## WELCOME GOV. CURRY BACK TO NEW MEXICO AS A CONQUERING HERO

### GUEST OF HONOR AT ALBUQUERQUE

#### Officiates at Formal Opening Territorial Fair

#### DISCUSSES STATEHOOD

#### Says President Will Do All in His Power to Aid Sunshine Territory.

"PRESIDENT ROOSEVELT HAS AUTHORIZED ME TO SAY TO THE PEOPLE OF NEW MEXICO THAT HE IS IN FAVOR OF SINGLE STATEHOOD FOR THIS TERRITORY AND WILL DO EVERYTHING HE POSSIBLY CAN IN AIDING THEM TO SECURE IT."

GOVERNOR GEORGE CURRY MADE THE FOREGOING STATEMENT AT ALBUQUERQUE LAST EVENING TO A STAFF REPRESENTATIVE OF THE NEW MEXICAN WHO INTERVIEWED HIM SHORTLY AFTER HIS ARRIVAL THERE FROM HIS TRIP TO ST. LOUIS AND MEMPHIS.

WHILE GOVERNOR CURRY TAKES KINDLY TO THE IDEA OF GOING BEFORE CONGRESS WITH A READY MADE CONSTITUTION OR FUNDAMENTAL LAW BEFORE THE PASSAGE OF AN ENABLING ACT, HE IS DISINCLINED TO FAVOR CALLING TOGETHER THE DELEGATES ELECTED LAST YEAR FOR A CONSTITUTIONAL CONVENTION WHEN THE JOINT STATEHOOD PROPOSITION WAS BEFORE THE PEOPLE OF NEW MEXICO AND ARIZONA NOR DOES HE APPROVE OF THE PLAN TO HAVE DELEGATES APPOINTED BY HIMSELF.

"WE HAVE GOT TO HAVE IN MY OPINION ANOTHER ELECTION OF DELEGATES FOR A CONSTITUTIONAL CONVENTION," HE SAID. "CONDITIONS UNDER WHICH THE DELEGATES TO SUCH A CONVENTION WERE ELECTED LAST YEAR HAVE CHANGED SINCE THEN AND I DO NOT BELIEVE IT WOULD BE ADVISABLE TO CALL THEM TOGETHER NOW TO DRAFT A TENTATIVE CONSTITUTION TO BE SUBMITTED TO CONGRESS FOR APPROVAL."

GOVERNOR CURRY CLOSED THE INTERVIEW BY STATING THAT HE FOUND A GENERAL GOOD FEELING FOR NEW MEXICO AMONG THE CONGRESSMEN WHOM HE TALKED WITH ON HIS STEAMBOAT TRIP DOWN THE MISSISSIPPI RIVER AND AT THE DEEP WATERWAYS CONVENTION IN MEMPHIS AND IS CONFIDENT THAT IF THE PEOPLE OF THE TERRITORY WOULD GO BEFORE CONGRESS WITH A DEFINITE PROPOSITION WITH THE ASSURED ASSISTANCE OF PRESIDENT ROOSEVELT, NEW MEXICO WILL BE ADMITTED AS A STATE UNDER A LIBERAL ENABLING ACT NEXT YEAR.

Special to The New Mexican.

Albuquerque, N. M., Oct. 8.—Governor Curry arrived here last evening at eight o'clock from his eastern trip accompanied by Adjutant-General A. P. Tarkington, several citizens of Las Vegas who met him at the Las Vegas depot, and by his son, Charles Curry. He was met at the depot by the American Lumber Company band which

played appropriate airs thereby informing the people of the return of New Mexico's executive. The crowd was great and the governor was kept busy holding an informal reception and shaking hands for an hour after his arrival. Thereafter, he took dinner with the Reception Committee appointed by the Executive Committee of the Territorial Fair Association. This was at the Alvarado Hotel. Until late in the night, after dinner, an informal reception was held, during which hundreds of friends called and shook hands with Governor Curry congratulating him upon his trip and the success of his mission with the President.

**Sanguine of Single Statehood.**  
Governor Curry feels sanguine that statehood is in store for New Mexico during the coming year if a united action can be had by the people. The President is very friendly to New Mexico and will do what he can towards the passage of an enabling act during the coming session. The support of the President is assured and that in no equivocal terms.

Governor Curry also met forty members of Congress on his eastern trip, many of them senators and other representatives, and he found a uniformly friendly sentiment toward the territory and readiness to vote for statehood provided the people could get together and unite upon a plan. The governor intends to have a consultation with Chairman H. O. Bursum, of the Republican Territorial Central Committee, and Chairman A. A. Jones of the Territorial Democratic Central Committee, and with leading members of both parties as to the best course to pursue. As yet, he has not made up his mind what this will be and if it will be best to call together the delegates elected last November to hold a constitutional convention and to frame a constitution, or to appoint new delegates from the body of the people, or to procure the passage of an enabling act first and then elect delegates to a constitutional convention, hold such a convention and frame a constitution, submit it to the people for ratification and thereafter to the President for his approval. He feels sanguine that with concerted action and loyal support, New Mexico will become a state within the next ten months and that its citizens will vote for President in 1908.

**Guest of Honor of Albuquerque.**  
The governor had a very fine trip, met many prominent people, and gave New Mexico a boost whenever he possibly could. He returned hale and hearty.

This forenoon he attended the second annual session of the New Mexico Sheep and Wool Growers' Association, and made an address at the gathering.

#### SUITS DISMISSED ON TECHNICALITY

Government Agents Mistaken in Location of Timber Lands Secured By Development Company.

Special to The New Mexican.  
Albuquerque, N. M., Oct. 8.—Because the special assistants of the United States attorney general in this Territory investigating alleged territorial land frauds had mistaken the location of the timber lands in the Manzano mountains acquired by the Pennsylvania Development Company from the Territory, Judge Ira A. Abbott yesterday on demurrer of the defendants, dismissed the suits filed against the company seeking to cancel the title to about 7,500 acres of the land involved in the transaction. The suit will now be brought in the Sixth Judicial District in which the lands are located. Special Agent E. P. Holcombe of the Department of the Interior, who was at Albuquerque yesterday also announced that similar suits would be brought against the Sacramento Lumber Company, Gross, Kelly and Company and other purchasers of territorial lands.

#### HURRYING TO BEDSIDE OF DYING BROTHER.

New York, Oct. 8.—Mrs. Katherine Tingley, head of the Universal Brotherhood Organization of Theosophists, has cut short her tour of evangelization in foreign countries and will hasten to New York in an endeavor to reach the bedside of her brother, James Wescott, and become reconciled before his death. They have not held any communication in twenty-five years. Mr. Wescott is ill of pneumonia.

## RESENT ADVERSE LEGISLATION

### Railroads Complain of Recent Severe Treatment

#### CURTAINS IMPROVEMENTS

#### President Ripley of the Santa Fe Says Extensions Have Been Suspended

New York, Oct. 8.—Complaints against anti-railroad legislation of the various states characterizes the annual reports of three railroad companies, namely the Santa Fe, Wabash and Chesapeake and Ohio, which have just been issued.

President Edward P. Ripley, of the Santa Fe, says of the recent reductions:

"It is hoped and believed that the public will soon realize that its recent attitude toward the railroad companies in general has not been just to their stockholders and bondholders and also that unless the confidence of investors in securities and stability of railway investments is restored, it will be impossible to obtain additional railway facilities which are necessary for the development of the country."

President Ripley then adds that the Santa Fe Railway company has suspended various extensive projects which were contemplated and will limit the company's capital expenditures to the completion of the improvements to which the company is already committed.

#### NEW EVIDENCE IS UNEARTHED

Important Information of Value to Prosecution is Secured in Standard Oil Case.

New York, Oct. 8.—Information that may aid in the investigation in Ohio of the relations of the Manhattan Oil company of Ohio and the Standard Oil company was brought out in the hearing of the federal suit against the oil combine today when F. T. Cuthbert president of the Manhattan Oil company was called as a witness.

Cuthbert is the son of the late John Cuthbert, who was associated with the Standard and who it has been testified had much to do with the making of the contract whereby the Chicago and Indianapolis Gas companies controlled by E. C. Benedict and Anthony N. Brady, obtained a constant oil supply from the Standard as part consideration for the sale of the Manhattan company.

Cuthbert said his father previous to his connection with the Manhattan Oil company was a director of the Tidewater Pipe Line company. The witness said he became president of the Manhattan Oil company in 1902. Previous to that he was auditor of the company. Cuthbert said the Manhattan Oil company was only doing a pipe line business at present. In 1901 it sold its refinery to the Solar Refining company, its oil production to the Ohio Oil company and its tank cars to the Union Tank Line. All three companies, the witness said, he understood, were controlled by the Standard Oil company.

Cuthbert said that the General Industrial Development Syndicate of London, owns 1,495 shares of the Manhattan company and qualifying directors own the other five shares.

#### ELKS TO GIVE SERIES OF CONCERTS

The local lodge of Elks' will give a series of delightful concerts this winter, the first of which will take place on next Saturday night in the High School auditorium. The benefits will be for the purpose of raising funds for the Elks' building fund.

The first of the series will be the Garber-Howe entertainers. This quartet has a national reputation as musicians. Mr. Garber is a magician as well, rivaling it is said, the world famed Herman. Selections on almost every known musical instrument will be rendered together with vocal solos. Santa Feans are promised a musical treat in the opening concert.

The local Elk lodge has gone to great expense to secure these concerts and it is hoped that the people of this city will show their appreciation by turning out in force.

The prices have been placed within the reach of all, 50 cents for grown people and 35 cents for children. There will be no reserved seats. Tickets can be purchased at the Fischer's or Ireland's.

## CLAIMS GIRL KILLED HERSELF

### Sensation Sprung in Kansas Murder Mystery

#### MERCHANT CONFESSES

#### Iola Man Says Miss May Sapp Suicided Because of Unrequited Love.

Iola, Kans., Oct. 8.—A sensation was sprung here late last night by Samuel F. Whitlow, a grain and feed merchant, when he made a voluntary confession in the presence of the sheriff, county prosecutor and others that Miss May Sapp, the beautiful twenty-year-old daughter of G. W. Sapp, a prominent farmer of Moran, Kansas, committed suicide because of unrequited love for him. The girl was found dead in the yard of her father's home on the night of September 27, with her throat slashed by a razor that was found close by her. Whitlow is forty years old and has a wife and three children. He has always borne a good reputation.

Whitlow formerly was a school teacher and the girl was one of his pupils. Whitlow told the officers he and the girl had never been intimate. He declared the girl was infatuated with him and repeatedly urged him to leave his family and run away with her. He said that on the night of the tragedy he met her in the rear of her home and told her their relations must cease, whereupon she drew a razor across her throat.

Whitlow attempted to commit suicide while being brought to Iola from Moran in a carriage by the sheriff, drinking wood alcohol. He was revived by physicians and placed under arrest. Members of the Sapp family insist the girl did not kill herself.

#### COURT HOUSE TO BE HEATED BY FURNACE

Board of County Commissioners Also Provides For Survey of School Districts.

The Board of County Commissioners of Santa Fe county met in regular monthly session yesterday at the office of the probate clerk in the court house. Present Chairman Sparks, Commissioner Jose I. Roibal of Nambé and Commissioner Jose L. Madrid of Galisteo. George W. Armijo was at his post as clerk. The Board continued in session this morning and adjourned this afternoon. Considerable routine business was transacted as follows:

The Board authorized the assessor to purchase a Burroughs adding machine, providing the company manufacturing same would accept payment for it in two installments of \$187.50 each.

Upon motion the collector and treasurer was ordered to strike from the tax rolls the assessment against Rebecca Rumsey for the years 1902, 1903, 1904 and 1905 the same having been assessed against other persons.

Mrs. J. M. Sena petitioned the board for permission to trim the large cottonwood tree situated in the southeast corner of the court yard. The tree now projects over property owned by her in such a manner as to shut off the draft of several flues, thus causing the tenants renting the same much trouble. Permission was granted.

County Superintendent of Schools John V. Conway petitioned the board to have the various school districts surveyed according to a recent law. The board instructed County Surveyor David M. White to proceed with the work.

The treasurer and collector was authorized to reduce the assessment of the Los Cerillos Land Grant from \$1 an acre to 50 cents per acre and to assess the same at the latter rate.

The board took steps at the meeting today to have the county court house overhauled, the heating system placed in good working order and the toilets made sanitary. The work will be done by Samuel Fallor, a local plumber.

The board also adopted two resolutions concerning the recent case No. 4300, in the district court for Santa Fe county wherein Colonel Max. Frost was the substitute plaintiff vs. the County of Santa Fe, which resolutions will be published in the official proceedings of the board, they not being available for publication in today's New Mexican.

#### PRESIDENT OF HAYTI REPORTED TO BE DYING.

Kingston, Jamaica, Oct. 8.—General Nord Alexis, president of the Republic of Hayti, is said to be dangerously ill at Puerto Principe, and his life is despaired of, according to private advices received here.

## SHEEP GROWERS IN CONVENTION

### The Second Annual Meeting at Albuquerque

#### GOVERNOR CURRY SPEAKS

#### Gathering Called to Order by President Luna--Large Number of Delegates.

Special to The New Mexican.

Albuquerque, N. M., Oct. 8.—The second annual convention of the New Mexico Sheep and Wool Growers' convention was called to order at 10 o'clock this forenoon in Elks' hall by President Solomon Luna of Los Lunas. Acting Mayor T. N. Wilkerson of the city of Albuquerque made the address of welcome, which was responded to by Mayor H. O. Bursum of the city of Socorro. Both speeches were eloquent and in a happy vein and were frequently applauded.

Governor George Curry then addressed the assembly in a stirring and powerful statehood speech, which was greeted with vociferous and prolonged applause and received with many expressions of approval. He again informed the people of New Mexico that if they stood unitedly and loyally together and worked strongly and energetically statehood would be theirs; the president was favorable and would help in every possible way; many members of the Senate and House of Representatives had already pledged themselves and he thought that no strong opposition would develop in Congress unless the people of New Mexico were not a unit upon the question.

Hon. Solomon Luna, the president of the association, then read his annual address which dealt with the conditions and phases of the sheep industry in New Mexico, its conditions, its necessities and the future outlook, which was attentively listened to and well received by his auditors.

Hon. T. B. Catron of Santa Fe also addressed the convention in a speech in which he took strong grounds against the proposed leasing of the public domain, and against leases of public lands generally.

The convention then adjourned until this afternoon at which time E. P. Gorney of Flagstaff, Arizona, delivered an address which dealt with forest reserves and the policy of the Bureau of Forestry. Routine business consumed the rest of the afternoon.

A large number of delegates are in attendance from all parts of the territory who are engaged in sheep raising, which is one of the principal industries in New Mexico.

#### HAGGLING OVER PETTIBONE TRIAL

Attorneys Cannot Get Together in Boise Murder Case—Defendant is Very Sick Man.

Boise, Oct. 8.—Attorneys for the state and the defense in the Pettibone case are in conference again today trying to agree upon a course acceptable to both sides. The defense has been unwilling up to this time to agree to a postponement of the trial set for next Tuesday unless bail is granted the prisoner who remains a patient in a local hospital, clearly in no physical condition to stand the ordeal of facing a jury. If the case was begun Tuesday it would surely be interrupted by illness, an operation being possible at any time he chooses to go on the table. The state is unwilling to proceed under the circumstances and is also unwilling to let Pettibone go on bail.

#### SOCORRO WINS FIRST TOURNAMENT GAME

At Territorial Fair in Albuquerque—Practically an All Santa Fe Team—Rhodes Pitches.

In the first game of the baseball tournament at the territorial fair in Albuquerque yesterday afternoon the team representing Socorro defeated the El Paso nine by a score of 8 to 3. The Socorro team in its lineup yesterday with the exception of the battery was composed of members of the Salmon Grays of this city. "Dusty" Rhodes who has developed as a pitcher into national league caliber and is on the pitching staff of the St. Louis Cardinals, was in the box for the victors, while Pinkerton, his old catcher, was behind the bat. Albuquerque and Silver City teams were scheduled to cross bats this afternoon in the second of the tournament series.

## CAPTAIN GREEN HEAD OF PRISON

### Named as New Superintendent By Gov. Curry

#### FORMER ROUGH RIDER

#### Appointment Compliment to President Roosevelt—Capable Man.

Special to The New Mexican.

Albuquerque, N. M., Oct. 8.—Governor George Curry this forenoon announced the appointment of Captain John W. Green of Gallup as superintendent of the territorial penitentiary, vice Marion Littrell, resigned. Captain Green served creditably in the First U. S. Volunteer Cavalry the Rough Riders, during the Spanish-American war and is well known to President Roosevelt, who, it is understood, suggested the appointment to Governor Curry and it may therefore be considered a personal compliment to the President.

Captain Green has of late been located in Los Angeles, California, but has kept his residence as a citizen of New Mexico in Gallup, McKinley county. By character, ability and experience he is believed to be well qualified for the position.

#### Has Fine Record.

Captain Green came to Gallup in 1885 and was city marshal of that city until 1898. At the breaking out of the Spanish-American war he joined Troop G, of the First U. S. Volunteer cavalry as a lieutenant in the squadron under Major W. H. H. Llewellyn. He went with the regiment to Tampa, Florida. He was not one of those who was sent to Cuba but remained with the squadron in camp. When the regiment was mustered out he went to the Philippine Islands where he served some years as a captain of the Philippine constabulary. Thereafter he returned to Los Angeles, California, where he has since been stationed as a special officer of the department of the interior. He is fifty years of age, and has a wife and one daughter.

#### President Suggests Appointment.

While on the trip down the Mississippi river the president said to Governor Curry: "Governor, I would like to write to old man John Green that you will appoint him superintendent of the penitentiary at Santa Fe." "Of course, of course," responded Governor Curry and the president suited the action to his word, when Governor Curry announced the appointment. And thus it is that Captain John W. Green will be the next superintendent of the territorial prison. The exact date of the change in the management of the penitentiary has not been fixed and will not be until Governor Curry returns to the Capital.

#### BATTLING FOR CHAMPIONSHIP

Chicago and Detroit Ball Clubs Meet in Final Struggle—Cubs Score First.

Chicago, Oct. 8.—The first game of the series for the world's championship in baseball began this afternoon between the Chicago Nationals, champions of that organization, and Detroit champions of the American League. The weather was bright and sunny, with a slight breeze. The gates of the National League Park opened at 11:30 o'clock and although the game was not scheduled for three hours, two thousand enthusiasts were lined up for the first chance to buy tickets. The throng increased rapidly and long before the game commenced there was not a vacant seat in the grand stand. The bleachers were filled and enormous crowds filled the outfield. The leaders of both teams expressed confidence of winning before the game started. The Chicago battery was Overall and Kling, while Detroit's was Donovan and Schmitz. Chicago scored one run in the fourth inning, Detroit nothing.

#### BACON SLATED TO SUCCEED TOWER

Assistant Secretary of State May Become Ambassador to Germany Says Rumor.

New York, Oct. 8.—A Berlin dispatch to the Times states that it is reported in well informed quarters there that Assistant Secretary of State Bacon will be appointed as Ambassador Tower's successor. Tower has asked to be relieved as ambassador to Germany on account of his private business affairs.

## OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## BOOSTERS AND KNOCKERS IN SANTA FE.

The trouble with Santa Fe is, and to its misfortune and shame be it said, that it has too many knockers and not enough boosters. This unfortunate fact has proven very detrimental to the advance and progress of this city in recent years and is doing so today. There are two or three shyster lawyers in town who make it a business to stand on street corners and talk to strangers disparagingly of the town, its resources, its business interests and who especially take great pleasure in traducing some of its best citizens and progressive business men; there are a few backbiters and would-be bull-dozers who are in the same line; there are some sneaks who work secretly and underhandedly also to injure the town and some of its best citizens; there are two or three men who have made fortunes here but who never contribute for anything that is for the public good or for the public benefit and who throw water on everything that looks like progress; there is a white livered sneak who runs a libelous sheet here who is supported by the knockers to the public detriment and to the disgrace of the town. The room of these would be much better than their company, but as they will not leave, the best must be made of the situation and progressive and loyal citizens should do all to boost that is possible in order to undo in a measure the harm inflicted by the very undesirable class of inhabitants above described. Right here the ideas expressed and the comment made editorially by the Kansas City Journal upon a recent order of the present very progressive and sensible postmaster general, Ven L. Meyer, are very much in point and should be read carefully by the people of this city and heeded emphatically. Says the Journal:

"The employee who is most trusted by his employer is the one who can be depended on to 'boost' the business. An employee may have his personal grievances, and he may feel that the concern that pays him his money is not pursuing correct policies. He may be dissatisfied with his own position or the way things are managed generally. These are perfectly legitimate sentiments and natural enough to every ambitious man and woman. But they are private affairs that cannot concern the outside world, and an employee who goes forth and 'knocks' the man or institution to whom he should be loyal is a suspicious and harmful person and he cannot hope to advance or better his condition in the face of such a reputation.

"It has come to the knowledge of the department that certain postmasters and employees have spoken disparagingly of the registry and money order systems, and have suggested that money or valuable matter be forwarded by other means than those afforded by this department. It is hereby enjoined upon postmasters and postoffice employees to encourage the use of the money order and registry systems. Disregard of this order or any disparagement of the registry or money order systems, whether by making unfavorable comparison with other means of transportation, or otherwise, will interfere with the policy of the department, and be deemed sufficient ground for removal of the offender.

"There is in the business world today a definite sentiment that should impress itself upon the mind of every man who works for another. It is succinctly expressed in current slang: 'If you can't boost, don't knock.' What our great business institutions are looking for are men who can be depended on in and out of the business office to say a good word for their employers and their employers' business. The man who hangs around a saloon or a card room and airs his own knowledge of how things ought to be done by 'the old man,' and points out the faults of his system, is a commercial parasite for which nobody has any use. He may think he is making a favorable impression upon a rival employer by this show of erudition, but, if he only realized it, he is advertising himself as a grumbler, a fault-finder and an obstructionist whom no sane man wants in his business.

"If the young man entering business life will keep this motto in mind he will find that in some mysterious way his worth is being recognized. He will realize that without much disturbance of things generally he is being advanced and that new trusts are being reposed in him while a lot of the 'old

timers' in the business are remaining stationary. Just by 'boosting' and not 'knocking' a great deal may be accomplished, but when to them are added honesty, sobriety, aptitude and industry, the gate of success swings noiselessly on its hinges."

## A WORD TO NEW MEXICO FRUIT GROWERS.

The latest bulletin issued by the New Mexico Agricultural Experiment Station at Agricultural College, Dona Ana county, says hopelessly that thus far science has not discovered any method that will eradicate the codling moth. All that can be done is to mitigate and restrict its ravages by spraying. There are three broods of insects each season, the first coming soon after the petals have fallen from the blossoms and the last some time in September, so that spraying must be continued from spring to fall. A few years ago, New Mexico's boast was that it was free from the codling moth, today its apple crop is seriously menaced by the pest. It is of interest therefore to read that amateur fruit growers promise to come to the rescue with new varieties of fruit trees that will make the fighting of insect pests an easy matter. Says the Garden Magazine: "Fifty dwarf trees may be grown in a space that would hold only one of ordinary size. At the present rate the San Jose scale will kill inside of ten years practically every old bearing tree of standard size outside of commercial orchards in this country. But we predict a new and better era. Now that the choicest varieties are threatened with extinction the amateurs will come to the rescue. The only practical scheme is to choose the best flavored varieties, grow them as dwarfs and control the San Jose scale with miscible oils." The article goes farther to say that each tree will ultimately bear a bushel of fruit a year, besides coming into full bearing from two to five years earlier than other varieties. This applies not only to dwarf apples, but to dwarf trees of all other fruits, so that the yield per acre will be larger from the dwarfs than from the ordinary trees. The writer continues to explain how dwarfs are raised and how to take care of them. It is certainly a subject which New Mexico fruit growers should investigate further, even if only to get rid of the pesky codling moth and the San Jose scale, which latter, fortunately, thus far has not bothered New Mexico fruit growers very much.

## SOCORRO COUNTY FAIR DID GOOD

"The Santa Fe New Mexican has proved itself a warm and powerful friend of Socorro county on many occasions. Its latest friendly service was in boosting for our county fair and by referring to the success of the fair in the most complimentary terms. Such friendly offices should not and will not be forgotten."—Socorro Chieftain.

The New Mexican has always had a soft side for the people of the Gem City and of the great and rich county of which it is the capital. It was very much gratified to be able to help the project of the first Socorro county fair, not only because it felt like doing so but also because the affair would prove beneficiary to the people at large. What aids one town or city or section of New Mexico in a greater or smaller degree aids every other part and it is well to recognize this fact. The Socorro county fair association should continue in the efficient and public spirited way in which it has begun operations and judging from the character and standing of the men who are at its head this will be the case. If so great good will be accomplished for all concerned.

The lawyers will make a good thing out of the suits that have been brought and that it is understood will be filed in the United States courts in the Territory to cancel and set aside deeds for territorial public lands disposed of by the board of public lands within recent years to private purchasers. It is an ill wind that blows no good to New Mexico's lawyers. They seem to be the favorite of the favorites and it is therefore not astonishing that their numbers are steadily and constantly increasing.

According to a New York specialist the four principal causes for insanity are wine, women, worry and work. These four combined are certainly hard propositions. Fortunately men do not usually take to the four in one bunch.

## THE PENSION WORK OF DELEGATE ANDREWS.

The veterans of the Civil War in this Territory and there are many of them, certainly ought to appreciate the splendid efforts in their behalf in the matter of securing deserved pensions for them which has been done since he took office by Delegate W. H. Andrews. The delegate promptly attends to every case which is brought to his attention and the results are certainly gratifying. During the month of September about fifty pension claims were adjudicated and favorably acted upon. This means help and comfort for many deserving men who gave some of their best years for the sake of the Union and who now being in the sear and yellow leaf, gray headed and bent, are entitled to the fullest recognition by the nation for their valuable services in the hour of need. The socialist and pessimist may sneer at the old soldiers and the pension system and the efforts of Delegate Andrews in their behalf, but fair minded and patriotic citizens certainly think all the better of Delegate Andrews for his labors for the old soldiers.

## FUTURE OF CARRIZOZO.

A year ago there was nothing at Carrizozo station on the El Paso and Southwestern Railroad in Lincoln county except depot buildings and a boarding house or two. Today there is a lively town with fine prospects for permanency and prosperity. A very creditable newspaper, The Outlook, is published there and the following item from its columns shows how the town is growing and its comments are among the indications that every section of the territory is attaining more prosperity and more population. Says the Outlook:

"There are now in process of construction in our town six business and seventeen residence buildings, while there are three business and more than twenty residence buildings projected. For these latter the contract has been let in several instances, and in others the material is being placed on the ground. If any one doubts the future of Carrizozo let him get to a safe place where the falling material from the hands of the builders will not strike him and watch the growth of the town with a telescope.

Considering the coal question and the high price of coal to consumers in this section the El Paso Herald says: "New Mexico has plenty of coal, but she is short on railways. Competition in railway freight traffic and rates will solve the fuel question for El Paso—nothing else will. We need that road up toward Durango.

Right here it should be added that were the provisions of the Sherman anti-trust law and those of the New Mexico anti-trust law enforced as they should be by territorial prosecuting officials the coal trust would not wax as fat and as saucy as it is doing.

The Clovis News has a correct idea of the statehood situation, which it expresses editorially as follows:

"Delegate Andrews can be relied upon to do his utmost towards securing single statehood at the coming session of congress. Andrews is the 'man who does things' and it will be done if such a thing is possible at this time. No man in New Mexico has more influence in the east than Delegate Andrews, and if he can't get single statehood for New Mexico at the present time, it can't be had that's all."

The Albuquerque Evening Citizen is doing good work for the cause of statehood. The paper is always found to advocate what is best for the territory in general and for the people of Bernalillo county and its city in particular. Therein it differs very materially from its morning contemporary which is uniformly working for self and pelf.

If President Roosevelt will prove as successful this week in killing bears in the Louisiana canebrakes as he did last week in his speeches in Canton, in Keokuk, in Carlo, in St. Louis and in Memphis, he will bag more bears than any hunter on record and will have enough bear skins to spare and to give to his friends.

Oklahoma went Democratic and with the party united a strong state ticket, and an efficient campaign the new state of New Mexico in all likelihood will go Republican. Hence the 60th Congress and the present administration should not hold back in giving New Mexico the boon of statehood.

There is not a city, town or hamlet in New Mexico that will not be benefited by the creation of this territory into a sovereign state. Santa Fe will be one of the special beneficiaries as perforce it is bound to remain the capital for a number of years to come. The citizens of Santa Fe should get busy.

The annals in this city who sends fake dispatches to the Albuquerque morning sheet is hardly worth licking. He is too cowardly a cur in human form.

Mr. Bryan confidently remarks "Very few men are defeated for the third time for the presidency." American history shows this to be a fact.

The paper trust does not believe in letting its right hand know what its left does. Both hands take all they can get all the time.

**RHEUMATIC FOLKS.**  
**Are You Sure Your Kidneys are Well?**  
Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Santa Fe testimony to prove it.

Anselmo Arrijo, living at 124 Cerillos street, Santa Fe, N. M., says: "For several years my wife suffered a great deal from back ache, pain in the back of her head and rheumatism. Medicines that she used proved of little or no avail until she commenced with Doan's Kidney Pills which we had the good fortune to learn of and procured a box at The Ireland Pharmacy. The genuineness of this medicine as a cure for the kidneys was amply proven in her case. After using five boxes she was a well woman and has enjoyed good health ever since. I make this statement unsolicited, being prompted to do so that I may show my appreciation of this remedy, Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## MUCH BUILDING ACTIVITY AT RATON

Gate City One of Most Progressive Towns in Territory—Has Hopes of Being Metropolis.

Raton, N. M., Oct. 8.—The Seaberg Hotel which is one of the largest hotels in the southwest, has just completed the remodeling and decorating of its new club room. The room is one of the most beautiful to be found anywhere. All the woodwork is in ebony, the decoration is in pomp and red and the panels are yellow. A magnificent electric chandelier furnishes the light and the seating is leather lounging chairs. The hotel has seventy-five rooms.

The Methodists, both white and colored, are actively engaged in erecting new houses of worship. The Second M. E. church, colored, is just now finishing its new building in east Raton, and the First M. E. church is at work on one of the finest edifices to be found in the whole southwest. Rev. Samuel Blair, superintendent of Missions for the church in New Mexico, has been assisting the pastor, Rev. William Reece, to raise the subscription list which must amount to twenty thousand dollars. Construction is under way.

W. E. Errington, who has been connected with the Raton Electric Light and Power company, has resigned his position and left today for Keele, where he will accept a position.

Raton is one of the most thriving towns to be found in New Mexico. A traveling man recently stated that Raton and Albuquerque were the two most busy cities to be found in both territories. Raton expects to have twenty thousand inhabitants in five years. Not less than twenty-five houses are in process of construction at this time and not an empty residence house can be found in the whole town.

Dr. and Mrs. J. R. Gaines are at Kansas City, Missouri, where they will spend a short time visiting before returning to Raton. The doctor while absent placed their children in a private school at Liberty, Missouri.

Much activity is on at the Yankee coal mines, east of Raton. The new Yankee tram is now completed. It is 5,600 feet long. A new trolley is soon to be built and additional track laid. The Reynolds tram is to be commenced immediately which will transport coal from the mine to the railroad.

### How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

## AGRICULTURAL COLLEGE NOTES

Postoffice Established at the School—Experiment Well Is Almost Completed.

Mesilla Park, N. M., Oct. 8.—It is not generally known to the public that the College of Agriculture and Mechanic Arts of New Mexico has a post-office of its own. Such a convenience has lately been established and is known as "Agricultural College, N. M." All mail to students and faculty should be addressed as above.

O. W. Bryant of the irrigation department of the College has resigned his position and has gone to Washington and accepted a position in the Reclamation Service.

A short course for winter students has been arranged by the faculty which will open October 28th. The course which has been planned for young men and women who are unable to take the whole nine months' course will include a comprehensive course in domestic science, and a course for the young men in elementary agriculture, farm mechanics, dairying and irrigation. The course begins October 28th and ends March 1st.

O. H. Brown, the contractor, is just completing the large well for irrigation purposes on the Mesa. The well which is being put down for experimental purposes by the Board of Regents of the College is next to the largest well in the Rio Grande valley, the well of the water works at El Paso being deeper and larger. The well as completed for the college is a 7-foot excavation 10 feet in diameter and at the bottom a pipe has been placed to a depth of sixty feet, the water rising above the lower level of the excavation. The well has been walled with concrete, and a No. 5 vertical two-gauge centrifugal pump placed at the bottom of the large shaft. It is expected that 700 gallons a minute can be raised. The well will not only supply water for irrigation but will supply the college with water for domestic purposes. If this experimental well is a success the college will put down several other wells and the people of the valley who live on the higher levels will adopt this method of reclaiming the mesa lands.

Elmer Hammer of Elwood, Indiana, who had accepted a position in the engineering department, has sent in his resignation and will accept a position with the University of Illinois.

## ROSWELL TO VOTE IMPROVEMENT BONDS.

Roswell, N. M., Oct. 8.—The city council has ordered an election held November 6 to vote on an issue of \$10,000 in bonds for street improvements, purchase of a lot for the city market, steam roller for streets, rock crusher, etc.

The council has passed an amendment to the occupation tax ordinance, levying a license fee of \$75 per quarter on skating rinks.

**Quinsy, Sprains and Swellings Cured.**  
"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Michigan. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

**FOR THAT TIRED FEELING.**

**Afflicted With Sore Eyes for 33 Years**  
I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earle, Cynthia, Ky. Chamberlain's Salve is for sale by all druggists.

Henry E. Jones, of Tampa, Florida, writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine." For sale by Ireland's Pharmacy.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railroad, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m., the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. **SCALY ERUPTIONS COVERED HIS BODY**

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and Is Completely Cured

BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and shortly afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days; but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, —'s Salve, Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used —'s Salve, but it did no good. A few months after, having used almost everything else, I thought I would try Cuticura Ointment, having previously used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored after fourteen years of suffering and an expenditure of at least \$50 to \$60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

### MINOR CITY TOPICS

There is an air of freshness and exclusiveness about our fall and winter clothing.—N. Salmon.

It is reported that one or two of the town saloons have been selling liquor to minors. This report should be carefully investigated by the proper authorities and if true prompt measures for the punishment of the guilty be taken.

Billy Brogan says advertising is best done by right prices and straight goods.—Ehle's tailored suits are the best money can buy, and prices are right.

During the past week the money order business of the local postoffice amounted to \$6,292.47. There were issued 110 money orders amounting to \$1,057.59; there were paid 172 orders amounting to \$3,049.88; there were received \$1,845 money order surplus and \$250 from money order drafts.

Copies of the incorporation laws of the territory, compiled to date, with index, recently printed by the New Mexican Printing Company, are for sale at its counting room at seventy-five cents per copy. Bank officials, lawyers and others who desire copies should make prompt application for them as the supply is limited.

When you have a moment's time step in and see our fall and winter samples and order your suit.—N. Salmon.

The Denver Republican last Saturday published a column interview with Professor Edgar L. Hewett respecting the cliff dwellings near Santa Fe and on Monday a similar interview under Colorado Springs date line. Mighty good advertising this for Santa Fe.

The Delinquent for November prints a portrait and character sketch of Rev. James B. Wasson, D. D., whose visit to Santa Fe recently when he was a guest at the home of ex-Governor L. Bradford Prince, is pleasantly remembered. He is known in New York City as "Chaplain to the Strangers," a title bestowed upon him by Bishop Potter of the Protestant Episcopal Church, when the office was created by the chapter of the Episcopal church cathedral of Saint John in New York.

Internal Revenue Collector H. P. Bardshar and W. H. Kerr spent Sunday and yesterday in the vicinity of Labajada in northern Sandoval county, quail hunting. They found the birds plentiful and in good condition. Al-

### WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain scenery, get a change, live a new and fascinating life under new conditions, and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest mountains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and temperature identical with Santa Fe. Its streams swarm with trout and the woods and ranges are filled with game large and small. The ranchers live the life of the west. There are mountain lion, bears, deer and wolves for the hunter. There are saddle ponies to be had for the asking, rooms in a big, rambling ranch house with wide verandas, tent rooms or a cabin if you want it. The days are never dull. You see a great ranch and the genuine western life. Fresh milk, butter and eggs—all you can drink and eat. Sleep in blankets at night—fish in your shirt sleeves during the day. You couldn't spend more than \$9 a week if you tried. It's the place you are looking for. Accommodations for both men and women.

Inquire this office or address THE VALLEY RANCH, Pecos N. M.

PROMPT ATTENTION GIVEN MAIL ORDERS

SANTA FE, N. M.

# COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, also 25x145 feet, laid out with broad 80- and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, Commercial Club; a population of 1,500 people; several restaurants, etc. Belen is the largest shipping point for wood, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

## The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.  
WM. M. BERGER, Secretary.

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc. etc.; also a first-class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage as security, for one year, with 8 per cent interest thereon.

Apply at once for map and prices if you wish to secure the choicest lots.

### ANOTHER NEW TOWN ON CUT-OFF

St. Vrain, Thirty Miles From Texico, On the Texas Border, Is Growing Rapidly.

St. Vrain, N. M., Oct. 8.—St. Vrain is one of the newest towns on the Eastern Railway of New Mexico to receive an impetus for building and improvement and it is growing to make up for lost time. The farms surrounding are rapidly being improved, while the opening of a large tract of land which has been held hitherto by the government as a forest reserve has drawn many new settlers to this region. The town is thirty miles from Texico on the Texas border and has no large town as a competitor within a radius of a good many miles.

The Houston-Hart Lumber company has just finished the installation of a yard at this place. The company has erected good buildings and is preparing to take care of a heavy lumber trade.

Harvey Bentley, of Wichita Falls, Texas, is in town. He is looking up a business location and has decided to remain here.

Dr. Ira Miller has opened a dental office here. He has also bought a fine ranch just two miles north of town.

The Rev. John R. Carver, a Presbyterian minister of this place, has been looking up the matter of an organization of a church here and at Clovis, twenty miles east. He is located on a farm near town and is doing missionary work in the surrounding country.

William Kerner and family have returned from a visit to their former home in Kansas, and are at home on their ranch north of town. Mr. Kerner has improved his place and expects to put in a heavy crop of wheat this fall.

A telephone exchange is one of the needed institutions of St. Vrain, and steps are being taken to arrange with the Roosevelt County Telephone company, which owns the long distance line which passes through town to install a central as soon as possible.

A weak Stomach, causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by all dealers.

### FRIEND SHOT HIM;

ASKS \$16,000 DAMAGES.

Phoenix, Ariz., Oct. 8.—Asking that the court award him \$10,000 damages. Peer Mohn has filed suit in the district court against J. L. Irvin, who accidentally shot him while the two were hunting near Roosevelt on March 28 of this year.

### They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price 25c cents. Samples free at all drug stores.

The New Mexican Printing Company keep on hand a large assortment of blank cards and stationery in accordance with statute and will be found satisfactory. Reductions in prices are made to those who purchase in quantity. Blanks necessary in making newspaper entries, or final proof thereof, coal declaratory statements and in securing mining claims also kept in stock and for sale by the New Mexican Printing Company.

### RANCHMAN SHOT DEAD IN QUARREL

Bernalillo Man Engaged in Altercation With Stranger and Is Instantly Killed.

Albuquerque, N. M., Oct. 8.—Donaciano Archebique, a well known ranchman of Bernalillo, this county, was shot and instantly killed here yesterday afternoon in a quarrel with a laborer, whose acquaintance he had made but an hour previous. The shooting took place on the porch of a Mexican boarding house in the south part of the city, and followed a heated discussion between the two men. The murderer used a 48-calibre six-shooter and put three bullets into his victim's body, any one of which would have proved fatal. The slayer fled after the killing, but was captured a few miles from this city by a posse and is now in jail.

### WORK WITH CORE DRILL IN BURRO MINING DISTRICT.

Silver City, N. M., Oct. 8.—The Azure Mining company in the Burro recently installed a large core drill upon its copper properties, and while the drill has only been in operation for a very short time and they only got down to a depth of 140 feet, it struck a large body of copper ore from which assays show thirty per cent.

The company is still sinking the drill in this point and has up to the present time penetrated thirty feet of black oxide and is not yet through the ore deposits.

This was the first venture with a core drill in this locality for mining purposes and it would indicate that the core drill will prove quite a profitable investment in a mining way.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc. Sold by all dealers.

### COMANCHE COMPANY IS UNWATERING MINES.

Silver City, N. M., Oct. 8.—The Comanche company has been pumping the water out of the Gillett and Pacific shafts in the Pinos Altos district and has at the present time got the water below the 600-foot level and has only about 250 feet more in the mine.

When these two mines are drained it will be of great benefit to the Pinos Altos district, as in draining them it will drain quite a number of other mines in this locality.

### SIGHTS OF SANTA FE

A brief outline of Points of Interest in and about the City of Santa Fe. A Guide for Tourists.)

(July, 1907.)

The Plaza.—Under the care of the Woman's Board of Trade. Here Onate camped and set up the banner of Spain in 1598. Here the Pueblos in the uprising of 1680 burned the archives and historical records of the Province. Here De Vargas halted in triumph after taking the city from the Pueblos in 1692. Here General Kearny planted the Stars and Stripes in 1846. Most of the thrilling historical and gala events for the past three hundred years have centered here.

The Old Palace.—Without doubt the oldest governmental building in the United States. Date of construction variously set from 1598 to 1607. Occupied as executive building by Governors under the Spanish, the Pueblo, the Mexican and American regime, last occupied as a residence by the present Acting Governor James Wallace Rayolds. Ceded by the Federal government to the Territory, the present owner, but which has voted to recede it to the Federal government as a National Monument. It is at present occupied by the postoffice, the Historical Society Museum, the Daughters of the American Revolution and the Territorial Republican Central Committee.

The Historical Society Museum.—In Old Palace. Open free to visitors. From 10 to 12 a. m. and 2 to 4 p. m. on weekdays, and 2 to 4 p. m. on Sundays. Contains fine collection of New Mexico antiquities and the most complete library of books relating to the history of the Southwest to be found in the United States outside of the Congressional Library.

Ben Hur Room.—In Old Palace. Here Lewis Wallace, while Governor of New Mexico, completed Ben Hur. Key given to visitors at the postoffice.

FOR SALE.—A bunch of pure blood Barred Plymouth chickens. Nothing better. P. O. Box 113, George S. Blunt.

Soldiers' Monument.—In Plaza. Erected by the Territory. Much criticized because it refers to the Confederates as Rebels.

Lamy Fountain.—In Plaza. Erected by Woman's Board of Trade in memory of the late Bishop Lamy, who introduced the orchard industry at Santa Fe and surroundings.

Masonic Bull and Hall.—On south side of Plaza. Oldest Masonic Lodge in the Southwest. Many interesting historic relics in lodge room. Kit Carson was a member of this lodge.

The Kearny Monument.—In Plaza. Erected by the Daughters of the American Revolution.

The Fonda.—At southeast corner Plaza. End of the historic Santa Fe Trail. Now Exchange Hotel.

WITHIN FIVE MINUTES' WALK FROM PLAZA.

Roman Catholic Parochial School.—On Water Street.

Public Library.—On Washington Avenue. Built and maintained by the Woman's Board of Trade.

Federal Building.—Headquarters of Federal Land Office, Internal Revenue Service for New Mexico and Arizona, Surveyor General, Weather Bureau, Forest Supervisor of Pecos, Jemez and Taos National Forests, U. S. Attorney for the Pueblo Indians, and other Federal officials.

Cathedral.—On Cathedral Square. Original structure commenced in 1612, destroyed in 1680. Modern structure not complete. When complete to have twin steeples and to be cruciform. Contains a number of paintings by old masters. Reredos behind altar was erected by Governor del Valle and his wife in 1761. Fine old paintings and rich vestments in rear of Cathedral. From here start annually the famous Corpus Christi and the historic De Vargas processions. In rear of altar two Franciscan Friars, murdered by the Indians, are buried.

Loretto Academy.—On College Street. Oldest School for Girls west of the Missouri. Quaint cemetery in rear.

Kit Carson Monument.—In front of Federal building.

The Court House.—On Palace Avenue. Contains County Offices and Court Rooms.

Saint Vincent's Sanitarium.—On Palace Avenue.

Saint Vincent's Orphans' Home.—On Palace Avenue.

Saint Vincent's Hospital.—On Palace Avenue.

Loretto Convent.—On College Street. Occupied by Sisters of Loretto.

Archbishop's Residence.—On Cathedral Street.

Loretto Chapel.—On College Street. One of the most perfect specimens of Gothic Architecture in America. Built from design by French architects.

Bishop's Residence.—On Cathedral Street. Adjoining is the beautiful "Bishop's Garden" with historic spring, lakelets and fine orchard.

## Personal Mention.

(Continued From Page Four)

Brigadier General Earl D. Thomas, U. S. Army, commanding the department of Colorado of which New Mexico is a part, arrived in Albuquerque yesterday to view the fair and to take part in the proceedings of the Coronado memorial convention, at which he will deliver an address. He is accompanied by his aide de camp, First Lieutenant Richard P. Rifenberck, Jr., of the Twenty-ninth U. S. Infantry.

Roberto Montoya and wife left this afternoon for Albuquerque where they will attend the territorial fair. They expect to remain until Sunday night.

I. Ochenschlager, of Aurora, Illinois, left on Saturday evening after a two week's visit to Santa Fe. Mr. Ochenschlager came to Santa Fe for the purpose of leaving his son Howard, who is not strong here. He expressed himself very well pleased with the climate and surroundings of Santa Fe and seriously contemplates returning in the near future to locate permanently in the territory. His son will remain with L. D. Lowe for the winter.

Mr. and Mrs. Charles C. Catron have gone to Denver for a few days' visit to the Queen City of the Plains.

Vicente Alarid, dispatching clerk at the local postoffice is enjoying his annual vacation and is putting in part of it at the Albuquerque fair.

Benjamin M. Read and daughter Miss Read, are taking in the sights at the Albuquerque fair. Mr. Read went to the Duke City primarily for the purpose of joining the council there of the Knights of Columbus which initiated some sixty candidates Sunday and gave a big banquet last evening at the Alvarado hotel in honor of the new members.

T. B. Catron is a visitor this week at Albuquerque. He was on the program today for an address on "Growth of the Sheep and Wool Industry in New Mexico" at the opening session of the New Mexico Sheep and Wool Growers' association, which is holding its annual convention in the Duke City. He is also attending to legal business while in Albuquerque having been retained as counsel for the defendant in the murder trial of Antomine Pettine who is under indictment for the murder of Benedetto Berardinelli.

## Minor City Topics.

(Continued from Page Five.)

A man representing himself to be a government agent was placed under arrest at Albuquerque by the police yesterday, charged with disorderly conduct, and is being held for investigation. The man rented a horse and buggy from the Patterson livery stable, which he failed to return until the officers had locked him up. Several checks which he has issued are furnishing the basis of the investigation.

Santa Fe train No. 1 is reported on time this evening; as is also the Santa Central. The Denver and Rio Grande is reported 3 hours and 30 minutes late.

BANQUET FOLLOWS  
BIG INITIATIONFour Hundred Knights of Columbus  
and Their Ladies Gather at Festal  
Board in Albuquerque.

Special to The New Mexican.

Albuquerque, N. M., Oct. 8.—Knights of Columbus and their ladies to the number of about four hundred gathered around the festal board last night, and enjoyed one of the most elaborate banquets ever held in the Alvarado hotel. It was the crowning feature marking the initiation of a class of about sixty candidates into the order Sunday.

Toasts were responded to by a number of prominent fraters, including Eugene Brady O'Neill, a brilliant lawyer of Phoenix, Arizona, who is a brother of the lamented "Bucky" O'Neill, of Rough Rider fame who was killed in the charge up San Juan hill. Dancing followed the banquet.

U. P. STOCKHOLDERS  
IN ANNUAL MEETING

New York, Oct. 8.—E. H. Harriman will not attend the annual meeting of the stockholders of the Union Pacific Railroad at Salt Lake today.

The management will be represented by W. D. Cornish, vice-president and general manager who will preside and Joseph Hellen, assistant secretary. It is expected that all the present directors will be re-elected. There were rumors in the financial district, however, that objection to the present control would develop at this meeting.

FATAL WRECK ON  
NORTHERN PACIFIC

Seattle, Wash., Oct. 8.—Two tramps were killed, Fireman Gilbert Ernest is missing and is believed to be dead, the engineer and brakeman were seriously injured as the result of a wreck of a freight train on the Northern Pacific last night near Weston. The entire train, thirty cars in all, containing hay, grain and live stock, was burned. The trainmen say that failure of the air-brakes to work on a heavy grade was the main cause for the disastrous wreck.

PECOS COPPER  
MINING COMPANYProperties in Good Condition—Survey  
of Railroad Completed—Will Be  
Broad Gauged.

O. W. Alexander, superintendent of the Pecos Copper Mining company in the Pecos mining district, about thirty miles east of the city, spent yesterday here on business. Mr. Alexander, in reply to a query from a representative of the New Mexican, stated that his company had closed down active operations for a while and until the slump in the price of copper had passed. A few are still employed in cleaning up, doing development work and in keeping the mines of the company clear of water. There are six mining claims comprised therein. The ore bodies have been sufficiently developed to make a very good show. The ores run principally in copper, with some values in gold and silver. The bodies are great in extent.

The survey for a railroad from Pecos siding to the mining camp at Cowles, a distance of about fourteen miles, has been completed by Corbett and Smythe, civil engineers and surveyors of Santa Fe, and estimates for the road are now being worked out. A much better grade than was thought of has been found and the line will not be difficult to construct. The maximum grade is 1 1/2 per cent and hence it will be possible to construct a broad gauge line, which, of course, will be the most practical as there will be no reloading or transferring the carloads of ores or copper matte to the Santa Fe railway system for shipments east.

The estimates of cost and feasibility of construction as well as recommendations of the engineers in charge, will soon be ready to submit to Alfred H. Cowles, the president of the company and its leading stockholders. If the price of copper recovers in the near future, active work will again be resumed in the development of the mining property, chances for the construction of the railroad will be very good, and work thereon will likely commence early next spring.

STABBING AFFRAY  
MAY PROVE FATALJames Hanson Lying at Home in Cri-  
tical Condition and Higinio Mar-  
tinez in Jail.

A stabbing affray which may end fatally occurred about midnight last night on San Francisco street near the junction with Galisteo street when Higinio Martinez it is alleged made a murderous assault upon James Hanson and stabbed the latter three times with a knife. Hanson is now at his home suffering from the wounds inflicted and Martinez is in jail awaiting the result of the former's injuries.

What was the cause of the stabbing is not known definitely as there are conflicting stories. Hanson it is said was walking in the middle of the street on his way home when he was attacked by Martinez. Hanson was stabbed three times, twice in the back, and once under his arm. The knife penetrated the lungs as the result of one of the stabs.

Martinez was arrested shortly after the stabbing by Chief of Police J. H. McHughes and lodged in jail pending developments. The preliminary hearing has been postponed until Monday next owing to the critical condition of Hanson. Meantime Martinez is being held without bail.

Hanson was removed in a carriage to his home where his wounds were dressed later by Dr. David J. Knapp. Hanson is employed as a clerk in the store of the Cartwright-Davis Company and resides on Montezuma Avenue. He is married and has one child.

HOLLINGSWORTH TWINS  
STRIKE POPULAR CHORD.

The Hollingsworth Twins' own company opened at the opera house last night for a week's engagement. Last night's play was "Woman Against Woman," in which the Twins had the leading role. They played their respective parts cleverly.

Tonight's bill is "LaBelle Marie," or "Jean Ingleside's Revenge," a comedy drama in five acts.

Maude Hollingsworth plays the dual role of Jean Ingleside and LaBelle Marie.

Myrtle Hollingsworth has the part of Stubbs, the office boy, the comedy part in the piece.

LaBelle Marie is one of the strong est plays in the Twins' repertoire.

An entire new line of plays will be presented each night during the week.

GOES AGROUNDKentucky Has Accident While En  
Route to Navy Yard for Repairs  
—Not Badly Damaged.

Norfolk, Oct. 8.—The battleship Kentucky, which passed Virginia Capes yesterday en route to the Norfolk Navy Yard, for repairs prior to sailing with the battleship fleet for the Pacific coast off Larbert's Point ran aground today while proceeding up the Elizabeth river. Her nose is stuck in the soft mud off the flats near Long Coal Piers. Tugs went to the assistance of the ship and it is expected to be floated at high tide without material injury. Many groundings have occurred there but none have ever resulted seriously.

WARMER WEATHER  
IS PROMISED.

"Fair weather tonight with warmer weather in north portion. Wednesday fair and warmer."

The foregoing is the forecast issued today by the local U. S. Weather Bureau. Yesterday the maximum temperature was 61 degrees at 4:10 p. m. and the minimum temperature 42 degrees at 6 a. m. The mean temperature for the twenty-four hours was 52 degrees. The relative humidity at 6 a. m. was 59 per cent and at 6 p. m. 70 per cent, making the relative humidity average for the day 80 per cent. The lowest temperature last night was 36 degrees and the temperature at 6 a. m. today was 36 degrees.
