NO FRAUDS IN LAND DEALS

**Former Attorney
General Prichard
Gives Facts.**

COURTS FULL INVESTIGATION

**71,000 Acres Brought \$227,
725.32-- Only 5 Per Cent
of Donations Sold.**

Judge Fall, the present attorney general of New Mexico, having expressed himself to a reporter of the El Paso Herald that so far "as he knew there are not any timber or land frauds in New Mexico," a reporter of the New Mexican called on his predecessor Colonel George W. Prichard for his views on the subject. His answer was:

"I went into the office of attorney general of this Territory on the 19th day of November, 1904, and left the office on the first day of June, A. D., 1906. I again entered the office on May 1st, 1907, and retired therefrom on the fifteenth of this month. I was a member of the Board of Public Lands from the day I took the oath of office on the 19th day of November, 1904, until the board became defunct on the 16th day of May, 1905. During the time I was attorney general not an acre of the lands of this Territory was contracted for or sold to anyone. There had been some lands sold by the board before I went into office and I had occasion from time to time to look into such sales, and it never occurred to me that the Territorial Land Board had been guilty of any fraud in the disposition of any of the lands belonging to the Territory. No facts ever came to my knowledge on which such a conclusion could be based.

"Fraud in this relation implies deception, collusion, cheating, swindling and official corruption. Knowing the men who constituted that board, I would be loath to believe that either of them could be guilty of a dishonest act. If there were any dishonesty there, it would be no trouble to show it. There may have been cases where individuals have imposed on the board and may have secured some of the Territorial lands for speculation, but such things are liable to happen and do happen to the land officers of the United States frequently. I know that certain evil disposed persons have charged that the board or certain members of it received money or other consideration for favoring certain applicants to purchase Territorial lands but these are the meaningless words of the slanderer. There is no truth in the assertions to support them. These babbling fiends are not to be believed, and they are not believed by the thinking man. The story is without foundation, and is a lie upon its face. Do you suppose for a moment that if there were any truth in such reports, that affidavits would not have been furnished of the facts, to these foreign agents, who would roll them as sweet morsels under their tongues."

But Five Per Cent of Lands Disposed Of.

Colonel Prichard was asked how much of the lands granted to the Territory under the act of Congress of June 21st, A. D., 1898, had been sold. His answer was:

"By that act the general government granted to the Territory for institutional purposes 1,343,080 acres. The United States Land Commission consisting of the governor, the surveyor general and the attorney general has from time to time located and selected to the credit of the various institutions named in the act, nearly all of the lands thus granted. I trust no charge has ever been made that there was any fraud in this selection and location. The secretary of the interior approved these selections and a charge of fraud in these selections would involve that officer as well as the board. Mr. Hitchcock was secretary of the interior at the time, and as he is regarded by many as a paragon of virtue, it would be blasphemy to connect his name with fraud of any sort. Seventy-one thousand and eighty acres of these selected lands have been sold by the Territory, or about 5 per cent of the total area of the 1,343,080 acres donated by the general government. I have known of one forest fire in this Territory that destroyed more timber in one week than all of the above 71,080 acres ever contained. The Territory received for these 71,080 acres the sum of \$227,725.32, which the Territory's educational and other public institutions have received the benefit of. Not an acre of these lands sold for less than three dollars an acre and some of it sold for as much

as four dollars and fifty cents an acre. This was from a dollar and seventy-five cents to three dollars and twenty-five cents more than the minimum price fixed by the act of Congress. The timber that has been cut from any of these sold lands has gone into the construction of homes and other improvements for the benefit of the people of this Territory. The poor lands were sold with the good and many acres sold for more than they were worth. What are these lands to be owned by the Territory for if not to pass into the hands of the people, for their benefit and for the benefit of the educational and other public institutions of the Territory? Why should the Territory play the part of the dog in the manger, by holding these lands, getting no benefit from them and allowing no one else to get any benefit from them?"

Not Attorney General at Time of Alleged Illegal Transactions.

Colonel Prichard was asked what relations he had to the suits recently filed in the Bernalillo County district court, by the special assistants to the attorney general of the United States. "I have been made a defendant in those suits. They are suits setting up certain contracts entered into between the Territory, and others, regarding certain timber lands, in which it is claimed that the contracts are illegal and were conceived in fraud. When I tell you I was not the attorney general of the Territory when the first contract was entered into and was not a member of the Board of Public Lands when the last contract was made (the board having been legislated out of existence) and that I had no official connection at all with the lands of the Territory at that time nor ever signed any contract you will understand that my relations to the suits are not very strong. The gentlemen who made me a party to these suits were probably ignorant as to who should be made defendants under the law. These suits crude as they are, will be given the proper attention by way of demurrer at the proper time."

OLD RAILROAD EMPLOYEE KILLED

**One of Best Known Trainmen on
Texas Line Crushed to Death
Between Two Cars.**

El Paso, Texas, Aug. 24.—William W. Reed, yardmaster for the Galveston, Houston and San Angelo Railroad at Sanderson and one of the old school of El Paso railroad men, was caught between two box cars in the Sanderson yards at 5 o'clock yesterday afternoon and crushed so badly that he died shortly afterward on board of a special that was bringing him to El Paso for surgical attention.

William W. Reed has been connected with the Galveston, Houston and San Angelo Railroad almost from the time it was built into El Paso. His first position was in the car repairing department here and later he took a place as brakeman on the eastern division. He was then appointed yardmaster at Sanderson, which place he held until he met his death in the performance of his duties.

DEMENTED INDIAN TAKEN TO ASYLUM

**Necessary for Officers to Resort to
Force to Remove Crazy Woman
From Taos Pueblo.**

A crazy Indian woman, wife of Pedro S. Espinosa, a Taos Pueblo Indian, was brought to the city last evening by Sheriff Donaciano Graham, of Taos, and his deputy, David Martinez, and taken to the Territorial insane asylum at Las Vegas this forenoon. There was considerable trouble in this case. The Indians still stick to their old traditions and ignorant superstitions in cases where crazy people are concerned. The Taos Pueblos were very much averse to allowing this "devil woman," as they called her, to be taken to the Insane Asylum.

Dr. T. P. Martin, the Pueblo Indian physician, after carefully examining the woman and finding her in a demented condition, recommended that she be sent to the asylum and was instructed by Superintendent Crandall to send her there. The Indians demurred and would not allow Dr. Martin to carry out the instructions. Thereupon, Superintendent Crandall requested Sheriff Graham to take charge of the woman and conduct her to the asylum. The majesty of the law, as represented by the sheriff and several deputies was too much for the Pueblos, and they made no more interference.

Dr. Martin is of the opinion that the woman is beyond recovery.

He was hastened to Dr. Diaz's Sanitarium where it was found necessary to put him under the influence of chloroform to remove the splinter. The operation was successful and while it will be several weeks before the injured member will heal, it is not believed he will suffer any permanent injury.

**Party of Capitalists Leave
on Return Trip This
Evening.**

"There isn't anything to give out yet for publication. I came out here with these gentlemen with a view to the completion of the line but nothing will be done about it until we get back to Pittsburg."

The foregoing statement was made this afternoon by General Francis J. Torrance when seen at the general offices of the Santa Fe Central Railway in this city by a representative of the New Mexican in answer to a direct question as to the building of the Albuquerque Eastern Railway. General Torrance stated that he expected to return to this city some time next month and would then be in a position to furnish definite information regarding the proposed railroad from Moriarty to Albuquerque, which if constructed will give the latter city another eastern outlet and a direct connection with the Chicago, Rock Island and Pacific Railway.

General Torrance and the party of eastern capitalists whom he plotted over the proposed route of the Albuquerque Eastern Railway and also on an inspection trip to the Hagan coal fields which it will tap returned to Santa Fe at noon today in his private car Rover, which was attached to the regular train from Albuquerque. They will remain in this city until about 6 o'clock this evening when they will leave on a special train for Torrance, from whence they will go east via the Chicago, Rock Island and Pacific Railway.

Visitors Are Entertained Here.

Directors of the Santa Fe Board of Trade held a meeting last evening when it was learned that General Torrance and his colleagues would be here today and a committee was appointed to entertain them while in the city. Carriages were in waiting for them at the depot when the train arrived, and they were driven at once to the Santa Fe Central general offices, having partaken of luncheon on the car while en route from the Duke City.

The early part of the afternoon was spent in visiting the rooms of the Historical Society by those who were not obliged to attend to other duties. From 4 to 6 o'clock it was planned to have the visitors driven about the city to the different places of interest, under the leadership of ex-Governor L. Bradford Prince, who is president of the Santa Fe Board of Trade.

General Manager S. B. Grimshaw, of the Santa Fe Central Railway, and W. S. Hopewell, general manager of the New Mexico Fuel and Iron Company, which is an allied corporation, will accompany General Torrance and his guests as far as Torrance station.

WOULD DISPENSE WITH LEGGINS IN ARMY UNIFORM.

Washington, Aug. 24.—The War Department is contemplating making practical alterations in the uniform of army privates. A suggestion made by Colonel L. Maus, based on his experience with the militia in the field, is that the present regulation felt half being unsuited for campaign purposes in a hot climate, it should be changed.

He also proposes that the infantry marching trousers should be made full around the knee and the cuff extended down the leg far enough to be enclosed by the top of the marching shoe, thus doing away with the legging.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

SOMEWHAT APPLICABLE TO SANTA FE.

The Las Vegas Optic is making a gallant fight for progress and advancement in the Meadow City. This is certainly the case now in the matter of subscriptions to the capital stock of the company, whose object and aim will be to construct an electric railway from the Meadow City to the town of Mora and thence to Taos. The plan, if carried into effect, will benefit Las Vegas so greatly and this is so apparent that certainly no need exists for lengthy discussion. The citizen of the Meadow City who does not help with might and main hurts the place he lives in and himself.

In a recent editorial upon this subject the Optic utters some truths that are applicable to Santa Fe. In this city unfortunately there are two classes of people whose actions and non-actions are proving of great detriment to the city. One class consists of the knockers, the backbiters and the carstone slanders, and the other of the fogies, some young and some old. The latter can be reasoned with and induced to join the procession of progress. The venom, the envy, and the intense desire to injure their fellow citizens of the first named are too strong to be overcome; nevertheless, the progressive, public-spirited and loyal citizens must take hold and push along with might and main. The Optic's editorial on the question is timely reading at this time and in this place. The Optic says:

"There are a few people, a very few, in this community who have made small fortunes during their residence here but are not disposed to do anything for the betterment of the town. For instance, one man who is the owner of at least \$50,000 worth of real estate in the city of Las Vegas, all of which would be greatly enhanced in value if the electric railroad from Las Vegas to Mora should be built, has indicated that he will only subscribe \$500 worth of the bonds. It is far from pleasant to call attention to these things, but it must be done.

"Las Vegas is going to progress and grow. It has been at a standstill long enough. The progressive business men and the people generally are united as they have never been before. They are going ahead in a determined effort to develop our great wealth producing resources, broaden our facilities for doing business and in time become one great and prosperous city. And it may as well be stated here and now, that if there are any old barnacles who think they can lie down in the path of progress and stop the wheels of advancement, they are mistaken. They will simply be run over and weeded out. The time has come for every good citizen to help push."

WATER RIGHTS OF INTERSTATE STREAMS.

The National Irrigation Congress, which will meet in Sacramento, California, early next month, will discuss some questions of great importance and moment to the irrigation districts of the great Southwest and therefore especially to New Mexico. The several delegates appointed by the Territory and by counties and cities should therefore attend the gathering and should take a leading part in its deliberations and see to it that the great and growing interests of the Sunshine Territory in irrigation and water supply as well as water rights, should not suffer. Among the matters to be discussed will be the one of water rights of interstate streams, and this certainly is of paramount interest to New Mexico and to its neighbor to the north, Colorado. Referring to the subject the Pueblo Chieftain says that the question of water rights on interstate streams will be one of the most important discussions at the coming session of the National Irrigation Congress. Dr. Elwood Mead, who is an authority on irrigation laws, is the chairman of the committee which was charged by the last congress with the duty of reporting to the coming session, recommendations looking to the settlement of questions that are constantly arising with reference to interstate waters. Dr. Mead has been very active in bringing this matter before men who are prominently identified with irrigation development, especially in those States where the question of interstate rights is a serious one, and without question the presentation of his report to the congress will precipitate one of the liveliest debates of the session. Among those who will participate will be men who contend that the national government should exercise jurisdiction over interstate

waters and others who advocate the right of the individual states to the control of waters within their boundaries. Since this committee was appointed the United States supreme court has passed upon the now famous Kansas-Colorado case, and this action has given an added impetus to constructive thought on this subject.

NEW MEXICO WILL GO IT ALONE.

Several of the newspapers of the sister Territory are keeping up silly and uncalled for attacks on the people of conditions in this Territory. They are afraid that the joint statehood question may again come to the front and believe it good policy to "take time by the forelock." In these premises they are very badly mistaken. Joint statehood will not come up during the Sixtieth Congress, but the question of separate statehood for New Mexico will be brought to the front and pushed and that, very likely successfully. The people of New Mexico want none of Arizona. They have fully demonstrated their capacity and fitness to govern themselves and are perfectly willing to let Arizona "paddle its own canoe." Indeed, should New Mexico become a state before Arizona, and this is very likely to happen, its Senators and Representatives in the Congress of the United States, will be found in aid and support of the claims of Arizona to become a sovereign state in the Union. Referring to this subject, the Albuquerque Citizen pertinently remarks:

"Arizona papers are still saying mean things about New Mexico and declaring that Arizona won't have any statehood if she has to join with this Territory. There ought to be no quarrel on that score. New Mexico is just as anxious to secure single statehood as Arizona but this Territory showed good judgment in offering to accept anything in the shape of statehood. New Mexico is no more anxious to be joined to Arizona than that territory is with New Mexico. When it comes to a comparison of fitness for statehood, Arizona will suffer. New Mexico is entitled to statehood and Arizona isn't. She doesn't want it bad enough to work for it."

JUDGE FALL'S APPOINTMENT.

The Silver City Independent is the strongest and best Democratic paper in New Mexico. Its editor is secretary of the Democratic Territorial Central Committee, and in addition to being a good newspaper man, is a successful lawyer and also very well posted on political affairs. Therefore, the opinion of the Independent upon the recent appointment by Governor Curry of Judge Albert B. Fall as attorney general is worth knowing. It says:

"Governor Curry last Monday accepted the resignation of Colonel George W. Prichard as attorney general and appointed Judge Albert B. Fall of Three Rivers, Otero County, to fill the vacancy. Judge Fall's appointment was not a surprise, as it was generally known that the new executive would select him for the position. Judge Fall's qualifications for the office of attorney general are so generally recognized as to make comment unnecessary. He is a lawyer of great ability, a close personal friend of Governor Curry, is thoroughly familiar with conditions existing in the Territory, and the people of New Mexico are fortunate in securing his services in this important position."

SECRETARY TAFT'S CAMPAIGN.

Secretary Taft has started on his tour around the world and by doing so has also opened his campaign for the Republican nomination for the presidency next year. In his speech at Columbus, Ohio, a few nights ago he voiced three of the policies he favors. First, government control of railroads, but not government ownership; second, control and supervision of trusts, wherever such can be done under the Constitution; third, some revision of the tariff. The secretary is a man possessed of a big body and of a big brain. He is a jurist of great ability, a statesman of unusual sagacity and much experience, and a remarkably brainy man any way you take him. When he returns from his swing around the circle, while the question of who shall be the Republican candidate in 1908 will not be absolutely decided, it will be pretty well fore-shadowed and if it shall not be Theodore Roosevelt in all probability it will be William H. Taft.

Let there be the fullest light of publicity in the courts upon the transactions of the Territorial officials in connection with the disposition and sale of Territorial lands donated to New Mexico by the United States. The best interests of the people demand that it be demonstrated whether there were illegal practices or unlawful or dishonest acts on the part of the officials and ex-officials interested. If such was the case it should be known; if otherwise, this certainly should also be known, in justice and fairness to all concerned. There has been much commotion, much smoke, much palaver and many charges have been made in these matters. Let the truth be established.

There are no strings on the Santa Fe New Mexican. In all matters that affect the public good, Territorial, county, city and precinct, this paper will hew to the line, let the chips fall where they may. This is the course that this newspaper has pursued for over forty years. Its only lapse was for a period of three years, when circumstances and the change in the ownership of the company publishing it, brought about its advocacy of Democratic policies. This was during the second Cleveland administration.

"A. B. Fall and George Curry for the United States Senate. They would make a good team when New Mexico becomes a State and that is the talk now. El Paso would like to have a real live senator among her assets and would be willing to see this combination go through."—El Paso Herald.

Well, the above is a little premature, to be sure, but the people of the new State, which is sure to come by 1910, may be pleased with the suggestion. Who knows?

The Democratic papers of the Territory, and especially those of the Pecos Valley, are opposed to statehood for New Mexico at this time—single or joint—although the chances for single statehood will be better in the Sixtieth Congress than they have for many a year. The stand taken by these papers is probably more or less influenced by feeding at the Hagerman "bar." They evidently go upon the motto to get all they can at this time and let tomorrow take care of itself.

The people of the Gem City are doing smart and timely work for the success of the Socorro County fair, to be held in the county seat during the last days of September. The County of Socorro is an empire within itself, and has ample resources from an agricultural and mineral standpoint for a very creditable and interesting exhibit even the first time. The people of that town have awakened to the maxim that the Lord helps those who help themselves.

The saloons in the "Solid South" are becoming small in number and less in influence right along. In addition the idea that protection to many industries of that section of the country would be best is also growing rapidly. There is therefore hope for improved Republican chances south of the Mason and Dixon line in some of the coming elections.

The railroad bafters of Alabama are in a great quandry. Freight rates have been reduced greatly on the necessary commodities, but prices for the consumers have not come down. Who pays the freight in Alabama and who makes the money on the reduction in freight rates are now questions that puzzle the solons and the people of that sovereign State.

Attorney General Hadley, of Missouri, may run for Governor of the State on the Republican ticket next year. It would be a glorious thing indeed for that commonwealth were he to be elected, but the chances are against him. There are still too many hide-bound Democratic voters there.

New Mexico is forging ahead as a producer of copper and zinc. The demand for these important metals is increasing steadily, but the supply is not keeping pace. This condition of affairs is bound to benefit the Sunshine Territory.

Mrs. Hetty Green criticizes the young girls of today. She says they are too extravagant and want too many fine clothes. The old lady has evidently forgotten that she was young herself and wanted nice dresses. Today she is one of the foremost examples of stingy foolishness in the country.

A Wichita (Kansas) clergyman is evidently a strong believer in "trust to God, your Savior, and keep your powder dry." He is a member of the Sunflower State Militia and a crack shot.

It is beginning to look as if Secretary Taft has his own State behind him and that strongly. This is a good beginning. In presidential politics a candidate must be a prophet with honor in his own country.

The Butte (Montana) Inter-Mountain wants to know "Shall we discard clothes?" It depends a good deal whether the women dress for a ball room or for walking.

Georgia will be a prohibition State next year. No wonder that great Populist, Tom Watson, felt it incumbent upon himself to seek quarters elsewhere.

Are You Sure Your Kidneys are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Santa Fe testimony to prove it.

Anselmo Arrijo, living at 124 Cerillos street, Santa Fe, N. M., says: "For several years my wife suffered a great deal from back ache, pain in the back of her head and rheumatism. Medicines that she used proved of little or no avail until she commenced with Doan's Kidney Pills which we had the good fortune to learn of and procured a box at The Ireland Pharmacy. The genuineness of this medicine as a cure for the kidneys was amply proven in her case. After using five boxes she was a well woman and has enjoyed good health ever since. I make this statement unsolicited, being prompted to do so that I may show my appreciation of this remedy, Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WOODMEN ARE ORGANIZING

Members of M. W. A. in New Mexico Will Petition Head Camp to Include Territory.

Special to the New Mexican.

Albuquerque, N. M., Aug. 24.—Strong influence is being brought to bear upon the head office of the Modern Woodmen of America, at Rockford, Illinois, to take New Mexico into the jurisdiction of the order. A meeting was held in this city this week for the purposes of organizing the Woodmen forces of the Territory to push the matter before the next meeting of the head camp which meets at Peoria, Illinois. The meeting was held at the residence of Charles Palmer, 715 South Arno. C. O. Young was elected chairman of the meeting and Charles Palmer clerk. The next meeting will be held at the residence of Rev. W. J. Marsh, pastor of the Congregational Church.

It has been discovered that there are already over one hundred members of the order in this city. It is estimated that in the Territory there are fully five hundred members of the fraternity. It is desired that all members of the lodge in the Territory communicate their desire for admittance into the jurisdiction to the head office at Rockford.

SOCORRO THIEF ESCAPES

BUT IS RE-CAPTURED

Socorro, N. M., Aug. 24.—Charles Wolf, of Arizona, as he styled himself, broke jail here Wednesday night, and made what apparently was a good get-away, but about 3 o'clock Thursday afternoon the sheriff captured him near San Antonio and brought him back.

Wolf is accused of robbing Newcomb, Collins and Company's store here two nights since. The thieves, of whom there were apparently two, entered the store by a side door, and departed with a quantity of clothing, hats, guns, etc. A freight car at the station was entered the same night, but as it contained only heavy merchandise, the thieves took nothing.

Wolf, who is apparently a hobo, was arrested at Elmdorf yesterday, carrying a sack containing six hats, revolvers and other goods. He denies his guilt.

The other man evidently went north and has not been arrested.

Free Samples or "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventics are little Candy Cold Cure tablets. For a seated cold or LaGrippe, break it up safely and quickly with Preventics. Sold by the Fischer Drug Company.

WIDOW TO INVESTIGATE CAUSE OF HUSBAND'S DEATH.

Albuquerque, N. M., Aug. 24.—Attorney Ellego Baca has been employed by Mrs. Maritana Quintana de Ortiz, of Gallup, widow of Jose Felix Ortiz, the aged man who last his life last week as the result of falling off a Santa Fe train a mile south of Domingo, to investigate the cause of her husband's death in view of bringing a suit for damages against the railroad company. Considerable mystery surrounds the death of Mr. Ortiz and the matter will receive the most careful attention of Attorney Baca who will leave no stone unturned to determine the rights of the widow as to her claim against the railroad. Mr. Ortiz, it will be remembered, is said to have stepped from the moving train, but, as far as is known, no one saw him fall.

He was picked up after the fall in an unconscious condition and brought to this city and died as a result of his injuries without regaining consciousness. There is considerable mystery about the case and an investigation of it will be watched with interest.

The deceased was a stonemason and well known throughout the Territory. He was on his way to Santa Fe to visit relatives when he met his death.

Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restoratives sold by the Fischer Drug Company.

THE LARGEST AND MOST UP-TO-DATE DRY GOODS HOUSE IN THE CITY

SOCIAL AND PERSONAL

The Santa Fe and Albuquerque party that made the trip this week to Roswell to attend the meeting of the New Mexico Bar Association had a strenuous, if not a thrilling, trip over the automobile route from Torrance to the arid metropolis of the Pecos Valley, an unfortunate combination of circumstances combining to delay the travelers again and again. In the party were Judge Ira A. Abbott and daughter, Miss Constance Abbott, of Albuquerque; Hon. H. B. Ferguson and daughter, Miss Ferguson, who has just returned from a year's sojourn in Europe; Mr. and Mrs. A. B. McMillen, of Albuquerque; A. B. Renehan, the president of the Bar Association, who was accompanied by Mrs. Renehan; Postmaster Paul A. F. Walter and Hon. B. M. Read, all of Santa Fe, and G. A. Fleming, of Las Vegas, member of the Bureau of Immigration.

Three automobiles were in waiting for the party at Torrance and a moonlight trip to Roswell was decided upon. Despite a rather tedious railroad trip from Santa Fe, the members of the party were in the best of spirits and looked forward with joyful anticipation to the novelty of a 110-mile automobile trip across the plains. Soon after starting, however, the sky clouded and the lightning played vividly in all directions. However, the Halfway House was reached without serious mishap between 2 and 3 o'clock in the morning. It rained at intervals and mud puddles made the road for the automobiles a more and more difficult one, so that dawn was anxiously looked for. But with dawn came disaster. Upon reaching the Macho River and flats, twenty-seven miles from Roswell, the hub of one of the automobiles broke and, in a downpour of rain and the semi-darkness, passengers and baggage had to be transferred to the remaining two automobiles. Three miles further, upon leaving the Macho flats, the rear axle of the largest automobile snapped in two, and this machine was also hopelessly ditched. The ladies of the party were crowded into the remaining auto at 7 in the morning, under a steady downpour of rain, and managed to reach Roswell shortly before 11 o'clock, hungry, exhausted and bedraggled, after a trip of twelve hours and having helped the chauffeur several times to push the automobile out of the muddy ruts of the road. The remainder of the party had to resign itself to a tedious wait for relief. A foraging party headed by Judge Abbott and ex-Delegate Ferguson made its way to the Corn ranch, the occupants of which had known Mr. Ferguson for years. Here breakfast was served and other hospitalities extended that, especially under the circumstances, were greatly appreciated. It was 6 o'clock Wednesday evening when the last of the party reached Roswell in the relief automobiles, several of which broke down before getting into town, necessitating transfer of baggage and passengers. Of course the hardships of the trip were unusual and due to the elements, for ordinarily the road is in splendid condition and the automobile trip the most delightful imaginable, taking only from six to seven hours instead of from twelve to eighteen.

The fact that the Pecos Valley and Northeastern train did not reach Roswell until 5 o'clock Wednesday morning, passengers from Amarillo, Texas, having been fifteen hours on the road, proved to the Albuquerque-Santa Fe party that had they started on the journey by train on Tuesday they would have met with even longer and more tedious delays. As it was, they rather enjoyed their experiences, at least in retrospect, and are none the worse for them after having caught up with rest and sleep.

Elaborate Reception Tendered Territorial Bar by Judge and Mrs. Pope. The reception given on Wednesday evening at Roswell by Judge and Mrs. W. H. Pope at their home to the members of the New Mexico Bar Association was a social event of brilliancy. For several hours an unbroken stream

of guests passed the receiving line in which were, besides Judge and Mrs. Pope, Judge Ira A. Abbott and daughter, Miss Constance Abbott, of Albuquerque; Mr. and Mrs. A. B. Renehan, of Santa Fe; Mr. and Mrs. G. A. Richardson, of Roswell, and District Clerk and Mrs. S. I. Roberts, of Roswell. Mrs. W. C. Reid, formerly of Santa Fe, presided over the punch table at one end of the veranda and Mrs. J. M. Hervey, at the other table, placed at the other end. Dainty refreshments were served in the dining room. The beautiful home and its fine setting of spacious lawns and trees was illuminated with myriads of electric lights, which glistered amidst the foliage in brilliant white and in colors like large fire flies. Here the guests lolled and strolled or formed animated groups or listened to the strains of music from an orchestra placed in the library. There were scores of guests from other parts of the Territory and, of course, included the members of the bar and of the newspaper profession, many of the latter having come to Roswell to attend the organization of the Pecos Valley Editorial Association, which will visit Santa Fe in a body next fall. Judge and Mrs. Pope, who returned only two days ago from their old home in Georgia, where they were the guests of Governor Hoke Smith at Atlanta, are indeed highly esteemed in the Pecos Valley, as the outpouring of guests to acknowledge their hospitality last evening conclusively proved. Judge Pope will be in Santa Fe next Monday to attend the sessions of the Territorial supreme court, but will hardly be accompanied by Mrs. Pope, owing to the uncertainty and difficulty of travel from Roswell to the central part of the Territory.

A Conundrum Luncheon.

Mrs. Henry Woodruff entertained at a conundrum luncheon Wednesday afternoon at her home on Don Gaspar Avenue. It was a unique and delightful affair given in honor of Miss Helen Walsh of Portsmouth, Ohio, and Miss Ollie Littrell, daughter of Mr. and Mrs. Marion Littrell, who removed here recently from Raton, Mr. Littrell being the new superintendent of the Territorial penitentiary. A feature of the luncheon was the menu cards which contained eighteen conundrums, the answers of which represented a portion of the dishes served, and solving them created a great deal of amusement. At the top of these novel bills of fare was the inscription: "This menu with good things is replete; guess the answers while you eat." The first to be answered was "an iron vessel with eight o's," which of course stood for "potatoes." Seventeen other conundrums were propounded along similar lines as follows: "English to avoid," Pigeon; "To Languish and Eve's Temptation," Pineapple; "The predicament of a close prisoner," Cantaloupe; "A girl's nickname and to solve problems in arithmetic," Salad; "A help to chronologists," Dates; "A dangerous goat," Butter; "A harsh noise and a lawyer's support," Coffee; "Nicknames for two boys," Filbert; "A well known comic character," (Cheese) Straw; "To strike," Beet; "Ends the same and the center a month," Tomato; "A painful affliction," Corn; "Not clean," Fowl; "A pronoun and a loud noise," Ice Cream; "The kind of society represented here," Cream. Besides the hostess and guests of honor there were present Mrs. Cook, of McAlester, Indian Territory; Mrs. A. P. Tarkington, Mrs. J. P. Lyng, Mrs. A. P. McInturf, Miss Nellie Littrell, Miss Hildred Hansen, Miss Mary McFie, Miss Edna Conden and Miss Anna Chavannes.

Dinner and Dance at McFie Home.

A delightful dancing party was given last night by Miss Mary McFie when she entertained as a farewell to Miss Helen Walsh who will leave tomorrow for her home at Portsmouth, Ohio. The McFie home with its spacious rooms, broad veranda and hard wood floors is an ideal place for an affair of this kind, and the event was enjoyed to the utmost by those who participated in its pleasures. The dance was supplemented by a little dinner party served earlier in the evening at which covers were laid for thirteen. The guests were: Mr. and Mrs. C. A. Bishop; Misses Walsh, of Portsmouth, Ohio; Hazel-dine, of Albuquerque; Amelia McFie, Hansen, Laughlin, Crandall, Spitz, Hughes, Little and Bishop; and Messrs. John McFie, Elmer Marsh, George Marsh, Stanton, Barnes, Dibert, Boyle, Garrett, Patterson, Frost, Farris, Grimshaw, Keefe, Fassett, and Weltmer.

Delightful Afternoon Party.

Complimentary to Miss Helen Zane, of Philadelphia, who is a house guest of Mrs. H. C. Luckenbach and Miss Florence Luckenbach, a company of young people were entertained Thursday afternoon at cards by Mrs. Paul A. F. Walter. "Five hundred" was the game selected and it was played at five tables. The house was very prettily decorated with poppies and the guests received favors consisting of small silk bags with painted poppy designs and filled with mints. Aside from hostess and guest of honor, the guests comprised Misses Baum, of Omaha, Nebraska; Christensen, of Los Angeles, California; Dye, DuVal, Hecker, Tschuhart, Phelps, Easley, Laughlin, Harding, Hansen, Kaune, Hughes, Alonzo, Walter, Platt, Cross, Bean, Sloan, Florence Spitz, Ollie Littrell, and Nellie Littrell.

Miss Wiley Entertains at Card Party.
Five Hundred was the game selected
for the entertainment of her guests
at a charming little card party
Thursday evening given by Miss
Gladys Wiley. Mr. and Mrs. R. M.
Hardinge and Mrs. H. C. Yontz acted
as chaperones. Cards were played at

ments were served. No prizes were
awarded. The guests were: Mr. and

Mr. and Mrs. Jose A. Chaves, of
New York City, who have been on an
extended wedding tour through
France, Germany, Italy, England and
Scotland, reached New York last night
on the steamship Corona of the Cun-
ard line. It will be remembered that
Mrs. Chaves is a daughter of Mr. and
Mrs. William M. Berger, all former
residents of this city, where Mrs.
Chaves spent her girlhood, her par-
ents being very well known here. Mr.
Chaves is a son of the late J. Felipe
Chaves, of Belen, who died about two
years ago and who was one of the
most respected and richest men in the
Territory at the time of his demise.
Jose A. Chaves is a descendant of one
of the oldest and most illustrious New
Mexico families. His grandfather and
great grandfather were both govern-
ors under the Mexican and Spanish
regime. Mr. and Mrs. Chaves will
be in Belen next month on a
visit and will also come
to Santa Fe to renew acquaintances.
Their permanent home is in New York
City, where Mr. Chaves is engaged in
the banking and brokerage business.

Miss Adelaide Franz, Miss Florence
Olive and A. O. Wheeler, of Las Ve-
gas, arrived in the Capital last night
from the Meadow City and will re-
main here several days guests at the
home of Mr. and Mrs. E. A.
Fiske, Miss Franz being a sister and
Mr. Wheeler a brother-in-law of Mrs.
Fiske. The party made the trip on
horseback and owing to heavy rains
in the mountains were five days on
the road. Once they got off the trail
and were lost for several hours, but
beyond this had a delightful time.
They think the scenery magnificent
and will return the way they came.
It rained every day and once a severe
hail storm was encountered. Miss
Olive is a fine vocalist and together
with Miss Franz, who is a talented
pianist, will take part in a musicale
at Las Vegas on September 2d, given
for the benefit of the Library Asso-
ciation.

Chamberlain's Colic, Cholera, and Diarrhoea Remedy, Better Than Three Doctors.

Three years ago we had three doctors with our little boy; and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by all druggists.

Socorro, N. M., Aug. 24.—A peculiar condition of affairs in the case of Mrs. Luis Peralta, held here for killing Jesus Padilla, the fourteen-year-old son of her neighbor, at San Antonio, a small town in this county, some days ago, has made it necessary for her attorneys to apply to the district court for a writ of habeas corpus in order to secure bail for their client. It is understood that this bond will be \$10,000, and Mrs. Peralta can easily furnish that amount, though she is poor herself. Bondsmen worth in the aggregate \$75,000 have offered to see that she gains her liberty.

SOCIAL AND PERSONAL

(Continued from Page Five.)

Miss Dorliska Crandall Entertains.

One of the most pleasant social affairs of the week was a card party Wednesday afternoon when Miss Dorliska Crandall entertained at her home at the U. S. Indian Industrial School. Her guests were transported to and from town in the big wagonette of the institution and they spent several hours very pleasantly playing "five hundred", after which delectable refreshments were served. Prizes at cards, the first, a silver hat pin, and the second, a souvenir spoon, were awarded respectively to Miss Dibertha Dibert and Miss Matilda Alonzo. Those invited were: Misses Heloise Dibert, Dibertha Dibert, Mary McFie, Amelia McFie, Ruth Laughlin, Helen Laughlin, Lotta Newhall, Anne Newhall, Mabel Easley, Ethel Easley, Walsh, of Portsmouth, Ohio; Gladys Wiley, Moore, Florence Spitz, Seligman, Nellie Littell, Alonzo, Bean, Cross, Bishop, Weltmer, Shockey and Dye.

Included in the party headed by General Francis J. Torrance, of Pittsburgh, Pennsylvania, vice president of the Santa Fe Central Railway, who have been inspecting this system and the route of the proposed Albuquerque Eastern Railway, and who are now in Santa Fe, are James Arnett, John Hunter, T. F. Duck, E. P. Hershey and Herman Oberbauer, of Pittsburgh; W. A. Stone, of Uniontown, Pennsylvania; W. L. Taylor, of Indianapolis, Indiana, and Robert Law, of Denver, Colorado. They will leave this evening on a special train for Torrance, going from there east via the Chicago, Rock Island and Pacific in the private car Rover.

Assistant United States Attorney David J. Leahy left last night for Las Vegas after attending to official business the past two days in the Capital. Captain Leahy's name has been mentioned a great deal of late for the position of assistant attorney general of New Mexico and he is also being talked of as a probable candidate for the delegateship in the campaign next year on the Republican ticket. However, as far as the latter report is concerned he wants it understood that he is in no sense a candidate for delegate and that he is strongly in favor of the re-election of Delegate Andrews.

The Rev. John R. Gass, synodical missionary for the Presbyterian Church was in the city today, en route to Tierra Amarilla to organize a church at that place and also to dedicate a new church building. The members of the church at that place built the edifice before they were organized into an ecclesiastical body. Dr. Gass will also dedicate a church building at Melrose, and another at Magdalena, in the next few weeks. Rev. John Campbell is pastor of the church at Magdalena.

Cadet Thom. Catron, of the West Point Military Academy, who has been on a visit of six weeks to his parents, Hon. and Mrs. T. B. Catron, of this city, has returned to the national military school to resume his studies. The young man is very bright and stood number twenty-six in a class of 125 last year. In French and Spanish he stood number one. He speaks French like a native. His career in the army promises to be successful as he will likely graduate in the front rank of his class.

Supervisor Ross McMillan and T. H. Sherrard, a special forestry inspector, who are making a tour of the Pecos River, Jemez and Taos National Forests and who have been absent for two weeks, will return to Santa Fe the middle of next week. Accompanying them are Mrs. McMillan, wife of the supervisor, Miss Lewis, of New Jersey, a niece of Mr. Sherrard, and Miss Bennett of Phoenix, Arizona. The trip is being made on horseback and the party is reported to be having an enjoyable outing.

Mr. and Mrs. Frederick Boos of Leipzig, Germany, accompanied by their niece, Miss Mathilda Berg, of Detroit, Michigan, were among the visitors during the week in Santa Fe. Mr. Boos is a grand opera singer, who is on a tour of the United States for health and recreation. His voice has exhibited signs of weakness and at the advice of his physician he is taking a respite from operatic singing. Mr. and Mrs. Boos and Miss Berg went from here to Colorado Springs, Colorado.

Levi A. Hughes was the host last night at a stag dinner party which was given as a farewell to ex-Governor Herbert J. Hagerman who will make his home in the future at Roswell. Covers were laid for eight and to use a slang expression the menu was something "scrumptious." Besides host and guest of honor the other guests gathered at the board were Gov-

ernor Curry, ex-Governor Otero, Major R. J. Palen, Numa Raymond, James L. Seligman, and Robert M. Hardinge.

Miss Edna E. Berger, youngest daughter of Mr. and Mrs. William M. Berger, who has been in San Francisco for the past two years engaged in missionary work as a deaconess of the Methodist Episcopal Church, returned last week to her home in Belen and is again domiciled with her parents in the coming metropolis of New Mexico. Miss Berger was for many years a resident here with her parents and arrived in the city today to visit her friend, Miss Stella Sloan, on Hillside avenue.

Edward Ehle returned yesterday after a week's sojourn at Jemez Hot Springs. He came back sooner than he had anticipated when he went there, but shortened his stay owing to the continuous rains. Notwithstanding the inclement weather he was benefited by his trip. Returning he rode overland in the stage coach to Albuquerque, a distance of over sixty miles which was covered in thirteen hours with four relays of horses, and came by train from the Duke City.

Among the sojourners in Santa Fe who are stopping at the Hotel Palace are Mr. and Mrs. Numa Raymond and Miss Amelia Frenger, of Geneva, Switzerland; Mrs. Henry L. Waldo and Miss Helen Waldo, of Kansas City, Missouri; Misses Emma Drew and Elizabeth Drew, of St. Louis, Missouri; Mrs. T. J. Tongue and son, Robert, of Alamogordo; Mrs. Charles B. Kehrman, sons Gederes and Reynolds, and daughter, Miss Mary, of St. Louis.

Mrs. May Thompson, of Knoxville, Tennessee, who has been in the city visiting her sister, Mrs. Edmund C. Abbott, left this morning for Raton, where she will be the guest of another sister, Mrs. Samuel Young. Mrs. Abbott accompanied her to the Gate City and will also visit Mrs. Young. At the termination of their stay Mrs. Thompson will proceed to her home in Tennessee and Mrs. Abbott will return to Santa Fe.

Father Michael Dumarest, of Folsom, who has been in Santa Fe attending the retreat of priests at St. Michael's College, left this morning for home. He will make the trip in the four cylinder Franklin automobile which he recently purchased from Dr. J. M. Diaz. The trip is about 145 miles by wagon road, and Father Dumarest expects to reach his destination Monday night, barring accidents.

Among the Santa Fe people who were in Roswell attending the meeting of the Bar Association in that city and social events connected with the meeting were Mr. and Mrs. A. B. Renahan, Mr. Renahan as president of the association; Postmaster Paul A. F. Walter, District Attorney Robert C. Gortner and Hon. Benjamin M. Read. They expect to return home tonight.

John H. Knaebel, attorney-at-law of prominence in Denver, is a guest at the Palace Hotel coming to Santa Fe to represent a client in a case before the Territorial Supreme Court. Mr. Knaebel, was for many years a resident of this city and occupied a high position among New Mexico's lawyers. He has many warm friends in New Mexico's capital and throughout the Territory.

Jemez Hot Springs is developing into a popular health resort and the hotel there is filled with guests this season. Several Santa Feans are among the sojourners there at present including Dr. David Knapp, Joseph E. Lacombe and Nathan Salmon. Dr. Knapp is expected to return home tomorrow but Messrs. Lacombe and Salmon intend remaining longer.

Mrs. Alfred Grunfeld, of Albuquerque, wife of the chairman of the Board of County Commissioners of Bernalillo County, and head of the wholesale mercantile firm of Grunfeld Brothers, who has been on a visit to relatives in Germany, has arrived in New York City, and expects to reach her Duke City home in about two weeks.
