YEARLY ADVANCE STEADY PROGRESS GOOD CONDITION

Found at New Mexico Agricultural College in Mesilla Valley.

**LARGEST ATTENDANCE EVER
RECORDED**

**To Investigate Resources and
Character of Public Lands
for Maintenance--Prop-
erty of Institution.**

J. D. Tinsley, professor of physics and a soil expert in the New Mexico College of Agriculture and Mechanic Arts at Mesilla Park, who has been in Santa Fe for several days obtaining data on the lands owned by the institution preparatory to making an investigation trip over the tracts, returned home at 7 o'clock last evening. Before his departure he had the following to say concerning the institution with which he is connected, and the Mesilla Valley generally:

"The New Mexico College of Agriculture and Mechanic Arts is in much better condition at present than it was last year. There are enrolled about 240 students, which is the largest number that ever attended the college. We have a great many more college students and fewer pupils in the preparatory school now than ever, and by next year we expect to even further diminish the number taking the preparatory course. This condition is due to the fact that the public schools of the Territory are giving better and more complete courses, so that when the pupils have completed courses in the public schools they are ready to take up the college work, without going through our preparatory course.

"Most of the students are taking what is known as the general course, which includes various branches of study. The agricultural class is large and mechanical engineering seems to be a favorite course. A number of young women are doing some work in agriculture, but the greater part of them are included in the general course. The number of students is almost equally divided, there being practically as many girls as boys.

"President Luther Foster has a competent corps of 25 teachers, who have been chosen for their ability along special lines, and the work they have done during the past year or two has been very gratifying. The institution's equipment is excellent. The chemical laboratory has accommodations for 15 advanced students in analytical chemistry and an equal number in assaying. The mechanical department is well equipped with five engines, a number of lathes, a planer, saws for wood work and in fact everything needed to do practical work. The electrical department is provided with a good dynamo and motor and it is the intention to enlarge the electrical equipment materially during the coming summer. Taken as a whole the institution is in splendid shape, and the work done there is very satisfactory.

"In the Mesilla Valley, all eyes are turned towards the construction of the Elephant Butte dam, which with its diversion dams, when completed will mean the reclamation of 110,000 acres of land in New Mexico and 70,000 acres in Texas. The Water Users' Associations of Mesilla Valley, New Mexico and El Paso, Texas, have signed contracts with the department of the interior which practically completes their part of the contract for the Elephant Butte dam construction.

"It is the intention of the government to first construct the Leesburg diversion dam, and it is understood that the board of consulting engineers is to meet soon to approve the plans of the engineers who have had charge of the work so far. As soon after the meeting as possible the actual work of construction will begin.

"The project as it stands at present is to so construct the Elephant Butte dam that it will store the water flowing down the Rio Grande River in a huge reservoir near Engle. From that point it will be brought down the river bed, and led into the various diversion dams which will be constructed along the river at different points. From these diversion dams the water can be conducted to the irrigation ditches and the system will be perfect.

"One of the remarkable features of the valley is the manner in which the price of real estate has advanced during the last few years. Land that

GOVERNOR HAGERMAN RECEIVES ASSURANCES

Pennsylvania Delegation Promises to Support Action for Good of Territories--Postmaster Appointed.

Special to the New Mexican.
Washington, April 24.—Governor Herbert J. Hagerman in company with Delegate W. H. Andrews visited the Senate chamber and the hall of the House of Representatives yesterday. Delegate Andrews introduced the Governor to many of the leading Senators and Representatives and Speaker Cannon left the chair and met the Governor in the speaker's lobby, where quite a conversation was had between the speaker, the Governor and the Delegate. A member of the Pennsylvania delegation told the Governor that the delegate would always count on the support of the two U. S. Senators and thirty-one members of the House of Representatives from the state of Pennsylvania for anything that was right and proper and for the benefit of the Territory of New Mexico.

Postmaster at Clayton.
Special to the New Mexican.
Washington, April 24.—William F. Menger has been appointed postmaster at Clayton, Union County, upon the recommendation of Delegate W. H. Andrews, National Committeeman Solomon Luna and Territorial Chairman H. O. Bursum.

New Mexico Pensions.
Special to the New Mexican.

Washington, April 24.—Delegate W. H. Andrews has introduced the following pension bills for the benefit of New Mexico residents: Mrs. Mary J. Martin, widow of Joseph S. Martin, formerly surgeon in a Kansas Volunteer Cavalry regiment, at \$30 per month; Bernard Salazar, formerly a member of Company A, Fourth New Mexico Volunteer Infantry at \$30 per month; Jose Lucero Alias Mesario Lucero, a pension of \$12 per month. These bills have been referred to the committee on invalid pensions.

AN ELOPEMENT FRUSTRATED

Plans of Naco Couple to Defy Parental Objection to a Youthful Marriage Nipped in the Bud.

Plans for the elopement and secret marriage of Edward Barry, aged 23, the son of a merchant of Naco, and sixteen year old Marguerite Zent, an employe of the Copper Queen Store also at Naco were nipped in the bud Saturday through the watchfulness of Ranger Rider Kidder who caused the arrest of the fleeing couple immediately prior to their arrival in Douglas, where Officer Gentry placed both of the matrimonially inclined pair under arrest. They were held under guard at the hotel pending the arrival of Willard Zent, brother of the young woman, an express agent on the Cananea road. When the brother arrived the young miss was taken home under his charge and the warrants for their arrest were declared off.

Upon learning of the intention of the couple to elope Ranger Kidder telephoned Officer Gentry to watch for them, and owing to the age of Miss Zent to place the pair under arrest.

Barry and his bride to be left Naco secretly just before midnight Friday night, watching a chance to slip unseen from the girl's home. As soon as their departure was discovered Ranger Kidder was notified and his prompt action resulted in the arrest. They arrived at Douglas shortly before 4 o'clock Saturday morning and Officer Gentry who was watching for them made the arrest. The only objection to the marriage is the age of the prospective bride. Both of the participants of the elopement, however, declared themselves to be greatly in love and were unwilling to wait for her to acquire a greater age, considering that she had already reached the years of discretion.

GOVERNMENT TO OPEN ASSAY OFFICE HERE.

Special to the New Mexican.
Washington, April 24.—Delegate W. H. Andrews yesterday introduced a bill providing for the establishment of an assay office in the city of Santa Fe, Territory of New Mexico. Same was referred to the committee on territories.

could be bought a short time ago for from two to five dollars an acre is now selling at from twenty to twenty-five dollars. The advance is improved property has been even greater. Land which has been improved and is being cultivated is now changing hands at \$75 per acre.

"The prospect for crops in the Mesilla Valley is excellent. This is especially true of fruit. There have been slight frosts, but no material damage has been done to the fruit blossoms. The fruit raisers and agriculturists are more than pleased with the season so far, and the rains have been especially beneficial."

Professor Tinsley did not complete his work in this city, and expects to return in June before starting on the tour of investigation over the land owned by the institution with which he is connected, in the north and west portions of the Territory.

ANOTHER SHOCK FRIGHTENS ALL PROVES HARMLESS

Earthquake Last Night Shakes City but Does No Damage --- Clear Weather Makes Hardships Easier to Bear --- Thousands Work Installing Water System--Several Car Lines Operating.

PARTIAL LIST OF DEAD READY

Fire Begins Anew and Destroys Valuable Papers in Vaults ---City Be Lighted Within Week--No Trace of French Consul--Ferry Building to Be Reconstructed.

San Francisco, April 24.—Following the rain which fell Sunday night and all day yesterday and which greatly intensified the misery and suffering of the homeless people in this stricken city, last night was one of comparative comfort and of greatly improved conditions. The night was clear and warm. The condition of the people is constantly growing better and the distribution of provisions is becoming more and more systematic and methodical. While the heavy rains for the time being added much to the misery of the homeless it also did much towards improving sanitary conditions throughout the city. At 10:40 o'clock last night another earthquake shock was felt throughout the city and momentarily created considerable alarm but no damage done. Following the unfortunate killing of Tilden by some self constituted vigilante, it is said all the city patrols and all guards remaining will be disbanded, and the troops both regulars and the militia will be instructed not to shoot except in cases of extreme necessity. The general conditions in the city are improving rapidly. Hundreds of men are at work, clearing the streets and dynamiting tottering walls. The water company has thousands of men at work repairing broken water mains and many streets and residences are already abundantly supplied with water. Several car lines are ready for operation soon as it is safe to turn on the power.

Valuable Papers Burned.

San Francisco, Cal., April 24.—The upper vault of the Fireman's Insurance Company was opened for the first time since the catastrophe, yesterday afternoon. By an influx of air, a blaze started about immediately and all records and papers were burned. No further vaults will be opened for two weeks.

Ferry Building Re-Constructed.

San Francisco, April 24.—The condemned Ferry Building will be removed and rebuilt immediately. The tower is principally damaged by the earthquake in the three lower stories and will have to be strengthened by rods and timbers before the actual work of removal can be done. The new tower will be of reinforced concrete.

Electric Lights Now Possible

San Francisco, April 24.—Within the next twenty-four hours probably four street car lines will be in active operation and the streets of two extensive districts will be again lighted by electricity.

Chinese Herded to New Location.

San Francisco, April 24.—All the Chinese in the city are being gathered in and herded near Fort Mason. A new Chinatown will be located at Hunter's Point on the southern extremity of the county on Bay Shore. It is several miles from the old Chinatown.

French Consul Lost.

San Francisco, April 24.—No trace can be found of Count de la Rocca, the French consul. It is feared he has lost his life in the fire.

Many Bodies Unidentified.

San Francisco, April 24.—The coroner's office will be reorganized today. Up to the present all bodies have been buried by the soldiers, naval militia, near the spot where found. For this reason it is feared the exact number of dead will never be known. Coroner Welsh reported yesterday that his deputies had cared for 350 bodies taken from ruins but this number does not include those buried by the police and by the naval militia.

Official Number of Dead.

Washington, April 24.—The official report from General Grear as to the extent of the loss of life in San Francisco is as follows:

"A very careful investigation made by Captain Winn today places the limit, so far as information is obtainable of the entire San Francisco death list from the late disaster at two hundred and seventy-five victims. Of these about fifty are unknown, who have been gathered from various parts of the

city and temporarily buried in Washington and Portsmouth Squares.

The list of dead is most incomplete, and the authorities are in many cases uncertain of the actual identity of the dead. In most cases but a single name can be secured, often from a shirt band, or a handkerchief, containing only the first name of its wearer.

In Valencia Hotel fourteen bodies have been recovered and fifty-six are believed to have perished in the ruins.

The remaining casualties are as follows: Anderson, Charles; Barrett, Fannie W.; Bock, William—Burge, F. O.; Butler Anna; Allerman, Bucalemf; Brodenit, Pat; Bodemell, Frank; Bowen, George; Bird, O.; Bordwell, Frank; Lyon, Brannan Henry; Brown, George; Broderick, Robert; Garrick, William; Cooper, J. K.; Crowder, Lema; Conway, K. E.; Maccuren, L.; Krouser, Rudolph; Kroutt, (male); Lander, —; Lund, H.; Lonsdale, Alfred; Louis, L.; Eugene, Mary; McCarthy, Cornelius; McCarty, Robert; McKenzle, —; Meyers, Joseph; Muge, Myrtle; Murtha, John; Myake, (Japanese); Nauman, E. C.; Nye, J. T.; Nicholas, George; Nassie, Richard (child); Nunan, Frank; O'Neill, Paolo; O'Neill, P.; O'Brien, Thomas; Paolanelle.

Delucchi, Matti; Delucchi, Dominico; Debrunnei, Mrs. Mary; Delaratelli, F. H.; Dolovan, Mary; Ender, Louis; Fay, Martha; Fenner, Max; Gallagher, Joseph; Metz (male); Green, George; Gross, Mrs.; Guy, C.; Heaslip, Mrs.; Hustle, (male); Sistle, N. F.; Hansen, Henry; Higgins, Houston, (supposed to be); Isshida, (Jap); John, Mr.; Hohleleaf, Mrs.; Johnson, (child); Kemston, Walter; Kornfield.

MAKES BIG SACRIFICE.

Young Society Woman Gives Up Life Long Wish to Join in the Relief Work.

New York, April 24.—Sacrificing her long desire of winning the degree of doctor of philosophy, Miss Lucille Eaves, a popular young woman, who has been studying at Columbia University, and who has been a prominent worker in the South Park Settlement of the Red Cross in the heart of the city, left here last night for San Francisco to join in the work of that society there.

She was sent at the special request of Dr. Edward T. Dewne, who left under the appointment of Secretary Taft to take charge of the work in California.

CONVICTS ARRIVE.

Five Men Convicted of Larceny and Burglary Begin Their Sentences.

Five convicts were brought to the territorial penitentiary yesterday by Sheriff Marion Littrell of Colfax County. The men are nearly all short term prisoners, their sentences ranging from one to two years on charges of larceny and burglary. The list comprises Bailey Brown, one year, charged with larceny, aged 34; number 1994; Charles E. Roper, one year, larceny, aged 40, number 1996; William Smith, one year, burglary, aged 26, number 1995; Fred Springer, two years, burglary, aged 27, number 1993. Abe Adams, who is being held for trial to answer to an indictment for murder at the coming term of the District Court for Colfax County, was also brought to the penitentiary for safe keeping as the county jail at Raton is insecure.

RAILROAD TO ASSIST IN RELIEF WORK.

H. S. Lutz, local agent of the Santa Fe Railway, received instructions from the freight department at Topeka today, to haul all freight addressed to the city officials or relief associations of San Francisco free of charge.

SANDOVAL AFTER \$1,600 ASSESSOR'S FEES

Claims That Sum is Justly Due Him for 1903 and 1904 for Services in Bernalillo County.

Alleging that he was unlawfully ousted from the office of assessor of Bernalillo County and claiming that he is entitled to the commissions and emoluments of the office during the time he was deposed, Jesus M. Sandoval, today filed an application for a writ of alternative mandamus in the office of District Clerk A. M. Bergere to be directed to Territorial Auditor W. G. Sargent, commanding the latter to draw his warrant or warrants in favor of the petitioner for \$1,600.72 and for fees and commissions due and payable the relator for the years 1903-04.

Sandoval alleges that he was elected to the office of assessor of Bernalillo County November 1902, duly qualified as such and fulfilled its duties until March 27, 1903, when George F. Albright without authority of law ousted him. Albright continued as assessor until March 1, 1904, when by legal means Sandoval repossessed himself of the assessorship, and continued in office until the expiration of his term, December 31, 1904.

Sandoval further alleges that during the time above stated William G. Sargent was territorial auditor and was charged with drawing warrants upon the territorial treasurer for payment of the fees of the county assessors. He further avers that on the 14th day of April, 1906, there was the sum of \$1,600.72 in contemplation of law in the hands of the territorial treasurer, part and parcel of the commissions and fees of the office of the assessor of Bernalillo County for which he, Sandoval, claims to be entitled to receive warrants on the treasurer.

The petitioner avers that on April 14, 1906, he demanded that the territorial auditor draw his warrants on the treasurer for the said sum, but the auditor refused on the ground that he had drawn two warrants, one for \$42.14 and the other for \$1,519.74 in favor of George F. Albright, as assessor of Bernalillo County for the years 1903-04.

The writ is made returnable April 27, before Judge McFie in chambers in this city.

MURDER AND SUICIDE.

Despondent Over Death of Son James Bond Shoots Divorced Wife Murderously Attacks her Mother--Suicides.

Guthrie, Okla., April 24.—Brought together for the first time in a year by the death of their little son, James Bond—a former resident of this city, shot and killed his divorced wife, fired several shots at her mother and sister Miss Glenn, and then securing a razor cut his own throat, dying a few moments later. Glenn had been despondent and moody since separating with his wife a year ago, and had brooded over his troubles. Upon meeting her at the funeral of their little son he was overcome with rage and attacked her with the fatal results.

TWO HANGINGS IN COLFAX COUNTY

Chief Justice W. J. Mills Imposes Sentence Upon Those Convicted at Raton Last Week.

In the District Court for Colfax County, held at Raton, Chief Justice W. J. Mills on Saturday imposed the following sentences: John Medlock to be hanged on May 25, for the murder of Carrie Boyd, nee Carrie McKinnley on January 4, 1901. David Arguello, to be hanged on May 25, for the murder of Deputy Sheriff Francisco Garcia at the Floyd Ranch on Johnson Mesa, on October 19, 1905. Fred Springer, one year in the penitentiary for burglary, having robbed the drug store of Mark Grindle at Raton. William Smith, to two years in the penitentiary for the same crime. Both are young men. Bally Brown, one year in the penitentiary, for breaking into the residence of Sheriff Marion Littrell at Raton for the purpose of larceny. Charles D. Roper, a painter, one year in the penitentiary for stealing railroad tickets from the office of the Santa Fe System at Raton. Roper has a family and property at Canadian City, Texas. County Caldwell, six months in the county jail, and a fine of \$300 and costs for carrying concealed weapons. In the case of Abe Adams, tried for murder, the jury failed to agree after being out 48 hours, six standing for conviction and six for acquittal. Adams has been sent to the penitentiary for safe keeping until the September term of court.

LONGSHOREMEN OUT ON STRIKE.

Helsingfors, April 24.—All the longshoremen along the coast of Finland, comprising several thousand men declared a general strike today and as a result there is a general tieup of all freight vessels. The men demand higher wages, declaring their work too severe for the small remuneration received.

NEW ROAD PLANNED CONNECT CITY WITH CLIFF DWELLINGS

Meeting of Archaeological Society Appoints Committee.

PREHISTORIC RUINS PRESERVED.

Urging Passage of Pending Legislation for Establishment Pajarito National Park--Drive to Aztec.

Admitting the great benefit accruing to this city both financially and historically by the preservation and care of the famous Aztec ruins lying about 25 miles northwest of the city, a movement is now on foot to establish some official care for them and a plan has been initiated for building and maintaining a wagon road from this city to the famous homes of the Cliff Dwellers. That such a road would do much toward establishing a place for this city in historical and archaeological circles is conceded while it is also believed it would be of great benefit to the city, if the road were made accessible to tourists and that fact were made public. The many searchers after knowledge of ancient things, who now spend fortunes in touring Europe and Egypt, would find ample to reward their endeavors in exploring the ruins of these prehistoric homes.

At a meeting of the Archaeological Society of Santa Fe, held in the Old Palace last night, they discussed this matter thoroughly and agreed upon the desirability of such a road and a committee to investigate its feasibility was named.

Professor E. L. Hewett, instructor of the Smithsonian Institute at Washington and an authority on archaeological research, made an interesting speech urging the building of a new road, and telling of the many advantages which would come to the city with its completion. He was appointed chairman of the committee to leave here tomorrow to investigate the feasibility of the road, its probable expense and its resultant revenue. The committee is composed of three men interested in the cause, who will spend a week on the road and make an extensive report at a meeting to be held at the court house next Monday evening, which all citizens are urged to attend. Professor Hewett will make another address at this meeting. Last night's meeting was the first held since March 15, 1901, and plans were made for regular meetings to be held in the future. The subject of securing the passage of legislation now pending in Washington for the establishment of a national park of the Pajarito Cliff Dwellers section, for the preservation and investigation of these ruins, was also discussed. A movement for a delegation to visit Washington in the interest of the passage of the bill is now on foot.

TAKES POISON.

Willie Murney Eats Number Headache Tablets and Nearly Loses his Life.

The natural inclination of a child to place everything in its mouth it finds, came near resulting in the death of Willie Murney, the four year old son of Mrs. Charles Murney of College Street, last Saturday afternoon. While playing about the house the child found a bottle of ammonol tablets and ate several of them with the result that he became unconscious and remained in a stupor for several hours.

Mr. and Mrs. A. E. Davidson, who left today for Cincinnati, Ohio formerly lived at the home of Mrs. Murney. While they were preparing to leave, Mr. Davidson noticed the bottle of the winter for headaches, and told his wife to throw them away.

They were apparently not permanently disposed of as a short time after the child was found to have eaten a number of them with almost fatal results. Dr. Diaz was summoned and administered emetics. The child has fully recovered.

Ammonol is a drug much used for headaches, and it is said by druggists that five grains is considered an ample dose. It is not poisonous, but if an overdose is taken, serious results may follow.

Legal Blanks of every description and conforming to the laws of New Mexico are on hand and for sale by the New Mexican Printing Company.

A CHANGE IN U. S. SENATORS FROM NEW YORK.

At last it seems as if the Republicans of New York will make a change in their representatives in the United States Senate and that both United States Senators Thomas C. Platt and Chauncey M. Depew will have to retire at any rate, at the expiration of their present terms of service if not sooner. That it is high time that such should be the case cannot be successfully contradicted. That the Empire State has been in bad odor long enough and playing second fiddle in the U. S. Senate on account of the character of its Senators has been patent to all observers of public affairs for some years past. New blood in the United States Senate from New York will mean a great deal in the right direction, not only for that great state, but also for the country at large, especially if the men selected will be of the right kind and stamp. New York has many of them in Republican ranks and there is no good reason why the right men should not be sent to the Senate from that state. In this connection the Kansas City Star sensibly and timely remarks:

"It is announced that neither Senator Platt nor Senator Depew will seek re-election. This announcement is not official, but it is probably true, for obvious reasons. Considering the feeble health of both of these men, it would not be surprising if they should retire before their respective terms come to an end. In any event, it is interesting to note that the great state of New York is to have a new deal in the not distant future so far as its representation in the Senate is concerned. The greatest will be one of the most interesting the Empire State has ever had. There is a strong sentiment in favor of Senators of an entirely new kind from that state. Recent exposures have been quite sufficient to arouse and spread this sentiment, to say nothing of the general tendency of the country to prevent the jobbing of legislatures by corporations in the matter of electing men to the upper House of Congress.

"The good people of New York cannot contemplate their representation in the Senate with any other feeling than that of humiliation. They have no example under present conditions to which they can call the attention of the country and say, 'This is what a United States Senator should be.' It is time for the first commonwealth to put its House in order. It is not too soon for the reform elements to get to work in the contest that will be made to decide the succession of Platt and Depew."

SHOWING UP THE ALBUQUERQUE FAKIR JOURNAL.

The Albuquerque Fakir Journal is being shown up in its true colors right along and that by the best part of the New Mexico press, namely, by the papers that have the good of the commonwealth at heart and that are always working for the progress and advancement of the people instead of the Shylock schemes and corrupt machinations of a little gang of corporation owners and land grabbers as is the Fakir Journal with a few yellow dog weekly adherents. The Optic fairly and justly comments on the recent editorial in the Albuquerque Fakir Journal regarding the President's speech at the laying of the corner stone of the office building of the House of Representatives in Washington recently when it says:

"It was to be expected that the Albuquerque Journal would take exception to the address made by President Roosevelt at Washington the other day relative to the man with the muck rake. There is every reason why the territorial muck raker should not relish the President's remarks. The Journal's explanation as to why the President delivered the speech, is, however, really remarkable. According to the masterful intellect that dictates the editorial utterances of the Journal, President Roosevelt got angry because some reckless people criticised his Panama policy, and in a fit of rage proceeded to deliver the speech in question.

"What rot. President Roosevelt de-

livered a speech at a banquet three weeks ago very similar in nature to the one delivered in Washington. It was so thoroughly appreciated by those who heard it that the President was urged to repeat the address at a large gathering. He carefully revised and expanded the address and delivered it at the laying of the corner stone of the federal building in Washington."

AN EXAMPLE THAT SHOULD BE FOLLOWED.

The precedent set by Judge John R. McFie of the First Judicial District in this city yesterday, in appointing a custodian for the Polvadera land grant in Rio Arriba County to take charge of the unoccupied lands on the grant for the owners and heirs, will likely be followed quickly in other counties in the Territory where Spanish and Mexican land grants abound. Stock owners, who have no interests in the grant and who desire to graze stock thereon, will be compelled to pay a grazing fee of five cents per head for sheep and will not be allowed within the limits of the Polvadera unless they have grazing permits from the custodian appointed by the court. This practice, if carried out in the sections of the Territory where land grants abound, will surely redound to the benefit of all concerned except to the muck rake tax dodger who wants everything for nothing and who will pay nothing for the support of the government that protects him and his property. The practice, if it becomes universal as it should in New Mexico, will also be a benefit to the ranges within the limits of the several land grants as the number of animals grazing thereon will be held in suitable and proper numbers.

The Western Union yesterday had one million private messages on file at its Oakland, California, office and even if they averaged only 25 cents a piece they represented an enormous revenue which in a few days will make up the entire loss that corporation sustained in the great catastrophe. On the other hand, credit must be given the telegraph companies in that they did all in their power to restore telegraphic communication at any cost, between San Francisco and the outside world and many a tale of heroism can be told of operators who stuck to their task, day and night, amid danger and despite fatigue.

The county of McKinley intends to expend \$1,400 of the road fund in its treasury for scrapers and a modern road making machine that is represented to be capable of doing the work of fifty men in road building. With the aid of the Commercial Club of Gallup, the county will then start work upon a program of good roads building, the first undertaking to be a wagon road from St. John's, Arizona, to Gallup, the county seat. McKinley County is to build as far as the Arizona line. This is far better than frittering away the revenue from road taxes in patching up roads here and there and paying road supervisors who never do any road building.

The New Mexican suggests to Maxim Gorky and the woman traveling with him, not to tread upon the sacred precincts of any of the territories of the United States, such as Oklahoma, New Mexico, Arizona and Indian Territory. Should this precious pair decline to take this hint and come here nevertheless, it is very likely that your Uncle Sam will get after them under the provisions of the Edmund's act. To be sure there is no place in Europe where they have any law of the kind but then Gorky is not too old to learn. He must understand when he comes to this country he will have to behave himself, at least on the surface.

The mining industry in New Mexico is in better condition than it has been for many years. New properties are being opened, work on many old properties is being resumed, more smelters are in operation, new mills are being built and in many respects there is noted and agreeable activity. This fact, with the fine condition of the ranges and livestock and the greater area of land placed under irrigation and cultivation this year, augur that this will be the most prosperous year New Mexico has ever experienced, barring unfortunate accidents and catastrophes which are not now foreseen.

"Babylon has fallen!" was the cry in many pulpits Sunday, which to say the least, was far fetched, for even though San Francisco was a fast, pleasure loving city, yet, the disaster which overtook it fell hardest upon the innocent, the women and children of the poor. More pleasing was the fact that in almost every church of the land there was taken up a generous collection to succor the helpless and to relieve the widows and orphans thus illustrating that the universal brotherhood of man is more than a pleasing fiction.

General Benjamin Viljoen and a colony of Boers will settle in the vicinity of Chamberino in the Mesilla Valley, in which they show more discretion it seems than the young men from Gallup who have pulled stakes in New Mexico to settle in Alberta, Canada, with the intention of growing wheat on land which will cost them \$12 an acre. There is no accounting for tastes.

The Estancia Valley is keeping up its good record for homestead entries and for receiving permanent and bona fide settlers. Good enough.

A SQUARE DEAL FOR DELEGATE ANDREWS.

The White Oaks Outlook thinks that Delegate W. H. Andrews did right in securing an increase of pension for Captain Saturnino Baca of Lincoln County and it comments on the Delegate's action as follows:

"Delegate Andrews has secured the passage of three more special pension bills for New Mexico veterans. One of them is for Captain Saturnino Baca of Lincoln County, who was formerly an officer in Kit Carson's First New Mexico Cavalry. Captain Baca, it will be remembered, received a shot from an assassin in ambush a few years ago, necessitating the amputation of his right arm. Under the pension law he could not get more than \$12 per month, as this injury was not received during his service in the army. Under this special act, which Delegate Andrews had put through, he will receive thirty dollars per month which will put him in much more comfortable circumstances, and be a just recognition of his services in a noted fighting regiment."

It is not creditable to Santa Fe that so far so little has been done by the people of this city for the relief of the sufferers of the city of San Francisco. Towns in the Territory smaller and not as well able as Santa Fe have given something towards the relief fund. The citizens must bestir themselves. The city authorities cannot be depended upon for any action in the matter, hence the people must take it into their own hands.

Despite the yelping of a few yellow dog daily and weekly news sheets, the Territory of New Mexico is getting on famously, in fact it is receiving a greater influx of immigration and capital in these days than ever in its history. After all, things official and private, are not as wicked and corrupt as those yellow dog sheets try to make them out.

Maxim Gorky is already writing his impressions of America. He has only been in the country a week and has not yet been out of Gotham, yet he knows all about the United States. He and the woman he travels with should be kicked out of Uncle Sam's dominions were this possible. It is a pity it is not.

It is said that there is a project on in Washington to purchase the Peninsula of Lower California from Mexico. If this should prove correct Uncle Sam should see to it that he does not buy another job lot of earthquakes. The old man should certainly have learned sense by this time.

The gang which controls the Albuquerque Fakir Journal must come under the category "muck rakers and muck makers." The outfit is never satisfied unless it rakes muck or makes it. In these despicable vocations the gang and the paper it controls are adepts.

A fellow by the name of El Aralsh has started a new revolt in Morocco. It is a good thing for him that the Algebras peace conference is no longer in session. If those diplomats ever get after El Aralsh there will be mighty little left of him.

The United States Bank and Trust Company of this city, recently incorporated, with a capital stock of \$50,000, expects to be ready and open for business by June 1st, coming. Score another progressive step for the Capital of New Mexico.

Las Vegas has contributed munificently to the San Francisco relief fund, so have Albuquerque, Deming, Roswell, and other New Mexico, cities and towns. What has Santa Fe done? Ask the present city administration.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor.

SAN FRANCISCO STREET, SANTA FE

AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

WILLARD

THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 35 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy; as fine an all around climate as there is in the world, with a pushing, energetic class of citizens and two railroads, one the new A. T. & S. F. Short Line to the Pacific. Willard has made a most phenomenal growth and the price of lots will soon advance. Better come now. The townsite is owned by

Willard Town and Improvement Company.

JOHN BECKER, Pres. and Gen. Mgr.
WM. R. BERGER, Secretary.

Call on or address JOHN W. CORBETT, Agent, Estancia, New Mexico.
CARL A. DALLES, Manager of The John Becker Co. Stores at Willard, has charge of the sale of lots in the absence of Mr. Corbett.

WILBUR A. DUNLAVY, Vice Pres.
LOUIS C. BECKER, Treasurer.

WEAK, WEARY WOMEN.

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes. Doan's Kidney Pills cure such ills. Have cured women here in Santa Fe. This is one Santa Fe woman's testimony.

Mrs. Juana Arias of San Francisco Street, says: "For a year and a half a pain across my back was very severe and it increased so that I was compelled to take to my bed and stay there for two weeks. C. M. Conklin, knowing my condition, advised the use of Doan's Kidney Pills and they were obtained for me at Ireland's Pharmacy. I used the remedy according to directions when the attack of backache disappeared. This was eight months ago and I have not noticed a return. Previous to using Doan's Kidney Pills I have tried plasters on my back, but I might as well have used as much brown paper. I am only too pleased to recommend a remedy upon which the public can depend."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

There are all sorts of prizes for competition: Why not give one to the dinner bucket, which, when opened at noon, contains the most tempting lunch?

PUBLIC WARNING!

We shall not be responsible if any person takes any but the genuine Foley's Honey and Tar for coughs and colds. Imitations are worthless and may contain opiates. The genuine Foley's Honey and Tar in the yellow package contains no opiates and is safe and sure. Ireland's Pharmacy.

If a thing isn't in a man naturally, we sometimes think all the training in the world will fail to put it in him. Therefore, the importance of heredity; of having good fathers and mothers.

Chamberlain's Salve is good for any disease of the skin. It allays the itching and burning sensation instantly. For sale by all druggists.

Some of the girls who are wearing their sleeves above the elbow might find great use for their elbows when the can-opener is missing.

This May Interest You

No one is immune from Kidney trouble, so just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine. Ireland's Pharmacy

When two farmers meet, one says to the other: "Well, how are you getting along?" And the other will reply: "Tollable, thank you. How are you getting on?"

Caught Cold While Hunting a Burglar.
Mr. Wm. Thos. Lanorgan, provincial Constable at Chapeau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamps last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by all druggists.

If anything around a house is lost that is too big to go into the top bureau drawer, then no one knows where to look for it.

Rheumatism Makes Life Miserable.
A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by all druggists.

HOUSES TO RENT.

Houses to rent, lease or for sale, furnished or unfurnished, good locations. Call on the reliable firm, Hughes & Delgado. Office west side of Plaza.

ARIZONA NEWS NOTES

At Phoenix, the Women's Missionary Society of the Presbytery of Arizona, held two sessions in the M. E. Church Saturday, the morning session beginning at 10 o'clock and the afternoon session at 2:30 o'clock.

The United States civil service commission announces ten examinations to be held shortly for the purpose of securing eligibles for ten different positions. Most of the examinations will take place in Phoenix.

The nineteenth annual encampment of the department of Arizona, Grand Army of the Republic, was held in Phoenix recently, there being a fairly good attendance of members of the organization present from different parts of the territory.

The United States immigration office at the port of Nogales has received instructions that the Yaqui Indians now in revolt against the government of Mexico come under the prohibitory regulations of the department and must be excluded.

Pro. W. E. Lutz, principal of the public schools of Phoenix, recently went to Tombstone where he lectured on the conditions in the Philippine Islands, where he was located for a time in the employment of the government, as superintendent of the public schools on the islands.

J. A. Lewandowski, of Douglas, manager of the Savage Gold and Silver Company, operating at Paradise, reports the uncovering of ore that runs from \$50 to \$60 a ton. Already there are 1,500 tons of this ore on different dumps. It is almost certain that this company will erect a smelter in the near future.

Requisition papers were honored by Acting Governor W. F. Nichols from the governor of California for the return to that state of C. H. de Pue, who is now under arrest at Holbrook. The papers were forwarded to Ernest Dowell, an officer from California, who is now at Holbrook. De Pue violated a parole by leaving the borders of California.

A fund of \$1,000 has been raised by the Jewish women of Tucson for a synagogue. It has not yet been decided, when the building will be constructed, but it will not be until the fund has been considerably increased, as it is desired to have the synagogue free from debt when it is built. A lot for the building was donated a number of years ago by Mr. Fried who formerly lived in Tucson.

The semi-annual meeting of the territorial board of pharmacists was held in Phoenix last week. The election of officers resulted as follows: Fred Fleischman, president; A. G. Hulett, secretary-treasurer. The meeting was the largest in the history of the organization, nine persons taking the examinations. In addition to this twelve examinations have been made at special meetings held since the last semi-monthly meeting.

Charles E. Dagnette, acting agent for the Southwestern Indians, was in Flagstaff, during the past week securing bids for supplies for commissary cars for Indian laborers along the line of the Santa Fe. This contract Indian labor has heretofore been in the hands of C. N. Cotton of Gallup, who also had charge of the commissaries for the various gangs of laborers. The first work under the new scheme whereby the government runs the commissary will be done on the Grand Canon branch.

Word has been received from Gallup that the surveying of the A. & C. Railroad is rapidly nearing completion, and that all now necessary to be done is to set grade stakes near Durango. It is now expected that the actual construction work will begin before long, as soon as it is possible to transport the materials over the mountains. So far no survey has been made into Gallup that looks like a permanent line, the surveyors having been working on a line that passes west of town.

It has been reported that there is trouble on the work at the Laguna dam, in consequence of putting into effect the national eight hour law. When United States Attorney Alexander was at Yuma he notified the contractor that the eight hour law must prevail on that as well as on all government work and he was told that the order would be obeyed. It was not stated at that time that there would be any change in the hourly pay that Mr. Alexander understood that it would be increased so that the laborers would not lose.

You often hear the expression, "He is a brilliant man." Ever know one?

CLAYTON NEWS NOTES.

Clayton, N. M., April 24.—Thursday evening there was an almost successful jail delivery in Clayton. The prisoners had been turned out of the cells into the run around to do their washing, and took advantage of the opportunity to pick a hole in the brick wall. The timely arrival of Luther George and J. Claudio Martinez, court house attaches, with means of producing submission, prevented the escape of nearly all the prisoners.

Mr. and Mrs. Paz Valverde gave an enjoyable social and dance at their home last evening.

Mrs. M. L. Elstun, Samuel F. Elstun, and Mrs. Cliver, of Trinidad, were visitors here this week.

A. W. Thompson has sold his handsome residence to D. W. Snyder, a prominent local cattleman.

Judge O. T. Toombs is clearing ground on the east side of Main Street for the purpose of building an office.

Carl Eklund has his monster dam and reservoir nearing completion, and by its means will irrigate his fine ranch in Apache Canon, north of town.

Bob Miller is now a member of the New Mexico Realty Company, of this city, and has taken to the road in its interest.

Rev. Morrison, of Santa Fe, was here this week, and delivered a splendid sermon at the M. E. church Tuesday evening.

Clayton had an abundant fall of rain the first part of the week, and the lamb and grass crop is assured, say the old timers.

There has been an unusually heavy trade in town this week from the ranches, and the freighters have been moving out in all directions in caravans.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

The devotion of a woman is the finest thing in the world. A woman seldom gives this devotion to her husband; she is usually jealous of her husband, and this jealousy calls out a meanness no one suspected she had in her nature. But if she is fond of her sister, a mother, a child, her devotion is the finest thing in the world. There is not the slightest selfishness about it; angels know nothing better. Occasionally you find a husband who possesses the devotion of a woman; and he is the happiest and most fortunate man alive.

A CARD.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe coughs, and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. Ireland's Pharmacy.

It is a hard matter to make a woman believe that a man ever goes into a saloon to buy soda water or cigars.

Suffered for Five Years With Kidney and Liver Trouble.

"I suffered for five years with kidney and liver trouble which caused severe pains across the back and a blinding headache. I had dyspepsia and was so constipated that I could not move my bowels without a cathartic. I was cured by Chamberlain's Stomach and Liver Tablets and have been well for six months," says Mr. Arthur S. Strickland, of Chattanooga, Tenn. For sale by all druggists.

Here is something that will never happen until the millennium arrives: A milliner will not admire a hat from a rival establishment.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Ireland's Pharmacy.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Mr. and Mrs. Juan Delgado Mr. and Mrs. T. P. Delgado and Mr. and Mrs. Manuel Delgado of this city, were at Las Vegas Sunday last and attended the funeral of the late F. Delgado.

Letter Carrier and Mrs. Alden E. Davidson and son, Walter, left yesterday over the Santa Fe for their former home at Cincinnati, Ohio, after a residence of over one year in this city.

Charles C. Catron has gone to Mora to attend district court which convened there last Monday with Chief Justice W. J. Mills presiding and Deputy William Stapp acting as district clerk.

Dr. M. H. Deacon, veterinary surgeon, returned yesterday from Eppa where he has been two weeks in the employ of the Grant Construction Company with whom he was acting in a professional capacity.

"L. C. Yocum, formerly of Santa Fe the new railroad agent at Santa Rosa, was checked in yesterday. Mr. Yocum and wife arrived in town last Sunday from Raton and have been busy house hunting, with no success, however."

Santa Rosa Sun.

Mrs. E. S. Bentheesen and Miss Olive Littrell, daughter of Marion Littrell, sheriff of Colfax County, were in the city sightseeing today. They accompanied Sheriff Littrell, who brought five prisoners to the penitentiary yesterday to this city.

Hon. Frank Staplin, editor of the Farmington Enterprise at Farmington, San Juan County, returned home Saturday last from a visit of several weeks' duration in Trinidad, Colorado, where he has been attending the bedside of his mother, who died there a few weeks ago. He also settled the estate left by her.

A. W. Thompson, receiver of the U. S. land office at Clayton for eight years and who recently purchased 50,000 acres of agricultural land from the trustees of the Las Vegas land grant, will be in the Meadow City this week and will open an office there for the transaction of business. Mr. Thompson is sanguine that his purchase will turn out well and that he will be successful in obtaining settlers for the tracts, which he has bought, in large numbers within a comparatively speaking short time.

Serafin Salazar and Jose de Salazar, sheep raisers in the vicinity of Palma, Torrance County, were in the city this forenoon on business before the U. S. land office. Both have homesteads in eastern Torrance County. "They say that the range is in first class condition, that water is plentiful and that the outlook for a good lambing and shearing season this year is the very best in all their experience. They are originally from Chamita, Rio Arriba County, but have settled of late in Torrance County.

E. D. Reynolds, connected with the First National Bank at Las Vegas and a brother of Territorial Secretary J. W. Reynolds, arrived in the city

WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent to you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

ITCH! ITCH! ITCH!

SCRATCH! SCRATCH! SCRATCH! This is the condition of thousands of skin-tortured men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle applications of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, when physicians and all else fail.

Sold throughout the world. Cuticura Soap, 25c. Ointment, 50c. Resolvent, 50c. (In form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Get Mailed Free, "All About the Skin, Scalp, and Hair."

yesterday from a vacation of several weeks which he spent in southern California and on Catalina Island. He was in Los Angeles on the day of the great earthquake in San Francisco, but felt no inconvenience where he was.

His wife has been visiting here for some days, the house guest of Hon. and Mrs. J. W. Reynolds, and both expect to leave tomorrow for their Las Vegas home.

Mr. and Mrs. J. J. Davis, of La Harpe, Illinois, were visitors in the city yesterday en route from Laguna, Valencia County, to their Illinois home. Mr. Davis is a prominent citizen of his town, engaged in extensive farming operations and also vice president of a bank. During their travels through Valencia County, they inspected portions of a land grant with the view to purchasing the timber thereon. They are friends of C. H. Ingraham, formerly of La Harpe, but not a resident of this city and cashier of the new U. S. Bank and Trust Company. Their sojourn in Santa Fe, they declared, was one of the most pleasant incidents of their journey. Mr. Davis also called at the office of the Bureau of Immigration and was furnished literature upon the resources and industries of the Territory.

Edward T. Hannan and William F. Brogan, both former employees in the editorial department of the New Mexican, left town this morning for a trip as far south as Deming, Luna County, and probably farther west. They will make the distance in easy stages, travelling about twenty miles per day. They have a light wagon and a good team, will camp out, do their own cooking and "rough" it generally. They are well armed and expect to do some shooting of ducks and rabbits in the Rio Grande Valley and on the plains and in the hills to bag coyotes and lobos. They will camp whenever and wherever night and fancy overtake them. They are making the trip for two reasons, one for the benefit of their health and the second to become more intimately acquainted with New Mexico's conditions and affairs. They will be absent from the Capital several months.

TO SET YOU RIGHT.

A good many people imagine that malt is an intoxicant. To set you right on this point, we say, most emphatically, that Dr. Lauritzen's Health Table Malt and Malt Tonic are NOT intoxicating at all. For sale by

MINOR CITY TOPICS

Mrs. George Green of lower San Francisco Street is confined to her bed with illness.

Eugene Harvey, the young son of Mrs. Harvey is ill with the grip and unable to attend school.

The local postoffice this afternoon received the first mail from San Francisco with the San Francisco postmark, since the earthquake.

There will be a joint meeting of the relief committee appointed last night to secure funds for the San Francisco sufferers and the committee appointed to make arrangements for the entertainment, at the court house at 8 o'clock this evening.

Unable to survive an operation for appendicitis, Abrey L. Adair, aged 22, a son of W. L. Adair, of Estancia, died at St. Vincent's Hospital here yesterday. Adair was well known throughout this portion of the Territory was unmarried and was very popular.

A dance and social has been contemplated by the Woman's Board of Trade of this city and arrangements now have been completed to hold the affair on May 8th. The plans for a rather elaborate social function are outlined and the dance without doubt will be delightful.

Much discomfort and annoyance is caused in the down town sections by failure of the people to utilize the commodious waste paper boxes established in prominent places on the plaza. The boxes were set up to fill a long felt want, and their use is most commendable. On a windy day, when paper instead of being placed in the re-

ceptacle is tossed carelessly into the street, runaways are most likely to result as well as distress being caused the passerby.

The penitentiary authorities are burning brick at a lively rate and about 400,000 bricks will be turned out this month. The penitentiary is about up with its orders for building bricks, but is still behind in the paving brick line. This the authorities expect will also be overcome by the end of this month.

The following letters and postal cards are held at the postoffice for better address or postage: Miss Josephine Smith, Albuquerque, N. M.; Master Elliott E. Morris, Coffeyville, Kansas; Master Otto T. Elliott, Wichita, Kansas; Mr. O. L. Rice, Albuquerque, N. M.; Eleanor Gray Greenwood, Roswell, N. M.; South Spring Ranch, Roswell, N. M.; Miss Blossom Sargent, 424 Sullivan Street, Lincoln, Ill., and a souvenir postal card without address.

Montezuma Lodge No. 1, A. F. and A. Masons, will hold a special communication this evening at Masonic Hall, assembling at 7:30 o'clock for the purpose of holding memorial services in honor of the late Admiral John Paul Jones, of the U. S. Navy, whose remains were laid to their final rest today in the Cemetery of the Naval Academy, at Annapolis, Maryland. Similar ceremonies will be held this evening in every Masonic Lodge through this country.

A special train carrying about 150 Shriners from Cincinnati and Louisville, en route to Los Angeles, is scheduled to arrive at Santa Fe at 5:15 p. m. May 24, and remain here until 12 midnight. Another special carrying about 100 Shriners from Indianapolis,

Fifty Years the Standard

DR. PRICE'S CREAM BAKING POWDER

A Cream of Tartar Powder Made From Grapes No Alum

will arrive here about the same time and remain in Santa Fe until 12 midnight. The Santa Fe has arranged for 15 specials for this convention and all of them will pass through New Mexico, but thus far only the above mentioned will stop at Santa Fe.

The Presbytery of Santa Fe will hold a meeting at the First Presbyterian Church at 7:45 o'clock tonight. The sermon will be by Retiring Moderator George S. Sevier. At the meeting tonight it will also be decided what form the services will assume during the remainder of the session. The principal towns which will be represented are Santa Fe, Albuquerque, Las Vegas and Raton. The Santa Fe Presbytery is made up largely of native churches, and a number of small towns in the northern part of the Territory will also be represented.

Desultory showers in the northern portion of Territory tonight, followed by slightly colder weather in some sections tonight and tomorrow is the portion allotted this vicinity for the next day, by the weather man. Generally, however, the beautiful weather of the last week will continue, and, according to the schedule, tonight and tomorrow in most sections will be warm and pleasant. Yesterday was one of the warmest days of the year, the thermometer reaching 69 degrees at 3 o'clock in the afternoon while the minimum of 41 degrees at 4 a. m. showed a rapidly rising thermometer. The mean temperature yesterday was 55 degrees.

Dr. C. O. Wheelon, A. H. Brodhead and others enjoyed a horseback trip on Sunday to the headwaters of the Arroyo Hondo, to Seven Mile Spring and to the lovely mountain valleys in the foothills of the Glorieta and Sangre de Cristo ranges to the south and southeast of this city. They report the meadows rich with verdure and every spring and rivulet running full of water. These valleys are public land and offer even more favorable sites for homesteads than does the Estancia Valley. Being sheltered by the high mountains, they are ideal locations for orchards. Many small reservoir sites could be utilized at a comparatively slight expenditure to store the abundance of water that flows from the snow capped peaks every spring.

FOR SWEET CHARITY'S SAKE

Active Steps to Raise Funds for San Francisco Sufferers—Benefit Entertainment to Be Given.

At a meeting of a number of public spirited citizens, held in the office of District Clerk A. M. Bergere, at the court house at 8 o'clock last evening, preliminary arrangements were made for the raising of a relief fund for the sufferers of San Francisco. The meeting was an enthusiastic one and all present showed a willingness to do everything in their power to raise a substantial amount for the people of the devastated city by the Golden Gate.

The meeting was called to order by A. M. Bergere, who has taken an active part in bringing the matter before the public. Judge A. L. Morrison was then elected chairman and Alfred H. Brodhead was elected permanent treasurer of the organization. Mr. Brodhead will handle the funds collected, and will remit them to the proper persons in San Francisco. George W. Armijo was elected secretary.

On motion of A. M. Bergere, a finance committee of three comprising A. M. Bergere, Levy A. Hughes and Frank Owen was appointed by the chair. It will be their duty to make a canvass of the city and secure donations from all citizens who are willing to contribute to the worthy cause. It was decided that funds collected today should be turned over to the treasurer of the organization tonight and remitted at once to the proper officials of the stricken city. Monies collected after today will be remitted each evening. The matter of holding an entertainment at a near date for the same purpose was then taken up on motion of A. M. Bergere. The argument pre-

sented in favor of giving the entertainment was that there were a large number of people in the city, who, although they could not afford to make a substantial contribution, would gladly buy tickets and in this way additional money might be raised.

An executive committee of seven members, having power to act in all matters, relative to the entertainment, was then appointed, the following men being selected: A. M. Bergere, A. L. Morrison, Jr., Norman King, A. R. Gibson, Alan McCord, Edward Ehle, and O. C. Watson. They will procure the talent for the entertainment, set the date and arrange the program. An effort will be made to secure the auditorium of the Sisters of Loretto, in which to give the concert, and A. M. Bergere and A. L. Morrison volunteered to communicate with Archbishop Bourgade regarding the matter.

It was considered advisable to enlist the services of a number of ladies to assist in selling tickets and the following were appointed: The Misses Mary Morrison, Bertha Staab, Libbie Taylor, Uda Gibson, Alena Ortiz, E. Manderfield, N. Otero, H. Dibert, and Mary Sena, and Mesdames R. L. Baca, James L. Seligman, J. W. Reynolds, Arthur Seligman, R. C. Garrett, C. J. Crandall, Anita Chapman, Adolph J. Fischer and P. F. Knight. R. L. Baca, Colonel G. W. Prichard and N. Salmon were then appointed as a committee to look after the sale of tickets, and instructed to see that the ladies were kept well supplied.

LAS VEGAS NOTES.

Buffalo Farm Established Near the Meadow City—Two Arrests for Petit Larceny.

Apolonio Marcus and Candelario Gallegos were arrested at Las Vegas yesterday by Deputy Sheriff Enrique Sena on the charge of stealing fence posts at Agua Sarco.

Francisco Maes and Miss Lusita Taffoy, Agustin Sandoval and Miss Balbina Martinez, all of Las Vegas, were granted marriage licenses yesterday by the probate clerk of San Miguel County.

Peter Roth has started a buffalo farm near Las Vegas and has received from Charles Goodnight, the well known buffalo raiser, fifteen buffalo calves six months old each.

WEIGHTS AND MEASURES.

One ounce of prevention equals one ton of talk about symptoms. One pound of cure equals four pages of testimonials. One pint of whiskey equals one peck of trouble. One forcible hint equals one wagon load of bricks. One foot of forethought equals one mile of explanations. One Bon Ton 25 cent meal equals one American half dollar. One weeks board at the Bon Ton is equal to a good digestion.

COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, size 25x140 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; Commercial Club; a population of 1,500 people; several large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, restaurants, etc., Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President. WM. M. BERGER, Secretary.

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc., etc., also a first class, modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage security, for one year, with 8 per cent. interest thereon.

Apply at once for map and prices, if you wish to secure the choicest lots, to

The Belen Town and Improvement Company

JURORS FEES

INCREASED

Resolution Allowing Mileage Introduced by Senator Clark of Wyoming, of Interest.

The following bill increasing the fees of U. S. jurors in New Mexico, was introduced by U. S. Senator Clark, of Wyoming, and has been favorably reported for passage. In all likelihood it will become law. The bill reads:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the act of August third, eighteen hundred and ninety-two, chapter three hundred and sixty-one, Twenty-seventh Statutes at Large, page three hundred and forty-seven, entitled "An Act fixing the fees of jurors and witnesses in the United States courts in certain states and territories," be so amended as to read: "That jurors and witnesses in the United States courts, including commissioners' courts, in the states of Wyoming, Montana, Washington, Oregon, California, Nevada, Idaho, Colorado, and Utah, and in the Territories of New Mexico and Arizona, shall be entitled to receive for actual attendance at any court or courts, including commissioners' courts, and for the time necessarily occupied in going to and returning from the same three dollars a day, and fifteen cents for each mile necessarily traveled over any stage line, or by private conveyance, and five cents for each mile over any railway, in going to and returning from said courts: Provided, That for such portion of his travel as shall be made by railway, such witness shall be entitled, at his election, to receive in lieu of his mileage for such portion of his travel, the amount of his actual and necessary expense for railway fare, not to exceed, however, the amount required to be paid as railway fare for carriage over the most direct route available for his travel in going to and returning from the place of trial or hearing: And provided, further, That no constructive or double mileage fees shall be allowed by reason of any person being summoned as both a witness and juror, or as a witness in two or more cases pending in the same court and triable at the same term thereof."

Amend the title so as to read: "A bill amending the act of August third, eighteen hundred and ninety-two, chapter three hundred and sixty-one, entitled 'An Act fixing the fees of jurors and witnesses in the United States courts in certain states and territories' (twenty-seventh Statutes at Large, page three hundred and forty-seven)."

JUST BREATHE IT.

Hyomel Cures Catarrh in Natural and Rational Way.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomel is used in the treatment of catarrh. Breathed through the neat pocket inhaler that comes with every outfit, the balsamic healing of Hyomel penetrates to the most remote cells of the nose, throat and lungs, killing all catarrhal germs, healing the irritated mucous membrane and effecting a complete and permanent cure.

No medicine taken into the stomach can possibly reach the remote cells of the air passages, or give the immediate relief that follows the use of Hyomel. A few days' treatment is usually all that is necessary to show how quickly this remedy will cure catarrh. So successful has Hyomel been in the cure of catarrh among his customers that A. C. Ireland sells it under a positive guarantee that it costs nothing unless it gives satisfaction. The complete outfit sells for one dollar, while extra bottles can be obtained for 50 cents.

If a woman believes in her husband in the blind, right sort of a way, she believes him when he gives as an excuse for staying out late nights that he was attending a Mothers' Meeting.

AN INSIDIOUS DANGER

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Ireland's Pharmacy.

If a woman admires her friend's new spring hat she is accused of being insincere, and if she criticizes it, she is called "spiteful."

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. Ireland's Pharmacy.

It is difficult to explain how a young girl ever learns to like a glass of beer, but a married woman learns through taking a glass to "keep her husband company."

WINTER TOURIST RATES.

RESIDENTS SANTA FE HEARD FROM NONE MISSING

Letter From J. G. Schumann and Wife Visiting on Coast.

MORRISON DESCRIBES SHOCK

Former Citizen Tells of Thrilling Experiences and Narrow Escapes—Old Cathedral Complete Wreck.

Fears for the safety of Mr. and Mrs. J. G. Schumann of Chapelle Street who were visiting in San Francisco at the time of the recent earthquake were set at rest today by the arrival of a postal card addressed to Adolph Fischer of the Fischer Drug Company, telling of the survival of the Santa Fe folks. The card states that both Mr. and Mrs. Schumann are uninjured but indicates a fearful condition of affairs in the western city. They are making every effort to leave the ill-fated city and hope to be home within a week.

As far as can be learned no Santa Fe people were injured, nearly every one from this city who was spending the season in California has now been reported safe.

A letter from John Morrison, son of Judge A. L. Morrison of this city, tells of his narrow escape from death in the shock. Awakened from sleep with a start to find himself thrown violently to the floor in the middle of the room and his bed moving mysteriously about the room, was the experience of Mr. Morrison, formerly of Santa Fe, but who has recently made his home in San Mateo, California, a small city just twenty miles from San Francisco. The hotel in which Morrison lived at the time of the earthquake was completely demolished and he with the other inmates barely escaped with their lives. The shock and its subsequent happenings was almost as severe in San Mateo as in the larger city and the devastation although not as terrible as in San Francisco, was nearly as complete.

Judge A. L. Morrison has just received a letter from his son describing graphically the initial shock and the horrible experiences through which the unhappy residents of the western city have just passed.

Brick Buildings Collapse.

"As though by a miracle, not one life was lost. The frame building stood the terrible shocks very well, but without an exception brick chimneys were snapped off. The place where I was living was a two story brick structure known as the Palm House. The shocks, although apparently lasting some time, were really over in less than a minute. Ordinarily one lies in bed during a tremor, but this time I was on the floor before I was awakened. I was thrown from the bed, and tossed up against the door, by the pitching and heaving of the house. I made a grab for the door knob and stood up in the room reeling back and forth until the shocks subsided. There were some loud crashes from falling houses all around and every thing was in the wildest confusion. I started for the door but was met by a crowd of roomers who had already been down stairs and found the heavy door jammed tight. We escaped by the back windows on the roof of a porch, which was partially covered by the wall which had fallen on it, but we managed to reach the ground. As I was crawling through the window, the first sight to meet my eye was the large brick Catholic Church across the street. The belfry and front wall were gone and lying scattered about. Of our building, the whole wall of the upper story had fallen out on the sidewalk and street. All the brick buildings were wrecked, the place was a cloud of dust and for awhile it was impossible to see anything. The nearest a train can get to the city is five miles away, owing to twisted rails, broken bridges and cracks in the ground."

The letter also tells of the many thrilling rescues and pathetic incidents connected with the catastrophe, of families separated, people left penniless, homes destroyed and suffering. "The situation in this part of the country can hardly be exaggerated. The suffering and loss of life in San Francisco must be terrible. The people don't know where they are going to live or what will become of them, and above all hangs the terrible fear of another disastrous shock which may occur at any time."

BREAK FOR LIBERTY.

Prisoners at Clayton, Union County, Burrow Through Adobe Wall of Jail.

An attempt to break out of jail at Clayton, Union County, by the prisoners confined there was almost successful on last Thursday evening. The prisoners were in the run-around tank

ing exercise and washing and while there dug a hole through the adobe wall. One of the prisoners had crawled through as far as his head and shoulders when discovered by Deputy Sheriff Luther George and J. Claudio Martinez who gave the alarm. With the help of other deputies, the prisoners were again lodged in their cells.

RELIEF COMMITTEE DOING GOOD WORK

Members Out Three Hours Today and Collected Over \$500—Will Continue Work Tomorrow.

The following subscriptions for the relief of the San Francisco sufferers amounting to \$516.50, were collected today by Chairman A. M. Bergere, Frank Owen and Levy A. Hughes, comprising the finance committee appointed at the meeting held last night for that purpose, and A. R. Gibson, who assisted in the work. The members of the committee were out but three hours today, and were unable to call upon all the people who are willing to subscribe, and will continue the work tomorrow. The money collected has been turned over to Treasurer A. H. Brodhead, and will be remitted to the proper officials at San Francisco this evening:

RATON TO THE RESCUE.

Generous Donations By Citizens of Gate City and Elks Lodge to Stricken San Francisco.

Special to the New Mexican. Raton, April 24.—The local lodge of Elks has donated the sum of \$200 for the San Francisco sufferers and has telegraphed this amount to the relief committee of the stricken city. Mayor McAuliffe, on behalf of the citizens of the Gate City, has telegraphed an order to pay the sum of \$1,000 to the relief committee. A mass meeting was held here last night, which was strongly attended and which pledged large contributions of provisions and clothing. There will be a benefit performance for the San Francisco sufferers by the Berger Stock Company at the Coliseum tonight, the proceeds of which will also be sent to the mayor of San Francisco.

NEW MEXICO PIONEER PASSES AWAY

David M. Catanach, a Resident of This City in the '70s Answers Last Roll Call March 14 Last.

James A. Catanach, an employee of the Santa Fe Water and Light Company, today received information of the death of his father David M. Catanach on March 14, at Philadelphia, Pennsylvania.

David M. Catanach was a resident of this city from 1865 to 1883, and owned the flour mills situated just below the reservoir. He was a prosperous man when he left here, and after going to Philadelphia engaged in the real estate business. Besides his widow the deceased is survived by three sons, James and John Catanach of this city, and Archibald Catanach of Chamita, this city from 1865 to 1883 and owned a business. Besides his widow the deceased is survived by three sons, and Archibald Catanach, of Chamita.

Deceased served creditably during the Civil War four years as a member of the Sixth Pennsylvania Cavalry and came to Santa Fe after the war as a clerk in the quartermaster's department. He was also a member of Carleton Post of the Grand Army of the Republic of this city and served a term as agent of the Pueblo Indians, with office in this city. He held various clerical positions in the Indian service during his residence in New Mexico.

The public is showing its appreciation of the attractive circulars sent out by the New Mexican Printing Company, in regard to rubber stamps, by sending in a number of orders.

PATRIOT BURIED.

President Roosevelt Makes Splendid Address on Occasion of Reinterment of Paul Jones Naval Hero

On behalf of the American people I wish to thank our ancient ally, the great French nation, that proud and gallant nation, to whose help we once owed it that John Paul Jones was able to win for the Stars and Stripes the victory that has given him deathless fame, and to whose courtesy we now owe it that the body of the long dead hero has been sent hither, and that to commemorate the reception of the illustrious dead a squadron of French warships has come to our shores.

In addition to welcoming the diplomatic and official representatives of France here present, let me also express my heartfelt acknowledgments to our former ambassador to Paris, General Horace Porter, to whose zealous devotion we particularly owe it that the body of John Paul Jones has been brought to our shores.

When the body was thus brought over the representatives of many different cities wrote to me, each asking that it should find its last resting place in his city. But I feel that the place of all others in which the memory of the dead hero will most surely be a living force is here in Annapolis, where year by year we turn out the midshipmen who are to officer in the future the navy, among whose founders the dead man stands first. Moreover, the future naval officers, who live within these walls, will find in the career of the man whose life we this day celebrate, not merely a subject for admiration and respect, but an object lesson to be taken into their innermost hearts.

Short Naval History Includes Brilliant Fighters.

The history of our navy, like the history of our nation, only extends over a period of a century and a quarter, yet we already have many memories of pride to thrill us as we read and hear of what has been done by our fighting men of the sea, from Perry and Macdonough to Farragut and Dewey. These memories include brilliant victories, and also, now and then, defeats only less honorable than the victories themselves, but the only defeats to which this praise can be given are those where, against heavy odds, men have stood to the death in hopeless battle. It is well for every American officer to remember that while a surrender may or may not be defensible the man who refuses to surrender need never make a defense.

In his fight with the Serapis Jones' ship was so badly mauled that his opponent hailed him, saying: "Has your ship struck?" To which Jones answered: "I have not yet begun to fight." The spirit which inspired that answer upbore the man who gave it and the crew who served under him through the fury of the battle, which finally ended in their triumph. It was the same spirit which marked the commanders of the Cumberland and the Congress, when they met an equally glorious though less fortunate fate. The Cumberland sank, her flag flying, and her guns firing with the decks awash, while, when summoned to surrender Morris replied: "Never! I'll sink alongside!" and made his words good.

We have met today to do honor to the mighty dead. Remember that our words of admiration are but as sounding brass and tinkling cymbals if we do not by steady preparation and by the cultivation of soul and mind and body fit ourselves so that in time of need we shall be prepared to emulate their deeds.

ON THE NEW MEXICO EASTERN

Earthquake Shock at Sunnyside Destroys Railway Bridge—Modern Depot for Blacktown.

According to the Texico Trumpet, several spans of the new bridge of the New Mexico Eastern Railway over the Pecos River at Sunnyside collapsed on Wednesday morning owing to a tremor of the earth which was felt far south as Roswell and was simultaneous with the earthquake shock at San Francisco which wrought such great destruction.

The Santa Fe system will erect a two story concrete depot building at Blacktown, Roosevelt County, on the New Mexico Eastern Railway. The building will be 65 by 24 feet. A novel feature will be an extension of the roof at one side over a paved veranda which will be furnished with comfortable seats for passengers during summer.

The Santa Fe Land Improvement Company has placed on sale lots at the new towns of La Lande and Blacktown on the New Mexico Eastern Railway in Roosevelt County.

ENGINE EXPLODES.

Fireman and Engineer Seriously Injured When Bursted Steampipe Causes Accident.

A Trinidad, Colorado, dispatch says that one of the large mountain climbing engines of the Santa Fe blew up in the railroad yards here Monday afternoon just as the engine, pulling a long train of cars, had entered the yards. The engineer and fireman had a miraculous escape from death. They were blown through the open windows of the car for some distance on each side of the engine and only sustained a few bruises. The engine cab was demolished as was also the firebox and the sheet iron was torn off of the boiler as far forward as the sand box.

The engine tender was split in half and the engine was put out of commission. The cause of the explosion is not known, but it is thought to have resulted from a burst steam pipe. The explosion was witnessed by several railroad men in the yards. The number of the engine is 1136.

PROTECTION FROM FOREST FIRES

Rangers on Reserve are Carefully Carrying Out Regulations—Arrests of Persons Violating Same.

The authorities in charge of forest reserves are doing all they can to prevent forest fires within the limits of the New Mexico reserves, and are arresting all persons who are charged with not having put out fires properly on the reserves after using them, or who are found careless in the matter. Last week two men were arrested by rangers on the Gila forest reserve and brought to Silver City on the charge of building a fire on the forest reserve and leaving same before it was completely and properly extinguished. The two men were bound over to the United States grand jury for the third judicial district which meets in Las Cruces in October next.

SEVERE SNOW STORM AND BLIZZARD

Severe Snow Storm and Blizzard—In Northern New Mexico and in Vicinity of Antonito.

It has been snowing north of Tres Piedras, around Chama and in the Cumbres Pass last night and all day today, the snow being heavy and wet. Around Antonito, Colorado, a regular blizzard raged today. If a quick thaw follows there will be floods along the Rio Grande.
