TOOK VICTIM FROM JAIL

After Overpowering Town Marshal and Getting Keys --Severely Flogged Him.

Bloomington, Ill., May 16.—Five masked men early today at Ellettsville, this county, bound and gagged the town marshal, took the keys to the city jail from him and secured the only prisoner, Oscar Morris, whom they took to Erie, a near-by village and whipped him severely. Morris is the son of a highly respectable family and was recently caught in a dice game.

W. H. CARTWRIGHT DIES IN IOWA

Father of H. B. Cartwright and S. G. Cartwright of This City—Latter at Bedside.

H. B. Cartwright received a telegram today from Mediapolis, Iowa, informing him of the death there last night of his father, W. H. Cartwright. The deceased was eighty-four years old and had been in failing health for the past six months. His demise resulted from the infirmities incident to advanced age. W. H. Cartwright was one of the pioneers of Mediapolis and for many years was engaged in the mercantile business there. Surviving him besides his widow, who was his second wife are six daughters and two sons. The sons are H. B. Cartwright and S. G. Cartwright of this city. The latter was at the bedside when the end came, having gone there several weeks ago, knowing that his father was dying. The deceased was well known in Santa Fe, having visited his sons here several times.

BIG FIRE AT LARAMIE, WYOMING

Blaze There Today Causes Over \$50,000 Loss—Newspaper Office Gutted.

Laramie, Wyo., May 16.—Fire this afternoon destroyed Kingford's cigar store and the places of business of the Peterson Tailoring Company, Miller Jewelry Company, the Eggleston Candy Store, the Carter Jewelry Store, the Crawford New England restaurant. The Daily Boomerang building was greatly damaged losing its business office and the job department. The total loss is between \$50,000 and \$60,000. The fire was practically under control at 2:10 o'clock. Several foreigners were arrested for looting.

FRANCE WOULD DISARM COLONIES

This is Proposition Submitted to Arbitration Committee of French Parliament.

Paris May 16.—A curious proposition suggesting complete disarmament of colonies belonging to all the powers, except for interior police purposes, was introduced by M. Rodier, governor general of Cochinchina, at the meeting today of the arbitration committee of the French Parliament. It declares that arguments against the general disarmament do not apply in any way to the colonies which should be placed under the protection of all the civilized nations.

TO APPEAL FROM DECISION OF SECRETARY OF INTERIOR.

Cheyenne, Wyo., May 16.—T. S. Taffero, attorney for a company of Rock Springs capitalists, has announced that he has just taken an appeal to the Interior Department from the decision of the land office at Evanston, Wyoming, which refused to accept a coal filing on 1,200 acres of land in Sweetwater County on account of the order issued by the Interior Department last fall withdrawing all coal bearing lands from coal entry. If the decision of the Secretary of the Interior is adverse to the appellants the case will be taken to the Supreme Court of the United States. The case will involve the question whether the Secretary of the Interior, acting under the orders of the President has the power or the right thus to withdraw public lands.

OBSEQUIES OF ANTONIO ALARID

Brass Band of Which He Was Director Leads Funeral Procession—Fire Bell Tolls as Cortege Passes.

All that was mortal of the late Antonio Alarid, probate judge of Santa Fe County, and director of Professor Perez's band, was consigned to earth this morning in Rosario Cemetery. There was a large outpouring of relatives and friends of the deceased at the funeral, including the members of the musical organization of which he had been leader and manager.

At 8 o'clock brief services consisting of prayers prescribed by the Catholic Church were held at the family residence on Galisteo Street, followed by requiem mass at the Cathedral at which the officiating priest was Very Reverend Father Anthony Fourchegu, vicar general. The vicar general also conducted the ritual at the grave.

From house to church and from church to cemetery, the solemn procession was headed by Professor Perez's band which discoursed funeral dirges. Following the musicians were members of the Santa Fe Fire Department of which the deceased was a member and one of its first chiefs. As the cortege passed west on Palace Avenue the big bell at the headquarters of the fire department was tolled.

The Alarid residence was crowded all day yesterday and far into the night by persons who had known the deceased in life and called to pay their respects and view the remains. The floral offerings placed upon the bier were many and beautiful, one being a floral cross sent by employees of the New Mexican Printing Company, the deceased having been a member of the local Typographical Union.

Of the six pall-bearers, two were fellow county officials, George W. Armijo, probate clerk, and Jose I. Robal, county commissioner, two from the fire department, Emelio Mignardot and Bonifacio Ortiz, and two from the Woodmen of the World, John Howland and Teodosio Castillo.

Messrs. Ortiz and Howland were also representatives of the Typographical Union.

YEAR IN PRISON FOR ABE HUMMEL

New York Court Refuses to Interfere in Case of Famous Criminal Lawyer.

New York, May 16.—With the decision of Chief Justice Cullen of the court of appeals, in which he refused to grant Abraham H. Hummel a certificate of reasonable doubt as to his conviction for conspiracy in the Dodge-Morse divorce case, comes the passing of one of the most noted figures among New York's criminal lawyers.

Hummel was indicted two years and three months ago and his fight to escape jail has but few equals in the criminal history of New York. His last hope is lost now and must serve a year in prison.

GOLD DISCOVERED NEAR ALBUQUERQUE

Prospector Makes Strike of Ore Running \$150 to Ton—General Rush to Scene.

Special to the New Mexican.

Albuquerque, N. M., May 16.—There is considerable excitement here and in the small mining camps of Cerillos, Golden, Madrid and San Pedro as the result of a rich strike of ore running from \$20 to \$100 a ton in Coyote Canon, sixteen miles southwest of here, in the Sandia Mountains.

The strike was made by a negro named John Oxendine, who has prospected claims there for ten years. He was grub staked by several prominent business men of this city who have located a large number of claims in the vicinity of the strike.

The ore is known to assay \$20 and may go to \$100. Owners will not make a statement. The vein is 12 inches.

RIO GRANDE TRAINMEN SECURE WAGE INCREASE

Denver, May 16.—Wages of passenger conductors on the Denver & Rio Grande Railroad will be increased \$10 a month, those of passenger firemen and brakemen \$6.05 a month, and a general increase of six per cent will be given all men in the freight service and overtime paid for on a pro rata basis. These, in brief, are said to be the terms of the settlement agreed upon at the final conference last night between the officials and trainmen.

CHARGED WITH BRIBING MEMBERS BOARD SUPERVISORS

San Francisco, Calif., May 16.—Theodore V. Halsey, arrested for bribing members of the board of supervisors in the interest of the Pacific Telegraph Company, was arraigned before Judge Dunne today on ten indictments brought against him by the grand jury. The cases were all postponed to May 22.

ANTONIO ALARID.
Late Probate Judge of Santa Fe County.

END OF FRISCO STRIKE IS NEAR

Partial Agreement Has Already Been Made

\$3 FOR EIGHT HOUR DAY

Street Cars Run Today Without Any Trouble—Officials in Conference.

San Francisco, Calif., May 16.—The street car situation remained unchanged this morning. The United Railroads Company ran about the same number of cars as on yesterday and no disorder has been reported beyond the arrest of one man for attempting to interfere with the passage of a car. The report that the Geary Street Railroad, an independent line, would run cars this morning, was premature.

A partial agreement to grant the men \$3 for a day of eight hours has been made, but it lacks the signature of President Platt, of the United Railroad. President Cornelien, of the Carmen's Union, is conferring with the officers of the street car company and is confident that all the cars of the United Railroads Company will be started some time during the day.

COURT DOES HONOR TO FORMER JUDGE

Haywood Trial Takes Recess in Order That Officials May Attend Funeral of Deceased Jurist.

Boise, Idaho, May 16.—Out of respect to the memory of Edward Nugent, the first judge of the Ada County District Court, after Idaho became a state, the court over which he presided as one of the predecessors of Judge Wood, did not proceed with the Haywood murder trial until 2 o'clock this afternoon. The funeral of Judge Nugent took place this morning.

There is still every reason to hope that a jury will be selected by Saturday. The state has exercised one peremptory challenge. The second chair vacated by this first challenge will likely be filled as soon as court meets this afternoon.

Haywood, who at first paid little attention to the selection of the jury, now scans each talesman closely and consults with his counsel.

NO ARBITRATION FOR LONGSHOREMEN

New York Strikers Will Not Appeal to Federal Authorities for Aid—To Fight It Out.

New York, May 16.—Patrick Connors, chairman of the executive committee of the Longshoremen's Union, said today that the longshoremen were not going to appeal to Washington to aid them in dealing with the steamship companies. He added that the men did not want arbitration and did not contemplate an appeal to J. Bruce Ismay, president of the International Mercantile Company who is due to arrive here today.

SULTAN PROMISES REPARATION

To France For Death of Dr. Mauchamp

DETAILS NOT YET KNOWN

Until They are French Troops Will Continue to Occupy Ojuda.

Paris, May 16.—The Sultan of Morocco has decided to comply with the French demands for reparation as a result of the murder of Dr. Mauchamp, according to a letter from Fez, which has been handed to the French minister at Tangier. This fact was communicated to the French cabinet at a meeting held today. The prime minister decided to await the reception of the full text of the letter before arriving at a decision as to whether it is satisfactory. In any case the occupation of Ojuda will continue until an absolute settlement has been reached.

TO REMAIN UNDER WATER 24 HOURS

Submarine Boat Octopus Which Went Down Last Night Sends Up Message That All is Well.

Newport, R. I., May 16.—Frequent messages sent during the night by means of submarine signalling apparatus to the Octopus, which were sent to the bottom off the naval coaling station's deep water wharf at Bradford last night, brought assurances to the members of the naval trial board that everything was in good condition on board the submarine.

The messages stated that the men were taking four-hour watches between which they secured much rest. They were in good spirits, the air was reported perfect and they were thoroughly comfortable according to the arrangements for a 24-hour test.

RUEF TURNS STATE'S EVIDENCE

Will Appear Before Grand Jury and Tell All He Knows—Rumored Schmitz Will Confess.

San Francisco, Calif., May 16.—Abraham Ruef will go before the grand jury this afternoon and testify. The prosecution says that Mayor Schmitz will be the next to confess. Ruef's appearance before the grand jury this afternoon is expected to produce another batch of indictments against prominent people.

DID TUBE COMPANY INTEND TO DEFRAUD.

Pittsburg, Pa., May 16.—The case against J. Jay Dunn and Charles L. Close, officials of the Shelby Tube Company, charged with conspiracy to defraud the government by furnishing imperfect boiler tubes for use on warships, was given to the jury today. The judge's charge seemed to favor the defense.

CONDEMNED WOMEN ARE UNCONCERNED

Mrs. Madrid and Alma Lyons to Be Hanged for Murder, Not Losing Any Sleep.

According to a statement made yesterday by Sheriff Ed Tafoya of Sierra County, Mrs. Valentina Madrid and Alma Lyons who are to be hanged at Hillsboro, do not exhibit any emotion over their execution which is set for June 7.

Instead of making peace with their God while yet there is time before they pay the penalty for their crime on the gallows in accordance with the sentence pronounced by Judge Frank W. Parker, the sheriff says they apparently are unmindful of the terrible fate that awaits them. He states that he has remonstrated with them several times for their conduct and told them they ought to be down on their knees praying. He says that very little sympathy is expressed by Hillsboro people for the two women so soon to be executed.

Sheriff Tafoya and his deputy Adolfo Chaves, as was mentioned in yesterday's New Mexican, came here with Francisco Baca, who is charged with being an accomplice of the condemned women, and who has been placed in the Territorial penitentiary for safe keeping.

Baca is a nephew of Jose Molina who was convicted some time ago in the district court of Sierra County for the murder of Jose Hilario Trujillo and is now serving a term in the Territorial penitentiary.

CLAIMS SWITCHING RATES ARE LOW

Railroad Official Gives Testimony Before Commerce Commission in Suit From Texas.

Chicago, May 16.—James Peabody, stationer of the Santa Fe Railway, today gave final testimony before Judge Prouty of the Interstate Commerce Commission in a case wherein the Texas Cattle Raisers' Association complains that switching charges of \$2 on cattle shipped from Texas is too high.

Mr. Peabody quoted figures to show that upon the contrary, the switching charge was too low. The case was brought against the Missouri, Kansas and Texas Railway and twenty-five other railroads four years ago. Arguments of counsel will be heard by the Commission in Washington on May 27.

RENDERS DECISION FAVORING RAILROAD

Interstate Commerce Commission in Making Ruling Regarding Rate Regulation Explains Why.

Washington, May 16.—In a decision rendered today in dismissing the complaint in the case of E. H. Wilhoit against the Missouri, Kansas and Texas Railway Company, the Interstate Commerce Commission held that "to make railroads the sole factor in determining a reasonable rate would introduce an unjust discrimination and create chaotic commercial conditions."

NICKERSON QUILTS MEXICAN CENTRAL

To Become General Manager of W. C. Greene's Railroads in Mexico—Successor Not Named.

New York, May 16.—H. H. Nickerson, vice president of the Mexican Central Railroad has resigned and it is understood he will assume the management of W. C. Greene's railroads in Mexico. Nickerson's successor has not yet been appointed.

GOLD BULLION COM- PANY NEW OFFICERS

Annual Meeting Held at Golden First of Week—Santa Fe Men Interested.

The Gold Bullion Mining Company, which has extensive placer properties near Golden in South Santa Fe County, held its annual meeting on Tuesday at that place and elected the following officers and board of directors: F. M. Barden, president; S. H. Wagner, vice president; S. M. Allen, treasurer; H. Hagerman, assistant treasurer; R. S. Radcliffe, secretary. Directors, F. M. Barden, C. E. Griener, C. N. Huston, A. L. Smedley, L. B. Prince, Charles F. Easley, Henry Hagerman, S. H. Wagner, S. M. Allen.

Hon. L. B. Prince and C. F. Easley of this city were present at the meeting. They report that the company is receiving a large amount of new machinery from the east and when this is installed and in working order that the company will have the most extensive placer mining plant in Central New Mexico. The company expects to do a very successful business this year.

The new officers of the company are prominent citizens of Hamilton, Ohio, and that city will be the eastern headquarters of the company.

RISK LIVES TO SAVE COMRADES

New York Firemen Prove Themselves Heroes

ALL ARE BADLY BURNED

Stubborn Blaze in Hold of Oil Barge Overcame Men --All Escape Alive.

New York, May 16.—Ten firemen risked their lives today in saving six of their comrades who were overcome by flames and smoke in the hold of a burning oil barge. All the rescued men were seriously burned.

Six firemen had gone into the hold and were cutting away a partition when a terrific blast of flame and smoke swept through the opening and enveloped them. The men were overcome and their rescuers were nearly suffocated.

CONSOLIDATE CITY BASEBALL TEAMS

Merge Two of Leading Local Clubs Into One Strong Organization—Nathan Salmon Manager.

Santa Fe now has one of the strongest semi-professional baseball teams in the Southwest. The two leading local clubs were consolidated at a meeting held for that purpose last night and the newly organized team will make its first public appearance on Memorial Day when a game has been scheduled with the Albuquerque McIntosh Browns. It is expected that the new baseball park will be completed by that time.

Nathan Salmon has been chosen as manager of the Santa Fe club. Simon Nussbaum will be the treasurer and William E. Parsons the secretary. George E. Parsons will be field captain. The personnel of the reorganized club will consist of the following well known players, George Parsons, William Parsons, James Lopez, Dan Anderson, Louis Anderson, M. Stanton, T. Arce, Jean Hampel, Peter Bernardenelli, J. Alarid, Edward Safford, Jacob Safford.

Lopez, Cromwell and Ed Safford will comprise the local pitching staff.

BALMY WEATHER ON DECK ONCE MORE

Temperature Much Warmer Today Than Yesterday and Sun Shines From Cloudless Sky.

It is weather like what has been served out by the weather man today that has made New Mexico's climate famous and especially that of Santa Fe. Old Sol beamed down from a cloudless sky, and the temperature assumed its normal condition at this season. There was some frost this morning, but it did not amount to much. Today's official forecast for New Mexico indicates that the weather will be fair tonight and Friday with warmer temperature tonight in the southeast portion of the Territory.

In Santa Fe the temperature at 6 o'clock this morning was 45 degrees and the lowest temperature during last night, 36 degrees. Yesterday's maximum temperature was 62 degrees at 4:40 p. m., and the minimum temperature 26 degrees at 4:15 a. m., making the mean temperature 44 degrees. The relative humidity for the day was 55 per cent.

WHEAT MAKES SENSATIONAL JUMP

July Went From 92.14 to 99.12—Volume of Business of Market Was Immense.

Chicago, Ill., May 16.—The wheat market experienced another sensational upturn near the end of the session on the Board of Trade today. July wheat jumped from the lowest price of the day 92.14 to 99.12, and closed five cents over yesterday's final figures at 98.12. The volume of business was immense.

SHIPPING CATTLE FROM RINCON

The cattlemen of the Joronado del Muerto, between the Rio Grande and the San Andres mountains are engaged in the annual round-up and branding of calves. The calf crop is reported as very good. Several of the cattle owners in that section are arranging to ship about 5,000 head of beef cattle from Rincon station on the Santa Fe Railway to the Kansas City and Chicago markets. These shipments will take place in the next two weeks.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THE THIRD TERM CONTROVERSY.

The third term question for the President is being discussed by many newspapers throughout the country. In most cases this discussion is sensible and moderate. In others, it is hysterical, far-fetched and immoderate. There is absolutely no good reason for the latter course. If any man is to be elected to a third term in the presidential office it would be because the exigencies of the situation demand it and because the people of the country will consider it best for all concerned not to make a change in the presidential office then and there. The election of a President to a third term would not be a violation of the Constitution of the United States, nor would it prove baneful and detrimental to the country. To assume such a later outcome would be to place absolutely no faith and reliance in the patriotism, honesty and worth of the man who might be so chosen. An unwritten law might be violated by such action, but only this and nothing more. Times change and men change with them. What was correct, proper and patriotic at the time of George Washington may not prove so in the twentieth century. There must be changes in governments as time advances and as the human race becomes more intelligent, more enterprising and more grasping for possibilities, which a few years ago were considered absolute impossibilities and fancies.

The New Mexican does not believe that Mr. Roosevelt will change his mind in the matter of the candidacy for a third term to the office which he has so magnificently filled for the past few years; this paper is of the opinion that he is sincere and true in his endeavors to aid another candidate and a man who is and will be in sympathy and in accord with his ideas and reforms.

Should Mr. Roosevelt be re-nominated by acclamation by the next Republican convention and should he accept, not only no harm to the country would be done, but the course of future events might prove that his re-nomination was the only course to pursue under the circumstances and the conditions. There is certainly no need for worry. In the discussion of this grave subject the Washington Post, in reviewing a recent editorial in the Indianapolis News, takes the proper position declaring:

"In an editorial entitled 'Third Term Talk' and the 'talk' relates to President Roosevelt, the Indianapolis News remarks that 'no free people ought ever to get into the habit of thinking of any one man, no matter how good and great, as indispensable.' The Post prefers on this occasion to treat the third-term question generally rather than with reference to any particular President. Is there any danger that the people of the United States will get into the habit against which the News warns them? If at any time the people should decide to elect a President for a third term, would such election prove that they believed him indispensable? Is it not quite possible, not to say probable, that a time may come when it will be deemed wise and patriotic to retain a President in office after the expiration of a second term, not because his incumbency of the position is indispensable, but because, by reason of peculiar conditions, his retention seems to be preferable to a change? It is not a good time to swap horses when you are crossing a stream." This republic may find itself, figuratively speaking, fording a river at the end of the second term of a President whom the people feel that they ought not to spare under existing conditions. It is not necessary to suppose a war at home or abroad. Great conflicts of opinion come in peace as well as in war. Suppose the leader of the dominant party in such a conflict to be the President and that his second term is about to expire; suppose the party and the people generally to have full confidence in his ability and integrity, why should not that faithful public servant be held in service to complete his work? There may be too much prejudice against a third term to render this course practicable, but that feeling is not indicative of firm trust in the capacity of the people for self-government."

IMPORTANT POINTS IN KANSAS-COLORADO WATER SUIT.

Colorado did not obtain all it contended for in the suit brought against the state by the state of Kansas to enjoin the use of the waters of the Arkansas for irrigation purposes within the bounds of the Centennial state, and yet, it achieved a signal legal victory in that the United States Supreme court in its decision gives assurance that as far as the waters of

the Arkansas have been appropriated for irrigation purposes no judicial restraint or prohibition will be permitted to disturb the settlers in the Arkansas Valley, at least not as far as the contentions of the state of Kansas are concerned. However, the court intimated, that future extension of the appropriation of the waters of the Arkansas, might bring an injunction against such increased appropriation, if it can be shown that this increased appropriation causes material damage to the state of Kansas.

The following legal points were settled by the opinion:

That the United States Supreme Court has jurisdiction; that Congress has no power to legislate dividing the waters of an interstate waterway, Congress having no control except as to navigation; that land belonging to the federal government within a state is subject to the law of that state. The opinion also upholds state laws relating to the general reclamation of arid lands within the state and declares the federal authority cannot supersede them, and that it is for the state to exercise full jurisdiction in determining whether the common law rule of riparian ownership or the doctrine of appropriation of water for irrigation purposes shall prevail. At the same time the court contends that, a question arising between two states, each applying a different rule, as to the rules just mentioned the Supreme Court, and not Congress, shall determine. The court denies that the state of Kansas is entitled to all the waters of the Arkansas River as a riparian right; it also denies the claim of Colorado that she has the right to appropriate all the water of the river in her borders, as a matter of state sovereignty, to the detriment of the state of Kansas; also, that Kansas, having passed a law, which its courts upheld, recognizing the right of appropriation of waters for irrigation purposes, cannot complain when the same rule is applied as between that state and Colorado.

CARLSBAD CELEBRATION JULY 4.

On the third, fourth and fifth of July the people of Carlsbad are to celebrate the opening of the irrigation system of the lower Pecos Valley in Eddy County under and by virtue of the work of the United States reclamation service. The recent Legislative Assembly appropriated \$1,500 towards the expenses of this celebration and the people of Carlsbad by popular subscription have raised \$3,000 more. This, while not a large sum will, it is thought, be sufficient to make the occasion memorable in every respect. Unfortunately Carlsbad can only be reached from the northern, central and southern sections of the Territory after a rather difficult and expensive journey, hence there will not be many people from these sections to attend. This is unfortunate, but cannot be remedied at this time. However, the people of Eddy, Chaves and Roosevelt Counties should be there in great numbers and should aid the citizens of Carlsbad in every possible way. The Argus, the leading paper in Eddy County, wisely and timely says that the celebration scheduled for the third, fourth and fifth of July in Carlsbad calls for united action on the part of every citizen of Carlsbad and the Pecos Valley. This will be the first opportunity the people of the West have had to show their appreciation of what the government has done for this section of the country in conserving the waters of the rivers for the benefit of the home-seeker and home-maker, and especially in what the reclamation service has done for Carlsbad in coming to the rescue of an almost despondent people, and for the upper valley in bringing to a fruitful state a hitherto desert waste. The government is entitled to and has the thanks of a grateful people, but these people should unite in one grand demonstration of their appreciation, and let the occasion be one of joy and thanksgiving.

A SOFT SNAP FOR SOME LAWYERS.

A rather correct, if somewhat tough view, of the recent Colorado-Kansas controversy over the ownership of the water of the Arkansas River is taken by the Kansas City Times which paper editorially intimates that the suit on the part of the Sunflower State was a sort of Albuquerque Morning Coyote fake and was simply undertaken to help some prominent Kansas attorneys. To those in New Mexico who are acquainted with irrigation matters and with the disposition of waters for irrigation it seems as if the Times' views were about correct. Says that paper editorially: "That Kansas lost its irrigation suit against Colorado will occasion no

surprise to those who have given the subject thought, or who are acquainted with conditions in western Kansas. The contention of the Kansas attorneys that Colorado had appropriated the water which should flow down the Arkansas River into Kansas, thereby causing great injury to the western Kansas farmers, has always been considered a joke in that part of the state.

"That the water does not 'flow' in the Arkansas west of Hutchinson, except during the period of the spring floods, is not due to the irrigating ditches of Colorado. Irrigation is a practice of recent years, while the disappearance of the water from the Arkansas River bed was noted by the gold seekers who crossed the plains in '49."

"However, the dismissal of the Kansas-Colorado suit over the Arkansas River water supply will not change the situation regarding the appropriation by the last legislature for the attorneys in the case. The attorneys get the money, and Kansas gets the 'double cross.'"

RAILROAD MANAGERS SHOULD HEED.

The coroner's jury that investigated the recent railroad catastrophe near Hondo station on the coast line of the Southern Pacific and in which thirty-two persons lost their lives besides many injured, has found a verdict putting the blame of the disaster on the railroad company, the principal cause alleged being poor equipment. It is also plain to the people that the management is much to blame for the disaster. According to press dispatches the piece of track where the catastrophe occurred is sand swept and the rails were liable to be covered by sand at frequent intervals during the year. That means that the railroad officials in charge had plenty of notice and should have kept the track clean and in good condition. A sufficiently large force for that purpose should have been employed. This it seems was not done and this fact with the poor equipment evidently is the leading cause for the blood curdling episode; the officials in charge should be held criminally responsible and the management should be made to pay the heaviest possible damages. The record of railroad accidents, especially during the last few months all over this great country has been simply appalling and if no immediate and decisive halt be called there is no telling what the outcome will be. That the people are becoming very, very tired of this constant news of awful railroad disasters and bloody accidents on many railroads of the country is sure and high railroad officials will do well to recognize this solemn fact. The discontent is well founded and should be given due heed by the railroad managers all over the country.

STICK TO HOME INTERESTS.

The El Paso News suggests that an extensive canning factory be instituted in that city for the purpose of furnishing a profitable market for the fruits and vegetables located in the valley for a distance of seventy-five miles north and south. The suggestion is a good one and if carried into effect will doubtless prove beneficial for all concerned. However, right here it should be remembered that Las Cruces, the prosperous county seat of rich Dona Ana County, already has a good canning factory in operation and that it would be much better from every standpoint were this factory to be enlarged and improved. The New Mexican believes in protection for home interests, be they school district, precinct, town, city, county, territory or nation. Hence the position this paper takes and it hopes that the people of progressive Las Cruces will take it up and push their home project to success.

FALSE SURMISES AS TO CAPTAIN CURRY.

"Governor Curry is expected to be in New Mexico by June 1, when things are expected to begin to happen. One thing may be depended upon and that is if the bronze-busting Governor refuses to do the bidding of the old Republican ring in that Territory the gang will be after him, just as it was after Hagerman."—Bisbee Daily Review.

The above is the opinion of another rabid Democratic and anti-joint statehood paper. That paper was also a supporter of the Hagerman administration. No comment is necessary, except that Captain George Curry will not be here until the 15th of July and that the surmises of the dispatch have nothing but moonshine and hot air to be based upon.

Secretary James Wilson of the Department of Agriculture, about as good an authority as there is, states officially that American meat is the best on earth. There is no doubt that this statement is absolutely true. Despite the pessimists the American government is also the best on earth. The American people will have none but good meat and they are the greatest meat eaters on this sphere.

"According to the whimpering accusation of the Hagerman following, 'The man who does things' has once more shown himself to be worthy of the title."—Socorro Chieftain.

Of course "the man who does things" is bound to make enemies, especially if he does things that are very disagreeable to his opponents.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas, sides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$2.75
Combined civil and criminal.....\$4.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound, \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901, and 1903, English and Spanish pamphlet, \$2.25; full leather, \$3; Sherli's Flexible-Cover Pocket Docket, single, \$1.25; two or more looks, \$1 each; New Mexico Supreme Court Reports, Nos. 3 to 10, inclusive \$3.30 each; Compilation Corporation Laws 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50; full list school blanks.

WHAT THE KIDNEYS DO.

Their Untiring Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Louis West, living at 225 Manhattan St., Santa Fe, N. M., says: "On and off for a couple of years I was troubled with a dull heavy aching in the small of my back. I tried many remedies and used plasters but derived little or no benefit. In March a neighbor recommended Doan's Kidney Pills to me and I procured a box at Ireland's drug store. The result of its use was so satisfactory that I continued with them taking a second box until the pain in my back left me and the secretions from the kidneys became more free and natural. From that time on I have been a well man, have had a strong back and no trouble of any kind with my kidneys. I shall always speak well of Doan's Kidney Pills and have recommended them on a good many occasions to my friends."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CLIMATOLOGICAL SUMMARY FOR MONTH OF MARCH

General Remarks.

The month as a whole was very pleasant for March, altho toward the close of the month wind storms were somewhat more frequent than usual at this time of the year, especially over the prairie country of the central and southeast portions. The temperature was considerably above the normal. During the latter part of the second decade almost summer temperatures prevailed, a maximum of 97 degrees being recorded at Carlsbad on the 20th. In general the highest temperatures of the month were recorded during the period 18th-20th, inclusive. The lowest temperatures were recorded generally on the 14th, and less generally on the 1st, while a third period of cold weather occurred during the last five days of the month, accompanied by high winds, rain, snow and some hail. The precipitation was less than one-third of the usual amount for the month of March, more than half of the stations of the Section reporting either no rain or snow-fall, or only an inappreciable amount. The precipitation periods of the month were the 4th-9th, 21st-23d, and 27th-28th. During the latter period the greatest amount recorded for the month, 1.50 inches, occurred at Clouderoft. Nearly all of the earlier blossoming fruits were in full bloom by the 27th, and the season was generally considered as almost a month in advance, but the cold spell at the close of the month checked the growth of vegetation and killed most of the fruit blossoms, particularly in the more northern counties. Before the close of the month there was general complaint of drouth, especially over the prairie counties, for thus far the winter months had been very dry.

Until the storm period of the 27th-28th, which added greatly to the depth, the snow in the mountains at the close of the month was less than is usual at this season. Owing to this storm there was more than the usual amount of snow in the mountains about the headwaters of the Pecos on the 31st of the month, but in general there was less than usual elsewhere in the Territory because of rapid melting, and the evaporation caused by the high, drying winds. This was especially so on the south and east slopes of the mountains, which were almost bare on the 31st, and the streams depending upon the melting snow of these slopes for their water, like the upper tributaries of the Canadian river, were threatened with a shortage very early in the spring.

Pressure.

The monthly mean pressure at Santa Fe (reduced to sea level) was 29.96 inches; the highest was 30.44 on the 31st, and the lowest was 29.49 on the 12th; absolute range, 0.95 of an inch. At Roswell the monthly mean pressure was 29.90 inches; the highest was 30.50 on the 31st and the lowest was 29.47 on the 12th; absolute range, 1.03. At Durango, Colo., the mean was 29.96 inches; the highest was 30.39 on the 31st, and the lowest was 29.57 on the 12th; absolute range, 0.82. At Amarillo, Texas, the mean was 29.92 inches; the highest was 30.54 on the 31st, and the lowest was 29.52 on the 12th; absolute range, 1.02. At El Paso, Texas, the mean was 29.94 inches; the highest was 30.28 on the 31st, and the lowest was 29.66 on the 12th; absolute range, 0.62.

Temperature.

The monthly mean temperature, as determined from the records of 56 stations having a mean altitude of about 5,000 feet, was 49.5°, or 5.0° above the normal for the month, as shown by the temperature departures of 20 stations that have records for ten years or more. The highest temperature recorded was 97° at Carlsbad on the 20th, and the lowest was 0° at Chama on 1st. The greatest daily range in temperature was 63° at Datil on the 20th.

Precipitation.

The average precipitation for the Territory, as determined from the records of 71 stations, was 0.19 of an inch, or 0.51 of an inch below the normal, as shown by the precipitation departures of 23 stations that have records for ten years or more. The greatest amount of precipitation, 1.50 inches, was recorded at Clouderoft, while 21 stations reported no precipitation, and 16 stations recorded only a trace during the month. The average number of days with 0.01, or more, of precipitation was 1.

Relative Humidity.

The monthly mean relative humidity at Santa Fe was 40 per cent; at Las Vegas, 45 per cent; at Roswell, 44 per cent; at Mesilla Park, 33 per cent; at Durango, Colo., 55 per cent; at Amarillo, Tex., 52 per cent; and at El Paso, Tex., 30 per cent. Observations are taken at 6 a. m. and 6 p. m., except at Mesilla Park where the readings are taken at 8 a. m. and 6 p. m.

Sunshine and Cloudiness.

For the Territory the average number of clear days was 21, partly cloudy 7, and cloudy 3. Santa Fe had 80 per cent of the total possible sunshine; no day without sunshine; 14 days with 90 per cent or more; and 12 days with 100 per cent. Roswell had 71 per cent of the possible sunshine; 1 day without sunshine; 8 days with 90 per cent or more; and 5 days with 100 per cent. Durango, Colo., had 74 per cent of the possible sunshine; 3 days without sunshine; 13 days with 90 per cent or more; and 5 days with 100 per cent. Amarillo, Tex., had 82 per cent of the possible sunshine; no day without sunshine; 13 days with 90 per cent or more; and 4 days with 100 per cent. El Paso, Tex., had 83 per cent of the possible sunshine; no day without sunshine; 16 days with 90 per cent or more; and 11 days with 100 per cent.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

THE LARGEST AND MOST UP-TO-DATE DRY GOODS HOUSE IN THE CITY

PERSONAL MENTION

Land Commissioner Robert P. Ervien has returned from a short visit to Clayton, his former home.

Hon. L. Bradford Prince, who has been in the mining camps of south Santa Fe County for the last few days, returned home yesterday.

John H. Kirby, clerk in the local office of the Pennsylvania Development Company, was a business visitor yesterday and today at Estancia.

Territorial Land Commissioner Robert P. Ervien returned to the Capital last night from Clayton where he has been for several days on business.

District Attorney Robert C. Gortner reached the city last evening, returning from official duties at the recent term of the district court at Taos.

Attorney A. B. Renahan has returned from Taos where he attended to legal business, having several cases before the district court of Taos County.

Harry S. Clancy is back from Taos where he officiated as court stenographer at the spring term of the district court which adjourned there Tuesday.

County Commissioner J. I. Roibal was in the city yesterday on a visit to his wife who is a patient at the Dr. Diaz Sanitarium. Mrs. Roibal is getting along well.

Judge John R. McFie returned last evening via the Denver and Rio Grande Railroad from Taos where he presided at the spring term of the district court of Taos County.

G. A. Kaseman, treasurer of the Albuquerque and Cerrillos Coal Company, was registered at the Claire Hotel yesterday from his home at Albuquerque. He was here on company business.

Clerk A. M. Bergere of the First Judicial District Court returned last evening from Taos where he was at his post at the May term of the district court of Taos County which has just adjourned.

F. H. Wielandy, of St. Louis, Missouri, who travels for a wholesale stationery firm in St. Louis, spent today in the city on business. Mr. Wielandy is a son of J. F. Wielandy, a former resident of this city.

Captain Fred Fornoff of the Territorial Mounted Police, who has been in southern New Mexico on official business is now at Las Vegas where he was summoned as a witness in the federal district court there.

Professor Alfredo M. Sanchez, assistant superintendent of public instruction, left this afternoon for Albuquerque. He will deliver an address tomorrow at the closing exercises of the public schools at Old Albuquerque.

Jose D. Sena who officiated as official interpreter at the recent term of the district court in Taos returned last evening in company with the other court officials and local attorneys who were there attending the sessions.

A. M. Edwards, Farmington attorney, who has been in this city on legal business left this morning for his home via the Denver & Rio Grande Railroad. Before leaving he appeared in a divorce case before Judge McFie in Chambers.

Haiden T. Curd, of Denver, Colorado, traveling freight agent of the New York Central and Hudson River Railroad and its allied lines, looked after business today in Santa Fe. He arrived in the city last evening from Albuquerque.

Major W. H. H. Llewellyn, of Las Vegas, U. S. attorney for New Mexico and E. L. Medler, assistant U. S. attorney, are in East Las Vegas in attendance on the present term of the U. S. court for the Fourth Judicial District in session there.

Mr. and Mrs. W. H. Jack, of Silver City, accompanied by their daughters, Mrs. Joann Moorman and Miss Isabel Ecker, arrived yesterday in Albuquerque en route home from Los Angeles, California, where they attended the convocation of the Mystic Shrine.

Attorney and Mrs. Charles C. Catron returned home last evening from Taos where the former has been attending to legal business before the district court of Taos County. They drove the entire distance stopping over night at a ranchhouse on the way.

Jose Y. Torres, treasurer and ex-officio collector of Socorro County, was a visitor in the city yesterday. He came to see a son who is a student at St. Michael's College and a daughter, who is a pupil at the Loretto Academy. Both are doing nicely at these educational institutions.

E. G. Twitty, of Raton, who is the efficient probate clerk of Colfax County, spent today in the city on official business and making acquaintances. Mr. Twitty served for several years as deputy probate clerk of the county and was elected to the position he now holds in November, 1906, by a very handsome majority. This is his first visit to Santa Fe, although he has resided in the Territory thirty-six years.

Sheriff Edward Tafuya, of Hillsboro and his deputy Adolfo Chaves, of Monticello, Sierra County, who came to the city yesterday in charge of Francisco Baca, a prisoner charged with murder and who was turned over to the penitentiary authorities for safe-keeping, went home this evening. They enjoyed their visit to this city very much where they have relatives and friends.

The regular weekly meeting of Santa Fe Lodge No. 2, I. O. O. F., will be held this evening at Odd Fellow's Hall on Lower San Francisco Street. County Commissioner Jose L. Robal, of Pojoaque was in the city today and acted as one of the pall-bearers at the funeral of the late Probate Judge Antonio Alarid.

The foundation walls for the new residence now being erected on Palace Avenue for P. F. Knight, assistant cashier of the U. S. Bank and Trust Company by Contractor Tony Windsor, are completed. The work has been done well.

Engraved and printed visiting cards and invitations of all kinds and of all sizes are made a specialty by the New Mexican Printing Company. Call on or write the business manager for information or prices. First class quality and lowest possible figures.

The regular monthly communication of Santa Fe Lodge of Perfection No. 1, A. and A. S. R., will be held Saturday evening next at Masonic Hall. The officers elected for the ensuing term will then and there be installed. Visiting Masons of the Scottish Rite are courteously invited to be present.

Suffering from a recurrence of appendicitis Carlos Creamer is again a patient at St. Vincent's Hospital. He had apparently recovered from the malady about a week ago without the necessity of a surgical operation but the ailment reasserted itself yesterday afternoon and he will now in all probability be operated upon.

Sheriff Cleofes Romero, of San Miguel County, has returned to Las Vegas from Denver, having in custody two Japanese boys who are charged with disposing of mortgaged property. Their names are O. Kimura, and George Kuni and the complainant is R. J. Taupert, a jeweler in the Meadow City. Their cases will be investigated by the Territorial grand jury now in session there.

The Plaza Fete, which is an annual event under the auspices of the Woman's Board of Trade and Library Association of this city will be held this year on Tuesday June 18. Articles will be received by the members for the "rummage sale," which is one of the features of the affair. The proceeds will be applied to the fund being raised to pay for the new public library now in process of erection.

Silver City about two years ago and is living with a daughter in that town. His mind is still clear and while he is very feeble and nearly blind he can manage to walk about without assistance.

It is understood that a meeting of the Board of County Commissioners will be called for Monday for the purpose of filling the vacancy in the office of probate judge of this county which recently occurred by the death of the late Antonio Alarid who was its incumbent at the time of his demise. Among those mentioned for the appointment are Hon. Benjamin Read, of this city, Victor Ortega, merchant and postmaster at Chimayo and Benito Lujan, farmer and fruit grower at Pojoaque, who was the Republican candidate for probate judge in the November, 1904, elections, and was defeated for the office by a small majority. Canuto Alarid, a printer of this city, is also being urged by his friends for the selection.

Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. For sale at The Ireland Pharmacy.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel capped glass jars, 50 cents. Sold at the Fischer Drug Company.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily endorse it." For sale at The Ireland Pharmacy.

More News From the New England States.

If anyone has any doubts as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Willimantic, Conn., who after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. For sale at The Ireland Pharmacy.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this Clever Coffee Imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by the Cartwright-Davis Company.

Free Samples of "Preventives" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventives are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventives prevent colds—as the name implies—when taken early, or at the "Sneeze Stage." For a seated cold or LaGrippe, break it up safely and quickly with Preventives. Sold by the Fischer Drug Company.

SHEEP HERDER HAS HIS FEET FROZEN.

Carlsbad, N. M., May 16.—J. C. Cameron, an aged man, unmarried, who for the past few months has been in the employ of Griffith and Swigart as sheep herder on the plains east of Carlsbad, was brought to this city to have an operation performed on his foot, which was frozen during the storm which swept over the country two weeks ago.

He was exposed to the storm for about twelve hours and had the toes of his left foot and a portion of the foot frozen. The injured member was amputated. Blood poison set in after the operation and Cameron died as a result.

Blank certificates of births and deaths required to be furnished by physicians, midwives, nurses and other attendants at such occurrences, for sale at the New Mexican Printing Office. Low rates and in quantities to suit. Either in the English or Spanish languages. All orders will receive prompt attention.

NEWELL GETS ANOTHER BOOST

Director of Reclamation Service Made Consulting Engineer of Geological Survey.

Washington, D. C., May 16.—Secretary Garfield, of the Interior Department, has designated F. H. Newell, director of the Reclamation Service, as the consulting engineer of the Geological Survey.

This is in recognition of Mr. Newell's long services in building up the engineering work of that bureau, as it pertains to the measurement of streams and the determination of the water supply. This work was initiated by him in 1888, and carried on under his direction. It has gradually expanded from a few simple measurements into a system covering the greater part of the United States.

As a result a large amount of data has been brought together, covering the behavior of streams in different parts of the country, and affording material upon which to base substantial development. The importance of these investigations will be readily appreciated when it is known that during recent years from \$2,000,000 to \$5,000,000 per annum have been expended in water powers and other works which would not have been invested if it were not for the existence of the data which have been procured by the Geological Survey.

These records of river flow and the fluctuations in high and low water seasons extend through a number of years and are absolutely essential to the engineer and investor in planning important works for stream utilization. It is proposed by the Geological Survey that this work shall be continued and still further expanded in various lines, and to assist in this Mr. Newell has been designated, as above stated, as the consulting engineer of the survey.

Mr. Newell is now in the west with the interior waterways commission and will soon be on the Mississippi studying that river in its economic aspects.

MALT NUTRINE.

For that tired feeling, for lack of appetite, during convalescence and as a general tonic you can do no better than to take Malt Nutrine. It is prepared by the Anheuser-Busch Brewing Association after the most improved methods. It contains less alcohol, (less than 2 per cent), than any malt tonic on the market. In addition it contains more solids than any other extract. It is thus a food and not a stimulant.

Per bottle, 25c; per dozen, \$2.50.

Members of Carleton Post, No. 3, Grand Army of the Republic, are requested to meet at 2 o'clock sharp tomorrow afternoon at the residence of Mrs. Maria Torres de Gooch, to attend the funeral of their late comrade, Ysidro Torres.

Justice of the Peace Jose Ma. Garcia, who is adjutant of Carleton Post, No. 3, Grand Army of the Republic, had intended leaving yesterday for Las Vegas to attend the annual reunion of the old soldiers, but did not do so on account of the death of Ysidro Torres.

The Board of County Commissioners of Santa Fe County will hold a special meeting Monday for the purpose of appointing a probate judge, vice Antonio Alarid, deceased. Probate Clerk George W. Armijo is temporarily acting as probate judge until the vacancy is filled in accordance with Section 1684 of the Compiled Laws.

A party of St. Louis and Las Vegas capitalists is looking over a proposed electric railroad from Las Vegas via Mora to Taos. W. A. Buddecke, president and manager of the Las Vegas Electric Street Railway Company, is pushing the project. The resources along the proposed route are being carefully examined by this party and the feasibility and cost of building of such a line are being investigated. The party consists of W. A. Buddecke, Benigno Romero, W. C. Hayden, of Las Vegas, August Barthels, of St. Louis; Thomas McConnell, D. Burkhalter and George W. Sutton.

The hearing in the case of Judge Granville Pendleton, San Juan County attorney, upon charge of misconduct, which was to have come off before Probate Clerk L. B. Eblin, at Aztec, on the 15th instant, has been postponed until June 24 and the final hearing is set for Santa Fe July 8th. Judge Pendleton is charged of misconduct as an attorney in certain land cases and with other irregularities. Chief Special Agent F. C. Dezendorf, of the general land office has charge of the case for the government. Judge Pendleton denies any and all allegations and claims that he will disprove them by competent testimony.

TWO PRISONERS FROM TAOS COUNTY

Manuel Vargas, an Indian, Sentenced to Ten Years Imprisonment for Infanticide.

Following the adjournment of the district court of Taos County, two prisoners convicted there during the term and sentenced to the penitentiary, were brought to this city last evening in the custody of Jose D. Sena, who had been commissioned as guard by the sheriff of Taos County. One of the criminals was an Indian of the name of Manuel Vargas who had been found guilty of the murder of a baby, an alleged illegitimate child of his wife, for which crime he was sentenced to serve ten years in prison. The other convict was Jose Inez Sandoval of Questa, who was sentenced to five years' imprisonment for attempted criminal assault. His intended victim was a young girl but no injury was accomplished.

VETERANS GATHER AT LAS VEGAS

Members of Grand Army Holding Twenty-fourth Annual Reunion in Meadow City.

East Las Vegas, N. M., May 16.—The twenty-fourth annual reunion of the New Mexico department of the Grand Army of the Republic opened here yesterday and continued today. The reunion is attended by a large number of old veterans from all parts of the Territory.

A resolution was adopted asking that the names of all veterans of the Mexican, Indian and Civil wars be published in the records in the office of the adjutant general's office. Another resolution asking the officers of the association to memorialize Congress to reserve the famous Golieta battlefield as a national park was also adopted.

The reunion will close tonight with the election of officers for the ensuing year.

TAOS COUNTY COURT ADJOURNS

Session Just Closed Was a Busy One—Many Cases Disposed—Officials Return Home.

Special to the New Mexican. Taos, N. M., May 16.—After having been in session eight days during which time a number of cases were disposed of, the May term of the district court for this county was adjourned by Judge John R. McFie on Tuesday evening. The court officials departed for their homes at Santa Fe yesterday.

The following cases were disposed of during the last day's session:

In the case of the Territory vs. Narciso Laforet, charged with violating the Sunday law, the case was dismissed and the defendant released.

In the case of the Territory vs. El-fego Tenorio, the case coming up on appeal, the same was dismissed.

In the case of the Territory vs. Nicolas Vigil, charged with seduction, the defendant was dismissed as the prosecuting witness refused to appear.

In the case of the Territory vs. Solomon Rael and Epimenio Rael, charged with violating the Sunday law, the defendants pleaded guilty and were fined \$15 and costs. The sentence was suspended, however, during good behavior.

In the case of the Territory vs. Solomon Rael and Epimenio Rael, the defendants being charged with violating the gambling law, the defendants pleaded guilty and were fined \$50 and costs.

In the case of the Territory vs. Ricardo R. Martinez, charged with violating the Sunday law, the defendant entered a plea of guilty and was fined \$15 and costs. The sentence was suspended during good behavior.

In the case of the Territory vs. L. E. Shale, charged with violating the Sunday law, the defendant pleaded guilty, but as it was shown that the defendant had had a fine assessed against him in another case, the charge against him was dismissed upon payment of the costs.

In the case of the Territory vs. L. E. Shale charged with selling liquor to minors the defendant entered a plea of guilty, but appearing that he had already paid one fine, the charge was dismissed upon payment of the costs.

In the case of the Territory vs. J. H. Elledge and Frank Wilson, charged with violating the Sunday law, the defendant Elledge entered a plea of guilty, but as he had already paid one fine, the cause was dismissed upon payment of cost.

In the case of the Territory vs. J. H. Elledge and Frank Wilson, charged with permitting minors to loiter in their saloon, the defendants pleaded guilty, but it appearing that one fine had already been assessed against the defendants the case was dismissed upon the payment of costs.

In the case of the Territory vs. J. H. Elledge and Frank Wilson, charged with selling liquor to minors, the defendants pleaded guilty and were fined \$25 and costs and sentenced to serve thirty days in the county jail. Pending good behavior the jail sentence was suspended.

In the cases of the Territory vs. Thomas Turner, charged with selling liquor to Pueblo Indians, a continuance was granted until next term.

In the case of the Board of County Commissioners vs. J. H. Elledge and Frank Wilson, being an action to restrain the defendants from operating a saloon in the town of Tres Piedras, the plaintiffs were granted relief and the defendants were ordered to refrain from operating a saloon in said town as it failed to have the required 100 population according to Territorial statute.

In the case of the Territory vs. L. E. Shale, the action being identical with the one above, the decision was the same.

GREAT PROSPERITY IN TAOS COUNTY

Recent Term of Court Most Successful Ever Held—Many New Settlers Coming In.

Judge John R. McFie returned to the city yesterday from a two weeks' stay in Taos where he presided over the session of the district court for that county. The term was most satisfactory in every respect and the civil and criminal dockets were cleared. There was plenty of money in the court fund which fact enabled the court to keep the grand and petit juries in session as long as was necessary for the proper transactions of business. Both juries did very good work.

According to the Judge, the Taos people are very prosperous and con-regium mass will be celebrated at

tented. Many new arrivals were noticed and many land sales are recorded, interests in confirmed land grants being in special demand. Delinquent taxes especially on real estate to the amount of \$8,300 have been paid into the county treasury recently, thus enabling the county commissioners to discharge all outstanding obligations of the county to date.

While the season is backward on account of the recent heavy snowstorms, still the outlook for cereals and vegetable crops is of the brightest. Judge McFie says that in his many years' experience in Taos County he has never seen so much snow on the north side of the range at this time of the year as he has noticed during his recent visit there. This fact insures an ample water supply for this summer. The streams are full of water and the irrigation facilities have been greatly extended and improved throughout the county. There will be no fruit crop as fruit has been killed by the recent cold spells. Live stock on the contrary is doing very well and sheep owners, especially are very well pleased with this season's outlook. Much business is being done in Taos and surrounding towns and the merchants are not only making no complaints, but appear well satisfied. Conditions in the county are the best the Judge has ever seen and he has visited there regularly twice a year for the past nine years.

JOINS BIVOUAC OF THE DEAD

Ysidro Torres Expires Suddenly on Ninetieth Birthday—Veteran of Mexican and U. S. Armies.

Death came suddenly to Ysidro Torres who expired at 2:30 o'clock yesterday afternoon at his home on Griffin Street. He succumbed to an attack of dropsy which finally affected the heart, the infirmities of old age being a contributory cause. Yesterday was his ninetieth birthday.

Mr. Torres had been a sufferer for some time with dropsy and his limbs had swollen almost twice their normal proportions. Despite his advanced age and the disease from which he suffered he had been able to be about the house during his illness. He had been up yesterday when stricken and fell dead without a moment's warning.

The deceased had spent practically all of his life in Santa Fe. He was born here and followed various occupations during a rather eventful career. He served in both the Mexican and United States armies and was also identified with several expeditions against hostile Indians who were then terrorizing New Mexico.

At the outbreak of the Civil War he enlisted in the Union army and was assigned to Company C, First New Mexico Volunteer Cavalry. He received an honorable discharge at the expiration of three years and then re-enlisted and was not mustered out again until the cessation of hostilities. He was advanced to be a sergeant and participated in all of the battles fought in this Territory between the troops of the North and South including the memorable engagement at Valverde, which occurred on February 20, 1862.

Mr. Torres was a widower. His wife died some years ago. The only survivor of the immediate family is a daughter, Mrs. Maria Torres de Gooch with whom he had been making his home of late years. There are also three grand children, Abel and Carlos Gooch of this city and J. R. Gooch, who is now at Jamestown, Virginia.

The funeral services will be held tomorrow. At 6 o'clock in the morning people are very prosperous and con-regium mass will be celebrated at

the Cathedral after which the remains will be brought back to the family residence where additional services will be held in the afternoon at 2 o'clock, these latter being under the auspices of Carleton Post, No. 3, Grand Army of the Republic. Interment will be in the National Cemetery.

INCREASE IN LAMBS IS SATISFACTORY

In Most Sections of the Territory—Averages 85 to 90 Per Cent—Less in Southeast.

Eliza White, member of the Sheep Sanitary Board, who resides at Roswell and is engaged in sheep raising in Chaves County, estimated that the lamb crop this year in the southeastern part of the Territory will average 75 per cent. He thinks that sheep raisers ought to be well satisfied with this result as during 1905 and 1906, the increase in lambs amounted to 90 per cent, which was above the average, hence they have no kick coming this year considering the unusually cold weather and the rain and snow storms that prevailed during April and the forepart of May. As far as learned in southern and central New Mexico, the lamb crop will average between 85 and 90 per cent which, considering the prosperous seasons of 1905 and 1906 and the unfavorable weather this year should be very gratifying to the sheep raisers. In the northern parts of the Territory lambing is now going on and from reports it may be properly judged that the increase will average 90 per cent. Take it all in all, the sheep raisers of New Mexico certainly have no just complaint this year so far.
