DEATH RIDES IN WAKE OF STORM

A Tornado Causes Heavy Property Loss.

TRAIN LOST IN SNOW DRIFT

High Wind and Freezing Temperature in Kansas Missouri and Eastward

Meridian, Miss., March 3.—A tornado, in the wake of which followed death, fire and property loss estimated at \$5,000,000, shortly after 6 o'clock last night, plowed a pathway from the southern to the eastern suburbs of the city. Thirteen bodies have been recovered from the wreckage of the buildings and the search still goes on.

The dead that have been identified are:

WILLIAM NELSON, former chief of police.
CLAUDE WILLIAMS, bookkeeper.
J. P. TARRY, policeman.
MRS. ELLA SINGLETON, and granddaughter.

The bodies of eight negroes await identification. Many persons were injured, although the storm did not last over five minutes.

Terrible Disaster.

Mobile, Ala., March 3.—F. M. Strutz, of Washington, Miss., who arrived today from Meridian, gave a vivid description of last night's tornado. He said: "I was in the dining room of the Southern Hotel when the death-dealing wind struck the city. Late in the afternoon I noticed that dark clouds hovered about the city and that the humidity was very trying. Shortly after 6:15 o'clock ugly looking clouds were seen bounding towards the city. This was followed by a downpour of rain and then a rush and noise that struck terror to the stoutest heart, and the cyclone descended upon the city near the depot. It came towards the city from the southwest, following the railroads. The result was terrible."

"Among the first buildings to go down was the electric light plant, and the city was thrown into darkness. The people were panic stricken and rushed into the streets. The storm's pathway was about two blocks wide. Front Street presents a devastated appearance and few houses are left standing. The buildings on Twenty-second Avenue from First to Second Street are wrecked. A large portion of the Grand Avenue Hotel was torn away. The Y. M. C. A. building opposite was wrecked. The Old Sulphur Hotel and the new Union Depot were destroyed. It is impossible to tell the amount of damage but I think it will be over a million dollars. The loss of life is estimated at thirty-five, many of whom are negroes. To add to the terror of the night, fire broke out in the stricken district. It is known that many people were under the wrecked buildings. Vandalism became apparent and the local militia was called out. A cordon of armed men was stationed about the wrecked district and in this manner the rescuers were able to work. I do not know how many were taken from the ruins, but some were dead and others so badly injured that they cannot live."

"Soon after the ruins caught fire the department was called out and worked heroically to confine the flames to the ruined area and at 2 o'clock this morning had succeeded. Wreckage, ruin and death appear along the path of the cyclone as it leads into the country. The telegraph wires for miles in either direction are prostrated."

"It will take months to repair the damage done to the city and it will be days before the actual number of injured is known. As to the dead, only the cleaning away of the debris and wreckage can reveal their number."

A dispatch received this morning from Meridian reports the death of B. F. Elmire, proprietor of a restaurant.

Trains Delayed, Wires Down.

Duluth, Minn., March 3.—A terrific blizzard has been raging here since yesterday afternoon, demoralizing the street car service and rendering travel very difficult. The snow drifted to a depth of several feet in many places. Railroad trains are all late and many wires are down. Superior, Wisconsin, reports similar conditions.

One Hundred Killed.

New Orleans, La., March 3.—A special from Meridian, Miss., estimates the loss of life at one hundred, with about two hundred injured. A dispatch which was received at 11 this morning says much confusion prevails and a detailed list of casualties is unavailable.

Loss in Factory District.

Birmingham, Ala., March 3.—Communication with Meridian was partially restored, but as yet it is impossible to secure an accurate estimate

of the loss of life. It is said the greatest loss of life was in the factory district, where searching parties are still at work.

Another Estimate.
Memphis, Tenn., March 3.—A dispatch received from Meridian at noon states that a conservative estimate places the number of dead at from twenty-five to fifty, while those injured will probably exceed one hundred in number.

Another Cyclone.
San Francisco, Cal., March 3.—The steamship Mariposa, which arrived today from Tahiti, brings the news that on February 7th a destructive cyclone swept over the Society Islands, causing damage to the extent of one million dollars at Tahiti and presumably a similar amount in the Tuamotu Islands. The city of Papeete was inundated and seventy-five houses were destroyed, including the American consulate and the French government buildings. It is feared a great loss of life resulted and that shipping interests suffered severely.

Twelve Bodies Recovered.
Jackson, Miss., March 3.—Judge T. W. Brame, of Macon, Miss., who was at Meridian last night and reached Jacksonville today, said up to 3 this morning twelve dead had been recovered and the property loss was estimated at \$7,000,000. The wholesale district suffered most.

Traffic Demoralized.
Lincoln, Neb., March 3.—Railroad traffic in Nebraska is somewhat demoralized by the blizzard which struck the state yesterday, but schedules are being resumed today. Very low temperature prevails all over the state, but fruit experts believe that crops are safe.

Fishing Fleet Scattered.
Christiana, Norway, March 3.—Several steamers which were dispatched to Jaesl and Ingarna Islands from Trondhjem to the assistance of the fishing fleet which met with disaster in a violent storm have returned and report that large numbers of the fleet were seen floating keel upwards. Much general wreckage has also been sighted. The crews composing the fishing fleet number from twelve to fourteen hundred.

SUGAR BEET EXPERIMENTS

Good Wagon Road is Being Built From Alamogordo to Jarilla.

John R. DeMier, a prominent citizen of Alamogordo, arrived in the city last evening on a visit to Judge and Mrs. John R. McPhee. To a representative of the New Mexican, Mr. DeMier stated that many settlers and homesteaders were arriving in Alamogordo and that many homestead entries in the vicinity of that beautiful little town have been made of late. Water is found at a depth, say from 20 to 100 feet, and there is no difficulty in raising a sufficient water supply for the irrigation of farms, by pumping with wind-mills, both the wind and water supply there being constant and reliable. It has been demonstrated that the soil is very fertile and that large crops of the cereals and fruits of the temperate zone can be raised in the country about Alamogordo successfully and profitably. In fact, the fruit of that section cannot be excelled anywhere in New Mexico and it is well known that New Mexico fruit is the best on the American continent, in flavor, in appearance and in size.

There is no boom in Alamogordo, but the town is growing steadily. There is not an empty house in the town and in fact the demand for new residences is constant.

Building a Road.

The Southwestern Mining Company has a large force of men at work on a wagon road from Alamogordo in the Jarilla Mining camp, a distance of 30 miles. This being done at the expense of the company, in order to facilitate its own business and for the taking of machinery and supplies to the camp. The population of the Jarilla Mining District is constantly on the increase and new strikes of rich minerals are reported right along.

The citizens of Alamogordo have inaugurated a movement to induce the authorities of the Agricultural College at Mesilla Park to make experiments in sugar beet raising near the White Sands in the center of the valley between the Sacramento Mountains on the east and the San Andres and the Black Mountains on the west. Water in that section can be had in abundance at from six to twenty feet. It has been demonstrated by

NEW MEXICO SONS IN ARMY AND NAVY

Pelham Davis Glassford. William Alexander Glassford, Jr.

TWO YOUNG MEN OF WHOM THE TERRITORY MAY BOAST WITH PRIDE.

There are two young sons of New Mexico, one in the army and one in the navy of the United States, of whom the people of New Mexico may justly be proud. The parents of the two young men are Colonel William A. Glassford of the Signal Corps of the United States Army and Mrs. Alice Glassford nee Alice Davis, formerly of this city and later of Las Vegas. If occasion ever arises, the New Mexican is sure that these young officers will acquit themselves with the greatest of gallantry and act in true soldierly spirit and with genuine American manhood. Their parents are too well and favorably known in New Mexico and especially in the Capital and in the Meadow City to be given extended notice here. Colonel Glassford is one of the most accomplished, energetic and efficient officers in the army. He has seen much active service, has served not only in many parts of the United States but also in Porto Rico and in the Philippine Islands. He was stationed in this city for a number of years during the early 80's. Mrs. Glassford spent her childhood and girlhood in this city and in Las Vegas and is a woman of many virtues and accomplishments, finely educated and very bright.

The New Mexican herewith presents pictures and biographical sketches of the young lieutenant and of the young midshipman, which will be read with great interest by the many friends of the family and by the people of New Mexico generally.

Pelham Davis Glassford.
Born at Las Vegas, New Mexico, August 8, 1883. Attended school in Washington, D. C., Paris, France, Denver, Colorado, and Model School at San Juan, Porto Rico. Became familiar with the French and Spanish languages. Was appointed as a cadet to the U. S. Military Academy by President McKinley also by General Francis M. Cockrell, Senator from Missouri, after a competitive examination at the Capitol at Jefferson City, Missouri, in which twenty-two cadets contested. His is probably the only instance of a young man going to West Point with two appointments. He chose to re-

experience that this is an ideal section for successful sugar beet raising and, if the experiments which the Agricultural College is asked to undertake are made and prove what it is expected they will, there will be 100,000 acres of as fine sugar beet land, as there is out of doors for settlement, at an easy expense and with almost sure chances of success.

Good Land.

The land is very level and clean and needs no preparation except plowing and seeding. Of course, sugar beets must be carefully and constantly cultivated. Mr. DeMier believes that the water supply there is so abundant and the soil so well adapted to sugar beet raising that the net profit per acre would be from \$40 to \$50. Samples of beets raised in that valley last year a short distance from Tularosa and a few miles from the White Sands weighed from fifteen pounds up and some beets tipped the scales at twenty-eight pounds.

Cattle and sheep on the Otero County ranges are in good shape and they came through the winter fine. Stock men feel good. The outlook for the spring for that business is also satisfactory.

IN CONFERENCE.

President and Senators Discuss Hamilton Joint Statehood Bill and are Not Encouraged.

Special to the New Mexican.

Washington, D. C., Mar. 3.—A conference regarding the status of the Hamilton joint statehood bill was held this afternoon at the White House. The parties attending it besides President Roosevelt, were Senators Long, of Kansas, Burkett, of Nebraska, and Warren, of Wyoming, all supporters of the bill. It is conceded that the prospects for the enactment of the bill into law are not bright. The conference was held for the purpose of considering means to save the bill and secure its passage without the Foraker amendment. Early today Senator Beveridge, chairman of the committee on Territories, talked to the President on the same line.

The Isthmian Canal.

Washington, D. C., Mar. 3.—No more witnesses will be examined by the Senate Committee on the Inter Ocean Canal until after the type of the canal has been determined upon and other information obtained necessary to the preparation of a bill for the government of the Zone and the construction of the Isthmian waterway. A decision was reached today in an executive session of the commission.

Anarchists on Way to Czar Arrested—Loyalty and Courage Come High in Russia.

St. Petersburg, March 3.—Two anarchists armed with bombs were arrested at the railroad station here today as they were boarding a train for Tarskoe Selo, where the Emperor is at present sojourning.

Cossacks Well Rewarded.

St. Petersburg, March 3.—The sum of \$2,600,000 presented to the Don, Ural, Kuban and Terek cossacks, ostensibly for the improvement of their lands, is in reality an exceptional reward for their services during the war and their fidelity in repressing troubles in the interior.

SANTA FE CENTRAL WAS NOT SOLD

Vice President W. S. Hopewell Says Report Untrue.

TO COMPLETE LINE SOON

Negotiations Under Way to Extend Road to Albuquerque and Roswell.

"The statement in the press dispatches this morning to the effect that the Goulds or the Tailmadges had bought the Santa Fe Central Railway, is without foundation."

This statement was made at noon today by Colonel W. S. Hopewell who arrived from Albuquerque. In addition, Colonel Hopewell said that the sale of the railway was not under consideration.

"General Torrance and Senator Kennedy have negotiations under way at present for the completion of the line to Albuquerque and the coal fields in Sandoval County," he said. "The road will also be extended to Roswell."

Employees of the railway company in the offices in this city, said that they had received no information regarding the reported sale of the line. They were disposed to doubt the authenticity of the report.

Following is the associate Press dispatch in question:

Pittsburg Report.

Pittsburg, Penn., March 3.—"W. C. Tailmadge, of the firm of C. W. & E. R. Tailmadge, of Chicago, who was in this city today, made an offer to Francis J. Torrance and the receiver of the Enterprise National Bank of Allegheny to purchase the Santa Fe Central for a figure representing one hundred per cent of the money invested. The road cost Mr. Torrance, W. H. Andrews, the late T. Lee Clark and their associates about \$2,500,000. It was reported tonight that the offer had been accepted."

"The railroad figured prominently in the failure of the Enterprise National Bank, it being reported that it had loaned large sums of money from the bank on some of the railroad's collateral. It was said that if the sale is actually made it will add much towards meeting the claims of the depositors of the Enterprise bank."

"Mr. Tailmadge stated tonight that the parties that he represented contemplated extending the line from Moriarty to Albuquerque, a distance of about forty-two miles and from Torrance to Roswell, about one hundred miles."

KILLED FOR HIS MONEY

Two Boys Confess to Murder of Lincoln Stockowner.

THREW BODY IN MINE HOLE

Good Work of Sheriff John W. Owen and Posse in Unraveling the Crime.

Special to the New Mexican.

Lincoln, N. M., March 2.—On the 10th day of January last, Marcelino Carrenzo disappeared from his home near Reventon in Lincoln County. Carrenzo was a well-to-do man engaged in goat-raising at the time of his disappearance. On the evening in question his herd of goats came to his camp near his home without a herder and search for Carrenzo was made by some of his neighbors but, without avail.

When this news reached Lincoln, John W. Owen, the sheriff of the county, immediately organized a searching party and went to Reventon and made an examination of Carrenzo's goat camp near that place. The sheriff found at the camp two boys each eighteen years of age and named respectively, Aragon and Otero. They, by their manner and speech, aroused his suspicions. One of these boys had given to a woman living near Reventon an image that Carrenzo had been in the habit of wearing around his neck. This image was secured by the sheriff and it gave him a clue to work upon. The sheriff concluded that these boys had murdered Carrenzo, taken this image and also robbed his remains of the money he was known to carry about his person.

Snow Aided Murderers.

At this time, the snow about the camp lay deep upon the ground and nothing further was discovered to lead to the finding of the guilty parties, other than the fact that the goat herd belonging to Carrenzo, who had no family, had been divided up among some of the people living at Reventon. On the 23rd day of February last, the snow having partially disappeared from around Reventon, the sheriff with a posse made another attempt to discover the body of Carrenzo.

While on the ground near the camp of the missing man, at a point in the foothills about twenty miles from Reventon, after having followed a wagon track and goat herd trail for this distance which had been made by Carrenzo's wagon and herd of goats, the body of the murdered man was found in a prospect hole with a bullet hole in the back of the head, the bullet having come out close to one of the eyes.

When the discovery of the dead body was made, the sheriff went back to the Patos near Reventon and found Blas Otero, one of the boys under suspicion, at the ranch house of Juan Chaves y Trujillo, his stepfather. The sheriff arrested the boy and Trujillo also and left them under guard at a ranch nearby. He then went after the other boy, Salomon Aragon, and arrested him and his grandfather, Gonzales, at a ranch about twenty miles away.

All the arrested persons were kept separate during this time, not allowed to talk to any person and the suspected boys, Aragon and Otero, were taken to the place where Carrenzo's body was found; upon arrival there, a coroner's jury met and held an inquest over the remains.

Both Boys Confess.

During the holding of this inquest, Aragon and Otero identified the body as being that of the missing Carrenzo and the next day these boys were arraigned before a Justice of the Peace at Jicarilla, charged with the commission of the crime. Shortly before their hearing commenced, Otero expressed his desire to talk to the sheriff. The desire was granted and he confessed to the murder and shortly thereafter Aragon did likewise, both of them telling the particulars and the motive, which was robbery. They had robbed the dead man and buried the money, which they had taken from the body of their victim, in two places.

In the pursuit and capture of the murderers, who are now lodged in the Lincoln County jail, Sheriff John W. Owen and his posse traveled over an uninhabited section, camped out cold nights with nothing to eat for man or horse; they are deserving of the thanks of the community in their efforts to bring the guilty parties to justice.

SOCIALISTS IN CONFERENCE

It is Intimated That They Are Laying Important Political Plans For Future.

New York, Mar. 3.—The World today says: A secret political conference was begun last night at the country residence of J. G. Phelps Stokes, at Norton Point, Connecticut. It will last four days. During the time matters of vital importance to the welfare of socialism will be discussed. There were about a dozen men at the conference last night but others are on the way. The real business of the conference it is said begins today upon the arrival of Joseph Medill Patterson, who resigned yesterday as commissioner of public works of Chicago. Patterson, who was appointed by Mayor Dunne as a municipal ownership man, announced in sending in his resignation that in the future he would be a socialist.

NO DISFRANCHISEMENT OF NA-
TIVE BORN CITIZENS IN NEW
MEXICO.

"The new election law of New Mex-
 ico was intended to enable men who
 cannot read to vote by the picture.
 The man who through ignorance can-
 not read the ticket he votes is not
 capable of properly exercising the
 franchise. The Democrats believe in
 an educational qualification for voting,
 and that is one of their strongest
 points of superiority to the Republi-
 can party which devises laws to catch
 the sheep vote."—Roswell Record.

The Democratic party believes in
 an educational qualification for voters
 in order to disqualify citizens from tak-
 ing part in elections and to carry such
 as the leaders and head men of the
 party in the several southern states
 desire. This is certainly the case in
 every state south of the Masons and
 Dixons line where hundreds of thou-
 sands of native-born citizens are dis-
 qualified under alleged educational
 tests provided by the law. This sort
 of business would not be tolerated for
 one single day in New Mexico. The
 people here would not stand it, and
 that part of the population which the
 Democratic party would seek to dis-
 franchise would not accede to it. The
 suggestion made by the Record, which
 is the only daily Democratic paper in
 New Mexico, evidently expresses the
 wishes of the leaders of the Democ-
 racy in this Territory, in long and in
 short, means that thousands of citi-
 zens of this Territory of Spanish and
 Mexican descent should be deprived
 of their rights and voting privileges
 for the benefit of the Democratic party.
 The Record and the Democratic chief-
 tains in the Sunshine Territory will
 have to wait many and many a day
 before this unjust, unfair and wicked
 end can or will be attained. No South
 Carolina, Georgia or Mississippi do-
 ings can or will be repeated in New
 Mexico, be it under a Territorial or
 State form of government, be the lat-
 ter separate or in connection with Ari-
 zona. The sense of justice and the
 fairness of the Republican party will
 stand between the nefarious and
 desired by the Democratic leaders and
 their newspapers and its achievement.
 This Territory and future state will
 be carried by the Republican party and
 that party, true to its past record and
 always working for the interests of
 the commonwealth as a whole and for
 the good of the greatest majority will
 allow no undue interference with the
 rights and privileges of citizens as
 now established and which they have
 enjoyed and exercised since New Mex-
 ico became a part of the Union.

The Las Vegas Daily Optic criti-
 cizes the course of this paper towards
 the Albuquerque Fakir-Journal. The
 Optic is acting under a mistaken ap-
 prehension. This paper has no fight
 with the Albuquerque sheet. It simply
 exposes the editorial conduct of that
 paper when it is found to be detri-
 mental to the interests of the Terri-
 tory. It tells the truth about it, no
 more and no less. As far as the per-
 sonnel of the editorial force is con-
 cerned, the New Mexican does not
 know of whom it consists except the
 editor, and cares less. They are paid
 for their work and that is all. The
 New Mexican reserves to itself the
 right to approve or compliment, to
 criticize or condemn, the policy of the
 Fakir-Journal or any other paper pub-
 lished here or elsewhere. This paper
 does not indulge in personalities
 where other papers are concerned. It
 comments on the policy of such, for
 or against, as the New Mexican's judg-
 ment and party principles may dictate,
 and when it considers such action for
 the good of the commonwealth.

The suburban lines of the big rail-
 roads of Chicago will receive a com-
 petitive jolt that will make a decided
 inroad on their dividends, for a syndi-
 cate has been organized to build at
 a cost of \$50,000,000, suburban and in-
 terurban electric lines to center in
 Chicago. The only "dead sure things,"
 that remain seem to be the Standard
 Oil Trust and the Albuquerque Joint
 Statehood League. They are proof
 against competition.

THE ONLY FAULT OF THE NEW
MEXICAN.

The Silver City Independent pays
 the New Mexican a compliment on
 having attained its forty-third birth-
 day, which event occurred February
 20th. The item is so gracefully writ-
 ten and so pleasantly worded that
 the New Mexican takes pleasure in
 reproducing it as a record for time
 to come. Says the Independent:

"The Daily Santa Fe New Mexican
 celebrated its forty-third anniversary
 last Tuesday week. It is the oldest
 daily paper in the region consisting
 of Colorado, New Mexico, Arizona,
 southern California and southern Tex-
 as, except the Denver Rocky Moun-
 tain News. The New Mexican is a
 bright, newsy and enterprising paper,
 and Colonel Frost is to be congratu-
 lated upon the success and prosperity
 which has attended his life's work in
 connection with its management. The
 only fault of the New Mexican is that
 it espouses the cause of the Republi-
 can party."

Washington advices have it that
 Senator Foraker asserts that he is
 sure of 48 out of the 88 votes in the
 United States Senate for his amend-
 ment to the Hamilton joint statehood
 bill. If this is a fact and the bill
 should pass on the 9th instant with
 the Foraker amendment, the chances
 that the people of the two Territories
 will vote in favor of joint statehood
 are very small. In Arizona, they
 seem to be about 1 out of 9 and in
 New Mexico probably 1 out of 5. The
 time specified in the amendment for
 preparation is too short to bring the
 question before the people of New
 Mexico as it should be. It takes a
 great deal of hard work and the ex-
 penditure of much money and time to
 make a real campaign in this Terri-
 tory. This is caused by the fact that
 there are hundreds of small settle-
 ments that have but meagre mail facili-
 ties and that are wide apart. It takes
 time, trouble and expense to reach
 these by speakers and also with news-
 papers. These facts do not seem to
 be understood by the solons in Wash-
 ington.

The opinion of Attorney General
 George W. Prichard that the privilege
 of voting at school elections cannot
 be exercised unless after the intend-
 ing voter has paid the poll tax due,
 then and there, should be heeded by
 school directors in the cities and
 country precincts. The enforcement
 of the poll tax law will bring many
 thousands of dollars into the funds of
 the school districts and of the cities
 in the different counties. Here is a
 good time and a good chance for a
 greatly needed reform. It is also well
 to remark that under this opinion it
 looks as if residents of incorporated
 towns and cities cannot vote for mem-
 bers of the board of education unless
 they have paid the current poll taxes,
 or are exempt from such payment. The
 point is good enough and strong
 enough for investigation by the school
 authorities of the incorporated towns
 and cities. If it is well taken and
 enforced it will help the city schools
 a good deal.

Artesia aims to be a rival of "Spot-
 less Town" of Sapallo fame. Cement
 sidewalks, substantial street cross-
 ings and shady resident streets will
 make Artesia in time one of the most
 beautiful municipalities in the Terri-
 tory. Says the Artesia Advocate:
 "The citizens of the town, as well
 as the scores of strangers within our
 gates this week, are pleased to see
 the substantial street crossings that are
 being put in by order of the trustees
 this week. With splendid cement side-
 walks and good crossing between,
 Main street can be traversed without
 the inconvenience of mud. Fact of the
 business is, Artesia is fast taking on
 city ways, and when the Clive Beauty
 League gets in its work, this will
 equal in attractiveness the "Spotless
 Town" of Sapallo fame.

When "gun-toting" extends to the
 carrying of six-shooters by a pupil in
 the public schools, as was the case
 this week at Raton, where a girl was
 accidentally shot with a revolver in
 the hands of her classmate during
 the school session, it is time for drastic
 measures. The present law against
 carrying concealed weapons is a good
 one, if it were only enforced. Exist-
 ing conditions will sooner or later lead
 to legislation similar to that in sev-
 eral foreign countries, where every
 weapon must have a number and its
 owner must have a license, being held
 responsible for any damage done.
 This, in addition to the stringent
 laws against carrying concealed weapons.

The claim of the Hon. B. S. Rodey
 that he is the whole earthworks and
 battery in the statehood fight at
 Washington is a reminder of the bad-
 ger who had been suffering from chills
 for several years. One day while he
 was having a particularly hard chill
 there occurred an earthquake which
 sent the rocks tumbling into the river
 near where the badger was shaking
 like an aspen leaf. "Gosh," he said
 "I never had a chill like this before,
 another chill like it will bring the
 whole mountain down and dam the
 river!"

That Colfax County boy, despite an
 arm broken in two places and the
 other arm dislocated, walked five miles
 into Folsom to call a physician for
 his mother who had been hurt in the
 same runaway accident in which he
 received his injuries, may not receive
 a Carnegie hero medal, but he showed
 the true grit of Young America and is
 deserving of more than passing at-
 tention.

POLITICIANS IN GRANT COUNTY.

This is a rather nice item from
 the Silver City Independent:
 "If the statehood bill passes, the
 people of New Mexico will have their
 say, both in the matter of the com-
 position of the convention and the pro-
 visions of the constitution. The pol-
 iticians will find this a game which
 they cannot control."

The funny thing about it is that the
 Democratic politicians of Grant Coun-
 ty have controlled the offices there
 more or less during its entire exist-
 ence. The county is naturally Demo-
 cratic, once in a while the Republicans
 happen to elect some of their candi-
 dates and then only when they are ex-
 ceptionally strong and popular. The
 less the New Mexican's esteemed Sil-
 ver City contemporary says about the
 "rule of politicians" the better. At
 the same time it is well to acknowl-
 edge that Grant County in the main
 has had fairly good administrations.

Senator Hopkins refers to the For-
 akers amendment to the statehood bill
 as insidious and dangerous because its
 ultimate result will be to admit Ari-
 zona and New Mexico as separate
 states. Senator Foraker probably does
 not deny the soft impeachment for he
 does not stand alone in the idea that
 the two Territories are entitled to ad-
 mission as two states. New Mexico
 and Arizona certainly approve of that
 kind of "danger and insidiousness."
 It works not only for their own good,
 but also for the good of the nation
 and the triumph of Republican ideas
 of government, as against the domina-
 tion of section by section and of the
 many by a few eastern corporation
 Senators.

Alaska has statehood ambitions, al-
 though at present it merely asks for
 a Territorial form of government.
 When its turn for statehood comes it
 may have to submit to jointure with
 the Hawaiian Islands and the Philip-
 pines for it has the misfortune of
 being situated west of Indianapolis,
 Indiana. If, like Porto Rico, it had
 chosen its location east of Cape Cod
 its outlook for the future would be
 much brighter, at least, as far as
 the prospects for statehood are con-
 cerned.

The fraternal orders at El Paso con-
 template the erection of a sanitarium
 for the accommodation of sick fraters
 in the city who have come west to re-
 cover from consumption. It is a good
 idea that should find an echo in every
 town of the Southwest. A sanitarium
 along these lines under the manage-
 ment of a fraternal committee would
 prove profitable, not only to the frat-
 ernal societies, but also of great ben-
 efit to suffering humanity.

The St. Louis Globe Democrat this
 week published an item under the head-
 line: "Bill to Locate Federal Convent
 at Sulphur, Indian Territory." The
 A. P. A. at once got busy with pro-
 tests until it was explained that the
 head-writer had written "Federal
 Court" and that it was the intelligent
 compositor who had made it "Federal
 Convent." Thus another national cal-
 amity was averted.

It will be of great interest to the
 massacred missionaries to learn that
 China has at last consented to pun-
 ish their assassins or, if the assassins
 cannot be found, someone else who will
 have to be the scapegoat. Wouldn't
 it be much better to compel China to
 take some more sensible and more ef-
 fective measures to prevent massacres
 of missionaries in the future?

The genus "knocker" has his habitat
 not only in Santa Fe, but almost every-
 where, where man makes his home.
 The Roswell Record remarks: "It can
 hardly be thought that there are peo-
 ple in Roswell who oppose the Hondo
 Reservoir, but it seems that there are
 such people here." But Roswell con-
 tinues to flourish.

The El Paso Herald has made the
 discovery that at one time a large and
 deep sea covered the White Sands
 and other portions of Otero County.
 This may be so, but these same por-
 tions of earth are so dry nowadays
 that one wouldn't suspect that they
 had felt any considerable moisture
 since the days of the deluge.

While Congress is being asked to
 do something for the Philippine sugar
 interests, might it not do something
 to encourage the beet sugar industry
 in New Mexico?

A BUNCH OF NOTHING.

(By William F. Brogan.)

Christmas may be hard on the tur-
 key, but it isn't anything compared
 to the way Lent exterminates the fish.

The New York World claims to be
 accurate, yet it recently published a
 story to the effect that a despondent
 lover blew his brains out.

There once was a judge who had a
 grudge
 'Gainst every maiden fair,
 For wherever he went on pleasure
 bent
 Fudge was the bill of fare.

Says the Artesia Advocate: "All
 the prisoners in our county jail at
 Carlsbad went away the other day and
 left no return dates." A special to
 the New Mexican later states that
 the jail is still there.

Over in the Capitol building is a big
 century plant which is well marked
 with the initials and letters of trav-
 elers. The last to appear on the plant
 is "Mo," which, as everyone knows,
 stands for Missouri. Evidently some
 office seeker placed the letters there
 after having "been shown."

"Ah!" said the official poet of Coy-
 ote, as he ruffled his hair and grasped
 the goosequill firmly between his in-
 stained fingers. Then he composed
 the following:

Back, back to simple life,
 Down, down with social strife;
 Kneel, kneel with head low bent;
 Shner, 'tis Lent; 'tis Lent!

Uncle Joe Pinetree, who came in to
 do a little Saturday shopping, bor-
 rowed a pipeful of tobacco from the
 Bunch editor. In glancing over a copy
 of the Silver City Independent, which
 lay upon the editorial desk, his eyes
 caught the headline which follows:
 "Ex-Confed. Beats Train." Uncle Joe
 spat meditatively across the room at
 the stove and remarked that either
 the Ex-Confed. must have been run-
 ning some or else the train he beat
 was on the Kansas City Southern Rail-
 road through Missouri and Arkansas.
 Those who have not traveled as exten-
 sively as Uncle Joe will, of course,
 fail to appreciate the remark. Uncle
 Joe says he predicts an early spring.

The "devil" on the New Mexican re-
 cently assigned himself to "cover" a
 fight which took place the other night.
 After scribbling for an hour on a piece
 of waste paper in a secluded corner
 of the shop, he proudly laid the fol-
 lowing piece of copy on the desk of
 the news editor:
 "Pete Jones he got inter a fight with
 a feller named Henry somethin last
 night on hit him in the eye which was
 over a dispute about a dog an Henry
 sumthin he hit Mr. Jones back too.
 The police cum up then and both of
 the fellers run making their escape.
 A large crowd collected but they was
 too late to see the scrap except some
 of them who was there. I was but
 that ain't to be printed."

SANTA FE, ... NEW MEXICO

THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870.
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.
HENRY L. WALDO, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

WILLARD

THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 35 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy; as fine an all around climate as there is in the world, with a pushing, energetic class of citizens and two railroads, one the new A. SOCIAL AND PERSONAL

General Manager W. S. Hopewell of the New Mexico Fuel and Iron Company arrived at noon today from the south. He came on railroad business.

Associate Justice and Mrs. Frank W. Parker, after a pleasant visit to Las Vegas with Chief Justice and Mrs. W. J. Mills and in this city the past week returned to their southern home today.

Miss Spitz, eldest daughter of Mr. and Mrs. S. Spitz, of this city, who has been in New York City for several months visiting friends, is expected to return home during the coming week.

Hon. and Mrs. Charles A. Spiess, of Las Vegas, have gone to Washington, D. C., for a visit. While in the national capital, Mr. Spiess will attend to legal business before the United States Supreme Court.

Mr. and Mrs. Spitz are preparing for a trip to Los Angeles in May next. During their visit in the City of the Angels Mr. Spitz will attend the reunion of the Shriners, which will take place there during that month.

Hon. H. O. Bursum, the very efficient superintendent of the Territorial Penitentiary, has spent the past few days on his sheep ranches in Socorro County. He is expected to return early during the coming week.

Dr. and Mrs. J. H. Sloan will leave during the coming week for Indianapolis, Indiana, to attend the golden wedding of Dr. Sloan's parents in that city. The doctor who has been quite ill has sufficiently recovered to make the trip.

Celastino Ortiz and wife and their daughters, the Misses Lena and Amanda, left yesterday for Estancia where they today attended a meeting of the farmers of the Estancia Valley held for the purpose of discussing agricultural methods.

Mrs. Robert M. Hardinge, of Grand Junction, Colorado, daughter of Major and Mrs. R. J. Palen, who has spent the past three months in Santa Fe, a guest at the residence of her parents, will leave early during the coming week for her Colorado home.

Chief Justice W. J. Mills, who has been here during the week presiding over the sessions of the Supreme Court, returned to Las Vegas this forenoon. Monday next he will be in Raton to draw the venire of jurors for the coming term of the Colfax County District Court.

The Wallace Club met this afternoon with the Misses Massie to read and discuss Shakespeare. Last Saturday afternoon the club was entertained by Miss Mary Morrison. Hamlet held the attention of club members for several hours, after which dainty refreshments were served.

Judge E. A. Mann, of Alamogordo, will return Monday to his home in the pretty county seat of Otero County. He spent the week here very pleasantly attending to his duties on the Supreme bench. The judge is very popular in Santa Fe society circles as he is very genial and fond of social life.

Mr. and Mrs. Glenville A. Collins will leave tomorrow night for a trip to eastern points. They will go via Houston, Texas, and by steamer up the coast from Galveston. They will spend some time in Massachusetts towns and in New York City before returning and will be absent about a month.

Edward T. Hannan, who for some time was news editor of the Daily New Mexican and who has been on a visit to his parents in Milwaukee, Wisconsin, left that city Thursday en route to New Mexico. He will probably go to the Estancia Valley to make his permanent residence on a homestead entry there.

Major General A. W. Greeley, United States army, who was recently promoted from brigadier general and chief signal officer to the higher grade has been assigned to duty in command of the military division of the Pacific with headquarters in San Francisco, and will assume the duties of that position within a few days.

C. T. McDonald, of Victor, Colorado, mining expert, has been on a visit to the city this week. It is understood that he is a representative of David H. Moffat, the Denver banker and railroad builder, and is in the Territory examining into mining resources. It is said that Mr. Moffat's associates are looking for zinc properties.

Miss Louise Platt was given cause to remember her birthday Thursday by a few of her friends who called at her home on Johnson Street in the evening. The hours were pleasantly passed in playing cards, after which dainty refreshments were served. Those present were Mrs. Baldwin, the Misses Barney, Hogle, Brown and Messrs. Crandall, Ferris, Pierce, Boyle and Wood.

Mrs. John R. McFie left today for Alamogordo, where she will visit her sister, Mrs. John R. DeMier. Mr. DeMier came to Santa Fe to take Mrs. McFie to his home at Alamogordo and returned south today. Judge McFie was to have accompanied Mrs. McFie to the county seat of Otero County, where today he expected to organize a post of the G. A. R. Important Supreme Court business and the opening of the District Court for this district on Monday next prevented the judge from going.

Mrs. N. B. Field, of Albuquerque, Miss Otero, of this city, Miss Abbott, of Albuquerque, and the Misses Nichols and Jones, of Haverhill, Massachusetts, who left the Duke City last

Sunday for a California tour, have spent most of this week at the Grand Canon of the Colorado, where they had an enjoyable time. They expect to reach Los Angeles tomorrow and will remain in that city for some little time, making excursions to other towns. The party will be domiciled at the Hotel Angelus.

The Capital City Club gave its semi-monthly dance last Tuesday evening at the Elks' Hall on Palace Avenue. Owing to the reception given by Hon. and Mrs. Thomas B. Catron for Governor Herbert J. Hagerman, the dancing did not begin until 9 o'clock, the club members first attending the reception. From that hour until 1 o'clock of the following morning, however, the dancers had a pleasant time. During the evening refreshments were served. Among the guests present were Mr. and Mrs. J. P. Long, Dr. and Mrs. Mera, Mrs. Church, Misses Becker, Thomas, DeKuhn and Sloan; Messrs. Haberlein, Manuel R. Otero, Bishop and Dr. F. Mera.

At the annual dinner of the Colorado Sons of the Revolution in Denver on Washington's birthday, Governor Peabody presided and the new president of the society, Judge Hinsdale, made appropriate remarks expressive of his appreciation of the honor conferred upon him. The address of the evening was delivered by Hon. L. Bradford Prince, of this city, who dwelt particularly on the active patriotic work being done by the Colorado society, especially in the schools by the distribution of ornamental flag cards and the annual presentation of medals for the best essays on patriotic subjects. John R. DeMier, of Alamogordo, has recently been admitted to this society.

One of the prettiest receptions of the season was that given by Mrs. M. O. Llewellyn and Miss M. Ona Bright Tuesday afternoon last at the Elks' Hall on Palace Avenue. There were about sixty guests present and the afternoon was enjoyably spent. The game of six-handed euchre was played. Mrs. Spitz won the first prize, Mrs. H. O. Bursum the second prize and Mrs. Hardinge the third prize. The decorations for the Elks' reception to Governor Hagerman were still in place and the hall presented a very pretty appearance. Refreshments were served in the course of the afternoon. Among the guests from out of town were Miss Baum, of Omaha, Nebraska, who is the guest of her sister, Mrs. J. W. Reynolds; Mrs. R. M. Hardinge who is the guest of her parents, Major and Mrs. R. J. Palen, and Mrs. J. A. Ellwood, of Buffalo, New York, who is the guest of Mrs. Arthur Seligman.

Governor Otero's European Trip.

Ex-Governor M. A. Otero will leave during the coming week for a visit to Washington thence to New York City. On the 5th of April he will sail on a four months' European voyage on the Hamburg-American Steamship Company's steamer the Prinzessina Luis Victoria. The vessel will cross the Atlantic to the Azores Island, thence touch at Tangiers thereafter at Gibraltar, where a stay of four days will be made, thence to Malta, thereafter to Corfu and then sail to Venice, from which point various Italian cities as far south as Naples will be visited by the Governor and son. Finishing the Italian tour, they will go through Austria and make a stay at Vienna. Thereafter the journey will be via Dresden to Berlin, from which point interesting cities and resorts in the German Empire will be reached. Then the trip will be extended to Paris, from where various French towns and country places will be visited. The itinerary will then take the Governor and son to London to visit northern England and the Scottish Highlands, thence to Liverpool, where a steamer will be taken in return to New York City. The Governor expects to return to Santa Fe during the first week of July.

He needs the ocean voyage and the recreation, which this journey will afford him, as he has worked hard during his eight and one-half years of official life while executive of this Territory. His many friends throughout New Mexico extend him the best wishes for a pleasant journey and a safe return.

A Brilliant Soiree.

Lent is here, but before the curtain was drawn upon the many social functions which have marked the season just closed, it remained for Hon. and Mrs. Thomas B. Catron to crown its pleasures with a reception in honor of Governor Herbert J. Hagerman at their palatial home on Grant Avenue. Unfortunately Mr. Catron while hurrying home to be the host at this occasion, was called to Chicago by business matters of such urgency as to compel his immediate presence there. Cards had announced the hour to be from 8 to 12 o'clock, and promptly at the first hour named the guests began to arrive. They were met at the door by Master Fletcher Catron and directed to the cloak room upstairs. The ladies left their wraps in the beautiful "blue" room, where every possible convenience and comfort had been provided. The gentlemen were ushered into the second floor library opposite the inviting billiard room, where they found Havanas and cigarettes to assist in whiling away the time while waiting. Finding their way down the spacious stairway into the front drawing room, the guests were met by Hon. Arthur Seligman, who introduced them to the hostess, who was assisted in receiving by Governor Hagerman, and her sons, John Catron and Charles Catron. The reception room is one of great elegance and rich in art treasures.

SOCIAL AND PERSONAL

(Continued From Page Four.)

ures and bric-a-brac brought from abroad by the hostess. The guests passed into the second drawing room, where Mrs. Amado Chaves and Mrs. R. L. Baca assisted in entertaining them and ushering them into the dining room, which was aglow with light and the superb decorations in pink. Here Mrs. Arthur Seligman and Mrs. James Seligman presided most charmingly, and were assisted by Mrs. Lord, Miss Platt and Miss Barney. Delicious salad, fragrant coffee, crisp biscuits, ice cream and toothsome cake were served amidst the raillery of conversation and the strains of Spanish airs that came floating from an adjoining room where the orchestra of Professor Perez was stationed. From the dining room the guests passed into the library, where Mrs. A. M. Bergere and Mrs. Robert Harding reigned gracefully over the punch table. The Carron home, perfect in its every detail and appointment, the gracious hostess in a princess gown of black velvet with a bertha of rare Point d'Alencon lace and diamond ornaments, the lovely assistants all beautifully gowned, made an ensemble that the two hundred and fifty guests will long remember with pleasure.

The soiree and reception was given complimentary to Governor Hagerman. It was a fitting ending to the winter's brilliant social season which was really inaugurated by his inauguration reception and ball. The throngs of guests that attended the first and this last function and the manner in which the Governor was received and greeted by the hundreds in attendance certainly proved that he is held in the highest esteem by Santa Fe people and is very popular and liked in Santa Fe social circles.

Washington's Birthday Celebration.

The one hundred and fifty guests present at the last of the February "at homes" given by Mrs. L. Bradford Prince at her Palace Avenue residence last Monday night, were not only given a surprise, but attended one of the most brilliant social affairs of the season. The surprise consisted of the fact that time was turned back four days in flight, and Mrs. Prince gave a Washington's Birthday

party, assisted by other members of the Daughters of the American Revolution and friends. The spacious rooms were decorated in red, white and blue electric lights, flags and bunting in profusion. The large museum was handsomely arrayed in similar decorations, including a pretty display of flags of all nations. Suspended from the center of the ceiling was a circle of red, white and blue electric bulbs and upon the north wall at the end of the museum was a spinning wheel covered with red, white and blue lights, with flax and distaff. The wheel was flanked on either side by the tri-color of France in remembrance of that country's assistance to the colonies in the struggle for independence. The red, white and blue lights upon the spinning wheel were so arranged as to represent thirteen stars, or the thirteen original colonies. There were other pretty decorations of lights, tinsels, bunting and color effects too numerous to mention.

Upon their arrival the guests were shown into the drawing room, prettily decorated and effectively lighted in red, white and blue light, where all were received by Mrs. Prince garbed in Colonial style. She wore a dress of dark blue velvet with a front of gold brocade and she also effectively utilized portions of her wedding gown. Her hair was arranged in Colonial style and powdered to a snowy whiteness. It was ornamented with a tall comb over 100 years old which had been worn by Mr. Prince's mother, at her wedding. Her earrings were of large pearls worn at her wedding. Patches of Colonial date were also in evidence.

In accordance with her office as state regent of the Daughters of the American Revolution, Captain Frederick Muller, former member of the First Regiment of Cavalry, United States Volunteers, "Rough Riders," in a handsome uniform of kaki, stood at the right of Mrs. Prince as guard of honor. Then came Chapter Regent, Mrs. J. P. Victory and Chapter Historian, Mrs. Welmer, both prettily gowned in Colonial costume with powdered hair. On the left of the hostess was stationed George Washington in all his glory, cleverly impersonated by Frank Owen, in blue satin coat, white knee trousers and buckled slippers. Mrs. Crandall undertook the role of Martha Washington and looked like reality itself. Besides other daughters of the organization there were Mrs. Thomas, chaplain; Mrs. Hall, register, and Mrs. J. E. Wood, secretary. After the reception the guests entered the dining room, where the patriotic color scheme was again carried out. Candles and cakes in red, white and blue designs, cherries on a tree in the center of the large table, and ices served in minute citadels of red, white and blue surmounted by an American flag, were served.

There was also punch and coffee in plenty. Other novelties were minute men, firecrackers and ears of corn, made of confectionery.

Previous to the refreshments, the following program was given: Miss Bettie Massie, cello solo; Miss Walter, vocal solo; Mrs. Williams, reading from James Whitcomb Riley's poems; Mrs. Shearon, vocal solo; Mrs. Wood, recitation, "Mrs. Penelope Penwick;" Judge A. L. Morrison, recitation, "The Flag," recited beneath a large flag held by ex-Governor Prince. Mrs. Prince, as the evening drew to an end, presented each of those who had assisted her with souvenirs consisting of bon-bon boxes in the shape of cherry trees, in each of which was driven a small hatchet. Members of the society were given candy medals of Washington, in red, white and blue.

The regular meeting of the Woman's Relief Corps will be held at the home of Mrs. George Riddle on Johnson Street Monday afternoon at 2:30 o'clock.

Careton Post, G. A. R., will hold its regular monthly meeting this evening at its hall on lower Palace Avenue at 7:30 o'clock. Visiting members are cordially invited.

The Board of County Commissioners held a special meeting yesterday afternoon but transacted no business. A recess was taken until the call of the chairman should be issued.

Word comes from Wagon Mound that Patricio Gonzales, well known in Santa Fe, had sold his paper, El Combate, to Quinto Amador Martinez, and will remove to Albuquerque.

H. Monterson, of Kelly, and Frank Franz, of Socorro, mining men, who are on their way to Alamosa and other Colorado towns on a short vacation, passed through the city today.

Stephen Watts Kearny Chapter, Daughters of the American Revolution, will hold a meeting at their rooms in the Old Palace on Thursday next at 2:30 in the afternoon.

C. E. Jones, who is universally liked by the children and known by them as the "candy man" today endeavored to sell candy to local dealers. He represents a Denver concern.

Deputy United States Marshal Frederick Fornoff, who has been in Santa Fe for several days, left yesterday for Estancia on business. He is expected to return to this city tomorrow evening.

All members of Company F, First Regiment of Infantry, N. M. G., are urged to attend the meeting next Monday as the work of preparing for the

inspection by a regular army officer, which will take place some time in April, must be pushed in order to have the company up to the top notch in drill.

Roswell is to have a tent city, modeled after the lines of Sunmount at Santa Fe. Ten acres of land one mile northwest of Roswell have been purchased for that purpose by private parties.

W. C. Shipman and wife, N. P. Fritz and Mrs. N. J. Fritz composed a party of home-seekers who spent the day here. They are looking for locations and will probably go to the Estancia Valley.

Jack Chandler and W. G. Green, of Fort Wingate, McKinley County, who have been honorably discharged from the army, spent the day here sightseeing. They are on their way east to their homes.

Camilo Padilla of Santa Fe had the honor last week to be the interpreter to a large audience, of an address made at Juarez, Mexico, by D. E. Thompson, recently appointed ambassador to Mexico.

Nicholas Tenorio and family, of La Palma, Torrance County, arrived in town Wednesday and will spend several weeks here visiting friends. Mr. Tenorio is the owner of a flock of sheep in that county.

Apollonio, the infant son of Mr. and Mrs. Jose Padilla, died Thursday at the family home on the south side. The funeral was held yesterday. The child was nine months old and died of infantile trouble.

The great amount of snow in the mountains east and northeast of the city promises a good supply of water for spring and summer irrigation. Horticulturists are accordingly wearing happy smiles.

The quarterly report of Territorial Treasurer J. H. Vaughn for the quarter ending February 28, 1906, is published in this issue of the New Mexican. It is very interesting and should be read by bankers and financial men and especially by people in general.

Dr. David Knapp, of ward 4, and John V. Conway, the rustling proprietor of the Normandy Hotel, are mentioned by the Republicans for nomination as members of the City Board of Education in the fourth and third wards respectively.

For nervousness and insomnia no method of treatment seems to have such good effect as osteopathy. It relieves contracted muscles and allows a free circulation of the blood and nerve forces which is essential to health. Dr. Wheelon, the Osteopath, 103 Palace Avenue.

The lack of houses for renting purposes in Santa Fe is quite noticeable, on account of the large number of people who are constantly arriving and looking for residences to occupy. It would pay anyone well to erect several cottages and use them for this purpose.

There is a rumor afloat to the effect that Frank P. Sturges, foreman of the New Mexican job department, will be a candidate on the Republican ticket for the nomination as a member of the school board from his ward, and that he has a good chance to secure it.

Santa Fe train No. 3, due yesterday noon, trains Nos. 1, 7 and 9, due last evening, and train No. 8, which passes Lamy shortly before midnight, arrived at Santa Fe this morning at 8 o'clock, the delay to the eastern trains being caused by the blizzard that raged in Kansas yesterday.

Santa Fe Chapter No. 1, Royal Arch Masons will hold a special convocation commencing at 7:30 o'clock this evening at Masonic Hall during which the degrees of Past Master and M. E. Master will be conferred upon three candidates: Sojourning Royal Arch Masons are cordially invited to be present.

The new building which is being erected by the Sisters of Loretto on their grounds near the College Street bridge, is going up very fast and will be ready for use shortly. The Sisters are also making other improvements on their property and are tearing down a number of old adobe buildings.

Juan D. Castillo, of Albuquerque, who has accepted a position in the jewelry store of H. C. Yontz in this city, arrived in town Monday and was here several days during the week. He left yesterday for Albuquerque to complete arrangements for bringing his family to this city. He will start work here on the first of April.

The City Republican Central Committee named during the 1904 city campaign is as follows: H. L. Ortiz, secretary; members, Nicolas Sena, Ward No. 1; Canuto Alarid, Ward No. 2; J. V. Conway, Ward No. 3; Dr. David Knapp, Ward No. 4. The chairman of the committee, General E. L. Bartlett, died on the 19th of October, 1904 and hence there is a vacancy in the chairmanship.

The old building in front of the new High School are being torn down by Otto Retsch, to whom the contract for this work was given at a recent meeting of the city board of education. The work is being pushed and the buildings will shortly be "no more." The pupils of the second and third grades, who had been stationed in one this building, have been moved to the room formerly occupied by Company F.

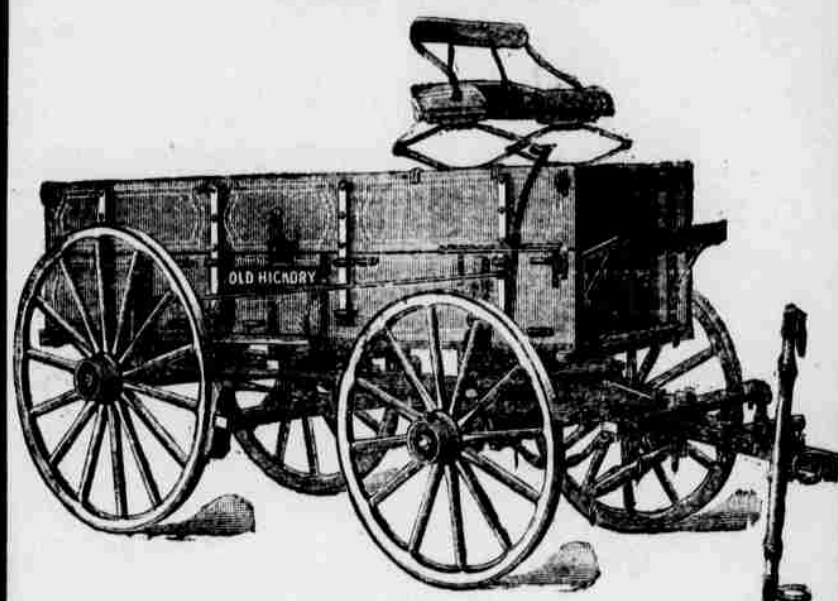

A number of citizens, most of them Republicans, but also a few Democrats have called at the New Mexican office of late and have declared themselves in favor of the nomination of ex-Mayor

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Santa Fe People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Back ache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Santa Fe.

Charles Harris, ex-policeman of San Miguel Street, says: "The aching across the small of my back was not the kind that comes from overwork, it was deeper seated and much more painful, positively proving to me that some inward cause existed. When an attack was in the aggravated stage, I could not stoop to put on a shoe or lift any weight and if I managed to stoop after suffering twinges when I went to straighten exerting pangs were sure to be my reward. Doan's Kidney Pills procured at Ireland's Pharmacy stopped every aggravated attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

He who hesitates may live to rejoice.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by all druggists.

No, Alonzo, you cannot have your boss arrested for arson because he fired you.

No Pill is as pleasant and positive as DeWitt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Never grips.

Sold by Ireland's Pharmacy.

GAME WARDEN.

Number of Candidates Desire the Position—An Attractive and Easy Job.

The position of Territorial fish and game warden is evidently an attractive one, judging from the number of candidates who desire to occupy it should a vacancy occur in the near future. Every American citizen has the right to seek office, and there can be no just criticism made upon a desire to exercise this right. As to which of the candidates in this case will be successful, according to Kipling, "that is another story."

Among the applicants, Dame Rumor has the following: Herbert Sims, of Chicago, a young man who has been in Santa Fe for some time for the benefit of his health. It is said that he has a close relative who holds an important position in one of the departments at Washington through whose influence he has secured a letter from a very influential source in the national Capital, recommending him for the position to Governor Hagerman. Frank Leonard, who is in the employ of Charles H. Field, of Las Vegas, and who lived in that city for a number of years, has been endorsed by citizens of that town, so says a Meadow City report. Locally, it is said that Hugh H. Harris, formerly connected with the New Mexican as news editor and now a ranger on the Jemez Forest Reserve, and who intends to make New Mexico his future home, has received and is now receiving some good backing and favorable outside recommendations. Mr. Harris has studied forestry and woodcraft for some time and is an enthusiast in these lines. Frank McKane, an employee of the Santa Fe Central Railway office, would not object to receiving the appointment, and yesterday a new Richmond appeared in the person of William Penn Clark, who went around town and secured a number of endorsements recommending him to Governor Hagerman, among the signatures to his petition being ex-Governor L. Bradford Prince, Judge N. B. Laughlin and Captain Fritz Muller.

The New Mexican is not at this time in position to say whether there will be a vacancy, or who the lucky man will be. Governor Hagerman has the appointment and he could tell, but he has not done so up to date. The future will tell. The New Mexican will forbear making prophecies except to say that it looked some time ago as if Harry Sims had the inside track.

A DUAL CAPITAL.

Two Important Amendments to Statehood Bill Proposed—Payment of County Railroad Debts

Washington, D. C., March 1.—Two very important amendments to the Hamilton Joint Statehood Bill have been drafted by C. F. Ainsworth, of Phoenix, Arizona, who is at the National Capital lobbying for the passage of the Joint Statehood Bill. Senator Beveridge has promised that he would introduce and support both amendments if they will not endanger the passage of the bill. Ainsworth claims to have the definite promise of a majority of the Senators that the insertion of the two proposed amendments would not cause them to oppose the bill. The amendments are:

"Amend by striking out subdivision 6, section 25, and inserting in lieu thereof the following: 'That until 1915 there shall be two capitals of said state, one located at the city of Phoenix in the present territory of Arizona, and the other at the city of Santa Fe, in the present Territory of New Mexico, and terms shall be held at each of said capitals yearly, and sessions of the legislature of said state shall be held alternately at said

capitals, commencing at the city of Phoenix. The location of said capitals may be changed after said year 1915, by the electors of said state, voting at an election to be provided for by the legislature.'

"Amend section 34 by adding thereto the following: 'There is hereby granted to the state of Arizona, in addition to all other lands herein granted to said state, two million acres, which shall be sold by said state and the proceeds thereof or so much as shall be necessary shall be paid by said state to the counties of Pima and Santa Cruz, in the present territory of Arizona, and to the counties of Santa Fe and Grant in the present Territory of New Mexico, for the purpose of paying off the railroad bonded indebtedness of said counties in whatever form the same exist, and any surplus derived from the sale of said lands over and above reimbursing said counties as aforesaid for such bonded indebtedness, shall be paid into the general fund of said state. Nothing herein contained shall ever be construed as obligating the state of Arizona to pay said bonded indebtedness of said counties or any part thereof.'

FEBRUARY WEATHER.

It Wasn't Much to Brag About at Santa Fe, Still, Much Better than Elsewhere.

The month of February continued the bad record set by January and December preceding in the line of weather at Santa Fe. There were five cloudy days during the month, eight that were partly cloudy and fifteen days that were clear. While that in itself is much better than the record of the weather during the month elsewhere, yet it is far below the average February weather at Santa Fe. There were ten days with 100 per cent. of sunshine, and there was only one day without any sunshine at all, the percentage of sunshine for the month having been 70. The temperature averaged 35 degrees, or two degrees above the normal. The maximum temperature was 56 degrees on February 27; the lowest was 12 degrees on February 5. The greatest daily range was 31 degrees on February 27, and the least daily range was 4 degrees on February 12. The accumulated excess of temperature since New Year is 58 degrees. The precipitation amounted to .55 of an inch, a deficiency of .21 of an inch, the accumulated deficiency since New Year being 15 of an inch. The snowfall amounted to 7.3 inches. The greatest precipitation in any twenty-four hours was 1.8 of an inch on February 10 to 11. The total wind movement was 4,731 miles, mostly from the northeast. The average hourly velocity was 7 miles; the maximum velocity was 38 miles per hour from the southwest on February 28. Two thunder storms occurred, one on February 13 and the other on February 28. One lunar halo was observed. The mean relative humidity was 60 per cent, at 6 a. m. 66 per cent and at 6 p. m. 54 per cent. The mean minimum temperature was 25.2 degrees and the mean maximum 44.9 degrees.

A BRAVE BOY.

With Arm Broken in a Runaway he Walked Five Miles to Get Help For His Mother.

While driving from Johnson's Mesa to Folsom, a few days ago, Mrs. Popejoy and son Ernest were thrown out of their carriage in a runaway caused by the horses taken fright at a herd of sheep which was crossing the road. Mrs. Popejoy had three ribs on the left side and two on the right side fractured and her arm dislocated. The boy had one arm broken in two places and the other dislocated and yet, despite his terrific pain, walked five miles

into Raton to get a physician for his mother. Both of the injured are now at the home of Mrs. Gleason at Folsom, a daughter of Mrs. Popejoy.

HEARINGS BEFORE

JUDGE MANN

One Case from Santa Fe and Another from Lincoln County Argued Before Him.

Judge Edward A. Mann since the adjournment of the Supreme Court yesterday, has been busy in hearing the case of the heirs of H. B. Hamilton, deceased, vs. the Eagle Gold Mining Company, a corporation carrying on extensive mining operations in Lincoln County. This case involves an interest in the Hopeful mine, one of the company's properties, and in which an interest is claimed by the Hamilton heirs, as well as an attorney's fee of \$10,000 for services rendered to the company by Judge Hamilton. James G. Fitch, of Socorro, is the attorney for the Hamilton estate and Attorney General G. W. Prichard appeared for the Eagle Mining Company.

This afternoon Judge Mann heard the evidence in the case of Berge vs. Chaves, a suit in equity, involving title to a tract of land in south Santa Fe County known as the Galisteo ranch grant. This case involves a transaction which occurred over twenty-five years ago and the question at issue is whether a document purported to have been made by Manuel B. Otero, now deceased, to the defendants in the case is a deed or only a contract for a deed. Catron and Gortner appeared for complainant and Reichen and Thompson for defendants. This case was heard by Judge Mann on a change of venue from Judge John R. McFie, the presiding judge of this district.

VERY INTERESTING

ING LAW POINT

To Be Decided in Gonzales Case Monday—Evidence Seems to Sustain Charges.

In the case of the Territory of New Mexico vs. Anastasio Gonzales, assessor, against whom charges of inefficiency and dereliction of duty have been preferred by Traveling Auditor Charles V. Safford and in which the evidence was submitted to the court yesterday, a very interesting question was raised by Attorney A. B. Reichen for the defendant. The point is, was the matter of hearing in the First Judicial District Court for Santa Fe County, or was it before Associate Justice John R. McFie, as an executive officer? Judge McFie has this point under consideration and will likely render a decision Monday. It is pretty well agreed that the evidence sustains the charges made by Traveling Auditor Safford against Gonzales.

L. Sparks as a candidate for the Mayoralty in the coming spring election. They stated that Mr. Sparks had made a good record while he held that office and they thought he would make a still better one if nominated and elected in next month's election.

Frank Dibert, paymaster of the Santa Fe Central, and Grazi Rivenberg, ice dealer and fruit grower, were passengers yesterday afternoon for Estancia to attend the meeting of the farmers and homesteaders in that valley held today to discuss agriculture. Colonel Vernon, professor of agriculture at the Agricultural College at Las Cruces, was one of the speakers on the subject of dry farming and irrigation.

The weather forecast for New Mexico, issued by the local weather bureau, is fair and warmer tonight. For Sunday, partly cloudy and warmer is predicted. The maximum temperature at 3:45 p. m. yesterday was 34. The minimum temperature for today was 18 at 6:25 a. m. this morning. The mean for the day was 26 degrees. The relative humidity was 54 per cent and the temperature at 6 a. m. today was 16 degrees.

John H. Jacobs, of Marquette, Michigan, mining engineer, was in town today on business affairs. Mr. Jacobs is having a force of men employed doing work on the group of mining claims known as the Philippine claims, about a mile northwest of Clereta. He and his associates are looking for copper in the Glorieta Mining District and this development work is being done in order to demonstrate the value of the claims named. Mr. Jacobs was a caller at the office of the Bureau of Immigration this forenoon and was furnished information concerning the mineral deposits of the Glorieta and Pecos Mining Districts.

ADAMS' CONFESSION.

His Statements Regarding Steuening's Assassination Tally With Those of Orchard.

Boise, Idaho, Mar. 3.—Steven Adams, a member of the Western Federation, who is charged with complicity in the murder of Governor Steuening and who made a confession, said fully to confirm that of Orchard, will not be taken before the grand jury at Caldwell. It is stated that sooner or later, Adams will be taken to Colorado where arrests in the case will probably be made in the near future. Adams, it is stated, will not resist extradition. The confession of Adams is said to cover twenty-four typewritten pages. Warden Whitney states that when Adams was brought to the penitentiary he seemed greatly depressed but since making the statement seems lighter hearted and appears like a new man.
