CALL MONEY GOES TO A HIGH POINT

All Records Since Ninety-nine Are Broken.

REACHES ONE TWENTY-FIVE

Russell Sage is Said to Have Loaned Six Million at Big Interest.

New York, Dec. 28.—The call money market opened strong again today. The first loan reported was for two million eight hundred thousand at thirty and this was followed immediately by another of two hundred thousand at sixty. At 10:35 the quotation was 80.

Record Reached.

The advance in the interest rate was sensationally rapid. From 60 there was a quick advance until 100 was reached. When 100 was touched all records were broken since December 1899. In that year 185 per cent was paid for call loans. After loaning at 100 today the price dropped to 90 and at 11 o'clock 110 was paid and shortly after 125 for \$400,000.

A greater part of today's offerings came from out of town banks through their local correspondents and a great many commercial and industrial houses also loaned through their banks.

Sage Lends Money.

Russell Sage, through his representative, was reported to have loaned six million at 90 to 100 per cent.

By noon the demand for money seemed to have been largely supplied. At 12:30 loans were made at 65. Just as soon as the money tension seemed to have been relieved the stock market advanced led by a sensational movement in Anaconda. This stock rose rapidly to 275 against 239 earlier in the day. Amalgamated copper was carried up 2 1/2 points in sympathy.

Little Excitement.

Although the brokers were compelled to pay the highest prices in years for cash to carry their stocks, there was little excitement over the situation and stocks were not much affected. The general opinion is that the situation will clear up immediately after the first of the year.

Call money became much easier and dropped to six per cent and at 2:45 the quoted rate was from 6 to 10.

PAYNE TALKS.

Former State Insurance Commissioner Denies Statements Made By James Wells.

New York, Dec. 28.—Louis F. Payne, former state insurance commissioner, testified before the insurance investigating committee today.

He said that the charges made by James Wells, former vice president of the Mutual Reserve Life Insurance Company that \$40,000 had been paid to Payne by the Mutual Reserve for allowing the company to write its own reports of the investigation by the insurance department was absolutely false.

He said it grew out of a fight between Wells and President Burnham.

HYDE WILL RETURN.

Only Going to France for a Rest—Not to Make His Home There.

New York, Dec. 28.—James Hazen Hyde, the former first vice president of the Equitable Life, today sailed for France: "I am going to France," he said, "for a few months rest, and I wish to deny emphatically that I am going to leave America to make my home in France. I am tired out and I feel the need of rest."

SHIP WRECKED.

Vessel Goes Ashore and All on Board Lost—Three Bodies Were Recovered.

Victoria, Dec. 28.—The British bark Pass of Melfort, Captain Coaglie from Ancon for Puget Sound drove ashore on the rocks of Van Couver Island, a quarter of a mile east of Amplitre Point last night and all on board were lost. Three bodies of seamen have already been recovered from the surf.

HONOR FOR PARSONS.

Special Car of President Diaz of Mexico Brings Body to the United States.

Laredo, Texas, Dec. 28.—The body of late Consul General Parsons arrived here today from Mexico, en route to Albany, New York. The remains were brought to the United States on the special car of President Diaz.

JUDGE TULEY DEAD.

Noted Jurist of Illinois, Passes Away.—Once Attorney General of New Mexico.

Chicago, Dec. 28.—Judge Murray F. Tuley, of Chicago, died at the Penney Sanitarium in Kenosha, Wisconsin, Monday afternoon, aged 78 years. He went to the sanitarium on October 31, suffering from nervous exhaustion caused by overwork.

Judge Tuley was elected to the circuit bench of Cook county, Illinois, in 1879, and has served continuously since that time. The judge had the record of fewer reversals of his decisions by the Supreme Court than any other circuit judge. He was a veteran of the Mexican war, having served as first lieutenant of the Fifth Illinois Infantry, and in 1849 he served as attorney general of New Mexico.

RUSSIA PAYS.

Large Sums of Money Are Reaching Berlin to Settle January Coupons.

Berlin, Dec. 28.—Gold has begun to arrive in large quantities at the Imperial Bank of Germany, from St. Petersburg. About \$3,750,000 arrived yesterday, while the amount included in the last bank return is understood to be about \$7,000,000. The movement is expected to continue until a total of \$25,000,000 is reached.

Rumors to the effect that the Russian treasury would be unable to pay the January coupons of the foreign debt have been set at rest by the announcement that it is in readiness to pay immediately and that, indeed, payment has been going on since last week.

SHAW TALKS.

He Will Not Take Any Action Against Banker John R. Walsh.

Chicago, Ill., Dec. 28.—Secretary Shaw has arrived from Washington on private business.

In an interview he practically declared that there would be no criminal proceedings growing out of the closing of the Chicago National Bank and the Home Savings Bank in this city.

He said: "John R. Walsh did not take a dollar dishonestly. He did no more than many other bankers in the United States are doing all the time."

FIND MONEY.

Police Secure Supposed Booty of Robbers of Express Car at La Junta.

El Paso, Texas, Dec. 28.—The police today found five hundred dollars in new dimes in a sack in a saloon in Mexico where the bartender said Louis Gonzales had left them. Gonzales was arrested yesterday on suspicion of having robbed the express car at La Junta, Colorado, where two thousand dollars in dimes was stolen.

ARTIST DEAD.

Louis Dalrymple, Famous Caricaturist, Passes Away at His New York Home.

New York, Dec. 28.—Louis Dalrymple, the artist, whose caricatures of politicians and cartoons of the political situations, have appeared in many well known newspapers and periodicals, died suddenly last night of acute paresis. He was forty-two years old.

BIG BLAZE.

Fire Damages Three Hotels at Niagara Falls—Loss Estimated as Large.

Niagara Falls, N. Y., Dec. 28.—The Porter Hotel, the Imperial Hotel and the Temperance House and several other buildings were badly damaged by fire this morning. The guests of the hotels escaped without injury. The loss is estimated at \$140,000.

NEBRASKA SETTLER IS KILLED BY GRIZZLIES.

Omaha, Neb., Dec. 28.—Simon B. Clark, one of the best known pioneers of Nebraska, was recently killed in a battle with grizzly bears.

The news was contained in a letter from a ranchman named Adams, who said Clark's horse came to his ranch on December 21. Recognizing the animal, Adams followed his trail back five miles into the mountains, where he found the badly mangled body of Clark at the mouth of a cave, and beside it were two dead grizzlies.

DEATH HAS CLAIMED

THE INFANT CHILD. The one month's old child of Mr. and Mrs. Jacob Gabriel died today of childish ailments. The infant was a grandson of George Dietzel. The funeral will be held tomorrow at 2 o'clock in the afternoon from the residence and interment will be made in Fairview Cemetery. Rev. J. L. Shively, will conduct the funeral services.

INSURGENTS ARE LOSING GROUND

All of Strike Strongholds Now Seem Won.

LEADERS ARE IN HIDING

Energetic Work of Government Makes Gains at Points Reporting.

Moscow, Dec. 28.—The backbone of the insurrection is broken and the uprising here is rapidly going to pieces. The revolutionists are able to keep up only a guerrilla warfare but the ease with which they can move from one place to another in small detachments renders the task of suppressing them slow and tedious.

The city of Moscow bears a picturesque appearance of a battle field.

Leaders Hiding.

St. Petersburg, Dec. 28.—The energetic measures taken by the government have completely overturned the plans of the revolutionists in St. Petersburg. Practically all the leaders have been arrested.

The few remaining at liberty are in hiding. The police believe that they have captured most of the stores of their rifles and revolvers. Nevertheless the leaders from their hiding places still continue to assure their followers that all goes well.

Strike Weakening.

Warsaw, Dec. 28.—The general strike is weakening. The shops are open and cabs are circulating in the center of the city. The employees of factories and street railroads are still on a strike. Soldiers occasionally have conflicts with the agitators. Yesterday they killed four and wounded twelve.

Martial Law.

Odessa, Dec. 28.—Martial law has been proclaimed in this city. The strike, however, is nearly over.

Squadron Sent.

Washington, D. C., Dec. 28.—The administration will send a squadron and not a single ship to European waters for use in the Russian crisis in case American life and property is menaced. At a conference yesterday between the President, Secretary Root and Secretary Bonaparte, instructions were sent to Admiral Sigsbee, commander of the cruiser squadron of the North Atlantic fleet, to proceed with the Brooklyn, Galveston, Tacoma and Chittanooga to Madeira. Then if the necessity arises the squadron will go to the Baltic, otherwise it will winter at Naples.

TO RUSH WORK.

For Carlsbad Project to Furnish Water For the Next Year's Crop.

News has been received at Carlsbad that work will be begun at once on the irrigating plant by the government.

Engineer B. M. Hall will be in charge of the work and a large force of hands will be organized at once to start. It is thought that the work will commence on the first of the year.

The advice says that the work will be rushed with the greatest possible haste and that water will be furnished for next year's crop if possible.

MAN ARRESTED.

Mounted Police Secure Party at Trinidad Wanted for Murder in Territory.

A special to the News says that John Brophy, a member of the New Mexico Mounted Police, arrested Pedro Baldanero at Tobasco, near Trinidad yesterday and left last night for Clayton, New Mexico, with his prisoner. The man is wanted in Union County, New Mexico, on the charge of murder, it being alleged that he beat up a man at Folsom so badly that he died of his injuries a week later.

Since the alleged murder he has been working in different coal camps in Union County.

NO DECISION ON

LAS VEGAS OFFICE.

In an interview given yesterday in Las Vegas William A. Bayer, the private secretary of Delegate William H. Andrews, stated that on account of a severe cold the delegate did not come to New Mexico on the adjournment of Congress as he had expected but went to his country home at Titusville, Pennsylvania.

Mr. Bayer stated that just before leaving Washington he had gone to the postoffice department to see what was the condition of affairs in regard to the Las Vegas office and was advised that the postmaster general was still conferring with lawyers and had not appealed the case.

WHY NEW MEXICO PRESENTS THANKS

Great Prosperity Prevailed During This Year.

COMING PROSPECTS FINE

Every Industry and Business Advancing and Increasing—Steady Gains.

The Earth's December issue has just reached the city and the paper contains several articles of unusual interest to those in this section.

The Earth is a monthly publication, issued by the passenger department of the great Santa Fe Railway system, in the interests of immigration to and the development of the states and territories through which the great railway system passes.

Over thirty thousand copies have been issued for the month of December. The front page has an attractive view of an irrigation canal in the Pecos Valley. The main features of the issue are articles from New Mexico, California, Texas, Colorado, Arizona, Oklahoma and Kansas by prominent men of the respective sections, telling why the states and territories are thankful.

The article from New Mexico was written by Colonel Frost, secretary of the Bureau of Immigration.

Why New Mexico is Thankful. Are the people of New Mexico thankful for 1905? Surely and truly they are. Why?

Advancement since the census of 1900 and especially in 1905 has been great, particularly in a moral direction. Crime has been punished; there is less than ever. Churches and communicants have increased in satisfactory numbers. Sunday observance law, are strictly carried out and strong sentiment against public gambling has been aroused.

The people have enjoyed a clean and honest administration of territorial and county affairs; New Mexico's debt has been reduced by \$400,000. County finances are in better condition. Administration of justice is effective and energetic.

The Sunshine Territory has increased in population from about 200,000 in 1900 to about 300,000 now; manufactured products have gained nearly 60 per cent since 1900. There are more banks, national and private, more business firms, more manufacturing establishments, and they are on the increase. The production of precious and base metals shows an increase, and the coal, iron ore, and zinc ore outputs are the greatest ever known. Zinc ore, of which not a ton was produced in 1901, this year shows a value of \$900,000.

Irrigation.

The acreage under irrigation and cultivation is larger and steadily gaining. In addition to its own uses, the Territory exported 20,000,000 pounds of fruit. The importation of grain, hay, and flour has decreased, the Territory producing more of these necessities right along.

The sheep owners had an increase of 95 per cent in lambs. They have sold about 2,000,000 wethers and lambs averaging about \$2.75 per head, and 24,000,000 pounds of wool at about 21 cents, in addition to several hundred thousand pounds of mohair at 35 cents; they have more sheep and goats now than they had last spring. About 200,000 head of cattle averaging \$16 per head have been shipped out, and several thousand horses have been sold.

Ranges are in good condition, water and grass are plentiful, and the outlook for the coming spring and summer is of the best, considerable snow having already fallen in the mountains of northern New Mexico.

The educational system is improving and the number of persons of school age is greatly in excess of previous years.

New Railroads.

Several hundreds of miles of new railroads are in active construction and thousands of men are employed at good wages. The Eastern Railway of New Mexico, a part of the Santa Fe System, is building a line 300 miles long and employing 3,000 men and many teams.

Bank deposits are heavy and exceed greatly all loans and discounts. Separate statehood for New Mexico is asked by the people; and while this may not come in 1906, they hope and believe it will be attained in 1908.

The growth and progress in population, in moral advancement, in stock raising, in agriculture, in horticulture, in mining, in manufacturing, and in general business is great, steady, and strenuous and bids fair to continue.

Naturally our people are thankful. They celebrated Thanksgiving, 1905, more devoutly and more sincerely than ever before in their history.

THE GOLD BULLION.

In the Golden Mining District Developing—Expensive New Machinery En Route.

Colonel J. A. Wood, who has just returned from New York City, where he attended the annual meeting of the stockholders and directors of the Gold Bullion Mining Company, of which he is general manager, is a visitor here today. He will leave tomorrow for Espanola. Colonel Wood has been in the Golden mining district for several years in charge of the company's property and operations. When asked what he could give for publication about mining operations in the district, he replied:

"Nothing about mining, but I could give a column interview on snow and not run out of material. The snow was 11-2 feet deep at Golden when I left. I don't know how deep it is now but I could guess. I have not permitted the unseasonable weather, however, to stop work on the company's property. We have just received the first shipment of new machinery, and men are already at work installing it. I am expecting ten additional car loads which were shipped from Marlon, Ohio, December 23. This machinery will cost when installed in the neighborhood of \$60,000. It consists principally of a large traction dredge which differs from a floating dredge only in the fact that it saves more water. The machinery will be in operation by March 1st, if our present plans do not miscarry."

"There was nothing of public interest in the New York meeting of our company as all officers were re-elected and everything went smoothly."

"Were there any dividends declared?" he was asked.

"Yes," he replied, "there were, but they were all for New Mexico. We are spending money now in an effort to make the dividends after awhile. But say, you didn't let me tell you that snow story."

BAR ASSOCIATION.

Of New Mexico Will Meet in Santa Fe on Monday, January the Eighth.

Secretary R. H. Hanna, of the New Mexico Bar Association, has issued a circular advising members that the next meeting of the association will be called to order at 10 o'clock in the forenoon of Monday the 8th day of January, in the Supreme Court chambers in the Capitol building in Santa Fe.

A full attendance of members is requested as important business will be brought before the association and as the question, how best to dispose of the delinquent members, will be discussed and settled.

Members, who are now in arrears for dues, should promptly remit such to the secretary.

MARTIN LIESE, LUMBER JACK, FATALLY STABBED.

Reports from the lumber camp of Horabin-McGaffey, in the Zuni Mountains, are to the effect that Martin Reese one of the employees of the firm, was stabbed through the lung Tuesday by Tom Maxwell, who is in hiding in the mountains. It is expected that Liese will die. The sheriff of Valencia County has been telegraphed for and he left with a posse for the lumber camp. It was later learned that Maxwell was heavily armed, so a message was sent to Sheriff Carlos Baca of Valencia County, who immediately started with a posse.

EDUCATIONAL ASSOCIATION MEETING ON IN ALBUQUERQUE.

The annual session of the New Mexico Educational Association in Albuquerque has proven to be even more successful than was expected.

There are about a hundred members of the association in that city and the papers read and discussed have proven of great interest and benefit to all that have heard them.

It is the sentiment of the convention that outdoor sports and exercise benefits the students greatly in the amount of work that can be done.

GOOD ICE IS BEING CUT BY RIVENBERG.

Grant Rivenberg reports unusually good ice better than for several years. Before Christmas Mr. Rivenberg was able to cut ice six inches thick on his ponds and is now cutting it fourteen inches thick. In addition to this the clear cool days assist the work.

CATTLE FEELING SNOW

NEAR ABO PASS.

Reports reaching the city state that the cattle in the section near Abo Pass are suffering on account of the deep and continued snow at that point. A number of head have been recently brought out of the mountains and are near there.

ROCK ISLAND TRAINS

MOVE A LITTLE TODAY.

The Rock Island trains for four days today succeeded in passing Torrance from the east. They went as far as Ancho when they were stopped by the snow again.

TO ESTABLISH A NEW SETTLEMENT

Iowa Farmers Have Come to Estancia Valley.

ARE MAKING LAND ENTRIES

Arrivals Have Money and Mean Business—Big Travel By Railroad.

There was something of a rush at the local U. S. land office in the Federal building yesterday, when seventeen stalwart Iowa farmers stood in line waiting their turn to file homestead claims in the Estancia Valley. All of these men expect to make their homes in this Territory as soon as it is possible to ship their belongings here from Iowa.

"This incident is only a feature in the rapid settling up of this fertile valley, where water can be had at a depth of from 9 to 30 feet in almost any spot."

Iowa farmers under the leadership of George W. Harbin, are preparing to form a colony in the valley.

Number Come.

About twenty-five men arrived in this city last week and after looking at the resources of the valley, nearly all decided to locate there at once. Others were forced to wait until they could return to Iowa and consult with their families and friends. It is expected that several hundred of the best farmers in the United States will come to central New Mexico as permanent residents early this spring.

The proposed colony is to be located in and around McIntosh and many homestead entries have been made.

The promoters of the colony, all of whom expect to become members of it, as farm owners, held a meeting Christmas night, at the Claire Hotel to discuss ways and means. Mr. Harbin said that the meeting was of a private nature and concerned only those who were present. He, however, admitted that plans were being made to incorporate a town site company, and arrangements completed for other improvements in the Estancia Valley. Among those who were in Santa Fe this week filing homesteads and looking over the prospects are:

George W. Harbin, Waterloo, Iowa; J. B. Winkel, John Pruss, M. Freilinger and son, L. Turner, J. C. Peterson, Charles Peterson, all of Algona, Ia.; S. Hartsell, of Estancia; W. R. Bruner, Excelsior, Iowa; Joseph Groff, Parnell, Iowa; G. Brehner, Waterloo, Iowa; Dr. Eli Browning and wife, West Branch, Iowa; Thomas Moore and Viola Gray, West Branch, Iowa.

Good Men.

The people who have been settling in the Estancia Valley, are among the best and most progressive in the United States. Almost without exception they have money and are not afraid to spend it for the general welfare as well as their own personal benefit. Those who are familiar with farming done in Iowa by these people know that there are no better farmers in the country and if they undertake to develop the Estancia Valley in the vicinity in which they locate, nothing but success can result from their efforts. There are several other parties of Iowa and Nebraska farmers who recently visited the valley and returned to their homes for the purpose of disposing of their lands and taking up homesteads in this Territory.

An important factor in the settlement of this valley is the Santa Fe Central Railway which makes it easy to secure supplies in this portion of the Territory. In speaking of the valley, S. B. Grimshaw assistant general manager of the railway said:

"Within the past week, we have sold tickets to a large number of settlers for points in this valley. Many of them have already taken up homesteads and are preparing to ship household goods and farm implements here."

Many Supplies.

"The amount of supplies we have been transporting to Estancia passes all belief. We have been forced to place an assistant freight agent on duty at that point because the man there was unable to handle the work by himself. I have been receiving an average of five letters a week from intending settlers asking about this valley. Two hundred settlers are now negotiating with this company for the removal of their belongings there from Utah early in the spring. The Santa Fe Central officials are making preparations to handle a large passenger traffic during the coming year. In my estimation nothing can stop the tide of settlers to New Mexico from other points."

The New Mexican aims to please the best element in the community. It is always bright and it is always clean.

THE AMERICAN MERCANTILE MARINE.

The joint committee of both Houses on the Mercantile Marine has made an elaborate report to the Senate, with a bill, which Congress will be asked to pass this session. That a proper understanding of this subject may be arrived at, it is important to ascertain how the magnificent ships that used to carry 90 per cent of American exports disappeared so suddenly and so completely as to reduce their carrying capacity to hardly 10 per cent. In his great speech on Claims on England delivered in the Senate on April 13, 1869, Senator Sumner said:

"The dedication of the ship, the Alabama, to the rebel service, from the very laying of the keel and the organization of her voyage, with England as her naval base from which she drew munitions of war and men, made her departure as much a hostile expedition as if she sailed from her majesty's dock yard."

He quotes the following from a speech of John Bright:

"I regret, more than I have words to express, this painful fact, that, of all the countries of Europe, this country is the only one which has men in it who are willing to take active steps in favor of this intended slave government. We supply the ships, we supply the arms, the munitions of war; we give aid and comfort to this foulest of all crimes. Englishmen only do it."

Mr. Sumner continues: "I refer to the report of Mr. Morse, our consul at London, made during the past year. 'After a minute inquiry, the report shows that on the breaking out of the Rebellion in 1861 the entire tonnage of the United States, coasting and registered, was 5,539,813 tons, of which 2,642,628 tons were registered and employed in foreign trade, and at the close of the Rebellion in 1865, notwithstanding an increase in coasting trade, our tonnage in foreign trade had fallen to 1,602,528 tons, being a loss of more than a million tons, amounting to about 40 per cent of our foreign commerce. During the same four years, the tonnage of the British Empire rose from 5,895,369 tons to 7,322,604 tons."

"It is estimated that the loss sustained by the capture and burning of American vessels, has been about \$15,000,000. But," says Mr. Cobden, "that is a small part of the injury, which has been inflicted on the American Marine. We have rendered the rest of her vast mercantile property for the present valueless."

The Georgia, Confederate cruiser, on her second voyage did not meet a single American vessel, though she saw no less than seventy other vessels in a very few days. This, very briefly, shows the American Mercantile Marine was lost and where it went to. Since then every commercial nation has been subsidizing its ships except America alone, and she has been playing a kind of a manana policy which means doing nothing. At last it really does seem as if Congress is determined to do something, but it has so often intended to do something and has done nothing, that it will be well to wait awhile and see if the intentions will materialize into serious action. The following extract from the report alluded to above, is very significant of the ruin which has overtaken the Merchant Marine of the country:

"The decline of our ocean shipping, our one unprotected industry, has ruined ship owners and ship builders along shore from Eastport to Galveston and from San Diego to Puget Sound. It has impoverished and scattered our ship yard mechanics, the most skillful in the world. It has robbed the country of the hardy officers and seamen who should constitute our naval reserve; but it has done more than this—it has choked the normal growth of the export trade of the United States to four of the five other great continents. Therefore, there is not a wheat farm in the Dakotas, a cattle ranch in Texas or a cotton plantation in Mississippi, Georgia, or the Carolinas where the loss of American shipping has not made itself felt in shrunken sales and opportunities for profit.

"Of course, it will and must cost something to establish American shipping lines and give our people the facilities they need for export com-

merce. It has cost the European nations, our competitors, something to develop their lines to all quarters of the world. Great Britain alone has expended for this purpose, since 1840 between \$250,000,000 and \$300,000,000."

As the New Mexican has frequently remarked, every other branch of American industry has been amply protected, with the natural result that the United States is now the greatest manufacturing, and agricultural nation on earth, but by some strange fatality, American shipping has been permitted to remain in the same condition until Congress has patriotism enough to extend the same protection to it that other nations are extending to theirs, then the American flag will resume its ancient prestige and importance, and American keels will carry the products of the Union to every sea and land on earth.

TORRANCE COUNTY IS ALL RIGHT.

The Estancia Valley, 50 miles south of this city, about 60 miles long and from ten to fifteen miles wide, is attracting much attention and is being settled in a very satisfactory manner. Four years ago there were not 50 people where there are now over 1,200 in the valley. What is more, settlers and home seekers are going there in increased numbers. This is due absolutely to the building of the Santa Fe Central Railway from this city to Torrance. This road made the valley easily accessible and enabled people to go there and examine its conditions and resources. Within the past two weeks over 20 Iowa farmers and business men visited the valley and three-fourths of them have concluded to settle there, take up homesteads and make Torrance County their permanent home. It is not too much to predict that within five years the valley will support a population of 5,000 industrious and well-to-do people. The Eastern Railway of New Mexico is building through the southern portion of the county, and this fact is also helping along to a great extent. The advertising department of the Santa Fe Central and the Territorial Bureau of Immigration are doing good work in calling attention to Torrance County in general and to the valley in particular, and their combined efforts are bringing forth beneficial results. The fact that the 36th Legislative Assembly created a new county there with Estancia as the county seat is also helping amazingly. During the first two years of the existence of the county it will naturally be in bad condition financially, but it is growing so rapidly in population and in wealth that after 1906 it is believed that it will be able to support a creditable county government on a cash basis. Torrance County is all right.

GOVERNOR OTERO TO REMAIN IN SANTA FE.

Governor Otero ought to be gratified at the fact that the best element of the citizenship of this city is glad he has purchased property here and will be a permanent resident hereafter. To be sure, "the Knocker's Club" looks with much disfavor and with great ire upon this, but everybody knows, that the knockers mean no good to anybody but themselves and care no more for the interests of this city unless they serve their own personal ends and benefit them individually, than the devil cares for a snowball. Within the last two weeks a large number of patriotic citizens of this town have come to the New Mexican office and stated that they were very much pleased that Governor Otero, after his term of office expired, would remain in the city. They recognize that he will be a valuable citizen, that he has a great many friends throughout the Territory and that his influence for the growth and advancement of the town will be of value. The "Knocker's Club" is sorely disgusted and feels bad. Whenever that happens it is a good thing for the town.

"The Chieftain has been in favor of separate statehood for New Mexico for reasons that it regarded good and sufficient. If Congress passes a joint statehood bill and this paper then thinks best to advocate the adoption of the constitution submitted it will do so without offering any apologies or asking anybody's permission."—Socorro Chieftain.

Right you are! You are under no obligations to explain the course of the Chieftain to the Albuquerque Fakir Journal, or any other land grabbing ring sheet anywhere. Act as you deem best for the interests of the people and of the Republican party of the Sunshine Territory and pay no attention to the selfish and greedy schemes of the Albuquerque Joint Statehood boomers. They care for nothing except for themselves and the sporting element of their town from which they get nine-tenths of their support.

The New Mexican hopes the grave and reverend Senators and high and mighty representatives in the 59th Congress will dispose of some kind of a statehood bill for New Mexico and Arizona separately or jointly and that quickly after the re-assembling of Congress. The members have had their two weeks' vacation and should therefore be able to do some work. The people of the two territories are ready to have the question submitted to them.

There are tax dodgers in many sections of the Territory but they are not knee high to a grasshopper to the Albuquerque tax dodgers. A shining example in that line is the Albuquerque Fakir Journal. Figures will not lie.

We Will Bond You.

SANTA FE, NEW MEXICO.

According to the latest reports over 5,000 people have been killed in the recent fighting in the streets of Moscow between the imperial troops and the revolutionists. It is hard to tell whether this sort of business in the Russian empire at present is good fortune or bad fortune. It may be that the sins of the fathers are being visited upon the children, and why not? A people capable of slaughtering 25,000 helpless human beings, men, women and children as was done recently by them in Odessa, because those inoffensive human beings believed in a different religious creed than did the murderous assassins, need bloodletting and need death in order to teach them much needed lessons. After all, no sympathy should be wasted upon either side in Russia. They are both bad to the core.

"The tax dodgers, special interests, and office holders of the territories will, when the joint statehood fight is over, have a very acute appreciation of the Lincoln adage that you can't fool all the people all the time."—Albuquerque Fakir Journal.

The New Mexican hopes so. If there is a tax dodger in New Mexico it is the outfit that controls that Fakir Journal and the Non-Partisan Joint Statehood League gang in the Duke City; to be sure, some well known lawyer politicians in Santa Fe and other counties of the Territory are also among the chief offenders. The New Mexican has plenty of facts and will give them in due course of time.

The Socorro Chieftain

allowing well deserved Associate Justice upon his recent reposition which he well filled during the "The Chieftain's" congratulations to the Third Judicial District over Judge Parker's re-appointment. No re-appointment of a public official was ever better deserved or more gratifying to the people whose interests were concerned."

There is a great change for the better in politics in Socorro County. Many of the leading Democrats of the county have come over to the Republican ranks and will hereafter work for Republican principles, and vote for Republican party nominees. This means a great increase in the Republican Territorial majority. Mark the prediction.

The people of the Roswell land district are very well pleased with the re-appointment of Howard Leland to be register of the U. S. land office in Roswell. Mr. Leland has made an excellent record during his long term of service and this is appreciated by the many who had official business with him.

Preparations are being made in three or four of the towns in the Territory to start new banks. Another indication how the present territorial administration has hurt the people.

According to the best calculations Kansas has a per capita of \$80 of wealth within its borders. "Bleeding Kansas," is played out; it is rich Kansas now.

President Roosevelt is taking a rest this week and he is entitled to it. The country will not grudge it to him.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870.
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.
HENRY L. WALDO, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

AN EASY ROAD TO WEALTH,

Is by way of investments in growing new towns with conditions assuring permanent prosperity. Small investments of this kind have earned competencies within the memories of the present generation, and it is a wise man who profits by the experience of others. History will repeat itself at

WILLARD

THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 25 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy, enough having been done in this direction to demonstrate its future success, as fine an all around climate as there is in the world, with a pushing, energetic class of citizens, the kind that make empires, and two railroads one the new A. T. & S. F. short line to the Pacific. Willard has made a most phenomenal growth in the three months of its existence and the price of lots will soon advance. Better come now. HE WAS LONESOME.

But the Old Man in Blue Had a Cork Screw for His Comrade Johnny Reb.

Oh, there was an old soldier and he had a wooden leg,
He never had tobacco so he always had to beg.

—Civil War Camp Song.

He sat in a chair in the lobby of the Maie Christmas night and there was a lonesome far away look in his eyes as he peered out through the window into the deserted Plaza. He was old and bent and gray, and wore a ragged old coat of blue which told at least a little of his past. All who saw him knew he was lonesome and probably sitting there recalling other Christmas day memories when he was not left alone among strangers. He lighted a blackened old cob pipe and pulled his hat low over his eyes.

"Feel sorter sorry for the old feller," remarked a spectator. Thus the old soldier sat. The clock struck nine, when a second old man entered the lobby and pulled out a pipe. He tried to find tobacco but his pockets like the cupboard, of old Mother Hubbard, were bare. Then he saw the pathetic little old man in the chair before the window and smiled. He tiptoed up behind him and slapped him on his back.

"Merry Christmas, Comrade," he said, "can you lend me a pipe of tobacco?"

The little man rose and passed him a tobacco pouch. Then while the smoke curled upward, they sat and talked.

"I was in the — Massachusetts Infantry," said the pathetic little man with the blue coat.

"I was a member of the — Georgia Cavalry," said the other.

Then they shook hands again, and smoked to the peace and prosperity of the Union. At last the comrade from Georgia said:

"Yank, can you lend me a cork screw?"

And the Yank did.

A CERTAIN CURE FOR COUP.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz.: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's doings. It is a good paper to send to your friends.

The Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar. It expels all cold from the system by acting as a cathartic on the bowels. Kennedy's Laxative Honey and Tar is a certain, safe and harmless cure for colds, croup and whooping cough.

THE DOOR TO LONG LIVING.

The men of eighty-five and ninety years of age are not the round well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much or of some articles of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

GRIP QUICKLY KNOCKED OUT.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles, sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These Tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

PERSONAL MENTION

George Davis, a ranchman of Moriarty, is in the city on business.

Juan A. Ortiz, of Glorieta, is registered at the Normandie. He is here on business.

C. H. Spencer has returned from a business trip to El Paso and other southern points.

E. C. Abbott, district attorney, has returned from Albuquerque where he spent Christmas.

N. S. Rose, Estancia attorney and land agent, was in town today and attended to legal affairs.

Henry Dendahl is spending the holidays in this city. He has been attending college in Colorado.

Antonio Romero, Pojoaque farmer, visited friends in the Capital today. He bought ranch supplies.

Wallace Hesselden, Albuquerque contractor and builder, spent today in the Capital on business.

J. E. Gomez, a merchant of Dulce, arrived in the city yesterday to attend to land office business.

H. T. Robinson, a citizen of Phoenix, came to Santa Fe today on business and is a guest at the Claire.

Miss Sanders, of Racine, Wisconsin, is at the Sanitarium. She will probably remain here during the winter.

Joseph Prewitt, Farmington merchant and well known citizen of San Juan County, is in town on legal business.

Dr. T. B. Romero, of Albuquerque, is a guest at the Claire Hotel today. He is here on business connected with his profession.

Miss Grace Lyle, a teacher at Las Vegas, who arrived in this city last night, from Albuquerque, left today for her home.

Miss Ruth Laughlin has arrived from Colorado Springs where she is attending college and will remain until after the holidays.

Mr. and Mrs. E. Rudolph, of Las Vegas, are expected to arrive in this city today to spend the remainder of the holidays with friends.

J. A. Oswell, a railroad man employed by the Santa Fe Railway Company at Albuquerque, was a business visitor in the Capital City today.

J. M. Archuleta, merchant at Pagosa, Colorado, was registered at the Palace Hotel today. He was here on business. He was accompanied by his wife.

Colonel J. A. Wood, of Golden, manager of the Gold Bullion Mining Company of the Golden district, looked after company business in the Capital today.

H. W. Ballard, secretary and auditor of the Colorado Telephone Company, is in the city. This is his first trip here since the opening of the long distance lines.

A. M. Bergere, clerk of the District Court, and a well known insurance agent of this city, has gone to Albuquerque on business. He will be absent several days.

Encarnacion Gonzales, of Pecos, a well known ranchman, is in Santa Fe today and will remain here until the end of the week, visiting friends and purchasing supplies.

Frank Grylla, special agent of the general land office, left Friday for his home in Minneapolis, Minnesota, to spend Christmas with his family there. He is expected to return Monday, to resume his duties.

Miss Mignon Fisher, of Las Vegas, who has been in Albuquerque attending the sessions of the educational association, passed through Santa Fe yesterday, en route to her school. She registered at the Palace Hotel.

William H. Wise, a ranch owner in the Tesuque Valley, who has been spending the winter in California returned here several days ago and left yesterday to rejoin his family in Los Angeles. He will spend a day at Albuquerque on his way.

Professor J. R. Williams, principal of the high school who is in Albuquerque, where he read a paper on Examinations before the Educational Association today, is expected home tomorrow. He will then join several young men in a hunt.

Little Ruth Green, of Albuquerque, who has been visiting her aunt, Mrs. May Green, of 181 Palace Avenue, returned home yesterday. The girl is only 12 years old, but possesses a voice which will undoubtedly bring her fame and fortune if properly cultivated. She sang for a party of friends and relatives Christmas eve.

C. L. Haberlein, L. R. Williams and R. F. Stevenson will leave tomorrow for a horse back ride and hunt covering about 100 miles. They expect to be absent for a week, if they do not get frost bitten. The party is still looking for a dog which will come up to the specifications printed in this paper last week. Marshal Richard Gorman will give them a choice of several hundred.

Antonio Salazar arrived in the city yesterday from Pinos Wells to visit relatives. Mr. Salazar states that it has been very cold in his section of Torrance County and that the snow there is already over two feet deep. Despite the cold weather, sheep are in good condition and no losses have as yet been reported. The great fall of snow this winter in that section augurs well for a good range and plenty of water for the coming spring.

Miss Fannie White, of 1319 South Fifteenth Street, one of the popular young society women of Denver and a member of one of the prominent families of New York, also a great-grand-

daughter of the famous Bishop White, the first Episcopal bishop who came west of the Missouri River, leaves shortly for an extended trip to California. She will be accompanied by her sister Mrs. Josephine Der Chemin. Miss White is a beautiful young woman whose social attainments and accomplishments have made her quite a belle in the city.—Denver Post.

CHRISTMAS EDITIONS OF TERRITORIAL PAPERS.

A number of attractive Christmas editions of papers published in the territories have been received. Among the latest are the editions of the San Juan Index, Douglas Daily Dispatch, and Morenci Leader. All of these editions have colored front and back pages and are full of good news and reading matter. The merchants of the respective towns have shown their appreciation of the enterprise illustrated by advertising liberally.

IT'S ALL THE GO.

Wife.—This is a nice hour to come home to supper.

Hubby.—Well, I'll tell you, my dear. I stopped with a crowd of gentlemen to eat one of those famous Spanish suppers that are so popular and only to be had at the Bon Ton, where they have had years of experience and know how to touch the right spot. I will take you there tomorrow.

Wife.—That will be just grand, and a royal treat.

IT MAKES A DIFFERENCE Where You Trade.

He—(Very angry)—I told you to get a supply of those Navajo Blankets and some of that fine Indian pottery before the prices went up. I just read an article stating that both blankets and pottery were getting very scarce and now we have lost our chance.

She—(recovering)—Don't get alarmed, Mr. Candelario of the

OLD CURIO STORE

301 San Francisco Street, Santa Fe. told me that he had prepared for the emergency by laying in a large stock, which he can dispose of at the old prices. Mr. Candelario understands the curio business thoroughly and can get the goods where other dealers fail.

MINOR CITY TOPICS

Mrs. Aniceto Abeyta is very sick at her home on the south side.

The Gerdes Cash Store tells of good foot apparel in this issue.

J. S. Candelario is distributing the New Year's souvenir this week.

Try Mr. Johnson at the Hanna Meat Market on fancy cuts of beef. He will please you.

The game of five hundred is unusually popular in the city. There are several parties that play the game nightly.

Santa Fe Lodge No. 2, I. O. O. F., will meet in regular session this evening at 7:30 o'clock at its hall on San Francisco Street.

A young man who spent Christmas in Albuquerque, has returned to his home in this city wearing "the smile that won't come off."

J. S. Candelario, the curio dealer, has just received a large coyote hide from Tesuque. The coyote was killed while trying to enter a chicken coop, of a Tesuque farmer.

Tourists and traveling men have commented on the fact that the hacks in Santa Fe and the horses used with them, are far above the average seen in other places.

The Elks have arranged to start the grand march of their ball promptly at 9 o'clock Monday night. Morrison's orchestra will furnish the music and refreshments will be served.

The young man who remarked to a Palace Avenue girl that he didn't have to go hunting because there were so many little dears in Santa Fe, got his ears boxed, and justly so, too.

From all indications, the society young man who hung his head out of a second story window last night, and tried to sing "Silvery Waves," in a falsetto voice, must have been very sea sick.

Among the visitors from the Tesuque Pueblo yesterday were: Elias Suazo, Calavoza Verde, Saracino Pinto, Benigno Coriz and Julio Herrera. They called upon friends and bought supplies before returning.

The Star eleven and the second team of Indians from the U. S. Indian Industrial School, will play a second game on the high school grid iron, New Year's afternoon at 2 o'clock. The last game, played on Christmas

day resulted in a score of 17 to 9 in favor of the red men. The Star boys say they will reverse the score and a lively scrimmage is expected.

The Santa Fe young man who occupied a box at the opera house during a recent show, and who took with him a sample case of Fairy Soap, attracted considerable attention. However, he might justly feel proud.

The small boy is in evidence this week as a result of the Christmas vacation. Skating is fine, and wherever there is a bit of ice, the school boys are to be found in droves. A number of them are spending the time in hunting but thus far no bears have been brought in.

The forecast for today is fair weather tonight and Friday with colder weather in the southeast portion. The thermometer at 6 this morning registered 16 degrees. The maximum temperature yesterday was 28 at 12:40 p. m. and the minimum was 13 at midnight. The mean for the day was 20 degrees. The relative humidity was 66 per cent.

Yesterday afternoon at the matinee several elderly people who arrived too late to get good seats, helped themselves to what vacant chairs they could find and proudly walked up to the front and sat with the orchestra, preventing several children from witnessing the play. The manager of the opera house should have some one at these matinees to see that this does not happen again.

The young men who with two Palace Avenue girls arrived so late at the show the other night that they were forced to stand in the aisle until after the first act, explain that it was not their fault. They say that they called for the young ladies at 7 o'clock but were kept waiting while two coils of hair were being arranged before an upstairs mirror until after 8 o'clock. It is now up to the girls.

"A Wife for a Wife" was the starting title of the show presented by the McDonald Stock Company at the opera house last night. There was a fair sized audience and the members of the company received the customary amount of applause. The play was ably presented and was none the inferior of the other plays presented by this company since the opening night. Yesterday afternoon, the company played to an appreciative matinee audience.

The following have secured marriage licenses from the probate clerk at the court house: Miss Perfecta Ja-

ramilla, age 18 years, and Jose Rafael Martinez, age 25 years, both of Chihuahua; Miss Berena Aragon, age 20 years, San Jose de Chama, and Agapito Garcia, age 44 years, Angustura; Miss Isidora Valila, age 18 years, Chama, and Jesus Padilla, age 35 years, Las Cruces; Miss Juanita Romero, age 17 years, and Eulogio Belasquez, age 21 years, both of Galisteo.

At a special communication of Montezuma Lodge No. 1, A. F. & A. Masons, held last night, the following officers were installed for the ensuing year: H. F. Stevens, W. Master; R. H. Hanna, Senior Warden; N. L. King, Junior Warden; A. C. Ireland, Treasurer; A. R. McCord, Secretary; Dr. J. A. Massie, Senior Deacon; W. C. Schaeppel, Junior Deacon; P. F. Knight, Senior Steward; Samuel W. Marshall, Junior Steward; Fritz Muller, Tyler. Past Master A. F. Spiegelberg was the installing officer.

Linemen fifteen miles out of this city toward Albuquerque, are waiting patiently for more wire. The men are employees of the Colorado Telephone Company, and are at work installing the long distance connection between this city and Albuquerque. They moved camp several days ago but were unable to proceed with their work until the arrival of supplies. It is expected that the long distance line will be in good working order by the last of January, although the wire will be in place much sooner.

From December 21st to December 27th, sixteen homestead and one desert land entry, all located in the Es-tancia Valley have been made in the local U. S. land office by farmers from Iowa, who have inspected the lands and will make their permanent homes there. Each entry is for 160 acres. These men have gone to Iowa and will bring their families, live stock and household utensils on their return and will then take actual possession of their claims, construct houses and commence farming operations. Each homestead settler is allowed ninety days from the date of his entry, with which to make actual occupation and settlement upon the tract he has entered.

The following remembered the Sisters of Charity who are in charge of St. Vincent's Sanitarium, with handsome Christmas donations which will be used to pay the expenses of the institution: Most Reverend Archbishop Peter Bourgade, Right Reverend Bishop J. B. Pitaval, Father Derasches, Dr. J. A. Massie, Cartwright-Davis Company, Frank Owen, H. S. Kaune & Company, Kinsell's Meat Market, Charles Wagner, A. Staab, Abe Spiegelberg, Fischer Drug Company, J. H. Gerdes, Santa Fe Meat and Livestock Company, Nathan Salmon, Benjamin M. Read, M. Gormley, John H. Hamilton, Jack Donovan, Mrs. Francis Padlock, W. O. Pinkbush, Miss Clara Olsen and Mrs. Warren J. Schaff.

Read This Remarkable Testimonial.

MRS. B. W. EVANS, Clearwater, Kas., writes:—"My husband was sick for three months and the doctors told me he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. He is now a well man, but we always keep a bottle in the house, and think it has no equal for pulmonary diseases."

NEW MEXICO HAPPENINGS

This season's hay and apple crop in the vicinity of Pichaco, Lincoln County, is the largest on record in that section.

The people of Socorro showed their appreciation of the re-appointment of Judge F. W. Parker by a reception and ball last week.

The Loretto Bazar at Las Cruces, last week, was a very profitable and enjoyable event. The proceeds will be used to improve the academy buildings.

George B. Anderson and H. H. Brook, have been in Silver City for the past week, securing data for a history of New Mexico which will be published shortly.

The copper deposits near Gallup are to be investigated soon with a view to working them. Copper mining is destined to become a great industry in McKinley County.

C. L. Talmage and E. R. Talmage have bought of W. E. Washington, about 5,000 acres of land in the vicinity of Lake Arthur, Eddy County. The price paid is private.

The people of Gallup are now suffering from a water famine, not being able to buy any water from the railway company and the town well being dry. It is feared that the well cistern leaks.

During a fight in a saloon in Raton last week, W. L. Kelly was shot and fatally wounded by Charles Carter. Carter gave himself up to the police, and claims that he shot Kelly in self defense.

Robert R. Metcalf, formerly of Silver City, and well known throughout the Territory, passed away at Lexington, Kentucky, on December 4th. He was one of the founders of the town of Silver City.

Several farmers in the vicinity of Bear Canon, Lincoln County, have been forced to abandon their farms, because they had never filed on the same and because of the creation of the new forest reserve by the government.

Bisbee and Douglas, Arizona, are now suffering from a coal famine, being unable to get any coal from the Gallup coal mines. Coal sells there at \$12 a ton, but on account of trouble with the railroads, people are unable to get any.

Twenty-six placer claims were filed in the county recorder's office at Roswell last week by William F. In the Roswell County recorder's office one day last week by William F. Greenwood, who is the agent of nine other parties. The discovery of oil indications by Lucius Dills, led to the staking out of the claims.

The annual session of the New Mexico Educational Association began Tuesday last in Albuquerque and will continue for about a week. The sessions are very interesting and demonstrate the value of the meetings of the students and teachers of New Mexico.

Allen D. Bell, who is employed by the Las Vegas Power Company near Las Vegas, nearly froze to death in the canon last Saturday night. He had started to walk to his home, about eight miles distant when he became bewildered and wandered around all night. He will recover.

The New Mexican aims to please the best element in the community. It is always bright and it is always clean.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily: when unhealthy, some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorder of the eye-sight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc.; but if you keep the filters right you will have no trouble with your kidneys.

Locario Lopez, of Alto St., says: "When a man has had attacks of backache for ten years, some of them so violent that he could not walk, could not sleep at night and could not even lie comfortably down on account of his back for at least 5 years of that period, he knows something about what chronic backache really is. As might be expected when my kidneys were not performing their functions properly, trouble with kidney secretions existed particularly observable at night. I consistently and persistently tried remedies guaranteed to cure kidney complaint, before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with indifferent success. Doan's Kidney Pills acted directly on my kidneys and in a very short space of time the backache and trouble with kidney secretions ceased."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TALES OF TAMAGNO.

Some of the Great Singer's Peculiarities in Money Matters.

Despite the fabulous sums Tamagno received the great singer had a reputation for extreme parsimony. When staying in Moscow he noticed that the waiters in the hotel furnished him daily with fresh candles, although the old ones had been barely used. This vexed him, and, seeing that remonstrances were of no avail—the candles, he learned, formed a waiter's perquisite—he began to collect the candles himself. On leaving the hotel he gathered up the whole collection and distributed them among the waiters when they lined up to receive their tips.

Tamagno's one interest off the stage was his only daughter and her children. It was for her that he hoarded his wealth, which he appears to have feared might slip away. With his daughter near him, however, he kept open house at his villa in Varese, near Milan. Once, in St. Petersburg, he disputed a fee of 3 francs for the forwarding of a telegram, but on hearing that his daughter was ill he left St. Petersburg and 40,000 rubles (\$20,400) to hurry to Milan.

In a Berlin hotel, after appearing in "The Prophet," for which he received \$1,250, he ordered for his supper two poached eggs and a bottle of mineral water. Eventually he drew from one of his pockets a bottle of wine, some of which he poured into the mineral water. It was a bottle which he had contrived to secrete at a banquet given in his honor two days before in Prague.

SUPERSTITION AND GEMS.

Some Points About the Topaz, the Ruby and the Opal.

A Maiden lane jeweler speaking of the trade in jewels said the other day that superstition with reference to them had a serious effect upon the trade. Some people will not buy or wear topaz unless they were born in November, and others cannot be induced to buy rubies unless they were born in July. It doesn't concern many people about rubies, because their price is too high for most persons to wear them. There are not two hundred good rubies of any size worth speaking of in New York, but the topaz is abundant and is not dear.

Then there is the superstitious objection to opals, which are regarded as unlucky all the year around and have no saving natal month to lift their opprobrium. They do not need the superstition to make them objectionable, however, because while they are very beautiful they are also very fragile and should be very cheap. Out in Australia you can go out with a pick and dig a wheelbarrow load in an hour. The cutting and polishing give them some value, but it is something like that bestowed upon cut glass. Still they rank as jewels, and when they are sold it is for a price. If, however, you want to find their value offer one to your jeweler either for a cash sum or in exchange. You will then learn what they are intrinsically worth—or something near it.—New York Press.

Origin of "So Long."

"You have perhaps wondered how the expression 'so long' came to be so generally used by the American people," said a Columbia college lecturer the other day. "It is usually used in closing a conversation and is simply a form of 'goodbye.' The Norwegians brought it to this country. In that Land of the Midnight Sun 'saa laenge' is a common form of farewell. It means the same as the 'au wiedersehen' of the German or the 'au revoir' of the French. Among the early settlers in America were many Norwegians, and the phrase was picked up from them. They pronounce it with the g softened and accompany it by a wave of the hand."

What is an Edition?

What is an edition? Does it consist

of 1,000 volumes or of 500 or 50 or 5? The word is not a technical term like "gross" or "dozen" or any like expression bearing a fixed numerical significance, and there is of course no reason why it should not mean anything from the lowest to the highest of these numbers, according to the taste and fancy, or it may be the tactics of the particular publisher who employs it. We know what is meant when we read that a new novel is "in its twentieth thousand," whereas the statement that it is "in its forty-fifth edition" conveys to us simply no information at all.—London Tatler.

A Use For the Tires.

An automobilist traveling through Castile, in Spain, came out of an inn one day to find his automobile surrounded by the population of the whole village, who were gazing at it with much interest and examining the back wheels, out of which large lumps had just been cut. The damage had been caused by the mother of a large family, who artlessly confessed that, seeing so much rubber on the wheels, she had cut a few pieces out to make toys for her children.

Now Look Out!

Now look out for watch troubles! The first touch of cold weather is apt to harden the oil—that strains the mainspring and affects the motion. It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order, we'll let it alone; if it needs repairing, we'll do it thoroughly, at a moderate price.

Few watches are cleaned and oiled as they ought to be—once a year. People usually wait until something breaks. The other way is cheapest in the end and saves the watch.

ANOTHER COLONY.

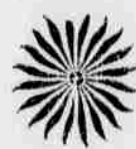

Rio Arriba Citizens Investigating Resources of Estancia Valley Public Lands.

C. E. Belden and R. W. Davidson, well known citizens of Hopewell, Rio Arriba County, purchased tickets over the Santa Fe Central Railway this morning, for Estancia, where they will investigate the resources of the valley with regard to its adaptability for farming.

These men represent several citizens of the Hopewell Mining District, who have asked them to report upon the prospects in the valley with a view to forming a settlement there. A number of people are planning to take up public lands in this valley as soon as possible.

**FIRE IN EPISCOPAL
CHURCH IN DUKE CITY.**

Yesterday morning a fire broke out in Guild Hall of the Episcopal Church in Albuquerque. The firemen turned out promptly and the blaze was extinguished. It is not known exactly how the fire started, but it is thought that plumbers, while thawing out pipes set fire to the wood work. The damage is fully covered by insurance.
