TWO CHANGES IN SCHOOL TEACHERS

Miss Boyd to Be Principal of High School

OLD OFFICERS RE-ELECTED

Charles E. Doll Purchases 2 Choice Lots From Board-- Will Erect Residence.

All of the teachers recommended for appointment for the ensuing term in the local public schools were elected with the exception of two at a postponed meeting last night of the Santa Fe Board of Education. Judge N. B. Laughlin presided at the session in the absence of President T. B. Catron and the other members present were Charles F. Easley, James L. Seligman, Jose D. Sena and Jose C. Sanchez. Superintendent J. A. Wood was at his post as secretary.

Miss Elizabeth Faulkner of Columbia, Missouri, who had been selected by the nominating committee as principal of the high school, had been offered a salary of \$70 per month, but wrote back asking that the pay be increased to \$80. The board felt that it could not afford to pay that much and on motion the position was offered to Miss Edna P. Boyd of Baldwin, Kansas. The latter will be paid monthly a salary of \$75. Miss Charlotte R. Stebbins, of Muskegon, Michigan, who had been chosen as a teacher in one of the ward schools, declined to accept the position tendered and the vacancy thus created was filled by the appointment of Miss Iduma Hughes, of Muskogee, Indian Territory. The latter is engaged at a monthly salary of \$55. Otherwise the action of the nominating committee was approved.

Board Sells Two Lots.
Charles E. Doll in a communication offered to purchase lots 5 and 6 of block 5 of Fort Marcy Addition, which are located at the northeastern extremity on Washington Avenue and Federal Street. His proposition was to pay \$8 per front foot for lot 5 and \$10 per front foot for lot 6 which was accepted by the board upon condition that Mr. Doll begin the erection of a modern dwelling thereon as proposed within ninety days. Mr. Doll expects to build a brick residence on the premises costing about \$4,500. The annual report of L. F. Montenie as treasurer was submitted as was also his monthly report for May. According to the latter the following balances in the various funds were on hand June 1:

Building fund, \$3,359.97; special fund, \$449.85; sewer fund, \$230; interest fund, \$131.56; general fund \$69.36. Total \$4,291.16.

Superintendent J. A. Wood also made his monthly report for May. In addition to giving figures showing the daily attendance at the schools he incorporated in his report a suggestion in regard to the payment of salaries to the teachers. He is of the opinion that a regular scale should be adopted whereby advances are to be made annually as an incentive to secure good teachers and to have them remain.

Before adjournment last evening officers were also elected for the ensuing year. The old officers were re-elected, T. B. Catron as president, N. B. Laughlin as vice president, and J. A. Wood as secretary.

Bills which had accumulated during the past two months were audited and ordered paid with the exception of a few which were referred to standing committees. Messrs. Seligman, Easley and Sena were appointed as a committee to negotiate for the purchase of a piano to be installed in the high school hall.

The following is the report of Superintendent Wood:

Report of Superintendent Wood.
Santa Fe, N. M., June 3, 1907.
Hon. Board of Education.

Gentlemen:—I hereby submit to you my report as superintendent for the month of May, 1907.

The work of the school progressed very pleasantly. The work of the teachers and pupils during the closing days including the reviews and examinations was very creditable; and the large number of visitors who examined the exhibit of work expressed themselves as greatly pleased. The work in general showed a great improvement of that of any preceding year.

The average daily attendance of all the schools for the month was 347 as against 316 for the same month last year. The average daily attendance during the entire year was 4,042 as against 378 for last year.

A more extensive report of each teacher and for the entire school will

be submitted at the next regular meeting.

I desire now to submit a few suggestions concerning the employment and pay of teachers. I find upon investigation that our best regulated and most efficient schools throughout the country have certain regulations governing the salary of teachers. A scale of advancement somewhat as follows is followed: For first year of an inexperienced teacher the salary is set at \$35, \$40, or \$45. I think never above \$45 for the first year. At the end of the first year if she proves herself efficient, her salary is raised either \$2.50 or \$5 per month. The second year the same is repeated and so on from year to year until the limit of the best teachers is reached.

If at any time a teacher is not found worthy of the schedule raise, she is dropped from the teaching force. Thus a teacher has an incentive to hold on and to do better work each year, and remain in the employ of the board. It is a settled fact that the longer a good teacher remains in the employ of the same board, the more valuable her services are to that board until the limit is reached, if it is ever reached. This is certainly business-like. No one would think of employing or retaining a young, inexperienced lawyer or physician and paying him the same salary or fee that he would pay to an experienced and successful lawyer or physician, and no lawyer or physician of little or no experience except that which he might obtain during his college career, would think of asking or receiving a very large sum or fee for the first few years of his practice. Teaching is just as much a profession, and just as difficult, as is that of either the lawyer, doctor, salesman or any other.

The sooner this fact is realized and acted upon by Boards of Education, the sooner good teachers will come to the front, and the poor ones will drop out of the profession. As long as inexperienced, good, bad and indifferent teachers are paid the same salary our children will suffer, become discouraged, and many of them drop out of school long before they would if they had good, sympathetic earnest, efficient teachers.

It costs no more money to adopt some good schedule plan than it does to have a set sum to pay all grade teachers, and a set sum for principals and high school teachers. Many young ladies and gentlemen too, teach a year or two to get a little money to get married on, or to do something else foreign to the teaching profession, and who would censure them when they can step into as good positions as old, experienced and successful teachers.

I would also recommend that in the future if it is found necessary to employ young, inexperienced teachers that they be selected from Santa Fe or surrounding territory, thus encouraging and helping our own people, everything else being equal. During the past year we had a fine corps of teachers, and I hope we shall have as good a corps the coming year.

Respectfully submitted,
J. A. WOOD, Supt.

TERRITORIAL BOARD OF EDUCATION MEETS MONDAY

The Territorial Board of Education will meet in Santa Fe Monday when contracts will be awarded for furnishing school books to the Territory for the ensuing four years. The board at its meeting will also choose one firm as the Territorial depository to handle all the text books. The contracts represent about \$25,000 and the competition promises to be keen. Already several representatives of school book publishing firms have arrived in the city.

TRACK WALKER PREVENTS WRECK

Saves Overland Train From Destruction

OBSTRUCTION ACROSS RAILS

Placed There By Fiend Discovered and Removed Just in Nick of Time.

Los Angeles, Calif., June 8.—According to a statement made today by local railroad officials, an attempt was made yesterday to wreck a south-bound overland train a short distance north of this city. It is said that a track-walker discovered a heavy log chain bound across the rails at a sliding switch in such a way as to derail the train. The scene of the attempt was but a short distance from West Glendale where a passenger train was recently wrecked. The officials are convinced that efforts to wreck these trains are made by a crank or a discharged employee.

HILLSBORO GIRLS NOW IN PRISON

Mrs. Madrid and Alma Lyons Enter Upon Life Term

EXHIBIT NO EMOTION

Will Be Taught Sewing-- Sheriff Tafuya and Deputy Bring Them Here.

Two female prisoners still in their teens convicted of murder in the first degree were received today at the Territorial penitentiary within whose grim walls they must spend the remainder of their natural lives. They were Mrs. Valentina Madrid and Miss Alma Lyons who were sentenced to death by hanging for the murder of the former's husband, Manuel Madrid, and would have been executed yesterday, but for the commutation of their sentences to life imprisonment by Acting Governor J. W. Reynolds.

Entered Prison Calmly.

Sheriff Eduardo Tafuya of Sierra County and a deputy brought the two delinquent girls from Hillsboro where they have been incarcerated since their arrest, arriving on the morning train over the Atchison, Topeka and Santa Fe Railway. They did not exhibit any emotion as the heavy prison gates closed behind them and shut them off from freedom. As the train on which they were passengers came within sight of the penitentiary and it was pointed out to them they looked at it intently. Whether they were gazing through the car windows at the big penal institution simply curious to see what it looked like or were contemplating the future that lay before them within those forbidding walls they kept their thoughts to themselves. Both were cool and collected as they alighted from the train and walked with their two guards to the main entrance and disappeared inside.

Was All Ready for Execution.

Sheriff Tafuya had made preparations for the erection of the scaffold on which the two women were to be hanged and was getting everything in readiness for the double execution when he received a telegram from Acting Governor Reynolds notifying him that their sentences had been commuted and that the official order would reach him by registered mail. When the two females were apprised of the executive clemency shown them they appeared to be pleased. As the date set for their execution drew near they began to realize in some degree the terrible fate that awaited them on the gallows.

Superintendent Arthur Trelford was asked this afternoon what employment he would give the two women and he said they would be taught sewing and other useful occupations the same as the other female convicts.

SANTA FE CENTRAL CHANGES IN TIME

New Schedule Will Go Into Effect Sunday--Trains Will Leave Later and Arrive Earlier.

A new time table will go into effect tomorrow at noon on the Santa Fe Central Railway. Changes have been made in the schedule of both of the daily passenger trains running between this city and Torrance.

Train No. 1, southbound, will leave this city daily at 2 p. m. instead of 1:20 p. m., arriving at Torrance at 7:50 p. m., instead of 8:15 p. m. Train No. 2, northbound, will leave Torrance daily at 11:15 a. m. instead of 11 a. m., arriving in Santa Fe at 5 p. m., instead of 5:40 p. m.

By this new time card it will be observed that there has been an elimination of much "dead time." There is a difference of about an hour between the old and the new schedules. The new time table will be of benefit to the traveling public on the line.

GROUNDS OF CAPITOL IN SUMMER VERDURE

The Capitol grounds were never prettier than at the present time. The spacious well watered lawn with its close cropped grass is a dream of beauty and a joy forever. The shade trees and shrubbery have donned their summer foliage and the rose bushes and other floral plants will soon be in bloom if the buds were not destroyed by the late frosts.

TURKISH VILLAGE IS DESTROYED BY QUAKE

Constantinople, Turkey, June 8.—The village of Seral, fifty miles east of Van on the Turco-Persian frontier was destroyed by an earthquake yesterday.

MANY PERISH IN AWFUL TORNADO

Severe Storms in Illinois, Indiana and Kentucky

TOWNS AND CROPS SUFFER

Devastation Extends Over Wide Area and Damage is Very Great.

Chicago, June 8.—Dispatches from Southern Illinois, Indiana and Kentucky tell of storms of tornado severity which caused considerable loss of life and the destruction of much property. At New Minden, Illinois, 25 miles southeast of St. Louis, early today four persons were killed and a score of others injured by a tornado. At Gradyville, Kentucky, a cloudburst is said to have caused the loss of ten to fifteen lives and to have washed away eight houses. At York, Illinois, last night twenty-five or thirty houses were destroyed and a number of persons killed. At Farmersburg and Sullivan, Indiana, much damage was done by wind and rain. Duquoin, Illinois was visited by this same storm that caused so much destruction at York, but no lives were lost there.

Illinois Village Devastated.

Nashville, Ill., June 8.—A tornado swept over New Minden seven miles north of this city early this morning, killing four persons and injuring over a score. The dead are:

Mrs. Henry Welhe and two children.

A child of Mrs. Carl Steumeyer may die.

Most of the houses destroyed were cottages in the northern part of town. The German Lutheran Church was badly damaged and its parochial school demolished. The four persons killed were all in Welhe's house, which was completely demolished and the occupants blown with the debris into neighboring fields. Much damage was also done in the surrounding country.

Eleven years ago New Minden was visited by a tornado and four or five persons were killed.

Cloudburst Wipes Out a Kentucky Hamlet.

Louisville, Ky., June 8.—Twenty-one people are missing and the little village of Gradyville in the southern part of this state is almost totally destroyed as a result of a cloudburst which sent a volume of water on the sleeping hamlet shortly after midnight. A partial list of the dead and missing are:

MR. AND MRS. STRONG HILT and family.

JOHN MOORE.

AUSTIN WILMORE.

MISS WILMORE.

DR. L. C. NELL, former state Senator and family.

H. MOSS and family of five children.

The storm began about 10 o'clock last night and increased in violence until 12:30 o'clock. A big creek bordering on the village overflowed, pouring a great volume of water upon Gradyville. Nearly every house in the place was washed away. Thousands of acres of crops were ruined. Gradyville has a population of about 150.

Two Killed at York, Illinois.

Terre Haute, Ind., June 8.—Meager details from West York, Illinois, tell of destructive tornado that visited the village of York located on the Wabash River southwest of this city last night. The known dead are:

HENRY HOOK, aged fifty years, found dead in garden.

Mrs. Malinda Pinkston, aged forty-five years, found dead in tree.

The members of the families of these two victims were injured. The number of injured is placed at thirty. Forty or fifty houses were demolished. Wires are down and particulars are lacking. The tornado struck the village soon after the supper hour and raged for several minutes. South of here in Indiana there was a severe storm accompanied by wind and rain and much damage was done.

COUNTY FINANCES IN GOOD CONDITION

Increases in Taxable Valuations This Year in Grant, Luna and Dona Are Considerable.

Traveling Auditor Charles V. Safford has returned to the city from a ten days' visit to Silver City, Deming and Las Cruces at which points he inspected the records of the assessors and county treasurers and also checked up the funds of the several county treasurers. It is gratifying to learn that financial matters in the three counties named are in very good condition and indeed in the best shape ever in their history.

Assessor Robert H. Boulware, of

Grant County has done very good work in assessing property for taxable purposes. He was ably assisted by competent deputies. The increase in taxable values of Grant County this year will be considerable. The county treasurer, Jackson Agee, is very methodical and systematic in the keeping of his accounts and books and public funds in his possession were found properly deposited in a bank as required by law. The assessment rolls of Grant County this year will show that the people have over \$70,000 in cash upon which they are willing to pay taxes. This is a great increase and it is believed will make the best showing in that line in the Territory.

The assessor of Luna County, C. W. Cook, has also performed his duties well and the assessed valuation this year will be greater than that of 1906. E. J. Carskadon, treasurer, has his accounts and books in very good shape and the cash balances due to the county and other funds were found properly deposited.

Assessor C. E. Miller, of Dona Ana County is making a commendable record and in that county there will also be shown an increase in valuations over last year. Oscar Lohman, the treasurer, is a very good official, keeps his records in excellent shape and the public funds in his case are deposited with banks as is required.

Traveling Auditor Safford states that matters connected with assessing and collection and safe keeping of taxes in the counties named have been greatly improved in every way and in fact are very good and up-to-date. There has been more attention and more care paid to proper assessment this year than ever before, and hence the assessment valuations will be larger and the tax rates cut down correspondingly.

ANDREWS AND LEAHY SEE PRESIDENT

Have Lengthy Interview With Chief Executive at White House--Reservoir Project Satisfactory.

Special to The New Mexican.

Washington, June 8.—Delegate Andrews, of New Mexico, called at the White House this forenoon and had a lengthy interview with the President at 11 o'clock. David J. Leahy, of Las Vegas, in company with F. H. Newell, the Director of the U. S. Reclamation Service, also had an interview with the President this forenoon during which the question of the construction of a reservoir on the Las Vegas Land Grant near Las Vegas was discussed. This was entirely satisfactory.

Delegate Andrews also visited the war department this forenoon in connection with affairs of interest to the Territory and also saw the Secretary of the Navy on similar business.

COMMENCEMENT AT DEAF AND DUMB INSTITUTE

Commencement exercises at the Territorial Institute for the Deaf and Dumb near this city will take place in the afternoon of Tuesday the 11th instant, and will commence promptly at 2 o'clock. No printed invitations have been issued, but Superintendent W. O. Connor, Jr., expresses the hope that all the citizens of Santa Fe will attend the ceremonies. The school year just closed has been a successful one and the number of pupils at the institution during the year was twenty. The progress made has been remarkable and satisfactory. This will be fully demonstrated at the closing commencement exercises to which the good citizens of Santa Fe and of the Territory generally and especially those who take an interest in the education of the deaf and dumb are invited.

CONFESSES TO BRUTAL MURDER

Karl Hau Breaks Down When Told of Wife's Suicide

ONCE PROMINENT LAWYER

Poisoned His Mother-in-Law in Order to Secure Her Fortune.

Karlsruhe, Germany, June 8.—Karl Hau, who has been under arrest here for some time, charged with the murder of his mother-in-law at Baden Baden in November last, confessed his guilt today. Hau's confession followed the news that his wife had committed suicide by drowning in Switzerland.

Although a German by birth, Hau lived for many years in Washington, D. C., where he was prominent socially and in the legal profession. Money troubles prompted Hau's crime. His mother-in-law was possessed of a large fortune.

ORCHARD ALSO A FIREBUG

Adds Crime of Arson to His List of Misdeeds

DEFENSE SHOWS ITS HAND

Will Attempt to Prove Conspiracy Against Union By Mine Owner's Association.

Boise, Idaho, June 8.—The Haywood murder trial was resumed at 9:30 o'clock this morning with Harry Orchard, chief witness for the state, still under examination. The Haywood family group now numbering seven, was in court when the proceedings began.

Orchard testified today that he did not become acquainted with Pettibone until 1904 of the same year that he went with Moyer to Oury as his bodyguard. He roomed over Pettibone's store for a while at that time.

Orchard consented to correct Attorney Richardson as to the inferences he would draw from answers and as to the attorney's recollection of his direct testimony. Haywood repeatedly consulted with Richardson, suggesting questions and giving correct dates.

What Defense Expects to Prove.

The tact taken by Attorney Richardson in asking Orchard if he wanted Adams to help him in the assassination of Governor Peabody because Adams was a federation man, is taken as an indication that the defense will contend that Orchard was in the employ of the Mine Owners' Association and tried to involve the federation or a federation man in all his crimes. It is certain that the defense will claim that there was a counter-plot on the part of the mine owners to break up the Miners' Union by having all lawless acts attributed to it.

Fails to Confuse Witness.

Orchard adhered to every one of his first statements and elaborated them under a hail of questions from the counsel for the defense. Attorney Richardson devoted much time to fixing dates. The witness said that Pettibone had reported the proposed assassination of Detective Gregory to the executive board of the Western Federation and represented to the board members that he thought it would be a good thing. He said that Jack Simpkins, James Kirwan, E. C. Coakley and Jack Williams were members of the board at that time.

Did Orchard Have Personal Grudge Against Steunenberg?

In response to a question Orchard said that he had written the story of his life in book form. He said that Detective McPharland had seen the work but he denied that McPharland ever suggested any changes in the narrative. The defense here endeavored to lay the foundation for showing that Simpkins, because he was in the Idaho bull pen, and Orchard, because he was driven out of Idaho and forced to sell his interest in the Hercules mine, which later became very valuable, had a deep personal grudge against Ex-Governor Steunenberg.

Confesses to Crime of Arson.

Orchard created a sensation today by adding the crime of arson to his long list of misdeeds. He said he and Johnny Neville decided to burn Neville's saloon near the Independence, Colorado, depot, collect the insurance and divide it. He set fire to the place with "Pettibone dope." Orchard got \$100 of the \$600 insurance Neville collected.

The court adjourned for the day at 11:50 o'clock with Orchard still on the witness stand.

MUCH EVIDENCE AGAINST SCHMITZ

Witness Today Corroborated Testimony of Those Yesterday Relative to Extortion of Money.

San Francisco, Calif., June 8.—In the trial of Mayor Eugene Schmitz this morning, Camille Mailhebeau, who before the great fire was proprietor of Frank's French Restaurant corroborated the testimony given yesterday by the keepers of other French restaurants.

DAMAGE WILL REACH MILLIONS

Recent Cyclone in India Was Destructive--City of Kurrachi Suffered Especially.

Bombay, India, June 8.—It is estimated that damage to the amount of from three to six millions of dollars was caused by the cyclone which swept over Kurrachi on June 6. The lighting system of the city was completely wrecked.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THEY CANNOT FOOL THE PRESIDENT.

Under the heading "The Gangsters are Scared" the Albuquerque Morning Coyote, the bought and paid for organ of the fake reformers, and owned by a corporation in which adherents of ex-Governor Hagerman have much financial interest, more lies are told, more falsehoods are published and more dirty and cowardly insinuations are used in order to bolster up the ex-governor's case and to fool "the dear people" some more. Ex-Governor Hagerman is held up as a saint with six haloes about his head; as the greatest reformer since the days of Martin Luther, as an emblem of purity, as a symbol of angelic innocence, as a paragon of virtue, and as a gigantic mass of undefiled political honesty. The opponents of this great conglomeration are called "gentlemen grafters" and the like. Having two cases of criminal libel already against Danny Macpherson, boss of the water supply company ring and of the Morning Coyote, the article gives not the names of these "gentlemen grafters" but simply deals in general terms and falsifications. President Roosevelt is no longer called a fool or a knave; he is no longer accused of "having committed an outrage on decency and honesty in New Mexico," and "a fearful crime against civilization" by Hagerman's deserved removal. He is no longer charged with having "unjustly, unfairly and cowardly" removed Hagerman because he wanted the six delegates from New Mexico in the next Republican National convention. No! No! That dirty and cowardly plan of campaign conducted by the Hagerman ring and the yellow sheets in its pay for a month has been thrown aside, having been found absolutely useless, ridiculous and silly. Now what bulldozing, lying, slandering and libeling could not attain soft soap, laudation and flattery are to bring about. People who have read the editorials and articles in the Albuquerque Morning Coyote fully understand the animos and the reasons for this sudden change in the campaign. They know well that all this assumed praise, this alleged laudation and the thinnest balderdash, and then soft soap are the veriest in no way disguise the real hatred and venom the Hagerman gang and its yellow sheets entertain for President Roosevelt because he did what is right and proper in the premises. The editorial in question endeavors to help Hagerman by accusing other territorial officials of having committed illegal, improper and dishonest acts in connection with sales of territorial lands. Why such accusations should relieve Hagerman is not set forth. The plea made for him is in conformity with the policy pursued by him as governor and by the gang that stands with him and by him and this yellow sheet ever since Hagerman wanted reform, so he said. Look at some of his reform appointments: Miera, for instance; there is reform for you; Sargent as auditor; more reform for you; Duncan as coal oil inspector; more reform for you; the pocket veto of a bill passed by both houses exempting naphtha from the operations of the coal oil inspection law in order to cheapen the price of naphtha to farmers using naphtha engines for irrigation; more reform for you. The pocket veto of a bill passed by both houses providing for the protection of owners of artesian wells in the Pecos River section; more reform for you; the approval of big appropriations for contingent expenses and for some useless offices as well as in other directions where the appropriations are of no benefit to the people; there is more reform for you. This list of alleged reform is so long that it would take several columns to detail it here and now. More of it in due course of time. In the meantime, the "gangsters are scared" may be scared for all this paper cares or knows, but that the respectable and decent citizenship of New Mexico and its leaders and the Republican organization in this Territory are not afraid or scared one bit is a fact so patent, so prominent that it needs no more iteration than to say that their conduct speaks for itself and in no mistakable terms.

IS THERE NECESSITY FOR THIS POTTER?

There has been considerable discussion in eastern papers over the exclusion of enlisted men both of the army and navy from dancing and similar resorts in several places and especially at seaports, one notably at the Jamestown Exposition. There is considerable more fuss and feathers about the affair than there ought to be. The

proprietors of such places claim that the enlisted men are not excluded, because they are soldiers and sailors, but because the uniform in which they appear is not considered the proper dress for such occasions. There is probably something in this. At the same time the uniform of the United States and the man wearing it as long as they behave themselves and act in proper manner should be treated with the respect and the utmost consideration. If it is a question of dress simply, the people will not care much. If, however, exclusions are meant to show disrespect for the country and to the uniform its soldiers and sailors wear, the sooner the practice stops the better for all concerned.

The Denver Republican treats the subject from the standpoint of conventionality and says concerning it: "In the potter that is being kicked up over the sailors who were refused admission to a dancing pavilion near the Jamestown Exposition because they were in uniform, it appears that somebody is becoming unduly excited."

"The whole question seems to hinge, not on a matter of patriotism, but on the question of suitable dress. No doubt the men who barred the sailors from the dancing floor are good citizens, who respect the flag and respect the men who are serving the colors. But there are questions of suitable dress which must be considered paramount in such cases. The sailor's dress is all right for the ship, just as the cowboy's chapeiros and spurs are suited to the saddle, but has the sailor any more right to wear his working garb to a dance than a cowboy has to go to the city and attend a social function in his chaps and spurs?"

"In England they are formal to a degree when it comes to matters of dress. The other day the son of an American millionaire who wore a free-and-easy costume to dinner in a great hotel, became very indignant when he was requested to don more conventional attire. While the demands of conventionality are not so strong in this country, at the same time it is recognized that there are certain limits which it is not in good taste to ignore."

"If the government is going to insist that the uniform is privileged to go anywhere, we fancy it has a large contract on its hands. The question is not one of men, but of clothes—not of disloyalty, but of good manners."

1907-08 CATALOGUE OF THE NEW MEXICO MILITARY INSTITUTE.

Out of the mass of printing that comes to the desk of every daily newspaper, it is a delight occasionally to pick a pamphlet or a piece of job work that stands above even the high grade of printing that is the rule nowadays in progressive towns and cities. Such a work of art is the annual catalogue of The New Mexico Military Institute at Roswell for the year 1907-1908. What is even more noteworthy is the fact that this fine example of typographical and engraving skill was printed in New Mexico, it being the production of the press of the Roswell Printing Company which has set itself so high a standard that its work is not surpassed for artistic balance by the best printing offices in the larger cities. The catalogue is profusely illustrated with half tones printed either in black or in tint, some of them vignettes and all of them carefully brought out by the pressman on the especially fine grade of heavy coated paper. The typographical part of the catalogue is in keeping with the pictorial display. The type used is new and neat, the subject matter well arranged, the heads excellently displayed, the margins wide and the cover harmonious, being deckle-edge gray, a design in bronze green printed in the upper left hand corner of the front page, being the only embellishment. Of course, great praise is due also to the editors of the catalogue, the photographer who took the pictures and the management which had the catalogue printed for the tendency of the trustees of the faculty of most institutions is to interfere with the artistic ideas of the printer rather than to encourage them.

WHY OKLAHOMA WAS NOT CONSIDERED FAVORABLY.

It looks as if the annual encampment of the veterans of the Spanish-American war will not be held in Oklahoma as suggested. The reason for this is not generally known. It is given by the Pueblo Chieftain and it is a rather strange if a very pertinent and good one. In explaining the situation the Chieftain says that Oklahoma seems to have lost its chance of entertaining the veterans of the Spanish-American war in their annual encampment this year. One of the chief reasons

given is the new state's inability to secure a \$25 railroad rate from the eastern states. But this is not the real reason, as is known by veterans of that war and all persons who have kept a close watch of affairs.

In a section of the constitution drawn for the new state is a clause prohibiting veterans of the United States army from becoming citizens of Oklahoma. This is nothing more nor less than an insult to every man who has donned the uniform in former times in defense of his country. In view of this the boys of '98 could not accept the hospitality of Oklahoma without sacrificing their self-respect. It is wise that those in charge of choosing a place of meeting have refused to accept the invitation of Oklahoma, and will go elsewhere for their annual gathering.

PUBLIC SCHOOL IN PRECINCT 18.

Precinct No. 18 should have a modern school building. Although it has more individual taxpayers than any other precinct, it has no public school building, although the other three city precincts have enjoyed such facilities for years. The small children of this ward in some instances walk over a mile to attend the primary grades and while fortunately, Santa Fe's climate permits doing this without hardship the greater part of the year, there are days when the weather is inclement and when children must either stay home or expose themselves to danger of severe illness. Nor is a small child that has walked a mile and more, fit to buckle down to work in the school, especially when this walk must be taken four times each school day. The members of the Board of Education of Precinct No. 18 should see to it that their precinct gets the modern school house that it was tactfully understood and openly announced each ward was to have out of the munificent donation of Fort Marcy to the city for public school purposes.

A BRIDGE ON DELGADO STREET.

For a month or more, even the two-inch plank that serves as a footbridge over the Santa Fe River at the Delgado Street crossing has been impassable and that important thoroughfare is practically closed to traffic. In addition, it is dangerous to teams and pedestrians on account of the high banks of the river on each side and the county would be liable for damages for injuries sustained by its neglect. Over three years ago, it was that the bridge at this point was swept away by a flood and although the New Mexican has called attention to the dangerous condition of the crossing and has had the individual promise of members of the county board to remedy their neglect by ordering a new bridge built at this point, there is no sign as yet that this will be done, although Delgado Street is one of the most important cross streets of the town and the bridge would be the only one for almost a mile north of the College Street bridge.

Traveling Auditor Charles V. Sanford, who has spent the past ten days in southern New Mexico, sees nothing but signs of progress and notes a constant increase in population, in business activity and in building in the several towns. The values of assessed property for taxable purposes in the counties of Dona Ana, Luna and Grant will show a considerable increase, although not as much as might be the case. Conditions in matters of assessment and collection and proper accounting of taxes are constantly bettering and are in a satisfactory condition.

A short time ago, Alamogordo reported that its jail was without a single occupant and now Eddy County comes forward with the boast that its county jail is empty and has cells to let. This is certainly getting to be a law-abiding Territory, especially in communities where not so long ago it was the custom for cowboys to shoot up settlements and where the little amenities of law-abiding people were not too closely observed in fighting for possession of the range.

New Mexico courts are certainly busy and in criminal cases, swift and evenhanded justice is the order of the day. Considering the thinly settled condition of this Territory, great distances of many settlements from railroads, and the scarcity of law officers, crimes are few and in a great majority of cases they are promptly investigated, indictments are found, trials had and the guilty ones punished.

The farmers of Kansas are in a fair way to get along, Wall Street panic or no Wall Street panic, especially as long as wheat is above the dollar mark per bushel. They have \$100,000,000 deposited in the banks of the Sunflower state.

A population of 40,000 is now claimed for El Paso and the indications are that this claim is about correct. Verily the Southwest is becoming great.

It is a cold day in the Sunshine Territory these days when a new bank or a newspaper is not started. Sure signs of progress these.

It may be "Bill" Taft vs. "Bill" Bryan in 1908 and if so the chances are decidedly in favor of the first "Bill."

WHY SO WEAK?

Kidney Trouble May Be Sapping Your Life Away—Santa Fe People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, become weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Santa Fe testimony to prove it.

Jose Ortiz y Baca, living on Alto street, Santa Fe, New Mexico, says: "From a short use of Doan's Kidney Pills I derived benefit which gives me just cause to vouch for the efficiency of this medicine. At intervals for three years I was more or less troubled with pain in my back and seeing Doan's Kidney Pills highly recommended for this complaint I procured a box at Ireland's Pharmacy and after taking them as directed I was relieved in a short time and in every sense of the word the result was satisfactory. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HOW UNCLE SAM FIGHTS GREAT WHITE PLAGUE

Sanatorium of Public Health and Marine Hospital Service at Fort Stanton, New Mexico

Written especially for the New Mexican by Dr. Paul M. Carrington, Surgeon in Command.

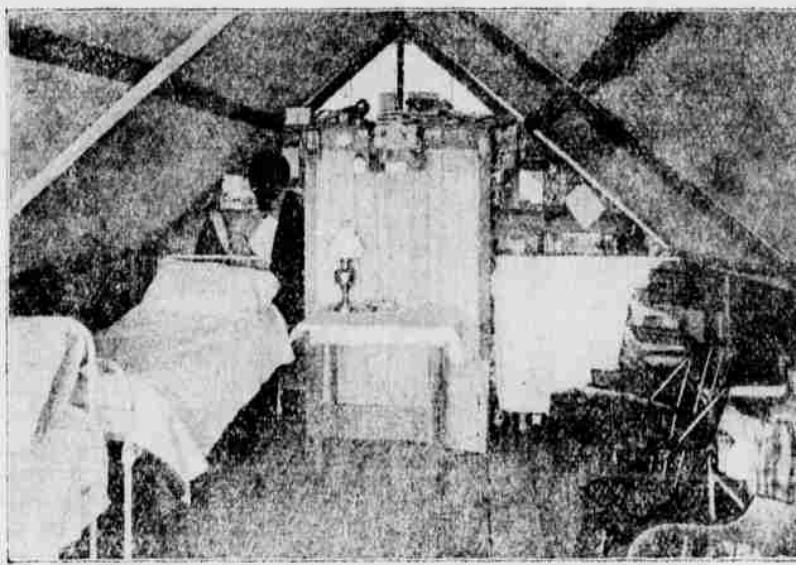

Fort Stanton, established in 1855, to control the Mescalero and White Mountain Apache Indians, was abandoned as an army post in August, 1896, all troops withdrawn and the reservation turned over to the Interior Department. By executive order of President McKinley, dated April 1, 1899, the Fort Stanton reservation, then consisting of sixteen square miles, was on the recommendation of Surgeon General Walter Wyman turned over to the Public Health and Marine Hospital Service for use as a sanatorium for tuberculosis. The reservation, together with the buildings thereon, was formally accepted from the Interior Department on April 27, 1899, by Past Assistant Surgeon J. O. Cobb, who was detailed to receive it and prepare the buildings for the reception of consumptive sailors. Dr. Cobb remained in command of the sanatorium until January 25, 1901, when he was relieved by the writer. At that time there were about sixty patients under treatment and the num-

ber gradually increased until now, with a capacity for two hundred and fifty, the average number under treatment varies from one hundred and eighty-five to two hundred and forty. Only legal beneficiaries of the Public Health and Marine Hospital Service are received, the great majority of them coming from the ranks of the merchant marine of the United States. Besides the officers and seamen of the merchant marine, the beneficiaries of the Public Health and Marine Hospital Service are: Officers and crews of the Light House Establishment, officers and crews of the Revenue Cutter Service, seamen on vessels of the Engineer corps of the army, keepers and crews of Life Saving Stations, officers and seamen of vessels of the Coast and Geodetic Survey, seamen on army transports who are not enlisted men of the army, and officers of the Public Health and Marine Hospital Service.

Reservations covers 43 miles. The present reservation having the use of tents as sleeping quarters for consumptives, and during the past year, in conjunction with the sanatorium architect, Mr. Thomas, has devised an improved consumptive dwelling called a "tent house" which is illustrated in this article. Of tents and tent-house there are now in actual use at the sanatorium more than eighty, accommodating about one hundred and fifty patients. Suitable toilet and bath house have been constructed in the tent and tenthouse villages and are sufficiently near to be utilized by the patients without inconvenience.

Treatment of Patients.

The same branch of the Public Service which operates Fort Stanton sanatorium also maintains hospitals for the treatment of the seamen of the merchant marine at all the principal sea, lake and river ports of the country. Seamen who become sick or who are injured first apply to the nearest marine hospital station for treatment. Such of them as are found to be suffering from tuberculosis are then reported to the surgeon-general, who grants the necessary au-

thority for their transfer to Fort Stanton. The patient arriving at Fort Stanton is, without regard to his condition, immediately placed in bed where he must remain at perfect rest for at least four days, and longer if necessary. After being put to bed he is given a copy of the regulations made for his guidance and during his four days period of enforced rest he is supposed to make himself thoroughly familiar with these regulations. During this period of rest his case is carefully observed and at the end of the period he is either continued in the hospital or transferred to a tent, dormitory or tent-house as his condition may require. At this time he receives a physical examination which includes of course, a microscopic examination of his sputum, and if his condition warrants he is transferred from the hospital to the ambulant sick report, the patients composing the latter being given about fifteen minutes setting up or breathing exercises every morning. been considerably enlarged by executive order, now consists of over forty-three square miles, and is situated in Lincoln County, between the White and Capitan Mountains. The Rio Bonito traverses the reservation a distance of eight miles from west to east, and the sanatorium buildings occupy an area of about twenty-five or thirty acres in the center of the reservation and on the south bank of the Bonito, at an altitude of 6231 feet above sea level. Nearly all the buildings have been remodeled, the general style of architecture adopted being colonial. Beautiful and commodious porches have replaced the narrow lean-to affairs which were originally built and the buildings surrounding the parade ground now present an artistic and harmonious appearance. For six years the writer's advo-

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Erysipelas, Catarrh, La Grippe, all Femal complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

Miss Harriet C. Hitchcock of Hilo, Hawaii, is a visitor in Las Vegas, the guest of Miss Eleanor A. Thomas. They will spend the coming week at Harvey's ranch resort in the mountains north of the Meadow City.

Captain E. C. Abbott was among those who left for Tierra Amarilla this morning. Captain Abbott has considerable legal business before the coming term of the Rio Arriba County district court.

Associate Justice John R. McFie left this morning for Tierra Amarilla, where he will open court Monday next. He expects to be absent about ten days or two weeks. The docket is not extensive.

Mrs. Frank Dibert and daughters, Miss Heloise and Miss Diberta, who have been sojourning in Los Angeles and other California resorts during the spring are expected to return home at an early date.

Mrs. J. A. Wood and daughter, Miss Laura Wood, of this city, have been spending the week in Las Vegas visiting friends and attending the commencement exercises at the New Mexico Normal University.

General Manager S. B. Grimshaw of the Santa Fe Central Railway is back after attending the annual meeting of general freight agents and traffic managers of Western railroads this week at Denver, Colorado.

Mr. and Mrs. J. P. Lyng returned last evening from Denver, Colorado, whither the former as traffic agent of the Santa Fe Central Railway went to attend a meeting of general freight agents of the Western railroads.

Mrs. C. L. Stevenson and Mrs. James L. Seligman who have been visiting their son and brother at Alameda, California, are now among the summer sojourners at Long Beach, a hotel seaside resort close to Los Angeles.

Miss May Spitz will be a passenger tomorrow for Los Angeles, California, where she will be a guest of Miss Hortense McKenzie, formerly of Santa Fe. She expects to be away about six weeks and may prolong her stay to two months.

S. Spitz and his little son, Master Bernard Spitz, left yesterday for Denver, Colorado. They will return to this city early during the coming week accompanied by Miss Florence Spitz who has been at school in the Colorado Capital.

The Young People's Dancing Club entertained last evening at another of its fortnightly dancing parties at Elks' Hall. The evening was an ideal one for a dance and the members and their invited friends enjoyed the occasion to the utmost.

Mrs. L. B. Prince, who spent the past three months at the Prince homestead at Flushing, Long Island, and who has been visiting friends and relatives in various New York and New England cities will likely return to Santa Fe in about ten days.

J. E. Smithers, manager of the Castaneda Hotel at East Las Vegas, has gone to New York City, where he will join his wife and family for a month's vacation. Mrs. Smithers and the children have been visiting relatives in the metropolis for some time.

Ex-Governor L. Bradford Prince and Hon. James M. Freeman, of Greeley, Colorado, who have been in Southern Rio Arriba County on legal business, returned to the city this evening. Mr. Freeman expects to leave for his Colorado home early next week.

Miss Carol Lindbeck, a teacher in the local public schools, who has been re-elected for the ensuing term, left during the week for points in Colorado, and from there will go to Emporia, Kansas, where she will be for the remainder of her summer vacation.

Adjutant General A. P. Tarkington is enjoying a visit from his mother, Mrs. B. S. Tarkington and his sister, Mrs. W. F. Cook, both of McAlester, Indian Territory. Miss Mabel Clench of Las Vegas is also a guest at the Tarkington residence in the Capital.

Mr. and Mrs. Harry G. Wilson, of Chicago, Illinois, have returned to this city from a week's visit to Silver City, Deming, Las Cruces and El Paso. They enjoyed their trip very much. They will be here until the middle of the coming week and are now guests at the Palace.

Morton McMillan, of Las Cruces, has been a guest at the home of Mr. and Mrs. Ross McMillan on Upper Palace Avenue during the week. Judge and Mrs. Daniel H. McMillan, of Las Cruces, expect to pay a visit to Mr. and Mrs. Ross McMillan, their son and daughter, at an early date and will likely remain for the summer.

District Court Clerk A. M. Bergere who spent the past week in Denver with Mrs. Bergere attending the commencement exercises at Wolfe Hall, where their daughter, Miss Anita Luna de Bergere, graduated, left Denver today for Tierra Amarilla, where on Monday next he will officiate at the opening of the district court for Rio Arriba County.

Colonel William A. Glassford, Signal Corps, U. S. Army, who has been stationed at Seattle, Washington, for the past two years in charge of government cable and telegraph lines in the state of Washington and in Alaska, has been transferred to San Francisco, on duty as chief signal officer of the military department of California, where Colonel and Mrs. Glassford now are.

Judge A. A. Freeman and son-in-law J. O. Cameron, both of Carlsbad, will leave Monday next for Seattle, Washington, where they will remain for some time. Both are interested in timber lands in Washington and British Columbia. They may decide to remain and become citizens of the Northwest. Should this become a fact the Territory will lose two very valuable and highly respected citizens.

Brigadier General James Allen, Signal Corps, U. S. Army, who has many friends in this Territory and who is on duty in the National Capital recently successfully accomplished a balloon trip from Washington, D. C. to Harrisburg, Pennsylvania. General Allen is making experiments in military ballooning and this was one of the trial trips in connection with these experiments.

Invitations have been received in this city from the Rough Riders Monument Commission of Arizona to the exercises to take place at the unveiling of an equestrian statue at Prescott, Arizona, in honor of the First United States Volunteer Cavalry "The Rough Riders" and in memory of Captain William O. O'Neill and of the regiment and his comrades who died in the service of their country during the war with Spain. It will be remembered that the Territory of Arizona appropriated the sum of \$10,000 to defray the cost of this statue. The occasion promises to be a very memorable one and many of the Rough Riders in this Territory expect to attend.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale at Ireland's Pharmacy.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. For sale at the Ireland Pharmacy.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." For sale at Ireland's Pharmacy.

COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, also 25x143 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; Commercial Club; a population of 1,500 people; several large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, restaurants, etc. Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN REYNOLDS, President.

W. M. REYNOLDS, Secretary.

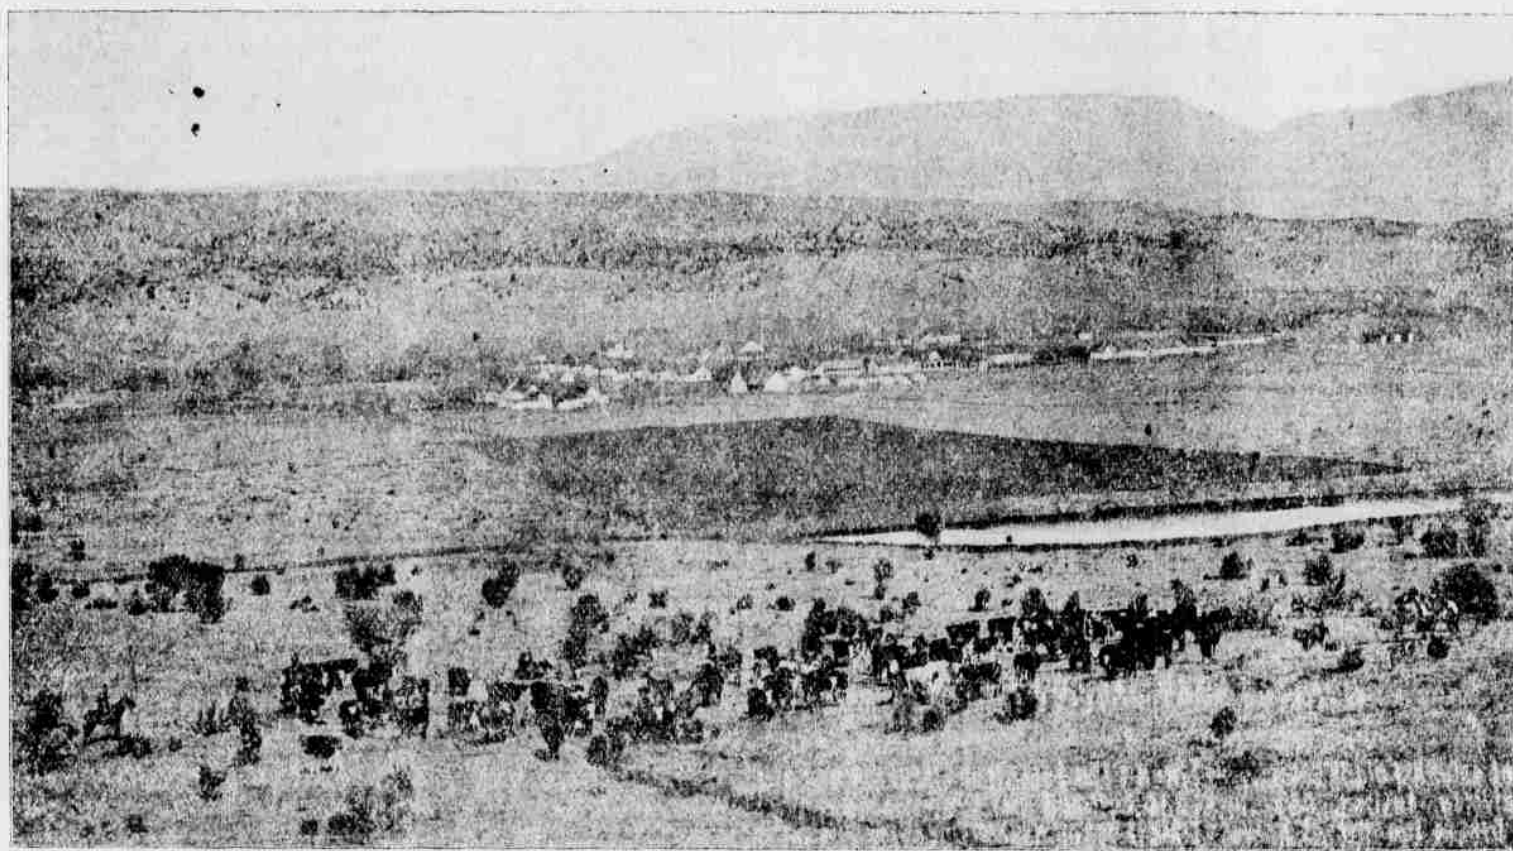

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, saw and wood yard, drug store, harness shop, etc., etc., also a first class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage security, for one year, with 8 per cent. interest thereon.

ed. There is also an ice and cold storage plant which permits the beef supply to be placed in cold storage for at least two or three weeks before being used. Horses, hogs and chickens are also raised, as well as hay and a portion of the corn necessary for feeding these animals. The sanatorium also maintains a vegetable garden which supplies all the fresh vegetables in season, as well as a considerable portion of the winter vegetables, and a fruit orchard is just coming into bearing.

Fresh Air the Only Medicine.

There is no secret or specific method of treatment, only life in the pure, fresh air, good food in abundance and appropriate rest, or graduated exercise, being relied upon as the curative agents. The use of alcoholic beverages is forbidden and the patients, while not forbidden the use, are recommended to either avoid altogether, or use sparingly, tobacco, coffee and tea. Patients in all stages and conditions of the disease are received and while, of course, many come entirely too late to hope for recovery, yet some of the most desperate cases do recover with patience and perseverance. During the present fiscal year a number of patients have been discharged apparently cured who have been under treatment from three to seven years. But of course, it is in the early cases that the greatest percentage of cures is to be expected. Some of the earlier cases have recovered in from four to six months, but even the best cases are recommended to remain under treatment for at least a year.

As showing that tuberculosis is no respecter of persons it may be stated that the nationalities of patients now under treatment are, Sweden, Norway, Ireland, Germany, England, Canada, Scotland, Russia, New Foundland, Hawaii, British West Indies, Philippine Islands, Austria, Prince Edward Island, Turkey (Armenia), Wales, Denmark, Japan, France, Italy, Spain, Nova Scotia, and twenty-eight states of the Union. There are few parts of the world which have not been represented at various times. The popular belief that negroes do not recover from tuberculosis has been proven to be erroneous, as a considerable number have recovered at Fort Stanton, which also numbers amongst its cures, Japanese, Filipinos, Hawaiians, Indians, Hindoos and other nationalities too numerous to mention. The following are the regulations

furnished the patients for their guidance, as hereinbefore mentioned: United States Public Health and Marine Hospital Service Office of Medical Officer in Command, Fort Stanton, New Mexico.

Advice and Instructions to Patients.

1. All patients are advised that a cheerful, hopeful, and obedient patient has a better chance of recovery than one who is morose, despondent, and disobedient. All patients are requested to read these instructions carefully and give prompt and willing obedience thereto in the belief that they are issued solely for the benefit of the patient, and not to cause him any hardship.

2. All patients are admonished that a consumptive should lead a temperate and regular life. The use of alcoholic beverages, except as prescribed by the medical officers, is injurious and strictly prohibited.

3. It is better that a consumptive should not use tobacco at all, but if he feels that he must use it, he should do so sparingly after dinner, and are provided with meals, but moderation in their use is strongly recommended.

4. All consumptives should be in bed at a regular and preferably an early hour, and those who are able to do so should sleep after dinner, and all may rest after each meal with profit.

5. Patients should remain out of doors during the entire day, so far as possible. In windy weather there are always comfortable locations in the lee of buildings. In very cold weather patients should still remain out of doors, and those not having sufficient clothing are authorized to use their blankets as wraps. Unnecessary fires should not be maintained, and tent dwellers should not substitute hot fires for insufficient clothing, as the liability to catch cold is thereby increased.

6. All patients are cautioned against undue exercise. The amount of exercise permissible will be regulated, as far as possible, by the medical officers, and patients are informed that in case of doubt they should rest rather than exercise.

7. All patients will be supplied with toothbrushes and an antiseptic mouth wash. The teeth should be brushed and the mouth rinsed out thoroughly immediately before each meal.

8. Consumption is conveyed from one person to another chiefly by means of the sputum; therefore extreme care should be observed in disposing of the sputum. Each patient will be provided with pocket and bedside cups, and all sputum including tobacco spit, must be deposited in

these cups. The paper cups should be burned in the crematories provided for that purpose, and the metal cups must be taken daily to the steam sterilizer in Building No. 5. Patients are cautioned against swallowing sputum since this practice is liable to infect the intestines. Sputum cups must not be emptied into sinks, water closets, or lavatories, but must be taken to the steam sterilizer. Any patient accidentally upsetting his sputum cup or spilling sputum on the ground, floors, or furniture should immediately report the matter to the nurse, in order that proper disinfection may be made. Vomit should likewise be reported.

9. The regulations relative to the disposal of sputum are of extreme importance, and any transgression of these regulations will be regarded as sufficient cause for the immediate dismissal of the offending patient.

10. Patients able to do so will make up their beds in the morning immediately after breakfast, as directed by the nurse on duty; also sweep floors and put their belongings in order.

11. Patients ordered up for examination will not leave immediate vicinity of the Examination Room for any person without permission of the officer in charge of the Examination Room, or of the Commanding Officer. If a patient is obliged for any reason to leave before being examined, he will first report to the officer in charge of Examination Room.

12. Patients are hereby informed that a safe is provided for the safe keeping of their money and valuables. They are expected to deposit their money and valuables, and will receive a receipt therefor from the commanding officer, and are informed that neither the medical officer in command nor the service will be responsible for money and valuables which are not deposited in the safe, although every effort will be made to protect the property of everyone at the sanatorium.

13. Bath towels must not be taken from toilet rooms, and each patient must rinse out the bath tub thoroughly after using it.

14. Every patient will turn in his soiled bedclothing after making up his bed on Saturdays, before 8:30 a. m. Clean bedclothing will be issued on Friday afternoons from 4 to 5 p. m.

15. Patients are forbidden to leave the limits of the Reservation without first obtaining the permission of the medical officer in command of the station.

16. Patients wishing passes will apply to the nurse in charge of the dormitory before 9 a. m.

17. When a pass has been issued by

the nurse to a patient, he will take the pass to the commanding officer's secretary in order that it may be entered in a book kept for that purpose; the pass should then be carried to the commanding officer for his approval. On his return from liberty, the patient will present his pass to the pharmacist who may be on duty in the office.

18. Patients must not throw old clothing, shoes, bottles, etc., at random around tents and dormitories, but must put them in ash cans placed near buildings for that purpose.

19. Patients are requested to report immediately all minor ailments to the medical officer in charge of sick call. This includes loss of appetite, diarrhea, digestive disorders, slight constipation, etc.

20. Gambling of all kinds is strictly prohibited.

21. Rafting or other forms of games of chance are hereby prohibited on this Reservation.

22. Any person having property which he desires to dispose of by any kind of drawing will report the same to the office, when, if in the judgment of the commanding officer it is desirable to do so, a permit will be issued under regulations made to protect the owner and the public.

23. Patients who intend to leave the sanatorium before they are cured and against advice are cautioned to acquaint themselves with the Regulations of the Service regarding readmission to the sanatorium and treatment at other hospitals of the service.

24. Patients leaving the sanatorium must report for examination at least 48 hours before departure. Any violation of this order will be considered desertion and treated accordingly.

25. All departing patients will pack their clothing in the presence of the head nurse.

26. It must be remembered that the cure of tuberculosis is a process which requires months and often years; therefore patients should exercise patience, and not expect improvement and cure to be accomplished in a brief period.

SOCIAL AND PERSONAL

(Continued from Page Four)

Judge N. B. Laughlin went to Tierra Amarilla this forenoon to be present at next week's session of the district court for Rio Arriba County before which he has business.

James G. McNary, of El Paso, Texas, formerly of Las Vegas, was a visitor today in the Capital. He came here while en route to Las Vegas with his wife and two children who will spend the summer in the Meadow City.

W. B. Childers, leading attorney of the Duke City, who was here yesterday on legal business, returned home last night. Mr. Childers may go to the National Capital at an early date to attend to legal affairs awaiting his attention there.

Miss Ritchie Seligman, who is one of the graduates this year of Wolfe Hall, at Denver, Colorado, is expected to return home Monday. She will be accompanied by her mother, Mrs. Arthur Seligman, and her little brother Otis, who went there to attend the commencement exercises.

Mrs. W. G. Sargent, who has been on an eastern sojourn for the past two months, will return home this evening. She visited New York, Washington, Chicago and other eastern cities. She is accompanied by her sister, Mrs. Harry Miller, of Washington, who will be her guest for some weeks.

Mrs. A. M. Bergere will return Monday from Denver, Colorado, where she attended the graduating exercises at Wolfe Hall. Her daughter, Miss Anita Luna de Bergere, who was one of the graduates, may accompany Mr. Bergere from that city to Tierra Amarilla to visit while the district court of Rio Arriba County is in session.

Dr. James A. Massie will leave either tomorrow or Monday for New York City from which place he will sail for England. He anticipates spending several months in London studying a new treatment for infectious diseases which promises to revolutionize the medical practice and it is believed to be a cure for tuberculosis. Dr. Massie had intended leaving several days ago, but was prevented from doing so by delay in securing his railroad and steamship tickets. His mother and one sister are now visiting at their old home in Toronto, Canada, and his other sister will leave shortly to spend the summer at New Orleans, Louisiana.

Major H. B. Hersey, of the U. S. Weather Bureau, who is with the Wellman Expedition to the North Pole, has sent the New Mexican a postal card from Drontjeim, Norway, in which he announces that the Wellman party, himself included, went via rail from Paris to Antwerp and thence by steamer to Drontjeim. There the party boarded its own steamer, the Fritjoff and proceeded to Toomsoe on the extreme northern coast of Norway from which point the sea voyage to Spitzbergen will be undertaken. At Spitzbergen all is in readiness for the ascent in the balloon and the aerial trip to the North Pole. The members of the party are reported as very well and sanguine of success.

Dr. and Mrs. David Knapp entertained a company of friends last evening at a "tacky" party at their handsome new home on Lincoln Avenue. The affair was arranged in honor of the former's natal anniversary and the guests comprised members of the Birthday Club. Most of those present in response to the invitations came incognito and some of the disguises affected were ludicrous in the extreme. "Solo" was the game provided for the evening's amusement and suitable refreshments were served. It goes without saying that the affair was enjoyed to the utmost. The guests were, Mr. and Mrs. E. A. Fiske, Mr. and Mrs. S. G. Cartwright, Mr. and Mrs. A. L. Morrison, Jr., Mr. and Mrs. R. C. Garrett, Mr. and Mrs. N. L. King, Mr. and Mrs. O. C. Watson, Mr. and Mrs. Edward Ehle, Mr. and Mrs. A. P. McInturf, Capt. E. C. Abbott and F. W. Shearon.

A feature of the commencement exercises this week at Wolfe Hall, a finishing school for girls at Denver, was a clever little comedy, entitled, "Idiosyncrasies of Betty," presented by members of the senior class Tuesday. Misses Ritchie Seligman and Anita Bergere of this city were among the principals and the Denver newspapers spoke of it as a charming little theatrical performance. The Denver Post published group pictures of the players in costume. The play was written especially for the graduates by a member of the faculty and has its action in a fashionable young ladies' boarding school. The first act is in Margery's—a student's room; the second, in the study hall; the third in a small room off the ball room. Act III brings on all the characters in masquerade costumes, Betty and Molly, are dressed exactly alike as gypsies to fool Ted, who proposes to the wrong girl. Louise sings a solo

in this act and Peggy, as a beautiful little Spanish senorita reads Ted's palm. Betty finally straightens things out, shows her engagement ring and leaves Ted to Molly. Miss Seligman appeared as Margery and Miss Bergere as Peggy.

Mrs. Louis O. Fullen and little daughter of Carlsbad, are house guests at the Frost residence, 252 Palace Avenue, and will remain until the end of the coming week. Mr. and Mrs. Fullen reached here Thursday from New York. Important legal business compelled Mr. Fullen to shorten his visit here. Mrs. Fullen has spent the past winter and spring in New York engaged in literary pursuits. Some of her work in that line, especially in the "Rose of the Alhambra," a semi-classic opera in four acts, which has been successfully produced in several of the large eastern cities and in New York received high praise from literary critics in leading New York and other journals. One of the songs in this play, entitled "The Pilgrim of Love," came in for special favorable notice and is an exquisite literary production. Mrs. Fullen expects to spend the summer in Carlsbad with her husband and while there will gather material for feature and magazine stories in which New Mexico people and conditions will be portrayed. Mrs. Fullen is a very bright and attractive woman, an earnest student of a successful writer on social and psychological subjects. She has also written stories for standard magazines which have been favorably commented upon. Mrs. Fullen has an extensive acquaintance in literary and dramatic circles in the metropolis and is a vivacious and convincing conversationalist on several of the topics of the times especially sociology, education and relief of the poor and indigent and the theater.

Minor City Topics.

(Continued on Page 5.)

Complaints are made that the condition of the reservoir of the Santa Fe Water and Light Company is not as good as it ought to be. Strict care should be exercised by the management to keep boys and animals away from the city's water supply.

Superintendent Clinton J. Crandall, of the U. S. Indian Training School, came in yesterday from an overland trip to the Taos Indian Pueblo. He visited the Indian Pueblos between this city and Taos and found matters pertaining to them in good condition. In the settlements in the higher altitude in Taos County there will be a fair fruit crop and cereals promise a good yield.

The following letters and postal cards are held at the local postoffice for better address or postage: Mr. J. E. Coffee; Demosio Coriz, Serito; Miss Delia Lane, Norborne; Mrs. Estelle Hough, Banning, Pa.; Mrs. Marzelle Ade Gazli, Girson, N. M.; Mr. L. M. Ortiz; Miss Ada Lee, 445 S. Lena Ave., Pasadena, Cal.; Mrs. S. S. Blough, 721 Railroad Ave., Johnstown, Pa.; a postal card without address signed F. M. Barden.

El Paso, Texas, this early in the season already boasts of eighteen typhoid fever cases. To Santa Fe such a condition would be serious and that such condition is within the range of possibilities goes without saying unless Santa Fe's water supply is carefully guarded and its city authorities make it a business to clean up thoroughly the dark places, the gutters and arroyos and look after the condition of the sewers that empty their filth within the city limits.

The annual fete of the Woman's Board of Trade, will be given on June 18. There will be all the usual attractions. To those who have participated in former festivals of this kind it will be unnecessary to say that the ice cream, cake, candy, etc., will be of the most palatable kind and at reasonable prices. After the conclusion of the festivities in the Plaza there will be a grand ball; the place where it will be held, and the price of admission will be announced later. The rummage sale will take place about 4 o'clock of the same day and as large quantities of articles are already on hand and must be sold the best kind of bargains may be looked for. As the Library Building is almost completed and is much admired by all who take a proper interest in the progress of the city, it is hoped that the good people will respond with their usual liberality to the call made on them. It is believed that the building will be finished by the middle of July.

EMPEROR OF HUNGARY GRANTS MANY PARDONS

Buda Pest, June 8.—Emperor Francis Joseph in celebration of the fourteenth anniversary of his coronation as king of Hungary, today decreed far reaching amnesty, especially for persons sentenced for dese majeste.

LIVED HERE FORTY-ONE YEARS AGO

Col. A. S. Hubbard, of San Francisco, Spends Day in Capital en Route Home From Denver.

Col. A. S. Hubbard, of San Francisco, California, reached the city last evening en route from Denver to his California home. Col. Hubbard attended the eighteenth annual National Congress of the Sons of the American Revolution held recently in Denver of which society he is the founder. Colonel Hubbard was a citizen of this Territory forty-one years ago, serving then on the staff of Governor Robert B. Mitchell, governor of the Territory of New Mexico in 1866. He was a member of the party that came here in that year with Governor Mitchell and which started from Lawrence, Kansas, in May with a government mule train for this city. Among the members were:

John P. Slough, afterwards chief justice of this Territory and who was shot and killed in this city the year after his arrival by the late Col. Henry L. Rynerson at the Exchange Hotel. Col. Rynerson had served as an officer in the California Volunteers and was a practicing attorney here while Judge Slough was chief justice. Major Thompson who was private secretary to Governor Mitchell and who now resides in Lawrence, Kansas, is still hale and hearty; Col. A. B. Norton, superintendent of Indian affairs who died some time thereafter in this city; Captain Henry M. Davis who was private secretary to Col. Norton and who for many years was a well known citizen and secretary of Montezuma Lodge No. 1, A. F. and A. M., now dead; Lieutenant Rosenthal, who was also a member of Governor Mitchell's staff, now dead; Major Andrew Napier also serving on the staff of Governor Mitchell and formerly an officer in the New York Volunteer regiment, now deceased; Captain William Sinclair who was also connected with the party and is now a resident of Lawrence, Kansas.

Colonel Hubbard remained in Santa Fe about a year and then went to California with a column of United States Volunteers as a clerk in the quartermaster's department and has made his home in San Francisco ever since. Col. Hubbard has taken active and continued interest in the formation of American patriotic societies for over thirty years; he founded the society of Sons of the American Revolution and is one of the incorporators of the National Society, incorporated by Congress June 9, 1906; he is ex-president of the California society; he is now secretary of the California Historical Society and also prominent in the Masonic order. He joined the Masonic order 44 years ago and has been a member of it ever since in the various organizations of the York Rite. He could not pass by Santa Fe without a visit, but he finds, however, scarcely any of the men whom he knew here 41 years ago. They have either joined the silent majority or have moved away. He feels gratified at having again visited this Capital of which he has most pleasant recollections.

Colonel Hubbard called at the office of the New Mexican and talked over old times and incidents. He found the sky as blue, the climate as genial and the sunshine as bright as he did when he first reached Santa Fe. He left this evening for his home in the city by the Golden Gate.

Colonel Hubbard visited Montezuma Lodge of Free Masonry many times during his sojourn here. He is a small man, dresses nicely, very well preserved, good face, hair slightly tinged with gray and very bright and active for his sixty years.

BRAKEMAN CRUSHED BENEATH WRECKED CARS

El Paso, Texas, June 8.—Isaac Thomas, a brakeman on the Southern Pacific running out of Lordsburg, was probably fatally hurt in a wreck near there last night caused by a string of runaway freight cars crashing in a train on which he was riding. The force of the collision threw him from the top of a box car and he was crushed under the wreckage.

MUSIC TEACHER IN LOCAL PUBLIC SCHOOLS

Miss Hildred Hansen may be employed as teacher of music in the local public schools. Much of her time is taken up with private music pupils but she may be able to devote certain hours each week to teaching the rudiments of music to the school children. The matter was discussed at the meeting of the school board last night, but no action was taken.

LAS VEGAS CLEARED OF MURDER CHARGE

East Las Vegas, N. M., June 8.—Jose Gonzales, who has been on trial here this week on the charge of murdering Fernandez Gonzales, was yesterday found not guilty by the jury. The Territory failed to establish a motive for the killing. Marcario Leybia was convicted of cattle stealing; Peter Mitchell of unlawfully killing stock, and Smith and Brooks, two negroes, of stealing from Santa Fe freight cars. Today the case against George Hummi and Tasso Kissuri, charged with stealing diamonds from a local jeweler is being tried.
