STILL DEBATE ON STATEHOOD BILL

Conferees Wrangling About Oklahoma Capital.

TO REPORT ALCOHOL BILL

Favorably -- Delegate Andrews Secures Pensions for New Mexico People.

Washington, March 30.—The conference committee on the statehood bill is wrangling and today made but little advance, the question at issue being the proposed change in the location of the capital of Oklahoma. No final action thereon was taken today.

Favorable Report on Free Alcohol Bill.
Washington, March 30.—The House committee on ways and means today authorized a favorable report on the free alcohol bill.

New Mexico Pensions.
Special to the New Mexican.

Washington, March 30.—Delegate W. H. Andrews of New Mexico has introduced bills providing for a pension of \$30 per month for Mrs. Luella S. Gallup and for an increase of pension to \$30 per month for William Sparks, both of New Mexico. Special to the New Mexican.

\$10,000 to Investigate Land Frauds.

Washington, March 30.—Considerable progress was made on the legislative, executive and judicial bill in the House yesterday. The committee on appropriations suffered a defeat in the committee of the whole by a vote of fifty-eight to twenty-two, expunging a paragraph from the bill. In addition to the appropriation voted by the committee, \$10,000 was voted for a confidential agent of the Interior Department to aid in investigating the land frauds.

To Reorganize Army Medical Branch.

Washington, March 30.—The railroad rate bill was again taken up in the Senate yesterday, and speeches were made by Senators Clay, Carmack and Newlands. A debate followed the speeches, and a bill was then passed which provides for the reorganization of the medical department of the army, by authorizing the appointment of officers to take the place of the contract surgeons.

To Resign for a Church.

Washington, March 30.—John M. Harlan, a member of the Supreme Court of the United States today announced to the officials of the New York Avenue and Assembly Presbyterian Churches, that if the latter would consolidate with the former, the Assembly Church giving \$25,000 for the sale of its present property, as a nucleus for a fund to build a new edifice for the two consolidated churches, he would resign his position on the supreme bench to take personal charge of the work, and see that it was successful.

PROMISES TO VOTERS.

Albuquerque Non-Partisan Candidates Make Promises to Voters on City Issues.

Albuquerque, March 30.—The candidates for mayor and aldermen on the Peoples' Non-Partisan ticket, yesterday made a statement to the voters of Albuquerque in which they pledged themselves to the people of Albuquerque that if they were elected, and if the proposition to purchase the plant of the Water Supply Company was rejected at the coming election, they would vote and work against any extension of the franchise, of that company, unless the same should be submitted to and approved by electors of the city, at an election to be held for that purpose. They further pledged themselves to the voters that if the proposition to purchase the plant was accepted, they would place it in the hands of an absolutely non-partisan committee composed of representative business men and citizens.

MISS BRANDT ILL.

St. Louis, March 30.—Miss Nina Virginia Brandt, daughter of Rev. John L. Brandt who disappeared last Saturday, was later found in Las Vegas and brought home last night, is seriously ill, at her home and reported to be on the verge of nervous prostration.

RAILROAD SITUATION IN CALIFORNIA.

Los Angeles, Cal., March 30.—The railroad situation in California, is practically normal again, the Salt Lake road being the only exception. The conditions on the Clark road, however, are practically as bad as previous reports indicated. Between twenty and thirty miles of the track are damaged and trains will not be running for ten days or two weeks.

TO CALL GRAND JURY

At Jerome's Request to Investigate Charges Against Insurance Companies About May 1.

New York, March 30.—Justice Dowling, in the supreme court today granted the application made yesterday by District Attorney Jerome for a special grand jury to investigate insurance matters. Justice Dowling said that he had consulted with his associates and they agreed as to the advisability of granting Jerome's request. A special grand jury will be called about May 1.

Jerome Not a Moral Censor.

New York, March 30.—In the course of an interview published today in which he discussed his actions following the revelations made by the legislative insurance investigations District Attorney Jerome advocates the enactment by the present legislature, of a law making it larceny for an officer of a corporation to make political contributions from the funds of any corporation. Mr. Jerome stated that he did not believe such political contributions constituted larceny under the existing statutes. In conclusion he said: "There never has been for one moment a thought in my mind that the bulk of the transactions condemned by people generally could be justified from a moral standpoint, but on the other hand, I was not a censor of morals in my official capacity. I was an officer sworn to perform my duty under the law as I found it."

OTHER NON-PARTISAN TICKETS

Placed in Field at Las Vegas and Raton—Two Parties Fuse.

As in other places the Republicans and Democrats, in a joint city convention, yesterday evening nominated a fusion ticket for city officers and judges from the sentiment in the Meadow City, the various candidates are sure of victory at the polls. Everything passed off harmoniously at the city convention, both parties were represented on the ticket. The nominees are as follows:

For mayor, K. D. Goodall; city clerk, Charles Tamme; city treasurer, H. C. Smith; aldermen, P. F. Nolan, first ward; J. D. Mackel, second ward; J. K. Martin, third ward; A. T. Rogers, Sr., fourth ward.

School Board, J. A. Ross, first ward; Dr. H. M. Smith, second ward; C. C. Robbins, third ward; Dr. B. D. Black, fourth ward.

At Raton, similar action was had, the Democrats and Republican delegates, fusing in joint convention and placing the following non-partisan ticket in the field for the general good of that city. The candidates are:

For mayor, T. F. McAuliff; for city clerk, William A. Chapman; for city treasurer, R. H. Carter.

For councilmen, First ward, S. A. Wiseman; second ward, John A. McIntosh; third ward, Patrick Boyle; fourth ward, Samuel Rains.

Board of Education, First ward, Frank Henning; second ward, F. F. White, James K. Hunt; third ward, M. M. Dawson; fourth ward, Francisco Gauna, Abram Cardanes.

DETAILS OF WRECK.

Of Train No. 10 Near Las Vegas Which Collided With a Freight.

Special to the New Mexican.

Las Vegas, N. M., March 30.—The particulars of the wreck of passenger train No. 10, which collided with a freight train near Rivera, Wednesday, have reached this city. George Davis who was firing on the passenger train was seriously injured and is now in the Atchison, Topeka & Santa Fe hospital in this city. He received a deep wound under his right eye, his right hip is badly contused and he was severely bruised and shaken up. Both the engineer and the fireman leaped from the cab as soon as they saw the freight train. The former landed on his feet safely, but the latter struck a mile post with the above result. Six cars of the freight were badly wrecked and the caboose was reduced to a pile of splinters. The passengers escaped uninjured with the exception of being shaken up.

SHOT CRIPPLED BOY.

Deputy Marshals in Indian Territory Arouses the Ire of the Cherokees.

Muskogee, I. T., March 30.—As the result of the shooting of a crippled Indian boy and the capturing of his uncle by deputy marshals, while hunting a trio of Wickliffe Indian outlaws, it is reported that the Cherokee nation to which they belonged are much excited, their blood having been aroused by the alleged unwarranted action of the deputies.

BANK EMPLOYEE IS ARRAIGNED

NO AGREEMENT ON WAGE SCALE

Joint Conference of Operators and Miners Ends.

CABINET IN CONSULTATION

On Coal Situation—A Strike May Yet Be Averted by Compromise.

Indianapolis, March 30.—The joint conference of operators and miners in the southwestern district adjourned sine die today without reaching an agreement.

Cabinet Discusses Coal Situation.

Washington, March 30.—The cabinet for some time today had under consideration the coal situation, as disclosed in the proceedings of yesterday. Telegrams from Indianapolis from John H. Wander, John Mitchell and Francis L. Robbins were discussed. At the conclusion of the meeting the President made the announcement through Secretary Loeb that there was nothing to say at this time. It was added that he has not as yet replied to the telegrams.

To Restore Scale of 1903.

Indianapolis, March 30.—F. L. Robbins of the operators, has issued a statement to the effect that one-half of the operators are willing to restore the scale of 1903 for a period of two years which is a compromise demanded by the miners. The percentage of the operators who are willing to grant the compromise offer is sufficient to avert the national calamity.

Keystone and Coke Employes Win Demands.

Greensburg, Pa., March 30.—Eight thousand miners employed by the Keystone and Coke Company, have decided to continue at work as the company agreed to pay an advance.

Miners Receive Report From Operators.

Indianapolis, March 30.—President Mitchell called the national convention of the United Mine Workers of America to order today. Secretary Wilson read the resolutions adopted last night by the operators asking the President of the United States to appoint a commission to investigate the mining condition. A delegate asked what assurance the miners had that the operators sending it, represented 80 per cent of the tonnage. President Mitchell replied that after reading the resolutions of the operators he had sent a telegram to their president telling him that 50 per cent of the tonnage in the states mentioned, Illinois, Indiana, Ohio and western Pennsylvania, were willing to pay the advance asked. W. D. Ryan, of Illinois, moved that the "communication be received and placed on file among the members for future reference."

Were Miners Ordered to Strike April 1.

New York, March 30.—President Baer of the Philadelphia & Reading Railway, has sent a telegram to John Mitchell asking him if it is true that in the pending negotiations Mitchell ordered the miners not to work the anthracite mines after April 1.

Mitchell's Answer to Baer.

Indianapolis, March 30.—Mr. Mitchell said to the Associated Press that he had not yet received Mr. Baer's telegram. "When I do," he said, "I will send him a copy of the statement given to the Associated Press last night, announcing that such action and been taken."

Ask President to Appoint Commission.

Washington, March 30.—President Roosevelt today authorized the publication of telegrams received at night, one from John W. Winder, chairman of the Bituminous Coal Operators Association at Indianapolis and the other from President Mitchell on Francis L. Robbins. The telegram on Winder proposes that the President appoint a commission to investigate matters bearing on the scale of wages in the territory involved. It proposes that the commission report to the President its findings of fact together with his recommendations and suggests that the commission have power to administer oaths and compel the attendance of witnesses. The telegrams signed by Mitchell and Robbins take issue with the statement made in Winder's telegram saying that does not represent real facts. They set that one-half of the total tonnage of western Pennsylvania, Ohio, Indiana and Illinois produced by the operators is willing to pay the compromise scale. The President has taken no action in the matter as yet.

In police court today on charge of stealing \$34,000. His alleged speculations have been going on for 25 years. An official of the bank appeared in court to press the complaint.

ENTOMBED MINERS LIVED ON HAY

Terrible Experience of Men in French Mine.

BURIED FOR TWENTY DAYS

Others Still Imprisoned in Black Cavities Are Signaling for Help.

Lens, France, March 30.—Fourteen of the 1,200 miners who were entombed in the coal mines at Courieres, twenty days ago were taken from the mine alive and well today. They had lived on hay found in one of the underground stables and morsels of food they took into the mines nearly three weeks ago. All attempts to rescue the entombed men had been abandoned more than two weeks ago.

The sudden appearance of the imprisoned men caused stupefaction. A gang of salvagers had just completed their night's work when they were startled to see a group of miners, terribly haggard and exhausted and with eyes sunken appear from a remote part of pit number 2. The strongest of the party said they had broken out of a distant gallery where they were entombed since March 10. The men were taken to a hospital. They were able to talk feebly and asked for their friends. A large crowd immediately besieged the mines hoping to hear of further escapes. It is said that others of the entombed miners are alive and about to be brought out, their signals having been heard. One of the rescued miners today, Nemy by name, said for the first eight days the party ate bark off the timbers of the mine. Later they found the decomposed body of a horse which they cut up and ate with hay. Nemy, who was the most lucid of the escaped, graphically describes his imprisonment as follows:

Bark and Earth for Eight Days.

"After the explosion, I groped my way about, stumbling over bodies and seeking refuge from the gases. I found some comrades sheltered in a remote niche. We ate earth and bark for eight days. We continued to grope among the bodies seeking an outlet but were forced back time and again. We found some hay which we ate and two days later found a dead horse which we cut up and ate with hay and bark. We suffered most from want of water. Finally we became desperate, separated into three parties and communicated with each other by shouts. Last night we felt a draft of fresh air which finally guided us to an opening. Doctors have forbidden the survivors to do any more talking."

A DUCK BY THE NAME OF MALLATT

Fined \$50 for "Toting" Gun—Says He is a Chinese Inspector.

Special to the New Mexican.

San Marcial, N. M., March 30.—Charles V. Mallatt, who claims to be a Chinese inspector, with the special duty of inspecting the passenger train and two freight trains that come from the south to the town of San Marcial, has been arrested and tried before the justice of the peace, Amos Green, on three different charges. One of the charges is a complaint made by District Attorney Biggo Bac, for carrying a deadly weapon. Mallatt is in the habit of marching up and down the streets of San Marcial with a belt around his waist with a six shooter in it. On the 18th of March the district attorney happened to be in San Marcial, and at church hours at the Episcopal Church, he saw Mallatt in church in the choir with this gun hanging from his belt. District Attorney Bac not approving this action proceeded to investigate who the man was. He found that he was a Chinese inspector, but that he had never arrested any Chinamen. Mr. Bac believing that the churches and streets of San Marcial were not the places to hunt Chinamen, made a complaint against Mallatt for carrying a deadly weapon. The case was tried in the justice court and the court fined him \$50 and costs.

It appears also that after the complaint was filed and the warrant for the arrest of Mallatt was placed in the hands of Deputy Sheriff Henry Dreyfus, and the deputy went to San Marcial to serve this warrant, the defendant immediately commenced to laugh and make fun of the paper. Then the deputy demanded his gun and told him to consider himself under arrest, the defendant then jumped back and drew his gun and got behind a big tree. The deputy drew his gun and went behind another tree. Mallatt kept saying that he would not give up his gun.

The defendant resisted and while he

LETTER FROM I. SPARKS.

Frank, Fearless, Honest Announcement and Pledges By Republican Candidate for Mayor.

"It has been rumored that, if I should be elected mayor of the city of Santa Fe, at the coming election, that I would favor a reduction of the saloon licenses. I desire to state emphatically, that no such thought has ever entered my mind. The parties circulating such a report are those who are opposed to my election and they are using such corrupt and rotten means in order to prejudice the minds of the good people. This means of opposing a political opponent is so low and contemptible that it should rebound against the party using it."

"Another rumor, that is being used and one that is wholly unfounded, is the statement that I have compromised myself in the appointment of a city marshal. I have not in any manner compromised myself with regard to the appointment of any official and I shall not do so. If elected, I shall use my best endeavor to see that a marshal is appointed who will meet with the approval of the citizens at large, one who will do his duty honestly and fairly. I shall certainly use every effort to see that the laws and ordinances are enforced, that order is maintained, that honesty, economy and efficiency prevail. I shall do all I can to give the city a clean, progressive and business like administration. I shall give the time of the office required to bring about these results. I believe that it is the duty of the administration of a municipality to protect the capital that is already invested and to induce more capital to invest. Considering the progress of the Territory and the city of Santa Fe, the question of obtaining capital with which to promote the interests and develop the resources of the city is of the greatest importance."

"I ask for the votes of all good and patriotic citizens. If elected, I pledge them that I will carry out what I have said above to the best of my ability."

"Respectfully,
I. SPARKS."

COURT NEWS.

Eusebio Salazar Found Guilty of Assault With Intent to Kill—Asks for New Trial.

The District Court of the First Judicial District of the county of Santa Fe met at 9 o'clock this morning. Judge John R. McFie presiding. The following business was transacted:

The case of the Territory vs. Eusebio Salazar of Rio Arriba County, charged with assault with intent to kill, was resumed this morning. The final testimony was taken and the arguments both for the prosecution and defense entered. Shortly after dinner the case went to the jury, and in ten minutes the jurors returned with a verdict of guilty in the indictment. Attorneys Benjamin M. Read and Thomas B. Catron, who represented Salazar in the case, filed a motion for a new trial which will be heard before Judge McFie. The prosecuting witness in the case was Juan N. Cordova, who the evidence showed, was stabbed by Salazar. There is a similar charge against Salazar for stabbing Pedro y Cordova, a brother of Juan Cordova, which will be brought up when the present case is disposed of.

and the deputy sheriff had guns in their hands, the district attorney, who happened to be in San Marcial, arrived on the scene and called the attention of Mallatt to the fact that he was district attorney and that he would advise him to drop or turn the gun over to the deputy sheriff, that the sheriff had no ill feeling against him but he was bound to take him as he had a warrant for his arrest. Mallatt then said that he didn't care and would not give up his gun. The district attorney then told the deputy sheriff that if he did not surrender immediately to shoot. Mallatt gave up.

Deputy Sheriff Dreyfus filed a complaint against Mallatt for drawing and flourishing a deadly weapon about him while he was in the discharge of his duty. The case was brought before a justice of the peace yesterday and the defendant having waived examination was put under \$500 bond for his appearance at the next territorial grand jury. In another case of misdemeanor against Mallatt, the court fined him \$10 and costs.

Another case that was tried in the justice of the peace court yesterday was one against C. E. Mead of San Marcial, charging him with selling liquor without license. Defendant waived examination and the justice of the peace fixed his bond at \$500 for his appearance at the next territorial grand jury.

The district attorney was informed of this violation of the law by Meads and went to San Marcial on the 26th of March where he found three men with flasks of whiskey each, saying that he bought the liquor from Mr. Meads. The bottles had Meads name on them. The people in San Marcial had informed the district attorney that Meads sold without license, more liquor than any saloon in San Marcial.

BEAUTIFUL WOMAN TO MARRY INDIAN

Miss Arnold of Denver and Albino Chavarria.

MINISTERS WON'T OFFICIATE

For Various Reasons—The Couple is Now at the Palace Hotel.

Awaiting the culmination of as pretty a romance as was ever written by the pen of the novelist, Miss Cora Marie Arnold, of Denver, Colorado, and Albino Chavarria, a Pueblo Indian, from the Santa Clara village, are at the Palace Hotel, and within a few days they will become man and wife, after an acquaintance of more than eight years. Miss Arnold accompanied by two of her sisters, the Misses Geneva W. and Lillian U. Arnold, and Albino Chavarria, arrived in the city from Espanola, over the Denver & Rio Grande Railroad yesterday afternoon, and shortly after their arrival in the city procured a marriage license from Probate Clerk Marcos Castillo. It was their intention when they arrived here that the ceremony be performed last evening, but on account of circumstances which arose, their plans were altered, and left in rather an indefinite state. Rev. W. R. Dye of the Episcopal Church was called upon to perform the ceremony, but sent a request that he be excused on the grounds that it was not customary to perform ceremonies in his church during the Lenten period. Rev. George F. Sevier was also called upon, but asked that he be excused for personal reasons.

Handsome and Refined.

Miss Arnold, who for many years has been a resident of Denver, Colorado, is a handsome and refined woman, 52 years of age. She is a member of an Episcopal Church in that city, and is a Christian woman, who is endowed with an exceptionally brilliant mind. Her very manner impresses one with a feeling of refinement, and that she is devoted to her fiancé, is evidenced by the gentle manner in which she addresses him in Spanish, which language they both speak fluently.

Chavarria is a typical Pueblo Indian, although in many respects he is said to be superior to his brothers. He is fifty years of age, but as straight as an arrow and is said to be the most handsome of the Indians living at the Santa Clara Pueblo. He wears the blanket, moccasins and other apparel of the Pueblos and dresses his hair after a custom which has been adopted by them. At the reservation he is the "power behind the throne." On account of his unusual intelligence and fair mindedness he is consulted by Governor Tafoya, on all matters of importance and is looked up to and respected by every inhabitant of the reservation. He is a Catholic by religion. He does not converse in English to any extent, but speaks Spanish besides his native tongue. He owns a large ranch at Santa Clara, which he conducts most successfully.

How the Romance Started.

The romance which is to have its culmination in the marriage of these two people, had its beginning in Denver eight years ago, during a carnival which was being held in that city. Chavarria, in company with a nephew who spoke English quite well were in attendance at the carnival. Miss Arnold, with her sisters, was taking pictures of the various interesting things to be seen, when Miss Arnold happened to notice Chavarria and his nephew. She was struck by the picturesque yet intelligent appearance of the handsome Pueblo, and through his nephew asked if she might be permitted to take his picture, promising that if the plate were good she would send him a copy when the pictures had been developed.

He gladly consented and the picture was taken. As she had promised Miss Arnold sent him the photograph, and then began the correspondence, which finally led to their engagement, and will result in their marriage. Chavarria politely sent Miss Arnold a letter of thanks for her kindness, writing in English through a mission school teacher. After that their correspondence was carried on in Spanish.

Chavarria and Miss Arnold became engaged several years ago, and knowing it would be better for her to become acquainted with the customs of her fiancé's people she, with her sisters, went to Espanola last December, where they have been entertained since that time by a friend of Miss Arnold. Espanola is but a short distance from the Santa Clara reservation, so that Miss Arnold and Chavarria had many opportunities to become more intimately acquainted and

THE FORT MARCY ADDITION DONATION.

A charge was made in the Independent-Democratic-Citizens' convention last Wednesday evening to the effect that ex-Mayor I. Sparks received the sum of \$500 for his trips to Washington on the occasion of securing the donation of the Fort Marcy reservation to the City Board of Education. It was charged also that on the occasion of these trips he had passed but nevertheless collected railroad fare between this city and Chicago and return. The stories told are untrue. The facts are: Mr. Sparks went to Washington twice upon the mission named. On the occasion of his second trip he was furnished free transportation from this city to Chicago and return, and in his itemized account for expenses did not charge or collect for this transportation. His first visit lasted fifteen days and his second was of thirty-five days' duration. There is no question had it not been for his work that the donation of the Fort Marcy reservation to this city would never have been made. He was away from home fifty days. He paid Pullman fare from this city to Washington and return, and railroad fare from Chicago to Washington and return, as well as fare from this city to Chicago and return on one trip. His railroad and Pullman fares amounted to about \$160. His personal expenses then amounted to about \$250. Considering the fact that he gave his time and was away 50 days, this is a very small charge for his services, for his time and for his keep. His expenses were not reimbursed until after the donation of the reservation, and then only from funds received by the Board of Education from sales of real estate made. Not a single cent was paid Mr. Sparks for his services and for his time. His actual expenses were small and the good he did by his two trips was of the greatest. The man or the set of men who have and are attacking Mr. Sparks in this matter are certainly of the smallest caliber and have no gratitude for successful and honest work done by him. The case is so plain and so simple that it needs not much discussion and elaboration. Decent and patriotic citizens will give Mr. Sparks due credit for the good he has done. The less said of the other classes in this paper or elsewhere the better. The records of the Board of Education will show each item of the expenditures incurred by Mr. Sparks in this matter.

The board has so far received from sales of property and rents on the Fort Marcy Reservation in the neighborhood of \$21,000, and has much valuable property left. The value of the property still remaining in the hands of the board is sufficient to pay the entire indebtedness of the Santa Fe school district and its bonds issued for public school buildings and purposes.

TO ELECT UNITED STATES SENATORS BY DIRECT VOTE.

The movement to elect United States Senators by a popular vote is growing stronger, slowly but surely. It has taken definite shape in many of the States. A number of State legislatures passed resolutions calling upon the Congress of the United States to submit a constitutional amendment providing for the election of United States Senators by the direct vote of the people. In other States candidates for the legislative assembly are selected in primaries in which they pledge themselves to vote for certain men demanded by the people for the Senate, and when elected they are not only supposed to keep their promises, but are obliged to. Such movement is now on in the State of Arkansas. Concerning this the Kansas City Star says that an amendment of the United States Constitution is a slow, if not an impossible task. The House, for instance, has repeatedly adopted a resolution calling for the election of United States Senators by direct vote of the people. The Senate as regularly has voted it down. But there are evidences that a virtual amendment will be secured by the operation of public opinion independent of any legislative action, in precisely the same fashion by which the constitutional electors have become mere automatons to register the popular will.

The case of Arkansas, cited in The Star recently, is worthy of serious study. In previous senatorial canvasses an expression of preference has been secured in each county. That plan proved unsatisfactory because it permitted a majority of counties to override the popular plurality. So in the primaries next Wednesday the decision of a majority of the voters is to determine the senatorial election. This has been agreed to in writing by the candidates themselves, and under the direction of the Democratic state committee most of the legislative candidates have pledged themselves to abide by the decision of the people.

So far as Arkansas is concerned, therefore, the Legislature will merely be called on formally to ratify the choice of the voters for United States Senator. A few other States have adopted similar plans. There is no apparent reason why the procedure should not become prevalent, and include even New York and Rhode Island.

OBSERVANCE OF THE SUNDAY CLOSING LAW.

The Sunday closing law is now enforced in every district of the Territory to a greater or lesser extent, mainly to a greater. This is a credit to the Territory in general and to the presiding judges of courts and district attorneys in particular. It is in refreshing contrast to the conditions that obtain in some of the richest and most populous cities in the Union where the observance of the Sunday closing law in large cities is a delusion and a snare, and where the requirements of the law are openly violated with impunity. The Silver City Independent has the following timely editorial remarks upon this condition in Grant County:

"Sunday closing can be said to be an accomplished fact in Grant County. This is the result of the action of the recent grand jury in returning seventy-four indictments, charging violations of the Sunday law, and the firmness of Judge Frank W. Parker and District Attorney R. M. Turner in insisting that no compromise be accepted, but that the matter be definitely determined at this time. Those charged with the violation of the Sunday law were before the court Friday and Saturday, at which time a thorough and amicable understanding was had, the result being a definite promise to the court that in the future Sunday closing would be observed throughout the county. The court on the other hand met the parties concerned in a spirit of fairness and imposed the lightest fine. "While there is, of course, more or less dissatisfaction over the innovation the change of affairs has been accepted in good grace and will be strictly adhered to. Sunday closing has been observed in all the other judicial districts in New Mexico for some time past, and the saloon keepers, who are the principal ones affected, have realized that it was only a question of time until the same rule would be enforced in the third judicial district. The sentiment of the county as expressed by the returns of the grand jury indicated that such time had arrived, and it is pleasing to note that the change, more or less radical in this western country, where the people are accustomed to a free and easy life, has been accepted with such good grace.

"As long as the present law remains on the statute books of the Territory it is only right and proper that it should be enforced. The remedy, if it is desired by the people, lies in more liberal legislation, and inasmuch as the question is now squarely before the people it is for them to express their opinion when the next legislative assembly meets, and until then the present law, of course, remains in effect."

Yes, Yes, Yes! Boodle has carried city and county elections in this city and county before, and it may do so again next Tuesday. But if defeated the Republicans will have the satisfaction of having presented a good city ticket for the votes of the tax payers, property owners and citizens generally. If this ticket shall not be successful the Republican party will not be to blame. Money is a powerful thing in this world and no one knows it any better than the bosses at the head of the Independent-Citizens' movement. When it comes to experience in that line they are hoary with age and wise with knowledge.

The Buffalo Express gives the people of Tennessee good advice when it tells them that the way to stop lynching in their State is to elect a Republican governor, but the chances are that the people of that State do not know as yet what is good for them and may keep on electing Democratic governors for some time to come.

The Kansas City Star evidently tells the truth and nothing but the truth in the following: "You can safely wager that the forty-eight men who registered from one north end saloon did not do so for the purpose of voting for 'the Y. M. C. A. candidate.'"

THE REPUBLICAN CHANCES IN CHAVES COUNTY.

The esteemed Roswell Record seems to be greatly worried over the conditions of the Democratic party in Chaves County. The New Mexican hopes that there is something behind its worry. If so, the Republicans of that section will stand a show in this fall's campaign. This paper is informed that among the new arrivals there are many Republicans and that the Republican party there will make a better showing hereafter than it has ever been able to do heretofore. It is well understood that there is discord in the party and that there are Democratic factions. With the gain in Republican votes and strife within Democratic party lines, a change for the better may come. That such a change is much desired and would be beneficial to the people of the Territory at large and for southeastern New Mexico especially is not gainsaid by those who are well informed. The Republican candidate for sheriff, K. S. Woodruff, was elected in November, 1904, by a very fair majority, and there are good reasons to believe that more Republican candidates for county offices could be elected in November next.

The property owners and tax payers of this town will serve their own interests best by voting for I. Sparks, Republican candidate for mayor and the nominees on the ticket of which he forms the head. These nominees stand for good government and for the interests of those who own property and who pay their taxes. Mr. Catron is running for mayor on the Independent-Citizens' ticket for political ambition and to show his political adversaries that he is still "it" and "the boss." This is a free country and citizens who desire to boost Mr. Catron's political ambition, although they fought him for many long years on opposite sides in politics, have the privilege of doing so; naturally, others whose personal interests will be served by Mr. Catron's election will also vote for him, but the bone and sinew of the community, the business men, the merchants, the property holders, those who are not delinquent in tax payments and those who have the best interests of the town at heart will vote for Mr. Sparks. Both men are too well known to need description here. The voters must after all finally decide on election day.

The removal of Assessor Anastacio Gonzales of Santa Fe County for inefficiency and incompetency, should be a warning to officials of that class in the Sunshine Territory. There are two or three assessors who may be brought into the calcium light of public opinion for dereliction of duty if they do not mend their ways. This hint ought to be sufficient.

The finance committee of the Independent-Citizens' movement is very busy and will be so until after the polls close on election day Tuesday next. It is said that the sinews of war have been liberally supplied by some one or other. Now, you have a chance to guess.

Great minds agree. Judge Alton B. Parker, defeated Democratic candidate for the Presidency, says that the Republican party is rotten to the core. So also say a few disgruntled ex-members of that party in this city.

The citizens of the third ward who vote against Jacob Weltmer for the board of education and for Jose Segura, his opponent, certainly do not care a red cent for the well being of the city schools.

Politics makes strange bedfellows. Eviding the combinations in Wednesday evening's city convention. Who would have thought such possible ten years ago?

LEVI A. HUGHES, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month- or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.34 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy, some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorder of the eye-sight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc.; but if you keep the filters right you will have no trouble with your kidneys.

Locario Lopez, of Alto St., says: "When a man has had attacks of backache for ten years, some of them so violent that he could not walk, could not sleep at night and could not even lie comfortably down on account of his back for at least 5 years of that period, he knows something about what chronic backache really is. As might be expected when my kidneys were not performing their functions properly, trouble with kidney secretions existed particularly observable at night. I consistently and persistently tried remedies guaranteed to cure kidney complaint, before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with indifferent success. Doan's Kidney Pills acted directly on my kidneys and in a very short space of time the backache and trouble with kidney secretions ceased."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For an Impaired Appetite. Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by all druggists.

The friend of a sovereign must be without passions and without ambition, utterly disinterested, gifted with penetration and foresight—in fact, something more than a mere human being.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by all druggists.

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3203 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Humor, from Pimples to Scrofula, from Itchiness to Age, consisting of Cuticura Soap, 50c, Ointment, 50c, Resolvent, 50c. In form of Chloride of Potassium, 50c, per box of 60, may be had of all druggists. A single set often cures. Foster Drug & Chemical Co., 309 N. Third St., Boston, Mass. H. B. Hensley, of Woodward, Oklahoma, arrived in Santa Fe last night, called here by the severe illness of his wife. Mrs. Hensley came to Santa Fe several months ago in the hopes of benefiting her health. For the past few days she has been in a critical condition.

Max. Kirchman, general manager and secretary of the Bohemian colony, of Socorro, has gone to Chicago for the purpose of securing a large excursion of Bohemian citizens of the Windy City to the Socorro Valley and the Gate City about May the first. This will be run over the Santa Fe and will consist of not less than five cars and probably eight or nine. Mr. Kirchman expects to bring out from four to five hundred intending settlers on the excursion. He will return to New Mexico Monday next and will go via the Pecos Valley in order to investigate the artesian well systems of that country. He will also call on J. J. Hagerman, of Roswell, for the purpose of consultation with Mr. Hagerman. Mr. Kirchman is sanguine of the success of his project.

It will pay you to call and see Chas. A. Steven's catalogue of ready made suits before ordering your Easter outfit. Local Agent, 104 Grant St.

HOW TO VOTE.

The sensible and uninterested voters will invariably vote for the men whom they firmly believe will make the best officers, for those who will discharge their official duties faithfully and honestly, and this should be so in municipal elections, where the man should count above everything. The same may be said as to where they should go to secure their meals. Patronize the Bon Ton and then you will be sure that you have not made any mistake. Open day and night.

TO SET YOU RIGHT.

A good many people imagine that malt is an intoxicant. To set you right on this point, we say, most emphatically, that Dr. Lauritzen's Health Table Malt and Malt Tonic are NOT intoxicating at all. For sale by H. S. KAUNE & CO.

MINOR CITY TALK

Miss A. Mugler has received a fine line of neckwear.

Workmen are today placing flower boxes and spading up beds for shrubs in the Plaza. The Woman's Board of Trade expects to have the plaza in first class shape by the middle of April.

Attention is called to the new advertisement of Otto Retsch, which appears in this issue. Mr. Retsch is the proprietor of "Our Place." A free lunch will be served there tomorrow evening.

Born on the Case farm near Las Cruces last Sunday to Mr. and Mrs. C. D. Case a baby girl. Mother and child are doing well. This will be gratifying news to the many friends of the parents in this city.

The Cartwright-Davis Company's change of advertisement in today's issue is of interest to every good house wife. The company has bargains in many special lines. Call and inspect their goods and you will surely be satisfied.

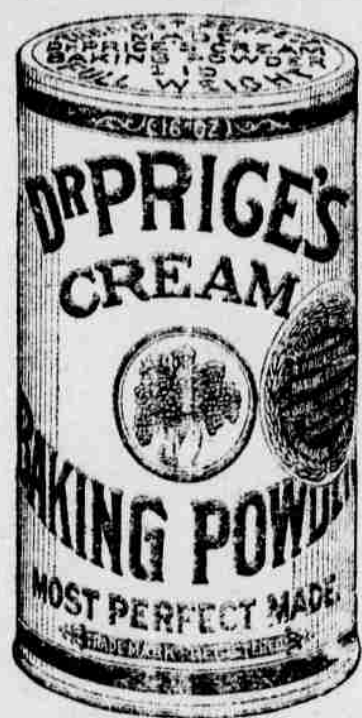

All citizens who desire to cast their votes on Tuesday next should see to it that their names are on the registration lists. The registration lists will be closed tomorrow evening and hence all interested should attend to this important duty tomorrow.

A political meeting of citizens will be held at Vigil hall in the fourth ward, Saturday evening, when municipal political affairs will be discussed. The following speakers have been slated: Judge N. B. Laughlin, Dr. G. H. Astler, Mayor A. R. Gibson, R. L. Baca, and Melton Castillo.

The city marshal has again started a crusade against the too numerous dogs of the city with the result that several more have been killed. The animals are becoming a nuisance now that the nights are fine, by barking until the wee small hours to the discomfort of sleepers.

The following weather forecast has been received by the New Mexican from the local weather man: Partly cloudy and warmer weather tonight and Saturday. The temperature at 6 a. m. today was 29 degrees. The maximum reached yesterday was 50 degrees at 4:20 p. m. and the minimum registered was 29 degrees at 6:30 a. m. There was a mean temperature for the

day of 40 degrees and a mean relative humidity of 57 per cent.

"I have to hurry home to spade up the garden," is a familiar expression on all sides. Spring is here, and every resident with a few feet of ground in the back yard, is busy planting vegetables. The farms have been plowed in the surrounding country and nothing preventing, an early planting of seeds will be made.

Agent H. S. Lutz, of the Santa Fe Railway system, informs the New Mexican that his road had made a one fare rate from all points in New Mexico, as well as from Trinidad, Colorado, and El Paso, Texas, to Las Cru-

ces for the occasion of the annual encampment of the Grand Army of the Republic for the department of New Mexico May the second and third next.

Mr. and Mrs. C. D. Case and Mr. and Mrs. L. W. Case, who resided for some time in this city are now living on an alfalfa farm of 200 acres in the Mesilla Valley. They are very comfortably situated and are enjoying farm life. It will be remembered that C. D. Case was city editor and L. W. Case was reporter on the New Mexican for several months during the year 1905. Both were well liked here.

M. C. Steward, sheriff of Eddy County, with J. K. Gibson as guard, arrived in the city this forenoon with four prisoners who were convicted of crimes in the District Court of Eddy County. Judge W. H. Pope, presiding, and sentenced to terms in the territorial penitentiary as follows: Reo Ruston, convicted of larceny from a dwelling, and sentenced to serve one year; Joe Smith and Edward Borne, convicted of assisting prisoners to escape, and sentenced to eighteen months; Howard Ringo, convicted of forgery and sentenced to eight years.

RURAL ROUTE PLANS.

Carrier Will Make Two Trips a Day—One Hundred and Fifty Families Benefitted.

After spending the day traveling over the projected rural free delivery route in company with Jose D. Sena, Postoffice Inspector A. P. Fredericks returned to Santa Fe last night with the route well defined. It has been so arranged that it will give service to about 150 families, and will pass through the most prosperous and thickly settled agricultural districts. There will be a forenoon and afternoon route, the carrier returning to the postoffice at noon from the morning trip to resume a different route in the afternoon.

According to the plans made by Inspector Fredericks the carrier on leaving Santa Fe in the morning will travel southwest to Agua Fria where there are a number of people who wish to be benefitted by the service. He will then return over the same road to the residence of N. Martinez, at which point a road branches in a southeasterly direction. This road cuts the south west corner of the city and leads to Sunmount Tent City, which place is included in the route. From Sunmount Tent City the carrier will travel due north to the city limits, and then northeast to the base of the reservoir, and from that point he will return to the postoffice. It is expected that he return to the city by noon.

On starting on his afternoon route the carrier will go due north to Tesuque. From there he will go northwest to the ranch of Edward Miller which is one mile and a quarter from Tesuque. He will then return towards the city by way of a new road which runs to the center of section one. From there the route leads into the city.

When seen last evening Inspector Fredericks said that he could not consider extending the route to the saw mill and lumber camp owned by the Yellow Pine Lumber Company for several reasons.

"In the first place," he explained, "the system is not for lumber camps but for farmers. Besides it is always impossible to say how long a man will remain at a lumber camp, or how long a lumber camp will exist. The camp will remain in one place until the timber has been removed, and then the camp will be moved. For these reasons, I could not extend the route to that point."

He also refused to consider placing the penitentiary on the route, saying that the present system was adequate.

The entire route will include approximately twenty-five miles of the best farming country in the vicinity of Santa Fe. As soon as the report which will be made by Mr. Fredericks to the

postoffice department at Washington, has been favorably acted upon, and there is no reason to believe that it will not be, the people will be requested to place their mail boxes and send in orders for their mail.

The installation of this rural delivery route is another evidence of the progress being made in the Territory. It shows that people desire to receive the daily papers and keep informed with what is going on about the world. It will enable them to keep better posted on the market reports, which to the prosperous farmer is all important. The fact that the people in the vicinity of Santa Fe petitioned for the route shows that they are rising to a plane where they need and demand all the advantages offered by the government.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico.

Partly cloudy and warmer weather tonight and Saturday.

Yesterday the thermometer registered as follows:

Maximum temperature, 50 degrees at 4:20 p. m.

Minimum temperature 29 degrees at 6:30 a. m.

The mean temperature for the 24 hours was 40 degrees.

Mean relative humidity 57 per cent.

Temperature at 6:00 a. m. today, 29 degrees.

KILLED NEAR AGUA FRIA.

Juan de Jesus Romero, a well known trapper and hunter, living near Agua Fria brought into Santa Fe yesterday a fine bunch of teal ducks which he delivered at the Bon Ton Lunch Counter, where they can now be had, and cooked just to your taste. The manager of this famous establishment has secured a chef that knows his business from A to Z, and you will not be disappointed if you call for anything in the eating line.

NOT WORTH THE LIVING.

Sorry Condition of Many Today—Liberal Offer By A. C. Ireland.

Those who never have any stomach troubles and whose digestion is like that of an ostrich cannot possibly understand the sorry condition of many in Santa Fe today.

Life does not seem worth the living; they bear up with nervous irritation, sleeplessness, pain and misery in the stomach, headaches, backaches, and have a constant fear that what they eat is going to disagree with them and cause still greater distress.

In Mio-na there is a remedy that restores the lost functions of the digestive system, relieves flagging nutrition and aids in the assimilation of food. This remedy soothes and heals the irritated and inflamed walls of the stomach, strengthens the nerve centers of the digestive system, and makes a permanent and positive cure in all forms of stomach troubles, excepting cancer.

A. C. Ireland makes a very liberal offer in connection with Mio-na, giving a guarantee with every 50 cent box he sells that if the remedy does not give satisfaction, it will cost nothing. Begin its use at once, and see how quickly you will get relief.

ARIZONA NEWS NOTES

A special from Tucson states that the price of beer in that town has been increased to ten cents a glass. High licenses is given as the reason by the saloon keepers.
The Miners' Convention of the Territory which was to have held a meeting in Bisbee beginning the 9th of April, has postponed the same at the request of the Bisbee Chamber of Commerce. The date will be decided upon at a later day.
A new building is being completed in Tucson which will be the home of the Tucson Daily Citizen. The paper will be moved into the new building soon. The Citizen under the direction of Obrien K. Moore has been an excellent newspaper.
S. W. Lawson, of Douglas, has offered as a school building location, a full block on Twelfth and Thirteenth Streets Douglas, if a new building will be erected on the land. This tract is the most desirable for residences of any portion of the city.
The First National Bank of Douglas has increased its circulation from \$12,500 to \$50,000 and the \$27,500 in new bills is now on the way to that town from Washington and as soon as signed by the officers of the bank, that amount of money will be placed in circulation.
There is at present quite an epidemic of smallpox in Bisbee. The origin of the epidemic has been traced and it is thought that it was taken to that city by a colored bricklayer who came there recently. The man had been in Mexico in states where the disease was prevalent and later went to Bisbee.
Says the Globe Belt: Work on the Dominion Hotel is progressing with a large force of mechanics in every department. The fourth story rooms are receiving the first coat of plaster. Work on exterior finish of the front is rapidly nearing completion and it will not be many weeks before the floor will be ready for furnishings.

The banking facilities of Globe are to expand rapidly. A few days ago, A. G. Smith, formerly cashier of the Gila Valley Bank and Trust Company, began interviewing the business men of Globe regarding the desirability of organizing a national bank. The result of two days canvass was the over-subscription of the desired capital—\$50,000—and the organization was at once proceeded with. The stockholders are among the most substantial citizens of Globe and material for a good board of directors is included in their number.

SCROFULA AN AWFUL INHERITANCE
While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. Book with information about Scrofula and medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

GOOD REPORTS

From Las Cruces and Vicinity Where Prosperity Now Reigns Supreme.

Las Cruces, N. M., March 28.—An abundance of water in all the acequias in this section is causing cattlemen, ranchmen and farmers to wear upon their faces the "smile that won't come off." Stock of all kinds is in the finest of condition; vegetables and fruit are giving promise of large yields; alfalfa is in the pink of condition, green in color and large in size and quality. Prospects in all lines of agriculture are excellent. The weather is delightful, warm, bright and conducive to growth.

Las Cruces is experiencing a building boom. A number of new residences are in course of construction. Business blocks are nearing completion or just commencing their upward climb, so that the "City of the Crosses" is taking upon itself the look and actions of a city, indeed.

Preparations have already been begun by the local Grand Army Post for the department encampment to be held here in May. Company A, First Regiment of Infantry, New Mexico National Guard, the battalion of cadets of the Agricultural College, a fife, a drum corps and other military bodies are present. The encampment bids fair to be the most successful ever held in New Mexico. The post here at present numbers almost forty veterans, representing every branch of service and all points of the compass.

Company A, First Regiment of Infantry, New Mexico National Guard, which for the past five years has been practically a minus quantity, has at last been reorganized, and is on a fair way to become a successful organization. R. H. Hart, the captain, is well versed in military tactics and science, and is well liked by all members of the company. The reorganization is to be celebrated in the near future by a grand military ball, which will be made doubly interesting by the presence of Governor Herbert J. Hagerman and Adjutant General A. P. Tarkenton.

The Agricultural College is making fast strides towards becoming a university, equal to any in the southwest. The experimental station is doing work which is recognized by the government officials as being of the highest class. The Department of Agriculture is making experiments in irrigation. A number of makes of pumps are under inspection and the results of their tests will be published in bulletin form.

The Department of Chemistry has just completed an analysis of sugar beets, sent by the Roswell Commercial Club, which showed 20 per cent sugar. The experiments on the cactus as a food stuff are still being carried on. Professor R. F. Hare, the chemist of the experiment station stated that the chief value of the cactus as food would be as an aid in tiding over periods of drouth. As a fattener the cactus does not act. It averages 88 per cent water, and because of this will not be practical as a food. However, it will be used extensively as an ingredient for a balance ration, and as such will prove of value. The experiments show the facts of the cactus are contained in the acid, and as these are indigestible by the cattle, prove of no benefit. Investigation is now being made for the treatment of the seed to make it easy of digestion. These results will be made public later in a bulletin.

TO NAME SIMS GAME WARDEN

Report Says Governor Selects Santa Fe Man.

HAS MANY INDORSEMENTS

Young Hunter Made Active Campaign—Fond of Forest Life.

Herbert Sims of Santa Fe, is to be appointed territorial game warden to succeed Page B. Otero, according to rumors that were in circulation at the Capitol today.

While Governor Hagerman declined to confirm or deny this report, it was reported from an authoritative source that Sims is the man the Governor has chosen to fill the place. Mr. Sims disclaims knowledge of the Governor's selection, if it has been made.

Ever since the Governor's inauguration it has been common knowledge that the Governor would make a change in the office of the game warden. Since the first of the year Mr. Sims has been conducting an active campaign for the office and from the start it was supposed that he had the inside track. It is said that he secured many endorsements. It is likely that official announcement of the appointment will be made next week.

Hugh H. Harris, a member of the ranger force of the Jemez Forest Reserve, was also an active candidate for the position and was Mr. Sims' closest rival. He too had many endorsements but was unfortunate in starting his campaign long after the successful candidate had his well developed.

Mr. Sims Will Not Talk.
When seen by a New Mexican reporter today Governor Hagerman declined to discuss the reported appointment. "There is nothing new in the game warden situation," said the Governor.

Mr. Sims was almost equally reticent. "I know nothing of a selection having been made by Governor Hagerman," he said. "I am and have been an active candidate for the position. As late as today I handed the Governor endorsements from the business and professional men of Albuquerque and Santa Fe. The Governor has had hardly time enough to review these endorsements."

The young man whom Governor Hagerman is said to have selected to succeed Game Warden Otero is 26 years of age. He has been a resident of the Territory for two years. Governor Hagerman is said to have decided to appoint Sims because of his fitness for the position.

Former Home in Chicago.
Before coming to New Mexico Mr. Sims lived in Chicago. He has been an active sportsman since his early boyhood, having spent his vacation days in the forests of northern Michigan and Wisconsin. A few years ago he aided in revising the Michigan game laws which are considered the most perfect game code in the United States.

Shortly after coming to New Mexico Mr. Sims traveled over the Territory in a wagon, visiting the noted hunting and fishing grounds. He has several times repeated this journey during the past two years. The young man, who was accompanied by his brother, Harry Sims, seemingly made friends in many sections of the Territory, who gave him endorsements when he started his campaign to land the game warden's job.

According to reports Sims has many plans and innovations which he will inaugurate if he is appointed. It is said he will restock many of the trout streams including the Santa Fe River, above Monument Rock and the Pecos River.

Mr. Sims and his brother reside at the Sanitarium in this city.

subsequently more attached. During the time she was in Espanola Miss Arnold studied the customs of the Pueblos, and exerted her influence for good among them as much as possible. They looked upon her with favor, and became very much attached to her on account of her gentle and kindly manner. The party came here from Espanola last evening, Miss Arnold not having returned to Denver before coming to the Capital City.

Sensational Reports Untrue.
During the time Miss Arnold has been engaged to Chavarria she has been very much annoyed by sensational and exaggerated reports concerning herself and fiancé. Correspondents for various newspapers have published reports in which it was claimed Miss Arnold had immense sums of money, which she herself says is untrue. She says she simply has the comforts of life, and that other stories concerning the heroic manner in which the Pueblo saved her life are fictitious. Following the publication of the

IMPORTANT RAIL- ROAD SUIT

In District Court for Eddy County—
Decided Favorable to Railroad Company.

W. C. Reid returned this morning from Carlsbad and he was much elated over a victory for his client, the Pecos Valley & Northeastern Railway, in a big suit that was tried this week at Carlsbad, says the Roswell Record of the 24th instant. It was the case of D. B. Causenbury against the railroad, a suit for \$17,000 for damages alleged to have been caused by the railroad in failing to supply cars to enable plaintiff to reach the market within a certain time with 12,000 sheep, from Lakewood. The alleged damage was done in 1902. The jury returned its verdict on instructions from the court, based on a point in law.

FIRE AT IDAHO UNIVERSITY

Destroys Administration Building
Causing a Loss of \$300,000—
Little Saved.

Moscow, Idaho, March 30.—The administration building, the main structure of the University of Idaho, was burned to the ground this morning. Only a portion of the contents of the museum and chemical laboratory were saved. The loss is estimated at \$300,000. The cause of the fire is unknown.

LAS VEGAS POSTOFFICE ROW SETTLED.

Las Vegas, N. M., March 30.—The Las Vegas postoffice question which has been a source of bother to the officials of that department, has finally been settled. The writs of mandamus recently issued by the court of appeals of the District of Columbia, compelling the postmaster general to re-establish the postoffice in the town of Las Vegas, under the name of Las Vegas, could not be ignored, or deviated from. This being the case it became necessary for the department to either change the name of the East Las Vegas postoffice or to move the present postoffice to the town of Las Vegas, and establish a branch in the city of

Las Vegas. It was finally decided to establish the main office in the town and supply the city with a station. By this arrangement neither town loses free delivery nor the name of Las Vegas.
