FORAKER AMENDMENT GAINING

Claims Made That It Will Pass the Senate

BY A MAJORITY OF FIVE

Impression Increasing That Territories Should Have Right to Vote.

Special to The New Mexican.

Washington, D. C., Feb. 17.—The statehood situation is changing almost daily and today it is asserted that the Foraker amendment will have a majority of five votes when the Hamilton bill comes to a vote, and it may have more.

The idea is gaining ground among senators and representatives that the people of New Mexico and Arizona will vote to accept joint statehood, and hence that the test of submitting the measure to separate vote of the people of each Territory will be for the good of the joint statehood cause. It is believed that the Republican leaders of the House of Representatives are coming to the same opinion and that there will be no trouble in having the House concur in the Foraker and other amendments to the bill.

A vote is not expected to be reached until the middle of March, as many senators desire to talk upon the question and as the Democrats under the leadership of Senators Teller and Patterson will oppose the measure to a considerable extent.

WASHINGTON REPORT.

Washington, Feb. 17.—The belief officially here is that the recent prolonged interruption of the submarine cables in West Indian waters was the precursor of great seismic disturbances, was confirmed by the receipt of a cablegram dated Fort de France, Island of Martinique yesterday from American Consul Jewell as follows: "The most violent earthquake shook in sixty-four years prevailed over the entire island at 2 o'clock this afternoon. There was no great damage."

EARTHQUAKES

Interfere With Transmission of Messages Over Cable to West Indies.

St. Thomas, D. W. I., Feb. 17.—Officials of the cable company have sent out notices that messages to the island of St. Vincent and the Barbadoes, British West Indies, are subject to delay. Earthquakes were felt today at Dominica, St. Lucia and Guadalupe. At Castries, Island of St. Lucia, one was very heavy, damaging nearly all the walls and buildings in the town.

Castries, Islands of St. Lucia, Feb. 17.—Following the earlier earthquakes of yesterday, another shock was felt yesterday at 5:45 and loud detonations and shocks occurred until 3 this afternoon. Business is suspended and some large residences were badly damaged. All communication with St. Vincent and the Barbadoes severed by the earthquakes.

SIX ARRESTED.

Russians Provided With Bombs and Poisons Were Ready to Deal Death.

St. Petersburg, Feb. 17.—An important arrest of six social revolutionists, lavishly provided with explosives and bombs, who it is believed were planning an attempt on the life of General Dubasoff, of Moscow, was made here yesterday evening just previous to their departure for Moscow.

The police also took into custody eight terrorists belonging to another group at whose residence was found cyanide of potassium and other deadly chemicals, sufficient it is said, to kill half the population of St. Petersburg, and thousands of revolutionary proclamations.

It is suspected that the terrorists, failing to reach prominent persons here by open violence, are about to use the more subtle means of poison.

GERMAN TREATY.

Action of Government in Asking Tariff Rates for United States Causes Stir.

Berlin, Feb. 17.—The German government's decision to ask the Reichstag early next week to give the United States the same tariff rates as the commercial treaty countries has been widely printed in the German press and confirmed at the foreign office. Comment upon the government's intention is generally unfavorable. The agrarian papers in some instances regard the news as incredible.

HEARS NEWS.

Conley Had Given Up All Hope When Reprieve Reached the Sheriff.

Taos, N. M., Feb. 16.—The messenger who left here Thursday for Embudo to bring any message or document bearing upon the Conley case issued by any of the judges of the Supreme Court, or by the Governor of the Territory, reached here early this morning with the ten days' reprieve granted by Governor Hagerman.

At Conley's request, Reverend W. C. Buell called upon him Thursday morning. After he left, Conley seemed more cheerful than at any time since his return to Taos. Ex-Sheriff H. C. Kinsell, of Santa Fe, tested the scaffold, rope and trap yesterday afternoon. Two bags of salt weighing 165 pounds were dropped several times and everything worked like a charm.

A friend sent Conley the best supper the hotel could prepare Thursday evening and he ate heartily. "That is the only meal I have had since I have been back to Taos," he said.

Mr. Kinsell and the writer visited him in his cell Thursday night to cheer him, but at 11 o'clock, as the messenger had not returned, he gave up hope, asked that a minister be with him tomorrow, gave the writer three letters to mail and arranged some business matters. A fourth letter addressed to his friend George B. Paxton, he tore up. "I'll not send it, he feels bad enough anyway, poor fellow, and it might make him feel worse," he said. "It don't make much difference, I feel that the world has gone back on me. It's horrible though, to be hung like a dog, it isn't as if I were guilty; but I am innocent. It is simply a legal murder. So far as the killing is concerned, I do not care that," and he snapped his finger. "My conscience is perfectly clear on that."

When the writer in response to a request gave him a synopsis of what had been written for the New Mexican, his eyes filled with tears which rolled down his cheeks, but he said no word. When he was informed that the hanging would be secluded and only a limited number would witness it, he said: "Well, that is some consolation; it won't be public."

He is restless one moment and the next makes a strenuous effort to appear calm.

At 2 o'clock Friday morning the messenger arrived with two copies of the reprieve for Conley; one was addressed to J. B. Lusk, his attorney here, and the other to the sheriff, both read as follows: "I hereby grant a respite in case of John Conley for ten days from this date in order to inquire into the report as to his sanity. You are directed to suspend execution accordingly. Special messenger arrives tomorrow."

"H. J. HAGERMAN, Governor of New Mexico." J. B. Lusk gave the good news to Conley at 2:30 o'clock in the morning. Conley was just preparing to lie down, when the welcome words were spoken to him who had abandoned hope.

"I am thankful for that; there is now some chance; I am thankful for that," said Conley.

Before the news of his reprieve reached him, and in anticipation of his death on the following afternoon, Conley on Thursday evening drew up a lengthy statement relating in detail the events that brought him within the shadow of the gallows. This statement is in the hands of the Daily New Mexican, but in accordance with the promise given the doomed man, will not be published unless he is executed.

TEMPORARY PEACE.

Russian Cabinet Will Not Be Disrupted By Request of the Emperor.

St. Petersburg, Feb. 17.—A temporary peace has been patched up between Premier Witte and Interior Minister Durnove and the disruption of the cabinet has been averted at the moment when the strain was apparently at a breaking point.

The latest development was due to the direct intervention of the Emperor who insisted that both men should remain in the cabinet. The agreement, however, rests only upon the personal influence of the Emperor, who is none too stable.

The premier's desire for the relaxation of repressive measures is understood to have prevailed for the present, but the Durnove and Ignatieff forces are unwilling to accept defeat as permanent and still have a mighty influence at court.

M'CALL WORSE.

Physicians Practically Give Up All Hopes of His Ultimate Recovery.

Lakewood, N. J., Feb. 17.—The physicians of John A. McCall, former president of the New York Life, today announced that almost all hopes for his recovery have been abandoned. He was much weaker today than at any previous time during his illness.

SOCIETY'S EYES ON WASHINGTON

Longworth - Roosevelt Wedding Took Place

AT NOON HOUR TODAY

Impressive Ceremony Performed by Episcopal Bishop--Decorations.

Washington, Feb. 17.—In the beautiful white and gold room of the White House a few minutes after noon today, the Venerable Right Rev. Henry V. Satterlee, Bishop of Washington, of the Protestant Episcopal Church, announced the fateful words which united in marriage Alice Lee Roosevelt, eldest daughter of President Roosevelt, of the United States, and Nicholas Longworth, Representative in Congress from the district of Ohio.

The ceremony was simple, but beautiful and impressive, and was attended with all the beauty of the Cathedral service. It was witnessed by one of the most brilliant and distinguished assemblages ever gathered in the White House, approximately all of the thousand invited being present.

Twelfth Bride.

Miss Roosevelt was the twelfth bride, according to accepted authorities, to plight her troth within the classic walls of the executive mansion.

The guests bidden to the ceremony began arriving shortly after 11 o'clock. They entered by the east terrace and passed up the main stairway directly to the historic East room. This famous room was exquisite in its classic splendor. The warm sunshine of a perfect February day flooded the room rendering it unnecessary to use the hundreds of electric lamps which had been placed about the apartment.

The floral decorations were most elaborate. Behind in the vestibule was stationed the magnificent marine band orchestra. A special program had been prepared for the wedding, the music being selected by Miss Roosevelt herself for the most part.

A few minutes before noon, Mrs. Roosevelt, accompanied by members of her immediate family, descended the main stair case and under the escort of several military aides entered the East room by the main doors.

Bride Enters.

Promptly on the stroke of noon, Miss Roosevelt, escorted by the President proceeded to the East room preceded by ushers, all of whom were personal friends of Congressman Longworth.

Miss Roosevelt never looked better. Her bridal dress was a magnificent creation of heavy white satin, point lace, chiffon, filmy tulle and silver brocade. The ushers who were in couples, separated as they reached the platform and the President passed through two lines and presented his daughter to the waiting bridegroom, who stepped forward to receive her.

Together they ascended the platform where Bishop Satterlee, in imposing robes of office, already was standing. The guests seemed scarcely to breathe, so intent were they to catch every syllable of the beautiful service.

Beautiful Service.

In low, yet resonant tones, the Bishop began. At the conclusion of the responses from the bride and groom the venerable Bishop inquired in a tone that filled the great room: "Who giveth this woman to be married to this man?"

The President of the United States ascended the platform and taking his daughter's right hand, placed it in that of the bridegroom. Thus he gave the bride away to the man of her choice and by the ring, which a moment later the groom placed on her fourth finger of the left hand, she became Mrs. Nicholas Longworth.

At the conclusion of the ceremony the assembled guests were received by Mr. and Mrs. Longworth on the platform and beneath the floral bower where their hands and hearts were joined forever. They were showered with congratulations.

The guests were then received in the Blue room by President and Mrs. Roosevelt.

After an informal reception a bridal breakfast was served in buffet form, in the state and private dining rooms.

ALEXANDER BETTER.

Former Insurance President Alexander of Equitable Better at His Home.

New York, Feb. 17.—James W. Alexander, former president of the Equitable Life, who is in a critical condition at his home here, following a surgical operation, was reported today by his physicians to be rallying.

CONTINUED PROSPERITY IN VALLEY

Homeseekers Are Crowding Into Pecos Section.

LAND VALUES INCREASE

Hondo Irrigation System Being Completed-- Artesian Wells Increasing.

L. W. Bartholomew, who has resided with his wife during the past year in the Tesuque Valley and who recently visited the Pecos River country, returned yesterday for the purpose of arranging to move permanently to Carlsbad, Eddy County, where he and Mrs. Bartholomew will make their future home, the altitude here being too high for Mrs. Bartholomew.

Mr. Bartholomew is very favorably impressed with conditions in Chaves and Eddy Counties and will likely have employment with the engineering corps under W. M. Read, engineer in charge of the construction of the Hondo reservoir system and of other irrigation systems in the Pecos Valley.

Chaves and Eddy Counties are increasing rapidly in population. Lands under the Hondo reservoir project have greatly appreciated in value of late and are now selling at \$40 per acre.

Values Increase.

It is believed that these lands will increase in value right along and in two or three years will be worth \$100 per acre. Many new artesian wells are being brought into use; one of the latest spouters flows 4,000 gallons per minute. The jet is eleven feet high and comes from an eight inch pipe. This is located near Artesia. Homeseekers' excursions from the northwestern states are arriving in the valley twice a month and one excursion last week brought over 500 homeseekers, most of whom, after looking over the country, remained as permanent settlers. The cities of Roswell and Carlsbad are growing rapidly and in fact so is every other town in the two counties.

The indications are that in the "four mile tract" a few miles east of Roswell, merchantable oil in good quantities will be struck at an early date. Drilling for it is constantly going on and favorable indications are increasing as depth is attained.

Liked Here.

Mr. Bartholomew is sorry to be compelled to leave the Tesuque Valley, as he believes that the Santa Fe and the Tesuque Valleys and the Rio Grande section in northern Santa Fe County have great futures before them in the agricultural and horticultural lines. There is abundance of water in the valleys, which, if husbanded and stored in suitable reservoirs, would irrigate tens of thousands of acres in these valleys and would make them profitable orchards, vegetable gardens and fields of cereals.

There is no alkali in the soil of these valleys, as he knows from personal experience. From experiments made, he is sure that this section especially could be made one of the best locations for the raising of onions, celery and other vegetables. He thinks that the citizens of Santa Fe should induce the proper officials of the U. S. Reclamation Service to carefully investigate the conditions of the valleys named with a view to inducing the Reclamation Service to construct an irrigation system, dam and reservoir here.

Many Friends.

Mr. Bartholomew, during his residence at Tesuque, made many friends and leaves this county with an enviable record as a bright and energetic young man. He proposes in his new home to do as well as anybody and will promptly identify himself with the interests of the Pecos Valley.

Mr. Bartholomew went to Roswell via Torrance and via the automobile line. He describes the trip as a splendid one, exhilarating and very pleasant. It was one of the most delightful experiences in all his travels and he recommends tourists and those who desire to visit the Pecos Valley from central New Mexico on business to use the automobile line. His going and return trip were made in six hours each and there were no discomforts.

Each traveler is equipped by the automobile management with the necessary cap, goggles, gloves and blankets. The trip can be made without the least inconvenience. The business of the line is steadily on the increase and no trip is made with less than two passengers and often more. The saving via the automobile line is over ten dollars in money and over a day in time. The distance from Santa Fe to Roswell, via the automobile line, is 226 miles, when by rail via El Paso or Trinidad, it is over 700 miles.

GOVERNOR'S RETURN.

E. A. Walker May Be Appointed Probate Clerk of Bernalillo County.

Special to The New Mexican.

Albuquerque, N. M., Feb. 17.—Governor Herbert J. Hagerman and most of the Santa Feans, who were here to attend the Hagerman banquet and who were present at the meeting of the Bankers' Association left this morning for the Capital.

It is understood here that Governor Hagerman will speedily take action to fill the office of probate clerk and ex-officio collector of Bernalillo County, made vacant by the death of J. A. Summers, but will appoint neither of the two leading candidates, Siegfried Grunsfeld and E. C. Newcomer, but the appointment in all likelihood will go to E. A. Walker, a lumber merchant who was clerk of the First Judicial District Court from 1889 to 1903, when Judge W. D. Lee was the presiding judge.

Governor Hagerman expressed himself before leaving as greatly pleased with the reception and treatment accorded him by the Albuquerque Commercial Club and citizens and said that he spent his time here very agreeably and pleasantly.

No Action Today.

The successor of James A. Summers, late probate clerk of Bernalillo County, who died Tuesday night, has not yet been appointed by Governor Herbert J. Hagerman. The Governor returned from Albuquerque today after looking over the political field in the Duke City and vicinity. He said that he had not decided upon the appointee as yet but would probably announce the name on Monday. Regarding the appointment of a successor to Anastasio Gonzales, assessor of Santa Fe County, who a street rumor says, is to resign, Governor Hagerman said:

"I have not been notified that Mr. Gonzales is to resign and even in that event, I should not consider the matter until a vacancy really existed. I know nothing whatever about the rumor of the place being vacated."

DENIES RUMORS.

Chinese Minister Says Foreigners Are in No Personal Danger From Yellow Men.

Washington, D. C., Feb. 17.—The Post today says: "There is no danger whatever of an uprising in China against foreigners," said Sir Chen-tung Liang Chang, the Chinese minister.

"It is true, of course, that there is a political agitation in China, but its object is to create such an excitement as to cause complications with a view of crippling, if not wholly destroying, the present dynasty. I do not mean that China is threatened with a revolution, but a small party of discontented is striving desperately to start a revolution. The movement will not be strong or dangerous."

If, as a result of the agitation now going on a worthy foreigner is harmed the Emperor's soldiers will pounce upon the community that harbors the miscreants and lay it waste, should they be unable to find every one of the scoundrels responsible."

He added that millions of dollars have been expended in the last six years in bringing the army up to the proper condition of efficiency, and it is now able to cope with any uprising.

J. FRANK COOK DEAD.

Respected and Old Resident of Socorro Crosses the Great River--Masonic Funeral.

Special to The New Mexican.

Socorro, N. M., Feb. 17.—John Frank Cook, a respected and well known citizen of this city and county, died late last evening at his home in this city after a lingering illness.

The deceased was born in Washington County, Virginia, June 29th, 1842, and came to New Mexico in 1881. He took up his residence in this county and engaged in stock growing in which he was successful attaining a competency. He was popular and respected as he was a man of very humane instincts, honest in his dealings and attentive to business. Deceased leaves a widow and two grown sons, one of the sons being in business in Socorro.

His death is greatly deplored in this community and by his many friends in this county. He was a member of Socorro Lodge No. 9, Free Masons, which lodge will have charge of the funeral, which will take place tomorrow. He was also a member of the Scottish Rite of Free Masonry, having attained a 32nd degree in that rite.

RACE TRACK DECISION OF SUPREME COURT

Nashville, Tenn., Feb. 17.—The supreme court today declared the Rice-Ligon anti-race track betting bill unconstitutional. If there are no intervening steps by those favoring the bill the decision means that horse racing will be resumed in Tennessee this spring.

THIS CITY MAY SECURE SCHOOL

Mary James Institute for Boys Still

WITHOUT A LOCATION

Mayor Gibson While in New York Explained Situation to the Board.

"I believe that Santa Fe will yet secure the Mary James School for boys if the citizens show out a small amount of public spirit."

This statement was made today by Mayor A. R. Gibson, who returned last night from a month's visit in New York City, where he attended a meeting of the Presbyterian Board of Home Missions at which Mrs. Mary James, after whom the school is to be named, was also present. Attorney R. H. Hanna was in attendance at the board meeting and assisted Mayor Gibson in a strong plea in favor of locating the school at Santa Fe. In speaking of the meeting which was held about two weeks ago, Mr. Gibson said:

"Albuquerque has not been selected as the place for this school by any means and I do not believe that it will be. Mr. Hanna and myself made a comparison of the two cities which could not but reflect credit upon the Capital City. We told the board members of the pure water of this city as compared to the alkali-tainted water of Albuquerque; we also informed them of the fact that dust storms and mosquitoes contributed to the vicissitudes of life in Albuquerque, whereas, such things were unheard of in our city."

Moral Difference.

A strong argument in Santa Fe's favor was our statement that whereas, Albuquerque has thirty or forty saloons and many dens of vice, in the very heart of the city and tacitly permitted by the city government, there are but seven saloons in this city and that Santa Fe was the first place in New Mexico to close saloons on Sunday and is discountenancing dens of vice instead of gathering revenue from them. One thing which was noted by the board with interest was our statement that as Santa Fe was not on a main railroad line, the city was not filled to overflow every season with the worthless hobo population which always follows a railroad. Among other things we did not neglect to mention the fine winter climate of this city which has no peer as is generally conceded. We also told the board members of the water main which the Santa Fe Water and Light Company has agreed to donate and which in itself will cost something like \$1,500.

"We stated in addition, that we knew of at least ten towns in Michigan, Ohio, and Washington, and other states where donations for the purpose of establishing this school had been made with the distinct understanding that the institution would be located at Santa Fe. We had letters from the subscribers to prove our statement."

"Professor Willis Baer, formerly of Cleveland but now of New York City, who is interested in the home missionary work, aided us greatly."

Mrs. James Talked.

"Upon the conclusion of our talks before the Board, Mrs. Mary James said: 'What you gentlemen have said has impressed us more than all that has been spoken or written upon this matter since it was first agitated. If conditions are as you assert, I think it very probable that our school will be located in your city. The location of this school has not been definitely decided, and we can assure you that it will not be until all has been thoroughly investigated.'

"We then told them," said Mayor Gibson, "that our idea in securing this school was not based upon a mere matter of the added money it would bring to our city, but that we were desirous of obtaining the strong moral influence such an institution would carry with it. This pleased the Board members greatly."

"There is a strip of land known as the Ellis property between the proposed site of the school north of the Federal building and the Fort Marcy addition. I told the Board members that as present conditions existed, the city was unable to buy this property for the school. I proposed, however, that the Board purchase this property, secure the title and let the city pay for it at the rate of \$100 or so a year. This plan seemed to meet with favor."

"Now, it is simply up to the citizens here, whether or not Santa Fe shall secure this institution. If those who are to be most benefited by it would come to the fore, there would be no trouble at all in having it located in Santa Fe."

PREPARING FOR TROUBLE IN CHINA.

Secretary Root appeared before the Senate committee on Philippine affairs a few days ago and declared that the situation in China is critical and that \$100,000 is needed at once for the erection of barracks at Manila, where a naval base is being established to meet alarming conditions. He told Mr. Hale that more troops will be needed for service in the far east, where nine regiments are already stationed. Three more regiments are on the way. President Wang Fong, of the Six Companies, in his warning to American friends, said: "The blow is about to fall. Cable warnings to friends to leave China at once. Tell them to get out of the country before February 24." Secretaries Root and Taft, while believing that an uprising will occur in China in the near future, are not of the opinion that it will begin as soon as the 24th. While there is difference of opinion as to the time of the threatened uprising against American residents, there is no contention as to the fact itself being true.

During the Sino-Japanese war it will be remembered, that many of the Chinese soldiers were armed with bows, arrows, spears and shields, but a few years have gone by since then and a change, as if by magic, has taken place. Last October thirty military attaches accepted an invitation to witness military maneuvers at Ho-Chien. All passed pleasantly until the ground was reached. Then the military experts had the surprise of their lives. They went to be amused. They came away grave and thoughtful.

There is nothing in a military organization that foreign experts watch more closely than its transport service. The efficiency of that branch is regarded as the index of the efficiency of the army as a whole and new armies almost invariably display weakness in this respect. For the Chinese maneuvers the troops had been drawn from widely separated districts. They were concentrated at a point over fifty miles away from the nearest barracks, and in some instances hundreds of miles away from their home stations. The scheme thus necessitated the employment of a great deal of transport to provide tents, bedding and food. Under similar conditions many an organization in Europe or America would have broken down. Even in Germany there have been instances in recent years of troops engaged in maneuvers marching all day and bivouacking at night without food or shelter.

The Chinese had therefore set themselves a task at which many a commander in the west would have quailed. Yet everything worked perfectly. The commissariat was efficient to so high a degree that nothing had to be bought in the villages in the neighborhood of the maneuvers. As proof of how well handled the troops were the foreigners remark that throughout four hot and trying days hardly a man fell out.

China has shown her ability to perfect a military organization equal to the armies of the Occident. But what about the ultimate test, the real test, the quality of her troops?

When it is remembered the great difficulty that was experienced with the transport of supplies during the late Spanish war, the surprise of the foreign military experts can easily be understood.

At the Ho-Chien maneuvers the excellence of the organization surprised the foreigners, but the discipline and appearance of the troops surprised them even more. It is evident to any one at all conversant with the matter that great study, care and application must have been used to bring the bow and arrow shooters up to such military skill in the short space of a dozen years.

War with China will not be the military picnic it used to be and it is advisable for the military authorities of this country to take every precaution to protect American merchants, missionaries and travelers in China from violence and death. The commercial interests of the United States in China are great and growing and this country cannot afford to have them injured by the actions of mobs, either with or without connivance of the Celestial government.

NEW MEXICO AND ARIZONA AS TWO STATES IN DUE COURSE OF TIME.

Among the best and most sensible editorial expressions on the question of statehood for New Mexico and Arizona of late have been those in the Washington Post, a paper published at the National Capital of wide circulation and great influence. The New Mexican has taken occasion to reproduce several of these as very timely, fair and in point. Another valuable article from the Post, which appeared in its columns last Monday hits the nail on the head and gives the situation in a very clear and concise manner. The Post says:

"What objection can New Hampshire, Vermont, Rhode Island, and Delaware make to an amendment to the statehood bill providing that as soon as Arizona and New Mexico each shall have a population entitling them to two seats in Congress they shall be admitted to the Union as separate and sovereign states? There can be but one objection in the world, and that is that they would be western states; and right there is the meat of the whole question. Annex New Brunswick and this Congress and the next would make two states of it."

"Nevada was admitted to the Union on a telegraph dispatch, and has been the 'Old Sarum' of the American electorate for more than two score years, but that was political. The Republican party needed votes in the Senate, and that is how West Virginia and Nevada got to be states. There should be no politics in this statehood bill. The only thing Congress ought to consider is the expediency of it. But we should not forget the justice of it."

"The foundation stone of the American system, according to the fathers and the doctrinaires, is home rule. That is an idea that New England is beginning to treat with considerable hospitality; but if New England shall refuse to grant home rule to Arizona, how will she have the face to demand it for herself when the time comes, as come it will before the Union is many decades older?"

"Oklahoma has been kept out of the Union for years to serve as a club with which to chastise those who oppose the amalgamation of Arizona and New Mexico. There is no doubt that each of those territories is capable of supporting a population of millions. The system of irrigation which the government has adopted will make great agricultural communities of both of them, and their mineral resources will add enormously to the aggregate wealth of the people."

"The opposition to separate statehood is conclusively answered in the proposition for single statehood. If they are fit for one state they are fit for two. If there is virtuous population and energy there, at present for one state, statehood for each will soon bring to each double the virtue and double the energy both now have."

"And why were two states made of Dakota? There are ten reasons for making two states of Arizona and New Mexico where there was one reason for making two Dakotas."

THE BOARD OF EDUCATION DID THE RIGHT THING.

The action of the City Board of Education in selling the lot owned by it on Grant Avenue to the local lodge of Elks is approved by the patriotic and progressive citizens of the Capital City. It is well known that the lot is worth probably three times what the local Elks are willing to pay for it, but in view of the fact that a handsome and commodious opera house will be erected thereon by the projectors, the decreased price obtained for it by the Board of Education will be more than compensated by the increase of values of other real estate held by the board and by the building of the handsome and needed structure promised. This is an instance where the Board of Education could well afford to be generous and to give up a temporary pecuniary advantage for the much greater benefits to be derived from the transaction thereafter. The vote stood five to two, one member being absent. President Thomas B. Catron of the board, and Judge N. B. Laughlin were opposed to the proposition, the latter was willing to give a portion of the lot at a reduced price. The former was opposed to the project altogether.

Doleful stories come from Japan. The people of the northern part of the island empire are experiencing actual starvation as poor crops were gathered in 1904 and in 1905, on account of the great scarcity of men and their absence from the country. Starvation and misery are the rule although the Japanese government is doing all that it can to bridge over the difficulties. Japan is paying for its success in the Russo-Japanese struggle in a manner that its government and its people did not contemplate when that war commenced. Russia has many troubles as a result of that war but Japan seems to have its share of them. The President of the United States has called upon the people of this country to aid Japan in its dire extremity and it is hoped that good results will come from the President's appeal, in which there is the following sentence: "It is a calamity that may occasionally befall any nation, and the nations, like men, should stand ever ready to help each other in distress."

It is no wonder the Count de Castellane does not care to accede to the wishes of the Countess Anna Gould de Castellane in the matter of the divorce desired by the latter. He owes \$3,000,000, and Madame wants to set him with him for \$5,000 per year. Cas but he is not as big a fool as he looks.

NEW MEXICO NOT ALONE IN TAX TROUBLE.

In the good old state of Missouri, they are also having tax troubles, and in fact they seem to be greater, proportionately than they are in this Territory. It being true that Missouri is an old state, rich and powerful and that its legislatures have had many, many years of experience in legislating upon the tax question, this is rather strange. There seem to be as much tax dodging and perjury concerning assessments in that sovereign state as there are in New Mexico, indeed, according to the ratio of population a great deal more. The Kansas City Journal in a recent editorial gives a rather interesting view of the situation in this respect and says that Governor Folk is doing considerable floundering in his attempt to reform taxation. He quickly discovered his blunder in recommending that a premium be put upon perjury and that farmers and other land owners be compelled to bear the brunt of the tax burden. So he hedges by saying that personal taxes should be imposed and collected locally, because then there could be no evasion, as everyone would be concerned to see that everyone else paid his honest share. Is it possible that Governor Folk doesn't know that there is now as much dodging of city taxes as of state taxes? What reason is there for supposing that additional local taxation of personal property would be any more productive of honest results than that which already exists? The governor talks on this subject like a school boy—and not a very bright school boy at that.

"What may have created the suspicion of an eleventh hour repentance in the case of our dear Brother Elkins is the circumstance that his term in the Senate expires next year. May God be merciful to Brother Elkins and give him assurance of his abundant acceptance into the kingdom of reform. The Lord help!"—Kansas City Star.

The Star need not worry about Brother Elkins. We, here in New Mexico, have known Senator Elkins right well for about forty-three years and are sure that he can take excellent care of himself. The chances that he will succeed himself as U. S. Senator from the state of West Virginia are of the best, while the chances of any other possible candidate are so small that they have not yet been noted. Brother Elkins is a good friend of New Mexico and its people and the latter have a very soft side and high regard for him.

The fate of John A. McCall, ex-president of the New York Life Insurance Company, is a striking example of a man gone wrong and receiving his punishment in this life. He is old before his time and is rapidly tottering towards the grave. The vast sums of money he has made illegally while holding the important office as head of one of the greatest financial institutions on earth are of mighty little value to him and much money made by him in an improper manner had to be given up in order to save him from the law. Transgressors at times escape punishment. As a rule they do not and McCall's case is one in point.

President Roosevelt need not shake his finger at the Mormon people and point to "race suicide" as far as they are concerned. A Mormon apostle, recently dead, left seven widows and forty-nine children and that despite the Edmunds anti-polygamy law.

Miss Alice Roosevelt became Mrs. Nicholas Longworth today. She married a good American and that is a pretty good guarantee that her future will be a happy one.

The mayor of Kansas City is distributing free garden seeds to the voters of that town. He evidently has higher political ambitions.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on cardboard and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately, as the new law went into effect on April 1, 1905.

For big bargains in real estate call on Hughes and Delgado.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor—Every piece of work we turn out. Try our work once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best Binderies in the West.

An advertisement in the New Mexican is always effective. Why? Because it reaches the people.

Improved real estate in desirable location can be had by applying to Hughes and Delgado.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and can vas, sides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 320 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal \$4.00
Combined civil and criminal \$5.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address NEW MEXICAN PRINTING CO.

Small Holding Claim No. 2620.

Department of the Interior, United States Land Office, Santa Fe, N. M., Jan. 16, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under Sections 16 and 17 of the Act of March 3, 1891 (26 Stats., 854), as amended by the Act of February 21, 1893 (27 Stats., 470), and that said proof will be made before the Register or Receiver at Santa Fe, N. M., on the 23rd day of February, 1906, viz:

Panoracio C. DeBaca for the S. H. C. No. 2620, situated in Sec. Nos. 5 and 8, T. 13 N., R. 9 E. He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jose Padilla, Santa Fe, N. M.; Andres C. DeBaca, Santa Fe, N. M.; George Trujillo, Gallisteo, N. M.; Jose N. Gonzales, Gallisteo, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870.
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.
HENRY L. WALDO, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbolic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,689.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

WILLARD

THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 35 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy; as fine an all around climate as there is in the world, with a pushing, energetic class of citizens and two railroads, one the new A. T. & S. F. Short Line to the Pacific. Willard has made a most phenomenal growth and the price of lots will soon advance. Better come now. The townsite is owned by

DOING THEIR DUTY.

Scores of Santa Fe Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Santa Fe people endorse our claim.

Juan A. Ortega, ex-policeman, of Loma St., says: "If all troubled with pain in the back have that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine, then backache due to kidney complaint would cease to have any terrors for users of this strengthening and curative preparation. No one in Santa Fe need be in the least dubious about using Doan's Kidney Pills if they require a medicine to strengthen their kidneys."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Legal blanks of every description, and conforming to the laws of New Mexico, are on hand and for sale by the New Mexican Printing Company.

Attention is called to the "Want" column of the New Mexican today. Something of interest will be found there. Don't overlook a chance if you desire to rent a house, buy a place or want a situation, etc.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package. Ireland's Pharmacy.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor: Every piece of work we turn out. Try our work once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the west.

The Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar. It expels all cold from the system by acting as a cathartic on the bowels. Kennedy's Laxative Honey and Tar is a certain, safe and harmless cure for colds, croup and whooping cough.

Sold by Ireland's Pharmacy.

The public is showing its appreciation of the attractive circulars sent out by the New Mexican Printing Company, in regard to rubber stamps, by sending in a number of orders.

The editor of the Memphis, Tenn., "Times" writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package. Ireland's Pharmacy.

The New Mexican Printing Company is prepared to fill promptly and satisfactorily all orders for engraved visiting cards, marriage announcements, invitations and all work of that kind. Prices as low as compatible with good work. Call at the New Mexican office and examine samples and prices.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

NEW MEXICAN BARGAINS.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1889, 1901, and 1903, English and Spanish pamphlet, \$2.25; full leather, \$3; 1905 English and Spanish Pamphlet, \$2.75; full leather \$3.50; Sheriff's Flexible Cover Pocket Docket, single, \$1.25; two or more books, \$1 each; New Mexico Supreme Court Reports, Nos. 3 to 10, inclusive, delivered at publisher's price, \$3.30 each; Compilation Corporation Laws, 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50, delivered; full list school blanks.

A BUNCH OF NOTHING.

(By William F. Brogan.)

Of all the things I want the most, In this sad life of mine,

Is a chance to punch the guy who sent That comic valentine.

"Every star," said the Boston maid, as she gazed pensively skyward, "is a dead policeman." Such is not the "cops" idea of heaven.

"I'm looking for a wife," he said, And the sort that I desire,

Is the girl who'll rise at 5 o'clock To light the morning fire."

Now comes Uncle Joe Pinetree with the timely query of whether or not Congressman Nicholas Longworth were the "conventional black" when "united in marriage" with Miss Alice Roosevelt today.

The Raton Range is evidently trying to make that town the "Boston" of New Mexico. It says: "Don't say Raton; pronounce it as though it were spelled Rah-toan, accenting the last syllable." Sure Mike!

It is said that the Union Depot in Kansas City is such a disreputable looking old shack that when a train begins to approach it, the porter goes through each car, lowers the windows, lights the car lamps and then shouts: "Kansas City Union Depot—next stop!"

The Denver Post in its edition of February 13, publishes a photograph entitled "An Impressionistic Picture," of Miss Alice Roosevelt. Just what Miss Alice's impression of that picture was, would be worth \$4.03 1-2 cents on the open market. Of course, it wouldn't matter to the Congressman with tonsillitis as he has the original copyrighted.

The official post of Coyote has returned home after attending the funeral of his aunt from whom he had not before heard for 30 years. Touched with grief he wanders off among the mesquite bushes and scrub pines to compose the following which is so illustrative of his noble and generous nature:

How like the rabbit's track in the white snow,

Is the life we live day by day,

The sun comes out and melts the snow, And the rabbit's track passes away,

And the cruel dog that follows said track,

Is like life's troubles so hollow, But when the snow melts and forever is gone,

The dog has no tracks to follow.

An item in the Las Vegas Optic says: "The county cemetery at Los Vigiles has now been laid out, etc." Ghosts and other spirits please take notice.

ROCKEFELLER TO USE THE RUBBER PLANT.

New York, Feb. 16.—Great interest is manifested in the news from Jersey City that incorporation papers of the Continental Rubber Company of America had been filed with the county court of Hudson County.

The Continental's capital is \$30,000,000. Although identity of interests behind the new enterprise was not disclosed in the papers filed, it was learned tonight that John D. Rockefeller, Jr., is president and the dominant mover of the concern and that associated with him are Senator Aldrich and the Guggenheim interests.

Mr. Rockefeller has taken an active interest in the company, which owns large concessions in Mexico and New Mexico. The company will develop the propagation of the Mexican rubber shrub and it proposes to become an important factor in the raw rubber trade of the world.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Starting But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia."—W. D. Wilcox, Logan, New York. Sold by all druggists.

Chief Justice W. J. Mills of the Territorial Supreme Court, who was in attendance at the Hagerman reception by the Commercial Club in Albuquerque Thursday evening, returned to the Meadow City today.

Invitations have been issued by Mrs. John H. Sloan for a card party to take place Tuesday next, in honor of Miss Baum, of Omaha, Nebraska, who is a sister of Mrs. J. W. Reynolds, and who is in the city on a visit.

Adjutant General A. P. Tarkington was among the officials who accompanied Governor Hagerman to Albuquerque. He was present at the reception and other festivities there given to the Governor Thursday last.

Miss Otero, who went to the Duke City last Wednesday to attend the reception and dance in honor of Governor Hagerman by the Commercial Club, is still in that city a guest of Mr. and Mrs. N. B. Field, but is expected to return tomorrow.

The Wallace Club met with Miss Hortense McKenzie this afternoon at her home on Palace Avenue. The club read Macbeth, after which the time was pleasantly spent in conversation and music. Dainty refreshments were served.

Governor Herbert J. Hagerman arrived at noon today from his Albuquerque visit. The Governor felt highly pleased and much gratified at the very cordial reception and the many courtesies extended him by the Commercial Club and citizens of Albuquerque.

Mayor A. R. Gibson and Mrs. Gibson returned last evening from a four weeks' visit to New York, Philadelphia, Chicago and other eastern towns. Mayor Gibson, while east pushed several enterprises, which will be of benefit to Santa Fe and also looked after mining interests.

George F. Albright, assessor of Bernillo County, arrived at noon today from the Duke City on official business. Mr. Albright is the best assessor Bernillo County has ever had and thinks that there will be a substantial increase in the tax rolls of his county for the present year.

Professor Hiram Hadley, superintendent of public instruction, who has been in the southern part of the Territory on official business, will return home tomorrow. Today he was in Albuquerque in consultation with several county superintendents of schools concerning the adoption of a course of studies for the public schools.

In consequence of the Colonial ball having been postponed ex-Governor and Mrs. L. Bradford Prince will accept the invitation of the Sons and Daughters of the Revolution in Denver and will attend the banquet and ball to be given in that city on the 22d. They will return in time for the last of their February Monday receptions.

Attorney General George W. Prichard, who attended the reception given to Governor Herbert J. Hagerman by the Commercial Club Thursday evening returned home yesterday. While in the Duke City he also represented the Territory of New Mexico in the habeas corpus proceedings in the case of John Conley before Judge Ira A. Abbott, of the Second Judicial District Court.

It is with a great deal of regret that the Daughters of the American Revolution are obliged to postpone the Colonial ball, which they expected to give on the 22nd of February, but owing to the numerous entertainments that are to be given near that time, they are unwilling to continue their efforts, believing that the ball cannot in consequence meet with the success it deserves. The Colonial ball will be

given next year, but the Daughters will endeavor to give a patriotic ball on the Fourth of July.

Major and Mrs. R. J. Palen arrived at noon today from their visit to Albuquerque. Major Palen was a leading figure in the organization of the Bankers' Association of New Mexico and was elected vice president of that body. At its banquet he made a very interesting and eloquent speech on "old time banking in New Mexico," which was replete with humorous incidents and delivered in excellent style.

Judge Henry L. Waldo went to Kansas City Wednesday last in a hurry. He had received a dispatch announcing the birth of a second child to Mr. and Mrs. Thomas L. Waldo at the Waldo residence in Kansas City. This was the reason for his hurried departure for that town as he desired very much to take a look at his first grand son. Many friends of the Waldo family in this city send best wishes to all concerned.

Mr. and Mrs. H. W. Fox, tourists spending the winter in Colorado, but who have been guests at the Palace Hotel in this city for the past week, left today for Colorado Springs. While here they visited all the interesting spots about the city, drove to the Pueblo of Tesuque, and to the Cliff Dwellers' ruins in Rio Arriba County. They were greatly pleased with Santa Fe and in particular with the mild winter climate prevailing here.

One thing of which Santa Fe society never tires is dancing and in consequence the dance of the Capital City Club last Tuesday night was well attended. Members and guests enjoyed themselves until the usual hour and few dances were "sat out." Besides the members the following guests attended: Miss Anita Becker of Belen; Miss De Kuhn, Dr. C. A. Wheelon, J. R. Williams, John Zook, Edward Ehle C. L. Haberlein and Carl Bishop.

Territorial Secretary J. W. Reynolds returned early this morning from a two weeks' sojourn in the National Capital. The secretary has little to say upon the situation, which is very sensible. The men who opposed him can do the talking. Today he was in receipt of telegrams and letters from many friends in different sections of the Territory congratulating him upon securing the confirmation of his nomination and tendering him compliments and best wishes.

Mrs. John A. Elwood, of Buffalo, New York, who is a guest at the home of Mr. and Mrs. Arthur Seligman was the guest of honor at a card party given by Mrs. James L. Seligman at her home on Palace Avenue Wednesday afternoon. The guests numbered about seventy-five. The hours were pleasantly spent in playing six handed euchre for prizes and much interest was manifested in the spirited contest. The successful ones were Mrs. Sloan, first prize; Mrs. Jones, second prize, and Mrs. Weltmer the consolation prize. Mrs. Elwood received the guest's prize.

Mrs. Jones and her daughter, Mrs. J. E. Wood entertained the Fifteen Club most pleasantly on Thursday. The affair was of a unique character and thoroughly enjoyed by all present. A district school was in progress and the guests were asked questions. Mrs. Weltmer won the school prize for the best examination. Refreshments were served, arranged as school lunches. Those present in addition to the members of the club were Mrs. Prichard, Mrs. Frost, Mrs. Garret, Mrs. James, Mrs. Strubridge, Mrs. Mennett, Mrs. Williams, Mrs. Newcomb, Mrs. Spitz, Mrs. Woodruff, and the Misses Payne and Bright.

Mrs. J. H. Sloan entertained at four handed euchre yesterday afternoon at her residence on Cerrillos Road in honor of Mrs. John A. Elwood, of Buffalo, New York, the guest of Mrs. Arthur Seligman, and Miss Baum of Omaha, the guest of Mrs. Reynolds. The guests were invited at two-thirty and players at six tables enjoyed the afternoon. Guests' prizes consisting of hand painted bon-bon dishes were given to the guests of honors and in addition Mrs. Elwood won the first prize a cut glass dish. The second prize, a fancy plate, was won by Mrs. Renehan. The tally scores were painted with forget-me-nots. Delicious refreshments were served.

The second of the receptions given on Monday evenings in February by ex-Governor and Mrs. L. Bradford Prince was a brilliant affair and attended by even a larger number than the first one despite the inclemency of the weather. During the evening, in addition to the other pleasures enjoyed by the guests, a number of selections were given by splendid talent. Miss Walter sang two selections, Miss B. Massie rendered three selections on the cello, Miss Morrison sang. Miss Massie rendered a piano solo and Judge Morrison recited two pieces in an impressive manner. Elegant refreshments were served. The third of the receptions will be given on Monday evening next.

C. T. Brown, of Socorro, mining engineer and expert, arrived in the city at noon today and will remain here until tomorrow evening. He came to attend the sessions of Santa Fe Lodge of Perfection No. 1, A. & A. S. R., and to communicate degrees of the Scottish Rite of Free Masonry to two candidates. Mr. Brown has just returned from a month's visit through the states of Chihuahua, Jalisco, Durango and Nueva Leon, in which he examined mining properties for eastern capitalists. He also made a short trip into southern Arizona on a similar mission. His journeys were very

The street has it that Anastasio Gonzales, the present assessor, who is under charges of incompetency and dereliction of duty, made by Traveling Auditor C. V. Safford, and which are now under investigation by Judge McFie of the First Judicial District Court, will resign. It is also said that it has been recommended to Governor Hagerman that Edward Andrews be appointed to fill the vacancy thus created. It is not said what Governor Hagerman's action in the case will be. It is street talk.

J. M. Palmer, an attorney at Farmington and who has been a resident of that town and practiced his profession for nine years, was in town today en route to Albuquerque in which city he will appear before the grievance committee of the New Mexico Bar Association to disprove certain charges of unprofessional conduct preferred against him. Mr. Palmer bears a good reputation in his home county and his transactions, professional and business, have heretofore, neither been criticized nor questioned. He is confident that he will make a clear case and that the charges against him will be dismissed. He is the Farmington attorney for the First National Bank, of Durango, Colorado, as well as for several leading business firms of that city which do much business in San Juan County. Citizens of that county, who have known him well during the time he has resided in Farmington, speak very well of him in every direction. He has many good friends and supporters in the county of his residence.

interesting and he says that the Republic of Mexico is developing rapidly and that the mining operations in the states he visited are conducted on a grand scale.

The following members of the committee from the Commercial Club of Albuquerque, which came to Santa Fe to escort Governor Herbert J. Hagerman to that city for the reception and ball, tendered him by the club, were his guests at an informal luncheon Wednesday noon at the Palace Hotel. Those present were Judge Ira A. Abbott, W. S. Strickler, cashier of the Bank of Commerce; George Arnot, manager for Gross-Kelley & Company; A. B. McGaffey, merchant; Ivan Grunsfeld, merchant; D. A. McPherson, president of the Democrat Publishing Company; E. W. Dobson, attorney; Thomas N. Wilkerson, attorney; Dr. G. W. Harrison, A. A. Keen, land commissioner of the Duke City, and Arthur Seligman, of Santa Fe.

About two dozen young people bade farewell to Mrs. Lettie Brown and daughters, the Misses Jo and Selina, at their home on Grant Avenue last Monday night. The affair was in the nature of a surprise party, the self invited guests calling together at the home bringing with them a goodly supply of provender. A jolly time followed, lasting until a late hour. The evening was spent in games, music, dancing and conversation. Mrs. Brown and daughters have been residents of the Capital City for the past six months, coming here from Salt Lake City. They have made many friends who saw them leave with regret. They departed Thursday evening for Portland, Oregon, their new home.

On Tuesday, February 20, Governor Herbert J. Hagerman will be the guest of honor at a reception and banquet, to be given by the local lodge of Elks. Governor Hagerman is a member of the order. Besides members of the local lodge and brother Elks from surrounding towns, a number of well known citizens will be invited. Each guest will be accompanied by a lady. A most enjoyable affair is expected. The committee in charge consists of Thomas P. Gable, chairman; Dr. J. A. Massie, N. L. King, Edward Ehle, A. L. Morrison, Jr., Frank Owen and Charles Haspelmath. The affair will be informal in so far as possible in keeping with Governor Hagerman's idea as regarding the inaugural ceremonies.

Midshipman W. A. Glassford, who was among the honor men of the graduating class at Annapolis naval academy a few days ago, and who is the son of Colonel and Mrs. W. A. Glassford, both very popular and respected in this city and Las Vegas, will soon go on a year's cruise. He will likely visit the Meadow City to spend a few days with his grandmother, Mrs. S. B. Davis, before starting on his lengthy

Prompt, Easy Recovery.

The greatest thing in the world — A Mother's Love; the love she lavishes on her children; the love her child should have for her; without this love she could not endure the agonies incident to childbirth; appreciative of this love, Mother's Friend was devised to lessen the pain and anguish of childbirth, that her love might not be strained to the breaking point. Mother's Friend does all this and more—it enables the fond mother to speedily recuperate from the labors of maternity, enables her to regain her lost strength, preserves her youthful lines of beauty, and makes pregnancy her crowning joy without any thorns to mar it.

Mother's Friend

is applied externally, is most harmless in its consistency, most happy in its results, and is of such merit that no case of labor should be conducted without its use. It is a liniment for massage of the abdominal muscles during pregnancy, and by its use their tonicity and power of contraction is greatly enhanced, enabling them to sustain the great strain brought to bear on them at this time. It is Mother's Friend. The name should be enough to recommend it to all who expect to be mothers.

sea voyage. His father, Colonel Glassford, of the signal corps of the army, is now stationed at Seattle, Washington, and his mother, Mrs. Glassford, is also in that city. Colonel Glassford has charge of the military telegraph lines in Alaska. He is considered one of the most valuable and efficient of officers in the corps. He was stationed in this city for several years and here married Miss Alice Davis in 1881.

Miss Maude McFie has been elected as delegate of two of the societies of the University of Michigan, at Ann Arbor, Michigan, to represent the college at the meeting of the Student Volunteer Movement which will be held in Nashville, Tennessee, from February 28th to March 4th. The main object of the convention is to bring together representative delegations of students and professors from all important institutions of higher learning, and leaders in missionary enterprises for association and conference. Another purpose is the consideration of the world's evangelization. Prominent speakers from all parts of the world will be present, among them the Right Honorable Sir Henry Mortimer Durand, ambassador of Great Britain. The selection as a delegate from such a recognized college is a great compliment to Miss McFie as the delegates are limited in number. She leaves on the 27th for the convention.

Mesdames C. W. Astler, F. H. McCabe and J. V. Conway entertained Wednesday evening with a Valentine party, at the home of Mrs. Conway. The game of progressive hearts was played, after which the guests spent the time in conversation, music and dancing. The decorations were in red hearts of all sorts and sizes in keeping with the occasion. During the evening a Dutch lunch was served. Prizes at cards were won by Mrs. Olive Harrington, Miss Florence Hampel, William Astler, George Kiefer and Thomas Conroy. Those present were: Mr. and Mrs. James B. Read, Mr. and Mrs. Charles Astler, Mr. and Mrs. S. F. Failor, Mr. and Mrs. F. H. McCabe, Mr. and Mrs. George Kiefer, Mr. and Mrs. W. N. Townsend, Mrs. Richard Williams, Misses Hampel Gold, Harrington and Hart; Oswald Digneo, Americo Digneo, Dr. Wineberg, William Astler, Thomas Conroy and Ford Mottowell.

Pirating Foley's Honey and Tar
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Ireland's Pharmacy.

SICK ONE.

Broker—What in the world is the matter with old Roxman these days? He looks wretched.

Banker—He's lovesick.

Broker—Get out! The idea of a man his age being lovesick. Why, he has a daughter old enough to be in love.

Banker—That's just the trouble. She is so much in love with some worthless young chap it has made the old man sick.

To draw the fire out of a burn, heal a cut without leaving a scar, or to cure boils, sores, tetter, eczema and all skin and scalp diseases, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. No remedy causes such speedy relief. Ask for DeWitt's—the genuine.

Cheap Rate to California!

Californians raise gold—they don't mine much now. An easier way has been found than that! It is now obtained by farming. The alchemy of nature converts the oranges, lemons, olives, grapes, wheat, alfalfa and other products of the soil into good clothes, comfortable residences, and assuring bank accounts. 'Tis being done every day in California. Wouldn't it pay you to inquire into this? Better yet, why not go there?

Only \$25.00

From Santa Fe to almost all points in California and to many places in Arizona.

HE GOT EVEN WITH HER

(Original.)

"I do think," said Peter Yarnell to his friend Millburn as they were lighting their cigars after dinner, "that for monumental folly and recklessness there are women who can make any fool man appear wise and prudent by contrast."

"To what particular woman do you refer?" asked Millburn.

"One whose cussedness nearly cost me my life."

"Did you fall in love with her?"

"What makes you ask that?"

"Well, I've noticed that cussedness in a woman is often a great match-maker. The fool man tumbles to it quicker than to any other trait."

"Look at that," said Yarnell, turning up the palm of his hand and exposing an ugly scar, "and that," rolling up his sleeve, "I could show you a lot more of them all over my body. A fool girl did that."

"Yes, I know. Give me an account of it, and, mind, don't forget your own folly. I doubt if the girl couldn't make you out the bigger fool of the two."

"It was this way: There were two sets among the younger people, and each set organized itself into a dancing club, the one called 'The Heelers,' the other 'The Tiptoe Whirlers.' I belonged to the 'Whirlers.' There was no end of rivalry between the two clubs, each regarding the other as its inferior. Just before Lent came on we determined to get up a combination mask ball, uniting the two clubs in one brilliant affair."

"Of course there was great rivalry as to costumes. Each club aimed to outdo the other in variety, magnificence and originality. Neither side would tell the other what its principal dresses were to be, though a good deal leaked out through the girls. I had sense enough to keep my secret, not letting any one living know what my rig was to be. The fact is, I had conceived an entirely original scheme involving a bit of innocent playacting on the other club, and I wanted a surprise."

"The ball came off in Masonic hall. It was a big show, I tell you. Many of the costumes were highly original, and all were magnificent. I flattered myself that mine was the most unique of the lot, and I went late in order to enter in the last act as a sort of climax. At 11:30 I walked in, and you bet I was a surprise. I represented 'the quick or the dead.' My costume was made of red and black tissue paper, the body part red, the lower part black. On the upper part was pasted big black letters, 'Whirlers,' and on the lower part white letters, 'Heelers.' Cute idea, wasn't it?"

"There was one girl among the 'Heelers' who was acknowledged to be the worst scapegrace in the town. She was a devil and no mistake. Pretty? Well I should say so! Did you ever see a female devil that wasn't? Her name was Kate Lytle. All girl scapegraces are named either Kate or Belle, one or the other, and half the fellows in both clubs were head and ears in love with her. Well, for a time I had a fine joke on the 'Heelers' in my 'quick or the dead' costume representing our club alive as red blood and the other club as dead as funeral black. See? I was sailing through the crowd, who opened a path for me, some of 'em laughing, some of the girls sticking up their noses as I passed. I didn't care for their disapproval. I liked it. And the members of my own club were laughing to split. I tell you I was feeling fine. Pretty soon along came a girl figure dressed in a black and red costume, with a red feather in a conical cap. It was a befitting costume for that little fiend Kate Lytle, and it was Kate Lytle, though she was masked and I didn't know it at the time, and what do you suppose she did? When she got near me she scratched a match and before I could stop her had set fire to the paper representing the 'Heelers.'"

"Did you ever hear of such a crazy performance in your life, such confounded idiosyncrasy?"

"Not excepting your own part in it?"

"In a few seconds I was all aflame. Fortunately one of our fellows took in the situation and, throwing off his Sir Walter Raleigh cloak, threw it around me in a twinkling. This alone saved me from a frightful death. Of course I was badly burned, and after I was 'put out' a young doctor present said I must be taken home immediately. The first thing I saw when the fright was over was Kate Lytle, unmasked, as most of the others crowding round me were, and she was as white as a sheet. The impulsive little fool hadn't realized what she was doing."

"Of course that broke up the ball. The 'Whirlers' all went away in high dudgeon, and notwithstanding the serious aspect of the affair, the 'Heelers' snickered and after our people had all gone continued the dance and ate up the supper. Pretty mean business, wasn't it?"

"Served you right."

"Served me right? What are you giving me?"

"You had no business to lampoon the other club. But, doubtless, the girl made amends for her prank, which, serious as it was, was induced by impulse."

"Oh, the girl! I got even with her."

"How?"

"Well, you see, I had been among the fellows who were in love with her. She felt so terribly about what she had done that while I was getting well I raked her in. I came out ahead in the game."

"You're not the first man I've heard begin by abusing a girl and then marrying her. Let's have a 'pony.'"

WATER DECISION.

Colorado Cannot Interfere With New Mexico Water Supply of Rio Grande.

Denver, Colo., Feb. 17.—The auditor's office, received information yesterday of a ruling concerning flood waters in the Colorado, which, it is believed, will bar individuals and irrigation companies from using the flood waters in this state under certain conditions. Recently the Elk Creek Canal Company made application for the right to construct a reservoir site on Elk Creek in Conejos County.

The interior department refused the application because, as stated in a letter conveying the decision of the department, the storing of water on Elk Creek would interfere with the flow in the Rio Grande in New Mexico and lessen the supply of water running into the Engle dam.

The decision is interpreted here as meaning that no reservoirs can be constructed on streams in Colorado that are feeders for rivers either in or out of the state where the government proposes to build reservoirs. The flood waters of Colorado are valued at \$265,000,000, more than the total valuation of property in the state, and should the government's irrigation plans reach a considerable number of the rivers, Colorado streams are feeders for, Coloradans will be deprived of a valuable asset in its flood waters. This can only be prevented, it is argued by local people gaining priority rights over the government by building reservoirs on all Colorado streams.

BOARD OF TRADE.

At Meeting Last Night Tree Planting and Street Improvement Discussed.

The Board of Trade meeting last evening considered several important matters. Hon. L. B. Prince presided and W. C. Schneppe was secretary. R. L. Baca acting for him during part of the evening.

The president reported that in accordance with the action of the last meeting, he had attended the city council meeting on the first instant and presented the subject of street tree planting in connection with a proper regulation of the width of sidewalks and the establishment of lines for curbs, trees and pavements and that the council had appointed a committee on the subject. A. Staab spoke strongly of the necessity of beautifying the city, referring to the bad condition of certain streets and the subject was discussed by Messrs. Baca, Schumann and others.

The Scenic Highway then occupied the attention of the meeting and much interest was shown in the improvement of the road between the city and Monument Rock. The general sentiment was that that piece of the highway should have been finished first. The matter was thoroughly discussed by Messrs. Staab, Gerdes, Rivenburg, Baca, Schumann and others and as a consequence a committee consisting of Messrs. Staab, Majbr, Palen and Jose D. Sena was appointed to take the subject in charge.

On motion of J. G. Schumann, the board again recommended the establishment of the Pajarito National Park and requested Delegate Andrews to press the matter in Washington.
