hotel and three at private residences.

Messrs. C. E. and N. H. Morey returned to Denver this morning, after spending several days in Santa Fe.

Judge H. L. Waldo left last night for Las Vegas, going thence to Kansas City, Mo., on a visit to his family.

Captain J. G. Bardick, manager of the Madrid Mercantile company, is in the city of Denver on a visit to his family.

Mrs. R. J. Palen is still in Newark, N. J., visiting her parents and will remain in that city till the middle of the coming month.

It is whispered among society folks that an engagement between two well known young people in town is on the tapis.

A. B. McMillan, Albuquerque attorney, who has been in the city for several days on legal business, leaves tonight for home.

Mr. R. O. Spink of Washington City, arrived last night to take a position in the Indian office under Captain Nordstrom.

Mr. A. Collins, the popular pharmacist of Ireland's pharmacy, has been confined to his room by sickness the past two or three days.

Mr. and Mrs. Frank W. Clancy of Albuquerque, will remain in the city for several days, Mr. Clancy having several important cases before the Territorial Supreme court.

Mrs. George Norton, wife of the editor of the Silver City Independent, returned recently from a visit to relatives in Nebraska and Kansas City. Mr. Norton is again able to be about after an illness of several weeks.

Mr. W. H. Goebel writes from the Sulphur Springs that he is very much improved in health, and expects to return home on Tuesday next.

Mr. Forest McKinley, special agent for the general land office, is in Union county on business connected with the land office, and will remain until about September 1.

Mr. H. J. Loomis and his estimable wife, parents of Mrs. E. L. Hall, have gone to Pueblo, Colo., where they will in future reside with Hon. and Mrs. E. L. Hall.

Mr. Johnson and wife, accompanied by Mr. Thorne, who have been camping on the Berger property for a few weeks, will leave tomorrow morning, overland, for northern New Mexico.

Mrs. J. J. Sheridan, wife of Mr. Sheridan, deputy in the office of U. S. Marshal Forsaker, is expected to arrive during the coming week from Silver City. Mr. and Mrs. Sheridan will reside in this city during Mr. Sheridan's term of office here.

Mrs. Louis Hanning and daughter came in from Las Cruces last night. They will occupy the Ferguson home, in old town, while Mr. Ferguson and family are in Washington during the coming winter.—Albuquerque Citizen.

Mrs. Hughes and daughters, Miss Elizabeth and Miss Florence, will reach this city Monday evening, to visit with Mr. and Mrs. J. D. Hughes and Mr. L. A. Hughes. They are on their way home to Bloomington, Ind., from California, and will only remain a few days in Santa Fe.

BEAUTIFUL

Cuticura

SOAPS sold throughout the world. PORTER, DAVIS AND CO., CORP., Sole Props., Boston, U. S. A. "How to Purify and Beautify the Skin, Scalp, and Hair," mailed free.

BABY HUMORS (Itching and easily induced) removed by CUTICURA SOAP.

COLONEL V. JARAMILLO.

Governor Otero's Second Appointment
of An Aide-de-Camp.

Governor Otero has appointed Hon. Venecio Jaramillo of El Rito, Rio Arriba county, an aide-de-camp on his staff with the rank of colonel. The new colonel is one of the brightest and most influential young men in the territory; as a member of the last legislative assembly he made a most enviable record as an honorable, courageous and careful legislator, although he was the youngest man in that body, as doubtless is today the youngest colonel in the United States.

Colonel Jaramillo was educated at St. Michael's college and at Notre Dame college in Indiana, and conducted an extensive business at his home in Rio Arriba county, besides being the manager of large herds of cattle and sheep, owned by himself, his mother and sister. The New Mexican congratulates both the governor and the new officer upon this very good selection.

The most famous resort in the city is the Brewery Sumner, also, cool and shady. St. Louis and Milwaukee beer. All kinds of soft drinks and lunches.

CITY NEWS ITEMS.

Regular meeting of W. B. T. & L. A. on Monday at 2:30 p. m.

U. S. weather bureau forecast for New Mexico: Partly cloudy tonight and Sunday.

Very successful normal institutes are now in session in the counties of Colfax and Bernalillo, and the one for San Juan county will open at Farmington the first Monday in September.

The Santa Fe sportsmen are having no end of fun in the valley south of town. This is the season when the festive cotton tail, which are very plentiful by the way, makes a more dainty morsel than the spring chicken.

The dance, which was postponed from last Tuesday, will be given next Tuesday in Armory hall by the W. B. T. Ice cream and cake will be served on the portal all evening for the benefit of those who do not wish to enter the dancing room. Admission to the dance, 50 cents; ice cream and cake, 25 cents.

At the request of the home mission committee of the Presbytery of Santa Fe, Rev. R. M. Craig will leave on Monday morning by the D. & R. G. for a two weeks' missionary journey through the counties of Rio Arriba and San Juan.

Said a gentleman yesterday, who keeps his eyes and ears open: "The rush of healthseekers to Santa Fe, and of capitalists to this country this fall, judging from present indications, will astonish the oldest settlers."

The sheep owners of New Mexico are feeling quite well these days. The same grade of wool that brought 7 cents per pound last year, is now selling for 14 cents; lamb last year brought \$1, while they now stand ready sale at \$1.60, and many ranchers are holding for \$1.80.

Professor Perez' band will render the following program in the plaza tomorrow evening at 6:30 o'clock, weather permitting.

March—Susquehanna..... Keller
Overture—Night in Chinatown..... Chaff
Waltz—Life is a Dream..... Zikoff
March—Constellation..... Clark
Polka—U. S. Two..... Barnard
Mexican Dance—Amor a Lupe..... Yarrow
Galop—Zip Zip..... J. H. Hyde
Venecio Gallegos—convict 889—
was discharged today from the penitentiary. He was sentenced from Bernalillo county to two years, for cattle stealing, and earned three months good time.

Work on the capitol building is progressing famously. The foot stones for the foundation are nearly all in place, and at the rate the things are moving now, Architect Rapp expects to have the first story enclosed before cold weather sets in.

Hon. Frank Springer of Las Vegas, has sent in a check for a life membership in the Horticultural society, and will do all in his power to make the coming fair, to be held in this city on September 7, 8 and 9, a success.

Let San Miguel county get a move on herself this year and make a showing at the territorial fair at Albuquerque, and the horticultural fair at Santa Fe. Her fruits, cereals and vegetables cannot be excelled in either quantity or quality.—Las Vegas Examiner.

City council meets tonight in special session. Appointments of a new marshal and of several policemen will likely come up. At this session the repairing of sidewalks of the city ought to be considered and prompt action to have this done should be taken.

Charles Lewis, fireman on engine No. 66, D. & R. G. railroad, was thrown from the cab window near Palmillo this morning. The train was running 22 miles an hour and Lewis received some serious bruises, but no bones were broken. He was brought home this afternoon, given medical attention and will be out again in a short time.

A mistake occurred in the published report in the New Mexican some time ago concerning the examination of teachers for this county. The report stated that Mrs. L. L. Brown had obtained an average percentage of 83, when it should have been 97. This correction is made at the request of County Superintendent Pino in justice to Mrs. Brown, an experienced teacher who has worked faithfully and successfully in this territory for many years.

Remember the annual fair of the New Mexico Horticultural society at Santa Fe, September 7 to 9. We are in receipt of a letter from the secretary who says the prospects are good for a fine exhibition. There should be a good representation by the fruit raisers of Socorro county.—Socorro Chieftain.

Official Notes.

On Friday, August 18, a postoffice was established in Colfax county, to be named Ramatite, located eight miles southeast of Elizabethtown, and John C. Neel was appointed postmaster.

Penalon was granted on August 12, to Jose F. Vigil of Puerto de Luna, at \$10 per month, dating from March 10, 1898.

W. A. Cassman, chief deputy U. S. marshal, and J. J. Sheridan, office deputy, the new appointments under U. S. Marshal Forsaker, went to Santa Fe Sunday. Two better men for the positions could not possibly have been found in the territory.—Silver City Enterprise.

KILLED AT LAMY.

A Recently Discharged Soldier Fell
Under Car Wheels Last Night.

Last night as the west bound passenger train pulled into the yards at Lamy, two men jumped from the baggage car to the track, one fell under the wheels and was instantly killed, the other, a Mexican, received some slight injuries by falling to the ground.

Sheriff Kinsell, in this city was at once notified of the accident, and taking Justice Bruno Romero, went to Lamy where an inquest was held over the remains of the man. On the body were found papers which identified the dead man as Gilbert C. Bryan. He had been honorably discharged from the United States army at Fort Collins on August 13, and from an express receipt, found among other papers for baggage, it is thought he was trying to get to Lamy, Calif., where the baggage had been sent.

Sheriff Kinsell says Gilbert was nicely and cleanly dressed, and a little over \$4 were found in the pockets of his trousers, apparently all the wealth he possessed. The body will be held as long as possible, in hopes that some instructions may be received from either Fort Collins or Lindsay, where telegrams were sent, as to its disposition, failing to receive any reply the burial will take place at Lamy.

Only pure and fresh drugs and chemicals used at Fischer's.

SCHOOL OF LANGUAGES

Under modern methods, young or old, readily acquire a foreign tongue.

Modern methods are best adapted to class instruction.

Classes for a term of twelve weeks begin here Monday, September 6:

SUBJECTS AND HOURS.
French..... 9 to 10 A. M.
German..... 10 to 11 A. M.
Spanish..... 11 to 12 A. M.
English..... 1 to 2 P. M.
Latin..... 2 to 3 P. M.
Greek..... 3 to 4 P. M.

A traveling and working knowledge of either of the modern languages given to ambitious persons in one term.

The director of the school is an American, who has lived abroad, and who has practiced the methods of Froebel, Froedag and Langenscheidt in New York for a number of years. He may be consulted every weekday from 4 to 5 at the public parlor of the Palace hotel.

Try Coca Cola the new drink and hear the phonograph at Fischer's Co's.

J. H. DIAZ, M. D.

Special attention to confinement cases. Treats the strictures of the urethra by linear electrolysis. The operation is entirely devoid of danger, relieves at once, causes no pain or inconvenience, no cutting is done, no forced dilatation, no use of anesthetic. Patients are not prevented from attending their daily work, but are able to go about just after the operation. Once cured no relapses take place.
