LOOKS LIKE CLOSE FIGHT

Fish and Harriman Both Confident of Victory

MEETING TO BE OPEN

Examination of Proxies May Delay Election of Directors Several Days.

Chicago, Oct. 16.—The annual meeting of the Illinois Central railroad, in which a warm contest is expected for the control between Stuyvesant Fish, former president and E. H. Harriman, opened at noon today.

The contest over proxies continued almost up to the hour of meeting and the eighteen hour trains which arrived this morning brought batches of delayed proxies from eastern stockholders.

The followers of Harriman declare there is no probability of his losing control of the meeting, claiming he will have outside of 286,731 shares, which will not be effective in election, more than sufficient votes to carry through anything he wishes.

Four Directors to Be Elected.

Four directors are to be elected at the meeting to succeed Fish, Harriman and John Jacob Astor, whose terms expire, and who are candidates for re-election and to fill a vacancy caused by the death of C. B. Welling.

The outstanding stock of the Illinois Central is 950,400 shares. Of this it is estimated 100,000 are not to be represented and deducting the shares which will not count in view of an order issued by Judge Hall yesterday, there is left 563,669 shares, which will not be far from the maximum number of shares voted.

Fish expresses himself confident of securing the election of his directors but he said as changes in proxies had been so numerous, no man could state exactly the number of votes he controlled. It is possible that the work of determining the right of the various proxies may consume two or three days and that the election of directors consequently may not be reached today.

Meeting to Be Open to Press.

At the meeting of the directors which preceded the meeting of the stockholders it was decided upon the motion of Fish, that the meeting of the stockholders should be open to the press. Heretofore none but the stockholders have been admitted. When Fish entered the stockholders' meeting shortly before noon he walked to the table where President Harahan sat as the presiding officer and placing his hand on Harahan's shoulder said a few words to him. Harahan shrugged his shoulders and tossed his arm impatiently, implying he did not care to talk with Fish. The latter turned away with a smile and took a seat among the stockholders.

MOTORMAN LOST CONTROL OF CAR

Fatal Accident Resulted in Cincinnati When Heavily Loaded Car Ran Away.

Cincinnati, O., Oct. 16.—One man was killed, six persons dangerously hurt and probably twenty-five others slightly injured today when an Elderson avenue electric car, crowded with passengers, jumped the track and went over a twenty-five foot embankment at Mount Hope, in the western part of the city.

Attorney Henry H. Bausch was taken from the wreckage, badly injured and died before he could be taken to a hospital. It is feared that some of the other injured may die.

While coming down a hill the motorman lost control of the car, which jumped the track, apparently striking a bad rail, going clear across the street and over an embankment. It landed upside down, the heavy trucks crashing through the car.

JACK JOHNSON TO FIGHT "JIM" FLYNN.

San Francisco, Calif., Oct. 16.—Heavyweight pugilists Jack Johnson and Jim Flynn, have signed articles for a forty-five round glove contest to be held in Croffoth's arena on the afternoon of November 2. They are to receive half the gross receipts; 55 per cent to the winner and 45 per cent to the loser.

SECRETARY TAFT OPENS PHILIPPINE ASSEMBLY.

Manila, P. I., Oct. 16.—Secretary of War William H. Taft, of the United States, formally opened the Philippine assembly at 11:15 o'clock today in the presence of a tremendous attendance.

CITY SCHOOL BOARD PAYING ITS BILLS

First Business Meeting of Over Two Months—Little Done Except Aud- iting Accounts.

The first business meeting of the Board of Education of this city in over two months was held last night. President T. B. Catron presiding, and Superintendent of Schools J. A. Wood at his post, as secretary. The other members present were N. B. Laughlin, C. F. Easley, J. L. Seligman, S. Spitz, and Jose D. Sena.

Little was done at the meeting last night aside from auditing a big bunch of bills that had accumulated since the last business session and after approval ordering them paid. One of the accounts allowed was that of the New Mexico Printing Company for printing the pamphlet recently issued by the school board.

Superintendent Wood in his monthly report for September stated that the total enrollment in the local public schools during the past month was 442 and the average daily attendance was 380. He said that the public schools of this city were never in better condition than they are at the present time. He says that the total enrollment of pupils now is over 500 and it is steadily increasing in number.

L. F. Montenie who is treasurer of the school board, presented reports covering the months of August and September. The total cash on hand on October 1 as shown by the report covering the month of September was \$3,685.20, divided in the various funds as follows: General fund, \$1,740.20; building fund, \$965.01; interest fund, \$225.14; special fund, \$449.85; sewer fund, \$305.05. The school board also has \$2,000 loaned out at 5 per cent interest belonging to the building fund.

The money in the special fund will be utilized in paying for a parlor grand piano which has already been ordered and is expected to arrive from the factory within the next few days having been shipped some time ago. The new piano will be installed in the high school hall for use on special occasions.

Superintendent Wood was authorized to have new single desks placed in the first primary room of the second ward school displacing the old double desks which have been in use there for a number of years. The old desks will be sold at \$2 apiece. The new desks which will be installed were ordered originally together with various sizes for the high school building but were not needed there and have since been stored in the basement.

BUYS COTTAGE FOR HIMSELF AND BRIDE

David S. Lowitzki Purchases Modern Brick Residence on Johnson Street Adjoining Parental Home.

David S. Lowitzki has purchased from Leo Hersch the brick dwelling house and premises at 106 Johnson street. Mr. Lowitzki bought the property as a home for himself and bride, and he is having it made ready for their occupancy.

Mr. Hersch recently made a number of improvements to the house which was entirely overhauled. It is a modern cottage containing five rooms and having bath and other conveniences. Mr. Lowitzki had leased the residence at first, but concluded to buy it and entered into negotiations to that end with Mr. Hersch. The house is next door to the present home of Mr. Lowitzki, who is living with his mother and brother.

On November 24th, next Mr. Lowitzki will claim as his bride, Miss Josephine Freedman, a charming young woman of Chicago, in which city the wedding will take place.

"PONY EXPRESS" OPERATOR DEAD

Jesse Hollaway, Prominent in Early Western History, Passes Away at Age of 82.

Chicago, October 16.—Jesse Hollaway, aged 82 years, a pioneer of California, but of late years a resident of Chicago, died yesterday at the Lexington Hotel. He was associated with his brother, Benjamin, in the operation of the "Pony Express," for many years, the only means of carrying the mails across the western plains. They also owned a stage coach line prior to the advent of railroads. Hollaway Brothers were important factors in the development of California, owning for many years a steamship line plying between San Francisco and Honolulu.

ILLINOIS SENATE FAVORS BOND ISSUE.

Springfield, Ill., Oct. 16.—By a unanimous vote the senate today adopted a joint resolution providing for the submission to the people of a constitutional amendment for a \$20,000,000 bond issue to proceed with the deep waterway project.

BLACKMAILERS

WANTED \$20,000

Threatened to Dy- namite Home of Mine Manager

TRAPPED BY DECOY LETTER

Victim Placed Mistle at Designated Place and Arrests Followed.

Lead, S. D., Oct. 16.—An attempt to extort \$20,000 from J. Grier, manager of the Homestake gold mine, under a threat of dynamiting his home unless the money was placed in a designated place, was frustrated last night by the arrest of the alleged blackmailers, Mrs. Anna Maljas, Charles Maljas, her husband, and Matt Zimbola were arrested as the guilty parties.

Grier received an anonymous letter demanding \$20,000, the threat being made that Grier's home would be dynamited unless the money was put in an envelope and placed in a certain place.

The matter was reported to the police and a decoy letter was left as directed. Mrs. Maljas was arrested as she took the letter. Her husband and Zimbola were later taken into custody.

SPECIAL MEETING PROBATE COURT

Estate of Late Grover C. Adkinson Settled—Santa Fe Railway Pays \$3,000 Damages.

A special meeting of the probate court of Santa Fe county was held yesterday afternoon at the court house, Probate Judge Victor Ortega presiding and Probate Clerk George W. Armijo at his desk. Sheriff Charles C. Clonson was also in attendance.

The principal matter before the probate court at its special session yesterday was the settlement of the estate of the late Grover C. Adkinson, a bridge carpenter employed by the Atchison, Topeka and Santa Fe Railway, who was killed on June 1 last in a railroad accident near Ortiz siding south of Lamy junction.

W. C. Adkinson, of Broken Arrow, Indian Territory, a brother of the deceased, presented a petition for letters of administration through his attorney R. C. Gortner, and was appointed as administrator of the estate. The deceased it appeared had left no written will nor appointed an executor of his estate which was estimated to be worth about \$500 aside from a claim against the Santa Fe Railway.

A suit for damages resulting from the fatal accident sustained by the deceased was instituted against the Santa Fe Railway but this was settled yesterday by the payment of \$3,000 by the railroad company following the appointment of W. C. Adkinson as administrator.

Mr. Adkinson was appointed as administrator of his brother's estate, filed his annual report, and was discharged all within the space of two hours.

James L. Seligman as administrator of the estate of Mrs. Frances Seligman, deceased, filed his annual report together with an inventory of the property, and claims against the estate.

ARGUE MOTION FOR NEW TRIAL

In Case of Territory Versus Ricardo Alarid—Court Takes It Under Advisement.

A motion for a new trial in the case of the Territory versus Ricardo Alarid was argued in chambers this morning before Judge John R. McFie in the district court of Santa Fe county. Attorneys Charles A. Spiess of Las Vegas and A. B. Renshan of this city appeared as counsel for the defendant and District Attorney R. C. Gortner represented the territory. Judge McFie took the matter under advisement and will announce his decision tomorrow as to whether or not the motion is sustained or overruled.

SUCCUMBS AT RANCH HOME NEAR THIS CITY.

Mrs. Cruz Chavez de Ortiz, wife of Antonio Ortiz y Pacheco, died last night at the family residence at Canada, a settlement ten miles from Santa Fe. The deceased was sixty-five years old and the only survivor of the immediate family is the husband. The remains will be brought to this city for interment. Funeral services will be held at 9 o'clock tomorrow morning from the Cathedral and burial will follow in Rosario cemetery.

BIG QUAKE IS RECORDED

Seismographs Show Shock to Have Been Great

SCENE OF UPHEAVAL MYSTERY

In One Instance Needle of Instrument Was Shaken Off Cylinder.

Albany, N. Y., Oct. 16.—An earthquake of great proportions in a direction and at a distance not yet identified began to record itself about 9 a. m., today on the seismograph at the state museum. At 10:15 o'clock the movement was still in progress undiminished.

Quake Recorded Also in Washington.

Washington, D. C., Oct. 16.—An earthquake of great violence was recorded by the seismograph at the U. S. weather bureau today. A strong motion disturbance began shortly after 9 o'clock this morning and subsided about six minutes later, the approximate time as shown by the government instruments being from 9:14 to 9:20.

Shock Recorded at Baltimore.

Baltimore, Md., Oct. 16.—The seismograph at John Hopkins University shows that the earthquake was the strongest recorded by that instrument since the San Francisco shock. The needle of the seismograph was shaken entirely off the recording cylinder.

EASTER LIVES ESTANCIA VALLEY

John Fielding, Sr., of Allegheny City, Pennsylvania, Believes It Has Great Future.

John Fielding, Sr., a prominent citizen of Allegheny City, Pennsylvania, is in the city on a visit to his son, John Fielding, Jr., who holds a responsible position with the Santa Fe Railway. Mr. Fielding, Sr., has just returned from a trip to the Estancia Valley along the New Santa Fe Central and was very agreeably surprised at the progress made and the amount of business now very apparent in the Valley.

There is a good deal of building going on in Estancia and Moriarty and Stanley are also lively. That many settlers and farmers have been going to this section during the past two years is very apparent, as new houses, buildings, fences and cultivated fields are noticed in many directions.

Mr. Fielding, Sr., is a personal and warm friend of General Francis J. Torrance and served with the latter seven and a half years as a member of the Common Council of the city of Allegheny. He also knows Delegate W. H. Andrews very well and pleasantly. Mr. Fielding is accompanied by Mrs. Fielding and both are enjoying their visit to their son in the Capital City very much. This is the first trip to the territory.

BABE KICKED IN HEAD BY HORSE

Little One's Skull Caved in—Opera- tion By Dr. J. M. Diaz Saves Child's Life.

The four-year-old daughter of Mrs. Beatrice Vigil, residing in the southwest part of the city, was kicked in the forehead by a horse at the family home a few days ago. The hoof of the animal caved in the frontal bone and the child was rendered unconscious for several hours.

Dr. J. M. Diaz was summoned and he had the child taken to the Diaz Sanitarium. Heroic measures were resorted to to save the little one's life. An operation was performed and the bone was raised from the brain. The child regained consciousness immediately following the operation and is now well on the road to recovery.

SHOE FACTORIES RESUME WORK

Twenty-Two Establishments in St. Louis Re-Open After a Five-Weeks' Shut Down.

St. Louis, Oct. 16.—Twenty-two shoe factories which have been closed for five weeks because of a strike of workers, were opened today. Many of the strikers returned and the factories resumed work. Though no effort was made to run full-handed, George Frank, financial secretary of the union, stated that about one per cent of the 23,000 strikers had resumed work.

The New Mexican Printing Company will do your job work with neatness and dispatch.

SHOWS NATIVES TRICK OR TWO

Stunts of President Roosevelt in the Southern Woods Dumbfound Mem- bers of Party.

Stamboul, Oct. 16.—Up to noon today no news of the president's hunt had been received.

Arrivals from the Bear Lake encampment tell marvelous stories of the president's hardihood and capacity for roughing it. When he carried his blankets with him from the upper camp last Friday, and that night and next morning ate only cold bread and meat which he had taken along in his saddle pockets, they marveled that a president could be so easily satisfied but when he jumped into Bear lake for a swim upon rising at daybreak yesterday morning their astonishment was almost without bounds. The thermometer registered at the time less than 64 degrees, and most of the others present were sedulously hugging the camp fire. The president plunged into the water as soon as he arose, as he approached the edge of the lake he bantered some of the other members of his immediate party to join him, but none did so. He swam a distance of a hundred yards to an island and then returned, declaring upon landing that the exercise had been most exhilarating and that the water was warmer than the air.

The fact that he seems almost tireless in the saddle is most favorably commented upon, and is regarded as quite marvelous for one of such exalted position and supposedly sedentary life.

ROAD IS MADE PUBLIC HIGHWAY

County Pays Defendant \$35 For Strip and Injunction is Dis- solved.

Judge John R. McFie yesterday signed the decree in the case of the board of county commissioners of Santa Fe county and the Yellow Pine Lumber company versus Pedro A. Romero et al, in which a verdict was found for the defendants.

As has been previously stated this suit involved a certain road north of the city which plaintiffs claimed was a public highway by right of dedication, but which the defendants insisted was private property. The road in question was obstructed and the suit was then instituted and a temporary injunction issued, which by the decree is dissolved.

According to the terms of the decree, agreed to have the road in question declared a public highway upon the payment of \$35 and the costs of the suit.

GOVERNMENT SUES LAS VEGAS FIRM

Gross, Kelly Company Made Defend- ant in Action to Recover Title to Timber Lands.

Las Vegas, N. M., Oct. 16.—A complaint has been filed in the district court here against Gross, Kelly and Company, a local wholesale firm, entitled "The United States of America against Gross, Kelly and Company," by Ormsby McHarg and Peyton Gordon, special assistant attorneys general of the United States, who will appear as special counsel for the plaintiff. It is purely a civil suit to recover title to lands owned by the firm on the Pecos river.

The complaint prays an injunction against the defendant company, its several agents and employees, restraining them from making any claim to certain lands and premises in San Miguel county situated near the Pecos river, comprising in the neighborhood of 1,000 acres, or in any manner intermeddling therewith or trespassing thereon. Also from removing any logs or timber or other products thereon or making any transfers or sales on the same.

A second suit has also been filed entitled "The United States of America vs. The Territory of New Mexico, Gross, Kelly and Company," a corporation, and J. W. Harrison." The second complaint is very similar to the first, except that it has to do with land leased from the Territory for the purpose of obtaining the timber.

A. O. U. W. GRAND LODGE ELECTS OFFICERS.

Albuquerque, N. M., Oct. 16.—The grand lodge of Ancient Order of United Workmen for New Mexico and Arizona elected its officers for the ensuing year at the convention held in this city. The roster for 1907-1908 is as follows:

Past Grand Master Workman, H. B. St. Claire; Grand Master Workman, J. E. O'Connor; G. F. J. H. Shuffelbarger; G. O., C. F. Leonard; G. G., M. T. Broadhead; I. W., W. K. Anderson; G. O. W., C. F. Edie; G. R., E. J. Trippel; G. T., A. A. Bearup; G. R., F. A. Odermat; G. M. E., W. S. Harroun; Supreme Representative, H. B. O'Connor. The committee on laws consists of W. A. O'Connor, G. W. M. Carvel and J. E. O'Connor.

THIRTY-ONE DEAD 600 INJURED

Explosion at Fonta- net Reaped Har- vest of Death

LOSS TOTALS A MILLION

Many Injured in Serious Con- dition and May Die—Cause of Disaster a Mystery.

Fontanet, Indiana, Oct. 16.—Details as to the cause of the terrible catastrophe yesterday, when the Dupont powder mills here blew up, killing in all, probably thirty-one persons and injuring some six hundred, were still lacking today. No one connected with the powder company could ascribe any reason for the terrible catastrophe.

Several rumors were current, one of the most probable, being that the machinery in the glazing mill became overheated from friction and set fire to some loose powder. The glazing mill was the first to blow up, other sections of the plant following in very rapid succession.

Many of the citizens of this town are sleeping out on the prairie in tents which were quickly dispatched here by order of Governor Hanley. Soldiers were also sent by the governor to stand guard over the ruins. A systematic effort is now being made to repair the houses and it is thought that within a short time most of them can be made fit for occupancy again.

It is understood today that the state authorities will immediately begin a thorough investigation in an endeavor to ascertain the cause of the explosion. No additional deaths were reported this morning. A systematic search for the bodies of victims in the debris has been going on ever since the fire subsided and will be continued until it is certain that all the bodies of the dead have been recovered.

The total number of killed will, in all probability, never be known. The loss to the powder company in property is estimated at \$500,000, including 65,000 kegs of powder stored in the machine which exploded. The property loss in the town will exceed \$500,000.

Dr. W. F. Williams, of Terre Haute, surgeon in charge of the Fontanet mills, today compiled an official list of the known dead and seriously injured, a copy of which was forwarded to the company at Wilmington, Delaware. The list contains 31 dead and 20 in a serious condition.

Withheld News of Disaster From Vice- President.

New York, Oct. 16.—The marriage of Alfred I. Dupont de Nemours, vice-president of the Dupont Powder company of Delaware, and Mrs. Alicia Maddox, his second cousin, took place at the Plaza Hotel in this city yesterday. Neither Alfred Dupont or his brother, Morris Dupont, who is the active head of the powder company, was allowed to hear the news of the explosion at Fontanet, Indiana, until today. Their friends believed that the brothers would insist on a postponement of the wedding in order that they might hurry to Indiana and render aid to the unfortunate victims of the explosion. Mrs. Dupont is the daughter of Judge Bradford, of the United States circuit court.

THREE RECRUITS FOR U. S. ARMY

Peter Alarid, Lynn Scott and Benja- min T. Baca Become Soldiers of Uncle Sam.

The U. S. Army recruiting office in this city which was established a few days ago has secured three recruits in the persons of Peter Alarid, Lynn Scott and Benjamin T. Baca, who passed a very satisfactory examination.

All of the recruits accepted here will be sent to Ft. Bliss, Texas, from which place after a month and half's duty they will be assigned to various branches of the army. Alarid left last night for Fort Bliss and Scott and Baca who enlisted yesterday will follow him later.

Private J. H. Huau, who is acting as recruiting officer here will be joined in a few days by an assistant who is at present stationed in Albuquerque.

TELEGRAPHERS ASK FOR OLD JOBS BACK.

San Francisco, Calif., Oct. 16.—Superintendent Miller of the Western Union Telegraph company reports that seven striking telegraph operators applied for their old positions back today. Five of them were given employment.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

AFTER ALL THIS IS A NATION!

It is becoming very apparent that the United States is a nation and that as time advances new questions arise and the best interests of the nation demand that in considering them the United States must act for what is best for the greatest number. This may be called centralization or assumption of powers not granted by the constitution or despotism or monarchical government but the tendency of the times is that it shall come and must come. There must be regulation of the great financial corporations, especially those that manage what are called the public utilities of the country and which do an interstate business, whether railroads, in transportation or in money, insurance or anything else that effects stockholders who live in the various states of the Union.

The Kansas City Times, independent, Democratic in politics, discusses the situation not from a political standpoint but fairly and dispassionately when it says that in view of recent exposures relating to the financial manipulations in railroad properties, in traction corporations, in Standard Oil and other big corporate concerns engaged in interstate business, can any person of intelligence blind himself or hope to blind others to the absolute necessity for better protection of the general public and for the army of stockholders on whom the manipulators "unload"? And can anyone question the wisdom and the timeliness of President Roosevelt's advocacy of laws to give the Federal government in some way authority to supervise these great interests?

They have enjoyed a license that would be either imaginary or answered by the fact that it has been in nearly every state; that in Great Britain the government supervision of frequent financial standing; that nowhere else is there a tolerance of such license, such looseness and such demoralization of the rules of ethics and justice in the great business of a country as flourish in the United States.

The professed fear of "centralization" is a mere bugaboo, held up to frighten those who cherish jealousy the fundamental principles of democratic government. Democracy must demonstrate its capacity to meet natural developments. The corporations have become centralized; finance has been centralized; it is inevitable and essential that control must be centralized in order to cope with the evils of centralized wealth and business promotion. States cannot effectively govern interstate institutions. The Federal government must begin where the capacity of the states end. The President is right. He is to be supported for his timely agitation of this great question. There can be neither security nor justice, neither economic stability, until the evils of loose capitalization, predatory manipulation, fraudulent organization and financial graft in these interstate corporations is checked by the strong hand of the national government. After all this is a nation rather than a union of states.

EL PASO'S TRADE EXCURSION WILL HELP NEW MEXICO.

The fourth annual trade excursion into New Mexico under the auspices of the Chamber of Commerce of El Paso is scheduled to visit certain sections of New Mexico including the city of Santa Fe. It will go west as far as Silver City and north as far as Socorro on the Santa Fe Railway, north as far as Santa Fe via the El Paso and Southwestern and the Santa Fe Central, and thence over the Eastern Railway of New Mexico to visit Roswell and other leading towns in the northeastern part of the territory. The excursion is undertaken for better acquaintance and that the El Pasoans may learn something of the great territory to the north of their city and of its claims for statehood. To be sure the El Paso Chamber of Commerce is after business and to extend the trade territory of its city. That is right and proper and the New Mexican wishes very devoutly that New Mexico cities have more of El Paso's enterprise and vim. On the other hand the knowledge and information concerning the Sunshine Territory which will be obtained by the visitors will be beneficial and

will make statehood boomers out of them. What New Mexico wants just now is all the statehood boomers it can possibly procure.

Discussing the excursion the El Paso Herald, the leading and best paper in the Pass City remarks:

"Now the program for the fourth annual trade excursion is well in hand and the itinerary has already been decided. It should be understood from the very start that the El Pasoans are not going out on a big junket with the thought of being entertained at the towns where stops are made. Indeed, the members feel embarrassed when their visits are made in any sense burdensome to the people visited. The train will not only carry its own dining cars and full equipment for taking care of the party all the time, but it will also carry enough extra so that the El Pasoans will be amply prepared to entertain their friends as occasion may require.

"So, while due notice will be given all towns and cities where stops are to be made, it is not the wish of the El Paso bunch that any special effort be made on the part of these towns to entertain. The El Pasoans will want to meet the people and talk things over, and where the time will allow, they will want to look around the town and around the tributary country. A better acquaintance is what is sought and anything that will promote a better acquaintance will be welcome, but it is to be hoped that the towns visited will not go to trouble or expense on account of the El Pasoans' visit, for that would be embarrassing and would partly defeat the object of the trip.

"Anything the various towns and cities can do, in the time allowed, to insure a general meeting and getting acquainted, will, of course, be warmly appreciated. On the train will be standing for citizens, El Paso boosters, while, on the train, that is, so that the train will be utilized to the full and so that the El Pasoans will be having the pleasure of the real town-builders and state-builders of the territory to be visited. Once get the people together, and turn the El Pasoans loose among them, and the El Pasoans will do the rest; they won't need to be shown."

TERRITORIAL OFFICIALS INJURING THE STATEHOOD CAUSE.

It seems that several citizens of the county of San Juan are rather determined in the scheme to annex the county to the state of Colorado. Representative W. A. Haggott of Colorado visited Farmington recently and at a complimentary dinner given to him the plan was broached. According to report the congressman stated that he would cheerfully introduce a bill in the national House of Representatives which would provide for the annexation of San Juan county to the Centennial state. But in view of the chances of New Mexico's early admission into the union he did not think the annexation measure would stand much of a show in Congress. The movement should be frowned down by every patriotic citizen of the Sunshine Territory. It has nothing to stand on excepting a mistaken ambition and the personal desires of a few would-be leaders in the county; these are agitating and working to create a sentiment of the people in its favor and are circulating petitions to that effect. Two of the Democratic newspapers there have been enlisted in the plan, although men who call themselves Republicans are the leaders of it. One of them is A. M. Edwards who came to Farmington about two years ago and who was appointed by the fake reform ex-governor a member of the Territorial Bureau of Immigration. As a citizen Mr. Edwards has probably the right to advocate such a measure, but as a territorial official who is a member of a bureau charged with bringing immigration and capital into the territory his stand is very reprehensible, inexcusable and certainly against the best interests of New Mexico. Another man who is said to favor the plan is Price Walters, another fake reform appointee and member of the board of penitentiary commissioners. As a citizen Mr. Walters may have the privilege of expressing any opinion he chooses on the subject. As a territorial official he is in duty bound to the best he can for the benefit of New Mexico and certainly not endeavor to take from it one of its

fairest and best counties. While the entire affair may not amount to much it might make trouble in the fight for statehood and certainly Edwards and Walters, holding territorial commissions should take the hint.

Governor Curry, the head of the territorial administration, has placed himself unequivocally on record in favor of united support and loyal work for statehood and has counselled harmony and a putting aside of all factional strife and discontent. His example should be followed by territorial officials no matter how important or unimportant their office. If such are engaged in fomenting opposition to statehood or fostering any project injurious to the territory they should promptly be made to vacate the positions which they hold.

SUNDAY CLOSING IN NEW MEXICO AND ARIZONA.

Phoenix, the capital of Arizona, may be away ahead in civilization, in culture, in wealth of New Mexico's capital as is claimed by the Phoenix newspapers. In morality, in decency and in good citizenship, however, Santa Fe beats Phoenix all hollow. There they are having quite an agitated time of it over the question of closing the saloons on Sunday and the Phoenix Republican, while it admits that from a moral or religious standpoint no defense for open saloons on Sunday can be made, yet intimates very strongly that the fact that saloon license in the Arizona capital is one thousand dollars per annum and that many saloons cannot stand such a high tax unless permitted to keep open on Sunday as a matter of fair play, should be considered and reading between the lines of the editorial it may be taken that the paper is favorable to permitting the opening of saloons on the first day of the week. It is none of the New Mexican's fight but this is simply cited as an instance how these fellows in Arizona are arrogating to themselves a supremacy over New Mexico to which by existing conditions they are not entitled and which is not borne out in fact. In New Mexico the Sunday closing law is fairly well observed, although in Albuquerque it is more or less of a dead letter. In Arizona the reverse seems to be the case.

ORGANIZE STATEHOOD LEAGUES.

The formation of the first county statehood league in the territory in this city yesterday is a great step forward in the right direction and the New Mexican hopes that the people of every other county in the territory will follow suit. Organization is always effective and especially in a good cause a league is a better force than a mob. The territory is a vast one and the work and effort required to bring about a change in the voters' action and efficient action and they can individual vote, individual distribution, the great statehood, progress praying for statehood, framed and circulated, signed and forwarded to Delegate W. H. Andrews for filing with the proper committees in the House and Senate and in other ways do efficient and timely work. It seems that the statehood iron is red hot and in the right condition for striking it and for welding from it the sovereign state of New Mexico within the next twelve months. County statehood leagues can properly be used as some of the hammers in striking this iron and bringing it to the shape of statehood. Now is the time and New Mexico is the place.

TIME FOR DISCUSSION AND ORGANIZATION.

The city of Santa Fe is suffering grievously on account of the rotten management of the public utility corporation that controls its water and light service. In the next city election a city administration that will stand by the rights of the people, the property owners, and taxpayers and that will not be subservient to a corporation controlled by financial scavengers for their own use and benefit should be elected. After all it is but six months to that election and it is time to commence discussion of the present disastrous and uncomfortable situation in these lines. Sure, those in the pay of this corporation will set up a howl against this discussion and agitation. That is what they are getting pay for. But the citizens who have the real interest of the city at heart and who want decent service for the high rate which they pay for water and light, should unite and bring about a better administration of affairs. This can be done if they will and for their own sakes and for their own benefits they can organize in due course of time to bring about a greatly needed change.

The people of New Mexico want self government and will make a strong effort to obtain it during the first session of the 60th Congress. With leaders in the front rank of the movement like Governor Curry, Delegate W. H. Andrews, Chairman H. O. Bursum of the Republican Territorial committee, National Committeeman Solomon Luna and many other prominent citizens of both parties success bids fair to be achieved.

The New York Herald has been trying to sell the Philippine Islands for the past two years but has not yet succeeded. Even a great newspaper fails at times.

WHY SO WEAK?

Kidney Trouble May Be Sapping Your Life Away—Santa Fe People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, become weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Santa Fe testimony to prove it.

Jose Ortiz y Baca, living on Alto street, Santa Fe, New Mexico, says: "From a short use of Doan's Kidney Pills I derived benefit which gives me just cause to vouch for the efficiency of this medicine. At intervals for three years I was more or less troubled with pain in my back and seeing Doan's Kidney Pills highly recommended for this complaint I procured a box at Ireland's Pharmacy and after taking them as directed I was relieved in a short time and in every sense of the word the result was satisfactory. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The New Mexican Printing Company is prepared to furnish cards de visite for ladies or gentlemen on short notice, in first class style at reasonable prices, either engraved or printed. Call on the New Mexican Printing Company.

DeWitt's Kidney and Bladder Pills relieve backache, weak kidneys, and inflammation of the bladder. Sold by the Ireland Pharmacy.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railroad, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids, and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m., the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. Henry P. Bardshar, Thomas P. Gable, Edward Ehle and W. H. Kerr left this morning on a hunting trip south of the city, going thither in quest of the toothsome mountain quail and other wild game.

Hon. Frank W. Beach of Orogrande, ex-member of the 37th Legislative Assembly, and interested in mines in the Orogrande district, has gone to St. Joseph, Missouri, and will be absent two or three weeks.

Frank C. Bope, bookkeeper at the territorial penitentiary, has returned from a brief visit to Las Vegas, where he formerly resided. Mr. Bope was police magistrate and a justice of the peace in the Meadow City for several years.

Dr. and Mrs. Harry M. Smith of Las Vegas, who have been visitors in the Capital for a few days, left this morning for their home in the Meadow City. Dr. Smith was here in attendance on the meeting of the Territorial Board of Health of which he is a member.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

led by Mrs. Lee Nutter of Las Alamos have gone to Kansas City, Missouri, in Mr. Kurn's private car. They will be absent a week.

Probate Clerk George W. Armijo left this afternoon for El Paso, Texas, summoned there by a telegram informing him of the serious illness of his wife, who is in a hospital in the Pass City. Mrs. Armijo went to El Paso a few weeks ago for her health.

Mr. and Mrs. Alexander M. Speer left this morning for Mr. Speer's new station at Spokane, Washington. They went via the Denver and Rio Grande Railroad. Mr. Speer will perform the duties of a special agent of the general land office at his new post.

Mr. and Mrs. John Fielding, Sr., of Pittsburg, Pennsylvania, arrived in the city last evening on a visit to their son, John Fielding, Jr., a clerk in the general offices of the Santa Fe Central Railway. The latter accompanied his parents from Torrance, where he went to meet them.

H. D. Windsor who is one of the early settlers on what is now the Pecos national forest having made a homestead there over thirty years ago and family, have moved to this city and taken up their residence here. Mr. Windsor has leased his fine ranch property on the Upper Pecos river.

Probate Judge Victor Ortega whose home is at Chimayo, in the northern part of Santa Fe county, is in town on a visit to friends. Mr. Ortega says that good crops of cereals and alfalfa as well as vegetables have been the rule in the Chimayo valley this year and that the fruit crop there was a failure on account of late frosts.

Hon. James M. Freeman, attorney of Greeley, Colorado, who has been in the city several days, a guest at the Palace hotel, left this morning for Alamosa, on land business. From there he will go to his Colorado home, and will, in two weeks, return to Rio Arriba county to be present at the survey of a land grant in which he, Denver capitalists, and ex-Governor L. Bradford Prince are interested.

Thomas Elliott, of McIntosh, was in the city yesterday en route from Albuquerque, where he attended the territorial fair, to his former home at Wichita, Kansas. Mr. Elliott was one of the founders of the town of McIntosh, and he is sanguine of the future of the Estancia valley. He says the exhibit of agricultural products from the Estancia valley at the territorial fair was better than any of the displays from other sections of New Mexico.

Edward C. Burke is in the city for a visit of a few days and to attend to some personal business. Mr. Burke recently leased the ranch of H. D. Windsor near the headwaters of the Pecos river for a period of two years. He has been staying on the ranch for some time and his health has improved so satisfactorily as a result of the outdoor life that he decided to engage in the ranching business. Mr. Burke was formerly private secretary in the attorney general's office.

cordially invited.

The Santa Fe Central Railway today
handled a car containing an immigrant
outfit from Fayette, Missouri, bound
for Stanley. The car contained some
good stock and farming machinery. In
addition this same road also handled
a car of farming machinery consigned
to E. Romero at Estancia. These are
among the many indications that the
Estancia valley is developing into a
first class farming section.

WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain
scenery, get a change, live a new and fascinating life under new conditions,
and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest moun-
tains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and
temperature identical with Santa Fe. Its streams swarm with trout
and the woods and ranges are filled with game large and small. The
ranchers live the life of the west. There are mountain lion, bears, deer
and wolves for the hunter. There are saddle ponies to be had for the
asking, rooms in a big, rambling ranch house with wide verandas, tent
rooms or a cabin if you want it. The days are never dull. You see a
great ranch and the genuine western life. Fresh milk, butter and eggs—
all you can drink and eat. Sleep in blankets at night—fish in your shirt
sleeves during the day. You couldn't spend more than \$9 a week if you
tried. It's the place you are looking for. Accommodations for both men
and women.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

PRISONER FOILED IN ATTEMPT TO BREAK JAIL.

Las Vegas, N. M., Oct. 16.—George Brewer, confined in the county jail here, awaiting trial on the charge of forging a railroad ticket, was caught in the act of breaking jail here by Deputy Sheriff Enrique Sena. Sena entered the jail late at night to make a trip of inspection, when he discovered that Brewer had sawed several bars of his cell in two with an improvised file made by notching a pocket knife. Had no one discovered Brewer he would no doubt have easily effected his escape during the night. This act on the part of the prisoner has led the officers to believe they have made an important capture.

Take something now and then to help the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat. Sold by the Ireland Pharmacy.

ARRESTED CHARGED WITH TRAIN ROBBERY.

Las Vegas, N. M., Oct. 16.—Frank D. Sweeney, who was sentenced by Judge Mills at the last term of court to serve six months in the county jail for breaking into a Santa Fe box car, at Chapelle, served out his last day yesterday. When released he was immediately taken in charge by a special officer of the Santa Fe on a warrant charging him with train robbery, and was taken to Albuquerque, where he will be held for trial on the new and more serious charge.

Afflicted With Sore Eyes for 33 Years
I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earle, Cynthia, Ky. Chamberlain's Salve is for sale by all druggists.

Rings Round Eyes

J-19-

The pills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

SANTA FE, NEW MEXICO

SANTA FE REBUILDS CONNECTING LINK

Spending \$5,000,000 On Its Line From Texico to Woodward, Oklahoma.

Texico, N. M., Oct. 16.—Over five million dollars will be spent by the Santa Fe in rebuilding its lines from Texico to Woodward, Oklahoma, according to figures furnished by Avery Turner, vice president and general manager of the Pecos Valley lines of the system, who was here last week from Amarillo headquarters en route to Austin.

Grading and relaying of steel for portions of the work are already in progress, several crews and over one thousand workmen being engaged in the undertaking. The distance between the two objective points is 270 miles, and 75-pound steel rails are to be laid for the entire length, replacing lighter steel used in originally constructing the line, with the sole view of handling cattle shipments. The object of the rebuilding is to reduce the grade and curvature and prepare the division for the handling of an immense transcontinental tonnage, to be partially diverted from the present line to the Pacific coast.

Vice-President Turner says that it is proposed to reduce the grades of this 270-mile section to one-sixth of 1 per cent, which will be wonderfully low, compared to other transcontinental lines.

Another feature will be the straightening out of the line enough to reduce the mileage fully five miles. Old roadbeds for miles and miles will be discarded entirely, and it is estimated that one hundred miles of the rebuilding will cost more than double the original expenditures.

Among the most modern improvements involved in the rebuilding process will be the placing of all stations upon light grades and evenly spaced, in order that trains may slow down and get good starts without losing so much time and spending much power. This will be somewhat of an innovation in Texas railway circles.

Arrangements will be made to establish the block signal system to double the capacity of yards at all stations, to establish small shops at each division terminal points, and to make the division among the best in the country in every particular.

When all the ballasting of the rebuilt district is complete, over \$5,000,000 will have been expended.

AUTO SCHEDULE IS ARRANGED

Buzz Wagons Making Regular Trips From Estancia to Albuquerque—Other Duke City Notes.

Albuquerque, N. M., Oct. 16.—The automobile schedule to Estancia, Willard and Moriarty, from Albuquerque has been arranged. The machines leave this city each morning at 8:30 a. m., and leave Estancia each morning at the same time. The trip is a delightful ride through the canyons and across the plains. The line has since it started been well patronized, each car being full of passengers. The rate is reasonable and the short cut to the Estancia Valley means much to business men of both sides of the mountain.

J. H. Bearup, the head of the Rio Grande Woolen Mills of this city, left yesterday for Guthrie, Oklahoma, where he goes as a delegate to the Western Farmers convention. Mr. Bearup expects to make addresses on the advantages and opportunities of New Mexico and to boost especially for Albuquerque.

The coal situation at Albuquerque has become so exasperating over the unwarranted raise in price and the general belief in short weights given by the old coal companies that a number of local men are arranging to ship in coal. W. L. Trimble is announcing coal at \$6.50 a ton for November delivery. The prices quoted for soft coal by the regular companies is \$7.50 per ton.

Captain W. E. Dame arrived yesterday from Hermosillo, Mexico. He was called to the city by the news of the death of his wife. Mrs. Dame was buried here yesterday, the services being held in the Episcopal church. Burial was made in Fairview cemetery.

The Grand Lodge of the Ancient Order of United Workmen is in session here. There are thirty-six lodges in the jurisdiction and most of them are entitled to two delegates. George W. Brown and H. B. Claire of Phoenix, two head men of the order, have been in the city several days working up the convention.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Michigan. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

The New Mexican prints the news.

Train report at 3 p. m.: The Santa Fe branch train will leave for Lamy at 5:15 to make connections with east and west bound trains; the Denver and Rio Grande is one hour late and the Santa Fe Central on time.

It took the Denver and Rio Grande passenger train thirteen hours yesterday to make the trip from Antonio, Colorado, to Santa Fe. Two engines broke down on the trip and it was at 11 o'clock, seven hours late, that the train arrived here.

At the meeting of the Archaeological Society on Friday evening at 8 o'clock, in the Laughlin offices in the Laughlin block, steps will be taken to establish a branch of the Archaeological Institute of America in this Territory so as to secure for Santa Fe the right to be a depository of part of the prehistoric relics that will be recovered in the cliff dwelling region by scientific excavations. Other important business will also come up for discussion and action.

JUDGE B. S. RODEY HAS TROUBLE

Salaries of U. S. Court Officials and Witness Fees Not Paid Since January.

San Juan, Porto Rico, Oct. 16.—The insular government of Porto Rico has refused to honor United States Marshal Hubbard's requisition for funds with which to pay the expenses of the federal court on account of the marshal's failure to conform to the provisions of the law passed at the recent session of the legislature, changing the former methods of disbursements of funds of the island. In this respect Mr. Hubbard claims that the law does not apply to him as he acts in the capacity of a disbursing officer. He further maintains that the salaries of federal court officials and witness fees have not been paid since January last. One case, it is added was referred to Attorney General Bonaparte for a decision in the matter.

United States Judge B. S. Rodey threatens to institute mandamus proceedings against the insular officials and to cable Attorney General Bonaparte to decide the questions in dispute. Judge Rodey was formerly delegate to Congress from New Mexico.
