WRECKING WORK

Upon Cervera's Sunken Vessels Will Be Conducted According to Different Plans.

HOBSON'S IDEA PREFERRED

But a Swedish Wrecking Company Appears with Offers Not to Be Set Aside Without Careful Consideration.

New York, Nov. 2.—A dispatch to the Tribune from Washington says: The Navy department has practically decided to abandon wrecking operations under the existing contracts on the Spanish cruisers Cristobal Colon, Viscaya, Almirante Oquendo, near Santiago and approve the recommendation of the Constructor Hobson and other officers who have been superintending the work of rescuing these vessels. The department concludes that the Viscaya and Almirante Oquendo can probably never be rescued. The department will direct Captain Chester, senior naval officer on the south coast of Cuba, to concentrate wrecking work for the present on the Reina Mercedes and to destroy the collier Merrimac.

Naval officials have not expressed any particular dissatisfaction with the work of the Merritt and Chapman Wrecking Company which has received \$1,000 a day for more than three months at Santiago, but experts are agreed that little can be accomplished beyond raising the Reina Mercedes with the present plant. This decision has been influenced by the arrival at Washington of representatives of the great Swedish wrecking corporation which succeeded in rescuing the British battleship Howe from a condition comparative with that of the Cristobal Colon. This company is not only confident of its ability to bring the Cristobal Colon to the United States, but is ready to guarantee delivery of the Maine in the big dry dock at the New York navy yard. The Swedish wreckers propose to take all risks of failure without expense to the government and rely, if they succeed, for compensation wholly on arbitration.

THE SANTA FE'S LATEST PURCHASE.

San Joaquin Valley Line Shown to Be a Valuable and Promising Piece of Property.

Chicago, Nov. 2.—The directors of the Santa Fe railway has issued a circular to its stockholders giving reasons for the purchase of the San Francisco & San Joaquin Valley railroad. The directors say: "The road in its present unfinished condition, with no connection south of Bakersfield, or with access to San Francisco except by boats from Stockton, earned more than its operating expenses and taxes. Its earnings will be largely increased when completed to San Francisco and in receipt of the through business of the Santa Fe system and from that city and other points in northern California. If it shall be found necessary to construct connecting lines between Bakersfield and some point of intersection with the Santa Fe system in California, means can be provided, either by using the general mortgage bonds reserved for extension purposes or by an issue of bonds upon the new line. It is the expectation of your directors, however, that such construction will not be required, as trackage rights over the existing line between Bakersfield and Mojave, 68 miles, can probably be obtained."

New York Regiment Mustered Out.

Washington, Nov. 2.—The War department has ordered the muster out of the 22nd New York regiment. Colonel Franklin Bartlett, member of congress, commanding. The regiment is now at Fort Stocum. The department has substituted the Wyoming battery for the Utah battery in making the designation of troops to go to Manila.

A TALE UNFOLDED

Retired Army Officer Refused a War Department Appointment Takes a Newspaper Assignment in Cuba.

TELLING WHAT HE SAW

Nothing But Mismanagement Before and After Leaving American Soil, Especially in the Medical and Quartermaster's Departments.

Lexington, Ky., Nov. 2.—The first witness before the war investigating commission today was General Joseph P. Sanger, in command of the 3d division. He said the 2d division's camp at Chickamauga was badly located, being on rocky ground, where sinks could not be dug deep enough.

When asked why the quartermaster's department could not furnish the articles necessary for supplying the army General Sanger said: "The complex system of furnishing supplies to our army is at fault. If there was one department to supply all the army's wants there would be no clashing, and complications could not arise. At Chickamauga the control of my division hospital was taken from me and given to the chief surgeon of the corps."

The general then went into a discussion on the complex system of our war regulations taking away the regimental surgeon and causing the mismanagement which led up to overcrowding the division hospital and the great spread of typhoid. General Sanger said he considered the weak point at Camp Thomas was its bad sanitary condition. Men had plenty of clothing and plenty to eat. There were over 600 licensed hucksters who visited Camp Thomas, and much lemonade was sold. General Brooke did all he could to bring the camp to a good sanitary condition, but was surrounded by a medical board which did not appreciate the serious condition of affairs. Dr. Huidekoper especially thought Dr. Griffith unnecessarily alarmed. Dr. Griffith insisted that a case diagnosed as typhoid-malaria fever was in reality typhoid fever. He examined the Chickamauga creek where it was located; and an engineer officer examined it and pronounced it bad."

Major Romeyne's Testimony.

Washington, Nov. 2.—The war investigating commission held a session here today to hear the testimony of Major Henry Romeyne, 5th infantry, retired. He said he had asked for a military assignment, but was refused. So he went as a correspondent for a weekly newspaper. He said when he went to Fort Tampa the canal bank was covered with troops. He wanted to go over with the 5th infantry, his old regiment, but no one could tell him where the regiment could be found. There was great confusion in consequence, and part of one regiment would go on one vessel and part on another. Regiments were thus separated from their stores. He had seen no order for any systematic embarkation of troops, and he heard it said that they were told to go aboard better-skillet. When asked to express an opinion as to preparation for embarkation, witness hesitated, saying to do so would involve criticism of his superiors. When the commissioners insisted upon a reply, Romeyne said he did not think preparations were such as they should have been.

"There was," he said, "a lack of surf boats, also of order and preparation for landing. When landing was undertaken, the troops left their ships indiscriminately, part going at one time and other parts at other times."

In response to questions from General McCook, Major Romeyne said that ambulances and wagons could have been landed as easily as artillery. He had seen only one ambulance at the front, at the battle of El Caney. In speaking of other incidents of this battle he said there was a general surprise that the inflated balloon should be carried at the head of the attacking column, thus indicating to the Spaniards the exact location of the troops. He said Siboney was without exception the dirtiest place he had ever seen and no effort was made to clean it up before the fever broke out. Then there was a deficiency of proper food at the hospitals, where the cooking was generally poor.

Romeyne said he came north with many other convalescents on the transport Concha. He criticized the provisioning of the vessel in severe terms. Many men were compelled to sleep in bunks without blankets or pillows, and with no covering at night except the cotton uniform they wore during the day.

"The water was offensive, both to sight and smell," he said. "The food was poor and scanty, none being provided, especially for convalescents." Witness stated there was only one physician on the vessel and he a convalescent. Of the six men who died on the way up, Romeyne thought that with proper attention and good food, some of these could have been saved. He said he was unable to place the responsibility for neglect, but the captain of the vessel stated that when he made application to go to Jamaica for fresh food and water before starting on the voyage from Santiago, his request was refused.

NEW COMPLICATIONS

Russia Takes Advantage of the Present Strained Relations Between England and France

TO SIEZE A TREATY PORT

England Will Not Stand This Aggression and Is Preparing a Large Fleet for China Sea Operations.

London, Nov. 2.—A dispatch from Wei Hai Wei announcing war preparations, officials here regard as grave, coupled as they are with Anglo-French war preparations. It is surmised that Russia, profiting by the present strained relations between Great Britain and France, has decided to push forward her claims in the far east by forcibly seizing the valuable treaty port of Wing Chwang which Great Britain cannot permit.

All British warships here, the 1st class battleship Centurian, the 1st class cruiser Narcissus, the 2nd class cruiser Harmione, the torpedo boat destroyers, Whiting, Fame and Hardy, and the 1st class gunboat Peacock are ready for sea at an hour's notice. The 1st class battleship Victorious and 1st class cruiser Undaunted at Chee Foo are coaling to their full capacity. The greatest secrecy is maintained as to the meaning of these warlike preparations, but there is no doubt that important instructions are expected at any moment. A large Russian fleet is assembled at Port Arthur.

TRIALS OF SALESWOMEN.

Mrs. Pinkham Says Standing Still is One of Woman's Most Trying Tasks.

Have you ever thought why it is that so many women or girls rather walk for an hour than stand still for ten minutes?

It is because most women suffer from some derangement of their delicate organism, the discomfort from which is less trying when they are in motion than when standing.

So serious are these troubles and so dangerous to health that the laws in some states compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. Customers are exacting, and expect the saleslady to be always cheerful and pleasant. How can a girl be cheerful when her back is ached by lassitude and bearing how sweet tempered she is way under the pain after a while.

Important capital, and no one can be amiable when racked with pain. If you are ill or suffering, write without delay to Mrs. Pinkham, at Lynn, Mass., and tell her all about yourself. Your story will not be new to her; she has heard it many thousand times and will know just what you need. Without doubt, Lydia E. Pinkham's Vegetable Compound will help you, it has done such wonderful things for suffering women. Do not hesitate to write her all the little things that make you feel miserable. Your letter will not be seen by any man, and Mrs. Pinkham's advice will cost you nothing.

"DEAR MRS. PINKHAM:—For years I had suffered with painful menstruation every month. At the beginning of menstruation it was impossible for me to stand up for more than five minutes, I felt so miserable. One day a little book of Mrs. Pinkham's was thrown into my house, and I sat right down and read it. I then got some of Lydia E. Pinkham's Vegetable Compound and Liver Pills.

"I can heartily say that to-day I feel like a new woman; my monthly suffering is a thing of the past. I shall always praise the Vegetable Compound for what it has done for me."

SOLDIERS' BODIES REMOVED.

They Are Brought to This Country from Santiago for Burial in United States Soil.

Washington, Nov. 2.—A cablegram received at the War department from General Wood at Santiago says: The transport Panama sailed today with the remains of Captain W. M. Dickinson and Lieutenant Dennis M. Mitchell, of the 17th infantry; Lieutenant Thomas A. Wansboro, of the 7th infantry; Sergeant M. D. Russell, the 1st cavalry, and 13 privates.

Captain Dickinson was appointed to the military academy in 1876, and on graduating in 1880, was appointed to the 4th cavalry. He was transferred to the 17th infantry as 1st lieutenant in 1891, and was made captain during the late war. Lieutenant Wansboro was appointed to the military academy from New York in 1892, and on graduation, in 1896, was assigned to the 16th infantry, and later was transferred to the 7th infantry.

FACUNDO F. PINO,

If the citizens of this county desire a strong and able man to represent them in the assembly they should vote for Hon. T. B. Catron for the council.

Mr. Atanasio Romero has proven a courteous and efficient county clerk. The people will do very well to continue such a faithful officer in office and should vote for him on election day.

The voters of Santa Fe county should cast straight tickets for the Republican candidates. Every nominee of the Republican party is capable and will make a careful, honest and competent official.

The Republican nominees for the house of representatives are good men for the positions and such men as every good citizen should vote for. Hence, Messrs. Victor Ortega and William Kilpatrick should be elected.

Charles W. Dudrow will do his duty fearlessly and thoroughly if elected sheriff. This county will have another two years of peace and a reign of law and order under such a man as sheriff. The citizens of this county should give their votes on election day, and that by a handsome majority.

"Ferguson on the Race Issue and Religious Prejudice in New Mexico."

In his speech delivered to the Democratic convention and a mixed audience at Santa Fe on October 29, Mr. Ferguson said: "I will tell you here, my friends, what is true, that a large part of the reason why they rejected us as a state was from religious prejudice. They were ashamed to put it in that way, but they talked it in the cloak room, and a large part of the reason why we were rejected as a state was because of the religious convictions and prejudices of a large part of the people of New Mexico, and that in the face of the constitution of the United States, which guarantees to every citizen of this republic the free exercise of

his religious convictions, of his conscience. The Republican party, upon this subject of statehood, has shown itself to be intolerant of the citizens of this republic, intolerant contrary to the constitution of the United States, of the religious convictions of bodies of people in this country."

The above statements are as false as they are absurd, and is bringing upon the political platform a question which belongs only in the home and in the church. What he means to say, probably, is that the reason the statehood bill was rejected was on account of the large majority of citizens belonging to the Catholic church; while that church has not actively participated in politics, Cardinal Gibbons of Baltimore, and Archbishop Ireland, as you all know, from patriotic motives, supported Mr. McKinley and his platform at the last election, and the letter of the latter prelate upon the duties of the churchmen and particularly of the churchmen, in upholding good government, law and order as against the enunciations of the Democratic platform at Chicago and Bryanism, was a very potent factor in the election of Mr. McKinley. He disclaimed in that letter any political partisanship, but placed his views and his advice to the citizens upon the highest ground of patriotism and love of country. It can never grow old and should be read as is the Declaration of Independence.

The New Mexican does not know whether Mr. Ferguson is a Presbyterian, a Baptist or an infidel; but we do commend it to the careful consideration of every voter in New Mexico, whether such a statement, publicly made, is not only a gross breach of decency in politics, but absolutely untrue and a reflection on the people who do not share his own particular religious belief.

In regard to the "race issue" Mr. Ferguson said: "I would be glad, indeed, if I could have Mr. Perea come before an audience, a Baptist or an infidel; but does not ask him to ask him this: If he thinks that an audience like this would receive a candidate for delegate in the way which he would have seen if he had been here tonight; if after seeing this reception, he believed that in the campaign which he is carrying on the still hunt, that he is pursuing, trying to get elected to congress by pleading the race issue, and if he had seen the way I was received by the native Democrats of the county of Santa Fe, I would like to ask him, after seeing that, if he thought he could beat me on any such campaign as that? I received my friends in Taos county, in Rio Arriba county, in Union county, in San Miguel county, and now here tonight in Santa Fe county, by the Spanish-Americans of New Mexico. I know they are incapable of being misled by any such argument as that. We all American citizens, under the same flag, interested in the same country, and that the Democrats are Democrats from principle, and they cannot be misled, taken away from their principles by the candidate of the opposition party, because he is a Spanish-American. At first we did not know, or rather, some of my friends asked if carrying on a campaign like Pedro Perea is, asked what will be the result? The first answer was made at the Deming convention, when young Baca from Union county and Jose Manuel Gonzales from Union county and others from this county and from Taos county and Guadalupe county, prominent Democrats of the Spanish-American race went to Deming hundreds of miles, to the Deming convention, and nominated me as their delegate—that was the first answer made by these people. Now, while the campaign is on, when no more than 10 days are left, I can come back to you in Santa Fe from my trip through these other counties up north, and I can tell you that I received this the second answer of those people with all this enthusiasm for Democratic principles. I will tell Pedro Perea when the 8th of November comes, I believe he will get the final answer."

These statements again are absurd and false. What Mr. Ferguson means by Mr. Perea carrying on the "still hunt" is unknown. He is not connected with the internal revenue department, looking for illicit stills, and that he is not "still," in the other sense of the word, but on the contrary, is extremely loud and active in this campaign. Mr. Ferguson ought to know, as well as any other man in the territory, and if he did not, on the 29th of October, he will ascertain that fact on the 9th of November, that Mr. Perea is trying to be elected to congress by pleading the "race issue" is an absolute falsehood. Mr. Perea has been to and spoken in every county in the territory, as never, in public or in private, has made any suggestion of a difference between the native of New Mexico of Mexican or other descent. But on the contrary, he has deprecated any such suggestion, which so far has come only from Democratic sources. If not directly, indirectly, as made by Mr. Ferguson in his speech at Santa Fe, Mr. Ferguson speaks of the "Spanish-Americans of New Mexico." There are no such people; there are many citizens of Mexican or Spanish descent, who are all Americans; and Mr. Perea, in his public and private utterances, has made that fact emphatic. He is a native New Mexican, born under the American flag; educated in American institutions, and speaking the English as well as the Spanish language, and is an example to every native New Mexican of what a New Mexican-American citizen should be. He is and always has been, a Republican from principle, and especially so on account of the tariff which, alone, makes the natural products of New Mexico of any value except for home consumption.

This speech of Mr. Ferguson at Santa Fe is a sample of those he has been delivering all over the territory, and it is here presented for the thoughtful consideration of the voters to say whether such utterances are those of a statesman worthy to represent you in congress, or are the reckless statements of a demagogue for the purpose of catching votes by misrepresentation and absolute falsehood; and the Republican committee takes pleasure in giving the Santa Fe speech of Mr. Ferguson the fullest publicity.

Captain Muller, Republican Candidate for Collector and Treasurer of Santa Fe County.

Captain Frederick Muller, the Republican candidate for treasurer and ex-officio collector of Santa Fe county, was born in Wurtemberg, Germany, in 1863, and received his education in the best technical schools of that country. In 1879 he came to America, locating in New York, where he was engaged in different business pursuits until 1882. In that year he enlisted in the 8th United States Cavalry, with which he served five years. He was with troop D under General Crook and Major General Miles in the New Mexico and Arizona campaign against the Apaches led by Geronimo.

After securing his discharge, he traveled extensively, and in 1888 came to Santa Fe and engaged in the general merchandise business. Captain Muller has served two terms as a member of the Santa Fe board of education, and in 1896 was elected by the Republicans collector of Santa Fe county. His services in that office have been of the highest order, and his efficiency as a collector has resulted in placing the county in a much better condition financially than it has been for years past.

Soon after Governor Otero was made governor of New Mexico, he appointed Captain Muller a major in the national guards, and on April 25, 1897, commissioned him captain of troop E, Rough Riders. Of the services of Captain Muller during the war with Spain nothing need be said. His record is known, not only by the people of New Mexico, but of the entire United States. His men idolized him, his superior officers trusted and respected him, and the citizens of the territory look upon him as one of the best men the sun ever shone upon.

The regard and esteem in which Captain Muller is held in Santa Fe county is told by the action of the Democrats of the county. While Captain Muller is a loyal and staunch Republican, makes no compromises with the Democrats, and has always worked for the defeat of that party, yet, when assembled in convention for the purpose of nominating a county ticket, they refuse to place a candidate in the field against him. Could a better recommendation be asked?

Captain Muller will be elected as collector and treasurer of Santa Fe county next Tuesday, and for the ensuing two years the people know that the finances of the county will be in safe hands and that the tax payers, rich and poor, will be treated alike. In the collection of taxes no favoritism will be shown and the money received will be promptly accounted for and turned over to the proper funds.

Frank H. Winston, Republican Candidate for the Legislature from Socorro and Sierra Counties.

Frank H. Winston, Republican candidate for the house of representatives in the 33d legislative assembly from the counties of Socorro and Sierra, is a native of Wisconsin, where he grew up and received a liberal education. In 1882 he came to New Mexico and settled in Grafton, Sierra county, and a few years later removed to Fairview. While in Grafton he was engaged in the mercantile business. On removing to Fairview he established a ranch at Elk Mountain, in Socorro county, and in that venture has been very successful. At the present Mr. Winston is engaged in mining and cattle raising.

Mr. Winston is no novice in politics. As chairman of the board of county commissioners of Sierra county he demonstrated his ability to manage public affairs. When he assumed that office county warrants were worth but 40 cents on the dollar. When his term expired they were worth 100 cents. His standing as a man of business, honor and integrity is unimpeachable and his success in the hard and trying times that Sierra county passed through mark him as possessed of more than usual business foresight and energy. Cool headed, strong and forcible, he is not easily led, but weighs with judgment every question that comes to his notice, and once convinced of the merits of any measure brought before him, he will fight for it as long as hope lasts.

His nomination as a candidate for the legislature by the Republicans of the 11th district was peculiarly fortunate. Living, as he does, on the borders of the two counties forming the district, Mr. Winston is well informed upon the needs and desires of the people in both counties, and his cattle, mining and business interests have given him an insight into the many intricacies of the various industries of the territory, and as a member of the legislature he will be fitted by experience and knowledge to introduce and assist in securing much needed legislation pertaining to the interests he represents.

The voters of Socorro and Sierra counties have been provided with a candidate for the legislature in whom they can place implicit confidence, and that they will take advantage of the situation goes without saying. Mr. Winston, as a member of the 33d legislative assembly, will prove an honor to his constituents and of direct benefit to the whole territory.

When a candidate of a party which for many years has opposed protection to American industries writes letters to the voters telling them that he is in favor of protection, it is time to look with suspicion upon that candidate and his motives. Any man who will practice

deception in order to secure votes is not to be trusted with the interests of the people in any office. Hon. Pedro Perea conducts his campaign in an entirely different way. He is open and above board in all that he does, and does not hesitate to state plainly just what position he occupies on every question before the people. An honest, frank and manly man is entitled to every vote in New Mexico, in preference to a straddler and time server.

After all their talking, resolving and denouncing, the Democrats of New Mexico have not given one valid reason for the voters of the territory casting a single vote for the Democratic ticket. Their claims for Delegate Ferguson's efforts in behalf of the territory have all been shown to be empty and worthless, while the record made by their party in the territory in the past is sufficient to condemn it in the minds of every intelligent person. The solution of the questions of vital interest to New Mexico and her people lies in the election of a Republican delegate to congress, a Republican majority in the 33d legislative assembly, and Republican officials in the 18 counties of the territory.

Perea and the Miners.

While Mr. Perea has always been watchful of the expenditure of funds, and opposed to any squandering of money, when the necessity exists he is always liberal and generous. While a member of the legislative council, in 1895, the day before the legislature adjourned the terrible disaster in the White Ash mine occurred, by which 24 lives were lost. A resolution was introduced, appropriating the sum of \$6,500 for the immediate relief of the distressed families of the miners dead and injured, for which Mr. Perea voted, and in addition to that, he, together with Archbishop Chapelle and Mr. Dame, the speaker of the house, were appointed a committee to distribute these funds among the sufferers in the White Ash mine disaster. How this money was distributed and how honestly and faithfully this committee carried out the objects of the resolution, the people in Cerrillos and in the southern part of the county well know. It was at this same session that Mr. Perea bitterly opposed the squandering of \$13,000 in the payment of so-called employees, but he cheerfully voted for this appropriation of \$6,500, and the Democratic council had such confidence in his honesty and capacity that it appointed him as its representative to act with the Democratic speaker of the house and the distinguished archbishop in the distribution of these funds. What higher compliment could be paid a man by his political adversaries? This is something that should be remembered and acted upon by the voters of Santa Fe county.

The affairs of the county are entrusted to three men, and the property owners who pay the taxes and support the county government are deeply interested in the election of a board of county commissioners whose members will attend to the county's business matters as closely and carefully as they do their own. The reputations sustained by the Republican candidates for county commissioners are such as to remove any doubt on the part of the voters on that point. The election of J. D. Hughes, J. T. McLaughlin and Augustin Maestas will insure a careful and economical administration of Santa Fe county's affairs for two years to come.

The Republicans in the different counties of the territory are working in harmony the present campaign, and the result will be made plain when the votes are counted next Tuesday night. There have been one or two efforts made to create dissensions in some sections, but without any great amount of success. This is Republican year in New Mexico, as events in the immediate future will abundantly demonstrate.

The candidates on the Santa Fe county Republican ticket are men who have been tried in business affairs and in public matters, and have not been found wanting in those qualities which go to make up good citizens and honest, efficient officers. The welfare of the county and the taxpayers demand the election of the Republican ticket from top to bottom.

REPUBLICAN PLATFORM.

The Republican party of the territory of New Mexico, in convention assembled at Albuquerque, on the 1st day of October, A. D. 1898, reaffirms its faith in the declaration of principles set forth in the national Republican platform of 1896; and it is with pride that we can again point to the fact that under a Republican administration public credit has been restored, industry revived, factories and workshops reopened and protection given to American interests, under which the people are enjoying renewed confidence and prosperity.

We most heartily endorse the Dingley tariff law, enacted by a Republican congress, despite the persistent opposition of the Democratic party. Under that law the sheep and wool and live stock interests have been greatly benefited, and the wealth of this territory benefited by many millions of dollars.

We believe in sound money, and in a volume of money sufficient for all business demands. The policy of the present administration in giving employment to labor, and protection to our various industries is a solution of the financial question. We are opposed to all financial heresies which call for cheap money, believing as we do that all money issued by the government should be of uniform and equal value.

We congratulate the country upon the great success of the present national administration, in which our president has distinguished himself as a statesman and a patriot in dealing with domestic and foreign affairs; and in which he has shown so much wisdom in upholding the honor of this nation.

We heartily approve the wisdom of the annexing of the Hawaiian islands, and we favor the retention by this government of all territory acquired by our army and navy where justice and humanity demand it. We favor the construction of the Nicaragua canal under the immediate supervision and exclusive control of the United States government, the necessity for the canal having been more strongly emphasized by recent events.

We congratulate Governor Otero upon the success of his administration and commend him for his efforts in behalf of good government and the advancement of the material and financial interests of New Mexico both at home and abroad, and we tender to the president of the United States our thanks for the appointment of a governor from the ranks of the people, a man who by reason of his military and civil service in Mexico, and of his intimate acquaintance with the needs of our people is best able to perform the duties of an executive in this territory.

We heartily endorse the present Republican administration in all of its branches. During the brief period in which the present executive has occupied the position he has shown himself to be a man of high character and high ability. He has attained a place in the hearts of the American people never before accorded it. The patriotism of citizens in sending forth a larger number of soldiers to the defense of the Republic has been a credit to the American people, and the bravery of our soldiers as played on the field of battle, are a guarantee of our right to full citizenship in the American union. We point with pride to the immortal record made by the New Mexico squadron of "Rough Riders" in the battles of La Guasima and San Juan, by which was established the intelligence, patriotism and indomitable courage of our people, and where in they have won for themselves the admiration of the civilized world, and tender to the relatives and friends of those who fell in the struggle for humanity, justice and civilization, the heartfelt sympathies of a grateful people. We congratulate the nation on the return of peace, and heartily endorse President McKinley upon the careful, patriotic and successful manner in which the dignity of this nation has been preserved in the war with Spain.

We congratulate the people of New Mexico upon the appointment by the president of the present able and fearless judiciary, and commend the members thereof for their devotion to duty and their unswerving interest in the administration of justice.

The present congress of the United States is Republican in politics, and any acts of that body favorable to New Mexico are the result of the knowledge that the credit to the efforts of a Democratic delegate from this territory.

The attitude of the Republican party of New Mexico has always been consistent on the question of the admission of the territory as a state. We favored the admission of the territory when the Democratic party was united in their opposition against it. We still favor its admission, believing that there is no good and substantial reason for keeping us out of the Union as a state and believe that the best way to be accomplished by the election of a delegate to congress who is in harmony with Republican politics and principles.

Our heartfelt gratitude is extended to the army and navy for their noble sacrifices in behalf of their country, and their brilliant achievements on land and water; and we emphasize our appreciation of those brave soldiers known as the "Rough Riders," to whose ranks our territory has so liberally contributed, and whose acts of bravery and heroism have inspired the world with a new faith and confidence in American courage and valor.

We are in favor of increasing both our army and navy to a size commensurate with the interest of the country, thereby placing the nation in a position that will insure it a rightful influence and power among the nations of the earth. We believe in the expansion of American industry and commerce, and in the full protection of American citizens everywhere; wherever the American flag has been hoisted in the name of humanity and justice, we believe it should stay until every vestige of despotism has been removed.

POLITICAL GOSSIP.

Santa Fe County Notes.

A Democratic rooster is in circulation, started by the Democratic bosses, to the effect that Hon. C. W. Dudrow has withdrawn from the race for sheriff on the Republican ticket. This is a fake and simple. Mr. Dudrow, Mr. J. D. Hughes, candidate for county commissioner, Captain Fritz Muller and Atanacio Romero, candidate for clerk, are on a campaigning tour throughout the county now and are doing great work for the Republican ticket. Hon. T. B. Catron, Judge Telesforo Rivera, J. A. Lucero, Victor Ortega and others are also in the county precincts holding meetings and assisted by Mr. J. S. Langston, Mr. Renahan, Frank Gonzales y Baca, Carrillo, Candelario Martinez, Pablo Martinez, Asencion Rael, and so on, is also at work in the northern part of the county. The campaign is of necessity very short and both sides are working hard and trying to make every hour count. Those well informed on Santa Fe county affairs predict a Republican majority of 300 and over for the entire Republican county ticket.

Coffax and Union Items.

Most encouraging reports reach the New Mexican from Union and Coffax counties. In the former Republican majorities are placed all the way from 100 up for the entire ticket. Two weeks ago Union county polled 899 votes, giving Mr. Ferguson a majority of 149. It is expected this year that the vote will be about 1,000 with a Republican majority. Coffax county two years ago polled 1,332 votes and gave Mr. Ferguson a majority of 613. It is said that those well posted that he will carry the county this time, but that he will be doing well if he receives 350 majority. There are three tickets in the field in that county, and the county seat fight there mixes matters up very considerably.

San Miguel Republican County Ticket.

Yesterday the Republicans of San Miguel county held a very enthusiastic and harmonious convention in Las Vegas and nominated the following strong ticket: For members of the council, Eugenio Romero and James S. Duncan; representatives, W. H. Schultz, Rafael Gallegos and Ramon de Herrera; sheriff, Jose Gabriel Montano; treasurer and ex-officio collector, Margarito Romero; assessor, Jose Felix Esquivel; probate judge, Romulo Ulbricht; probate clerk, Gregorio Barola; county commissioners, Wm. Frank, Epitacio Quintana and Albert T. Rogers; superintendent of county schools, Jose Delido Martinez; surveyor, Ricardo Gomez. Hon. Pedro Perez was enthusiastically endorsed as the Republican candidate for delegate to congress. The dissatisfaction existing in San Miguel county over the management of the county by the Union party officials now in control adds great strength to the Republican party and there will be a wonderful change in affairs after the election. The ticket placed in the field by the Republicans is composed of men who are strong among the people, respected for their uprightness as citizens and known probity.

John P. Casey for the House of Representatives on the Democratic Ticket for Grant and Dona Ana.

Correspondence New Mexican.
Las Cruces, N. M., Oct. 31, 1898.—
John P. Casey, Jr., has been placed on the Democratic ticket for representative from Grant and Dona Ana counties against Major Llewellyn, Republican candidate, and the Democrats are attempting to slip him through so quietly that the people of Grant county who do not know him, will not find out what kind of a man he is until after the election.

Casey was indicted in Dona Ana county about a year ago for fraudulently obtaining a deed to a large tract of land from Mrs. Barola, the mother of Mariano Barola, formerly sheriff of Dona Ana county, and to avoid trial of the case in Dona Ana, where he lived, he took a change of venue to Grant county, where the case is now for trial.

Mrs. Barola says that Mr. Casey was assisting her son's affairs after the death of her son, and as he spoke both languages and had been her son's deputy while he was sheriff, she had confidence in him. One day he asked her to lease him one of her large and best tracts of alfalfa land and she signed the lease. Some time after she found out that the paper she signed for a lease, was a warranty deed for the land and that Casey had the deed recorded and then immediately conveyed the land to his (Casey's) wife, Mrs. Barola demanded the land back and he would not deed it to her, and she employed Judge Ball, of Silver City, to get the land back.

Judge Ball brought suit for the land and still Casey held on to the land until after the grand jury had indicted him for the fraud and then he deeded the land back to Mrs. Barola.

The Democrats refused to nominate Casey at the convention, and nominated S. P. Ascarate against Llewellyn. Ascarate refused to run, and now they have slipped Casey's name in, but held it back so late, that the fact is scarcely known in Grant county yet.

San Miguel County Union-Boodle Campaign.

The Union party or Boodle party county convention of San Miguel county is being held today. The same old gang that has grown fat on the taxes of the county and has shamelessly violated the law for years, is running the gathering. It is understood that the Democratic territorial committee has placed the next sum of \$3,000 at the disposal of the San Miguel Union-Boodle party to be spent in San Miguel county. Were this amount to be spent by the bosses, it cannot be doubted that they would roll up many a vote for that ticket. But as at least half of it will be "knocked down," the situation is not as dangerous as it might otherwise be. It is also reported, that \$5,000 for corruption funds must be raised by the county candidates. That is a very large sum. Politics on the Union party side in San Miguel is rotten to the core and no mistake, so writes a correspondent of the New Mexican from Las Vegas.

PERSONAL MENTION.

Guy Jenkins is a Chicago man who has found health and comfort by removing to New Mexico. He was a visitor today at the New Mexican office and said he had gained 32 pounds during his three years stay in this territory, and was putting in his time to good advantage prospecting. He has just come down

from Rio Arriba county where he has several good claims and showed lead silver ore sample running up to over \$200 to the ton. Mr. Jenkins has also secured claims in Lincoln county, and goes there presently to develop them.

Ramon Moya, a prominent ranchman of Rivera, San Miguel county, is in the city today attending to business interests and calling on friends.

Hon. Charles F. Easley returned last evening from an electioneering trip through the northern part of the county. Trooper Stephen Easton, of K troop, Roosevelt's Rough Riders, Captain Woodbury Kane, wired his father in this city this morning, that he leaves Washington to-day for home, and to meet him at the depot Sunday night. The young soldier has been in the hospital for some time, but has not yet been able to recover the use of his vocal and hearing faculties. However, his father hopes that the change of climate will restore them.

J. Graaf, of the firm of Graaf & Moore, the Las Vegas grocers, is in town today bargaining for two car loads of fruit, one of apples from Edward Miller and one of apples, pears and peaches from Arthur Boyle and other fruit raisers. Mr. Graaf registers at the Palace.

A. M. Blackwell, of the well known grocery and provision house of Gross, Blackwell & Co., is in the city on business before the penitentiary commissioners. He is stopping at the Palace. Mr. Blackwell was in New York while the Rough Riders were there, and took just pride in the fact that he, too, was a New Mexican. He took the opportunity to show the boys substantial and courteous attention, which was duly appreciated. Mr. Blackwell was a great favorite with the boys.

Hon. O. A. Hadley, chairman of the board of penitentiary commissioners, is in the capital from Watrous, attending a meeting of the commission. Governor Hadley is of the opinion that Mora county will give a fair Republican majority.

Colonel J. Frank Chaves, a leading Republican of central New Mexico, and who is the Republican nominee for the council from Valencia county, is in the city attending the sessions of the penitentiary commission.

C. A. Cliff, representing the Trench Hardware Company, of Denver, went north this morning, having done well in this city. He says there is quite a good demand for general hardware and stoves.

Miss Gould, a teacher at the Indian school, has resigned and left last night over the Santa Fe for Kansas City. It is understood, however, that she will not leave the service, but will be employed elsewhere.

H. L. Denis, chief clerk of the passenger and ticket department of the Rock Island road, is in town on a western trip and is registered at the Palace.

C. A. Biggs, a prominent lumber man of Canon City, Colo., arrived on business last night and registered at the Palace. He went north this morning.

M. S. Groves, of Biggs & Pollard, of Espanola, was down from the north and registered at the Palace.

GENERAL WHEELER'S LETTER.

Highly Complimentary to the Rough Riders and the 1st and 10th Regular Cavalry Regiments.

To the officers and soldiers of the cavalry division, Army of Santiago: Headquarters cavalry division, Camp Wikoff, L. I.—The duties for which the troops comprising the cavalry division were brought together have been accomplished.

On June 14 we sailed from Tampa, Fla., to encounter, in the sickly season, the diseases of the tropical island of Cuba, and to face the historic legions of Spain in positions chosen by them and which for years they had been strengthening by every contrivance and art known to the skillful military engineers of Europe.

On the 23d one squadron each of the 1st and 10th regular cavalry and two squadrons of the 1st volunteer cavalry, in all 964 men and officers, landed on Cuban soil. These troops marched on foot 14 miles, and early in the morning of the 24th attacked and defeated double their number of regular Spanish soldiers under the command of Lieutenant General Linares. Eagerly and cheerfully you pushed onward, and on July 1 forded San Juan river and gallantly swept over San Juan hill, driving the enemy from its crest. Without a moment's halt you formed, aligning the division upon the 1st infantry division under General Kent, and, together with these troops, you bravely charged and carried the formidable intrenchments of Fort San Juan. The entire force which fought and won this great victory was less than 7,000 men.

The astonished enemy, though still protected by the strong works to which he had made his retreat, was so stunned by your determined valor that his only thought was to devise the quickest means of saving himself from further battle.

The great Spanish fleet hastily sought to escape from the harbor and was destroyed by our matchless navy.

After seizing the fortifications of San Juan ridge, you, in the darkness of night, strongly intrenched the position your valor had won. Re-enforced by Bates' brigade on your left and Lawton's division on your right, you continued the combat until the Spanish army of Santiago province succumbed to the superb prowess and courage of American arms. Peace promptly followed, and you return to receive the plaudits of 70,000,000 of people.

The valor displayed by you was not without sacrifice. Eighteen per cent, or nearly one in five, of the cavalry division fell on the field either killed or wounded. We mourn the loss of these heroic dead, and a grateful country will always revere their memory.

Whatever may be my fate, wherever my steps may lead, my heart will always turn with increasing admiration for your courage in action, your fortitude under privation and your constant devotion to duty in its highest sense, whether in battle, in bivouac or upon the march. (Signed)

JOSEPH WHEELER,

Major General, U. S. V., Commanding.

MINOR CITY TOPICS.

Today is just like a balmy spring day in northern climes.

U. S. weather bureau forecast for New Mexico: Fair tonight and Thursday.

Regular meeting of Carleton Post G. A. R. at 7.30 p. m. sharp. Visiting comrades cordially invited.

The exterior wood and iron work of the Claire hotel is being repainted two shades of olive. Branch has the contract.

Yesterday, the thermometer at the local weather bureau registered as follows: Maximum temperature, 60 degrees, at 2:00 p. m.; minimum, 43, at 1:10 a. m. The mean temperature for the 24 hours was 52 degrees; mean daily relative humidity, 32 per cent.

In referring to the much-talked-of D. & R. G. extension to Albuquerque, a prominent railroad man this morning said: "That extension has been talked of for the last 10 years, and at one time the papers had it that dirt was flying. But no dirt has flown yet to my certain knowledge, although surveys have been over the proposed route. There are three ways to reach the Duke City; by following the river down from Espanola, a second by going direct from this city over the plains, and a third by striking over Cerrillos. If the line were to go via the river, it would be well to build a way up from the river to avoid wash-outs; and if the direct line were to be taken, Cerrillos would be left out. But, come to think on't, there is no danger of the D. & R. G. making any extension as long as they are on as old terms as they are at present with the Santa Fe."

Captain Luna, in speaking of the 71st New York, this morning, said the trouble with the men was that many of their officers proved to be cowards, and mentioned one officer who had to be kicked by an officer in the regular army to make him move out of the way so as to let him pass, when the first fight was on.

The colonel of the 71st was absolutely lost, and could not be found for three days. A marked contrast to this was the heroic conduct of the 2d Massachusetts.

That was the only volunteer command using black powder that went into the battle and remained there. E. F. Clark, of Holyoke, Mass., was the colonel and a gallant officer.

The mail from the south today was nine hours late, owing to delays west of Albuquerque. When the trains get to running regularly under the new time cards, Santa Fe's postmaster, at least, will draw an easier breath. This sitting and sitting down at all hours of the night and turning out at 4 a. m. to get the mail distributed in time for the business community is getting to be just a trifle monotonous. But the postmaster has stuck to the work nobly, and the patrons of the postoffice are disposed to vote him a big bouquet.

The board of penitentiary commissioners met this noon at the penitentiary to open bids for supplying the prison with supplies of various kinds for the ensuing six months. There were present President Hadley, Hon. Henry J. Young, Colonel J. F. Chaves and Hon. Chas. F. Easley.

ABOUT STUART'S DYSPEPSIA TABLETS.

They Cure Stomach Troubles and Indigestion Anyway, Whether You Have Faith in Them or Not.

More faith will not digest your food for you, will not give an appetite, will not increase your flesh, and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.
