SANTA FE NEW MEXICO

OJO CALIENTE

(HOT SPRINGS.)

HESS Celebrated Hot Springs are located in the midst of the Ancient Rio Grande, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from the Denver and Santa Fe Railroad, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 188.34 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Gonorrhea, Aneurism, Scrofula, Catarrh, Le Gripe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—

ANTONIO JOSEPH, Prop.,

Ojo Caliente, Taos County, New Mexico

This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 11:15 a. m. and reach Ojo Caliente at 6 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.

SEALING QUESTION AGAIN

Ex-Minister Phelps Criticizes the Government—Great Britain Slow in Taking Action.

UNITED STATES WILL DESTROY HERDS

Editor Stead Learns Something in Washington That is News to Government Officials—Seal Question Must Be Settled.

Washington, Oct. 15.—Hon. E. J. Phelps, United States minister to Great Britain when the Behring sea question was under consideration, and later one of the United States representatives at the Behring sea court of arbitration in Paris, was asked today for an opinion on the present phases of the Behring sea case as developed by the coming conference between the United States, Russia and Japan. Mr. Phelps said he did not feel at liberty to speak on the subject in detail, "but I will say," he added, "that Russia has done, according to the published reports, what in my opinion we should have done in 1888, and what I advised our government to do."

The action of Russia as referred to by Minister Phelps is that of establishing a rigid system of protection to the Russian seal islands within the 30 mile zone, within which only the inhabitants of Russia are permitted to kill seals.

GREAT BRITAIN HAS NOT ACCEPTED. Washington, Oct. 15.—The state department has not yet been advised of the acceptance by the British government of the alternative proposition submitted by it, after the rejection of the invitation to come into an international conference, to have a meeting of British, Canadian and United States experts on the seal question.

REAL EXPERTS MEET. London, Oct. 15.—The British foreign office today intimated to United States Ambassador Hay, that the meeting of the seal experts of Great Britain, Canada and the United States will occur as agreed upon by the Marquis of Salisbury. It is learned that Professor Darcy Thompson, seal expert for the British foreign office, starts for the United States immediately from London.

REAL QUESTION MUST BE SETTLED. London, Oct. 15.—The Review of Reviews says that Editor Stead, while in Washington recently, discovered that unless the sealing question is speedily settled, the United States government will order the destruction, next season, of the entire herd of seals on the whole of the Pribyloff Islands.

A YOUTHFUL MURDERER. Thirteen-Year Old Boy Shoots and Kills a Little Companion—Sad Ending of a Quarrel. Guthrie, O. T., Oct. 15.—Thirteen-year-old Johnny Matthews was arrested today charged with murdering the 5-year-old son of Captain L. L. Bridges, a well known attorney, formerly of Sedalia, Mo. The boys quarreled yesterday, and this morning the murdered boy was found dead, lying in front of his father's house, with a bullet wound in his head.

Long Distance Record Broken. New York, Oct. 15.—First Lieutenant W. A. Wise arrived in this city this morning, having ridden on a bicycle from Washington in 27 hours and 39 minutes, official time. This breaks all former records.

CASES POSTPONED.

Retirement of Judge Field from Supreme Bench Changes Some of the Assignments Previously Made.

Washington, Oct. 15.—Chief Justice Fuller, when the Supreme court met today, announced that the Joint Traffic Railroad association case from New York and the Laeole gas light case from St. Louis had been assigned by the court for argument for the first Monday in January. The arguments had been set for this month, but Justice Field's retirement leaves the bench with only ten members, and in view of the important constitutional questions presented in these two cases, it was desired that they be heard by a full bench.

Korea Declared an Empire. Washington, Oct. 15.—The Korean legation received an official cable today stating that the "King has proclaimed himself emperor from this date, October 15, 1897." With Korea an empire it is felt that she gives unmistakable evidence to other aspiring nations that she has no intention of becoming absorbed by, or a petty kingdom of any other empire, but will exercise imperial authority herself.

WORK OF NEGRO WHITECAPS

A Negro Killer Lynched in Arkansas by Men of His Own Color After Being Discharged by the Courts.

Little Rock, Oct. 15.—It is just learned that Tom Parker, a negro, was lynched on Thursday by a mob near Kendall, Cleveland county. Parker was arrested for participation in a riot at a negro picnic near Kennel on August 3, in which J. J. Johnson, a white man, of Pine Bluff, was killed and his companion badly cut and bruised.

There was little evidence against Parker and he was released. Recently a band, supposed to be negro whitecaps, attempted to run Parker out of the community. Parker shot and killed one of the whitecaps.

He was arrested, fully exonerated and discharged. He was retried on Wednesday, and taken to Kennel. It is said that the lynching was done by friends of the negro whitecap killed by Parker.

Very Hot in Chicago.

Chicago, Oct. 15.—At 2 p. m. today the government thermometer registered 85 degrees. This is, according to the weather bureau officials, the hottest weather at this time of the year for 25 years.

An Important Stone Laid. Vladivostok, Oct. 15.—The foundation stone, of which is intended to be the great commercial port of Russia in this part of the world, was laid today with considerable ceremony.

THE GREAT ISSUE IN KANSAS

Controversy Between the State and Federal Courts Has Taken Tangible Form—Contempt Proceedings Invited.

Topeka, Kas., Oct. 15.—United States Judge Williams recently issued an order to force Commissioner McNall to issue to the Mutual Life Insurance company of New York, a license to operate in Kansas upon the payment of the usual fee.

Yesterday John E. Lord, general manager of the company, tendered the fee and demanded a license.

McNall announced his purpose to disregard Judge Williams' order and rely on the Supreme court of the United States for a writ of habeas corpus in case of imprisonment for contempt.

GOLD STANDARD WILL BE MAINTAINED.

London, Oct. 15.—The Globe which has close relations with the cabinet ministers, reiterates this afternoon that the government may be depended upon to maintain the gold standard inviolate.

PRESIDENTIAL PLUMS.

A Batch of Consuls Created, and an Indian Commissioner Appointed.

Washington, Oct. 15.—The president made the following appointments today: Consuls—John A. Barnes of Illinois, at Cologne, Germany; Leonard B. Smith of Maine, at Curacao, West Indies; William F. Sands of the District of Columbia, secretary of the legation at Seoul, Korea; Thomas B. Needles of Illinois, commissioner to negotiate with the Cherokee, Choctaw, Chickasaw, Muscogee, and Seminole Indians, vice Alex Montgomery, resigned.

Sheep, 3,000; strong; lambs, \$3.00 @ \$5.25; muttons, \$2.00 @ \$4.00.

Considering Ways and Means.

Washington, Oct. 15.—The cabinet was in session two hours today. Much of the time was devoted to the discussion of the financial affairs of the government. It is the wish of the administration to keep the expenditures from exceeding the receipts. The heads of the departments have been engaged for some time upon estimates for their departments and efforts are being made to have reductions made wherever possible.

CRIMINAL COURT CRUSH

A Large and Noisy Crowd, Chiefly Women, Attend the Lutger Murder Trial Today.

CIRCUMSTANTIAL EVIDENCE DISCUSSED

Ex-Judge Vincent in Midst of a Masterly Argument—Warns Jury of Danger of Relying Upon Circumstantial Evidence.

Chicago, Oct. 15.—The crush of humanity at the criminal court during today was terrific. It was the greatest crowd the trial has yet seen and the noisiest. More than half the crowd were women.

Ex-Judge Vincent resumed his argument where he left off Thursday afternoon. "Gentlemen of the jury," said he, "I had intended reading to you some 10 or 12 cases of circumstantial evidence, but, owing to the oppressive heat and in deference to the wishes and suggestions of the court, I shall curtail my readings considerably. But before I enter upon further discussion of the evidence in this case, I shall read to you two or three cases of interest."

Lutger's chief counsel then read from the law books definitions of circumstantial evidence and the weight that should be attached to such evidence.

"I will not say that circumstances do not sometimes point to guilt," observed ex-Judge Vincent, "but I will say (and I think with emphasis) warning to you 12 men) that the condemning to death of a human being on purely circumstantial evidence is a dangerous proceeding. Can any juror in that jury box say that Mrs. Lutger will not return before I have ceased this argument? Can any of you say that she will not come back to her home and her children next week, next month, next year or in the dim future? Unless you can, reasonable doubt exists in your minds and you must give the prisoner the benefit of it. Throughout your deliberations, remember that this prisoner is entitled to every reasonable doubt."

Ex-Judge Vincent was booked to talk all day. Tomorrow State's Attorney Alton need will close the case in a five-hour argument.

A JURYMAN WINKED.

Prosecutor Lowe Insists That This Proves That a Kansas City Jury Has Been "Fixed" by a Defendant.

Kansas City, Mo., Oct. 14.—That a friendly feeling exists between John F. Kennedy and some of the 12 jurors, trying him in the criminal court on the charge of robbing the Chicago & Alton train at Blue City last winter, was indicated today to Prosecutor Lowe and others in the room, who saw a jurymen deliberately wink at Kennedy. Prosecutor Lowe insists that the jury is "fixed" in Kennedy's favor. He expects to get enough evidence to lay the matter before the grand jury next week. The trial is proceeding.

MORE YELLOW FEVER CASES

Seventeen New Cases and Two More Deaths Reported in New Orleans—Galveston and Houston People Confronting.

New Orleans, Oct. 15.—At 1 o'clock today the board of health announced 17 new

cases of yellow fever and two deaths up to that hour.

PRESENCE OF YELLOW FEVER DENIED. Galveston, Oct. 15.—James Sewall, the last of Dr. Gutters' alleged yellow fever cases, was discharged today cured. Galveston and Houston citizens and physicians have been conferring to show that the disease is the same in both places and is not yellow fever, in order to induce other parts of the states to raise their quarantine.

INDIANS IN CONFERENCE.

Full Floods in the Indian Territory Held An Important Meeting Today.

Chelsen, I. T., Oct. 15.—Today there is in session at Forty Mile Creek, 40 miles south of here, one of the largest meetings of full-blooded Indians that has assembled for many years. Not only the entire Cherokee community of full bloods, but the full bloods of all the other tribes surrounding are there. They will prepare reasons why their government should not be abolished and present it to the senatorial sub-committee soon to visit here. The proposed immigration to Mexico will be fully discussed and it is probable that the Indians will come to a final decision today whether they will dispose of their homes and go to Old Mexico or remain here.

LAS VEGAS NOTES.

Lieutenant Taylor of the Otero Guards, has gone to El Paso to make his future home, much to the regret of his many friends.

The north wing of the normal school building is ready for the joists of the second floor, and the entire building will probably be completed by the middle of January, and ready for occupancy.

At a meeting of the county commissioners of San Miguel county, held at the court house yesterday, the resignation of Hon. Felix Martinez as county collector, was presented. E. C. de Baca and A. D. Higgins were appointed to investigate the books of ex-collector Carlos Gabaldon.

The Colorado Midland Railroad reaches the grandest scenery in the world, Ute Pass, Pike's Peak, Hagerman Pass and Hell Gate; many beautiful summer resorts; the most famous mining camps, Cripple Creek, Leadville, Victor and Aspen. It is the short and direct route to the fruit lands of the Grand valley, the Great Salt Lake and the "Golden Gate." Through Pullman sleepers and chair cars on all trains.

NOTED CROOKS CAUGHT.

Four of the most successful and daring burglars in the United States and Canada, and \$25,000 worth of stolen property awaits identification at the central station.

The prisoners are: "Sheeny Joe" Rubenstein, the leader and brains of the gang; James Williams, Harry Rogers, and James Fisherty. Letters in the men's possession, which have passed between them, showed that they had been taking a flying trip from coast to coast, robbing right and left. These letters also showed that they had agreed to meet in New York on October 1, and then go to St. Louis, where the goods would be disposed of.

"Sheeny Joe" and Harry Rogers, alias "The Gips," are Canadian thieves and Fisherty and Williams are New York crooks. The police of the entire country have been searching for the men for six months. None of them is over 30 years old.

Melon Lore. De only point of superiority in a cantaloupe over a watermelon, said a colored expert, is that it is easier to carry, but a watermelon is a heap easier to find in the dark.

EVERY LAWYER NEEDS THE CODE

The New Mexican Printing Company has it for sale. Bound in pamphlet form, in tough leatherette paper, as so to keep in the pocket. Bound in law book style, the office desk or library shelf. Flexible morocco leather cover, all names on cover in gilt—a handsome volume—that can be carried in the pocket or valise, and not injured. The pamphlet is thoroughly and comprehensively indexed, has ruled sheets of linen paper placed between each of the pages for reference notes, corrections or additions. It is just in proper shape for lawyers to use as a ready reference book. Place your orders at once, as a limited supply only has been printed.

WASHINGTON MINE CASE.

Reasons Given by Judge Hamilton
for Remanding Same for a
New Trial.

The case of Henry Lookhart, plaintiff
in error, vs. J. Q. Willis et al, defendants
in error, recently passed upon by the Terri-
torial Supreme court, is of more than
ordinary public moment because it in-
volves the title to the immensely valuable
Washington mine in the Cochiti mining
district.

The opinion of the court, remanding
the case for a new trial, was handed down
by Justice H. B. Hamilton and was con-
curred in by Chief Justice Smith and
Associate Justices Langhain and Bantz.

When ex-Receiver Delgado transferred
the office of receiver of public money to
Receiver Hobart, the other day, he
handed the latter a lonesome silver dol-
lar. He had previously placed to the
credit of Uncle Sam all the other funds in
his possession as receiver and disbursing
officer.

Corn husking bees are the prevailing
amusements in the suburbs of Santa Fe
these days. Whenever a rosy-cheeked,
cherry-lipped, dark-eyed maiden finds an
ear of corn with blue kernels in it, she
immediately bestows a smacking kiss
upon the young man she likes the best at
the "husking" and vice versa. It must
be an exceedingly pleasant and diverting
kind of amusement.

AROLD & HAIRER.

A MIDNIGHT BLAZE.

Adler's Saddlery Shop on Lower Frisco
Street Burned Last Night—Fine
Service of Fire Boys.

Between 1 and 2 o'clock this morning
a fire broke out in the saddlery and har-
ness shop of Edward Adler on lower San
Francisco street, and, in spite of the effi-
cient efforts of the fire department and
many others, the stock and tools of Mr.
Adler were practically ruined and the
building was badly damaged. The sec-
ond hand store of J. S. Candelario, next
door, was also damaged to the amount of
probably \$300.

The fire was first discovered by An-
tonio Candelario, who was sleeping in
the Candelario store and promptly gave
the alarm. The fire department, headed
by the leadership of ex-Marshall Epitacio
Gallegos, responded with remarkable
promptness and rendered splendid service,
speedily quenching the flames in the
burning building and saving those that
adjoin it on the east and west. The
water pressure in the mains of the Santa
Fe Water company was ample to meet
any emergency. So say all who witnessed
the quenching of the blaze.

Mr. Adler opened his place four
months ago and says that he has
since had all the work he could do. He
closed his doors at about 9 o'clock last
night and soon after went to the bedside
of his sick wife. He left neither fire nor
lamps burning in his shop. At the time
mentioned there was not a spark of fire
about his place. It necessarily follows
that the fire was incendiary in origin.

Mr. Adler had a fine lot of tools and
stock valued at several hundred dollars.
He estimates his loss at \$1,000, with in-
surance amounting to \$500 in the agency
of S. E. Lankard.

The building is owned by Mrs. Gallegos,
Charles Wagner agent, and the damage
thereon is estimated at \$800.

Mr. Adler says that as soon as his in-
surance is adjusted he will open another
shop and will be on the lookout for in-
cendiaries. He does not know of any
reason why his place should have been set
on fire, as he was unconscious that he
had an enemy in the city.

boy and as fine a specimen as one could
find in a year's growth. Record.

If the gentleman smiled that way over
the advent of a mere boy, what in the
world would he have done if the new
comer had happened to be a bright,
buxom, rosy cheeked and cherry-lipped
little girl?

The Raton Range remarks editorially:
According to the Albuquerque Citizen,
eight Berzillio county jurors knuck-
led enough to blow out the gas in the two
rooms where sleeping. Fortunately, for
the jurors, the deputy sheriff in charge
knew enough to remedy the matter. No
wonder intelligent people regard the jury
system as a travesty on justice.

A wall comes up from Las Cruces that
the good people there had to pay 75 cents
to get into the main arena, while the ad-
mission fee charged at El Paso, Deming,
Albuquerque and Santa Fe was only 50
cents. Doubtless this trifling discrimina-
tion grew out of the Rio Grande Repub-
lican's recent announcement that the
farmers of Dona Ana county had plenty
of money.

THE OLD WAY

Of Treating Dyspepsia and Indigestion
by Dieting a Barbarous and
Useless One.

We say the old way, but really it is a
very common one at present time and
many dyspeptic physicians as well
consider the first step to take in at-
tempting to cure indigestion is to diet,
either by selecting certain foods and re-
jecting others or to greatly diminish the
quantity usually taken, in other words
the starvation plan is by many supposed
to be the first essential.

The almost certain failure of the star-
vation cure for dyspepsia has been proven
time and again, but still the moment dys-
pepsia makes its appearance a course of
dieting is at once advised.

All this is radically wrong. It is fool-
ish to recommend dieting or starvation
to a man suffering from dyspepsia, be-
cause indigestion itself starves every or-
gan and every nerve and every fibre in
the body.

What the dyspeptic wants is abundant
nutrition, which means plenty of good,
wholesome, well-cooked food and some-
thing to assist the weak stomach to digest
it. This is exactly the purpose for which
Stuart's Dyspepsia Tablets are adapted
and this is the method by which they cure
the worst cases of dyspepsia, in other
words the patient eats plenty of whole-
some food and Stuart's Dyspepsia Tab-
lets digest it for him. In this way the
system is nourished and the overworked
stomach rested, because the tablets will
digest the food whether the stomach
works or not. One of these tablets will
digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's
Dyspepsia Tablets is the purest and safe-
est remedy sold for stomach troubles and
every trial makes one more friend for this
excellent preparation, sold at 50 cents
for full sized package at all drug stores.

QUADALUPE ST. - SANTA FE.

A MIDNIGHT BLAZE.

Adler's Saddlery Shop on Lower Frisco
Street Burned Last Night—Fine
Service of Fire Boys.

Between 1 and 2 o'clock this morning
a fire broke out in the saddlery and har-
ness shop of Edward Adler on lower San
Francisco street, and, in spite of the effi-
cient efforts of the fire department and
many others, the stock and tools of Mr.
Adler were practically ruined and the
building was badly damaged. The sec-
ond hand store of J. S. Candelario, next
door, was also damaged to the amount of
probably \$300.

The fire was first discovered by An-
tonio Candelario, who was sleeping in
the Candelario store and promptly gave
the alarm. The fire department, headed
by the leadership of ex-Marshall Epitacio
Gallegos, responded with remarkable
promptness and rendered splendid service,
speedily quenching the flames in the
burning building and saving those that
adjoin it on the east and west. The
water pressure in the mains of the Santa
Fe Water company was ample to meet
any emergency. So say all who witnessed
the quenching of the blaze.

Mr. Adler opened his place four
months ago and says that he has
since had all the work he could do. He
closed his doors at about 9 o'clock last
night and soon after went to the bedside
of his sick wife. He left neither fire nor
lamps burning in his shop. At the time
mentioned there was not a spark of fire
about his place. It necessarily follows
that the fire was incendiary in origin.

Mr. Adler had a fine lot of tools and
stock valued at several hundred dollars.
He estimates his loss at \$1,000, with in-
surance amounting to \$500 in the agency
of S. E. Lankard.

The building is owned by Mrs. Gallegos,
Charles Wagner agent, and the damage
thereon is estimated at \$800.

Mr. Adler says that as soon as his in-
surance is adjusted he will open another
shop and will be on the lookout for in-
cendiaries. He does not know of any
reason why his place should have been set
on fire, as he was unconscious that he
had an enemy in the city.

PLEASING PUBLICATIONS.

Passenger Department of the Santa
Fe Road Has Issued Two New
and Valuable Booklets.

The passenger department of the Santa
Fe road has adopted a new method of
advertising the health resorts on that line
of roads, and will issue a series of book-
lets, treating the different places separat-
ly. The first number of this series is
just out, and is entitled, "Las Vegas Hot
Springs and Vicinity." The little book
is handsomely illustrated with views of
the Montezuma hotel and scenes in the
country surrounding, and makes a hand-
some publication. Other works of a like
nature will follow as fast as they can be
prepared and printed. Another pamphlet
issued by the road is entitled "The Klou-
dike," and, as the title indicates, treats of
the wonderful gold country up under the
Arctic circle. It is filled with valuable
information and warnings for prospec-
tors and miners and will prove a bene-
fit to persons contemplating a trip to
Alaska.

Copies of these booklets may be ob-
tained free by applying to the passenger
department of the road, or to local
agents.
