## OBSERVES GREAT CHANGES IN CITY

### Captain Simpson Tells of Santa Fe Fifty Years Ago

#### CAPITAL THEN ARMY POST

#### Veteran Indian Fighter Knew Kit Carson and Other Celebrities of Border Days.

"Santa Fe has changed wonderfully since I came here fifty-four years ago," remarked Captain Smith H. Simpson of Taos, while in the city recently. He was sitting in his room on the second floor of the Hotel Claire gazing meditatively out of a window into the Plaza.

"Fifty years ago there was not a single tree in the Plaza," he continued after a moment's reflection. "Come to think of it there was a row of trees in front of the Old Palace but they have long since been cut down. Santa Fe was a military post then and the Plaza was used as a parade ground. Many is the time I have seen guard mounted there. A big flag staff stood where the monument now stands in the center of the Plaza.

"The Exchange Hotel was in the heyday of its existence half a century ago and it was the headquarters for all of the Americans. The Americans for hundreds of miles around would make a pilgrimage to Santa Fe at least once a year and they always put up at the Exchange. There were not any brick, stone or frame buildings in the town at that time. All of the buildings were adobe. That was the only material available. The Plaza was surrounded by stores much as it is now but they were all one story affairs with porches in front.

"When I came here there was only one American woman in the place. She was the wife of Frank Green, the proprietor of the Exchange. The second American woman who arrived shortly after I did was Mrs. Nichols, wife of Major W. A. Nichols, who was adjutant general of the military department of New Mexico. Santa Fe had a miscellaneous assortment of population in those days. The town was wide open and money was plentiful and was spent freely. Every man packed a six-shooter as part of his daily garb, but shooting scrapes were not very frequent.

#### Knew Kit Carson.

"I was acquainted with many of the plainsmen and mountaineers who came here in the early days and are now known only to tradition. Kit Carson was a familiar figure on the streets. I knew him well and went on hunting and trapping expeditions with him and other mountaineers. I remember well when Kit Carson headed an expedition that started from here against the Navaho Indians who were then very troublesome. The Navahos had been going on the warpath about every fall and making peace in the spring until their crops were harvested. They held the regular soldiers in contempt and when the troops went after them would either sneak away or hide in ambush.

"Kit Carson taught them a lesson though, which they never forgot. When he and his little band invaded the Navaho country there were no bugle calls or drum beats to give warning of their coming. There wasn't any monkey business and they whipped the redskins to a standstill. The Navahos had all the fighting they wanted and they have been one of the most peaceable tribes ever since."

**The Passing of "Billy the Kid."**  
Captain Simpson is familiar with the blood-curdling deeds of "Billy the Kid," the notorious desperado whose career of crime was brought to a close by "Pat" Garrett, who was then sheriff of Lincoln County. The captain knew the young outlaw when the latter was a waiter in a restaurant here and lived with his brother on San Francisco Street.

"'Billy the Kid' was the worst kind of a coward," Captain Simpson declared with feeling. "He used to kill his victims in cold blood and then brag how he got the drop on them. Your real desperado prided himself upon his prowess with a six-shooter. He would tell a man whom he had sworn to kill that the next time they met to come a shooting. 'Billy the Kid' got just what he deserved, only he ought to have got it sooner."

#### MOTHER WANTS \$15,000 FOR DEATH OF SON

El Paso, Texas, May 25.—Mrs. E. M. Buckles has filed suit in the district court here against the Atchison, Topeka and Santa Fe Railway for damages amounting to \$15,000 for the death of her son, Byron Buckles, who was killed a year ago at McClellan, Arizona, while working as a brakeman in this road.

## DEATH CLAIMS C. O. LUCKENBACH

One of Santa Fe's Public Spirited Citizen's Answers the Last Summons.

Clarence Oliver Luckenbach, an esteemed resident of Santa Fe, died this forenoon at 10 o'clock, at his residence, 405 Palace Avenue. At his bedside were his wife, his mother and sister in whose presence he passed gently away. The deceased was a native of Bethlehem, Pennsylvania, where he was born in 1873, the descendant of an old Moravian family whose members were foremost among the missionary heroes of that church and included the famous Heckewelder, the Apostle to the Indians.

Mr. Luckenbach attended the Moravian Parochial School at Bethlehem and the Beck School at Lititz, Pennsylvania, before entering Lehigh University at South Bethlehem, from which he graduated with the degree of M. E. He removed to Philadelphia and, after careful preparation there, took up the profession of teaching, being deemed one of the most successful members of this calling in Philadelphia. There he married Miss Miriam Osler, who with his mother, Mrs. H. C. Luckenbach, his sister, Miss Florence Luckenbach, both of Santa Fe, and his brother, Fred R. Luckenbach, of Philadelphia, and who was here but two weeks ago on a visit, survive him. Overwork, several years ago, compelled the deceased to seek change of climate for his health. The Adirondacks, Mexico, El Paso, Las Vegas and finally Santa Fe, failed to bring recovery.

Mr. Luckenbach became a resident of Santa Fe about a year and a half ago and with characteristic energy took an active interest in this community, erected two fine residences and manifested his public spiritedness in many ways. He was one of God's noble men in every sense of the word, a thorough student of great erudition, possessed the loftiest ideals, was talented, ambitious and a born leader of men, who but for the disease that claimed him in the prime of life, would have attained high honors from the hands of his fellowmen.

The remains will be taken to the former home at Bethlehem, where according to a beautiful old custom, the trombone choir is this afternoon announcing his death from the steeple of the venerable Moravian Church. Interment will take place on Wednesday afternoon in the Luckenbach family plot in Nisky Hill Cemetery overlooking the romantic Lehigh River. The funeral cortege will leave tomorrow morning on the Santa Fe train, after a private and brief service at the house by Rev. W. R. Dye, rector of the Church of the Holy Faith.

The bereaved family possesses the sympathy of the many residents of the community who have learned to esteem and admire the deceased and valued him for his sterling integrity and generous public spirit.

## MOBS WRECK JAP RESTAURANTS

### In San Francisco to Satisfy Insult

#### EJECTION OF WHITE MEN

#### Cause of Trouble---Tokio Hears of Affair---Military to Investigate.

Tokio, Japan, May 25.—A cablegram from the Japanese consul in San Francisco confirms the news of attacks made recently on the Japanese restaurant keepers of that city. The public here is indignant but the press refrains from any hostile comment, trusting to the Washington government to prevent a repetition of similar occurrences.

#### What Caused the Trouble.

San Francisco, Calif., May 25.—The disturbances referred to in the Tokyo cablegram arose over the expulsion of two white men from a Japanese restaurant. Mobs subsequently wrecked several Japanese restaurants and a bath house on Folsom Street, the Japanese escaping through a rear entrance. The police say the reason there was no interference with the mob was because all the patrolmen on that street had been withdrawn for duty to other scenes where disturbances owing to the strike of the car men had taken place.

#### Adjutant General to Investigate.

Adjutant General Lauck in charge of the State Military headquarters being maintained in San Francisco, by Governor Gillette, said today that he would investigate thoroughly the attacks upon the Japanese restaurants and report the facts to the Governor.

## REFORM MOVE ONLY A SHAM

### Traction Magnate Makes Startling Statement

#### HUGE CONSPIRACY EXISTS

#### Says President United Railroads By Which Spreckels is to Gain Upper Hand.

San Francisco, Calif., May 25.—Patrick Calhoun, president of the United Railroads Company, last night issued a statement addressed to the American people in which he says that the returning of indictments against himself and associates is another step in the program to gain political control of this city by Rudolph Spreckels and others for selfish purposes through a combination with the Labor Union party.

#### Motives Are Malicious.

"I charge," said Calhoun, "that the motives of Spreckels and his associates are malicious, that his plans are selfish and injurious to the welfare of this community, that they seek through assassination of character to injure the United Railroads and that to further their financial ends that they have inspired strikes, violence, the destruction of property, and boycotts and that these indictments are each a part of Spreckels' plan to confiscate the property of the United Railroads Company and to replace our street railroads by lines owned by Spreckels."

Thornell Mullally, assistant to President Calhoun, also declares that the charges against him are false and demands the fullest investigation.

#### Indicted Men Furnish Bonds.

The trial of Mayor Schmitz on a charge of extortion will be resumed Monday. Six jurors have already been sworn to try the case. The men indicted for bribery by the grand jury yesterday appeared before presiding Judge Coffey of the Superior Court today to give bail. They were: Patrick Calhoun, president of the United Railroads Company; Thornell Mullally, assistant to President Calhoun; Tiley L. Ford and William Abbott, counsel for the United Railroads; Mayor Eugene Schmitz; Louis Glass, vice president of the Pacific States Telephone Company; Theodore V. Halsey, agent of the Pacific States Telephone Company and Abe Ruef.

## ANDREWS WORKING FOR TERRITORY

### Bids for Erection of Federal Building at Albuquerque to Be Advertised for July 1st.

Special to The New Mexican.

Washington, May 25.—Delegate Andrews was a caller at the White House today and had an interview with the President on New Mexico affairs. Thereafter he called on the Secretary of War and had an interview with that official on matters connected with the Territory.

The advertisement for bids for the erection of the federal building in Albuquerque will appear July 1st and will run for six weeks. Thereafter the bids will be opened and contract awarded by the supervising architect of the treasury department. That official expressed a hope that local contractors would be able to secure the work.

## MRS. M'KINLEY IS GRADUALLY SINKING

### Looked for Improvement Fails to Take Place and Physicians Give Up Hope.

Canton, Ohio, May 25.—Mrs. McKinley is gradually sinking and it is not believed she can survive long. Shortly after 11 o'clock this morning the following bulletin was issued by Drs. Porteman, Eymann and Rixey:

"Mrs. McKinley's condition is less favorable. She takes less nourishment. She does not suffer any pain and seems to rest as comfortably as possible. The hoped for improvement can scarcely be expected."

It is said, however, that there are no indications of immediate dissolution.

#### EXILED EDITOR DIES IN FRANCE AFTER BRIEF ILLNESS

Paris, May 25.—Theodore Tilton, the American editor and author who has been ill in this city for several days with pneumonia, died today. Tilton gained notoriety which ended in his coming to Paris, in 1874, when he preferred charges against Henry Ward Beecher and demanded damages in the sum of \$100,000. He died a broken hearted man.

## ROYAL WELCOME FOR CAPT. CURRY

### Citizens Prepare for Reception to New Governor

#### TO BE NON-PARTISAN AFFAIR

#### Big Meeting at Claire Hotel Yesterday Afternoon - - - Name Committees.

A number of citizens met yesterday afternoon at the Claire Hotel to take the preliminary steps for the proper ceremonies and festivities to attend the inauguration of Governor George Curry, which will occur about the middle of July. It is understood right from the start that this is to be a citizens' movement in which every resident of Santa Fe should take an interest and is urged to take part without further formal invitation. The citizens who gathered yesterday afternoon were as representative a body as could well be gotten together on short notice and insisted that political, social and other lines be obliterated in giving a rousing welcome to New Mexico's chief executive.

#### A Citizen's Affair.

A working out of the details, of course, must necessarily be in the hands of committees and it was recognized that it is difficult to select such committees without omitting some names and some persons who might be of valuable service or who should have been named, but it was sought to recognize every instant and at the same time to keep the committees down to a working size and within reasonable limits.

A thorough preliminary discussion of plans took place but no definite program was adopted. However, it was decided to make the event a noteworthy one, to extend a liberal invitation to the citizens of the entire Territory, to solicit the aid of the Territorial press to this end, and to make the reception and ball which will probably be part of the inauguration festivities, a brilliant social event.

#### Reception Committee.

The meeting organized by selecting Acting Governor James W. Reynolds, chairman, and Paul A. F. Walter, secretary. The following general reception committee was appointed: Ex-Governor Miguel A. Otero, chairman; Acting Governor James W. Reynolds, ex-Governor L. Bradford Prince, Judge John R. McFie, Judge A. J. Abbott, Judge N. B. Laughlin, Judge A. L. Morrison, Hon. Thomas B. Catron, Attorney General George W. Prichard, Colonel Max Frost, Major R. J. Palen, Surveyor General Morgan O. Llewellyn, E. C. Abbott, R. L. Baca, Arthur Seligman, I. Sparks, J. L. Seligman, J. D. Sena, L. A. Hughes, J. H. Vaughn, S. G. Cartwright, A. M. Bergere, Paul A. F. Walter, Dr. David Knapp, Thomas P. Gable, S. Spitz, Marcelino Garcia, George W. Armijo, Charles V. Safford, N. Salmon, A. J. Fischer, Leo Hersch, A. B. Renahan, R. C. Gortner, A. L. Morrison, Jr., O. C. Watson, J. P. Victory, Frank Shearon, Clinton J. Crandall and Percy F. Knight.

#### Executive Committee.

An executive committee consisting of Acting Governor J. W. Reynolds, chairman, Colonel George W. Prichard, Levi A. Hughes, Morgan O. Llewellyn, R. L. Baca, Arthur Seligman and E. C. Abbott was named to appoint subcommittees and to have executive charge of the inauguration exercises. This committee will meet on next Tuesday afternoon and is open to any and all suggestions which every citizen should feel at liberty to make, for it is sought to have the inauguration entirely a citizens' affair. There is no doubt that the festivities will be noteworthy and brilliant and will eclipse all former events of this nature that have taken place at this ancient, historic capital which has justly earned a good name for hospitality throughout the Southwest. July being the month of blossoms will enable decorations to be on a large scale. Special rates on all the railroads will be secured and this together with the inauguration exercises and Santa Fe's renowned summer climate ought to attract a large multitude of visitors from other parts of the Southwest.

#### CONTRACT FOR MARY JAMES MISSION SCHOOL.

A Pueblo, Colorado, firm of contractors, according to current report, has been awarded the contract for the erection in this city of the Mary James Mission School for Boys, which is to be built by the Woman's Board of Home Missions of the Presbyterian Church. Local contractors submitted proposals on the work. The building complete will cost close to \$50,000.

## SAD DEMISE OF PROMISING YOUTH

Isaurito Salazar Succumbs to Pneumonia After Brief Illness at Home of Grandmother.

After an illness of only four days, Isaurito Salazar, the young son of E. H. Salazar, editor of El Independiente, a Spanish weekly newspaper published at Las Vegas, died at midnight last night in this city at the home of his grandmother, Mrs. Josefa Manderfield de Salazar. Pneumonia was the cause of his demise which was so sudden and untimely.

Little Isaurito was a particularly bright lad and his future was full of promise. At the time of his death which occurred while in his eleventh year he was attending St. Michael's College in this city and it was the intention of his father to send him this fall to a preparatory school at Notre Dame, Indiana, to complete his education. Only a few days ago he was one of a class of fourteen boys who partook of their first holy communion at historic San Miguel Church which is believed to be the oldest house of worship in the United States.

Ever since he was six years old the little fellow had served as acolyte or altar boy to the Bishop in the convent of the Sisters of Loretto. He fulfilled this duty faithfully, never missing the early morning mass no matter how inclement the weather. From babyhood when his mother died he had made his home with his grandmother and was idolized by her and his aunts and beloved by all his little playmates. He was a very handsome boy, and a fondness for athletic sports was broadening him physically. As a baby he was awarded a gold medal in a prize baby show in New York City, and he also won the blue ribbon in the baby show held here some years ago by the Horticultural Society.

A youth full of fun and life, noble minded and of strong character, his sad demise while yet so young is a matter of deep regret, and the bereaved father and other relatives to whom he was near and dear have the sympathy of all. Mr. Salazar came to the city at once upon being notified of his son's critical illness and was at the bedside when the end came.

The funeral services will take place Monday morning from the Manderfield residence after which solemn high mass will be celebrated at the Cathedral by Rev. Antonio Fourchegu vicar general. The remains will be laid to rest in the Manderfield mausoleum in Rosario Cemetery.

## HAYWOOD JURY ALMOST COMPLETE

### Panel Will Be Filled Monday Next

#### STATE GAINS A POINT

#### With Reference to Unknown Witnesses---Defense Takes Exception to Ruling.

Boise, Idaho, May 25.—Two more talesmen qualified as jurors and the fourteenth and fifteenth peremptory challenges were expended at the Steunenberg murder trial this morning. The state has but two peremptory challenges left and the defense only three so that a completion of jury building is finally in sight.

The defense today challenged Juror Joseph Whitlock of chair number six and the state challenged Juror George H. McIntyre, of chair number seven who had been in the box since the first day of the trial and was looked upon as a fixture.

Both the state and defense passed J. E. Touttelotte, an architect of Boise, though he declared he could justify capital punishment only in time of war and when society must protect itself against anarchists or organizations that make war on society. In answer to questions he said that he did not mean the Western Federation of Miners when he referred to organizations that make war on society.

Today Judge Wood granted the state permission to indorse the names of several witnesses on an indictment, the defense noting an exception under the decision of the Idaho Supreme Court, which held that failing to secure additional witnesses after the trial has begun is an error without prejudice.

Attorney Richardson declared that the defense had been unable to locate many witnesses for the state and had been informed by counsel for the state that they did not know the addresses of many of their witnesses. If any surprises should develop from the testimony of these unlocated witnesses, Richardson said, delays might be looked for.

## GRADUATES OF HIGH SCHOOL

### Commencement Exercises Draw Large Crowd

#### AN INTERESTING PROGRAM

#### Prof. Clark Delivers Principal Address---Timely and Convincing.

Two comely maidens and one manly youth compose the class of 1907 of the Santa Fe High School which made its bow to the public at the commencement exercises last evening in High School Hall. They are Misses Frances Abbott and Fern Enos and Benjamin Martinez. The graduating program was a splendid one and consisted mainly of musical numbers. Superintendent of Public Instruction J. E. Clark was the principal speaker of the evening and the subject of his address was "Dollars and Sense."

An audience even larger than on the preceding evening when the class play was given gathered in the spacious assembly room to witness the commencement exercises. The three graduates occupied seats in the center of the stage and were the object of admiring eyes of relatives and friends. To the right of them sat Professor J. E. Clark, superintendent of public instruction, and Professor J. A. Wood, superintendent of the public schools of Santa Fe. To the left were Hon. T. B. Catron, president of the Board of Education, and Professor W. E. Garrison, the retiring principal of the High School. The graduates themselves took no active part in the program except to see and be seen.

The class colors of old gold and black were conspicuous in the decorations of the hall. Bunting of these colors hung in festoons from the chandeliers, and the prized diplomas were also tied with ribbons embodying the class colors. The carnation was the class flower and the class motto and a very appropriate one too, was "Not finished but just begun."

Immediately preceding the presentation of the diplomas the graduates were showered with gifts of various kinds including a number of bouquets of flowers and at the close of the exercises they received the congratulations of friends and acquaintances.

#### Program Unique and Varied.

The graduating exercises last evening were a departure from the ordinary because of the absence of salutatory and valedictorian addresses. There were no essays or orations either. Owing to the limited number of graduates it was decided to dispense with these features. The only addresses given were by Professor Clark and by Mr. Catron. The latter presented the diplomas and made a few remarks in which he gave the graduates some valuable advice and also admonished parents and guardians to see that their children received at least a good common school education. He stated that according to the last school census of this city only about half of the boys and girls of school age were attending the public schools or other educational institutions.

The High School Glee Club composed of twelve girls gave three vocal selections which were warmly applauded. They opened the program with a rendition of the "Soldier's Chorus" from Faust, appearing next in the "Anvil Chorus" from El Trovatore, and concluding the exercises with a plantation melody called "Jubilee." A Ladies' Quartet comprising Mrs. Faison and the Misses Hansen, Harding and Earle gave two delightful selections and were obliged to respond to encores both times. Miss Walter was to have appeared in this quartet but was unable to do so and Miss Earle very kindly consented to take her place. The latter is visiting in the city from Coffeyville, Kansas, and has a sweet and well trained voice. Another pleasing musical number was a vocal solo by Miss Evelyn Dougherty who sang Strelezki's "Day Dreams" which was also accorded fervent applause. Miss Hansen to whom much credit is due for the success of the musical part of the exercises and who acted as the musical director accompanied Miss Dougherty on the violin and Miss Mary McFie presided at the piano.

Professor Clark's address was a very able one. It was replete with apt illustrations and sparked with epigrams with a vein of humor running through it that was both pleasing and wholesome. He dwelt at length upon the value of an education and pointed out that the more knowledge a person gained the more were his chances of success because of being better mentally equipped. He quoted facts and figures to substantiate his

## OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## THE FAKE REFORMERS WILL NOT SUCCEED.

Facts are facts and speak much stronger than words to those who care to recognize them. Among the undeniable facts as far as the administrative and financial conditions of New Mexico for the last ten years are concerned one stands boldly forth and that is that ten years ago the credit of the Territory in the financial markets was below par and territorial securities sold at a discount. This was the condition of affairs when a Republican territorial administration took charge of them after the election of the late William McKinley to the Presidency of the United States. In four-fifths of the counties of the Territory very bad financial conditions prevailed. They were heavily in debt, were running deeper into debt, and were defaulting on their current obligations for maintenance and running expenses.

Immediately upon the ascendency of the Republican party to power in the Sunshine Territory matters changed for the better. Progressive and wholesome laws were passed; an honest and clean administration of territorial finances was inaugurated; and competent and good men were appointed to office in most instances. In some cases mistakes were made that is true.

When the Hagerman administration came into power it found the credit of the Territory above par. Territorial securities selling at a premium, a reduction of the territorial debt amounting to over \$400,000 and a large surplus in the treasury. The Hagerman administration cannot be justly called a Republican one. If the ex-Governor believed in Republican principles he never said so and certainly his official acts and many of his appointments indicated strongly that he was no believer in Republican party principles, although, had it not been for a Republican President he would have had no more chance for appointment to the office which he mismanaged and lowered during his term than a camel has to go through the eye of a needle. The best condition ever experienced prevailed in the financial systems of the counties, owing principally to the carrying out strictly and impartially of the very beneficial provisions of the so-called traveling auditor's law, and the efficient and thorough performance of his duties by Traveling Auditor Charles V. Safford appointed to office first by a Republican Governor and whom the Hagerman regime did not dare to disturb, although it tried to do so and that very strenuously. The men who brought about this gratifying state of affairs and this beneficial change are called by the grafters and by the fake reformers "the gang," the "machine" and are accused of being corruptionists and hoodlums. The yellow sheets in the pay of the rotten combinations have assailed and are assailing many of these men with libels, slanders and lying accusations in order to weaken them and besmirch them before the people. However, neither Danny Macpherson's Albuquerque Morning Coyote with all its libels, slanders and lies and the small pack of yellowish sheets in the combination and the alleged good government leagues, pulled hither and thither by the Danny Macpherson combine, can again fool the people of the Territory even in isolated instances. Of course Macpherson and his crowd would love to have the spending of the alleged good government league "slush fund." That is easily understood. That canny crowd will allow no dollar to escape if it can help it. They may succeed in some instances as there are always silly people who are easily parted from their money, especially in politics, by cunning, and self-seeking politicians. As far as being successful however, in territorial or state affairs that is another story, and no worry need be felt by the decent and patriotic citizens of this commonwealth and by the true and loyal Republicans thereof in the case. The Republican party will be successful in the coming campaign despite the machinations, the evil doings, the lies and the slanders of the alleged reformers to hoodwink and cheat the voters.

## UNIFORM TEXT BOOKS IN NEW MEXICO PUBLIC SCHOOLS.

The Territorial Board of Education is to be commended for its timely action in the matter of adoption of text-books for use in the public schools of the Territory. It has determined upon an exclusive adoption which will require all of the first eight grades of the public schools to use the same text-books. A family moving from Raton to Roswell, from Las Vegas to Las Cruces, or from Aztec to Albuquerque, will find the same books in use. Rural schools will use the same

texts as the cities for all fundamental work. Cities will, of course, use additional texts for supplementary purposes.

The patrons of the public schools will very much appreciate this action of the Board of Education, for it means a large saving in the expense of school books. There is so much changing of residence throughout the Territory, that under the present plan many books become useless because of the lack of uniformity of texts in use. Under the new plan, all books used as basal texts in one school will be found in use as basal texts in every other school of the Territory. It is expected that the retail prices of text-books will be somewhat reduced, since the Board of Education has determined upon an exclusive adoption. A publisher offering his books will know that if his books are placed on the adopted list, a large number will be used, therefore, he will make more liberal terms.

New Mexico is located so far from large distributing centers that the decision of the Board of Education to have the books handled by a Territorial depository is a wise one. Often the work of a school is very much interfered with by the fact that it requires so much time to get books from Chicago. Under the depository system, there will be plenty of books within the Territory for prompt delivery to dealers. The interests of the patrons will be carefully protected in the contracts made by the Board of Education, as will also the interests of every dealer.

The argument that since conditions are so different in the various counties, and the requirements of the rural schools are so different from those of the city schools, that a different series of texts should be adopted to meet these different conditions is one of very little force. A series of readers that is good for the city schools is none too good for the rural schools. The rural school is the key to the educational status of the Territory, and its advancement must be maintained. It must have the best texts and the best teachers.

The use of a uniform series of text-books throughout the Territory will make it possible for the Territorial Board of Education, through the office of the Superintendent of Public Instruction to systematize, more carefully grade, the work of the public schools. It will be possible for the Territorial Superintendent to prepare a practical course of study for the common schools, by the use of which the teachers may work to a common standard.

The services of the Territorial Board of Education to the educational interests of the Territory are very much appreciated, but this timely departure in the matter of the adoption of an exclusive list of text-books will more firmly establish in the minds of the public the advantage of the deliberations of this board, and the fact that the breadth of experience of its members is an asset of inestimable value.

The hanging of one woman responsibly for her acts and of mature age for having committed the crime of murder is a tough proposition; the hanging of two women under similar conditions would be still tougher; but the hanging of two girls of very tender age, ignorant, irresponsible and with the dulled minds even for murder under the most atrocious circumstances is the toughest of all. Commutation of sentence to life imprisonment by Acting Governor Raynolds in the pending cases of Valentina Madrid and Alma Lyons under sentence of death for murder in Sierra County would be the best solution of the question.

Evidence that the city of Raton is progressing rapidly in the right direction and that steadily can be found in the news that a few days ago a very handsome Catholic church was dedicated and opened there and that the Episcopal and Methodist congregations in the Gate City are contemplating the erection of new houses of worship. The more good schools and churches in a town the better for its development in every desirable respect.

Ex-President Grover Cleveland holds that men and newspapers should tell the truth. He is evidently sincere in this declaration and it is well for him that he does not see copies of the Albuquerque Morning Coyote and of the stuff printed therein by Boss Macpherson's hired men. The boss himself can't do it, you know. Writing newspaper articles is not in his line, but he is a fine hand at getting up fake reform movements.

The people of the Capital City should do everything in their power to make the inauguration of Captain George Curry as Governor of New Mexico a great success. The more eclat there is given to this very important public function and the better the attendance thereat, the more will this commonwealth be benefited. The work has commenced, and it should be pushed with might and main.

Colonel William Jennings Bryan, in a recent speech vehemently asserted that there was great similarity between the merits and consciences of highwaymen and lawyers, and, indeed, stated flatly that he thought the former were better than the latter. Mr. Bryan ought to know. He is a lawyer himself and has mingled with many of them; but then where does he get his knowledge of highwaymen?

A Nebraska journalistic admirer informs the dear people that Colonel William Jennings Bryan is a much bigger man today than he was when first nominated for the Presidency in 1896. Sure! He is also much richer, weighs forty pounds more, is eleven years older, and farther away from the Presidency than he was in the year of glory, 1896.

Ex-Congressman Tom Watson, former head of the People's Party, in his Weekly Jeffersonian asserts that "We want immigrants from Missouri with long ears and lively heels." If he has the cash ready the New Mexican will cheerfully sell him a few carloads of these animals and guarantee pedigree at \$3 per head. In the Sunshine Territory they are called burros.

U. S. Senator J. B. Foraker thinks that Chairman Brown of the state central committee of the Buckeye State is a "boss," and a bad one at that. Come to think of it there are quite a number of people in Ohio who have strongly accused that reverend and grave Senator of being a "boss" and a tough one at that. As usual circumstances alter cases.

This may be race prejudice and again it may not be. A colored man has just been found guilty and sentenced to be hanged by a jury, all composed of men of his own race, and this happened in Indian Territory, where race feeling is said to be pretty strong.

President Roosevelt seems to be bearing up very bravely under the awful charge lodged against him by Macpherson's Albuquerque Morning Coyote that he has committed "a fearful crime against civilization" and "an awful outrage upon decency and honesty" in the Sunshine Territory.

Colonel Henry Watterson has not yet furnished an expectant people the name of that dark horse, which, according to the colonel, can be elected to the Presidency in 1908 on the Democratic ticket. Probably Colonel Bryan has begged Colonel Watterson to keep "mum."

The numerous Smiths in the United States are glad to inform the dear people that the name of the corrupt mayor of San Francisco is Schmitz and not Smith. They think this time there is a good deal in a name.

"In the sweet bye-and-bye the buying of votes with appointment to public office may be considered political reform, but not now."—Socorro Chieftain.

Evidently the recent alleged reform Governor considered it so, as is shown by the record. But times have already changed for the better.

Danny Macpherson, he of the Albuquerque Morning Coyote and good government league slush fund, has not much to say concerning the Bernalillo County printing. That's a sore spot and naturally he does not like to talk upon it.

It may prove a good thing that there are many many Christian names in the Spanish calendar, otherwise King Alphonso and his queen would have a tough job should they manage to have a half dozen sons within the next ten years.

Another revolution has broken out in the Salvador tin horn republic in Central America. They are so used to revolutions down there that one or two more or less a week, attract not much attention.

Vice President Charles Warren Fairbanks has made the rounds in Iowa, and has made a very good impression there. Mr. Fairbanks evidently does not propose to be counted "out of the race" for yet awhile.

New York City beats New Mexico in its number of widows. The New York Herald states that there are 198,000 of these, and they are all young and pretty.

Letter heads, bill heads, note heads, envelopes, of all sizes printed and sold by the New Mexican Printing Company at low rates and in quantities.

## TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Santa Fe readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Benito Romero, living on San Francisco Street, Santa Fe, N. M., says: "I made a statement for publication some five years ago in which I gave an account of my suffering from backache, due to kidney trouble and told how Doan's Kidney Pills, which I procured at the Ireland Pharmacy, brought me the first relief. As I then stated, I had been suffering from pain across my loins and kidneys and had been subject to the attacks for over a year. Some times I would work until noon and then on account of my kidneys and back would have to stop for the balance of the day. I tried plasters, but they afforded me no relief whatever. Two boxes of Doan's Kidney Pills cured me and I have on a few occasions noticed a slight return of the old trouble, but at once appealed to Doan's Kidney Pills and the results have always been prompt and satisfactory. I can call to mind a number of my friends who have, on my advice used Doan's Kidney Pills for kidney complaint and have been made well by them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## BACKACHE

"I wrote you for advice," writes Lelia Hagood, of Sylvia, Tenn., "about my terrible backache and monthly pains in my abdomen and shoulders. I had suffered this way nine years and five doctors had failed to relieve me. On your advice I took Wine of Cardui, which at once relieved my pains and now I am entirely cured. I am sure that Cardui saved my life."

It is a safe and reliable remedy for all female diseases, such as periodical pains, irregularity, dragging down sensations, headache, dizziness, backache, etc.

## LAS CRUCES GIRL FATALY INJURED

Adelina Carrera, Daughter of Well Known Mining Expert, Falls From House Top.

Las Cruces, N. M., May 25.—Adelina Carrera, the youngest daughter of Professor J. C. Carrera, the well known mining expert of this place, is hovering between life and death at the home of her parents here as the result of injuries received a few days ago by falling from the top of a house which is in course of construction near the family home.

The girl climbed to the roof of a small house in pursuit of a pet rabbit which had made its way there, when she lost her footing and fell to the ground, a distance of fifteen feet. She struck a sharp pointed stick which penetrated her body to a considerable distance, inflicting what are believed to be fatal injuries.

Medical assistance was secured at once, and although her condition is critical, she has a slight chance for recovery. Even if she should get well, the accident would probably result in her being crippled for life.

## COMMENCEMENT WEEK AGRICULTURAL COLLEGE

Prof. Hiram Hadley to Deliver Baccalaureate Sermon—Six Will Receive Degrees.

Mesilla Park, N. M., May 25.—The annual commencement week exercises at the New Mexico College of Agriculture and Mechanic Arts will begin here tomorrow morning when Prof. Hiram Hadley, ex-Territorial Superintendent of Public Instruction, will deliver the baccalaureate sermon. The commencement address will be delivered by Prof. W. E. Garrison of Santa Fe, president-elect of the New Mexico Normal University at East Las Vegas.

The program for the week is as follows: Sunday, May 26, at 11 a. m., the baccalaureate sermon by Prof. Hadley. Monday, May 27, at 8:15 p. m., the exercises of the graduating class in the department of music.

Tuesday, May 28, at 10:30 a. m., class day exercises in McPhee hall; at 9 p. m., the alumni banquet in the Women's hall by invitation.

Wednesday, May 29, at 10:30 a. m., the commencement address by Dr. W. E. Garrison, president-elect of the New Mexico Normal University; at 9 p. m., the commencement ball.

Six young men will receive degrees; two in general science, one in agriculture and three in mechanical engineering. There will be a large preparatory class that will graduate from the preparatory department, and good sized classes from all the other short courses.

## SHORT TERM COURT FOR LUNA COUNTY

Deming, N. M., May 25.—The May term of the district court for Luna County convened here late Monday afternoon. Judge Frank W. Parker presiding, and Clerk W. E. Martin at his post. The court had intended to convene at 9 o'clock in the morning, but owing to the train being many hours late, it was almost 4 o'clock in the afternoon when court was opened.

By 5 o'clock the grand jury had been empaneled and immediately proceeded to work. The jury proved to be one of the best in several years in this county, as it attended to the actual work before it with dispatch and refused to listen to the tales of woe that were attempted to be thrust upon it.

The jury adjourned on Thursday afternoon, after returning six true bills, four of which were of minor importance.

Two of the indicted in the most important cases pleaded guilty to the charges against them as follows:

Francisco Miranda, placing obstructions on railroad track with intent to wreck train, seven years in the Territorial penitentiary.

Gilberto Mata, stealing horse and

## CARRIZO OUTLOOK INTO NEW HOME

saddle, one year in Territorial penitentiary and \$500 fine.

There being no further business before the court the same adjourned, the court officials returning home.

## CARRIZO OUTLOOK INTO NEW HOME

Carrizozo, N. M., May 25.—The Outlook, which is published here, will on Monday next move into its handsome new home, corner of Third Street and Alamogordo Avenue. The building was erected especially for the plant of the Outlook and is of cement blocks. It is one of the most imposing edifices in the town.

Carrizozo continues to forge steadily ahead. Work is being rushed on rebuilding the shops and roundhouse of the El Paso and Southwestern Railroad which were destroyed by fire some weeks ago and it will not be many weeks until these are completed.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, typhilitic and Mercurial Affections, Scrophula, Catarrh, La Grippe, all Femal Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ON CERTIFICATES OF DEPOSIT AND SAVINGS ACCOUNTS.

If you have any spare cash lying around, make haste to place it in the bank where it is not only safe from burglars and fire, but where it also draws interest.

Bury seeds in the grounds and they grow and increase but cash is apt to decrease very quickly if treated in the same manner. Plant your money in a safe bank and watch it grow.

It gives a comfortable feeling to know that you have a crop of money coming on. Start a savings account and feel that way.

Joseph E. Lacombe, of this city and south Santa Fe County mining men are interested in a group of copper claims near Ribera in San Miguel County. These claims are situated about a mile west of Sands station on the Santa Fe Railway and are eight in number. They are called the copper fields claims. One-half dozen men are doing development work. Several assays have been made and these show up well, one assay of picked ore giving a result of 60 per cent in copper. Nicholas Monotya, George B. Liversey and George Alexander of Golden are interested with Mr. Lacombe in the properties.

The baseball game tomorrow afternoon between St. Michael's College baseball team and the Madrid Greys promises to be the most interesting ever played on the College campus. Last Sunday the college boys were defeated at Madrid by a single run in a fast and interesting game. Since their defeat at the hands of the Santa Fe team about a month ago, the Madrid boys have strengthened their club by the addition of half a dozen good ball players. It is reported that Galgano, the Denver pitcher, who played for the Albuquerque Browns during the week against Roswell, will do the twirling for the Madrid club. James Lopez will help out the college boys who have worked hard during the week to get into trim for the contest. Followers of the national pastime are assured their money's worth.

#### NOTICE TO OUR CUSTOMERS.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. For sale at the Ireland Pharmacy.

#### More News From the New England States.

If anyone has any doubts as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Willimantic, Conn., who after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. For sale at The Ireland Pharmacy.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this Clever Coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by the Cartwright-Davis Company.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze Stage." For a seated cold or LaGrippe, break it up safely and quickly with Preventics. Sold by the Fischer Drug Company.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel capped glass jars, 50 cents. Sold at the Fischer Drug Company.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at The Ireland Pharmacy.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. For sale at the Ireland Pharmacy.

Mrs. S. Joyce, 180 Sullivan St. Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily endorse it." For sale at The Ireland Pharmacy.

### LIFE SKETCH LATE W. H. CARTWRIGHT

Father of H. B. and S. G. Cartwright of This City Was One of Iowa's Pioneer Citizens.

In the issue of the Mediapolis (Iowa) New Era-News of May 18th, appears a biographical sketch of the life of the late W. H. Cartwright, a pioneer citizen of his home town and state and the father of two of Santa Fe's most prominent business men, namely, H. B. and S. G. Cartwright, of the Cartwright wholesale and retail grocery companies. The article in the New Era-News reads:

"William Harrison Cartwright was born in Chenango County, New York, August 20, 1823; was reared on a farm and educated in the public schools of his native locality and adopted state.

"In 1822 his grandfather, James Cartwright, came to Illinois for the purpose of taking up land in the military tract, but became sick and died of a fever in what is now Pike County, Illinois, the following year. His remains now lie in the cemetery at Kossuth beside those of his wife, Katherine Tryon.

"In 1835 Rev. Daniel Gray Cartwright, father of William H., came West with his family to try to recover, if possible, the lands of his father. In this he was unsuccessful owing to the unsettled condition of affairs. The next year, 1836 he removed with his family to Union township, this county, where he took up land, and located his family. He was appointed by Peter Cartwright, a distant relative, as the first regular Methodist Episcopal preacher to travel the Burlington Circuit, which then extended as far north as Davenport.

"William H. being the eldest of the family and his father being absent from home much of the time, preaching, naturally there fell upon him at an early age the care of the home

farm. In 1845 the family moved to Yellow Spring township where they bought a farm.

"In 1849 our subject moved to a farm near Kossuth and in addition engaged in the general merchandise business, in which he continued for twenty years, usually with a partner. In 1850 he made the overland trip to California leaving his business in the hands of his brother-in-law, J. J. Crowder. He returned to Kossuth the next year, having been only moderately successful in his quest for gold. He again took up his work in the store and with few intervals remained active in commercial circles until 1881, when he retired permanently, excepting as to his real estate interests.

"In 1852 Mr. Cartwright was united in marriage with Miss Miriam D. Fullenwider, a native of Shelby County, Kentucky, and a daughter of the late Doctor Samuel Fullenwider. Of this union seven children now survive, namely: Hiram Beecher, of Santa Fe, New Mexico; Ellen, wife of John McMillan, Narvissa, wife of S. D. Fullmer, both of Mediapolis, Iowa; Miriam, wife of C. H. Parrett, Mt. Vernon, South Dakota; Clarissa, widow of F. L. Huston, Miller, Nebraska; Anna, wife of G. E. Townsend, Moline, Illinois, and Samuel Gray, of Santa Fe, New Mexico. Mrs. Cartwright died December 21, 1870. In 1872 Mr. Cartwright was again united in marriage, being wedded to Martha Bruce, daughter of Hon. James Bruce, Edna, their only child, is the wife of Henry P. Helzer, of Morgan Park, Illinois.

"Mr. Cartwright was one of the active promoters of the B. C. R. & M. Ry. Co. and B. & N. Ry. Co. of which latter company he was for a time a director.

"In 1869 Mr. Cartwright bought the land which now comprises the northeast part of Mediapolis and platted the town. He was always active in everything pertaining to its welfare and donated to it the beautiful park which bears his name. He was prompt to serve the public in any way possible and held many positions of honor and trust; was member of the board of county supervisors for four years, was many times mayor of the city and president of the School Board. He was one of the leading spirits in enlarging and beautifying the Kossuth cemetery and was the president of the association controlling it during the time it was being placed in its present condition.

"He was a member of the Methodist Episcopal Church for many years and gave the best that was in him toward building up a righteous and educational citizenship in his home surroundings.

"He was dearly beloved by his family, all the members of which visited him during his last sickness which continued for almost eight months; his son, Hiram Beecher, making the long trip from New Mexico to be with his father only one day. Mrs. Huston, Samuel G. Cartwright and family and Mrs. Edna Helzer came some weeks before he died and remained at his bedside to the end.

"A severe attack of la grippe during the winter resulted in pneumonia and, although he recovered so far as to be about the house for some weeks he gradually failed from day to day and passed away at 8:30 o'clock, Wednesday evening, May 15, 1907.

"A large crowd attended the funeral services which were held in the Methodist Episcopal Church Friday forenoon at 10 o'clock, conducted by Revs. M. E. Reusch and W. G. Oglevee. Interment in the cemetery at Kossuth.

"The city hall was draped in mourning yesterday on account of the death of Mr. Cartwright, formerly mayor of Mediapolis. The business houses had crepe on their doors and were closed during the funeral. The city schools also were closed and a flag floated at half mast over Cartwright Park."

#### MALT NUTRINE.

For that tired feeling, for lack of appetite, during convalescence and as a general tonic you can do no better than to take Malt Nutrine. It is prepared by the Anheuser-Busch Brewing Association after the most improved methods. It contains less alcohol (less than 2 per cent), than any malt tonic on the market. In addition it contains more solids than any other extract. It is thus a food and not a stimulant.

Per bottle, 25c; per dozen, \$2.50.

#### HONEY.

We have a supply of Honey in glass which we wish to dispose of quickly. Each jar contains a piece of comb and a quantity of extracted honey.

Per jar, 15c and 20c. Old price, 20c and 25c.

Native Comb Honey, very fine, two for 35c.

#### SEAL BRAND COFFEE.

The finest Coffee grown is put into one-pound and two-pound tins by Chase & Sanborn of Boston and Chicago, and sold by us at 40c per pound. It has a richness and piquancy of flavor and aroma that no other coffee even approximates. Its blending is a fine art, known only to members of the firm. It is freshly roasted, as we buy in small quantities and it is roasted in Chicago the day of shipment.

#### FRESH VEGETABLES.

Our Vegetable Fountain is a source of much pleasure to our customers. Vegetables are always crisp and cold when coming from our fountain.

#### MEXICAN CHOCOLATE.

We now have in stock Mexican Chocolate imported directly from Old Mexico, and prepared according to the Old Mexican processes and formulas which are somewhat different from those of American manufacturers. Cocoa and Chocolate have been the national beverages of the Mexican people since long before the conquest by Cortez, so they may be presumed to know more about their preparation than others.

Two qualities at 20c and 35c per cake, weighing about one-half pound.

#### SEEDS.

About time to plant that garden and those flower seeds. We have the Seeds, you must do the rest. All the varieties in packages and the more common sorts in bulk. Our assortment of Sweet Pea Seeds is very good, there being seven distinct separate colors as well as Eckford's mixture. This mixture is made by blending separate varieties together in proper proportions and is very satisfactory. We will order for you any thing not in stock at catalogue prices. We can also get plants and bulbs for any desiring them.

### SOCIAL AND PERSONAL

(Continued from Page Four)

Edwin F. Coard, of the editorial staff of the New Mexican, left this afternoon for Albuquerque where he will spend Sunday.

Mrs. M. J. Faulkner, of Lamar, Missouri, is expected to arrive in Santa Fe tonight on a visit to her son-in-law and daughter, Mr. and Mrs. Sam T. Harris, of 222 Garfield Avenue.

Professor R. R. Larkin, superintendent of the public schools of East Las Vegas, and a member of the Board of Regents of the New Mexico College of Agriculture and Mechanic Arts, was an arrival today in the Capital. The Meadow City public schools closed Thursday.

Four Santa Fe boys arrived home last evening from Roswell where they have been attending the New Mexico Military Institute. The Cadets were Thornton Victory, John Ervien, Alfred Kaune, and Fritz Muller, Jr. Other Santa Fe cadets at the institute are expected to return in a few days.

Graham H. Frost, who spent the past nine months as a cadet at the New Mexico Military Institute at Roswell, left that town Wednesday evening for Kansas City, Missouri, where he will be with relatives, thence going to Kansas for a sojourn with his grandparents, thereafter he will come to Santa Fe for a visit with his parents.

Among the guests at the Paywood Hot Springs in Grant County now sojourning there are the following: Mrs. Sol Weiler, and mother Mrs. C. Benjamin; James H. Richardson and family, of Albuquerque, John E. Griffith and wife, attorney, Socorro; Mrs. G. E. Cook and sister, Socorro; Lew H. Brown, banker, Deming, and J. H. Tracey, capitalist, Deming.

Professor Thomas Douglas, of New York City, head of the Phelps-Judge syndicate, owners of the El Paso & Southwestern Railway system and extensive mining properties in Arizona and Senora, visited Raton during the week. It is understood that Professor Douglas was in the Gate City to examine the situation concerning the railroad system north and west.

Upon her return from her outing in the cliff dwelling region where she went this morning in company with a party of friends from Santa Fe, Miss Louise Rider, who has been a teacher in the local public schools will leave for her home at Pekin, Illinois. She declined to accept re-appointment for the ensuing term and it is rumored that the reason is that she is soon to become a bride.

Mr. and Mrs. Robert P. Ervien and two young sons, John and Howell Ervien, Mr. and Mrs. Ross McMillan, Mrs. T. J. Tongue and Miss Louise Rider, comprised a party which left this morning for an outing at Pajarito Park. They left the city in a mountain buckboard and anticipate being gone three days, exploring the cliff dwelling ruins and other pre-historic objects in the vicinity of Buckman.

H. B. Cartwright, senior member of the wholesale grocery firm of H. B. Cartwright and brother, spent today in Albuquerque on business. He attended the meeting of the Wholesale Grocer's Association today in the Duke City. Mrs. O. C. Watson has gone to Albuquerque for a few days visiting with her sister. Upon her return to this city she will be accompanied by her mother, Mrs. Thomas Hughes, who will remain with her for the summer.

Invitations have been received here to the exercises of commencement week at Wolfe Hall, a fashionable girls' finishing school at Denver, Colorado, which will be held from June 2 to June 7. Two Santa Fe girls are members of the graduating class. They are Miss Richie Seligman, daughter of Mr. and Mrs. Arthur Seligman, and Miss Anita Luna Bergere, daughter of Mr. and Mrs. A. M. Bergere. In addition to the graduating exercises proper there will be social entertainments in which of course the cynosure of all eyes will be the "sweet girl graduate." Wolfe Hall is one of the oldest educational institutions in the Queen City of the Plains. It was founded in 1867.

### MURDER SUSPECT RESISTS ARREST

### GRADUATES OF HIGH SCHOOL

(Continued from Page One.)

statements. Lack of space forbids a reproduction of the address in full but following are some of its salient points:

Excerpts of Prof. Clark's Address. "These are proud occasions and well they may be. It means something worth while to complete a high school course with credit. It means that the student has gained the valuable power of successful application to tasks. It means that much has been done to develop honesty, faithfulness, judgment, character. It means that ever afterwards the student will rejoice in the satisfaction of having undertaken and completed a real task. It means that the young person's chances for success in this line are greatly enhanced."

"These young people who graduate tonight have great advantages because of their attainments. By advancing these attainments, they will multiply the advantages. We commend to them an advanced course of study and we would remind them that these advantages which they now enjoy and which they will multiply are accompanied by great responsibilities. You have real duties to perform to yourselves, your parents, and your state—and the state, this Territory has great need of your help."

"Parents and friends, keep the children in the schools. Keep them in good schools. Schools cannot be good unless the teachers are efficient. Insist upon efficient teachers. Do not allow money, politics, religion, society, fraternity, charity, or friendship to interfere with fortifying the bulwark of the nation with the most efficient men and women that may be secured."

"New Mexico has great need of the services of devoted ones. We are still pioneering educationally. One of every four people in this Territory, over ten years of age, is unable to read and to write. This condition is the main good reason why the gates of Congress are not opened to us."

"The prepared man has the chance and there is no successful argument to the contrary. Furthermore, it is the duty of every one of us to present this fact in the most forcible way to our young people at every opportunity."

### Trained Mind Enhances Chances of Success.

"The stereotyped in education is a failure. The superficial and the artificial can not endure. With knowledge comes wisdom which enables one to plan and to execute. What sort of preparation should a man have in order to do the most efficient work in a large business house? What kind of training should an employee of a great manufacturing establishment have? "The best way to determine this is to ask the managers of these great concerns. The question has been asked, and a few people of the utilitarian turn of mind were very much surprised at the answer. The managers uniformly testified that the best men in their employ were those who had not specialized before coming to them, but had taken a broad, general course. Men of breadth of training are preferred."

"While it may be comparatively easy for us to present the material advantages that accrue to the person whose mind is so well trained that he readily grasps the detail of almost any occupation to which he may apply himself, it is far more difficult to present these more important blessings that they may be fully appreciated; and I refer now to the larger life that is experienced by the cultured mind. How the beauties of art, literature, nature, character are revealed to the well trained!"

"It is true that we get out of life what we put into it. The one whose training, knowledge, and information are limited will find the world and life equally limited."

### ASSERT UPPER BERTHS WORTH BUT HALF FARE

Washington, D. C., May 25.—The Interstate Commerce Commission has been asked to take steps to compel the Pullman Company to reduce its sleeping car rates for upper berths to half the sum charged for lower berths.
