## FORAKER INSISTS ON AMENDMENT

**Says the Territories  
Must Have Right  
to Vote on**

## ADMISSION TO THE UNION

**Railroad Rate Legislation  
Taken Up by Kansan--  
Irrigation Work.**

Special to the New Mexican.  
Washington, D. C., Jan. 31.—Strenuous efforts on the part of the joint statehood advocates in the Senate continue to make the Hamilton bill the unfinished business of the Senate and a vote upon that proposition may be taken the end of this week. U. S. Senator Foraker still insists that, unless his amendment to the Hamilton bill, granting Arizona the right to hold a separate election on the adoption of the constitution is passed, the Hamilton bill cannot become law.

**Bill Identical.**  
Special to the New Mexican.

Washington, D. C., Jan. 31.—Senator Spooner has introduced a bill identical with the one introduced in the House by Delegate Mark A. Smith, which has for its object the election of judges and clerks of courts in Arizona and to replace the present system of appointments. Senator Flint has introduced a bill providing for the regulation of entries of land on rejected Spanish or Mexican land grants, and providing that all such entries should be subject to the rights of railroads that have received land grants from the United States.

**Pushing Irrigation Work.**  
Special to the New Mexican.

Washington, D. C., Jan. 31.—Delegate Andrews, G. A. Richardson and other citizens of Roswell are pressing the Secretary of the Interior and urging the speedy commencement of work on the Pecos Valley Irrigation system in Eddy County. The report of the law division of the department upon the question is expected daily and as soon as submitted action by the Secretary of the Interior will be taken.

**Railroad Regulation.**

Washington, D. C., Jan. 31.—In the House today the discussion on the railroad rate measure was opened by Campbell of Kansas.

With the avowed intention of reaching the Standard Oil Company, Campbell offered an amendment which he will press later, emphasizing the placing of all the private car and transportation facilities under the regulation of the interstate commerce commission. He quoted from the testimony of railroad officials showing that the beef packers practically make their own rates; the Standard Oil Company had dictated in the same manner; and that poultry, fruit and dairy products were subject to the same control.

Reverting to Standard Oil, Campbell declared:

"But yesterday they issued a decree to the attorney general and governor of Missouri, that further prosecution of the suit now pending in the court against them must be stopped or they will destroy the value of billions and billions of property within the state of Kansas and Indian Territory."

**Reconsider Vote.**

On the motion of Senator Gallinger, the Senate today decided to reconsider the vote by which the bill authorizing the placing of models of naval vessels in the state capitols was passed. The motion was antagonized by Hepburn.

**Nominations.**

The President today sent the following nominations to the Senate: Third secretary of the embassy to Great Britain, U. Grant Smith, of Pennsylvania. Consul General to Hong Kong, China, Amos P. Wilder, of Wisconsin.

## INCREASE IN WAGES.

**President Mitchell Says Will Be  
Granted or No Agreement Will  
Be Reached.**

Indianapolis, Ind., Jan. 31.—John Mitchell, president of the United Mine Workers, when addressing the joint committee of the central competitive district today said "there must be an increase in wages or there will be no agreement."

## PANIC.

**Earthquake Shocks Frighten People in  
Ecuador By Their Frequent  
Occurrences.**

Guyaquil, Ecuador, Jan. 31.—Following an earthquake shock felt here at 10 p. m. Sunday, a heavy long shock was experienced at 9 a. m. today. At 10:15 there was another heavy shock which is causing great panic.

## MARRIAGE ANNOUNCED.

**New York Papers Say That Wife of  
Late Traction Magnate Has  
Wedded Californian.**

New York, Jan. 31.—Several newspapers announce today the marriage of Mrs. Charles T. Yerkes, widow of the late traction capitalist, to Wilson Mizner of San Francisco. No confirmation was obtainable from Mrs. Yerkes or Mizner, but the latter would not deny that the marriage had taken place.

**Denies Report.**

Chicago, Jan. 31.—Charles E. Yerkes, today declared that the report of the marriage of the latter's widow is absolutely untrue.

**Known Here.**

The name of Wilson Mizner, mentioned in the above dispatches is well known to at least two people in Santa Fe who knew him in St. Louis. The man known by them is of good family and a fine looking fellow but known as a great traveler and adventurer. He has spent years in foreign countries, although still a young man, and for long periods his friends had no trace of him. He has been reported engaged several times to heiresses. Whether this is the same man or not is not known.

San Francisco, Calif., Jan. 31.—A special dispatch received here says that Wilson Mizner this morning positively confirmed the report of his marriage to Mrs. Yerkes. Mizner is 29 years old and has been extensively engaged in mining in California. He is a son of the late Lansing B. Mizner, former minister to Mexico and Guatemala.

## "BASTANTE DINERO."

**Claims Made That Estate of Charles  
Lockhart is Worth \$180,  
000,000.**

Pittsburg, Pa., Jan. 31.—The managers of the estate of the late Charles Lockhart have filed their report with the board of taxable personal property in Allegheny County. It amounts to \$10,000,000.

The board is unwilling to accept this figure and has asked a recount, the ground being taken that the personal property here was worth at least \$50,000,000.

The board claims to have figures showing that the entire estate of Lockhart was worth not less than \$180,000,000 and that he was one of the richest men in the country.

## BIG FIRE.

**Senator Clark's Reduction Works at  
Butte Are Food for the  
Flames.**

Butte, Mont., Jan. 31.—Fire from an unknown origin partially destroyed Senator W. A. Clark's Butte reduction works early this morning.

The fire broke out at midnight and it was 2:45 o'clock before the firemen got it under control, saving the engine house and valuable machinery. The concentrator building and the large elevator used for conveying the concentrates were destroyed.

The loss is half a million. The plant will be rebuilt at once.

## WOLF HUNTER LANDS GOOD OKLAHOMA JOB.

Lawton, Okla., Jan. 31.—Deputy United States Marshal John Abernathy, of Frederick, Oklahoma, will be appointed United States marshal of Oklahoma. Abernathy is unknown in Oklahoma politics, and had no acquaintances until he was discovered last spring by President Roosevelt. Abernathy was master of the hunt, and distinguished himself by seizing a wolf by the lower jaw with his hands and capturing it alive.

## BOY DIES FROM INJURIES RECEIVED BY WAGON.

Santiago Perea, a native boy, eleven years of age, was run over by a heavy freight wagon in Silver City last Saturday, and died a few hours later from the results of the injuries he received. The exact manner in which the boy was injured is not known and never will be, as no one saw the accident and as the driver did not know of it until a few hours after it happened.

It is thought that the boy in trying to climb on the wagon, slipped and fell under the wheels. No inquest was held as the circumstances did not warrant such action.

## WAS TREMENTINA FIRE TO COVER GREAT CRIME?

Sheriff Cleofes Romero has returned from Trementina where he went out of curiosity, to find out whether the fire there recently, which burned an entire family was of incendiary origin. He came to the conclusion that it was, as an eye witness stated, that the flames started in the front of the building and that it was fully thirty minutes before the fire took hold of the rear part in which the inmates were. It is thought that the members of the family were murdered and then the building was fired to hide the crime.

## REVOLUTIONISTS STILL WORKING

**Bombs and Other  
Materials Are  
Found Daily**

## BY GOVERNMENT OFFICIALS

**Occurrences Are so Common  
That Often Not Even Men-  
tioned in Press.**

St. Petersburg, Jan. 31.—The government is finding ample justification for its severe policy against the revolutionists in the constant discoveries of bombs, bomb factories and depots of arms and munitions in all parts of the empire, which are now so commonplace that such matters scarcely obtain individual mention in the papers.

**To Remove Viceroy.**

Tiflis, Jan. 31.—The assassination of General Griaznov, who was killed by the explosion of a bomb thrown at him on January 29, by a man disguised as a painter, has brought to a head the discontent among the faction of the military which regards with disfavor the policy of the viceroy of the Caucasus in the war between the Tartars and the Armenians.

The two races, it is said, will appeal directly to St. Petersburg for the removal of Viceroy Von Verontzoff-Dashkoff.

It is established that the murderer of Griaznov, who has not recovered consciousness from the terrible beating given by the soldiers who arrested him, is a student, and a member of the fighting organization of social revolutionists, who was selected to carry out the sentence of death imposed on Griaznov in retaliation for his ruthless repression of the revolution.

## Russian Soldiers Escape.

Berlin, Jan. 31.—Herr E. Ballin, director of the Hamburg-American line announced this afternoon that the German steamer *Slavis* of that line, which left Vladivostok Monday with a large number of Russian troops who were to return home, struck a mine and had to return in a sinking condition to Vladivostok, where she was run ashore to prevent her becoming a total loss.

With the exception of a cook, no lives are mentioned as having been lost.

## GOES SOUTH.

**Senator David B. Hill Ordered at  
Once to Carolina By His  
Physicians.**

New York, Jan. 31.—Senator David B. Hill, who has been ordered south by his physicians for a prolonged rest, stopped in New York last night and will go to Camden, South Carolina. He said that he would remain in a milder climate at least until April 1st.

## FIELD'S WILL.

**Executors State That Property in Illi-  
nois Amounts to \$75,  
000,000.**

Chicago, Ill., Jan. 31.—The executors of the estate of Marshall Field, filed their petition in the probate court today. It places the value of the estate in Illinois at \$75,000,000 of which \$50,000,000 is in personal property.

## ANOTHER AUTOMOBILE LINE IS STARTED.

E. C. Sperry has an automobile line running regularly between Raton and Dawson.

This makes pleasure of the heretofore long trip round about to Dawson by rail. Mr. Sperry recently took five passengers and a lot of luggage to Dawson in an incredibly short space of time. Some of his passengers had made the trip both by wagon and by rail and were delighted with the new way of making the trip.

Mr. and Mrs. J. B. Dawson went over a short time ago in Mr. Sperry's Reo car in one hour and forty-five minutes and the return trip in two hours.—Raton Range.

## NO CHINAMEN ARE IN THIS CITY NOW.

Santa Fe has not a single Chinaman in its limits. Just at this season of the year the Orientals have their new year and celebrate by feasting, fire works, forgiving enemies and paying debts. In making an effort to find such a celebration the absence of the yellow men was noted.

It is safe to say that few cities of this size in the United States, and especially in the west, are without a Chinese inhabitant.

## LIVE STOCK MEN'S SECOND MEETING

**Takes Place in the  
Queen City of the  
Plains.**

## OVER \$10,000 ARE RAISED

**In Short Time for Legislative  
Work--New Mexicans  
on Committee.**

Denver, Colo., Jan. 31.—With the merger of the two rival national stock associations accomplished, the convention of stockmen resumed its sessions today and prepared to open its campaign for federal legislation for regulation of railroad rates and the development of foreign trade.

An agreement on the question of the forest reserve grazing tax has practically been reached at the conferences between Chief Forester Gifford Pinchot and the stockmen.

At the opening of the morning session of the convention, President Murdoch MacKenzie announced his committee appointments.

J. M. John, of Trinidad, Colorado, spoke on the "Possibilities of Organization" and W. A. Harris, of Chicago, on "The Extension of the Foreign Markets for Meat Products."

## Money Raised.

John W. Springer made an appeal for a fund of \$10,000 for the expense of sending a committee to Washington to advocate legislation favorable to the live stock interests. He suggested that the fund should be subscribed in fifteen minutes and at the end of that period the subscriptions amounted to \$10,425.

Frank J. Hagenbarth, former president of the National Live Stock Association, was elected vice president of the American National Live Stock Association, the new organization, by acclamation.

President MacKenzie then announced his executive committee. The convention voted to rescind the appointment of a resolution committee and to refer resolutions to the executive.

## Executive Committee.

The executive committee includes: J. A. Vickers and E. G. Gasney, of Arizona; E. M. Ammons, J. C. Johnson and A. E. De Riegles, of Colorado; C. M. O'Donnell, Charles Schleier, W. H. Jack, of New Mexico. Richard Walsh, W. W. Turner, Captain John T. Lytle, of Texas, and Ora Haley of Wyoming.

The convention then adjourned until tomorrow.

## GEOLOGICAL SURVEY.

**J. F. Warner and Assistants Return  
From Work Done in Roswell  
District.**

J. F. Warner, of the U. S. Geological Survey, and two assistants are registered at the Palace Hotel, having just returned from Roswell where they did survey work for two weeks. When seen by a New Mexican reporter, Mr. Warner said:

"There is little of interest in my trip to Roswell, as the work done by our party was in the nature of routine. I was surprised, however, to see the way in which the country down there is settling. Homesteaders are coming through the Pecos Valley in parties ranging from 25 to 60 men, all of whom are seeking locations. The land in that valley is being rapidly filed upon and much of it is already fenced in. Some of those settlers are even taking homesteads on tracts where as yet no water suitable for irrigation purposes has been found. These people, however, appear to have confidence in the future of the country and most of them are going to establish homes there."

"During my visit in the valley, the climate was mild and spring like. The snow has all disappeared and the roads are in good condition. I visited one of the ranches of the Diamond A. Cattle Company, while down that way, and found that they had drilled a well 600 feet deep through lime stone and had secured an apparently inexhaustible supply of water. This water was pumped by a twelve horse power engine and the ranch foreman said that 4,000 head of range cattle were being watered from this one well. I found at other ranches that similar wells had been drilled, although the number of cattle was smaller."

Mr. Warner and party will leave Friday for Bernalillo to do survey work on the Tejon land grant. Mr. Warner said that he had spent about five years in the west and enjoyed living in the "Sunshine Territory" greatly.

All classes of blanks are kept on hand at the offices of the New Mexican Printing Company.

## REMEMBERS CALHOUN.

**Old Resident Knew Governor Who  
Now Lies in Pauper's Grave  
in Missouri.**

Charles L. Thayer, of this city, is one of a large number of the people who were interested in the article published yesterday in regard to former Governor Calhoun being buried in a pauper's grave at Kansas City. Mr. Thayer remembers well Governor Calhoun and his death and the large funeral that was given him here. He had never heard that the body was buried in Missouri and was surprised to hear of the final resting place of the remains.

He was a room mate of Governor Calhoun's secretary, a Mr. Collins, and as a consequence was well informed on all that transpired.

He states that during the administration of Governor Calhoun there were numerous troubles with the Indians. The first regular mail route by stage to the east was started just before he took office. Soon afterward one of the stages with eleven passengers was attacked by the Apaches near Wagon Mound. A running fight for seven miles was kept up when a band of Utes joined the other Indians and all passengers and the driver were killed. The Indian chief soon came to Santa Fe for a conference with Governor Calhoun and said that twenty-eight Indians had been killed in the fight.

Shortly after this a merchant by the name of White who had been east to purchase goods, returned with his wife and two servants. Near Wagon Mound the party was attacked and all killed, excepting Mrs. White who was captured. When a rescue party was sent, the Indians killed her by cleaving her head with a tomahawk in sight of the Americans.

These are only incidents of a number of others at that time. During those days much interest centered about the Exchange Hotel, which was run by Thomas F. Bowler, who also had large mail contracts. This hotel was the end of the famous Santa Fe trail.

Mr. Thayer is a native of Boston and although in his eighty-third year is hale and hearty. He is well versed in the Territory's history, having come here in 1849. He has known every Governor of New Mexico since that time, save Governor Hagerman, whom he has not yet met.

## COLONEL BALLARD NOW

**Well Known Roswell ex-Rough Rider,  
Appointed Aide de Camp on  
Governor's Staff.**

Charles L. Ballard, of Roswell, ex-Lieutenant of Rough Riders, has been appointed a member of Governor Herbert J. Hagerman's staff as aide-de-camp with the rank of colonel. The appointment was made yesterday afternoon, and the commission will be issued at once to date from January 22, 1906. Three others were re-appointed, leaving four regular members of the staff yet to be selected. Those re-appointed are:

Major W. H. H. Llewellyn, of Las Cruces, judge advocate general; Dr. W. R. Tipton, of Las Vegas, surgeon general, and Col. James W. Willson, of Roswell, aide-de-camp with rank of colonel. These commissions will also date from January 22, 1906.

## DOMESTIC PEACE

**For W. F. Wickel and Wife of Durango, Colorado--Hamor at Liberty.**

The dove of peace, sweet peace, has descended with snowy wings and once more rests secure over the home and household of W. F. Wickel, cigar maker of Durango, Colorado, who arrived here Monday night in pursuit of Marie Snyder, whom he says is his wife. Roy Hamor, with whom the woman came to Santa Fe, is also included in the general amnesty and yesterday was allowed his liberty. Mr. Wickel was loath to talk of the affair.

"It's only a little dispute between myself and my wife," he said, "and I haven't anything to tell. I'm attending to some personal business here today and do not know just when I shall leave. When I go home, however, my wife will go with me." Wickel and his wife are stopping at the Coronado Hotel.

## INDIANS ARRESTED FOR VIOLATING GAME LAWS.

Deputy Sheriff Hovey of Sandoval County yesterday left Albuquerque for Bernalillo with four Indians who had been arrested for violations of the territorial game laws. The Indians were arrested by order of Game Warden Page B. Otero, were tried in justice of the peace court and were sentenced to sixty days each in the county jail at Bernalillo. When first arrested, the Indians were confined in the Albuquerque jail.

## MANY NEW BUILD- INGS GOING UP

**All Sections of City  
Recording Good  
Growth.**

## UNUSUAL ACTIVITY SHOWN

**Improvements and Additions  
Are Also Noticeable--  
Others Contemplated.**

Although there is not a citizen of Santa Fe who is not aware of the fact that an unusual amount of building is going on, few realize really how many improvements are under way.

Among the buildings on which work is being done or recently completed, are: The handsome new Laughlin building on corner San Francisco and Don Gaspar Streets.

The Salmon building, opposite the Laughlin building, on San Francisco Street.

New high school building on corner Lincoln and Federal Streets.

New residence of Leo Hersch on Washington Street, opposite Palace Hotel.

New residence of C. O. Luckenbach on Fort Marcy Addition facing Marcy Street.

New residence of Percy F. Knight, on Palace Avenue.

New residence being built by C. O. Luckenbach on Palace Avenue.

New residence of Evaristo Lucero, opposite Capitol building.

**Much Work.**

New addition of operating room to residence of Dr. J. M. Diaz.

New residence of E. F. Witman on Grant Avenue.

New residence of Professor J. A. Wood on Marcy Street above Palace Hotel.

Residence of Ricardo Alarid, opposite Capitol.

Addition to rooms in the Claire Hotel.

Addition to rooms in Coronado Hotel.

Remodeling of parts of the Palace Hotel.

Addition to Closson Livery Stable.

Numerous addition or changes to buildings and residences.

New Parson's Barber Shop.

Residence of Mr. Dorman.

Addition to residence of Father Fourche.

Addition to the Sanitarium.

New room at Second Ward School.

New residence next to the residence occupied by Attorney A. B. Renahan.

New residence near Grant and Palace Avenue corner.

**Those Contemplated.**

In addition a number of improvements are contemplated. Among these are:

Improvements to Governor Hagerman's residence.

New opera house by Elks.

Enlargement of plant by Water and Light Company.

J. G. Schumann, residence on Fort Marcy Addition.

A. P. Hill residence.

W. E. Schneppe residence.

New county jail.

There are possibly other improvements that have been overlooked.

It has also been noticeable that there have been quite a large number of real estate transfers that will mean much to the city as many of the pieces of property will be improved.

## RODE TOO FAST.

**Genaro Hoby, 15 Years Old, Fined  
Five Dollars for Exceeding Speed  
Limit.**

Persons of the down town streets shortly after 5 o'clock yesterday afternoon saw an exciting chase between Officer Camilo Martinez and Genaro Hoby, a boy about 15 years old. Hoby was mounted on a pony and the officer rode a bicycle. According to the officer's story, Hoby had been racing his pony recklessly about the streets, narrowly avoiding injury to pedestrians. The officer made an effort to arrest the boy when he set spurs to his horse and fled. The chase lasted for about 15 minutes and terminated when the officer's hand found a firm grip on the boy. The policeman led both horse and his bicycle while the boy rode the horse, from the Federal building where the arrest took place, to the county jail. Hoby was arraigned before Justice of the Peace Jose Ma. Garcia and fined the customary \$5 and costs. In default of finance, he was placed in the awkward squad of the street cleaning department and today assisted in cleaning the city. Chief of Police Richard Gorman said that hereafter those who violated the speed limit would be promptly arrested and incarcerated in the local bastille.

GOVERNMENT CONTROL OF THE RANGE.

The trend of public events indicates clearly that supervision and control of stock grazing on the public lands in the arid states and territories specially, is coming and that rapidly. The cattle raisers and sheep growers of New Mexico, may or may not like this. Nevertheless, they may make up their minds that within a year or two, the United States will charge a fee for the grazing of stock upon the public domain and will regulate the number so grazing. The Denver Republican is evidently well posted in this direction and gives its opinion in a recent editorial upon the question which should be heeded by the stockmen. The Republican says that the attitude of the federal government is not one of hostility to the live stock industry in respect to the use of forest ranges. Mr. Pinchot, chief of the forestry bureau, comes as a friend, not as an enemy of the sheep men and the cattle men of the far west.

Government control of all the public ranges is coming without fail. It is inevitable and unavoidable. It is demanded by the evolutionary process through which the range region is passing. It is made necessary by conditions already developed. Tens of thousands of acres of barren land, trampled into dust so fine and so dry that it is blown into great clouds by every passing wind, but upon which once grew rich pasturage for thousands of cattle, testify to the need of some power to restore the wasted range by controlling its use. Every stockman recognizes and appreciates this fact. It confronts him every day, and he knows that restoration of the range cannot lie in continuing the conditions under which these results were reached. A new factor must be introduced, and beyond question it is government control.

Government control of forest ranges is an object lesson as well as a public benefit within itself. What is done there will ultimately be done on all public ranges. The collection of a fee for the use of the range based on the number of animals permitted to graze is relatively but a trivial part of the government's purpose. The charge thus imposed is not more than about a third what stockmen have to pay for the privilege of running their cattle on private land or Indian reservations, and it falls far below the resulting benefit to the owners of herds. But after all it is not the main consideration. The chief aim and purpose is so to guard the range within forest reservations that where wasted or destroyed it will be restored, thus greatly increasing the capacity of those reserves to provide pasturage for cattle and sheep.

In his message to Congress last December, President Roosevelt recommended government control of all public ranges, and in that connection he estimated that through the enforcement of proper regulations the capacity of the ranges to maintain live stock would be made double what it is today. In other words, the adoption of the policy suggested would mean doubling the power of the far west to supply the markets of the world with cattle and sheep and wool.

This is the message of hope, the promise of good, which Mr. Pinchot brings from Washington and his conferences with President Roosevelt to the stock growers of the west who have assembled in the conventions in session here this week.

Clearly it is to the interest of the stock growers to fall into line, in order that they may so direct the movement that it will harmonize in every way with their interests. They should not throw themselves across its path, for, whatever else may be said, the adoption of the policy of government control is inevitable. Defeat lies in wait for those who oppose it, with resultant injury to live stock interests in all the far west. In return for the small fee charged, the stock growers will get the privileges of grazing, the right to fence under proper conditions, enforcement of state laws against stealing, and, above all, ultimate restoration of the wasted and depleted ranges, so that

the "carrying capacity" of the range region will be made double what it is today.

WHERE ARE WE GOING?

A bill to legalize the killing of sufferers from intense pain was recently introduced in the Ohio House of Representatives, by a Soloa named Hunt. The bill was based on the sentiments of one of the "new women," who pose as humanitarians, whatever that may mean. Hunt said his bill had been endorsed by several reputable physicians and by President Elliott of Harvard who had written a letter in its favor, which would be circulated in printed form among the legislators. The plain truth is, that it is a bill to legalize murder, and suicide. It is disgraceful to a Christian community, that such a thing should be tolerated for a moment. What has become of the fifth commandment? "Thou shalt not kill." You may kill, say Doctor Anne S. Hall, and Professor Elliot. Any physician, or other person may take human life, or any person may take his or her own life and they shall be justified in doing so. Every state in the Union, and the United States, every civilized nation today and every pagan nation of antiquity, throw the most sacred safeguards around human life, and denounced all who destroyed it as murderers, except it was done in war, by law or actual self-defense. But the commandments of God, the laws of all nations the unanimous belief of the human race, are wrong, and "we, the authors of this bill are right." Doctor Anne S. Hall, and Professor Elliot, would consider themselves justified in usurping the awful prerogative of God, the master of life and death, and taking it into their own hands, act as witnesses, judge, jury, and executioner. It may well be asked, Where are we going to? The New Mexican, has no hesitation in saying, that no professor or doctor, male or female, nor man or woman, could be found in this Territory who would advocate such cold blooded conduct as this.

THE ATTACKS ON U. S. SENATOR FORAKER.

The Albuquerque Fakir Journal takes occasion to misrepresent the stand taken by United States Senator Foraker in regard to the Hamilton joint statehood bill. This is not to be wondered at but is in keeping with that paper's well known policy and continuous conduct. The Senator simply deems it a matter of right and justice that the people of Arizona be permitted to vote separately upon the adoption of a constitution under the Hamilton bill, should the latter become law. Every man who understands the situation and who is an honest citizen knows that the reason why the people of Arizona are not permitted to vote separately upon the question under the bill is that the joint statehood promoters are afraid that the Arizonians would vote against the adoption of the constitution under the bill. This does not change the fact that in justice and equity the Arizonians are entitled to ask this boon. In New Mexico the question has simmered down and the people are anxious that some sort of a measure be submitted to them in order to settle it to suit themselves, and to announce to the people of the country whether or not they are in favor of joint or separate statehood. In Arizona the feeling is pretty much the same, except that the anti-joint statehood sentiment is determined to have the Foraker provision in the law. There is no just cause for attack on Senator Foraker. He has as good a right to his opinion as any other United States Senator has to his in this matter. Certainly, vilification of the Senator by the Albuquerque Fakir Journal affects him not one whit, but it is detrimental to the best interests of the Territory and injurious in several respects. Nothing else can be expected from that paper, but Senator Foraker need not worry and there are nine hundred and ninety-nine chances to one that he does not.

THE PARAMOUNT QUESTION.

"Give the people an opportunity to vote upon the acceptance of statehood and our great national guardians will be relieved of the responsibility."—Roswell Record.

This is what the New Mexican has advocated for some time past, although this paper, with a vast majority of the patriotic citizens of New Mexico, believes that New Mexico is entitled to separate statehood. As beggars cannot be choosers and as the people of this Territory are only considered as beggars by the Congress of the United States, the New Mexican believes the submission of the question of statehood, joint or separate, and that as speedily as possible will be best for the people. The question should be settled either forever, by accepting the enabling act for the new state of Arizona, if it passes the Senate, or by defeating it and thus informing the country and the Congress, that the people will have none of it. The paramount question at this time is its settlement. The people can be depended upon to vote right when the time comes.

Delegate W. H. Andrews has introduced a bill creating the Seventh Judicial District in the Sunshine Territory. All right, Mr. Delegate! The district is needed and New Mexico will take all it can get from generous Uncle Sam.

The New Mexican learns that Attorney General George W. Prichard contemplates leaving official life within the near future. As is well known Colonel Prichard holds the office of attorney general, which position he has filled ably and creditably during the past fourteen months and ever since the demise of the late Edward L. Bartlett, who was attorney general of the Territory for many years and one of the best who ever served the people in that capacity. Colonel Prichard has many private interests which he desires to attend to and much private law business which demands his personal attention and much of his time. The date for his retirement has not yet been determined, but it is not far off. It is said there are a number of candidates desirous of appointment to succeed him; that is always the case in the Sunshine Territory. The day has not yet come to New Mexico when offices go begging.

New Mexico pensioners are not faring badly under the present administration with Delegate Andrews to look after their interests. During the session about twenty bills providing for granting of and the increase of pensions for New Mexico veterans have passed the House of Representatives. They are reasonably sure to pass the Senate. The pensioners are entitled to generous treatment at the hands of the United States and no one will grudge them the increase they are to receive.

Delegate Mark Smith, of Arizona, has introduced a bill to provide for the election of district court judges and district court clerks in his Territory. Mr. Smith is evidently displeased with the present judicial system in Arizona. The chances for the passage of his measure are small enough to be pulled through the eye of a needle. While New Mexico and Arizona are territories, district court judges will be appointed by the President and confirmed by the U. S. Senate.

The Hepburn railroad freight rate bill is under consideration in the House of Representatives. It is to continue to occupy the chief place in the business of the House until disposed of. From present writing it looks as if the bill would pass the House and that will mean first blood for the President. Its fate in the Senate is, to say the least, rather problematical.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. ## MINES AND MINING.

(Continued From Yesterday)

### Socorro County.

The Mogollon Mountains, in western Socorro County, embracing a mineralized zone lying on either side of the range, are regarded by some as the most favorable mineral region in New Mexico. The Little Fannie mine has produced more values than any mine in the Cooney District; its production is estimated at \$1,250,000. The property has been tied up by litigation for over a decade. It has a large ore body and the values carried, apparently, average higher than most of the properties in the district. The Confidence mine is a similar property, and idle also, due to the death of John T. Graham, the principal owner.

During 1904 only two of the mines in this region were in operation. The Ernestine Mining Company, owning the Last Chance mine, ran the greater part of the year and made a creditable showing. The method of extraction of values was wet crushing with stamps in cyanide solution.

### LAS VEGAS BOY IS SHOT WHILE HUNTING.

Daniel Martinez a sixteen year old Las Vegas boy, lost his arm yesterday as the result of the accidental discharge of his shotgun while he was crawling through a wire fence. Accompanied by a friend he went hunting. When the accident occurred the charge entered his arm near the elbow coming out near the shoulder and blowing the bone to splinters. It was necessary to amputate the limb.

### THE WEARY WAY.

Daily Becoming Less Wearisome to Many in Santa Fe.

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, 'Tis a weary way, indeed. Doan's Kidney Pills, drive weariness away.

Are endorsed by Santa Fe citizens. Alberto Garcia, ex-police officer of San Francisco Street, says: "When a man has attacks of backache for four or five days at a time and those attacks extend over a period of two years, he must arrive at this conclusion, he is subject to some form of kidney complaint. In my case other symptoms plainly indicated that I required a medicine to strengthen my weakened kidneys, and allay inflammation of those organs. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills. They certainly helped me a great deal and I am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

The letter says that Jones was connected with some of the best people of Virginia, who were greatly shocked when they heard of his death and how it came about.

### OLD MAP.

Historical Society Has Interesting Relic Printed Two Hundred Years Ago.

Among the recent acquisitions of the Historical Society, is an interesting map of Old Mexico, New Mexico, and the coast of Florida, printed at Paris, exactly two hundred years ago, in 1706. The map was prepared by N. de Fer, geographer of the Dauphine, and embraces all of the continent from Panama on the south to Santa Fe on the north and from California to Cuba.

The southern part of what is now the United States is divided between New Mexico in the west and Florida in the east. Among the most conspicuous features, are the famous mines of Santa Barbara, in the province of New Biscow, near which is now Chihuahua. The only places shown in New Mexico are Santa Fe and San Antonio de Seveco, the latter as a village and the former as a royal city and capital. This map is among the books, etc., acquired for the society by Hon. L. B. Prince, on his recent trip to the east, and was obtained in Canada.

## The Prison Commissioner of Georgia.

Jos. S. TURNER, Chairman.

TOM EASON, Commissioner. CLEMENT A. EVANS, Commissioner.

GOODLOE YANCY, Secretary. J. C. MOORE, State Warden.

Atlanta, August 10, 1904.

E. C. DeWitt & Co., Chicago, Ill.

Dear Sir:—"I have suffered more than twenty years from Indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. My heart would beat so fast I could not sleep, at times I would almost draw double with pain in the pit of my stomach. I lost twenty-five pounds; in fact, I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol Dyspepsia Cure. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited."

Yours very truly,

JAKE C. MOORE.

Kodol Dyspepsia Cure is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties. All other digestants and dyspepsia remedies digest certain classes of food only, and are lacking in reconstructive properties.

Kodol Dyspepsia Cure is prepared at the laboratory of E. C. DeWitt & Co., Chicago, and is sold by leading druggists everywhere.

## Cheap Rate to California!

Californians raise gold—they don't mine much now. An easier way has been found than that! It is now obtained by farming. The alchemy of nature converts the oranges, lemons, olives, grapes, wheat, alfalfa and other products of the soil into good clothes, comfortable residences, and assuring bank accounts. 'Tis being done every day in California. Wouldn't it pay you to inquire into this? Better yet, why not go there?

Only \$25.00

From Santa Fe to almost all points in California and to many places in Arizona. Liberal stop-over privileges.

On sale daily, February 15 to April 7, 1906. Tourist sleepers daily on fast trains. Harvey meals.

## SUPREME COURT.

Reverse Decision Rendered in San Juan Railway Road Bed Case.

The Supreme Court continued its session at 10 o'clock this morning in the chambers in the Capitol building. Those present were:

Chief Justice William J. Mills, Associate Justice John R. McFie, Associate Justice Frank W. Parker, Associate Justice William H. Pope, Associate Justice Edward A. Mann, Associate Justice Ira A. Abbott. Jose D. Sena, clerk of the court was at his post. E. L. Medler, assistant United States Attorney was also present. The Territory of New Mexico was represented by Attorney General George W. Pritchard. United States Marshal Creighton M. Foraker was represented by his deputy, John M. Wiley.

The following business was transacted:

Case No. 1093, entitled Florence P. Johnson, adm., appellee, vs. Roman L. Baca, et al., appellants; affirmed and remanded for further proceedings. McMillen attorney for appellee, and Renahan, attorney for appellants.

Case No. 1098, entitled the Colorado & Arizona Railroad Company, of New Mexico, appellant, vs. the Denver & Rio Grande Railroad Company, appellee; reversed and remanded for further proceedings. Ritter, Buchanan, Renahan, Catron and Gortner, and Ferguson, attorneys for appellant, and Wolcott, Vail and Waterman, McClosky, Abbott and Abbott, attorneys for appellee. This is the case in which the appellant alleges that the appellee usurped its right of way which it claimed on the grounds of prior possession, previous surveys and by agreements and contracts entered into with the owners of said land. The right of way in question lies in San Juan County from the Colorado state line to Farmington, a distance of 28 miles. The appellant alleges that the Denver & Rio Grande Railroad Company built its line in such a manner as to cross and recross this right of way at least eight times in 28 miles, thus rendering it useless to appellant. In some places it is asserted, the appellee constructed its tracks so that instead of crossing, they occupied the right of way of the appellant for 1,000 feet. The case was in appeal from the First Judicial District Court of San Juan County, where the Colorado & Arizona Railroad Company had petitioned for an injunction to restrain the Denver & Rio Grande from occupying said roadbed. The case was dismissed by the District Court and final judgment entered on a demurrer to the complaint because plaintiff had a sufficient remedy at law and that therefor no case in equity would lie. Despite the appeal to the Supreme Court, the appellee continued to construct and completed its line from Durango, Colorado, to Farmington, giving bond to cover damages to appellant in case the appellant should win its contention in the higher court.

Case No. 1108, entitled Andres Candelaria, an infant, by Andres Candelaria, his natural and statutory guardian, appellee, vs. Epimenio A. Miera, appellant; decision of lower court affirmed. Burkhardt attorney for appellee and Chaves attorney for appellant.

Case No. 1109, entitled Paulita Candelaria an infant, by Emigran Candelaria, her natural and statutory guardian, appellee, vs. Epimenio A. Miera, appellant; decision of the lower court affirmed. Burkhardt attorney for appellee and Chaves attorney for appellant.

Case No. 1110, entitled Nick Metz, appellant, vs. Martin S. Tierney, appellee; decision of the lower court, affirmed. Adams attorney for appellant and Wilkerson and Burkhardt attorneys for appellee.

Case No. 1127, entitled the Territory of New Mexico, appellant, vs. John Mills, et al., appellee; submitted on briefs. Pritchard and Hervey attorneys for appellant and Gatewood attorney for appellee.

Court then adjourned until 10 o'clock tomorrow morning.

## Now Look Out!

Now look out for watch troubles! The first touch of cold weather is apt to harden the oil--that strains the mainspring and affects the motion. It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order, we'll let it alone; if it needs repairing, we'll do it thoroughly, at a moderate price.

Few watches are cleaned and oiled as they ought to be--once a year. People usually wait until something breaks. The other way is cheapest in the end and saves the watch.
