STATEHOOD FIGHT ABOUT TO BEGIN

**Marshalling Forces
Ready for the
Contest.**

SEN. PATTERSON RETURNS

**From New York and May
Present Memorial Against
Its Passage.**

Special to The New Mexican.
Washington, D. C., Feb. 14.—The friends and opponents of the Hamilton joint statehood bill have marshalled their forces and are about to start the fight. The report on the bill by the minority of the committee on Territories was not presented.

Senator Patterson, of Colorado, returned to this city from New York today. It is reported that the Senator may use the memorial heretofore presented against the passage of the bill as a minority report.

Raynolds Leaves.
Special to The New Mexican.

Washington, D. C., Feb. 14.—Secretary James W. Raynolds, who was yesterday confirmed, left today for Santa Fe with victory perched upon his banner and his flag flying proudly.

Subsidy Shipping Bill.
Washington, D. C., Feb. 14.—Immediately after the routine morning business had been disposed of today the subsidy shipping bill was laid before the Senate and its consideration was resumed with the understanding that it would be voted upon before adjournment. Senator Gallinger offered a number of amendments on behalf of the merchant marine committee. One of them limits the number of officers and men in the proposed naval reserve to 10,000.

To Throw Open Reservation.
Special to The New Mexican.

Washington, D. C., Feb. 14.—The bill heretofore introduced by Representative Stephens, of Texas, for the throwing open of part of the Mesquero Apache Reservation is to be pushed by interested parties under Mr. Stephens' leadership. There are many covetous eyes fixed upon the mineral deposits and the rich timber lands of the Reservation. On the other hand, it is thought that the Indian Office contemplates sending Geronimo and his San Carlos Apaches from Fort Sill to augment the number of Indians now at the Reservation. The plan, if carried out, is believed to be a good solution of a vexed problem and will benefit the Mesqueros as well as Geronimo's followers.

Receives Report.

The Comptroller of the Currency has received the first report of the receiver of the Enterprise National Bank of Allegheny, Pennsylvania. The receiver classifies the assets of the bank as follows: Assets, good, bad and doubtful, \$2,199,529. Liabilities, \$3,130,595.

Taft Before Committee.

Secretary Taft was before the Senate committee on the Philippines today and was examined by Senator Hale concerning the benefits the Filipinos have received from Congress.

Fortifications.

Consideration of fortifications was read in the House today, the bill being taken up for amendment under the five minute rule.

Appointments.

Washington, D. C., Feb. 14.—(Delayed in transmission).—The nomination of James W. Raynolds to be Secretary of the Territory of New Mexico was today confirmed by the Senate in executive session after a unanimous report in his favor by the Senate committee on Territories.

Myron H. McCord, of Arizona, was confirmed as Collector of Customs at Tucson, as was Albert Morowetz, of Arizona, to be consul at Bahia, Brazil.

AFTER CONTRIBUTIONS.

Recommendation Made that Legal Proceedings Be Instituted for Missing Money.

New York, Feb. 14.—A recommendation that legal proceedings be instituted to recover the contributions made by the New York Life were submitted to the trustees of that company today by a special investigating committee headed by Thomas P. Fowler. It is recommended that the money be received from such officials and trustees as counsel shall decide are liable therefor.

TODAY'S WEATHER

BY TELEGRAPH

Telegraphic weather reports from points on the Atchison, Topeka & Santa Fe today show fairly good weather as being general.

MITCHELL'S LETTER.

President of Coal Miners Says No Reason Dolan Should Not Go.

Pittsburg, Pa., Feb. 14.—The Pittsburg District Miners' convention reassembled here today with President Patrick Dolan presiding. National Vice President Lewis read a letter from President Mitchell to the delegates. In this letter, Mitchell deals with the existing controversies, and says:

"The question involved is 'Has a regular district convention of mine workers authority to impeach and remove any official of a district organization who has been charged with malfeasance in office?'"

The president of the district alleges that in as much as he was elected by a popular vote of the miners of the district he cannot be removed from office except by the same power.

"I hold that a regular district convention has full power to impeach and remove from office any official who may be charged with neglect of duty, disobedience in office or violation of instructions."

INTERESTING TALK.

Russian Admiral Gives Reasons as to Defeat by Japanese Vessels.

St. Petersburg, Feb. 14.—"Perhaps I am guilty to some extent for our defeat, and perhaps my subordinates did not do all they might have done, but at all events, we who fought the battle were not thieves," said Admiral Rojestvensky who addressed the Imperial Technical Society yesterday evening upon the causes of the defeat of the Russians in the battle of the Sea of Japan.

The admiral made no specifications regarding the rascality in construction and equipment of the ships, but he commented at length upon the destructive effect of the heavy Japanese shells which, when they exploded in the water near the Russian vessels, cracked the plates and opened great leaks, while those which struck the Russian ships squarely were as destructive as mines.

CAUSES COMMENT.

Court Decides that Factory Must Pay All Wages During Time It Was Closed.

Warsaw, Feb. 14.—Considerable comment has been caused by the judgment of the communal court at Widzewo, near Lodz, ordering the Coates Thread Factory to pay the wages of eight hundred of its employees, during the ten weeks the works were closed.

The factory was shut down on November 30 and the shortage of coal was given as the reason.

The court in rendering the judgment said it was not the lack of coal which induced the closing, but was the high price, and found that this was not a good reason.

DIVIDEND INCREASE.

Directors of Union Pacific Declare Three Per Cent On Common Stock.

New York, Feb. 14.—The directors of the Union Pacific Railroad today declared a semi-annual dividend of three per cent on the company's common stock.

This is an increase of half of one per cent as compared with the last semi-annual declaration.

The regular semi-annual dividend of two per cent was declared on the preferred stock.

MINERS READY.

Special Scale Committee has Completed Work and is Prepared for Conference.

New York, Feb. 14.—A special scale committee of Union Anthracite Mine Workers to which has been entrusted the duty of presenting the operators the demand of the men, has completed its work and everything is now practically in readiness for tomorrow's conference. The exact nature of the demands has not been made public.

BETTER PROSPECTS.

Appearances at Moroccan Conference Indicate a Possible Settlement of Difficulties.

Berlin, Feb. 14.—The situation at Algiers has again changed. There is a possibility of a way yet being found to bring the German and French rivals into an agreement, though the exact nature of the suggestions, which have been made by a neutral power, are not made public.

ONE KILLED AND SEVERAL INJURED

Chicago, Feb. 14.—An accident caused by the explosion of dynamite killed one man and injured seven at the Illinois steel works today.

ST. LOUIS TRAINS KILL AND MAIM

Three Wrecks Reported on Different Roads.

FLAMES ADD TO HORROR

Much Railroad Property Destroyed in Addition to Other Damage Done.

Fort Scott, Kan., Feb. 14.—The St. Louis & San Francisco passenger train No. 118 northbound, was wrecked at Columbus, Kansas, early this morning. Harry Roundtree, of Fort Scott, an express messenger and a newsboy, whose names are unknown, were burned to death; an unknown passenger dropped dead while trying to rescue the crew.

George Woods, the engineer, was badly hurt, and W. F. Runyan, the fireman, sustained a broken leg.

The passenger train ran into a string of box cars that had broken loose from a freight train and had run back onto the main line.

The entire passenger train, except a sleeper, was burned.

Several Hurt.

Kansas City, Mo., Feb. 14.—Fast mail train No. 7, westbound, on the Missouri Pacific Railway, which left St. Louis at 3 o'clock this morning, was wrecked at Gasconade bridge twenty-seven miles east of Jefferson City.

Three cars were ditched, caught fire and were destroyed. Several members of the crew were hurt, but no one was killed. The train was made up of five mail cars and one baggage car.

Passengers Bruised.

St. Louis, Mo., Feb. 14.—While coming into St. Louis at forty miles an hour this morning, two sleepers on the Frisco train took a sliding, tore loose from the train and crashed into a box car loaded with terra cotta. The passengers were hurled pell-mell, but none were hurt beyond receiving bruises.

MARTIN P. PELS DEAD.

Ex-Manager of Maxwell Land Grant Joins Silent Majority—Well Known.

Martin P. Pels, for ten years manager of the Maxwell Land Grant Company, and very well known in this Territory, especially in Colfax County, and in Santa Fe and Las Vegas, died a week ago in Denver. The Rocky Mountain News of recent date contains the following item concerning him:

"The funeral of Martin P. Pels, who died at his home, 1144 York Street Thursday, occurred yesterday afternoon. Funeral services took place at the family residence at 2 o'clock and burial was in Fairmount Cemetery. A large number of friends attended the services, and the floral offerings were beautiful."

"Mr. Pels was an old-time resident of Denver and was recognized for years as one of its leading citizens, and during Abraham Lincoln's administration he was United States consul at Batavia, and for years was identified with large transactions in western lands. He was born in Wyk-Duurstede, Holland, March 1, 1837, and lived an eventful life in parts of Europe, Asia and America. He was decorated four times for services to the governments of Holland, Belgium, Brazil and Turkey."

"In 1855 he came to the United States and took charge of the Maxwell Land Grant Company, which had a large grant of land in the Southwest. Through the efforts of Mr. Pels a long-pending litigation was ended, which gave the company a clear title to its property. He was manager of this company for ten years and later was interested in mining and realty."

"SCOTTY" ON HIS WAY TO CALIFORNIA

Walter Scott, the cowboy miner, generally known as "Scotty," passed through Las Vegas yesterday. Although he still talks a great deal about the money he has and the way he spends it, his tips etc., did not show that he had any too much of the yellow metal. He is on his way to his home in California after a visit through the East.

BELEN WILL HAVE RAILWAY SHOPS

F. Meridith Jones, who is locating engineer of the Atchison, Topeka & Santa Fe Railway, is quoted as having said that shops will be erected in the near future at Belen for the use of his road. It is probable that the location of the shops there will mean a loss to Albuquerque.

IS SUCCESSOR OF BROTHER BOTULPH

**Brother E. Lewis
Named for Head
of College.**

YOUNG AND PROGRESSIVE

**Well Prepared for Duties as
Leader of St. Michael's,
by Much Experience.**

Brother E. Lewis, prefect of studies, has been chosen by the Board of Directors of St. Michael's College, to fill the vacancy created by the death of the venerable Brother Botulph, which occurred last Friday at noon.

Brother Ambrose was selected to fill the position of prefect and Brother Charles was placed in charge of the third class, the place formerly held by Brother Ambrose. The Board of Directors held its meeting Monday afternoon. The selection of Brother Lewis as head of the college meets with the approval of the Brothers and friends of this great educational institution generally. There are several Brothers who have been teaching in St. Michael's for many years, but in placing a young man at the head of the institution, the directors secured new vigor, advanced ideas and a man who will be able to hold the reins for a goodly number of years.

Brother Lewis has been but a short time in Santa Fe. He came to St. Michael's College last September to assume the duties of prefect. He is 44 years of age, robust and strong, and has had the benefits of an education modern in all lines. Previous to coming here he was engaged in educational work in St. Louis as vice-president of the Christian Brothers' College there. He has also filled the position of president of the Christian Brothers' College at St. Joseph, Missouri, and at St. Paul, Minnesota with credit and ability. He was born and reared in Wisconsin. He joined the order of the Christian Brothers twenty-five years ago and has devoted his life to the beneficial educational work of this brotherhood. In speaking of the policy to be pursued in conducting college affairs, Brother Lewis said:

"There are to be no changes among the personnel of the teachers. I shall do all in my power to forward the school and its work in every way, and only hope that I can succeed as well as did my predecessor. The institution is in a flourishing condition and I shall exert every effort to keep it up to its present standard and to improve it from time to time as the advance of the times may demand."

IMMEDIATE ACTION.

Is What Ex-Minister to China Says United States Should Take.

Los Angeles, Cal., Feb. 14.—Edwin H. Conger, for many years United States minister to China and who is staying at Pasadena this winter, is quoted as saying:

"The United States should warn China against a repetition of the terrible riots of a few years ago. A show of warships should be made to impress upon the government of China that the troubles must not be repeated and will not be tolerated."

"I am satisfied that serious trouble will come, but do not expect that it will be directed especially against the United States, but will be against the reigning Manchu dynasty."

"The most violent disturbances will be in the southern provinces and will endanger all foreign interests. Americans within the zone of the rebellion are liable to be hurt before they can get out, and that is why the United States should let China know that it will not tolerate for an instant anything inimical to the interests of its citizens."

LITTLE CHANCE.

Lakewood, N. J., Feb. 14.—Although John A. McCall, former president of the New York Life Insurance Company, was resting comfortably today. His physicians say he has very little chance of recovery. The nature of McCall's complaint is said to be liver trouble.

Mr. McCall had a sinking spell from which he rallied this afternoon, but his symptoms greatly alarmed his family.

MASONIC INCIDENT

Of Unique Interest—Three Brothers Receive Royal Arch Degree at Same Time.

A singular and interesting incident in Masonry occurred recently in Roswell on the occasion of conferring the Royal Arch Degree in Columbia Royal Arch Chapter upon three candidates, January 8th. Three brothers received the degree at the same time, it being obligatory to confer it upon three candidates at one and the same time. The fact that three brothers were in the team is the first occurrence of the kind on record in Masonic history.

The names of the three are: Montezuma Miller, was born in Ringoes Point, Missouri, March 12, 1869; he received the lodge degree in 1901 in Roswell Lodge No. 18, A. F. & A. Masons and the Chapter degrees in Columbia Chapter No. 6 in Roswell, the Royal Arch degree having been conferred upon him January 8th last in company with his two brothers, Fred H. Miller and Walter C. Miller.

Fred H. Miller was born in Rocky Comfort, Missouri, April 17, 1872; he received the lodge degree in 1905 in Roswell Lodge No. 18, A. F. & A. Masons, and the Chapter degree in Columbia Chapter No. 6, the Royal Arch degree having been conferred upon him January 8 last, in company with his two brothers, Montezuma and Walter C. Miller.

Walter C. Miller was born in Black Hawk, Colorado, February 28, 1874. He received the lodge degrees in 1904 in Roswell Lodge No. 18, A. F. & A. Masons, and the Chapter degree in Columbia Chapter No. 6, the Royal Arch degree having been conferred upon him in the same team with his two brothers, Montezuma and Fred H. Miller on January 8, last.

The Miller brothers came to the Pecos Valley when quite young with their parents, grew up there and have been identified with the country ever since. They are stock growers, good citizens and respected. The three have followed the example of their father and married young, have families, but none as large as their father's family, whose children are many in number.

The Miller brothers are "good men and Masons." They live on adjoining ranches, have taken the Masonic degrees together whenever possible, and propose to stand by each other for many a day to come.

PROBATE CLERK FIGHT

In Bernalillo County—Grunsfeld and Newcomer Candidates for Appointment.

Special to The New Mexican.

Albuquerque Feb. 14.—There is considerable excitement over the matter of the appointment of a successor to the late J. A. Summers in the office of probate clerk and ex-officio recorder of Bernalillo County.

Sigfried Grunsfeld, a well known and popular business man who has been a resident of this city for over twenty years, has the backing of the business element and of the best part of the community and of many leading Republicans.

C. E. Newcomer, who was chief deputy sheriff under ex-Sheriff Thomas S. Hubbell, removed some time since by Governor Otero for misfeasance in office, is the leading candidate of the Hubbell faction and is putting up a good fight. The water works people and the Morning Journal are also supporting him. He has secured many endorsements.

Governor Hagerman will have a busy day of it tomorrow, as there are lots of people ready who will button-hole him in this vacancy business if he will give them a chance.

Judge Jesus Romero and Dr. F. B. Romero went to Santa Fe this morning to represent many Republicans and to petition the Governor to appoint Mr. Grunsfeld. Captain Bernard Ruppe went there as a delegate for the Good Government League, which strongly favors Mr. Grunsfeld's appointment and is strongly opposed to the selection of Mr. Newcomer. Nestor Montoya and Thomas Werner are also candidates, but are not pushing hard.

PARDON GRANTED.

Gus Lard in Jail at Roswell for Misdemeanor Granted Liberty By Governor.

Governor Herbert J. Hagerman under date of February 3, 1906, has issued a pardon to Gus Lard, under sentence of ninety days, and costs, in the jail at Roswell Chaves County. Lard was sentenced by Judge William H. Pope of the Fifth Judicial District Court on a charge of assault and battery.

Governor Hagerman stated as his reason for granting the pardon that Judge Pope had said that the cause of justice would be accomplished by Lard serving out his sentence without the additional number of days resulting from the costs of trial; that Lard had a family in destitute circumstances; that he had served his sentence to within a few days; that while in jail his conduct had been good and he had assisted the officers on one occasion in the pursuit of escaped prisoners.

EXECUTION WILL NOT BE DELAYED

Governor Hagerman Refused to Aid Conley

BY GRANTING A REPRIEVE

All is in Readiness at Taos for Carrying Out Sentence of Court.

John Conley, who was convicted of the murder of James Redding near Questa January 16, 1905 and who was sentenced to be hanged Friday February 16, will pay the fullest penalty of the law for his crime. Governor Herbert J. Hagerman last night told the condemned man's legal representatives that he declined to grant the reprieve for which they petitioned. The sentence of death is to be carried out at Taos, Taos County, where the doomed man is now in jail closely guarded day and night. The scaffold upon which he is to die has already been constructed. The attorneys interested in the case were practically assured that he would not grant the reprieve. Conley has not yet been informed that all efforts in his behalf have failed.

In speaking of the case Governor Hagerman said:

Reasons.
"I listened closely to all points brought to my attention in Conley's behalf. They were principally technicalities of law of interest only to members of the legal fraternity. After hearing them and carefully noting each, I secured the advice of several attorneys and talked the case over with them. The result was that I could find nothing sufficient to change my former decision. Conley had a fair and impartial trial and was found guilty of the great crime of murder in the first degree. He was sentenced to be hanged and the law must be enforced. There is nothing of sufficient weight to warrant my interference."

In his written reply to the attorneys, Governor Hagerman states that he has carefully examined the records of the trial and that he does not think, even should he grant a reprieve, that the attorneys could secure a reversal of the verdict of the lower court, by carrying the case to the Supreme Court.

Attorney Departs.

Attorney Lusk departed for his home at Taos today. He probably will have the unpleasant task of telling Conley that he must die.

John Conley at the time of the murder of Redding also shot and killed Charles Purdy, 70 years old. He had gone to his claim in the Guadalupe placers near Questa with the old man and boy to do assessment work. A quarrel arose over certain terms in the contract and the shooting then took place. Conley fled to Red River, passing through Questa, and surrendered about 24 hours later to a posse sent in pursuit.

Conley's plea in court was self defense. He said that he was attacked by Purdy with an ax and that he ran to his horse. He said the boy attempted to cut off his retreat and poised an ax as though to throw it. He then began shooting.

From circumstances, however, the court inferred that Purdy was killed during the quarrel and that Conley shot Redding while the boy was fleeing toward the horses in an attempt to escape. Conley was not tried for the slaying of Purdy, as he was found guilty of killing Redding.

QUEER EARTHQUAKES

Caused By Air Blasts in Copper Mines Frighten Miners and They Resign.

Houghton, Mich., Feb. 14.—Many miners are resigning their positions in the copper mines in this vicinity owing to the continued earthquakes of air blasts, which have now become so frequent and dangerous that the miners fear for their lives. Dishes have been broken in many instances, and shocks have become so frequent that many residents are planning to move from the district.

LOCAL ELKS PREPARE FOR DENVER CONVENTION

The local lodge of Elks is making preparations to have an especially representative body at the Denver convention.

Negotiations are now under way to secure the services of two expert Indian dancers to teach the members the art and to give advice in regard to the costumes. It is the intention not only to have the most correct and attractive dances, but also to have every detail accurate.

To assure a number of the members going, a club has already been organized to place aside a good sum each month to defray the expenses.

RUMORS OF WAR.

Recent Washington dispatches contain many disturbing rumors which portend trouble in the near future. One dispatch says "a big force of men has been working day and night for some days past at the Omaha quartermasters' depot packing supplies for shipment to the Philippines. Several car loads have been sent already to San Francisco." The same dispatch continues: "For a month whispers have reached Congress almost daily of possible unpleasant events in the Orient." When Secretary Taft appeared before the Senate committee on appropriations and urged immediate preparations for strengthening of the American forces in the Philippines, a broad hint was given. The Secretary was asked why it was necessary to take such steps and he, by way of an answer, referred to the present conditions in China and broadly intimated that the close proximity of a big American army is absolutely necessary. He was then asked what information he had on the subject and replied that such a question involved the divulgence of a diplomatic secret. Suddenly it became apparent that the whole question should be referred to the Philippines committee. At the next meeting of that committee, Secretaries Root and Taft will be called before it. The general impression is that China is on the verge of a revolution, particularly directed against the United States. The Empress and the heads of the army and navy are known to be in sympathy with most of the anti-foreign ideas of the Boxers. Already several regiments have been ordered to Manila and tons of ammunition and supplies for the army and navy are being rushed from San Francisco across the Pacific. Orders have already been issued for the First and Second Infantry and the Eighth and Thirteenth artillery batteries to proceed to the islands. A Shanghai merchant recently arriving in San Francisco says Asia for Asia is the cry that has been taken up in China, and has spread like wild fire from province to province, kindling everywhere the slumbering hatred of the Mongolian against the Americans. The spirit of revolt is rife in the land, young China is rising and trouble is bound to come. The growing sentiment against the American element in China will result in open hostilities. He recommends the seizure of Chinese territory as the only way to bring the Chinese to terms. But the most ominous part of the news is this: "It is believed that the revolutionists are being aided and abetted by Japanese influence. In this connection it is asserted that the War Department has information as to the operations of foreign engineers in the Philippines, who in the guise of fishermen have been making soundings in many of the harbors. These operations have been checked by the vigilance of the War Department." It may be assumed that the soundings referred to were not made by the Chinese as it is hardly probable that they have energy enough, therefore it must be Japanese, and if this is so, it promises serious times.

The Kansas City Journal gives good advice to Governor Folk of Missouri in the following:

"If Mr. Folk expects to be nominated for the presidency on his record as governor, he should engage some good friend with horse sense to blue pencil his public utterances. He will never impress anybody that he is big enough to be president by putting forth such tommyrot as his statement that personal property should be relieved of taxation to keep tax dodgers from perjury themselves."

The governor, like many other officials, need not be expected to heed the above, but the Journal is right.

If there are cheeky women in this world, they are certainly to be found in Chicago. A woman who is married to two husbands has just filed a suit for divorce from the first and is asking for alimony in each case.

THE GOOD WORK OF DELEGATE ANDREWS.

The Socorro Chieftain approves of the action of Delegate W. H. Andrews in the introduction of a bill in the House of Representatives, which bill provides for the creation of a seventh judicial district in New Mexico with headquarters in Socorro. The paper gives good reasons why the bill should become law. The New Mexican heartily joins the Chieftain in its support of the measure. Concerning the matter that paper says:

Delegate Andrews has introduced a bill in Congress providing for the creation of a seventh judicial district for New Mexico, the headquarters of such district to be at Socorro. This bill is, of course, of special interest to the people of Socorro County, but, aside from that fact, there is an abundance of good reasons why the Chieftain hopes that the bill will pass. The fact that this third judicial district now includes approximately one-fourth the total area of New Mexico constitutes in itself and implies abundant reason for the passage of the bill. Mr. Andrews has introduced several good bills, and in urging their passage and the passage of other good bills as well he is rendering excellent service to the people of New Mexico."

The construction of the Tecolote Valley Railroad from Las Vegas to the Tecolote Copper Mining District along the border of the Pecos Forest Reservation, thence to Mineral Hill and from there to Mora, will tap a section containing many great and natural resources, especially in the shape of timber, coal, marble and lime as well as precious and base minerals. The road, which is to be sixty-eight miles long, will be completed and in running order to Mineral Hill, twenty-two miles from Las Vegas by August 1, and to Mora by the end of this year. Score a great big point in favor of San Miguel, Santa Fe and Mora Counties, through which it will run.

Singular but true. Despite the remonstrances and opposition of ex-Delegate Thomas Benton Catron, of ex-Delegate Bernard Shandon Rodey and others, the U. S. Senate has confirmed the nomination of James Wallace Reynolds to be secretary of the Territory of New Mexico for another term. The members of the Senate, who voted for this nomination, evidently do not think that the statesmen named are as great and as powerful as they think they are. Funny world this.

"But no one can affirm that the practice of perjury to dodge taxes has not cost the people anything."—Kansas City Star.

The New Mexican's Kansas City contemporary is mistaken. There are several New Mexico tax dodgers who brazenly and openly assert that they are right and upon whom perjury in tax matters sits as lightly and easily as a handsome and costly bonnet does upon the head of a pretty girl or a comely matron.

Advices from Washington are to the effect that favorable action on the Hamilton joint statehood bill as amended by the Senate is none too sure in the latter body. If the bill does pass, it will be without the Foraker amendment according to those best informed upon the situation. Should it fail to become law, renewed and strong efforts to obtain separate statehood for New Mexico will be made and will be kept up until successful.

Your Uncle Joe Cannon was not afraid to have the Hepburn Freight Regulation bill discussed in the House of Representatives; oh, no, not he! He knew that there were about 350 out of 385 members in favor of it and hence there was the utmost liberty and the freest expressions of opinion on the subject. You cannot catch your old Uncle napping, he knows too much.

A non-partisan constitutional convention would be a very nice thing for the Democratic minority in New Mexico, be it for the separate state of New Mexico or the joint state of Arizona, to be sure. But as this country, in the nation, in the states, in the counties and in the municipalities is not run by minorities, the chances are that no non-partisan constitutional convention will be held.

Thomas W. Lawson, the alleged great reformer, travels about the country in a private car named the "Iolanthe." Rather a tough proposition this for a horny-handed son of toil and genuine friend of the plain people. Considering the fact of the private car and its name, it may easily be believed that Mr. Lawson's enthusiasm and zeal for reforms are somewhat of a sham.

Senator Tillman, of South Carolina, and Jacob A. Riis, magazine and story writer, do not agree in their opinions on President Roosevelt. They will do the people a service if they will refrain from publishing any more of what they do or do not think of the President. The people have heard enough of the two of them.

Count Boni de Castellane will make a fight in the divorce case instituted by his wife. He wants more money, that's all.

A Washington report states that President Roosevelt respects and likes National Committeeman Solomon Luna of this Territory. Portends good for the people! Mr. Luna is a citizen of New Mexico of the highest standing and of the greatest patriotism, that means that he will not suggest or advise anything improper or unjust concerning New Mexico affairs in Washington.

According to the report of Hiram Hadley, superintendent of public instruction, for the year 1905 recently submitted to Governor Hagerman, there has been a satisfactory improvement in the public school system of the Sunshine Territory during that year. Much remains to be done but upon the whole the situation is gratifying and promising.

The St. Louis Globe-Democrat evidently has not too good an opinion of the police force in its town, by the following from its columns:

"A Philadelphia policeman captured four highway robbers in one haul. The 1,300 men on the St. Louis force would give more satisfaction if they equaled that score in a month."

Dun's Commercial Agency reports 1,112 business failures in the country during January last. In this, the failure of the All-Quebec Joint Statehood League and its yellow newspapers to stir up the people of New Mexico in favor of joint statehood is evidently not included.

The Kansas City Star can be spiteful when it wants to be. Read the following:

"Already more Spanish war 'veterans' are on the pension rolls than were soldiers with Shafter in Cuba. Three cheers for the Red, White and Blue."

Governor Folk, of Missouri is not turning out as much of a reformer as he promised to be before election. The Democratic state machine is still powerful and on top in Missouri.

Castro, Venezuela's inipish president, is getting ready to skip to the mountains. He is like some of the New Mexico statesmen in Albuquerque. They are great fellows to get up rows and then hide.

United States Senator La Follette and promoter Thomas W. Lawson are at logger-heads. Each wanted the other to support his presidential boom for 1908, there's the rub.

Upon the expiration of his term, friends of the President are planning to elect him as U. S. Senator from the state of New York. The plan is an excellent one and what a fine time Senator Roosevelt would have in breaking fences with some future President.

Department of the Interior, United States Land Office, Santa Fe, N. M., Jan. 16, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under Sections 16 and 17 of the Act of March 3, 1891 (26 Stats., 854), as amended by the Act of February 21, 1893 (27 Stats., 479), and that said proof will be made before the Register or Receiver at Santa Fe, N. M., on the 23rd day of February, 1906, viz:

Panoracio C. DeBaca for the S. H. C. No. 2620, situated in Sec. Nos. 5 and 8, T. 13 N., R. 9 E. He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jose Padilla, Santa Fe, N. M.; Andres C. DeBaca, Santa Fe, N. M.; George Trujillo, Galisteo, N. M.; Jose N. Gonzales, Galisteo, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO,
Register.

The oldest banking institution in New Mexico. Established in 1870.
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.
HENRY L. WALDO, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, on about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

These waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing town, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

WILLARD

THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 35 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy; as fine an all around climate as there is in the world, with a pushing, energetic class of citizens and two railroads, one the new A. T. & S. F. Short Line to the Pacific. Willard has made a most phenomenal growth and the price of lots will soon advance. Better come now. The townsite is owned by

NEW MEXICO HAPPENINGS

Last week during a wind storm the warehouse of C. H. Stearn, of Santa Rosa, Guadalupe County, was unroofed.

James B. Johnson died last week in Albuquerque of tuberculosis at the age of 24 years. His remains were shipped to his old home at Louisville, Kentucky.

Ex-Governor M. H. McCord, of Arizona, in an interview in Albuquerque recently, says that he is tired of living in a territory and is in favor of joint statehood.

Last week the restaurant of Otto Olsen, in Alamogordo, Otero County, was destroyed by fire. The loss is \$2,000, with an insurance of \$1,400. It is not known how the fire started.

A freight wreck in the railroad yards at Tucuman, Quay County, recently demolished four freight cars. As they were empty there was little loss entailed outside of the cars themselves.

Miss Ida Warshaw and Harry Dolman were married last week at the home of the bride in Hico, Texas. The young people had both been residents of Portales, Roosevelt County, until recently.

Harry Owens, of White Oaks, recently purchased 4,000 high grade ewes, which he will run on his ranch above Corona, Lincoln County, for the present. The price paid for each was \$5.

James Evans, of Santa Rosa, Guadalupe County, was shot and killed in a saloon at Sunnyside, the same county, last Wednesday by a woman known as Bessie. The family of the dead man lives in Angelo, Texas, and has been notified of his death.

One hundred and ten home seekers arrived a few days ago at Portales, Roosevelt County, on one train and they are now making homestead entries and buying land in the vicinity of that town. Roosevelt County is settling up at a very rapid rate.

William Marshall, of Gallup, McKinley County, was seriously hurt last Friday near Chaves, the same county, by falling off the rods of a passenger train on which he was stealing a ride. His foot was badly crushed. The boy was immediately taken to his home at Gallup.

Clarence Farmer, brother of Dr. P. J. Farmer, of Romero's Ranch Resort, near Las Vegas, met with a serious accident last week in the Meadow City. The team he was driving became unmanageable and started to run, when he jumped, breaking his leg.

Efforts are being made by citizens of Oro Grande, Otero County, to have the Golden State Limited make regular stops at that place, as passenger travel between Jarilla Junction and Oro Grande is quite large, and as both towns are on the main line of that road.

The line of the long distance telephone of the Deming Telephone Company, from Deming, in Luna County, to Faywood Hot Springs and Mimbres Hot Springs, forty miles from Deming, has progressed as far as Wilson's Ranch, five miles northwest of the Windmill City.

About two months ago Victor Marujo sought medical aid in White Oaks for an ulcer at the elbow and was subsequently operated on for necrotized bone. About two weeks ago he was compelled to submit to another operation, when his arm was taken off. Since the last operation he has been doing well.

Gil Lastra was run over last week in the railroad yards at Santa Rosa, Leonard Wood County. One of his legs and the foot on his other leg were so badly crushed that both members had to be amputated. Lastra is about 50 years old and has a wife and several children. He was taken to the hospital at Alamogordo.

Five hundred new steel coke cars have recently been received by the El Paso & Southwestern Railroad Company, but even with these new cars, the road could not move more than fifty new Engleby side-dump cars have also been delivered to the road and will be used on the rehabilitating of tracks of a part of the system, the work to begin at Ancho, Lincoln County.

Major Patrick Cogan recently sold his ranch to A. B. Fall, of Las Cruces for the sum of \$20,000 and will retire from active business. Major Cogan is one of the best known citizens of southeastern New Mexico, having been for thirty-four years a resident of that part of the Territory.

His wife died about a year ago and since that time has been living alone. He is 84 years old.

Last Friday the family of Narciso Pino, of Albuquerque, was surprised to find on its door step a baby about one month old. There is no clue as to who the real mother is, but Mrs. Pino has taken charge of the infant and will keep it until its rightful owner can be found.

A special meeting of the board of county commissioners of Otero County, to consider the matter of the building of several new roads, was held last Saturday at Alamogordo. The principal road to be built will be a main one from Alamogordo to Jarilla Junction, and thence to the Texas line. It is also proposed to construct three branch roads from the main one, which will run into the Sacramento Mountains; also a road from the mining camp of Brice to Jarilla Junction, Otero County.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The rate for a round trip ticket will be one fare plus \$2. Tickets will be on sale on every first and third Tuesday, January to April inclusive.

Starting But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia."—W. D. Wilcox, Logan, New York. Sold by all druggists.

WINTER TOURIST RATES.

States deputy surveyors. Mr. Warner said their work was of a routine nature. The party will remain here for several days.

Dr. Charles R. Graham, formerly of Tennessee, lately of Oklahoma, has been in the city several weeks for the benefit of his health. He called at the office of the Bureau of Immigration today for information concerning the Estancia Valley. This was furnished him and he will go there shortly with a view of taking up a homestead and becoming a permanent settler.

Probate Judge Jesus Romero and Dr. F. B. Romero, of Albuquerque, arrived at noon today. They came as delegates appointed by a meeting of influential Republicans of Bernalillo County for the purpose of recommending to Governor Hagerman the appointment of Siegfried Grunsfeld, of Albuquerque, to fill the vacancy in the office of probate clerk, caused by the recent death of J. A. Summers.

Captain Bernard Ruppe, president of the Territorial Board of Pharmacy, arrived at noon today from Albuquerque. He came as a delegate from the Good Government League of that town to interview Governor Hagerman upon the appointment of a probate clerk for Bernalillo County. The Good Government League is opposed to C. E. Newcomer, ex-deputy sheriff, who is pushed by the Hubbell faction.

R. N. Maxwell, of Estancia, engaged in boring wells for settlers in the Estancia Valley, arrived in Santa Fe yesterday and today bought supplies. Mr. Maxwell says there are so many settlers coming into the valley that he cannot keep up with the orders for wells. He expects to spend next winter in boring for artesian water if some one does not strike it before that time. He believes artesian flows could be found in this valley.

Mr. and Mrs. E. F. McGinnis, of Beloit, Michigan, are guests at the Palace. Mr. McGinnis is connected with a Chicago school book publishing firm and is traveling through the Southwest in its interest. He is also gathering material for a reader, which will contain articles on the development of the Rocky Mountain states and territories. Articles on New Mexico and its early settlement, as well as later history, will also appear in the reader.

Hon. W. S. Hopewell, vice president of the Santa Fe Central and Albuquerque Eastern Railway Companies, accompanied by J. H. Moore and W. M. Dougherty, of Kansas City, drove overland yesterday to Albuquerque via the Hagan coal fields and reached that town this forenoon. Mr. Hopewell, who is president of the Commercial Club at Albuquerque, and Mrs. Hopewell will do the honors on the occasion of tonight's reception by the club to Governor Hagerman.

The following committee from the Commercial Club of Albuquerque arrived at noon today in a special Pullman car for the purpose of escorting Governor Hagerman to the Duke City this evening: Judge Ira A. Abbott, W. S. Strickler, cashier of the Bank of Commerce; George Arnot, manager for Gross, Kelley & Company; A. B. McGaffey, merchant; Ivan Grunsfeld, merchant; D. A. McPherson, president of the Democrat Publishing Company; E. W. Dobson, attorney; Thomas N. Wilkerson, attorney, and Dr. G. W. Harrison. The committee in company with Governor Hagerman went south on the 4:30 o'clock train. While in the city, its members were entertained by the Governor at luncheon at the Palace Hotel.

The party of new settlers in the Estancia Valley which visited this city yesterday in company with Immigration Agent George W. Harbin, was composed of the following: L. E. Skelley, Charles Myers, Frank Seymour, Tom McBride, Charles Gateskill, Pleasant Hill, Missouri; Isaac Zook, East Lynne, Missouri; A. T. Myers, Joe Scott, John Scott, Charles Scott, Fort Scott, Kansas. They were well pleased with the conditions and resources of the Estancia Valley and have concluded to become permanent residents of that section of New Mexico. They returned to their old homes east today to make the necessary arrangements to sell their holdings there and to move, bag and baggage, to sunny New Mexico. They have been supplied with Bureau of Immigration literature concerning the Territory and will do missionary work in the sections from which they now hail and bring other immigrants to the Sunshine Territory. All are sure they are doing the right thing.

OYSTERS, JUST RIGHT. Take your girl to the Bon Ton and treat her to a dish of those delicious oysters. They will be cooked just as you like them.

The New Mexican bindery is turning out some of the most artistic binding in the Southwest. It is the most completely equipped bindery in the Rocky Mountain states south of Denver.

The jury venires for the March term of the United States court for the First Judicial District and Territorial District Court for Santa Fe County, have been served by the United States marshal and by the sheriff of Santa Fe County, respectively. The term will convene on the first Monday of the coming month.

The weather forecast of New Mexico is generally fair tonight and Thursday. The maximum temperature yesterday was 40 at 2:05 p. m., and the minimum was 27 at 3:20 a. m. The mean for the day was 34. The relative humidity was 89 per cent and the precipitation .12 of an inch. The thermometer at 6 o'clock this morning registered 30 degrees.

There were a number of Santo Domingo and San Felipe Indians in the city yesterday. They brought in a quantity of pottery which was disposed of to curio dealers and tourists. They have started work on their farms preparatory to planting the season's crop. Despite the wintry weather of the past few days, the Indians say an early spring is assured.

The need of better sidewalks and in some places sidewalks of any kind, is again demonstrated. The heavy snow which fell yesterday is fast melting beneath the mild sunlight of Santa Fe and there is considerable mud and slush as a result. It is alright to wear rubbers even on pavements, but citizens will be forced to don boots if something is not done toward repairing the walks soon.

The sale of properties on the delinquent tax list is being continued. Since the first of the week over \$300

SORES THAT DO NOT HEAL

Whenever a sore or ulcer does not heal, no matter on what part of the body it may be, it is because of a poisoned condition of the blood. This poison may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left this vital stream polluted and weak, or because the natural refuse matter of the body, which should pass off through the channels of nature, has been left in the system and absorbed into the circulation. It does not matter how the poison became entrenched in the blood, the fact that the sore is there and does not heal is evidence of a deep, underlying cause. There is nothing that causes more discomfort, worry and anxiety than a festering, discharging sore that resists treatment. The very sight of it is abhorrent and suggests pollution and disease; besides the time and attention required to keep it clean and free from other sufferer grows morbidly anxious, fearing it may be cancerous. Some of those afflicted with an old sore or ulcer know how useless it is to expect a cure from salves, powders, lotions and other external treatment. Through the use of these they have seen the place begin to heal and scab over, and were congratulating themselves that they would soon be rid of the detestable thing, when a fresh supply of poison from the blood would cause the inflammation and old discharge to return and the sore would be as bad or worse than before. Sores that do not heal are not due to outside causes; if they were, external treatment would cure them. They are kept open because the blood is steeped in poison, which finds an outlet through these places. While young people, and even children, sometimes suffer with non-healing sores, those most usually afflicted are persons past middle life. Often, with them, a wart or mole on the face inflames and begins to ulcerate from a little rough handling; or a deep, offensive ulcer develops from a slight cut or bruise. Their vital energies and powers of resistance have grown less, and circulation weaker, and perhaps some taint in the blood, which was held in check by their stronger constitutions of early life, shows itself. It is well to be suspicious of any sore that does not heal readily, because the same germ that produces Cancer is back of every old sore and only needs to be left in the circulation to produce this fatal disease. There is only one way to cure these old sores and ulcers, and that is to get every particle of the poison out of the blood. For this purpose nothing equals S. S. S. It goes down to the very bottom of the trouble, cleanses the blood and makes a permanent cure. S. S. S. enriches the blood and freshens the circulation so that it carries new, strong blood to the diseased parts and allows the place to heal naturally. When this is done the discharge ceases, the sore scabs over and fills in with healthy flesh, and the skin regains its natural color. Book on Sores and ulcers and any medical advice desired will be furnished without charge.

I have had a crippled foot all my life, which compelled me to use a brace. By some unaccountable means this brace caused a bad Ulcer on my leg, about six years ago. I had good medical attention, but the Ulcer got worse. I was induced to try S. S. S., and am glad to say it cured me entirely, and I am convinced that it saved my leg for me. I have, therefore, great faith in S. S. S. and gladly recommend it to all needing a reliable blood medicine. W. J. CATE, Bristol, Va.-Tenn.

Seferino Jimenez, the waiter, who was assaulted and stabbed by a notorious woman last Saturday, is in a serious condition. He may die. A downward stroke of the knife cut a deep gash in one shoulder and the point penetrated the left lung. The other wound was in the side, but is not so serious. Jimenez is being cared for by friends. The woman, although well known, has not been arrested. The officers say that as no complaint has been made against her, and they did not see the crime committed, they can not arrest her.

DEPARTMENT OF THE INTERIOR, U. S. SURVEYOR GENERAL'S OFFICE, SANTA FE, NEW MEXICO, February 8th, 1906. NOTICE NO. 1.

Sealed proposals will be received at this office until 10 o'clock a.m. March 8th, 1906, for running, measuring and marking in accordance with existing official regulations and such special instructions as may be issued by the surveyor-general, the standard township and section lines necessary to subdivide and complete the following townships, viz: East one-half of T. 11 N., R. 5 E.; 29 N., R. 12 E.; 28 N., R. 12 E.; 28 N., R. 13 E.; 16 N., R. 12 W.; 13 N., R. 3 W.; 29 N., R. 8 E.; 27 N., R. 9 E.; 11 N., R. 7 E.; 10 S., R. 11 E.; also all valid small holding claims found to be within any of said townships, and such retracements or re-establishments as may be found to be absolutely necessary. Minimum legal rates of mileage are 35 per mile for standard, 57 for township and 87 for section lines. Intermediate rates are \$13 for standard, \$11 for township and \$7 for section lines. Maximum rates are \$18 per mile for standard, \$15 for township and \$12 for section lines. Special maximum rates are \$25 per mile for standard, \$23 for township and \$20 for section lines. The latter rates to be allowed only where the lines of survey pass over lands mountainous, heavily timbered or covered with dense undergrowth and exceptionally difficult to survey. Party or parties to whom contract or contracts may be awarded must execute the work in their own proper person or persons with such assistants as may be required. Compassman will not be allowed. Bond with approved securities for the faithful performance of the contract will be required of the successful bidder. The right is reserved to reject any and all bids, to waive technical defects, and to accept any part of any bid rejecting the other part if the interests of the Government require it. Proposals must be submitted in duplicate to the undersigned and endorsed on the envelope: "Proposals for Executing Government Surveys. Notice No. 1." The proposals received will be opened at the time and place above stated and bidders are invited to be present at such opening. Further information will be furnished upon application to the undersigned. MORRIS O. LLEWELLYN, Surveyor General for New Mexico.

WEAK, WEARY WOMEN.

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes. Doan's Kidney Pills cure such ills. Have cured women here in Santa Fe. This is one Santa Fe woman's testimony.

Mrs. Juana Arias of San Francisco Street, says: "For a year and a half a pain across my back was very severe and it increased so that I was compelled to take to my bed and stay there for two weeks. C. M. Conklin, knowing my condition, advised the use of Doan's Kidney Pills and they were obtained for me at Ireland's Pharmacy. I used the remedy according to directions when the attack of backache disappeared. This was eight months ago and I have not noticed a return. Previous to using Doan's Kidney Pills I have tried plasters on my back, but I might as well have used as much brown paper. I am only too pleased to recommend a remedy upon which the public can depend."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return, going via the Mexican Central to either Vera Cruz or Tampico, thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip, covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport, and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip can not be planned, as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Mordock, Assistant General Passenger Agent, City of Mexico.

NEW MEXICAN BARGAINS.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound, \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901, and 1903, English and Spanish pamphlet, \$2.25; full leather, \$3; Sheriff's Flexible-Cover Pocket Docket, single, \$1.25; two or more books, \$1 each; New Mexico Supreme Court Reports, Nos. 3 to 10, inclusive, delivered at publishers' price, \$3.30 each; Compilation Corporation Laws, 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50 delivered; full flat school books.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1906.

Chamberlain's Cough Remedy

Cures Colds, Croup and Whooping Cough.

Rest the Stomach

Nothing will cure indigestion that doesn't digest the food, itself, and give the stomach a perfect rest.

You can't reasonably expect that any weak stomach will regain its strength and get well when it is compelled to do the full work that a sound stomach should do.

You wouldn't expect a sick horse to get well when it is compelled to do a full day's work every day of the week.

Your stomach must have rest.

But it isn't necessary to starve yourself in order to rest your stomach.

Kodol Dyspepsia Cure is a perfect digestant. It will digest all of the food you eat regardless of the condition of your stomach.

Kodol Dyspepsia Cure

For Indigestion, Dyspepsia, Sour Stomach, Flatulence, Headache, Water Brash, Belching of Gas, Nausea, Gastritis, Heartburn and all troubles arising from indigestion and non-assimilation of the food.

I had dyspepsia in its worst form; was reduced in weight to 118 pounds. After using two and one-half bottles of Kodol, I was completely cured and restored to my usual weight of 145 pounds.

Cheap Rate to California!

Californians raise gold—they don't mine much now. An easier way has been found than that! It is now obtained by farming. The alchemy of nature converts the oranges, lemons, olives, grapes, wheat, alfalfa and other products of the soil into good clothes, comfortable residences, and assuring bank accounts. 'Tis being done every day in California. Wouldn't it pay you to inquire into this? Better yet, why not go there?

A Broad Hint

[Original.]
The town of Brookmeadow was built on two adjoining contiguous plots in a far western territory. It was not a large town, the inhabitants numbering not more than 100 families, and nearly all of these were original settlers. The people of Brookmeadow did not encourage newcomers. They were a hard headed sort and did not take kindly to mushroom growth. "What good would it do us," said a citizen to one who asked what inducements the people would give him to settle among them, "to get in a lot of strangers? As we are, we don't need any government except on special occasions. No, sir, we don't want strangers."

One day a settler came to town who did not ask permission—a sleek, oily man who could absorb information as silently as the sun sucks up water, but never gave out any. A few days after his arrival a "shingle" was hung out on the street bearing the inscription "Anthony Waxem, Attorney-at-Law." Brookmeadow thus far had no professional man except a doctor and a parson. The introduction of a lawyer was considered superfluous, and the question was raised whether Mr. Waxem be allowed to remain. "What's the use a-doin' anything," said old Honker, "as will do itself? If a lawyer can make a livin' in this community, for my part I'd let him stay. It's my opinion he'll starve." Old Honker's opinion was held in great respect in the town, and it was decided that the lawyer should not be interfered with.

When Mr. Waxem had been in Brookmeadow three months no citizen had given him a case, and it was not believed that he had had a case. He had spent much of his time away and had been seen by several of his fellow townsmen at different times at the frame shanty located at the county seat called the courthouse. But since he had no law business and no prospects of any, his early departure was looked for.

One morning there was a surprise sprung on the citizens of Brookmeadow. When they gathered at the postoffice to get their mail the postmaster handed each and every owner of property carved out of one of the contiguous tracts on which the town was built a note bearing on the corner of the envelope the name of "Anthony Waxem, Attorney-at-Law." The recipients of these notes were informed that there was a flaw in the title of the original tract whereon their property was located. Mr. Waxem had picked up the flaw and for a consideration would give a quitclaim deed to every lot. If this was not satisfactory he gave notice that he would begin suits of ejectment.

Thus half the citizens of Brookmeadow had been eured by the man whom they had been waiting to see starve or depart. They were not an excitable people, but every man left the postoffice with a lowering brow. That evening a group of prominent citizens assembled in the meeting house and appointed a committee to have the records searched with a view to determining Mr. Waxem's position, and if it was secure to take such measures as were necessary toward clearing the title.

It was one week before the committee were ready to act; then they went in a body to Mr. Waxem's office. That gentleman, being perfectly confident of his legal position and believing that they had come to offer a compromise, though he received them urbanely, resolved that he would not give an inch from his original demands.

"Mr. Waxem," said the chairman, "we have taken legal advice and find that you are right. But these people bought their lots in good faith and will not pay blood money. Many of them can't afford to pay, and if you insist

they must be turned out of their homes. Now, we have decided to give up that part of the town the title of which you are interested in to you, removing all the houses to the other tract. Will that satisfy you?"

"Perfectly," said the lawyer, considering the proposition a bluff.

"With one proviso," continued the chairman—"that the property held by you is to be used for a cemetery."

This singular provision somewhat puzzled Mr. Waxem. "We shall need," continued the chairman, "a corpse with which to open the cemetery, and we have thought that in order to do away with all dispute in reference to the title that corpse should be the person holding an undisputed right to occupy the property."

As the chairman spoke the last words he opened a package he carried under his arm rolled in an old newspaper and displayed about twenty feet of rope, at one end of which was a noose.

Mr. Waxem had by this time caught the spirit of the argument and turned pale.

"Since the dedication and opening of the new cemetery," the chairman went on, "are appointed for tomorrow afternoon at 3 o'clock perhaps we'd better prepare the corpse."

The chairman cast his eyes to the ceiling with a view to discovering something to which the rope might be fixed. Mr. Waxem shook from the bald spot on the top of his head to the soles of his boots.

"Maybe," suggested one of the committee, "Mr. Waxem would prefer to prepare the corpse himself." Would you, Mr. Waxem?

Mr. Waxem promised that the corpse should be ready on time, and the committee departed. The next morning the law office was closed and the lawyer nowhere to be seen. He had taken the hint and left on the midnight train.

VALENTINE DAY.

Over-Worked Poets Flooded the Market—Mail Carriers Deliver Many Missives.

Today was Valentine day. As a result the mailmen all carried heaping sacks of dainty envelopes covered with addresses in disguised writing. All the love lorn youths and maidens of the country took advantage of the ancient custom to send out envelopes and boxes containing gorgeous affairs of paper, paint and celluloid bearing verses outlining the particular brand of affections essayed by the senders. The children spent their pennies lavishly in the purchase of comic valentines with which to pay off old scores with parents or teachers. There were many new valentines on the market this year; there were new pictures, new verses and new designs galore. The old time rhyme of

Roses red and violets blue,
Sugar's sweet and so are you,
has passed into the days that were. It would take a column of space to even give an idea of the modern versions. If you care to know, just open your mail today.

ESTANCIA NOTES.

Numerous Homeseekers Looking Over Valley—Changes and Improvements Made.

Special to the New Mexican.

Estancia, N. M., Feb. 13.—L. A. Bond has moved his stock of merchandise into the James Walker building, at the corner of Fifth Street and Williams Avenue. The building vacated by Mr. Bond has been purchased by Dunlavy and Garnett and will be occupied by their hardware store.

R. A. Marble is erecting a nest cottage on one of his lots near the park which will be rented as soon as completed. There is need of one hundred such buildings here to accommodate the constantly increasing demand for residences.

Dr. J. C. Amble of Manzano, spent a few days in town the first of the week and took the train south with the intention of visiting Mexico City and other places of interest in the Republic.

G. W. Harbin arrived a few days ago with a number of home seekers from Iowa and Kansas, who have been looking over the valley with the intention of locating.

Hawkins & Hyatt have their new deep well drill in operation now and Mr. Hawkins is drilling two wells on his claim south of town on which he will place large pumps with a view to irrigating a considerable tract of land.

Rev. J. G. Ruoff has been holding revival services in the dining room of the Valley Hotel the past two weeks and will continue next week with the aid of Rev. J. L. Shively, pastor of the M. E. Church of Santa Fe.

ABOUT BAND.

Citizen Interested in Organization, Makes Statement About Age Limit in Regular Army.

A musician of this city, who took and still takes considerable interest in band matters, called on the New Mexican office today and stated that he had read the item to the effect that the members of the First Artillery Band would be mustered out because they were over 45 years of age.

He states that, in the United States Army, musicians are re-enlisted right along and are kept in service until they retire at 60 years of age. The army regulations state that men shall not be eligible for enlistment except between the ages of twenty-one and thirty-five years, but there is no age limit for re-enlistment, especially not for members of bands. The military authorities being anxious to keep them until the age limit of sixty years is reached in the service.

This musician also states that, as the band has been in service for eleven years, its members under this regulation could be re-enlisted for an indefinite period until too old to perform duty, which, with musicians, is not reached until they become older than sixty years.

This reader of the New Mexican desired this statement made in order to have it brought to the attention of the adjutant general.

STEALS DEPUTY'S HORSE AND IS ARRESTED.

Trinidad, Colo., Feb. 14.—While attempting to steal a horse and buggy Felix Martinez displayed poor judgment, as the outfit belonged to Under Sheriff Lew Kreger, who captured Martinez and placed him in the county jail.

The officer was calling upon some friends in the north part of the city and left his horse in front of the residence. As he came out he saw Martinez climbing in the buggy preparing to drive away. The officer captured his man after beating him into submission with a six shooter.

Martinez is a stranger here, claiming to have come from Old Mexico.

The New Mexican Printing Company is prepared to do the best of brief work in short order and at very reasonable rates. Lawyers, who desire to have their briefs printed rapidly and correctly and to present them to the Supreme Court now in session here on time, should call on the New Mexican Printing Company and leave their work there.
