Aeromexico To Purchase 18 Boeing Aircraft

by Barbara Khol

Category/Department: General

Published: Thursday, March 21, 1991

On March 19 in Seattle (Washington), Boeing released a communique announcing that Aeromexico plans to purchase 10 Boeing 757s for medium-distance flights, and eight 767s for long-distance operations. The 18 planes would be sold for a total \$1.2 billion. The new aircraft are destined for domestic flight service, and international flights to major cities in the Americas and Europe.
