NEW MEXICO BOYS IN FIRST BATTLE

At Camp Mabry-- Captured Enemy in Hard Fight.

SANTA FE SOLDIER HURT

A. T. Read Fell From Austin Street Car--Troops Are Imposing Sight.

By Staff Correspondent R. E. Boothe.
Camp Mabry, Tex., Aug. 10.—"Com-
pany fix bayonets! To the charge!
Forward—double time—March!"

No sweeter sound ever fell upon the
ears of tired, dust covered khaki uni-
formed "Doughboys" than the above
from the lips of Captain E. C. Abbott,
after he had marched for fifteen miles
all over the State of Texas, chasing
a foe that existed only in the imagina-
tion of certain staff officers who sat
astride their steeds and grinsly
watched the slaughter.

The Santa Fe boys, members of Com-
pany "F," First Infantry, New Mexico
National Guard obeyed promptly.
They swept down the rock strewn
mountain side and out upon the road-
way; then they saw the enemy, a wag-
on load of the finest watermelons that
ever blushed a greenish hue as the
sun kissed them and nothing more
formidable than a big Texas farmer
commanding. After a desperate fight
he was defeated and retreated in dis-
order. The watermelons resisted to
the last. One by one however they
were taken from the wagon by the
brave New Mexico veterans, who bath-
ed their bayonets in gore to the hilt.
Captain Abbott, who charged at
the head of his men,
gallantly singled out the largest
one (watermelon) and after a
desperate hand to hand struggle came
off victorious having dispatched the
foe with his sword. He was not
wounded. The company was promp-
tly ordered to "Fall out" and bury
the dead which was done with "mili-
tary honors," all members of the com-
pany participating. This finished, the
boys gathered about the graves of the
fallen, and gave three hearty
cheers for "Our Captain." Owing to
the sense of modesty, the "little skir-
mish" was not reported at brigade head-
quarters as New Mexico's loss was small.

The above and many like humorous
incidents have served thus far to break
the routine of camp life and make the
boys forget that "hiking is work."
Fine Education for Young Americans.
Seriously though, the maneuvers at
Camp Mabry are the finest
schooling possible a young Ameri-
can, that in the time of war
he may have a rudiment-
ary knowledge of what he may be called
upon to do. The New Mexico boys
are a credit to their Territory. They
have marched, worked, and done guard
duty cheerfully and well.

Bacon, beans, hardtack "bull neck"
and coffee do not compose the most
delectable bill of fare yet there has
not been any waste of sighs and tears
for cooking "like mother use to do."
"G" Company from Santa Fe consist-
ed of fourteen men and two commis-
sioned officers until its arrival at
Camp Mabry when it was detailed with
"A" company of Las Cruces, mak-
ing a total of 35 men under command
of Captain Abbott. The trip to Austin
was uneventful except for the fact that
Sergeant Charles Viera, of Santa Fe
issued a formal challenge to any one
on the train for a clog dancing con-
test which he won.

Captain Abbott has gained popular-
ity by his considerate, though strict
enforcement of military regulations.
Incidentally it might be stated that he
bought out a pie counter for the com-
pany, which did not in the least de-
tract from his standing. The boys
were hungry.

killed last night by a train which
he was about to board at Englewood,
to go to Rex Terrace, Michigan,
where his family is spending the sum-
mer. In his pocket was a newspaper
clipping containing an account of the
death of Webster Babbellor, of San
Francisco who had left Shippey \$100,

STEAMER WRECKS MONSTER BRIDGE

At Duluth—One of Longest Piers in
The World Thrown into Water
Blocking Harbor.

Duluth, Minn., Aug. 11.—The steamer
"Troy," collided with a span of the inter-
state bridge early today, precipitating
it into the channels on either side of
center pier so it is impossible even for a
tug to pass this cutting off communi-
cation between Duluth and Superior.
Forty steamers in the upper harbor are
cut off from the lake. The bridge is
owned by the Great Northern railroad
and the span was one of the longest in
the world.

Later small boats succeeded in get-
ting through and the ferries are run-
ning.

WORK PROGRESSING ON NEW JAIL

Building Will be Completed Accord-
ing to Contract--Contractor Laughlin Here.

Work is progressing very satisfac-
torily on the new county jail building.
The concrete work on the cell house
will soon be completed and brick ma-
sons will begin work on the residence
portion of the building some day next
week.

"We expect to have the building fin-
ished on time," Contractor John A.
Laughlin remarked this morning to a
reporter of the New Mexican. Mr.
Laughlin arrived in the city last night
from Trinidad, in company with W.
M. Rapp, of the architect firm of I. H.
and W. M. Rapp, which designed the
new jail structure.

"We have the concrete on the cell
house little over half done already,"
Mr. Laughlin continued when asked
for information concerning the work
being accomplished. "While the cell
house is only one story it is the height
of two. When it is completed and the
concrete has hardened a man will not
be able to bore a hole through it in
twenty-four hours. The brick masons
will start to work the middle of next
week on the residence part of the building."

Mr. Laughlin is just finishing up a
large concrete job at Trinidad. It is
nothing more or less than building a
high wall along one bank of the
Animas river that flows through
the city to protect its business portion
from a repetition of the disastrous
flood of a few years ago. This wall
will be four and one half blocks in
length when completed or a distance
of one thousand, four hundred feet.
The wall is being made four feet thick
at the base and tapers until it is one
foot thick at the top. It will be twenty-
one feet high and will cost the city
about \$20,000.

This protecting wall is being built
in practically the same way as the
cell house of the new county jail here.
It is claimed that a concrete wall
which is thus reinforced is as strong
as an ordinary stone wall six feet
thick. Steel rods are placed in both
vertical and horizontal positions. In
the cell house the vertical rods are
being placed two feet apart and the
horizontal rods one foot apart.

As evidence of the strength of the
reinforced concrete walls Mr. Laughlin
tells of a recent experience he had
in Trinidad. In building this river
wall one portion of it was found to
have bulged out slightly. As the con-
crete had only been dumped in the
day before and was still "green," he
thought that he could straighten out
the kink with the aid of a plank and
a couple of jack-screws. He tried it
without making the slightest impres-
sion on the wall. The wall has already
proved its usefulness during the recent
high water. Notwithstanding the
fact that there was no earth to re-
inforce it the wall was capable of
withstanding the immense pressure
brought against it and there is not a
single crack in its entire length.

Messrs. Laughlin and Rapp expect
to finish their business here today.
The former will return to his home at
Trinidad, while the latter will stop for
a few days at Las Vegas. I. H. Rapp,
who has charge of the office of the
firm in the Meadow City is at present
touring with his wife and other rela-
tives in Europe.

SHOT AT GRAND DUKE NICHOLAS

One Hundred Shots Fired by Imperial Guards.

NUMBER SOLDIERS ARRESTED

On Charge of Attempted As- sassination--Murder and Robbery at Warsaw.

St. Petersburg, Aug. 11.—Grand
Duke Nicholas Nikolaievitch, presi-
dent of the council of National De-
fense, narrowly escaped assassination
yesterday afternoon at the hands of
the imperial guards in the Grand Camp
at Krasnoye, Selo. It appears that
the Grand Duke was viewing the man-
euvers and putting the troops
through blank firing practice when he
suddenly was startled by a wisp like
sound, the hissing of bullets about his
head.

Neither Duke Nor His Horse Injured.
Fortunately neither himself nor his
horse were touched. The command to
cease firing was immediately given
and the soldiers of the regiment from
which the bullets came were marched
back to their quarters. An investiga-
tion was made and it is said that sev-
eral arrests followed. "It was no more
of an accident," said one of the
Grand Duke's aids, "than was the fir-
ing of a charge of grape shot from a
saluting battery at the Winter Palace
on the occasion of the blessing of the
waters of the Neva by the Emperor a
year and a half ago." The bold attempt
on the life of the Grand Duke caused
an immediate change in the plans of
the Emperor who had arranged to go
to Krasnoye, Selo today.

Fired Over 100 Shots But All Went
Wild.

Fully a hundred shots were fired
but the impatience of the conspira-
tors led them to open fire at such a
distance as to frustrate their object.
Before the maneuvers began all ball
cartridges were taken from the troops,
the officers searching the cartridge
pouches of the soldiers.

Murder and Robbery Daily at War-
saw.

Warsaw, Aug. 11.—An incredible
state of affairs reigns at Warsaw and
Lodz. The inhabitants are at the
mercy of bandits, anarchists and ter-
rorists. Murders and robbery reports
which are not published, occur daily.
2,000 Sailors and Soldiers to be Court
Martialled.

St. Petersburg Aug. 11.—After a pre-
liminary investigation the Military and
Naval prosecutors have decided to try
by court martial no less than two
thousand soldiers and sailors who par-
ticipated in the Cronstadt and Sveaborg
mutinies. The prospects of the men,
however, have been brightened by the
decision of the Emperor to appoint two
extraordinary commissions to investi-
gate the causes of the outbreaks at
Cronstadt and Sveaborg and to deter-
mine responsibility for the demoralization.
High officers of the government are of
the opinion that the officers are more
to blame than the men.

BOY BANK ROBBER TO PENITENTIARY

W. N. Harvey Age 19 Stole \$1,000 and
\$200,000 Worth of Non-Negotiable
Securities.

New York, Aug. 11.—Wheeler N.
Harvey, the nineteen year old clerk and
messenger of the First National Bank
of this city, who about two months ago
stole \$200,000 worth of non-negotiable
securities and a thousand dollars in
cash and checks, was sentenced yester-
day to an indeterminate period in the
Elmira Penitentiary after pleading
guilty to grand larceny.

HUNGRY SOLDIERS COMING HOME

Judge McFie Receives Dispatch from
His Son Who Wants a Full
Larder.

Judge John R. McFie received a dis-
patch at 4 o'clock this afternoon from
his son John who is a member of Com-
pany F 1st Regiment of Infantry New
Mexico National Guard, informing him
that the Battalion leaves Austin this
evening at 6 o'clock homeward bound
and that he and comrades for the time
being are hungry and would be more so by
the time he reaches the Merit residence.
Judge McFie thinks that there are
others in Santa Fe who might profit by
this dispatch and do as he would do,
namely carry out his son's request.

lieve in an honest and economical
administration of public affairs are
requested to participate in said pri-
maries, and to send representative
citizens of the respective counties as
delegates to said convention.

J. H. CRIST,
Chairman.

CHAS. F. EASLEY,
Secretary.

Secretary Charles F. Easley of the
Democratic Territorial Central Com-
mittee stated this morning that he
had named four of the committee of
five which he was authorized to ap-
point for the purpose of conferring on
the statewide question with any other
party organization in New Mexico. He
expects to be able to give out the
other name within a few days. The
four he has already named have signi-
fied their willingness to serve on the
committee. Hon. W. S. Hopewell of
Albuquerque has been selected as
chairman, and the others are: J. H.
McCutecheon, of Albuquerque; Antonio
Lucero, of Las Vegas, and J. A. Ma-
honey, of Deming.

SECRETARY TAFT TO VISIT WEST

With Chief of Staff Bell He Will In-
vestigate Feasibility of Bri-
gade Posts.

Washington, D. C., Aug. 11.—Secre-
tary Taft, accompanied by Brigadier
General Bell, the Chief Staff, will make
a tour of inspection of the middle west
early in autumn to study the brigade
posts and changes necessary to assem-
ble the troops in large posts, thus doing
away with the minor forces. The
secretary will go far as Fort D. A. Rus-
sell, Wyoming.

KILLED CRAIG IN DEFENSE

Of Relative, Says Juan Montoya y Castillo.

SHOOTING NEAR MAGDALENA

At the Carrizal Ranch Thurs- day Evening--Officers Investigating.

Asserting that the shooting was
done in self-defense to protect the
members of his wife's family, Juan
Montoya y Castillo, who was arrested
for the murder of "Tom" Craig, went
to Magdalena and gave himself up to
Deputy Sheriff Henry Dreyfus. The
shooting took place at 9 o'clock Thurs-
day evening at the Carrizal ranch,
twenty miles northwest of Magdalena.

On the evening of the tragedy Craig
and a companion whose identity has
not been learned, appeared at the
Carrizal ranch, the home of Juan
Chavez y Baca, Craig and his unknown
friend made inquiries as to the
whereabouts of McBride's ranch. Af-
ter being furnished with the desired
information they asked if they could
get something to eat. Although it was
after supper time, true native
hospitality was accorded them, and the
woman folks prepared supper for
the two unbidden visitors. When asked
what their names were they refused
to tell, although one of them was
recognized as "Tom" Craig. They
left the house in a few minutes later
ostensibly to fix their saddles prepar-
atory to resuming their journey on
horseback.

Actions Were Suspicious so Arms
Were Seized.

The actions of the two strangers
aroused suspicion in the mind of Juan
Montoya y Castillo, a son-in-law of
Mr. Chavez y Baca, and he went to his
home a few yards away for his
revolver. He had scarcely got inside
the hallway entrance when the two
wayfarers appeared and opened fire
on his father-in-law and brother-in-law.
He returned the fire. One of them
broke and ran when he saw this un-
looked for interference. When Montoya
y Castillo returned to the house he
found that Craig had thrown his father-
in-law down and was beating the
aged man over the head with a pistol.
Taking deliberate aim he fired at
Craig and the bullet entered the
man's head. Craig died instantly.
Juan Chavez y Baca in Serious Con-
dition.

Juan Chavez y Baca is said to be in
a dangerous condition as the result of
the murderous attack and it is doubt-
ful if he can recover from the in-
juries inflicted. He had been in the
habit of keeping a large sum of money
at the house, and it is believed that
the two ungrateful intruders.

Juan Chavez y Baca and Juan Mon-
toya y Castillo are of the very best
families of the county.

Craig's companion has not been ap-
prehended, but officers are looking
for him.

FUNERAL OF LATE JUDGE EMMETT SUNDAY

From Residence of Ex-Governor M. A.
Otero--Friends Desired Post-
ponement.

The funeral of the late Judge Laf-
ayette Emmett, whose death occurred
yesterday morning at St. Vincent's
Sanitarium, will be held at 3 o'clock
tomorrow afternoon at the home of
his daughter Mrs. Miguel A. Otero,
on Washington Avenue. The Rev. W.
R. Dye, rector of the Church of the
Holy Faith, will administer the offices
to the dead of the Episcopal church.
The following have been selected as
pallbearers:

Judge John R. McFie, Judge N. B.
Laughlin, Major R. J. Paken, Colonel
George W. Priedrich, Hon. Thomas B.
Caton and Dr. David Knapp. The
funeral had been set for this afternoon
but at the behest of friends was post-
poned until tomorrow afternoon. The
burial will be private.

PRISON FOR COURT OFFICIAL

Sentenced to Penitentiary For Indefi-
nite Term For Misuse of Of-
fice Funds.

Chicago, Ill., Aug. 11.—John A. Cooke,
a former clerk of the circuit court
found guilty of irregularities in hand-
ling the funds of his office, was today
sentenced to an indeterminate term not
to exceed five years in the peniten-
tiary.

MORE COMPLICATIONS IN ELECTION CASE.

Denver, Colo., Aug. 11.—Judge J. L.
Mullins sitting in the criminal district
court today made an order setting
aside the writ of habeas corpus issued
yesterday by Judge Peter L. Palmer
of the district court in the case of the
four men sent to jail by County Judge
Lindsey for refusing to be sworn in
the election case on trial in his court,
and ordered the sheriff to bring them
into the criminal court. Judge Mullins
assumes jurisdiction of the case un-
der practice of the district court which
provides that a habeas of corpus shall
be made returnable to the criminal
division.

BOURKE COCHRAN COMPLIMENTS BRYAN

Appointed to Place on Reception Com-
mittee--Francis Says Bryan's No-
mination is Assured.

New York, Aug. 11.—Lewis Nixon, of
the committee which is planning the
reception to Wm. J. Bryan on Aug. 30th
received a letter yesterday from W.
Bourke Cochrane who is at Lake Tahoe,
California, in reply to notification of
his appointment as a member of the re-
ception committee, expressing appre-
ciation of the honor and saying: "You
may be assured of my cordial sympathy
with everything calculated to express
the regard entertained by all good citi-
zens and especially by all Democrats
for the virtues, elvle and personal, of
this distinguished man."

MR. BRYAN'S NOMINATION ASSURED.

Paris, Aug. 11.—The nomination by
the Democratic party of William J.
Bryan for the presidency of the United
States in 1908 looks like a certainty,"
said David R. Francis of St. Louis here
last night. He expressed the opinion
that no circumstances arising in the in-
terim could materially change Bryan's
prospects.

BRYAN'S A RIVE IN "GAY PARADE."

Paris, Aug. 11.—Wm. J. Bryan, ac-
companied by his wife and daughter,
Colonel Wetmore and Mr. and Mrs.
Dunlap, arrived here today for a four
days visit. At the hotel, Bryan found
a stack of mail, including many invita-
tions to dinner and sight seeing excu-
sions. The party lunched as the
guests of ex-Governor David R. Francis,
of St. Louis. Mr. Bryan said he had
nothing to add to his previous state-
ments regarding his candidacy for the
presidency of the United States.

FOLSOM, NEW MEXICO, IS SWEEP BY FLAMES.

Folsom, N. M., Aug. 11.—A disas-
trous fire which for a time threatened
the destruction of the entire town
broke out early yesterday morning at
this place. Before the flames were
finally subdued the business section
was badly damaged. The estimated
loss is over \$20,000. The origin of
the fire is a mystery.

During the dark hours of morning,
Mrs. Annie Adamson, proprietor of
the principal restaurant in the town,
was awakened from her slumber to
find her room in flames. Realizing
her danger she fled into the street in
her night clothes and gave the alarm.
The fire spread rapidly and all of
the property on the south side of the main
business block was destroyed before
the flames were extinguished.

UNITED STATES JURORS GRAND AND PETIT DRAWN.

In the presence of Dr. David Knapp
Jose Segura and S. Spitz, who were
selected to witness the proceeding,
Clerk A. M. Bergere of the First Judi-
cial District Court this morning drew
the names of the grand and petit jurors
who will serve at the next term of the
United States Court, which convenes in
this city on September 3. The persons
whose names were on the first twenty-
one slips drawn from the jury box
constitute the grand jury, and those on
the next twenty-four are petit jurors.

NEW MEXICO'S COAL AND IRON DEPOSITS.

One of the greatest corporations in Colorado is the Colorado Fuel and Iron Company. Its growth has been phenomenal and it has been one of the most active agents in the great development of the manufacturing and mining resources of the Centennial State. The recent report of the company's transactions for the year ending June 30, 1906 is astounding reading to those who knew Colorado twenty-five years ago and who remember what a small and insignificant village the city of Pueblo then was. It is but a question of time, and not over five years, that two or three similar corporations will do business in New Mexico as the coal deposits and the mountains of iron ore in various sections of the Sunshine Territory are greater in extent, better in quality, cheaper mined and more easily obtainable than those in Colorado. What is now the case in the sister commonwealth, will, between 1910 and 1915, also happen in the Sunshine State. Its name New Mexico or Arizona. Statehood will accelerate the movement and will bring about a similar gratifying state of affairs in this commonwealth. What has been done in Colorado by the Colorado Fuel and Iron Company and kindred corporations, can and will be repeated on a greater scale by the New Mexico Fuel and Iron Company and other associations within the limits of the present Territory of New Mexico. When for instance attention is called to the fact that in Western Socorro County there is a coal field covering 25,000 acres with seams containing from two to thirty feet of merchantable coal; that there is a still more extensive field of the black diamonds in San Juan County; that there are others in various sections and that huge masses of iron ore have been found and are being discovered in every place, this prediction cannot be considered fanciful or extravagant. The day for all this is coming and rapidly. New Mexico's development in this line will astonish even the coal corporations and iron masters of Pennsylvania and other manufacturing states. These great resources are here in abundance and all they need is capital, brain energy and push properly applied to bring them to the front and to make the future state, no matter under what name, a haven of industry and manufacturing. The New Mexican believes that by 1915 and surely by 1920 more favorable annual reports than the one of the Colorado Fuel and Iron Company recently made, will be the order of the day here. This paper quotes from the Pueblo Chieftain a comment on the report in question and is convinced that its prediction will come true. Says the Chieftain:

"The annual report of the Colorado Fuel and Iron Company is full of satisfaction for all interested in the affairs of that company, and especially for the people of Pueblo, where the great steel furnaces and mills of that company are situated. The main fact in connection with the report is that it was the best year the company ever had, and the company's operations for the year ending June 30th last, show a surplus of \$671,812, as compared with a deficit last year of \$341,592. Even more important in their bearing upon the future of Pueblo and its standing as an industrial center are the numerous facts in connection with the enlargements, improvements and extensions in connection with the Pueblo plant of the company. With what has been accomplished in the year recently ended, and what is determined for the year just begun, the output of the Pueblo steel works will be greatly increased, and there must come a corresponding benefit to all the local interests. The report of the Fuel and Iron Company is an index of general conditions which are most satisfactory, and it is also an evidence of local conditions that should be a source of pleasure to every resident of this city."

A COMPLICATED TAX DODGING CASE.

It will be remembered that the Santa Fe Mercantile Company was in business in this city and county for several years, and that its property then and there was subject to taxation. Like other tax dodgers the company allowed its taxes to become delinquent and the officials at the time being were too derelict or too incapable to perform the duty prescribed by law to levy an execution on the stock of goods of the company and collect the taxes justly due the Territory, the county and this city. Several years ago the stock of the company went up in smoke. Several insurance companies that carried insurance for the concern declined "to pony up" and suit to recover was brought by the company. The creditors stepped in and secured garnishments on the judgments rendered ordering that the awards to the company made in regular judicial proceedings be paid the creditors as their claims might appear and be approved by the proper court. This was done. It is understood that these judgments amounting to about \$10,000 in accordance with the final decree of the Supreme Court were paid over to the clerk of the first judicial district court of Santa Fe County, for distribution in accordance with the decree of the district court there made. The Territory of New Mex-

ico, the County of Santa Fe and the City of Santa Fe are creditors under the law, but not included in the above decree and the county commissioners here will make an effort to collect the delinquent taxes legally and fairly due from this sum. It is claimed that there is no way for the commonwealth to collect, and that although taxes are supposed to be first liens on all property, the other creditors and the lawyers will get it all, while the great Territory of New Mexico, the second county of Santa Fe and the rather out-governed City of Santa Fe will hold the bag and get nothing else. If there is no way by which delinquent taxes in such a case can be collected under existing statutes, the sooner the revenue laws are changed in this particular the better will it be for the people. Should the county commissioners conclude to bring action in the premises the result will be watched with great interest. The taxes amount to about \$1,100 and if there is any possible way under the law to obtain them for the Territory, the county and the city this should be done. The New Mexican hopes that the commissioners, acting through Chairman Seligman, will be successful in this endeavor. Right here this paper is informed that the lawyers' fees in the case amount to from 35 to 40 per cent which shows that New Mexico lawyers are like Vanderbilt and other railroad managers "they get all they can."

ANOTHER KNOW NOTHING ATTACK.

In a recent issue of the Kansas City Star appeared a column letter dated Chelsea, Oklahoma, signed by A. L. Street, giving Mr. Street's views upon statehood for New Mexico and Arizona, and also a diatribe of what the writer does not know about New Mexico and Arizona. This could be put in print would make a book of about 10,000 pages 26 by 34 inches, whereas, what he does know concerning the actual condition of the two Territories could be condensed into half of an ordinary letter sized page. For instance, referring to the census of 1900 he asserts that out of 78 enumerators "nearly all were Mexicans." As a matter of fact there was not a Mexican among the number. The enumerators were American citizens and those whom this writer calls Mexicans were native born citizens of Spanish or Mexican descent, whose ancestors came to this Territory one, two or three centuries ago, wrested it from hostile and savage Indians under very adverse circumstances by the shedding of much blood and after great toll for civilization and Christianity. The letter is full of similar falsehoods, mis-statements of facts and malicious or intentional fabrications. It is a pity that so able and fair a newspaper as the Kansas City Star published the scurrilous. No possible good could be subserved by such a course and only harm to a deserving, wide-awake and liberty loving people could be done. Of course the writer amounts to very little no matter who or what he is. The Kansas City Star, a paper which is doing great work for the Southwest and which is endeavoring to increase the trade territory tributary to Kansas City daily, should give the Southwestern Territories a fairer and more equitable chance.

THE TORRANCE COUNTY BANK OF COMMERCE.

The Torrance County Bank of Commerce at Willard, will be incorporated in a few days and will be ready for business in a few weeks. It will have some of the most substantial merchants and financiers of central New Mexico as its backers. Another absolute proof that the people of the Territory of New Mexico have been suffering under corrupt and thieving administrations since 1897 and that the Territory has gone and is still going to the dogs. It is really strange to note that capitalists who are thoroughly acquainted with New Mexico's conditions have the nerve and courage to engage in new financial enterprises at the rate that has been going on for several years in the Sunshine Territory when this alleged awful condition of affairs confronts them. Facts are stronger than words and as these financial institutions are appearing and becoming fixed facts it must be acknowledged that they are here. Yet up goes the howl and the shrieks from the Albuquerque Fakir Journal and a few bought up yellow dog sheets in its wake that the Republican administration of the Territory has managed territorial affairs since it came into power after the last Cleveland administration, dishonestly and corruptly and has been full of graft. The people may read and they can take their choice. Let them consider the facts as they are and compare them with the malicious lies published and cast about by tax dodgers, by knoekers and by the sheets in their pay.

PROSPERITY OF COLORADO AND NEW MEXICO RAILROADS.

Colorado railroads show an increase of twenty per cent in their business for the present year over that in the year which ended June 30, 1905. This means twenty per cent more prosperity and twenty per cent more money for the people of that state during the fiscal year just closed than in the previous year. Similar conditions, just as favorable, the New Mexican is in-

formed, exist with the railroads operating lines in this Territory. The correct figures are not yet obtainable, but the New Mexican hopes to be able to ascertain and publish them shortly. The Santa Fe Central, but a short road and running through a new country, for instance, has shown a very gratifying increase in business during the year. If a road from the City of Santa Fe to Torrance, a station on the El Paso and Southwestern, has a satisfactory increase of passenger and freight business, it follows that the great transcontinental and other lines running through the Territory have done much greater and more profitable business, especially in the eastern and southern parts of New Mexico, as in Union, Roosevelt, Chaves, Eddy, Otero, Quay, Guadalupe, Colfax, Mora, San Miguel, Santa Fe, Bernalillo, Valencia, Torrance, Socorro, Dona Ana, Luna and Grant Counties. With the building of the Arizona and Colorado railroad, similar events will come about in the extreme western part, namely, San Juan, McKinley, Valencia and Socorro Counties. Taos and Rio Arriba are not yet in the path of new railroads, or of decided immigration, but their day will come. It is not far distant. The situation is improving yearly and to a gratifying extent. The census of 1901 will show more than half a million of inhabitants in what is now the Sunshine Territory.

APATHY CAN ONLY DO HARM.

The Democratic Territorial Central Committee at its session in this city last Thursday, appointed a committee of five, the duties of which shall be to consult with similar committees of other political parties for the purpose of making an active and effective campaign for joint statehood. The idea is all right and with the right men from the two great political parties in this Territory as such committee and a strong man of executive ability at the head, much could be accomplished. The principal question before the friends of joint statehood is getting out the proposition on election day in the Sunshine Territory. The anti-joint statehood sentiment, from all indications has no chance; for this very reason the importance of hard and energetic work to obtain the largest possible majority in favor of the adoption of the provisions of the Hamilton joint statehood law is absolutely necessary. No time should be lost. Indeed there is none to lose. There are left but about 75 days for active campaigning. This is no time to sleep upon the oars. Hard and constant rowing must be done if success is to be attained. Apathy, because it is known that the great majority of New Mexico voters favor joint statehood, must not be tolerated.

G. A. Richardson, of Roswell, who is a candidate for the Democratic nomination for Delegate to the 60th Congress, is opposed to joint statehood and that strongly. He has just said so. In view of this item, the action of the Democratic Territorial Central Committee Thursday in this city in adopting resolutions by 24 to 6 in favor of joint statehood with Arizona, is significant. The committee's resolution in this respect foreshadows, and that strongly, the same result in the Democratic Territorial convention which will meet September 12th to make a nomination for Congress. Can Mr. Richardson consistently be a candidate for the office upon a joint platform?

The Arizona Gazette, published at Phoenix, pleasantly remarks that the voters of Arizona are still waiting for some of the Smith organs to publish the record of achievements of the delegate during his eighteen or twenty years in Congress. Yes, and they will wait. On the other hand the Republican papers of New Mexico have filled columns and columns of space with the achievements of Delegate W. H. Andrews during the first session of the 56th Congress for the benefit of the people of the Sunshine Territory. The difference between the two delegates can be summed up in a few words: "Andrews does things and Smith does not do things."

The one dollar contributions asked for by Chairman Sherman of the Republican Congressional Campaign Committee for campaign expenses are arriving at committee headquarters in very satisfactory numbers. This incident is a good indication that "the plain people" are taking a great interest in the present congressional campaign and will be found supporting Republican party principles and nominees. In the states where there are no local complications the Republicans this year will make a handsome and successful showing.

So far the Congressional campaigns throughout the country are not exciting. What the future may bring forth is another question. In the Northern, Western and Pacific states the Republicans are sanguine of success; they also expect to make gains in the South. The Democratic bosses still count upon the solid south and claim they will make large inroads into the Republican representation in the 60th Congress. Election day will tell the tale.

The cattle growers, the sheep raisers, the farmers and business men of the sister Territory are awakening to the gravity of the present political situation as regards statehood. They are reading and thinking for themselves. This means that the joint statehood cause is finding adherents and making supporters. The result is still very problematical in Arizona, but it is sure that the cause is gaining.

"The sentiment of Arizona for Arizona grows stronger with the passing of each day,"—Arizona Gazette. No one objects to that with a slight change. The sentiment of Arizona for Greater Arizona should grow stronger with each day and should make itself felt in the right direction November 6th next. This policy is dictated by the best interests of all concerned.

Mr. Justice Brown's guess which is as good as another's, is that the Roosevelt colors will be worn in the big 1908 race by Secretary Taft.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Santa Fe People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Back ache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Santa Fe. Charles Harris, ex-policeman of San Miguel Street, says: "The aching across the small of my back was not the kind that comes from overwork; it was deeper seated and much more painful, positively proving to me that some inward cause existed. When an attack was in the aggravated stage, I could not stoop to put on a shoe or lift any weight and if I managed to stoop after suffering twinges when I went to straighten excreting organs were sure to be my reward. Doan's Kidney Pills procured at Fidelity's Pharmacy stopped every aggravated attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Saving of the Mint.

One of the most exciting incidents in the history of the destruction of San Francisco was the part of the mint which saved the United States mint from being devoured by the flames. The mint is an imposing stone building, and its construction proved to be of a charac-

ter to resist to the utmost the attack of the fire. But it was surrounded by large buildings which were going up in smoke, and only brave and skillful work on the part of the men who defended it prevented the mint from sharing a similar fate.

Viscount Aoki. Viscount Sano Aoki, first ambassador of Japan to the United States, is a character of exceptional interest from the fact that he is the first Asiatic diplomat to introduce a European wife to the ambassadorial circles of

Washington, for the Viscountess Aoki is a German and at the time she married the viscount was the Baroness von Rabden, widow of a German cavalry officer. The new ambassador is sixty-one years of age and has been twice minister of foreign affairs of his country and twice minister to Germany.

General James F. Bell.

General James Franklin Bell, the new chief of staff of the United States, was born in Shelbyville, Ky., in 1856 and is a graduate of the West Point academy. He served on the plains with the Seventh United States cavalry for sixteen years and was on the staff of General Forsyth just prior to the outbreak of the Spanish war. In that war and in the Philippine insurrection he fought in the principal campaigns and in the three years from 1898 to 1901 rose from lieutenant to brigadier general. He holds a congressional medal of honor for gallantry in action.

A Moving Roadway.

The novelty has scarcely yet worn off from the moving stairways in use in large stores in some cities to convey shoppers from one floor to another. But the most novel of all is the moving roadway for teams recently installed

in Cleveland to facilitate traffic over a bridge. This roadway is 420 feet in length and rises to a height of sixty-five feet. Electricity is used for the motive power in operating it, and it has a transportation capacity of 600 vehicles a day.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form, but will give a discount on quantities.

NEW MEXICO HAPPENINGS

San Juan County.

The work of laying brick on the new Methodist church building at D and Fifth streets will begin under the supervision of C. G. Brewer. The new building will be the largest church edifice in Aztec.

The New Eden canal survey as to main line has been completed and the party has been temporarily disbanded awaiting construction. Mr. Burwell speaks in high terms of his party as one of the most efficient and pleasant that he has ever had. He speaks highly of Surveyor Holly, of San Juan County. It seems that they are old acquaintances dating back twenty-five years.

On Tuesday last a whirlwind passed over the Bloomfield divide east of the Crouch mesa and many pieces of paper were seen from a few hundred to over a thousand feet in the air, whirling and flashing in the sunlight. The Navajos have an expression "paper talk" applied to written or printed matter. There was a paper talk to these bills if one could only read it and the question might well be asked, Whence came they?

The Aztec school board has employed a corps of teachers for the coming year, which will give the town a good school. Prof. S. Coon of Hermosa, Mo., is principal. Miss Carrie Eileen teacher of primary and Miss Marylin Hartman has charge of the intermediate grades. These young teachers have completed courses in the best Eastern schools and will introduce educational methods that have proven successful.

Chaves County.

The Dexter band gave its first concert last Sunday afternoon, and was greeted by a large crowd which appreciated the boys' efforts. The band was organized just two months ago by Captain Jack Fletcher of Roswell, and considering that all were new and inexperienced men, they are making a record for themselves. The program consisted of a religious fantasia, arranged by Ellis Brooks, and a number of popular melodies. A strong effort will be made to keep the Sunday afternoon concerts going.

Through W. W. Gatewood as attorney J. A. Browning has filed suit in the district court for Chaves County against Elgin Douthitt and his father, Thomas Douthitt, in which the plaintiff asks judgment for \$2,000 damages and \$2,000 exemplary damages, on the claim that Elgin Douthitt on several occasions threw rocks, staples, caps, pieces of horseshoe, etc., in his well on his place fifty miles east of Roswell, thereby damaging the well. It is charged that the father knew and encouraged the acts of his son in damaging the well.

There was to have been a meeting of the stockholders of the Roswell Oil Company at the Commercial Club last Monday night but only fifteen men were in attendance. The meeting was postponed until next Monday night.

Mrs. F. L. Torian and a party of Roswell friends witnessed an interesting sight at Demmit lake, the largest of the Bottomless Lakes, last Saturday morning. The crowd was out for a campout and picnic, but much of their fun was spoiled by a heavy rain Friday night. This rain was the cause of a landslide the following morning which was the sight of a lifetime. Tons and tons of red and white rock slipped in a body from the top of the cliff, probably a hundred feet high, and slid into the lake, causing a dense vapor to rise and throwing up waves two feet high that spread over the entire surface of the lake.

A jolly crowd of Roswell Eagles went to Carlsbad Monday night to institute a new aerie. Carlsbad has a number of Eagles who want a home nest and a place for their friends. The Roswell Eagles were in humor for fun, and were prepared to "make the buzzard squawk," as they put it. Those who went were F. A. Mueller, F. B. Moon, W. L. Ray, John Fisher, H. C. Kendall, Bruce Jones, Pete Bemis, Percy Atkinson, A. J. Inkerbrand, C. L. Murphy, Will Davis, Dr. E. M. Fisher, J. D. Harned, Tom Davenport, and H. I. Nowlan. Tom Davenport now lives at Carlsbad and had been here visiting relatives over Sunday.

The line of the Pecos Valley Telephone Company from Roswell to Elida was completed last Monday and now communication can be had from Carlsbad to Elida over the lines of this company. The Roosevelt County Telephone Company's line from Elida to Texico will soon be finished and it is hoped to get a line soon from Texico to Albuquerque, which will mean connections from the Pecos Valley with Denver, Santa Fe, Las Vegas and Albuquerque.

THE BEAUTIFUL ESPANOLA VALLEY

Finest Possible Conditions for Fruit Raising—Abundance of Water.

The Espanola Valley of the Rio Grande beginning twenty miles north of Santa Fe and extending north twenty-five miles to Embudo is perhaps the greatest irrigated valley in New Mexico. No other valley has a better climate, soil, variety of products or more abundant supply of water for irrigation. The soil in this valley is free from alkali, cold, stormy winters or excessively hot summers; it is shut in by high mountains and as a fruit district the conditions are almost perfect. Thousands of acres lie uncultivated and eighty per cent of the waters of the great Rio Grande roll by unused. Home seekers are settling here rapidly and more are welcomed to help make this beautiful valley the best in the Rockies.

For further particulars in general, prices of bearing orchards, improved and unimproved lands, etc., address Roscoe C. Bonney, real estate and immigration agent, Espanola, New Mexico.

SANTA CLARA INDIAN FESTIVAL.

Sunday, August 12th, 1906.

On this occasion the Santa Clara Indians will be joined by those of San Juan and San Ildefonso and an extended program of dancing, racing and games has been arranged.

"AND THE WORLD GOES ON."

The above is the title to a new song that is gaining in popularity every day. The "Bon Ton" is the title of the best lunch counter and hotel in Santa Fe, which is also gaining in popularity. When you eat there once you have a longing desire to continue a customer. And the world still goes on. Are you glad?

REMEMBER!

That the Bon Ton is the only eating house in the city of Santa Fe that keeps open at night. The doors are never closed and you can get something to eat at any hour of the day or night.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin disease this salve is unequalled. For sale by all druggists.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SOCIAL AND PERSONAL

Mrs. H. N. Jaffa and son Edgar, of Albuquerque, have returned to the Duke City from a visit to friends in Denver.

Mr. and Mrs. E. R. Paul returned to Santa Fe last evening from a visit to Albuquerque and Whitecomb Springs.

S. B. Grimshaw, general manager of the Santa Fe Central Railway, returned this afternoon after a business trip to Las Vegas.

Mrs. Frost, Miss Pain and Graham H. Frost, expect to leave Monday evening for the Grand Canon of the Colorado for a few days visit.

Mrs. Jefferson Reynolds, of Las Vegas, wife of the well known banker, is among the New Mexicans who are sojourning at the Grand Canon in Arizona.

Chief Justice and Mrs. W. J. Mills and sons accompanied by Mrs. Chas. A. Spless, of Las Vegas, have gone to the Grand Canon of the Colorado for a sojourn.

Mrs. G. H. Van Stone and children will reach the city tomorrow and will be the guests of Mrs. Van Stone's mother, Mrs. W. C. Hurt, for the next two weeks.

Mrs. Nathan Salmon and Miss Salmon, who have been at the Jemez Springs for the past month, returned to their home in Santa Fe the early part of the week.

Mrs. J. P. Lyng, wife of the city ticket and passenger agent of the Santa Fe Central Railway, is expected to return home next week after an extended visit at Portsmouth, Ohio.

Mrs. T. B. Catron and son Fletcher, sailed yesterday from New York for Europe where they will remain for some time and while Fletcher Catron attends school at Geneva, Switzerland.

Miss Nellie Doyle, who has been visiting in Santa Fe for the past few months expects to leave in the near future for her home in Milwaukee. She is a guest at St. Vincent's Sanitarium.

Mr. and Mrs. C. L. Bishop, accompanied by their son and daughter, will leave Monday for a week's camping and fishing trip either north of the city in the vicinity of Tesuque or on the Upper Pecos.

Miss Lulu Nichols, the daughter of a well known family at Springfield, Missouri, who has been visiting friends during the summer in Las Vegas, spent several days in Santa Fe during the past week, sightseeing. She is delighted with the southwest.

Mrs. L. Bradford Prince, Rev. Dr. J. W. Wasson, of New York, and Mr. and Mrs. William Bradford Prince have spent the week at the Prince Sunshine ranch north of Espanola. They will likely remain there during the coming week.

Mrs. John Van Houten, of Raton accompanied by her cousin, Mrs. Ida Schrammel, of Kansas City, Missouri, have returned to their Raton home from a visit at Trout Springs near Las Vegas, where they were guests at the Nordhaus cottage.

Dr. Charles A. Wheeler, A. H. Broadhead and A. B. Craycraft will leave during the coming week for a trip to the cliff dwellings in Pajarito Park. They expect to be absent for a week. Mr. Craycraft will be prepared to take views of scenery and archaeological objects.

Miss Stash and Miss McKenzie returned Thursday from Trout Springs near Las Vegas, where for the past week they have been guests of Max Nordhaus at a house party in the mountains. Horseback riding and mountain climbing were features of the affair and both report a most enjoyable time.

James L. Seligman, president of the Seligman Brothers Dry Goods Company, will leave tomorrow for New York, Philadelphia and other eastern trade centers, partly on business and partly for recreation. While east he will purchase the full and winter stock of goods for the company and also visit relatives.

Territorial Secretary J. W. Reynolds and family, left today for Las Vegas. Mrs. Reynolds and children will remain there for a week's visit at the home of Mr. and Mrs. Jefferson Reynolds, parents of the secretary. Secretary Reynolds will join Governor Hagerman and party at Las Vegas for a trip over El Paso and Southwestern railroad lines.

Governor Hagerman will entertain at a dinner party tonight at 8 o'clock at the executive residence. The affair will be elaborate though quite informal. The following are the guests: Hon. and Mrs. Arthur Seligman, Mr. and Mrs. Levi Hughes, Mr. and Mrs. Amado Chavez, Mrs. Hardinge, Miss Elizabeth Massie, Miss Nina Otero, Major R. J. Palen and Dr. J. A. Massie.

Mrs. Robert Kellahin and children, of Roswell, have arrived in the city and are guests at the Palace Hotel. Mrs. Kellahin is the wife of the postmaster of that thriving city and is on a visit to Santa Fe for the benefit of her health. They looked for apartments at St. Vincent's Sanitarium, but finding that all of the guests' rooms at that institution were engaged, took rooms at the Palace Hotel.

Professor Hiram Hadley, superintendent of public instruction, who has been in attendance on the Normal Institute for San Miguel county at Las Vegas, returned home yesterday. He was very favorably impressed with the work being done there. He also visited the Summer school at the New Mexico Normal University at the Meadow City and presented three graduates of the school, with diplomas.

Miss Emilia Read, daughter of Benjamin M. Read, celebrated her 20th birthday last Wednesday. In honor of the natal event she entertained a small company of her girl friends at a dinner party at the Hotel Claire, after which an informal reception was held at the Read home. The occasion was a very enjoyable one for all concerned and especially of pleasure for the hostess. The guests were Misses Vicentia Montoya, Maria Sena, Florentina Read, Eloisa Del-

gado, Rosario Alarid, L. Sena, Mary Dietz and Maria Alderete. Miss Fannie French, a teacher in the Normal University at Las Vegas arrived in Santa Fe today and will be the guest of Superintendent Hiram Hadley and Mrs. Hadley. She is en route to her home at Las Cruces.

Governor Hagerman has accepted an invitation to be present at the celebration of the 100th anniversary of the discovery of Pike's Peak at Colorado Springs beginning September 23 and lasting until the 29th. The affair promises to be elaborate. A number of Washington officials have accepted invitations to attend. There will be 500 United States soldiers present to participate and many other features. Governors of various states will be present.

One of the pleasant society events of the week took place Tuesday afternoon, when Mrs. R. J. Palen entertained a company of ladies at her home on Upper Palace Avenue. Bridge whist and five hundred, two popular card games of the day, were the modes of amusement. The Palen residence was decorated for the event with a profusion of sweet-peas, which gave an attractive setting to the rooms and freighted the air with fragrance. After cards were laid aside a dainty luncheon was served. Quite a number of visiting ladies were among the guests. Those present were: Mesdames Otero, Frost, Fitch, of Socorro, Reid Watson Spitz, Hardinge, Thorn of Fairfield, Iowa; Llewellyn, Thomas McKenzie, Bergere, Sroufe; Miss Payne and Miss Griffin, of Kansas City; Miss Dye, of Waynesborough, Georgia; Miss Malleson, of Rochester, New York; Miss Hodgson, of Roswell and Miss Spitz.

Sunday morning at 10 o'clock, Governor Hagerman and Attorney General W. C. Reid will leave Santa Fe for a tour of the section along the El Paso and Southwestern Railroad lines in the private car of general manager H. S. Simmons, Territorial Secretary J. W. Reynolds will join the party at Las Vegas. The following towns along the route will be visited: The private car will reach French Sunday evening. From there it will be taken to Dawson arriving there Monday morning and after a short stop will leave for Tucuman reaching there the same afternoon at 3 o'clock. Leaving Tucuman at midnight, the party will arrive in Santa Rosa the following morning. On Tuesday afternoon, Alamogordo will be reached. After several hours stop there, the car will continue to Cloudcroft, where the Governor and party will attend the annual meeting of the New Mexico Bar Association. The governor will probably be absent for two weeks.

James G. Fitch, of Socorro, Grand Master of the Grand Lodge of A. F. and A. Masons of the Territory, who has been on a tour of inspection of the various Masonic lodges in the central, eastern and northern parts of the Territory, has returned to his home in the Gem City, having been absent about three weeks. His trip was an enjoyable one and he found the Masonic lodges in the various cities and towns in flourishing condition. They all show increases in membership and financial prosperity. His trip was a very satisfactory one. Robert Kellahin, postmaster at Roswell, who is also Grand Lecturer of the Grand Lodge of Freemasons of the Territory and who accompanied Grand Master James G. Fitch, of the order on his recent inspection of the several New Mexico subordinate lodges, has reached his home well pleased with the result of his labors and of his travels. These have been instructive and pleasant.

The Capital City Club gave its regular fortnightly dancing party Tuesday evening at Adam's hall. There were just enough devotees of the light fantastic in attendance to make it a pleasant affair. Quite a number of the guests were from out of town and they enjoyed themselves in so far as dancing was concerned. Those present from elsewhere were Mr. and Mrs. E. R. Paul, of Pittsburgh; Mr. and Mrs. Earl Sidebottom, of El Paso; Mrs. J. G. Fitch, of Socorro; Miss Josephine Grimshaw, of Denver and Miss Lulu Nichols of Springfield, Missouri. Others in attendance were: Attorney General and Mrs. W. C. Read, Dr. and Mrs. David Knapp, Mr. and Mrs. O. C. Watson, Mr. and Mrs. S. Spitz, Mr. and Mrs. R. H. Hanna, Mr. and Mrs. H. P. Bardshar, Mr. and Mrs. S. B. Grimshaw, Mr. and Mrs. C. L. Bishop, Mrs. F. W. Sharon, Mrs. E. A. Fieke, Dr. Charles A. Wheeler, S. G. Cartwright, A. F. Spiegelberg, Carl Bishop, W. W. Corbett, Manuel Otero and C. L. Haberlein.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas, slides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal, \$4.00

Combined civil and criminal, \$5.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. ADDRESS: NEW MEXICAN PRINTING CO.

W. M. Woody, engaged in mining at Glenwood, Rio Arriba County, was an arrival last evening from the north. He came on personal business.

Word was received in the city yesterday of the death of the infant son of Felipe Sandoval at Espanola. The child died the day previous of cholera infantum.

Joseph A. Napier, inspector for the Territorial Cattle Sanitary Board, with headquarters in Las Vegas, attended to official business on his present visit in the Capital.

Mrs. Charles Wagner has received a letter from her husband stating that he is recuperating nicely at Sulphur Springs and expects to return home next Saturday.

All Elks and members of Capital City band are requested to meet at Elks' lodge room, not later than 7:30 a. m. Sunday morning, August 12, to parade to depot.

P. A. Sandoval, former chief of police and present poll tax collector, has announced himself as a candidate for nomination as sheriff on the Democratic ticket in his county.

Don't forget the Elks' excursion to Santa Clara Indian festival Sunday, August 12th. Get your tickets early as only a limited number will be sold. No passes or free transportation will be honored on this train.

W. H. Hahn, one of the owners of the Capital Coal yards in this city and president of the Albuquerque and Cerrillos Coal Company, attended to business affairs today in the capital.

Charles L. Thayer, secretary of the Gold Bullion Company which is engaged in extensive mining operations in the Golden Mining District in this county, was a guest at the Chaire hotel today.

Santa Clara Indian Festival, August 12th, promises to be one of the largest and most entertaining Indian exhibitions given in New Mexico for some time past. Train will leave the depot at 8 a. m., sharp and only a limited number of tickets will be sold.

William M. Rapp, of the firm of architects of L. H. and W. M. Rapp, and contractor John A. Laughlin, of Trinidad, arrived in the city last evening. They are here on professional business, Mr. Rapp being the architect in charge and Mr. Laughlin the contractor for the new jail building now in course of construction here.

The New Mexican was in error when it stated the other day that Whitcomb Springs had just been acquired by Hon. W. S. Hopewell, president of the Pennsylvania Development Company. The springs were bought two years ago by the Albuquerque Eastern Railway Company. They flow a hundred gallons a minute and the water is excellent for boiler purposes.

Joseph E. Napier, of Las Vegas, inspector of the cattle sanitary board, arrived in the city last evening and

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Mother's Friend

Hagan's Magnolia Balm

takes away that tired look from a lady's face after the house-work is done. Gives her complexion a refined glow and velvety smoothness which defies detection. It is not a cosmetic, but a delightfully cleansing and beautifying liquid which works with Nature to put a woman's face at its best.

BARGAINS IN ORCHARDS AND RANCHES

Located in the Fruitful and Far Famed, Espanola Valley Thirty Miles North of Santa Fe.

Partly cloudy tonight and Sunday with local thunder showers is the forecast today of the local weather man. The temperature at 6 o'clock this morning was 58 degrees. The lowest temperature during last night was 55 degrees. The maximum temperature yesterday was 79 degrees at 1:50 p. m., while the minimum temperature was 55 degrees at 4:30 a. m. The mean for the day was 67 degrees, with a relative humidity of 52 per cent. The precipitation was .03 inch.

Miss Carlota Becker, daughter of Mrs. Soylia Becker, died at 3 o'clock yesterday afternoon at the family residence, 323 college Street. Her demise was caused by pneumonia after an illness of two months. She deceased was nineteen years of age and was born in Santa Fe. Surviving her besides her mother are two sisters, one older and one younger than herself. Her father died ten or twelve years ago. The funeral will be held Monday morning at 8 o'clock from the cathedral. Burial will be in Rosario Cemetery.

After an illness of about six months, Gregorio Gooch, a lifelong resident of Santa Fe, died at 4 o'clock this morning from affection of the stomach, and during the past few weeks his condition was realized to be critical. He was born in this city forty-nine years ago and has lived here since birth, following market gardening as a means of livelihood most of the time. He was married and leaves a widow and three sons, Abel and Charles, two of the sons, still make their home at the family residence, but John, the other son, is now located at Indianapolis, Indiana. The funeral will be held at 7 o'clock Monday morning.

A peculiar incident that caused much discomfort to a pullman conductor and five tourists occurred yesterday on the Santa Fe Railway. The train from El Paso had arrived on time at Albuquerque but the train from the west was five hours late on the pullman conductor and the through passengers on the El Paso sleeper were under the impression that a five hours' wait was before them. They sauntered into the city leisurely, leaving their baggage, coats and wraps on the El Paso sleeper, which during their absence was attached to a stub train and was sent on to Chicago. The porter took charge of the car but was in a quandary as to the disposition of the baggage and other belongings of the passengers who had been left in Albuquerque.

The following orchards and farm properties in the famed and fruitful Espanola Valley in Southern Rio Arriba County in the Territory of New Mexico, are for sale at a bargain. There are satisfactory reasons for selling. The section is one of the finest fruit and agricultural, not only in New Mexico, but in the southwest. The supply of water for irrigation purposes is ample and stable at all times. The climate is of the best. For particulars address R. C. Bonney, real estate and insurance agent, Espanola, New Mexico. The properties are:

No. 1, 45 acres; 15 acres in alfalfa, one acre bearing orchard; small house, well, barn and corral; all fenced and under irrigation; one mile from post office, two and a half miles to railroad station; price \$20 per acre.

No. 2, Full bearing orchard of 1,200 standard apple trees; six miles from Espanola; good house, barn, corral and packing house; produced 2,900 boxes of apples last year; irrigation from Rio Grande; price \$2,000.

No. 3, Seven acre orchard and market garden tract, one-half mile to town, railroad, postoffice, school and church; good six room house, having telephone; barn, corral, cellar and packing house; a highly profitable business and a fine home; produces annually \$700 to \$900 in vegetables alone; price \$2,250.

No. 4, For sale sheep ranch of 52 acres with good fences and improvements, has excellent water, shelter, hay land and controls several thousand acres of fine goat grazing land. No better proposition for a paying sheep ranch in New Mexico.

No. 5, Twenty acres, having about ten acres of full bearing apples of standard varieties, peaches and plums, seven acres of good alfalfa and three acres garden land, good five room adobe house, well built and finished, good barn; the whole place almost entirely surrounded by a hedge of box elder trees which serve as a protection from the wind and add to the attractiveness of the place; produced last year over \$1,200; price \$2,250; one and a fourth miles east of Espanola.

No. 6, The "Espanola Garden," one half mile east of Espanola at \$2,250. This place is a full bearing apple orchard and market garden tract of seven acres; a six room house; telephone, barn, cellar, packing house, corral and wire fence and house for chickens. A beautiful and convenient home and a place to make good money, besides apples this place has cherries, pears, plums, quinces and large beds of asparagus, spinach and rhubarb. The vegetable products alone of this place bring in annually \$750 to \$900. The net receipts last year in vegetables and fruit were over \$500. Terms cash.

THE KITCHEN.

You could eat from the Bon Ton Hotel kitchen floor. Cleanliness counts so much with all of us.

But the Bon Ton Hotel and Lunch Counter management goes much further than cleanliness.

Our aim is to serve our patrons with the best food possible—dainty, yet substantial.

To see that they live and sleep in cheerful, airy rooms.

To surround them by all that is pleasant and refined.

And they also have for use the hand some parlors, library, buffet and smoking room.

The Bon Ton is just like a great big happy home.

Yet all these luxuries and privileges are at your service at minimum rates.

CAUGHT WITH A HOOK.

A fine mess of speckled beauties were received at the Bon Ton from an old time friend who sent them to the manager that they may be served to the patrons of this popular place. Call and get them now while they are fresh. They have a look that knows how to fix them, and if you want a real treat in the eating line, why just give them a call, and you will be twice as glad.

A DYSPETIC'S HORROR.

Is solid food in nine cases out of ten, however, if the man with a weak stomach would take a glass or two of Dr. Lauritzen's Health Tonic Malt with each meal, he would soon find that he could eat anything. It's the best tonic in the world for a weak stomach.

Food For the Dead.

Corn and bread are still offered by the pious Basques of the Pyrenees to the dear departed on their death anniversary. A traveler in Spain describes how at San Sebastian he has often seen some poor fisherman's daughter praying in a church for a dead relative "amid baskets full of fruit, loaves of bread and corn and kneeling upon the tomb of her ancestors."

Exact.

Bridegroom (who is receiving his bride's dowry)—Ten dollars is still wanting. Father-in-law—What? Oh, my daughter swallowed that \$10 when she was a child.—Flegende Blatter.

Essential Requirements.

"A man must know a great deal to be a good diplomat."

"Yes, and be able not to tell it."

How to Rest.

To understand how to rest is of more importance than to know how to work, says the Washington Star. The latter can be learned if one will give one's mind to it, but the former is an act some people never acquire. Rest necessitates change of scene and activities. Languishing is very often tiring, sleeping is not always restful, and sitting down with nothing to do is simply to invoke weariness. A change is needed to bring into play a different set of faculties and to direct the thoughts into a new channel. The man or woman who is weary with care finds relief in active employment with freedom from responsibility. The brain worker generally finds the best rest in playing hard. It is quite a mistake always to expect to find it in idleness.

HANDLING KEROSENE.

How to Insure Against Explosions With Proper Care.

It would be an excellent thing if there were some simple and perfectly safe way in which a housekeeper could determine for herself the flash point of the kerosene she buys. Unfortunately the handling of kerosene which is hot enough to flash is a highly dangerous thing for one who is not instructed in the matter. There are some things, however, which a housekeeper may do, says Professor W. P. Bradley in Good Housekeeping.

First—Kerosene should always be handled by daylight and away from all flames and fires. Under no circumstances whatever should a lamp be filled while its wick is lighted.

Second—After filling a lamp both the burner and the reservoir should always be carefully wiped free from oil films.

Third—When a lamp is not burning it is well to keep the wick a little below the top of the tube. This helps to prevent oil from working over upon the burner and reservoir.

Fourth—Fill your lamps as often as they are used. Especially do not light a lamp when the oil is low in the reservoir.

Fifth—Remembering that even explosive vapor cannot do harm unless in some way it actually comes in contact with a flame, never use a burner which fits loosely upon the rest of the lamp. A loose joint may leak vapor, which is likely in turn to be drawn up into the flame.

Sixth—Never use a wick which does not fit the tube provided for it.

Seventh—Never blow out a kerosene flame downward. Turn down the wick a little and let the flame go out of itself. If you must blow it out, blow upward through the burner or across the top of the chimney. Both of these methods produce an upward draft.

Eighth—Always keep the kerosene can and filler in a clean, well ventilated place where no lights ever come.

How to Banish Ants.

The only way to exterminate ants is to find the nest and destroy it, says the Cincinnati Commercial Tribune. Place some grains of coarse granulated sugar where they will be easily found by the ants, and then watch each loaded body as it scampers over the line of march to the nest. Often the watching ends at the wall, especially if the house is old, and it may be necessary to cut away a portion of the subbase before the nest can be reached. At other times the little fellows make straight for out of doors with a wisdom one can only marvel at, and then, if followed, they will be seen to enter a hole in the ground. This is the nest. When the nest is in the house saturate it thoroughly with kerosene or with boiling water, doing the work quickly, for all the little spry mites will hurry to get away from the death dealing fluid.

Any portion of the wall or of the flooring that has been removed in order to reach the nest can be replaced when the work is accomplished.

How to Remove Stains.

All fruit stains when fresh yield to the hot water treatment, says the Pittsburg Press. Grass stains are a source of torment to mothers, and they seem almost as obstinate as a mildew or scorch. However, a hot solution of tartaric acid, increasing its strength if it does not seem to take out the stain, or rather change it to a very light brown. This faint brown discoloration will wash out in hot soapsuds. If a housekeeper is so unfortunate as to have linen mildewed she might as well be resigned, as the antidote for this disfigurement has not been found.

For a scorched place nothing is known to be better than exposure to hot sunlight for days. If ink is spilled on clothing or carpet apply milk at once, soaking and washing the place continuously until all the ink is taken out. If the ink is allowed to stay it cannot be taken out with milk. In fact, prompt treatment is the most effective with all sorts of stains.

The First Inquest.

The nearest approach to the holding of a judicial inquiry into the cause of death in England occurred as long ago as the year 1200, when, according to an old writer on the subject, "six and twenty venerable persons were summoned together to hear and consider the testimony of any who could speak with authority regarding the death of a digger in the fields named Martin Bolsover."

What a New Jersey Editor Says:
M. T. Lynch, Editor of the Philadelphia Record, N. J., Daily Post, writes: "I have used many kinds of medicine for coughs and colds in my family but never anything so good as Foley's Kidney and Bladder Cure. I cannot say too much in praise of it." Ireland's Pharmacy.

Laxative—A Candy Bowel Laxative.

If you have Constipation. If you have a coated tongue. If you are dizzy, bilious, salivary. If you have Headache, Sour Stomach, etc., risk 5 cents on Laxative. See for yourself. Sold by Fischer Drug Co.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Ireland's Pharmacy.

TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Ireland's Pharmacy.

Pink Lips Like Velvet, Rough, Chapped or Cracked Lips.

Can be made as soft as velvet by applying a light coating of Dr. Shoop's Green Salve. It takes out completely the soreness of cuts, bruises, and all skin abrasions. Sold by Fischer Drug Co.

Hay Fever and Summer Colds.

Victims of hay fever will experience great benefit by taking Foley's Kidney and Bladder Cure, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you, it will give instant relief. The genuine is in a yellow package, Ireland's Pharmacy.

How to Starch Thin Waists.

In these days of thin waists and delicate neckwear it is sometimes a problem for the housewife to know just how to treat the waists and laces so that they will not be too stiff, says the Philadelphia Press. The following rule is an excellent one: Dissolve a tablespoonful of gum arabic in about three quarts of water and dip the articles to be starched into this liquid. Wring them out and dry them where they will not freeze. After drying sprinkle them, roll them up and iron as usual. The gum arabic will not stick to the iron, and it gives to the muslins and laces only the same amount of stiffness that is found in new goods. Once tried you will not use starch in your delicate fabrics again. The gum arabic can be bought for 25 cents per pound and much cheaper at the wholesale druggists. An inferior grade is as good for this purpose as a high priced quality.

How to Remove Warts and Corns.

So far I have never seen a wart that would not yield to this simple home treatment if persevered with for a few weeks, and, in fact, stubborn corns will be relieved if not entirely cured in the same way. Buy of your druggist 10 cents' worth of the very best and freshest "cold pressed castor oil" and moisten thoroughly the wart (or corn) three or four times a day if possible (or oftener) with a clean toothpick wrapped with a little absorbent cotton dipped in the oil. Should the part feel sore discontinue the treatment a day, then start again, and you will be much pleased with the result.

How to Get Rid of Large Stones.

To get rid of a large stone make the stone very hot on one side only; pour water on it to make it crack and help it along with a heavy hammer, says Tom Watson's Magazine. Another way. In the winter is to bore a hole pretty well into the stone, fill with water and plug it firmly shut. The force of the water as it freezes will crack the stone. Still another way is to make a hole in the direction of the veins or cleavage of the stone, put in a cleft cylinder of iron, then drive an iron wedge between the two halves of the cylinder.

English as a Classic.

A generation ago the education of a college man consisted almost entirely of a study of Latin, Greek, philosophy and metaphysics, while now the study of history, economics and other subjects of practical bearing predominates. Interest in the classical languages has now largely abated, even with persons who make a study of them. The student was formerly supposed to get his training from Greek and Latin; English he studied incidentally. Now the study of English is predominant in the American colleges. This should not be considered, however, as a disparagement of the progress of American culture. It should be remembered that the Greeks themselves wrought out their wonderful culture, literature and art entirely without the aid of a foreign language. The schoolboys of Greece were required to commit to memory the best poems of the language, notably the poems of Homer, which shaped their thoughts, conversation and acts and finally their character.—President Schurman as Reported in Cornell Sun.

LIGHT TEST FOR GEMS.

How to Prove Genuineness of Precious Stones.

"It has frequently been asserted," says J. A. Key, a jeweler, in the St. Louis Globe-Democrat, "that there are certain kinds of artificially made gems—in fact, I believe the statement has been made to cover all kinds of such stones—that it is not only impossible, practically, for the layman to detect them, but that even experts are often deceived. This is a mistake, however, for by the simple light test any gem except a pearl may be proved false or real by the various tests at such an undertaking."

"I assume that the light test as regards diamonds is comparatively well known, and this is the same test that may be applied to emeralds, rubies and so forth. It consists of holding the gem directly on a horizontal line between the eye and a light held at a distance of about a foot from the stone, and preferably this light should be a candle. In the case of a diamond but one light will be seen clearly through the stone, whereas if it is bogus, no matter how much expert care may have been bestowed upon its making, a hundred lights may be observed, none of them clearly defined."

"With other gems the best method of making them is by superimposing a top cutting of garnet on a base, often mere colored glass. When it is held between the light and the eye, therefore, this line of juncture, impossible of detection under ordinary circumstances, will appear like a black line. That's just how simple it is to detect fake stones of any kind except pearls, and with these I confess it is hard to make a detection without tests that are not convenient for the layman to undertake. As a rule, however, pearls of generous proportions and exceptionally good color is always open to suspicion."

How to Wash Blue Flannel Dresses.

The little blue flannel dresses that are so serviceable and that are a part of the wardrobe of every small girl may be washed satisfactorily if the following directions are followed, says the New York Mail:

Boil a quart of a pound of yellow soap in three quarts of water, slicing the soap into thin shavings and letting it boil until it is all dissolved. Fill a tub with lukewarm water and add enough of the hot soapsuds to make a good lather. Dip the dress in and rub it well, but do not rub any soap on it, for it will leave a white mark. Wring it out with the hands, not with a wringer, because it creases it badly. Wash in another water with a little more of the soapsuds if it is much soiled. Then wring it again and dip into lukewarm water to rinse it, and make it very blue with the blue bag. Shake it out thoroughly after wringing it and dry in the shade until damp enough to iron on the wrong side. It must not be dried entirely before it is ironed. Colored woolen or cotton stockings can be washed in the same way and rinsed in strong salt and water to keep the colors from running instead of blue water.

Imagination.

He visited the tomb where his beloved was laid. Carrying a lighted candle and kneeling by her coffin, he exclaimed passionately: "Would I could die! Would I could die!" Just then the wind closed the door and extinguished the light. The bereaved lover who had just prayed for death rushed to the door. He could not open it. He tore at it, knocked, kicked, struggled, calling loudly for help. No answer, only the utter silence and darkness of the tomb. His wish to die was forgotten. He sank down and wept. His tears were not

Congressman W. A. Smith.
Representative William Alden Smith of Michigan, who is a candidate for the seat in the senate which General Alger will vacate next year, is famous for his fiery speeches. The congressman who aspires to be a senator was once a newsboy in the streets of Grand Rapids. He now owns the paper that he used to peddle. His first rise in the world came when he was appointed a page in the Michigan house of representatives. While running errands for legislators he formed a resolution to study law. When he called at the office where he had hoped to obtain a clerkship he found a card on the door saying the members of the firm had gone out of town for a few weeks' vacation. When the lawyers returned they found everything swept and garnished and a brisk looking young man installed at a desk diligently reading law. He said he was the office boy at nothing a week and had come to stay. He did and in seven years was a member of the firm.

The Presidio.
The Presidio of San Francisco, which was one of the principal places of refuge for sufferers from the earthquake and fire in that city, was established as an army post by the Spanish about 100 years ago. It was first occupied by

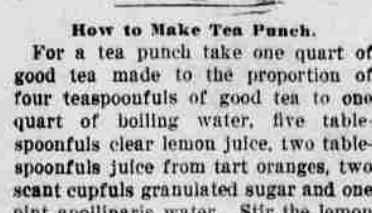

American troops in 1849 and is now the division headquarters for the department of California. It is situated on a slope overlooking the city from the northwest and has one of the largest and most important military hospitals in the new world. The reservation embraces over 1,500 acres.

Herbert H. D. Peirce.
Herbert H. D. Peirce, whose controversy with Robert M. McWade, former consul general at Canton, China, has attracted attention, was not long since appointed first minister of the United States to the new kingdom of Norway. He was often named in the dispatches from Portsmouth, N. H., last summer while the Russo-Japanese peace commissioners were in session, as he was then third assistant secretary of state and in special charge of the entertainment of the delegates. It was just prior to this that Mr. Peirce had visited China on a commission to investigate reports as to irregularities in the consular service. He made a report on the strength of which Consul General McWade was dismissed from the service. McWade afterward made countercharges against Mr. Peirce. The latter is fifty-six years of age, is a graduate of Harvard and has been many years in the diplomatic service.

How to Make Tea Punch.
For a tea punch take one quart of good tea made to the proportion of four teaspoonsful of good tea to one quart of boiling water. Add five table-spoonfuls clear lemon juice, two table-spoonfuls juice from tart oranges, two scant cupfuls granulated sugar and one pint apollinaris water. Stir the lemon and orange juice together and put them into a punch bowl with the tea, the apollinaris and a couple of large pieces of ice. If possible add a handful of fresh raspberries, but if these are not at hand use in their place an equal quantity of pineapple dice.

CARE OF JEWELS.

How to Keep Them in Good Condition and Safety.

Many American women possess the value of a king's ransom locked within their jewel cases. The possession of such priceless articles is a constant source of worry unless the proper precautions are taken to insure their safe keeping, says the New York Journal.

To enjoy any peace the owner of valuable jewelry must:

First—Send it to the jeweler every six months.

Second—Keep the most valuable things in the bank.

Third—Have a routine for removing and putting away jewels.

Fourth—Have a distinct receptacle for each ornament, so that an empty space tells at once it is missing.

Fifth—Insure all valuables against theft.

Sixth—If a loss is discovered and an advertisement printed offer a sufficient reward.

It is not only thieves one has to guard against for the protection of his jewels, but the valuables themselves require constant attention. Large and heavy stones must be looked at frequently by a jeweler or the setting becomes loosened and the stone falls out and is lost.

Turquoise must never be allowed to touch soap or grease, though ornaments sometimes say it improves them to lie for an hour or so in clear, clean, cold water. Pearls need wearing, and to improve the condition of their skin nothing is better than to place them in a tumbler of sea water and put the tumbler in the sun. People suffering from certain diseases must never wear pearls. They have been known when set in a ring to perish down to their settings. Those taking certain drugs must lay their pearls aside for the time or they will discolor.

When arriving at a hotel the best thing to do is to give all jewels, money and valuables at once into the keeping of the manager. If jewels are properly cared for they should be thoroughly examined by an expert every six months to make sure that the setting, the pins and the fastenings are in good order.

It is a dangerous place to pack valuables in a small hand bag unless that bag is fastened to the wrist or waist, for nothing is easier than to forget a little bag when hurrying to catch a train.

When removing a wrap it is advisable to take notice that brooches are not unclipped. Valuable jewels are often unfashioned by the contact of an outer garment.

How to Prepare Dried Fruit.

If you will consider that dried fruit is fresh fruit with the water dried out of it and more or less dried gathered upon its surface, two things will occur to you to do to make it become something like fresh fruit, says the New York World. First wash it thoroughly, using if necessary several changes of water, but be sure to get the fruit clean. Then put it to soak in clean water, completely covering the fruit with an inch of water above it. Soak at least twelve hours, and if the fruit does not plump out very full keep it in until it will swell no more. Don't change the water in soaking and cook in the water the fruit was soaked in. Boil gently for twenty minutes, then set on back of the stove to simmer until the fruit is done and tender, using sugar in cooking according to taste. Mixed apricots, peaches and prunes, with a few tart plums to lend spiciness, make a delicious dish.

How to Perfume a Closet.

To perfume a closet get two lengths of material the exact size and width of your closet wall, place between this material cotton batting scented with sachet powder, says the New York World. Sew the material together and tuck it with ribbon bows or simply stitch it down. Nail it to your closet wall or hang it up by tapes. This will not only perfume your clothes, but make an admirable protection against dust or the whitewash of the walls. This is a good formula for the heliotrope sachet powder, but you may not need so much as this: Iris powder, two pounds; powdered rose leaves, one pound; tonka beans (in powder), six ounces; vanilla beans, three ounces; musk (in grains), two drams; essence of almonds, five drops. Mix well and pass through a large sieve.

How to Polish Damper Shoes.

Damp shoes are very difficult to polish. Try putting a drop or two of paraffin to the blacking, and you will find they polish up at once.

How to Destroy Moths.

There is a better insurance against moths than the ordinary moth balls or gum camphor, says Good Housekeeping. Put into the bottom of the trunk in which clothes are packed away a small bottle of chloroform, say an ounce or two, according to size of case. Split the cork slightly, so that the chloroform can gradually evaporate. The fumes will kill not only moths, but many disease germs. It would be an exaggeration to say that the gas will kill all bacteria as well as insects, but certainly it is more efficacious than ordinary camphor. Of course care must be taken not to inhale the fumes when opening the chest.

How to Fill a Fountain Pen.

If you use one of the little glass and rubber fillers, be careful to use it slowly both in taking ink from the bottle and in putting it into the pen so as to avoid the air bubbles which hinder the smooth flow of the ink when writing, says Tom Watson's Magazine. If the bubbles form in spite of you, take the slightly unraveled end of a piece of brown twine or splintered end of a broken match and push it into the bubbles until they disappear.

How to Wash Ribbons.

The washing of ribbons is not always attended by the best results. The following is a milliner's method and most successful, says the Detroit News-Tribune: Put the ribbon into a basin of warm water, rub on some good white soap and wash as you would anything else. While still wet iron on the right side with a hot iron and when dry rub between the hands as if washing it until all the stiffness is out, then iron again to remove the wrinkles. When ribbons are washed in this way it is difficult to tell them from new.

How to Cure Seasickness.

Bright red spectacles, accompanied by internal doses of calomel, form a new German specific against seasickness. It is deducted from Epstein's investigations on the influence of color on the blood vessels in the brain. Seasickness is due to lack of blood in the brain, while red sends blood to the brain with a rush. By looking at one point for some time through the red glasses the patient is rapidly cured.

How to Relieve Pain.

An easily made poultice for sharp pain in side, etc., may be made from vaseline and mustard in the proportion of two parts vaseline and one part mustard. Mix together and spread on a piece of muslin as one would spread an ordinary poultice.

Mrs. Frederick Funston.

Brigadier General Frederick Funston, whose energy in handling the situation in San Francisco during the week following the earthquake elicited great praise, has been captured several times in the course

of his career. Once he was captured by the Spanish in Cuba and again was made a prisoner in the very San Francisco which has been the scene of his most recent triumphs. The second time he was captured it was by a pretty San Francisco girl, Miss Eda Blankert, while the regiment he then commanded, the Twentieth Kansas, was at the Presidio awaiting orders to proceed to the Philippines. The latter came before the lovely colonel of the regiment had been acquainted with Miss Blankert a short six weeks. There was no opportunity for a lengthy courtship, so they married at once. Their wedding trip was a walk around the block and a few hours later he sailed with his regiment.

The Mexican Central has recently placed on sale tickets to New York and return, going via the Mexican Central to either Vera Cruz or Tampico, thence via the famous Ward Steamship line to New York. The return will be by rail over any line to El Paso. The entire trip, covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport, and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip can not be planned, as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's goings. It is a good paper to send to your friends.

CERTIFICATE OF AMENDMENT ARTICLES OF INCORPORATION.

Territory of New Mexico, office of the Secretary. Certificate of comparison.

I, J. W. RAYNOLDS, Secretary of the Territory of New Mexico, do hereby certify that there was filed for record in this office at nine o'clock a. m., on the sixteenth day of July, A. D. 1906, certificate of amendment to articles of incorporation of H. B. Cartwright and Brother increasing capital stock, (No. 4496); and also, that I have compared the following copy of the same, with the original thereof now on file, and declare it to be a correct transcript therefrom and of the whole thereof.

Given under my hand and the Great Seal of the Territory of New Mexico at the City of Santa Fe, the Capital, on this sixteenth day of July, A. D. 1906.

J. W. RAYNOLDS.

Secretary of New Mexico.

At a meeting of the stockholders of H. B. Cartwright and Brother, duly called by the Board of Directors of said Company, for the purpose of increasing its capital stock, held at the office of the Company in Santa Fe, New Mexico, at three o'clock on July twelfth, A. D. 1906, H. B. Cartwright, president of the Company, and S. G. Cartwright, secretary of the Company, acting respectively as chairman and secretary of the meeting, the following action was taken:

On roll called the following stockholders were found to be present either in person, or by proxy, they being the holders of all the stock of the Company outstanding:

H. B. Cartwright, 110 shares.
S. G. Cartwright, 110 shares.
Mannell Valdez, proxy held by H. B. Cartwright, 1 share.
Lizalde Ocho, proxy held by H. B. Cartwright, 12 shares.
M. B. Cartwright, proxy held by H. B. Cartwright, 14 shares.
Mary S. Harroun, proxy held by H. B. Cartwright, 6 shares.
George W. Hickox, proxy held by H. B. Cartwright, 70 shares.
Acrolino E. Hinchley, proxy held by H. B. Cartwright, 65 shares.
G. W. Shock, proxy held by H. B. Cartwright, 20 shares.
Paul F. Straub, proxy held by H. B. Cartwright, 50 shares.

It was moved and seconded that the capital stock of the Company be increased from six hundred shares of the par value of one hundred dollars to one thousand shares of the par value of one hundred dollars, one half of the total amount to be preferred stock and one half to be common stock, the shares not already issued, to be issued from time to time by the Board of Directors in accordance with the by-laws of the Company, and at not less than the par value.

The above motion being duly put by the chairman was carried, all the shareholders being present either in person or by proxy, and all voting in the affirmative.

(Signed) H. B. CARTWRIGHT, President and Chairman of the Stockholders meeting.

(Signed) S. G. CARTWRIGHT, Secretary and Secretary of the Stockholders meeting.

Subscribed in my presence by H. B. Cartwright and S. G. Cartwright, both personally known to me, this thirteenth day of July, A. D. 1906.

SOCIAL AND PERSONAL

(Continued from Page Four)

W. A. Buddecke, president of the Las Vegas Railway and Power Company, who has been in St. Louis for the past six weeks, has returned to the Meadow City.

The Misses Mildred and Artless Browne, who have been on a visit to Mr. and Mrs. C. N. Blackwell, at Raton, Thursday last returned to their home in the Meadow City.

Miss Prouditt, of Kansas City, Missouri, and Miss Newhall, of this city, who have been in Albuquerque on a visit to Hon. and Mrs. Frank W. Clancy, have returned to Santa Fe.

C. T. Brown, of Socorro, left this morning for the eastern part of Socorro county for the purpose of examining properties in that section. He will be away from home several days.

Mrs. H. B. Platt, of St. Louis, accompanied by her grand daughter, Miss Helen Porterfield, also of St. Louis, arrived in the city Thursday night for a visit to her daughters, Mrs. J. B. Wood and Miss Louise Platt.

Harry F. Lee, of Albuquerque, Secretary of the Territorial Sheep Sanitary Board, and wife, have reached home from a month's stay at Long Beach, California. En route Mrs. Lee remained in Gallup for a short visit to friends.

Mrs. Fred Harvey and daughter, Mrs. J. E. Huckel, of Leavenworth, Kansas, have gone to Colorado, California, for a six weeks' stay. Miss Sybil Harvey and several friends passed through New Mexico last Thursday for a visit to the Grand Canyon.

Mrs. N. B. Field, of Albuquerque, and Miss Otero, arrived last evening from the Forest cottage on the Pecos Forest Reserve, where they have sojourned during the past three weeks. Mrs. Field will be a guest at the Bergere residence for some days before returning to the Pecos Reserve.

Ex-Governor Otero, who left here Thursday for the sheep ranches of the Salado Live Stock Company in Guadalupe county, upon receiving a dispatch yesterday at Pastura, announcing the death of Judge Lafayette Emmett, returned to this city last evening to be present at the funeral of his late father-in-law tomorrow afternoon.

Mrs. James A. Carroll, wife of Superintendent Carroll of the Mesquero Apache Reservation and daughter, Miss Eloise, have returned home after a pleasant visit of three weeks to Los Angeles and other California coast towns. Miss Eloise was a pupil for the past two years at the Loretto Academy in this city where she was a favorite.

Mrs. George B. Wood, formerly of Quincy, Illinois, has been in the city several days as the guest of her daughter, Mrs. Ammon Dbert. Her husband arrived here today, accompanying a car load of household furniture. Mr. and Mrs. Wood have decided to locate in the Estancia Valley.

Former Governor W. T. Thornton, of Guadalajara, Mexico, and wife are guests at the home of Hon. and Mrs. J. P. Victory on Delgado Street. The ex-governor, who has been quite ill for the past four weeks is slowly recovering. He was able to be about Friday and called on a few old friends. During the coming week with increase of strength he hopes to meet more of them.

Colonel G. W. Pritchard, who was a passenger Thursday for the south to visit mining properties he owns in the Jicarilla Mining District in Lincoln county, upon receiving a telegraphic dispatch announcing the death of Judge Emmett and requesting that he act as one of the pall bearers of the funeral, returned to Santa Fe last evening via the Santa Fe Central. He will be in attendance at the funeral ceremonies of the deceased tomorrow.

Cards have been received in this city in which Mr. and Mrs. E. A. Ford, of Las Cruces, announce the marriage of their daughter Pinciney, to John William Bourz, of Regina, Canada, August 8th last. The newly married couple will make its future residence at Saskatoon, Canada. The bride was for several years stenographer and bookkeeper at the College of Agriculture and Mechanic Arts, at Mesilla Park, and also, for a year, stenographer in the office of the Bureau of Immigration in this city. She is a bright and amiable young woman and has many friends in the Mesilla Valley as well as in the Capital. Both are graduates of the New Mexico College of Agriculture, where they first met.

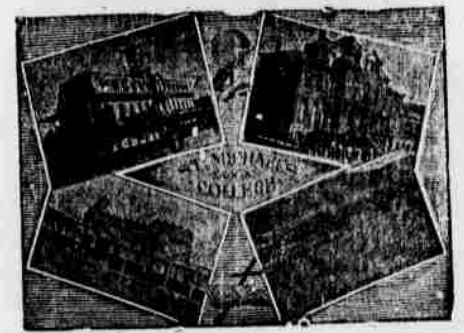

Minor City Topics.

(Continued from Page Five.)

Major W. H. H. Llewellyn, who was in the city Thursday, in conference with Senator Andrews and others, stated that he felt certain that Arizona would vote for statehood, inasmuch as the people of that Territory were beginning to draw away from the corporation interests and look into the
