GET TOGETHER AND BOOST

Board of Trade Adopts This as Slogan

AN ENTHUSIASTIC MEETING

Many Members Present at Session Last Night—Various Subjects Discussed.

A well attended meeting of the Board of Trade was held last evening in the office of the Santa Fe Water Company, with ex-Governor L. Bradford Prince presiding and W. C. Schneppe, secretary. The animated discussions in which every one present participated indicated the great interest that is being taken by the Board of Trade in matters appertaining to local affairs, and while the differences of opinions were pronounced at times, yet upon final action there was a unanimity that betokens a desire to "pull together" for the benefit of Santa Fe. A. H. Brodhead accepted the position of corresponding secretary.

It was announced that within a year Santa Fe would have an ice factory and probably a new opera house, as the Santa Fe Elks have been tendered the necessary funds by the Occidental Insurance Company of New Mexico and Arizona, and that the Elks would immediately go to work to raise the amount needed to guarantee the insurance company the safety of the proposed investment. The new committee on publicity was instructed to draft a pamphlet descriptive of Santa Fe with a view of its early publication.

The committee on industries urges residents to patronize home industries and home merchants to the fullest extent possible.

The committee on membership reported a systematic plan to secure new members, so that every business man and property owner would be asked eventually to join the organization. The complaint was voiced that those mostly benefited by an active commercial organization have thus far kept aloof from it.

New Mexican's Good Work Appreciated.

The work that the Santa Fe Daily New Mexican has been and is doing for the benefit of the community and its progress was strongly emphasized in a discussion over a resolution asking the New Mexican to desist from criticizing local affairs, which was unanimously tabled, as it was the opinion of the board that just criticism of local affairs is beneficial to the interests of the community and necessary for advancement and growth. In fact, that it is the duty of the local press to call attention to defects that should be remedied if the criticism is made for the purpose of improvement and not in a spirit of personal malice.

It was also deemed well to bring to the attention of residents and especially taxpayers that the Santa Fe Water and Light Company is furnishing free to the city the water for street sprinkling purposes and that any deficiencies in that service must therefore be laid to the door of the city authorities in not providing a sprinkler and driver and ordering him to sprinkle the principal streets regularly. It was also announced that the water and light company furnishes free the water used in Fairview Cemetery, as well as to water the trees along Montezuma and Don Gaspar avenues and that on account of the impoverished condition of the city treasury no charge is being made for street lights.

The city authorities were again urged to abate the nuisance caused by the dumping of large quantities of manure along the bank of the Santa Fe River, near the Don Gaspar avenue bridge and within full sight of the Capitol grounds.

A. Staab reported that the mayor of the city promised to secure the opening of a public road on the north bank of the Santa Fe River as far as the Canon street bridge, so as to prevent the use of Palace avenue by the heavy penitentiary teams, and that after this has been accomplished to have Palace avenue placed in first class condition.

The necessity of sprinkling the streets, cutting the weeds not only on public thoroughfares but also on private lots, as well as other matters of minor importance were fully discussed. The necessity of a new depot at Lamy as well as at Santa Fe are to be impressed upon the Santa Fe Railway Company, and the New Mexican was urged to continue its agitation for these much needed improvements.

Petition for Railway Mail Service on Santa Fe Central.

A resolution was adopted asking the

Postoffice Department to establish railway mail service on the Santa Fe Central Railway and urging the cities of Albuquerque and Las Vegas and the towns along the Santa Fe Central Railway as well as the Santa Fe Railway Company to address similar petitions to the Postoffice Department. The petition reads as follows:

Santa Fe, N. M., August 16, 1907.
Hon. Second Assistant Postmaster General, Division of Railway Mail Service, Washington, D. C.:

Sir—At a meeting of the Santa Fe Board of Trade, held on the evening of August 16, 1907, the following resolutions were adopted unanimously and are submitted to you for earnest consideration:

Whereas, The amount of mail originating at points on and tributary to the Santa Fe Central Railway and carried by it has increased to such proportions within the past few months as to make urgent the employment of railway mail clerks between Santa Fe and Torrance, a distance of 116 miles, in order to assure the expeditious handling of mails not only for Santa Fe, but for postoffices along the said Santa Fe Central Railway, postoffices supplied by star routes and all other postoffices of Eastern New Mexico, and

Whereas, Eight postoffices, all of them with increasing population and business, are situated on said Santa Fe Central Railroad and ten other postoffices are supplied by star routes from such points and over a hundred other postoffices received all or part of their mail over the Santa Fe Central Railroad, and

Whereas, The present handling of the mail in separate pouches and sacks for each postoffice, often in a circuitous manner, causes delays in the delivery of mail amounting at times to twenty-four hours, although postoffices may be only a few miles apart, and

Whereas, Of fifty-two postoffices established in New Mexico since January 1, 1907, thirty-eight receive all or part of their mail by the Santa Fe Central Railway, and

Whereas, The employment of railway mail clerks would greatly facilitate the handling of a large amount of mail originating in Central New Mexico as well as outside of the Territory, and

Whereas, It is the policy of the Postoffice Department to bring about wherever possible the speediest handling and delivery of mail matter; therefore be it

Resolved, That the Postoffice Department be urged to authorize the establishment of railway mail service on the Santa Fe Central Railway at the earliest possible moment; that a copy of this resolution be sent to the Hon. Second Assistant Postmaster General, in whose jurisdiction lies the establishment of railway mail service, and another copy to Hon. W. H. Andrews, delegate to Congress for New Mexico.

AUSTEN SUCCEEDS SECRETARY BARNES

President Cattle Sanitary Board to Assume Charge of its Affairs September 1.

Las Vegas, N. M., Aug. 17.—Captain E. G. Austen has been elected secretary of the Territorial Cattle Sanitary Board, to succeed W. C. Barnes, who will give up the office on September 1 to accept a position as superintendent of grazing on government forest reserves.

Captain Austen has been president of the sanitary board for some time and he was chosen as the man best fitted to carry on the work which has been performed so ably in the past by Mr. Barnes. Probably no man in the Territory is better informed on cattle and range conditions than is Captain Austen. His appointment has the approval of the cattle growers and of the interests connected with cattle growing in the Sunshine Territory.

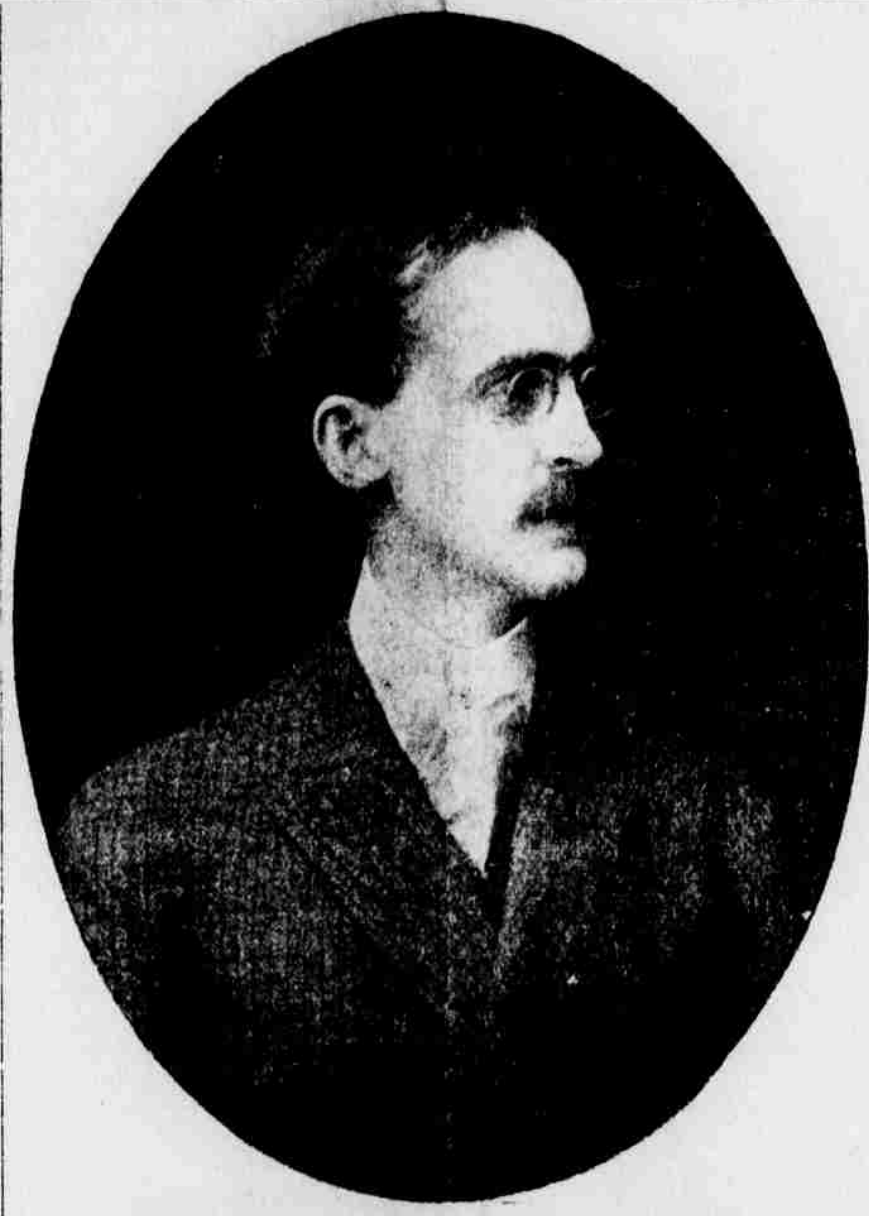

NEWSPAPER MAN KILLS HIMSELF

Deserted by Woman Whom He Had Left Family for, John E. Owen Takes Laudanum.

Cincinnati, Ohio, Aug. 17.—John E. Owen, a well known newspaper writer and traveler, whose infatuation for Mrs. Bonnie Tucker, former wife of a politician of this city, led him to desert his wife and home, committed suicide with laudanum in this city late yesterday. Mrs. Tucker had left him on account of his insane jealousy.

MAN WHO FELL FROM SANTA FE TRAIN DIES.

Albuquerque, N. M., Aug. 17.—Jose Felix Ortiz, the aged man who fell from a northbound Santa Fe train near Domingo station on Friday night, succumbed to his injuries at St. Joseph's hospital in this city. The deceased was a pioneer of Gallup and at the time he was hurt was en route to Santa Fe to visit relatives. The body will be taken to Gallup for burial.

PLUNGE 600 FEET TO DEATH

Mine Cage Over- turned and Five Men Perish

SIX OTHERS BADLY HURT

Bodies of Victims Frightfully Mangled—Carelessness Caused Accident.

Pittsburg, Pa., Aug. 17.—By the overturning of the elevator cage at the Riddle of the Sonman shaft, near Johnstown, Pennsylvania, today five miners are dead and six others badly injured. The five men killed fell 600 feet to the bottom of the shaft.

At the time of the accident the men were just entering the cage to be lowered into the shaft and in jostling about caused it to upset. That all of its eleven occupants were not killed is due to a miracle as the six who were injured managed to cling to the cage until rescued.

The bodies of the victims were frightfully mangled and barely recognizable.

BOULDER FIENDS HELD FOR MURDER

Coroner's Jury Finds Accused Switchmen Responsible for Fatal Conflagration.

Boulder, Colo., Aug. 17.—The coroner's jury today rendered a verdict charging Frank Kiser and J. W. Reeves, striking switchmen, with starting the fire which caused the deadly explosion last Sunday, costing four lives and doing immense damage. Both men have confessed and are now in jail at Denver. Following the coroner's verdict information was filed charging Reeves and Kiser with murder.

EXPEDITE WORK ON PANAMA CANAL

Contracts Let for Fourteen More Steam Shovels—Will Increase Excavating 20 Per Cent.

Washington, Aug. 17.—Steps for expediting excavation work on the Panama Canal by the award of contracts for furnishing fourteen new steam shovels have been taken by the Isthmian Canal Commission. There are sixty shovels now at work and the added number will increase the excavating capacity about twenty per cent.

HEAD OF PINKERTON DETECTIVE AGENCY DEAD.

New York, Aug. 17.—Robert Pinkerton, head of the famous Pinkerton Detective Agency, died on the steamship Bremen, August 12, at sea, en route to Germany for his health.

NEW MEXICO SCHOOL OF MINES

The Gem City's Fine Technical In- stitution

MAKING RAPID STRIDES

Has Natural Advantages For Study Second to None.

Exceptional facilities for prospecting and studying practical mining at first hand are among the many advantages afforded by the New Mexico School of Mines which places it in the front rank of institutions of this kind. Located as it is in the pretty little city of Socorro which is in the midst of one of the richest and most varied mining sections its students have opportunity of studying mineralogy and metallurgy second to none in the United States.

Probably nothing better illustrates the inducements held out and the advancement made by this model school than a neatly bound catalog for 1907-8 which has recently left the printing and binding department of the New Mexican Printing Company. The pamphlet is printed on fine book paper with a covering of steel gray upon which is inscribed in embossed letters "New Mexico School of Mines". It is filled from cover to cover with interesting reading matter and contains a fund of information regarding the institution, its objects and its aims. It is one of the best advertisements for the school aside from the graduates themselves, many of whom have risen to responsible positions at the head of mining corporations in the Southwest and Mexico.

In a general statement in the first pages of the catalog and prospectus, which is arranged for convenience under a variety of sub-heads, a condensed history of the school is given. Following the historical sketch are published the statutes relating to the school, a description of its location, its unique natural advantages, and other useful information together with the several courses of study and the requirements for admission.

Attractive Course of Study.

Considerable space is devoted to the courses of study pursued which are explained in detail and embrace a period of four years. The curricula of the college are planned especially to meet the needs and requirements of students intending to engage in any of the different phases of mining or metallurgical industries such as assaying, mining geology, civil engineering, mining engineering, and metallurgical engineering. A short treatise appears in connection with the school work by departments which are as follows: Mathematics, physics and mechanics, chemistry, biology, languages, civil engineering, mining geology, mining engineering, and metallurgical engineering. The studies included in the department of mining geology for instance constitute de-

scriptive mineralogy, determinative mineralogy, principles of geology, economic geology, dynamical geology, structural geology, stratigraphical geology, practical geology, topographical mapping, geological surveying, petrography, geological philosophy, history of geology, principles of ore deposition, special problems and research work.

The New Mexico School of Mines has acquired a gold and silver mine at the base of Socorro mountain and within two miles of the school. Here the student is afforded excellent opportunities for the practice of mine-surveying and studying all the various features of practical mining. A double compartment incline shaft is one of the features of this mine, which together with stopes, winzes, levels, cross-cuts, ore bodies and mine timbering, show the underground workings of a mine. Students in the mining and metallurgical courses are expected to make a two weeks' tour of inspection of the mining camps lying within easy reach of Socorro under the leadership of one of the members of the faculty to inspect the mines, concentrators, and smelters. At the close of the school year of 1906-7 inspection visits were made to the mines, concentrators and reduction works at El Paso, Texas; Douglas, Bisbee and Tombstone, Arizona, and Cananea, Mexico.

Field Practice for Undergraduates.

Surveying parties are organized among the undergraduates of the engineering departments during vacation time in which field practice is secured in various branches of surveying for a period of about a month. Wherever it is possible students are urged to secure employment during the summer months with regular surveying parties. In these practice survey expeditions the first year men are assigned to a township of land which they are required to sub-divide in compliance with regulations of the U. S. land office and make a topographical map of the transit and stadia and plane-table methods. Upper-class men and students of mining engineering are given the task of making complete surveys and to construct maps of important mines, while the civil engineering students run the line for an imaginative railway from five to ten miles in length, together with making maps and estimates as to the probable cost of construction. Surveys are also made for irrigation systems.

The New Mexico Schools of Mines has made rapid strides since it was founded by act of legislature in 1889, and its advancement is due in a large measure to its natural advantages of location and the employment of instructors thoroughly familiar with their work. The first semester of the forthcoming term will open Monday, September 9, for the registration of students, and recitations will begin Tuesday, September 10.

The following are members of the faculty and their respective duties:

Members of Faculty and Board of Trustees.

Robert Peelle Noble, Ph. B., A. M., president of the faculty and professor of chemistry. Emmet Russell Smith, B. S., C. E., professor of civil engineering. Reinold Vernon Smith, B. S., professor of mining and metallurgy. Clifton James Sarle, M. S., Ph. D., professor of geology and mineralogy. Ralph Waldo Twining, A. B., principal of the academy; Miss Anne W. Fitch, registrar. The position of professor of mathematics has not yet been filled.

The Board of Trustees of the institution consist, exclusive of the Governor of the Territory and the superintendent of public instruction, ex-officio, of the following: Aniceto C. Abeytia, Socorro, president; C. T. Brown, Socorro, secretary and treasurer; A. H. Hilton, San Antonio; W. A. Fleming Jones, Las Cruces, and Patrick J. Savage, also of Socorro.

These citizens are well and favorably known throughout the Territory and stand very high in the estimation of the people in every way. Mr. Brown has been secretary and treasurer of the institution for many years. He is one of the leading mining engineers and experts in the Southwest, and enjoys the highest reputation for professional skill, great experience, thorough reliability and good judgment in mining matters.

The administration of the school, which is directly under its president, Professor Robert P. Noble, is however, also closely watched and regulated by the Board of Trustees, the members thereof giving time and labor freely for this purpose and attending to their duties regularly, carefully and efficiently. They are all successful in their different lines of vocation and are doing what they can for the success of the institution over the affairs of which they are called upon to exercise jurisdiction and supervision.

Prof. Noble Successful Educator.

Professor Robert P. Noble has been the presiding officer of the faculty during the past scholastic year. Although he is a young man comparatively speaking, he has shown himself to be fully competent and has demonstrated that he is a man of

ISSUE GENERAL STRIKE ORDER

Telegraphers Make Final Effort to Win

PEACE EFFORTS FRUITLESS

Companies Claim to Be in Good Shape Despite Re- ports to Contrary.

Chicago, Aug. 17.—The telegraphers' general strike order apparently had no effect in this city either yesterday or today. The Western Union claimed its only effect was to call out seven men in the twenty States from which they had complete returns. Both companies declare the order had not the slightest effect in interfering with their work. Union officials continue to assert that the telegraph companies are hopelessly crippled. The peace makers are making no progress.

FIRST WEEK OF LOCAL INSTITUTE

It is Growing in Interest and Attendance—Miss Norton Capable Instructor.

The Santa Fe County Teachers' Institute today. Superintendent J. A. Wood states that it is growing in numbers and interest.

"Miss Norton is proving to be a most excellent instructor," Mr. Wood said this morning to a representative of the New Mexican. "She takes especial pains to help those who are most in need of assistance."

There are only four more days of the institute proper after which the examinations will be held. The Territorial Board of Education furnishes all questions for these examinations and the papers containing the answers must be sent to the Territorial superintendent of public instruction to be examined and graded.

Heretofore a county examining board graded the examination papers and issued the certificates, but the county examining board has been abolished by the new school law.

The following persons have enrolled since the last report:

Miss Katherine Gilday and Miss Belle Sweet, of Cerrillos; Miss Antonia Silva, Candido Ortiz, and Sixto Garcia, of Santa Fe; Victoriano Cruz, of Chimalayo, and Mrs. Emma Gonzales, of Ojo de la Vaca.

YESTERDAY WARM-- EST OF SEASON

Mercury Rises to Eighty-Seven Degrees During Afternoon—Night Also Unusually Warm.

Yesterday was the warmest day of the present summer in Santa Fe. The maximum temperature was 86.7 degrees, or eight-tenths of a degree higher than the maximum temperature on the 8th instant, which held the record previously. It was not oppressive, though, owing to the low percentage of humidity. Usually there is a decided drop in the temperature after the sun goes down, but it was not so marked last night when the lowest recorded was 63 degrees, which is the greatest minimum temperature of the present season. The temperature at 6 o'clock this morning was 66 degrees. The maximum temperature yesterday was 87 degrees at 3:50 p. m., and the minimum temperature 57 degrees at 5:40 a. m., the mean temperature for the day being 72 degrees. The relative humidity was 33 per cent.

U. S. SECOND NAVAL POWER

Widely Known Authority Says This Country is Close Competitor of England.

New York, Aug. 17.—The tenth annual issue of F. T. Jones "Fighting Ships", one of the authorized authorities of the naval world, puts the United States second among the naval powers of the world, with England first.

REFUSED TO TAKE MESSAGE OF MOTHER'S DEATH

Des Moines, Iowa, Aug. 17.—William Reynolds, a railway telegraph operator at Mapleton, near Sioux City, on the Chicago, Milwaukee and St. Paul Railway, refused yesterday to take a telegram from a non-union operator at Cedar Rapids. Later he was called by long distance telephone and told that his mother was dead at Cedar Rapids, it being the message he had refused to receive by telegraph.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

SHOULD EFFECT IMMEDIATE COMPROMISE.

More or less of a general strike of the telegraphers of the country has been in process during the week which closed today. That great injury has been done to the business interests of the country is too well established and needs no argument. How long the strike will last is not apparent at this writing, but that it has been well established that the time has arrived to save the interests of the people and well being of the country from such disastrous occurrences is also too plain for discussion. The Congress of the United States must take hold of this matter in all directions in which such can be legally done under the Federal constitution and the States must follow this example by legislation and establishing compulsory arbitration.

Discussing the strike, the Washington Post, one of the best posted and fairest papers in the country, pertinently points the situation editorially, saying that a strike paralyzing the telegraphic facilities of the country would be an appalling calamity to the public, which is innocent of wrongdoing toward the telegraph companies or their employees. Nothing but a life and death crisis would justify such a strike, and even then the public would be disposed to believe that some other effective means could have been employed. No one can reasonably assert that such a crisis exists. There is no visible reason why either party to this controversy should deal the public such a blow as would result from a general strike. At the same time, the fact that the operators have left their instruments and surrendered their means of livelihood is proof of their own belief at least that certain conditions exist which are unjust and in need of correction.

It is the plain duty of the companies and the operators to remember that the public is vitally concerned in their contention if it means a crippling of the necessary methods of communication. The necessity of exercising conservatism, moderation, and fairness in this exigency should be patent to both sides, if they desire to retain the good will of the public—and the strike will be in vain to the side which forfeits public sympathy.

There is an opportunity on both sides of this controversy for the exercise of the spirit of compromise. Mutual concessions can and should be made, for the sake of maintaining peace and for the sake of the public, the great third party in every strike, which eventually pays all the costs of these unnecessary and ruinous industrial wars. If coolness, moderation, and the spirit of compromise prevails on both sides, there will be a more just and satisfactory settlement in the end.

ARIZONA SHOULD HELP NEW MEXICO.

Arizona ought to help New Mexico to procure single statehood. Considering this subject, the El Paso Herald says:

"Arizona is standing just as pat now as ever on the anti-joint statehood question and her leaders took pleasure in informing Assistant Postmaster General Hitchcock of the fact when he was in Phoenix this week. The inauguration of Governor Curry as Governor of New Mexico and his statement that he was in favor of single statehood if possible, but if not, then joint statehood with Arizona, set the Arizonians to thinking a bit and they have renewed the discussion with all their old time interest and fervor. They are afraid there is a bug under the log somewhere.

"The Arizonians cannot be blamed, as the Herald has often said. There is no necessity for linking these two territories up as one, no more than there is in attempting to tie Texas and Louisiana together, and neither Territory can be blamed for fighting it. Either is great enough to be a single state. New Mexico has a lot of people who are opposed to union, but there are a lot more who, like Governor Curry, think joint statehood is better than no statehood at all, and who are willing to accept it that way and trust to outvoting Arizona and ruling the new State. This might be possible, but there would be continuous political scraps beside which a Kilkenny cat affair would be as peaceful as a pink tea and the condition would soon be worse than what New Mexico now faces. It is best that the two Territories remain as they are, rather than become one amalgamated

State under such circumstances."

The Herald is about correct in its remarks as above. When the people of New Mexico in the 1906 campaign voted for joint statehood they did so because at that time it looked as if joint statehood only could be obtained for many years to come and because President Roosevelt so desired. They gave a majority of 12,000 for the purpose out of 43,000 votes polled. This was also done in order to show that they were in earnest in demanding statehood. They are patriotic and loyal and wanted self-government. Their actions and votes since 1850 prove this. Arizona can do no better than get its friends to aid New Mexico in securing statehood during the Sixtieth Congress. If so that Territory will have more votes in the national legislative assembly to place it in the sisterhood of States.

GROWING ROOSEVELT COUNTY

The Portales Times paints the situation in Roosevelt County in a very satisfactory way and is of the opinion that many settlers will arrive there and become permanent residents this fall. When it is remembered that six years ago there was no county of Roosevelt and no county seat of Portales and that there were not more than 300 people in what is now Roosevelt County, and that today the population is claimed to be nearly 10,000, it is very apparent that great progress has been made in that section. A Republican administration and a Republican Legislature recognized the approaching importance of that part of what was formerly the Llano Estacado, believed at that time by most people to be fit only for the pasturing of cattle and sheep, and created the County of Roosevelt. This action helped the speedy settlement there greatly and today its wisdom and timeliness have been fully established. Says the Times:

"The good rains this part of New Mexico has been having the past two weeks make the farmers feel that a good crop is practically assured. The farming interests here are in fine shape and the development of the country will proceed rapidly. The busy season with the farmers in the East is now abating and prospectors are commencing to arrive now again in greater numbers than they have in the past few months. There will, undoubtedly, be a big immigration into this country this fall."

In connection with the above another mark of progress may be reported. The Texico Trumpet is to be changed from a weekly to a daily edition, which will make one daily and eight weekly newspapers in Roosevelt County. There is also a bank in nearly every town in the county having over 500 inhabitants. Progress indeed!

"A man who has lived in Las Vegas twenty years remarked this morning that he had never during that time seen such a universal booster feeling as exists now. Everybody is in the game, and they are going to stay in. There is a feeling that Las Vegas has not been getting all that is coming to her, and hereafter we are going to have it. And why not? All that is necessary is for all to join hands as we have done in the past few years, make a united effort and we will have the best town in the Southwest."—Las Vegas Optic.

Would that the New Mexican could say that the same condition of affairs exists in Santa Fe. Unfortunately this is not the case. A few false affidavit men, tax dodgers, shysters and knockers have done much harm and injury to this city of late.

The indications are that the Standard Oil Company will be quite slow in paying fines amounting to \$23,000,000 assessed against it by United States Judge Landis recently for acting in violation of the Interstate Commerce law. Looking at the matter from a common sense standpoint, the Standard Oil Company cannot be blamed for not being in a hurry. After all it is beginning to look as if its honor, the Judge, overdid it. Too much of a thing of that kind is not healthy and is not approved by public sentiment in the long run. Every man and every corporation are entitled to fair treatment in the courts of the land, no matter what their names or what their standing.

"It is an ill wind that blows no one any good." The long distance telephone systems are benefiting by the telegraphers' strike.

JAFFA'S APPOINTMENT SATISFACTORY.

The appointment of Nathan Jaffa as secretary of the Territory meets with approval of the Republican press, which naturally represents the greater and best portion of the people of New Mexico. Referring to it the Albuquerque Citizen says:

"The appointment of Nathan Jaffa as Territorial secretary is undoubtedly pleasing to the bulk of the people of New Mexico.

"When a man's home friends and home papers, business friends and personal friends all speak well of him, it is usually a pretty safe guess that he is the right sort.

"This is the case with Mr. Jaffa. The people of Roswell and of Chaves County, where he is best known and where his every act of years has been subjected to the scrutiny of his neighbors, are unanimous in endorsing his appointment. He is a man typical of the Curry administration. Nathan Jaffa is self made. He has advanced himself from a clerk in a store to the head of a big mercantile establishment, and of a strong financial institution. He has been shrewd in business but not dishonest, and he has been public spirited always, without asking favors in return at the hands of the people.

"Such a man is qualified in every way to conduct the affairs of the office of secretary of this Territory in an honest, efficient and economical manner. The Citizen predicts that Mr. Jaffa will fill the bill—that he will be a safe, sound and responsible lieutenant governor, for such he really is; and that his official life will be equally as brilliant and successful as has been the life he has led in a private role.

"The Territory is to be congratulated upon its new secretary."

COLFAX COUNTY PROUD OF MR. LITRELL.

As time rolls on it is becoming more and more apparent that the removal of Arthur Trelford, fake reform appointee as superintendent of the Territorial penitentiary, and the appointment of Marion Littrell, the real reform appointee, to the same office by Secretary Reynolds while acting governor was the right thing at the right time although the fake reform yellow sheets shouted themselves hoarse on behalf of the removed superintendent and lied about and libeled Mr. Reynolds for simply doing what was right and proper and best for the interest of the people in the premises. Concerning Superintendent Littrell's work, although he has been in office less than two months, the Raton Range pertinently remarks:

"The many Colfax County friends of Marion Littrell will be pleased to hear that Governor Curry has decided to retain him as superintendent of the Territorial penitentiary.

"Mr. Littrell has certainly made a cleaning up at the prison and everything is in splendid condition. He has wholly revised affairs and the rules of the penitentiary are closely followed and the prisoners are in better condition than ever before. The penitentiary has undoubtedly proved Mr. Littrell's competency and Governor Curry believes he is the right man in the right place.

"We rejoice that Colfax County has been able to furnish so good an official for so important a position."

THE RETIREMENT OF SECRETARY REYNOLDS.

In commenting upon the resignation of Territorial Secretary James W. Reynolds and the appointment of Nathan Jaffa, of Roswell, as his successor, the Las Vegas Optic makes the following proper and timely comment:

"The prompt resignation of Secretary J. W. Reynolds in order that Governor Curry could immediately install his own official family, is another indication of that gentleman's ability as a statesman and a citizen. The announcement from Oyster Bay that the resignation had been accepted by President Roosevelt and that Mr. Nathan Jaffa had been named to fill the vacancy is no surprise to the people of New Mexico. As was published in the Optic last week, it was the wish of Governor Curry to have Mr. Jaffa in the Secretary's office because of the personal friendship that has long existed between them. Mr. Reynolds retires with the full confidence and esteem of all the people of the territory. He has been a most efficient officer both as secretary and acting governor. He will no doubt be called to fill positions of even higher honor at some future time. He is a Las Vegas and Las Vegas is proud of him."

The appropriation law passed by the Thirty-seventh Legislative Assembly formulated by fake reform members of the Council of that body, in accordance with the wishes and demands of ex-Governor Hagerman, shows no sign of economy in any direction. Fake reformers are great at pretensions. Sabel!

The Republican newspapers of New Mexico are certainly supporting Governor George Curry. There is not one of them but has had a friendly and encouraging comment so far. The Silver City Enterprise, a leading Republican newspaper in southwestern New Mexico, says:

"George Curry is a man of great ability, is fearless and honest and he will give the people of New Mexico a clean, patriotic and well ordered administration. He has neither friends to reward nor enemies to punish."

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Santa
Fe Citizen Shows You the Cure.

Why will people continue to suffer
the agonies of kidney complaint, back
ache, urinary disorders, lameness,
headaches, languor, why allow them-
selves to become chronic invalids,
when a certain cure is offered them?

Doan's Kidney Pills is the remedy
to use, because it gives to the kidneys
the help they need to perform their
work.

If you have any, even one, of the
symptoms of kidney diseases, cure
yourself now, before diabetes, dropsy
or Bright's disease sets in. Read
this Santa Fe testimony:

Mrs. Bernarda Rivers de Escudero,
living at 106 Griffin St., says: "As a
good general tonic and in all cases of
trouble arising from the kidneys and
in the back, I know of no remedy
more worthy of confidence than
Doan's Kidney Pills. For about a year
I was bothered with a weakness and
a dull aching across my loins and
kidneys. I tired easily from any ex-
ertion and the pains were very dis-
tressing. Using nearly two boxes of
Doan's Kidney Pills which I procured
at the Ireland Pharmacy, the pains
were relieved, my back was strength-
ened and my health better in every
way. I am indeed grateful to Doan's
Kidney Pills for the great benefit I
have received from them."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

Butchers' shipping certificates, such

Men Past Sixty in Danger.

More than half of mankind over six-
ty years of age suffer from kidney and
bladder disorders, usually enlargement
of prostate glands. This is both pain-
ful and dangerous, and Foley's Kidney
Cure should be taken at the first sign
of danger, as it corrects irregularities
and has cured many old men of this
disease. Mr. Rodney Burnett, Rock-
port, Missouri writes: "I suffered with
enlarged prostate gland and kidney
trouble for years and after taking two
bottles of Foley's Kidney Cure I feel
better than I have for twenty years,
although I am now 91 years old." For
sale at The Ireland Pharmacy.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are
located in the midst of the Ancient
Cliff Dwellings, twenty-five miles west
of Taos, and fifty miles north of Santa
Fe, and about twelve miles from Bar-
anca Station, on the Denver & Rio
Grande Railroad, from which point a
daily line of stages runs to the springs.
The temperature of these waters is
from 90 to 122 degrees. The gases are
carbonic. Altitude 6,000 feet. Climate
very dry, and delightful the year
round. There is now a commodious
hotel for the convenience of invalids,
and tourists. People suffering with
consumption, cancer, and other con-
tagious diseases, are not accepted.
These waters contain 1,686.24 grains
of alkaline salts to the gallon, being
the richest alkaline Hot Springs in

the world. The efficiency of these wa-
ters has been thoroughly tested by
the miraculous cures attested to in the
following diseases: Paralysis, Rheu-
matism, Neuralgia, Malaria, Bright's
Disease of the Kidneys, Syphilitic and
Mercurial Affections, Scrofula, Catarrh,
La Grippe, all Female Complaints, etc.
etc. Board, lodging and bathing \$2.50
per day; \$15 per week; \$50 per
month. Stage meets Denver trains
and waits for Santa Fe train upon re-
quest. This resort is attractive at all
seasons and is open all winter. Pas-
sengers for Ojo Caliente can leave
Santa Fe at 9 a. m., and reach Ojo
Caliente at 4 p. m., the same day.

Bush, to Dr. George Brunner, of El Paso, Texas, which took place in the latter city on Wednesday, the 14th instant. The newly wedded couple will be at home after September 10, at 1112 North Angel street, El Paso. Both bride and groom are well and favorably known in New Mexico. Mrs. Brunner's father was the late Judge Simon B. Newcomb, her mother having, after his death, married Mr. Bush.

Captain Stokes in Alaska.

Captain Marcus B. Stokes, of the Tenth United States Infantry, who is now stationed at Fort St. Michaels, Alaska, and who was stationed in this city at old Fort Marcy during the early '90s, then as a Lieutenant in the Tenth Infantry, writes the New Mexican under date of June 20th. The New Mexican gives a few of the interesting items written by him as follows:

"Our navigation season has just opened and we feel that we are back again in the world. The ice in the bay disappeared only a few days ago, and now there are a number of steamers and Yukon River boats in the harbor. All are working day and night, trying to do a year's work in four months. I said day and night, but the truth is that at this season of the year there is absolutely no night. The sun disappears only four hours out of the twenty-four, and the glow of course remains on the horizon, from the setting till the rising.

"The isolation of the winter was greatly relieved by the regular arrival of the New Mexican. All of which were a pleasure to read."

Captain Stokes has a number of friends here who are glad to hear from him again.

Las Cruces Literary Club.

The present year marks the sixteenth anniversary of the Las Cruces Wednesday Literary Club. This is one of the pioneer clubs of the Southwest. Feeling the need of systematic co-operative study, seven women friends of Las Cruces and Mesilla Park, under the leadership of Mrs. Hiram Hadley, banded together for mutual betterment and from this nucleus grew a strong organization of twenty staunch friends and co-workers. These women feel that they have explored the Clevelandian idea of women's clubs for they have faithfully worked together these past fifteen years in the most perfect harmony, not one unpleasantness has arisen. Many bright women have been on the roster of the Wednesday Club, a few having received training abroad. Several whose lives were an inspiration to all have passed over to the other side. As clubs go, the work has not been superficial. No social features are allowed except a banquet at the close of the year to which husbands and friends are invited. The work taken up has been in part miscellaneous. Special attention has been given to the United States and the American Indian. The past two years have been very profitably employed in original work on local and New Mexico history. It is the intention of the club to preserve and add to all papers of local interest. The present members are Mesdames Baker, Brannigan, N. Frengar, Steel, Thompson, Young, Foster, Hoblitt, G. Frenger, Hollingsworth, Stokes and Miss Gill.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

JAPANESE ESCAPE FROM OFFICERS

Three of Party of 100 on Way to Deportation Break Bars on Car and Make Getaway.

Tucson, Ariz., Aug. 17.—Three Japanese prisoners out of a party of 109, part of whom were exported from Tucson on Monday, escaped from train No. 9 yesterday morning somewhere east of Yuma. The prisoners were all Japs and were being taken to San Francisco for deportation. They were in charge of H. W. Hammond and twelve guards.

The two who escaped were not missed until the train had gone some distance west of Yuma. One of the guards left the train at Imperial and informed Immigration Inspector Brazie of the case, and they spent the day in trying to locate the men, but without success. The Indian police, railroad watchmen and deputy sheriffs were all notified and are on the lookout, and it is safe to say that they cannot pass through Yuma without being apprehended.

Chamberlain's Colic, Cholera, and Diarrhoea Remedy, Better Than Three Doctors.

Three years ago we had three doctors with our little boy; and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for.—Mrs. B. J. Johnston, Linton, Miss. For sale by all druggists. For sale at all druggists.

CAMPBELL TO LECTURE AT MOUNTAINAIR

Mountainair, N. M., Aug. 17.—Arrangements have been completed for a lecture by H. W. Campbell, of Lincoln, Neb., the exponent of dry farming, which will be delivered here at 2 o'clock on the afternoon of Thursday, August 29. A barbecue will be given by the people of Mountainair at noon and an entertainment will also take place in the evening. Both lecture and barbecue will be free and a general invitation is extended to everyone to attend.

This will be the only lecture Mr. Campbell will give in New Mexico this season and he will undoubtedly be welcomed by a large audience as the people of Torrance County generally appreciate the importance of his subject.

Mr. Campbell will be here two days, one of which he will spend in looking over the country with a view of establishing one of his model farms, and he will also visit the old apple trees at Manzano.

OFFICER CAPTURES ARIZONA HORSE THIEF

Douglas, Ariz., Aug. 17.—Luis Salazar, who was caught in possession of a horse taken from the San Bernardino ranch and belonging to C. O. Chenoweth, was arrested for horse stealing and will be held in jail until the meeting of the grand jury, some time in November, having been bound over after a preliminary examination.

Constable Shropshire has been looking for Salazar for several days and captured him about thirty miles from the San Bernardino ranch going south into Mexico.

Salazar has a history that is as unsavory as the circumstances under which he was caught by the constable. He was caught riding the horse and a valuable saddle. His explanation was that he was drunk when he took the property, but his record throughout the southern Arizona Counties is that of horse stealing.

CUTS IRRIGATION DITCH AND APPROPRIATES WATER

Roswell, N. M., Aug. 17.—John F. McMurray, a lawyer from McAlester, Indian Territory, who bought several hundred acres of land 6 or 7 miles east of Roswell last year, has laid claim to a portion of the water that feeds the northern canal, owned by farmers in the Hagerman district and has opened a ditch and is taking the water.

He says he is entitled to a flow twenty feet wide and one foot deep, under an appropriation made twenty years ago.

The Hagerman ditch owners have entered suit against him and one of the stubbornest legal fights that has been known in the Pecos Valley seems imminent.

DeWitt's Carbollized Witch Hazel Salve penetrates the pores and heals quickly. Sold by The Ireland Pharmacy.

SPRINGER HOTEL MAN DIES OF WOUNDS

Raton, N. M., Aug. 17.—Adolph Harmon, proprietor of the Springer Hotel at Springer, this county, who was shot in the barroom of his hotel a few days ago by Gabriel Gonzales, a Santa Fe section foreman, died Monday of his wounds. Gonzales was arrested soon after the tragedy and is now in the county jail here awaiting a preliminary hearing on the charge of murder. It was necessary to bring the slayer here for safekeeping, as feeling in Springer was high against him and violence was feared. The deceased was an old resident of Springer and is survived by a family.

SIGHTS OF SANTA FE

(A brief outline of Points of Interest in and about the City of Santa Fe. A Guide for Tourists.)
(July, 1907.)

The Plaza.—Under the care of the Woman's Board of Trade. Here Onate camped and set up the banner of Spain in 1598. Here the Pueblos in the uprising of 1680 burned the archives and historical records of the Province. Here De Vargas halted in triumph after taking the city from the Pueblos in 1692. Here General Kearny planted the Stars and Stripes in 1846. Most of the thrilling historical and gala events for the past three hundred years have centered here.

The Old Palace.—Without doubt the oldest governmental building in the United States. Date of construction variously set from 1598 to 1607. Occupied as executive building by Governors under the Spanish, the Pueblo, the Mexican and American regime, last occupied as a residence by the present Acting Governor James Wallace Raynolds. Ceded by the Federal government to the Territory, the present owner, but which has voted to recede it to the Federal government as a National Monument. It is at present occupied by the postoffice, the Historical Society Museum, the Daughters of the American Revolution and the Territorial Republican Central Committee.

The Historical Society Museum.—In Old Palace. Open free to visitors. From 10 to 12 a. m. and 2 to 4 p. m. on weekdays, and 2 to 4 p. m. on Sundays. Contains fine collection of New Mexico antiquities and the most complete library of books relating to the history of the Southwest to be found in the United States outside of the Congressional Library.

Ben Hur Room.—In Old Palace. Here Lewis Wallace, while Governor of New Mexico, completed Ben Hur. Key given to visitors at the postoffice.

Soldiers' Monument.—In Plaza. Erected by the Territory. Much criticized because it refers to the Confederates as Rebels.

Lamy Fountain.—In Plaza. Erected by Woman's Board of Trade in memory of the late Bishop Lamy, who introduced the orchard industry at Santa Fe and surroundings.

The Kearny Monument.—In Plaza. Erected by the Daughters of the American Revolution.

Masonic Building and Hall.—On south side of Plaza. Oldest Masonic Lodge in the Southwest. Many interesting historic relics in lodge room. Kit Carson was a member of this lodge.

The Honda.—At southeast corner Plaza. End of the historic Santa Fe Trail. Now Exchange Hotel.

WITHIN FIVE MINUTES' WALK FROM PLAZA.

Roman Catholic Parochial School.—On Water Street.

Public Library.—On Washington Avenue. Built and maintained by the Woman's Board of Trade.

Federal Building.—Headquarters of Federal Land Office, Internal Revenue Service for New Mexico and Arizona, Surveyor General, Weather Bureau, Forest Supervisor of Pecos, Jemez and Taos National Forests, U. S. Attorney for the Pueblo Indians, and other Federal officials.

Kit Carson Monument.—In front of Federal building.

The Court House.—On Palace Avenue. Contains County Offices and Court Rooms.

Saint Vincent's Sanitarium.—On Palace Avenue.

Saint Vincent's Orphans' Home.—On Palace Avenue.

Saint Vincent's Hospital.—On Palace Avenue.

Loretto Academy.—On College Street. Oldest School for Girls west of the Missouri. Quaint cemetery in rear.

Loretto Chapel.—On College Street. One of the most perfect specimens of Gothic Architecture in America. Built from design by French architects.

WANTS

FOR RENT.—Nice furnished room. Inquire 205 Palace Avenue.

FOR RENT.—Modern six-room brick house. Good location. O. C. Watson & Co.

FOR SALE.—Slightly used piano, \$5 down, \$1 a week. Address this office.

WANTED.—Servant girl; no washing or ironing. Apply to Wagner Furniture Company.

WANTED.—Girl to do general housework. Apply to Mrs. R. J. Balen, 231 Palace avenue.

WANTED.—Good dining room girl at Sisters' Sanitarium; American preferred; must understand English.

WANTED.—Large copper-gold mine under lease and bond as soon as possible. Address "J. F. G." New Mexican.

WANTED.—One hundred laborers to sort ore; \$1.75 per day; steady work. Santa Fe Gold and Copper Mining Company, San Pedro, N. M.

AGENTS.—\$100 per week can be made selling our famous Hydro Carbon lighting systems; we want a good man in every county in the United States. Light Dept. 77, National Stamping & Electric Works, 153 S. Jefferson st., Chicago.

LOST.—A gold watch, hunting case, Swiss movement, thin shape; somewhere between Palace Hotel and Catron's office or around Plaza; some time yesterday morning. Finder will be rewarded liberally on return of same to Catron and Gortner's office.

TO SHEEPMEN

It is evident that sheep raisers must soon own their own grazing land. There are very few solid tracts with perfect title. I offer 25,000-acre grazing tract, on Cebolleta Grant; also 5,000 acres adjoining, of winter grazing, with valleys producing fine corn, etc., without irrigation. L. B. Prince, Santa Fe, N. M.

RAIN BADLY NEEDED IN SOUTHWESTERN NEW MEXICO

Silver City, N. M., Aug. 17.—The rains during the present rainy season have been extremely light in the southwestern portion of the Territory, and as the season is far advanced a number of the cattlemen are becoming anxious, although the ranges in most sections are in very good shape at the present time.

SOCIAL AND PERSONAL

(Continued From Page Four)

H. C. Yontz, a San Francisco Street jeweler, spent the day in the Duke City on business.

Attorney W. B. Childers, of Albuquerque was among the arrivals today in the Capital. He came on legal business.

Hiss Helen Wiley will be the hostess at a card party next Thursday, for which invitations have already been issued.

A. M. Bergere has joined his family at Long Beach, California, and found Mrs. Bergere and children, who have been there for three weeks, very well.

Dr. W. D. Radcliffe, of Belen, has returned from an eastern visit, during which he was at his old home and also at the Elks' doings in Philadelphia.

Rev. F. E. Hall, a Catholic priest from Oklahoma, has arrived in Santa Fe and is stopping at St. Vincent's Sanatorium. He came here for the benefit of his health.

Miss Spitz, daughter of Mr. and Mrs. Solomon Spitz, and who has been for the past two months at Long Beach, California, is expected to return home during the coming week.

Prof. Alfredo M. Sanchez, assistant superintendent of public instruction, will leave on Monday next for Mora, where he will deliver an address at the Teachers' Institute of Mora County. He will speak in Spanish.

Chief Justice William J. Mills, who is presiding judge of the Fourth judicial district, arrived in the city last night from Las Vegas. He came here to consult with Governor Curry. He will return tonight to the Meadow City.

W. E. Gortner, court stenographer of the Fourth Judicial District, with headquarters at Las Vegas, was an arrival last night in the Capital. He came here on private business and will return tonight to the Meadow City.

Mrs. Addison Walker, of Trinidad, Colorado, formerly of Santa Fe, with her two young sons, Emmett and Franklin, are in the city for a visit of a week or two, and are guests of Mr. and Mrs. John H. Walker, of 118 Grant Avenue.

Mrs. A. M. Leeson expects to leave during the coming week for a visit to Monte Vista and Denver, Colorado. Her little daughter will accompany her. They will be absent about three weeks. Mrs. Leeson will undertake the trip for a rest and to visit friends.

Mrs. Phil Garretson and young son, Van Ness, left this morning for their home in Denver after a visit of three weeks to relatives and friends in Santa Fe. Mrs. Garretson is a sister of Mrs. James L. Seligman, at whose home she and her son were guests.

District Attorney Robert C. Gortner is preparing to leave during the early part of the coming week for Roswell to attend the New Mexico Bar Association annual session. He may not be able to reach there for the first day, but will do so for the second day.

Mrs. J. H. Walker, of Raton, is in the city visiting relatives and friends. She is the guest of her daughter, Mrs. W. E. Griffin, of 115 Johnson Street. She is also the mother of John H. Walker, of 118 Grant Avenue, and was for many years a respected resident of this city.

Mrs. Paul A. F. Walter, of 405 Palace avenue, will on next Thursday afternoon give a card party in honor of Miss Helen Zane, of Philadelphia, Pennsylvania, who, with her mother, is visiting Mrs. H. C. Luckenbach and

her daughter, Miss Luckenbach, at 397 Palace avenue.

Governor Curry will likely leave here Tuesday next via the Santa Fe Central and the Automobile line for Roswell, in which city the Territorial Bar Association will meet next Wednesday. At Kennedy station he will be joined by Delegate W. H. Andrews, of Albuquerque, and Attorney William B. Childers, of Albuquerque.

Little Nellie Nusbaum, daughter of Mr. and Mrs. Simon Nusbaum, was eleven years old Tuesday. She celebrated her birthday by entertaining about twenty-five of her young playmates, and they had a right jolly time playing various juvenile games, following which they feasted on fruits, candies, nuts and a big birthday cake.

Prof. J. A. Miller, of Albuquerque, principal of the High school in the Duke City, arrived in the city last evening en route to Taos. Mr. Miller was conductor of the Teachers' Institute of Sandoval County, which has just closed at Bernalillo, and goes to Taos to take charge of the Teachers' Institute of Taos County, which will convene Monday.

Felix Martinez of El Paso, for many years a citizen of Las Vegas, and who is on a visit to the Territory, after spending this week in the Meadow City, has gone to Albuquerque where he will remain for a few days. He came to attend the inauguration ceremonies of Governor George Curry on August 8th, having known the Governor very well in former days.

Forest Supervisor Ross McMillan and party, consisting of Mr. and Mrs. McMillan, Inspector T. H. Sherrard and niece, Miss Lewis, and Miss Bennett, are making a tour of inspection of the Pecos River, Jemez and Taos National Forests on horseback. They were in Taos this week going west. They are said to be having a glorious time and are enjoying their trip greatly.

T. W. Watson, mining engineer, with headquarters in Chicago, who has been in the southern part of this county for the past two weeks, investigating mining affairs, is in the city. It is likely that Mr. Watson and friends will make investments in mining properties in this county. Mr. Watson today called at the office of the New Mexican and was furnished literature concerning the mineral resources of the Territory.

Miss Mary Morrison, daughter of Judge A. L. Morrison, of this city, and Miss Doyle, her friend, of Milwaukee, Wisconsin, are still sojourning at Long Beach, California. They have been joined by Mr. and Mrs. Joseph E. Morrison, of Bisbee, Arizona, the former being a brother of Miss Morrison, and who formerly resided in this city. He has a successful law practice in the Arizona mining town, and according to all accounts is getting wealthy, which is good news to his many friends in this city.

Upon relinquishing the duties of office as Secretary of the Territory, which he has so satisfactorily and efficiently filled for six years past, Hon. James W. Reynolds will pay a visit to the ranches of the Salado Live Stock Company, of which he is secretary. Thereafter Mr. and Mrs. Reynolds contemplate a lengthy eastern visit, spending part of the time at Omaha, Nebraska, at the residence of Mrs. Reynolds' father, and thence making a tour through the northern States, on the St. Lawrence River and through Canada.

A dinner at which Governor Curry was the guest of honor and three ex-governors were gathered around the festal board, was given Thursday evening by ex-Governor Herbert J. Hagerman at his residence on Lincoln

avenue. Besides the host and guest of honor there were present ex-Governor Miguel A. Otero, ex-Governor L. Bradford Prince, Attorney General A. B. Fall, Major R. J. Palen, Commissioner of Public Lands R. P. Ervien, Levi A. Hughes, Mayor T. B. Catron, Captain Fritz Muller and W. M. Tipton, of Los Angeles. It is understood that Mr. Hagerman will leave during the coming week for Roswell where he will again take up his permanent home.

Superintendent C. J. Crandall, of the U. S. Indian Training School, and a party of fishermen, consisting of J. D. Goulette, supervising architect of the new school building, Jerry Farris, engineer in charge, and Mr. Crandall's little son, returned this forenoon from a fishing trip of several days duration on the San Antonio River in the Jemez Mountains. They had good luck. They left their camping place yesterday morning, drove overland to Pojoaque, reaching there last night, and came to town this forenoon. The weather was fine and the roads good.

Mayor H. O. Bursum, of Socorro, is at his sheep and angora goat ranches in the Oscura Mountains. He will remain there for the next two weeks.

Among the summer sojourners in Santa Fe is Miss Helen Walsh, an attractive young woman from Portsmouth, Ohio, who is visiting her uncle and aunt, Mr. and Mrs. J. P. Lyng, on Manhattan avenue. Miss Walsh's visit is being made a delightful one, and she will carry back with her none but pleasant recollections at the termination of her stay. Miss Walsh has been the guest of honor at a number of parties and several others are planned for her next week. Mrs. Lyng entertained in compliment to her niece last night, at which some twenty-five guests enjoyed her hospitality. The event was spent very pleasantly at cards, the game played being the ever popular "five hundred." Refreshments were served after prizes had been awarded to the lucky contestants, and other amusements rounded out the evening. Those present besides hostess and guest of honor were Misses Auro Gray, of Ocean Park, California; Heloise Dibert, Dibertha Dibert, Mary McFie, Florence Spitz, Ethel Seligman, Dorliska Crandall, Louise Pyatt, Hildred Hansen, Adelaide Wiess, Chavannes and Condon and Messrs. E. W. Fassett, of Cleveland, Ohio; Stewart Van Vleet, of Pecos; John McFie, Elmer Marsh, M. A. Stanton, Frank Keefe, R. Governor Guest of Honor.

Governor George Curry was the guest of honor at an elaborate dinner last evening given by Judge and Mrs. John R. McFie at their handsome new home on Manhattan Avenue and Galisteo Street. The color scheme was in red and white and there was a profusion of flowers which made a very pretty decorative effect and filled the dining room with their subtle fragrance. A large mound of sweet peas, geraniums and other flowers formed the centerpiece of the large table. The place cards were unique pen and ink sketches executed by Mrs. Carl A. Bishop. At Governor Curry's plate was a life size portrait of President Roosevelt. It was a full course dinner and the menu comprised all of the delicacies the season afforded. After the repast an impromptu musicale was held during which several delightful selections were rendered by Miss Hildred Hansen, on the violin and Miss Mary McFie on the piano. Those invited in addition to the guest of honor were Secretary

and Mrs. James W. Reynolds, Judge and Mrs. N. B. Laughlin, Mr. and Mrs. Thomas B. Catron, Mr. and Mrs. Marion Littrell, Mr. and Mrs. Vernon L. Sullivan, Miss Clara Olsen, Miss Hildred Hansen, Judge A. B. Fall, and Territorial Treasurer J. Howard Vaughn.

A Delightful Dancing Party.

One of the most delightful dancing parties of the season was the one Wednesday evening given by Misses Heloise Dibert and Dibertha Dibert in honor of their charming visiting guest, Miss Auro Gray, of Ocean Park, California. The Dibert home, in which the soiree was held, was decorated very prettily with cut flowers and greenery. The placita in the center was illuminated with Japanese lanterns and proved an inviting retreat between dances. The spacious parlors were decorated with ferns and an abundance of sweet peas. Ropes of red crepe were strung from the chandeliers to the corners of the rooms and the chandeliers were entwined with ferns and other greenery. The parlors and veranda surrounding the placita were converted into a ball room and promenade. Morrison's orchestra furnished the musical inspiration and the light fantastic was tripped until after midnight. Suitable refreshments were served during an intermission. The guests were Mr. and Mrs. C. A. Bishop, Misses Auro Gray, of Ocean Park, California, Julia Christensen, of Los Angeles; Pain, of Kansas City; Helen Walsh, of Portsmouth, Ohio; Beniah Duncan, of Las Vegas; Luella Rickert, of Missouri; Richie Seligman, Maude Harding, Ruth Laughlin, Helen Laughlin, Florence Spitz, Ethel Easley, Dorliska Crandall, Myrtle Boyle, Cassie Cross, Louise Pyatt, Matilda Alonzo and Elizabeth DuVal, and Messrs. Earl Fassett, of Cleveland, Ohio; Stewart Van Vleet, of Pecos; Dr. Charles A. Wheelon, of Graham, N. C.; Clarence Pierce, Frank Brown, R. Vere Boyle, Frank Newhall, Robert Garrett, Frank Keefe, Ira Grimshaw, Thom. Catron, Fletcher Catron, John McFie, Robert Stephenson, Morris Thomas, Noyes Weltmer, M. A. Stanton, James Carlithers, Carlos Creamer and Manuel B. Otero.

NEW MEXICO SCHOOL OF MINES.

(Continued From Page One.)

fine executive ability, good administrative judgment, and a hard and conscientious worker. As a specialist and scientist he is fully equipped for the duties of the important position which he holds. He has been re-elected for the coming scholastic year, which is a well-deserved compliment and a very timely and proper action on the part of the Board of Trustees and which also demonstrates that he has fulfilled the duties of his position satisfactorily and thoroughly, and that he possesses the full confidence of his superiors.

The School of Mines is a Territorial institution of which the people of New Mexico generally, and those interested in mining and mining development especially, are interested, as the mining industry is an important industrial development of this Territory and in a fair way to become one of its great industries.
