OFFICIAL LIST OF TEXT BOOKS

Compiled By Department of Education

TERMS OF PUBLISHERS

Circular Letter Being Sent to School Book Dealers and Others.

Superintendent of Public Instruction J. E. Clark has prepared a circular letter giving the official list of text books adopted by the Territorial Board of Education for use in the public schools of New Mexico during the ensuing four years.

The several publishing houses awarded contracts to deliver the books at the list price postpaid to any postoffice in the Territory.

The circular letter follows: The Circular Letter, Territory of New Mexico, Department of Education. To School Book Dealers, School Officers and Teachers of New Mexico: The Territorial Board of Education at a meeting held in Santa Fe on the eleventh day of June, nineteen hundred and seven, adopted the following books for use in the first eight grades of the public schools of the Territory, during the period of four years beginning June 15th, 1907, and ending June 15th, 1911:

NEW MEXICO MECCA FOR HOMESEEKERS

Land Offices in This Territory Lead All Other States in Homestead Entries for Past Year.

Special to the New Mexican. Washington, June 20.—The four New Mexico land offices for the year ending June 30th, will show the largest business in homestead entries of any state or territory in the Union. The Clayton district is on top, with over ten thousand entries, being the largest number of entries of any district in the United States. Five clerks are engaged in the Clayton office and they have hard work to keep up.

The Roswell land district will show over five thousand homestead entries. This is the next largest business in the United States; the Santa Fe land district stands next with over three thousand entries. The Las Cruces land district is not making as good a showing, but is coming up in the number of homestead and desert entries.

Delegate W. H. Andrews has urgently requested the commissioner of the general land office for an increase of clerks in the Clayton and Santa Fe land offices as the work there cannot be satisfactorily done with the force of clerks now granted. The Delegate will also request additional clerical help for the Roswell land office at an early date.

ADMINISTRATION FORCES IN MINORITY

First Test of Strength in Public Lands Convention Proves This—Certain Delegates Excluded.

Denver, June 20.—The first test of strength of the administrative and anti-administrative forces in the Public Lands Convention came today with the report of the committee on credentials. After considerable discussion it was decided to adopt the report of the committee except in regard to delegates representing those national organizations whose membership is not confined to portions West of the Missouri River. This referred to the American National Live Stock Association, the National Wool Growers' Association, the National Irrigation Association, the American Mining Congress and the Trans-Mississippi Congress.

A motion to include the delegates from these associations was defeated by a vote of 348 to 221. This was a defeat for the administration forces. After settling the voting strength of the delegates, the convention listened to Chief Forester Gifford Pinchot who answered in his address many of the questions propounded by an address made earlier in the convention.

STRONGLY ENDORSE ROOSEVELT POLICIES

Kentucky Republicans in State Convention Nominate Ticket and Adopt Resolutions.

Louisville, Ky., June 20.—A plank approving the policies and commenting upon the ability, courage and integrity of President Roosevelt and favoring the selection as his successor of one in full accord with those policies was the sole contribution made to national politics by the Kentucky Republicans in state convention here yesterday which lasted into the early hours of today. The ticket follows:

Governor, Augustus E. Willison; Lieutenant Governor, W. H. Cox; Attorney General, James H. Breathitt; Auditor, S. P. James; Secretary of State, Benjamin H. Bruner; Treasurer, Chapman S. Parley; Superintendent Public Instruction, J. G. Crafe; Clerk of Court of Appeals, H. Adams; Commissioner of Agriculture, N. T. Rankin.

FINLAND OPPOSES GENERAL STRIKE

Social Democrats in Convention Adopt Resolution Saying It Would Please Czar Too Much.

St. Petersburg, June 20.—The Social Democratic conference which has just ended in Finland adopted a resolution against the proclamation for a general strike on the ground that an attempt to walk out would only play into the hands of the government.

WANT INDUSTRIAL PEACE IN FRISCO

Call for National Conference Has Been Issued to Meet There in July Next.

San Francisco, June 20.—The call for a national industrial peace conference to meet in this city in July has been issued by the conciliation committee of San Francisco, with the encouragement of President Roosevelt. It is said. It is hoped to establish a permanent industrial peace in this city.

GROVER CLEVELAND VERY SICK MAN

Suffers Serious Attack of Intestinal Trouble

HOPE FOR RECOVERY

Attending Physicians Believe He Has Passed Danger Point.

New York, June 20.—Advices from Princeton, New Jersey, today announced that it was believed Grover Cleveland last night passed the danger point in another serious attack of intestinal trouble. The ex-President's recovery is now looked for.

Cleveland was stricken just after the beginning of commencement week at Princeton University and so alarming was his condition last Saturday that specialists were called in for a consultation.

Cleveland will likely be confined to his home some time and it is expected he will have to spend the entire summer in seclusion.

SECRETARY TAFT GUEST OF KANSAS

Tells Chautauqua Assembly at Ottawa About Panama Canal—Thousands Greet Him.

Ottawa, Kansas, June 20.—William H. Taft, secretary of war, who is touring the Middle West, was the guest of Kansas today. He arrived here this morning to deliver an address before the Chautauqua Assembly on the "Panama Canal." The secretary seemed entirely recovered from his recent indisposition suffered a week ago at St. Paul, Minnesota.

Thousands gathered here from miles around, excursions being run on many railroads for the occasion and it was estimated that 20,000 people heard Mr. Taft's address.

In an address before the Chautauqua yesterday, William J. Bryan urged Taft to endorse President Roosevelt's stand on an income tax and the treatment of swollen fortunes.

Undergoes Slight Operation. Kansas City, Mo., June 20.—Before leaving for Ottawa, Kansas, this morning, Secretary Taft underwent a slight operation to his throat by Dr. James E. Logan. Taft was looking and feeling well and Dr. Logan said he was in perfect health barring a slight cold.

CLOSING EXERCISES LORETTO ACADEMY

Miss Carrie Olson, of Canon City, Colorado, and Miss Bessie Lodge of Watrous, Are Graduates.

Closing exercises will be held at 8 o'clock this evening at Loretto Academy, a local school for girls, conducted by the Sisters of Loretto. An interesting program has been prepared for the event.

The indications are that Loretto Hall, in which the exercises are to be held will be crowded. Included in the audience will be the parents and other relatives of many of the non-resident students.

Miss Carrie Olson, of Canon City, Colorado, and Miss Bessie Lodge, of Watrous, are this year's graduates. Gold medals and other prizes will be awarded to a number of pupils for good conduct and proficiency in various studies.

The closing exercises of St. Michael's College, which is a companion educational institution for boys, and is in charge of the Christian Brothers, will be held tomorrow evening in Loretto Hall.

ACQUIT RAMIREZ OF MURDER

Judge Parker Flays Jury for Returning Such a Verdict—Two Jailed for Contempt.

Special to the New Mexican. Socorro, N. M., June 20.—After being out but a few minutes, the jury in the case of Romualdo Ramirez, tried before Judge Parker in the district court here on the charge of murdering Manuel Valenzuela at San Antonio a week ago, returned a verdict of not guilty.

The verdict was a surprise to the court and was so unfair that Judge Parker vigorously scored the jury telling them they "were a disgrace to the county and to themselves."

Upon the report of the verdict several men in the audience yelled their approval and were sent to jail for contempt of court.

BLUNDER CAUSE OF AOKI'S RECALL

Has Falling Out With President Roosevelt

ALL OVER FRISCO AFFAIR

Dismissed From White House in Short Order When He Demands Indemnity.

Washington, June 20.—Viscount Aoki, Japanese ambassador to the United States, has incurred President Roosevelt's displeasure because of his lack of delicacy and discretion in conducting the negotiations relating to the attacks on Japanese in San Francisco. The ambassador's recall is due in part to his being out of favor with the President.

It is said that just before the President's departure for Oyster Bay, Aoki diplomatically hinted to him that the United States should pay indemnity to Japan for the San Francisco mob outrages. President Roosevelt remained silent. Mistaking his silence for acquiescence the Japanese ambassador made a definite proposition for indemnity.

The President then forcibly expressed his disapproval of the proposition and dismissed Ambassador Aoki from the White House with advice to conduct his negotiations in the future with the state department.

Aoki Has Done Little. Viscount Aoki came to Washington May 3, 1906. His official relations here have been pleasant. But looking over his record it will be found that no large accomplishments can be set down to his credit, so far as the facts are revealed in the published correspondence of the state department here.

What the secret records of the foreign office at Tokio show, may be an other story. But it is known that the outcome of the discussion of the Japanese question before Congress at the last session was not satisfactory to the Japanese government, though the failure was never openly charged against its ambassador here.

The recall of Ambassador Aoki, it is believed here, will be in the nature of a concession to the Marquis Ito and other Japanese statesmen who have strongly criticised the administration of diplomatic affairs in this country by Viscount Aoki. Viscount Aoki also has been strongly opposed by the Japanese on the Pacific coast.

TELEGRAPHERS WILL NOT STRIKE

Adjustment of Differences Between Western Union Company and Its Employees.

New York, June 20.—As a result of the visit of Commissioner of Labor Neill and following the suggestions made by him, an adjustment of the differences between the Western Union Telegraph Company, and its operators, has been reached and there will be no strike. President Clowry, of the Western Union today addressed a letter to Commissioner Neill, outlining the position of the company which is admittedly satisfactory to all parties concerned.

DENVER & RIO GRANDE EXCURSION TO CHAMITA.

On next Monday the Denver & Rio Grande Railroad will run an excursion to Chamita for the San Juan Indian fiesta. The excursion train will leave Santa Fe at 7:30 a. m., reaching Chamita at 9:30 a. m. At this point conveyances will be on hand to convey the excursionists to the Indian pueblo. Returning the train will leave Chamita at 4:30 o'clock, arriving at Santa Fe about 7 p. m.

Thus it will be seen that the excursionists will have almost seven hours in which to view the fiesta, which by the way is one of the most interesting annual events among the San Juans.

In addition to the excursion from Santa Fe others will be run from Colorado points.

A cheap excursion rate will be made for the occasion and the indications are that a large number will take advantage of this and make the trip.

CHIEF JUSTICE MILLS IN NATIONAL CAPITAL

Special to the New Mexican. Washington, June 20.—Chief Justice William J. Mills, of Las Vegas, has arrived in the National Capital and so has W. A. Fleming Jones, of Las Cruces. Both were with Delegate Andrews today and called at the different departments.

EL PASO SCOTTISH RITE MASONS

Will Organize Consistory—Order is in Flourishing Condition and Has Many Members.

Scottish Rite Free Masonry which has been dormant for many years in the city of El Paso, is now showing great signs of activity and is in a very vigorous and healthy condition. Mount Franklin Lodge No. 8, of the 14th degree was organized November 18th, 1905, and commenced active work in conferring degrees. The lodge now is strong, has a great deal of money in its treasury and numbers two hundred members who are residents of western Texas, and of northern Mexico. The following are its officers: E. W. S. Neff, 33d degree, Venerable Master; Frank Thatcher, 32d degree, Senior Warden; E. B. Stuart, 32d degree, Junior Warden; M. Zielonka, 30th degree, Orator; B. Blumenthal, 32d degree, Almoner; W. H. McCullough, 33d degree, Secretary; C. Longnecker, 32d degree, Master of Ceremonies; G. W. Newell, 32d degree, K. C. C. H. Expert; J. D. Mason, 32d degree, Assistant Expert; H. L. Young, 32d degree, C. of H.; J. W. Dormer, 32d degree, Tiler.

October 2d 1906, a chapter of Rose Croix, 18th degree, was organized under the name of Oasis Chapter No. 5. The body has also done great work and now numbers 185 members in good standing. The following are its officers:

E. C. Pew, 33d degree, Wise Master; Colonel Lewis, 32d degree, Senior Warden; W. J. Eustace, 32d degree, Junior Warden; M. Zielonka, 30th degree, Orator; B. Blumenthal, 32d degree, Almoner; W. H. McCullough, 33d degree, Secretary; J. F. Williams, 32d degree, Treasurer; W. H. Winter, 32d degree, Master of Ceremonies; C. F. Hanson, 32d degree, Expert; W. B. Haines, 32d degree, Assistant Expert; John Hughes, 30th degree, Guard; J. W. Dormer, 32d degree, Tiler.

A Council of the Kadosh, 30th degree, was organized February 19th, 1907, under the name of Rio Grande Council Knights Kadosh No. 3. Its members number 153. The following are its officers:

A. W. Cheesman, 32d degree, Preceptor; W. T. Downing, 32d degree, 1st Sub-Preceptor; J. R. Segall, 32d degree, 2d Sub-Preceptor; J. I. Hewitt, 32d degree, Chancellor; M. Zielonka, 30th degree, Orator; B. Blumenthal, 32d degree, Almoner; W. H. McCullough, 33d degree, Recorder; J. F. Williams, 32d degree, Treasurer; L. T. Botto, 32d degree, Master of Ceremonies; C. Longnecker, 32d degree, Turcoplier; J. D. Mason, 32d degree, Draper; Solomon I. Berg, 32d degree, 1st Deacon; A. Blumenthal, 32d degree, 2d Deacon; R. M. Mayes, 32d degree, Bearer of Standard; Albert Bieffer, 32d degree, Bearer second Standard; W. B. Haines, 32d degree, Bearer third Standard; H. L. Young, 32d degree, Lieutenant of Guard; J. W. Dormer, 32d degree, Tiler.

Forty-six candidates were given the degrees in these bodies at the reunion this spring which commenced May 6th and lasted several days.

The news now comes that a consistory of masters of the Royal Secret, 31st and 32d degrees, will be organized soon and will be known as El Paso No. 3. After the organization it is expected that many Masons of the lower degrees will apply and will receive the 31st and 32d degrees.

The days set for this institution and work are the 18th, 19th, 20th, 21st and 22d of November. It is expected that a large class of aspirants will be ready for the degrees. W. H. McCullough, 33d degree, Hon. Inspector General, who is Recorder of the Scottish Rite Bodies in the Pass City and the officers of the bodies named have already commenced work and from now until November will be in the field to make this Masonic event the greatest possible success and the most memorable one in the history of Free Masonry in western Texas and northern Mexico. So far everything undertaken by the Scottish Rite bodies in the Pass City and their officers has been successful.

There are four thirty-third degree Masons in El Paso as follows: Edwin Charles Pew, 33d; Edwin Wayne Smythe Neff, 33d; I. G. Hon.; Charles R. Morehead, 33d, I. G. Hon.; William Hugh McCullough, 33d, I. G. Hon.

FAIR AND WARMER WEATHER FOR FRIDAY.

Since Sunday an inch of rain has fallen in Santa Fe and vicinity according to the record of the local Weather Bureau. Twenty-one hundredths of an inch fell during the twenty-four hours yesterday. Today's guess calls for more thunder showers this afternoon and tonight but fair and warmer weather is predicted for Friday. In Santa Fe the temperature at 6 o'clock this morning was 45 degrees and the lowest temperature during last night 43 degrees. The maximum temperature yesterday was 65 degrees at 2:05 p. m., and the minimum temperature 47 degrees at 10:30 p. m., making the mean temperature for the day 56 degrees. The relative humidity was 95 per cent.

MINERS' ORGAN AS EVIDENCE

Ruling Favoring State in Haywood Case

DEFENSE FILES EXCEPTION

Judge Wood Says Inflammatory Articles are Admissible as Inciting Crime.

Boise, Idaho, June 20.—When court opened this morning in the Haywood trial Judge Wood announced his decision on the admissibility of certain articles in the Miners' Magazine as evidence. He said that the court was thoroughly satisfied as to the admissibility of the articles showing the animus of the Western Federation of Miners during the period of the commission of the crimes confessed by Orchard and alleged by him to have been incited by officers of the Federation. The articles appearing after that period, he said, would not be admitted. Judge Wood said:

"The court will admit all articles bearing on former Governor Steunenberg, Governor Peabody, Judges Gabbert and Goddard and several others. As to the articles following the commission of any other crimes the court has some doubt and will resolve that doubt in favor of the defendant."

The defense excepted to the court's ruling:

The Inflammatory Articles.

Immediately articles denunciations of Steunenberg and other fighters of labor wars in Idaho and Colorado published in the Miners' Magazine, were read to the jury. One of the most important articles read was entitled: "The Passing of Steunenberg." It appeared in the issue of January, 1905. In this editorial epithets without stint are applied to Steunenberg who is charged with getting rich on "greasy dollars of the Standard Oil Company and the Mine Owners whose servant he has always been."

Condemning Steunenberg as a vile thing deserving only contempt, hatred and political death, the article bids farewell to the "creature over whose political tombstone should be inscribed these words: 'Here lies a hireling and traitor.'"

Judge Wood allowed the state to introduce a decision by the supreme court of Colorado, declaring unconstitutional the eight-hour law. Judge Goddard participated in the decision.

When the luncheon adjournment was taken Senator Borah announced the state would undoubtedly close its case tomorrow.

FIVE HUNDRED RABBITS SLAIN

Big Drive Near Estancia Yesterday Came Near Resulting in Death of Two Men.

Special to the New Mexican.

Estancia, N. M., June 20.—Another big rabbit hunt came off yesterday afternoon about ten miles from here which resulted in the death of about 500 rabbits, also in the death of one horse and injury to two men.

Those hurt were Jack Kelley, who was thrown and had his collar bone broken, and George Rawson, who was also thrown, receiving bruises and some internal injuries and whose horse's neck was broken. Both men will recover.

Several other riders were thrown from their horses in a mad rush to the rabbit corral but were not injured.

NEWS BRIEFS

Spencer T. Holder, a well known business man of Texico, Roosevelt County, was held up while on his way home last night by two armed men and relieved of \$1,150 in cash and \$2,000 in notes. Spencer today offered a reward of \$500 for the apprehension and conviction of the hold-ups.

Commissioner of Indian Affairs Francis E. Leupp who has been inspecting Indian reservations in Arizona and New Mexico for the past several weeks, is now en route to the Mescalero Apache Reservation in southwestern New Mexico.

J. C. Kalmeyer, a collector for the Southwestern Brewery Company at Albuquerque was arrested and fined \$10 in the police court for reckless driving. A few days ago Kalmeyer drove over a six-year-old child, painfully injuring the little one.

RECOVER BODY OF LAST MISSING MIDDIE

Hampton Roads, June 20.—The body of Midshipman Henry Clay Muffin, Jr., the last of the missing midshipmen of the Battleship Minnesota launch accident, was recovered today near old Fort Wool.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the Southwest.

NEW MEXICO AGRICULTURE DEVELOPING.

New Mexico is certainly growing and that at a very satisfactory rate in an agricultural sense. In yesterday's issue of this paper the New Mexican stated upon the authority of the Reverend J. T. Walker that he and his son had 135 acres in corn, oats, wheat, mallo maize, kafir corn and sorghum came on their entries four miles west of Moriarty, in the Estancia Valley and that they felt reasonably sure that they could garner good crops this season. One year ago that land was open prairie, a pretty good sheep range, but thought unfit for aught else. He also stated that in the school district in which he was located there were between nine hundred and a thousand people which means from one hundred and fifty to two hundred actual settlers all trying to raise crops upon their homestead entries or desert land claims. This, remember, in a section three years ago thought absolutely valueless for farming. In a recent issue of the El Paso, Texas, Herald, in an editorial is found evidence which shows that 250 miles south of Moriarty in an entirely different country in the valley of the Rio Grande and much warmer on the west bank of the river between the bluffs and the water flow there is agricultural development which the people who still believe New Mexico an arid waste is simply astonishing. Says the Herald:

"Some people hereabouts are in the habit of overlooking the west side of the Mesilla Valley, thinking that because that section of Dona Ana County lacks roads, bridges, and railroads, it must be wild, raw unweeded and unsettled.

"Illustrating the statement often repeated in the Herald, that we do not begin to realize our own advantages and our own resources, take the report furnished by the secretary of the Western Mesilla Valley Farmers' Union, whose headquarters are at Chamberino, New Mexico. Crop data have been compiled, showing that there are at the present time in alfalfa, 3,847 acres, grain 2,133 acres, vegetables 221 acres, orchards 187 acres, vineyards 90 acres; a total of 6,478 acres in cultivation in the 'western Mesilla Valley,' or on the west side of the Rio Grande below Las Cruces.

"The acreage does not mean very much except to farmers. But any business man can appreciate the dollars and cents side of the story. At a moderate estimate, the alfalfa crop alone on the west side of the river will bring nearly \$200,000 this year. The grain will bring \$60,000, the vegetables \$75,000, the orchard fruits \$30,000, and the grapes \$25,000; a total of almost \$400,000, that will be taken out of the ground and turned into money and useful commodities during the year by the west side farmers—largely to be spent in El Paso.

"This is but 1-30th of the acreage that will be served by the Engle dam; the west side farms are many of them comparatively new, the farmers have worked under many discouragements, the water supply is unreliable public utilities of every sort are withheld. Under favorable conditions the same acreage will produce \$1,000,000 a year, or \$30,000,000 a year for the whole valley after the big project is completed—enough to buy the city of El Paso at present rates.

"But we are not out of the woods yet. Only \$1,200,000 is available so far for the project. We shall need \$6,000,000 more. To wait for the reclamation fund to grow will seriously delay the work. We must try to get the money, or a large part of it, from Congress as a direct loan to the reclamation fund for this special purpose, to be repaid to the treasury by the valley farmers instead of to the reclamation fund. But when we go to Congress next winter for this appropriation, we shall have a fight on our hands with Colorado, which begrudges us the water. We must prepare ourselves for a tussle."

THE WELLMAN NORTH POLE EXPEDITION.

The Walter Wellman Polar expedition is now at Tromsø, Norway, ready to start for Spitzbergen by the steamer Fritchoff and from the Spitzbergen Islands to essay the proposed balloon trip that is to carry Wellman and his associates to the north pole. Everything is in readiness and the preparations for a successful voyage of discovery and observation of the pole and return to Spitzbergen are as complete, as comprehensive, as thorough, as human ingenuity, science and experience can make them. With

the party as meteorological observer is Major H. B. Hersey, of the U. S. Weather Bureau who was stationed several years in this city and is, therefore, well known here.

That the chances are against the safe return of the members of the Wellman expedition from their balloon voyage is admitted by scientists and by those who have studied the always interesting subject of the discovery of the north pole. That fortune may favor the party and that its members may return safe and sound is the earnest hope and sincere wish of many, many people who are anxiously waiting the outcome of the audacious and nerve enterprise. The Los Angeles Evening News says concerning the project:

"Walter Wellman, whom we hold in close personal regard, has a self-imposed assignment to cover, a trip to the north pole, this summer the expenses for which are borne by the Chicago Record-Herald, with which paper he has been associated for many years, as its Washington correspondent. Twice before, Mr. Wellman has essayed to reach the pole, but, heretofore, by the clumsy dog-sled method, over hillocks and hummocks of snow and ice, the monotony of travel being relieved by occasional sauses in the icy waters.

"It was when drilling across the Arctic wilds, in this laborious fashion, that the thought came to him of a balloon, that should enable the explorer to rise above the soul-trying obstacles that often permitted an advance of only three or four miles a day. But Mr. Wellman is a doer, not a dreamer, and, when he returned to civilization from his second expedition he proceeded at once to make arrangements for his third voyage, this time in a dirigible balloon.

"Delay occurred last summer, that precluded a start at the auspicious time, so, with commendable philosophy, Mr. Wellman deferred his aerial flight for a year. Now he is on his way to Tromsø; from a point close to where the ill-fated Andree set sail through the air currents, into oblivion, the newspaper man proposes to set forth in his flying machine. With great prudence, he includes in his cargo sledges and Arctic dogs, together with food supplies for two years, but, even so, his friends are apprehensive.

"No air machine has covered one-half the distance that Wellman must travel to reach the pole and return, but he is hopeful, if not sanguine, of success, in that the preliminary tests prove that his theory is sound. If no untoward accident happens, he'll beat Peary yet. If the unexpected occurs, it will remain for another intrepid explorer, with the north pole microbe in his system, to essay the task. Success to our sturdy colleague. If he sails the air half as well as he writes, no fear of failure."

MORE ALBUQUERQUE COYOTE LIES NAILED.

In an editorial referring to the case of Mayor Eugene E. Schmitz, of San Francisco, Boss Danny Macpherson's Albuquerque Morning Coyote uses the following language:

"Only a few years ago Schmitz and Rinef and their coparceners in crime were robbing the people of San Francisco in the same brazen and shameless manner in which the old gang in this Territory robbed the people of New Mexico, and feeling assured of their power they defied the law and snapped their fingers at public sentiment, just as the New Mexico plunderbund is doing today, and practically saying to the people who are being robbed, 'What are you going to do about it?' But the San Francisco robbers have been brought to judgment, and it will only be a question of time when the New Mexico robbers will have to go over the same road. Owing to the valuable assistance they have received from headquarters the end will likely be deferred much longer than it otherwise would have been, but sooner or later it is bound to come."

It will be noticed that the yellow sheet simply uses weak insinuation, silly innuendo and foolish comparison. It is absolutely unable to give facts because they do not exist. It cannot give the names of the alleged thieves because there are none such. It dare not write down who are the members of the so-called "plunderbund" because the sheet, its manager and its editorial writers know well that no "plunderbund" exists, that there is no thievery and no corruption and that the statements made above are absolutely untrue and false, made with the intention to deceive and simply for the purpose of getting even with opponents, of keeping public attention from their own grasping propensities and boodling deeds and because the

fake reform gang believes that the cry of "stop thief" is still effectual. There is no doubt that for a few months under the Hagerman fake reform administration that coyote howl made daily and iterated and reiterated by the corrupt gang that owns the Albuquerque Water Supply Company and consists of the biggest gang of tax dodgers and real estate sharks that have ever cursed any community was of some avail and fooled some people. However, that day has situation as it is and are acting alone and the people understand the cordingly. That there are some men now holding office territorial, by appointment of ex-Governor Herbert J. Hagerman, who are absolutely unfit for office, whose official records are besmeared and who in some cases have had personal records, is true. This is not the fault of the "plunderbund" or of the alleged corruptionists who robbed and swindled the people of this Territory from 1897 to 1906, for instance, by reducing its debt from \$1,250,000, to \$800,000. No, not by a good deal, but it can justly and properly be ascribed to the fake reform governor and to the men who sold out to him in the Legislative Council of the Thirty-seventh Assembly for offices.

PERTINENT QUESTIONS.

The Socorro Chieftain in its last issue propounds a few very pertinent and timely questions to ex-Governor H. J. Hagerman and his yellow sheet supporters concerning his conduct as executive of the Territory and a paragraph in his letter to the President of the United States. The chances are ninety-nine to one hundred that neither this alleged great reformer nor his newspaper hirelings nor his appointees will answer to the satisfaction of the people. The Chieftain asks:

"I am aware of no reason why loyal support to my executive policies should be thought to disqualify men otherwise fit to receive appointments at my hands," says Hagerman in answer to an accusation in the President's letter. Certainly not, Mr. Hagerman, certainly not. But the qualifications of those appointees is not the question before the court. The question is, 'Why did you appoint six members of the Council to official positions just when you needed their 'loyal support' to your executive policies?' That is the question you should have answered and not dodged. If your action was purely and simply 'the bartering of offices by you in return for legislative support,' as the President intimates, what saving grace distinguishes you from the class of corrupt politicians whom you rail against?—what virtue exalts you to the rank of a political reformer?"

In the columns of the Albuquerque Morning Coyote, Danny Macpherson, the manager of the gang controlling the sheet directs his employees to show great indignation at the way the investigation into charges of brutal and savage treatment of convicts in the Territorial penitentiary is being conducted. They are to howl 'injustice, unfairness and suppression of testimony as being practiced by the official who is conducting the investigation, etc.' Secretly Danny gloats over the affair and hopes it will keep on as long as possible. "Let us have trouble" is Danny's motto; the more of that the more boodle for the Albuquerque Morning Coyote and the less will the tax dodging and the land stealing of the gang in control of the sheet be noticed by "the dear people."

Martial law has been declared in the south of France in order to preserve the public peace. They are a hot headed lot in that section and there is no telling what the outcome will be. The wine growers are dissatisfied and turbulent and many of their grievances are believed to be just. The outcome in this case will be a great indication of the stability or instability of the government of the present French republic.

Danny Macpherson, of the Albuquerque Morning Coyote wants the investigation of the penitentiary affairs to continue. The more trouble for fake reform officials, the better for Danny and his sheet. You see the connection? The reformer must defend and that means hard cash. Extended explanations are certainly not necessary when the records of that sheet and the gang controlling it are considered even casually.

"A Pennsylvania woman has written to her home paper to find out why her hens do not lay. Perhaps it never occurred to her to get the information directly from the hens."—Washington Post.

That little story reminds one of the attempt of ex-Governor L. Bradford Prince on his Sunshine Ranch and which lasted a whole year to raise goslings with three female geese and no gander.

In the Estancia Valley, or Sunny New Mexico, they plan rabbit hunts and carry them out successfully in great shape. In St. Louis they are planning a great rat hunt in which one hundred thousand people are to participate. New Mexico is certainly better off than is the great Missouri town. Most people would rather kill rabbits than rats.

It is asserted that when Colonel Bryan read the speeches recently delivered by President Roosevelt, he said nothing. Evidently he was afraid to. Had he given expression to his opinion some people might have called it blasphemy.

Are You Sure Your Kidneys are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Santa Fe testimony to prove it.

Anselmo Arniño, living at 124 Cerrillos street, Santa Fe, N. M., says: "For several years my wife suffered a great deal from back ache, pain in the back of her head and rheumatism. Medicines that she used proved of little or no avail until she commenced with Doan's Kidney Pills which we had the good fortune to learn of and procured a box at The Ireland Pharmacy. The genuineness of this medicine as a cure for the kidneys was amply proven in her case. After using five boxes she was a well woman and has enjoyed good health ever since. I make this statement unsolicited, being prompted to do so that I may show my appreciation of this remedy, Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GENERAL WEATHER SUMMARY
FOR MONTH OF APRIL

The weather during April was abnormal in several respects. The warmer and more pleasant weather occurred during the first decade, and the colder and more unpleasant during the last decade. For the whole Territory the temperature averaged but slightly below the normal. Over the greater part of the Territory, embracing in general the Rio Grande watershed, the temperature was in excess, while over the eastern counties, particularly over the Canadian watershed, there was a marked deficiency. The precipitation averaged about a third more than the normal for April, there being a marked excess over all districts except the extreme south. The excess was particularly large over the north-central counties and in the extreme northeast, and the deficiency particularly marked in the vicinity of the Sacramento Mountains. There were two marked storm periods, from the 18th to the 21st, and from the 28th to the 30th. The former was the most severe; in respect to temperature and snowfall it was the most severe storm that has visited this section within memory. The snowfall was extraordinarily heavy in central and northern counties, especially in the extreme northeast. A total fall of 48 inches of "heavy, wet snow" for the period was reported from northern Union county. The accompanying temperatures were the lowest of the month. At several stations of the more elevated table-lands a reading of 6 degrees was recorded on the morning of the 22d. All sections of the Territory had freezing temperatures. In central and northern counties all the fruits that had escaped the frost of the 27th of March were killed, except in a few scattered localities, while in the more southern counties there was some prospect for a few of the more hardy varieties coming to maturity. Trees and shrubbery, particularly fruit trees, suffered great damage from the heavy wet snow and the freezing temperature. The conditions accompanying the storm period of the 28th-30th were similar but less severe than the preceding. The temperature fell to the freezing point at all except the more southern stations, and the storm brought heavy, wet snows, with scattered hail and sleet. As a rule this latter storm was accompanied by thundershowers at the warmer and more southern stations. Both of these storms deposited deep snows on the higher mountain ranges, so that at the close of the month there was probably more snow in the mountains than there has been for many years at the close of April. Owing to the continued cool weather the snow melted very slowly, comparatively, although streams were carrying a fair supply of water for the season.

Temperature.

The monthly mean temperature, as determined from the records of 53 stations having a mean altitude of about 5,000 feet, was 52.0°, or 0.4° below the normal for the month, as shown by the temperature departures of 20 stations that have records for ten years or more. The highest temperature recorded was 97° at Carlsbad on the 10th and the lowest was 6° at Estancia, Las Vegas and Tres Piedras on the 22d. The greatest daily range in temperature was 61° at Cliff on the 6th.

Precipitation.

The average precipitation for the Territory, as determined from the records of 67 stations, was 1.48 inches, or 0.52 of an inch above the normal, as shown by the precipitation departures of 23 stations that have records for ten years or more. The greatest amount of precipitation, 4.88 inches, was recorded at Eagle Rock Ranch, while 2 stations reported no precipitation, and 2 stations recorded only a trace during the month. The average number of days with 0.01, or more, of precipitation was 4.

Relative Humidity.

The monthly mean relative humidity at Santa Fe was 52 per cent; at Las Vegas, 45 per cent; at Roswell, 48 per cent; at Mesilla Park, 28 per cent; at Durango, Colo., 53 per cent; at Amarillo, Tex., 65 per cent; and at El Paso, Tex., 31 per cent. Observations are taken at 6 a. m. and 6 p. m. except at Mesilla Park where the readings are taken at 8 a. m. and 6 p. m.

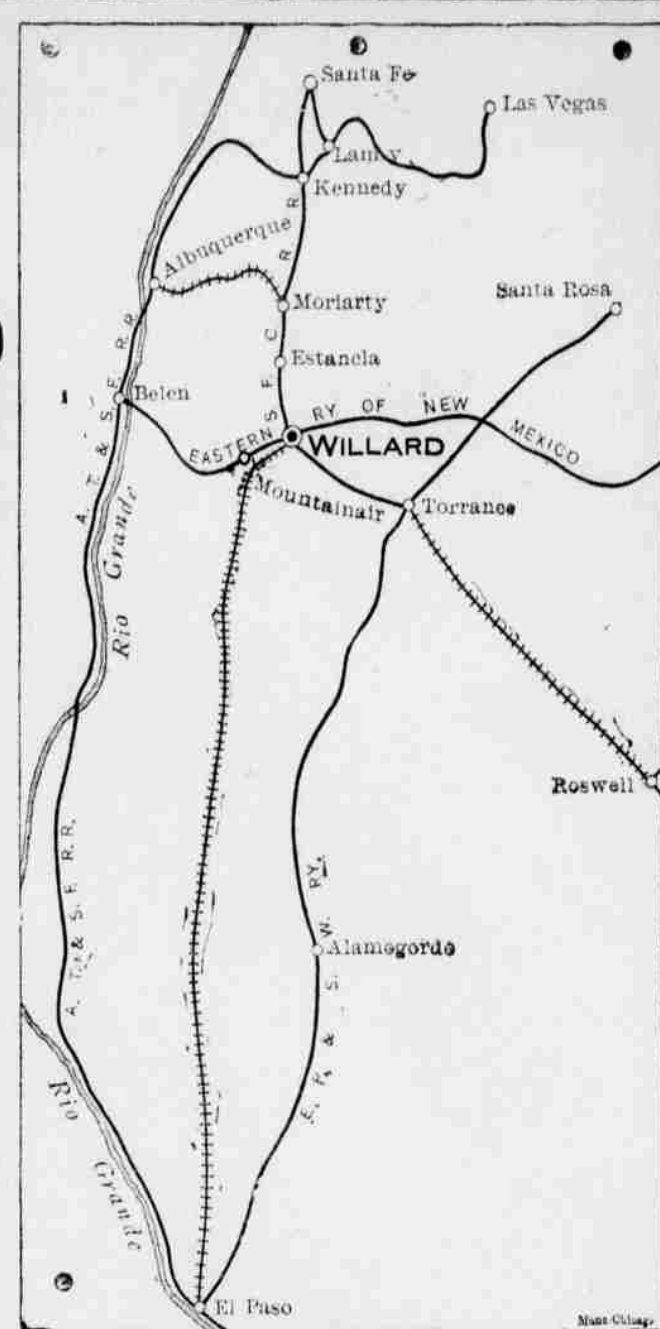

Sunshine and Cloudiness.

For the Territory the average number of clear days was 18, partly cloudy 6, and cloudy 6. Santa Fe had 76 per cent of the total possible sunshine; 1 day without sunshine; 18 days with 90 per cent or more; and 11 days with 100 per cent. Roswell had 68 per cent of the possible sunshine; 2 days without sunshine; 7 days with 90 per cent or more; and 4 days with 100 per cent. Durango, Colo., had 73 per cent of the possible sunshine; no day without sunshine; 13 days with 90 per cent or more; and 5 days with 100 per cent. Amarillo, Tex., had 77 per cent of the possible sunshine; 2 days without sunshine; 14 days with 90 per cent or more; and 3 days with 100 per cent. El Paso, Tex., had 91 per cent of the possible sunshine; no day without sunshine; 20 days with 90 per cent or more; and 19 days with 100 per cent.

Wind.

The prevailing direction for the Section was west. At Santa Fe the total wind movement was 5,791 miles, or 8.0 miles per hour. The highest velocity was 31 miles per hour from the northwest on the 6th. Roswell recorded 5,495 miles; or 7.6 miles per hour. The highest velocity was 46 miles per hour from the north on the 4th. Mesilla Park recorded 7,689 miles, or 10.7 miles per hour. The highest velocity was 48 miles per hour from the southeast on the 20th. Durango, Colo., recorded 4,659 miles, or 6.5 miles per hour. The highest velocity was 26 miles per hour from the northeast on the 19th. Amarillo, Tex., recorded 10,313 miles, or 14.3 miles per hour. The highest velocity was 40 miles per hour from the south on the 3rd. El Paso, Tex., recorded 9,487 miles, or 13.2 miles per hour. The highest velocity was 42 miles per hour from the west on the 19th.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Femal Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

Why Don't You Take A Trip East, West, North, or South

And visit your home folks, your old father and mother your sister and brother and friends. Every body should take a trip once a year, get away from business, enjoy yourselves and have a good outing, it does you good and when you come back you feel like a new man or woman and can take hold of your business and handle it with better spirit than if you are always dragging along day in and day out worrying about something undone.

The rain in that section was almost continuous for forty-eight hours and has done an immense amount of good on the ranges and throughout the farming district.

Louis Destree, the one and a half-year old son of William Destree and wife of Lake Arthur, died very suddenly a few days ago under mysterious circumstances. An investigation revealed the fact that the little fellow had accidentally swallowed the contents of a bottle of Laxa-Cold and the family doctor attributed the child's death to this.

F. G. Tracy, of Carlsbad, has gone to Washington for the special purpose of presenting President Roosevelt with an invitation to the Carlsbad irrigation celebration. The invitation is engraved on a solid silver plate of ordinary size and is a handsome work of art. However, it is not thought possible that the President will see his way clear to break his summer rest at Oyster Bay by coming to New Mexico at the present time.

Mrs. Francisca Jolita, a Mexican woman employed at a Chinese restaurant at Safford, Arizona, was burned to death recently in a fire which destroyed the restaurant building. The fire is believed to have been caused by the careless handling of matches by the little son of the victim. The woman had ample time to escape but remained in the building searching for her child until overcome by smoke. The little boy was rescued by a Chinaman.

INSPECTING FRUIT FOR CODLING MOTH

That Infested With Deadly Insect is Being Destroyed—Interesting Press Bulletin.

Professor Fabian Garcia, of the experiment station of the New Mexico College of Agriculture and Mechanic Arts, has just issued Press Bulletin No. 129 entitled "Inspecting Fruit for the Codling Moth." The bulletin is of vital interest to every fruit grower in the Territory. It reads:

In press bulletin No. 127 issued April 30, the attention of the fruit-growers of the Territory was called to the matter of starving out the codling moth this year. Now, that the fruit has been killed in practically all the fruit districts in New Mexico, this plan can be easily tried. In connection with this work, however, the introduction of worms in apples that may be shipped in, seems to be an obstacle which, if not overcome, will be the cause of reinfesting the fruit districts the coming year even if all the codling moths are starved out. In districts where all the fruit has been killed there is no doubt but that there

will be fruit shipped in during the season. Since it is almost impossible, especially in large shipments, to have all the fruit absolutely free from the codling moth, we can readily see the danger of bringing the worms in from other sections.

In order to guard against the worms being introduced some measures should be taken to keep them out. It is impossible to keep fruit from being shipped in and, so the next best thing to do, is to have all the fruit shipped in thoroughly inspected by competent inspectors. If the fruit inspected is found to be infested with the codling moth it should be destroyed, before some of the worms have time to crawl out of the fruit and spin their cocoons in some safe place. In order to avoid any trouble and great losses all parties shipping in fruit into their respective districts should clearly specify to the consignors of fruit that all fruit shipped in is subjected to inspection by the local inspectors and if found infested with injurious insects, it will be condemned and destroyed. Therefore, nothing but fruit absolutely free from the codling moth should be paid for. It is a well known fact that shipping fruit from one place into another is one of the principal methods by which this insect is distributed.

In order to do this inspection work it is necessary for the inspectors to have power and authority to act. The Territory has a very good law that provides for the appointment of a horticultural committee whose duties shall be to supervise the inspection of orchards, vineyards, fruits, and such other places within jurisdiction. The horticultural commissioners have the power to divide the county into districts and to appoint a local inspector for each of said districts. The horticultural commissioners and the local inspectors shall be ex-officio quarantine guardians and as such shall have power and authority to carry on the inspection work for injurious insects. The fruit growers of every fruit-growing county in New Mexico should study the question of starving out the codling moth and of enforcing the inspection law at least this year. By the proper enforcing of the law the work of eradicating the codling moth will be easier and more thoroughly performed.

All stomach troubles are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of trouble, strengthens the digestive organs, digests what you eat. Sold by the Ireland's Pharmacy.

ANOTHER SANTA FE TRAIL MARKER UNVEILED.

The Kansas Chapter of the Daughters of the American Revolution recently unveiled another handsome marker on the old Santa Fe trail at Overland Park, Kansas. The Kansas City Times describes the unveiling ceremonies as follows:

"A Santa Fe trail marker was unveiled yesterday afternoon at Overland Park, Kansas. J. W. Hunt, the president of the Kansas City-Olathe Electric Railway, delivered an address. Thomas Connors, an old settler of Lenexa, read a poem entitled 'The Santa Fe Trail.' W. Milligan, of Olathe told of his personal experiences on the trail fifty years ago; Thomas Moody of Lenexa also spoke of the historic route.

"Miss Mamie Buckley of Lenexa unveiled the monument while the Lenexa band played America. On the monument is the following inscription:

"The Santa Fe trail marked by the Daughters of the American Revolution and the state of Kansas."

DeWitt's Kidney and Bladder Pills are unequalled for Backache, weak kidneys, inflammation of the Bladder, and all urinary troubles. A week's treatment for 25 cents. Sold by the Ireland's Pharmacy.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. For sale at the Ireland Pharmacy.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." For sale at Ireland's Pharmacy.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel capped glass jars, 50 cents. Sold by the Fischer Drug Company.

WILL CURE CONSUMPTION.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. For sale at Ireland's Pharmacy.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale at Ireland's Pharmacy.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this Clever Coffee Imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by the Cartwright-Davis Company.

Free Samples of "Preventives" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. "Preventives" are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventives prevent colds—as the name implies—when taken early, or at the "Sneeze Stage." For a seated cold or LaGrippe, break it up safely and quickly with Preventives. Sold by the Fischer Drug Company.

HUSBAND DROWNS IN ATTEMPT TO SAVE FAMILY.

Chamberino, N. M., June 20.—A sad drowning fatality occurred just below here and opposite Anthony, when a Mexican, Louis Ruiz with his wife and child was being taken over the river in a ferry which is operated by a cable and pulleys. In mid-stream the cable snapped and the swift current immediately carried the ferry down with such rapidity that the occupants became panic stricken and through some cause overturned the craft.

The man Ruiz, who could not swim caught on to the upturned ferry, but seeing his wife and child drowning dashed in after them and was drowned before he could reach them. The ferry men went in after the woman and child and succeeded in rescuing them.

The river is still very high and is causing considerable damage at San Miguel and other points above here.

Cured Hemorrhages of the Lungs. "Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. For sale by the Ireland Pharmacy.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orinso Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." For sale at the Ireland Pharmacy.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form.

Personal Mention.

(Continued from Page Four)

A. B. McGaffey, Albuquerque merchant, today looked after business affairs in the Capital.

J. R. Miller, representing the Michaelis Engraving Company of Kansas City, Missouri, attended to business today in Santa Fe.

C. T. Brown, the Socorro mining engineer and expert, spent today in the Kelly mining camps on business. He will return to Socorro tomorrow.

N. E. Stevens, of Albuquerque, Grand Secretary of the Grand Lodge of Odd Fellows of New Mexico, registered at the Hotel Claire this noon.

Charles Lodge, of Watrous, Mora County, arrived in the city last night to witness the commencement exercises at Loretto Academy this evening.

General Manager W. S. Hopewell, of the New Mexico Fuel and Iron Company, reached the city this forenoon from Albuquerque, and today attended to personal business.

C. L. Pollard, postmaster and merchant at Espanola, left this forenoon for his home after a brief visit in the Capital. While here he was in consultation with District Attorney R. C. Gortner.

Sheriff Carlos Baca, of Valencia County and Mrs. Baca arrived in Santa Fe this forenoon from Los Lunas and are registered at the Claire. They are here for the commencement exercises at Loretto Academy.

R. M. Turner, who has been a resident of Silver City for some years, and for two terms has filled the office of district attorney for Grant County, ably and satisfactorily, has concluded to remove from Silver City to Phoenix, Arizona, where he will practice his profession. He expects to leave for his new home at an early date. The departure of Mr. Turner and family is regretted by the people of Silver City and of Grant County, as they were well liked and held in great esteem.

Concerning ex-Governor L. Bradford Prince of this city, who is now in Denver as a delegate from the Territory to the Public Lands Convention, the Denver News says:

"L. Bradford Prince, who used to make things hum down around New Mexico way in the brave days when he was holding down the job of Governor, got in Sunday night with a herd of delegates from the Territory, and he immediately started a hand shaking bee that had not ceased last night, because former Governor Prince is one of the best known of all the big Westerners."

Hon. and Mrs. Joseph V. Graff and two children of Peoria, Illinois, have arrived in the city and are guests at the residence of Hon. and Mrs. T. B. Catron on Grant Avenue. They are on their return home from a two months' visit to the Hawaiian Islands, where Mr. Graff went as a member of a Congressional investigating committee for the purpose of looking into certain conditions of the Islands. They have traveled extensively through the northwest, on the Pacific Coast and have also visited the Grand Canon of the Colorado. They stopped in Santa Fe for the purpose of visiting Mr. and Mrs. Catron, Mr. Graff and Mr. Catron being warm friends, they having served together in the House of Representatives in the Fifty-fourth Congress, where Mr. Catron represented this Territory as its delegate. Mr. Graff has represented the Peoria, Illinois, district in the House of Representatives, very creditably and efficiently for six terms, or twelve years, his first election being to the Fifty-fourth Congress. He was re-elected to the Sixtieth Congress by a very handsome majority. He is greatly interested in New Mexico affairs, and while in this city will post himself as fully as the shortness of his stay will permit. Mr. Graff and Mr. Catron called at the office of the Daily New Mexican today where Mr. Graff was furnished Bureau of Immigration literature descriptive of New Mexico resources and conditions.

Minor City Topics.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting this evening at Odd Fellows' Hall. Sojourning Odd Fellows are invited to be present.

County Treasurer Celso Lopez calls the attention of tax payers of Santa Fe County to the fact that five per cent penalty will be added to the taxes unpaid by July 1. The delinquent tax list will then be published, and the property on which taxes are due advertised for sale.

FINE EXHIBITION OF TRICK AND FANCY SKATING.

A fine exhibition of trick and fancy skating, interspersed with ludicrous stunts by one "Happy Hooligan," was given at the Capital Skating Rink last night before a large crowd of spectators.

E. F. Rossiter, who for several years toured the country giving exhibitions as an expert on roller skates but who is now sojourning in Santa Fe, was the chief attraction. He performed such difficult feats as the "grapevine," two-step, waltz, polka cake walk, dutch roll, lent-a-way and closed his exhibition by hurdlings an ordinary chair. He went through his performance without a fall, which considering what he did, was nothing short of marvelous.

Arrangements are being made for another mile dash at the rink, providing a local skater can be found who will meet John R. McFie, Jr., who holds the championship of Santa Fe.

OUTSIDER WINS \$20,000 SUBURBAN HANDICAP

New York, June 20.—The rich American classic, the Suburban Handicap run at Sheepshead Bay this afternoon and worth \$20,000 was won by Nealon, an outsider in the betting. Montgomery, a southern horse was a close second and Beaconlight was third. The distance was a mile and a quarter and was for three-year-olds and upwards.

A well decorated window makes good showing to people taking in the sights, but advertising your wares in the New Mexican makes a better showing and attracts more attention.
