Peculiar Reports from Manila Concerning Situation—Americans Acting Independently.

SPAIN OFFERS CONCESSIONS

Admiral Dewey Managing Affairs with Great Diplomacy and Skill—Blockade More Rigorously Maintained—Austrian Captain Slighted American Flag.

Copyrighted by Associated Press, Manila, July 9, via Hongkong, July 13.—The insurgents on Wednesday, July 6, reported that the German boat Irene, in Subic bay, refused to permit them to attack the Spaniards on Grande Island. Rear Admiral Dewey promptly dispatched the Raleigh and Concord to investigate. On entering Subic bay the Raleigh opened fire on the forts, whereupon the Irene slipped her cable and steamed out of the other channel. The result of the fine by the American warship was that the Spaniards, numbering over 500, surrendered everything. On returning to Manila, the Irene explained that she interfered "in the cause of humanity" and offered to hand over to the Americans the refugees she had on board. Admiral Dewey, however, declined to accept them.

Governor General Augusti has issued a proclamation promising to grant autonomy to the islands and offering the insurgents inducements to join the Spanish forces. General Aguinaldo, the insurgent leader, in reply said that the overtures came too late.

Americans and Insurgents Acting Independently.

Manila, July 7, via Hongkong, July 13.—The insurgents on yesterday made a vigorous attack on the Spaniards from all sides, with but little result. They shelled the Spanish block houses and trenches north of Manila, capturing the Spanish guns at Mesa. There was a furious musketry fire all night long at San Juan, Santa Ana, Pasco and Pasay, the Spaniards replying with artillery and musketry. The insurgents rushed the Malate entrenchments, pushing forward to the walls of the fort, but had to retire at daylight. It is probable the Americans and insurgents are acting independently, both conducting their own operations, hoping to evolve an agreement afterwards. The Americans are postponing their operations until prepared for any contingency.

Does Not Expect Trouble From Germans.

New York, July 13.—A special copyright cable from Manila, dated July 10, to the New York Journal, says that Admiral Dewey's taking possession of Subic bay defeats Germany's supposed plans to interfere in the Philippines. The insurgents captured the valuable merchant coast steamer named Philippinas. Natives had killed the officers of the ship before her capture. The insurgents were using the transport in an attack they contemplated making on Grande Island before Admiral Dewey was called upon.

Although the attitude of Germans is still irritating, Admiral Dewey is managing them with great diplomacy and he does not expect any trouble with them. The blockade will hereafter be more rigid. Only the supply ships of the American and foreign fleets are allowed to enter. The Esmeralda, arriving from Hongkong yesterday with passengers, was stopped and ordered back to sea. The Austrian cruiser Frobenburg arrived and saluted the Spanish flag first, after which she saluted Admiral Dewey's flag.

Reported Interference Not Mentioned.

Washington, July 13.—The Navy department has received a cablegram from Admiral Dewey. It is stated that the Raleigh and Concord to the question of supplies for the American Asiatic squadron. No reference whatever is made to the reported interference by a German gunboat between the insurgents and Spaniards at Grande Island.

Late Dispatch From Dewey.

The Navy department has received the following dispatch: "General Aguinaldo informs me that his troops have taken all the Subic bay ports except Isla Grande, which he was prevented from taking by the German man-of-war Irene. On July 7, the Raleigh and Concord went there, and took the island and about 300 men with their arms and ammunition. No resistance was offered. The Irene retired from the bay on their arrival. I shall send the Boston to Cape Engano about July 16, to meet the second army detachment. It is not practicable to send to Guana. No troops or vessels are available."

(Signed) DEWEY.

Promoted for Gallant Action.

Washington, July 13.—The president has directed the promotion of Lieutenant Colonel Worth, 13th Infantry; E. H. Liscum, 24th Infantry, and E. P. Ewers, 9th Infantry, to the grade of brigadier general in recognition of their gallant and meritorious action in the operations about Santiago.

Wounded and Sick Arrived.

Newport News, Va., July 13.—The steamer City of Washington has arrived at Old Point Comfort from Santiago with wounded and sick soldiers.

WILL SAIL JULY 25.

Second Half of Fourth Expedition for Philippine Islands Will Go in Three Vessels.

San Francisco, July 13.—Major General Otis has practically finished the plans for the second half of the fourth expedition. The three vessels comprising it will sail on the 25th inst. Colonel Berry, commanding the 7th California, and Colonel Kessler, of the 1st Montana, have been notified by General Otis that they will start that date. The rest of the expedition will be made up of either the South Dakota volunteers or the 51st Iowa troops.

MINISTERS NOT PARTICIPATING.

Spanish Government Not a Party to Peace Movement—Enormous Differences Between Spain and United States.

Madrid, July 13.—The government today gave assurances that the ministers are not taking any part in any peace negotiations which may be proceeding. The Correspondencia (independent and semi-official) says there is an enormous difference between the concessions Spain is willing to make and demands of the Americans.

WILL NOT ATTACK HAVANA.

Attention of Naval and Land Forces Will Be Turned to Spain and Puerto Rico.

New York, July 13.—A special to the Tribune from Washington, says: The actual departure of Commodore Watson's raiding squadron for the coast of Spain, which the naval authorities expect will occur about the end of the present week, indicate sufficiently the complete abandonment of any intention to besiege Havana in the next three or four months, and confirm the impression that no extended military operations will be prosecuted in Cuba after the capitulation of Santiago. Promptly upon the fall of Santiago it is announced that an expedition to Puerto Rico is to be undertaken, with General Miles in command of three divisions of troops, aggregating more than 30,000 men. His forces will include practically all the regular and volunteer troops now at Santiago, the Cubans and immunes being left to hold that province.

Blockade Runner Captured.

Washington, July 13.—Captain Sawyer, signal officer at Key West, reported to the war department that the ship San Domingo was wrecked off the Isle of Pines, Cuba, while trying to run the blockade. Her nationality is unknown. Captain Sawyer reports, but he believes she was one of the vessels secured by General Blanco to run the blockade and furnish food supplies to his army.

GENERAL BLANCO WANTS WAR.

Says That to Consider Peace Propositions at This Time Would Dishonor the Army.

London, July 13.—A special from Madrid says that Captain General Blanco has replied to the Spanish government's reiterated representations in regard to peace by energetically protesting against the idea of peace. General Blanco says: "The army has only just come into action and thus far cannot be said to have suffered reverse, although opposed numerically to a far stronger force. Spain cannot talk for peace without dishonoring the army in the eyes of the world. The Cuban volunteers declare they will not recognize any agreement concluded under present conditions, and even if deserted by Spain will continue the war themselves."

Weather Bureau Service Extended.

Washington, July 13.—A most radical extension of the weather bureau service yet introduced, will soon be operated by this government, by the establishment of a complete system of weather stations on the Caribbean sea, for the benefit of all nations whose interests lie in that region. Between ten and 12 new stations will be organized and a corps to inaugurate the new service and man the stations will be dispatched to the field in a few days.

CIVIL WAR IN CHINA.

Imperial Troops Defeated by Rebels—French Commercial Interests Threatened in Southern Provinces.

Canton, July 13.—Owing to the defeat of the Imperial troops near Woo Chow, 1,000 picked braves have been dispatched there, and there are reports of Imperial losses to be 1,500 killed, and adds that unless re-enforced before Friday he will be forced to surrender. The rebels declare they intend to overthrow the Manchui rule and promise an ample reward to any locally supplying recruits. They are in camp two or three miles east of Woo Chow and expect to advance today or tomorrow. It is reported that the French minister has informed the government at Peking that France may be obliged to interfere by force of arms, owing to the menace to French commercial interests in the southern provinces.

Trouble in South America.

Caracas, Venezuela, July 13.—The Italian squadron under Admiral Cancliani left La Guayra on Monday for Carthagena, Colombia, to seize the custom house there for non-execution of the Cerruti claim.

WILL MAKE NO CHANGES.

General Miles Not at Santiago to Take Command of American Forces—Things Moving in Good Shape.

Off Jaragua July 12 8 p. m. via Kingston.—General Miles said to a correspondent of the Associated Press: "I have not come down here to command and shall probably remain in a few days. It is too late to make any changes in the plan of the campaign, even if I desired to do so. But I have no complaint to make. Things seem to be moving in good shape. I intend to look over our lines and positions and reward the soldiers thoroughly, but I will not interfere in the conduct of the campaign. This is likely to be the only trip I shall make to the front."

Foreclosure of Railroad Mortgages.

Cleveland, O., July 13.—Proceedings were entered in the United States Circuit court today with a view to foreclosing mortgages against the Wheeling & Lake Erie railroad, aggregating \$3,000,000, and asking for the sale of the road to satisfy the claim. A failure to pay interest is alleged.

UNEASINESS AT THE WHITE HOUSE.

Suspicious Cases of Fever Among Employees of Quartermaster's Department Causes Apprehension—Sick Men Isolated.

Washington, July 13.—A special meeting of the cabinet has been called. A war conference, with Secretaries Day, Alger and Long and Admiral Seward and Captain Mahan participating, has been in continuous session all the forenoon and important dispatches are being considered. Rumors of disquieting news from General Miles are current, and a feeling of depression seems to pervade the White house. It was definitely learned that there are 14 suspicious cases of fever among the employees of the quartermaster's department near Santiago. Pending the determination of the exact character of the fever these men have been isolated in a valley near Siboney and placed under the care of immune doctors and nurses.

It was nearly 2 o'clock when the war conference at the White house broke up. Members of the cabinet, when questioned as to the general situation at Santiago, General Shafter and his advisers have come to the conclusion that the enemy has no idea of coming to our terms, and the repeated hoisting of a flag of truce is done with the alleged purpose of delaying a decisive engagement. It is believed that at that date a conference it was decided that orders should be sent to General Miles and General Shafter to make a general assault upon the enemy's work so soon as the weather permits. It is understood that this assault must necessarily cost many lives, but it seems equally certain that to keep the men much longer in the trenches under present weather conditions would be almost as disastrous to our forces as a general engagement. It is also believed that without material improvement in climatic conditions, the fall of Santiago and the surrender of the Spanish army there will be the close of the campaign in Cuba until the rainy season shall have passed. The presumption is that with the fall of Santiago the army will be re-embarked on the transports and sent to the United States where the troops will remain until October or even later, before making a general movement on Puerto Rico or Havana. Meanwhile our fleets would maintain a strong blockade off all Cuban ports and thus render further occupation much easier than now.

Sanctions Conditions for Troops.

Dispatches were received today from General Miles, General Shafter and Admiral Sampson, which caused some anxiety and much activity in official quarters. Although no word of any of the dispatches have been given out, those in position to speak intelligently of them, said the army was not due to a material change in the military situation, but rather to the severe conditions surrounding our soldiers the last few days.

To what extent the troops were affected the authorities would not disclose. It was stated definitely that no fighting was in progress up to the last report. It was also stated that the fears that the enemy might secretly draw off some of the forces to the mountains north of Santiago had not been realized. The authorities still surrounded and there appeared to be no apprehensions on the part of the officers as to the command that the enemy might get away. Much anxiety has been created at the war department by press reports that Brigadier General Lawton was sick in the hospital. Dispatches contained nothing concerning him.

National League Convention.

Omaha, Neb., July 13.—The convention of the National League of Republican clubs met today. Jos. L. Webster of Omaha, delivered a warm address of welcome on behalf of Nebraska. President Charles E. Winter, of the Nebraska State League spoke for his organization; Mayor Frank E. Morse for Omaha, and President L. Crawford, of the National League, delivered his annual address.

WILL ATTACK MANILA SOON.

Spanish Reports Say That Situation is Unchanged—6,000 American Re-enforcements Expected—Landing Party Repulsed.

Madrid, July 13.—An official dispatch from Hilo says: "A German cruiser which left Manila on July 5, brings a letter from the Captain General saying that the situation there is unchanged. The commander of the cruiser reports that the Americans expect 6,000 re-enforcements by July 15, when they will attack Manila from the north. Two rebel chiefs have been shot. Advice from Luzon report a general rising in both provinces, and in the operations at Sierra Capiz 25 insurgents and two Spaniards were killed."

Spaniards See Ghosts.

An official dispatch from Havana says: "The Americans attempted to effect a landing at Baya Bacoa near Tunas. The garrisons and forts forced them to retreat to the ships, which covered the landing, and which fired 200 shells on the forts. One Spaniard was wounded. The Americans renewed the attempt further away, but were again repulsed. An American transport is ashore at Punta Caney."

NEGOTIATIONS OFF

General Toral Has Refused Terms of Unconditional Surrender—American Lines Strengthened.

WOUNDED WELL CARED FOR

Terrible Privations Suffered by Santiago Refugees—Food Given Them by General Shafter—Officers Recommended for Promotion for Bravery.

Off Jaragua, July 12, via Kingston, Jamaica, July 13.—All negotiations for the peaceful surrender of Santiago have ended in utter failure, and the city must fall by the sword. General Toral, the Spanish commandant, has finally and definitely refused to accept General Shafter's proposal for an unconditional surrender, and the American army only awaits the word of its general to begin the final struggle. Just when the attack will be made depends upon the time which will ensue before General Randolph can land his batteries at the front, as it is definitely settled that the forward movement will not begin until the army is fully backed up by his guns, the absence of which cost so many lives during the previous engagements. General Randolph's movement began early this morning and tonight, out of ten batteries, but one of the four guns succeeded in making the way over the almost impassable trail to the trenches at the front. This, with the four batteries already there, is not considered by the American commandant to be sufficient. Probably 24 hours more will elapse before the general engagement begins. General Shafter's second and last proposal for the surrender of the city was sent into Santiago at noon yesterday. It went in the form of a terse note in which the general put down an answer to his government regarding the offer of our government to send his forces to Spain, which was granted.

Death of Judge Beaumont.

Judge Henry Beaumont died at St. Vincent's hospital at 8:30 this morning. Deceased was a native of France and was about 74 years of age. He was brought here from Bland on Friday in a critical condition suffering from dropsy. He has a brother at Bland and relatives living in California who have been communicated with, and until they are heard from it is not known what disposition will be made of the body.

A pretty picture on Santa Fe's streets last evening was a lot of little girls carrying flags and marching in good step. The smallest of the children among those able to walk seem interested in military maneuvers.

Mrs. A. O. Glidden and Mrs. Bornstein remembered the boys of Company C with pretty bouquets this afternoon. Each bouquet had attached a little scriptural text. Miss Eva Glidden made the presentation of the flowers.

The rains of the past ten days have settled the fruit and crop questions. Santa Fe and vicinity will be able to supply their neighbors with the products of the orchards and fields this year and still have a surplus left.

The interest taken in the mustering and departure of Company C, territorial infantry, and the absence of a large number of citizens, who went to Chamita, resulted in a quiet day for the Santa Fe merchants.

The side walk in front of the Andrews lot on upper Palace avenue needs repairing and needs it greatly. The property owners along that thoroughfare are making an effort to keep the sidewalks in good condition and the owners of the Andrews lot should follow suit.

The ladies of Santa Fe are certainly patriotic and deserve much praise for the manner in which they have looked after the comfort of the men who have come to the city for the purpose of enlisting. Each one of the soldiers have been furnished with a flannel abdomen protector, a "housewife" and a lunch on taking their departure for the front. The amount of work done by the ladies is almost incredible, and the "boys" will never forget the kind attentions shown them while here.

FIGHTING NOT RENEWED.

War Conference Held to Consider Health Conditions of Army at Santiago—Truce Extended Until Tomorrow Noon.

Washington, July 13.—Some concern is felt as to the situation before Santiago, largely because of a lack of definite advice. Up to 9 o'clock officials stated that there was no news of renewed fighting. At 10 o'clock a special meeting of the war board was in session. Secretaries Long and Alger and Adjutant General Corbin being among the participants. The conference, so far as can be learned, related to the health conditions of the army before Santiago. Information received today from the 5th army corps indicated that there is danger of fever at Siboney and other points.

Truce Extended Until Tomorrow Noon.

The War department has given out the following from General Shafter: Headquarters near Santiago, July 13.—Your telegram saying "no modification of orders" is just received. Have had an interview of an hour and a half with General Toral, and extended the truce until noon tomorrow; told him his surrender or would be considered and that he was without hope of escape, and had no right to continue the fight. I think it made a strong impression on him and hope for his surrender. If he refuses I will open on him at noon tomorrow with every gun I have, and will have the assistance of the navy which is ready to bombard the city with 13 inch shells.

Willing to Withdraw Forces.

Secretary Alger has received the following from General Miles: Playa del Este, July 13.—At a meeting between the lines at General Shafter and General Wheeler, and the Spanish General Toral were present. The latter claimed that he is unable to act without the authority of his government, but has received authority to withdraw and surrender the harbor, forts, munitions of war and the eastern portion of Cuba. He urgently requests until tomorrow noon to receive an answer from his government regarding the offer of our government to send his forces to Spain, which was granted.

The Holland Submarine Boat.

All of our readers are familiar with the Holland submarine boat, with which it is possible to go about completely under water. If the enemy have a powerful ship lying in a strongly fortified harbor, the boat can be submerged and make its way to the ship, place a powerful explosive under it and blow it to pieces without appearing above water. While this boat secretly destroys ships of the enemy, Hostetter's Stomach Bitters likewise attacks and overcomes dangerous diseases. A few doses will give relief in any stomach, liver or blood disorder. The Bitters not only cure the sick, but prevent the well from becoming sick. They should be taken by all who need a strengthening tonic.

A Cordial Invitation.

I trust, Mr. Borm, said Miss Cutting, as the young man was about to depart, that you will spend one more evening with us before we move into our new house.

Delighted, I assure you, Miss Cutting, replied Borm. By the way, when do you expect to move?

I'm not positive as to the exact date, she answered, but the workmen began excavating for the cellar yesterday, and papa expects the house to be finished in about 18 months.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by A. C. Ireland.

Sweet Felle, he smiled, he treated. But she protested, you are old enough to be my father.

Mon Dieu, what of that! he exclaimed impatiently. I can prove by documents that I am not your father!

For they do many things differently in France.

"During the hot weather last summer I had a severe attack of cholera morbus, necessitating my leaving my business," says Mr. C. A. Hare of Hare Bros., Cincinnati, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble." For sale by A. C. Ireland.

An Incompetent Official.

The Prairie Rose—Isn't today's mail in yet?

The Postmaster—No, miss; I dunno what's getting into the carrier. He wasted half an hour yesterday shooting up some road agents when the job ought to have been done in five minutes.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by A. C. Ireland.

A Handicap.

Husband—My dear, these trousers are frayed at the bottom.

Wife—They are the best you've got, John except your dress trousers.

Husband—Well, give those to me. I have an important interview today in which I expect to be at different times proud, haughty, indignant, dignified, and perhaps a trifle disdainful. A man can't be all that successfully with fringes on the bottoms of his trousers.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by A. C. Ireland.

Liberty, &c.

It is in the moment of greatest prosperity that our free institutions are most in danger, remarked the observer of men and things. That is to say the price of liberty sympathizes more or less with the price of wheat.

A Battling Pacemaker.

Perkins—I hear there is a very fast set at the Upaganset House this summer.

Jorkins—Yes; they have a Chicago widow for a pacemaker.

OFF FOR SERVICE

Company C Started for Whipple Bar-
racks This Afternoon Amidst
Great Enthusiasm.

THREE OFFICERS, 103 MEN

Sketches and Personalities of Officers and Men
—Splendid Work of Ladies Soldiers'
Aid Society—Affecting Scenes and
Fond Farewells.

The Departure.
Company C has gone and again Santa
Fe sorrows, grieving over the departure
of its gallant sons and the brave boys
who came here from other towns to
volunteer in the service of their country
and without doubt, in the service of
humanity, progress and liberty.

At 2:30 p. m. the march to the station
began and the boys were heartily cheered
all along the route.

The procession was headed by the
1st regimental band and following came
about 30 members of Carleton post, G.
A. R., about 100 citizens in line also
preceding Company C.

Arriving at the station the time in-
tervening before the departure of the
train, shortly after 4 o'clock, was con-
sumed in the leaving-taking of fond par-
ents from their sons and the many
farewells said by friends.

Many hundreds of people crowded
around the station and the send-off
given the "Rough Riders" was repeated.
When the young men boarded the cars
they were loaded with presents of va-
rious kinds, from the useful underwear,
shirts and other wearing apparel to the
dainty box of bonbons and exquisite
bouquet of flowers.

Tastefully prepared luncheons, neatly
done up in packages, were given to each
of the soldiers. Aid society, that or-
ganization of noble women who have
done so much for the soldiers comfort
while sojourning in this city.

The parting was indeed sorrowful.
Women who had sustained themselves
with brave hearts until the hour of part-
ing had actually arrived, could not re-
strain the tears from springing to their
eyes as they clasped their brave boys in
the farewell embraces.
The train that will convey the sol-
diers to Fort Whipple is made up of
three coaches and a baggage car which
will go through as the second section of
No. 1 Santa Fe passenger. The cars were
attractively decorated with red, white
and blue streamers and with a banner
on the side of each car. One of these
read: "God Will It So and So It Is.
We are Soldiers on the Way." Another
with the following: "Like a Thief in the
Dark, by an Electric Spark. In the
Dark it was Done by Spain. By God's
bright Light in open Fight, we
will make them 'Remember the Maine.'"
The banner on the last car read: "Com-
pany C, New Mexico Battalion U. S.
Volunteer Infantry."

Commissioned Officers.
Captain David Mitchell, of the 15th in-
fantry, who has been commissioned ma-
jor to date July 4, by Governor Otero, is
a native of Missouri and was appointed
a 3d lieutenant in the army in 1891, and
a 1st lieutenant January 31, 1892, and to a
captaincy July 13, 1896. Major Mitchell
saw hard and arduous service with his
regiment in this territory, Arizona, and
the State of Chihuahua, Mexico, during
the Victoria Apache Indian campaigns
in 1877, 1878 and 1879, and took part in
the expedition under command of Col-
onel Buell that drove Victoria and his
band of Hot Springs Apaches from this
territory into Chihuahua and into Mex-
ican territory, where the band was fi-
nally wiped up. In 1879 Major Mitchell
commanded a company of the 15th in-
fantry, when the regiment was sent to
Colorado to take part in the Ute war
after the Thornburgh massacre. He
served them in Colorado and Dakota, he
also took a course of two years at Fort
Leavenworth, where he graduated with
honor. He was on recruiting service
for two years in Columbus, O., Memphis,
Tenn., Wheeling, W. Va. From 1883 to
1887 he was with his regiment at Fort
Sheridan and then came again to New
Mexico. Major Mitchell was appointed
muster officer of the territorial vol-
unteer infantry regiment for New Mex-
ico and was offered the position of
major by Governor Otero. He has a fine
reputation as a brave, capable and con-
scientious officer and has many friends
in this territory, who are gratified at
the fact that he will be connected with
the regiment and in command of New
Mexico volunteers. His appointment

gives great satisfaction to the people of
the territory.

Dr. H. M. Smith, of Las Vegas, who
is one of the eminent surgeons is a
native of Paul Kansas, and 27 years of
age. He graduated at the Chicago Med-
ical college in 1891, with high honors.
Entered the hospital service of the Santa
Fe railway at once and has been con-
stantly connected therewith as a physi-
cian, being stationed at Topock and at
Chilans, one of the track regiments of
cavalry in their term army. He came
to the United States in 1882, and in 1886
entered the U. S. army at Fort Union,
N. M. He served seven years in the
10th infantry and saw service in Ari-
zona during the Geronimo campaign.
After serving four years in that cap-
city, he was discharged as 1st sergeant
of Company, 10th infantry. Since
his discharge on July 4, 1893, he has
been employed under Surveyor General
Hobart, Easley and Vance as a drafts-
man. He has served as a captain, lieu-
tenant colonel in the New Mexico
National Guard since 1893.

1st Lieutenant Page B. Otero, is a
native of New Mexico, a brother of
Governor Otero, about 40 years of age
and was educated at the St. Louis
university and at Norte Dame, Indiana.
He held a commission as a lieutenant
in the New Mexico National Guard
during the past year. Lieutenant Otero
has been a special agent on duty with
the court of private land claims for se-
veral years.

John Walz Catron, 2nd lieutenant, is
a native of the city, about 20 years of
age and the son of Hon. T. B. Catron,
ex-delegate to congress. The young
man has attended some of the best
educational institutions in the country.

Non-Commissioned Officers.
Ernest C. L. Barber, who has been
appointed hospital steward for the New
Mexico battalion and who left with
Company C, is especially well fitted for
the position he is to occupy. He is a
man 30 years old and came to Santa
Fe from Las Vegas to enlist with the
"Rough Riders." After enlisting he
was taken ill, becoming so sick that he
was forced to remain behind. Steward
Barber was chief nurse of the hospitals
of the great Gould system of railways
for a considerable time. He is an
Englishman by birth and was attached
to the 4th Hussars in the British army,
seeing service as chief field nurse with
General Kitchener's column, which
went to the relief of General Gordon
at Khartoum. He was granted a medal
of the third class order by the Khedive
of Egypt for excellent service in the
field under the English and Egyptian
flags.

James C. Leahy, 1st sergeant and as
present in charge of the company as drill
master, was born in Longlake, Can. He
served seven years as a sergeant in the
13th infantry and is thoroughly "con-
versant" with the duties of his position.
He is just as loyal to the flag to-
day as he was when he joined the
Richmond Cadets and served during the
balance of the war in the confederate
army. He is just as loyal to the flag to-
day as he was when he joined the
Richmond Cadets and served during the
balance of the war in the confederate
army. He is just as loyal to the flag to-
day as he was when he joined the
Richmond Cadets and served during the
balance of the war in the confederate
army.

While company C was undergoing its
last drill, in company formation this
morning, the men were lined up in
front of the Historical society's rooms
and there each member was presented
with a copy of the new testament by
the members of the Episcopal, Meth-
odist and Presbyterian churches of this
city. The presentation was made by
Rev. Father Gay, of the Episcopal
church and the beloved old gentleman
also presented the boys with a collection
of prayers handed arranged for easy
carrying. In his fatherly way he also
talked with the volunteers reminding
them to look out for their souls as well
as their bodies. The soldier boys
listened with respectful attention and
his considerate words certainly went
to their hearts. Members of the Ladies
Soldiers Aid society then presented the
boys with abdominal bandages, made
by the hands of the ladies of the society.
The regard for the men held by the so-
ciety was further shown by some of
the young ladies pinning bouquets
on the coat laps of each volunteer as
they stood in line.

Notes by the Way and Personalities.
It can doubtless be said with truth
that no better drilled company of
volunteers will be at the front than
Company C.

The commissions of the commissioned
officers of Company C bear date as fol-
lows: Captain Strover and Lieutenant
Otero, June 29; Lieutenant Catron,
July 12.

Major Mitchell has received an in-
definite leave from the War department
in order to accept the appointment as
major of the territorial volunteer infantry
regiment.

Before leaving for Chamita this morn-
ing Mrs. Prince left orders for lun-
ches to be prepared for several of the sol-
dier boys, notably for Jim Read and
Juan Sena, two of her special favorites.

The children of Lieutenant Fred W.
Wentge presented a beautiful bouquet
to Maurice Goldoft, who is one of the
volunteers. Goldoft gave up a good
place in his father's establishment in
order to volunteer.

The old superstition concerning the
number 13 does not bother the new
Company C. It required 13 days to se-
cure a quota for the company, they were
mustered in on the 13th of the month
and further there are just 13 native
New Mexicans in the company.

One of the young recruits from
Trinidad brought with him the consent
of his father for his enlisting in the fol-
lowing brief epistle: "Ye can take
Murphy if he wants to go. Signed,
Pat. Murphy." It is needless to say
that the young man is with the boys that
went to Fort Whipple today and will be
an honor to the patriotic parent he
leaves behind.

The merchants around town have
decorated their places of business very
handsomely with flags and bunting.
Something unique in this line is the
green flag of old Erin with the harp as
a centerpiece that waves from a pole in
front of Conway's Bon-Ton restaurant.
There are few if any other Irish flags in
the territory. Mr. Conway says that
Company C has many number of Irish-
Americans in its ranks and he puts up
the flag in their honor.

In Company C there are two young
men named Allen. They came in the
other evening with the recruits from
Trinidad. They are no relatives, being
residents of widely separated localities.
H. P. Allen, 27 years old, came to Trin-
idad about 5 weeks ago, securing em-
ployment with the Colorado Telephone
company. He was an employee of the
Mare Island navy yard, at San Fran-
cisco, until the recent earthquake threw
all the men there out of work. His
home is at Warren, Penn. Leslie Allen
is 32 years old, and has been living at
Trinidad since 1892, where he was en-
gaged as weighing clerk for the
Victor Coal company. He is a native of
Missouri.

Company C is quite cosmopolitan in
its make up. Among the nationalities
represented there are 85 born in the
United States, four Germans, two Irish-
men, two Russians, one Austrian and
five Scotchmen. Included among the
volunteers whose nationality is put
down as Americans are 13 natives of
the territory, sons of Mexican parents.
It will be found also that many others
who claim the United States as their
place of nativity are sons of foreign
born parents, a number of Germans,
Irish, English and Scotch. But every
man among them is a true and loyal
American and as such they are greeted.
All honor to them.

The Hearts That Go.
All hail to the flag that floats above.
Hail, hail to the men below!
There's a pair for soldiering hearts that stay,
But cheers for the hearts that go.
With the shuffle of feet and the beat of drum,
Let the nation as our boys go.
"All hail to the boys that go!"

Cheer the resolute lads who are off to war.
They bring the standard low.
Ho, for the boys! Though our hearts be sore,
Stout are the hearts that go.

Honor and fame to the boys—our boys!
Honors on them bestow.
But the hearts at home have fewer joys:
There are tears for the hearts that go.

Pat. Murphy." It is needless to say
that the young man is with the boys that
went to Fort Whipple today and will be
an honor to the patriotic parent he
leaves behind.

The merchants around town have
decorated their places of business very
handsomely with flags and bunting.
Something unique in this line is the
green flag of old Erin with the harp as
a centerpiece that waves from a pole in
front of Conway's Bon-Ton restaurant.
There are few if any other Irish flags in
the territory. Mr. Conway says that
Company C has many number of Irish-
Americans in its ranks and he puts up
the flag in their honor.

In Company C there are two young
men named Allen. They came in the
other evening with the recruits from
Trinidad. They are no relatives, being
residents of widely separated localities.
H. P. Allen, 27 years old, came to Trin-
idad about 5 weeks ago, securing em-
ployment with the Colorado Telephone
company. He was an employee of the
Mare Island navy yard, at San Fran-
cisco, until the recent earthquake threw
all the men there out of work. His
home is at Warren, Penn. Leslie Allen
is 32 years old, and has been living at
Trinidad since 1892, where he was en-
gaged as weighing clerk for the
Victor Coal company. He is a native of
Missouri.

Company C is quite cosmopolitan in
its make up. Among the nationalities
represented there are 85 born in the
United States, four Germans, two Irish-
men, two Russians, one Austrian and
five Scotchmen. Included among the
volunteers whose nationality is put
down as Americans are 13 natives of
the territory, sons of Mexican parents.
It will be found also that many others
who claim the United States as their
place of nativity are sons of foreign
born parents, a number of Germans,
Irish, English and Scotch. But every
man among them is a true and loyal
American and as such they are greeted.
All honor to them.

The Hearts That Go.
All hail to the flag that floats above.
Hail, hail to the men below!
There's a pair for soldiering hearts that stay,
But cheers for the hearts that go.
With the shuffle of feet and the beat of drum,
Let the nation as our boys go.
"All hail to the boys that go!"

Cheer the resolute lads who are off to war.
They bring the standard low.
Ho, for the boys! Though our hearts be sore,
Stout are the hearts that go.

Honor and fame to the boys—our boys!
Honors on them bestow.
But the hearts at home have fewer joys:
There are tears for the hearts that go.

coldest soda water to be had anywhere.
