## NOMINATIONS ARE TODAY CONFIRMED

### Fight is Being Made on Secretary Raynolds.

### BUT WITHOUT ANY SUCCESS

### Andrews at Work for Good of Territory--House and Senate Very Busy.

Special to the New Mexican.

Washington, D. C., Dec. 14.—As foreshadowed in the news columns of the New Mexican, during the past week, the President today sent the following nominations to the Senate: William J. Mills, of Las Vegas, to be chief justice of the Supreme Court of New Mexico, to succeed himself; Frank W. Parker, of Las Cruces, to be associate justice of the Supreme Court of New Mexico, to succeed himself; John R. McFie, of Santa Fe, to be associate justice of the Supreme Court of New Mexico, to succeed himself. These nominations will be promptly confirmed. New Mexicans here state that the appointments will give the greatest satisfaction to 99 out of every 100 citizens in the Territory.

Some disgruntled members of the New Mexico bar, who try their cases mostly in the newspapers and on the streets, have made charges against two of the nominees, but they were of such smallness and of so little importance that no heed was paid to them. They are believed to be the outcome of personal spite and disappointment.

#### Fight on Raynolds.

Special to the New Mexican. Washington, D. C., Dec. 14.—The nomination of James W. Raynolds to succeed himself as secretary of the Territory of New Mexico now pending in the Senate committee on territories will be confirmed. Prominent New Mexicans, in this city, state that the charges against Mr. Raynolds were made by ex-Delegate B. S. Rodey, ex-United States Attorney W. B. Childers and ex-Delegate T. B. Catron and that there is nothing but hot air to them. Childers and Rodey are opposed to Secretary Raynolds, partly because he differs with them on the statehood question and because they have personal grievances for which they want to get even. One prominent New Mexican said:

#### Andrews Bill.

Special to the New Mexican. Washington, D. C., Dec. 14.—The bill introduced by Delegate Andrews, providing for an enabling act for the state of New Mexico within present territorial limits, is now in the House committee on territories and the delegate is watching it carefully. Several other prominent New Mexicans here are helping him to get favorable action on the bill.

The delegate is also doing all he can for the confirmation of Secretary J. W. Raynolds and has informed the Senate committee on territories as to the true inwardness of the charges preferred by Rodey, by Catron and by Childers. The principle charge against Mr. Raynolds is, that he is not a friend of the administration. The entire New Mexico delegation here, except one, is working for the confirmation of Mr. Raynolds.

Delegate Andrews is hard at work endeavoring to secure amendments to the pending statehood bills providing for an appropriation of public lands to pay the state debts and the railroad debt of the counties involved.

The Secretary of the Interior has made the final approval of the transfer papers for the Pecos Valley Irrigation Company to the United States and has also signed the final papers setting apart the appropriation of \$200,000 for the Fort Selden diversion dam project.

Charles A. Spies, of Las Vegas, and W. H. Greer, of Albuquerque, arrived here yesterday.

#### Loyal Republican.

"As far as ex-Delegate Catron is concerned, it was just as natural that he is opposed to Secretary Raynolds as it is for water and oil not to mix. Secretary Raynolds is a man, who cannot be bossed and who cannot be bullied. Out of eleven New Mexicans here, ten are working for the confirmation of Mr. Raynolds.

One charge, made by Childers and Rodey for the Albuquerque Joint Statehood League, is said to be that Secretary Raynolds is not friendly to the administration. The fact is that there is no more loyal supporter of the administration or truer Republican. Secretary Raynolds is an enthusiastic admirer of President Roosevelt and his policies. This fact has been represented to Senator Beveridge and the Senate committee on territories in a strong manner. Childers has it in for Secretary Raynolds because he believes the latter was actively opposed to the Hubbell regime in Bernalillo County and hence Chil-

ders' particular motive for attacking the secretary.

#### Commerce Commission.

Washington, D. C., Dec. 14.—The annual report of the Interstate Commerce Commission was made public today. The report is made almost entirely of comments on the bill for the proposed amendments which has been submitted to the Senate committee on Interstate Commerce. The most important amendment offered in this bill is the delegation of authority to the commission to determine what rate should be substituted for the future in place of the one found, after full hearing, to be unlawful, with further provision that the order of the commission prescribing such substitute rate shall take effect within a reasonable time unless vacated or set aside by judicial proceedings. Among the recommendations made is that the government should investigate accidents and promptly furnish the facts concerning them.

#### Annapolis Hazing.

Secretary Bonaparte has received the report of Rear Admiral Sands, superintendent of the naval academy at Annapolis upon the hazing of Midshipman Jerdone P. Kimbrough. The superintendent recommends the summary dismissal of Midshipman Tremore Coffin, Jr., of the third class and Midshipman Warren A. Van Dervere of the second class, Coffin for hazing and Van Dervere for failing to report it. The secretary has the report under consideration.

#### Philippine Tariff.

Major Aaron Gove, formerly superintendent of the schools at Denver was the chief speaker at the hearing today before the ways and means committee on the Philippine tariff. He said he regarded the sugar and tobacco production of the islands to be a great menace to the sugar and tobacco interests in the United States and expressed the belief that it is absolutely impossible to estimate the output of the rich islands under modern methods of cultivation.

#### Insurance Contest.

The contest between the ways and means committee, and the interstate and foreign commerce committee for the control of insurance legislation was continued in the House today. Congressman Payne took the floor to show that the power to tax was the only way in which Congress could get control over insurance and that the ways and means committee had jurisdiction over the taxing power.

#### Patent Medicines.

The granting of patents on medicines and drugs, except for the definite process of manufacture, is prohibited in a bill introduced today by Representative Mann of Illinois. The bill received the favorable mention of the House at the last session.

#### For Statehood.

Immediately on the adjournment of the House today the Republican members met in a conference on the statehood question, the plan being to endorse a policy of creating the state of Arizona out of that territory and of New Mexico and the state of Oklahoma out of that territory and Indian Territory.

## ROSWELL EXCURSION.

Plans Being Made By Pecos Valley Citizens to Come to the Inauguration.

The New Mexican is reliably informed that the Governor-to-be, Herbert J. Hagerman, does not desire any great ceremonies or extensive exercises on the occasion of his taking the oath of office as Governor of New Mexico, January 22d, next.

Friends of Mr. Hagerman here were preparing for a grand occasion, but were privately informed that the incoming Governor desired to have the ceremonies conducted as quietly and with as little ostentation as will be compatible with the occasion, and hence no arrangements, of an official character by the officials, or by other citizens will be made. This is the situation at present.

However, it is understood that Mr. Hagerman will visit this city before the first of the year, and at that time his pleasure will be consulted and such arrangements as may suit him will be adopted.

In connection with the above the Roswell Record says:

"Upon request of several citizens, Mayor J. F. Hinkle has appointed the following committee to take up and consider the matter of an excursion to Santa Fe for the inauguration on January 22d: W. C. Reid, E. A. Cahoon, L. K. McGaffey, J. A. Graham, Colonel Willson, Charles Bremond.

It is intended to take the Military Cadets and Company B, First Regiment National Guard and as many citizens as will go.

## FOUR DROWNED.

Brownsville, Pa., Dec. 14.—Four persons here were drowned in the Monongahela River today as the result of the passenger steamer Rose Hite colliding with the tow boat Joe F. Klein, and sinking in fourteen feet of water. All the dead were employed on the steamer as deck hands and were drowned while they slept. The boat carried fourteen passengers but all of them were safely gotten to shore.

JUDGE FRANK W. PARKER.

His Re-Appointment Was Sent to Senate Yesterday by President and Confirmed Today.

Hon. Frank W. Parker, associate justice of the territorial supreme court, was born at Sturgis, Michigan, on October 16, 1860, and he is therefore comparatively a young man for the honor of serving a third term as associate justice of the Supreme Court. He acquired a literary education in the Sturgis high school and after graduating, entered upon a course of study in the famous law school of the University of Michigan at Ann Arbor. He graduated in 1880, not yet twenty years of age.

In September, 1881, Judge Parker came to New Mexico, locating first at Mesilla, Dona Ana County, and in the fall of 1882, removed to Kingston, Sierra County. In 1883, he took up his residence at Hillsboro, the same county.

#### Strictly Impartial.

As a judge he is strictly impartial and his legal learning has stood the test of review by the territorial and the United States Supreme Courts. He has presided in quite a number of celebrated trials and his opinions are

characterized by thoroughness, legal ability and unquestioned fairness.

Judge Parker was appointed to the bench of the supreme court on December 18, 1887, by President McKinley and was confirmed by the United States Senate on January 10, 1898. He was re-appointed by President Roosevelt on December 12, 1901, taking the oath of office on January 9, 1902, and was again re-appointed by President Roosevelt today.

#### His Record.

The excellent record made by Judge Parker during his first and second term as an associate justice of the supreme court of New Mexico, brought about his re-appointment.

Only recently, Judge Parker led to the altar, Miss Anna Davis, an accomplished young woman, who presides over the home of Judge Parker at Las Cruces with charm and dignity. Judge Parker is a very popular not only with his associates on the bench, but also with the members of the bar and citizens in general throughout the Territory.

## RUSSIAN AFFAIRS.

Conditions Continue Alarming—Sailors on Board Ship Mutiny and Civil Aid Called.

The government advices today from the Baltic provinces, forwarded a part of the way from Riga by courier are of the most alarming character. Bands of thousands of Lettish peasants are roaming the country in the vicinity of Riga putting torch to houses on all estates and even threatening the town of Riga itself. The districts of Riga and Venden are entirely in the hands of the insurgents. The revolt is spreading to all parts of the court and outside. Communication with Riga is cut off.

#### Little Progress.

The government is making little headway in crushing the telegraphers strike. The wires of a few lines over which the service has been temporarily restored are constantly cut and not a single wire was working out of St. Petersburg this morning.

The news from the Baltic provinces today is to the effect that many German landlords who have not flown are establishing a net work of small forts and are standing a regular siege. There has been much killing and burning.

The inhabitants of the Baltic provinces now residing in St. Petersburg were immensely gratified at the publication yesterday of the imperial ukase promising local self government, which they say means abandonment of the Russification policy, which began in 1867 to destroy unity of the old province of Lithuania.

#### Strong Policy Needed.

Cries for a strong policy to end the tyranny of the revolutionary organs are openly taken up by such men as Charles Von Schwabach, former minister of agriculture. In an interview he denounces Premier Witte's policy as fatal, declares that the strike law will be as useless as a press law and says that the only sane method is to answer by force the threats of the organizations which are calling on people to make armed resistance. Such interviews increase the feeling that Witte's position is almost lost and rumors of the Emperor's intention to establish a dictator exist. On the other hand it is declared that the premier still enjoys the confidence of the Emperor.

#### Swedish Report.

Stockholm, Dec. 14.—The Swedish steamer Drottning Sophia returned here today from Riga with Swedish fugitives. She arrived at Riga December

## SHORT HOLIDAY.

T. B. Catron Understood to Object to Giving the Usual Two Weeks Holiday.

It has not been decided as to the length of holiday that will be given the pupils of the public schools this Christmas.

In all probability the holidays will begin on December 22d, and will last for either one or two weeks. It has been customary to have a two weeks' vacation at this season of the year and a number of the teachers and pupils have made plans for trips to cover that length of time. Some of the board, however, think that the two weeks away from the studies is too long and will, therefore, at the next meeting make an effort to cut the holiday in half. In the meantime both teachers and pupils await their action with interest.

T. B. Catron, president of the board, it is understood is the principal objector to giving the two weeks' vacation. It is understood that he thinks that the city would be wasting too much money on salaries. People in general disagree with him.

"The people of Santa Fe," said a heavy tax payer to a reporter of the New Mexican today, "are willing to give two weeks vacation. The teachers are doing good work, are not paid too much and will do better work after the holiday. I pay my taxes regularly and on time and do not object to the dollar or two that this vacation will cost me.

"From the records in the collectors office I find that Mr. Catron's tax assessments are rather low considering the real value of the property he owns in the county. I also find that he has not paid his taxes for the years of 1905, 1904 and 1903 and for 1902 he only paid \$122.50 and still owes \$1,047.02 for that year.

"A man in that position should not grudge the few dollars that the city would pay to the teachers for this deserved vacation.

"I have talked to a number of citizens who do pay their taxes and who have children in school. They agree with me that a two weeks' vacation should be granted."

## E. F. HANNAN HURT.

Thrown and Dragged By Horse Near Indian School Yesterday Afternoon.

E. F. Hannan, of Chicago, who until recently was employed as city editor on the New Mexican, was thrown from his horse while riding near the United States Indian School yesterday afternoon, and severely injured. His foot caught in the stirrup and he was dragged for nearly 200 feet. A bone in one ankle was broken and he received numerous painful bruises where he was struck by the hoofs of the frightened horse. Mr. Hannan's condition is not considered dangerous but he will be confined to his bed for some time.

Mr. Hannan with a companion was riding rapidly, when their horses, collided. To save his leg from being injured, Mr. Hannan threw it across the saddle horn. Just as he did so, his horse stepped in a hole and lunged forward, throwing the rider from his back. The animal then started to run. Mr. Hannan could not release his foot from the stirrup, and was dragged rapidly over the ground, the horse's hoofs striking him constantly. By kicking frantically, he at last succeeded in releasing his foot, but not before he was severely injured. His companion assisted him to reach the Indian School, and from there he was brought in a conveyance to his room on Johnson Street and a surgeon called. His horse was caught at the Indian School and returned to the stable in this city.

"I am the luckiest man in the Southwest," said Mr. Hannan. "I fully expected to be killed when the horse started to drag me across the country. I was only hoping that it would be over quickly. Some time ago, my brother wrote me, to ride a great deal and learn to be a cowboy. I don't think I am cut out for that sort of a life, however. I wired him last night: 'Have taken my first lesson as cowboy. Thrown from my horse but not dangerously injured.'"

Mr. Hannan has many friends in Santa Fe who are sorry to hear of his injuries.

## MONEY IN FLAMES.

Store Burns in Brooklyn and Burning Tower Buries \$25,000 in Debris.

New York, Dec. 14.—A fire early today destroyed the four story brick business building at the corner of Fulton Street and Bedford Avenue in Brooklyn the property of State Senator Charles Copper, entailing a loss of \$100,000 on the building and an additional loss to the tenants of about \$150,000.

The most spectacular feature was presented when the tower had its supports burned away and went crashing through three floors.

The tower fell into the office of the Brooklyn Trust Company, burying a safe that contained \$25,000 in cash, which it is believed will not be harmed.

And the persons so qualified shall be entitled to be so registered and to vote for delegates to the constitutional convention. Such election for delegates shall be conducted, the returns made, and the certificates of persons elected to such convention issued, as near as may be, in the same manner as is prescribed by the laws of said territories, respectively, regulating elections therein of members of the legislature, save that not more than two judges of each of the election boards holding elections under this act shall be of the same political party: Provided, That the secretary, or other proper officer, of the territory of Arizona, into whose hands the result of said election in the territory of Arizona finally comes, shall immediately transmit and certify the same to the secretary of the Territory of New Mexico, at Santa Fe. Persons possessing the qualifications entitling them to vote for delegates to the constitutional convention under this act shall be entitled to vote on the ratification or rejection of the constitution submitted to the people of said territories hereunder, and on the election of all officials whose election is taking place at the same time, under such rules or regulations as said convention may prescribe, not in conflict with this act: Provided, That said registration lists shall answer for both or all such elections.

IN TIME OF PEACE PREPARE FOR  
WAR.

President Roosevelt, never spoke  
 truer words than when he said that  
 the maintenance of the Monroe Doc-  
 trine, depended on the ability of the  
 country to enforce it. No matter what  
 foreign diplomats say concerning it,  
 every European government that has  
 dealings with the Latin Republics, re-  
 gard that doctrine with thinly con-  
 cealed aversion; and those republics  
 owe their very existence to the deter-  
 mination of the United States to per-  
 mit no violation of its principles. Mex-  
 ico would now be either a French col-  
 ony or an Austrian monarchy if the  
 United States had not so strongly  
 expressed its intention to prevent any  
 foreign interference with the integrity  
 of the Mexican Republic. And apropos  
 to this comes the recent speech of  
 Admiral Dewey in Chicago in which  
 he said: "We have as good ships as  
 any country; we have as good officers  
 and we have the best enlisted men in  
 the world. And why are they the  
 best? Because we are Americans and  
 we pay the best wages. If all the offi-  
 cers were killed, the men would fight  
 the ships through to victory; and that  
 isn't true of any other navy in the  
 world." That is a proud boast, but it  
 is true because our sailors are bet-  
 ter paid, better fed and better clothed  
 than those of any other navy; and  
 then they have the national pride, in-  
 telligence, and self reliance which  
 are the marked characteristics of  
 American citizens in every walk of  
 life. While it is true as the admiral  
 says, that the United States has as  
 good ships as any country; it is equal-  
 ly true that there are not enough of  
 them.

A war in defense of the Monroe Doc-  
 trine would necessarily be a naval  
 war, and it would be too late to pre-  
 pare when hostilities had begun. A  
 war with either Germany, France or  
 England would be a different matter  
 to the late war with Spain, which was  
 over before Uncle Sam had really be-  
 gun to fight. Humanitarian theorists  
 may proclaim as positively as they  
 please that, modern civilization will  
 banish war from the world, but think-  
 ing, practical men know better; so  
 long as governments exist, national  
 disputes will arise, which can only be  
 settled by the "bloody arbitrament of  
 the sword." Washington's advice: "In  
 time of peace prepare for war," is as  
 wise and patriotic as it ever was. The  
 very best way to avoid war is to be  
 well prepared for it. Previous to the  
 war of 1812, British war ships lay at  
 anchor below the narrows in New  
 York harbor and boarded American  
 ships at their pleasure. No nation on  
 earth would dare to think of such a  
 thing now. And why not? America  
 was not prepared for war in 1812;  
 that very fact invited war and it came;  
 now she is better, though not fully  
 prepared and the probability is that  
 war will not come.

Moral:—Keep on building up the  
 navy until it is as strong as any other,  
 and peace will be secure and perma-  
 nent. Short sighted economists insist  
 that this policy is too expensive, but  
 it is a mere bagatelle to the cost and  
 bloodshed of war, with all its attend-  
 ant horrors.

The President's determination prac-  
 tically to keep the present federal of-  
 ficials in New Mexico in office is not  
 pleasing to the Albuquerque Yellow  
 Journal and the corrupt ring that  
 controls the sheet. This was to be  
 expected. President Roosevelt, how-  
 ever, is like the New Mexican and  
 other folk, he does not care what that  
 yellow sheet says. If the Alberque-  
 que Yellow Journal could be bought  
 at the valuation that the decent and  
 well informed people of New Mexico  
 put upon it, and could be sold at what  
 it thinks it is worth, the transaction  
 would net vast sums to the men who  
 bought and sold it the first time, but  
 would ruin the party who bought it  
 finally.

A Democrat has been appointed to  
 succeed Senator Mitchell in the Uni-  
 ted States Senate but he was endorsed  
 not only by the Democrats but also  
 by many staunch Republicans, which  
 seems to indicate that Oregon will be  
 represented by a Senator who has the  
 confidence of the entire state and who  
 will do his best to help the nation for-  
 get the stigma put upon the state by  
 his predecessor.

THE TERRITORIAL REPUBLICAN  
ORGANIZATION.

The Territorial Republican organiza-  
 tion as represented in Washington by  
 National Committeeman Solomon  
 Luna, by Chairman H. O. Bursum of  
 the Territorial Central Committee, by  
 Attorney General G. W. Prichard and  
 other leading Territorial Republicans,  
 has not been disregarded by President  
 Roosevelt. Quite the reverse! The  
 organization has been treated with  
 much consideration and evidently its  
 recommendations have had much  
 weight in the filling of federal offices  
 in which terms are about to expire.  
 This organization is more compact and  
 better than ever before, and the re-  
 cognition of its just claims has greatly  
 strengthened and unified the Republi-  
 can party in the Sunshine Territory.  
 This will be felt in next year's cam-  
 paign, be it for single statehood, be it  
 for joint statehood, or be it simply in  
 a territorial condition. With a strong,  
 united organization and a creditable  
 and efficient administration of public  
 affairs, such as this Territory is sure  
 to have under the incoming Governor,  
 Herbert J. Hagerman, the Republican  
 party of the Territory will attain a  
 glorious victory in the year of our  
 Lord, 1906, on whatever the battle  
 may be fought. This is passing  
 strange to the mischief makers, to  
 the knockers, to the men who are al-  
 ways making untrue, unjust or un-  
 fair charges, to the over-ambitious and  
 to those who desire to get even, but  
 even they must be crossed in their ne-  
 farious aims and selfish designs every  
 once in a while.

T. A. Riordan of Flagstaff, Arizona,  
 an influential citizen of the northern  
 part of the Territory and who has  
 large property interests there, is not  
 at all in favor of joint statehood for  
 the two territories. A. G. Wells, gen-  
 eral manager of the Santa Fe Pacific  
 Railroad, with headquarters in Los  
 Angeles, is in favor of the plan. Nat-  
 urally, Mr. Riordan's opinion ought to  
 be of more consequence in the case.  
 Mr. Wells is a railroad official living  
 in the big California town. Mr. Ri-  
 ordan has his property in Arizona and  
 is personally interested. The joint  
 statehood papers pay no attention to  
 Mr. Riordan's opinion, but think that  
 Mr. Wells is just O. K. and "too sweet  
 for anything." As far as this paper  
 is concerned, it is perfectly willing to  
 admit that both Mr. Wells and Mr.  
 Riordan have the right to form and  
 express such opinions upon the ques-  
 tion as they desire, but very naturally  
 Mr. Riordan's stand will be of more  
 consequence in Arizona when the ques-  
 tion comes to the issue.

B. S. Baker of Omaha, Nebraska, ex-  
 associate justice of the Territorial  
 Supreme Court, and ex-judge of the  
 Second Judicial District, thereof, has  
 again appeared in New Mexico poli-  
 tics. He has filed charges against the  
 appointment and confirmation of Chief  
 Justice William J. Mills and Associate  
 Justice John R. McFie, in Washing-  
 ton. To say the least, this was a  
 very ill-advised proceeding and he has  
 not benefited himself by it one iota.  
 The records are against the charges  
 made by him and according to report,  
 joined in with by ex-United States At-  
 torney W. B. Childers of Albuquerque.  
 The charges were disregarded and  
 filed away to everlasting rest. In this  
 fact there is no reflection on the two  
 judges named. The reflection is all  
 on the other side.

The proposition of Secretary of the  
 Navy Bonaparte to use the hull of the  
 old ship "Constitution" for practice  
 firing is not well taken and is not re-  
 ceived with approval by the people of  
 the country. As a measure of economy  
 it is too small to be thought about;  
 as a slap at public sentiment it might  
 be made rather important. Drop the  
 Constitution, Mr. Secretary, and let  
 the old ship remain where she is; keep  
 her in good repair and let the old  
 folks and the school children of Bos-  
 ton town enjoy the sight of her. She  
 did enough for this country when she  
 was young and she ought to be taken  
 care of now when old.

What really passed between Mr.  
 Harriman and Mr. Ryan at that fa-  
 mous conference was not brought out  
 by Attorney Hughes but authentic re-  
 port has it that Mr. Harriman merely  
 suggested to Mr. Ryan the substance  
 of a memorable conference between  
 the governor of North Carolina and  
 the governor of South Carolina, or  
 what was said by the Hon. H. O. Bur-  
 sum to the Hon. Solomon Luna after  
 they returned from the conference  
 with President Roosevelt at the  
 White House.

According to reports the wise old  
 saying "people who live in glass  
 houses should not throw stones" has  
 been disregarded of late by such  
 statesmen as ex-Delegate Thomas Ben-  
 ton Catron, ex-Delegate Bernard Shan-  
 don Rodey and ex-U. S. District At-  
 torney William Burr Childers. Right  
 here comes in the other adage "It is  
 a long lane that has no turning" and  
 the turns that this lane may take may  
 not be quite as agreeable for these  
 statesmen as strawberry frappe and  
 Vienna wafers on a July afternoon.

Bisbee, Arizona, gets \$30,000 a year  
 revenue from its saloons and gambling  
 places. At that rate it seems almost  
 worth while to permit and encourage  
 these unnecessary luxuries, if it were  
 not for the fact that the dancers pay  
 the fiddler.

The decks have been cleared for the  
 statehood fight in the Senate. Now  
 let the Hamilton bill come up from  
 the House, it will meet a warm re-  
 ception and the fray will be as mem-  
 orable as that which preceded it.

Perhaps, it is better after all that  
 the New York Court of Appeals has  
 decided not to re-open the ballot box-  
 es of the last municipal election. The  
 stench that went up from them while  
 they were sealed was strong enough  
 not to encourage prying the lids, even  
 the fraction of an inch. After all, a  
 Hearst as mayor of New York, would  
 not be much of an improvement over a  
 McClellan, and both sides evidently  
 played fast and loose with the ballots  
 on election day.

Governor Hoch of Kansas, says that  
 the Standard Oil Company is robbing  
 the people of Kansas of \$22,000,000  
 annually, which is rather a high price  
 to pay for the luxury of supporting a  
 trust. At that rate the United States  
 pays into the coffers of John D. Rocke-  
 feller a sum that staggers all belief.  
 It is time that the big stick gets after  
 this particular trust, be its robbery of  
 the people legal or illegal.

Owing principally to the efforts of  
 the Territorial Bureau of Immigration,  
 several large colonies of farmers and  
 stock raisers are contemplating set-  
 tling in the Estancia Valley, and a  
 colony of Bohemians is getting ready  
 for a start in the Socorro Valley. It  
 looks as if New Mexico will receive  
 a very large influx of citizens between  
 this and the census of 1910. Let the  
 good work keep on.

The Chicago and Alton Railroad  
 has run up against a federal grand  
 jury in Chicago on account of grant-  
 ing rebates to packing houses and giv-  
 ing passes to their employees. The  
 Chicago and Alton was evidently  
 working a double game which the in-  
 dependent packers couldn't beat, with-  
 out the aid of Uncle Sam who will in-  
 sist on a square deal and fair play.

The determination of President  
 Roosevelt to re-appoint about all the  
 federal officials now in office in New  
 Mexico upon the expiration of their  
 terms is all right, and meets with the  
 approval of the people. There are one  
 or two in the number whose services  
 could be spared, but it will do no  
 harm to keep them in official positions.  
 At any rate, they all seem to have  
 been tarred with a lucky brush.

There is one concession in the joint  
 statehood bill that pleases Santa Fe  
 and that is the clause fixing the cap-  
 ital here until 1915. If in addition to  
 this concession, the clause joining the  
 two territories is stricken out, there  
 is no doubt that ninety per cent of  
 the people in both territories will ap-  
 prove of it without hesitation.

United States Senator Chauncey M.  
 Depew is a director in 69 corporations,  
 despite the fact that he has resigned  
 from the directorate of the Equitable  
 Life Assurance Society. Senator De-  
 pew may not be a corporation law-  
 yer, but he is certainly a corporation  
 enthusiast.

New Mexico is in the public eye in  
 Washington. It is getting good ad-  
 vertisement. Everything counts.

There are all sorts of game in New  
 Mexico, human and animal, that Pres-  
 ident Roosevelt would take a delight  
 in hunting and if he gives his assent  
 every preparation will be made to  
 make his promised stay in New Mex-  
 ico next summer interesting and excit-  
 ing.

The New York Commercial and  
 other papers who are backing the rail-  
 road trust are still making fun of the  
 length of President Roosevelt's mes-  
 sage at the same time giving indirect  
 evidence that it struck the right spot.

The New Mexicans at Washington,  
 who have been shaking the New Mex-  
 ico plum tree have done their work  
 very thoroughly. There are no more  
 ripe plums in sight just now.

## Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot  
 reach the seat of the disease. Catarrh is a  
 blood or constitutional disease, and in order  
 to cure it you must take internal remedies.  
 Hall's Catarrh Cure is taken internally, and  
 acts directly on the blood and mucous sur-  
 faces. Hall's Catarrh Cure is not a quick  
 medicine. It was prescribed by one of the  
 best physicians in this country for years and  
 is a regular prescription. It is composed of  
 the best blood purifiers, acting directly on the  
 mucous surfaces. The perfect combination  
 of the two ingredients is what produces such  
 wonderful results in curing Catarrh. Send

## A CERTAIN CURE FOR CROUP.

When a child shows symptoms of  
 croup there is no time to experiment  
 with new remedies, no matter how  
 highly they may be recommended.  
 There is one preparation that can al-  
 ways be depended upon. It has been  
 in use for many years and has never  
 been known to fail, viz.: Chamber-  
 lain's Cough Remedy. Mr. M. F. Com-  
 pton of Market, Texas, says of it: "I  
 have used Chamberlain's Cough Remedy  
 in several cases of croup with my  
 children, and can truthfully say it al-  
 ways gives prompt relief." For sale  
 by all druggists.

THE KEY THAT UNLOCKS  
THE DOOR TO LONG LIVING.

The men of eighty-five and ninety  
 years of age are not the rotund well  
 fed, but thin, spare men who live on a  
 slender diet. Be as careful as he  
 will, however, a man past middle age,  
 will occasionally eat too much or of  
 some articles of food not suited to his  
 constitution, and will need a dose of  
 Chamberlain's Stomach and Liver  
 Tablets to cleanse and invigorate his  
 stomach and regulate his liver and  
 bowels. When this is done there is  
 no reason why the average man  
 should not live to old age. For sale  
 by all druggists.

When you want a pleasant laxa-  
 tive take Chamberlain's Stomach and  
 Liver Tablets. For sale by all drug-  
 gists.

## HAMILTON JOINT STATEHOOD BILL

(Continued From Page One).

### Convention.

Section 20. That the delegates to the convention thus elected shall meet in the hall of the House of Representatives of the Territory of New Mexico, in the city of Santa Fe therein, on the fifth Monday after their election, but they shall not receive compensation for more than sixty days of service, and after organization shall declare on behalf of the people of said proposed state that they adopt the Constitution of the United States, whereupon the said convention shall be, and is hereby, authorized to form a constitution and state government for said proposed state. The constitution shall be Republican in form, and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence. And said convention shall provide, by ordinance irrevocable without the consent of the United States and the people of said state—

First. That perfect toleration of religious sentiment shall be secured, and that no inhabitant of said state shall ever be molested in person or property on account of his or her mode of religious worship; and that polygamous or plural marriages and the sale, barter, or giving of intoxicating liquors to Indians are forever prohibited.

Second. That the people inhabiting said proposed state do agree and declare that they forever disclaim all right and title to the unappropriated and ungranted public lands lying within the boundaries thereof and to all lands lying within said limits owned or held by any Indian or Indian tribes, except as hereinafter provided, and that until the title thereto shall have been extinguished by the United States the same shall be and remain subject to the disposition of the United States, and such Indian lands shall remain under the absolute jurisdiction and control of the Congress of the United States; that the lands and other property belonging to citizens of the United States residing without the said state shall never be taxed at a higher rate than the lands and other property belonging to residents thereof; that no taxes shall be imposed by the state on lands or property therein belonging to or which may hereafter be purchased by the United States or reserved for its use; but nothing herein, or in the ordinance herein provided for, shall preclude the said state from taxing, as other lands and other property are taxed, any lands and other property owned or held by any Indian who has severed his tribal relations and has obtained from the United States or from any person a title thereto by patent or other grant, save and except such lands as have been or may be granted to any Indian or Indians under any act of Congress containing a provision exempting the lands thus granted from taxation, but said ordinance shall provide that all such lands shall be exempt from taxation by said state so long and to such extent as such act of Congress may prescribe.

## SANTA FE EXPANDING.

New Lines to Dodge City and Great Bend—Give Another Gulf Connection.

The Santa Fe Railway System will extend its lines in Kansas during the coming year. Says a dispatch from Topeka:

According to the papers on which a charter was secured from the state charter board yesterday, the Atchison, Topeka & Santa Fe Railway Company, through a subsidiary company, proposes to build a short cut from western Kansas to the Gulf. The company chartered, will be known as the Medicine Valley Railway Company, and has a capital of \$3,000,000.

It will extend the present line of the Santa Fe from Medicine Lodge to Dodge City to connect with the main line. It will also build a line north from Medicine Lodge to Great Bend. The Dodge City branch will be 95 miles long and the Great Bend branch 75 miles long.

W. R. Smith, solicitor for Kansas for the Santa Fe, and who secured the charter for the Medicine Valley, says he believes the work of constructing the two branch lines will be commenced in the early spring.

Directors of the new company are E. P. Ripley, Gardiner Lathrop, and Robert Dunlap, of Chicago; James E. Hurley, W. R. Smith, O. J. Wood and A. A. Hurd, of Topeka. All of them are identified with the Atchison, Topeka & Santa Fe.

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, 'Tis a weary way, indeed.

Doan's Kidney Pills, drive weariness away.

Are endorsed by Santa Fe citizens. Alberto Garcia, ex-police officer of San Francisco Street, says: "When a man has attacks of backache for four or five days at a time and those attacks extend over a period of two years, he must arrive at this conclusion, he is subject to some form of kidney complaint. In my case other symptoms plainly indicated that I required a medicine to strengthen my weakened kidneys, and allay inflammation of those organs. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills. They certainly helped me a great deal and I am pleased to recommend them."

## GRIP QUICKLY KNOCKED OUT.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." By this time also an effort will be made to have the heating plant far enough under way so that heat may be turned on in the rooms, thus preventing the cold from affecting the plaster and making it easier for the workmen. The new building is an imposing edifice and attracts the attention of all visitors to the city.

The increase of pupils in the second ward public school has been so great that improvements will be made at once in the building and another teacher secured. Section 26. That nothing in this Act shall be so construed, except where the same is so specifically stated, as to repeal any grant of land heretofore made by any Act of Congress to either of said Territories, but such grants are hereby ratified and confirmed in and to said State, and all of the land that may not, at the time of the admission of said State into the Union, have been selected and segregated from the public domain, may be so selected and segregated in the manner provided in this Act.

Section 35. That the constitutional convention shall by ordinance provide for the election of officers for a full State government, including members of the legislature and two Representatives in Congress, at the time for the election for the ratification or rejection of the constitution; one of which Representatives shall be chosen from a Congressional district comprised of the remainder of said State, to be known as the Second Congressional district; but the said State government shall remain in abeyance until the State shall be admitted into the Union as proposed by this Act. In case the constitution of said State shall be ratified by a majority of the legal voters of said Territories voting at the election held therefor as hereinbefore provided, but not otherwise, the legislature thereof may assemble at Santa Fe, organize, and elect two Senators of the United States in the manner now prescribed by the laws of the United States; and the governor and secretary of state of the proposed State shall certify the election of the Senators and Representatives in the manner required by law, and when such State is admitted into the Union, as provided in this Act, the Senators and Representatives shall be entitled to be admitted to seats in Congress and to all rights and privileges of Senators and Representatives of other States in the Congress of the United States; and the officers of the State government formed in pursuance of said constitution, as provided by the constitutional convention, shall proceed to exercise all the functions of State officers; and all laws of said Territories in force at the time of their admission into the Union shall be in force in the respective portions of said State until changed by the legislature of said State, except as modified or changed by this Act or by the constitution of the State; and the laws of the United States shall have the same force and effect within the said States as elsewhere within the United States.

### HAWAIIAN SERVANTS.

A Story Which Illustrates One of Their Peculiarities.

"Hawaiian servants," said a brown woman, "are the best—the best in the world, but they are strangely unsophisticated, strangely naive. Hawaiian servants insist on calling you by your first name. Ours were always saying to my husband, 'Yes, John,' or 'All right, John,' and to me, 'Very well, Ann,' or 'Ann, I am going out.'"

"At last I got tired of this, and to John, when we got a new cook, I said: 'Don't ever call me by my first name in this new cook's presence. Then, perhaps, not knowing my name, he'll have to say 'Mrs.' to me.'"

"So John was very careful always to address me as 'Dearie' or 'Sweetheart,' but the new cook, a watchful chap, gave me no title at all.

"One day we had some company, some English officers. I told them how I had overcome, in my new cook's case, the native servants' horrid abuse of their employers' Christian names, and I said, 'By this servant, at least, you won't hear me called Ann.'"

"Just then the new cook entered the room. He bowed to me respectfully and said:

"Sweetheart, dinner is served."  
"What?" I stammered.  
"Dinner is served, dearie," answered the new cook."—New York Herald.

### THE HIGH CLASS KOREAN.

Being a Drawing Room Gentleman, He Is a Slave to Dress.

The Korean is above everything else a man of the drawing room, and all his instincts move along the leisurely ways of life. Anything like haste or "en pressment" is unknown to the eternal laws that govern him. This characteristic of his is evident in all his actions at all times and under all conceivable circumstances. Being a drawing room gentleman, dress is the great ambition of his life. From the shoes of his feet to the topknot on the top of his head he is ordered so as to be seen and admired of men.

His shoes while in mourning must be spotlessly white. No atom of dust or fly speck shall mar them. His socks, beautifully puffed, are stitched to perfection; his pantaloons, big enough for a Brooding, are padded, quilted and ironed until they come forth looking like some mysterious fabric of polished marble; his jacket likewise and his overcoat and wristlets.

Not only has he a headband, a topknot and a hat on his head, but he buys a pair of spectacles and adds them to his already overcharged headgear, and thus rigged, with a ring on his finger and a fan in his hand, he goes forth to make his way through this troubled world.—North China Herald.

### A CALL TO THE WOODS.

Commune With Yourself Occasionally For Your Own Good.

Mr. Busy Man, leave your task some day; let the shop take care of itself, let the mill go as it may, let the plow stand in its furrow, and take yourself into the depths of the solemn, shadowy woods. Call back, ah, call back the forgotten years; collect around you the old friends, the old thoughts, the old ambitions, the mistakes you made, the faults you had, the wrongs you did or suffered, the opportunities wasted, the vain things you sought, the work that you might have done better, the kind words you might have spoken and did not, the good deeds you might have done and did not, the frowns that should have been smiles, the curses that might have been blessings, the tears that ought never to have been shed, the wounds that need never have been made.

Commune with yourself—your past, your present, your future, your crimes, your weaknesses, your doubts, your fears, your hopes, your despair—and thus let conscience and the angels of

your better self beat your soul into the prayer:

"God be merciful to me, a sinner!"—Watson's Magazine.

### A Queer Ceremony.

A queer ceremony is performed every year on the 8th day of September in the Valle Maggio, Italy. The region abounds in vipers. The celebrants form into a weird procession, each person—man, woman and child—carrying a huge figure of a snake stuffed with cotton. As they pass along they weep and lament, believing that by the expiatory ceremony they will render themselves proof against snake bites during the grape gathering.

### Joy.

Joy is a prize unbought and is freest, purest in its flow when it comes unsought. No getting into heaven, as a place, will compass it. You must carry it with you, else it is not there. You must have it in you, as the music of a well ordered soul, the fire of a holy purpose, the welling up out of the central depths of eternal springs that hide the waters there.—Horace Bushnell.

### The Singers.

"You opera singers are all jealous, aren't you?" quizzed the friend of the prima donna.

"Oh, no," replied the prima donna, "lots of us never sang in church choirs."—Philadelphia Record.

### Knew Himself.

Flora—I can't decide on a birthday gift for Arthur.  
"Give him yourself."  
"He made me promise not to give him an expensive present."

Small crimes always precede great ones. Never have we seen timid innocence pass suddenly to extreme licentiousness.—Racine.

### The Atmosphere.

The earth's sensible atmosphere is generally supposed to extend some forty miles in height, probably farther, but becoming at only a few miles from the surface of too great a tenuity to support life. The condition and motions of this aerial ocean play a most important part in the determination of climate, modifying by absorbing the otherwise intense heat of the sun and when laden with clouds hindering the earth from radiating its acquired heat into space.—St. Louis Republic.

### All Against the Preacher.

Sydney Smith loved to tell a good story, and one that haunted his brain and tickled his sides for weeks was that of a tame magpie in a church that suddenly descended on the reading desk and strove to fly off with the sermon and of the desperate struggle that ensued between the bird and the preacher, the congregation all in favor of the bird.

### Naturally.

Patient—Well, doctor, do you think I'm getting well all right? Doctor—Oh, yes. You still have a good deal of fever, but that doesn't trouble me. Patient—Of course not. If you had a fever it wouldn't trouble me.—Tales.

### The Lost.

When a fellow has discovered that all his loose change has filtered through a hole in his trousers pocket it is nearly impossible to get him to accept the scientific proposition that nothing is ever lost.

### A Wonderful Theory.

Gladys—I don't like this egg, auntie. It's not good. Auntie—Nonsense, dear! It was only laid yesterday. Gladys—Well, then, it must have been laid by a bad hen.

### Still in the Future.

Cashier (coughing)—Pardon me, I did not catch your last name. Ethel (blushing)—I haven't caught it yet myself.—Cleveland Leader.

## Now Look Out!

Now look out for watch troubles! The first touch of cold weather is apt to harden the oil—that strains the mainspring and affects the motion. It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order, we'll let it alone; if it needs repairing, we'll do it thoroughly, at a moderate price.

Few watches are cleaned and oiled as they ought to be—once a year. People usually wait until something breaks. The other way is cheapest in the end and saves the watch.

Geronimo E. Baca has been appointed postmaster at Clyde, Socorro County. George L. Vaughan has been appointed postmaster at Columbus, Luna County.

## OLD PROSPECTOR DEAD.

After Fifty Years in Search of Wealth He Died Penniless and Alone.

After fifty years spent in the mountains in the fruitless search for wealth, J. Fagan Taylor, a prospector, 87 years old, died yesterday in St. Vincent's Hospital without money or friends. He was buried this morning in Cedar Hill Cemetery.

Little is known about the man. Like most of his kind he was uncommunicative, particularly when the conversation turned upon his own affairs. He told the sisters who cared for him that he came to Santa Fe from Socorro County, about a year ago, being too old to work and having no one to care for him.

He died without pain. Death resulted from advanced age.

## GOOD POINT.

Clipping From an Exchange Appeals to Local Merchants—Well Worth Reading.

A local merchant requested that the following pointed clipping from an exchange be published:

Recently a church congregation in a little Kansas town built a church. To pay for it they were obliged to call on the merchants of the community for donations. The merchants responded liberally and \$300 was raised from this source. The last man asked to subscribe was John Smith, a jeweler.

"I will give \$5 if you will let me add something to the subscription list," he said. The permission was accorded him and he wrote at the foot of the list:

John Smith, jeweler, \$5.  
Sears, Roebuck & Co., \$0.  
Montgomery, Ward & Co., \$0.  
The church people saw the point when the minister read from the pulpit the list of donors to the building fund and since the dedication of the church there have been no mail orders sent out from that Kansas town.

## RUMOR DENIED.

Santa Fe Central Has No Fight With Eastern Railway of New Mexico.

Santa Fe Central Railway officials here say that there is absolutely no truth in the statement that an injunction is to be secured to prevent the new line of the Santa Fe Railway Company known as the New Mexico Eastern Railway (Belen cut off), from crossing its tracks at Willard, as reported in several territorial papers recently.

In speaking of the report S. B. Grimshaw, assistant to the president and general manager, said:

"The feeling existing between the Santa Fe Central and the Eastern Railway of New Mexico, now is, and has always been, the most amicable. The Belen cut off will cross the tracks of the Santa Fe Central at Willard with the full consent of the officials, concerned. There has never been the least intention of serving an injunction on the Eastern Railway of New Mexico to prevent such crossing. There is absolutely no misunderstanding between the two companies."

## SCHEDULE CHANGES.

Santa Fe Central Railway Makes New Time After Noon Next Sunday.

The following letter gives information as to the changes in time on the Santa Fe Central Railway:

Gentlemen—I beg to advise that we are getting out a new time table No. 9, which will take effect at 12:01 a. m. Sunday, December 17th, 1905.

The arrival and departure of trains from Santa Fe will remain as they are at present, that is, No. 1 will leave Santa Fe at 1 p. m. daily, and No. 2, will arrive at Santa Fe at 4:30 p. m. daily.

The change in the time of these trains will be principally at Torrance, New Mexico, No. 1 arriving at that point at 8:30 p. m. daily instead of 8:10 p. m. as at present, which train makes connection with Rock Island train No. 44 east bound. No. 2 will leave Torrance daily at 9:10 a. m. after making connection at that point with Rock Island west bound train No. 43.

Yours truly,  
S. B. GRIMSHAW,  
Assistant to President and General Manager.
