MOSCOW'S STREETS HELD BY REBELS

Russian Officers are Attacked by Block- aders.

SEVERAL HUNDRED KILLED

In Soldiers Revolt at Vladivostok—Chinese Merchants are Murdered.

London, Dec. 23.—A dispatch to the News Agency from St. Petersburg says that barricades have been erected on Tverskaya Street the chief thoroughfare of Moscow and that the revolutionists are holding them bravely, and that they are making repeated attacks on the police Cossacks and dragoons whenever the latter attempt to convey prisoners to jail. Patrols of troops are accompanied by machine guns which are unhesitatingly used against the revolutionists.

Provisional Government.
Kursk, Russia, Dec. 23.—The striking railroad men of this city have proclaimed a provisional government and have issued an appeal for support in setting up a Russian republic.

Soldiers Rebel.
Victoria, B. C., Dec. 23.—Henry Bush, of Clarkson & Company, of Vladivostok, Port Arthur, and Harbin, was an eye witness of the revolt among the Russian soldiers there, and tells a graphic story.

The trouble began at the Chinese bazaar where a dissolute mob of soldiers rushed the stalls and grabbed everything they could lay their hands on. Many of the Russians went to a Russian steamer, which was discharging oil, and saturated the bazaar with it. They fired the place and it quickly burned. From the bazaar the soldiers went to the big store of Kuntz & Albers, a German firm, driving out the staff of employees.

Troops Riot.
The troops in the barracks were sent to suppress the riot but instead refused to fire at their comrades. After looting this store it was also fired. By this time the streets were filled with screaming and fighting Russians and Chinese. Place after place was burned until 200 stores had been destroyed.

That night, November 13th, the men paid as high as fifty roubles to be allowed to sleep in Sampan in the harbor. Bodies were scattered throughout all the streets.

Over 500 Russians and 2,000 Chinese were killed.

Mr. Russ estimated the loss at \$20,000,000, and says years will be required to put the place as it was.

Emperor to Act.
New York, Dec. 23.—A Herald dispatch from St. Petersburg says that at a meeting at Tsarskoe Selo, the monarch expressed himself in very heated terms with reference to the want of ability of the ministers to meet the situation and gave them three hours to come to some decision. Failing in this the Emperor said that if they had so lost their heads he would take the reins into his own hands and would call a meeting of the military council and consider the advisability of placing the whole empire in a state of military siege. The ministers left very much crestfallen.

Bombard School.
Moscow, Dec. 23.—Troops surrounded a school house where workmen were meeting yesterday and summoned the men to surrender. Blank shots were fired to intimidate the workmen who replied with revolvers and bombs.

The artillery was then brought up and the school house was bombarded until the survivors of the workmen surrendered.

Loyalty Here.
Vladimir, Dec. 23.—Owing to the hostile attitude of the people here who attacked the houses of railroad men, the strike leaders would have been torn to pieces had not troops interfered. The railroad strike here is ineffectual.

Reports received here from several villages in the provinces tell of the murder of the agitators by the peasants who were enraged at their attacks on the Emperor. Among the victims was a young woman. Two policemen who tried vainly to save an agitator in the village of Nodol were themselves torn to pieces.

Traffic Opened.
Moscow, Dec. 23.—Traffic has been opened here with the assistance of troops and the railroad battalions. The lines to Nizhni Novgorod, Yaroslavl, Kasan and Nichol, and the roads to St. Petersburg are working normally. Incoming trains only are running on the Windau and Voronezh lines. The tie-up is complete on the Ural and the Kursk lines.

Strike Losing.
St. Petersburg, Dec. 23.—Although the printers' union is one of the most

thoroughly organized unions in Russia, it is unable to force a newspaper strike. The Novoe Vremya, Slovo and other conservative papers expect to appear today.

With the political strike as a revolutionary weapon apparently losing its keenness, owing to its too frequent use, fears are entertained that the revolutionists may be driven to return to their old methods and inaugurate an era of terrorism. The government is aware that a number of high agents of the revolutionary organization at Geneva recently returned to Russia, and increased precautions are being taken to safeguard all in authority at St. Petersburg and in Tsarskoe Selo.

Hunger in Moscow.
The following message from Moscow says that 150,000 men are on a strike there and that the city is already feeling the pinch of hunger, that many bakeries have been sacked and that all business is suspended. Even the banks are closed. The Imperial Bank, after standing a run until 2 o'clock yesterday afternoon, shut its doors on account of a lack of light.

There have been a number of encounters and the casualties at Moscow yesterday are estimated at 150. In addition wholesale arrests have been made. Here in St. Petersburg there is little change in the situation. Several collisions between the workmen and troops have occurred in which several of the former were killed or wounded, and many agitators were arrested at their lodgings during the night.

Workmen Are Killed.
Eleven men were killed and eighty wounded by volleys fired by the troops at workmen defending the barricade on Tverskaya street in Moscow today. The total casualties are, however, estimated at 150.

To Seize Railroad.
Several thousand Lithuanians, who have invaded the province of Vitebsk, express, according to the Novoe Vremya, the intention of seizing the St. Petersburg railway and annexing the districts of Rzeshtsa and Lutzin to the republic of Lithuania.

Bombs Exploded.
Paris, Dec. 23.—A dispatch to the semi-official Temps from St. Petersburg, says that the prefecture of the police at Moscow has been demolished by the explosion of bombs, several persons were killed but the prefect who was at Kremlin escaped. The dispatch adds that affrays occurred at the neighboring barricades in which the soldiers were victorious and fifteen revolutionists were wounded.

SHE STOLE.

In Order to Get Color for Future Writing of Stories On Shoplifting.

New York, Dec. 23.—Miss Lillian Cherry of Minneapolis came to New York not long ago with a bundle of manuscript. For 8 years—she is now 31 years old—teaching has been her vocation, writing her ambition. She is held in Jefferson market police court on a charge of shoplifting in a Sixth avenue department store. Her defense was that, like Hamlet Garland, who recently got himself placed in a cell in order to acquire "local color," she was gathering material for an article on "How easy it is to steal in a department store."

WAS CONSCIOUS.

Doctor States That Hanged Man Gave Pre-Arranged Signals Distinctly and Clearly.

Jersey City, N. J., Dec. 23.—Dr. Simon, who witnessed the hanging yesterday of Edwin Tapley, Jr., declared that the murderer gave the pre-arranged signals in proof that he was conscious nearly half a minute after the trap had been sprung. The signal agreed upon was for the dying man to raise first his right and then his left hand and contract three times with the thumb and forefinger. Dr. Simon declared that Tapley gave the signal distinctly, thus proving that he was in conscious torture nearly a full half a minute after the fall of the drop.

GRADUATION.

Naval Cadets Will Become Officers Sooner Than They Had Ever Suspected.

Washington, Dec. 23.—The navy department has decided upon February 12 as the day of graduation of the class of 1906 at the navy academy. The reason for the graduation of the cadets in advance, has been the pressing need of officers and if this condition still prevails it may require the graduation of the next class in February, 1907.

IN HANDS OF RECEIVER.

Akron Gas Company, One of Walsh's Interests in Hands of Receiver.

Akron, Ohio, Dec. 23.—The Akron Gas Company, one of John R. Walsh's properties went into the hands of a receiver this afternoon, the petition being filed by Dempsey and Saunders of Cleveland, on a claim for \$5,703 for coal furnished. The plant is capitalized at \$400,000.

BIG IMPROVEMENTS ARE TO BE MADE

Santa Fe Water & Light Company Ready.

TO ENLARGE ITS PLANT

Will be Able to Handle Increased Business Caused by City's Growth.

There will be decided improvements made by the Santa Fe Water and Light Company in the very near future.

In speaking of the work to be done by the company Manager Frank Owen made the following statement today: "The improvements that have been going on in this city with the growth that we are having has made it necessary that our company take some action to materially increase the facilities in the electric line. As we found it necessary to do a good deal of work, and as we could easily see ahead of us a still larger increase the company decided to make a large enough improvement at once to take care of the business for some time to come.

To Enlarge Reservoir.
"The first work that will be done will be to enlarge the reservoir used for power at Talaya Hill. Work on this will be commenced early next month. A new dynamo will be placed at once at the upper plant which will more than double its capacity. This machinery has already been ordered and will be in working order by the first of March. The work will increase the plant from a sixty Kw. plant to a one hundred and fifty Kw. plant, and will enable the company to keep its power supply while the work on the main plant is going on.

Increasing Capacity.
"The city plant will be increased from one hundred and seventy-five horse power to six hundred horse power. The specifications for all the improvements are now being prepared and will be sent to the manufacturers as soon as they are completed. The work will be rushed and the plant will be in shape by the fifteenth of May, 1906.

"Two large boilers will be added to the plant, similar to the present one and two larger one hundred and fifty Kw. generators will be placed in the plant. These will be connected with the two hundred horse power boilers made by Westinghouse. All of the improvements will be of the very latest type.

"The business of the company showed an increase of over sixty per cent last season. This can be taken as an indication of the improvements in the city."

PIERY IS COMING.

Man Wanted for Cashing Worthless Checks to Take Christmas Dinner Here.

O. W. Piery, who was recently arrested in New York City, on a charge of securing \$600 from the proprietors of the Claire Hotel on worthless checks, is now in Pueblo, Colorado, en route to this city. He is in the custody of Jose Lopez, under sheriff, who wired Sheriff A. J. Ortiz this morning, that he would probably reach Santa Fe late this evening.

Under Sheriff Lopez said that Piery fought requisition and that he had a difficult time in securing his prisoner. Piery, while in this city, represented himself as a territorial judge of Oklahoma, and what is more to the point made his story go. He claimed to be a close personal friend of President Roosevelt.

He has many "warm personal friends" here who will no doubt be glad to hear of his return. Sheriff A. J. Ortiz has extended him an invitation to Christmas dinner at the local bastille. It will be an entirely informal affair.

LATEST PHASE OF STATE SITUATION

Solomon Luna and H. O. Bursum Give Interesting News

ENJOYED WASHINGTON VISIT

First Foraker Amendment Will Likely be Incorporated in Bill.

Hon. Solomon Luna, member of the National Committee from New Mexico and chairman of the Territorial Sheep Sanitary Board, reached the city last evening from a three weeks' eastern visit, most of which he spent in Washington.

He and H. O. Bursum, chairman of the Republican Territorial Central Committee, went to the National Capitol to learn the statehood situation, as well as to acquaint the President with the desires of New Mexico people and Republicans as to filling of offices, which had become, or were about to become, vacant by expiration of term of several of the present incumbents. To a reporter of the New Mexican, Mr. Luna stated that, the President was very courteous and cordial with members of the New Mexico delegation.

President Well Posted.
The President was well posted and exhibited an intimate knowledge with Territorial affairs. He showed great consideration for the wishes of New Mexico Republicans and the appointments recommended by the party organization, as those of J. W. Raynolds, for secretary of the Territory, Chief Justice William J. Mills, Associate Justice Frank W. Parker and Associate Justice John R. McFie, of several land office officials of Surveyor General Morgan O. Lowellyn and of postmasters, were approved by him and their names were sent to the Senate for confirmation.

The President also showed great interest in New Mexico reclamation projects; namely, of the Elephant Buttes dam and reservoir, and the Pecos Irrigation Company and ordered prompt and favorable action on them. Mr. Luna and Mr. Bursum feel highly honored and gratified at their treatment by the executive.

In addition, they did great work in the department of the interior in the matter of forest reserves, the grazing of stock thereon, surveys of the reserves, necessary surveys of unsurveyed public lands and kindred matters. At all the departments, where they called, and where they had business for the Territory, they were treated with uniform courtesy and attention.

Andrews Popular.

As to Delegate Andrews, Mr. Luna stated that he is making many friends in the House and in the Senate, and that he is looking carefully and attentively after New Mexico's interests. The amounts owed by the delegates to the defunct Enterprise National bank of Pittsburg, Pa., are being rapidly paid and the delegates will have these all liquidated within another four weeks.

The sensational stories published by Pennsylvania newspapers immediately after the failure of the bank and during the last days of the heated campaign in October last, have all been exploded and are found to have been without foundation and not based upon facts.

New Mexico matters in Washington are in excellent condition.

Mr. Bursum.

Mr. Bursum who arrived in this city last evening with Mr. Luna, upon being requested by a representative of the New Mexican to give his views on the situation in Washington, agreed with what Mr. Luna had to say, but added concerning statehood that the situation in the National Capital was very indefinite, and that no predictions as to results could be made at this time.

The lines both in the Senate and in the House were strongly marked and strictly drawn. At present, in Mr. Bursum's opinion, there was a majority against joint statehood in the House of Representatives, which was evidenced by the results of the conference held a little over a week ago, and in which Representative James A. Tawney and 65 other Republicans declined to go into caucus upon the question.

The Hamilton Joint Statehood bill now pending in the House of Representatives may pass, but only after a strenuous fight and after considerable amendment. One amendment desired by the people, the one granting a sufficient number of acres of public land for the purpose of creating a fund for the liquidation of the public debt of the new state, and of the railroad debts of the counties in both ter-

ritories involved, is likely to be adopted.

Foraker Amendment.
The first Foraker amendment, namely, providing that each Territory shall vote separately upon the adoption of the constitution, it is claimed by his friends, will surely be incorporated in the bill should it pass at all. Nothing can be done now and during the pendency of the bill that would change the situation, or influence the Senate and House of Representatives for or against the pending measure. It looked as if Senators and members had made up their minds and would vote accordingly when the question is submitted to either House.

New Mexico and Arizona people can only wait the result and take the matter up for consideration should the bill for an enabling act be passed. Mr. Bursum thinks that it will be simply time lost to worry about the question or engage in local fights or controversies concerning it, as no more local influence could be brought to bear in Washington or with members of Congress, the matter having reached a point beyond local controversies and interests pro and con.

As did Mr. Luna, Mr. Bursum expressed himself as highly pleased with the treatment Mr. Luna, other New Mexico citizens and he had received in Washington by the President and department officials, as well as Senators and members of the House of Representatives.

COLD TODAY.

Reports From Torrance Show Thirty Degrees Below Zero Registered Today.

The New Mexican's weather reports from places along the Santa Fe Central Railway, show that it was extremely cold in Torrance County last night.

This morning, weather at Torrance, was cold and clear and the thermometer indicated 30 degrees below zero; at Willard, this morning, it was clear and cold and the thermometer recorded 30 below last night and at Estancia, it was also clear and cold, the thermometer showing a minimum of 25 degrees below early this morning.

In Santa Fe, the thermometer indicated 8 degrees above zero some time during the night. Acting Director Sloan, of the weather bureau, in this city, states that, while the thermometer readings in the Estancia Valley indicated a very low temperature, they are evidently correct, as there is a great difference between the sheltered valley of Santa Fe and the open plains in Torrance County. The difference in temperature is very marked, both summer and winter, the Santa Fe Valley being much cooler in summer and much warmer in winter.

It is clear and warm at Espanola and there is no snow now upon the ground.

Antonio reports no snow but crisp, clear weather.

The thermometer at Alamosa shows a temperature of 2 degrees below zero with a clear sky and no snow.

There is no snow at Trinidad. The weather there is clear and cold.

El Paso has clear, warm weather with a temperature of 33 above zero and no snow. At Albuquerque the weather is clear and warm with no snow. The prospects at Las Vegas are for the first white Christmas in a number of years. The weather is clear and cold with plenty of snow now on the ground. There is also snow at Raton. The weather is clear and cold.

NEW MEXICO GAINS.

Survey of Territory Lines Shows That Texas Owes New Mexico Good Property.

Washington, Dec. 23.—The secretary of the interior has sent to Congress the report of Surveyor Kiddee, who spent several months locating the true boundaries between Texas and the territories of New Mexico and Oklahoma.

The report which is very voluminous, shows that if these true lines are adopted Texas will gain a narrow strip from Oklahoma along the 100th meridian, gain a trifle of 36 minutes and 30 seconds, and lose the same amount along the west half; lose to New Mexico a strip ranging from two to three miles wide along the 103d meridian, and gain from the same territory a strip a trifle over a hundred yards in width along the 32d parallel. This will take the Texas line almost up to Anthony, but will hardly throw Anthony into Texas.

The bill of Representative Stephens, now before Congress, provides merely that the boundaries be remarked and straight lines surveyed to cover that portion along the 103d meridian, which has never been marked.

BIG CHRISTMAS DINNER

BY ESTANCIA RANCHMAN

William McIntosh, a well known ranchman near Estancia is in Santa Fe today for the purpose of securing supplies and inviting friends to a big Christmas dinner at his ranch Monday at 1 o'clock. The dinner will be one of the biggest affairs given in the valley for a number of years and nearly the whole country side has been invited. There will be a barbecue and big dance as a fitting climax.

HOME MISSIONARY SOCIETY FORMED

By Catholic Clergy of America at Meeting

FIRST ONE EVER ORGANIZED

Archbishop Bourgade Tells of Interesting Work Done in Chicago.

Most Reverend Archbishop Peter Bourgade, of this diocese, has recently returned from Chicago where he with other clergy, assisted in the organization of the first "Home Missionary" society for the assistance of struggling Catholic missions and churches in America which has ever been established in this country. One of the principal objects in forming this organization, is to assist the Catholic Churches of the Southwest, a number of which are in sore straits. An effort will be made to raise \$1,000,000 at once to aid in keeping alive the struggling missions in out of the way spots.

The clergymen met at the residence of Archbishop Quigley, in Chicago, and prepared articles of incorporation which were filed in Michigan, last week. The following officers were elected: President, Rev. Francis C. Kelley, Lapeer, Michigan; vice presidents, Rev. T. J. Roche, Nebraska, City, Nebraska; Rev. F. J. Antwerp, Detroit, Michigan; and A. V. D. Watson, of Pittsburg, Pennsylvania; treasurer, W. P. Breen, Fort Wayne, Indiana; secretary, Rev. Edward P. Graham, Lapeer, Michigan.

The Work Done.

Archbishop Bourgade spoke enthusiastically of the work undertaken by this organization. He said:

"Whether or not this society will succeed in its mission is, of course, problematical. The field to be covered is such a large one and the needs so great and so varied that none of us can predict the future of such a movement. However, we have in New Mexico, Arizona and, in fact, all over the West and Southwest, numberless small missions and struggling parishes which, unless they are given assistance in some manner, will fall in their work. Money is needed at home as well as in foreign lands to carry on missionary work and combat the evils of daily life. This the clergy realize, and every effort will be made to raise money for present and future needs. It will depend largely upon the wealthier Catholics to uphold the movement until it is far enough advanced to have a regular revenue. How they will respond to a movement of this sort we do not know, but we believe that these struggling parishes will receive help immediately."

Prospectus.

The little prospectus to be issued by the society does not mince words in outlining the situation.

"We solicit donations to help build parish houses and churches in neglected districts and in pioneer States where, if help is not given, there will soon be an appalling loss of faith."

"The largest and most influential Protestant sect in the United States is, without doubt, the Methodist Episcopal. Its influence is exerted upon more people than that of any other two. Why? The answer is written in its missionary reports. We must do more pioneer work."

ASSAULTS BONNINGTON.

Son of Wealthy Man is Arrested and Charged With Assault and Attempted Robbery.

New York, Dec. 23.—John H. Bonnington, former assemblyman and Democratic leader in the borough of Kings, was assaulted in his office today by Wm. Seims, son of a banker and wealthy real estate dealer. Bonnington is in the hospital with severe scalp wounds, but will recover.

Seims is under arrest and, according to the police, has confessed he was bent on robbery. Seims is 20 years old.

SAVES HIS LIFE.

Man Besieged By Negroes Kills Seven and Wounds Others in Georgia.

Valdosta, Georgia, Dec. 23.—A report reached this morning from Ewing, between Fargo and St. George a new colony town, that a crowd of negroes tried to mob a white man who was manager of a large turpentine still at that place last night and he barricaded himself and opened fire on them killing five men and two women and wounding several others.

CHRISTMAS EVE IN 1776.

In their ragged regimentals
 Stood the old Continentals,
 Yielding not
 When the grenadiers were lunging,
 And like hail fell the plunging
 Cannon shot;
 Where the files
 Of the isles
 From the smoky night encampment
 Bore the banner of the rampant
 Unicorn.
 And grimmer, grimmer, grimmer
 Rolled the drum of the drummer,
 Through the morn.

Apart from the sacred memories
 which endear it to every Christian
 heart, Christmas Eve has an historic
 interest which gives it additional im-
 portance to Americans. The signing
 of the Declaration of Independence on
 July 4th, 1776, was followed in August
 of the same year, by the defeat of
 Washington's army on Long Island. A
 providential fog which covered the
 East River enabled the Americans to
 retreat, unseen by the British, across
 the East River to Manhattan Island,
 closely followed by Howe the British
 commander. After several skirmishes
 Washington retreated to the open
 country across the Harlem, fought a
 drawn battle at White Plains then
 having taken proper precautions for
 the defence of the Highlands, he
 crossed the Hudson with some 5,000
 men leaving Lee with about 4,000 more
 with positive orders to follow him to
 the Delaware as soon as possible.

The condition of the patriots was
 pitiable in the extreme. Desertions
 were so frequent and so numerous as
 to threaten the dissolution of the army.
 Hunger, sickness, nakedness and fa-
 tigue bore heavily on the bravest
 among them, and they were so
 wretchedly shod that their line of
 march could be followed by their
 bloody foot prints on the frozen snow.
 How Washington managed to keep
 them together, God only knows, but
 they reached and crossed the Delaware
 reduced to barely 3,000 ragged, weary
 men. When Cornwallis reached the
 Delaware with his victorious army,
 Washington was on the other side and
 as every boat had been carefully
 brought across, no means of transpor-
 tation could be found; but from infor-
 mation by Tories and spies the British
 commander was convinced that the
 rebellion was at an end, and he with-
 drew his troops and asked for a leave
 of absence leaving Ralle and his Hes-
 sians, who were at Trenton, to close
 up the business. Washington sent fre-
 quent and urgent orders to Lee to
 hurry to the Delaware, but that cold-
 blooded traitor had no intention to
 obey, the fact was that he was jealous
 of his commander and would have been
 glad to hear of his defeat so that he
 might be appointed to the chief com-
 mand. Fortunately, he was captured
 by the British, and then the heroic
 General Sullivan who was second in
 command, hurried by forced marches
 to the reinforcement of his beloved
 chief.

It was shrewdly suspected that the
 Hessians would celebrate Christmas
 day with their usual drunken orgies,
 and it was resolved to try the fortune
 of war on that day. Most people have
 seen a grand, heroic picture, which
 once seen can never be forgotten. It
 is night, the Heavens are dark with
 gloomy clouds, which hover like palls
 of death over the earth. Angry blasts
 of wind, drive blinding drifts of snow
 before them, threatening death to any
 poor mortal who might be exposed to
 their fury. Right in front a storm-
 lashed river rushes on its turbulent
 course. Over this appalling scene of
 desolation one solitary star casts its
 pale beams, amid the storm clouds, as
 if it were the star of the republic's
 destiny guiding its defenders to battle.
 Midway in the river a boat filled with
 armed men can be dimly seen, slowly
 urged on its way by stalwart arms,
 forcing their way through the fearful
 dangers that impede the passage. In
 the bow of the boat, stands a God-like
 form, firm as a rock, and erect as a
 lance, gazing through the opaque dark-
 ness, as if he desired to foresee the
 result of the coming struggle. From
 his deeply absorbed expression one
 can see that he is oblivious to the sur-
 rounding dangers. That boat carries
 the fortunes of America, and the God-
 like form is "Washington crossing the
 Delaware." At sunset on that holy
 Christmas Eve 2,400 men stand on the

river's bank; but it was 3 o'clock be-
 fore the passage had been effected,
 and four had passed before the morn-
 began, then they were nine miles from
 Trenton. The army was divided into
 two columns, the right was command-
 ed by General Sullivan, the left by
 General Greene, Washington accom-
 panied the latter. Information had
 reached Ralle, of Washington's inten-
 tions, and he had turned out his
 troops and scouted the woods without
 finding any sign of the Americans,
 then he dismissed the men for the
 night, and feeling perfectly assured,
 spent the rest of the night in the
 house of a Tory friend, drinking and
 card playing. During all these hours
 the gallant Americans, buffeted by the
 storm, and nearly famished with cold
 were pushing their way to Trenton.
 Although it was now 8 o'clock, and
 of course broad daylight the attack
 was a perfect surprise. The first in-
 formation the Hessians had of the
 proximity of the Americans, was when
 their pickets rushed pell mell, into the
 town, followed hot-foot by strange
 apparitions of snow covered men who
 seemed to have sprung from the earth
 or fallen from the clouds. Green's
 column came by King, now Warren,
 Street, and Sullivan rushed in with
 bayonets at the charge, through Front
 Street, thus hemming the enemy be-
 tween themselves and the Assumpink
 River. Before Ralle had reached
 his quarters, his men were being driv-
 en before the victorious Americans
 like snow before the blast. However,
 mercenary as he was, he did his best
 to rally his panic-stricken men, and
 did not desist until he fell from his
 horse, mortally wounded. This ended
 the fight, as all order was lost and the
 Hessians surrendered at discretion, ex-
 cept a few who escaped in the con-
 fusion. The trophies of the victory
 were four stands of colors, six field
 pieces, 1,000 stands of arms, and about
 1,000 prisoners. The number of men
 engaged was small, but the results
 were far reaching, and it may fairly
 be regarded as the turning point of
 the war. Bad news travels fast, and
 in a short time intelligence of the de-
 struction of the Hessians reached
 Cornwallis in New York, and he re-
 traced his steps at the head of 5,000
 men to Trenton. Washington had re-
 crossed the Delaware, but on the ap-
 proach of the enemy he at once
 crossed the Assumpink, to wait the
 attack of Cornwallis, who reached
 Trenton at 4 o'clock on the afternoon
 of January 2, 1777, and at once com-
 menced his attack on Washington,
 who was strongly posted on high
 ground, across the river, but after three
 desperate assaults, Cornwallis decided
 to defer any further action until the
 morning. During the night Washing-
 ton quietly withdrew his army, struck
 the English rear and gained the bat-
 tle of Princeton, then retreated to Mor-
 ristown and went into winter quarters.
 This brief sketch gives a very inade-
 quate description of these marvelous
 movements which Frederick the Great
 stated were equal to those of any of
 the world's greatest commanders.
 Many long, bloody years yet lay be-
 tween the patriot Americans and the
 final surrender of the last British army
 at Yorktown in 1781, but the remem-
 brance of those glorious days cheered
 them in many a hard strait and finally
 cheered them on to victory, peace and
 liberty.

It is well for Americans on Christ-
 mas eve in the year of our Lord, 1905,
 to remember Christmas eve in the year
 of our Lord 1776, at which time the
 fortunes of what is now the greatest
 country on earth took a great change
 for the better.

FAVORABLE IMPRESSIONS ALL
AROUND.

The New Mexican is pleased to state
 that during this week's visit to this
 city, Honorable Herbert J. Hagerman,
 who will be New Mexico's executive
 January 22d, next, made a very pleas-
 ing and pleasant impression upon the
 citizens of Santa Fe, who had the
 good fortune to meet him and this
 paper hopes that a similar impression
 was made upon him by those whom
 he was pleased to meet. Mr. Hager-
 man was anxious to meet all classes of
 Santa Fe people regardless of politics,
 regardless of factions, regardless of
 business, in order to become acquaint-
 ed and learn the situation. He takes
 the right view in this matter. He is
 very modest and unassuming, at the
 same time dignified and self-possessed.
 All indications are that he will make,
 after experience, with official duties,
 which are at times onerous, exacting,
 burdensome and difficult, a very ac-
 ceptable and successful executive of
 the Sunshine Territory.

The tax payers and property owners
 of the several counties of the Terri-
 tory can afford to feel good Christmas
 day in one direction and that is thank-
 ing to the creation of the office of trav-
 eling auditor and the faithful perfor-
 mance of the duties of that official dur-
 ing the past year, financial accounts
 of the several counties have been kept
 in better condition and in better shape
 than ever before in the history of New
 Mexico. Also, they can afford to feel
 good over the enactment by the 36th
 Legislative Assembly of the law provid-
 ing that all public funds in the
 hands of county treasurers must be
 deposited in secure banking institu-
 tions. Both items are certainly sub-
 jects for sincere rejoicing.

The celebrated novel "With Fire
 and Sword" written by Henry Sien-
 kiewicz, is now being enacted in
 many parts of the Russian Empire. To
 most people this seems to be a just
 retribution for the many sins and bar-
 barities committed by the White Em-
 pire during the past 500 years.

NEW MEXICO.

The difference between the Czar of
 Russia and the people of the Terri-
 tory of New Mexico is remarkable. The
 year 1905, has been full of troubles
 and disaster to the Czar, but of much
 prosperity and contentment to the
 people of the Sunshine Territory. Even
 the Albuquerque Joint Statehood
 League bosses do not envy Nicholas
 the Second. He must be poor, indeed,
 for generally that crowd is envious
 and jealous of everybody not one of
 its own members and every town and
 section in the Territory which does not
 do for its own individual profit and
 aggrandizement.

A number of cattle men in western
 Kansas have been indicted for alleged
 land frauds and for profiting by fraud-
 ulent homestead entries. Procuring
 government land by perjury is not dif-
 ficult under existing land laws, and
 hence, many men cannot withstand
 the temptation to profit by looseness
 of the laws. In New Mexico, so far
 as known there is little of this prac-
 tice in existence. There may be a few
 isolated cases but no great conspiracy
 to steal many thousand acres of land
 is apparent anywhere. Score another
 one for the Sunshine Territory.

The New Mexican will not issue
 Monday coming, Christmas day. Its
 large force of working men desires a
 holiday and there are no substitutes
 to take their places. This will be one
 drawback to the enjoyment of the day
 to its readers, as they, one and all,
 would like to peruse its pages on that
 day as usual, but what cannot be
 cured must be endured, and hence, the
 New Mexican hopes that its many
 readers will make the best of the sit-
 uation, and will enjoy the paper all
 the more when it comes to them Tues-
 day next.

The New Mexican extends to its
 patrons and readers a very Merry
 Christmas. They can afford to be
 merry. Prosperous times have smiled
 upon them and the Sunshine Territory
 during the year, 1905, and a great pro-
 portion of its inhabitants has been
 benefited thereby. To be sure, there
 have been misfortune and misery with
 many others, but such is life and upon
 Christmas eve and day, 1905, even
 those who have more or less been
 stricken by the acts of Providence can
 afford to forget, be merry and give
 thanks.

The Albuquerque Joint Statehood
 boomers have represented to Presi-
 dent Roosevelt that the Republican
 party is divided and in bad shape in
 this Territory. The facts show a dif-
 ferent state of affairs. Certainly, the
 elections in November, 1904, proved
 differently. Although there was an in-
 dependent candidate in the field who
 took about 3,400 votes from the regu-
 lar Republican nominee for delegate
 to Congress, the latter was elected by
 a very handsome plurality.

The Emperor of Korea protests
 against the absorption of his Empire
 by Japan, and swears by all the gods
 he knows of that he never signed any
 agreement or contract or turned his
 country over to the Mikado. The Em-
 peror is behind the times. Japanese
 bayonets are better than agreements
 and will hold Korea closer to Japan
 than paper documents could possible do.

James Hazen Hyde has gone to
 Paris, which will be his future abode.
 The great city by the Seine is the place
 for him, but it is a pity that he will
 throw a great deal of good American
 money to bad Parisian grisettes, and
 will spend most of his time at the
 "moulin Rouge" and at the "folies
 bergere." Even New York City is too
 good and too moral for such as he.

Ex-President Richard A. McCurdy,
 of the Mutual Life Insurance Company,
 is out of a job, but he is evidently not
 a poor man. He has not yet come out
 against the Hamilton-Beveridge joint
 statehood bill. There cannot be as
 much money around to defeat that
 measure as is claimed by Chicago and
 New York newspapers.

Delegate W. H. Andre made a good record in
 Representatives, although
 has been in session for
 weeks. The delegate
 several bills, which,
 prove beneficial to New
 will do his best to ha

The New Mexican contains no
 Christmas sermon today. It will leave
 Christmas preaching to those of its
 contemporaries that think they can do
 it. This paper does not care to as-
 sume too hard a task, and good preach-
 ing is certainly a hard undertaking.

The merchants of New Mexico in
 general and of Santa Fe in particular,
 will spend a Merry Christmas day
 Monday next. They have had a re-
 markably successful business year and
 a very profitable Christmas week.
 They are all right.

Representative Crumpacker of Indi-
 ana, has undertaken a tough job. He
 wants to take the power to appoint
 committees from the Speaker of the
 House. Just let him attempt that with
 old Uncle Joe and he will wish he had
 not.

U. S. Senator Tillman, of South
 Carolina, and the Panama Canal pro-
 ject, do not speak as they pass. For
 some reason or other, this high and
 reverend Senator has no more use for
 the canal.

The question of federal appoint-
 ments has been settled. Now, let the
 statehood question be settled and the
 people will add another measure to
 their contentment.

Madame Sarah Bernhardt is still
 playing Camille. She ought to be an
 adept at it; she commenced about 50
 years ago and has kept the old thing
 up ever since.

Here is hoping that Christmas day,
 1906, will see New Mexico a sovereign
 state in the Union.

 croup there is no time to experiment
 with new remedies, no matter how
 highly they may be recommended.

 been known to fail, viz.: Chamber-

 children, and can truthfully say it al-
 ways gives prompt relief." For sale

Governor to be Herbert J. Hagerman and his brother, Attorney Percy J. Hagerman, were entertained at an informal luncheon at 1 o'clock Thursday afternoon by Secretary and Mrs. J. W. Reynolds at their pretty home in this city. There were no other guests present.

Mr. and Mrs. R. M. Hardinge, of Grand Junction, Colorado, are guests of Major and Mrs. R. J. Palen, Mrs. Hardinge being their daughter. Mr. Hardinge will return to Grand Junction after the first of the year, while Mrs. Hardinge will remain here until spring.

The Capital City club held its regular dance Tuesday evening of this week, and a large attendance testified as to the popularity of the affair. Music was furnished by Morrison's orchestra. Among the guests were C. C. Catron, Frank McKane, Carl Bishop and A. F. Spiegelberg.

M. W. Mills, well known attorney at Springer, Colfax County, and who has extensive land and stock interests in southern Colfax and northern Mora Counties, was registered at the Palace today. He was here on legal and financial business. He has many friends in this city.

Miss Heloise Dibert returned to her home in this city yesterday after a visit to points in Kansas. She reports a good time, but is glad to be back in Santa Fe for the Christmas festivities. Mrs. Dibert is now in Kansas City and will also visit friends at Eureka, Kan., before returning to Santa Fe next week.

Mr. and Mrs. I. H. Coleman and Miss Mary Willey, of Kansas City, Missouri, were among yesterday's arrivals in the city. Mr. Coleman is a commercial traveler and may locate here. Miss Willey is an experienced stenographer and bookkeeper and will also locate here if she can find a situation.

Miss Josie Grimshaw of Denver, daughter of S. B. Grimshaw, assistant to the president and general manager of the Santa Fe Central Railway Company in this city, will arrive tomorrow to spend Christmas with her father and brother. She will be accompanied by Archie Guthrie, a friend of Mr. Grimshaw who also lives in Denver.

Mrs. Finkbine was accompanied by Miss Dorothy Finkbine. They may remain in Santa Fe for the winter as the Colorado climate proved too severe for them.

One of the jolliest dances of the season was given last night in Elk's hall by Los Balladores club. The attendance was large and a good time was had. They will spend Christmas here and came for recreation and to become acquainted with the Capital City and some of its people. Mr. Foster is the editor and proprietor of the Raton Range, one of the leading and best papers in northern New Mexico.

Superintendent H. O. Bursum of the Territorial Penitentiary, returned last night from a three weeks' visit to the National Capital. While in Washington Mr. Bursum, in his capacity as chairman of the Territorial Republican Central Committee, did excellent work for the people of the Territory and was kept quite busy looking after territorial affairs.

Mr. and Mrs. A. B. Renahan entertained last Wednesday evening at an informal car party and chafing dish dinner. The evening was spent in playing "five hundred," after which a display of chafing dish delicacies was given. Those present were Secretary and Mrs. J. W. Reynolds, Surveyor General and Mrs. Morgan O. Llewellyn, Miss Tilly Alonzo, Miss Ona Bright and Robert Gortner.

A very pleasant reception and dance was given last evening at the Carria opera house in the town of Socorro to Associate Justice Frank W. Parker by leading citizens of the town in honor of the judge and of his reappointment for the third term as associate justice of the Territorial supreme court. The judge is deservedly popular, not only in Socorro, but throughout the Third judicial district. Invitations to the affair were received by many Santa Fe residents.

Mr. and Mrs. Arthur Seligman were among the number of Santa Fe citizens who contributed to the enjoyment of Governor-to-be H. J. Hagerman and his brother, Percy J. Hagerman, last Thursday. They entertained the Governor-to-be and his brother at an informal dinner at their home. There were none invited with the exception of the guests of honor. After the dinner the evening was spent in conversation.

There is much talk regarding the probable quarters of the Governor-to-be Herbert J. Hagerman when he takes up his residence in this city. Mr. Hagerman, Arthur Seligman, Governor Otero and Secretary Reynolds discussed the matters during the Governor-to-be's visit here this week. It was finally decided that Mr. Hagerman would live at the Palace Hotel temporarily and that a suitable home would be selected later.

The coming marriage of Miss Alice Roosevelt is still one of the main topics of interest in the social world. The last wedding held in the East Room, was that of Miss Nelly Grant to Algonzo Sartoris, of England, in 1874. This wedding was the seventh to take place in the White House. The first of these was that of Miss Maria Monroe, to S. L. Gouverneur, of New York, in 1820. The last wedding of the nine that have taken place in the White House was that of Miss Frances Folson to President Cleveland, in 1886. This was the first time that a President had been married in the mansion. The marriage ceremony was performed in the Blue Room, the room in which Miss Roosevelt will in all probability be married.

Hon. Solomon Luna, of Los Lunas, was an arrival last evening from the east and is a guest at the residence of Mr. and Mrs. A. M. Bergere on Grant Avenue. Mr. Luna is in return from Washington where he spent the past three weeks on business of importance to the people of New Mexico and where he was successful in arranging many matters, which will prove of benefit to the Territory, in his capacity as member of the Republican National Committee from New Mexico and as chairman of the Sheep Sanitary Board of the Territory. He reports having had a very nice time. Mr. Bursum, who was with him, and Mr. Luna were the recipients of many social attentions and received distinguished consideration from President Roosevelt.

Elegant Function.

Governor and Mrs. Otero entertained Wednesday evening at dinner in honor of Hon. Herbert J. Hagerman and his brother, Percy J. Hagerman, who is a prominent attorney in Colorado Springs, at the Executive residence. The color scheme was pink and pink chrysanthemums were the principal flowers. These filled a large cut glass vase in the center of the dining table, as well as smaller cut glass vases on the mantle of the old-fashioned fireplace in the dining room. Pink cut glass candlesticks with lighted pink tapers and electric lights in pink tubes added to the brilliancy and artistic effect of the cut glass and the old silver in front of each guest. The dinner was elegant and in many courses. Interesting conversation took place during the serving. In addition to the guests of honor and the host and hostess there were present: Secretary and Mrs. J. W. Reynolds, Mrs. John R. McFie, Major and Mrs. R. J. Palen, Colonel and Mrs. Frost, Attorney General and Mrs. G. W. Prichard and Surveyor General and Mrs. M. O. Llewellyn. It was a social function as elegant and as recherche as ever took place in the executive

THE GLADSOME DAY.

Hail Christmas tide, sweet queen of peace.

Attendants thine are joy and mirth, A gorgeous scene dost thou present, Our infant Saviour's lowly birth.

Upon the present's varied page

This scene sublime reflects the past; The Virgin Mother and her Spouse, Ill sheltered from the wintry blast.

Across Judea's cold, gray hills,

A sacred silence seems to fall; High Heaven's lofty strains but serve, In magic spells to bind—appall.

'Tis midnight now—a God is born, A God of mercy, love and might; Think not, O Christian soul, our earth Devoid of hope or love or light.

What matter that the twelve months past,

Or weal or woe each hour did bring; Forgotten all this day of days, On which is born to us a King.

While memory sweetly chains our powers,

Links joyous now with blessed, then Our voices chorus Heaven's strain—"Earth's peace, good will to men."

The Sunday school of St. John's Methodist Episcopal church will hold its Christmas exercises on Monday night at 7:30 o'clock. An entertaining program will be rendered, with the usual Christmas tree and treat for the children.

"Where did you get that hat?" is a familiar expression to L. Chernis of St. Louis, who is a guest at the Palace hotel today, en route to his home for the holidays. Mr. Chernis represents one of the largest hat concerns in the middle west.

Rev. J. L. Shively, pastor of St. John's Methodist Church, has returned from Tres Piedras and Espanola, where he has been holding services during the week. Preaching is heard at Tres Piedras only once or twice during each year.

O. A. Arpin, traveling representative of a sewing machine company with headquarters at Trinidad, was a brief visitor in the city yesterday. He transacted business and departed with a number of Christmas presents for his relatives and friends.

L. M. Williams, road master for the Santa Fe Central has gone with his wife to Strong City, Kansas, where they will spend the holidays with relatives and friends. Mr. Williams owns property near Strong City which he will visit before his return.

There will be no issue of this paper Monday next. The large force of employees of The New Mexican Printing Co. wants a holiday and there are no substitute printers in town. Therefore the issue of the paper for that day will have to be suspended.

The health seekers here thought they were in hard luck yesterday, but after seeing the accounts of the heavy snows and bad weather elsewhere and the welcome sun here today they are glad that they are in Santa Fe.

Postmaster Paul A. F. Walter has arranged to accommodate the public by having the registry window open tomorrow and Monday from 8:30 to 9:30 in the mornings of both days. There will be one delivery of mail Christmas, in the forenoon, and the usual collection.

"My family is increasing too rapidly to suit me," said O. C. Watson today. "My little girl has already received four dolls and today I just opened another package addressed to her, only to find that it also contained a doll. I will have to build an addition to my home."

The popular McDonald Stock Company, in a number of delightful plays will be the attraction at the opera house during the Christmas week. The first performance will be given Christmas night. The company carries some handsome lithographic paper which has been placed on the bill boards of the city.

Prof. L. R. Williams, principal of the High school, will probably go to Phoenix and Albuquerque to spend his vacation. A long horseback ride had been planned by several young men in which he expected to participate. Should this trip be made, he will return Tuesday to Santa Fe and leave with the riders Wednesday.

Attorney Benjamin M. Read and his two daughters, the Misses Emilla and Candida Read left today via the Santa Fe Central Railway for El Paso, Texas, to spend Christmas with Mr. and Mrs. J. Pablo Delgado. Mrs. Delgado is Mr. Read's oldest daughter. The occasion will represent the first family reunion since she married.

S. B. Grimshaw has been busily engaged all afternoon on some secret work in a room at his home. Those who claim to know the inside of the affair say that he is preparing one of the handsomest Christmas trees to be seen in the city, and that it will be a feature of the Christmas celebration in his home.

S. B. Grimshaw, assistant to the president and general manager of the Santa Fe Central Railway, has notified all the section men that they

that they would receive transportation to this city if they wished to spend Christmas here. Many have already begun to arrive and it is expected that most of them will spend the day in Santa Fe.

On Tuesday two weeks ago National Committeeman Solomon Luna and Chairman H. O. Bursum, of the Republican Territorial Committee, District Attorney W. H. H. Llewellyn and Attorney Charles A. Spiess, of Las Vegas, were entertained by President Roosevelt at luncheon. The President was very affable and talked constantly upon matters of interest to New Mexico.

Another moonlight ride party has been planned for the Christmas holidays. It is hoped that this affair may not result in the peace and dignity of the commonwealth being stepped upon as occurred once before. Should there be any singing this time, it is hoped that "Bedelia," "Under the Old Apple Tree," and "We Won't Come Home Until Morning," may not be among the selections rendered.

There are 342 pupils, male and female, at the United States Indian Training school here. There are also nine employees who are Indians. This means that Uncle Sam supports and feeds 351 of his dusky wards at the training school in the city, and supports and feeds them well. Indeed, he treats them so well that the younger boys and girls will have a grand Christmas tree and many Christmas presents for Monday.

The Christmas sale and bazar held by the Guild of the Church of the Holy Faith on Monday last, at the residence of Mrs. L. B. Prince, was a success, both socially and financially. The large museum was used for the bazar and was made especially attractive by the beautiful decorations of red Christmas bells and zinc filings which were overhead and in the doors and archways. Over one hundred dollars was cleared to add to the good work done by the organization.

The Christmas exercises given by Mrs. Fletcher's class of the kindergarten yesterday afternoon were attended by a large number of parents and friends of the scholars and were unusually interesting. Among the scholars who took part were Harold Hamill, who assumed the role of Santa Claus unusually well; Beatrice Seligman and DeForest Lord who recited; Inez Otero and Page Otero, Jr., who danced and cake walked; Margaret McBride and Alice Watson who sang; Bessie Owen, Clara Bursum and Helen Walker as Brownies, and Barrett Knapp, Clarence Herlow and Frank Owen as Jack Frosts.

It was built in 1870 and for twenty-five years was occupied as the residence of the commanding officer of the district of New Mexico and, thereafter became the official residence of Governor Otero. Many are the social functions that have been held there, but none were more charming or more enjoyed by the participants than Wednesday evening's dinner.

ESTANCIA NOTES.

Many Improvements Now Under Way
—Several Industries Will Locate in Near Future.

Special to the New Mexican.

Estancia, N. M., Dec. 23.—These are busy days in the metropolis of the Estancia Valley; the furniture is being placed in the new Valley Hotel, just completed by Milton Dow, and the opening will be about the first of the year. Mrs. J. H. Averill has a lease on the property for three years and will conduct a first class place. From present indications it will be full of guests from the start.

The new business block being erected by James Walker just north of the postoffice is nearing the top of the first story and being pushed to completion as rapidly as the weather will permit. It is understood that this building will be occupied by a bank when completed and the need of such an institution is apparent to all who visit our town.

There is a movement on foot to establish a creamery in Estancia, which is meeting with encouragement from all, and there is no doubt entertained as to the success of the enterprise and that it will be established ready for business by the early summer months.

The building of a number of business houses in our town is being delayed because lumber and workmen cannot be secured. A number of good mechanics could find steady work in Estancia for some months to come. Manuel Sanchez y Sanchez, sheriff of this county, returned yesterday from Albuquerque, where he had been on business.

The Methodist and Union Sunday Schools will give a Christmas entertainment on Sunday evening for the benefit of the two schools.

There has been quite a demand for building lots in Estancia the past month and choice lots close in are becoming scarce.

ATTRACTIVE PROGRAM.

Parochial School Pupils to Entertain Friends With Interesting Exhibition Soon.

The pupils of the Parochial School will give an entertainment on Friday, December 23rd, at the Loretto Academy hall. Tickets, costing 25 cents, can be purchased from any of the young ladies of the school or at the door. The doors will open at 6:30 o'clock in the evening. The performance will begin at 7 o'clock sharp. It is hoped that the people of Santa Fe will encourage the school by their presence, as a pleasant evening is assured those who attend.

The program is as follows:

"No Cross no Crown."

A march by twenty-four misses, captains, the Little Misses Lola Delgado and L. Gonzales.

"Little Brown Thrush," a song in motion by 40 minims.

"La Cantinela," a recitation by Miss Benita Ribera.

Song—"Who Will Care for Mother Now"—By the Misses M. Sanchez and R. Sena.

Pantomimed—By the Misses P. Ortiz, C. Garcia, R. Rael, T. T. Torres, Carmen Garcia, F. Martinez, A. Valencia, D. Olivas, L. Davis, and T. Ortiz. Recitation—"Margaret of France."

..... Miss P. Ortiz.

Red Riding Hood—(Operetta)—Characters—Grandma, C. Garcia; Woodman, M. Sanchez; Mamma, R. Sena; Red Riding Hood, F. Anaya; Wolf, C. Garcia.

Song—"Good Night,"

.....By All the Pupils.

BIG WOLF KILLED.

Jose Leyba, a Ranchman, Killed a Lobo Near Lamy Weighing Over 100 Pounds.

The largest lobo killed in this vicinity for a number of years, was trapped a few days ago by Jose Leyba, a ranchman near Lamy. The skin of the animal measured seven feet and the wolf weighed over 100 pounds. This animal had killed a number of sheep and cattle since the cold weather began but all efforts made to shoot the brute were unavailing.

Finally Leyba secured a large trap which he baited and concealed. The following morning he found the wolf caught securely. The animal, however, was so ferocious that he was forced to shoot it from a distance before he could approach the trap. The skin is not for sale but has been placed on exhibition at Candelario's curio store.

If the old saying that heavy fur on wild beasts indicates a severe winter, then most any sort of weather can be expected here this season, for the animal's hair is very long and thick.

OFFICE CHIEF QUARTERMASTER—Denver, Colorado, December 15, 1905. Sealed proposals in triplicate will be received here until 11 a. m. M., National Cemetery. U. S. reserves the right to reject or accept any or all bids or any part thereof. Information furnished on application to this office. GO RIGHT AT IT.

Friends and Neighbors in Santa Fe Will Show You How.

Get at the root of the trouble.

Rubbing an aching back may relieve it But it won't cure it.

You must reach the root of it—the kidneys.

Dona's Kidney Pills go right at it: Reach the cause; relieve the pain. They cure, too, so Santa Fe people say.

Cipriano Chavez, county jailer of Agua Fria Street says: "I had attacks of backache for three or four years. Latterly they were of much longer duration and occurred much more frequently. For 20 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plasters. Two days' treatment with Dona's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dona's—and take no other.

Christmas--Xmas Surprise!

What article brings more real pleasure to the home than a fine piano? Xmas will find homes thus made happy. A piano is no longer a luxury, but is becoming a household necessity and smiling faces are seen on Xmas day in family circles.

The well known Story & Clark piano is found in the homes of prominent people of Santa Fe.

Refer to Colonel and Mrs. Max. Frost, Mayor and Mrs. A. R. Gibson, Mr. and Mrs. Leo Hersch, Mr. and Mrs. Fred H. McBride, Mr. and Mrs. Charles Ross, Mr. and Mrs. Percy F. Knight, and others as to the merits of the Story & Clark piano.

This sweet toned and elegantly finished piano can be seen and heard in the homes of these good people. Frank Dibert of Santa Fe is the general agent for New Mexico, and he is advantageously situated from a business standpoint to place a piano in your home at a price that will save you money.

The Story & Clark piano is handsome in either mahogany, burl walnut or golden oak. Several of these beautiful pianos are now on the way from the factory and will reach Santa Fe in good time for Xmas and the New Year.

Now Look Out!

Now look out for watch troubles! The first touch of cold weather is apt to harden the oil—that strains the mainspring and affects the motion. It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order, we'll let it alone; if it needs repairing, we'll do it thoroughly, at a moderate price.

Few watches are cleaned and oiled as they ought to be—once a year. People usually wait until something breaks. The other way is cheapest in the end and saves the watch.

GRIMSHAW WAS BUSY.

Large Shipments of Wool and Supplies Keep Santa Fe Central Officials on Move.

"The end is not yet with the Santa Fe Central Railway," said S. B. Grimshaw, assistant to the president and general manager today. "We have just received an additional shipment of two car loads of wool when we had thought our business in this line was about ended for the season."

This makes a total shipment for the Santa Fe Central Railway of 1,546,694 pounds of wool during the past season. How much more is to come, I am not predicting for I thought we were through with it several weeks ago. This week we also received a car load of household goods, implements and live stock. The property was owned by immigrants from Oklahoma who are settling near Estancia. That valley is settling up rapidly and we are shipping great quantities of supplies there.

"C. H. Dowe of Estancia, is erecting large bins and will handle quantities of coal which will be shipped over our road. This is my busy day. Please get out!"

A TRIBUTE.

Well Known Citizen Has Something to Say of Santa Fe Girls.

Editor New Mexican:

In yesterday's New Mexican I noticed a remark of young men complaining "that there are not enough young women to go around." This is a decided compliment to our women. They do not seem to care for the admiration of men incapable of appreciating modesty. After many years of observation I have come to the conclusion that here in Santa Fe woman is by far the superior to man in many respects. As proof I point to the many excellent things accomplished by our women where men have failed in their attempts. The woman of Santa Fe has much cause for pride upon her sex; she is a part of that sweet, delightfully refreshing sunshine prevailing here. That above complaint "that there are not enough young women to go around" is probably explained to an extent that these young women are often disappointed in their justifiable expectation of meeting equality, i. e., men of a desirable class. Where are they? (answer). Oh! being married they are with their family. This is right. Well, where are the single men? (answer). Run! This is wrong. Let them brace up and look sharp, for they may not yet have an opportunity to drink from the lips of the Santa Fe girl intoxicating nectar sweetened by wishes for a merry Xmas and a happy New Year. P. W.

A FISTIC ENCOUNTER ON PUBLIC STREET.

Two men whose names the New Mexican has been unable to secure, engaged in a rough and tumble fight yesterday afternoon, on the street near the southwest corner of the Plaza. A boy who was drawn into the encounter was struck on the side of the head with a stone and injured. A large crowd collected about the struggling men, blocking the street, and preventing several women from entering a nearby hardware store. An employee from the hardware store succeeded in separating the combatants and dispersing the crowd. Although the affair lasted for several minutes no officer appeared and the dead and wounded were removed without the assistance of the police department.

HUNTING PARTY RETURNS BUT WITHOUT TURKEYS.

A hunting party consisting of Game Warden Page B. Otero, Collector of Internal Revenue H. P. Bardsbar and Barber W. Kerr, have returned from a turkey hunt. The party left well supplied with ammunition, food, tents, etc., and promised their friends plenty of turkey for Christmas dinner. The party reports plenty of cold and they and their friends are now hunting up the shops for their turkey as the wild birds refused to return to this city and are still in the woods.

LAS VEGAS RAILWAY AND LIGHT COMPANIES MERGE.

The Las Vegas Light and Fuel Company has been sold, with all of its franchises to the Las Vegas Railway and Power Company. For some time there has been talk of a fight between the interests. William A. Buddecke, formerly of St. Louis, but who has made his home in Las Vegas, is one of the chief ones interested in the purchasing of the properties.
