## THE POOR INDIAN BECOMING RICH

Supt. Crandall on Navaho Conditions.

## THE PROSPERITY ABOUNDS

Own One Million Sheep and Hundred of Thousands of Goats.

Superintendent Clinton J. Crandall, of the U. S. Indian Training School here, recently returned from a visit to Fort Defiance, the headquarters of the Navaho Agency and where the principal school on that reservation is located. This is under the supervision of Superintendent Reuben Perry, who has been in charge for three years and who is bearing out his reputation as an energetic and efficient official. The Navahos are evidently very contented and certainly not paupers. It is calculated that they own nearly a million sheep and many, many goats, although a careful estimate of the latter cannot yet be made. They use the goats a great deal for milking and also for meat. The number owned by them is said to be way up into the hundreds of thousands. They have learned of late that graded sheep and goats are better for all purposes than the common kind and hence it is very noticeable that they are improving the grade of these animals every year. They have also come to the conclusion that "dipping" is a good thing both for the animals and their owners.

"They are 'dipping' now," said Superintendent Crandall, "and I saw six thousand sheep dipped in one day at Defiance. Dipping vats have also been established in other sections of the reservation and the Indians are taking full advantage of them. These items show a great advance on the part of the Navahos and will have a good effect in bringing them to adopt other civilizing influences which are now offered them by the Indian office.

"The school at Fort Defiance is doing well and has accommodations for about 150 children. The school at Tohatchie, about thirty miles east of Defiance, is in New Mexico and has a capacity of about 100. This school is also doing well and for several years past was under the supervision of Mrs. De Vere, who, however, will shortly resign on account of ill health. Buildings for another school are now in course of erection at Chinlee about 57 miles north and west of Defiance in Arizona. This will have a capacity for about 100 children. Mr. Perry is in charge of the southern part and western half of the agency and he estimates the number of Navahos within his jurisdiction at about 12,000.

## Navahos Learned Lesson of Peace Well.

"It will be remembered that last fall there was considerable trouble in the vicinity of Chinlee. Several Indians had committed crimes and declined to be arrested. Agent Perry about that time paid a visit to Chinlee when these criminals with the aid of other badly disposed Indians kept him in custody with a view to extorting promises for a short time of immunity and to let them go free from him. Agent Perry, however, did not accede, and called for troops which were promptly sent from Fort Wingate. The ring leaders were arrested, tried by an Indian court under the approval of the Secretary of the Interior and sentenced by the agent to terms of imprisonment on Alcatraz Island in San Francisco harbor where they now are and where they have become very good Indians. The proper disposition of these cases taught the Navahos in that section a solitary lesson by which they have evidently been benefited as they have been very quiet and well behaved ever since."

Superintendent Crandall in his travels over the reservation noticed that many places of it were admirable for grazing of live stock, but that the present water supply was too limited to be engaged in any farming operations. Mr. Crandall also visited the mission of St. Michael, located in Arizona, about eight miles south of the Fort Defiance and just outside of the reservation. There he found a very comfortable and well arranged Catholic mission presided over by the Rev. Father Anton Webber. The capacity of this school is of about 150 young people and it is well attended. There is also some natural meadow land upon which good crops of grass are harvested by them. Father Webber has his heart in the work and is doing all he can for the Indian pupils who attend his mission. Father Webber is of the Franciscan order. He has been a missionary among the Navahos for many years who like and respect him very much. He has studied their language and customs and is now engaged in the preparation of a Navaho language dictionary and grammar. His mission is supported by voluntary contributions and by donations from the Franciscan order. He is assisted by several brothers of the order. The nearest railroad point to St. Michael's is Gallup, in McKinley County, this Territory.

Indians Are Not Decreasing. Mr. Crandall enjoyed his visit to the Navaho country very much, although

## REBUILDING COUNTY BRIDGES

Chairman Seligman Commenced Work on Palace Avenue Structure—More Repairs to Be Made.

Chairman Arthur Seligman, of the Board of County Commissioners has instructed the road overseer of precinct No. 18 to summon citizens liable to pay a road tax or to work on the public roads of the precinct, for work on the reconstruction and repair of the county bridge across the Santa Fe river at the head of Palace Avenue in precinct 18. The bridge happens to be just outside of the city limits and hence the county must put it into shape at its expense. Two years ago this structure was greatly damaged by a flood which occurred in September of that year. Since then it has been more or less repaired and more or less again damaged by heavy rains and an overflow of water in the Rio Santa Fe. Mr. Seligman has concluded to put it into the best possible shape now and this work is progressing rapidly. Ten by ten inch timber is being used for the supports and up rights and the bridge bed will consist of four inch red spruce planks. The bridge will be twenty feet wide and eighteen feet long when finished. It is on the main thoroughfare to the scenic highway and is much used by vehicles of all kinds and by many people. The chances are that it will be completed and ready for travel by Monday next. Road Supervisor Norton Rodriguez and eighteen men are now employed and Mr. Seligman is giving the progress of the work his daily attention.

Chairman Seligman has considered the reconstruction of the wooden bridge across the Santa Fe River on Delgado Street and has asked for estimates from carpenters and contractors, but so far has been unable to secure them, the builders and contractors here being too busy. As soon as estimates can be secured, bids for the rebuilding and repair of the bridge will be advertised, should the estimates exceed \$200. Mr. Seligman hopes to be able to undertake this work at an early date and just as soon as a contractor can be secured to do it.

## SUNDAY BASE BALL AT LAST

Santa Fe Team Arranges for Use of St. Michael's College Campus for Three Weeks.

Brother E. Lewis, director of St. Michael's College today gave permission for the use of the campus of St. Michael's College for base ball games on Sunday afternoons, for the coming three weeks. The local base ball manager is now preparing a schedule of games and local fans are promised a treat. The McIntosh Browns of Albuquerque, will come to Santa Fe as soon as arrangements can be made and it is probable that an excursion of Duke City fans will also be run to the Capital. Brother Lewis stated this morning, that he gave his consent for the use of the grounds, because, if the local team did not make arrangements for return games, the boys would be barred from the diamonds of other cities.

## FORTY SHIPS TO BE REVIEWED

At Oyster Bay on Labor Day—President Will be Guest of Honor.

Washington, Aug. 21.—The Navy Department has completed arrangements for the great naval pageant off Oyster Bay on Labor Day. The President, accompanied by Secretary Bonaparte and Assistant Secretary Newberry of the navy, will review the fleet of more than 40 vessels from the deck of the Mayflower, which has been ordered home from Dominican waters for the use of the President. The review will start at 11 o'clock in the morning. The fleet will be at anchor during the entire time of the review, while the Mayflower will steam past the long line of ships. It is said that the review will be the most imposing naval spectacle ever witnessed in the waters of the United States.

traveling in August there, is not as agreeable as it is in a Pullman car in northern New Mexico; the nights are very chilly, the altitude being high. Observations on his part indicate that the Navahos are not decreasing, that their children are in the best of health and go through the ills of childhood better than ever before in their history. This of course, can be ascribed to the care and attention exercised by Agent Perry, the agency physicians and the other officials in charge. When the Indians, or any of their children, fall ill, they receive proper medical attention and although it is hard at times for them to follow the physician's prescriptions, Uncle Sam's agents and sub-officials compel them to do so for their own good. Indian Commissioner Francis E. Leupp visited the reservation and made a careful inspection of everything connected with it and the Indians about three months ago. He found conditions in very good shape and highly complimented Agent Perry on his general executive ability and efficiency both in the field and in the office. The work of Mr. Perry's chief clerk, Mr. Flanders, pleased Commissioner Leupp so well that this official was promoted recently to special agent in charge of the suppression of the liquor traffic among the Indians in Arizona and New Mexico, for which purpose the last session of Congress made a large appropriation, \$1,500 of which are to be spent in Oklahoma and Indian Territory and the remainder in the southwest.

## BIG EARTHQUAKE WAS FORETOLD

By Naval Observatory Two Days in Advance.

## VIVID WORD DESCRIPTION

Of Terrible Night Scene—Santiago a Big Camp—Details Lacking.

Santiago, Aug. 21.—Chile, Monday, Aug. 20. (6 p. m.)—Only now can the seriousness of the catastrophe be seen to be appreciated. The greater part of the modern houses are unsafe for habitation and the authorities have organized a special corps to pull down the tottering buildings in most of the streets. It is not safe to walk on the pavement owing to falling debris. Santiago resembles a camp. The public squares and principal avenues are crowded with people sleeping in the open. The night of August 16th was rendered dreadful by the flashing of lightning and the pouring rain. Electric cables and wires snapped as a result of the constant strong earth shocks which occurred all night causing the greatest consternation which was heightened by the pealing of the fire bells announcing the breaking out of fires in various quarters of the city. The first great shock lasted four minutes and fifty seconds. Such a long shock had never occurred before in the memory of any Santiago inhabitant. Experts say that the only thing which saved Santiago from complete ruin was that the motion was circular. The principal shock reached from Valparaiso to Santiago and Meripilla with its center at Lima. The last two mentioned towns were destroyed as were Quilota and Laialia. The approach of the earthquake was announced by the naval observatory two days previous to its occurrence.

## Chilean Fleet Does Good Work at Valparaiso.

Valparaiso Aug. 21.—The opportune arrival of the Chilean fleet which steamed into Valparaiso harbor here to welcome Secretary Root, helped save the situation which followed the earthquake. As in San Francisco, the sailors were landed and placed in charge of the city pending the arrival of government troops. They patrolled the water front and guarded the wrecked banks and other buildings containing valuables, with orders to shoot thieves and misdoers on sight.

## Ladrones Shot and Hanged to Poles.

The soldiers shot a number of ladrones who were caught rifling the dead and robbing buildings and their bodies were suspended from telephone poles at street corners bearing large placards reading: "Por Ladrones," a warning to looters.

A strange fact in connection with the earthquake is that the daily papers published prognostication of the catastrophe several hours in advance of the first shocks.

## Two Thousand Dead in Valparaiso Alone.

Buenos Ayres, Aug. 21.—The Nacion today published a special dispatch from La Paz, Bolivia, announcing that two thousand persons lost their lives as a result of the earthquake shocks and fires at Valparaiso and that 170 deaths from the same causes occurred at Lima, forty at Quilota, thirty-five at Concepcion, eleven at Petrola, ninety at La Piedad, and six at La Calera. On Sunday there was a strong convulsion at Valparaiso which produced a further panic.

## President Riesco Aids in Relief Work.

A dispatch from Santiago today announced that President Riesco is proceeding to Valparaiso accompanied by his ministers of the Interior and of War to supervise the relief work.

## Telephone and Telegraph Lines Aid in Work of Restoration.

Santiago, Aug. 21.—The task of the authorities in the present situation became easier today on account of the fact that the telegraph and telephone lines were re-established between Valparaiso and Santiago, enabling the Governor of Valparaiso to consult at length with the authorities here. People arriving here from Valparaiso confirm the alarming reports as to the extent of the catastrophe but they declare that the local authorities have taken the most energetic measures to maintain order and prevent pillage. All persons caught robbing are shot on the spot.

## City is in Ruins According to Reports.

People arriving here estimate that eighty-two per cent of the buildings in the Terremote district have been destroyed by fire. All reports agree that the Adremndral and Southern districts of Valparaiso suffered most severely. According to some reports, Valparaiso may be said to have been totally destroyed, it being asserted that they must be pulled down. A majority of the inhabitants of Valparaiso are camped on the hills surrounding that city, and in the parks and main thoroughfares. Many have sought refuge on board vessels at anchor in the bay. Martial law continues there.

## Lack of Definite News From Valparaiso.

No really definite news has been received here from Valparaiso except the governor's official report to the

## CHARLES WAGNER LAID TO REST

Funeral Held This Morning Under Auspices of Odd Fellows—Floral Offerings.

Santa Fe Lodge No. 2, I. O. O. F., had full charge of the funeral of the late Charles Wagner which took place at 9 o'clock this morning from the family residence on San Francisco Street. The remains were buried in the Odd Fellows' Cemetery. Rev. J. W. McKean, president of the Territorial American Sunday School Association, who is a member of the Independent Order of Odd Fellows, officiated at the funeral. In the selection of the pall-bearers two each were chosen from the Odd Fellows, Knights of Pythias and Elks. They were David Miller and David J. Lowitzki, representing the Odd Fellows; Frank Sturges and Evaristo Lucero, representing the Knights of Pythias, and Dr. David Knapp and Oscar C. Watson, representing the Elks.

The Odd Fellows attended as a lodge and headed the funeral cortege. The members of the other lodges, to which the deceased belonged attended as individuals and took no active part in the services.

The house was crowded with sorrowing relatives and friends while the last rites were being held, and nearly all of the mourners joined in the solemn procession to the burying ground. The floral offerings were profuse and beautiful, attesting the esteem and respect in which the deceased was held. Some of the flowers were entwined into magnificent designs, and the casket was covered with these floral evidences of bereavement.

## GOVERNMENT SURVEYORS INVESTIGATE

Area of Gabaldon Added to Pecos Reserve—Re-measure New Portion.

A trio of Government civil engineers returned yesterday from a surveying trip on the Gabaldon land grant. G. D. Kirkpatrick of Washington, D. C., the government inspector of surveys, was at the head of the little party, and his two assistants were E. P. Blanchard of Cheyenne, Wyoming, and Frank J. Irie, of Bingham, Utah. Hon. Thomas B. Catron is the owner of the grant and some time ago the government secured part of it that extended into the forest reserve for timber land located in Washington. Mr. Catron claimed that a mistake had been made in the original survey and the party was engaged in re-measuring the grant which now forms part of the Pecos forest Reserve. According to the agreement Mr. Catron was to receive an acre of timber land in Washington for every acre of the grant that was embodied in the forest reserve.

## RIOTS FEARED IN CHINA

Hordes Go From Canton—Constabulary Side With Rebels—American Squadron Ready.

Chifu, Aug. 21.—The political situation here has taken a serious turn. There has been an uprising of the native population, which at present is swelled by 50,000 coolies from Canton, on their way to the Manchurian wheat fields. The Chinese constabulary side with the mobs and the settlement police, which is maintained by the foreign embassies, is powerless. It is not unlikely that they will be ejected from the city if they are not withdrawn.

The presence of the hordes of coolies from Canton provoked the troubles and riots are feared.

Part of the eastern squadron of the United States navy, including the battleship Wisconsin, the cruisers Galveston, Chittanooga and Cincinnati, the destroyers Barry and Bain, and the gunboat Quivros are here. The battleship Ohio, the cruiser Raleigh and Baltimore and the gunboat Rainbow are expected to arrive soon.

## POLICE TO SHOOT RECKLESS AUTOISTS

Chief of Police of Racine, Wisconsin, After "Devil Wagon" Occupants.

Chicago, Aug. 21.—The chief of police of Racine, Wisconsin, has ordered his patrolmen to shoot speeding autoists who refuse to halt when commanded to do so. The North Shore line is determined to prevent speeding through its streets, much of which, it is declared, is done by Chicagoans.

In addition to the order to shoot, ropes will be stretched across certain streets or bumps built like those at Glencoe. The speed limit is twelve miles an hour, but it is said that autoists go through the town at much greater speed.

president, outlining the situation and adding that he earnestly requests reinforcements of troops which today were sent him by forced marches. The governor informed the president that he had caused the construction of sheds on Brazil Avenue in order to shelter homeless families. He estimated that provisions on the way to Valparaiso would be sufficient to last a month. The water supply however, is short owing to the destruction of the water works. Difficulty is experienced in burying the dead owing to the panic prevailing. The state of affairs existing at Valparaiso furnishes a serious outlook for Santiago since many homeless from the former place will make their way here and there are not sufficient accommodations or food in this city for the destitute people of Santiago.

## "WHOSE ADVISE SHALL WE TAKE?"

Question Propounded by W. E. Kelley of Socorro.

## JOINT STATEHOOD MEASURE

Shall the People Turn Down the President and Speaker Cannon's Opinions.

W. E. Kelley, a resident of Socorro County, for twenty-six years, attorney by profession, who was a member of the Territorial Board of Equalization under the Price administration and also served as a delegate to the constitutional convention in 1896, having read the recent communication in this paper by ex-Governor M. A. Otero and U. S. Senator Henry M. Teller, has asked space in the New Mexican to propound a question of great interest to the people, to the writers of these letters. Mr. Kelley says:

"Socorro, N. M., Aug. 20, 1906.

"The Socorro Chieftain, of August 18th reproduces the letters printed in your issue of the 14th of Senator H. M. Teller, of Colorado, and ex-Governor M. A. Otero in opposition to joint statehood for New Mexico and Arizona.

"The undersigned is forced to ask this pertinent question with regard to the letters from these eminent gentlemen: 'Whose advice shall the people of New Mexico and Arizona follow on the statehood question now before them for their consideration and determination, at the coming November election? That of Senator Teller and ex-Governor M. A. Otero, or that of President Roosevelt and Speaker Joe Cannon?'

"Mr. Teller from the time the State of Colorado was admitted into the Union in 1876 as the Centennial State to 1898 was almost continuously one of its senators in Congress and had been active in the councils of the Republican party of his State and the nation, because he had advocated the principles of the party, and because of his supposed sincerity and adherence to the principles of the Republican party he had been highly honored by the Republicans of his state and the nation with office.

## Tells of Senator Teller's Record.

"In 1896, Mr. Teller as a delegate to the national Republican convention held in St. Louis, which nominated William McKinley for president, and because that convention declared in its platform for sound money and against the free and unlimited coinage of silver, Mr. Teller saw fit to withdraw from the convention and to cast his lot politically with the W. J. Bryan party with its fanatical money question; shedding as he left the convention, copious tears of what was then supposed by his former friends to be regrets, because he felt he must leave the Republican party, with which he had been so long identified and whose principles he had so ardently advocated; yet this same Mr. Teller who later in the state of Colorado, either at Colorado Springs or at Pueblo—the writer has forgotten which—when a candidate for re-election to the United States Senate from his state, in a speech made the statement that he had never been a Republican in principle during all the years that he had acted with it, and accepted office from its hands only in so far as the question of slavery was concerned.

"Following Mr. Teller's example the Republicans of New Mexico in 1896, in their Territorial convention at Las Vegas, saw fit to amend the national platform as adopted at St. Louis that year with regard to the money question, and declared in their platform for the unlimited free coinage of the American silver product—hence no statehood for ten years.

"At the election in November, 1896, New Mexico elected that most uncompromising, wild and woolly, unlimited free silver coinage advocate, H. B. Ferguson as delegate to Congress, and who took his seat in the Republican Congress, a majority of which was elected with McKinley as president on the gold standard platform. Could it be supposed that a President and a Congress that had been elected on a sound money platform would be very strenuous in favor of the admission of the Territory of New Mexico, to statehood, when the people by their votes at this very critical time had shown their opposition so plainly on the main question at issue in the election of a majority of its members?

## McKinley Never Recommended Single Statehood.

"Mr. McKinley never recommended the admission of New Mexico to single statehood, and no sane man, much less a politician, would suppose that under the circumstances he would. Mr. Ferguson of course introduced his statehood bill, and it died with his term in Congress, though that Congress gave him all the land he asked for. Mr. Perea, his successor, introduced his single statehood bill, and it died with his term in Congress. Then came B. S. Rodey, whose advocacy of single statehood for New Mexico has been the strongest ever made in Washington by any Delegate, and succeeded in securing the passage of his bill through the House, but, which,

## INJURED BY FALL DOWN MOUNTAIN

Timothy Breen, Prison Guard, Has Exciting Experience on Precipice.

Falling off a ledge of rock twenty-five feet high and rolling down a mountain side fully twice that distance was the unfortunate experience yesterday of Timothy Breen, who is employed as a guard with the convicts working on the scenic highway. When picked up he was in an unconscious condition and blood was oozing from numerous contusions on his head and body.

Breen was walking along the roadway near the edge, when he stepped on a loose rock which slipped from under his foot, and caused him to lose his balance. Before he could regain his equilibrium he plunged over the precipice, falling and rolling a distance of ninety feet. He clutched at rocks protruding on the mountain side in an effort to save himself, but the rocks became dislodged under the weight forced upon them.

Examination disclosed the fact that no bones were broken, although the victim had sustained internal injuries. He complained of severe abdominal pains when he revived an hour and a half afterwards. His face was badly skinned and his entire body is bruised considerably.

Eye witnesses declare that Breen landed on his feet after his aerial descent from the ledge, but "Tim" was unable to secure a footing and continued on down the slope. Breen is seriously hurt but is thankful that he escaped alive. His tumble down the mountain side discounts any of his experiences as a rough rider during the Spanish-American war. He will probably be laid up at home for a week or more.

## KERMIT ROOSEVELT GOES HUNTING

Will Spend Two Weeks in His Father's "Old Stamping Ground" in Black Hills.

Deadwood, S. D., Aug. 21.—Kermit Roosevelt, accompanied by his friend, John Heard, of Washington, has arrived in Deadwood to visit. United States Marshal Seth Bullock.

A party, consisting of Kermit, John Heard, Stanley Bullock and Paul Martin, son of Congressman Martin, and Marshal Bullock, will go with a camping outfit to Butte County, traveling by easy stages. The boys expect to remain in the Black Hills for two weeks.

## CIVIL WAR IN SANTO DOMINGO

Government Sends Soldiers to Meet Rebels Advancing Against Monte Christi.

Cape Haytien, Hayti, Aug. 21.—Advices received here from Guayubin, Santo Domingo, say that General Gueyito at the head of a hundred revolutionists has left Dajabon to join the troops of General Navarro and make an attack upon Monte Christi. The government of Santo Domingo has sent 1,200 men from Moca against the revolutionists. It is believed that a desperate civil war will follow.

## SERIOUS DROUGHT IS BROKEN

In Wisconsin—Damaged Potato Crop—Forest Fires in Minnesota Still Smoulder.

Superior, Wis., Aug. 21.—The serious drought which has threatened the potato crop in Northern Wisconsin was broken today by a drenching rain. Reports from the Vermillion and Mesaba ranges in Minnesota indicate that the forest fires are not entirely smothered but the danger is thought to have passed.

## GREAT NORTHERN STOCK TAKES METEORIC FLIGHT.

New York, Aug. 21.—A sensational feature on the stock exchange today was the advance in Great Northern preferred which rose to 324 1/2; a gain of over sixteen points from yesterday's close. This revived the old rumor of the consummation of the ore deal between the Hill property and the United States Steel Corporation but no news developed on this point.

with the aid of Senators Quay, Foraker and I presume, Mr. Teller, failed in the Senate, and in the final wind up, Mr. Quay assented to joint statehood for New Mexico and Arizona, as the only solution of the vexed statehood question, and the result is joint statehood or nothing for years to come, as we are assured by both President Roosevelt and Speaker Cannon, who advise the people of these two territories to vote in its favor.

"As for ex-Governor Otero, what has he accomplished for single statehood? The only visible thing that the people of New Mexico are cognizant of, is the payment of about \$5,000 appropriated out of the public treasury by the legislatures of 1903 and 1905 to pay the expenses of a few delegates appointed to go to Washington as a statehood committee to advocate single statehood for New Mexico, which resulted in the almost unanimous passage of the present joint statehood enabling act by the House and Senate, and now presented to us for acceptance. Whose advice shall we follow?"

W. E. KELLEY.

New Mexican want ads will get you anything on earth.

## SULLIVAN AND BRYANITES ROW

In Illinois Democratic State Convention.

## COMMITTEEMAN STANDS PAT

Will Endorse Nebraskan Whether or no—Fight for Control.

Peoria, Ill., Aug. 21.—The Democratic state convention met today for the purpose of nominating candidates for state treasurer, state superintendent of public instruction and for three trustees of the University of Illinois. In reality, however, the convention was a fight for the control of the state party machinery between the faction endorsing National Committeeman Sullivan, of Chicago and the immediate followers of Bryan who in successive letters has asked for the resignation of Sullivan from the national committee on the ground that it was improperly obtained two years ago. Sullivan not only refused to resign but he and his friends resent what they term the interference of Bryan in their state politics.

Before the convention Sullivan claimed that he controlled 1,400 out of 1,665 delegates. The Bryan people headed by Judge Thompson of Jacksonville, and Congressman Rainey declared that unless the convention repudiated Sullivan they would fight to the last against any endorsement of Bryan by the convention. Sullivan on the other hand declares that Bryan would be endorsed whether he liked it or not.

## MAIL STEAMER STILL ON REEF

All Efforts to Dislodge Manchuria Stranded on Rabbit Island Unavailing.

Honolulu, Aug. 21.—All efforts have so far failed to pull off the mail steamer Manchuria stranded off Rabbit Island on the north shore of Oahu and a cable may be sent asking for tugs from San Francisco. There will be a large high tide tomorrow morning at 5 o'clock and another attempt will then be made to haul the liner off the reef. It is probable that the steamer Alameda may be of some help in this effort to get the stranded steamer into deep water but her position is such as to give little hope for success. The Inter Island steamers which acted as tow boats are now arriving here with many passengers of the Manchuria on board and other passengers are coming in overland. It is reported that the stranded steamer is leaking and the pumps are at work.

## GENERAL GOMEZ ON WAR PATH

Candidate for Presidency of Cuba Leads Band of Insurgents in Interior.

Havana, Aug. 21.—The Cuban government has been positively informed that General Gomez, who was a candidate for the presidency has left Yaguajay, province of Santa Clara accompanied by a band of insurgents. The authorities of the Santa Clara province have been ordered to arrest General Gomez. Many people are coming into Havana fearing to remain in the country.

## "UNCLE JOE'S" BOOM STARTS

Illinois Republican State Convention To Endorse Him For Presidency.

Springfield, Aug. 21.—Before the Republican State Convention met today to nominate candidates for treasurer, state superintendent of public instruction and three trustees for the state university, it was conceded that Speaker Joe Cannon would receive an emphatic endorsement as the Republican candidate for president for 1908, and that Shelby M. Cullom, would be endorsed for re-election to the United States Senate.

## HOME GOES UP IN SMOKE

J. W. Watkins Loses His Residence in Socorro By Fire—Recently Purchased.

Socorro news is to the effect that J. W. Watkins, a prosperous farmer, who recently purchased a home in the vicinity of the School of Mines, near that city lost his home, it being burned about 1 o'clock Monday morning last. The origin of the fire is unknown.

## FOURTEEN MEN ASPHYXIATED

By Gas of Furnace of Pittsburg Steel Plant—3 Died After Reaching Hospital.

Pittsburg, Pa., Aug. 21.—Fourteen men were overcome by gas at the Eliza furnace of the Jones and Laughlin Steel Company, early today. They were removed to an emergency hospital where three died.

## SANTA FE NEW MEXICAN.

Weekly, per quarter, \$1.00

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of New Mexico.

## REPUBLICAN COMMITTEE MEETING.

Headquarters Republican Territorial Central Committee, Santa Fe, N. M., August 16, 1906.

A meeting of the members of the Territorial Republican Central Committee of New Mexico is hereby called to assemble at the Commercial club in the city of Albuquerque at 10 o'clock on the morning of Wednesday, Sept. 5, 1906, for the purpose of calling and setting a day for the meeting of the Republican convention to nominate a candidate for a delegate to the 60th Congress of the United States and to transact such other business as may properly come before the meeting.

Proxies will not be recognized unless held by citizens of the same county of which the member who gives the proxy is a resident.

Every member of the committee is urgently requested to be present in person as matters of great moment to the people of the Territory and to the Republican party will be discussed, considered and disposed of.

H. O. RUSSELL, Chairman.

CHARLES V. SAFFORD, Secretary.

## THE COMING IRRIGATION CONGRESS.

It is of the utmost importance that New Mexico should be properly represented at the meeting of the National Irrigation Congress next September. The question of irrigation will always be with the people of what is now the Territory of New Mexico. While intensive dry farming methods will doubtless become an assured success in many sections of the arid region as time goes on and as experience is gained, nevertheless, and notwithstanding, the great bulk of the lands in what is now New Mexico must be redeemed from their arid character, by means of supplying them artificially with the necessary water supply for raising crops of all kinds and growing fruit successfully. This is especially the case in the southern part of the Territory and in the river valleys, as well as on the higher plains.

The delegates appointed by the Governor should attend the convention if at all possible and so should the representatives named by county commissioners, cities, irrigation companies and kindred organizations having the right to representation.

The Denver Republican in a recent issue contains a timely editorial upon this subject, which the New Mexican republishes as its contents apply to the situation in the Sunshine Territory. That paper says that owing to the fact that for two or three years the eastern slope of the Rocky Mountains and the adjacent plains regions have enjoyed highly favorable seasons in respect to the quantity of the rainfall, the national irrigation congress which will meet in Boise, Idaho, on the third of next month may seem to some persons as rather needless.

It will be found, however, that irrigation has its uses, and that the most profitable agriculture in the arid region still looks to it as the chief factor of success.

Climates do not change except in periods extending far beyond the span of individual human lives, and while there will be much successful farming without irrigation in this and other arid and semi-arid states, men of good judgment will take advantage of whatever means to secure irrigation may be available. Hence the approaching congress will have many subjects to consider, several of which are of special importance.

One method of irrigation which should be considered is that by which the cultivation of small tracts of land may be combined with stock growing. By this means a large population may be maintained in sections where extensive irrigation is impracticable. A stock grower by irrigating from wells may grow enough forage to feed a large number of cattle during the winter months, allowing them to run on the open range during summer.

Another matter to be considered is that of securing purchasers for the land reclaimed under the large irrigation projects now under construction by the reclamation bureau. It will not suffice merely to provide means by which the land may be irrigated. There will be need also of settlers to occupy it, and the public will have to be educated up to an appreciation of the value of land under these reclamation projects. The national irrigation congress may well give a large part of its time to this subject.

## IMMIGRATION FOLLOWS RAILROADS.

The conditions along the Eastern Railway of New Mexico prove absolutely that immigration and population follow the railroads just as trade follows the flag. In Roosevelt County, in this Territory, which five years ago was not organized and had less than three hundred people within its present lines, last week, before a United States Commissioner at Texico, 42 bona fide homestead entries were made by actual settlers and in one township not a single quarter section was left free. There are 144 quarter sections of 160 acres each in a township. This means in this instance

aiding the thousands of voters in the two territories and the vast stretches of country that must be covered in order to reach them.

## THE POLITICAL OUTLOOK IN NEW MEXICO.

From a political standpoint it looks very much as if the people of New Mexico will give the Republican candidate for Delegate a larger majority than ex-Delegate Rodley received in 1902, and that the Republicans are almost certain to elect three-quarters and probably a greater majority to the legislative assembly, as well as gain victories in a majority of the counties. Of course, candidates of the right kind of acknowledged good character and ability, of the proper standing and reputation in their communities and efficient and well directed leadership will have much to do in bringing about these greatly desired results. In both directions, namely, towards Republican success, in the territorial legislative and county elections, as well as to roll up the greatest possible vote for joint statehood, it must be acknowledged that constant and thorough work from now on is the necessity of the hour. The Republican Territorial Central Committee will meet in two weeks and much will depend upon the action taken by that body.

The New Mexican hopes that sagacious, public spirited and timely counsel will prevail, and it believes, judging from the character, ability and experience of the members of the committee, that this will be the case. If so, one-half the battle, as far as New Mexico proper is concerned, will have been gained.

## INCREASES IN ASSESSMENT.

The county of Bernalillo will show an increase of \$400,000 in taxable property for the present year over the year 1905. This is fair but not what it should be. Santa Fe County will have an increase of about \$150,000 which is a much better showing, considering the conditions of these two subdivisions. In this county in addition, about \$30,000 of fictitious assessments were taken from the rolls by the board of county commissioners. When it is considered that the American Lumber Company located near Old Albuquerque, alone, has landed and personal property of the value of at least \$1,000,000 which has been brought into the county in recent years and much of it in the shape of machinery and manufactured lumber during the past year, a much larger increase should be the result. The assessor, George F. Albright, has, nevertheless, done very well. These big corporations whether they be manufacturers of lumber, engaged in mining, land holders and the like, are a tough lot and are hard to catch.

"If the Republicans see fit to re-nominate Delegate Andrews, the chances for Democratic success in New Mexico this fall will be good," Roswell Record.

The Record evidently does not know what it is talking about. Delegate Andrews will be re-nominated and will be re-elected by a larger majority than he received in 1904.

Young men who lack the nerve to go after the coin with sand bags are getting it by selling the public poison in some form of food, drink, or medicine, and they are allowed to remain out of prison at that.

## THE STATEHOOD SITUATION.

Eastern newspapers look upon the joint statehood situation with a great deal of pessimism and to a man up a tree who fairly scans conditions, their views are nearly correct. However, the situation in Arizona is changing for the better and the pro-joint statehood sentiment is gaining ground. Several of the counties of that Territory will give handsome majorities for the cause and it is asserted that among them will be Graham, Apache, Navaho and Coconino on the east and Yuma on the west.

The New Mexican within the last few days has received letters from prominent anti-statehood men in the sister Territory to the effect that they desired to modify statements heretofore made that not over five per cent of the voters there would vote in favor of joint statehood, by making these figures probably 15 per cent, and insisting that that would be the highest percentage the Hamilton joint statehood law could possibly obtain. In this case it makes little difference whether it shall be 5, 15, 20 or 25 per cent of the vote. Above that figure it would be of importance in the statehood fight, which in the nature of things must commence again should joint statehood be defeated November 6th next. In New Mexico, this paper, from the information it is receiving daily—most of it being very reliable—believes that the majority for joint statehood will be substantial, but not nearly what it should be unless more persistent, more energetic and more strenuous work is done within the coming two months than there has been since the passage of the Hamilton law. In the southeast, in the south, in central New Mexico and in the southwest part of the Territory, the joint statehood sentiment is very strong and will roll up very handsome majorities. Take the section from township 14 north and the chances for large majorities are not nearly so good as south of that line. The voters in the counties of Santa Fe, Tooe, Rio Arriba, Guadalupe, San Miguel, Mora, Colfax and Union must be enlightened and must be made acquainted with the benefits granted the new state by the Hamilton law. The new immigration in Quay, Guadalupe, Torrance, Chaves, Eddy and Roosevelt is believed to be overwhelmingly for statehood of any kind and those entitled to vote will do so accordingly.

The counties of Sandoval, Valencia, McKinley, Socorro, Dona Ana, Sierra, Grant, Luna and Otero are classed as sure for joint statehood. There is no organized movement against joint statehood anywhere and that is one reason why steady and extensive work must be done to bring out the fullest possible vote on the "yes" side of the question. As these efforts will likely be non-partisan there should be no delay whatever in commencing. There is not a single day to lose. The time for the campaign is all too short.

Chicago has a milk famine, but so long as there is no shortage in the beer supply they will manage somehow to pull through.

Political estimates are dead easy to make; it's making them square with the official returns that's hard.

Play your friends for "suckers" and you will soon wake up and find yourself out of the game.

## DOING THEIR DUTY.

Scores of Santa Fe Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When they fail to do this the kidneys are sick.

Backache and many kidney ills follow: Urinary trouble, diabetes, Doan's Kidney Pills cure them all. Santa Fe people endorse our claim. Juan A. Ortega, ex-policeman, of Loma St., says: "If all troubled with pain in the back have that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine, then backache due to kidney complaint would cease to have any terror for users of this strengthening and curative preparation. No one in Santa Fe need be in the least dubious about using Doan's Kidney Pills if they require a medicine to strengthen their kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## New Mexican advertising pays.

Calling cards, business and note paper, envelopes and legal blanks are specialties of the New Mexican Printing Company. Mail orders given prompt attention.

Legal Blanks of every description and conforming to the laws of New Mexico are on hand and for sale by the New Mexican Printing Company.

No. 7 will stop at all stations, Lamoy to Albuquerque to discharge passengers from Santa Fe.

F. D. MARSHALL, Acting Agent, Santa Fe, N. M. City Ticket Office, Craton Bldg., east side Plaza, Santa Fe, New Mexico.

## GLEANINGS.

About 4,400 stags are killed annually on the Scottish moors.

Stamps have just been designed and printed in Greece to commemorate the Olympic games of 1906.

The foundations of the Bourse building at Amsterdam have given way and the building is threatened with ruin and has been closed. It cost \$4,000,000 and was completed but recently.

A Chinese gentleman who took his sons back to be educated in Japan rather than the United States explained his action by saying that this country is "too annoying to the Chinese."

In order that traffic may not be diverted from the railways in Manchuria the Japanese, it is said, have rebuilt the river bridges destroyed during the war, so that they are too low for the Chinese freight boats to pass under them.

The Empress Eugenie has just given to the Swiss canton of Thurgau the castle of Arenenberg, where Napoleon III. passed several years of his youth. In the castle are the Empress Josephine's harp, Queen Hortense's harpsichord and a camp bedstead of Napoleon III.

## THINGS THEATRICAL.

No other person on the stage carries anything like the amount of insurance maintained by Sarah Bernhardt. Mme. Bernhardt has twelve policies.

Miss Gertrude Quinlan has been re-engaged by Henry W. Savage for the eastern "College Widow" company. She will be seen in the role of Flora Wiggins, which she originated.

One of the most stirring numbers in the new Herbert-Doty-Kerker musical comedy, "The Social Whirl," is a black-bell chorus, in the course of which the shoes of ten attractive young women are properly shined.

E. H. Sothern and Julia Marlowe have arranged to give a series of special performances. The proceeds of which will be used for endowing a chair of dramatic art at the George Washington university, Washington.

Kids Johnson Young, who wrote "Brown of Harvard," is a native of Baltimore. Her first connection with the stage was her appearance there in an amateur performance of Louise Molloy's melodrama, "A Woman of War."

## PEN, CHISEL AND BRUSH.

Bjornstjerne Bjornson, the Scandinavian author, began his literary career by writing hymns. It was intended that he should become a farmer.

Cyrus Dallin, the Boston sculptor, has received a gold medal awarded by the St. Louis fair judges for the most characteristic group of American sculptures at the exposition.

Sir Gilbert Parker, the novelist, likes to go from one room to another, writing a little in this and a little in that. He also has a weakness for changing chairs while composing.

William Dean Howells is a most cordial and brotherly man for any young writer to meet. He takes a keen interest in everybody's work and is full of helpful suggestions.

A number of well known people in London are having their portraits painted by the clever American artist, Mrs. Leslie Cotton, who has painted among others Prince Francis of Teck, the Earl of Clarendon, Lord Howard de Walden and Lady Sayville.

## LAW POINTS.

The mere creation and distribution of power for manufacturing enterprises is held, in Brown versus Gerald (Me), 70 L. R. A. 472, not to be a public use which will justify an exercise of the power of eminent domain.

One who organized a corporation for the transaction of his personal business is held, in Donovan versus Purcell (Ill), 1 L. R. A. (N. S.) 176, to be personally liable for money received by him for investment in return for which he delivered a worthless obligation of the corporation.

The acquisition of a mere private way is held, in Arnsperger versus Crawford (Md.), 70 L. R. A. 497, not to be a purpose for which the right to exercise the power of eminent domain may be delegated, although the way is intended to connect a private estate with the public highway.

## FOUR BALLS.

Mockman has proved a winner for the Jersey City team in the Eastern league. He was a frost in a Pittsburgh uniform.

The Chicago National players are worried over Reulbach's lack of control. High hopes were built on him for this season.

Tim Jordan is playing a great first base for Brooklyn, and Patsy Donovan, the manager, claims there are few better in the major leagues.

John Lobert and Billy Maloney are talking of getting up a match race for 100 yards. Maloney says he will run Lobert for any sum and anywhere except on the Cincinnati grounds.

## RECENT INVENTIONS.

A paper borsehoe recently invented is said to be as durable, easier to fit, lighter and less trying on the horse than the present iron shoes.

Baron von Welsbach, discoverer of the incandescent mantle, has invented a device by which when the gas is turned on a shower of brilliant sparks lights the gas.

A motor cab has just been invented which has the advantage of turning completely around in little more than its own length. The frame is hung on six wheels, the two middle ones acting as pivots while the fore and hind axles turn. Side slip is impossible.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form, but will give a discount on quantities.

The New Mexican Printing Company is prepared to furnish cards for visit for ladies or gentlemen on short notice, in first class style at reasonable prices, either engraved or printed. Call on the New Mexican Printing Company and leave your orders.

Session is three terms of thirteen weeks each.

**ROSWELL** is a noted health resort, 3,700 feet above sea level; well-watered. Sunshine every day from September to June.

**REGENTS**—Nathan Jaffa, W. M. Reed, W. M. Atkinson, W. A. Phelan and E. A. Cahoon.

For particulars address COL. J. W. WILLSON, Supr.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, an about twelve miles from Baranca Station on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,696.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attended to in the following diseases: Paralysis, Rheumatism, Neuritis, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board and bathing \$2.50 per day; \$1 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 1 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

**ANTONIO JOSEPH, Proprietor.**  
Ojo Caliente, Taos County, N. M.

## WEEKLY WEATHER BULLETIN

Climatological Service U. S. Weather Bureau, New Mexico Section.

Local Office, United States Weather Bureau.

For the week ending August 20th, 1906.

A few light and rather widely scattered showers occurred during the week, principally on the 16th and 18th. Many stations, however, were missed entirely and rain is beginning to be needed. The sunshine of the week averaged rather low and, as a rule, warm, dry and partly cloudy weather prevailed. The southwestern mountains seem to be receiving considerable rain and fair showers have fallen along the border, especially in northern Arizona.

The cloudiness resulted in moderate temperature and pleasant weather generally. At El Paso the average for the week was nearly 3 degrees a day below the normal, while at Santa Fe the average was about a degree a day above the normal. A few of the higher stations had minimum temperatures quite close to the frost line, but it is thought that none occurred.

Light seismic shocks still continue at Socorro and a shock on the 12th was felt as far southwest as Rosedale.

The following notes are taken from the reports of correspondents: Albert—H. M. Hanson—Warm, dry weather, with little cloudiness, prevailed throughout the week. It is getting very dry and rain is needed. The highest temperature was 98 degrees and the lowest was 58 degrees.

Armon—John R. Milligan—The week was partly cloudy except on two days. It has been somewhat chilly nights and mornings and some wind has occurred, but no damage was done. Rain is beginning to be needed. The highest temperature was 92 degrees and the lowest was 47 degrees.

Aurora—J. C. Lucero—The rainy weather has passed and it is very hot, the temperature rising to 85 degrees, which is high for this altitude. The lowest observed was 55 degrees.

Carlsbad—Raymond Dupue—A good shower occurred on the 11th and since that we have had moderate temperatures. The dew has been unusually heavy during the week. Our highest temperature was 97 degrees and the lowest was 59 degrees. The average for the week was 79 degrees.

Casa Salazar—L. Mora—The week was warm and dry and we are beginning to need rain.

Clondorf—Jack Hollister—The total precipitation for the week amounted to 0.25 inch. The highest temperature was 72 degrees and the lowest was 29 degrees. We had four days of clear weather with lower temperatures.

Deming—C. R. Bosworth—Two light showers occurred during the week amounting to 0.21 inch. Clear days prevailed and temperatures were moderate. The highest was 92 degrees and the lowest was 58 degrees.

Durango, Colorado—U. S. Weather Bureau—The temperature of the week averaged 66 degrees or a degree a day below the normal. The highest was 85 degrees and the lowest was 48 degrees. Several light showers occurred, amounting to 0.20 inch.

El Paso—U. S. Weather Bureau—Several days partly cloudy to cloudy and three light showers occurred, amounting to 0.05 inch. The temperature of the week averaged 77 degrees, or 3 degrees a day below the normal. The highest was 91 degrees and the lowest was 65 degrees.

Fort Wingate—Captain George P. Heard—The sunshine of the week averaged about 64 per cent and one light shower occurred, amounting to 0.20 inch. Temperatures were moderate, averaging for the week 61 degrees. The highest was 82 degrees and the lowest was 50 degrees.

Glen—Mrs. Walter Wright—Some cloudiness occurred but no precipitation. The temperature of the week averaged 76 degrees; the highest was 96 degrees and the lowest was 57 degrees.

Lake Valley—William P. Keil—There were four clear days, two partly cloudy and one cloudy day during the week. On Wednesday 0.48 inch of precipitation occurred at the station, but west of here ten miles a heavy rain occurred with some hail. Heavy rains are continuing daily in the mountains to the westward. Evaporation is heavy. The total precipitation for the week amounted to 0.84 inch.

Las Vegas—William Curtis Bailey—A light shower occurred on the 18th, amounting to 0.03 inch. The days were mostly clear and temperature rather high, the average for the week was 67 degrees. The highest was 94 degrees and the lowest was 44 degrees.

Los Alamos—W. N. Frank, Jr.—The week was generally fair and warm, with only a trace of rainfall. Showers continue in this section and the streams are carrying an ample supply of water. The highest temperature was 90 degrees and the lowest was 52 degrees.

Orange—F. M. Holmes—Two good rains occurred the previous week and the weather has remained pleasant. The highest temperature was 93 degrees, and the lowest was 60 degrees.

Pueblo, Colorado—U. S. Weather

## THE BEAUTIFUL ESPANOLA VALLEY

Raising—Abundance of Water.

The Espanola Valley of the Rio Grande beginning twenty miles north of Santa Fe and extending north twenty-five miles to Embudo is perhaps the greatest irrigated valley in New Mexico. No other valley has a better climate, soil, variety of products or more abundant supply of water for irrigation. The soil in this valley is free from alkali, cold, stormy winters or excessively hot summers; it is shut in by high mountains and as a fruit district the conditions are almost perfect. Thousands of acres lie uncultivated and eighty per cent of the waters of the great Rio Grande roll by unused. Home seekers are settling here rapidly and more are welcomed to help make this beautiful valley the best in the Rockies.

For further particulars in general, prices of bearing orchards, improved and unimproved lands, etc., address Rosecoe C. Bonney, real estate and immigration agent, Espanola, New Mexico.

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's doings. It is a good paper to send to your friends.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

Pink Lips Like Velvet, Rough, Chapped or Cracked Lips, can be made as soft as velvet by applying a light coating of Dr. Shoop's Green Salve. It takes out completely the soreness of cuts, bruises, and all skin abrasions. Sold by Fischer Drug Co.

"Caught in Colorado." The finest lot of Speckled Beauties that you ever laid eyes on will arrive once a week at the famous Bon-Ton, where they will be served at a nominal sum. You can't afford to lose this opportunity of securing a nice meal of mountain trout. Give them a call, and they will fix your order to your liking. They employ the best cooks and waitresses that money can procure, and you will not meet with disappointment.

Stomach Troubles and Constipation. No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but, thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of these tablets and get well and stay well. Price 25 cents. Samples free. For sale by all druggists.

Largest and best equipped Bindery in the Southwest.

"Picnic for Two." Is the title of a new and very popular song now all the rage in the large cities where it is being presented. There is also another "Picnic for Two" or more which is daily being presented to the eating public at the Bon-Ton in the shape of the finest 25 cent meal on this or any other earth. A trial will convince you.

A "want ad" in the New Mexican brings sure results.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin disease this salve is unequalled. For sale by all druggists.

H. E. No. 4917. NOTICE FOR PUBLICATION. DEPARTMENT OF THE INTERIOR. Land Office at Santa Fe, N. M. August 6, 1906.

Notice is hereby given that Epitacia Brito de Garcia, widow of Julio Garcia, has filed notice of her intention to make final proof in support of her claim, viz: Homestead Entry No. 917, made for the W. 1/4 Sec. 24, Township 16 N., Range 9 E., and said proof will be made before the Register and Receiver, at Santa Fe, N. M., on September 13, 1906.

She names the following witnesses to prove her continuous residence upon, and cultivation of the land, viz: Tito Duran, Antonio Garcia, Matias Arriola, Francisco Brito, all of Santa Fe, New Mexico.

MANUEL E. OTERO, Register.

**\$100 Reward, \$100.** The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo O. Sold by all Druggists. Take Hall's Family Pills for constipation.

# WILLARD

WATER WILL MAKE IT FAMOUS.

The A. T. & S. F. Railroad Company will sink fourteen deep wells at Willard and pump water as far east as the Rock Island. The company has bought twenty acres of land adjoining the town site and is negotiating for forty acres more.

## A WORD TO THE WISE INVESTOR IS SUFFICIENT

Willard has already made a most phenomenal growth and the price of lots will soon advance. Better come now. The town site is owned by

## WILLARD TOWN AND IMPROVEMENT COMPANY.

JOHN BECKER, Pres. and Gen. Mgr.  
WM. R. BERGER, Secretary.

Call on or address JOHN W. CORBETT, Agent, Estancia, New Mexico.

Carl A. Dulles, Manager of The John Becker Co. Stores at Willard, has charge of the sale of lots in the absence of Mr. Corbett.

WILBUR A. DUNLAVY, Vice Pres.  
LOUIS C. BECKER, Treasurer.

## PERSONAL MENTION

F. S. Waddles, St. Joseph commercial traveler, today looked after business affairs here.

Miss Rosie Wagner arrived in the city yesterday from a trip to Mexico, and left this morning for her home at Durango.

A. L. Grimshaw resumed his duties in the Santa Fe Central offices this morning after being ill for a week of indigestion.

Juan Navarro of Mora County, secretary of the penitentiary commission, who spent last week in Raton on business, has returned home.

Judge and Mrs. A. J. Abbott and Benjamin M. Read, left today to attend the meeting of the New Mexico Bar Association at Clarendon.

J. H. Binkert, assistant superintendent of the fourth division of the Denver and Rio Grande Railroad, was here today on railroad business.

Rev. Paul Gilbertson, Catholic Parish Priest, of Las Vegas, is among two priests now in Santa Fe attending the session of the Rev. M. A. D. Rivera, of Sanello.

Mrs. M. A. Brook and H. H. Brook, of Jacksonville, Illinois, were among the arrivals today in the Capital and are registered at the Normandie Hotel.

Professor B. H. Van Oot and Professor S. M. Salter, who are members of the faculty of the Normal University at Las Vegas, were in the city today and attended the session of the teachers' institute here this morning.

Ex-Deputy H. B. Fargasson has returned to Albuquerque from Deming, where he was on legal business connected with the hearing in the case of the Arizona and Colorado Railroad vs. the Denver and Rio Grande Railroad Company.

T. C. King and V. C. King, tourists from Lincoln, Nebraska, arrived in the city yesterday via the Denver & Rio Grande Railroad, and left today over the Atchison, Topeka & Santa Fe Railway. They are on their way home after a tour through Colorado.

Chief Justice William J. Mills, and District Court Clerk Secundino Romero of the fourth judicial district have returned to Las Vegas from Clayton, where they went last Saturday and arranged the venues for the coming term of the district court.

Thomas W. Voetter, clerk at the U. S. Indian Training School here has left for a visit to the southern pueblos for the purpose of obtaining pupils for the coming school term. Before returning he will visit Zia, Santo Domingo, Cochiti and the Jemez Pueblos.

Wendell V. Hall returned last night after a three months' surveying trip in the vicinity of Texas and Ojo Caliente. Gordon Goebel, the young son of William Goebel, who accompanied Mr. Hall, returned this morning by wagon, bringing the camping outfit.

Dr. H. M. Smith, Solomon Spiegelberg, George W. Ward and Charles Taunton made the trip of their lives in the physician's horseless carriage over to Watrous and Fort Union and back yesterday being joined on the run to the fort by Dr. J. A. Rolfs, of Watrous—Las Vegas Optic.

Associate Justice Ira A. Abbott will return to Albuquerque tonight from a four weeks' vacation spent at his old home at Haverhill, Massachusetts. The August term for the district court for Valencia County will open at Las Lunas next Monday and Judge Abbott will preside.

G. D. Kirkpatrick, of Washington, D. C.; Frank J. Ivie, of Bingham, Utah, and E. P. Blanchard, government surveyors who have been doing some work on the Gualdion land grant, left this morning for Tres Pinos.

## DISFIGURED WITH ECZEMA

Brushed Scales from Face Like Powder—Under Physicians Six Months But Grew Worse—Some Said Face Would Be Marked for Life—Now Without a Blemish.

## CUTICURA REMEDIES WORK WONDERS.

"As I was a sufferer with eczema I write to tell you what a great friend I found in Cuticura Remedies. In six months I had tried three doctors, but did not get any better. It was on my body and on my feet so thick that I could hardly put a pin on me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work and my face is now just as clear as if it ever was."

My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I had taken four bottles my face was as clear as ever.

"I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. (signed) Mrs. Emma White, 641 Cherry Place, Camden, N. J., April 25, 1905."

Complete External and Internal Treatment for every form of Eczema, Scalds, Sores, Itch, Pruritus, etc., consisting of Cuticura Soap, 25c; Ointment, 25c; Resolvent, 50c. My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I had taken four bottles my face was as clear as ever.

## Does your face look fresh,

or does it look sallow, faded and worn? If your complexion isn't smooth and transparent as you would like it to be, use HAGA'S MAGNOLIA BALM. No woman need look old and worn who will use this delightful liquid beautifier. Harmless, instantly applied and impossible to detect.

Mr. Kirkpatrick devotes most of his time to examining surveys that have already been made.

Captain and Mrs. E. C. Abbott left this morning for Las Vegas, going thither to witness the competitive target practice by picked teams of the New Mexico National Guard, who will shoot for the "Hagerman Cup" and also for places on the national team that will take part in the tournament at Sea Girt, New Jersey.

F. N. Clarke, of Denver, assistant attorney of the Denver & Rio Grande Railroad Company, spent several days last week in Deming and represented his road before referee Burke in the case of the Arizona and Colorado Railroad Company vs. the Denver and Rio Grande Railroad Company. J. G. Quinn, one of the engineers of the road was with him.

J. S. Candelario has left on a combined business and pleasure trip to points in New Mexico and Arizona. He expects to be gone about a week or ten days. Mr. Candelario will witness the snake dance of the Moki Indians at their reservation in Arizona. He will make stops while en route at Laguna, Guan, Gallup, Holbrook, Flagstaff, Williams, Phoenix and Prescott.

Charles T. Frank who holds the position as band leader and blacksmith at the U. S. Training School here, left today for a trip to San Ildefonso, Santa Clara, San Juan and the Pecos Pueblos. He went on official business and to inform Indian parents at these pueblos that the time for the opening of the coming school year here is high and that children should be enrolled at once.

One of the parties which left last week for the cliff dwellings returned yesterday evening, somewhat the worse for wear but feeling well. The members reported an enjoyable trip and say they would not have missed seeing the ancient dwellings. The members of the party were: Mrs. M. A. Louden, Miss Florence Packer, Miss Shirley Packer, Miss Mary Bishop, Dr. Merz, J. W. Dorman and Carl Bishop.

## CONVENTION KNIGHTS OF PYTHIAS

To Be Held in Albuquerque During Territorial Fair—Plans Being Prepared.

Albuquerque, N. M., Aug. 21.—Knights of Pythias of this city are making arrangements for the annual convention of the grand lodge of the order in New Mexico, which will be held here during the week of the fair celebration for a three days' session beginning on September 17th. The Elks' theater has been engaged for the deliberations, and owing to the reduced rates on the railroads that will be in effect for the fair, it is expected that the meeting will be largely attended. Julius Unfelder of Elizabeth town, grand chancellor, and C. E. Perry, of Las Vegas, grand keeper of records and seals, will arrive in the city several days in advance of the date set for the convention to open and will establish headquarters at the Sturges Hotel. During the three days that the meeting will be in progress the grand lodge degree will be conferred upon all past grand chancellors, in good standing. One or more delegates are expected to be present from all of the twenty-one lodges in the Territory.

The following are the local committees of arrangements: Entertainment Committee—L. W. Galles, D. H. Boatright, C. O. Young, A. G. Harrison, C. O. Cushman, J. H. Crum.

Reception Committee—L. H. Chamberlin, chairman, George F. Albright, W. S. Hopewell, George Arnot, Felix Baca, S. E. Newcomer, George Learnard, L. B. Payne, J. H. Hatcher, D. S. Rosenthal, Frank Ackerman.

C. F. Easley, of Santa Fe, E. E. Browne of Las Vegas, and J. J. Leeson of Socorro, all of whom are past grand chancellors of the order, will be present at the meeting.

## ROSWELL PEOPLE CONFIDENT OF STRIKE

Believe Good Sized Flow of Oil Will Be Found When Drilling Ends.

Roswell, N. M., Aug. 21.—The people of this place still cling to the belief that an oil gusher will be struck in the vicinity when the drill pushes its way through the mass of granite like rock in which it is now laboriously thumping. Experts who have looked over the ground are confident that a gusher will be ready to blow in as soon as the drill penetrates through this stubborn rock formation. The well in its present condition will flow four or five barrels per day, which strengthens the opinion that oil in large quantities will be found at a depth of a few more hundred feet. The rock in which the drill is now working has delayed operations for several weeks. It is so hard that the drill shafts have broken off nine times, and the drills have a tendency to swerve off in the wrong directions. When 1,250 feet down one of the drills played a trick of this kind and the hole became crooked for an additional depth of one hundred feet before the fact was discovered. This entailed delay in straightening the hole.

If you have anything to sell, rent or exchange use the "Want" columns of the New Mexican.

## LEGAL BLANKS.

## MINOR CITY TOPICS

Miss Rufina Casas of Ortiz, Colorado, is a patient at Dr. Diaz's Sanitarium.

The Gibson stock of Indian curios, bought by Thomas S. Dozier, will be moved from present location Saturday to former stand, corner San Francisco Street and Burro Alley.

The squad representing Company F, First Infantry, New Mexico National Guard, in the competitive target practice to take place at Las Vegas, will leave tomorrow morning for the Meadow City.

A marriage license was issued yesterday afternoon by Probate Clerk Marcos Castillo to Miss Amelia Miller, aged 25 years, of Switzerland, and Jake S. Wolverton, aged 45 years, of Milford, Indiana.

Henry Krick, Jr., has been appointed as a messenger boy at the Postal Telegraph office in place of George Dickenson, who resigned last Saturday. The latter has secured a similar position with the Western Union Telegraph Company.

Very neat invitations to the opening of the commercial club at Belen, which event is to take place on the evening of Thursday, the 24th instant, have been received by prominent citizens here. The affair promises to be

elegant and well attended.

LOST—Black leather card case, with my name engraved on inner cover. Contains cards and papers on which is my name. Small sum of money in one pocket. Finder keep money and return case and papers to E. T. Hannan, New Mexican office.

George B. Wood and Ammon Dilibert, who have filed on homestead claims in the Estancia Valley will begin improving their places at once. They intend embarking in the dairy and poultry business together. For the time being they are located at the Antelope Springs ranch.

L. F. Montenie, who left the latter part of last week for Bisbee, to be present at the bedside of his mother is now en route with her body to Chicago, where interment will take place. The aged woman died shortly after her son's arrival. Mr. Montenie has many friends in this city, who sympathize with him in his loss.

Beginning on and after the month of October, the Santa Fe Water and Light Company has announced through its manager, Frank Owen, that the price of electric current will be reduced to 15 cents per one thousand Watts instead of 20 cents, the rate now in force. The company believes that the increase in business will justify this reduction.

Teachers' Institutes for Colfax and Chaves Counties opened yesterday, respectively, at Raton and Roswell.

## A Secret

It aids nature a little, that's the only secret about it. We refer to Ayer's Hair Vigor. It feeds the hair, makes the scalp healthy. The hair stops falling out and all dandruff disappears. The result could not be different, for it's the natural way. And it is a splendid dressing, keeping the hair soft and smooth. Why not save what hair you have and get more at the same time? *Ayer's Hair Vigor.*

## YOUR SAVINGS EARN INTEREST

if deposited with us on certificates of deposits, as time deposits or savings accounts.

Hidden around your place they form bait for burglars, food for fire, are a constant cause for worry and do no good to anybody.

Placed in bank, your savings in the form of cash or credit help to transact the business of the country and are a source of good to the entire community.

30  
30

Open an account here and do all your banking business with us. We insure you absolutely against loss by thieves or fire and we will put your money to work so that it will earn you three per cent.

Make yourself at home in our reception room when you have letters to write.

Ballard Snow Liment Co.  
ST. LOUIS, MO.

Sole and Recommended by  
FISCHER DRUG CO.

Professor A. D. Hoenschel, of Raton, is conductor of the normal at Raton, and Mrs. T. I. Butts, of Albuquerque, has charge of the model primary school there. The Chaves County Institute is being conducted by Professor John H. Vaughn and Miss Edith Dooney, at Roswell.

Charles W. Dudrow is not dead. On the contrary he is very much alive as was evidenced last night when through an error it was stated that a special meeting of the Odd Fellows had been called for the purpose of making arrangements for his funeral. The funeral arrangements were for the late Charles Wagner. Mr. Dudrow is not dead, has no intention of dying and nobody is happier than this is the case than the New Mexican.

Tiberto Montoya of Glorieta, arrived in the city yesterday with his little daughter. About a month ago the child was thrown from a horse and her right arm was dislocated at the wrist. Nature was allowed to take its course and it was not until yesterday that a doctor was consulted about the injury. The result was that the resetting of the wrist entailed a painful operation and the child's arm will have to be kept in a plaster cast for several weeks.

Forty-eight priests are at St. Michael's College in attendance at the annual retreat of the Catholic clergy of the arch-diocese of Santa Fe, which is being conducted by Bishop J. B. Pitaval and Rev. Father Leon Monasterio, C. M. P. All of the clergymen of the arch-diocese are here with the exception of Rev. Father Royero, who is dying at Tome, N. M. The retreat will last until Friday evening, closing at that time in order that the priests may reach their churches in time for services Sunday.

A special meeting of the Board of County Commissioners has been called by Chairman Seligman to meet tomorrow afternoon at the court house for the purpose of definitely ascertaining and prescribing the lines and boundaries of the several precincts in Santa Fe County. It seems that this has never been done and as certain taxes are laid in school districts and in precincts, it has become absolutely necessary to secure reliable and proper data in order that these taxes may be properly levied and collected.

Partly cloudy tonight and Wednesday with scattered showers in the north portion is the forecast today of the local weather man. The temperature at 6 o'clock this morning was 61 degrees. The lowest temperature during last night was 60 degrees. The maximum temperature yesterday was 79 degrees at 1:50 p. m., while the minimum temperature was 59 degrees at 5:45 a. m. The mean for the day was 69 degrees, with a relative humidity of 68 per cent. The precipitation last night was 0.32 inch.

The regular semi-annual meeting of the Territorial Board of Pharmacy will convene at Albuquerque on Monday, September 17. All violations of the pharmacy and poison laws should be reported at once either to the secretary or president so that they may be investigated before said meeting. Candidates for examination must report promptly on above date at 9 a. m., at B. Ruppe's pharmacy. Postal cards bearing the foregoing notice are being sent out signed by B. Ruppe of Albuquerque, and A. J. Fischer, of Santa Fe, respectively president and secretary of the Territorial Board of Pharmacy.

NORMAL INSTITUTE NOTES

A feature of the normal institute for Santa Fe County which is in progress at the high school building was an address yesterday by Professor Hiram Hadley, superintendent of public instruction for New Mexico. Mr. Hadley spoke for nearly an hour and gave the teachers some good advice in teaching the "young idea how to shoot." He dwelt mainly on the importance of the teachers keeping abreast with the times and also of the necessity of having the native children taught English. The institute is growing steadily in membership. Three new names were enrolled yesterday, bringing the total membership now to thirty-two. The three who entered this morning were Teofilo Ortega, Antonio Romero and Fred Thayer.

New Mexican advertisers get trade

## BARGAINS IN ORCHARDS AND RANCHES

Located in the Fruitful and Far Farms, Espanola Valley Thirty Miles North of Santa Fe.

The following orchards and farm properties in the famed and fruitful Espanola Valley in southern Rio Arriba County in the Territory of New Mexico, are for sale at a bargain. There are satisfactory reasons for selling. The section is one of the finest fruit and agricultural, not only in New Mexico, but in the southwest. The supply of water for irrigation purposes is ample and stable at all times. The climate is of the best. For particulars address R. C. Honney, real estate and insurance agent, Espanola, New Mexico. The properties are:

No. 1. 45 acres; 15 acres in alfalfa, one acre bearing orchard; small house, well, barn and corral; all fenced and under irrigation; one mile from post-office, two and a half miles to railroad station; price \$30 per acre.

No. 2. Full bearing orchard of 1,200 standard apple trees; six miles from Espanola; good house, barn, corral and packing house; produced 2,800 boxes of apples last year; irrigation from Rio Grande; price \$2,000.

No. 3. Seven acre orchard and market garden tract, one-half mile to town, railroad, postoffice, school and church; good six room house, having telephone; barn, corral, cellar and packing house; a highly profitable business and a fine home; produces annually \$200 to \$300 in vegetables alone; price \$2,250.

No. 4. For sale sheep ranch of 52 acres with good fences and improvements, has excellent water, shelter hay land and controls several thousand acres of fine goat grazing land. No better proposition for a paying sheep ranch in New Mexico.

No. 5. Twenty acres, having about ten acres of full bearing apples of standard varieties, peaches and plums, seven acres of good alfalfa and three acres garden land, good five room adobe house, well built and finished, good barn; the whole place almost entirely surrounded by a hedge of boxelder trees which serve as a protection from the wind and add to the attractiveness of the place; produced last year over \$1,200; price \$2,250; one and a fourth miles east of Espanola.

No. 6. The "Espanola Garden," one half mile east of Espanola at \$2,250. This place is a full bearing apple orchard and market garden tract of seven acres; a six room house; telephone, barn, cellar, packing house, corral and wire fence and house for chickens. A beautiful and convenient home and a place to make good money, besides apples this place has cherries, pears, plums, quinces and large beds of asparagus, spinach and rhubarb. The vegetable products alone of this place bring in annually \$750 to \$900. The net receipts last year in vegetables and fruit were over \$500. Terms cash.

## JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas, slides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 8 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices: Civil or criminal, \$2.75. Combined civil and criminal, \$4.00. For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address NEW MEXICAN PRINTING CO.

Don't forget our large and complete bindery and job department. All work handled promptly and in the most up-to-date manner. One trial makes you a permanent patron.

The New Mexican Printing Company is prepared to fill promptly and satisfactorily all orders for engraved visiting cards, marriage announcements.

The New Mexican Bindery is turning out some of the most artistic binding in the Southwest. It is the most completely equipped bindery in the Rocky Mountain States south of its headquarters for legal blanks of all kinds. The company makes a specialty in handling land office blanks, necessary in homestead entries and in mineral applications. Prices low, especially in quantities. Circulars giving full information furnished on application.

## LAND WANTED.

## HOUSES TO RENT.

Houses to rent, lease or for sale, furnished or unfurnished, good locations. Call on the reliable firm, Hughes &amp; Delgado. Office west side of Plaza.

FOR SALE—General merchandise business on the El Paso &amp; Southwestern in eastern New Mexico. Stock \$15,000, to \$20,000. Fine opportunity for right party. Can explain good reason for selling. Locality healthiest in New Mexico. Address inquiries to this paper.

What a New Jersey Editor Says: M. T. Lynch, Editor of the Philadelphia Record, writes: "I have used many kinds of medicine for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." Ireland's Pharmacy.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form.

"Make Hay While the Sun Shines." There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

"Are You Glad?" The finest 25 cent meal can now be secured at the Bon-Ton Restaurant. A nice "Ladies Dining Room" in connection with this popular restaurant. A place where you can take your family and give them a treat at a small cost. Give them a call, they will treat you right. Good cooks and obliging waitresses.

## CAUGHT WITH A HOOK.

A fine mess of speckled beauties were received at the Bon-Ton from an old time friend who sent them to the manager that they may be served to the patrons of this popular place. Call and get them now while they are fresh. They have a cook that knows how to fix them, and if you want a real treat in the eating line, why just give them a call, and you will be twice as glad.

## A DYSPYPTIC'S HORROR.

Is solid food, in nine cases out of ten, however, if the man with a weak stomach would take a glass or two of Dr. Chamberlain's Health Tablets. Malt with each meal, he would soon find that he could eat anything. It's the best tonic in the world for a weak stomach.

## Indian Outbreaks.

## Geronimo's Raid.

The winter of '84 and '85, the miners held themselves closely to their self-appointed task, to develop their prospects, and nothing of note disturbed the even tenor of their way until May, 1885, when the entire territory was electrified by the intelligence that Geronimo, a successor of Victorio, was raiding the upper 'Frisco valley. About the 18th of May word was received that Nat. Luse and Cal. Orwig had been killed. Mr. Jo E. Sheridan was then engaged in mining at Cooney, and called Mr. Coates and his men and organized a rescuing party, and assured the men that their time would go on during their absence from the mine. The little party headed by Sheridan and Coates, soon found the trail. En route to the place where Luse and Orwig had fallen they passed a detachment of U. S. troops who were quickly encamped on the river, and seemingly, their actions indicated that their duties were those of a cool, deliberate and polished undertaker. The mutilated remains were soon located, placed in wagons and transported to Alma and buried.

The day of the funeral the mining camps and ranches were almost deserted, and the occasion was one long to be remembered by those in attendance. The grief stricken relatives had the sincere sympathy of everybody.

A few days later May 22d, a searching party discovered the remains of a young Englishman, named Lyons, who had been killed, afterwards mutilated and when found were badly decomposed. A neat casket was hastily improvised, and the body brought to the W. S. ranch and interred on a little knoll immediately in front of, and a short distance from the residence of Capt. French, owner of one of the most beautiful ranches of the valley of the 'Frisco. The greater portion of the summer of '85, the mail coaches ran during the night, being unsafe to make daylight runs. On one of these runs Frank Lander was driving and near the summit of the hill, beyond Whitewater,

rive at any definite basis as to the numbers of Indians who were killed but it was believed then, and is now by those who are competent to judge of such matters that Geronimo lost at the very least calculation twenty-eight of his warriors.

After the "Soldier Hill" episode, affairs rapidly assumed their normal condition of activity, and recourse was had to the milling facilities at hand, the Sheridan and Mogollon mills.

Many thousands of tons were treated at a profit and above the expense of mining and milling, although the treatment was attended with a loss of from 40 to 60 per cent of the values the ore contained. It was thus demonstrated beyond a question of doubt, that the ore of Cooney and Silver Creek basin, were first class milling proposition. No new mills were erected during the years of '87 and '89. Mining and prospecting the veins already discovered was a leading feature, in this that the owners of prospects would divide their forces, a portion would obtain employment from the larger companies and furnish supplies to their associates, and by so doing were enabled to partially develop their properties. Many letters descriptive of the country and its mineral resources were written and attracted the attention of mining men to this wonderful field for investment. Several noted mining men came from Colorado and carefully examined the district. Only one, however, Felix Leavick, possessed the courage of his convictions and enlisted capital and purchased the Confidence group, consisting of thirteen mining claims. This transfer and sale, imparted a new life and energy to the people and gave a new impetus to mining. In rapid succession other sales were made, notably the Last Chance mine.

(Continued Tomorrow.)

The disgusting discharges from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalyptus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream, making a catarrhal balm unexcelled. Sold by Fischer Drug Co.

## TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Ireland's Pharmacy.

Lax-ets—A Candy Bowel Laxative.

If you have Constipation.

If you have a coated tongue.

If you are dizzy, bilious, sallow.

If you have Headache, Sour Stomach, etc., risk 5 cents on Lax-ets. See for yourself. Sold by Fischer Drug Co.

## CITY OF MEXICO VIA SANTA FE, \$43.85.

One fare for the round trip, dates of sale April 25th to May 5th, return limit July 31st.

Also on June 25th to July 7th, return limit September 15th. Also September 24 to 14th inclusive, return limit October 31st. Liberal stop overs allowed.

## The BEST of all Liniments In Use For Over 60 Years

## MEXICAN MUSTANG LINIMENT

IT IS A QUICK HEALER WHEN APPLIED TO CUTS AND ALL OPEN WOUNDS. For DEEP SEATED PAINS APPLY THIS LINIMENT FREELY AND RUB HARD.

## MEXICAN MUSTANG LINIMENT

CURES QUICK BECAUSE IT PENETRATES QUICK. NO PAIN SO DEEP THAT IT CANNOT BE REACHED AND ROUTED BY THIS OLD TIME TRIED REMEDY.

## MEXICAN MUSTANG LINIMENT

GOOD FOR STIFF JOINTS, WOUNDS, AND ALL OUTWARD AFFECTIONS OF DOGS. JUST WHAT YOU NEED FOR BLISTERS &amp; CHAFES. 25c., 50c. and \$1 a BOTTLE.

## MEXICAN MUSTANG LINIMENT

HEALS OLD SORES AND ULCERS PERMANENTLY WHEN ALL ELSE FAILS. CURES SPRAIN, AND IS EQUALLY GOOD FOR RING-BONE &amp; HARNES SORES.

## MEXICAN MUSTANG LINIMENT

SOAKS INTO THE FLESH. CURES SHARP ACHES, DULL ACHES, ALL ACHES, PAINS OR BRUISES OF MAN OR BEAST. TAKE NO SUBSTITUTE.

## MEXICAN MUSTANG LINIMENT

GREATEST EMERGENCY LINIMENT KNOWN. NO OTHER IS AS GOOD. QUICKLY HEALS BURNS AND SCALDS. THE POOR MAN'S DOCTOR.

## MEXICAN MUSTANG LINIMENT

FOR ALL INSECT BITES. IT IS NEEDED FOR CUTS, FROZEN LIMBS, CHILBLAINS, OR ACCIDENTS OF ANY KIND. POSITIVELY Cures PILES.

## MEXICAN MUSTANG LINIMENT

HAS BEEN THE STANDARD LINIMENT FOR OVER SIXTY YEARS. GOES TO THE VERY CITADEL OF PAIN AND PUTS ALL ACHES TO FLIGHT.

## MEXICAN MUSTANG LINIMENT

NOTHING HAS EVER BEEN FOUND SO GOOD FOR FROST-BITES. IT GIVES SURE AND PERMANENT RELIEF. WORTH TRYING. KEEP IT WITHIN REACH.

## MEXICAN MUSTANG LINIMENT

FOR RHEUMATIC PAINS, INFLAMMATION, STIFF JOINTS, LUMBAGO, Etc. A FEW DROPS, A FEW RUBS AND THE PAIN IS GONE.

## MEXICAN MUSTANG LINIMENT

YOU COULDN'T BUY A BETTER LINIMENT IF YOU TRIED—IT'S THE BEST, AND NEVER FAILS. GOOD FOR MAN, BEAST AND POULTRY.

## MEXICAN MUSTANG LINIMENT

CURES SORE THROAT. PUT A TEASPOONFUL IN A HALF GLASSFUL OF WATER &amp; GARGLE Often. ALSO RUB THE OUTSIDE WITH THE LINIMENT.

## MEXICAN MUSTANG LINIMENT

TRY IT ON A SPRAINED LEG IN YOURSELF OR IN ANY OF YOUR STOCK. PENETRATES THE FLESH. GIVES QUICK RELIEF AND A POSITIVE CURE.

## MEXICAN MUSTANG LINIMENT

MECHANICS NEED IT ON THEIR WORK BENCH FOR PAINS, ACHES AND SORE MUSCLES. THERE IS NOTHING SO GOOD. RUB IT IN WELL.

The LINIMENT of our Forefathers.

## BREVITIES

## THE HALL OF FAME.

Dr. Lippold, the pope's physician, has created a flutter in Rome by declaring himself a believer in spiritualism.

Lewis Hunt, known to every person in Westbrook as Grandpa Hunt, is the oldest fish peddler in Maine. He is seventy-five years old.

The Technical university of Berlin has conferred on George Westinghouse, the American inventor, the degree of doctor of engineering.

John Goddard, a London provision dealer, who was the first to import American dried apples into England, died the other day, leaving \$4,913.155.

J. Pierpont Morgan is an alumnus of the old Cheshire school in Hartford, Conn., which has trained many a Wall street man since the financier was graduated with the class of 1850.

Captain Francis C. Smith of New Bedford, Mass., is the oldest whaling master in the world. He has encircled the globe three times and has made many arctic trips, including the Jeanette expedition.

Professor Maxine Ingres, the most prominent member of the romance faculty of the University of Chicago, has resigned to be better able to continue his work with the Alliance Française, of which he is director, in Chicago.

J. O. Armour of Chicago has given to the Armour Institute of Technology \$23,000, the money to be expended for equipment. It makes a total of \$1,000,000 which Armour has given in the last five years to the institution which his father founded.

Viscount de Alite, the Portuguese envoy at Washington, leads the life of a recluse, and, although credited to this country four years, he is known by but few residents of the capital. He rarely invites his colleagues in the corps to his home and still more rarely accepts their invitations.

Major Powell Cotton, accompanied by his wife, is making an expedition from the Nile to the Zambesi. Mrs. Powell Cotton was the first European woman to penetrate the Turf basin, and the camp was thronged daily with natives curious to see the "white woman with the long hair."

William Gillette has made a great deal of money by his acting and through the plays he has written. He is careful, though, and even though his acting powers and his play writing powers should decline he still would have a handsome income from a patent medicine in which he is interested.

## SHORT STORIES.

It is proposed to have weather forecasts stamped on letters.

Since the Suez canal was opened its annual revenue has increased from \$1,800,000 to \$2,000,000.

Seed farms near San Francisco and Santa Barbara produce 20 per cent of the world's total supply of sweet pea seed.

On Oct. 18 at Washington the military monument in memory of General George B. McClellan, commander of the Army of the Potomac, will be unveiled.

Gigantic skeletons of prehistoric Indians nearly eight feet tall have been discovered along the banks of the Choptank river, Maryland, by the employees of the Maryland Academy of Science.

German organizations have decided to erect a monument in honor of Carl Schurz in New York and also establish at the new library of the city of New York a Carl Schurz section, where Schurz's writings and all that has been published about his works may be collected.

## PLAYS AND PLAYERS.

Mrs. Fiske is to produce a new drama of New York life next season.

Sarah Bernhardt's gown cost her \$25,000 a year, it is said by her press agent.

David Warfield of "The Music Master" fame is now in Europe taking a well deserved rest.

Miss Florence Huntington, formerly well known in Brooklyn social circles, has been engaged for the role of Jane Witherston in the western "College Widow" company.

Henry Cope, who is now singing one of the student captain roles in "The Student King," has been signed for the principal tenor role of Tom Wagner in "The Prince of Pilsen" next season.

Miss Evelyn Vaughan, the clever young leading woman, has been engaged by H. W. Savage to play the role of Jane Witherston, "the college widow," next season in his eastern "College Widow" company.

## IN BOSTON.

Everything is near everything else. It is a city of annihilated distances.

"Church cars" are run on Sundays, making a circuit of the Back Bay places of worship.

Copley square for once seems disappointing. Its beautiful buildings appear to have been built after New York.

Everybody is polite, policemen included. Charges are moderate. The streets are clean. The public garden is a joy forever.

On the walls of the huge waiting room of the South station the names of the counties of the state are painted to serve as meeting places for passengers.

At the Dudley street terminal passengers walk downstairs into a large pen through which cars for all points pass. No transfer checks are used and there is no confusion.—New York World.

## ENGLISH ETCHINGS.

Contributors to the London Times are paid \$25 a column.

A record breaking plate glass mirror in the dining room of the Savoy hotel, London, is 158 inches square and half an inch thick.

Pupils in the English national schools are being taught the American custom of saluting the flag. But they do so on national anniversaries only.

For the best designs for the backs of playing cards, illustrating the visit of the Prince and Princess of Wales to India the Company of Masters of Play-

## COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, size 25x145 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; Commercial Club; a population of 1,500 people; several large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, restaurants, etc. Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

## The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.

W. M. BECKER, Secretary.

## The Belen Town and Improvement Company

## HABITS OF THE RICH.

Examples of Millionaire Extravagance in the Metropolis.

Zola in his youth, before fame came to him, wrote some stories about millionaires, wherein it seemed to him he exaggerated shamefully in his descriptions of the costly homes and habits of the rich, but later on, when Zola became a friend of millionaires, he found that his accounts of their extravagance had fallen far short of the truth.

In the same way stories about the extravagance of American millionaires that sound like exaggerations may also fall short of the truth. Here, for instance, are some facts that an interior decorator of New York supplied the other day. They sound extreme, but let Zola be remembered.

A man bought for his hall twelve antique marble columns at Pompeii. Finding he could use only eight of the columns he had the remaining four destroyed, although he was offered for them twice what he had paid. He had paid \$5,000 apiece.

Abundant carpets, with a pile three inches thick, are often made to order at a cost of \$40 a yard. Such a cost, though, is nothing beside what is ordinarily paid for antique rugs. They, measured by the yard, often cost \$500 or \$800 a yard.

Chairs of ivory inlaid with wood are occasionally sold at \$500 apiece.

One millionaire's piano cost \$150,000. A five inch band of ivory, four years in the carving, runs around the case, which was decorated by Everett Shinn.

The gold and silver plate of one household requires an expert to look after it. The man is a goldsmith, and his salary is \$2,000 a year.

Billiard rooms sometimes cost \$50,000 to furnish. The tables and cues are inlaid with ivory and gold.

Certain wines—Schloss Johannisberg, for instance, stamped with the crest of Prince Metternich—are sold at private sales to millionaires for \$40 and \$50 a bottle.

Automobiles of ninety or more horsepower, made to order, will cost from \$30,000 to \$40,000. Some millionaires keep a dozen or more automobiles, with a head chauffeur at \$4,000 or \$5,000 a year salary and two or three assistants at \$25 a week each.

Then there is the ocean going yacht, which cannot be maintained in the most modest way at a smaller annual expenditure than \$25,000.—New York Press.

## A PESSIMIST'S QUESTIONS.

Why is it that a cleaning of windows is the signal for a rainstorm?

Why is John always late the night the cook is out and visitors are expected in the evening?

And why, oh, why, do visitors always come the one afternoon in the week when one is not dressed to receive them?

Why does a woman think she has so much better taste than her richer neighbor if she but had as much money to gratify it?

Why is it that a leak in the pipe is always discovered Saturday afternoon, when a plumber cannot be found until Monday morning?

Why is it that when one has made a purchase one sees (ten minutes later something else which would have been better or cheaper or more becoming?)—Philadelphia Ledger.

## MODES OF THE MOMENT.

Raised ribbon embroidery gives a touch of supreme elegance on silk or cloth Eton or empire jackets.

Gowns of silk gauze striped with satin are often accompanied by little embroidered boleros of taffeta the color of the satin stripe.

Innumerable finesses or one piece frocks in figured organdie and other forms of muslin appear, lace trimmed and showing insertions.

Quite the newest thing in colored muslins is the gown of plain tulle with a flowered border. Very quaint and charming effects may be produced in these softly colored fabrics.

Bright colored silk jackets are a strong fancy of the season, with white cotton or linen gowns. They are accompanied by hats, parasols, girdles or sashes and often shoes and stockings of the same order.

It looks now as if skirts might become as fustled as waists are at present before many months. Long lines have had a strenuous use, and the rogue of the tulle is increasing, not decreasing. Overskirt semblances are very plentiful among smart summer walking skirts.—New York Sun.

## Louis Alcott's Education.

In 1816 Mrs. Alcott, with some family property, bought the house known now as the Wayside, since Hawthorne bought and renamed it in 1852, says F. B. Sanborn in the Critic. The Alcotts had called it Hillside and had passed pleasant childish years there. Louisa's story telling gift was developed here, and in the barn her earliest plays were acted by herself and her sisters and schoolmates. In her earlier years at Concord she had been for a short time a pupil of Henry Thoreau and still earlier of her father's Boston school. Her other education came irregularly from her parents, from a temporary governess and sometimes from town schools, but she always missed the careful education that most of the Concord girls had, either in public or in private schools.

## POINTED PARAGRAPHS.

No man is as dangerous as his threats. When some men have nothing to do they become reformers.

If a man asks a candid opinion from a friend and gets it, it makes him mad. Some people invariably get the worst of it, because they are always demanding the best of it.

As soon as a man gets a notion that his employer can't get along without him he is getting ready to lose his job. There is always the danger that every man will become the hired man and every mother the hired girl to their family.

When a young man begins to make regular visits to a girl, how it would knock out the romance if it were said that he was calling on her to make arrangements for hiring a cook.—Atlantic Globe.

## Where Kit Marlowe Was Buried.

St. Nicholas, Deptford, possesses richer literary, artistic and naval associations than most churches of the river side. It was the parish church of John Evelyn and his tenant, Peter the Great, who delighted to make the parson drunk, as well as of a long line of naval heroes. One of the many historic monuments quaintly commemorates Peter Pett, "the Noah of his age," who invented the frigate. A weird wood carving, representing the prophet Ezekiel in the valley of dry bones, is by Grinling Gibbons, who was "discovered" here by Evelyn. The parish register records the burial of Christopher Marlowe, "slaine by Francis Archer" on June 1, 1593.—Westminster Gazette.

## Oddly Shaped Spiders.

The most peculiar spiders in the world, as well as the largest ones, inhabit the island of Sumatra. They are of all conceivable forms and colors, and some of them spin threads almost as large and strong as the grocer's twine. Some queerly shaped spiders have square bodies poised on long red legs, and others have crooked green and yellow legs which support heart shaped bodies. One of the very oddest of the lot has a body that looks like that of a young turtle, the "shell" having round knobs and pear shaped projections all over it.

## Monument to a Fish.

A "tombstone" which is to be seen in the garden of Fish cottage, Blockley, a picturesque village in South Worcestershire, is believed to be the only fish's tombstone in existence. The inscription is as follows:

In Memory of the Old Fish, Under the soil the old Fish, do lie. Twenty years, he lived and then, did die. He was so tame you, understand. He would, come, and eat, out of, our, hand.

Died April the 20th, 1888. Aged 20 years.

—London Graphic.

## Sad Story.

Kind Lady—Do you mean to tell me that reading Shakespeare brought you to prison? What works did you read? No. 411—"Romeo and Juliet." mum.

Kind Lady—But what evil influence could that have on you? No. 411—Why, it learned me to be a porch climber, mum.—Puck.

Mistaken Identity. "I just dropped in again today," said the lady, "to see those lovely sideboards you had last week."

"Not me, ma'am," replied the callow furniture salesman. "I ain't never been able to raise even a mustache."—Philadelphia Press.

No gentleman ever finds it necessary to proclaim his character in the assertion that he is a gentleman.—Duluth News-Tribune.

The Mexican Central has recently placed on sale tickets to New York and return, going via the Mexican Central to either Vera Cruz or Tampico, thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip, covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport, and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip can not be planned, as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's doings. It is a good paper to send to your friends.

If you want anything on earth—try a New Mexican "ad."

**DENVER RIO GRANDE HANDSOME GAIN**

Estimates Show Earnings to Be Good—Fair Increase Over Last Year.

Estimates on the earnings of the Denver & Rio Grande Railroad for the fiscal year which ended June 30, show that this road made a splendid gain over the same period in the previous year. The estimated earnings for the fiscal year were \$19,256,365, which is an increase of \$2,649,528 over the same period last year. That is a gain of 15.58 per cent.

The Denver & Rio Grande is almost exclusive a Colorado road and its earnings are probably the best barometer of the state's condition from year to year. The Colorado & Southern is also a Colorado road and its earnings also show a gain of about the same percentage.

The earnings of both roads for the year that ended June 30, 1905, showed big gains over that of 1904, because that was the lean year of strikes.

The pleasing feature of the situation is that there is every reason to believe the gains will be even larger in the year to come. There are certainly bumper crops for transportation this fall and the Colorado Fuel and Iron Company has contracts for more than a year ahead that will keep every department of the great industry working. Every town in the state seems to be having an era of building and prosperity and the demand for freight transportation is going to be large.

**RATHER EX-PENSIVE COLTS**

Very Interesting Controversy—Who Is Real Owner—Suit of Replevin Filed.

Pascual Villanueva vs. Mauricio Gomez is the title of a suit in replevin filed today by Attorney Benjamin M. Read and which will come up before Justice of the Peace Jose Ma. Garcia. The case is the outgrowth of another one and it is altogether a very singular affair. The plaintiff seeks to recover two colts which he is accused of having attempted to steal and under which charge he is now out on bail.

According to Villanueva the two colts in question were born of mares owned by him, and before the colts were weaned both of their mothers died. He asserts that he branded the colts then and permitted them to run at large. Villanueva declares that they were taken to raise by a mare belonging to Gomez, and when Gomez discovered the two colts on his ranch bearing Villanueva's brand he swore out a complaint charging Villanueva with branding the animals which Gomez claimed belonged to him. Villanueva was given a preliminary hearing before Justice of the Peace Garcia and was placed under bonds of \$200 to await the action of the next grand jury.

The litigation is resolving itself into a question of ownership. Villanueva claims that the colts are his and is now seeking to have them replevined, while Gomez is equally as positive that the colts are his property. Meanwhile Gomez has possession of the animals which have caused all the trouble, and which promise to be very expensive colts before the controversy is settled.

**NO IDEA OF RESIGNING**

Superintendent Hadley Emphatically Denies Rumor That He Is To Quit.

Editor New Mexican:

As several newspapers have reported that I am contemplating resigning my position, will you kindly say that I have never had any such thought and have never said anything to justify any one in saying so. It is true that I am busily engaged in improving a place at Las Cruces to which I hope to return when my term here shall have expired. But I have no other thought than to try to do all I can for the cause of education until the term for which I accepted the appointment shall have ended.

Respectfully Yours,

HIRAM HADLEY.

**WOOL MARKET IMPROVING**

Steadily—Present Basis of Prices Apt to Continue in Feeling.

Boston, Aug. 21.—A steady improvement in the tone of the wool market is reported with increased interest on the part of the manufacturers. There is a feeling that the present basis of prices is likely to prevail without a material change. Both washed and unwashed territory grades have been in some demand.

**COMMERCIAL CLUB OPENING AT BELEN**

Friday Evening—Building Cost \$20,000—Elaborate Program Arranged for Occasion.

Belen's Commercial Club building which has just been completed at a cost of \$20,000 will be formally opened Friday evening. The "house warming" will consist of a reception, followed by a dance, and it promises to be an elaborate affair. Invitations have been sent to a number of the nearby cities and towns, and it is expected that a large number of visitors will be among the guests.

Committees selected to have charge of the affair are as follows: Arrangements—William M. Berger, Charles Reinken, H. Emory Davis, L. C. Becker and Hugo Mueller.

Reception—John Becker, E. Emory Davis, Jose E. Chavez, Paul R. Daffes, Monte Rigney, H. E. Byers, Fred Scholle, William D. Radcliffe, Fred A. Becker, William M. Berger, and O. A. Benkendorf.

Finance—Jose E. Chavez, Fred Scholle, H. Emory Davis, L. C. Becker and William M. Berger.

Floor—John Becker, Jr., William E. Le Brun, Adolph Becker, F. G. Fischer and E. C. Zweigler.

**TERRIBLE DEATH OF NATIVE**

Foot Caught on Tracks of Mexican Central Railway, Jerking Him Beneath Wheels.

According to a dispatch from El Paso, a native who was familiarly known by the name of "El Rey," but whose real name was supposed to be either Inez or Ignacio Reyes, was crushed to death last Friday on the Mexican Central bridge. It is said that his body was literally ground to pieces under the wheels of a Mexican Central train. Eye witnesses declare that the man was killed through his own carelessness.

Their version of the tragedy is to the effect that he had mounted the tender of one of the engines of the double-header that was pulling the train across the river and left one of its feet dangling down at the side. This foot caught in a frog of the track and the man was jerked down to his tragic death. Before the train could be stopped he had paid the penalty for his foolhardiness with his life and his dismembered body was strewn along the track for a distance of fifteen feet.

**TRAINS AGAIN ANNULLED RESULT OF WASHOUT.**

Santa Fe was visited by another copious rain last night and according to reports it was general all through the central part of New Mexico. The rainfall here as shown by the gauge at the weather bureau was 0.32 inch. It is known that light rains fell last night in the Estancia Valley as far as Estancia. It doubtless rained also south of there but owing to the fact that the telegraph wire below that city is down no reports could be obtained today from Willard or Torrance. Cerrillos and intermediate points were visited with light rains during the evening.

Through traffic on the Atchison, Topeka and Santa Fe Railway is still interrupted by the washouts in Arizona. The local office was advised that passenger trains No. 4 and 8 had been annulled again today. It was expected however that another stub train would be run east from Albuquerque.

The Santa Fe branch train left here 30 minutes late this afternoon pursuant to instructions from division headquarters, and the south bound train this evening will not leave until 9:10 o'clock. The noon train from Lamy was only a few minutes late today.

**ROSWELL GAMBLING RESORTS CLOSED TIGHT YESTERDAY.**

Roswell, Aug. 21.—The Roswell "tiger" has crawled into a hole and pulled the hole in after him. Yesterday for the first time in the history of the city not a single licensed gambling game was running within the corporate limits. The inauguration of the new law prohibiting gambling was marked with general disorder, some of the sports having celebrated by getting "jagged" and it is said three tragedies were narrowly averted. A gambling house has been opened two miles out from the city under a Territorial license. Prosecuting Attorney J. M. Hervey is making an effort to have the place put under the ban also.

**FIRE WIPES OUT CALIFORNIA MINING TOWN.**

Reno, Nev., Aug. 21.—The mining town of Johnsville, Plumas County, California, was practically wiped out yesterday by fire. Two lives were lost and twenty-five buildings were destroyed.

**ANNUAL CONVENTION BANKERS' ASSOCIATION**

September 25 at Meadow City—is in Flourishing Condition—Executive Committee.

The second annual convention of the New Mexico Bankers' Association will be held at Las Vegas on September 25th. The place and date for the forthcoming gathering was decided upon at a meeting of the executive committee which assembled for the purpose in Albuquerque.

The New Mexico Bankers' Association was organized last winter at a convention in Albuquerque which was attended by representatives of every bank in the Territory. The association is in a flourishing condition and the advantages of an organization of this kind are already manifesting themselves.

The bankers belonging to the executive committee who attended the meeting at which the place and date for holding the next annual convention were chosen, were as follows:

E. A. Cahoon, cashier of the First National bank, of Roswell, chairman of the committee; D. T. Hoskins, cashier of the San Miguel National bank, of Las Vegas, Joseph Price, president of the Socorro State bank, Jefferson Reynolds, president of the First National bank, of Las Vegas, H. D. Bowman, of Bowman's bank, Las Cruces, C. N. Blackwell, president of the First National bank of Raton, Frank McKee, cashier of the First National bank, of Albuquerque, and W. S. Strickler, of the Bank of Commerce, of Albuquerque.

Mr. Cahoon is the chairman of the committee, and Mr. Blackwell is president of the association.
