BILL TO ABOLISH GAME WARDEN

**Passed By House
This Afternoon's
Session**

REINFORCE MOUNTED POLICE

**Measure Introduced in Council
Increases Appropriation
and Enlarges Force.**

A feature of today's session of the Legislative Assembly was the passing in the House this afternoon of a bill providing for the abolishment of the office of Territorial Fish and Game Warden.

A bill was passed in the Council increasing the appropriation for the maintenance of the Territorial Mounted Police and providing for the increasing of the force by the addition of three officers.

The Council was in session this morning and adjourned at noon until Monday as tomorrow is Washington's birthday. The House reconvened this afternoon from yesterday and was still in session when the New Mexican went to press. At 4 o'clock the indications were that the House would also adjourn until Monday.

THE COUNCIL.

23d Day—Morning Session.

Pursuant to adjournment, the Council met at 10 o'clock this morning. President Spies in the chair. The Chaplain offered the invocation and the Chief Clerk read the roll, all being present except Mr. Dalles, absent owing to illness.

On motion of Mr. Martinez, duly seconded and carried, the journal was ordered approved without reading.

Council Bill Number 54 was introduced by Mr. Martinez, an act to amend Sections 6, 7, 8 and 9 of Chapter 54 of the Laws of 1903 relative to the duties of Traveling Auditor. This bill provides that building and loan associations shall be inspected by the Traveling Auditor in the same manner as other financial institutions. The bill was read the first and second time by title. Mr. Duncan moved that the rules be suspended and the bill read the third time preparatory to its passage. The motion prevailed. The Chief Clerk read the bill in full and, upon motion of Mr. Martinez, the Council by unanimous vote passed the bill.

Council Bill Number 55 was introduced by Mr. Sargent, an act to repeal Sections 3880, 3881, 3882 of the Compiled Laws of 1897, providing that newly constructed railroads shall be exempt from taxation for six years. The bill was read by title the first and second time and ordered translated, printed and referred to the Committee on Railroads.

Council Bill Number 56 was introduced by Mr. Miera, an act to place Sandoval County in the First Judicial District for court and district attorney purposes. The bill was read the first and second time by title and in full on its third reading under suspension of the rules. Upon motion of Mr. Duncan, the Council then passed the bill by unanimous vote.

A message from the House was received.

Chief Clerk Staplin announced that the House had passed amended House Bill Number 32, an act relative to water in community ditches; also House substitute for House Bill Number 42, an act relative to reports by corporations; also House Bill Number 70, an act relative to conspiracy or attempts to secure malicious indictments of innocent persons; also House Bill Number 73, an act to repeal sections 1599 and 1877 of the Compiled Laws and for other purposes. This bill relates to the creation of new school districts.

Council Bill Number 57 was introduced by Mr. Miera, an act relative to the mounted police. This bill amends the act creating the mounted police to increase the force by three mounted officers and the amount of the appropriation is changed from \$12,000 annually to \$21,000 with \$4,000 for contingent expenses. The bill was read the first time in full and by title on its second reading under suspension of the rules and was ordered translated, printed and referred to the Committee on Territorial Affairs.

Council Bill Number 58 was introduced by Mr. Murray, an act relative to the employment of jail prisoners. The bill was read the first and second time by title and ordered translated, printed and referred to the Committee on Territorial Affairs.

Council Bill Number 59 was introduced by Mr. Murray, an act relative to the incorporation of Silver City. The bill was read the first time by title and in full on its second reading and was ordered translated, printed and referred to the Committee on Corporations.

Mr. Martinez asked to be excused and announced that he was forced to leave in order to catch a train. He was excused on the roll.

Council Joint Resolution Number 6 was introduced by Mr. Miera. It provides for approving and endorsing the Coronado Memorial Association and the memory of Francisco Vasquez de Coronado, the great explorer. The resolution carries an appropriation of \$5,000 from the territorial insurance

fund to be given to the association for the purpose of erecting a monument to Coronado at Las Vegas, the conditions being that the association shall raise an amount equal to or larger than the sum so appropriated. The resolution was read the second time by title and ordered translated, printed and referred to the Committee on Finance.

Under business on the President's desk, House substitute for House Bill Number 25, an act relative to assault by words, which passed the Council yesterday was again brought before the council upon motion of Mr. Miera, seconded and carried, to reconsider the vote by which the bill had previously been passed.

Mr. Miera then moved to table the bill indefinitely. This motion prevailed by a vote of 6 ayes; 4 nays. Messrs. Cameron, Chaves, Murray and Sargent dissenting, and Messrs. Martinez and Dalles absent.

Under the same order of business, the bills passed by the House yesterday, were taken up, read the first and second time by title and referred to committees as follows:

Amended House Bill Number 32, referred to the Committee on Irrigation.

House Substitute for House Bill Number 42, referred to the Committee on Corporations.

House Bill Number 69, referred to the Committee on Judiciary.

House Bill Number 70, referred to the Committee on Judiciary.

House Bill Number 73, referred to the Committee on Judiciary.

Mr. Cameron introduced the following petition signed by residents of Roosevelt County engaged in farming: To the Council and House of Representatives of the Territory of New Mexico, in its Thirty-seventh Legislative Body Assembled:

We, the undersigned citizens of Roosevelt County earnestly petition your Honorable Body at this session to enact for this county and such other territory as you may deem proper a law preventing the running at large of all kinds of live stock. It is practically impossible for the farmers of this county to fence their farms. It is very important to have this law enacted at this time and as early in the session as possible.

President Spies announced that he had signed House Bill Number 102, an act empowering the board of regents of the Agricultural College to lease one acre of territorial land to the international committee of the Y. M. C. A.; also House Bill Number 13, an act relative to territorial depositories; also House Substitute for Council Bill Number 31, an act relative to admission to the Institute for the Blind.

Upon motion of Mr. Duncan, duly seconded and carried, the Council then adjourned until Monday afternoon at 3:30 o'clock.

THE HOUSE.

23d Day—Afternoon Session.

The House this afternoon after routine business and introduction of bills of minor importance, passed House Bill Number 37, introduced by Mr. Mirabal, abolishing the office of Game Warden of the Territory.

Representative Beach introduced House Bill Number 112 providing for the creation of Pyramid County out of the southern part of Grant County with Lordsburg as the county seat. This bill was ordered translated, printed and referred to the Committee on County and County Lines.

The House was in session as the New Mexican went to press and the official account of the business will appear in tomorrow's issue. When adjournment is taken this afternoon it is expected that the House will adjourn until 10 o'clock in the forenoon on Monday next.

LEGISLATIVE POINTERS.

Governor Hagerman today signed House Substitute for Council Bill Number 31, an act relative to admission to the Institute for the Blind which provides that a person or persons under twenty-five years of age may enter this institution instead of under 21 years as the law formerly provided. The Governor signed House Bill Number 13, an act relative to territorial depositories and also House Bill Number 102, an act empowering the board of regents of the College of Agriculture and Mechanic Arts, to lease to the international committee of the Y. M. C. A. one acre of land belonging to the Territory at Mesilla Park.

William Gregg, a well known business man of Estancia, called at the New Mexican office this morning and stated that eleven members of the grand jury and several members of the petit jury at the recent term of the court of Torrance County signed a petition to the Legislative Assembly for the retaining of the county seat of Torrance County at Estancia. This petition has been filed with the chief clerk of the House of Representatives and was presented to the House today. Mr. Gregg desires this statement made in order to correct an erroneous impression which seems to prevail to the effect that the grand jury of the recent term of the court of Torrance County expressed itself in favor of the removal of the county seat from Estancia to Willard. He states positively that eleven members of the grand jury signed the recommendation in favor of Estancia.

FATALLY INJURED IN RUNAWAY

**Family of 3 May
Die—Occurred at
Pojoaque**

FATHER'S SKULL FRACTURED

**Jesus Montoya Kicked By
Horses—Wife and Child
Caught Beneath Wagon**

Word was received here last evening that three members of the family of Jesus Ma. Montoya, namely himself, his wife and a small child were probably fatally injured in a runaway near Pojoaque yesterday, fifteen miles north of here. Mr. Montoya is an uncle of Celso Lopez, treasurer and ex-officio collector of this county, who sent a physician at once to the ranch where the injured persons are being cared for.

Mr. Montoya, who owns a ranch near Santa Cruz left here Wednesday with his family en route overland in a wagon to his home.

Near Pojoaque, the horses became frightened and in crossing an arroyo, the wagon went into a rut suddenly and overturned, throwing the unfortunate occupants under the heavy box.

Brains Oozed From Head.

The horses then ran away. Mr. Montoya clutched the reins and was dragged for some distance. The flying hoofs of the horses struck him several times and when he was found unconscious beside the road an hour later there was a large jagged hole in his skull from which his brains were oozing.

Mrs. Catalina Montoya with her child was dragged also for several yards before she could get from under the wagon box.

A hole was made in her skull at the forehead which penetrated it is believed, to the brain. Another hole was made in her face, the flesh being torn in a terrible manner.

Her nose was crushed flat and she was injured internally and severely bruised.

She was also rendered unconscious.

Child Suffered Terrible Injuries.

The child was crushed by the wagon box. One leg sustained a compound fracture and internal injuries also resulted.

The cries of the child attracted the attention of a passing rancher who took the injured persons to his home in that vicinity. A physician and a priest were called.

It may be possible that the child will recover, although it is very doubtful. It is said there is no hope for the recovery of the father and mother.

The wagon was torn to pieces by the maddened horses. The animals were found several miles from the scene of the accident, with only fragments of their harness still on them.

UNWRITTEN LAW USED AS DEFENSE

**In Sensational Virginia Murder Trial
—Brothers Killed Man Who
Ruined Sister.**

Culpepper, Va., Feb. 21.—Philip and James Strothers, two brothers were placed on trial here today, charged with the murder of their brother-in-law, William F. Bywaters, on December 15, last, within a few hours after his marriage to their sister, Miss Viola Strothers.

The "unwritten law" will be the defense and the trial promises to be one of the most sensational ever held in Virginia. Both of the families involved are among the most prominent in this section of the state.

BRIDGE BURNED OUT EAST OF ALAMOSA

**Denver and Rio Grande South-Bound
Passenger Train Over Seven
Hours Late.**

A wooden trestle bridge burned out yesterday on the Denver and Rio Grande Railroad between Alamosa and Lavita Pass.

As a result the south-bound passenger train was seven and one-half hours late in reaching Santa Fe. It was due to arrive here at 3:30 p. m. and did not pull in until last night at 11 o'clock.

The cause of the fire is not definitely known, but it is supposed to have originated from live coals dropped from a passing locomotive.

WATERY GRAVE FOR HUNDREDS

**Frightful Marine
Disaster Off Hol-

STEAMER BROKE IN TWO

**After Being Dashed on Rocks
By Gale—All on Board
Lost.**

Rotterdam, Holland, Feb. 21.—A frightful marine disaster occurred off the Hook of Holland this morning during a terrific southwesterly gale when the Great Eastern Railway Company's steamship Berlin, bound from Harwich to the Hook, was wrecked on the rocks.

Vessel Broke in Two.

Almost immediately after being driven on the rocks, the vessel broke in two, the fore part slipping in deep water. However, the after-part is imbedded in the sand and a few of the passengers are still clinging to this part of the wreck, although it is impossible for the life-savers to render any assistance owing to the heavy breakers caused by the furious gale which still rages.

Awful Loss of Life.

According to the agents of the steamship company here, the Berlin carried 120 passengers and a crew of sixty officers and men. Of this number it is believed that but few will survive. Already the bodies of over twenty-five have been washed ashore.

Victims Helpless.

Tugs and life-boats responded when the alarm was sounded and these promptly went to the assistance of the wrecked vessel, but owing to the violence of the gale and the heavy seas it was impossible for them to approach the wreck and the would-be life-savers saw the steamer break in two while the passengers and crew were vainly trying to launch the life-boats. When the fore part of the vessel went down the crew and passengers were huddled together on this part of the ship and were swallowed up by the waves.

Later this afternoon the remaining half of the vessel gradually disappeared, which led to the belief that it was sinking into deep water.

CAPITALIST DIES SECURITIES MISSING

**Mysterious Circumstances Surround-
ing Death of Wealthy New
Yorker.**

New York, Feb. 21.—Following the sudden death of Edward J. Brown, a capitalist of Jamestown, New York, in the Hotel Manhattan here a week ago Monday, there has been an exhaustive search for negotiable securities worth nearly \$500,000 now missing which friends and business associates declare Brown had in his possession as late as the Saturday afternoon before his death.

Whether Brown placed the securities in a safe deposit vault or left them with a firm of brokers, or was robbed, cannot be definitely told. Brown was about 55 years old and was well known as an oil producer and as an investor.

The police, assisted by detectives, are investigating.

CUPID STEPS IN LAW SUIT DROPPED

**Miss Kittredge and Mr. Desgeorges
United in Marriage Late
Yesterday.**

A marriage license was issued late yesterday afternoon by Probate Clerk George W. Armijo to Miss Alice J. Kittredge and Joseph Desgeorges, both of whom gave their ages as twenty-three and their place of residence as Taos. They were joined in the holy bonds of matrimony shortly afterwards by Justice of the Peace Jose Ma. Garcia. Thus it came about that the case against Mr. Desgeorges instituted by the bride's mother and set for hearing this morning before United States Commissioner John P. Victory was dismissed by the happy intervention of Cupid, assisted by the attorneys engaged as counsel. Mr. Desgeorges left this morning for Taos. He went on ahead to have a carriage meet his bride and her mother tomorrow at Barranco and convey them thence to their home at Taos.

U. P. TRAIN IN DITCH ENGINEER PROBABLY KILLED

Ogden, Utah, Feb. 21.—Union Pacific passenger train No. 10 went into the ditch this morning east of Morgan, Utah. Engineer Krauss is missing and it is feared that he is under his engine. The fireman was slightly hurt. No passengers were injured.

REQUISITION FOR OIL MAGNATE HONORED

Jefferson City, Mo., Feb. 21.—Governor Folk this afternoon honored the requisition of Governor Campbell of Texas for H. Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil Company, who is wanted in Travis County, Texas, on a charge of making a false affidavit.

SHOT DOWN BY WOMAN

**Wife Chicago Mil-
lionaire Commits
Murder**

BUSINESS MAN WAS VICTIM

**Tragedy Occurred in Down
Town Office Building—
Murderess Arrested.**

Chicago, Feb. 21.—Louis Fisher, aged 38 years, one of the proprietors of the Harrison Art Company with offices in the Omaha building, was shot to death in his office shortly before noon today.

Quarreled With Woman.

A fashionably dressed woman who entered Fisher's office about 10 o'clock and who quarreled with him, was found in the office immediately after the shooting. She was arrested, but declined to give her name or talk about the manner in which Fisher met his death.

Said Fisher Shot Himself.

A witness who hastened to Fisher's office after hearing the shot, asserted that he heard the woman crying, "Oh, he has shot himself." The woman was later identified as Mrs. Flora McDonald, wife of Michael C. McDonald, a former prominent Democratic politician and a millionaire.

Woman Held Smoking Pistol.

When the shot was heard, Lorenzo Blazi, the occupant of an adjoining office ran into the room. He found Fisher lying on the floor with blood pouring from a wound back of his left ear and a woman was standing over him with a revolver in her hand.

Fought Desperately.

He took the weapon from her and notified the police. However, before giving up the revolver the woman fought Blazi in a desperate fashion and threatened to shoot him.

INJUNCTION SUITS BEFORE JUDGE MANN

**Grow Out of Hondo Reservoir Pro-
ject—Plaintiffs Claim Prior
Water Rights.**

Two civil actions against William M. Reed, John S. Roscoe and Alexander A. Rivie, officials of the United States Reclamation Service, who are identified with the Hondo reservoir project in Chaves County, came up for hearing this afternoon before Judge Edward A. Mann at chambers of the Territorial Supreme Court. Thomas M. Daniel was the plaintiff in one case and Rufus J. Daniel in the other.

Daniel and Donahue seek to enjoin the Hondo reservoir authorities from interfering with them in taking water from the reservoir and irrigating their lands. They base their contention on the ground of having prior water rights which have been ignored and since all of the water of the Hondo River has been impounded in the reservoir the suits are the result.

United States Attorney W. H. H. Llewellyn appeared for the defense, assisted by B. E. Stoutemyer, attorney for the Reclamation Service. Attorney W. W. Gatewood of Roswell, represented the plaintiffs. Counsel for the defense filed a motion to dismiss the cases for want of jurisdiction.

It was announced yesterday that the hearings would be before Judge John R. McPhee but as Judge Mann arrived in the city last evening it was agreed that the latter should preside.

SANCHES WILL APPEAL CASE

**Ex-Sheriff of Torrance County Carries
His Removal to the Supreme
Court.**

In the case of Manuel Sanchez y Sanchez, ex-sheriff of the county of Torrance, who was removed from office after trial in the recent district court session for Torrance County upon charges of malfeasance and misfeasance in office preferred by Captain Fred Fornoff of the Mounted Police, an appeal to the Supreme Court of the Territory will be taken by Colonel G. W. Prichard, attorney for Sanchez. The transcript of the record is now being prepared and as soon as this is received it will be filed with the appeal.

The principal grounds for the appeal are that the court held that Sanchez had been guilty of oppression, of wilful maladministration and extortion in office while the appellant's attorney holds that these charges were not substantiated by the evidence and the facts in the case as far as adduced in the trial, also that the acts complained of with one exception occurred within a former term of office of the removed official and hence could not properly be brought up against the official during his new term which he took up January 1st, 1907, by virtue of his election to the office as sheriff of Torrance County, November 6th last.

STYNER VICTIM OF WOULD-BE ASSASSINS

**Mexico Railroad Official Not Dead as
Reported—Did Not Attempt Suicide,
But Was Attacked.**

Indianapolis, Ind., Feb. 21.—According to reports received here today by Harry N. Styner, a brother of Elmer E. Styner, former general manager of the Mexican Central Railway, with headquarters in the City of Mexico, the latter is not dead as was reported yesterday, nor did he attempt to kill himself.

Attacked by Assassins.

His brother states that, according to advices received here today by Harry N. Styner, a brother of Elmer E. Styner, former general manager of the Mexican Central Railway, with headquarters in the City of Mexico, the latter is not dead as was reported yesterday, nor did he attempt to kill himself.

A dispatch received by the elder Styner from his son's room-mate states that Styner was attacked by three Mexicans who stabbed him seven times, inflicting dangerous but not necessarily fatal wounds. Attending physicians say he will recover unless complications set in. It is stated by members of the Styner family that Elmer Styner recently received anonymous letters threatening him with death unless he left Mexico.

Appeal to State Department.

The family have made an appeal to the State Department at Washington through the Indiana Senators for an investigation of the attempted assassination.

WHERE IS CLIMATE TO SURPASS IT

**Meteorological Facts and Figures
From Annual Report of Weather
Bureau at Santa Fe.**

Albuquerque in 1906 had a maximum temperature of 95 degrees, or 11 degrees warmer than the maximum at Santa Fe. It had a minimum that year of four below zero or four degrees colder than the minimum at Santa Fe. Albuquerque had an extreme range in temperature of 102 degrees, Santa Fe of 87 degrees, a difference of fifteen degrees which meant fifteen degrees more of comfort to health seekers. Las Vegas, that year had a maximum of 85 degrees, or eight degrees warmer than Santa Fe, and a minimum of six below zero, or six degrees colder than Santa Fe, an extreme range of 91 degrees for Las Vegas against 87 degrees for Santa Fe. Roswell had a maximum of 101 degrees or fourteen degrees warmer than Santa Fe, and a minimum of six degrees below zero or six degrees colder than Santa Fe. The Roswell extreme range exceeded that of Santa Fe by twenty degrees. And yet, outside of Santa Fe, Albuquerque, Las Vegas and Roswell have as perfect weather and climate as can be found anywhere in the Southwest. These figures are official and taken from the annual climatological report of the Federal Weather Bureau at Santa Fe, just from the New Mexican press.

Santa Fe in 1906 had 73 per cent of sunshine; less than usual, but far above the highest average percentage of eastern towns. Roswell had 66 per cent of sunshine or six per cent less. Amarillo, Texas, had 67 per cent. The relative humidity at Santa Fe was 54 per cent greater than usual, but at Roswell it was 63 per cent, at Amarillo 69 per cent, at Durango, Colorado, 62 per cent. The year was the windiest at Santa Fe that old residents remember and yet the average velocity was only 7.6 miles per hour. At Amarillo, it was 11 miles per hour or a total of 30,000 miles more per year than at Santa Fe. At El Paso the average velocity was 10.3 miles per hour or a total wind movement of 24,000 miles more than at Santa Fe.

Thus, no matter how it is taken or how it is compared with other weather bureau stations, Santa Fe climate has its points of superiority that are officially and impartially acknowledged. Above all stands the fact that of the seventy-seven southwestern stations given for comparison, Santa Fe had the least range of extremes in temperature, only 87 degrees. In other words, besides being the sunniest and almost the driest and calmest, the weather at Santa Fe summer and winter, is the most equitable and therefore, the most salubrious and the most comfortable to be found in the Southwest and that means in the entire country and is in consequence, the most agreeable, be it the month of December or July, April or October, or any other of the twelve.

The days come and go, one as sunny as the other, and the average resident of or visitor to Santa Fe does not think of climate or weather until there comes an occasional clouding of the sky, some needed rain or a high wind. The Legislature has been in session more than thirty days and not one of those days was without sunshine; on not one was the minimum temperature anywhere near zero or the maximum below the freezing point; not one of those days had a wind of thirty miles or more per hour; not one was so disagreeable that it was uncomfortable to sit in shirt sleeves in the midday sun. And mind you, that is in January and February, when the east had three weeks of uninterrupted zero weather, of snowdrifts and blizzards. Certainly, Santa Fe possesses in its climate an asset which no panic, no misfortune can take away, which is always available and which each year will bring more prestige, more wealth, more desirable residents, more renown, even if every one of the many other natural assets of the city of the Holy Faith should fail.

INNOCENT OF LAW OF VIRTUE

**Pitiful Testimony
By Mrs. Evelyn
Thaw**

RELATIONS WITH WHITE

**Didn't Know it Was Wrong
For Woman to Be Unchaste
Until Told By Defendant.**

New York, Feb. 21.—After a consultation between Justices Fitzgerald, District Attorney Jerome and Attorney Delmas, chief counsel for Thaw, this afternoon, the court revoked its order of this morning for a recess tomorrow in the Thaw trial on account of its being Washington's Birthday, and the court will sit tomorrow and Saturday.

Expert Witnesses About to Leave.

This decision was arrived at when District Attorney Jerome informed the court that Drs. Doerner and Blugham, important expert witnesses, were about to leave the state. Jerome wanted their testimony taken today, but consented to have it taken later when the court announced that it would sit tomorrow.

But Half Through With Mrs. Thaw.

The district attorney also informed the court that it would require at least a day and a half yet for him to complete his cross-examination of Mrs. Evelyn Thaw and this announcement also had much to do with the court's revocation of its ruling ordering an observance of the holiday.

Thaw Eager and Nervous.

When court opened this morning Thaw entered the court room immediately after the jury without waiting to be formally called to the bar. His hair was mussed and he appeared eager and nervous. He did not seem to notice anyone about him.

Court Ignored Greeting.

When Mrs. Thaw was called to the witness stand she glanced at her husband and smiled, then turned to Justice Fitzgerald and made a little bow to him, but the judge did not notice her.

Innocent of Law of Virtue.

District Attorney Jerome took up his cross-examination where he left off yesterday. He called the attention of the witness to her closing testimony of yesterday and Mrs. Thaw repeated that she continued to believe that it was not wrong for a woman to be unchaste as she was with White until she had talked with Thaw in Paris in 1903.

Jerome continued to examine the witness regarding her knowledge of right and wrong in regard to the relations between men and women, but she still insisted that she did not consider it particularly wrong to be unchaste until Thaw had told her.

Mother Made Her Write White.

Mrs. Thaw further testified that she wrote to White after

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

SENSIBLE AND TIMELY ADVICE.

A strong and sensible plea addressed to the Councilman and the members of the House from Bernalillo County is made by the Albuquerque Citizen editorially. That it is timely and to the point every one who has read or will read it must admit. That the advice is good politics, common sense, evidently made for the best interests of the Duke City and of Bernalillo County, is plain to every one who understands the situation and looks at it from a fair and unprejudiced standpoint. The New Mexican republishes the editorial to show the drift of Republican sentiment in Albuquerque and in Bernalillo County, the largest city and one of the richest and most populous counties in New Mexico. Says the Citizen:

"The Citizen would again emphasize the fact that nothing can be secured for Albuquerque or Bernalillo County by a system of bull-headed opposition to the Republican majority in the Legislature. And less can be secured—if it were possible to have less than nothing—by an idiotic system of blackguarding those who control legislation.

"It is time that the business people, the tax-paying people, the people who have the most to make in any benefit this county may receive or the most to lose in any needed legislation which the county may fail to obtain—it is time for these to make their demands known. Let the peanut politicians continue their blackhead demonstrations of incompetency. Let those who could leave the city today by simply putting their hats on, and whose only assets as far as Albuquerque is concerned are an exhaustive supply of hot air—let these go on in their maniacal mouthings of abuse to everything Republican and of the Legislature in particular. Probably nothing else can be expected of them. But the men who have made Albuquerque what it is, the men who are now earnestly and actively building up the city—not by wind-jamming, but by active investments and labors—these men should take the situation in hand, and save the city and county from impending loss.

"What is the district attorney's bill to us? What do we care as to who shall fill that office in other districts? Why shall our representatives in the Legislature, by opposing the will of the majority in this matter, render themselves useless in the Legislature and prevent themselves from getting any desired legislation in other matters? There is no doubt that the people of the Territory desire the election of district attorneys—they desire it by an overwhelming majority. The only point at issue is whether until such election takes place, the district attorneys for one more term shall be appointed by the Legislative Council or by the Governor. What difference does it make to us, which of these plans shall be adopted? There are many other things in which we are vastly more interested. The majority in the Legislature wants the Council to appoint them. Why should our Councilman oppose it? He cannot bring the others over to him. Then, let him go to the others. No doubt his wishes in that case as to the attorney for this district would be more than willingly conceded. But over and above that, the harmony having been restored between the Legislators from this county and their fellow Republicans from the other counties, Bernalillo, the richest county in New Mexico, would receive the consideration which is her due.

"For the foregoing reasons the Citizen very strongly urges that the real business backbone and foundation institutions and individuals of this city let their wishes be known at once and emphatically to Councilman Sulzer and his associates from this county in the Legislative House."

ARIZONA'S ANTI-GAMBLING LAW A FINE ADVERTISEMENT.

The recent enactment of an anti-gambling law by the Legislative Assembly of Arizona, is getting that Territory a great deal of good advertising which is proving beneficial to it. The Arizona Legislative Assembly has also passed other statutes which are giving it more free advertising. Some of these, or laws of similar tenor, have been on the statute books of New Mexico for so, these many years, but when the New Mexico legislators enacted them there was mighty little said for the good name and credit of the Territory then and there. Among them are: Forbidding the frequenting of saloons by women; prohibiting steer roping; enacting high license law for selling liquor; prize fights have been prohibited for many years; train robbery was made a capital offense many years ago. New Mexico has many other laws for the maintenance of law and order which are better than those recently enacted by Arizona and which have been in force for a long time. The only point in which the sister territory beats the Sunshine Territory is in the recent enactment of the anti-gambling law, which example the New Mexican hopes will soon be followed by the Sunshine Territory. Concerning this action, the Bisbee Daily Review with great glee reproduces an editorial on the matter from the Los Angeles Times, which with its review com-

ment reads:

"The passage of the anti-gambling law by a practically unanimous vote in the present legislature is already bringing forth discussion and commendation by the press of the country which must be regarded as good fruit. "Over in Arizona they have been doing the oddest of things of late. They now fine a man \$50 for carrying a gun. They have decreed that women shall not frequent saloons or even enter a wine room. They have lifted saloon licenses to a point that cuts out the roadhouse and the low grogery. Even prize fights are prohibited. Train robbery is a capital felony. And the Legislature has just decreed that gambling must stop on the last day of the coming month. Thus is shown the fallacy of moral judgment.

"Most folks think of Arizona as a land of bowie knives and lynch law, where the elite of the population gains daily bread and headlight diamonds by deft alliance with the pasteboards in a faro box. Judging from chapters in Senator Beveridge's justly celebrated book on Southwestern travel, the rattle of the marble at the roulette games struck the predominant note of industry in every hamlet. The very word 'Arizona' conjures up the picture of a type of uncouth Americanism, lopsided from the carrying of an enormous revolver—an individual whose days are assumed spent in 'shooting up the town,' and in the way of blithesome sport, and whose nights are passed in the more serious occupation of betting on the high card.

"But there must be something wrong with this estimate. Late history doesn't support it. The best of testimony shows that the people of Arizona are digging in their mines, they are working on their fertile farms and on their great canal systems, they are rearing their cattle and their sheep in peace, they are cutting in their forests, they are schooling their children and are sustaining their churches and charities, they are maintaining the purity of their elections, economizing in public affairs, paying their public debts, maintaining their public credit and hunting down the great tax dodgers. In short, they have been doing their duty as American citizens in a manner that would be deemed most creditable to many an older community. Possibly it will not take more than a few years more to educate the American public up to an appreciation of the truth concerning Arizona. When this has been accomplished, the granting of statehood will become a mere matter of detail—and another imperial commonwealth will be added to the Union."

SANTA FE'S CLIMATIC SUPERIORITY.

Temperature records, sunshine and humidity percentages are not all there is to Santa Fe climate as the following from the February number of "The Earth," indicates:

"I spend just six months out of every two years in Santa Fe," explained the man from the Hoosier State. "We have been see-sawing back and forth in this way for eight years now. When we are in Santa Fe for about a week, my wife begins to take on flesh. In three months, she is a fine, healthy looking woman. In six months—well, you see her, a regular behemoth. Then we have to hike back home as a sort of anti-fat cure. She keeps in fair condition for six months, then she begins to decline. In a year, all her friends declare that she has consumption. In two years she hardly casts a shadow, and seems like a winning candidate for the bone-yard. So she takes another trip to Santa Fe, gets a new lease of life, and cheats the grim ferryman out of his toll for two years longer. If our money holds out to pay railroad fare, well, I think she'll live forever. She's a peripatetic advertisement for the Sunshine Territory, and Santa Fe should have the public spirit to pension her."

EXTENSION OF THE CAPITOL BUILDING.

If an extension to the Territorial Capitol is not built it will not be the fault of Speaker Roman L. Baca, of the House of Representatives of the present Assembly. The Speaker has introduced a bill providing for the construction of an annex to the Capitol building and for the purchase of certain surrounding lands. Both projects are timely and extremely worthy. It is admitted by all who have visited the Capitol building of late that more room for the proper accommodation of Territorial officials for the transaction of business, and especially for the valuable Territorial library is absolutely necessary and that more land should be purchased in order to make the surrounding grounds as they should be, a beautiful park and one in which all the people of New Mexico should justly take pride. The bill should meet with the most careful consideration and with favorable action. The matter is an important one and the New Mexican will have more to say upon it at the proper time.

It does look as if personal property should be taxed in the county where it is located.

The Artesia County people, that is the people who are in favor of the creation of Artesia County, are making a nifty and good fight to obtain what they desire. Their representative, Editor D. L. Newkirk, of the Pecos Valley News, is doing all that could be done by any man, although he is, comparatively speaking, a new comer in the Territory and has not had much experience in political or public affairs here. If the Artesia County project goes glimmering, it will not be for the lack of proper effort and well directed work by its advocates and by Editor Newkirk. The chances are against him, but he will go down with flags flying and drums beating.

It is proposed to submit the question of the consolidation of the city of East Las Vegas and the town of Las Vegas to a vote of the inhabitants of the two municipalities and that speedily. If the majority of the inhabitants of the two places vote in favor of consolidation it shall become an accomplished fact; otherwise, conditions will remain as they are now. The Assembly will be asked to pass a law authorizing such action on the part of the people there. There can be no just or sensible opposition to the plan. The will of the majority will govern and the will of the majority should be ascertained in this matter. If not, why not?

The Albuquerque Morning Fakir is still hot under the collar because the House of Representatives of the Thirty-seventh Legislative Assembly saw fit to exert its prerogative, and forbid the representative of the sheet the privilege of the floor and galleries of the House for well-grounded and weighty reasons. The sheet continues to froth and to foam and to heap abuse and libel upon the Republican majority of the body. Strange to say the Republican majority is doing business at the old stand and going ahead as if nothing had happened and what is more, New Mexico is all right and is progressing in every way at a satisfactory rate.

The Oklahoma Constitutional Convention has not proved a credit to the would-be new state and it is very doubtful if its work will be accepted and approved by the President. The convention composed of nine-tenths Democrats, declined to provide for the allegiance by the new state to the constitution of the United States, and in many other ways acted freakish and silly. It may be that Oklahoma is still far from statehood. Like some people in New Mexico and Arizona who insisted in the November elections in voting against joint statehood the Oklahomans in a greater degree and to a greater number seem to be fond of cutting off their noses to spite their faces.

From the National Capital come reports that there is no chance for single statehood for the territories of New Mexico and Arizona for years to come and that it is even doubtful if joint statehood will be offered them by the 60th Congress. In the meantime New Mexico is growing steadily and satisfactorily and if the people have to wait they will do so. Yet, it must be acknowledged that many citizens opposed heretofore to joint statehood are coming to the conclusion that they had best accept that if nothing else can be had within the next two or three years.

There should be no change in the present law providing that marriage licenses must be obtained from the probate clerks of each county before a marriage can be properly solemnized by those entitled so to do. The law which has been in existence now four years has worked well and satisfactorily. Complete records of marriages are now kept as is the case of every other commonwealth in the United States and these records have proved, and are proving, of great utility and benefit to all concerned, not only to the people but also to those who are united in marriage. The present statute should not be changed.

The Thirty-seventh Legislative Assembly will enact laws for the fair and proper taxation of corporations; while it is at this, it should not forget to do something to compel the big corporations owning valuable timber land and extensive saw mills to pay fair and just taxes for the support of the government of the commonwealth, the protection of whose laws they enjoy and in which they are making in many cases exorbitant profits and in all cases big profits.

There will be many who will rise here and there after the passage of an anti-gambling bill and will say: "I did it!" or "This man did it and must have the credit!" The fact of the matter is that public sentiment is going to do it and no man, or newspaper, or official, can lay the unction to himself or itself that without public sentiment an anti-gambling measure would have been possible or would be enforced. Reform begins at the bottom not at the top in public affairs.

The bill framed by the Committee on Education of the House of Representatives, and introduced by Representative Abbott of Santa Fe County, for a complete revision of the present school laws of the Territory is a very important measure and should receive the most thorough and strictest attention and examination by the Assembly. It is a far reaching measure and one the provisions of which come very close to the people, to the plain people who send their children to the public schools.

Roswell citizens are making loud complaints because there is no opera house there. Says an exchange. Same here, but it does not take a prophet to foretell which town will have a new opera house first.

Tucumcari is grading and leveling its streets and is placing them in good condition generally. Santa Fe should send a delegation of its city fathers to Tucumcari to see how the thing is done.

ADDITION TO CAPITOL BUILDING

Bill Introduced in House Carrying an Appropriation of \$100,000 to Be Secured By Issuing Bonds.

AN ACT AUTHORIZING THE CONSTRUCTION OF AN ADDITION TO THE TERRITORIAL CAPITOL AT SANTA FE, AND TO PROVIDE THE NECESSARY MEANS THEREFOR AND A BOARD WITH AUTHORITY TO BUILD THE SAME, AND FOR OTHER PURPOSES:

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That for the purpose of constructing and furnishing a wing or addition to the Territorial Capitol building at Santa Fe, the Governor is hereby authorized to nominate and by and with the advice and consent of the Council, appoint three reputable citizens of the Territory of New Mexico, and to be known as the Capitol Building Board, and not more than two of whom shall belong to the same political party, and neither of whom shall receive any pay or compensation either directly or indirectly for any services that they may perform as such members of said board, either from the Territory of New Mexico or any county thereof; that no member of said board shall hold any office under the government of the United States, the Territory of New Mexico, or any county or city thereof for which he may draw any salary, and no member of said board shall be or become in any manner, either directly or indirectly interested in any contract for the supply of material of any kind whatsoever for, or in or about the construction of said wing or addition to the Capitol building, or in furnishing the same; and in the event that any member of said board shall become interested, directly or indirectly, in the employment of men, furnishing of supplies, material or furniture of any kind whatsoever, it shall be the duty of the Governor, and he shall be required on sufficient proof of such facts made to him, to summarily remove said member; and in case of any vacancy occurring upon such board in any manner, the Governor is authorized to fill such vacancy by appointment in such manner as is now provided by law.

Sec. 2. That the Capitol Building Board, created by Section 1 hereof, shall organize on the first Saturday in April, 1907, and the members thereof shall hold their offices until their duties as provided herein are completed, unless removed by the Governor as hereinafter provided, and until their successors shall have been appointed and qualified; the officers of said board shall consist of a president and a secretary, who shall be members of said board and two members of the board shall constitute a quorum for the transaction of all business, except for the letting of contracts and the approval of estimates, when the entire board shall be present.

The secretary shall make and preserve a record of the proceedings of all meetings of the board, which shall be signed and countersigned by the officers of the board respectively, in a well bound book to be furnished by him to the board, and shall keep on file in his office all books, bonds, contracts, bids, estimates, plans, reports, and specifications, and a list of all vouchers presented to the board for approval, showing the number and amount of those approved and those not approved, which shall at all reasonable times be subject to the inspection of the public, and all of which shall be at the expiration of the official life of said board, by him delivered to the secretary of the Territory, to be by him kept on file in his office.

Any member who shall absent himself from two consecutive meetings of the board, of which he shall have had notice, shall be deemed to have abandoned his office, and upon the certificate of the president and secretary to that effect delivered to the Governor, the Governor may at once appoint his successor.

Sec. 3. The said Capitol Building Board shall have full power and authority to construct, build and furnish said wing and addition to the Capitol building, which said wing and addition shall be built and joined to the eastern front or exposure of the present building, and in such construction shall have full power and authority to do and perform any and all things necessary and proper for such purpose and for the best interests of the Territory and most convenient and adaptable to the building as at present constructed.

Sec. 4. That said board shall employ a skilled and competent architect, if possible the same architect employed by the board who constructed the present Capitol building, who shall give his personal attention to and who shall be the superintendent of the construction and building of said wing or addition, who shall approve all contracts for material, labor, supplies and estimates before the same shall be approved, allowed or paid by order of the said board, and after the approval of any accounts or vouchers for supplies or material of any kind, the board shall, by its president or secretary, if in the judgment of a majority of the board it is deemed best, allow and approve the same, and the Territorial auditor shall issue his warrant upon the proper fund and the Territorial treasurer shall pay such warrants so presented, for all accounts so approved and allowed, and said board shall purchase and put in place all necessary carpets, furniture and fixtures useful and proper, when said wing and addition shall be completed and ready for the same, and they shall audit and approve all accounts and bills of all kinds for the same and the Territorial auditor shall issue his warrants on the proper fund for the same, upon presentation of vouchers so properly approved and the Territorial treasurer shall pay such warrants upon their presentation to him. A majority of the board may at any time remove or discharge the architect for any misconduct on his part, or for any failure on his part to

give his personal attention to the duties incumbent upon him on account of his employment.

Sec. 5. That the said board shall and they are hereby required to use and utilize all labor of convicts in the penitentiary of New Mexico which may be possible to use and utilize in the construction of said wing and addition, and said board shall use and utilize all brick, lime and stone which can be manufactured and supplied by convict labor and means of transportation belonging to the Territory, and the superintendent of said penitentiary shall manufacture and furnish, on the written demand of said board all such labor and materials as he may be able to do without injury to the proper care and custody of such convicts and penitentiary discipline, under such an arrangement with the board as may be agreed upon for the proper care and custody of such convicts so to be furnished for the use of and to be utilized in the construction and building of said wing and addition to the Capitol building.

Sec. 6. That the said board, before any contracts are let for material or supplies to be used in the construction and building of said wing and addition to the Capitol building, shall give notice by advertisement of one insertion in a daily paper published at Albuquerque, Las Vegas, Santa Fe, New Mexico, and at Denver, Colorado, ten days before such contracts are let, giving the time and place where such bids will be received and opened and a general outline of the quantity and kind of material and supplies wanted, and all contracts shall be let to the lowest and most responsible bidder, the board reserving the right to reject any and all bids, and said board shall take a good and sufficient bond to the Territory of New Mexico from the person or corporation receiving contracts for the fulfillment of the same; said board shall have full control of the construction and building of said wing and addition and the grounds, care and custody of the same.

Sec. 7. That in order to enable said Capitol Building Board to carry out and perform the duties and responsibilities in this act conferred upon them and to provide the necessary funds for carrying out the provisions of this act, an issue of coupon bonds of the Territory of New Mexico is hereby authorized, to the amount of one hundred thousand dollars, the same to be known as "Capitol Building Bonds of the Territory of New Mexico." Such bonds shall be in the usual form of coupon bonds, payable to bearer in the denomination of one thousand dollars each; twenty-five thousand dollars shall be dated May 1, 1907; fifty thousand dollars shall be dated November 1, 1907, and twenty-five thousand dollars shall be dated May 1, 1908; all of such bonds shall bear interest at the rate of four per centum per annum, payable semi-annually on the first days of May and November; principal and interest shall be payable at the National Bank of Commerce in the City of New York; such bonds shall be payable absolutely in thirty years from their date and the Territory shall have the right to pay them at any time after twenty years from their date. Such bonds shall be duly registered in the Territorial bond register book in the office of the auditor and treasurer and the secretary of the Territory shall preserve a record of the bonds to which he affixes the great seal of the Territory, such bonds shall be numbered consecutively from one to one hundred and shall be duly advertised in not less than two daily papers published in the Territory of New Mexico and in one newspaper published in the City of New York, by three insertions, such advertisement to be signed by the Territorial treasurer. No more than two and one-half per centum of the face value of such bonds shall be used for the expense of preparations, printing, advertising and sale of such bonds. The proceeds of the sale of such bonds shall be turned into the Territorial treasury by the treasurer who shall sell the same and shall be disbursed only on the order of the Capitol Building Board, created by this act and under such regulations as such board shall determine.

Sec. 8. To provide for the payment of the semi-annual interest on the bonds authorized in the foregoing section hereof, the auditor of public accounts shall annually levy at the time of levying other Territorial taxes, beginning with the year 1907, such a tax upon all the taxable property in the Territory of New Mexico as shall be sufficient to produce the amount of such interest, and for the payment of the interest due November 1, 1907, the sum of one thousand dollars is hereby appropriated payable out of money raised for Territorial purposes for the fifty-eighth fiscal year; and to provide for the ultimate payment and redemption of the bonds herein authorized, the auditor of public accounts shall levy annually, beginning in the year 1923 such tax on all the taxable property in the Territory of New Mexico as will be sufficient to pay off annually ten thousand dollars of such bonds, such last mentioned levy to be made at the same time and in the same manner as other Territorial tax levies are made, and such auditor shall duly certify such levy as well as the amount of the annual tax levy for the payment of interest on such bonds to the proper authorities charged with the levy of taxes in the several counties of the Territory of New Mexico, whose duty it shall be to see that such levies are duly made, assessed and collected as are other taxes for other Territorial purposes.

Sec. 9. The board authorized and created by this act shall under no circumstances or conditions whatever enter into any contracts or incur any debt of liability whatsoever provided for herein in excess of the said sum of one hundred thousand dollars, and any surplus remaining after the provisions of this act shall have been carried out shall be covered into the Territorial treasury, who shall place the same to the credit of the fund out of

 Sec. 10. That it is the judgment of the Legislative Assembly that all of that tract and tracts of land lying immediately to the north of the present Capitol grounds in the City of Santa Fe and extending northward to the middle of the Santa Fe River and bounded on the east and west by the extension of the streets which are the present east and west boundaries of the Capitol grounds are necessary for the purposes of the Territory of New Mexico for grounds for the Capitol building and additions thereto. That the board hereby created is hereby authorized and empowered to negotiate with the present owners of said tract and tracts of land for the purchase thereof by the Territory of New Mexico for Capitol grounds purposes. That said board is authorized out of the moneys derived from the sale of bonds herein provided for to devote and use in the purchase of said tract and tracts of land a sum of money not exceeding fifteen thousand dollars and in the event said board is unable to purchase said tract and tracts of land for said sum of fifteen thousand dollars or a lesser sum, then and in that event said board shall proceed by condemnation, under the laws of the Territory in such cases made and provided, to acquire the title to the same for the Territory of New Mexico.
 Sec. 11. That said board shall, when the title and possession of said tract and tracts of land has been obtained as in the preceding section provided, proceed, at once, under plans and specifications submitted by the architect in this act provided for, to raise and remove all of the structures and buildings upon said tract and tracts, disposing of such of them as is possible for cash to the highest bidder, and all sums of money derived from the sale and disposition of said buildings shall be used by said board in the grading, filling up and improving of the tracts of land thus acquired for the Territory. The use of convict labor is hereby authorized upon the tracts thus acquired for Capitol grounds purposes and such convict labor shall be used in the same manner and with the same effect as is hereinbefore provided for the building and construction of the wing and addition to the capitol, including the construction of a safe and proper masonry dike and wall along the left bank of the Santa Fe River between the east and west boundary lines of the tract and tracts of land herein provided to be acquired for Territorial Capitol grounds purposes.
 Sec. 12. This act shall be in force from and after its passage, and all acts and parts of acts in conflict with the provisions of this act are hereby repealed.

GREATER CITY TO RISE OUT OF RUINS
 Citizens of Kingston, Jamaica, Ask Monetary Assistance From British Government.
 Kingston, Jamaica, Feb. 21.—At a mass meeting of the citizens of this city held Monday night, Governor Swettenham was condemned for seeking to prevent monetary assistance from coming here. The meeting adopted a strong petition to Parliament asking for a grant of \$750,000 and an additional loan of five million dollars to assist in rebuilding the city. Plans are now on foot for the rebuilding of a vastly improved city out of the present ruins. Many bodies are still being recovered from the ruins and while the actual number killed will never be known the total cannot fall short of 1,100 people.

Exposition Irrigated LAND PRODUCTS
 The following communication has been received by Governor Hagerman and is of general interest to residents of New Mexico engaged in agriculture by means of irrigation:
 Sacramento, Calif., Feb. 14, 1907.
 Hon. Herbert J. Hagerman, Governor Santa Fe, New Mexico.

Dear Sir:—Arrangements have been made for an Interstate Exposition of irrigated lands products to take place in this city simultaneously with the Fifteenth National Irrigation Congress. This will be opened on Monday, September 2, and continued two weeks, the first of which will be occupied with the sessions of the Irrigation Congress, commencing Monday September 2, and closing September 7; the second by the California State Fair—commencing Saturday, September 14, and closing Saturday, September 14. This event will be under the joint management of the Board of Control in charge of local arrangements for the National Irrigation Congress, and of the State Agricultural Society in charge of the California State Fair.
 Abundant space and excellent facilities of all kinds will be afforded exhibitors. Splendid trophies will be offered for visiting state exhibits and for individual exhibitors participating therein.
 The details of this event will be planned upon a scale commensurate with the importance of irrigated agriculture in the West, and the people of this state invite the co-operation of the people of other Western states to the end that a fully representative showing may be made, the development and settlement of arid and semi-arid lands hastened.
 A very cordial invitation is hereby extended to New Mexico and to the people of New Mexico to participate in this exposition. We respectfully ask that provision be made for a New Mexico exhibit that will do credit to the splendid agricultural resources and vast irrigation opportunities of your state.
 Yours very truly,
BOARD OF CONTROL OF THE FIFTEENTH NATIONAL IRRIGATION CONGRESS.
 By W. A. Beard, Executive Officer.

The meeting adopted a strong petition to Parliament asking for a grant of \$750,000 and an additional loan of five million dollars to assist in rebuilding the city. Plans are now on foot for the rebuilding of a vastly improved city out of the present ruins. Many bodies are still being recovered from the ruins and while the actual number killed will never be known the total cannot fall short of 1,100 people.

OFFICERS RUSSIAN SQUADRON INSULT FRENCH MERCHANTS

Toulon, France, Feb. 21.—The action of the Russian squadron, which is anchored in the harbor here, in buying all of its provisions from Greek and German houses has incensed the French merchants who have placarded the streets with strong denunciations of the action of France's allies and have also forwarded indignant resolutions to the minister of marine.

Rust may be removed from nickel plating by covering the spots with nut-tallow and letting it stand for several days. If this treatment is followed by rubbing with a good metal polisher and then by a thorough washing with strong ammonia, succeeded by clear water and a final polishing with dry whiting, stubborn cases will yield.

A Mixed Family.
 A resident of England, who has been three times married, wedded a woman who had been three times a widow. Children were born in all cases, so that children of seven different parentages live under the same roof.

Protect the Teeth.
 Every slightest disorder of the teeth or mouth has its inception in the micro organisms carried to the mouth by the air we breathe or in our food and drink. Cracking nuts with the teeth and biting thread are very bad habits and are always likely to mar or destroy the enamel of the teeth. Use a firm toothbrush.

The Pipe Organ.
 An organ with ten pipes in Solomon's temple is the first mention of the pipe organ made in history.

An Old Copper Mine.
 If not absolutely the oldest, the Stora Kopparberget in Sweden is the oldest copper mine of which we have any official figures. It has been worked continuously for nearly 800 years.

A Parisian Thief.
 Probably the meanest thief ever caught was Louis Bourgaud of Paris, who while riding in a cab ripped open the cushions, tied the horsehair into a parcel, sold it while the cab waited for him and with the money procured from selling his "plunder" paid the cabman his fare.

The Aleutian Islands.
 The Aleutian Islands were so called from the river Olutor, in Kamchatka. The people living at the mouth of this stream were called Alutorsky, and a modification of the name was given to the islands.

Pig's Eye.
 A chapel in honor of St. Paul gave a new name to the Minnesota city. It was originally called Pig's Eye, from a nickname given to a one eyed Frenchman who kept a drinking shanty at the place.

Louis Napoleon.
 Louis Napoleon was taken prisoner by the Prussians Sept. 2, 1870, and imprisoned in a German castle until the close of the war. He was then allowed to depart, and, going to England, took up his residence in Chislehurst, where he lived quietly until his death, Jan. 9, 1873.

St. Louis.
 St. Louis was named from Louis IX. of France. The name was originally given to his depot and trading station by Pierre Laclède Liguist.

FAIR EXCHANGE.

A New Back for an Old One—How it is Done in Santa Fe.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the joints are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Santa Fe citizen.

Pascual Yanni, boot and shoe repairer on the Plaza, residence College Street, says: "A man cannot sit on the bench, repairing shoes all day unless his back is extra strong. When it is weak, lame and painful continually, it becomes a positive nuisance without mentioning the suffering he endures. If working at my occupation was not the primary cause of backache it certainly aggravated it. Much to my surprise and more to my gratification, a course of the treatment with Doan's Kidney Cure procured at Ireland's Pharmacy so washed, purified and strengthened my kidneys that the backache ceased."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FOR THAT TIRED FEELING.
 Men whose work keeps them largely indoors; men whose vital forces are consumed by the tremendous strain entailed by constant mental application to business details, will find Dr. Lauritzen's Malt Tonic the most delicious and invigorating of tonics.

Our Tailor Made Suit Department.

Suit Yourself

With London made clothes they are always loose, but they are comfortable. Spring is coming and it's time to do it. If you haven't said farewell to your winter suit, you had better do so.

SPRING SAMPLES

Our elegant line of spring samples at hand, waiting to say hello to you. We'll put a smile that won't come off all summer on the face of every man who is wise enough to come to us for his new suit.

YOUR OPPORTUNITY

There is a great comfort in our clothes because the shoulders are broad, the collar close fitting, and the coats are roomy, at the same time the garments drape the figure admirably.

OUR CLOTHES

Hold their shape permanently because each part is hand tailored and each yard of cloth undergoes a rigid inspection before being made up.

PERSONAL MENTION

L. A. Dye, Albuquerque lumber merchant, was among the business visitors in the city yesterday and today.

Attorney M. E. Hickey, of Albuquerque, transacted legal business in the Capital today.

J. W. Akers returned today from a brief business trip to Albuquerque. He left yesterday for the Duke City.

Mrs. Roy Brown, of Batavia, is visiting at Albuquerque, the guest of her parents, Mr. and Mrs. W. R. Green.

Manuel Vigil, a former resident of this city, for some years past a citizen of Santa Cruz, is here visiting relatives and friends.

Professor Charles R. Keyes, well known mining expert of Socorro, was in the Capital today and attended the sessions of the Legislature.

C. H. Donart, Santa Fe Railway agent in this city has gone to Oklahoma, on personal business and will be absent until the first of March.

A. H. Brodhead and W. W. Corbett left on horseback last evening on a trip to the cliff dwellings of Pajarito Park. They will be gone two days.

Hon. L. Bradford Prince was a passenger today for the Prince Sunshine Ranch north of Espanola. He expects to return Monday next.

Coleman and Mrs. H. H. Betts, of Silver City, who have spent the past ten days in the city, guests at the Palace Hotel, left for their home last evening.

Mail Contractor E. E. Desgorges between Taos and Barranca, who has been here on personal business, returned to his northern home this morning.

Jose Montener, editor and proprietor of La Revista de Taos, and deputy county clerk of Taos County, after a pleasant visit to this city returned home this morning.

George A. Fleming, secretary of the Commercial Club at East Las Vegas, who has been in town for several days on legislative business, returned home last night.

A. B. Renahan, who has attended to legal business before the recent term of the district court for Torrance County, reached home last evening via the Santa Fe Central Railway.

Attorney Benjamin M. Read will leave tomorrow on legal business at Albuquerque, and expects to be gone several days. He will be accompanied by his daughter, Miss Candida Read.

Antonio C. Pacheco, merchant and sheep raiser at Arroyo Seco, Taos County, who has been in the city on business for several days went home this forenoon via the Denver & Rio Grande Railroad.

Colonel George W. Pritchard, who attended the term of the district court of Torrance County, during the past ten days was among those who returned to the city last evening, the term having closed.

R. J. Parker, general superintendent of the western division of the Santa Fe Railway, who is on a tour of inspection of the lines of his division, passed Lamy this forenoon, en route from the south to his station, traveling in his special car.

Attorney George F. Brewington, of Aztec is in the Capital for a few days on legal business and to attend sessions of the Legislature. Mr. Brewington was admitted to practice law in New Mexico at the January term of the Territorial Supreme Court.

A. B. Craycraft, the photographer, left today for Pajarito Park. Mr. Craycraft took his camera with him intending to secure some new photographs of the cliff dwelling region.

He was accompanied by J. B. Hayward, of Spirit Lake, Iowa, a newspaper and magazine writer.

Mr. and Mrs. F. H. Carpenter, of Hutchinson, Kansas, are spending a few days in Santa Fe en route to the Pacific coast. While here they are the guests of Mr. and Mrs. F. W. Shearson on Chapelle Street. Mr. Carpenter is a well known business man of Hutchinson.

Dr. and Mrs. G. W. Harrison and three children, of Albuquerque, are guests at the Palace. Dr. Harrison is chairman of the committee of the New Mexico Medical Association, having in charge certain measures which the society desires enacted into law by the present Legislative Assembly and is here on that business.

Miss Hildred Hansen, formerly of Des Moines, Iowa, arrived in the city this evening and will make Santa Fe her home in the future. Miss Hansen will be remembered as the contralto and violinist of the Midland Opera Quintette which gave a concert here last October under the auspices of the Midland Lyceum Bureau. She is an accomplished musician and will be cordially welcomed in social and musical circles of the Capital. She has taken apartments at the McPle residence on Palace Avenue.

Harry W. Hamilton, postmaster and vice president of the First National Bank of Artesia, Eddy County, arrived here last night from his Southern home, coming via the automobile line and the Santa Fe Central. He is registered at the Claire Hotel. Mr. Hamilton came to do what he could towards the passage of the bill creating the County of Artesia, also to work for an appropriation for the construction of new buildings at the Military Institute at Roswell, the creation of the two Artesian well inspectors' districts in his section and favorable action on Council bill granting the town of Artesia part of a school section for cemetery purposes. Mr. Hamilton is one of the oldest residents of the Pecos Valley and one of the men who has done much for its advancement and progress.

It Is Much Cheaper

A good deal quicker and much more satisfactory to use the telephone instead of the telegraph. Use the long distance telephone when you have business with people in Denver, Colorado Springs, Pueblo, Trinidad, Raton, Las Vegas, Thornton, Bernalillo, Albuquerque, Los Lunas, Belen and Socorro. The Santa Fe Telephone Company's instruments connect with these places. Terms more reasonable than the telegraph.

Timely Suggestions.

There is no part of the home, that should receive more attention, in equipping the same, than the kitchen. This is true, whether we employ a chef or attend to the culinary duties personally, and much of the happiness of the home depends on the ability of the cook, for whether we are epicures or not, good cooking is indispensable.

An up-to-date household, uses up-to-date appliances, for, "That which today is a luxury, tomorrow becomes a necessity," in this progressive world, and this applies to the kitchen.

If you will allow us to show you some of these articles, we feel sure their utility and merits will be obvious.

WHAT A BIT OF COQUETRY COST

(Original.)

Tracey Ashley, a young northerner, spent a winter in New Orleans, where he met and wooed Rosalind St. Leger, a resident of that old southern city. Miss St. Leger was a belle and had no end of suitors, among them a Julius Wardfield, born and bred in Louisiana and heir to a large sugar plantation. Ashley was an ardent wooer, while the southerner appeared to be rather indifferent.

Mardi Gras was coming on and with it preparations for unusual festivities. Ashley, whose engagements at home required him to leave New Orleans with the advent of Lent, begged hard of the lady to give him an affirmative answer to a proposition of marriage he had made her, but she would not.

Meanwhile the Mardi Gras opened. On the last evening of the festivities Ashley put on a domino and mingled with the masqueraders. Among the throng he noticed a feminine figure in a green domino on the arm of a man dressed in a red one. In the former was something familiar to the young northerner. As he passed them the woman flitted her handkerchief at him. He followed the couple and at last made up his mind that she was Miss St. Leger. Then he purchased a bouquet from a street vendor and, approaching her, offered it. She accepted it and slipped her hand within his arm. Her attendant fell back. Convinced of her identity, Ashley took a fancy to press his suit without revealing the fact that she was known to him.

"But supposing," she said in a voice thinly disguised, "that I am not of your class?"

"That cannot be," he said. "One to the manner born cannot conceal it even in disguise."

"I may be homely,"

"That I will risk."

"You haven't seen my face?"

"I have seen your figure. I have heard your voice. Neither could belong to any but a beautiful girl. But were your face pockmarked, were your eyes green, your nose a beet, still would I love you."

She was silent. He felt her hand tremble on his arm.

"Oh, to have a lover like that," she responded presently—"to be loved for oneself by one who loves so well that a lack of beauty, a blemish, has no weight to turn him love!"

"You will find me such. You are beautiful. I know it. But supposing some accident, some illness, should convert that beauty into ugliness, still would I love you?"

"If you only would!"

"I know I would."

"But suppose you should find my face, which you insist on believing beautiful, to be hideous?"

"I would love you."

They had passed beyond the crowd of masqueraders. The torches flickered in the distance. Shouts of laughter, the twining of horns, the tread of feet, came confusedly. Ashley uncupped the hand from his arm and pressed it.

"Tell me, sweetheart," he said, "is it yes?"

"You do not know what you are doing."

"I know this—that I love you."

"When you see my face you will spurn me?"

"Never!"

"Even if you should wish to keep your word I would not permit you to make the sacrifice. A hero once loved a beautiful woman. She refused him. Smallpox destroyed her beauty. They met again, and she accepted him. He married her. They lived a wretched life."

"It would not be so with me."

"I would not trust you."

"I beg of you, do not hold me off longer. I am becoming beside myself. Send me away from you, and I will bury my grief under the bosom of the Mississippi."

"You don't mean it?"

"I do."

"You will surely die if I deny you?"

"I will."

"Then I must yield." Removing her mask, she turned toward him the face of a full-blooded African negress. He started back. "Rosalia, you're mistaken, marse," she said in broad negro dialect. Ashley drew forth a well-filled wallet and was about to open it when the negress snatched it.

"I want it all, marse Ashley. Ef you don't give it to me I'll tell Missy Rosalia."

"You know her?"

"I ought to. I'm her maid."

"Keep it, and if you keep the secret as well you shall have more." And, turning on his heel, he rejoined the revelers.

An hour later Ashley again passed the green and red dominoes. The woman shook his wallet at him triumphantly. He was about to turn his back upon her when she lifted her mask and showed the features of Miss St. Leger.

She tossed his wallet to him with a merry laugh and turned away. As she did so her escort raised his mask and showed the face of Julius Wardfield.

Rosalind St. Leger regarded her act as a bit of coquetry that would serve to draw the northerner only the more closely to her. She was mistaken. He left the city the next morning without a call or a line of alien.

When she realized what she had done she bitterly rued her folly. She waited a year, hoping that he would relent; but, failing to hear from him, there was nothing for her to do but complete the part she had played by marrying Wardfield. The only comfort remaining to her was to send her wedding cards to the man she really wanted.

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by all druggists.

What to Do When Bilious.

The right thing to do when you feel bilious is to take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse the stomach and regulate the liver and bowels. Try it. Price 25 cents. Samples free at all drug stores.

For Rheumatic Sufferers.

The quick relief from pain afforded by applying Chamberlain's Pain Balm makes it a favorite with sufferers from rheumatism, sciatica, lame back, lumbago, and deep seated and muscular pains. For sale by all druggists.

Skin Disease of Twenty Years' Standing Cured.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several of the smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me.—Mrs. Fannie Griffin, Troy, Alabama. Dierail and Biggar.
 When Dierail first set eyes on Mr. Biggar in the house of commons he said to his fidus Achates, "What is that?" "That, sir, is the honorable member for So-and-so." "Really?" replied the other. "I thought it was a leprechaun," which is a small but malignant species of Irish fairy.

Armenian Butter.
 Butter in Armenia is made in churns suspended by ropes from the rafters and shaken from side to side by the women.

Smoking Forbidden.
 In Abyssinia it is considered a crime to smoke. The law forbidding tobacco was at first intended to prevent priests from smoking in church, but it was taken too literally, and nowadays even foreigners have to be careful not to be seen smoking.

Women in High Hats.
 In Freiburg, Switzerland, the women wear stovepipe hats on fete days.

Albuquerque.
 Albuquerque, N. M., was named by the Spanish from a town of the same name in Spain, which took its title from Alphonso d'Albuquerque, a famous Portuguese soldier.

A Dog Habit.
 The habit of turning around three or four times before lying down has survived in the domestic dog from his savage ancestry. It then served to break down the tall grass and make a bed.

Fashions in Brides.
 The natives of the Sandwich Islands estimate women by their weight. The Chinese require them to have deformed feet and black teeth. A girl must be tattooed sky blue and wear a nose ring to satisfy a south sea islander. Certain African princes require their brides to have their teeth filed into the semblance of a saw.

 The "great bell" at Moscow weighs 443,732 pounds, is nineteen feet three inches high and measures sixty feet nine inches around the lower rim. The bell metal in it is worth \$300,000.

Salmasius.
 Salmasius, Milton's antagonist, was a man of mild manners and quiet in speech, but his wife imagined he did not do himself justice in controversy unless he called his antagonist vile names. Some of his manuscripts are extant, containing abusive words interlined in her own handwriting.

Hadrian.
 Hadrian, one of the best Roman emperors, was married to Julia Sabina, Trajan's niece, but neglected her to such an extent that she went mad and killed herself.

Cause of Split Nails.
 Split finger nails are invariably a sign that sufficient salt is not taken with the food, this causing a softness and brittleness of the nails. Those who are troubled in this way, therefore, should eat more salt than they have been accustomed to do. In addition they must see that they do not wash their hands in water that is too warm.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by Ireland Pharmacy.

JUSTICE OF THE PEACE DOCKETS.
 The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas, sides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$2.75

Combined civil and criminal.....\$4.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

To stop a cold with "Preventives" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventives will head off all colds and grippe, and perhaps save you from pneumonia or bronchitis. Preventives are little toothsome candy cold cure tablets selling in 5 cent boxes. If you are chilly, if you begin to sneeze, try Preventives. They will surely check the cold and please you. Sold by the Fischer Drug Co.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember its made alone for piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see. Fischer Drug Co.

THIS MAY INTEREST YOU.
 No one is immune from kidney trouble, no just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine. Sold by Ireland Pharmacy.

It's a pleasure to tell our readers about a cough cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in cough remedies. Dr. Shoop it seems, has welcomed the Pure Food and Drug law recently enacted, for he has worked along similar lines for many years. For nearly twenty years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by the Fischer Drug Co.

THE END OF THE FEUD

By NELLIE CRAVEY GILLMORE

Copyright, 1906, by Homer Sprague

The Longwoods had just moved to Glendale after generations of residence in Lexington. When Miss Mathilde found out that they were there and not only going to live in the same town with herself, but as close neighbors, she began to bustle about and make hospitable preparations for receiving them in her own home.

Twenty years ago, when Mathilde Westley was a girl in her teens, she, too, with her mother, father, sisters and brother, had lived in Lexington, and the Longwoods and Westleys were like twin families. But one by one the parents and sisters had passed away, leaving Miss Mathilde and her brother sole survivors. After a few years of dreary lingering in the old home they had drifted to Glendale, where Jake Westley had built up a flourishing little mercantile business.

A little later had come also the Peabodys and pitched their tent just across the street from the Westleys' pretty, rose sheathed cottage. But for this circumstance Miss Mathilde might have been contented, even fairly happy. Her life was full of congenial, healthy tasks which she performed with as much cheerfulness as she did thoroughness, each day standing forth as its own bright monument of reward.

If only there had never been a Russell Peabody! Every day for fourteen years she had been forced to see him three times, four, sometimes five, as he passed in and out of the gate across the way going back and forth to his work.

For just a little while many years ago the sun of happiness had shone upon Miss Mathilde's life. It was in the days when she was a Vassar girl and he a student at Harvard. They had met, fallen desperately in love, exchanged vows and rings, only to find on their return from college that a bitter feud had existed between the Westleys and the Peabodys for scores of years back. That marked the end of Mathilde Westley's brief love dream.

A LOOK OF SURPRISE CAME INTO HIS FACE AT SIGHT OF THE MAID.

and Russell Peabody settled down as an old bachelor almost before he was a man. Thus the years drifted.

This morning Miss Mathilde was busy with her dust cloth, interrupting herself every little while in the cleaning to run back to the kitchen and glance at the preserves sizzling in a big copper kettle. The new maid was tending them, and Miss Mathilde, after stirring them vigorously for a moment and pronouncing them done, pushed back the little damp ringlet that insisted upon escaping from the soft knot on top of her dainty head, while a sudden look of inspiration glowed in her face. She took a deep old-fashioned dish out of the cupboard and filled it with the fragrant steaming preserves.

"Put on a fresh white apron right away, Kitty, and take this over to the little brown house on the other corner, where the Longwoods live. Tell them that Miss Mathilde sent it—for 'Auld Lang Syne.' Can you remember that?" Then she added to herself:

"They've just moved in, and I know they haven't got everything fixed up yet, so the peaches will come in handy."

Now, there were two little brown houses across the way, and each of them stood on a corner. Also Kitty was a new maid, and it was not unnatural that she should have selected the wrong place. Miss Mathilde was so deeply engrossed in the bottling process that she did not even look up as the girl went out of the gate.

Russell Peabody by some peculiar circumstance sat in his study looking over the contents of an old cabinet drawer he had not opened for many years. He held in his hand a faded knot of pink ribbon—one that she had worn that night of their betrothal—and his face was less ruddy than its wont as he recalled the sweetest memories of their short lived happiness and the bitter thoughts of all the drab years that followed.

The sharp peal of the doorbell brought him to his feet. All of them were away for the summer; not even a servant was in the house, and he answered the ring himself.

A look of surprise came into his face

COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, size 25x145 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; Commercial Club; a population of 1,500 people; several large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, restaurants, etc., Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

DAMES AND DAUGHTERS.

Miss Louise Cheatum makes her living by raising and training native song birds near the popular winter resort of Alken, S. C.

Mme. Jusseland, wife of the French ambassador, has one of the finest collections of fans in the world, to which she is continually adding.

Eleanor, Duchess of Northumberland, who is now eighty-six, belongs to the old world type of aristocrat and was a great social power in England in the middle of Queen Victoria's reign.

Mrs. Hannah Cole of South Sanford, Me., claims the distinction of weaving some of the first sheeting manufactured in New England and also of performing her own marriage ceremony according to the Quaker rites.

Miss Frances Zerby of Pottsville, Pa., has been admitted to practice law in all the courts of Pennsylvania, including the supreme court. In the preliminary examination she was six points ahead of the next highest applicant.

Mrs. Van Rensselaer Cruger is an ardent advocate of line lace, and she recently wrote to a girl that if she had \$1,000 to spend abroad she would invest \$750 of it in lace and be a well-gowned woman for the remainder of her life.

Mrs. Judd Stewart of 7 Broadway, New York, wants to get up an organization among students and collectors of Lincolniana with a possible object of bringing together everything that has ever been printed about Lincoln and having the collection housed in some central location.

CHURCH AND CLERGY.

A motor boat is to be utilized for mission service in the North sea by the Missions to Seamen society. It will be named the Frances Roget and will be stationed at Harwich.

The Japanese of southern California have decided to raise \$25,000 and build a Buddhist temple in Los Angeles. It is estimated that nearly one-tenth of all the Buddhists of the United States, who number approximately 50,000, reside in southern California.

The English Episcopal clergy are discarding the old soft felt hat they have worn so long and are adopting a stiff one made of smooth black felt, shaped like the straw top hat that is called in England a "boater." The new hat is said to be "smart and yet sober."

Dr. Francis E. Clark, founder of the Christian Redemptor Society and the world's greatest gospel traveler, will spend the better part of this year in South America. While he has been twice around the world and has labored in Africa, Siberia and most of the other remote parts of the earth, this will be his first trip to South America.

LAW POINTS.

The constitutionality of a statute providing for the imprisonment of one acquitted of the charge of murder on the ground of insanity is upheld in *Ex parte Brown* (Wash.), 1 L. R. A. (N. S.), 540.

That a witness had never heard the matter discussed is held, in *Sinclair versus State* (Miss.), 2 L. R. A. (N. S.), 540.

NEW MEXICAN BARGAINS. Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep, bound \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleading, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901, and 1903, English leather, \$3; 1805 English and Spanish and Spanish pamphlet, \$2.25; full Pamphlet, \$2.75; full leather \$3.50; Sheriff's Flexible Cover Pocket Docket, single, \$1.25; two or more books, \$1 each; New Mexico Supreme Court Reports, Nos. 3 to 10, in cloth, delivered at publisher's price, \$3.30 each; Compilation Corporation Laws, 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50, delivered; full list school books.

When in need of anything on earth, try a New Mexican want ad. It will positively bring results.

If you cannot afford to pay for a daily paper, subscribe for the Weekly New Mexican Review and get the cream of the week's doings. It is a good paper to send to your friends.

The public is showing its appreciation of the attractive circulars sent out by the New Mexican Printing Company, in regard to rubber stamps.

553, not to render him incompetent to testify to the general reputation of accused for peace or violence in the community.

The right of a defendant to consent to the trial at the same time and before the same jury of different indictments charging him with separate offenses of burglary and grand larceny is sustained in *Lucas versus State* (Ala.), 3 L. R. A. (N. S.), 412.

INDUSTRIAL ITEMS.

Co-operative farming is gaining rapidly in Germany, Italy and other European countries.

The New Zealand government is compelled to supply work at \$2 a day to all who apply.

There were 25,811,681 spindles in the 1,732 establishments engaged in spinning cotton in the United States last year, of which only the insignificant number of 561,585 spindles, or a little more than half a million, were idle.

Piano and organ makers in convention at Chicago took up the proposed plan of establishing a union piano factory. It was referred to the general executive board, which will draw plans and submit the matter to the referendum vote of the 10,000 members.

PLANTS AND FLOWERS.

Three ounces of soda to a gallon of water makes an excellent bath to induce growth in plants.

Fifty degrees is the lowest temperature at which most indoor plants can be successfully grown.

The reason begonias always make suitable plants for the window is because they can adapt themselves to almost any conditions.

To revive flowers sent by post plunge the stems into hot water and let them remain until the water is cold. Then cut the ends of the stems afresh and put the flowers into fresh cold water.

ODD ADS.

The following advertisement recently appeared in a western medical journal: Wanted—A bicycle, for which will be given a jar containing nine specimens of the appendix vermiciformis.

A firm of movers—"careful" no doubt—in London publishes the following rather scandalous advertisement: Why pay rent when you can be moved cheaply, quickly and quietly by — Co.? Estimates free.

Wheat From Grass.

Fabre in 1855 ended a series of experiments by which he concluded that by careful cultivation for twelve years he had produced a species of perfect wheat from a common grass growing in southern Europe.

The Serpent.

The serpent moves by elevating the scales on its abdomen and using them to push the body forward. The windings are always horizontal. The artists who represent the sinuities as vertical have never observed the animal in motion. It is impossible for it to move in that way.

Typewriter Ink.

Stenographers should remember that the ink on their typewriter ribbons is poisonous and that getting in a cut or scratch it might do great harm.

New York's Stock Exchange.

New York's Stock Exchange in Broad and Wall streets is the outcome of a meeting of a group of traders who sat under the shade of a butternut tree opposite its Wall street entrance on May 17, 1792, and adopted rules to govern their trading transactions.

Manayunk.

The Indian name of the Schuylkill river was Manayunk; hence the name of a Pennsylvania town.

Black For Mourning.

Black was first used for mourning in 1498, when Charles VIII. of France died. His widow, it is said, objected to the white mourning customary at that time as not sufficiently suggestive of the depth of her grief. So she dressed herself all in black and draped her coat of arms in the same somber color, thus setting the fashion, which has been followed ever since.

A Cat's Whiskers.

The whiskers of a cat are supposed by some naturalists to be provided with nerves down to the tips, while others believe that the base of the hair is better fitted out with nerves than most other parts of the skin.

JINGLES AND JESTS.

Take Things as They Come.

Take the weather as it comes; Let thermometers alone; Your imagination can Wait you to the frigid zone. Do not shiver at the snow; Make the best of everything. And before you really know You'll be greeted by the spring.

Mrs. R. J. Parker, wife of General Superintendent Parker of the western division of the Santa Fe Railway system, Mr. and Mrs. F. M. Bisbee, all of La Junta, Colorado, arrived in the city this forenoon in the superintendent's special car and spent the afternoon here sightseeing. They will go north tonight. Mr. Bisbee is chief engineer of the Western Grand Division of the Santa Fe Railway with headquarters at La Junta.

Deputy United States Marshal "Billy" Smith, who has been in the city on official business, left this afternoon for his headquarters at Albuquerque.

George H. Van Stone, manager of the Hughes Mercantile Company, returned today to Estancia, after another of his periodical visits to the Capital. Mr. Van Stone is working hard to have the county seat of Torrance County retained at Estancia.

E. H. Sweet of Socorro, probate clerk of Socorro County, was among the arrivals yesterday in the Capital. John F. Fullerton, of Socorro, extensive sheep raiser, arrived yesterday in the Capital. He came to view at close range the proceedings of the Legislature.

Mrs. Elias Baca of Socorro, who has been visiting in Santa Fe has been called home by the accidental death of her brother-in-law, Francisco Luna by falling rock in the coal mine at Carthage.

Minor City Topics.

(Continued from Page Five.)

Company F, First Regiment, New Mexico National Guard, has invested in a billiard table, cues and other accoutrements, and the members will now have an opportunity of playing the fascinating game at their armory.

The table is being set up in the front room of the armory. It was purchased second hand but is in first class condition.

J. S. Candelario is evidently acquiring a national reputation as a curio dealer. He received a letter this morning from New York and the only address on the envelope was "J. S. Candelario, the Curio Man." The postal clerk who handled the letter in transit knew that Mr. Candelario's place of business was at Santa Fe as it reached its destination without delay.

Attorney Charles F. Easley has received from the commissioner of the general land office, the patent granted by the United States signed by President Theodore Roosevelt, for the township of the town of Estancia; this covers 360 acres and is described as the Southeast quarter of the Southeast quarter of Section 11; the Southwest quarter of the Southwest quarter of Section 12, Township 6 North, Range 8 East of the New Mexico principal meridian. This settles all questions of title to lots within this 360 acre tract.

The site is owned by the New Mexico Fuel and Iron Company, which is now in all respects able and authorized to give deeds for lots heretofore purchased or to be purchased by residents and those who desire to buy them. The location was made with what is known as Sioux half breed scrip which can be laid upon unsurveyed and unoccupied public land. This was made long before the town of Estancia was laid out and before any property rights accrued to any person except to the locators of the scrip. At the time this was done the four 40's included in the township were unsurveyed and unoccupied and hence legally and properly open to location by the scrip in question.

Last evening Marshal McHughes "brought into the fold" Rafael Muniz, Remulo Ortega, Pablo Padilla and Manuel D. Sena for being drunk and disorderly. They were taken from the hustle and bustle of the streets and given a quiet resting place in the county jail where they had plenty of room to "cut shins" and sober up without bothering any one except themselves. This morning when they were found to be able to walk straight and not untruthfully, they were brought before Jose Maria Garcia, police judge, and each fined five dollars and the costs of the court. However, their change had been lodged "behind the bar" and they were unable to "cough up." Today they were enjoying a little constitutional, but cannot see where the "dough" is going. This will continue, however, for ten days, unless friends intercede and pay their fines, after which time they will evidently be good. There are at present six prisoners at work on the streets, two on Lincoln Avenue near the post-office, leveling the street, and four on San Francisco Street between the old Exchange Hotel and the Claire.

Marshal McHughes is doing what he can to improve the city.

It develops that the fire yesterday morning in the court house at Estancia, was caused by a defective flue. The janitor built a fire in the stove and the flames were communicated from the rickety stove pipe to the ceiling. A hole was burned in the ceiling and roof but the damage was slight.

Train report at 3:30 p. m.—Denver and Rio Grande six and a half hours late. It was seven hours late last evening. Santa Fe trains Nos. 7 and 9 indefinitely late; train No. 1 three hours late; train No. 2 four hours late; train Nos. 3 and 10 arrived one hour late. LET CITIZENS
VOTE ON QUESTIONProminent Las Vegas Think This
Good Way to Settle County
Division Agitation.

F. O. Blood, postmaster at East Las Vegas and George A. Fleming, secretary of the Commercial Club at the same town prominent and influential citizens of the Meadow City came to the city Sunday as delegates to the Good Roads' Convention and attended that gathering as representatives from their city and San Miguel County. They also spent considerable time with members of the Assembly, consulting with them upon matters of interest to their county and city.

Mr. Blood and Mr. Fleming were escorted by a representative of the New Mexican and asked what they thought of the plan to put the question of one incorporation before what is now the city of East Las Vegas and the town of Las Vegas to a vote of the people, thus to ascertain the sentiment upon the question by actual test, as this doubtless would have much effect upon the action of the Assembly in the pending session of the proposed division of San Miguel County.

Both expressed themselves as pleased with the idea and both stated that they believed, from what they knew of the sentiment of the people of the two towns, that if both places voted for one incorporation the plan would be accepted by all concerned and any compromise agreed upon would be carried out in good faith by the citizens interested. If either side voted against the proposition the plan was to be dropped and no more attention was to be paid to it.

Mr. Blood and Mr. Fleming thought that in order to place the project upon an absolute official basis a bill upon the subject might be speedily passed by the Assembly, providing for an election for the purpose which would be called by the mayor and in two weeks the entire affair might be over and results attained. While this would entail a little expense it would make the result official and this would be a guide to the action of the Assembly.

Both expressed themselves as absolutely ready to acquiesce in the results of the election and both believed that nine-tenths of the people of the two towns would abide by the results. They both believe in the principle that the majority should rule.

POLL TAX WILL
BE COLLECTEDUnder Provisions of House Bill Which
Has Passed That Body—Makes
School Clerk Responsible.

House substitute for House Bill Number 28, which has passed the House, it is believed, by the members, will secure the collection of the poll tax without fear or favor if it is enacted into law. The bill makes the clerks of the various school districts absolutely responsible for the collection of the poll tax. Such clerks are held liable for the amount of the tax if in any case, after making an effort to collect the same, they do not cause suit to be instituted for its collection. The substitute bill is as follows:

HOUSE SUBSTITUTE FOR HOUSE BILL NUMBER 28.

AN ACT TO AMEND SECTION 1549 OF THE COMPILED LAWS OF NEW MEXICO, AS AMENDED BY CHAPTER 61 OF THE ACTS OF THE THIRTY-SIXTH LEGISLATIVE ASSEMBLY OF NEW MEXICO, APPROVED MARCH 14, 1905, RELATIVE TO POLL TAXES.

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That Section 1549 of the Compiled Laws of New Mexico of 1897, as amended by Chapter 61 of the Acts of the Thirty-sixth Legislative Assembly of New Mexico, approved March 14, 1905, be, and the same is hereby, amended so as read as follows:

"Sec. 1549. That a poll tax of one dollar shall be levied upon all able-bodied male persons of the age of twenty-one years or over for school purposes. It shall be the duty of the clerks of the various school districts of the Territory of New Mexico to make out separate lists of all persons liable for the payment of such poll tax, resident in their respective districts, for which service such clerks shall receive the sum of three dollars (\$3) payable out of any funds in the hands of the directors of any school district, and no other person shall receive a recompense for such service. It shall be the duty of said school district clerk to collect such poll tax, and within thirty days after the preparation of such lists, it shall be the duty of such clerk to make demand upon all persons whose names appear upon such lists for the payment of such poll tax. Such clerks shall receive as full compensation for their services in collecting such poll tax the sum of ten per centum of all such suits against such persons fully. The school district clerks are hereby empowered and required to bring suit in the name of the school district for the collection of said poll tax, if not paid within thirty days after the first demand has been made upon any person so delinquent for the payment of same. If such clerk shall fail to make demand and institute such persons so delinquent as herein required, he shall be deemed and held

to be liable for the amount of all such delinquent taxes, demand and suit for the collection of which he shall fail to institute within the time herein prescribed, and shall be subject to removal from office upon verified complaint by any taxpayer or information by the district attorney in and for his district, filed in the district court wherein such school district clerk shall reside, and an adjudication of the facts in issue in the manner prescribed by law. All poll taxes shall be paid to the county treasurer for the use of the respective school districts in which same are collected, and the treasurer shall pay to the school district clerk his percentage of the gross amount collected; provided, that no resident of any school district shall pay his poll tax to the clerk of any other district than the one in which he resides; and, provided, further, that no poll tax shall be received by any school district clerk from any resident of any other school district. No property shall be exempt from execution in suits for the collection of poll taxes, and justices of the peace and constables shall not demand fees for such suits."

Sec. 2. All acts and parts of acts in conflict herewith are hereby repealed and this act shall take effect and be in force from and after its passage.

REV. SEVIER ACCEPTS
CALL TO COLORADOPresbyterian Minister Announces
Resignation Here Last Evening
at Prayer Meeting.

Reverend George F. Sevier, pastor of the First Presbyterian Church, will soon leave Santa Fe. He announced to the members of his congregation at the prayer meeting service last evening that he had received a call to the First Presbyterian Church at Lamar, Colorado, which he had decided to accept after due consideration. He will continue in the pastorate here a few more weeks until formal action in the matter of his resignation is taken by the Presbytery.

Reverend Sevier has been pastor of the local church for about two years and a half, having been assigned to this charge after mission work in Arizona. He has given eminent satisfaction to his parishioners here during the time of his leadership and the announcement of his resignation is received with the sincerest regret by the members of his flock and other citizens. His only reason for resigning is because he believes his work here has been accomplished and he feels that he will have a larger field of endeavor in going to Lamar. The fact of his parents being residents of Denver was another factor in inducing him to accept the pastorate offered him in Colorado.

A congregational meeting will be held next Sunday to consider the resignation and the parishioners will unite with their minister in an appeal to the Presbytery authorizing the acceptance of the call to Lamar.

"I have been here over two years and believe there will be a larger field at Lamar," the retiring pastor stated today to a reporter of the New Mexican. "The question of salary does not enter into it at all. This was my first regular charge."
