## ROOSEVELT IS NEAR DEATH

Lighthouse Tender on Which President Sails Runs Down Fruit Barge

## GUESTS ESCAPE HARM

Midnight Collision Awakens Sleepers and Executive is Transferred to Another Boat.

New Orleans, La., Oct. 27.—President Roosevelt and the presidential party had a narrow escape from death late last night, when the lighthouse tender Magnolia, on which the party was sailing down the Mississippi River, collided with the fruit steamer Espanola. After the collision the lighthouse tender ran ashore. No one on either boat was injured but the damage to the Magnolia was so great that the President and his party were transferred to the Ivy, another steamer in the lighthouse service.

The accident happened shortly before midnight, below New Orleans, while the Magnolia was en route to the armored cruiser West Virginia, on which the President is to make his homeward journey. The force of the collision was so great that all the sleepers were awakened by the shock. The President was on deck a few moments after the two boats came together.

### Captain Calls for Aid.

The first news of the accident reached New Orleans by telephone early this morning coming in the shape of an appeal for help from Captain Rose of the Espanola. He gave no details but said the Magnolia was ashore. Two tugs were sent at full speed, but in the meantime the President's party got into communication with the lower part of the river where the lighthouse tender Ivy was lying. The Ivy immediately got under way and covered the forty miles in fast time. President Roosevelt, Secretary Loeb and Surgeon Rixley, with their baggage, were at once transferred to the Ivy and proceeded to the West Virginia.

### Now Homeward Bound.

After the President's narrow escape he is now safe on board the West Virginia, having boarded the cruiser at 9:40 a. m. Every attempt to minimize the seriousness of the collision was made by the President and Secretary Loeb. The President said the accident caused no inconvenience except the transfer from one tender to the other.

From a reliable source it was learned that the Espanola was responsible for the collision. The Magnolia was steaming down the river at a high rate of speed when the fruit vessel attempted to cross its bow. The man at the wheel of the lighthouse tender realized the danger immediately and attempted to swing his ship about. In this way he lessened the force of the shock as the Magnolia struck the Espanola. However, in making the quick turn he ran the tender ashore.

### Tells of Collision.

The following official statement regarding the accident was received at New Orleans late this afternoon:

United States Flagship, West Virginia, Oct. 27, 2 p. m.—(Via New Orleans by wireless)—At 11 o'clock last evening through confusion of signals the fruit steamer Espanola collided with the lighthouse tender Magnolia, which was conveying the President, Secretary Loeb and Dr. Rixley to the cruiser West Virginia. The rail and port bow of the Magnolia was damaged and two or three holes made in the vessel below the water line. No one was hurt. The Magnolia immediately on being struck, was beached, her bow being high and dry. After a careful examination of the vessel it was evident there was no damage and the President and his party who were awakened by the shock again retired.

Major Craighill, of the United States engineers was aboard the Magnolia. His ship Ivy, had preceded the Magnolia and was some distance ahead. The boat immediately put off for the

nearest telephone, about a mile and a half away, and orders were given to head off the Ivy off Pilot station and have her return for the President and party. The transfer was made at 3 o'clock this morning. The vessel got under way immediately and the West Virginia was boarded on schedule time.

### Miss Roosevelt Home.

New York, Oct. 27.—Miss Alice Roosevelt, who arrived here last night after a trip across the continent, left for Washington over the Pennsylvania Railroad at 11:16 this morning.

## RAILROADS KILLED 3,798 PERSONS

Over Fifty Thousand Passengers and Employees Were Injured During the Past Fiscal Year.

Washington, Oct. 27.—The statement of railroad accidents recently issued by the Interstate commerce commission covered only the last quarter of the past fiscal year. The figures for the entire fiscal year are now given, as follows:

The total number of passengers killed in train accidents was 350; passengers injured in train accidents were 6,198. The total number of employes killed in train accidents was 798; injured 7,052. There were 187 passengers killed in other than train accidents and 3,542 injured; and 2,463 employes killed in other than train accidents, and 38,374 injured; a grand total of all classes of 537 passengers killed and 10,040 injured, and 3,261 employes killed and 45,426 injured.

There were 6,224 collisions during the year with a money loss of \$4,862,602; a total of 11,595 collisions and derailments and a total money loss of \$9,711,656, being damage to cars, engines and roadways.

### JEROME TO BE NAMED.

New York Republicans Regret Hasty Action and Will Now Re-Nominate the District Attorney.

New York, Oct. 27.—With only one dissenting voice and acting under a legal opinion rendered by Joseph H. Choate, the executive committee of the Republican County committee late yesterday decided to re-convene the New York county convention to-night in Murray Hill Lyceum, the call for the convention carrying with it the recommendation that William Travers Jerome be nominated as district attorney to fill the vacancy created yesterday by the resignation of Charles A. Flammer, who, in retiring from the ticket advised his followers to vote for Mr. Jerome.

The committee, which almost unanimously voted for Mr. Jerome yesterday, opposed his nomination by twenty-seven votes to eight when his name was suggested for the Republican ticket a few weeks ago.

## DEATH PREVENTS A MURDER.

Emil Schandeln, Milwaukee, Millionaire Brewer Narrowly Escapes Being a Murderer.

Milwaukee, Wis., Oct. 27.—Emil Schandeln, Milwaukee's millionaire brewer, escaped being a murderer by dying. In testimony given in the probate court in the contest over Mrs. Schandeln's will which gives her son-in-law, Jacob Heyl, the bulk of the \$10,000,000 estate, it was shown that the elder Schandeln had several times threatened to kill Heyl.

"I'll kill that cur if it's my last act," Schandeln is said to have told several of his business associates. Before he could carry out his threat he died. Heyl then became Mrs. Schandeln's most intimate friend and when she died he was left property valued at \$9,000,000. The Schandeln children are contesting the will.

### PATRICK MUST DIE.

Man Convicted of Killing Millionaire Rice is Denied Motion for Re-Argument of Case.

Albany, N. Y., Oct. 27.—The court of appeals today denied the motion for a re-argument of the appeal of Albert T. Patrick, convicted of murder in the first degree and sentenced to death for killing, in 1900, W. M. Rice, an aged millionaire. The motion was made October 2 by Former United States Senator David B. Hill.

## CAR LOAD OF COPPER. WIRE AT LAS VEGAS.

Material for the re-building and improvement of the Las Vegas Street Car System has been received. One car of heavy copper wire and three cars of steel rails have been delivered to the company by eastern supply houses. The material received to enlarge and re-equip the lines is valued at \$25,000.

DR. H. A. WARNER MANAGER OF FRATERNAL SANITARIUM. Word has reached Las Vegas that Dr. H. A. Warner will succeed W. R. Eldison and Charles F. Hatfield, of St. Louis, as manager of the National Fraternal Sanitarium in that city. It is said that the sanitarium will be opened about January 1.

## PANIC SEIZES THE CAPITAL

Students in City of St. Petersburg Join Railroad Strikers and Defy Police

## TROOPS SUMMONED

University Buildings Are Now Protected By Czar's Soldiers—Fire at Warsaw.

St. Petersburg, Oct. 27.—During the afternoon the wildest rumors spread throughout St. Petersburg and the city has been seized with a semi-panic. Students began to congregate at the university in the Vassali Ostrov district, announcing that they intended to hold the buildings as the students of Erakoff held their university against the military and to hold a big meeting tonight to which workmen of all social groups are invited.

Troops have been dispatched to the buildings and the trouble momentarily has subsided. To add to the alarm the strikers have succeeded in stopping the machinery of the electric light plant and the city is plunged into darkness.

Reinforcements are pouring into the city. A number are coming by water and several trains, under military escorts, have forced their way from Moscow, although the railroad tie-up is practically as tight as yesterday.

The most alarming reports are circulated about affairs in the south of Russia. Private reports received here are said to confirm the report of the mutiny on the battleship Catherine II, and the destruction of the battleship Patellonoff but these stories lack official confirmation.

### Try to Prevent Meeting.

Odessa, Oct. 27.—The University building here is surrounded by Cossacks and troops to prevent a meeting of 8,000 students, announced for tonight. The students, notwithstanding are gathering in the neighborhood and a serious conflict is feared.

### Fire at Warsaw.

Thorn, Prussia, Oct. 27.—A message from a reliable source at Warsaw received here today says that the incendiary fire that started there last night has not been extinguished and that part of the city is in flames.

### Troops Ordered to Fire.

St. Petersburg, Oct. 27.—Warnings to people that in case of any disorder soldiers would fire ball cartridges are posted on every street corner here today.

## CHINESE IMMIGRATION.

To the United States During September, This Year, Shows an Increase of 64 Per Cent Over Last.

Washington, Oct. 27.—Two hundred and eighty-three Chinese were admitted to the United States in September according to a report made public by the commissioner general of immigration today.

Of this number 242 were residents of this country and 41 were new arrivals. Eleven Chinese were deported during the same month.

The total number of Chinese admitted in September, 1904, was 180, the past month. The record for September, 1905, shows returning laborers, 74; returning merchants, 64; other merchants, 11; members of merchants' families, 17, and other exempt classes, 13.

## STORE KEEPER PROMOTIONS.

The Santa Fe Railway Make Changes at Raton, Las Vegas, San Marcial and Other Points.

Topeka, Kans., Oct. 27.—Several changes and promotions in the storekeeper's department of the Santa Fe Railway system have been announced by General Storekeeper N. M. Rice. A. P. Wolfe is promoted from chief clerk to the division storekeeper at Raton, New Mexico, to be division storekeeper of the Rio Grande division at San Marcial. J. L. Rihn, former chief clerk to the division storekeeper at Richmond, California, is made division storekeeper with headquarters at Las Vegas. H. C. Stevens is appointed chief clerk to General Storekeeper N. M. Rice at Topeka.

## TREATY MAKERS TO WAIT.

State Department Abandons Efforts to Conclude Industrial Agreement With Chinese Empire.

Washington, D. C., Oct. 27.—It is understood that the efforts of treaty-making between the United States and China will await the action of Congress in the matter of amending the Chinese exclusion act, in accordance with the expected recommendation of President Roosevelt in his next annual message. So far there has been an utter failure on the part of the two governments to get together on the treaty.

## COKE PLANT DESTROYED

Utah Fuel Company at Sunnyside Suffers Heavily from Blaze.

## THE LOSS IS \$200,000

Big Smelter Forced to Suspend Business—Seven Injured in Railroad Wreck.

Salt Lake, Utah, Oct. 27.—A loss estimated at \$200,000 was caused today by fire in the plant of the Utah Fuel Company, a Gould corporation, at Sunnyside, Utah.

The company's great coal crushers, which supply coal for the coke ovens were destroyed. As all the big smelters in the Salt Lake Valley receive their coke from Sunnyside, the fire seriously affects the smelting industry.

None of the smelters have over ten days' supply of coke on hand, while some have not more than five days' supply.

Telegraphic orders have been sent for supplies to eastern companies, but it is believed a shut down of some of the smelters cannot be avoided.

### Seven Hurt in Wreck.

Golden, Colo., Oct. 27.—Seven persons were injured, two seriously, in a rear-end collision in the Colorado & Southern yards here this morning. A switch engine became unmanageable on account of slippery rails and rushing down a hill crashed into the rear of the passenger train.

Miss Grace Archer, a music teacher and Engineer Pate of the switch engine, were the only ones badly hurt.

## RAILROAD BILL MAY FAIL.

Unless Strong Public Opinion is Developed the Senate Will Kill Any Rate Measure.

Chicago, Ill., Oct. 27.—Raymond Patterson, the Chicago Tribune's Washington correspondent, in a special dispatch to his paper says that Congress may fail to pass the President's railroad rate regulation bill at the coming session.

A political expert, whom Mr. Patterson quotes, says:

"If present conditions continue there will be no rate regulation measure passed at this session of Congress. That is to say, the prospect of reform in the administration of railroads depends entirely upon the extent and magnitude of public opinion that is developed on the subject."

"There is enough force of inertia remaining from the fight of last winter to carry a radical rate bill through the House of Representatives. Under normal conditions, unless there is insistent public opinion behind it, the bill will be killed outright in the Senate. If public opinion is a little stronger the Senate will respond with an alleged compromise measure, and in the long run the House will accept it. This will not alter the existing conditions and the railroads will make the rates as they hitherto have done."

"There is a third contingency, however. If, during the fall and winter, demand for rate legislation instead of subsidizing grows stronger and stronger, the Senate still will have passed its alleged compromise, but the House in this case will insist upon its original legislation, and force the Senate to accept the reform suggested by the President and demanded by the people."

### Rivals Resume Meetings.

Chicago, Oct. 27.—The rival interstate commerce law conventions resumed their sessions in Steinhay hall and Studebaker hall today. In the so-called regular convention, Murdo McKenzie, of Trinidad, Colorado, President of the American Stock Growers Association, predicted that Congress at its next session would adopt a radical railroad rate legislation which will surprise the most ardent supporters of President Roosevelt's policy.

## ANTI-TREATING LEAGUE.

Hoosiers Incorporate a Society Which Has Many Good Points and is Worthy of Imitation.

Indianapolis, Indiana, Oct. 26.—With a view to stamping out the great American custom of treating, several residents of the town of Princeton have formed the Supreme Anti-Treating League of America. The organization has filed articles of incorporation with the secretary of state at this city. The organization is modeled after the fraternal societies, and signs, passwords and grips have been adopted so that the members may recognize each other. The only requirement for admission is that the candidate be a male over eighteen years of age, and that he believe in a supreme being. Sick benefits will be paid, ritualistic services held and lectures and entertainments given. No member of the league will be permitted to treat or be treated at any public drinking place, and "practical temperance" is strongly advocated.

## INDIGNATION MEETING HELD.

Espanola Citizens Protest Against Action of Indians in Closing Public Highway.

Special to the New Mexican.

Espanola, Oct. 27.—There is great excitement among the people here, and all along the Rio Grande Valley in this vicinity on account of the oppressive action of the Santa Clara Indians and those who claim to represent the Indian Bureau in Washington. For over two hundred years the white settlers in the Rio Grande Valley have obtained their winter supply of wood from the mesas north of Santa Clara Creek. The Santa Clara Indians had their grant of a league each way from the church in the Pueblo, and this was ample for all purposes considering the small number of the Indians. However, when the land court was in session, the Indians claimed a strip of land extending several miles up the valley of the creek, the court awarded the same to them and several of the Indians have established small farms there. No one objected to this, as it interfered with no one.

Recently, the Indian Bureau obtained a new reservation for these Indians, in addition to their grants, this reservation being nominally to give them fire wood, but it was extended so as to include all the timber on the mesas both north and south of Santa Clara Creek. It also ran so far west as to include the ranches which have been established for years and are owned by P. H. Leese, Leandro Martinez, Miguel Sandoval and others, and also taking in the great ruins at Puye and the one north of the creek.

Under the order making this new reservation much trouble has been made. The Indians and the officers stationed there have driven off all the people of the Rio Grande Valley who have gone to get their winter supply of wood, as their ancestors have done for 200 years. A boy named Ramon Aragon, sent by his widow mother for that purpose, was the first to be driven off. The impudent assumption of the Indians, aided by a sort of policeman stationed there, culminated on Tuesday when Miguel Sandoval, who has a ranch up the valley, drove towards Espanola with a load of potatoes. While driving down the highway which has been a public road for many generations, he was stopped by the Indians and the white official and compelled to give up his wagon, horses and potatoes, as they insisted that they had closed the road and that no one could pass.

It would be difficult to conceive a greater outrage than this. Mr. Sandoval was a peaceful citizen, bringing his produce to market by the only available public road. Those attacking him were armed and he had to submit, as he was threatened with guns. The road is the main public one running from Espanola up the Santa Clara Valley to the Sulphur, San Antonio, Valles, Coyote and Nacimientos Springs. It is the only road running westward from the Rio Grande Valley for many miles. To talk of closing it is absurd. There is great indignation expressed here, as a large business with the western country is done at Espanola, and an indignation meeting was speedily called and largely attended. A committee was appointed to protect the rights of the people and to see that no further outrages are committed. The committee will communicate with Delegate to Congress W. H. Andrews and take measures to punish anyone who attempts to stop the free use of the public highways.

## MAN JUMPS TO DEATH TO ESCAPE POLICEMEN

Chicago Real Estate Dealer Leaps From Four Story Window to Evade Arrest.

Chicago, Oct. 27.—Leaping through a plate glass window headlong from a four story building to the street to evade the service of warrants charging conspiracy and fraud, Adolph Perlbacher, who conducted a real estate and loan business, was dashed to instant death on the pavement here today.

When the police arrived with warrants, Perlbacher hurled himself through the window, apparently overwhelmed, and with but the one idea of escape.

## TO INSPECT CANAL.

Secretary Taft Leaves Tonight for Panama to Make Personal and Thorough Investigation.

Washington, Oct. 27.—Secretary of War Taft, will leave Washington tonight for Hampton Roads and from there will sail for Panama. He will make a comprehensive personal investigation of the conditions at Panama and inform himself at first hand of the needs of the canal to be presented to Congress.

## LETS BIG CAR CONTRACT.

New York, Oct. 27.—The New York Central Railroad placed orders yesterday with several car manufacturing companies for a total of 25,000 freight cars, calling for an expenditure of \$25,000,000. This is the largest order ever given by a railroad company.

## REMARKABLE SHIPMENTS

At Least Two Million Sunshine Sheep Sent to Markets This Season

## SHORTAGE OF CARS

Largest Business in Carrying Lambs and Wool in the History of the Santa Fe Central Railway—Other Roads Show Same Results.

New Mexico this fall will send to the great stock markets of the central west the largest number of sheep ever shipped from the Territory. With the big supply is coupled higher prices for lambs and muttons than ever before have been paid.

Statistics prepared by S. B. Grimshaw, assistant to the president and general manager of the Santa Fe Central Railway, tell the story of the bumper sheep crop. Every available car on the system is being pressed into service to carry sheep, while other New Mexico roads are experiencing a car shortage.

Just how many sheep will go to market from the Sunshine Territory is unknown, but the Santa Fe Central will alone handle more than 2,000,000. It is safe to estimate the whole number at about ten times this figure, making a total shipment of more than 2,000,000 sheep.

The sheep shipment season opened about October 10 and will continue until December 5.

"This is our banner year for sheep shipments," said Mr. Grimshaw, of the Santa Fe Central today. "The number to be handled by our line will exceed that of any past year and I feel that I am not exaggerating in the least when I state that the number of sheep that will be sent to the great stock markets of the central west from New Mexico will make a new high record."

"Of course I only can speak authoritatively for the Santa Fe Central, but our line can be taken as a criterion for the shipments being made via the other New Mexico roads."

"Up to last night our shipments amounted to more than 34,000 sheep. We have already provided transportation facilities for 54,000 more to be shipped before November 1. This will make a total of 88,000 for the first twenty-one days of the season."

"November will even be a better month for the shipment of sheep than October, for we will have a full month. Already we have orders for cars to handle 60,000 head, and this will surely be augmented to at least 100,000."

"Most of the sheep we are receiving are being shipped to points in Colorado, where they are being fattened for market. Estancia is the principal place of shipment. Here, at Santa Fe, we turn the sheep over to the Denver & Rio Grande system. This line carries the major part of the shipments to points in the San Luis Valley. Mosca, Hooper, Monte Vista and Alamosa are the points where most of the sheep are being fed. They are bled to be fed in transit, which gives the shipper an opportunity to keep the sheep in Colorado for a period of from sixty to ninety days before sending them to Chicago, Kansas City or Omaha. While in Colorado the sheep and lambs will be pea fed."

"Chadwick & Company, at Albuquerque and O. W. Sylvester of Monte Vista are perhaps the two heaviest shippers in the Territory. Sylvester has at the present time a consignment of 25,000 head on the way from Arizona to Estancia which will arrive between November 1 and 5."

"The problem now is how to move the great lamb crop with the greatest facility and dispatch. We can get the sheep into Santa Fe, where they are turned over to the Denver & Rio Grande. Our stock yards here are now overcrowded."

"I know of no year that can equal the present season. It is fully six times better than last year."

"The wool shipments, too, from this Territory have been large. The season is now about closed and it indeed has been a prosperous one. Up to the present time we have handled 1,466,474 pounds of wool and straggling consignments will bring the total up to more than 3,500,000 pounds. Big prices have been received for this wool by the shippers, in many cases as high as twenty-two cents being received."

Reports from the Santa Fe system and the Rock Island bear out Mr. Grimshaw's statements regarding the bumper crop of sheep. While these roads have prepared no statistics, the freight agents say the shipments are the largest in the history of the companies. Both lines are unable to furnish enough cars to handle the sheep because of the heavy run.

WISCONSIN REMITS STATE TAXES Madison, Wis., Oct. 27.—It was announced today that all state taxes will be remitted for 1906. This is the third time under the La Follette administration that the people have been relieved of taxes.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THROWING STONES AND LIVING  
IN GLASS HOUSES.

The Albuquerque Citizen is keeping tab on the Albuquerque Corporation Journal, and informs Albuquerque people that the latter paper is quite unreliable in several respects. To be sure, daily papers often make mistakes in the printing of news items, in typographical matters and in the spelling line. In the very nature of things such mistakes cannot be obviated, unless high salaried men are employed in the editorial departments and in proof reading and not even then always. Some of the misstatements and errors pointed out by the Citizen are liable to occur even in well regulated newspapers; others are caused by carelessness and inattention to duty; that they should not occur is true; that they will occur at times, is also true. In the case at point, the Citizen thinks none should have occurred and describes the situation partly as follows:

"The morning paper squeaks its cracked second fiddle a good deal about what a wonderful newspaper it is. Some of its news is certainly wonderful, as the Sunday morning issue plainly shows, for in that issue it comments on a lecture as delivered the night following, and probably was then prevented by the rain. In the same issue it unceremoniously takes a Methodist doctor of divinity, Rev. A. P. Morrison, superintendent of the Methodist Missions for New Mexico, and without consent of church or preacher makes him a bishop of the Episcopal Church. Yes, it is a wonderful newspaper.

"But lest some might imagine this wonderful newspaper ability to be confined to the kid department, attention may be called to a Washington article on the front page of Monday's issue, the leading news item of which was published in the Citizen of last Tuesday. In the same issue seven lines of heading are given to a pretended special from Raton, about an occurrence which took place last Thursday, and of which the Trinidad papers had ample account on Friday."

A DUBIOUS OUTLOOK FOR JOINT  
STATEHOOD.

Representative Tawney of Minnesota, who recently visited this Territory and Arizona, is of the opinion that each is entitled to separate statehood. Mr. Tawney, in addition to his recent visit, during the past twelve months has been several times in the two territories on personal business and has posted himself rather thoroughly on the conditions and resources in them. He is a keen observer and has a level head. He is an important member of the House of Representatives, having seen long service in that body and having been a member and chairman of very important committees. The opinions he has formed during the past twelve months upon the statehood question will have weight with his colleagues in the House, and there is no doubt that Mr. Tawney will express them in vigorous and good English. Despite the silly fabrications of the Albuquerque Joint Statehood bosses, the cause of separate statehood for New Mexico is growing stronger with members of the Fifty-ninth Congress. No intelligent and fair minded man can say at this time what the outcome of the statehood question in the coming Congress will be, but, it does look as if the Joint Statehood project will not come to a successful issue.

The cattlemen have obtained from the department of the interior a concession that is of great importance to them and will encourage the small cattle owners near and on forest reserves. It is a modification of the order to charge 20 to 35 cents per head per season for cattle grazing on forest reserves. Upon vigorous representations of the cattlemen, a new order will be promulgated on November 15, reducing the proposed charge to ten cents per head and making no charge whatever for the first one hundred cattle of the stockman desiring grazing privileges on the reserve. However, no modification of the order appertaining to sheep and goats was obtained and it behooves the sheep growers to get together and to press their protests as the cattlemen have done.

## LEST THE PEOPLE FORGET!

Large shipments of New Mexico lambs and wethers have been made during the present month and will keep on for the next four weeks. These animals are bringing the highest prices ever obtained in this Territory, and it is estimated that at least 1,000,000 of them have been sold and are now being shipped to purchasers. Many of them have been sent to Colorado, while large numbers go to eastern Kansas, western Missouri and southern Iowa. The fall wool clip will not be large as many sheep owners shear but once a year, but prices are very high for the fleecy staple and very satisfactory to growers. The year 1905 will be a banner year for New Mexico sheep owners and as the sheep growing industry is towards the top of the list in New Mexico resources, the prosperity of the sheep owners means good times and prosperity for thousands of men in their employ. Right here, it is well, lest the people forget, to remind them that under the unenlightened two Cleveland Democratic administrations during the past twenty years, the sheep raising industry in the Sunshine Territory suffered terribly, and the men engaged in it were nearly ruined. While, under Republican administrations during the last two decades, the reverse has been the result and the sheep industry has prospered greatly and brought wealth and comfort to many of the citizens of the Sunshine Territory. During the two Cleveland administrations since 1884, wool sold at from five to eight cents per pound, and lambs and sheep at from seventy cents to one dollar and fifty cents per head; under Republican administrations during the same period, wools have brought from fourteen to twenty-five cents per pound, and lambs and sheep from three cents to four and a half cents per pound. The result and the difference can be easily figured out by those interested and by those who want to know. When the sheep raisers of New Mexico are prosperous the entire Territory prospers; when they are losers the Territory loses.

The passenger department of the Santa Fe Railway is taking steps to do the right kind of advertising for this city and vicinity as a tourist and health resort. This is in the right direction and will prove profitable to all concerned, the Territory, this city and the Santa Fe Railway, and the tourists, travelers and healthseekers who will be brought here by this work. It is a little late in the day, but it is much better late than never. With proper efforts on the part of the people of this city, tourist trade here will continue to grow steadily and become very profitable. The outlook for the Capital of New Mexico is bright and can be realized in a very satisfactory degree if the people of the city and the city administration will do their share.

It is intimated that Albuquerque saloon keepers are violating the Sunday closing law by selling drink and liquors on Sundays via the back entrances. If this is so, even this fact shows a great improvement. Open and defiant violation of law in this instance has disappeared in the Duke City, and in due course of time even the secret and shady side of the street manner of violation of the statute will also disappear. The cause of reform and obedience to the laws as they exist even in the Duke City, is strong and more aggressive than ever before. This is a great point gained and the credit therefore belongs to the presiding judge of the district court, Judge Ira A. Abbott, and District Attorney Frank W. Clancy.

Dr. E. Fletcher Ingalls, of Chicago, the noted specialist of tubercular disease, declares emphatically that the cooler sections of the Southwest are the best in the world for the treatment of tuberculosis. He ridicules the idea that the disease can be treated as successfully in a humid and inclement climate as in an arid country. Weather Bureau statistics show that the climate at Santa Fe is the most equable and the finest of any part of the Southwest, and if the specialist quoted above is correct, then Santa Fe is most emphatically "the" place for those who seek to be cured of the white plague.

It is a pity that the opinions of the ten members of the House of Representatives who recently visited New Mexico and Arizona are contrary to those of the Joint Statehood Leaguers and of the newspapers in Albuquerque on the statehood question, but facts are facts and no matter how sad they are they must be borne. There is one fortunate condition of this affair with which Mr. Tawney and his fellow Congressmen can console themselves, and that is, that the Albuquerque Joint Statehood boomers cannot defeat them in their home districts for re-nomination and re-election should they desire the latter.

"But when is the investigation going to reach the fire insurance trust? That's what Kansas City wants to know."—Kansas City Star.

Yes, and that is what New Mexico wants to know. If there is a more tyrannical, self-willed or despotic trust in the United States than the fire insurance trust, no record has yet been made of it. The motto of the managers of this trust is at all times, "damn the people;" "make the most out of them."

The forestry division of the department of agriculture has commenced active work in the Sunshine Territory looking towards the reforestation of large sections and for the preservation of existing forests and growing timber. This is as it should be.

SCROFULA AN AWFUL  
INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands,

brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but

President Roosevelt in his address at the Tuskegee Institute of Alabama, gave expression to several epigrams every taxpayer and especially by every school director. One of these is: "Viewed from any angle, ignorance is the costliest crop that can be raised in this Union. Every dollar put into the education of either white man or black man, in head, in hands and in heart, yields rich dividends to the entire community."

In this same connection, the President spoke of the importance of manual training when he said: "The professional and mercantile avenues to success are overcrowded for the present the best chance of success awaits the intelligent worker at some mechanical trade or on a farm; for this man will almost certainly achieve industrial independence."

R. E. Briggs of Detroit is making arrangements to establish a poultry farm in the Arkansas Valley, Colorado, which is to supply the demand of Denver for chickens and eggs. Here's a hint to enterprising men with capital not necessarily large, to do likewise at Santa Fe. Fresh eggs are a scarce article in New Mexico and here they command from thirty to thirty-five cents a dozen the year around, in fact, at present, a fresh hen's egg is almost as scarce as the proverbial hen's teeth. There ought to be money in it for some one who will supply the market in this vicinity with fresh eggs.

Of late years there has been a slump in the production of precious and base metals in New Mexico. It looks as if the mineral industry would make a better showing this year, however, than it has for several years preceding. The better showing will be brought about by the fact that the production of zinc ores for 1905 in New Mexico will amount to about 85,000 tons, which at a minimum of \$10 per ton will increase the ore output by at least \$850,000.

Among the candidates for governor of New Mexico now being in the public eye, is said to be Herbert J. Hagerman of Roswell. Mr. Hagerman, according to report, is pursuing his candidacy and is securing endorsements in the Territory and in the States. He is a young man of high attainments and his friends say that should Governor Otero not be re-appointed, that he stands a first class chance.

Mayor Weaver of Philadelphia, has grown so virtuous that he has given orders not only against the assessment of city office holders for political purposes but has also given instructions that voluntary contributions from office holders are not acceptable. If that kind of sentiment spreads, many a professional politician will resign his job. There'll not be enough in it for him.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## INSOMNIA AND INDIGESTION CURED

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

I inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and as a dying man will grasp at a straw, I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months, taking in all about fifteen bottles, which entirely cured me. **Montgomery, Va. sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. Book with information about Scrofula and medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

## A JUDICIOUS INQUIRY.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

## SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Sick headaches is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

## CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return, going via the Mexican Central to either Vera Cruz or Tampico, thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip, covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned, as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by address: A. Dulohery, Commercial Agent, El Paso, Tex., or W. D. Murdock, Assistant General Passenger Agent, City of Mexico.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

## ARIZONA NEWS NOTES

The Presbyterians will build a church in Benson at an early date.

The Western Union Telegraph Company has a force of men at work extending its line to Tombstone, Bisbee and Douglas from Benson.

The Bruchman brothers went before United States Court Commissioner Zuck, at Holbrook, last Wednesday and waived examination on the charge of selling whiskey to Indians. They gave bond to appear before the next United States grand jury at Prescott.

Marcella and Virginia, daughters of E. T. Phelan, of Flagstaff, were riding a horse the other morning when the animal became unmanageable and ran away. The girls stuck to the saddle until the girl loosened and then they were thrown among the rocks. Both were badly bruised by the fall.

In the Nogales Oasis, the editor recently expressed a willingness to meet in joint debate, Hon. J. F. Wilson, one of the foremost opponents of annexation of New Mexico to create the state of Arizona, and to present to the people at several points mentioned, the arguments that may be advanced upon both sides of the issue.

Though Arizona recently received its fifth judicial district it is probable that the machinery will soon be set in motion that will result in at least the organization of one more. Attorneys in Cochise County are discussing the possibility of getting a district created that will include that county alone, giving them a continuous court as they now have in Maricopa County.

The Supai Indian village in Cataract Canon is experiencing a famine that was brought about by the recent floods destroying the crops of the tribe. Besides the crop much of the land was washed away. An appeal has been made to the government and to the different religious organizations who have missionaries in that district. The Supai tribe is decreasing and misfortunes of the kind referred to hasten their ultimate extinction.—Phoenix Republican.

The \$30,000 bonus for the Glendale sugar factory has been secured, and it can be stated positively that the factory is assured for Salt river valley. Lafayette Meyers, who has been in Phoenix for several days, representing Theodore Hanke, will remain there, now that the bonus has been secured. He states that work on the factory will be resumed within the next two weeks, where it was left off when the factory was begun, over a year ago.

Mike Irish, a well known Pima County man, was married to Miss Margaret Walsh in Tucson a few days ago. The marriage is tinged with a pleasant romance. Years ago the groom came from Tipperary County, Ireland, to make his fortune, and succeeded, for he was one of the discoverers of the Twin Butte mine, and is now one of the big stockholders in it. The bride accompanied by a brother, arrived in Tucson, from Tipperary County, a week or so ago, and the wedding quickly followed. They will reside in Tucson.

After deliberating over the matter for a month the board of supervisors Wednesday granted the request of citizens and Rough Riders for the erection of a monument to Bucky O'Neill on the court house plaza, says the Prescott Journal-Miner. The supervisors were in a genial mood, and also agreed to appropriate \$1,000 as a donation from the county to the fund. There had been some question as to the legality of doing this, and accordingly the board took legal advice before formally acting in the matter, although they have been in harmony with the movement from the beginning.

A special from Phoenix to the Los Angeles Times says: Engineer-in-Charge L. C. Hill, at the Tonto Basin dam site, has continual difficulty in the duties of his position as the guardian angel of his camp, but thus far has come out on top. In accordance with territorial law and the regulations of the interior department, he has issued an ukase prohibiting the importation or sale of liquor in or near Roosevelt, but, somehow, there has been continual drunkenness in slight degrees among the workmen, and particularly among the Indians employed. For the past week all wagons entering the camp have been searched for liquor. Even the mail stage was held up by Hill's representatives, and about thirty quarts of whiskey discovered. The bottles were smashed on the spot and the liquor was used to lay the dust of the road.

### WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced

### EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good

"I was troubled with sore hands, so sore that when I would put them in water the pain would nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything, but could get no relief. I tried at least eight different doctors, but none did me any good, as my hands were as bad when I got through doctoring as when I began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heart-sore. I would feel so bad mornings, to think I had to go to work and stand the pain for ten hours, I often felt like giving up my position. Before I started to work I would have to wrap every finger up separately, so as to try and keep them soft, and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves; in fact, I had to wear gloves all the time. But thanks to Cuticura, that is all over now.

### CURED FOR 50c.

"After doctoring for three years, and spending much money, a 50c. box of Cuticura Ointment ended all my sufferings. It's been two years since I used any, and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

### CONGRESSIONAL SHORTHAND BY MAIL.

A school for teaching the system of shorthand employed to record the debates in the halls of Congress has been established in Washington, and lessons by correspondence are to be given by a former reporter. The fact that this system meets the high speed requirements of those debates, gives it the prestige of being the leading system in the United States, if not of the world. The price of a full course, as advertised, is \$9. Further information can be obtained by addressing the CONGRESSIONAL SHORTHAND SCHOOL, 12th and G. Streets, Washington, D. C.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are detrimental to health.  
Many consumers use alum baking powders in perfect ignorance. They are allured to the danger by the cry of cheapness, and the false and flippant advertisements in the newspapers. Alum baking powders do not make a "pure, wholesome and delicious food" any more than two and two make ten. Their manufacturers are deceiving the public.  
If you wish to avoid this danger to your food,  
**LOOK UPON THE LABEL**  
and decline to buy or use any baking powder that is not plainly designated as a cream of tartar powder.

## MINOR CITY TOPICS

Los Bailadores will hold their regular semi-monthly dance this evening at Adam's Hall.

After the dance is over go to the Claire Cafe and get a good cup of coffee, sandwiches, oysters, etc., the only place in town.

Miss Blanche Rothgeb, of Las Vegas, who is well known here and who has been quite ill, is slowly recovering.

E. C. Baca, tonsorial artist, is again at his old chair in the Roberts O. K. Barber Shop, after an absence of several days, caused by sickness.

Miss Gertrude Duhrsen has resigned her position as teacher in the public schools of Santa Fe and will leave tomorrow for her home in Omaha, Nebraska. Several applications for the position have been received by the board and are now under investigation.

A change of the advertisement of the Santa Fe Hardware Company has been made in this issue of the New Mexican. The company is offering a complete line of heating stoves at special prices. The Wilson heater, which is being featured by the hardware concern, is said to be a great fuel saver and a big heat producer.

Jose Benito Garcia, of Velarde, who has been ill in this city for some time, died yesterday morning. Deceased was a well known stock raiser and had many friends in northern New Mexico who will be pained to learn of his death. He leaves a widow and eight children. The remains were shipped north yesterday morning by Charles Wagner, undertaker, who had charge of the body. Mrs. Garcia and children accompanied the body to its last resting place at Velarde.

The news was received yesterday by A. Harsch of the death of the soldier's home at Sawtelle, near Los Angeles, of William Gibbs, who left Albuquerque about a year ago to take up his residence at the home. The direct cause of death was paralysis. Mr. Gibbs was a member of Warren post and a pioneer of Albuquerque. He had

had a large circle of friends among the people of this city who will regret to hear of his demise. His wife was with him at the time of his death.—Albuquerque Journal.

The New Mexican calls attention to an advertisement in this issue by the Board of County Commissioners of this county calling for proposals for the painting of the roof and outside wood work of the court house in this city. Bids are to be opened at noon on November 8th next. Specifications can be seen at the office of Hon. Arthur Seligman, chairman of the board in this city. A certified check for 10 per cent of the amount of the bid will be required with each bid for the proper performance of the contract, if awarded.

The forecast for New Mexico is partly cloudy weather tonight and Saturday, with local rains in the east portion and colder weather in the southeast portion tonight. For Colorado the forecast is generally fair weather tonight and colder in the east portion. For Saturday it will be generally fair, and warmer in the east portion. The maximum temperature in Santa Fe yesterday was 59 degrees at 3:30 o'clock in the afternoon, the minimum was 33 at 6 o'clock in the morning, the mean was 46 and the relative humidity was 66 per cent. At 6 o'clock this morning the temperature was 32 degrees.

At 2 o'clock this afternoon Juan Marquez, of Lamy, had a preliminary hearing before Justice of the Peace Jose Ma. Garcia, on a charge of horse stealing. Roque Tudesque of Lamy is the prosecuting witness. The charge is that Marquez, who was then a resident of southern Santa Fe County, two years ago stole a horse, saddle and bridle belonging to Tudesque and "skipped" for the purpose of traveling in foreign parts. He was discovered a few days ago in Albuquerque by Mr. Tudesque, who came to Santa Fe and swore out a complaint against him. A deputy sheriff of this county arrested the defendant Wednesday last and brought him to this city.

The Santa Fe Fire Department will hold a smoker at the Claire Cafe on

next Tuesday evening, October 31. This department was organized October 31, 1880, making this the twenty-fifth anniversary of the organization. The original board of commissioners consisted of William Spiegelberg, M. A. Breeden, Christopher Meyer and Solomon Spiegelberg. There are three of the old members of the department still living in Santa Fe—namely, William Bolander, Antonio Ortiz and A. M. Dettlebach, the latter being, however, the only one of the three who is still in service. The smoker will be informal and the speeches will be impromptu, but it is expected to be a thoroughly enjoyable affair. Invitations have been sent out to all the departments in the Territory and the indications are that there will be delegates from each of these.

## PROPOSALS FOR PAINTING COURT HOUSE.

Office of the Board of Commissioners of the County of Santa Fe, Territory of New Mexico, Santa Fe, October 27, 1905.

Proposals for the painting of the roof and all outside wood work of the court house of the county of Santa Fe will be received by the board of commissioners of said county, until 12 o'clock noon, November 8th, 1905, at which time they will be opened in the presence of bidders, by the said board. Specifications as to kind and color of paint and workmanship may be seen at the office of Hon. Arthur Seligman, chairman of the board in the city of Santa Fe.

The board reserves to itself the right to reject any or all bids as may be deemed best for the interests of the county.

A certified check payable to the board of county commissioners of Santa Fe County, for ten per cent of the amount of the bid, to secure faithful performance of the contract, if awarded, must accompany each proposal.

## ONE OF MANY PATHETIC LETTERS

That Are Received Almost Daily By the New Mexican From All Over the Country.

The New Mexican is in receipt of the following pathetic letter, only one out of many that the mail man brings daily:

Chicago, Ill., Oct. 23, 1905.  
If you know where Daniel L. Weller is, for God's sake tell him to come home at once. I am falling awfully fast and I can hardly write. Anything you do for me I will try and reward you some day. My husband has done a most cruel, hard thing in going away from me. Do what you can for me. I shall be truly grateful. Anything you write me you may write me to my home, 225 East Ohio Street, Chicago. I'd give, oh so much, to see my husband. I am dying inch by inch, and I have to scrub so hard to make a decent living.  
I am, yours truly,  
MRS. CORA WELLER.

## U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Partly cloudy tonight and Saturday with local rain in east portion tonight; colder in southeast portion.

For Colorado: Generally fair tonight; colder in east portion; Saturday fair; warmer in east portion.

Yesterday the thermometer registered as follows: Maximum temperature, 59 degrees, at 3:30 p. m.; minimum, 33 degrees, at 6:00 a. m. The mean temperature for the 24 hours was 46 degrees. Relative humidity, 66 per cent. Temperature at 6:00 a. m. today, 32 degrees.

### THE KITCHEN.

You could eat from the Bon Ton Hotel kitchen floor. Cleanliness counts so much with all of us. But the Bon Ton Hotel management goes much further than cleanliness. Our aim is to serve our patrons with the best food possible—dainty, yet substantial. To see that they live and sleep in cheerful, airy rooms. To surround them by all that is pleasant and refined, and they also have for use the handsome parlor, library, buffet and smoking room. The Bon Ton Hotel is just like a great big, happy home. Yet all these luxuries and privileges are at your service at minimum rates. Don't forget that the Bon Ton Hotel and Lunch Counter serves its patrons every Sunday with a grand dinner—one that would cost you twice the money anywhere else in the city—and all it will cost you is the regular price—25 cents.

### JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and can be used: have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1-2 x 6 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each, or with both civil and criminal bound in on book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal .....\$4.00

Combination civil and criminal, \$5.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address,

with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitutes 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.

## NEW MEXICO HAPPENINGS

The round-up on the S. Cross ranch in Eddy County began this week.

Pablo Lucero, of Villanueva, San Miguel County, has taken out a merchant's license for twelve months.

The Congregational Educational Society of Boston has purchased a tract of land near Bernalillo County, and will build an industrial school for boys in the near future.

Mrs. Lizzie Beam has been granted a divorce from her husband, E. E. Beam. The case was heard by Judge William J. Mills in the Fourth Judicial District Court for Union County this week.

Pelipe Martinez, of Las Vegas, San Miguel County, has been placed under \$250 bond for wife beating, in default of which he is now in jail at Las Vegas to await the action of the next grand jury.

Only one bid was received at Roswell this week for removing the dirt on two fills at the Hondo reservoir, it being from Wood, Bancroft & Doty, of Omaha, Nebraska. The contract has not yet been let.

Joseph S. Bowdish, a molder in the Albuquerque Foundry and Machine Works, will be married within a short time to Miss Sadie M. Strain. The date of the ceremony has not been definitely decided upon, as yet.

Claude Eggleston, who was arrested at Albuquerque for the shooting of Salvador Garcia during a hunting trip to Bear Canon last Sunday, has been placed in jail in default of \$1,000 bonds to wait the action of the grand jury.

The Gallup Electric Light plant, at Gallup, McKinley County, has been sold by Gregory Page to E. C. Allen, formerly manager of the electric light company at Albuquerque. It is understood that the purchase price was in the neighborhood of \$25,000.

Sneak thieves have been operating in Albuquerque during the past week, their latest operations having taken place in the La Veta rooming house, where they secured considerable money, clothing and other property from various roomers, inmates of the building.

A Duke City hop joint was raided Wednesday night by the police and two young men from Deadwood, South Dakota, who gave their names as Thomas and Fay Howard, were arrested. They were fined \$10 each in police court, which fines were paid.

While grading in the Terrace addition to the city of Albuquerque this week, workmen unearthed the remains of eight camp fires arranged in a semicircle. These are thought to be the remains of some great Indian powwow which was held many, many years ago.

### STRAIN TOO GREAT.

Hundreds of Santa Fe Readers Find it So.

The hustle and worry of business men. The hard work and stooping of workmen.

The woman's household cares. Are too great a strain on the kidneys.

Backache, headache, sideache. Kidney troubles, urinary troubles follow.

A Santa Fe citizen tells you how to cure them all.

Charles Harris, ex-policeman of San Miguel Street, says: "The aching across the small of my back was not the kind that comes from overwork, it was deeper seated and much more painful, positively proving to me that some inward cause existed. When an attack was in the aggravated stage, I could not stoop to put on a shoe or lift any weight and if I managed to stoop after suffering twinges when I went to straighten excreting organs were sure to be my reward. Doan's Kidney Pills procured at Ireland's Pharmacy stopped every aggravated attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Paganini's Cab.

The characteristic good nature of Paganini, the celebrated Italian violinist, is well illustrated by the following anecdote: One day while in Vienna he hired a cab to take him from the hall where he had added one more to his long list of triumphs to his lodgings. When Paganini awoke the next morning he found the cabman waiting for an interview. He, in fact, burst into Paganini's private apartment.

"What do you want?"

"Excellency, I come to solicit a favor of you—a very great favor. I am father of four children and have the honor to be your fellow countryman. You are wealthy, your fame is unequalled, and if you please you can make my fortune."

"What do you mean?"

"Well, authorize me to write in large letters at the back of my vehicle these two words: 'Paganini's Cab.'"

The musician consented, says Olga Raester in an interesting volume entitled "Chats on Violins," and six months afterward the cabman was enjoying a comfortable income solely derived from Paganini's cab.

### Masts and Rigging.

Each of the three masts of all but very small vessels consists of a number of sticks one above another. The "heel" of the topmast comes a little below the "head" of the lower mast and is secured by a "cap," a sort of iron band, and a bar, called a "hd." Above the topmast comes the topgallant mast and above that the royal mast.

The running rigging consists of ropes used in handling the yards and sails, and every rope has a distinguishing name. Halyards are ropes used to hoist yards and sails. Braces are ropes used to swing the yards around by.

To the beginner the names of ropes are apt to be very confusing. Old salts are fond of spinning a yarn about a lad who wanted to go to sea until he heard that the fore topgallant studding sail boom tricing lining thimble block mousing was the name of about the smallest bit of rope on board ship, when he at once concluded that, such being the case, he could never expect to master the name of the largest rope and consequently decided to become a farmer.

### Gypsies and Tartars.

Some ethnologists claim that the gypsies are of the same family as the Tartars. They are said to have appeared first in Germany in 1417 under the name of Tartars or Zegins and by a statute of Henry VIII. were expelled from England in 1530. This not proving efficient to exterminate the race stronger measures were taken, described by Thomas Cromwell in a quaint letter still extant. "And in case ye shall here or knowe of any such Gypcians," he writes to "My Lorde of Chester," "that ye shal compell them to depart to the next porte of the see, and eyther without delaye upon the first winds that shall conveye them, or if they shal in any wise breke that commaundment, to see them executed, without sparing upon any commysion, license or placards that they may shewe or alledge for themselves to the contrary."

### A Fine Sense of Humor.

The Russian Emperor Ivan IV. once ordered one of his high court officials to procure for him a measure full of fleas, and when the poor man failed, through the friskiness of the insects in jumping out of the measure, had his head cut off and inflicted a fine of 7,000 rubles on the city of Moscow for its share in the failure. On other occasions he would wander away into the country with some boon companions and a few caged bears, and when he came to a peaceful village would let slip the bears and shriek with laughter as the villagers rushed for safety or fell victims to the hungry animals.

### Wouldn't Work Nowadays.

The Egyptians had a very remarkable ordinance to prevent persons from borrowing imprudently. An Egyptian was not permitted to borrow without giving to his creditors in pledge the body of his father. It was deemed both an impety and an infamy not to redeem so sacred a pledge. A person who died without discharging that duty was deprived of the customary honors paid to the dead.

### To Die in the Last Ditch.

The phrase "to die in the last ditch" is stated by an English authority in such matters to be an Americanism, originating during the civil war. In fact, it was first used by William, prince of Orange, who during the war with France was asked what he would do in case the troops of Holland were defeated in the field and who replied, "I will die in the last ditch."

### Decidedly Friendly.

Ranter—I thought this paper was friendly to me.

Editor—So it is. What's the matter now?

Ranter—I made a speech at the banquet last night, and you didn't print a line of it.

Editor—Well? What further proof did you want of our friendship?

### A Rare Case.

Sorroughs—I'm always expecting disaster, but still the unexpected happened to me once. Cheerful—How was that? Sorroughs—When the calamity came nobody remembered to say, "I told you so."—Houston Chronicle.

### The Only Sure Way.

"Say, old man," said the soulful young man, "what's the best way to find out what a woman thinks of you?"

"Marry her," replied Peckham promptly.—Catholic Standard and Times.

Our greatest glory is not in never falling, but in rising every time we fall.—Pascal.

**GROCCERS, BAKERS, BUTCHERS!****CANNED CORN.**

There has been a decided decline in the price of canned corn. We are giving our customers the benefit. We offer standard BEATRICE Nebraska corn at THREE CANS FOR 25 CENTS. This is the lowest price for which good sweet corn has ever been sold in Santa Fe.

FERNEDELL corn, packed in Maine, a very fancy quality which has been selling at 20 cents we now offer at .15.

**NEW JAMS AND JELLIES.**

We now have in stock new California jams and jellies in one pound cans which we are selling at ten cents a can. These are good pure fruit products and a bargain at the price.

**GRAPES.**

Mission grapes from Bernalillo and Muscat grapes from southern California are now in good supply and reasonable in price.

**FLOUR.**

There has been a lowering of prices all along the line in flour. We now sell the best Colorado brands such as Blanca, Puritan and Daisy at \$1.25 per sack.

IMPERIAL FLOUR, the best produced in Kansas now only, per sack, \$1.60.

**VEGETABLES.**

Sweet potatoes, celery and egg plant are now in season and we also have squash, beets, carrots, etc.

**FRESH MEATS.**

We are still cutting the finest of Government inspected, packing house killed beef. Nothing else nearly so good. Everything in sausages, mutton, veal, boiled ham, head cheese, spare ribs, etc. Give us a trial.

**FISH AND OYSTERS.**

We are receiving fish and oysters on each Friday morning for the present. SEALSHIP OYSTERS only. No ice, no water, no dirty and unsanitary wooden bucket comes in contact with the genuine sealship oyster. They come in enamelled cans, the can surrounded by cracked ice, direct from the beds to our store.

**MEADOW GOLD.**

Do you know Meadow Gold butter? It is pasteurized. It is packed in a triple wrapper of paper. It is clean and of perfect flavor when packed. Its cleanliness and flavor are retained until delivered at your home.

**PIPES.**

We have a very nice line of pipes, ranging in price from five cents for a corn cob to \$5 and \$7 for a meershaum or gold mounted briar. Particularly good showings of genuine briars at 25 and 35 cents. Briars with genuine amber bits at .50 and up.

**LIVERY STABLE LAW.**

According to the Williams Livery Stable Law, passed by the 36th Legislative Assembly and approved by Governor Otero, every keeper of a livery stable is required to post a copy of the law in a conspicuous place in his stable. The law is for the protection of livery stable keepers against dead beats and persons who damage any vehicle or injure any animal hired from a livery stable. The New Mexican has printed the law neatly upon cardboard and is ready to fill all orders at \$1.00 for each poster in English or in Spanish.

Legal blanks of every description, Pads and scratch tablets, for school and conforming to the laws of New work and the desk, five cents in book Mexico, are on hand and for sale by form; discount on quantities. New the New Mexican Printing Company. Mexican Printing Company.
