MODERN HOUSES ARE IN DEMAND

Sign of Growth of Capital City

SOME NEW RESIDENCES

Several Prospective Tenants for Every Vacant Dwelling ---Contractors Busy.

An unprecedented demand for dwelling houses exists at the present time in Santa Fe which is self evident of the substantial growth of the Ancient City. Another gratifying feature is the fact that the call is for modern residences. As a result it is expected that several cottages having modern conveniences will be erected during the coming summer and fall if sufficient carpenters and brick masons can be secured. Contracts for several new residences have already been let.

It is doubtful if there is a single unrented, modern cottage today within the entire length and breadth of the Capital. Several of the new residents who have been house hunting recently found their search unavailing and were obliged to compromise for the time being upon a suite of furnished or unfurnished rooms. It has been known for some months past that there was a scarcity of vacant residences here but it did not become so noticeable until the newly appointed Territorial officials from other parts of the Territory began arriving and casting about for suitable homes.

Professor Clark Buys Home.

Professor J. E. Clark, Superintendent of Public Instruction, has purchased the residence on Don Gaspar Avenue, which had been bought only a few months back by Edward C. Burke. It is understood that Mr. Burke sold it at a handsome profit. Mr. Burke intends to build another residence for occupancy by himself within the near future and which will also be located on Don Gaspar Avenue. Since being joined here by his family Mr. Clark has been domiciled at the old Seligman homestead on Palace Avenue.

This has now been leased by Jacobo Chaves, the newly appointed Territorial Superintendent of Insurance, who assumed his duties today as successor to Dr. J. H. Sloan. Mr. Chaves promptly engaged the house when he learned that it would be vacated by Professor Clark.

Leases McKenzie Property.

Ross McMillan, who recently succeeded Leon F. Kneipp as supervisor of the Pecos River, Jemez and Taos Forest Reserves, has rented the McKenzie house on upper Palace Avenue. He has taken it already furnished and his wife and children are now here. Mrs. McKenzie and family will leave shortly for Los Angeles, California, where they will make their home temporarily.

Undertaker L. F. Montenie has rented part of the Amado Chaves residence on upper Palace Avenue and will take possession this week.

A. P. McInturf who has entered into a partnership in the meat and grocery business with George Kinsell, spent over a week in looking for a suitable vacant residence without result. He has finally rented part of the residence of Celestino Ortiz on the south side at 115 Cerrillos Street.

Commissioner of Public Lands Robert P. Ervin has taken apartments temporarily at the Palace Hotel, until he can find a dwelling house to suit. His wife and children will not come to this city for a month or so, however, and he expects to be able to run across a vacant place by that time.

Contracts Let for New Residences.

Percy F. Knight has given the contract for the erection of a two story brick cottage to Contractor A. Windsor. It will be built on Palace Avenue on the lot purchased a short time ago by Mr. Knight.

Leo Hersch has completed the plans for a one story brick cottage which will face on Washington Avenue and be opposite his present home. Mr. Hersch received applications from several prospective tenants for the new house as soon as it became known that he intended building it.

Another of the new residences to be put up this year is that of John G. Schumann. The foundation was laid last fall but work on it has not been resumed owing to a shortage of brick masons.

J. B. Sloan, assistant section director of the U. S. Weather Bureau, has just closed the deal by which he acquired the Bartlett house on Hillside Avenue. The negotiations were conducted through Attorney Benjamin M. Read, the agent for the heirs who now reside in California. The price paid for the property was \$1,500.

PRESIDENT EN- DORSES BUSSE

Roosevelt Thinks Chicago Postmaster Would Make Excellent Executive—Wants Him Elected.

Chicago, April 1.—The Tribune today says:

"President Roosevelt today broke his reserve upon the Chicago majority fight and authorized the Tribune to say to the people of Chicago that he heartily desires the election of Postmaster Busse.

The President's position is clearly and emphatically set forth in a dispatch from the Tribune's Washington correspondent in which the President is quoted as saying:

"I can wish Chicago no better fortune than to have Mr. Busse elected as mayor, because he has shown by what he has done as postmaster that he would make one of the best and most efficient executives any city could possibly have."

Republicans Delighted.

Chicago, Ill., April 1.—Republican leaders in the municipal campaign ending today expressed themselves as delighted with the letter printed in the Tribune today in which President Roosevelt favors the election of Postmaster Busse, Republican candidate for mayor. The Democratic leaders assert that the letter coming as it does from a newspaper strongly in favor of Busse is discredited in advance and even if it came from the President, it is too late to stop the progress of the vote which has set in strongly for Mayor Dunne. The campaign today took on even a more lively aspect than ever and political gatherings are advertised for all sections of the city and for all hours up to midnight.

THAW TO KNOW FATE THURSDAY

Lunacy Commission Expected to Make Report on That Day—If Declared Sane Trial Will Go On.

New York, April 1.—It is probable that the Thaw Lunacy Commission will report Thursday morning. The case was adjourned last week until this morning and when the jury was called before the court today, Justice Fitzgerald adjourned the trial again until Thursday morning.

The Lunacy Commission will meet again tomorrow and it is expected that it will be ready to report on Thursday. In case the commission finds Thaw insane within the meaning of the law the trial will be stopped, but otherwise it will be resumed at once.

It is doubtful if the defense will call any other witnesses. As soon as the defense rests the summing up of the testimony will begin and, under agreement made by the attorneys, this will last for two days.

MANDERFIELD WILL IS FILED

Letters of Administrations Will Be Issued Tomorrow By the Court.

The Probate Court for Santa Fe County convened this morning at 10 o'clock, Probate Judge Antonio Alarid presiding, and Probate Clerk George W. Armijo was at his post. The last will and testament of Mrs. Josefa S. de Manderfield, deceased, was filed for probate today, and Misses Cyrella B. Manderfield and Eugenia Manderfield were appointed as guardians at item for Isaura L. Salazar and Theodore R. M. Armijo, the two minor heirs. Letters of administrations will be granted at a meeting of the Probate Court tomorrow when the two daughters of the deceased will be appointed as administratrixes of the estate.

STRIKERS IGNORE THREATS OF BREWERS

To Declare Open Shop Unless They Return to Work—Boss Brewers Holding Conference.

St. Louis, Mo., April 1.—Ignoring the threat made Saturday night by the owners of the breweries to declare open shop today unless the striking employees resumed work pending an arbitration of the wage scale dispute, none returned to work today. The boss brewers held a conference this morning to decide what further steps to take.

MOYER AND HAYWOOD TO BE TRIED IN MAY

Boise, Ind., April 1.—At the convening of Judge Woods' court this morning the trial of A. D. Haywood, secretary and treasurer of the Western Federation of Miners, who is under indictment with Charles H. Moyer, president of the Western Federation and George A. Pettibone, a former member of the executive committee of the Federation for the murder of former Governor Frank Steunenberg, was set for trial May 9.

ROOSEVELT AND THE RAILROADS

President Stands by Previous Expressed Views

ENTITLED TO SQUARE DEAL

Roads Should Be Protected From Public Clamor He Says When in Right.

Washington, April 1.—President Roosevelt in declining the invitation of the Illinois Manufacturers Association to make an address at Springfield next week on the railroad and financial situation, writes a letter to H. Smith, president of the association, explaining that such an address by him at this time would be useless as his position was well understood and that he stands by all his previously expressed views. From authoritative sources it is learned the President has not the slightest intention of taking any action which would invalidate railroad securities.

Believes He Has Acted Fair.

The President holds, on the other hand, that every executive action of his administration regarding the railroads has furnished its own justification. Neither has the President, it is pointed out, made any reference to the physical valuation of the railroads holding the various roads capable of working out this problem for themselves. Attention is called to the fact that the Northern Pacific and Great Northern Railways have already submitted figures regarding such valuation. It is understood that the President will again ask Congress for power to deal with the over capitalization of roads which request was denied at the last session of that body.

Outlines Position.

President Roosevelt in his letter to Mr. Smith, outlines at length his position on the railroad and financial questions, by means of copious extracts from a speech he delivered at Raleigh, North Carolina, on October 19th, 1905, from another speech he delivered in Washington, on November 14, 1905, and from his late message to Congress. His position since the time of his addresses and messages, the President declares, has been amply justified by the course of events.

"Its wisdom is obvious," he adds, "and there is no occasion or reason for any amplification at present."

Against Government Ownership.

Quoting from his Raleigh address, the President calls attention to his belief that the government should own nothing which can properly be left in private hands, but that such regulations should be exercised against the railroads as to insure their operation in a spirit of fairness to all concerned. Whatever power the government wields must be with wisdom, caution and self-restraint. The railroads, he declared, must be protected from public clamor, no matter how violent, when the roads are in the right.

Railroad Rates Generally Fair.

Referring to his Washington address, the President says that railroad rates are not as a whole too high, but that the evils that exist are due to unjust discrimination and this should be prevented by law. In quoting from his message to Congress President Roosevelt outlines again his well known views favoring effective government supervision over corporate organizations, holding that any effort to prevent all combination would be useless and vicious. He also justifies the new Interstate Commerce Law.

TRUST ENTERS PLEA OF GUILTY

Manufacturer's Combination on School and Church Furniture Asks Leniency of Court.

Chicago, Ill., April 1.—F. A. Holbrook, secretary to the manufacturers' combination on school and church furniture, who was recently indicted by the federal grand jury on the charge of conspiracy to the effect that the combine in prices was in restraint of trade today entered a plea of guilty before Judge Landis. Sentence was deferred. Pleas of nolle contendere were entered by the various companies indicted at the same time.

RICHARD MANSFIELD LYING AT DEATH'S DOOR

New York, April 1.—Richard Mansfield, the celebrated actor who has been seriously ill for several days, was not so well today. He passed a restless night and was much weaker this morning.

SUDDEN DEATH OF SAM MARSHALL

Expires While Chat- ting and Smoking Cigar

VICTIM OF WHITE PLAGUE

Prominent in Masonry and Also an Elk--Remains to Be Sent to Tennessee.

While sitting on the edge of his bed smoking a cigar and chatting with visitors, Samuel W. Marshall, a locomotive engineer employed by the Santa Fe Central Railway, suddenly fell backwards and died almost instantly Saturday at midnight at his room in St. Vincent's Sanitarium. The lighted cigar dropped from his mouth, there was a slight relaxation of the muscles, a flickering of the pulse, and life was extinct. The deceased had been a sufferer for several years from tuberculosis which caused his death.

John W. Mays, manager of the Postal Telegraph Company, and George A. Riddle, locomotive engineer on the Denver & Rio Grande Railroad, had called to see Mr. Marshall. They intended remaining only about an hour but the invalid seemed to be feeling better than he had for a week past and insisted upon them remaining longer. His mind was clear and he talked coherently, even laughing and making joking remarks. He finally craved a cigar which he began smoking and had taken a few puffs when, without a moment's warning, his life ended like the snuffing out of a candle.

Mr. Riddle had left for home and hardly stepped out of the room when his friend's death occurred. Mr. Mays was still in the room and so was Sister Wilhelmina, who had been nursing Mr. Marshall. They saw at a glance that the end had come. The dying man had been forced to sit up in bed with his feet resting on the floor for a week or more because he coughed whenever he attempted to lie down and it was in this posture that he passed away.

Had Worked on Several Roads.

Samuel Wesley Marshall was 27 years of age and was born at Clinton, Tennessee. He came to New Mexico about five years ago in search of health and secured employment as a fireman on the Atchison, Topeka & Santa Fe Railway running west of Albuquerque. A year later he secured a position as fireman for the Santa Fe Central Railway followed by promotion to engineer and he made his home since in Santa Fe. He appeared to be improving up to about six months ago when his health began to fail again, but he continued working until his weakened condition prevented him. He had been a patient at the Sanitarium for about a month and it was realized when he entered the institution that his death was only a question of time. From a young man of robust physique the insidious disease had so sapped his vitality that he was but a shadow of his former self at the last.

Spanish-American War Veteran.

During the Spanish-American War the deceased enlisted as a private and participated in the famous charge up San Juan Hill and at the close of hostilities was honorably discharged. He was a 32d degree Mason, having belonged to Montezuma Lodge, No. 1, A. F. and A. Masons, Santa Fe Chapter No. 1, Royal Arch Masons, Santa Fe Commandery No. 1, Knights Templar, Santa Fe Lodge of Perfection No. 1, Ancient and Accepted Rite of Scottish Free Masonry, Mackey Chapter No. 1 of the Rose Croix, Denver Council No. 1, of the Kadosh and Colorado Consistory No. 1, the latter three being at Denver.

He was also a member of Santa Fe Lodge, No. 460, B. P. O. Elks.

When a fireman at Albuquerque, he joined Highland Lodge, No. 467, of the Brotherhood of Locomotive Firemen, and subsequently demitted to Pioneer Lodge, No. 108, with headquarters at Chama. In this latter organization his life was insured for \$1,500 with his father named as beneficiary.

Body Shipped to Old Home.

Brief funeral services were held over the remains this afternoon preparatory to the shipment of the body to Heiskell, Tennessee, where the family home is located and where interment will take place. The burial rites here were under the auspices of the local Masonic fraternities and fellow members of the Elks served as pall bearers.

The deceased was unmarried. Besides an aged father the only surviving relatives known here are a brother and a sister living in Tennessee.

BILLS THAT PASSED HOUSE

Chief Clerk Staplin Makes Report to Secretary of Territory.

The following letter addressed by Frank Staplin, chief clerk of the House of Representatives of the Thirty-seventh Legislative Assembly, to the Secretary of the Territory, shows in short the large amount of work performed by the House of Representatives of that body, and is excellent proof that that body wasted no time and that its members earned the small stipend allowed them by the federal government. Mr. Staplin says:

Hon. J. W. Reynolds, Secretary of New Mexico.

Sir:—I have the honor to report to you the following disposition of bills in the House of the Thirty-seventh Legislative Assembly:

Two hundred and fifty-one original bills and twenty substitutes for original House bills were introduced, making a total of two hundred and seventy-one bills which were disposed of as follows:

Seventy House bills were passed by both Houses and delivered to the Governor of New Mexico; fifty-nine of these were approved by him; one was allowed to become a law by limitation; five were vetoed; and five of those delivered during the last three days were not subsequently returned or reported by him, and thus failed to become law by "pocket veto." Two of the vetoed bills were passed over his veto and reported to the Council.

Seventy-nine House bills passed by the House and reported to the Council were not subsequently returned by that body.

Seventy-eight House bills referred to various committees of the House were not subsequently reported.

Forty-four House bills were tabled indefinitely.

Seventy-nine Council bills were received from the Council, of these, fifty-five were passed and returned; eighteen were referred to committees and not subsequently reported; six were tabled indefinitely.

Nine House joint resolutions were introduced. Five of these were passed by both Houses and delivered to the Governor of New Mexico; four were approved by him, and one vetoed and returned and subsequently passed over his veto by both Houses; two were reported to the Council and not subsequently returned; and two were tabled indefinitely.

Six Council joint resolutions were received from the Council; of these, five were passed and returned, and one was referred to a committee and not subsequently reported.

Two House joint memorials were introduced. One was reported to the Council and not subsequently returned; one was tabled indefinitely.

One Council Joint Memorial was received from the Council, passed and returned.

Eighteen House resolutions were introduced. Fifteen of these were adopted; one referred to a committee and not subsequently reported; two tabled indefinitely.

Thirty-four petitions and collections of petitions were introduced and referred to the various committees in charge of the matters to which they referred.

I also transmit herewith the following:

1. Record of House bills.
2. Record of Council bills.
3. Record of resolutions.
4. Record of memorials.
5. Committee receipt books.
6. Governor's receipt book.
7. All bills, resolutions, etc. (remaining in my possession).
8. Also all committee reports and communications.
9. Two copies of the proceedings of the House, together with the original copies of the reports of the special committees acting under authority of House Resolutions Nos. 9, 14 and 17, and the exhibits attached to each.

Very respectfully yours,

FRANK STAPLIN,

Chief Clerk of the House of Representatives.

DISASTROUS WRECK IN TEXAS

Six Men Killed and Thirty Cars of Stock Burned on M., K. & T. Railway Near Fort Worth.

Fort Worth, Texas, April 1.—Six men were killed in a head-on collision between two freight trains on the Missouri, Kansas and Texas Railway at Bethel switch, six miles south of here this morning. Thirty freight cars were burned.

The six men killed were trainmen. Over 300 head of cattle were burned to death and eight cars of merchandise destroyed in the fire which followed the collision. The failure of the crew of the north-bound train to receive orders is said to have been responsible for the wreck.

Butchers' shipping certificates, such as are required by law, printed in blank form by the New Mexican Printing Company.

TRAINMEN STILL IN CONFERENCE

Railroad Situation Remains Un- changed

KNAPP IS STILL HOPEFUL

Believes a Settlement of Differences Will Yet Be Had.

Chicago, Ill., April 1.—The situation in the controversy between the Western railroads and the trainmen and conductors today was not materially changed from yesterday. Another series of conferences will be held during the day in which Chairman Knapp of the Interstate Commerce Commission and Labor Commissioner Neill will participate. Chairman Knapp said today:

"There is nothing that I can say now and I will not have anything to say until the matter has been definitely arranged or until I am certain that my efforts can produce no further results for good. The situation is not hopeless and I feel encouraged but that is all I can say now. I do not mean that a settlement is certain but something may yet be done."

COURT WILL ADJOURN SOON

Verdict for Plaintiff in Hersch Case—Petit Jury Discharged—Mandamus Case Next.

The First Judicial District Court for Santa Fe County continued in session today, Judge John R. McFie presiding, and Clerk A. M. Bergere at his desk.

No case came up for hearing at the forenoon session and immediately after convening a recess was taken until this afternoon at 2 o'clock. It was expected that the mandamus case of Page B. Otero, former Territorial Fish and Game Warden, against the Territorial Auditor, W. G. Sargent, would be taken up upon the re-convening of court. Mr. Otero sued out a writ of mandamus against the auditor, to direct that official to issue a warrant to pay for \$800 appropriated to him by the Thirty-seventh Legislative Assembly for the purpose of reimbursing him for money expended while serving as Territorial Fish and Game Warden. Colonel George W. Prichard has been retained as counsel for the plaintiff and the Territory will be represented by Assistant Attorney General R. C. Gortner.

In the case of Isaacs & Company versus Mrs. Joseph Hersch, which went to the jury late Saturday afternoon, a verdict was found for the plaintiff in the sum of \$87, being the principal and interest due for a bill of merchandise. Attorney G. W. Prichard for the defendant notified the court that he would file a motion for a new trial. Attorney A. B. Rinehan appeared for the plaintiff.

The Territorial petit jury was discharged for the term Saturday evening after being on duty twelve days. Judge McFie announced that he will continue court several days longer for the hearing of cases in which trial by jury is waived.

WANTED AT EL PASO FOR THEFT

Joseph Dietz Arrested Here Saturday Night by City Marshal McHughes.

Wanted on a charge of burglary at El Paso, Joseph Dietz, aged about eighteen years, was arrested in this city Saturday night by City Marshal James McHughes, and is now in the county jail awaiting the arrival of an officer from the Pass City.

Last January City Marshal McHughes was notified by Captain W. A. Mitchell, chief-of-police at El Paso, to be on the look-out for young Dietz and offering a reward of \$25. Dietz was taken into custody almost immediately upon his arrival here. He refuses to be taken back to El Paso without requisition papers.

The young man was employed for a time as bell boy in a hotel at El Paso. He formerly lived in Santa Fe.

MONTHLY MEETING OF COUNTY BOARD

The Board of County Commissioners for Santa Fe County met in regular monthly session this afternoon at 2:30 o'clock. Chairman I. Sparks presided. There were present Commissioner Jose I. Roibal of Nambe and Probate Clerk George W. Armijo was at his post as clerk. Commissioner Jose L. Madrid, of Galisteo, was unable to be present on account of sickness.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

RATHER REFRESHING.

Even the greatest and most habitual liars tell the truth at times, although probably inadvertently or for some subtle and underhanded purpose. In the instance quoted this is the case with the Albuquerque Morning Fakir which recently in its editorial columns did so! The item reads:

"The more the people of the Territory study the record of the late legislature the more they will appreciate the value and volume of the good work done by that body. And this work was both creative and preventive in character—both positive and negative. On the positive side it left us some of the most valuable acts ever written upon the New Mexico book of statutes, notably the anti-gambling law and the law reducing the unreasonable salaries of officers in the larger counties, while on the negative side it prevented the enactment of enough schemes which had been incubated by the old corrupt machine to have literally stolen the Territory poor."

This is rather refreshing, coming from a bought and sold sheet that slandered and libeled the Republican majority of the House of Representatives of the Legislative Assembly which majority is to be credited with the good laws enacted and the killing of the bad projects sought to be passed by interested and unscrupulous members of the Council and by officials associated with them in their nefarious undertaking, and in strengthening their "machine." Evidently "the corruptionists, gangsters, and tools" as the Albuquerque Morning Fakir was wont to call them in the House of Representatives did mighty well.

TREE PLANTING ON SANTA FE STREETS.

It is fortunate for Santa Fe that a few public spirited citizens have undertaken the work of systematically planting shade trees. The work will be begun by lining the streets from the Union depot to the Capitol with American elms. The approach from the depots to the city is especially dreary on a hot summer day and the placing of shade trees along Montezuma and Garfield Avenues will be an especially grateful improvement. Much, often depends upon first impressions and the traveler who, upon arriving at the ramshackle depot of the Santa Fe system, essays to walk into town on a hot summer day may receive an irrevocable impression that Santa Fe has been much over-estimated as a beauty spot. However, tree planting ought not to be confined to those streets, but every property owner should make it a point of civic pride to plant at least a few trees every spring and to see to it that the trees are properly cared for and protected. If this course is adopted, Santa Fe will, in a few years, be much more beautiful even than at present.

PERTINENT QUESTIONS.

The Albuquerque Citizen in very good time and season, makes a suggestion to Danny Macpherson, boss of the Albuquerque Morning Fakir ring, and who desires to grab the Bureau of Immigration for his own selfish and improper ends, and puts a few questions which it may be safely assumed will not be answered. As these are good and timely reading, the New Mexican reproduces them. Says the Citizen:

"Graft," says the Morning Torture of the confiding public. Does Danny so soon forget how those "white-winged reformers" forced an unwilling Governor to give them every office at his disposal in return for their votes? Does Danny not remember that the 'thirty pieces of silver' he received was appointment as a member of the Bureau of Immigration? Does he not know that he is trying with might and main today to control that Bureau and to install as its secretary a member of his gang who will do his bidding without conscientious scruples? 'Graft' is a dangerous word for the morning paper to use. Why not substitute 'business proposition'?"

A GOOD LAW.

An examination of the laws passed by the recent Assembly shows that any of them will prove very beneficial. For instance, Council Bill No. 2, introduced by Councilman Malachuk Martinez, of Taos, provides that all vacancies in county offices should be filled by boards of county commissioners of the counties in which they occur. Heretofore and for eight years past the Governor had the power to fill such vacancies. The change means more self-government and better government by the people and for the people. County commissioners know the citizens of their counties better than a Territorial official possibly could and

are, therefore, better able to select proper persons. In addition the people of each county are entitled to have a voice in the selection of their county officials. The practice of having such selected by the Executive, especially during the past year, has not proven beneficial to the best interests of the commonwealth, hence the change is very desirable.

A NEAT TAKE-OFF.

The Albuquerque Evening Citizen which, by the way, is showing much improvement of late, takes off Danny Macpherson and his attempted Bureau of Immigration grab very neatly in the following editorial in a recent issue:

"Danny, the would-be Bernalillo County boss, has seen a great light. In fact, the light was so strong that it made him fling a back somersault and then a hand-spring. He has ceased his attacks on the Bureau of Immigration. He no longer demands its abolition. He is as silent as death about its being a machine of graft."

And why? Because he wants to be president of the Bureau and have his Youngman Henning to be its secretary. If he can get the positions as reward for all the dirty work he and Henning have done against the Republican party in the Territory, why, then of course, the greater the graft the greater the reward."

The mining interests of south Santa Fe County are again coming to the front and it is good news to learn that the Santa Fe Gold and Copper Mining Company employs 300 men at San Pedro and that its copper output for March was 240,000 pounds. Should a concentrator be added to the machinery the output will be trebled which also means that the force of men and teamsters now employed, numbering 300, will be greatly increased. Twenty-five years ago the San Pedro Mining camp was one of the greatest in the Southwest and nearly 1,000 men were employed. That mining district and the others in south Santa Fe County were then booming and contributed much in business activity and in business success of the county and of the Territory. These halcyon days of yore seem to be coming again.

"Gambling is cut out of Arizona, April 1, 1907. It is shut out of New Mexico, January 1, 1908. While our sister territory has us skinned several months we are thankful for the new blessing, as it took hard work to get the law through at all."—Deming Graphic.

Correct! Small favors thankfully received, greater ones in proportion. Two or three members of the Legislative Council did their level best to defeat the anti-gambling law. The whys and wherefores of their actions are easily traceable and can be very easily guessed.

The recent Texas assembly has increased the pay of the Governor of the Lone Star State, and this amounts now to \$8,000. Considering the size, wealth and population of Texas, and compared with the wealth, size and population of New Mexico, the Texas Governor is certainly not overpaid, while the Governor of New Mexico, receives much more than a liberal and handsome salary. But then Texas is rich and New Mexico is poor. Besides, members of the State Senate are not eligible for appointive offices during their term of office.

The new school law as enacted by the Thirty-seventh Legislative Assembly is one of the best measures that has been put upon the statute books of the Territory in late years and it became law thanks to the insistence and good work of the Republican majority in the House of Representatives. In the Council several of the "job members" would have defeated it in toto had they dared to. However, "All's well that ends well" and the public schools of New Mexico under the provisions of the new law will show great improvement during the coming two years.

It was a very good thing for the Sunshine Territory that no foolish or oppressive legislation was enacted by the Thirty-seventh Legislative Assembly concerning railroads. This Territory needs too many of them and it is well that nothing was done to discourage capitalists or railroad builders from constructing needed railways in the Sunshine Territory.

Between the regular "Republican machine" and the Hagerman factional "machine," the Democratic leaders of the Territory are looking forward to the 1908 campaign with great hopes. They think they will have a soft snap.

The homestead settlers and farmers are spreading over New Mexico and the days of the big cattle syndicates in that section of the Territory are numbered no matter by what titles they hold their big holdings. With good revenue laws and honest and competent assessors these big cattle barons will have to pay the taxes they should and which they have dodged for many a year. Eastern New Mexico bids fair to become quite an agricultural section within the next three years. This cannot come any too soon.

The recent Legislative Assembly of Arizona passed a juvenile court law, which is bound to prove of benefit to the Territory and which will save many children from growing up as criminals, if its provisions are carefully and intelligently enforced. In New Mexico, unfortunately, there is no place as yet for young offenders except the penitentiary and the jails. The Reform School located at El Rito in all likelihood, will not be opened and put in active operation for some years.

"There are five Wisconsin candidates for Senator and each of them has pledged himself to vote with La Follette on every question. In other words, not one of the five is fit to be Senator and all of them should be despised and repudiated by the Wisconsin people."—Kansas City Journal.

The Journal is absolutely correct in the above. A man who is either so silly or so cowardly as those described in the above paragraph, is certainly unfit for the United States Senate.

The New Mexico bank statements for March 22, published in the exchanges of the New Mexican, indicate that the growth of New Mexico is as marvelous in a financial way as it is in population. Few people quite realize the growth in both directions during the past two years and the census of 1910 should bring an agreeable surprise to this Territory in placing it very close to Colorado in population and wealth and far ahead of states like Wyoming and Nevada.

The month of March is generally a very unpleasant month in every section of the country. In Santa Fe, in the Santa Fe Valley the month of March just passed, however, was, comparatively speaking, remarkably pleasant and warm. The days that were disagreeable were few and but one strong wind and of short duration was recorded. Santa Fe's climate is still on top and is the best particular part of the great climate of the Sunshine Territory.

Score another one for Delegate W. H. Andrews. Owing to his work with the supervising architect of the treasury, the Federal Building in Albuquerque will soon be an accomplished fact. The people of that town and of the Territory should remember that had it not been for Delegate W. H. Andrews, the construction of the building would probably be a decade of years off.

Stuyvesant Fish, railroad magnate, asserts that President Roosevelt cannot see his own faults. That's nothing! Let him come to New Mexico and he will find that there are quite a number of statesmen who not only cannot see their own faults, but can only see and find faults in those opposed to them, even if they do not exist.

There is one point of difference between people who write to the newspapers suggesting that President Roosevelt should accept a third term, and President Roosevelt himself. It is not a great point to be sure, but nevertheless may prove of consequence. They think one way and Mr. Roosevelt another way.

"The Star-Eyed Goddess of Reform" and the corrupt coal oil inspectorship in the Sunshine Territory have drawn together in close embrace. The old Goddess has evidently been contaminated and is not as pure as she was a year ago, when she appeared upon the scene in the Sunshine Territory.

They say that Colonel William Jennings Bryan has a clearer vision than ever. That depends on circumstances. Certainly he does not look upon the railroad situation with a very clear vision as long as he advocates government ownership of railroads.

The Filipinos will soon have their own assembly and thus step into the same class as the people of New Mexico. This is gratifying to the former, no doubt, but it is rather tough on the latter, to be in the same category as the Moros.

Reviewing the record of the Legislative Council in the last Assembly, it is very evident that there were several pitfalls in the Council chamber, and that several members of the Council fell into them.

Mayor Schmitz of the city of San Francisco has been shown up as a great failure. There are other mayors and some even in New Mexico in the same fix.

There is quite a difference between William Jennings Bryan and David Bennett Hill. The former still talks a good deal, while the latter still keeps silent.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and can vases, slides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$2.75
Combined civil and criminal.....\$4.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

Does coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by Cartwright-Davis Company.

When in need of anything in the printing line, such as wedding cards, invitations, briefs, call on the New Mexican Printing Company, where all work is guaranteed.

DANGER IN DELAY.

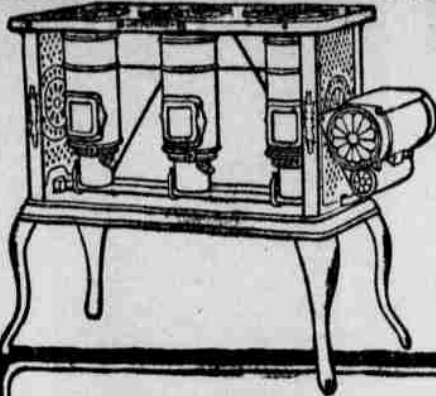

Kidney Diseases are too Dangerous for Santa Fe People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Santa Fe.

Eusebio Escudero, living at 106 Griffin Street, Santa Fe, N. M., says: "Some five years ago I made a statement for publication referring to my experience with Doan's Kidney Pills. This remedy rid me of kidney trouble causing backache with which I had been annoyed off and on for two or three years. Besides this trouble other symptoms of kidney complaint existed evidenced chiefly by retention of the kidney secretions. It is a matter of fact that my condition caused me considerable worry as I feared more serious results. It was only a short time after beginning with Doan's Kidney Pills which I procured at Ireland's drug store that I felt great relief and now that about five years have passed without a sign or symptom of kidney trouble, it is a pleasure to confirm my former statement. I believe Doan's Kidney Pills are the best remedy in the world for any disorder of the kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Stricture, Catarrh, La Grippe, all Femal Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

MEADOW CITY HAPPENINGS

Two Healthseekers Who Came Too Late—Veteran Banker Recovering.

Mrs. Perry Huff, the wife of a merchant at Savonburg, Kans., died last Tuesday evening at Las Vegas of tuberculosis. She came to Las Vegas seven weeks ago for the benefit of her health. Her husband, a three-months-old child and her mother survive her. Mrs. Huff was aged 28 years.

Joshua Reynolds, the banker, who was taken seriously ill at Albuquerque recently, has so far recovered that he undertook the trip to Las Vegas last Thursday accompanied by his physician, Dr. B. D. Black.

Vernon R. Taft, aged 24 years, who came to Las Vegas last October from Whitewater, Wisconsin, with his wife, died last Thursday at Las Vegas of tuberculosis, the immediate cause being a hemorrhage. The young couple had been rooming until a week ago, when Mr. Taft's condition seemed so much improved that they went to housekeeping.

ADVANCE IN PRICE OF ICE TODAY

Supply of Natural Ice Exhausted and Artificial Product Must be Shipped In.

The price of ice in Santa Fe advanced about 10 per cent today and this is no April fool joke either. Charles J. Bacon, the local ice dealer, who recently bought out the business of Grant Rivenburg, announces that his supply of natural ice is nearly exhausted and will be all gone in a few more days. Mr. Bacon has contracted for artificial ice to supply the local trade until another crop of the natural congealed product is harvested and is expecting the first carload here Tuesday. Mr. Bacon says that the winter just past is only the third in thirty years in which natural ice has not been secured at Santa Fe. There was no ice crop three years ago, but that was on account of the drought which dried up all of the streams and not because the weather was not cold enough.

FINE SPECIAL EDITION

Raton Range in Thirty Pages Tells of the Resources and Attractions of Colfax County.

The Raton Range dated Wednesday, March 27, is a finely illustrated special boom edition of thirty pages, that sets forth graphically the rapid and substantial growth of the Gate City and its tributary country. This edition is a special credit to New Mexico journalism for its well edited, well arranged and well printed and the work was done in one week with a limited office force under the direction of the publisher, Orrin A. Foster. The advertising patronage is especially noteworthy, for it made the issue possible. It demonstrates that Raton is outgrowing provincialism and that its merchants are reaching out for trade in the most effective way that can be devised, that is by advertising in newspaper mediums that are read.

FREEZE DAMAGES MESILLA VALLEY FRUIT.

Anthony, N. M., April 1.—It is believed that fruit in the Mesilla Valley has been irreparably damaged as the result of the recent freeze in this vicinity. Last Thursday night the temperature dropped 10 degrees below the freezing point. The King apple orchard which a few days ago was in full bloom is now brown as a nut. The freeze will probably reduce and retard the first cutting of alfalfa. The Rio Grande is high at this point.

CATARRH

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means use internally, Dr. Shoop's Restorative Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc., surely call for Dr. Shoop's Restorative. For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

JOURNALISTIC NEWCOMER

Homeseekers' Outlook Published at Roy, Mora County—Seeks to Cover New Field.

"Homeseekers Outlook" is the heading of a new monthly published at Roy, Mora County, by A. S. Bushkeltz, one of the pioneers of the section. It is a 16-page magazine, printed on book paper, illustrated and devoted to the settlement of Eastern Mora County, especially that part tributary to the Dawson railroad. While in greater part filled with "plate" matter, all of it is interesting. Its four home print pages tell in glowing terms the advantages of Roy and surrounding country.

PERSONAL MENTION

Mr. and Mrs. H. M. Sanchez, of Los Lunas, are guests at the Coronado.

John A. Rudolph, of Rociada, San Miguel County, today attended to business affairs in town.

A. Menett, Sr., a Las Vegas traveling man, interviewed Santa Fe merchants today.

Jose A. Baca a well known Las Vegas citizen, was in town today on business and on a visit to friends.

General Manager W. S. Hopewell, of the New Mexico Fuel and Iron Company, spent Saturday in the city on company business.

Eliseo Romero, of Lamy, was a guest at the Normandie Hotel today. He was here partly on business and partly to visit relatives.

County Commissioner Jose Ines Robal, of Nambé, attended a meeting of the Board of Commissioners which was held today in the county court house.

County Commissioner Jose Leon Madrid, of Galisteo, reached town yesterday and today attended a meeting of the Board of County Commissioners.

T. J. Tonge returned this afternoon to Estancia, where he has his headquarters as superintendent of machinery for the Santa Fe Central Railway, after spending Saturday and yesterday with his family in the Capital.

Captain David J. Leahy, of East Las Vegas, who is making a fine record as assistant United States attorney for New Mexico, spent today in the city on official business. He went to Las Cruces this evening on similar business.

Professor Alfredo M. Sanchez arrived in the city Saturday night from Washington, D. C., and as announced in the official column entered upon the discharge of his duties today as assistant superintendent of public instruction.

The Misses Lena Ortiz and Amada Ortiz, daughters of Mr. and Mrs. Celestion Ortiz, have returned from Mesilla Park. They have been attending the College of Agriculture and Mechanical Arts and came home on account of the scarlet fever epidemic.

Stewart Van Vleet, of Glorieta, arrived in the city Saturday and left yesterday on horseback for home. He is connected with the Glorieta Mercantile and Live Stock Company in the supervision of the sheep herds of the company.

Captain Arthur Trelford, superintendent of the Territorial penitentiary, spent Saturday and yesterday in Las Vegas on an inspection of the convicts' camp in the Gallinas canon where work is being done on the scenic highway between this city and Las Vegas.

Stephen Easton, who has been on duty as a ranger on the Mount Taylor Forest Reserve, is in the city. He expects to be re-transferred to duty on the Jemez forest reserve as his home is at Abiquiu near the latter reserve. While in the city he attended to business before the United States land office.

Mrs. Sargent, wife of Territorial Auditor W. G. Sargent, left Saturday for the east. She will visit her brother in New York and her sister in Washington, D. C., and will also be the guest of friends for awhile in Chicago. Mr. Sargent accompanied her as far as Las Vegas.

Miss Mabel Helen Baum, of Denver, who has been a house guest for the past three months of Territorial Secretary and Mrs. J. W. Reynolds, left this morning for Las Vegas, where she will visit a few days before returning to her home in the Queen City of the Plains.

E. P. Livingston, of Pittsburg, Pennsylvania, is in the city for the benefit of his health. He is a mechanical engineer and may locate in the Territory. He spent the past few months in Denver, but finds Santa Fe's climate preferable. He called at the office of the Bureau of Immigration and was furnished literature on the Territory.

Walter M. Tabor, of Glorieta, manager of the Glorieta Mercantile and Live Stock Company, was today in the city on business before the Board of County Commissioners. He filed a petition signed by seventy-six citizens

Deputy Internal Revenue Collector T. C. McConnell, left yesterday for Las Cruces, where he goes to appear as a witness in a case before the U. S. court. From Las Cruces Mr. McConnell will proceed to Arizona where he will relieve Frank C. Crandall, deputy collector for that Territory, who will return to Santa Fe for the purpose of taking the civil service examination for deputy collector and clerk in the Internal Revenue Service which will be held here April 10.

M. A. Gonzales, of Abiquiu, treasurer of Rio Arriba County, who has been in the city for the purpose of arranging the financial records of his office for the last three months with Traveling Auditor Charles V. Safford, left this morning for his home. Mr. Gonzales will move to Tierra Amarilla, which will be his home during his term of office as treasurer which expires December 31, 1908. This action is taken by him under the provisions of the law enacted by the last Legislative Assembly, providing that all county officials must reside at county seats during their terms of office.

Frank C. Churchill, an inspector of Indian Affairs on duty in the office of the Secretary of the Interior and Mrs. Churchill who have been visitors at the United States Indian Training School in this city for a month have gone to Albuquerque where they will remain a week during which Mr. Churchill will attend to official business. Thereafter they will proceed to Phoenix, Arizona, where Mr. Churchill has several official matters to look after. Then they will go to Riverside, California, where a training school for Mission Indians is located.

If you have any spare cash lying around, make haste to place it in the bank where it is not only safe from burglars and fire, but where it also draws interest.

Bury seeds in the grounds and they grow and increase but cash is apt to decrease very quickly if treated in the same manner. Plant your money in a safe bank and watch it grow.

It gives a comfortable feeling to know that you have a crop of money coming on. Start a savings account and feel that way.

THE NEW MEXICO COLLEGE OF AGRICULTURE AND MECHANIC ARTS.

An institution giving an intensely practical education. Supported by Federal and Territorial appropriations. Pleasantly situated in its own grounds of 400 acres in the beautiful Mesilla Valley.

Four full 4-year college courses in agriculture, mechanic arts, domestic science and general science; short courses in agriculture, stenography, and assaying. \$20,000 worth of equipment. A faculty of 30 instructors; 230 students now in attendance. Military instruction by an officer of the U. S. Army. Large parade and athletic grounds. Commodious girls' dormitory, under the best management. An ideal winter climate at an altitude of 3,800 feet.

Mr. and Mrs. Jacobo Chaves and child and Mr. and Mrs. Peter Lienau and child moved today into the Seligman residence on upper Palace Avenue which was vacated by Professor J. E. Clark and family. This will be their residence during the term of Mr. Chaves as insurance commissioner. It is reported that Mr. Chaves may purchase the property.

Miss Severa Chaves, aged nineteen years, died at 1:45 p. m. Saturday at St. Vincent's Hospital. She had been in poor health for the past several years and succumbed to a complication of diseases. The parents of the deceased died when she was a mere child and she was reared in St. Vincent's orphanage. She is survived by one sister in Santa Fe. The funeral was held from the Cathedral this morning and burial was in Rosario Cemetery.

April fool jokes of various kinds were perpetrated upon the unsuspecting today and the jokesters were not all boys either. City Marshal James McHughes had a whole lot of fun with a bogus finger stall which he requested intending victims to tie, and during the forenoon he had played the trick on about fifty of his friends. The joke worked in almost every instance.

Professor W. E. Garrison and the party he piloted to the San Cristobal ruins returned to the city Saturday evening after two days spent in inspecting the old pueblo. There were about thirty in the excursion and they report having had a fine outing. They camped out for two nights but the cold did not faze them as they had plenty of blankets and were as comfortable as if sleeping in their own homes.

Ramon Valencia Passes Away at Home on Delgado Street—Life-Long Resident of Santa Fe.

Ramon Valencia, aged seventy-five years and a life-long resident of Santa Fe, died shortly before noon today at the family home on Delgado Street, after a lingering illness of five months. The immediate cause of his death was pneumonia.

The deceased was a carpenter by profession and followed this trade until the debilities of old age incapacitated him for work. He is survived by his wife, Mrs. Matiana O. Valencia, and two aged brothers.

The funeral arrangements had not been completed this afternoon but will be announced tomorrow.

SEASONABLE SUGGESTIONS

We would respectfully call your attention to our line of Flower and Garden Seeds, just received. These are new seeds, and we offer them to you at a very low figure.

We also have Onion Sets, Alfalfa and various Grass Seeds.

Base Ball Go

This is the time of the year when the "National Game" revives, and the small boy, as well as the large one, equips himself for the season's sport. We have "Spalding's" Balls, from those at 5c up to the "Official League" Ball; also Bats made by the same house, from the small 5c one up to the professional kind.

We also carry various styles of Baseball Gloves and Masks.

Queensware Department

We have just received a consignment of new styles in Glass Goods and Chinaware, and would particularly call your attention to some of the latter in the "Old Ivory" decoration—something new and very artistic.

Paint, Oil and Wall Paper Department

This is the appropriate time for your Spring Pairing and Paper Hanging, and we feel sure we can help you in the matter, with our complete stock of these goods.

Have recently received some very new and pretty designs in Wall Paper, which we will take pleasure in showing you.

HARDWARE DEPARTMENT

Please do not forget that we are headquarters for

"EVERYTHING IN HARDWARE"

Our line of Garden Tools, Hose and Sprinklers is a good one and very complete.

If you need a New Refrigerator—one that is both economical in original cost and in the cost of operation—do not fail to see ours before purchasing.

PLUMBING DEPARTMENT

There is no one thing that keeps more abreast of the times than "Plumbing Apparatus," and we are in position to offer "up-to-date" baths, closets, lavatories, etc., installed in a hygienic manner, by the most competent of workmen.

DEATH SUMMONS
CIVIL WAR VETERAN

Seventy-Six-Year-Old Resident of Roswell is Called to His Last Home.

Edwin R. Gillett, aged 76 years, died on Monday afternoon of last week at Roswell. His death was hastened by a fall he had two weeks ago which greatly debilitated him. Mr. Gillett was a native of Batavia, New York, and served four years during the Civil war in the Forty-sixth Illinois Volunteers. He was quartermaster of his regiment over two years. After the war he went to Iowa and six years ago came to Roswell where he engaged in gardening. Deceased was a member of the Grand Army of the Republic and of the Church of Adventists. A widow and several children survive him.

Simeon Sals Enjoyed Only Ten Days Freedom After His Escape from Lincoln Bastille.

Simeon Sals, who escaped from the Lincoln County jail ten days ago, is once more in custody. He was arrested at Carlsbad, Eddy County, and was taken overland to Lincoln by Deputy Sheriffs Doyle Murray and William Brady of Lincoln County. Sals is under the charge of horse stealing and is awaiting the action of the grand jury.

ROSWELL DWELLING
DESTROYED BY FIRE

House of Andres Pacheco Went Up in Smoke a Few Days Ago Together With Contents.

Fire on Monday evening of last week destroyed the dwelling house of Andres Pacheco in the Chihuahua addition of Roswell. The house was out of reach of the water system and therefore the fire department was helpless. The fire was caused by burning candles which had been placed in front of the family altar in observance of Lent.

BROTHER RAFAEL
DIES AT LAS VEGAS.

Las Vegas, N. M., April 1.—Brother Rafael, of the Christian Brothers' College in this city, died Friday afternoon of last week after a lingering illness with stomach trouble. The funeral took place Saturday afternoon at the Church of Our Lady of Sorrows and burial was in Cavalry Cemetery.

Brother Rafael was born at Magdalena, Sonora State, Mexico, in 1853, and was 57 years of age at the time of his death. He entered the order 31 years ago and had been at the Christian Brothers' College in this city for the past eighteen years. He was a good and intelligent man, being quite modest in his way and was thought very highly of by all who knew him.

GALLUP GIRL DEAD
OF SCARLET FEVER

Las Cruces, N. M., April 1.—Miss Grace Brown of Gallup, a student of the College of Agriculture and Mechanic Arts, died here of scarlet fever. She sustained a relapse caused by a weak heart after she was apparently recovering. She was among the first taken sick when the scarlet fever epidemic broke out at the college.

NEW MEXICO MILITARY INSTITUTE NOTES

Special Correspondence.

Roswell, N. M., April 1.—The camping trip which had been arranged for the first week in April has been postponed until the last week of this month owing to the fact that orders have been received from the War Department stating that Captain Ulysses G. McAlexander would be here April 9 to make the annual inspection of the military department as required by law. In order to be prepared for this inspection it will be necessary for the battalion to remain at the post during the few days immediately preceding the same.

The cadet battalion is in splendid condition, and in case the weather continues to be good, they will make a splendid showing before the inspecting officer. The battalion is now 135 men strong, all of whom are thoroughly trained and seasoned soldiers. They are prepared to give exhibition drills in all branches of infantry and artillery tactics, including exercises in Butt's Manual.

Arrangements are now being made for Commencement which will be held this year on May 22. Dr. Stoenum, president of the Colorado College has accepted an invitation to deliver the annual address before the graduating class.

WOULD-BE TRAIN WRECKERS IN JAIL.

Deming, N. M., April 1.—Valentine Guerra and Francisco Ocosta, are languishing in jail here awaiting the action of the next grand jury on the charge of attempted train wrecking. The two men were arrested last week for placing obstructions on the railroad tracks between Mongolia and Gage, for the purpose as they admitted at their preliminary examination, of wrecking a train. They were given a preliminary hearing before Justice of the Peace Chapman and bound over in the sum of \$1,000 each. The obstructions were discovered in the nick of time by a track walker which alone prevented a disastrous wreck.

DEMING MAY HAVE BUT ONE TICKET

Deming, N. M., April 1.—It is likely that at the coming village election here that there will be one ticket in the field. It has been suggested by a number of citizens having the well being of the town at heart that factional politics be laid aside and that the community agree on one set of men for town trustees. As a result the taxpayers have named a Citizens' ticket as follows: Samuel D. Swope, Julius Rosch, George A. Shepard, J. J. Bennett, Lou H. Brown.

COMMERCIAL CLUB ORGANIZED AT ESTANCIA.

Estancia, N. M., April 1.—The Estancia Commercial Club is the name of an organization perfected here recently which will have for its object the "boosting" of the town. The club starts out under auspicious circumstances with quite a large membership. The following are its officers: G. H. VanStone, president; William Gregg, vice president; Earl Scott, recording secretary and treasurer; E. B. Brumback, corresponding secretary.

Leon F. Kneipp, who was recently promoted from supervisor of the Pecos, Jemez and Taos Forest Reserves, to an inspector of forest reserves, will leave tomorrow to enter upon his new duties. He will go from here to Cache, Oklahoma, after which he will proceed to Washington. During his residence in the Capital Mr. Kneipp has made many friends who regret to see him leave and who will wish him success in his new field of work.

T. Z. Winter, the groceryman, left this morning for Monte Vista, Colorado, near which place he has a sheep ranch. He will be gone about three weeks during the lambing season.

Dr. C. N. Lord and C. L. Haberlein returned this morning from Las Vegas and El Porvenir. They drove to the latter place Saturday and remained there until late Sunday afternoon when they came back to the Meadow City.

Facundo Ortiz, wife and three children arrived in the city yesterday from Albuquerque. They will be here several days visiting among relatives. Mr. Ortiz is a carpenter by trade and is working in the railroad shops at the Duke City.

U. S. Marshal, C. M. Foraker and Deputy Marshall W. R. Forbes, have gone to Las Cruces, where the United States District Court for the Third Judicial District opened today.

Hon. and Mrs. Solomon Luna left Albuquerque yesterday for a short visit in El Paso, Texas.

R. L. Baca, ex-Speaker of the House of Representatives, was a visitor in Albuquerque yesterday and today.

OFFICIAL MATTERS.

Rio Arriba County Financial Records. County Treasurer M. A. Gonzales of Rio Arriba County has been in the city the past few days at work with Traveling Auditor Charles V. Safford on the financial records of the county. Auditor Safford has checked these over with Treasurer Gonzales and found them in good shape and correct. The county funds are properly deposited in the First National Bank here and the Territorial funds during the quarter have been turned over to the Territorial Treasurer. The settlement for the quarter ending March 31st, was made Saturday in full with Territorial Treasurer Vaughn by Mr. Gonzales.

New Superintendent of Public Instruction Arrives.

It is now Professor Alfredo M. Sanchez, assistant Superintendent of Public Instruction. He entered upon the discharge of duties in that capacity today. Mr. Sanchez is still a young man and of the self-made variety. He was graduated from the New Mexico College of Agriculture and Mechanic Arts in 1900 and soon after receiving his diploma secured a position in the bureau of soils of the Department of Agriculture which he just resigned to accept his present situation. During the six years that he has been connected with the bureau of soils he has traveled extensively in the United States and its dependencies. He was detailed for two years in the Philippines gathering statistics relative to the soil and its adaptability for various crops. He was the only Spanish-speaking clerk in the entire department and it was on this account that he was sent on special duty to the Philippines, Porto Rico and Cuba. He has received a liberal education and is well qualified for his present responsible position.

Hon. Jacobo Chaves, Insurance Commissioner.

The new Insurance Commissioner Jacobo Chaves took charge of the office today relieving Dr. J. H. Sloan who has served in that capacity for the past fifteen months. Peter Lienau of Magdalena has been appointed clerk to Mr. Chaves and assumed the position. Mr. Lienau has been in the insurance business for several years and is, therefore, well acquainted with that line of business. During the recent session of the Legislative Assembly, Mr. Lienau was a clerk in the Council.

Mounted Policeman Resigns.

Rafael Gomez of this city has resigned his position as an officer of the Territorial Mounted Police. His resignation went into effect yesterday, March 31.

EASTER SERVICES IN CHURCHES

Special Musical Programs By Augmented Choirs and Pretty Floral Decorations.

"Christ Has Risen" was the keynote of the sermons in Santa Fe churches yesterday commemorative of the glad Easter tide marking the anniversary of the resurrection of the Savior. Special musical programs had been prepared and were rendered by augmented choirs. The churches were also decorated for the occasion with Easter lilies, palms and other plants which gave a beautiful floral setting to the sanctuaries.

Pontifical mass with all its solemnity and impressiveness was celebrated at the Cathedral. Archbishop Peter Bourgade preached the sermon, or rather he delivered two sermons, one in English and one in Spanish. Bishop J. B. Pitaval officiated at the mass, assisted by Vicar General Antonio Fourchegu. Reverend Father Jules Derasche, chaplain of St. Michael's College, acted as master of ceremonies, and Reverend Fathers A. Besset and E. Bertram were respectively deacon and sub-deacon. Over five hundred of the faithful partook of communion at the early low mass.

Rev. Wiley K. Wright, of Trenton, Missouri, filled the pulpit at the First Presbyterian Church and preached a very able sermon. An Easter service by the Sunday School of the Church of the Holy Faith was held in the afternoon at which carols were sung by the children.

MUCH ACTIVITY AT SAN PEDRO

Prosperous South Santa Fe County Copper Camp Employs 300 Men.

Floyd C. Buell, of San Pedro, who is connected with the Santa Fe Gold and Copper Mining Company, in that camp in an important position, attended to business last week in the city. Mr. Buell has been a resident of south Santa Fe County for many years and is thoroughly acquainted with its conditions, resources and capabilities.

A representative of the New Mexican met Mr. Buell, found him very interesting and got some good news from him. Casually speaking Mr. Buell said:

"The Santa Fe Gold and Copper Mining Company now employs about 300 men at its copper mines in San Pedro and in teaming. Forty teams are engaged in hauling supplies and coke from Ortiz station, anthracite coal from Madrid and bituminous coal from the O'Mara coal banks, the latter being the property of the company. Copper matte, the result of the workings of the mine is hauled from San Pedro to Ortiz station and shipped from there east. During the month of March four car loads of copper matte averaging 60,000 pounds each, were hauled to Ortiz and shipped from there. The output would be greater could the company procure more coke and more coal. Coke comes mostly from the camps of the Colorado Fuel and Iron Company in Animas County, Colorado, but the supply has not yet filled the demand. The company wants more teamsters and more teams and twenty-five more teams could find profitable employment, in addition to the forty teams now engaged. Good men with good teams can make more than good wages. The output of copper will be increased right along and as soon as possible.

"J. W. Tudor, of Boston, a mining engineer, of great repute and much experience, is the manager. Mr. Tudor has engaged in mining and in reduction work in South Africa, in Mexico, in Alaska and in the United States for a number of years and certainly has matters at San Pedro in excellent shape and everything working to a dot. A third air compressor at a cost of \$5,000 has been put in which makes three air compressors at work. The hoists, drills and other machinery are worked by compressed air. With this increase much work will be done.

"The management is considering the advisability of putting up a concentrator at a cost of about \$60,000. Should this be done the output of copper matte will be greatly increased. The shafts and tunnels in the big copper mine are in fine condition. It is not difficult to keep them so as the mine is in what is known as good standing ground. With this concentrator at work the output of copper matte could be increased fully three times its present amount. The town is quite lively, the stores are doing a good business and the miners are satisfied with their wages and work. These are mostly native born citizens of New Mexico and no inconsiderable

number of them are from Santa Fe. Altogether over 200 men are employed in the mining work proper.

"There are three stores now in the camp. The San Pedro Mercantile Company, R. D. Carr, manager, has a very large assortment and indeed keeps a big store. Peter Mackel and Thomas De Lallo are the other two store keepers and none of them seem to have any cause for complaint. The camp is very pleasant and orderly."

THE PASSING OF A NOBLE INDIAN

Superintendent Clinton J. Crandall Pays Eloquent Tribute to Memory of Juan Baptiste Telache.

Superintendent Clinton J. Crandall of the U. S. Indian Training School near this city and an official of the Indian office, who has a thorough knowledge of Indian character, customs, habits and advancement, furnished the New Mexican the following eloquent tribute to the memory of Juan Baptiste Telache, a late member of the pueblo of San Juan and who departed this life on the 25th of March last. Mr. Crandall believes that a historical sketch of the life of this noted Indian will help to prove to the average American citizen that there are many, many good Indians and will be an example to be followed by those of Telache's own race and blood. Mr. Crandall says:

"Juan Baptiste Talache, ex-governor and principal of San Juan pueblo, is dead. He died of pneumonia at his home at San Juan on the 25th of March. Little is known of Baptiste, as he was not familiarly known by the people in general, and especially outside of his home and vicinity. But, as one who knew this man, Indian though he was, intimately, I desire to say that New Mexico had no better citizen, no more honest and upright person than Juan Baptiste Talache. He was a man well nigh on to seventy years of age; he had been governor of his pueblo many times; he had been a member of the Supreme Council of his people for over forty years; he had represented them as a delegate to Washington, where he met the Commissioner of Indian Affairs, the Secretary of the Interior, the President, and appeared before the Senate Committee on Indian Affairs. Baptiste was a defender of the rights of his people; though a very poor man, he was never in that class which can be influenced by personal gain. The early Spaniards called the inhabitants of San Juan the 'Caballeros de los Pueblos,' or the gentlemen of the Pueblos. But Baptiste was more than that, he was a Caballero of Caballeros. He was a friend to the white man, progressive in his ideas, a supporter of schools and churches, yet withal true to the interests of his people. No marble shaft will mark his last resting-place, not even a simple slab will point out the grave of this representative of his race, but a life well spent, not for self alone, but for others and the people who were dear to him, is the only estate which he bequeaths, which, after all, is a monument greater than could be bought with gold. General Sherman has been accused of saying that dead Indians were the only good Indians. But Sherman, if he said this, did not know the Indian. I have known the Indian for over forty years; have known him in war and at peace; have camped with him as far north as the Canada line, and as far south as the Mexican border, and no man can tell me that Juan Baptiste Talache was not a man in the fullest sense. Wrapped in his blanket he has been laid to rest, soon to be forgotten, but the good he did will live after him. Let us hope and trust that, while his spirit is wafted to the Indian happy hunting grounds, that other lives may be as pure and noble as that of Juan Baptiste Talache."

ENGINEERS GIVEN SURPRISE TESTS

High State of Efficiency Among Locomotive Men Disclosed on Pennsylvania Railroad.

New York, April 1.—The Pennsylvania Railroad within the last three months has held surprise tests on all of its lines, in which 97 per cent of its engineers complied absolutely with the company's rules in bringing their trains to a stop. The other 3 per cent stopped their trains after passing the signal. These men were marked deficient and severely disciplined.
