# SANTA FE NEW MEXICAN

VOL. 43.

SANTA FE, N. M., TUESDAY, MAY 1, 1906.

NO. 61.

## NEED MORE MONEY EXPENSES HEAVY

### Fund Appropriated for Relief Near- ly Gone.

## THE CITY NOW LIGHTED

### Work of Clearing Debris and Reconstruction Progresses Rapidly.

San Francisco, May 1.—For the first time since the earthquake and fire the street lights last night gleamed in nearly all portions of the city. The electric light companies of the Potrero plant, which was practically uninjured, turned on the lights in the Potrero district in the southern part of the city. The company announced that there will be several arc lamps in operation throughout the unburned sections of the city tonight, operated from the Potrero plant, and they claim that the plant will be able to supply the entire unburned district of the city.

Last night was the warmest since the thousands of people have been compelled to camp in the open. In nearly all cases the homeless are now well provided with warm bedding and are comfortably housed in tents, but the food question is causing the authorities much worry.

### Disposition of Funds.

Washington, May 1.—James D. Phelan, chairman of the finance committee of San Francisco, has been in telegraphic communication with Secretary Taft regarding the government appropriation. Phelan is inquiring to what extent, if any, the finance committee could expect to handle the government appropriation. Taft replied that although without lawful authority, he had ordered sent to San Francisco rations costing two hundred thousand dollars, tentage, blankets, cots and bedding costing more than a million, and medical stores costing a hundred and fifty thousand. Transportation cost one hundred and fifty thousand more. Congress ratified this action and appropriated two and a half million dollars and authorized Taft to use this, not only for subsistence and stores, but also for the transportation of troops asked for by General Greeley and Major Schmitz.

### Money Almost Gone.

There is left available not to exceed seven hundred thousand dollars, which, under the law, can be expended only for rations, quartermasters' and medical supplies and the transportation of troops. This can be expended only through lawful agents of the War Department. Consequently Taft has no authority to turn over the money to the committees. As president of the Red Cross Society, Taft has forwarded by telegram three hundred thousand dollars out of the funds of that society and is prepared to order the remittance of more.

### Shylocks' Troubles Begun.

San Francisco, May 1.—Money brokers are now confronted with a serious problem, especially those who month after month have been in the habit of advancing salaries to municipal employees. Today is pay day in many departments, the day on which brokers have been in the habit of presenting their demands and collecting from two to five per cent commission. Between the fire and the earthquake many assignments were destroyed and Auditor Horton is besieged by anxious brokers who are demanding that he accept a substitute for their missing powers of attorney, but he refuses. Sixty per cent of the city's servants draw their salaries through brokers.

### Surrounding Towns Need Money.

Oakland, May 1.—Governor Pardee who just returned from a trip to Santa Rosa, said today that the pressing need in Santa Rosa is money. The debris and wreckage of many buildings must be cleared away before business can be resumed. It is estimated that \$147,000 will be required in this work. There is a call for \$25,000 or \$30,000 for immediate needs. A report has been received from San Jose which also suffered severely, which says the local relief fund is ample to provide for all citizens as well as all refugees from San Francisco. At Agnews insane asylum where great damage was done, most of the inmates are now living in tents. Little has been heard from Salinas and other places wrecked but as yet no appeals for outside assistance have been made.

### Provisions Scarce.

San Francisco, May 1.—In spite of the enormous quantities of food stuffs rushed into this city since the earthquake, there can be no let up in the sending of provisions or the unfortunate people of the city will suffer greatly from famine. So far over 700 freight car loads of food have been divided among the needy sufferers, and a statement by Mayor Schmitz based on knowledge from various railroad companies and telegrams he had received states that only 118 cars of

## AMERICANS IN THE LEAD

In Historical Olympic Games United States Stands First in Most Events.

Athens, May 1.—Americans have already won the greatest number of events in the Olympic games. The Greeks come next, with the Swedes third and English fourth. The superiority of the individual American is acknowledged, but the defeated athletes are endeavoring to find some solace in the fact that Americans had many strings to their bow and held a large superiority in numbers in nearly all events. The various finals are being decided today preparatory to the Marathon race, the great event of the games. There will be forty-seven competitors in this 26-mile run, which starts from Marathon at 3 o'clock this afternoon and finishes at the Stadium.

### Canadian Takes First Honors.

Athens, May 1.—The Marathon foot-race was won by Harring, of Canada, today. Time, 2 hours, 51 minutes, 23 3-5 seconds. Swamberg, Sweden, second, eight yards behind the Canadian.

## STEAMER FOUNDERS.

### Four Men Go To Bottom With Sinking Excursion Vessel—Struck Sub- merged Rock.

Guernsey, Channel Islands, May 1.—Striking a submerged rock while in the channel immediately after leaving the Island of Sark, the passenger steamer Courier foundered and sank to the bottom, drowning three members of the crew and one passenger. The balance of those on board took to the open boats and were later rescued.

## STREET RIOTS RESULT FATALLY

### Warsaw Resembles City of the Dead —Strike Failed Materi- alize.

Warsaw, May 1.—Three policemen were killed in the streets during the night; but the threatened long May day outbreaks have not materialized. Warsaw is like a city of the dead. The shops and restaurants are all closed. No cabs or street cars are running and no newspapers are being sold.

## KING EDWARD IS INJURED

### Suffers Severely by Fall While on Royal Yacht Victoria—Exagger- ated Rumor.

Naples, May 1.—The fact that King Edward had a serious fall on the stairs of his royal yacht Victoria yesterday before leaving for Vesuvius has caused exaggerated rumors as to his condition. It is said today, however, that the king is not badly injured.

## QUIET IS REGAINED.

### After Shooting Affray Yesterday For- eign Miners Are Cowed.

Mount Carmel, Pa., May 1.—Absolute quiet prevails here this morning, following the shooting of a number of foreign miners yesterday by a detachment of the state constabulary. None of the victims are dead today but four of them are thought to be fatally injured.

### Food Were on the Way.

If this proves true, there will be barely enough to last more than another week, before a condition of famine will again present itself to the survivors of the earthquake.

### New City Building.

San Francisco, May 1.—San Francisco is to build a new city hall at once, only a temporary structure, but one that will do away with the necessity of paying the high rent which owners of whatever property is available are inclined to charge. It will be built on the old Lincoln school site on Fifth Street and will be of corrugated iron or steel frame work and contain all the city offices.

### False Reports Responsible.

"The information was spread broadcast several days ago that we had more food stuffs than we could find use for, and that perishable goods were being hauled away and dumped into the bay. As a result of this, there have been almost no provisions sent in here for some time," said the mayor. "It is certain to those on the ground that this city will not regain its normal condition as regards to supplies for many days, and in the meantime some care must be taken that help is given us."

### Lack of Money Hampers Relief.

As a result of a shortage in the appropriation for street cleaning purposes, nearly 1,000 men who had been employed by that department were turned away last night. The board still retains many employees, however, and the work of clearing up is being pushed as rapidly as possible.

### List of Dead.

Santa Rosa, Cal., May 1.—The list of dead and missing here now reaches a total of 77. The last body found was that of Mrs. Augusta S. Rogers, a dressmaker.

## MINERS' STRIKE TIES UP TRAFFIC

### May Day Labor Troubles Along Great Lakes.

## NO BOATS ARE MOVING

### Estimated 10,000 Longshore- men Refused to Report for Work.

Duluth, Minn., May 1.—The great lakes mariners strike was officially inaugurated at the head of the lakes at midnight. All long-shoremen went out but the tug men not being notified are working as usual today.

### Chicago Scene of Strike.

Chicago, May 1.—At midnight all members of the long-shoremen's union of south Chicago, numbering about 3,000 men, quit work in response to a general strike order.

### Tie-Up on Lake Erie.

Cleveland, Ohio, May 1.—Every member of the international long-shoremen, marine and transport workers unions, employed on boats of members of the Lake Carriers Association quit work at midnight and today not a pound of coal or grain is being handled from the port of Cleveland. The same condition exists practically everywhere on Lake Erie. In Cleveland 4,000 men are directly affected, 1,000 of whom are seamen.

## DYNAMITE EXPLOSION.

### Plot to Wreck Home of Assistant Manager of the Cananea Copper Company Successful.

Cananea, Mexico, May 1.—A dynamite explosion undoubtedly the result of a carefully planned and executed plot Saturday night wrecked the home of Harry Kirk, assistant manager of the mining division of the Cananea Consolidated Copper Company, and almost fatally injured Mr. Kirk.

Kirk, who is the brother of James Kirk, vice president and manager of the Cananea Copper Company mining division was alone at his home at the time of the explosion. He was rendered unconscious and several hours later was taken, still senseless, from the demolished ruins of his home. He was taken to the hospital and revived when it was discovered that his injuries were not serious. The general opinion is that the attempt was made by several Mexicans who have just been discharged from the employ of the company, but there is no proof to sustain this theory. Kirk was one of the best liked men in town and the outrage has created considerable excitement.

## REMAINS A MYSTERY.

### Cause of Quarrel Resulting in Fatal Shooting Affray Being Carefully Suppressed.

Deming, N. M., April 30.—The true reason for the quarrel which lead up to the fatal shooting affray resulting in the death of County Superintendent of Schools U. Francis Duff, and the severe injury of Professor Dickey has not yet become known and the few who are familiar with the circumstances of the quarrel say nothing will be known until after the meeting of the grand jury, even should action be taken by that time.

### Friends Constant.

It is not believed the close friends who were in the possession of the secrets of either of the parties to the quarrel will reveal the reasons. While many claim to know the real cause of the hatred existing between the two men, they generally feel that little can be accomplished by making the matter public and therefore refuse to talk. It is believed this afternoon that Professor Dickey will recover.

## CLERKS SUSPENDED.

### Collieries Closing—Causes Office Em- ployees to Take Forced Vacation.

Shamokin, Pa., May 1.—A large number of shippers and clerks were suspended today on the Shamokin division of the Philadelphia & Reading Railroad until the collieries resume work.

## DAMAGE BY TORNADO.

Oxford, Neb., May 1.—Telegraph and telephone wires are down, a number of residences toppled to the street, and many persons are seriously although not fatally injured by a tornado which struck Furnas County last night, doing much damage. The storm arose without notice, the wind sweeping down from an almost clear sky, and causing the greatest excitement.

## LABOR UPRISING THREATENS PARIS

### Fear Riotous Mobs Will Attempt Violence.

## GUARD AMERICAN EMBASSY

### Police Muster All Available Forces to Prevent Trouble —Procession Broken up.

Paris, May 1.—Owing to the excitement at the Place de la Republique where many workmen had gathered, troops were summoned and over a hundred arrests were made. A detachment of troops has just taken a position around the Bank of France.

Several troops of cavalry and a number of infantry regiments have taken the positions assigned to them throughout Paris and in the outskirts of the city, as a precaution against any May day disturbances.

### Battle With Police.

The striking printers attempted to march from their labor headquarters singing revolutionary songs. They attacked the police who intervened and the latter were compelled to draw their revolvers. The procession then was broken up. A police guard has been stationed at the American embassy.

### Mobs Fill Streets.

Paris, May 1.—The Place de la Republique is now a scene of continuous arrests. The number of disorderly persons has already increased by several thousands.

### Cavalry Charges Strikers.

Paris, (Bulletin) 3 p. m., May 1.—A procession of strikers carrying a black flag was charged by the police. A fight followed in which the flag was seized and many arrests made. A squadron of cavalry charged the manifestant's place De la Republique, forcing the rioters towards the St. Martin canal. The dragons then formed a cordon, cutting off all ingress to the square. Fifty additional arrests were made.

### Strikers Meeting.

Paris, May 1.—Six thousand strikers are holding a meeting at the labor exchange this afternoon and more are assembling at the headquarters of the confederation of labor. The military has surrounded the buildings and is awaiting the exit of the strikers. The police charges are continuous on the Boulevard Magenta and trouble is feared tonight.

## PEREMPTORY WRIT OF MANDAMUS DENIED

### In Case of Sandoval vs. Albright In- volving Assessor's Fees From Bernalillo County.

In the matter of the petition for a mandamus to compel Territorial Auditor W. G. Sargent to draw a warrant in the sum of \$1,600 upon the territorial treasury in favor of Jesus M. Sandoval former assessor of Bernalillo County for commissions claimed to be due the said Sandoval as assessor of the county of Bernalillo during the years 1903, and 1904, Judge John R. McFie yesterday declined to grant the peremptory writ prayed for. It will be remembered that Sandoval was elected assessor of the county at the November, 1904, elections, but was thereafter ousted by the board of county commissioners upon the allegation that he was not a resident of Bernalillo, but in reality, a resident of Sandoval County, and other disqualifications to hold the office; that he was succeeded by George F. Albright, who performed the duties of the office for the major part of 1903 and for the entire year 1904. Action was brought by Sandoval to recover the amount above claimed, which is now pending in the Supreme Court of the United States on appeal and in which Albright the de facto assessor has given an appeal and supercedens bond. Attorney N. B. Field for Sandoval, upon hearing the decision of the court declining the peremptory writ of mandamus, made a motion that judgment upon the pleadings be given. This the court also denied and the matter will now go over until the case can be heard on the pleading and then decided. No injury can happen to Sandoval as the supercedens bond already given in another case, but involving the same amount of money, will hold him harmless against loss, should the matter be finally decided in his favor.

## DEATH OF POSTMASTER AT ELIZABETHTOWN.

G. Beebe, postmaster at Elizabethtown, Colfax County, died in his chair last week of heart failure. Beebe had been a resident of Colfax County since 1880 and was a veteran of the Civil War.

## INDIAN APPROPRIATION BILL CONSIDERED

### Senate Discusses Smoot Case but Reaches No Conclusion—Pike's Memorial.

Washington, May 1.—Representative Sherman immediately after the approval of the House Journal asked immediate consent to take the Indian appropriation bill from the speaker's table, non-concur in the Senate amendment and send the bill to conference. Representative Williams facetiously remarked that "a girl in Arizona had been asleep for seven weeks, but on awakening, found to her disgust that the statehood bill had been asleep longer than that and returned to sleep, and therefore he would have to insist on his objection." The bill will now have to be considered by the House.

### Smoot Case Discussed.

Washington, May 1.—The Senate committee on privileges and elections today discussed the case of Senator Smoot, but reached no conclusion. The committee will meet again Friday.

### "To the Land of Sunshine" Appreciated.

Special to the New Mexican. Washington, May 1.—The House committee on territories today passed a unanimous resolution thanking the Bureau of Immigration of New Mexico and its secretary for copies of the book entitled "To the Land of Sunshine," containing information concerning the resources, conditions and industries of the Territory, and expressing its great appreciation of the work.

### New Mexico Pensions.

### Special to the New Mexican.

Washington, May 1.—The President today signed the bill introduced by Delegate Andrews and passed by both Houses of Congress, granting a pension of \$24 per month to John C. Anderson, of New Mexico. Owing to the work of Delegate W. H. Andrews, the following pensions for New Mexico citizens have been allowed by the pension division of the Department of the Interior: Rebecca Clover, of Raton, 38 p. m. month, from January 26, 1906, and accrued pension; Smith H. Simpson, of Taos, \$12 per month from March 23, 1906; Frederick Gilles, of Fort Bayard, \$72 per month from February 6, 1906; Fred Happel, of Fort Bayard, \$30 per month from January 20, 1906; Deselerio Aragon of Puerto de Luna, \$6 per month from March 15, 1906; Earnest F. Witte, of Fort Bayard, \$12 per month from March 21, 1906; Francisco Ortiz y Pacheco, of Santa Rosa, \$12 per month from April 5, 1906.

### Zebulon Pike Honored.

Washington, May 1.—The Senate today passed a bill authorizing the issuance of \$100,000 worth of medallions to be sold in connection with the proposed Pike's Peak memorial exercises to be held at Colorado Springs next September. The proceeds of the sale are to be devoted to the erection of a monument to Captain Zebulon M. Pike, discoverer of the peak bearing his name.

## DONATION TO CITY OF ALBUQUERQUE

### Andrews' Bill to Grant Section of Land for Public Park Reported Favorably.

The bill introduced by Delegate W. H. Andrews, No. 1833 to grant to the city of Albuquerque a section of public land as a public park, has been favorably reported by the proper committee and will likely be enacted into law. The report reads:

The committee on public lands, to whom was referred the bill (H. R. 11957) granting to the town of Albuquerque a section of land for public purposes, having had the same under consideration respectfully recommend the passage in lieu thereof of the accompanying bill, entitled "Granting land to the city of Albuquerque for public purposes," which bill is recommended by the Secretary of the Interior in the accompanying letter to your committee.

The city of Albuquerque has urged upon the committee the passage of a bill to give it more space for public park purposes. It has been the custom and general practice of Congress since 1895, to grant land to cities without price; in fact, as is shown by the letter of the commissioner of the general land office, which is incorporated as a part of this report, land has been given to many of the cities in the western states. The commissioner of the general land office, who drew the text of the accompanying bill, appears to believe that the bill in this form is much more satisfactory than was the bill proposed, and in this view the committee concur.

### OUTLAW KILLED.

Portland, Ore., May 1.—A telegram from a correspondent at New Era states that Outlaw Smith has just been shot dead.

### MINOR LABOR TROUBLES.

Boston, May 1.—May day was marked by numerous minor strikes throughout New England. The majority of the difficulties are confined to building trades, however, and an early settlement is expected.

## SHOOTS HER BABE THEN SUICIDES

### Las Vegas Woman Performs Fear- ful Deed.

## MAKES DELIBERATE PLANS

### Kills Herself and Infant Son After Leaving Pitiful Note Preparations Complete.

Special to the New Mexican.

Las Vegas, N. M., May 1.—Mrs. James A. Grieff, a well known dressmaker of this city was found dead in bed in a pool of blood with a bullet hole in her forehead, beside the body of her four year old son, Freddie, who had also been shot through the head, about 11 o'clock this morning. On the dresser was found a note as follows:

"Don't let anybody look at our corpses. Put us in and shut us up. Grieff."

### Prepares for Deed.

About half past ten o'clock Mrs. Grieff sent Mrs. Sanches, a dressmaker, who had been assisting her, down town after some patterns and told her that if any one wanted her, to say that she did not want to be disturbed under any conditions. When Mrs. Sanches returned to the house she found the doors locked and the blinds pulled down. Fearing that something was wrong she managed to open a bed room window and saw the mother and little boy lying in the bed, both with gaping holes in their foreheads and soaked in blood. The little boy was alive but unconscious and the mother was taking her last breath when they were discovered. The little fellow still lives but there is absolutely no hope for his recovery. No cause can be assigned for the deed except that Mrs. Grieff's father, E. P. Andrews, has been very ill and she feared that he was losing his mind.

## TEACHERS REAPPOINTED

### Same Instructors Will Return Next Term—Sixto Garcia Resigned, Laughlin Elected.

The city board of education met in special session in the office of Judge N. B. Laughlin yesterday afternoon, Thomas B. Catron presiding. The members present were N. B. Laughlin, Charles F. Easley, A. C. Ireland, Jose Segura, Sixto Garcia and James L. Seligman.

The purpose of the meeting was particularly to make appointments of teachers for the coming term and action was taken upon this matter. Professor J. A. Wood was re-elected superintendent, J. R. Williams was re-elected principal of the high school with Miss Laura Simpson assistant and the other teachers were re-elected as follows: First ward, Miss Elizabeth DuVal; second ward, Miss Louisa Schneppe, Miss Amelia Guterman, and Miss Ella Miller; third ward, Miss Matilde Alonso, teacher of Spanish in the high school, Miss Edith Walker, Miss Elizabeth Phelps, Miss Ellen Daniels, Miss Sadie Barney and Mrs. Dora C. Fletcher.

Sixto Garcia tendered his resignation as member of the school board and Judge N. B. Laughlin was elected to fill the vacancy.

There was a slight contention between City Engineer John H. Walker and Corbett & Collins, concerning the manner in which the new cement walks being built on the Fort Marcy Addition, should be laid. Engineer Walker contended that the blocks ought to be laid separately, while the contractors having charge of the work insisted that the walk ought to be laid in one piece and then the blocks could be marked off at equal intervals. It was decided to refer the matter to I. H. Rapp, the Las Vegas architect.

## WATER SYSTEM FOR CARLSBAD

### Citizens Vote to Grant Franchise to Public Utilities Corpora- tion.

Carlsbad, by a vote of 152 to 47, at a special election, decided to grant a franchise to the Public Utilities Company, which will furnish water for domestic and irrigation purposes. The company promises to give the town a fire pressure of 60 pounds to the inch and will take over the present system, remodel it and extend the water mains in every direction. The water is to be obtained from an old well on Greene's Heights. Pumps will be installed at once and stand pipes erected.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## NEW MEXICO TOWERS AWAY ABOVE THEM.

A dispatch from Jefferson City, Missouri, states that the officials of the state penitentiary at that town do not look with favor upon the plan to construct two highways in that state by convict labor. The proposed highways are to run from St. Louis to Kansas City, east and west and from the Iowa to the Arkansas line, north to south. They claim that such work would be impracticable, that the prisoners could not be kept safe, that there would be too many escapes and that the cost to the state would be too great. They are perfectly willing to have the convicts prepare the material for the construction of macadamized roads and send this material by rail to points in the state for the purpose of constructing or repairing of said highways. In their assumption, that the use of convicts on the construction of roads would be impracticable, they are wrong and away behind the times as is the case with Missouri Democratic officials generally. That convicts can be kept at efficient and good construction work on highways has been fully demonstrated by New Mexico during the past two years and is successfully demonstrated today. Although guarded but by a small force, the escapes of convicts up to date have been remarkably few and far between and five out of six who have escaped have been re-captured. The out of door life and exercise has done good, has been beneficial to the convicts engaged in it and has made better and more satisfied men out of them. It may be that the men convicted of crimes in New Mexico and sentenced to terms in the penitentiary are better and not as criminally and viciously inclined as those tried and convicted in Missouri, if so, this is to the credit of the New Mexico convicts as it is to the discredit of the Missouri article. What the struggling Territory of New Mexico can do, the great state of Missouri should be able to do. Recently the plan of working convicts on road construction has been tried in Texas on a small scale and has proven quite successful. The legislature of that state will be asked to consider the matter at an early date and enact a law providing for the employment of convicts to build state roads. The Texas Democrats have more brain and more energy than the Missouri brand. Be that as it may, so far New Mexico towers away above them in the humane and kindly treatment of its convicts and in their betterment and improvement while they are undergoing sentences in the territorial prison. Score another one for the Sunshine Territory.

## CEMENT MAKING IN NEW MEXICO

The re-building of San Francisco brings forcibly to the front the importance of the cement industry. Together with steel, cement is today the principal building material, not only for sky scrapers but also for bridges, all sorts of foundations, for dams and irrigation works. Its consumption amounts to millions of tons annually, but this is only an indication of what it will be in the future. Formerly, most of the cement used in the building industries, was imported from Germany, Belgium and Great Britain but today, fully one-half is manufactured in the United States. In eastern Pennsylvania, tens of thousands of men are employed in cement making and millions of dollars are invested in the industry. Although of recent growth, the manufacture of cement has built a dozen towns in the famous Lehigh Valley and railroads, whose chief tonnage has been coal and steel, now consider the transportation of cement of equal importance. Even in Colorado, the cement industry is at the point of marvelous expansion and here in New Mexico a good beginning has been made by the cement works at Ancho, Lincoln County, and the projected resumption of cement making at Springer, Colfax County, while the artificial stone plants at Roswell, Portales, Alamogordo, Albuquerque and other points, are branches of the same industry. New Mexico has immense beds of shale, lime and natural cement rock that, if utilized, could alone supply the demand for cement in the United States for many years and there can be no doubt that in the not distant future, the making of ce-

ment will employ as many men in New Mexico as at present are employed altogether in all the other manufacturing industries.

## AT ITS OLD GAME.

The Albuquerque Journal, true to its instincts, is making fun of the dry farming experiments at Las Vegas and warns New Mexico farmers against placing any faith in the claims that are being made for the Campbell method of dry culture. As a knocker of New Mexico's interests, the Journal has no superior and as a pessimist and nicker nicker, it is hard to beat. Fortunately, the people are finding out in what class the Journal belongs and its knocks of Santa Fe and Las Vegas only react upon itself and unfortunately, also upon Albuquerque, for by its newspapers a city is judged and owing to the selfishness, the greediness and the untruthfulness of the Journal, the Duke City is isolating itself from the interests of other New Mexico towns and the people. It would pay Albuquerque citizens to buy the outfit that runs the Journal at present, and make a present of it to some respectable journalist. The least that could be done is to have the plant and paper assessed at a fair value and to compel it to contribute its just share of taxation.

## THE INCOME TAX PLAN.

Of course, there are many people even in the Republican party, who did not like that President Roosevelt endorsed the income tax idea and legislation to limit fortunes that have not been honestly earned, but then it is only the few interests that would be vitally affected by such legislation which are making all the noise and they constitute a very, very small proportion of the inhabitants of the United States. Put to a vote today, the income tax idea would score a larger majority than any other measure that might be possibly put before the people. And what are republicans for anyway, except to carry out the wishes and the will of the majority of the people. Here lies much of President Roosevelt's wisdom in that he knows better most of the time than does the United States Senate, or even the House of Representatives, what the people want and what would have their endorsement if they could express that endorsement directly instead of through a maze of legislative procedure.

## ROSWELL ON THE RIGHT ROAD.

Roswell business men will raise a bonus of \$5,000 to secure the location of a \$100,000 pickling factory and preserving works. The factory will employ 150 hands and will pay out \$15,000 a month during the summer. It will handle, if necessary, the entire surplus vegetable and fruit crop of the lower Pecos Valley and will besides, experiment in the raising of sugar cane and the making of syrup. This means that Pecos Valley farmers will have a certain market for all the produce and fruit they can raise and it will stimulate farming to such an extent that every available acre will in a few years add to the agricultural wealth of Chaves County. That this will make Roswell the largest and most prosperous city of New Mexico, if not of the southwest, seems very probable, for the most solid foundation for a large city is a country surrounding it that is a large and steady producer of money making crops.

Outside of a very limited area in the state of Pennsylvania, anthracite coal is not found to any appreciable extent in the United States. The reported discovery of anthracite or semi-anthracite veins near Angus, Lincoln County, and Fruitland, San Juan County, is very important, therefore, from a commercial and industrial standpoint, especially, since the closing of the anthracite mines at Madrid, Santa Fe County. It is anthracite coal that has made eastern Pennsylvania a beehive of industry and the producer of untold wealth, that the presence of hard coal would eventually work the same miracle in New Mexico stands to reason and would be merely another proof that history repeats itself.

The Roswell Daily Record remarks sagely: "Roswell has been twenty years building, but fire might destroy the town in a day, just as fifty years of building in San Francisco has been reduced to ashes in a week." Roswell is a frame town and its protection is not only inadequate but practically non-existing. It is a wonder that the fire underwriters take any risks in Roswell at all. Naturally, the insurance rates are very high and the very best thing that Roswell can do for itself in the immediate future is to provide adequate fire protection and to enforce building ordinances that will limit frame buildings to the suburbs.

Sneers at New Mexico legislatures by Democratic newspapers are cheap but it must not be forgotten that in decorum, wisdom and honesty, New Mexico legislatures are far ahead of similar bodies in New York, Arkansas and Missouri, as recent exposures have shown abundantly. It is not always the legislature consisting of sharp lawyers, well fed and polished capitalists and smooth talkers that legislates well or legislates honestly. If that were the case, the U. S. Senate would not be justly subject to the attacks which the same Democratic papers who have their fling at the New Mexico legislature are endorsing.

Is it not about time that the land grant barons of New Mexico were paying some just taxes?

## TOO TOUGH A JOB.

The McKinley County Republican in a recent issue pays ex-Delegate Bernard Shandon Rodey the following compliment: "Hon. B. S. Rodey has worked hard for joint statehood. He should not be forgotten when Arizona the Great is a reality. The people of New Mexico will do well to see that this gentleman is remembered for his good work at Washington."

Upon this the Douglas International American makes the following comment: "In the light of what New Mexico did for Rodey at the last election and what Arizona would do for him if she had an opportunity, we wonder that any newspaper could regard him as a future political possibility in either territory, or both."

There is an evident difference of opinion right here, which the New Mexican will not undertake to straighten out. It would prove too tough a job.

The completion of the Canon Road to its connection with the Scenic Highway on the Dalton Divide, or rather as a part of this Scenic Highway, will give Santa Fe a drawing card that ought to capture ninety per cent of the tourist travel that passes Lamy on its way to California. All that is needed is judicious advertising of the fact that the Scenic Highway alone is worth a transcontinental trip and that it is only one of the features for sightseers that Santa Fe has to offer.

Trees, lawns and rose bushes and you have a city that it is pleasant to live in and that makes a good impression upon every visitor. Santa Fe has all of these and can easily have more of them and the more trees and lawns and rose bushes it has, the more famous will it become for its beauty and the more agreeable as a place of residence.

With \$150,000 cash offered for a mine at Organ, and \$100,000 paid for another at Hachita, both in one week, it does not look as if the mining industry of New Mexico is languishing or is unimportant. To such a much abused phrase: "The mining industry of New Mexico, although it has added several scores of millions of dollars to the wealth of the country, is merely in its infancy."

The syndicate portrait of President Roosevelt delivering his "muck rake" speech at Norfolk, Virginia, bears a striking resemblance to the familiar pictures of ex-President Grover Cleveland. Fortunately, for the nation, President Roosevelt and ex-President Grover Cleveland have nothing in common unless it be stubbornness and sincerity.

The farmers of the Fruitland section of San Juan County have organized to exterminate the grasshopper. This is rather early in the season but then it takes early rising and concerted effort to get ahead of the grasshopper plague.

There is no question that the tax dodgers and delinquent tax knockers are too numerous in this land of New Mexico. The revenue laws are strong enough were they enforced properly and fairly.

An Iowa orator calls Governor Cummins of that state, "Iowa's matchless executive." The fellow must be after a soft job under the state administration.

John D. Rockefeller of Standard Oil fame gave only \$100,000 to the San Francisco relief fund. Well, that is not as bad as it might be.

Congressman Charles A. Towne, of Tammany Hall, is evidently fond of making "a holy show" of himself. He is certainly succeeding.

## REAL ESTATE BARGAINS.

You can get some bargains in the real estate line right now by calling on the reliable real estate dealers, Hughes & Delgado. Office west side of Plaza.

H. E. No. 4847.

## THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870.  
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.  
LEVI A. HUGHES, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000.

Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

For particulars address **COL. J. W. WILLSON, Supt.**

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

**ANTONIO JOSEPH, Proprietor.**

## AN OPPORTUNITY FOR SMALL INVESTORS.

There is no surer or safer investment than good inside City Property, but it takes money to handle propositions like this, and the man with small capital is barred. Growing new towns, with conditions favorable to permanency afford an opportunity to the small investor to place his savings where his money will earn a handsome profit, equal in proportion to that of his more fortunate brother with larger means. This chance is offered at

# WILLARD

## THE GATEWAY

Which has all the things necessary for the building of a good, substantial town, including water of good quality, abundant in quantity at a depth of 36 feet below the surface, located in and tributary to the finest section of grazing country in the Southwest with agriculture in its infancy; as fine an all around climate as there is in the world, with a pushing, energetic class of citizens and two railroads, one the new A. T. & S. F. Short Line to the Pacific. Willard has made a most phenomenal growth and the price of lots will soon advance. Better come now. The townsite is owned by

### Willard Town and Improvement Company.

JOHN BECKER, Pres. and Gen. Mgr.  
WM. R. BERGER, Secretary.

Call on or address JOHN W. CORBETT, Agent, Estancia, New Mexico. WILBUR A. DONLAVY, Vice Pres.  
LOUIS C. BECKER, Treasurer.

Carl A. Dalles, Manager of The John Becker Co. Stores at Willard, has charge of the sale of lots in the absence of Mr. Corbett.

### SO DECEPTIVE.

Many Santa Fe People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills cure it. Cure every kidney ill from backache to diabetes.

Here's a Santa Fe case to prove it: Eusebio Escudero, of Griffin Street, says: "I cannot exactly say how long it is since I first noticed that I was subject to backache, but it must be nearly 3 years. It never was sufficiently painful to lay me up, but it worried me considerably every now and then. Noticing Doan's Pills advertised to stop backache and other symptoms of kidney complaint, led me to reason if this remedy performed half what it promised, it might at least help and I went to Ireland's pharmacy for a box. It fulfilled its promises to the letter. For the backache stopped."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"I see that the metal bed and spring combine have advanced prices 10 per cent." "These combines are after us, sleeping or walking."

### Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Aunt Priscilla—Now, Tommy, never try to deceive anyone. You wouldn't like to be two-faced, would you? Tommy—Gracious no! One face is enough to wash these cold mornings.

### DISTURBED THE CONGREGATION

The person who disturbed the congregation Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. Ireland's Pharmacy.

"Is this a fast color?" asked the man who wanted three pairs of socks for a quarter. "Sir," replied the salesperson, blankly, "that color is so fast that if it should start to run it would inevitably be arrested for exceeding the speed limit."

"Mary makes good hash, doesn't she?" and she hasn't any receipt, either." "What does she make it out of?" "Out of her own head."

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." Ireland's Pharmacy.

Mr. Cad—No, indeed, I never associate with my inferiors; do you? Miss Peppery—Really, I can't say. I don't think I ever met any of your inferiors."

### SORE NIPPLES.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all druggists.

A man knows when he does wrong. Why throw it up to him?

Pirating Foley's Honey and Tar. Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse and substitute. It is the best remedy for coughs and colds. Ireland's Pharmacy.

## MINES AND MINING.

### Socorro County.

The capacity of the cyanide mill of the Ernestine Mining Company on the Last Chance at Mogollon is to be doubled. The force in the mine as well as at the mill is to be increased as it is the intention of the company to sink a new double compartment shaft to a depth of 1,000 feet.

### Rio Arriba County.

B. M. Blackwell of Tres Piedras, a blacksmith, has taken a position at the mill of the Tulas Peak Gold and Copper Mining Company on the Tulas.

Frank F. Westcott and Fred M. Girard, arrived at Tres Piedras, last week from Lynn, Massachusetts, to take in charge the placer work of the King William Company operating on the Hopewell placers.

A large quantity of new machinery arrived at Tres Piedras this week for the Tulas Peak Gold and Copper Mining Company.

### Grant County.

Another strike of high grade silver ore is reported from Chloride Flat near Silver City. It was made last Saturday on the Rescue mine, under lease by J. W. Fleming, Theodore W. Carter and H. L. Dotson. The assays run into the thousands of dollars per ton and there is a large pocket of the ore. The strike was made in the sixty foot tunnel. About twenty men are at work on the flat and Manuel Taylor continues to take out high grade ore from the Grand Central.

Mining operations are to be resumed on the Middle Gila. A number of locations have been made since the first of the year and development work is being pushed by those interested.

### Dona Ana County.

Two good strikes were made last week on the Stephenson-Bennett mine at Organ. One of the strikes was the cutting of the old Stephenson vein at the 450 foot level. Six feet of ore have been developed thus far on this vein. The other strike was made at the bottom of the new shaft, where a crosscut opened some of the richest ore ever found in the district. It carries lead carbonate and is especially rich in silver. A sixty ton mill is in operation on the mine.

The Franklin group between the Torpedo and Stephenson-Bennett at Organ is to be extensively developed this summer on account of the good showing that is being made by the Stephenson-Bennett.

Johnson and Leshen are opening up high grade silver ore on their property at Organ.

New machinery has been ordered for the Modoc at Organ.

The force on the Morman is to be increased by Manager Rose who has just returned from Kansas City. A mill is in operation on the property.

High grade ore is being opened on the Dona Ana at Organ.

The John Dodge property in Texas Canon has been purchased by Kansas City and Denver people who have let a contract for 400 feet of tunneling.

High grade zinc ore has been struck by the S. M. Company at Organ, F. B. Schermerhorn, manager. A mill is to be erected on the property.

## SAN JUAN

### COUNTY ITEMS

Special to the New Mexican.

Farmington, April 30.—Farmers and fruit men are going around with smiles upon their faces.

See New Mexico—all of it—but see San Juan County first.

Street improvement is the order of the day at Farmington.

Three brick yards were put into operation here this week.

There is no up grade on Prosperity Short Line in San Juan County.

There is a good opening in Farmington for a jeweler.

County Assessor Richard Hendricks is at Farmington making annual assessments.

The La Plata River is carrying more water than at any period in its history at this time of the year.

Alexander Bowman has let a contract to J. F. Wenborne for the erection of a residence on Orchard Street.

R. G. Graf, of the Hunter Mercantile Company, has a cottage about completed for rental purposes at Farmington.

April showers are doing much to hasten the growth of crops. The sheep and cattle ranges are in good condition.

The Farmington Commercial Club and the Aztec Board of Trade are looking into the matter of bridging

the Animas and San Juan Rivers. Bridges are needed and the business interests of the county are endeavoring to secure them.

Money invested in a San Juan County fruit farm will never be spent by a life insurance president for high life abroad.

The Odd Fellows' Lodge held a reunion at Aztec Thursday. Excursion trains from Durango and Farmington carried many people to the reunion.

The large coal deposits near Fruitland are attracting the attention of outside capital. The arrival of a railroad in the coal belt will add materially to the population of the county.

The Eden Canal Company, with headquarters at Aztec, states it will put its project through. The new canal will cover about 20,000 acres of fine land along the Animas River.

It is reported on good authority that the Arizona & Colorado Railroad Company, is buying rights of way through the farms just out of Durango, Colorado.

James T. Fay, recently appointed justice of the peace at Farmington by the county commissioners, received the strongest endorsement ever given to any one seeking the appointment in this manner from that precinct. The citizens who went on his \$500 bond represent about \$150,000.

### How's This?

We Offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDRON, KINS & MAYES, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

"Why, young man," said the stern parent, "you certainly don't think I would be foolish enough to let a penniless youth like you marry my daughter, do you?" "Well, it's up to you," rejoined the poor but nervy youngster. "It's a cinch that no rich young man would marry a girl as homely as she is."

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Doctor—Now, Giles, can you tell me exactly where you feel the pain? Giles—Well, sir, it's a hypercritically sort of pain. I puts me finger on it and it ain't there, an' when I touches where it's gone to, it's in the old place all the time.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at Ireland's Pharmacy.

When you find a man who has a respect for people in public life he is in it.

### STOMACH TROUBLES.

Mrs. Sue Martin, an old and highly respected resident of Palosola, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

Peppery remarks should be taken with a grain of salt.

More News from the New England States

If anyone has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stomps, of Willimantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "Just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. Ireland's Pharmacy.

## PERSONAL MENTION

M. T. Moriarty, of Moriarty, is in Santa Fe on a business visit.

John P. Wilson, a mining man from Thoreau, was in the city today on business.

E. J. Champlin, a traveling man from Denver was in the city today on commercial business.

L. M. Williams, of Willard, was in Santa Fe today attending to personal business matters.

Miss Mollie Keas left this forenoon for Ogden, Utah, in which city she will make her future home.

J. C. Perterman arrived in the city from Estancia last night and today purchased farm supplies.

Gilbert McWhirter, of Las Vegas, was a guest at the Palace today. He came here on business.

R. G. Breckenridge, representing a Monte Vista milling firm, was in the city today on business.

Mr. and Wallace Nutting, tourists from New York, arrived in the city last night, en route to the coast.

S. Lindauer, a traveling man representing a Chicago wholesale firm was in Santa Fe today calling on local dealers.

J. A. Scoles, representing an eastern tobacco firm arrived here from Albuquerque last night, and today called on local dealers.

Frank W. Dudley, traveling out of Howell, Michigan, for a merchant tailoring firm was in Santa Fe on commercial business today.

Attorney Neill B. Field, of Albuquerque, arrived in Santa Fe yesterday, and registered at the Claire. He is in the city on legal business.

Mrs. Joaquin Martinez of Las Vegas returned home this morning after spending a week with her mother and other relatives in this city.

Mrs. Frank Dibert, Miss Diberto Dibert and Scott Dibert left on this morning's train for Eureka, Kansas, where they will spend some time.

F. L. Whilden and wife, tourists, arrived here from Las Vegas, last night. They spent their time in sightseeing, and were favorably impressed with the Capital City.

Miss Rowena de Kuhn, sister of Mrs. H. P. Bardshar, who has been on a visit with her sister for several months returned yesterday to her home at Prescott, Arizona.

Warren Boyer and John Gorman returned yesterday overland to their homes two miles southeast of Moriarty after buying farming implements, seeds and supplies in town.

Ex-Attorney General J. P. Victory will leave this evening for Las Cruces to attend the annual encampment of the Grand Army of the Republic, which meets there tomorrow.

Vernon K. Hurdon, of Duluth, Minnesota, a resident of Sunmount, has accepted the position of bookkeeper for Charles W. Dudrow, succeeding W. E. Griffin, who assumes the position of Territorial game warden.

C. F. Rotterman, manager of the miners' boarding house at Cowles, and who was injured in a dynamite explosion at that place a few days ago, left for home this morning to attend to business matters. He will return to Santa Fe in a few days.

Charles F. Basley left at noon today via the Santa Fe Central for Estancia, where he will be several days in attendance on a land contest case which will be heard in that town before a United States commissioner and which will commence tomorrow.

Mrs. Mary Ghio, and daughter, of St. Louis, who are touring through the west arrived in the city last night. Today they spent their time, visiting as many of the interesting sights as possible. They will leave the city tonight for other points in the south west.

A. E. Perea, clerk in the office of Commissioner of Insurance John H. Sloan, has resigned and will leave tonight for his home at Bernalillo, the county seat of Sandoval County. He is the assessor of that county, having been elected to that position November, 1904.

Captain Smith H. Simpson, of Taos, arrived in the city last night en route to Las Cruces in order to attend the annual encampment of the New Mexico department of the Grand Army of the Republic, which will meet in that town tomorrow. Captain Simpson's daughter accompanies him.

Mrs. A. M. Leeson left at noon today for Estancia, via the Santa Fe Central. She will be in the county seat of Torrance County for several days engaged in taking testimony in the land contest case of Goodin vs. Dibert, involving a homestead entry right in the Estancia Valley.

C. J. Brown, of Socorro, who has been in Winslow, Arizona, for the past two days and there communicated the degrees of the Ancient and Accepted Scottish Rite of Free Masonry from the 4th to the 32d inclusive, upon fifteen candidates, returned to his home this morning. En route he spent the day in Albuquerque.

O. L. Williams of the Estancia Valley, who is the owner of a homestead between Estancia and Willard, is preparing to leave for Chicago in the interests of the valley. He will visit southern Illinois in order to induce immigration to come to that part of New Mexico. He expects to leave Thursday and will be absent a month or six weeks.

The New Mexican aims to please the best element in the community. It is always bright and it is always clean.

## AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humor in Patches  
All Over the Body—Skin Cracked  
and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty  
Days at Cost of \$4.75.

### ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago."

"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would come out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable."

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (signed) W. M. Childester, Hutchinson, Kan., April 20, 1905."

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Cure Torturing Humors."

### FLOOD FROM MELTING SNOW.

May be expected a little later on but it will be nothing in comparison to the flood of people that will be present at the grand dinner to be served at the Bon Ton Hotel and Lunch Counter tomorrow for only 25 cents.

LOST—A stockinette cap last night at the auditorium of the Sisters of Loreto. Finder will please return same to 601 Palace Avenue and oblige Mrs. C. V. Safford.

## MINOR CITY TOPICS

F. C. Warner, an employee of the Santa Fe Central Railway, at Torrance was in the city last night.

A. K. Wallace, a tourist from San Antonio, Texas, arrived in the city last night and spent the day sightseeing.

John Meyers came here from Albuquerque last night, and has been employed on the N. B. Laughlin building.

C. W. Dudrow, the lumber dealer, is suffering severely with rheumatism. He was removed to the Sanitarium today.

E. R. Stewart, member of the mounted police force, returned last night from Aztec where he had been on official business.

E. J. Jackson who is employed by the Santa Fe Central Railway Company, at Estancia, arrived in the city last night, and returned home this morning.

The following marriage license was issued by Probate Clerk Marcos Castillo yesterday: Juan Anaya, 22 years of age, and Dionicia Roybal, 19 years of age, both of Lamy.

The Carl A. Bishop Company today joins the list of New Mexican advertisers. This firm does a general insurance business and investment business receives careful attention.

The 115 trees ordered by the school board some time ago for the beautifying of the school grounds, arrived here from the Illinois nursery this morning. They will be set out at once.

M. C. Miller has purchased of Amanda Boardman, of San Antonio, Texas,

the residence on Garfield Avenue now occupied by F. P. Sturges. Mr. and Mrs. Miller will be at home to their friends at this place June 1.

The Military Ball to be given by Company F, First Regiment of Infantry, New Mexico National Guard, at the Palace Hotel on Friday evening promises to be a pleasant social event. Tickets are now being sold at Fischer's drug store.

The delegates to the Episcopal convocation to be held at Carlsbad on May 10, from the Church of the Holy Faith in this city, are Hon. L. B. Prince, warden; F. C. Dezendorf and Walter M. Taber, elected by the members of the church.

The valuable team of bay mares which escaped from the corral of C. O. Carlson last Thursday night has been recovered by Mounted Policeman E. R. Stewart who succeeded in tracing the animals from here to a point southeast of Lamy. The animals were brought back today.

Attracted by the assurances of the fine business prospects offered throughout New Mexico, many insurance societies who have never transacted business here before are now anxious to enter the field. At the office of the insurance commissioner in the Capitol building inquiries as to insurance conditions are received daily.

Jap Clark, who is being held at the penitentiary in this city for safe keeping on the charge of murder, learned of the death of his father at Alamo, Texas, this morning. A telegram containing the information was sent to his attorneys, Renahan and Thompson, and they immediately notified Clark. A little over a year ago it is charged that Clark shot and

# DR. PRICE'S CREAM BAKING POWDER

PRICE BAKING POWDER CO., CHICAGO.

killed James L. Chase in Torrance County. He was arrested and brought to this city and is being held here until the next term of court for Torrance County.

The assessment work is now progressing rapidly, and Deputy Assessor Judge A. L. Morrison now estimates that about four-fifths of the entire B. of tax schedules have already been filed. In the city of Santa Fe, 717 schedules have been filed from their respective precincts, as follows: Precinct 3, 200; precinct 4, 205; precinct 17, 169; precinct 18, 143.

Joe E. Napier, recently appointed cattle inspector, vice Walter O'Brien, resigned, was in the city on official business today. Mr. Napier has his headquarters at Las Vegas and will visit Santa Fe regularly, this city being his district. Mr. Napier says the cattle are in splendid shape for this time of the year and expects to see a large number of good cattle shipped out of the Territory this season.

Fair and warmer is the pleasing prospect held out by the weather man for the coming 24 hours and the truth of his prognostications is sincerely hoped for by nearly all. Much warmer weather is due to arrive in the western portion tonight, while by tomorrow a warm wave should cover the entire Territory. The minimum yesterday was 32 degrees at 5 o'clock a. m., the thermometer then rising to 54 degrees at 5:10 p. m. The mean relative humidity was 36 per cent.

J. L. Fitzgerald, who was arrested several days ago on the charge of using threatening language while armed with a deadly weapon, was discharged by Justice of the Peace Jose Maria Garcia, yesterday afternoon on account of lack of evidence. It was alleged that Fitzgerald while carrying a knife in his hand approached Augustin Maestas on San Francisco Street and acted in a threatening manner. Fitzgerald, who is a telegraph operator, left today for Estancia and will secure employment there.

By a decision rendered by Judge McFie on April 11, in the case of Insurance Commission J. H. Sloan vs. Auditor William G. Sargent, that there is no appropriation to pay the salary of a clerk in the office of the commissioner of insurance of the Territory, the clerical duties of that office will henceforth be performed by Commissioner Sloan. A. C. Peres, formerly clerk in that department has resigned his position as clerk and will leave tonight for Bernalillo to assume the duties of assessor of Sandoval County, to which office he was elected in 1904.

The Archaeological Society of New Mexico, which will hold a meeting this evening at the court house at 7:30 o'clock for the purpose of considering the construction of roads and trails to the Pajarito Cliff Dwellers' Park in southern Rio Arriba County, about 20 miles north of this city, requests that all citizens who are interested in archaeological subjects and the building up of the society, attend. It is intended to make the meeting of the society a mass meeting of citizens in order that more importance be given to the movement, as this is deemed necessary in order to make the project a success. Professor Hewitt will lecture on archaeology, the importance of the Pajarito Cliff Dwellers' Park, the many historical and archaeological treasures there and the benefits science generally and this city particularly will derive from the construction of good roads and trails to the park and for the travel that will be of very necessity attached to it and which must pass through this city. Hence the society makes the above request and hopes that citizens generally will attend the meeting, take part in its deliberations and that all who can make it convenient will join the society.

You can secure any form of legal blank at the New Mexican Printing Company's office.

## FINE TRIP TO PAJARITO PARK

Party of Archaeological Explorers Returned Home—Prof. Hewitt Will Lecture This Evening.

Professor Edgar L. Hewitt, Frank Dibert, assistant treasurer of the Santa Fe Central Railway; A. B. Craycroft, photographer; Dr. W. E. Garrison, president of Butler College, Indianapolis, Indiana; H. H. Harris, forest ranger on the Jemez Forest Reserve, and H. B. Borman, of Washington, D. C., who have been on a trip through the Pajarito cliff dwellings in southern Rio Arriba County, returned last Saturday night. They were absent five days and reported a very pleasant and successful time. They accomplished what they went for and will lay the results of their investigations and observations before tonight's meeting of the Archaeological Society of New Mexico. The trip was most pleasant and instructive and every member of the party is very glad indeed to have participated in it. From a scientific standpoint, results were very satisfactory; the weather was all that could be desired, not too cool, not too warm. The party was plentifully supplied with necessary camping equipment, food stuffs and cooking utensils and lacked for nothing that could have made the trip comfortable and interesting.

At the meeting of the Archaeological Society tomorrow evening at the court house, Professor Hewitt at 7:30 o'clock will state what he believes the government will do in the matter of road building and making the cliff dwellings accessible to scientists, tourists, travelers and all others interested in beautiful natural scenery and archaeological and historical monuments of the past.

The party was accompanied by several Santa Clara and Hidesonso Pueblo Indians with ponies and pack burros. The Indians were also much interested in the work of the party and were of all possible help. Juan B. Gonzales, of Hidesonso, and Santiago Narango, of Santa Clara, were especially of service. They are both intelligent, speak English and proved themselves first class guides and looked after the wants of the party, especially in the cooking line, in first-class shape.

"A MEXICAN HOT" Can always be obtained at the Old Bon Ton. Here they are: Chile con Carne, Posole, Enchiladas, Menudo, Chile verde and any other Mexican or Spanish dish ever heard of. One trial will convince you that they know their businesses.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form, but will give a discount on quantities.

## WEEKLY WEATHER BULLETIN

Climatological Service U. S. Weather Bureau, New Mexico Section.

Local Office, United States Weather Bureau.

Santa Fe, New Mexico.

For the week ending April 30th, 1906.

The weather during the last week was mostly clear, warm and dry over the greater part of the Territory, although along the northern border light showers occurred at its beginning and close. These were greatest in north-east Union County, where the amount reported was 0.30 inch. In the southern half of the Territory no precipitation occurred, except a mere sprinkle in the lower Pecos Valley on the morning of the 28th. Northern counties have generally been favored throughout the month, the precipitation at Santa Fe amounting to more than twice the normal, being the greatest amount that has been measured in April during a period of 34 years.

Temperature conditions were generally favorable, somewhat above normal, as a rule, and frosts only occurred in the northern counties and a few of the higher districts of the central part of the Territory. A slight decrease in the flow of most of the northern rivers is reported, due to cool nights and light precipitation at the headwaters of these streams.

The following notes are from the reports of correspondents:

Albert—H. M. Hanson—Clear weather prevailed throughout the week, but it was rather windy; temperature was moderate to warm; the highest was 82 degrees, lowest 42 degrees; no rainfall.

Albuquerque—Pitt Ross—The last week was somewhat cooler, with much wind; temperature fell to 36 degrees on the 25th with frost, and to 32 degrees on the 27th with sharp frost, causing some damage. Although windy there was little dust owing to the heavy rain of the previous week, 3.40 inch being measured the night of the 18th.

Artesia—Will Benson—Fine weather prevailed throughout the week; no rainfall and the sunshine was practically continuous. The highest temperature was 84 degrees, lowest 42 degrees.

Bloomfield—W. A. Ballinger—We have had a windy, disagreeable week; slight frost on the morning of the 25th. The San Juan River is lower on account of storms in the mountains; soil is quite wet. The highest temperature of the week was 81 degrees, lowest 34 degrees; precipitation 0.07 inch.

Carlsbad—Gerard H. Matthes—The week has been one of fair weather, except for one cloudy day; no rain occurred; the highest temperature was 89 degrees, lowest 43 degrees; weekly average 65 degrees.

Casa Salazar—Isidora Mora—The last week we had rather warm days and cool nights; no precipitation occurred.

Chama—Geo. Huth—The days were mostly clear; the highest temperature was 69 degrees, lowest 20 degrees; precipitation 0.01 inch.

Cloudcroft—Jack Hollister—We had a slight rain at the close of the previous week, since then the days have been clear and warm. The highest temperature was 63 degrees, lowest 25 degrees.

Datil—Fred Baldwin—Two light showers occurred at the close of the previous week amounting to 0.11 inch precipitation; temperatures at night continue low.

Deming—C. B. Bosworth—Clear weather prevails, with plenty of wind;

the highest temperature was 85 degrees, lowest 36 degrees.

Durango, Colo.—U. S. Weather Bureau—The precipitation of the week amounted to 0.20 inch, the highest temperature was 71 degrees, lowest 27 degrees, weekly average 46 degrees.

El Paso, Texas—U. S. Weather Bureau—No precipitation occurred during the week; the highest temperature was 87 degrees, lowest 50 degrees; average about a degree a day above the normal. High west winds occurred on the 24th.

Engle—W. J. May—Clear, dry weather prevailed throughout the week, with a heavy sand storm Saturday. The highest temperature was 74 degrees, lowest 37 degrees.

Espanola—Frank D. McBride—Some cloudiness prevailed during the week, with rather low night temperatures. A trace of rain occurred the 28th; the highest temperature was 75 degrees, lowest 30 degrees.

Estancia—P. A. Speckman—Good heavy rains occurred the previous week, amounting to 0.97 inch; the weather conditions are very favorable.

Paywood—T. C. McDermott—The weather continues dry and warm, with slight wind; the highest temperature was 70 degrees, lowest 43 degrees; sunshine fully 90 per cent.

Folsom—Jackson Tabor—The thunderstorms of the previous week gave 1.16 inch precipitation; weather conditions are highly favorable.

Fort Bayard—Major A. H. Bushnell—Another clear, dry week, with sunshine practically continuous; the highest temperature was 79 degrees, lowest 36 degrees.

Fort Wingate—Capt. Edw. P. Rockhill—Clear, dry weather prevails, the sunshine averaging about 80 per cent. The highest temperature was 72 degrees, lowest 27 degrees; no precipitation.

Glen—Mary Cooley—A good rain occurred at the close of the previous week, since which skies have been mostly clear and days warm; the highest temperature was 78 degrees, lowest 38 degrees.

Hope—N. L. Johnson—The close of the previous week was cloudy and rainy, with 0.53 inch precipitation.

Lake Valley—Wm. P. Kell—Some clouds occurred during the last week; nights are cool and spring is very late.

Las Vegas—Wm. Curtiss Bailey—The sunshine of the week averaged fully 94 per cent; the highest temperature was 73 degrees, lowest 31 degrees, and no precipitation; high wind occurred on the 24th.

Los Lunas—Chas. F. Jones—High winds occurred on the 24th and 26th; light frost on the 27th, but no damage. The Rio Grande River is rising.

Logan—W. L. Besse—We had 2.00 inches of rainfall on the 19th and conditions are very favorable.

Los Alamos—W. N. Frank, Jr.—No rain occurred during the week and sunshine was almost continuous.

Manuelito—W. A. L. Farr—The first four days of the last week were warm and pleasant; Thursday night, however, it became cold and we had a heavy freeze. Friday and Saturday, a high, cold, west wind prevailed, apparently indicating approaching rain or snow.

Magdalena—Oscar Redemon—We had two bad dust storms during the week, also some frost. The sunshine was abundant, averaging about 75 per cent; the highest temperature was 89 degrees, lowest 29 degrees.

Monument—Jas. M. Cook—A good heavy rain occurred at the close of the previous week; temperature conditions are favorable.

Nara Visa—Willard Belknap—This week has been clear and fine, no rain fall but the soil is in excellent condition from the rains of the previous week. The highest temperature was 83 degrees, lowest 38 degrees.

Pueblo, Colo.—U. S. Weather Bureau—The highest temperature of the week was 81 degrees, lowest 31 degrees; precipitation 0.62 inch.

Raton—E. J. Eckman—A light shower occurred Saturday, giving 0.65 inch precipitation; the highest temperature was 75 degrees, lowest 45 degrees.

Rincon—W. A. Foote—No precipitation during the week; the highest temperature was 87 degrees, lowest 36 degrees; sunshine very large. High winds occurred on the 24th and 26th.

Rosa—B. A. Candelaria—The weather has been rather cold, with some high wind from the southwest.

Rosedale—W. H. Martin—Killing frost occurred on the 27th, the highest temperature of the week was 73 degrees; sunshine about 90 per cent; no precipitation.

Roswell—U. S. Weather Bureau—Clear and pleasant weather prevails, with westerly winds; the highest temperature was 84 degrees, lowest 43 degrees; precipitation a trace.

San Rafael—Chas. M. Grover—The highest temperature of the last week was 76 degrees, lowest 31 degrees; no precipitation and sunshine was almost continuous.

Valley—Mary Smith—This week has been clear with considerable wind. Rain and sleet occurred the night of the 26th, amounting to 0.30 inch; the 27th was cool and windy.

Watrous—M. C. Needham—A dry cool week prevailed; the highest temperature was 66 degrees, lowest 25 degrees (Saturday morning); no precipitation.

Weed—John D. Bunting—The previous week was damp and cloudy; some rain occurred.

White Oaks—Robt. H. Taylor—No precipitation occurred during the week; it was rather windy and the nights continue cold, but without frost.

CHARLES E. LINNEY,  
Section Director.

# The BEST of all Liniments In Use For Over 60 Years

## MEXICAN MUSTANG LINIMENT

IT IS A QUICK HEALER WHEN APPLIED TO CUTS AND ALL OPEN WOUNDS. For DEEP SEATED PAINS APPLY THIS LINIMENT FREELY AND RUB HARD.

# The LINIMENT of our Forefathers.

Advertise your business. It will pay.

# COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, size 25x140 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; Commercial Club; a population of 1,500 people; several large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, restaurants, etc., Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

## The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.  
WM. M. BERGER, Secretary.

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc., etc., also a first class, modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage security, for one year, with 8 per cent. interest thereon.

Apply at once for map and prices, if you wish to secure the choicest lots, to

(Small Holding Claim No. 3281.)

### Notice for Publication.

Department of the Interior, United States Land Office, Santa Fe, N. M., April 12, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17, of the act of March 3, 1891, (26 Stats. 854), as amended by act of February 21, 1893 (27 Stats. 470), and that said proof will be made before the register or receiver at Santa Fe, N. M., on the 24th day of May, 1906, viz:

Dionela Trujillo de Lopez, widow of Albino Lopez, deceased, for the S2 NE4, S2 NW4, sec. 23, T 23 N, R 9 E. He names the following witnesses, to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Ramon Duran, Felipe Herrera, Juan Alencio, Juan de J. Griego, all of Embudo, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

**PROPOSALS FOR BEEF CORN, GRO** series, etc.—Department of the Interior, Office of Indian Affairs, Washington, D. C. March 28, 1906. Sealed proposals, plainly marked on the outside of the envelope: "Proposal for beef, corn," etc., as the case may be, and addressed to the "Commissioner of Indian Affairs, Washington, D. C." will be received at the Indian Office until 2 o'clock p. m. of Tuesday, May 8, 1906, and then opened for furnishing the Indian service with rolled barley, beef, corn, salt, coffee, sugar, tea, soap, baking powder, and other groceries. Bids must be made out on Government blanks. Schedules giving all necessary information for bidders will be furnished on application to the Indian Office, Washington, D. C.; the U. S. Indian Warehouses at New York City, Chicago, Ill., St. Louis, Mo., Omaha, Nebr., and San Francisco, Cal.; the Commissary of Subsistence, U. S. A., at Cheyenne, Wyo.; the Quartermaster, U. S. A., at Seattle, Wash.; and the postmasters at Tucson, Portland, Spokane, and Tacoma. The Department reserves the right to reject any and all bids, or any part of any bid. F. E. LEUPP, Commissioner.

### PLACE YOUR PROPERTY.

Why is it that the firm of Hughes & Delgado are making a success of the real estate business? It is because this firm is reliable and any property placed in their hands will be looked after in a businesslike manner. Office west of Plaza.

G. LUPE HERRERA, Proprietor.  
SANTA FE, NEW MEXICO.

## ARIZONA NEWS NOTES

The official survey of the Westropo lode mining claim in the old hat mining district of Pinal County has been approved by the surveyor-general.

Mayor Adamson of Douglas, wired the relief committee at San Francisco the sum of \$2,400 which had been raised by public subscription in that city.

Three United States prisoners have drawn tickets to Yuma prison at Phoenix, while six others will spend some time in jail. They were convicted on the charges of selling liquor to Indians.

The Arizona Smelting Company has been requested to put in a sampler at Kelvin and it is probable they will do so, an official of the company having practically given assurance that such action would be taken.

The last carload of machinery for the ice plant at Kelvin has arrived. It is strictly modern, and the new plant will be an excellent one. The building for the new plant has been nearly completed, and the making of the ice will begin within a month.

Rev. H. M. Campbell has been installed as pastor of the Presbyterian Church at Phoenix. Mr. Campbell has been in Pueblo for some time for the benefit of his wife's health, but he has decided that the Phoenix climate will be still more beneficial.

At the Iron Cap mine three shifts are employed sinking the shaft which has reached 200 feet. Some water is coming in but is being easily handled by a small pump recently installed. Sinking will be continued until a depth of 400 feet is reached before levels are run.

O. M. Ross, formerly with the rigging gang at the Copper Queen smelter at Douglas has tendered his resignation and will take a situation with Foreman Clark at the C. & A. Mr. Ross contemplates a trip to Chicago and other eastern points before entering upon his new position.

The Phoenix & Eastern is building a very substantial bridge across the Gila River at Ripsey wash, three miles below Kelvin. The piers on either side are of heavy masonry resting on bed rock eighty feet beneath the river. The main span of the bridge is 360 feet long, and the structure will cost \$85,000.

That Tucson's relief fund is appreciated by the California sufferers and especially by the stricken cities, is shown by a telegram received by the Arizona National Bank from Governor George C. Pardee of California. The telegram is as follows: "Our heartfelt thanks to your people for the \$4,000. No present great distress or disturbance and no sickness here. George C. Pardee, Governor."

A recent cave-in of ore bins at Helvetia did considerable damage to the smelter. When the ground on which the bins stood gave way, the ore crushed against the smelter, turning it over. The loss is estimated at about \$5,000. C. T. Roberts, a well known mining man who happened to be riding past at the time also had a very narrow escape from serious injury. His ability to ride and control his horse was all that saved him from being thrown and perhaps fatally injured.

### ANNUAL MEETING.

Benevolent and Protective Order of Elks, Denver, Colorado, July 16-21.

For the above occasion, the Santa Fe will sell tickets to Denver and return at the rate of one fare \$16.90, for the round trip. Dates of sale July 13th, 14th and 15th. Good for return

passage until August 26th. Low rates from all points on the Santa Fe to Denver.  
H. S. LUTZ, Agent.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. Ireland's Pharmacy.

Parents will say their children are bad, but won't stand it from others. What a man loses on the races he often charges to running expenses.

### EXCURSION TO "MY OLD KENTUCKY HOME."

On June 11th, 12th and 13th the Santa Fe will sell tickets to Louisville, Kentucky, at one fare for the round trip. The rate will be \$46.10 from Santa Fe. Return limit June 25th. Ticket can be extended to 30 days from date of sale if desired. The above rates are made on account of "Home Coming Week for Kentuckians." For particulars call on agents of the Santa Fe.  
H. S. LUTZ, Agent, Santa Fe, N. M.

Grocery Telephone No. 4. Meat Market Telephone No. 49.

**STRAWBERRIES.**  
We are now receiving fresh California strawberries daily. They are the dark red strawberries and of very good quality.

**FRESH VEGETABLES.**  
The people appreciate our efforts to give them fresh vegetables in the best condition. Our mist machine is a decided success. Now have young onions, head and hot house lettuce, rhubarb, asparagus, radishes, spinach, parsley, etc. Try us, and see how much we have improved this department.

**CREAM.**  
We find that sales of canned cream increase during the warm weather. We have a number of the leading brands.

20 oz. cans Carnation 12 1/2c, doz. \$1.35  
20 oz. cans Columbine 10c, doz. \$1.10  
16 oz. Rocky Mountain 5c, doz. 55c  
5 oz. cans Pet. 5c, doz. 60c.

Other brands at reasonable prices.

**CANNED PEAS.**  
Our success with Sunburst brand peas this year has been very gratifying.

2 lb. cans Extra Sifted 15c, doz. \$1.60  
2 lb. cans Early June, can 12 1/2c, doz. \$1.35  
2 lb. cans Marrowfat, can 12 1/2c, doz. \$1.25.

**FANCY MARK JAVA.**  
It is the finest flavored coffee grown on the island. Packed by Chase and Sanborn in one pound grey packages or in bulk. Per pound 40c.

CHEESE.

Our stock of October made double cream New York cheese is still holding out. October made cheese is generally conceded to be the best. Per pound 25c. Now in stock. Imported and domestic Swiss cheese, Limburger, Edam, Pineapple, Bayle's Potted cheese and brick cheese. Best Wisconsin cream cheese 20c.

FANCY TEAS.

We sell some excellent lines of tea at seventy and seventy-five cents per pound. These include Tree Brand, Chase and Sanborn's and Lipton's. In addition to these we offer Light of Asia, India and Ceylon at \$1 per pound, and we have only just added Chase and Sanborn's line of fancy teas. These are packed in sealed canisters, one-fourth pound each, and sell for 35c per canister. There are three kinds; the India-Ceylon, and the English breakfast are especially adapted for serving at afternoon teas with lemon. The Oolong is a selection of the youngest and finest leaves from the best gardens in the island of Formosa and we offer it to those who appreciate the delicate flavor of that delightful beverage.

PIPES.

Our line of pipes and smokers' articles is constantly being improved and enlarged. We can sell a very good pipe for 15c, genuine briar. We have them for 2 1/2c up to \$7. Also a line of bits, cleaners, pouches, etc.

BIG BENEFIT ENTERTAINMENT

Splendid Program Given to Secure Funds for San Francisco Sufferers.

Fraught with laughable minstrelries, excellent vocal and instrumental music, pantomimes, and other features, the entertainment given last night by the Citizens' Relief Committee, at auditorium of the Sisters of Loretto, for the benefit of the San Francisco sufferers, was by far the best attraction seen here this season. In spite of the short time in which those who took part had to rehearse, the affair passed off in splendid shape and the unanimous decision of all who attended was that the entertainment committee could not have done better in selecting the talent. Morrison's orchestra opened the program and at intervals played appropriate selections. As entertainers, the Elks' minstrels added to their popularity last night. Their songs were appropriate, well selected, their jokes were new, their local bits were amusing and yet contained nothing at which offense could be taken. Frank Owen and Norman L. King acted as end men, and they succeeded in keeping the audience in a continual uproar.

The make up of Mr. Owen, which was that of a typical black faced minstrel, was in itself enough to cause many a laugh. The most noticeable parts of his costume were a "diamond ring," the size of an ordinary potato, a huge red neck tie, covering the greater part of his anatomy, and a big trace chain, which covered the remainder of his vest, and served for a watch chain. In his song "Everybody Works But Father," he brought down the house and was repeatedly encored. Norman King, who sang and told jokes, had a make-up equally ludicrous and shared in the applause.

Jose D. Sena, who possesses a rich tenor voice, sang two Spanish songs and at their conclusion the audience showed its appreciation by long and hearty applause. The others, who took part in the minstrel were O. C. Watson, Clarence Pierce, Carl A. Bishop, F. R. Stevenson, Frank Crandall, A. J. Fischer, C. W. Fairfield, and Thomas P. Gable, the last acting as middle man.

A pretty feature of the entertainment was the Grecian posing by the young ladies of Loretto Academy. With the assistance of calcium lights, several beautiful effects were created. Miss Bertha L. Jaedicke played a piano solo and A. R. McCord sang two bass solos. The selections were well received and both showed themselves musicians of ability.

One of the prettiest features was "Babes in Toyland" under the direction of Miss Emily Walter. The solo part was sung by Miss Walter as Miss Susanna Cotton, a colored "mammy" and in the chorus she was assisted by the Misses May Bergere, Genevieve Morrison, Anita Baca, Frances Hinojos, Ramona Baca and Hope Wiley, who were dressed as pickaninies.

Fred A. Young played a clarinet solo, Miss Libbie Taylor gave a selection on the violin and Mrs. Alan R. McCord sang two soprano solos. The selections were well rendered and much appreciated.

As clever a bit of amateur acting as has ever been seen on the local stage was the cake walk and clogs given by Edward Ehle and five pickaninies. The girls in this cast had been well drilled and did their part splendidly. Mr. Ehle and his pickaninies were forced to respond to four encores. In one he appeared with Dolores Bergere as a tiny pickaninny, which was one of the most delightful features of the evening.

The program was concluded by Charles E. Phipps and Mary Pefley Phipps, vaudeville artists, who introduced clever musical features.

Good Work By Committee.

Much of the credit for the success of the entertainment belongs to Edward Ehle, a popular young man in Santa Fe, who from the start has taken an active part in the work of making the affair a success. Mr. Ehle is not only an entertainer of ability himself, but he has the knack of teaching others. The rehearsals of the Elks' minstrels were all under his direction, the Babes in Toyland, so cleverly carried out by Miss Emily Walker and the six little girls was also the result of his efforts, and the feature in which he himself appeared was one of the best on the program. He has had a great deal of experience in theatrical work and in the benefit entertainment did himself justice.

The entertainment netted the relief committee \$287.50, the seating capacity of the house being taxed to its limit. Tickets were disposed of by the following young women: Miss E. Manderfield 55; Miss N. Otero 50; Mrs. J. W. Reynolds 47; Miss L. Taylor 38; Miss Alena Ortiz 28; Mrs. A. J. Fischer 25; Mrs. C. J. Crandall 20; Mrs. James Seligman 20; Miss H. D. Dier 12; Miss Mary Morrison 12; Mrs. W. H. Kerr, 7.

OFFICIAL MATTERS.

**Appointment of Game Warden.**  
As previously announced, Governor Hagerman this forenoon made the formal and official appointment of William E. Griffin of this city to be territorial fish and game warden, vice Page B. Otero, who has held the position since its creation. Mr. Griffin qualified this forenoon, received his commission and has entered upon the discharge of the duties of the office.

**Postoffice Needed at McIntosh.**  
Petitions are being circulated petitioning the postmaster general to establish a postoffice at the new town and railway station of McIntosh on the Santa Fe Central Railway about 65 miles south of this city. The public land in the vicinity of the town has been entered by homestead settlers for a radius of a half dozen miles and the necessity for a postoffice at that point is absolute and immediate. About 1,000 people will receive their mail there. As soon as the petition is signed, it will be forwarded to Delegate W. H. Andrews in Washington with the request to present it to the postmaster general and have favorable and speedy action taken thereon.

**THE TALLMADGE INDICTMENTS**  
Grand Jury at Roswell Finds Four New Ones Charging Violation of U. S. Land Law.  
Latest advices from Roswell are to the effect that the three Tallmadge brothers and their co-defendants, in whose cases pleas of abatement on certain counts of the indictments against them were sustained in the United States Court of the Fifth Judicial District now sitting in Roswell, have been re-indicted on four indictments in which the same offenses as in the first indictments are charged. These are for perjury, subornation of perjury and conspiracy to defraud the government out of the title and use of public lands in certain desert land entries made in the Roswell Land District and in which the Tallmadges are interested. The government officials are of the opinion that the fact that the second grand jury found a second batch of indictments proves that the government has a good case against the defendants. That there will be another hard fight in these proceedings is certain.

GRAND ARMY ENCAMPMENT

Members of the Local Post to Attend Meeting in Las Cruces—Fine Program.

Department Commander Jacob Weltmer will leave tonight for Las Cruces to attend the twenty-third annual encampment of the Department of New Mexico, Grand Army of the Republic, to be held in that city May 2 and 3. Mr. Weltmer will be accompanied by Judge John R. McFie, past department commander; Candelario Martinez, John C. Hull, Jose Maria Garcia, and several other members of Carlton Post, No. 1.

General James Tanner, commander-in-chief of the Grand Army of the Republic, and his staff will be present and a fine program has been arranged. It is expected that there will be a large attendance and everything is being done to make the encampment successful. All elected department officers will make reports for the last year regarding the work that has been done in their respective departments. The commander of Phil Sheridan Post No. 17 will appoint an officer of the day and an officer of the guard to serve during the sessions of the encampment.

EARTHQUAKE SHOCKS ARIZONA

Six Buildings at Ehrenburg Thrown to the Ground by Tremor that Does Much Damage.

A severe earthquake shock was felt Saturday morning at Quartzite, near Prescott, Arizona, according to a special from that place. The buildings received so severe a shaking that some of them were almost torn from their foundations. At Ehrenburg, in the same vicinity, the tremors were of even greater severity, and six buildings were thrown to the ground. Considerable damage was done to property along the river banks.

MEMORIAL CHAPEL FOR MILITARY INSTITUTE

Generous Bequest of the Late Mrs. Mabel D. Lea of Dallas, Texas.

By her will, Mrs. Mabel D. Lea, widow of the late Joseph C. Lea, has bequeathed to the New Mexico Military Institute, at Roswell, all the property of the estate at Roswell for the purpose of building a memorial chapel to be known as the Joseph D. Lea chapel. Mrs. Lea died at Dallas, Texas, a short time ago. Her husband had been one of the pioneers of the lower Pecos Valley.

INJURED BY FLYWHEEL.

An Elizabethtown Mining Man Painfully and Dangerously Hurt While at Work.

W. P. McIntyre of Elizabethtown, was badly hurt last week while at work in the Deep Tunnel mine. His left ankle was crushed by the flywheel of the gasoline engine so that the splintered bones protruded from the flesh. He was also injured internally but may recover.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on cardboard and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately, as the new law went into effect on April 1, 1905.

Citizens are availing themselves of the opportunity of securing rubber stamps at reasonable rates and are responding to the New Mexican Printing Company's advertisement rapidly.
