NORMAL INSTITUTES ARE ADVANCING

In Gratifying Manner Says Superintendent Hadley

INSPECTION TOUR 800 MILES

Includes Trip to College of Agriculture--Some Valuable Suggestions.

Professor Hiram Hadley, superintendent of public instruction, who recently returned from an official visit to several teachers' institutes in the counties of the Territory, was greatly pleased with the work being done there. However, he found a number of suggestions and in several talks to the teachers gave them some good advice. In speaking of his trip to a New Mexican reporter, Professor Hadley said:

"This is the season for holding teachers' institutes, and I try to look in upon as many of them as I can; but in this Territory of interminable distances, I find it a great task to meet with many of them.

"During my last trip I traveled over 800 miles and visited the institute of Sandoval County, the joint institute of Socorro and Sierra Counties, and the institute of Lincoln County held at White Oaks. I also attended a meeting of the regents of the College of Agriculture and Mechanic Arts. Teachers' institutes have come to be an essential factor in the school systems of all states. They are the schools in which teachers are trained for their duties for the coming year. The attendance of the teachers is required by law. All good teachers are anxious to attend and become better prepared for their work. Many so-called teachers attempt to dodge them, and it is a safe rule in selecting a teacher to pass the doggers by and let them remain at home. Such do not possess the spirit of the teacher, and are dear at any price.

Noticed Many Gratifying Improvements.

"I am greatly gratified at the evident improvement in the character of the institutes this year. I have never seen a better index of the enterprise and intelligence of a county than the institute, and from the institute it does not take one of experience very long to correctly estimate the county in these respects. There is a large margin of difference in institutes, but I do not want to risk my personal safety by being too specific in my statements as to where to find the best and where the poorest. I will, however, venture to point out some of the characteristic differences. Here is one institute held for the purpose of complying with the law. The fewest number of days is consumed in its session, and each day is made as short as possible; the tasks assigned are such that little interest is aroused in anything attempted. The instruction is in the form of lectures, that receive little or no response from the listless attenders. Another class of institutes has for conductors teachers who understand the school business, and know just how to sympathize with the young teacher in school work. At the end of the first day, he has every member of the institute aroused to a proper sense of the importance of the work in which they are engaged. During the sessions, the conductor so manages his audience that every mind is actively participating in the discussion of whatever topic is under consideration. During the afternoon and evening recesses, the members of the institute are found gathered into groups working out the questions assigned for the next day's session. Such an institute becomes a source of inspiration to many young teachers, and it is no exaggeration to claim that many of the most successful have in such institutes received that peculiar awakening that has ultimately given them great success. During my last trip I found just such institutes, and there can be no question that the schools of the coming year will be the gainers from the work that is being done.

Fine Course of Study Adopted for Schools.

"The territorial board of education has adopted a fine course of study for the common schools, and one important work of these institutes is to familiarize the teachers with this course of study. I confidently expect great results in unifying and improving the work of the schools through this course of study and the institutes. Scarcity of Teachers is Quite Apparent.

"Judging by the attendance at the institutes there is an apparent scarcity of teachers. But do not worry. Plenty of outside teachers want to come to New Mexico. My advice is to let the New Mexico teachers who will not attend the institute and qualify themselves for their work remain at home and hunt some other employment. At best, poor teachers are worth very little in the school room. I feel greatly encouraged over many things. Especially do I want to mention the way in which the poll tax is being collected. I predict that the year 1906 will witness four times as much poll tax collected as any previous year. When the reports are in

'FRISCO POLICY HOLDERS SUE

Williamsburg Fire Insurance Company
—New Palace Hotel and Furnishings to Cost \$3,800,000.

San Francisco, Aug. 4.—An organized body of policy holders of the Williamsburg Fire Insurance Company yesterday commenced suit against the company to recover \$50,000 alleged to be due the plaintiffs. This is the first of a series of eight actions attorneys have been empowered to institute. Suit will be brought in the courts of Germany against the Trans-Atlantic Company and the result will furnish a precedent for a large number of policy holders who have been unable to collect insurance from the German companies. It is definitely decided that the new Palace Hotel will cost three million dollars with eight hundred thousand dollars allowed for furnishing.

BRITISH LORD IN HANDCUFFS

Was Mistaken For a Bigamist by Police—Will be Satisfied With an Apology.

Portland, Maine, Aug. 4.—The British consul at Boston has ordered an investigation of the treatment of Lord Sholto Douglas during his detention by the Portland police. The inquiry relates chiefly to the use of manacles after he furnished what seemed to the British vice consul ample proof of his identity. Manacles worn all night left painful bruises, Douglas says he will be satisfied with a verbal apology from the sheriff and police. Douglas was mistaken by the police for an alleged bigamist wanted in the south.

REVOLT IN INTERIOR ALMOST CERTAIN

Viceroy Asked to Declare Himself Sultan of Morocco—Coalition of Independent Vassals.

Tangier, Aug. 4.—Highly sensational reports are being received here causing the utmost excitement. Daily comes the information from the interior of a rapid spread of violent anti-French agitation. The rebels are concentrating their military contingents around Marrakesh, Morocco City, the southern capital, and there is no doubt that a formidable coalition of semi-independent vassals has been formed. They are clamoring for a "holy war" and urging the viceroy to proclaim himself sultan. The situation is more critical than it has been for thirty years.

REAR ADMIRAL TRAIN DIES IN CHINA

Illness Began July 20 But Was Not Thought Serious—Body to Yokohama.

Chee Foo, China, Aug. 4.—The sickness of Rear Admiral Charles J. Train, commander in chief of the United States Asiatic fleet, who died here yesterday, began on July 20th. He was confined to bed but his illness was not considered serious until yesterday. The body will probably be taken on board the flagship Ohio tomorrow and the battleship will proceed to Yokohama.

FAMOUS BEAU OF SOUTH DEAD

Colonel Cuthbert Bullitt, Well Known Kentuckian, Passed Away Aged 97 Years.

Louisville, Ky., Aug. 4.—Colonel Cuthbert Bullitt, one of the most widely known Kentuckians, died today aged 97 years. He was appointed a collector of customs in New Orleans by President Lincoln and afterwards held other federal appointments. He was a famous beau.

NO SKIMMED MILK IN CHICAGO

Cafes Selling Adulterated Dairy Products Will Be Prosecuted, Says Food Commission.

Chicago, Aug. 4.—The state food commission issued a formal notice yesterday that the hotel, restaurant and lunch room keepers who serve watered, skimmed or otherwise adulterated milk will be prosecuted.

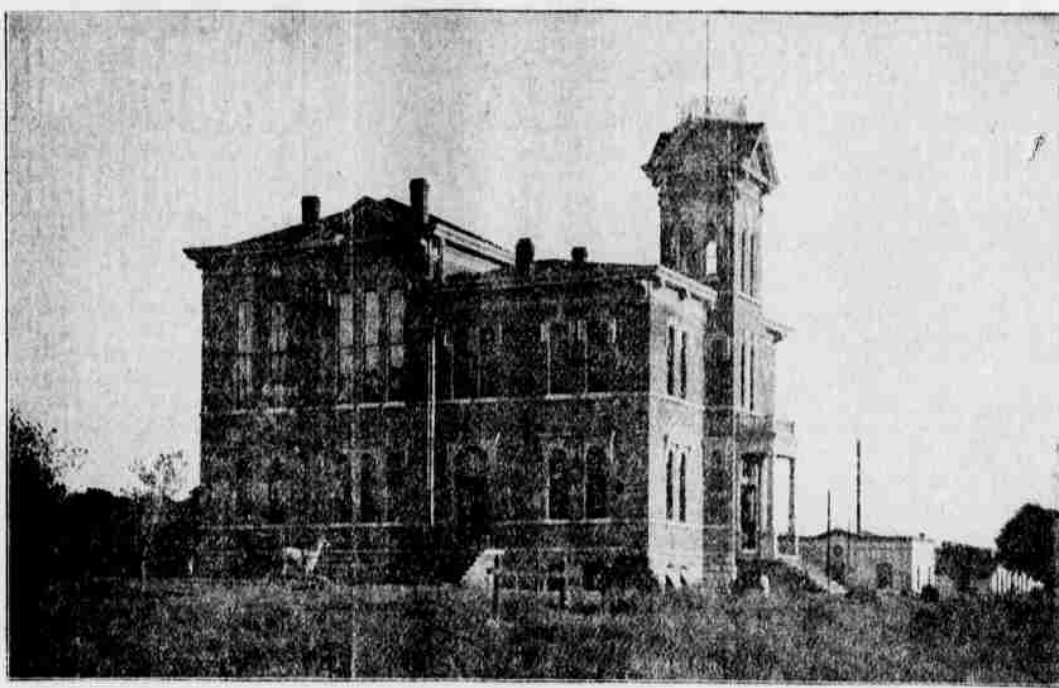

SINGULAR BASEBALL ACCIDENT.

During a hotly contested game of baseball last Saturday between the Hobbs' nine and the East Side Rations, which was won by the Hobbs' nine, 10 to 5, in the town of Ratou, Macedonia Fernandez, a native of the sunny southwest, a spectator, surprisingly received a foul ball in the eye, enlarging the same several times its natural size. A doctor was summoned immediately and the eye was sewed up. The injury is not serious, but Fernandez will not be able to be out for several days as a result.

STRONG EARTHQUAKE SHOCKS AT FORT DE FRANCE.

Fort de France, Martinique, Aug. 4.—Four strong earthquake shocks were felt here Thursday night.

watch the poll tax collections and you can judge which are the dead ones educationally and which are the live ones. There will be occasion for some funerals, but many counties are very much alive."

MAIN BUILDING OF THE COLLEGE OF AGRICULTURE AND MECHANIC ARTS AT MESILLA PARK.

TERRITORIAL AGRICULTURAL COLLEGE; ITS SCOPE AND USEFULNESS

One of the Most Successful Educational Institutions in the Southwest—A Model in Its Line—Constantly Growing in Right Way.

Francis E. Lester, registrar of the College of Agriculture and Mechanic Arts, at Mesilla Park, was in Santa Fe during the week on business for the college, and in order to secure students for it. Mr. Lester expressed himself as well pleased with what he accomplished here. He has been connected with the college for fifteen years past, and has given faithful and efficient service as registrar and as instructor in stenography and typewriting. To questions propounded to him by a representative of the New Mexican he said:

"I think the keynote of the successful work being done by our college is found in the words of an Albuquerque citizen to me the other day. 'Your college,' said he, 'turns out men who do things.'

"And that in fact is the record of our college for many years past. Our work, you know, is intensely practical. Fully half the time of a student in our college is taken up by actually doing with his hands what, in theory we teach in the classroom. In this way we bring the training of both mind and hands into proper relation and give the student an inspiration in his work that he could not get from classroom work alone.

What Some Students Have Done.

"Not long since we published a booklet containing a list of over one hundred young men and young women who have achieved success in their positions and whom we have trained in the past few years. These men and women took their start in life from the training received in our college, and its practical character has been the key to their success. They are now, many of them in business for themselves, of which fact you have examples here in your own town. In men such as Oscar Watson, and Carl Bishop, men we are proud to have trained and helped and who are a credit to us. Others are bank cashiers, teachers, civil and mechanical engineers, stenographers, and editors. In the line of stenography alone, we have sent out over one hundred young men and women who have won an enviable reputation for success, and in the special branch of English-Spanish stenography we have demanded upon us from business houses for ten times the number of available men and women we can send out.

"One important feature of the work of our Agricultural College is that over 70 per cent of our two hundred and seventeen students come from our own Territory. It is true that we have many who come from other states and countries, for the special advantage in some lines that we offer; about fourteen states are represented in this way, but these came

without solicitation on our part and gladly pay the increased tuition fee we charge them. Our college exists primarily for the youth of our Territory and it is the young people that we seek to interest and help.

"We think we are doing a great work, too, for the young women. Our girls' dormitory is our best building, with excellent homelike accommodations. This year it is under entirely new management, and we have so arranged things that there are openings for several young women who may wish to meet part of their expenses by doing light work in the dormitory. The departments of cooking and sewing are doing most effective work for the young women of the Territory by preparing them practically for house-keeping and home management.

Last Year's Enrollment Was 217.

"Our enrollment last year was two hundred and seventeen, the average age of our students being between eighteen and nineteen, so you see we have a mature lot of men and women. The lowest grades have been dropped from the preparatory department, for our work is arranged for mature students who are sufficiently advanced to take up college work. With your excellent schools here in Santa Fe I feel that our institution should be of great help in giving your young people the practical work they most need, to start them out in life, when they complete their public and high school work that your city offers.

"Yes, I look for a heavy enrollment the coming year, judging from present indications. We can take good care of them with our seventy-five thousand dollar equipment of machinery and apparatus, although with our increasing attendance we are sadly in need of buildings; we look to the next legislature to help us by giving that which it will simply be impossible for us to do without much longer. We are badly crowded, but even this somehow lends enthusiasm to our work.

"President Foster has done much to strengthen the work of both college and experiment station. He has popularized the former and brought all departments into harmony, and has concentrated the work of the latter along certain definite lines, that make it most effective in helping the agricultural interests of the Territory. He is doing much to bring our institution and our people more closely in touch. As one result of this we now receive a constantly increasing number of inquiries from the farmers and stock growers of the Territory asking us questions which in most cases we are able to answer in a manner that greatly helps them. Here again you see the practical character of our college and its effectiveness in helping for-

ward the splendid work of developing our great Territory."

BREMOND'S WOOL 26 CENTS PER POUND

Chaves County Fleeces on the Top Notch of the Market—5,500 Rams Sold.

A Roswell dispatch says that a sensation was created there Thursday afternoon in the wool buying circles when Captain Charles Mare De Bremond sold his White Mountain clip and Chaves County clips at 22 1/2 and 26 cents, the two clips aggregated 55,000 pounds and the Chaves County clip brought the top price.

Heretofore this season the top price paid growers for wool has been 20 cents. The buyer was F. E. Baker, a sheep and wether buyer of Whitehall, Illinois. He said that he only purchased wool when it was an extraordinary fine clip. The highest price wool was from pure bred Shropshire stock.

TALKS OUT IN MEETING

Las Vegas Citizen "Fornist" Joint Statehood—Uses Strong Language.

"I always favored the single statehood proposition. New Mexico has all of the qualifications and is sufficiently large of itself without uniting with Arizona. It is rich enough and has people enough—men of character and stability. I don't believe in this idea of adding territory in order to secure men enough to run the government."

The speaker was O. D. Cheatham,

a commission merchant from Las Vegas, who was seen at the Claire Hotel last Thursday by a reporter of the New Mexican.

Mr. Cheatham has kept posted on the statehood situation and makes the prediction that if New Mexico and Arizona do not come in as one state as a result of the general election this fall that New Mexico will be granted statehood alone by the next Congress.

"I don't believe in accepting the bribe that has been offered," he remarked with reference to the money appropriated for the public schools. "Bribery is as contemptible in national affairs as it is in anything else. If we need money for our public schools let us get it by taxation. I think myself that jointure is better than no statehood at all but I believe that if we have our own row we can get what we want and what we are entitled to.

"The points I make on the statehood proposition are these: First, New Mexico has the qualifications for single statehood. Second, we do not need to enlarge the territory as the population is already large enough. Third, I don't believe in accepting a bribe in order to get what is ours by right. Those are my sentiments in a nutshell on the statehood question."

Mr. Cheatham embarked in the commission business only a few months ago, prior to that time being connected with the Las Vegas Optic. He handles fruits and vegetables of all kinds in season. The California fruit for the most part that he has shipped to him comes from his grove in the southern part of the state.

Our "Want" Column is popular.

MEAT INVESTIGATION LOSES HARVARD GIFT

Of John Harvard Home—Nelson Morris Had Bought Place as Present But Fears to Give It.

New York, Aug. 4.—A cable to the Times from London says: Nelson Morris recently told a friend that he had purchased the John Harvard home at Stratford-on-Avon with the full intention of presenting it to the Harvard University. He hesitated, however, on account of the prejudice lately aroused against the American meat packers. Spending of the canned meat scandal, Morris stated that his firm had already suffered a loss of two million dollars in its foreign trade on account of the outcry raised against the products of the Chicago packing houses.

PRESIDENT RIPLEY TO PEOPLE OF KANSAS

Head of Santa Fe Railway System Discusses 2 Cent Fares Ably and Sensibly.

President E. P. Ripley, of the Santa Fe Railway system, has addressed a very interesting and courageous letter to the people of the state of Kansas about the agitation for the establishment of a two cent per mile passenger railroad fare now on the tapis in the Sunflower State. Mr. Ripley does not mince matters. He uses good logic and sound reasoning. The letter is interesting and reads:

To the People of Kansas:—The company now owning and operating the Santa Fe Railway is a little more than ten years old.

Do you know that in that ten years the road has been largely rebuilt and largely re-equipped?

Do you know that the track on the main lines is as good as any in the country and better than most, and that the branches have also been improved in condition and service as fast as men and money could be obtained for the purpose?

Do you know that in order to accomplish these results the Santa Fe Company has spent in these ten years in Kansas alone not less than \$17,000,000, part of which was taken from earnings that might have been distributed to stockholders and the rest borrowed?

Do you know that the road is fully worth today the amount of its total capitalization?

Do you know that in these ten years the preferred stockholders have received total dividends of only 25 3/4 per cent, or 2 3/4 1/2 per cent per annum, and that common stockholders have received but 21 1/2 per cent, or a little over 2 per cent per annum?

Does it strike you that these payments are excessive, or that those who risked their savings in the enterprise have received too great a reward? How does this return compare with those of the farmer or business man on his investments?

Do you know that in Kansas the passenger train mileage of the Santa Fe has about doubled in the last ten years and that its trains are as comfortable as those run anywhere in the world?

Do you know that the passenger rates are as low as they are in any state west of Ohio and Michigan, notwithstanding that you have only 18 people per square mile, while Illinois has 86, Iowa 40, Missouri 45?

Do you know that many passenger trains in Kansas are run at an actual loss and solely for the accommodation of the public?

Do you know that while the people of Kansas would individually save but little money by a reduction of passenger train rates, the effect of such a reduction would be keenly felt by the railroads, because it would reduce nearly all interstate rates, so that for every dollar saved by a citizen of Kansas the railroad company would lose several thousand dollars?

If you know all these things to be true, what reason or excuse is there for demanding that your legislature pass a law attempting to reduce the passenger rates?

We think we can demonstrate to any court or other tribunal that a reduction in passenger rates is unjust, and is equivalent to confiscation of our property, but we do not want to be continually litigating in the effort to preserve our rights. We believe that when the people know the facts the misrepresentations of demagogic politicians and a sensational press will not be regarded.

The Santa Fe desires to conduct its business fairly and with due regard to the rights of the public; it raises no objection to public supervision and reasonable regulation; it desires above all things to keep out of politics, yet, when attacked it must defend itself, and when the sole platform of a candidate is that he is "agin the railroads," we are fully justified in protesting against his election. That is what every man and every interest in the state would do if attacked.

If my statements are true you can not believe that the agitation for a two cent rate bill is justifiable; if you doubt the statements, or any of them, I can prove them, I can prove them correct.

I do not desire to be drawn into a newspaper controversy with politicians or demagogues, but should this fall into the hands of any honest voter who doubts my statements, or desires further information, I hold myself in readiness to answer any communication addressed in good faith.

E. P. RIPLEY.
President A., T. & S. F. Ry. Co.
Chicago, August 1, 1906.

PARLIAMENT CLOSSES SESSION UNTIL OCTOBER 23
London, Aug. 4.—Parliament today adjourned until October 23.

SOLDIERS MAY REFUSE TO FIRE

On Workmen If so Ordered By Officers.

SPIES TO PROVOKE THEM

By Shooting Into Ranks With Pistols—30,000 Men Struck at Noon.

St. Petersburg, Aug. 4.—As far as can be ascertained the revolutionists have no great supply of funds. The leaders say the major portion of what they had has been confiscated. The revolutionists have received information that the conference of chiefs of the military and secret police was held last night, at which the question of whether the troops will obey orders to fire on the soldiers especially those of the guard regiments, would obey without provocation. The revolutionists said shall give the necessary provocation by firing on the troops with revolvers. A proclamation was prepared reciting these alleged facts and warning the workmen to be on their guard against such provocations. Jews Urged to be Ready to Fight.

Warsaw, Aug. 4.—Jewish socialists in a proclamation today urged the Jews to be ready to fight and should the signal be given they are requested to appear in the street armed. The appeal has given rise to a serious panic and fears are also expressed that a general strike may break out here. Stringent measures were adopted for the preservation of order.

The Polish socialists today issued a proclamation admitting their responsibility for the recent train robberies and acknowledging that they murdered twenty policemen during the past week.

Only 35,000 Men Obeyed Strike Order.

Petersburg, Aug. 4, 2:15 P. M. —Probably not more than thirty thousand workmen were out when the general strike order went officially into force today at noon. The police have put so many leaders behind the bars that great confusion prevails among the organizations scheduled to begin striking in various places at different times. It is evident that its success will depend upon the temper of the masses. Unless the whole army sides with the revolutionists those in control of the government are convinced that the strike will end in a failure.

Bomb in Depot Kills Two Persons.

Moscow, Aug. 4.—A bomb was exploded in the Kagan railway station today and two persons were killed. Consul General of Brazil Wounded in Russia.

Warsaw, Aug. 4.—A telegram from Libau says that train robbers today, between Libau and Haaplot, stole \$10,000 of government money. Eight passengers were wounded in the defense of the train. Among them were the consul general of Brazil, M. Von Rupnederich and a German named Grundmann.

Plan to Liberate Prisoners Betrayed.

A plan to liberate political prisoners here was betrayed to the authorities today. Several civil servants and a policeman were arrested.

Big Strike of Street Railroad Employees Broken.

Helsingfors, Aug. 4.—The strike of the employees of the street railroads and factories is over. All the leaders of the Socialist Red Guards have been arrested and the guard was broken up.

Reports of Firing at Cronstadt Received.

St. Petersburg, Aug. 4.—Reports of renewed firing at Cronstadt reached here this morning. Telegraph communication is cut and it is impossible to ascertain what has occurred.

Bombs Meant for Troops Kill Makers.

London, Aug. 4.—A dispatch to the Evening Standard from Moscow says that a number of workmen today were prepared to receive, with bombs, a detachment of troops sent against them when one of the bombs prematurely exploded by accident and exploded other bombs, blowing three workmen to pieces and wounding many others.

TESTING CHICAGO PRIMARY LAW

Good Weather Brings Out Big Crowd—Vote Direct for Nominees of Three Parties.

Chicago, Aug. 4.—Weather conditions are such as should insure a fair test of the new primary law. An early poll indicated a lively interest. Several estimates were made of the probable vote, some as high as 175,000. Every voter in the Republican, Democratic or Socialist ranks will vote directly for fifteen party nominees as well as delegates to the parties' conventions.

For the first time in its history, Chicago is absolutely dry today. The law provides for a cancellation of the license of any saloon opened during an election and saloon keepers would not risk the loss of their licenses as in such case they could not be obtained again for at least twenty years.

New Mexican advertising pays.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people in the Southwest.

GROWING BENEFITS FROM FOREST RESERVES.

The work of the Division of Forestry is making itself felt in the right direction, and is becoming more valuable almost daily as time advances, as experience is gained and as the officials of the Bureau become better acquainted with their duties. The Bureau is of but recent origin. It was modeled upon the experience gained in planting, maintaining and preserving forests in Germany and in France which countries have paid particular attention to this important subject for centuries. When forest reserves were first set apart in this section, people, and especially cattle raisers and sheep growers, were very much opposed to their creation. They argued that the public range was being circumscribed too much, and that as it was decreasing greatly by land entries, the policy of the government in creating reserves, that contain millions of acres would prove injurious to these great industries in the Rocky Mountain states and territories, and especially in New Mexico. A change has come over today the great majority of the people of these sections view forest reserves under proper management as a benefit and as of usefulness for the greatest number. Even the stock growers are becoming reconciled to their existence, although slowly. It has been demonstrated that the preservation of the forests preserves and increases the water supply in the section where they are located and makes this important item, especially in the Southwest, much more stable and permanent and much greater in volume than before forest reserves existed.

It is also now found that there are millions upon millions of feet of matured and burned timber that can and will be profitably disposed of by the Forestry Division for the benefit of the general government, and also for that of the particular county in which this will be done. An instance has just occurred in this Territory. Forty millions of feet of matured timber on the Jemez Forest Reserve have been sold at \$2.50 per thousand feet; this will bring to the United States Treasury \$100,000 of which ten per centum will go to the county of Sandoval to be used for the benefit of the public schools, or for the construction of good wagon roads, as may be determined by the proper officials. Similar instances will soon come to pass in the counties of Rio Arriba, Santa Fe, San Miguel and Mora, in Socorro and Grant Counties, and in Lincoln and Otero Counties where there are large Forest Reserves.

The great benefits that will be derived from the manufacture of matured timber into building material will become more and more apparent as time advances. Saw mills will be put up in many sections and many laboring men and teams will have to be employed in the cutting of the timber, in hauling it to the mills, manufacturing it into lumber and into building material and boxes, in hauling the manufactured lumber and articles to railroad stations and in the increase in freight by this business to the railroads. In the case of the forty millions of feet of lumber on the Jemez Reserve it will take from three to four years before the contractor will finish the work of cutting and hauling the timber he purchased there from the reserve. Within two or three years there will be a dozen such contracts in active operation in New Mexico. The possibilities of this business are almost too great to be properly considered at this time. That it will be an important factor in the growth and prosperity of New Mexico is, however, already apparent.

According to recent investigations, the millions and millions of feet of burnt timber on these reserves will also prove valuable to the United States, and to the counties in the Territory in which they are located. It has been demonstrated that burned timber is very valuable and that it ought to bring a good price as it can be manufactured into lumber from which the best of boxes and other wooden articles necessary in commerce, and the use of which is constantly on the increase while the supply is decreasing, can be successfully and profitably manufactured.

The Denver Republican commenting upon this matter states the situation succinctly and clearly when it says that thousands of acres of fine timber have been swept by destructive fires in the mountains, which have killed the trees not actually consumed. Some of these dead trees have stood for years, and people have looked upon them as of little or no value. But comparatively recent experiments with this timber have shown it to be available for many uses, and to this fact some of the forest agents of the national government have directed public attention.

The fact that timber of this kind can be used to advantage in the manufacture of boxes will probably establish a market for it which may provide sufficient means to cover the expense of clearing burned over forest lands. This is an important consideration, for attempts to establish a new forest growth require that to some extent at least the dead and fallen timber be first removed.

Dealers in timber and lumber may yet turn practically all the dead but standing timber of fire-swept forests to good and profitable use. Those sales of timber of this kind may offset in

part the expense of caring for the forests and simplify the problem to a notable degree.

Verily, the forest reserves of New Mexico bid fair to be a regular treasure box, not only for the United States but also for the counties which are lucky enough to contain them under the benevolent care and efficient administration given them by the division of forestry. Young timber is protected, young trees are constantly being planted to replace the matured and burned timber removed, and the greatest care against forest fires and other destructive agencies is observed. The ruthless acts of the lumber men can no longer destroy valuable timber in the Sunshine Territory, and it is a mighty good thing that this is the case.

SANTA FE'S CLIMATE NEEDS NO DEFENSE.

"Even in Santa Fe they have a peculiar habit of telling it every time the temperature is cooler in Santa Fe than in Las Vegas. But when the mercury is lower in the Meadow City than it is in Santa Fe, presto! they forget it. Santa Fe is said to be the hottest place this side of the sinner tank and it advertises this to the world when it makes these comparisons. May be they believe over there that misery loves company and to keep the population anchored in Santa Fe they tell how hot it is in Las Vegas. On the level, Las Vegas humidity isn't in it for a minute with Santa Fe's scorching air. You can't count ten men on the streets in Vegas with their coats off at noon and Santa Fe folk are reading of Wellman's trip to the pole while they feel their brain simmer and watch their flesh sizzle. "There are at least two kinds of heat: Santa Fe heat and the other kind they don't find on earth."—Las Vegas Optic.

The above is too good to be lost and hence the New Mexican republishes it as a record for all time to come. No comment is necessary. The facts speak for themselves. The local records of the U. S. Weather Bureau contain them. Besides, Santa Fe is so well satisfied with its climate and the excellence and superior qualities of the same are so well known throughout this great country that no more is to be said.

FAIR TO THE BOARD OF COUNTY COMMISSIONERS.

The Board of County Commissioners of Santa Fe County deserves credit for the fact that the tax assessments for the present year will show a decrease, and also that the assessment values have been increased about \$116,000. Next week the New Mexican will give the tax levy in detail and also a careful explanation of it. The board of commissioners of Santa Fe County consists of two Democrats and one Republican. The New Mexican is a Republican paper, but in accordance with its usual fairness in the treatment of all public questions from the people's standpoint, this paper is gratified to give credit where it is due. The members of the board are Arthur Seligman, of Santa Fe, Chairman, First District; A. L. Kendall of Corralitos, Second District, and Jose Y. Roibal of Nambé, Third District. The improvements in the assessment are not great but a good beginning has been made. The reduction in taxes is not great, but there also a good beginning has been made. With the right kind of commissioners in office during the coming four years there is a good chance that the enormous debt of this county can be refunded to a reasonable figure and that the assessment values of property will be steadily increased until they reach a figure which shall be right and proper both to the commonwealth and to the individual property owner and taxpayer.

A DESERVED EDITORIAL DRUBBING.

The Las Vegas Optic administers a deserved editorial lashing to the Albuquerque Fakir Journal in its issue of last Thursday. As the Optic remarks in that editorial, once in a while a decent and respectable newspaper cannot resist the temptation of giving the Albuquerque Fakir Journal and its owners a necessary kicking. The New Mexican differs in one respect from its Meadow City contemporary in the matter and that is, that this paper does not hold responsible the men who do the writing for the Fakir Journal and who are making a living thereby. The management is to blame, no more and no less; the little gang in the Duke City that is the strings to which the owners of the paper dance, is more or less responsible. The motto of this gang is "Everything for us and the devil take the others." This was clearly shown in the recent city election when the gang endeavored to sell to the city a water supply system for something like \$200,000 which, the New Mexican is informed, is returned for taxation at something like \$40,000. The New Mexican is not exactly sure of these figures, but is getting the necessary information for a correct statement.

NOT MAKING A FAIR FIGHT.

The Arizona newspapers opposed to joint statehood are still harping upon the fact that the entire indebtedness of New Mexico, territorial, county,

city and school district, is greater than that of Arizona. They do not care to take into consideration that the territorial indebtedness of New Mexico proper is very much smaller than that of the sister territory, and that the New State of Arizona, if created, will not need to bear the burden of the county, city and school district indebtedness of New Mexico. They also fail to give heed to the fact that New Mexico is much greater in extent than Arizona, has more than double the population of the latter territory and three times its wealth. They present but a one-sided and unfair aspect of the question. They may win with such tactics but this paper hopes not. A campaign of education is going on, which, if the voters of Arizona will but read and heed will bring about a different result.

The artesian belt in the Pecos Valley in southeastern New Mexico, as far as known, extends from a point about five miles above Roswell in Chaves County, to a little below Silver River in Eddy County. The discovery of artesian water in that section has been one of the main factors for its up-building and present rapid progress. The law passed by the 36th Legislative Assembly providing for the preservation and protection of the artesian underflow and the wells there, is proving of real benefit to the section. Score another one for the Republican 36th Legislative Assembly of New Mexico.

Delegate W. H. Andrews who represented the people of this Territory very efficiently in the first session of the 59th Congress, did not get all he asked for the Territory, but did remarkably well. The voters of New Mexico can do no better than to re-elect him by a handsome majority on November 6th next. He will represent the best interests of the Territory more forcibly and successfully during the second session of the present Congress and in a much greater degree, if elected, should joint statehood not become an actuality.

The 59th Congress, being composed of men, in all probability did not do all that it might have done for the public good during its first session. However, an examination of the laws passed by it clearly and unequivocally establishes that the session was productive of great good for the people and that the Republican party need not be ashamed of the record made by the Republican majority in the recent session in the present campaign.

The Commoner ought to profit by the candidacy for the Democratic nomination for the Presidency of its owner Colonel William Jennings Bryan. The Colonel may not be elected to the high office to which he aspires in the year of our Lord 1908, but that subscriptions to the Commoner will be on the increase cannot be doubted. After all, Colonel Bryan again demonstrates that it is better to be born lucky than rich.

It is claimed by several leading Democrats in New Mexico that the Democratic territorial convention will not endorse joint statehood. The pro-joint statehood Democratic leaders say that if this should happen there would be a row and probably a split. However, the signs of the times indicate that the pro-joint state advocates will win and that there will be no row. Six weeks will tell the tale.

New Mexico Democratic statesmen are figuring out that they will surely elect their candidate for delegate to the 60th Congress this fall. How they will do it they do not advise the dear people. They fear to take too many into their confidence. Probably they are right as their calculations may prove to be miscalculations.

The advocates and supporters of joint statehood for the two territories must be up and doing. There is much work and great energy needed in several New Mexico counties in order to bring out a full vote for the proposition. This thing of being too sanguine and too sure does not pay in New Mexico politics.

Forty thousand copies of the Hamilton joint statehood law are being distributed in New Mexico and Arizona under the direction of Delegate W. H. Andrews. Ignorance of the provisions of the law will therefore be no excuse. It will be no fault of the Delegate if the proposition should be defeated on the 6th of November next.

It never rains but it pours. The Du Pont family of Delaware experienced a very serious and costly explosion recently in one of its powder factories; later on came the election of one of its members to the United States Senate, and now serious labor strikes among its employees are taking place.

A subscriber has just hurled the following joke at the New Mexican editorial sanctum: "Why are corporations not like Caesar's wife?" His answer accompanied the question and was, "Because they are not above suspicion," and mind you, this from a man born and bred in the Sunshine Territory.

They have dubbed William Randolph Hearst "Yellow Bill" Hearst in Gotham. It is rather a good name but as long as his yellow papers sell and as long as he is in the public eye, Mr. Hearst will not care. He is not that kind of a man. Too great sensitiveness was never one of his faults.

It is reported from St. Louis that U. S. Senator William Joel Stone is to manage the important part of the presidential campaign for Colonel Bryan. Should this report be true people will be bound to say that the Colonel has a good deal yet to learn.

New York will be the landing place of Colonel Bryan when he returns to this country. It does seem as if New York's load would be too heavy.

WORKS WONDERS.

A Wonderful Compound. Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Santa Fe testimony proves it.

Brother Fabian of St. Michael's College says: "I am convinced that Doan's Ointment has merit. It was used with success in a case which came under my observation, the authenticity of which I will be pleased to give in a personal interview."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Subscribe for the Daily New Mexican and get the news.

Local blanks of every description and conforming to the laws of New Mexico, are on hand and for sale at the New Mexican Printing Company.

A "want ad" in the New Mexican brings sure results.

Special summer rates to Los Angeles, San Francisco, and Pacific Coast points by way of the Santa Fe Central Railway, E. P. & S. W. Railway, El Paso & Southern Pacific Railway. For information call on or address S. B. Grimshaw, general passenger agent.

FOR THE HOUSEWIFE.

Warm Weather Drinks. A French medical journal says: "Water should be drunk cool, but not iced, with the juice of a quarter or half a lemon in it. Mineral water should also be drunk with a dash of lemon. Water should always be swallowed slowly. It is not the stomach which is dry, but the mouth and throat. If you toss off a drink of water you throw it through your mouth and throat into your stomach without doing the former any good, while you injure the latter by loading it with what it does not require. Drink slowly and keep the water in your mouth for a moment when you begin. If you work in a hot room in hot weather tie a damp cloth around your temples, and you will not experience half the cravings for drink you otherwise would."

A Nerve Pillow.

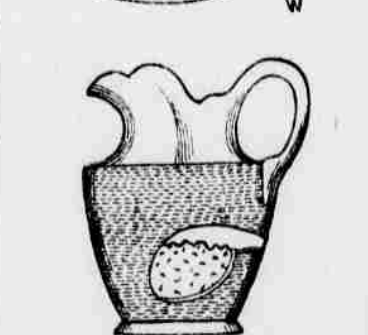

A "nerve" pillow is something which physicians are said to recommend and which can easily be made at home. One needs only to gather or buy a quantity of dried soporiferous herbs, such as hops and catnip leaves, bayberry and sweet fern, adding to them sweet grass, balsam pine and as many sweet smelling, sleepy things as one can think of.

Dry and powder and mix all together. Then fill your "nerve" pillow with the summer wood sachet powder thus formed. Stuff the pillow with down or cotton batting or feathers and either scatter the powder thick through the filling or, what is better, make flat sachet bags and fasten them securely to the inner seams of the pillow.

Care of the Mirror. Handkerchiefs washed and spread on the looking glass to dry will eventually spoil the mirror and cause it to become streaked and cloudy. If you must iron handkerchiefs on glass spread on the window pane while they are dripping wet, after having washed off the pane thoroughly. Allowing the sun to shine on the mirror will also ruin it, disfiguring it badly and causing it to become almost useless in time.

Novel Ice Pitcher.

Novelty in inventions are always interesting, but of the many devices patented very few contain as unique an idea as the one shown here. It is a pitcher which has a compartment distinct from that for holding the fluid contents. The purpose of this compartment is to hold ice out of con-

PITCHER WITH ICE CHAMBER.

tact with the ordinary contents. The liquid in the pitcher is shown by the shaded portion of the illustration, the pocket in which the ice is placed being slightly below the lower end of the handle. This pocket projects forward and downward and is otherwise so positioned that when the pitcher is tilted in the usual manner for the purpose of pouring out the contents the ice, together with any water, is careened forward and thus prevented from leaving the pocket.

To Remove Ointment.

After it has been thoroughly washed in soapsuds and rinsed in hot water, wipe the frying pan out with a dish cloth, then sprinkle freely with common salt and place on a stove, shaking the pan so as to scatter the salt while it is browning. After the salt has become brown toss it out, wiping off the pan, when it will be ready to use again without impairing a secondhand onion flavor.

For Freckles.

Buttermilk is most useful to the woman who is troubled with freckles. Cucumbers, cream, too, is efficacious. The way to apply it is to heat a towel and apply to the face for a few minutes; then rub in the cream, leaving it on for about five minutes. The cream should then be rubbed off with a piece of soft cloth.

Lotions For Yellow Neck.

Four ounces of alcohol, two ounces of rose water and fifteen drops of tincture of benzoin. Apply several times a day with a sponge. Use orange flower skin food to keep the flesh soft and nice. Very snug collars will disfigure the neck, so avoid them as much as you can.

Hair Tonic.

An excellent tonic for removing dandruff, promoting the hair growth and preventing premature grayness is this: Four grains of resorcin, one-half ounce of water, one ounce of witch hazel and one ounce of alcohol. This is particularly good when the hair is very oily.

To Stop a Kitchen Leak.

When your pipes start to leak from any cause and the plumber is not immediately accessible, cut up an old rubber shoe in strips and bind it around the hole. It will adhere admirably.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form, but will give a discount on quantities.

The New Mexican Printing Company is prepared to furnish cards de visite for ladies or gentlemen on short notice, in first class style at reasonable prices, either engraved or printed. Call on the New Mexican Printing Company and leave your orders.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, on about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuritis, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$11 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 1 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

MANY QUESTIONS BY MANY PEOPLE

Asked of the Bureau of Immigration.

COMPLIMENTARY LETTERS

Regarding Literature and Information Furnished—
Good Work.

The Sunshine Territory is certainly in the public eye. The correspondence of the Bureau of Immigration in this city is on the increase, and that greatly. The letters come from all classes of population, from all parts of the country and all kinds of information is asked. Many of them are very interesting. The New Mexican publishes a few of them from time to time to show the people of the Territory that many eyes are turned towards this commonwealth and that immigration within the next three or four years bids fair to be larger than it has been at any time during the past.

Large Land Enterprise.
"We are perfecting plans for the large land enterprise which we expect to shortly launch and also take up land in Taos Valley."

"It will be the purpose of this company to enter extensively into the raising of alfalfa and the handling of sheep and we would appreciate your sending us any information in your possession relative to this matter. If you have any statistics bearing on the matter, outside of New Mexico literature covering the Territory, we would be glad to receive same."

"I find that New Mexico is attracting a great deal of attention from papers over the country generally and I believe the future of the Territory is certainly very promising and that it will not be many years before a much heavier immigration will be going that way."

Very truly,
"C. D. WEIMER."

"Colorado Springs, Colorado."

Wants to Know.

"Arroyo Grande, California."

"Having been informed that you are a member of the Bureau of Immigration and in a position to give information in regard to government land, climate, resources, etc., of your country, I would like to ask the following questions."

"In what part and near what town would a person be likely to get the best government land in your country? How deep is the snow fall and is there late frost in the spring. How late? Is it windy during any part of the year, if so, during what months? How deep would a person have to dig or drill for water? Is there any timber on the government land, if so, what kind?"

"What is the valuation of land per acre nearest the government land?"

"If the information proves favorable I will probably visit your country as soon as business will permit."

Very truly,
"C. C. SQUIRE"

Laboring Population Oppressed.

"Evergreen, Alabama."

"Would you please send us a description of the agricultural portion of your state and the homestead lands. The laboring people are badly oppressed here, the white race as well as the black and a heavy emigration will probably result this coming winter. Any reliable information relative to free homes in a locality where men with families and of small means can get a foot hold, will be gladly received."

Respectfully,
"T. L. JOHNSON."

Distribution of New Mexican Bulletins.

"This will acknowledge receipt of your favor of July 19th and I also beg to acknowledge receipt of the 250 copies of your new bulletin 'To the Land of Sunshine'."

"You may rest assured we will see that this booklet is placed in the hands of each and every inquirer regarding securing a home in your territory."

JOHN SEBASTIAN, Chicago, Ill.,
Passenger Traffic Manager,
Rock Island Route

Desires Supply of Pamphlets.

"If you can spare me a supply of your pamphlets entitled 'To the Land of Sunshine,' I will make good use of them."

"They have proved very popular with our Eastern passenger men in supplying requests for literature on New Mexico."

Very truly,
"W. H. SIMPSON."

Advertising Agent, Atchison, Topeka and Santa Fe Railway, Chicago, Ill.

Valuable in Pittsburg Pa.

"We have seen a note of 'To the Land of Sunshine,' compiled by Max Frost and Paul A. F. Walter and published by the New Mexican Bureau of Immigration, a copy of which we should find very useful in this library. Many people go from Pittsburg to New Mexico and doubtless there will be many calls for the work. If it is possible for you to present the Library with a copy, we shall greatly appreciate the courtesy."

Yours truly,
"FRANK H. HOPKINS."

"Librarian, Carnegie Library."

"I have recently read your booklet 'How I Cured Myself of Consumption in New Mexico,' the experience of Roscoe C. Bonney and my experience with and observation of tuberculosis over a period of years leads me to endorse most emphatically the suggestions to health-seekers found in this little book. Permit me to express sincere gratitude for this valuable contribution toward the welfare of stricken thousands."

"I should like a score or more copies for distribution."

Very truly,
"ELIZABETH J. RICHARDS,"

Albuquerque, N. M."

POLITICAL POINTERS.

Opinions on Campaign Subjects of Interest to the Dear People.

Themselves Herded.
Those fellows who are talking about making the statehood citizens "herd by themselves" may discover before the campaign is over, that they themselves are being herded, and in very small herds at that.—Arizona Daily Star.

Truly Appreciated.
Honorable W. H. Andrews is without doubt the most active and successful delegate that New Mexico has ever sent to Congress. The cordial reception tendered him on his return from Washington is, therefore, a very fit expression of appreciation of his labors in their behalf by the people of the Territory.—Socorro Chieftain.

Hold Andrews in Highest Esteem.

A royal reception was tendered Delegate W. H. Andrews in Albuquerque and Santa Fe upon his return to the Territory from Washington, which is only a beginning of the reception the people of the entire Territory are going to tender him when the opportunity offers itself, for the people hold him in the highest esteem and his efforts in congress in behalf of the Territory will not go unheeded.—Tucson Cart Times.

The Opinion is All Right.

The citizens of Albuquerque and Santa Fe tendered Delegate Andrews a very flattering reception on his return to the Territory last week from his labors in congress. They took occasion to compliment the delegate on his good work and made him feel that his efforts on behalf of the Territory were not unappreciated. The Argus stated last week that Delegate Andrews had made a very good record during his first term as Territorial Delegate, and that opinion is the one generally entertained throughout the Territory.—Carlsbad Argus.

Will be an Interesting Side Light.

If it does nothing else the vote on the joint statehood question this fall will furnish an interesting illustration of the power of the press in New Mexico and Arizona. The El Paso Herald recently published a full list of the daily and weekly papers in the Territory and their stand on the statehood question. This list shows that two or three weekly papers in New Mexico oppose it, and one daily and two or three weeklies in Arizona favor it. The vote this fall will show an interesting sidelight on how much influence the press of the two territories wields upon the voters.—Silver City Enterprise.

Correct Comparison of the Debts of New Mexico and Arizona.

Last week there appeared in these columns a statement showing that the indebtedness of New Mexico is really smaller than that of Arizona, instead of being two or three times larger, vide the assertions of those interested parties and newspapers opposing so violently union of the two territories in statehood. Comparison of the county indebtedness of the two territories shows that the anti-unionists are about as far from the truth on that head, as on the items of territorial indebtedness. Another point: The reports of the two governors cited in these columns show that in the year covered New Mexico reduced her debt more than one hundred thousand dollars, while that of Arizona increased about twenty thousand dollars.—No. gales Oasis.

Coppering the Democracy.

Ellinwood, chairman of the Territorial Democratic executive committee and assistant attorney for the Copper Company, has undertaken a rather large job. He seems to be attempting to run the Democratic party of Arizona in the interest of his clients, the Copper Union Mining Company.

This scheme will fall ignominiously. There are thousands of loyal democrats in Arizona who won't stand being "coppered" just in that way. Ellinwood had better get out from under the avalanche of condemnation which will fall upon his young political cranium if he insists on attempting to deliver the democratic party to any corporation.

No sir-e-e! Democrats might stand being called "copper heads" but they won't stand being turned over to a copper corporation. No sir, they won't stand anything of the kind.—Arizona Daily Star.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico.

Partly cloudy tonight and Sunday with light shower showers; warmer weather Sunday.

Yesterday the thermometer registered as follows:

Maximum temperature 73 degrees at 1:40 p. m.

Minimum temperature 54 degrees at midnight.

The mean temperature for the 24 hours was 66 degrees.

Mean relative humidity 76 per cent.

Precipitation 0.47 of an inch.

Lowest temperature during last night 59 degrees.

Temperature at 6:00 a. m. today, 54 degrees.

WILLARD

WATER WILL MAKE IT FAMOUS.

The A. T. & S. F. Railroad Company will sink fourteen deep wells at Willard and pump water as far east as the Rock Island. The company has bought twenty acres of ground adjoining the town site and is negotiating for forty acres more.

A WORD TO THE WISE INVESTOR IS SUFFICIENT

Willard has already made a most phenomenal growth and the price of lots will soon advance. Better come now. The town site is owned by

THE BEAUTIFUL ESPANOLA VALLEY

Finest Possible Conditions for Fruit Raising—Abundance of Water.

The Espanola Valley of the Rio Grande beginning twenty miles north of Santa Fe and extending north twenty-five miles to Embudo is perhaps the greatest irrigated valley in New Mexico. No other valley has a better climate, soil, variety of products or more abundant supply of water for irrigation. The soil in this valley is free from alkali, cold, stormy winters or excessively hot summers; it is shut in by high mountains and as a fruit district the conditions are almost perfect. Thousands of acres lie uncultivated and eighty per cent of the waters of the great Rio Grande roll by unused. Home seekers are settling here rapidly and more are welcomed to help make this beautiful valley the best in the Rockies.

For further particulars in general, prices of bearing orchards, improved and unimproved lands, etc., address Roscoe C. Bonney, real estate and immigration agent, Espanola, New Mexico.

SANTA CLARA INDIAN FESTIVAL.

Sunday, August 12th, 1906.

On this occasion the Santa Clara Indians will be joined by those of San Juan and San Ildefonso and an extended program of dancing, racing and games has been arranged.

Santa Fe Lodge of Elks will have in charge an excursion to be run over the D. & R. G. Railway on this date, train to leave Santa Fe at 8 a. m., returning arriving at Santa Fe at 9 p. m.

Fare for the round trip \$1.50. Tickets on sale at Fischer's Drug Store and Kerr's Barber Shop.

first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for years."

SOCIAL AND PERSONAL

John W. Catron, who for the past month of two has been in Mexico on mining business returned home yesterday.

Attorney Charles A. Spiess, who has been in Albuquerque on legal business, returned yesterday to his Las Vegas home.

Mrs. W. B. Bunker, wife of the well known Las Vegas attorney, left yesterday for a sojourn at southern California coast resorts.

E. V. Chaves, attorney at Albuquerque, has returned from a two weeks' visit to Long Beach, California, where his family still remains.

The Capital City Club will give its regular fortnightly dance next Tuesday. Invitations have been issued and a pleasant time is anticipated.

Mrs. Edna Proctor Field, of New York City, is here for a visit of several weeks as the guest of Mrs. Kate Irvine and Miss Annie McKenzie.

Miss Anita Becker, who has been spending the past few months in California, has returned to her home at Belen, and later on will visit friends in Santa Fe.

Mrs. J. Leahy entertained at an elegant party at her home in Raton Wednesday evening last. The social affair was largely attended and greatly enjoyed by the guests.

Miss Dorisela Crandall, daughter of Superintendent and Mrs. Clinton J. Crandall, of the U. S. Indian Training School, has returned from a month's visit to relatives in Wisconsin.

S. B. Grimshaw, assistant to the president and general manager of the Santa Fe Central Railway, left yesterday afternoon on a business trip to Albuquerque. He will return tonight.

Mrs. R. M. Harding, of Grand Junction, Colorado, daughter of Major and Mrs. R. J. Palen, arrived in Santa Fe during the week for a visit with her parents and friends in the Capital City.

Mr. and Mrs. William C. Madge and Miss Nellie Burke, of El Paso, Texas, were among yesterday's arrivals in the Capital. They will remain for several days and are guests at the Palace Hotel.

Dr. Edward W. Christensen, a former resident of Santa Fe and the Misses Julia and Belle Christensen, of El Paso, Texas, are guests at the home of Hon. and Mrs. T. B. Catron in this city.

Miss Hortense McKenzie left today for Trout Springs, near Las Vegas, where she will spend a week visiting with Miss Bertha Staab, who went to that place a week ago. The young ladies will return together.

President W. S. Hopewell, of the Albuquerque Eastern Railway is in New York City on business connected with the resumption of construction work on the road. He will be absent from the territory ten or more days.

Judge Henry L. Waldo, the influential solicitor of the Santa Fe Railway system for New Mexico who has been ill at his home in Kansas City, Missouri, has recovered and expects to visit Santa Fe within the next week or ten days.

Edward Hannan, one of the brightest newspaper writers in the west is on a visit to the Pecos Valley as staff correspondent of the daily New Mexican. He is gathering data and information for descriptive and feature articles on the valley.

Mrs. H. S. Van Slyke, of El Paso, Texas, wife of the live stock agent of the Santa Fe Railway, is at Tesuque visiting with Mr. and Mrs. W. P. Metcalf, of Albuquerque, who are guests at the pretty ranch of Mr. and Mrs. W. H. Wise, located in the Tesuque valley.

Colonel and Mrs. H. H. Betts, of Silver City, were guests at the Palace hotel during the week. They were present at the house warming at the executive residence on Wednesday evening last. They have a number of friends in Santa Fe who welcome them warmly.

C. T. Brown, mining expert and engineer, with headquarters in Socorro, spent part of this week at the Fairview and Hermosa mining camps in Sierra County. He also visited El Paso on mining business and will return to his Socorro home tomorrow morning.

Assistant Superintendent of Public Instruction Amado Chaves left this evening for Albuquerque to spend Sunday with friends. He will return home tomorrow evening on train No. 8, which now makes connection with the Santa Fe-Lamy branch train, the same evening.

Among the Santa Feans who attended the corn dance at the Santo Domingo Pueblo today were: Postmaster and Mrs. Paul A. F. Walter; Mrs. Frost, Miss Pain, Miss Lukenbach, Superintendent C. J. Crandall and Graham H. Frost. They expect to return home tonight.

The Misses May Reynolds and Jean La Rue, of Las Vegas, after a pleasant visit here with Secretary and Mrs. J. W. Reynolds, returned to the Meadow City Thursday. The young ladies attended the house warming and reception by Governor Hagerman Wednesday evening last.

Mrs. T. B. Catron and son, Fletcher, who have been touring in the east for a month, will leave next week on an extensive trip abroad. They expect to be gone about a year and have planned to visit nearly all of the important cities of Europe. They are at present in New York City.

Charles Catron, Dr. Edward W. Christensen and the Misses Julia and Belle Christensen of El Paso, Texas, expect to leave Santa Fe Sunday for the Pecos where they will occupy Mr. Catron's cabin for a week's fishing. They will be joined later by Mr. and Mrs. A. B. Renahan and R. C. Gortner.

Mayor H. O. Bursum, of Socorro, intends to visit Albuquerque tomorrow for a consultation with Delegate W. H. Andrews on political affairs. Delegate Andrews expected to visit Santa Fe during the past week but press of business and the answering of much

delayed correspondence prevented him from doing so. He will be in Santa Fe some day during the coming week.

Mrs. H. E. Holdaway, of Chicago, who has been the guest of her sister Mrs. Fiske, left today for Las Vegas, where she will remain for two weeks visiting her mother, Mrs. E. D. Franz. She will then return to Santa Fe accompanied by her mother and will spend the remainder of the summer here before returning to her northern home.

Honorable and Mrs. W. T. Thornton, of Guadalajara, Mexico, reached the city yesterday for a sojourn with former Solicitor General and Mrs. J. P. Viator at their pretty home on Delgado Street on the south side. The ex-Governor and Mrs. Thornton have spent the past three weeks in Albuquerque, guests of District Attorney and Mrs. Frank W. Clancy.

Mr. and Mrs. Percy Hagerman, who arrived here Monday last from Colorado Springs in order to be present at the reception given by Governor Hagerman at the executive residence, Wednesday evening last, returned to their Colorado home yesterday. Mrs. Hagerman was rather indisposed, hence the shortness of their visit to the Governor.

Hon. and Mrs. James J. Hagerman, parents of Governor Hagerman, who recently visited this city, the Grand Canon of the Colorado and in Colorado Springs, returned during the week to their residence, the South Springs Manor, near Roswell. The entire trip was enjoyed by them, although Mr. Hagerman found the altitude of Santa Fe somewhat high.

Mrs. C. N. Blackwell and daughters, the Misses Elizabeth and Marion Blackwell, are entertaining a house party of girl friends at their Raton residence. The Misses Mildred and Artless Browne, of Las Vegas, and Miss Rosa Lemley, of Denver, are already of the party and Miss Olive Hensley, also of Denver, will reach Raton Monday. On the evening of that day, a dancing party will be given in honor of the visitors.

Watermelons, peanuts and bonfires were features extraordinary of the moonlight picnic on the heights of old Fort Marcy last Monday evening. Four couples perched upon the ruins of the fortifications and sang and talked until a late hour. The leading spirits were Mrs. Harding of Grand Junction, Colorado, the Misses Maude McFie, May Spitz and Hortense McKenzie; W. V. White, Charles Fairfield, Frank Crandall and C. L. Haberlein.

A party under the chaperonage of Mrs. L. Bradford Prince, which left here yesterday morning overland, reached Santo Domingo late last evening after a rather arduous trip; the members enjoyed their visit and the scenes a. the dance today, nevertheless, very much. It consisted of Mrs. L. Bradford Prince, Mr. and Mrs. William Bradford Prince, Mrs. Morris Thomas, Rev. J. W. Wasson, of New York, and Professor J. E. Garrison of Indianapolis, Indiana.

Los Balladores Club will give no more dances until October 1st. This was decided upon at a meeting of club members held in the office of Dr. Charles A. Wheelon, last Wednesday night. The members of the club say that owing to the absence of so many of the young social set from the city and to the fact that those who remain in the Capital are tired of dancing, this action was taken. It is not the purpose of the young men to disband the club as was reported.

Governor Hagerman, Territorial Secretary J. W. Reynolds and Attorney General W. C. Reid will start Monday for a tour on the line of the El Paso and Southwestern Railway and for a visit to the Dawson coal camps in Colfax County, by invitation of General Manager H. S. Simmons, of the El Paso and Southwestern Railroad Company and of Superintendent E. C. Carter, of the Dawson coal mines. The party will visit Dawson, Tucuman, Santa Rosa, Alamogordo, Clondorf and intermediate points. The trip will be made in General Manager Simmons' private car and will take up the coming week.

Cards have been received in this city by friends of the contracting couple announcing the marriage at St. Louis, Missouri, July 18th last, of Miss Lucille Niedringhaus to George Ingraham Drew. The bride and groom are members of two of the oldest and best families in the Mound City. The bride is a handsome and accomplished girl and the groom is connected in an important capacity with the extensive business establishment of his father in St. Louis. He has visited this city several times and is the brother of Miss Bessie Drew, a young lady who has spent several summers in this city and who has many warm friends.

Miss Richie Seligman, the charming daughter of Hon. and Mrs. Arthur Seligman, entertained at an informal dancing party last night in Adam's Hall. The occasion had been planned in honor of the eighteenth anniversary of her birth. Last Wednesday was her birthday but owing to the Governor's reception she postponed the celebration until Friday evening. Mrs. Arthur Seligman and Mrs. James L. Seligman, respectively mother and aunt of the young hostess, acted as chaperones and assisted in entertaining. The younger society was out in force for the soiree and the presence of so congenial a company added greatly to the pleasure of the occasion. Punch was served throughout the evening and during an intermission dainty refreshments were enjoyed. The dance program alternated between waltzes and two-steps, and all were enjoying themselves so much that they were reluctant to leave after the inevitable "Home, Sweet Home."

The guests were: Mr. and Mrs. James L. Seligman, Mrs. Lackner, Mrs. Lord, and the Misses Florence Spitz, Eugene McKenzie, Gladys Wiley, Eva Dougherty, Mary McFie, Esther Hodgson, Lotta Newhall, Mabel Easley, Ruth Laughlin, Amada Ortiz, Laura Bergere, Fern Enos, Dorisela Crandall, Dibertha Dibert, Cassie Cross, Laura Wood, Eve Wientge, Ada Harvey, Sylvia Morrison; Carl Bishop, Frank Newhall, Hugh DuVal, Rolland Wittman, Noyes Weltmer, Harry Hoyle, Henry Dendahl, C. L. Haberlein, Robert Stephenson, A. F. Siefgelberg,

C. W. Fairfield, C. C. Pierce, John Zook, Morris Thomas, Jamie Harvey, John McFie, Scott Dibert, Elmer Marsh, W. W. Corbett, Robert Garrett, Allen Fletcher, Henry Sanders and Graham Frost.

House Warming and Reception by Governor Hagerman.

Society of the Capital City was formally welcomed to the new home of Governor Hagerman, on Lincoln Avenue, Wednesday night from 8 until 11 o'clock and was charmingly received by the Governor, assisted by his sister-in-law, Mrs. Percy Hagerman, Colonel H. H. Betts, of Silver City, and Colonel Jose D. Sena, aides de camp of the executive. The reception will be long remembered as one of the most brilliant social events ever in the Capital. A well appointed luxurious executive mansion, handsomely furnished and beautiful, and many other features combined to make an extremely pleasing "house warming" to which the people of Santa Fe have looked forward since the day it was announced that the Governor had purchased the property he now occupies. The historic dwelling, once the home of officers in the days when the Fort Marcy Reservation was an army post, has been remodeled completely at considerable cost and is now one of the most modern homes in the city. The architects and decorators have left nothing to be desired in the way of comfort or beauty. The drawing room is fashioned after the colonial style and is finished in a delicate shade of blue. The library and study is in green white the dining room, one of the handsomest rooms in the building, is in mission style and perfect in every detail.

As the guests entered the executive residence, they were escorted through the hallway to apartments temporarily turned into cloak rooms.

The members of the receiving line informally greeted them in turn as they came to the reception room from the hallway. The building, ablaze with electric lights, was thrown open in welcome and the guests strolled through the elegantly appointed rooms, upon the spacious veranda, which had been enclosed for the occasion. Here and there, electric light bulbs added to the gala appearance.

In the library, Mrs. J. W. Reynolds presided over the large punch bowl, the contents of which were served in a most charming manner. The punch was one of the many delights of the evening. It was prepared by Mr. Adams, manager of the Alvarado Hotel at Albuquerque, who also furnished the salads, ice cream and ices; the beverage was found most excellent. The large table in the center of the dining room was daintily attended by Mrs. Max Frost and Mrs. Arthur Seligman, who served lobster and chicken salads very gracefully.

In opposite corners of the room, smaller tables were presided over by Miss Reynolds and Miss La Rue of Las Vegas, who served the guests with ice cream, ices, coffee and cakes. The male portion of the guests had not been neglected. Besides the punch which could not have failed to please an epicure, there was a plentiful supply of cigars and cigarettes upon the veranda and a number of chairs and settees to make the worshippers of "My Lady Nicotine" happy.

Music for the occasion was furnished by the Capital City Band which was stationed on the lawn beneath a large electric light. The players wore full dress uniforms and added to the brilliancy of the affair.

Simple, yet effective, were the decorations placed here and there through the house. Where possible they were made to conform with the coloring in which each room was finished. In the reception room, the delphinium, a blue flower, was an effective point of the florist's art. Sweet peas, asparagus greens and leaves were an attractive feature in the library. In the dining room an immense vase, filled to overflow with beautiful pink roses, occupied the center of the large table. Greens and sweet peas were also used in profusion.

All evening, the guests came and went, each welcoming the Governor to their midst as a citizen of Santa Fe and complimenting him upon the artistic and comfortable home which he had secured. Now that society has been formally introduced within the executive mansion, it is probable that it will be the scene of many a pleasing social affair.

At the conclusion of the reception, a number of the guests attended an impromptu dance at Adam's Hall where until an early hour, dancing was the general order.

It is impracticable to describe all of the handsome gowns worn at the reception but among them were the following:

Mrs. Percy Hagerman, beautiful Worth gown of black chantilly lace over white, empire style; Mrs. J. W. Reynolds, black velvet gown; Mrs. Prince, gray satin foulard with Duchess lace; Mrs. M. A. Otero, imported gown of white tulle, embroidered in silver over white satin and chiffon, skirt and bodice trimmed in water lilies done in silver and ribbon with centers of seed pearls and brilliants; Mrs. Frost, black lace gown over black silk, necklace of rubies; Mrs. Arthur Seligman, imported white embroidered chiffon over white silk, point lace trimmings, decollete, necklace of diamonds and pearls; Mrs. Fitchard, white flit net over pale blue silk with trimmings of blue ribbon and Empire wreaths of blue lace and rhinestones, decollete, necklace of pearls and diamonds; Mrs. H. H. Betts, of Silver City, white point desprit over white tulle; Mrs. A. M. Bergere, black lace gown; Mrs. J. G. Fitch, of Socorro, pale blue crepe de chine; Mrs. James L. Seligman, blue chiffon; Mrs. Paul A. F. Walter, white evening gown; Mrs. R. J. Palen, white crepe de chine trimmed with lace; Mrs. S. Spitz, light gray silk; Mrs. C. N. Lord, light blue chiffon; Mrs. William Bradford Prince, white gown; Mrs. W. C. Reid, white chiffon; Mrs. Arthur Treford, black gown trimmed in rare lace; Mrs. Amanda Chaves, white lace robe over white silk, pearl necklace pendants; Mrs. Edward Ehle, gray silk trimmed in white lace; Mrs. S. B. Grimshaw, pale blue silk, pearl

necklace; Mrs. M. O. Llewellyn, dove colored silk, trimmed in rare lace; Mrs. Harding, of Grand Junction, Colorado, white mull; Mrs. Holdaway, of Chicago, white lace; Mrs. Fiske white silk lace; Mrs. Bardshar, green evening gown with handsome wrap of white; Mrs. Allan McCord, white Paris mull over white tulle, elbow sleeves, finished with blue cornflowers; Mrs. A. B. Renahan, black jet robe; Mrs. Hiram Hadley, handsome black lace robe over white silk; Mrs. Louden of Montpelier, Ohio, dainty white Persian mull over chiffon and silk, profusely trimmed with hand embroidered flounces, black satin sash and black pompons completing a most becoming costume; Miss Reynolds, of Las Vegas, imported creation of white brussels net and lace chiffon with pearls; Miss La Rue

of Las Vegas, imported gown of white crepe de chine; Miss Elizabeth Massie, white lace; Miss McFie, delicate shade of pink silk; Miss Spitz, white silk; Miss Dye, black spangled net; Miss Morrison, silk grenadine; Miss Jennette Griffin, of Kansas City, ecora with lace; Miss Clara Olson, white evening gown; Miss Hortense McKenzie, light blue silk; Miss Esther Hodgson, of Roswell, black chiffon; Miss Nellie Doyle, of Milwaukee, white evening gown trimmed in lace; Miss Packer, of Boston, imported gown of heavy white silk brocaded in Dresden pattern, elaborately trimmed with lace motifs, decollete, necklace of amethysts; Miss Shirly Packer, of Boston, white silk voile over tulle, bouquet of pink and white carnations; Miss Linney, white, armure with Spanish lace.

MINOR CITY TOPICS

Miss Cora Williams, of Rowe, was among the visitors today in the Capital City.

Charles F. Darling of Alamosa, Colorado, was in the city today, coming to consult a physician.

Miss Grace Burrows of Durango, Colorado, was in the city yesterday, en route to Mexico.

The Santa Fe branch train was an hour late today on account of delayed connections at Lamy.

Simon Trejo, a farmer from Rio Arriba, was in Santa Fe yesterday on business at the land office.

Miss Grace Stultz, a healthseeker from Dayton, New Jersey, is a guest at St. Vincent's Sanitarium.

D. L. Murphy, of Albuquerque, was in the city yesterday; he arrived at noon and left in the evening.

The regular meeting of the Woman's Relief Corps will be held at Post Hall on Monday, August 6, at 3 p. m.

F. C. Barrow of Tampa, Florida, has come to this city for the benefit of his health, and expects to remain here a month or more.

Joseph Granito and daughter who were guests for some time at St. Vincent's Sanitarium, have returned to their home at Cerrillos.

Raymond T. Powell and John March, tourists from Columbus, Ohio, are among the visitors in Santa Fe. They will be here for several days.

A. Pink, of Los Angeles, a jewelry drummer who makes this city periodically, arrived here yesterday evening and is a guest at the Palace Hotel.

Mrs. J. W. Plintham, of La Jara, Colorado, was in the city today, accompanied by her visiting guest, Mrs. F. W. Smith of Buffalo, New York.

Mrs. Rafael Lopez has returned to her home in this city after a visit

of ten days as the guest of her daughter, Mrs. J. A. Lucero, at Espanola. Mr. and Mrs. Rawley, of Kansas City, arrived here a few days ago and are domiciled at St. Vincent's Sanitarium. They will be here for a week or ten days.

R. V. Boyle, an assistant in the office of A. M. Bergere, clerk of the First Judicial District Court, left yesterday on a vacation trip to the Pecos Reserve.

Miguel Ortiz received a letter this morning from H. L. Ortiz who is sojourning at Sulphur Springs. The latter writes that he is improving in health. He expects to be absent three weeks longer.

R. Pattillo arrived in the city last night and this morning assumed his new duties as telegraph operator at the local station of the Atchison, Topeka & Santa Fe Railway. Mr. Pattillo was transferred here from Wagon Mound.

A marriage license was issued yesterday by Probate Clerk Marcos Castillo to Miss Felicitia Ortega, aged twenty years, and Eugenio Callahan, aged twenty years, both of Santa Fe. Mrs. Guadalupe L. de Callahan gives her consent to the marriage of her son who is under age.

The remains of Mrs. Rafael Romero, whose death occurred at the family home in Mora, a few days ago, will arrive this evening in Santa Fe. Accompanying the body besides the deceased husband and two children is Mrs. Thomas Tucker, of this city, the mother of deceased.

Carpenters are busily engaged on the addition to the private sanitarium of Dr. J. M. Diaz. When the new building is completed there will be accommodations for thirteen more patients, making room for thirty in all. The old adobe houses in the rear will be torn down later on.

A deed from the city of Santa Fe to Francisco Gonzales y Chaves was filed for record yesterday by Chaves in the

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure.

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Send for free book containing information of priceless value to all expectant mothers.

The Bradford Regulator Co., Atlanta, Ga.

Mother's Friend

BARGAINS IN ORCHARDS AND RANCHES

Located in the Fruitful and Far Famed, Espanola Valley Thirty Miles North of Santa Fe.

The following orchards and farm properties in the famed and fruitful Espanola Valley in southern Rio Arriba County in the Territory of New Mexico, are for sale at a bargain. There are satisfactory reasons for selling. The section is one of the finest fruit and agricultural, not only in New Mexico, but in the southwest. The supply of water for irrigation purposes is ample and stable at all times. The climate is of the best. For particulars address R. C. Bonney, real estate and insurance agent, Espanola, New Mexico. The properties are:

No. 1, 45 acres; 15 acres in alfalfa, one acre bearing orchard; small house, well, barn and corral; all fenced and under irrigation; one mile from post office, two and a half miles to railroad station; price \$50 per acre.

No. 2, Full bearing orchard of 1,200 standard apple trees; six miles from Espanola; good house, barn, corral and packing house; produced 2,900 boxes of apples last year; irrigation from Rio Grande; price \$2,000.

No. 3, Seven acre orchard and market garden tract, one-half mile to town, railroad, postoffice, school and church; good six room house, barn, corral and packing house; a highly profitable business and a fine home; produces annually \$700 to \$900 in vegetables and price \$2,250.

No. 4, For sale sheep ranch of 520 acres with good fences and improvements, has excellent water, shelter, hay land and controls several thousand acres of fine goat grazing land. No better proposition for a paying sheep ranch in New Mexico.

No. 5, Twenty acres, having about ten acres of full bearing apples of standard varieties, peaches and plums, seven acres of good alfalfa and three acres garden land, good five room adobe house, well built and finished, good barn; the whole place almost entirely surrounded by a hedge of box elder trees which serve as a protection from the wind and add to the attractiveness of the place; produced last year over \$1,200; price \$2,250; one and a fourth miles east of Espanola.

No. 6, The "Espanola Garden," one half mile east of Espanola at \$2,250. This place is a full bearing apple orchard and market garden tract of seven acres; a six room house; telephone, barn, cellar, packing house, corral and wire fence and house for chickens. A beautiful and convenient home and a place to make good money, besides apples this place has cherries, pears, plums, quinces and large beds of asparagus, spinach and rhubarb. The vegetable products alone of this place bring in annually \$750 to \$900. The net receipts last year in vegetables and fruit were over \$500. Terms cash.

LAND WANTED.

Can make quick sales if price is satisfactory of following properties:

Coal Lands, Timber Lands, Grazing Lands, Colonization Lands, Mining Properties.

Properties must be large and of established value.

HOUSES TO RENT.

Houses to rent, lease or for sale, furnished or unfurnished, good locations. Call on the reliable firm, Hughes & Delgado. Office west side of Plaza.

FOR SALE CHEAP—One team of mules, 8 years old, weight 1,200 pounds, wagon and harness. Must be sold in ten days. Inquire Miguel Ortiz, P. O. Box 344. \$7.

If you have anything to sell, rent or exchange use the "Wants" columns of the New Mexican.

"Make Hay While the Sun Shines."
 There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Stomach Troubles and Constipation.
 No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but, thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of these tablets and get well and stay well. Price 25 cents. Samples free. For sale by all druggists.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin disease this salve is unequaled. For sale by all druggists.

Summer Diarrhoea in Children.
 During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

SAN JUAN EXCURSION TO SALT LAKE CITY.

Stopovers allowed north of Pueblo in either direction. To Denver and return \$22.50. To Pueblo and return \$17.50. To Colorado Springs and return \$19.50.
F. H. McBRIDE, Agent.

THE KITCHEN.
 You could eat from the Bon Ton Hotel kitchen floor. Cleanliness counts so much with all of us. But the Bon Ton Hotel and Lunch Counter management goes much further than cleanliness. Our aim is to serve our patrons with the best food possible—dainty, yet substantial. To see that they live and sleep in cheerful, airy rooms. To surround them by all that is pleasant and refined. And they also have for use the handsome parlors, library, buffet and smoking room. The Bon Ton is just like a great big happy home. Yet all these luxuries and privileges are at your service at minimum rates.

CAUGHT WITH A HOOK.
 A fine mess of speckled beauties were received at the Bon Ton from an old time friend who sent them to the manager that they may be served to the patrons of this popular place. Call and get them now while they are fresh. They have a cook that knows how to fix them, and if you want a real treat in the eating line, why just give them a call, and you will be twice as glad.

The New Mexican Printing Company is prepared to fill promptly and satisfactorily all orders for engraved visiting cards, marriage announcements, invitations and all work of that kind. Prices as low as compatible with good work. Call at the New Mexican office and examine samples and prices.

A "want ad" in the New Mexican brings sure results.

NEW MEXICO HAPPENINGS

Quay County.

It was reported Saturday that 134 head of horses were driven out of the Territory Friday, crossing the line into Texas at Endee. The herd contained 65 different brands and was driven by five men. They drove away three of W. M. Moore's fine colts from Quay County, with the herd. The territorial police have been notified of the matter and it is believed that the outfit will be caught before they dispose of many of the horses.

Sam Hardwick, of Tucuman, said to a homeseeker on the street the other day: "I'll tell you what I have down at my place, I have a sunflower so big that my dog treed a rabbit in the stalk, and the chickens are roosting in the branches every night. Kansas is not in it with this country in growing sunflowers or anything else."

Colonel T. W. Heman has interested the Elks of Tucuman to put in club rooms and the second story of the Israel building when completed will be secured if possible for this purpose. A committee has been appointed to carry out the plans of the local organization. The members of the committee are C. C. Davidson, J. A. Street, and W. F. Buchanan.

D. W. Brunley, of Tucuman, had an apoplectic stroke Wednesday night and fell near the Gross, Kelly store and lay out in the rain all night. He was in a serious condition when found next day. His relatives, thirty miles south of town, were notified. He died last Thursday evening at 8 o'clock and was buried in the Tucuman Cemetery.

Torrance County.

The Normal Institute, which was necessarily closed by Professor Vert having been called home on account of the serious illness of his daughter was re-opened last Saturday morning under the leadership of Rev. J. W. Campbell at Estancia.

Dr. A. L. Hazen, of New Kirk, Oklahoma, and C. A. Hickman, of Hunkley, Missouri, were in the Estancia Valley last week and made a trip to Mountainair looking over that part of the country. They fled on horseback south of Estancia and will bring their families to make their home in the valley in the near future.

At the meeting of the Artesian Well Company recently, stock was issued to all the subscribers present. The matter of adopting by-laws was taken up, but was not necessary deferred by the absence of Mr. Ross, who has the proposed by-laws with him.

S. H. Pickens, of Estancia, who has been running the well drill for R. N. Maxwell was called to Las Vegas the first of the week, by a telegram that his son was hurt. Further word is that the son, M. E. Pickens, who was working as brakeman on the Santa Fe, fell under an engine last Sunday morning and suffered the amputation of his right arm. He had been braking only a short time.

Last week the huge tank which the Lantry-Young Contracting Company recently erected at Estancia near the railroad crossing fell. It held more than eighty-five thousand gallons of water. Luckily no one was near enough to get hurt, but several got a free bath. The little office now used for a depot was washed back sixteen feet. The tank is a total loss as the timbers and staves were broken into splinters.

ANCIENT ARROW HEAD OF TOPAZ

A Much Prized Ornament of Mrs. Antonio Joseph of Ojo Caliente.

A pin made of an arrow-head of smoky topaz which she wears at her throat is one of the most treasured articles in the possession of Mrs. Antonio Joseph of Ojo Caliente, whose husband represented New Mexico for 10 years as a delegate to congress, and who is well known in Santa Fe. She prizes it more than any of her diamonds. Mr. Joseph found the arrow-head in a room of a dilapidated house forming part of an Aztec village which is on their property near Ojo Caliente. In the same room were also found several skeletons, gruesome reminders of a now extinct race of people, which had doubtless lain undisturbed in the ancient adobe for centuries.

While in Denver recently in company with her son, Antonio, Jr., Mrs. Joseph was interviewed by a reporter of the Denver News, and what she had to say will be of interest to her many friends throughout New Mexico. "The News" story follows: "A sunny faced little woman in fawn colored cloth gown sat on a couch at the Douglas recently and talked interestingly of nineteen years of life in a territory.

"Mrs. Antonio Joseph, wife of the man who was for ten years Democratic delegate to congress from New Mexico, is a small woman, with a broad, open forehead, a keen, bright eye, and a lovely smile. Her soft wavy hair shows a few of the besting threads of time." She has the face and the conversation of an able woman of business, and an accomplished mistress of affairs. She is accompanied by her son, Antonio, Jr., a handsome boy of 17, and a talented amateur musician.

"Mrs. Joseph first saw Denver nineteen years ago, when as a bride, she bought her first wedding outfit at a store which was a good deal smaller store than it is now. Since then, although much of her time has been spent in Washington, her home has always been at Ojo Caliente.

"Domestic help, a problem in the city, a puzzle in the rural private home, rises to the level of a ghastly conundrum in a country hotel on the southwestern frontier. The sword that cuts the Gordian knot is often the skilled right hand of Mrs. Joseph, forced to the bread board or the dough pan with a house full of guests. A humorous smile curves her lips as she remarks that a good sized amusing book could be written of her nineteen years' experience with cooks at Ojo Caliente.

Idiosyncrasies of Cooks.
 "Cooks seem as a class subject to

all sorts of peculiar things," said she meditatively. "They are different from any other kind of help in that. Most of them drink, and those that don't, generally have some terrible thing the matter with them. I have had a dozen or so that would get drunk, and several who went crazy. It is interesting to wake up in the middle of the night and find your cook charging through the house, armed with a large carving knife which she is anxious to use on the first person who presents himself. That is what happened with one cook of mine. And she kept declaring that she was a cousin of Grover Cleveland; which was impolite, to say the least, in a Democratic family. The Chinese don't seem to turn out any better than the rest, though I have a Chinaman now who is a jewel. I prefer negro help myself, because I was brought up with it, and know how to get along with it. As for the Mexicans, they are the nearest people in the world in their own homes. In nineteen years of residence among them, I never saw a Mexican home out of order."

"So altogether Mrs. Joseph has an interesting time with her help, and quite frequently takes a little drive of forty or fifty miles up into Colorado, to seek a girl among the Mormons or elsewhere who is willing to sink her pride sufficiently to reign supreme in the kitchen and earn big wages.

Social Life of Southern Women.
 "She has also seen the rise of women's clubs of which she says every New Mexican town has its representative, generally a literary club. In Santa Fe, however, the Woman's Board of Trade has accomplished much practical work along city improvement lines. As to equal suffrage, she says that curiously enough the Mexicans are natural suffragists. 'It seems to come perfectly natural to a Mexican woman to take an interest in politics,' said she, 'and perfectly natural to the men to have them.'"

Weddings in Wales.

Many and curious were the old customs in Wales relating to marriage. The following is an account of the bidding ceremony, an old custom which is said to be celebrated even to this day in rural parts of Wales: The bidder goes from house to house with a long pole and ribbons flying at the end of it, and standing in the middle door in each house he repeats a long lesson with great formality. He mentions the day of the wedding, the place, the preparations made, etc. The following is a specimen: "The intention of the bidder is this: With kindness and unity, with decency and liberality for — and — he invites you to come with your good will on the plate. Bring current money—a shilling or two or three or four or five—with cheese and butter. We invite the husband and wife, children and man-servants, from the greatest to the least, come there early. You shall have victuals freely and drink cheap, stools to sit on and fish if we can catch them, but if not hold us excusable, and they will attend on you when you call upon them in return. They set out from such a place and such a place."

An Oddity in Tones and Digits.
 There is one curious fact respecting the animal creation with which you will never become acquainted if you depend on your text books for information. It is this: No living representative of the animal kingdom has more than five toes, digits or claws to each foot, hand or limb. The horse is the type of one-toed creature; the camel of two-toed; the rhinoceros of four-toed animal life. The elephant and hundreds of other animals belonging to different orders belong to the great five-toed tribe.

CLOUDCROFT BEAUTIFUL.

Most Comfortable and Elegant Summer Resort in the Sacramento Mountains.

The following from the pen of Miss Libbie Taylor a graduate of the Loretto Academy of this city is noteworthy and of literary merit. As Miss Taylor made many friends in this city, the New Mexican republishes the item:

The Cloudcroft wood-god stands Joy writ on his calm, cool forehead, With eager beckoning hands Outstretched to the world beneath him.
 The world of toil and strife, Beckoning upward and onward To the higher and purer life.

Cloudcroft is to the average tourist what Eden must have been to our first parents after the fall—a spot where sweet contentment reigns—a haven of rest to be lovingly treasured in the heart and "embalmed in the lavender and old rose of sweet remembrance." Situated ideally, as it is, at the very summit of the Sacramento, the climate is delightful throughout the summer, which always passes too swiftly at Cloudcroft.

The season opens in June, but the regular influx of enthusiastic visitors begins the first of July, that now meriment is in the Cloudcroft air and the jolly good times have fairly begun. We were there last week and this unique summer resort is really eclipsing itself by the unusual gaiety and social stir of the season. Cottages are filling up rapidly, and the excellent hotels, "The Lodge" and the Virginia, are delighting their multitudinous guests, and are doing a fine business. Many live in the snug and home-like tents that are for rent upon the grounds, enjoying a closer contact with nature, an ever varying scene of beauty at that favored spot. The famous "Tuloso" sands are plainly visible from Cloudcroft and are a source of wonder and admiration to every spectator. They are a stretch of creamy, shifting sands about thirty miles long and closely present the appearance of billows on the ocean. The Pavilion is another attractive feature, the dining room of the Lodge being connected with it, and there is a splendid dancing hall, with an immense fireplace at one end, where the young and old alike make merry. In the crisp cool evenings big pine logs are heaped upon the grate and frons and all gather about the hearth to chat and enjoy themselves, generally. A band was installed early last month but the music did not quite suit the fastidious management and another was engaged for July and the ensuing season, an exceptionally fine band that will disperse music at six o'clock dinner and throughout the delightful evenings. At the Pavilion a piano stands in the corner and all may use it who wish. The primitive woods ring daily with the shouts and laughter of picnickers or parties of merry horseback riders. Cloudcroft is accessible from El Paso via Alamogordo, and is altogether an ideal spot in which to find quiet (if you wish it) as well as constant diversion and a royal good time. Railroad leading there have made very cheap rates, and cost of living at Cloudcroft is extremely moderate considering the choice accommodations, the charming scenery and delightfully cool climate.

There Mother Nature claims her own And man, her child of dust Frolics and laughs because he can And even because he must.

PECOS VALLEY ARTESIAN BELT

Interesting Treatise on the Subject By C. S. Fisher of the Geological Survey.

An interesting report on the geology and underground waters of the artemesian basin in the vicinity of Roswell, New Mexico, has just been issued by the United States Geological Survey as Water Supply and Irrigation Paper No. 158. The area described extends from a point 5 miles north of Roswell to below the mouth of Seven Rivers. In this paper, which may be obtained on application to the director of the United States Geological Survey, Washington, D. C., are discussed the source and character of the artesian water, the relation of the rock formations to the occurrence of underground water, and the prospects for obtaining flowing wells. The area of flowing wells is indicated on the map, and records of representative wells are given in order to show the character and succession of the water-bearing beds. The paper contains also information regarding surface waters available for domestic and irrigation purposes, a description of the irrigation systems, and a brief account of the climatic and agricultural features of the region. The report is the work of C. S. Fisher, of the hydrographic branch of the Geological Survey.

TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Ireland's Pharmacy.

Pink Lips Like Velvet, Rough, Chapped or Cracked Lips, can be made as soft as velvet by applying a light coating of Dr. Shoop's Green Salve. It takes out completely the soreness of cuts, bruises, and all skin abrasions. Sold by Fischer Drug Co.

What a New Jersey Editor Says:
 M. T. Lynch, Editor of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicine for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." Ireland's Pharmacy.

The disgusting discharges from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalypti, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream, making a catarrhal balm unequalled. Sold by Fischer Drug Co.

Laxatives—A Candy Bowl Laxative.
 If you have Constipation, If you have a coated tongue, If you are dizzy, bilious, sallow, If you have Headache, Sour Stomach, etc., risk 5 cents on Lax-ets. See for yourself. Sold by Fischer Drug Co.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

We are extremely anxious to have our customers try a package of our most excellent cereal coffee. Dr. Shoop's Health Coffee is designed particularly for nervous trouble, stomach, liver, and kidney complaints invariably aggravated by coffee drinking. Health Coffee consists of pure toasted grains, malt, fruits, etc. The flavor is of true old government Java coffee, yet, not a grain of true coffee is used. Sold by Cartwright-Davis Co.

Hay Fever and Summer Colds.
 Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you, it will give instant relief. The genuine is in a yellow package. Ireland's Pharmacy.

If your Stomach is weak, If your Food distresses you, If you are Weak and Nervous, Use Dr. Shoop's Restorative for one month and see what it does for you. Sold by Fischer Drug Co.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can anyone do.

Men Past Sixty in Danger.
 More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's doings. It is a good paper to send to your friends.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

GROCERS, BAKERS, BUTCHERS!

CARTWRIGHT-DAVIS CO.

No. 250 San Francisco Street.
Grocery Telephone No. 4. Meat Market Telephone No. 49.

BUSY MONTH AT LOCAL LAND OFFICE

Greater Amount of Business Than During June—61 Homesteaders To Torrance County.

July has been a busy month at the local land office. A great deal more business was transacted there last month than during the month of June. The Estancia Valley is still catching most of the homesteaders. Of 174 entries during the past month 61 were made in Torrance County. Mora County is second on the list with 31 and San Miguel County occupies third place with 18. Homestead entries were recorded in every one of the fourteen counties in the district. The business for the past month in detail is:

Homestead entries, 174; acres, 24,984; final homestead entries, 8; acres, 962; desert land entries, 17; acres, 2,100.
The homestead entries were divided among the counties of the district as follows: Bernalillo, 5; Colfax, 3; Guadalupe, 10; McKinley, 11; Mora, 31; Rio Arriba, 2; Sandoval, 3; San Miguel, 18; San Juan, 10; Santa Fe, 12; Socorro, 2; Taos, 3; Torrance, 61; Valencia, 3.
The final homestead entries were: Bernalillo, 2; Colfax, 1; Mora, 2; Rio Arriba, 1; San Miguel, 1; San Juan, 1.
The desert land entries were: San Juan, 9; Guadalupe, 1; Torrance, 7.
The total number of homestead entries since January 1st is 1,679, acres entered, 151,510. Total number of final homestead entries, 169, acres entered, 16,515. Total number of desert land entries, 143, acres entered, 18,224. The total number of entries of all kinds since January 1, 1906, is 1,278, acres entered, 184,305.

ELKS' EXCURSION TO SANTA CLARA

Hand Bills Being Distributed Enumerating the Many Conveniences To be Enjoyed.

Santa Fe Elks have had hand bills struck off advertising their excursion via the Denver and Rio Grande Railroad to Santa Clara, Sunday, August 12. A special train has been chartered to carry the delegation from this city on that day, which is the date of the annual observance of the feast of Santa Clara. The rate for the round trip has been placed at the nominal figure of \$1.50.

According to the schedule that has been arranged, the train will leave the union depot at 8 o'clock in the morning, and returning arrives at 9 o'clock in the evening. Tents and awnings for shade have been provided and those who do not care to take lunches with them will find ample refreshments on the grounds. The Capital City band has been engaged to furnish music for the occasion.

The Santa Clara, San Juan and San Ildefonso Indians will join forces in this celebration and in addition to various tribal dances there will be a match race between the various pueblos represented. The dances include a sun dance, a war dance and an eagle dance.

The hand bills tell of an irregular program arranged by the Elks. It is as follows:

First—Push the train over the hill to slow music by the Capital City band.

Second—Take a drink at the Rio Grande. (Those desiring to swim will be furnished with Indian bathing suits on application to Agent Barney).

Third—Rainbow dance. (Weather bureau will furnish the rain) by consent of Jay-Bird Sloan.

Fourth—Elks' dance. Tom-Tom (Gable) accompaniment.

Fifth—Chicken and ham sandwiches green chili, watermelons, cucumbers, ice cream, cake, Elks' milk and anything else you may desire to bring along.

Sixth—Elks' song learned at Denver reunion "We are here because we're here" with chorus.

Seventh—"Sweet Chiming Bells" by J. H. Vaughn. (If requested).

Jose D. Sena Thomas J. Gable and O. C. Watson are advertised as the official chaperones of the party.

BISHOP PITAVALL ASSISTS AT PECOS CHURCH DEDICATION.

Right Reverend J. B. Pitaval, bishop of the Catholic diocese of Santa Fe, officiated at the blessing Tuesday of the new church at Pecos. The new edifice is built of stone and is ornate appearance and a structure of which the Pecos parishioners are justly proud. The Reverend Father Edward Paulhan is pastor of the new church.

WYOMING MAN DREW FIRST CHOICE OF SHOSHONE LANDS.

Lander, Wyo., Aug. 4.—Hans Berlin, of Laramie, Wyoming, drew number one here this morning in the lottery of the Shoshone Indian reservation homesteads. The drawing of the names began at 9 o'clock and is proceeding rapidly.

MUST USE EAST LAS VEGAS

In Order to Obtain Prompt Mail Delivery to Residents of That City.

There is trouble and more coming over addressing letters and other mail matter to residents of East Las Vegas. People seem to have forgotten that there are two postoffices in what is generally called Las Vegas, namely the one in East Las Vegas and the one in the town of Las Vegas proper. In order to have mail promptly and properly delivered all correspondence to residents of East Las Vegas should be addressed plainly "East Las Vegas." The Office has the following to say on the matter:

"The postoffice authorities have done all they could to induce residents of this city to urge their correspondents to address letters 'East Las Vegas.' For some time every letter received at the city postoffice bearing the address 'Las Vegas' has been stamped 'Have Your Letters Addressed East Las Vegas.' The number of citizens who received letters today marked 'Misdirect to Las Vegas' is good evidence that there will be bushels of trouble of the kind once before known here. Attention should be paid to this matter by all dwellers in the city, but under the best circumstances there will be much delay and confusion."

MARKET REPORT.

FARMERS' UNION GETS EVEN

Chairman of Texas Railroad Commission Defeated for Re-nomination in Recent Primaries.

News comes from Austin, Texas, that Judge L. G. Storey, member of the railroad commission, has been defeated for re-nomination by William D. Williams, of Fort Worth. Judge Storey has been a member of the commission for twelve years, and has been chairman of that body since the retirement of the late Judge J. H. Reagan, four years ago. His defeat is attributed to the vote of the Farmers' Union going against him because he opposed some of their demands for freight rate readjustments. Mr. Williams, the successful candidate, is a lawyer, and has won considerable reputation as a writer of short stories.

MOUNTED POLICEMAN ARRESTS TORRANCE MAN.

A telegram was received at the office of the New Mexico Mounted Police today stating that a man named Samuel Goldston had been arrested at Torrance by Mounted Officer Richard Huber. It is understood that the man was wanted for robbery.

CONGRESSMAN LONGWORTH AND WIFE EN ROUTE HOME.

London Aug. 4.—Duke of Rutland, John James Robert Manners died today. He was born in 1818.

OFFICIAL MATTERS.

Governor Appoints Delegates to Meeting of Prison Association.
Governor Hagerman yesterday appointed the following delegates to attend the annual meeting of the National Prison Association at Albany, New York, September 15: J. E. Woods, Father Babeyrolle, Frank Dibert, Santa Fe; John Becker, Jr., Belen; Mrs. Mary Jane Borden, Albuquerque. The National Prison Association is really a semi-official organization and its meetings have been held annually since its organization twenty-three years ago. As its sessions heads of penal institutions, prison wardens and guards as well as all those interested in the betterment of prisons, morally and otherwise, meet to exchange views. An elaborate program has been arranged for this year's meeting.
