BIG FAILURE IN WALL STREET

Heinze Brokerage Firms Suspend Operations

SLUMP IN COPPER CAUSE

F. Augustus Heinze Resigns Presidency of Mercantile Bank as Result.

New York, Oct. 17.—F. Augustus Heinze, president of the United Copper company, a crisis in whose affairs was reached on the stock exchange yesterday, said today he was considering the question of resigning the presidency of the Mercantile National Bank of this city.

"The troubles of the United Copper company," said F. Augustus Heinze today, "are internal and were brought about by differences between certain interests. I have much to do at this time in bringing about a settlement of the company's affairs and there is nothing more that I can say at this time."

Brokerage Firm Quits.
Otto Heinze and Company made the following statement at the opening of the stock exchange today:

"Arthur P. Heinze is no longer a member of the firm of Otto Heinze and Company. The company feels itself perfectly solvent and will pay all its just and legal obligations in full. The firm, however, refuses to pay any obligations which it does not consider legal or just until proper adjudication of the matter has been made. Rather than submit to any unjust demands it prefers to permit itself to be temporarily suspended from the privileges of the New York stock exchange."

The sentiment in Wall Street today was divided between a feeling of relief that the situation created by the United Copper manipulation had been cleared up and a nervousness lest the failure of Gross Fleeborg, brokers for Heinze, might have an unfavorable effect generally. That the firm's claim that their inability to meet the obligations was due to the purchase of United Copper, which was made by Otto Heinze and company, but not accepted by them, brought the name of F. Augustus Heinze into Wall Street comment, although it is denied he is interested in the firm of Otto Heinze and company.

F. Augustus Heinze, president of the United Copper company, has been a feature in New York financial circles since the settlement of his long drawn out litigation with the Amalgamated Copper interests. It is understood he received a large sum in cash as a part settlement and he soon afterwards became president of the Mercantile National bank, one of the largest financial institutions of this city.

Bank Directors Decide On Change
Late last night there was a conference on the situation and afterwards it was rumored that Heinze had agreed to resign the bank's presidency today and that he would be succeeded by William B. Ridgely, comptroller of the currency. Ridgely, however, denied that he had accepted the presidency, but Heinze said today he was considering resigning.

The situation in copper has been unfavorable for some time and today it was announced that following the policy of the Amalgamated Copper company in restricting its output, the Clarke and Phelps-Dodge interests and the Cerro de Pasco Copper mines in Bolivia have reduced their output 75 per cent.

The suspension of Otto Heinze and Company, was announced on the Stock Exchange this afternoon.

F. Augustus Heinze resigned the presidency of the Mercantile National Bank today. W. B. Ridgely, comptroller of the currency, has been invited to accept the presidency.

Starts Run on Butte Bank.

Helena, Mont., Oct. 17.—A special from Butte states that because of the suspension of what are known as the Heinze brokerage firms in New York a run was started today on the State Savings Bank here in which F. Augustus Heinze is a leading stockholder and director, and that the bank, availing itself of the thirty days' privilege, closed its doors. None of the other banks it is said are affected. They experienced no runs. The deposits of the bank in question are in the vicinity of \$4,250,000, and in the savings department about \$1,250,000. The latter deposits are largely from the working people of Butte. The state also has about \$75,000 of state funds in the bank.

The following bulletin was posted on the door of the bank:

"Because of the unsolid conditions

MEXICO SEEKS RE- TURN OF TRAITORS

Determined Alleged Revolutionists Seized at Los Angeles Shall Be Taken Back For Trial.

Los Angeles, Calif., Oct. 17.—Oscar Lawlor, United States district attorney here filed a complaint charging Villareal, Magon, Rivera and De Lara, four Mexicans, who have been in jail here several weeks with violation of the neutrality laws.

The Mexicans are accused of being revolutionists and instigators of a movement to invade Mexico with armed forces to overthrow the republic. Mr. Lawlor today asked the court for an order of removal to the jurisdiction of the United States court in Arizona, where it is said that a much stronger case against the four men can be made.

The Mexican government has sent word to the United States authorities here countermanding the application for extradition. It is said among federal officials that the government of Mexico is to go about the matter in a different way to accomplish getting the four Mexicans into Mexico so that they can be handled under the laws of that country. The imprisoned men were greatly exercised over the report that they were to be surrendered to the Mexican authorities.

LUMBER WAR AT TULAROSA

Alamogordo Lumber Company Shuts Off Supply of Local Dealer Who Is Forced to Suspend.

Alamogordo, N. M., Oct. 17.—At Tularosa, a few miles north of here, a lumber war is on. R. B. Fields, a local lumber dealer, who has been buying most of his lumber from the James Canyon mill, owned by W. E. Carter, suddenly found his supply cut off. The Alamogordo Lumber company, making a contract for the entire output of the mill. The Alamogordo Lumber company then contracted to furnish lumber of the Lumley Lumber company at Tularosa.

Mr. Fields will now buy his lumber from Texas mills and expects to re-enter business as soon as his orders can be filled at the mills. When the stock arrives a merry war is expected and Tularosa will then build cheaply. A new school building is in course of construction at Dog Canyon Station and a number of business houses are being constructed. A postoffice has been petitioned for the place, the name to be changed to Camp. The commission is expected to arrive in a few days.

The Alamo Cement and Plaster company has its factory at that station, which is located on the Cloudcroft extension of the El Paso and Southwestern Railroad.

RODEY IN FAVOR OF SINGLE STATEHOOD

Writes to Governor Curry Explaining His Attitude—Says He Is Boosting For Proposition.

U. S. Judge Bernard Shandon Rodeny of San Juan, Porto Rico, formerly delegate to Congress from New Mexico, is anxious to be set right on the statehood question. In a letter addressed to Governor Curry the ex-delegate explains his position and corrects the impression that he is not in favor of the proposition.

Judge Rodeny says he is heartily in accord with the movement now underway to have New Mexico admitted into the union as an integral and sovereign state or words to that effect. However, he admits, with modest frankness that he does not believe an enabling act can be passed at the coming session of Congress, although he wants it emphatically understood that the thought is not the father of the wish, and he is doing all he can to help secure single statehood for New Mexico.

ALLEGED HORSE THIEF ARRESTED

Romualdo Techillas Apprehended at Farming by Mounted Policeman J. B. Rusk.

According to advices received today at the headquarters in this city of the Territorial Mounted Police, Romualdo Techillas was arrested at Farmington by Officer J. B. Rusk on Tuesday. Techillas is alleged to have stolen horses from Navajo Indians, five of which animals it is alleged, he sold to parties in Santa Fe county. Of the eight horses all but one has been recovered. Two of them it is said were purchased at Albuquerque recently by a man from the Estancia valley. Techillas will be brought here for preliminary hearing.

ANOTHER EARTHQUAKE SHOCK IS RECORDED.

Washington, Oct. 17.—Another earthquake shock of much less violence than that of yesterday was recorded at the weather bureau shortly after 6 a. m. today.

NO MONEY PANIC SAYS HARRIMAN

The Country is Too Great and Prosperous.

TIGHTNESS ONLY TEMPORARY

Recent Agitation Against Corporations and Rail- roads Responsible.

Chicago, Ill., Oct. 17.—"Money is like liquid. The moment you place an obstruction in front of it, it causes a diminution of its flow."

This is one of the new financial aphorisms to which Edward H. Harriman, who came to Chicago to battle with Stuyvesant Fish for the control of the Illinois Central railroad, gave utterance when asked to express his ideas upon the future of the country.

"This obstruction," continued the Napoleon of the railway world, "has been placed in front of the liquid stream of money and has already caused a serious check in its flow. This obstruction is an apprehension which runs like a prairie fire through the land and has permeated the minds of the people. This apprehension has been caused partially, if not entirely, by the agitation against corporations in general and the railroads in particular and it will last until the people awaken to the fact that we must have a saner comprehension upon these important subjects."

Harriman further said that the country was to great and prosperous to have a money panic and was entering a natural and healthy period of reaction after which he said "We shall live slower and surer and more sane."

NEW HEAD FOR MESILLA PARK SCHOOL

Prof. McClenahan of Agricultural College, Made Superintendent—To Enlarge the Course of Study.

Agricultural College, N. M., Oct. 17.—Professor P. E. McClenahan, the principal of the preparatory department of the Agricultural College, has recently been appointed principal of the Mesilla Park public schools. This will make it possible for parents to place their children in the public school as soon as they are of school age and continue right on until graduation from the college. The course of study of the public school will be changed so that upon finishing it the student will be eligible for entrance to the preparatory department of the college. Many families move to Mesilla Park for the purpose of educating their children, and have heretofore found it necessary to place them in the independent public school; but with the new arrangement the pupil will be under one educational system from the time he enters school till his graduation. Many are moving in to take advantage of this opportunity and others will come as soon as houses can be found for them.

TAFT GUEST AT SOCIAL FUNCTIONS

Secretary Being Royally Entertained in Manila—To Outline Future Policy of United States.

Manila, P. I., Oct. 17.—Secretary of War William H. Taft of the United States, was entertained at luncheon today by Major General Leonard Wood, commander of the military division of the Philippines. This afternoon and this evening he attended receptions.

Secretary Taft is not inclined to discuss any Philippine issues until after the official banquet to be given in his honor on Monday night has been held, when he will outline the future policy of the United States government towards the islands.

HUNDREDS OF TOWNS INUNDATED

Late Reports From Southern France Confirm News of Disastrous Floods.

Paris, Oct. 17.—Dispatches from central and south France today, confirm the first reports of the destruction caused by floods there. The rivers Loire, Rhon'd Saon and their tributaries are raging torrents. In hundreds of cities and towns there is from two to ten feet of water in the principal streets. Great distress has resulted. Railroad traffic is utterly disorganized. The storm center is now moving seaward.

PREPARES FOR BITTER FIGHT

Standard to Pres- ent Strong De- fense

TO GOVERNMENT SUIT

Oil Combine Confident of Proving Itself Not Guilty of Charges.

New York, Oct. 17.—Counsel for the Standard Oil Company have prepared an elaborate defense in the government suit for dissolution of the oil combine, which they say will be developed in its entirety. The government's attorneys have concluded taking their testimony.

The Standard's lawyers say that they have not sought to adduce testimony on cross-examination of officials and employees of the so-called oil trust which would refuse the allegations in the federal complaint, but had deferred bringing out much evidence until later, when it could be produced continuously and in bulk. No intimation was given of the nature of the testimony which counsel for the trust would bring out.

A telegram was sent to William D. Rockefeller, assistant treasurer of the Standard Oil company of New Jersey, last night by counsel of the Standard, that the government desired him as a witness before the adjournment is taken on next Friday for a month.

Frank B. Kellogg, counsel for the United States, spent the entire day in placing on the record statements submitted by several witnesses showing the profits made by the Standard in the different localities of the country.

SECRETARY ROOT ON RETURN TRIP

Has Nothing But Praise to Say of His Trip to Mexican Republic—Loaded Down With Gifts.

San Antonio, Tex., Oct. 17.—Secretary Root, who is returning from his visit to Mexico, arrived here yesterday and after a twenty-minute stop, proceeded on his homeward journey. The secretary said he was astonished at the large number of Americans he found in Mexico, and speaking of President Diaz, he said:

"President Diaz is a great man, a man of wonderful breadth and power. I was surprised," he went on, "at the remarkable success that Mexico has attained in the effort to educate the Indian. Mexico has been far more successful than has the United States."

The Root party is bringing home hundreds of gifts from Mexico. Among them is a handsome pottery vase for President Roosevelt. Secretary Root paid the duty on everything without a murmur.

SCHWAB REACHES SAN FRANCISCO

Steel King Denies That Union Iron Works Are to Be Sold to Government—May Shut Down.

San Francisco, Calif., Oct. 17.—Charles M. Schwab arrived in this city last night and in an interview, said:

"I come to determine whether I shall continue to operate the Union Iron Works or close them down for good. There is no truth whatever in the statement that a sale of the works to the United States government is contemplated. We have lost money continuously during the last three years we have owned and operated the plant. On our last contract for three warships we lost over two million dollars. We have been hampered by a scarcity of labor and by industrial troubles."

BLAZE IN A COAL MINE IS QUICKLY EXTINGUISHED.

Monongahela, Penn., Oct. 17.—A small fire last night in Ellsworth mine No. 1, southwest of here, caused a report to be sent broadcast that a terrible explosion had occurred. The fire was quickly extinguished and as all the miners had left the mine no one was injured.

WIRE STRIKE MAY AFFECT ENTIRE GOULD SYSTEM.

Denver, Oct. 17.—It is predicted by Denver and Rio Grande operators that if the vote they are now taking on the question of striking is favorable, the strike will quickly spread to all railroads, included in the Gould system, involving 15,000 operators.

LOWE SECRETARY STATEHOOD LEAGUE

Appointed as Officer of Territorial Organization By Governor Curry to Look After Correspondence.

In order to expedite the handling of correspondence relating to the statehood question, Governor Curry has appointed Lawson D. Lowe, formerly chief clerk of the Law Revision Commission, as secretary of the "Territorial Statehood League." Mr. Lowe has already assumed his new duties and opened an office in the Capitol building.

Governor Curry has been receiving a mass of mail pertaining to statehood since the campaign was launched several weeks ago and this correspondence has been steadily increasing in volume. Mr. Lowe is an expert stenographer and the governor conceived the idea of having him take charge of the Territorial Statehood League publicity bureau in this city. Mr. Lowe will be furnished with literature concerning the resources of New Mexico to be used in disseminating information and any letters addressed to him on the subject will receive prompt attention.

Circular letters will be sent out in a few days to prominent people of the territory urging upon them the necessity of organizing statehood leagues in every county and arousing enthusiasm in the statehood movement.

New Mexico is now practically assured of statehood and the only thing likely to defeat the project is an indifferent attitude on the part of the people of the territory and their failure to unite in the common cause.

Citizens of the territory are requested to send into the office of the secretary of the league any information or data which may be beneficially used in behalf of statehood.

COURT SENTENCES RICARDO ALARID

To One Year's Imprisonment For Assault With Deadly Weapon—Appeal Granted to the Supreme Court.

Motions in arrest of judgment and for a new trial having been overruled, Justice of the Peace Ricardo Alarid who was convicted at the recent term of the district court of Santa Fe county on a charge of assault with a deadly weapon, was this morning sentenced by Judge John R. McFie to serve one year in the territorial penitentiary.

The motions interposed by counsel for the defendant were argued yesterday and taken under advisement by the court until today when they were overruled and sentence pronounced.

The case has been appealed to the Territorial Supreme Court. An appeal was prayed for and granted by Judge McFie. Bond was fixed at \$3,000 which was promptly furnished.

Judge McFie this morning also imposed a fine of \$50 and costs upon Juan Jose Ortega who was found guilty of assault and battery in the county court.

BURGLARS BUSY AT ALBUQUERQUE

Pawn Shop and Saloon Robbed—Two Suspects Arrested After a Hard Fight.

Special to The New Mexican.

Albuquerque, N. M., Oct. 17.—Yanow's pawn shop and the New York saloon were burglarized last night by unknown parties who entered the two places by breaking a window glass, after placing soaped paper over it. Dozens of pistols, several dozen razors and some old silver coins valued at \$50 were taken from the Yanow store and \$35 in money and \$40 in cigars and liquor were taken from the New York saloon.

Two suspects were arrested early this morning by the police after a hard fight, in which Officer Rossi was badly bruised, but as yet neither of the prisoners can be identified.

SAMPLE OF ORES ON EXHIBITION

Rock Containing Gold, Silver and Copper From American Group of Mines Near Santa Fe.

Several fine specimens of ore containing gold, silver and copper in paying quantities are on exhibition in the east show window of the Ireland pharmacy. A placard informs the passersby that the samples displayed were taken from the American group of mines which are located on the Pecos national forest at the head of Indian creek and about sixteen miles east of Santa Fe. These mines are being operated under a bonded lease by the Nevada-Goldfield Mining, Milling and Smelting company of which W. Tremaine Watson of this city is secretary and general superintendent. Two car loads of the ore are at Glorieta ready for shipment to the smelter and if the rock turns out as satisfactory as the assays it is said the company will begin extensive development work.

STILL WRANGLING OVER PROXIES

Slow Progress in Illinois Central Scrap

LIVELY TILT TAKES PLACE

Fish Flies Into Rage When Stockholder Questions One of His Statements.

Chicago, Ill., Oct. 17.—When the annual meeting of the Illinois Central stockholders reconvened today it was evident that the chances for a vote on directors today were very small indeed. The proxy committee which had worked the greater part of the night, had gone through the letters "A" and "B" and had gone a little way through letter "C". After some discussion of a "showdown" proposition, suggested by the Harriman forces, in which it was proposed that all the conflicting proxies should be thrown out, and which was objected to by Fish, an adjournment was taken until three o'clock that afternoon.

Fish Has Tilt With Stockholders.

At yesterday's meeting of the directors, Charles A. Peabody, president of the Mutual Life Insurance company, openly disputed a statement of Stuyvesant Fish on a certain matter. Fish became angry and shouted:

"Mr. Peabody, you cannot talk to me like that, nor is there a man living with inches enough to tell me I do not tell the truth."

As Fish, with his cheeks aflame, was striding from the room, Peabody began to apologize and a member of the board called after Fish and stated to him that Peabody was apologizing and was sorry for what he had said.

"I have not the slightest interest in what Peabody is or is not sorry for," shouted Fish, and he can go to blazes."

Peabody collapsed in his chair and Edward H. Harriman, who had watched the proceedings with amusement, said:

"Never mind him, Mr. Peabody, let him go and then we can get down to business."

MEXICAN CONSUL AT EL PASO REMOVED

Recent Disclosures of Wholesale Smuggling on Border Believed to Have Been the Cause.

El Paso, Tex., Oct. 17.—Francisco Mallen, for thirteen years Mexican consul here, has been ordered by his government to transfer his office to Consul Lomell, now stationed at Laredo.

This action is supposed to be the outcome of extensive smuggling operations recently discovered in Juarez by which Mayor Montemayor became a fugitive. Several department heads were removed, General Ricardo Rojas committed suicide and many subordinates were dismissed, and several prominent men jailed.

TRACTION MAGNATE DECIDES TO QUIT

Thomas F. Ryan Withdraws From New York Field—Will Assist in Solving Complex Problems.

New York, Oct. 17.—Thomas F. Ryan, one of the chief figures in the local traction field, is to retire from further participation in traction affairs, according to a statement published yesterday. Recent conferences between Ryan and August Belmont, presumably regarding the pending investigation of local traction affairs by the Public Service Commission, gave rise to the reports of Ryan's retirement. He will retire voluntarily, it is said, and will lend his aid as far as he is able for a solution of the problems which the traction managers are now facing.

KANSAS CITY POLICE TO ARREST ACTORS.

Kansas City, Oct. 17.—Unusual tactics are, it is stated, to be employed here in an attempt to close the local theaters Sundays by the arrest on Saturday morning of every actor and actress then in the city who may have played here in alleged violation of the law against working on Sunday. This would involve several hundred persons on the boards of sixteen theaters, large and small in Kansas City.

PSYCHOLOGICAL MOMENT FOR NEW MEXICO.

That the East has already accepted as a fact the proposed admission of New Mexico to statehood can be taken from the following grouchy editorial which appears in this week's edition of Collier's Weekly under the head: "The Next State, New Mexico to follow Oklahoma into the fold."

After nearly sixty years of more or less patient waiting, New Mexico at last finds statehood in sight. On his trip down the Mississippi, President Roosevelt committed himself to the admission of the Territory, inviting the governors of Oklahoma and of New Mexico on board his boat he said: "I want the governor of the territory that has become a state and the governor of the territory that is to become a state to ride with me." In the treaty of Guadalupe Hidalgo between the United States and Mexico, concluded in 1848, the American government inserted Article 3 of the Louisiana treaty; which gave the promise: "The inhabitants of the ceded territory shall be incorporated in the union of the United States, and admitted as soon as possible, according to the principles of the federal constitution, to the enjoyment of all the rights, advantages, and immunities, of citizens of the United States." The first state admitted under the pledge of the original Louisiana treaty was Louisiana, nine years after the promise was given. The last bit of the Louisiana purchase Oklahoma, is just now passing out of the territorial condition, one hundred and four years after the treaty of cession was signed. The proceedings under the Mexican treaty have been a little more rapid. California was admitted in 1850, two years after its acquisition, Nevada in 1864, and Utah in 1896. Parts of Colorado admitted in 1876, and of Wyoming, admitted in 1890, were also included in the Mexican cession. Only New Mexico and Arizona are still left outside of the union of states. Neither of those has yet had such a boom as to force its claims upon Congress. In 1876, New Mexico had 91,874 inhabitants, which was more than Colorado, Dakota, (then united,) Idaho, Montana, Nevada, Oregon, Utah, Washington or Wyoming had at that time. In 1900, the population of New Mexico was 195,310, and Colorado, the Dakotas, Montana, Oregon, Utah and Washington had passed her in the interval. But even now New Mexico is more populous than Delaware, Idaho, Nevada or Wyoming. She would have been admitted long ago if her people had been Americanized more promptly. When she comes in, Arizona, will be the only territory in the main body of the United States, and it will not be possible much longer to resist the demand for a final clean-up of the territorial system.

Without taking up the arguments advanced by Collier's Weekly, it is evident from its, as well as the expressions of other moulders of public opinion in the East and Middle West, that the powers that have made up their mind to admit New Mexico to statehood at once and Arizona soon thereafter, no matter what is being done or said at home or abroad. In the meanwhile, New Mexico must not let this psychological moment pass without a united, vigorous demand for statehood. It is to be regretted that the constitutional convention idea has been abandoned for the New Mexican believes that had a suitable constitution been prepared it would have hastened the admission of the territory by several months. But since the idea proves to be a stumbling block, the New Mexican, together with the Republican leaders, have abandoned it, rather than have it appear that New Mexico is not united in its demand for statehood.

Every citizen of the city and county of Santa Fe should aid in every possible way towards the plan looking to the passage by the 60th Congress of an enabling act for New Mexico. This city and county will be greatly benefited by statehood. The reasons are very plain, and will be fully discussed by the New Mexican from time to time.

The white livered sneak who acts as correspondent here for the Albuquerque morning paper is again sending out fake dispatches. The creature deserves not much attention and hence a line or two must suffice. In his dispatches he is trying to make mountains out of mole hills concerning court proceedings.

POLITICS FOLLOW THE FLAG.

That American politics and American trade follow the flag is becoming established as a maxim. While American trade has not followed the American flag as much as expected in the Philippines, yet it is doing very well and with better commercial relations between the United States proper and its Philippine island possessions and with a more liberal treatment of tobacco, sugar and rice produced in the islands, trade between the two sections would increase at a gratifying rate. As to politics the better and educated class of the Filipinos are taking to it in real American style, mixed of course somewhat with Spanish and Philippine ideas and idiosyncrasies, as ducks take to water. Discussing the political situation in far-off Manila the Kansas City Journal says that it was our own inimitable George Ade who issued the pronouncement that the cocktail follows the flag. As a corollary to this it might be truthfully observed that politics follow the constitution, and therefore whenever we find cocktails and politics there is life according to American standards. While the cocktails have not obtruded themselves to any alarming extent in the Philippines, there is certainly enough politics to make any American feel at home. Just now the historic "political pot" is boiling furiously in and about Manila because of the opening this week of the first Philippine assembly, at which Secretary of War William H. Taft delivered the presidential message.

Whatever may come of this first effort on the part of the people of the Philippines to learn the elementary principles of self-government, one thing at least will be accomplished. The assembly will be substantial assurance to the Filipinos, as well as to the rest of the world, that the United States intends carrying out its promises made when the islands came into our possession at the close of the Spanish war. We have spent a good many millions of dollars teaching the people of the Philippines the blessings of civilization and preparing them for the duties and responsibilities of self-government. It was but natural that a people who for centuries had been under the domination of grinding absolutism should be suspicious of strangers, and ours was a difficult work in the Orient. Yet even the most radical anti-Americanist cannot find room for complaint, and the crowning act of our preparatory training was the calling of the assembly.

It was fortunate that Secretary Taft arrived in time to be present at the opening of the assembly. The people of the islands know Mr. Taft most favorably and they have full confidence in him. It was Mr. Taft who shouldered the difficult task of creating order out of the chaos left at the end of the war of subjugation, and it was he that fashioned the scheme of colonial government for the islands, without a precedent in the history of the United States. Not to put too extravagant face upon it, Mr. Taft might be said to be the "father of the Philippines," and it will be a rare pleasure for him, no doubt, to revisit the scene of his former labors under such auspicious circumstances.

A NEW MEXICO TOWN SCORES.

New Mexico towns are forging to the front these fine autumn days in matters of enterprise and in pushing their business interests. An editorial comparison by the El Paso Herald as to the automobile line between Silver City and Mogollon and one between El Paso and Las Cruces is in point. Says the Herald:

"Silver City will have her automobile road into the Mogollon mountains long before El Paso has a decent road of any kind to Las Cruces. It is not the fault of New Mexico or of Dona Ana county that the road is not built. It is the fault of our own county commissioners, who have plenty of money in the road fund, idle in bank, to go ahead with, but who refuse to adopt any comprehensive plan or press the work of construction. As a result of their obstinacy, El Paso merchants are losing a great deal of valuable trade every day."

Colonel Bryan says he will be glad to stand aside if a better man than he for the presidency can be found, but as yet the colonel has given no indication who this man shall be.

The New Mexico statehood ball has been set rolling. Every good citizen should push it along and give it momentum and strength.

BEAUTIFUL ALAMOGORDO.

The following very pleasing editorial picture is painted by the El Paso Herald concerning the beautiful town of Alamogordo, the capital of Otero county and the New Mexican cheerfully reproduces the same to give it the widest possible circulation and as another instance that material and business conditions are constantly improving in the Sunshine Territory. Says the Herald:

"Alamogordo and El Paso are to be brought nearer together in a business way by the establishment of a new daily local freight service. Alamogordo is also to have the benefit of better freight service to Carrizozo and way stations. Alamogordo jobbers are looking out for the trade of these towns.

"The city is very prosperous, and is becoming more attractive all the time. The thousands of shade trees along all the streets and in the parks are thriving and have grown large. The people are taking pride in having an attractive city, and pretty dooryards with neat fences are common.

"Alamogordo has a 'west end,' and some very pretty homes have been built up on the slope where the mountain views are superb and the air is clear and bracing. The city is spreading rapidly, but the men who chose and planned the site had the future in view for out beyond the houses stretch the double rows of fine trees and the irrigation ditches. Alamogordo has ten years the start of El Paso in tree planting.

"The town has an abundance of water for both irrigation and domestic purposes. The operations of the lumber company in the mountains are on a larger scale than ever. The railroad is increasing its forces at Alamogordo headquarters. The town is becoming more important as a supply point. The adjacent lands are rapidly being occupied by homeseekers. Alamogordo is a flourishing town, and its future is bright."

THE DELAY IN THE OKLAHOMA CASE.

The Oklahomans are becoming anxious and want their statehood proclamation issued and signed by President Roosevelt. They have become restless under the delay and many of their newspapers are accusing the president of bad faith and a desire to kill statehood. In this they are both ignorant and vicious. The fact of the matter is that the president can not approve the constitution until the official election returns of Oklahoma and Indian Territory have been submitted to him at the White House.

The Kansas City Times explains the situation fairly and well in remarking editorially that the request from Oklahoma that notice be furnished as to the date when the statehood proclamation is to be issued has the appearance of a reasonable demand, but it has perhaps asked for information which cannot be furnished at the present moment. The Oklahoma election returns have not yet been officially canvassed, although a month has elapsed since the election was held. If the president is required to act upon statehood only when he is in possession of the official returns, it lies with the new state to hurry or retard the proclamation. Doubtless the president will give Oklahoma ample time to perfect arrangements for its statehood plans before his proclamation is issued; but under present conditions it seems that nothing more than a guess could be made by anyone as to when the country or the White House will receive accurate information as to the results of the statehood election.

It is a strange spectacle, this nation breaking its own laws, in order to attain a desired end, but that is what will be done in coaling the American warships and cruisers from foreign coalters, during the proposed cruise to the Pacific. The president will not let technicalities stand in his way when the good of the nation demands that such technicalities be overcome. Other strong presidents before him, from Jefferson to Lincoln, have tugged even at the American constitution until it creaked. But when a territory, with the tacit consent of the Department of the Interior, evades one or two provisions, which the president himself denounced as impracticable, in his recent Keokuk speech, then—but this is a different matter.

The women of the territory should be admitted, in fact urged to become members of the county and territorial statehood leagues. The welfare of this commonwealth affects them as much as it does the men and the success of such bodies as the Woman's Board of Trade, of Santa Fe, amply demonstrates their ability to become powerful factors in the moulding of the new state. Even from a more selfish standpoint, it will help the cause along, for the East will regard it as a sign of advancement and sincerity if the women join, shoulder to shoulder with the men in working for statehood.

Delegate Marcus A. Smith of Arizona says that New Mexico shall not be admitted to statehood by the 60th Congress unless Arizona shall be treated in the same manner and with the same liberality. Delegate Smith is a very nice fellow at a banquet and if there is a man in Arizona or in Washington who is a connoisseur in liquors and in wines it is the aforesaid delegate. Besides he is a companionable fellow and tells good stories. But this time he will find that these qualifications will not aid him in keeping New Mexico out of the union of states.

Many Santa Fe People Fail to Realize

the Seriousness

Backache is so deceptive.

It comes and goes—keeps you guess-

ing. Learn the cause—then cure it.

Nine times out of ten it comes from

the kidneys.

That's why Doan's Kidney Pills

cure it.

Cure every kidney ill from backache

to diabetes.

Here's a Santa Fe case to prove it.

Pasquale Yanni, living on College

street, Santa Fe, New Mexico, says:

"Some four years ago I gave a testi-

monial touching on the merits of

Doan's Kidney Pills. I then stated

that this remedy, which I procured at

Ireland's Pharmacy, had positively

relieved me of pain in the back which

had troubled me to quite an extent for

some time. If the primary cause of

this annoyance was not from the na-

ture of my work it was surely aggra-

vated by sitting at the bench and be-

ing in a stooped position for at such

times my back was especially painful.

The claims made for Doan's Kidney

Pills were positively carried out in

my case for not only did they give

strength and tone to the kidneys, thus

freeing me from the backache, but

effected a cure that has been absolute

and permanent up to date.

MINES AND MINING

The Engineering and Mining Journal, one of the foremost authorities on mining in the country, is a close observer of conditions in New Mexico. In its latest issue it contains the following notes from the several districts in this territory:

Grant County.

Lordsburg.—The \$5 mine is equipped with steam hoist and air drills and is cutting a 600 foot tunnel to intersect the emerald vein. The Robert E. Lee has been explored by a Pennsylvania capitalist, and on the Nellie Bly a good strike of bornite ore has been made. The Shannon has found new ore near the surface and the Alice at 300 feet. The Miser's Chest is stopping for shipment. In former days the Viola vein produced much good ore; the shaft is being re timbered with a view to an early resumption of shipment.

Stein's Pass.—The King and Queen Copper company and the King Kendall Mining company has acquired many claims around the Johnny Bull mine and will soon begin development. At the Granite Gap mine the shaft is approaching the 300-foot level.

Lincoln County.

Eagle Mining Company.—This company will soon have its 200-ton cyanide mill ready for operation. Ben Horner is working the Vera Cruz mine and has developed considerable ore on which a mill run will be made. On the H. and S. group, almost enough ore has been opened to warrant the erection of a small mill. Near Nogal, the Nogal Peak company is actively mining.

Carriazo.—W. A. Melvers is pushing operations on the Buster Brown and Mildon groups, which are being equipped with steam hoists and compressors. Near Capitan it is reported that Texas investors have bought some coal land.

Magdalena District.

Graphic.—Manager Joseph Brown is blocking out ore between the Waldo tunnel and the old lower workings of the Graphic, and has demonstrated that the ore body is continuous from the tunnel level to the old workings. Shipments of lead carbonates are made to the Deming smelter and of zinc ore to the works at Joplin, Missouri.

Mine Development company.—This company has connected the Tip Top tunnel with the south end of the Key workings. Ore bins have been constructed and shipments have been begun.

Misletoe.—An extension ore shoot has been developed in the main tunnel which will prospect the entire group and has been driven 1200 feet.

Success Group.—The Hill Brothers are preparing to ship ore from their group over the summit of the range at the south edge of the district.

Tri-Bullion.—This company is working on the Nit shaft and completing the mill and installation of machinery at the Kelly mine.

Otero County.

Jarilla District.—The tunnel through Lucky Hill for the tram road that is to connect the Cuprite, Herschberger, Turquoise and Lucky mines with the railroad at Jarilla, is about ready. At the Lucky mine exploring is being done by a diamond drill and at the cuprite a good strike of ore has been made at a depth of 150 feet. On the Monte Carlo property a surface equipment has been erected and the shaft is being sunk. The Last Chance has now reached a depth of 300 feet. The Turquoise has a quantity of copper ore ready for shipment and is experimenting on its second-class ore with a hand jig with a view of erecting a mill for its treatment. At the Southwest smelter in Oro Grande, the sampler and fire protection systems have been completed. Many delays have been experienced in getting this plant all ready to start, and it is a question if enough ore can be obtained for continuous running. The 28-mile pipe line from the Sacramento mountains, which furnishes water for the smelter and town of Oro Grande, will also be used for the gold placers on the south flank of the Jarilla range. The First National Mining Company expects to have a 100-ton winter, and the Moffitt company is installing a similar equipment. The Electric Mining company will try to get water for its ground on Baird hill by sinking a well to 1000 feet, and has ordered machinery for washing the gravel.

Rio Arriba County.

Bromide-Headstone District.—The Emerald mine, which shows rich ore, has been unwatered for examination by a representative of eastern capital. The Red Jacket company will soon start its new 50-ton mill, which contains a 6 foot Huntington grinder followed by amalgamating plates and tables for concentration. An eight-foot vein carrying gold has been pierced by a crosscut at the bottom of the Red Jacket shaft. On the Whale claim, owned by the Isabelle Mining company, a boiler and hoist has been erected and the shaft will be deepened to open out more of the ore. The 16 to 1 claim has been sold by G. F. Hall to Boston investors, who have installed new machinery and already have struck copper carbonate on the 150-foot level, that will pay to ship. The Bromide Copper company, which is backed by Pennsylvania capitalists, has watered its Pay Roll mine to the 250-foot level, where a large body of copper sulphides with gold is exposed. Manager Riker has put in a new locomotive boiler and a small Hendrie and Bolthoff friction hoist at the H. S. P. mine, and a contract has been let for sinking the shaft 100 feet deep.

er. The property is owned by New York people, incorporated as the Empire Copper Mining and Milling company. The Tusas Peak company owns the Jesse and Tampa groups and has a 400-foot shaft in the latter, in which a good body of copper sulphides has been developed by crosscutting. At Tusas, three miles from the mine, a Bruckner roaster has been recently added to the company's 150-ton leaching mill. The Milwaukee and New Mexico Mining company is preparing to develop the Sardine group, while on the Danbury group the recent work of J. P. Rinker has exposed considerable ore. In Spring gulch W. H. Ashton has been exploring his ground and has patented the Lucky Boy, Oro Fino and Denver claims, which adjoin the Whale mine. The Tusas Mining and Milling company is preparing to resume work in its Independence group on the Santa Fe, the tunnel is already 300 feet long, and is to be extended, while the Mineral Point owners claim to have 15,000 tons of \$7.50 ore blocked out.

PERSONAL MENTION

Mr. and Mrs. P. B. Delgado have returned home from a visit to their uncle, Modesto Ortiz, at Albuquerque. District Deputy Coal Oil Inspector Charles W. Fairfield, went to Espanola today to inspect a shipment of coal oil.

Arthur Judell of Las Vegas, who travels out of Kansas City for a shoe factory, called on customers today in the Capital.

Liberato Vigil, who lives near Espanola on a farm, was among today's visitors in the Capital. He registered at the Coronado.

Porfirio Abreau, farmer in the vicinity of Penasco, Torrance county, registered yesterday at the Normandie hotel. He came to the city on business.

M. A. Ross of Albuquerque, the timber expert, was an arrival yesterday in Santa Fe, and went north this forenoon over the Denver and Rio Grande railroad.

Deputy U. S. Marshal C. E. Newcomer arrived in the city today from Albuquerque and will probably be here several days in attendance on the U. S. district court.

George H. Goebel, of New York, a prominent Socialist, arrived in the city today from Albuquerque, where he has been for the past few days and delivered several speeches.

E. L. Carpenter of Dawson, superintendent of the company operating the big coal mines at that camp, was an arrival today in Santa Fe, and registered at the Claire. He came here on business.

W. W. Corbett, the civil engineer of the firm of Corbett and Smythe, has returned from Taos and Mora counties where he has been engaged for the past three months on an extensive surveying expedition.

Thomas Madden, a well known mining man of Torreon, Mexico, who was formerly located at Cerrillos, has been a visitor for several days in the city and at Cerrillos. He is en route to New York City on mining business.

John D. Barnes, local agent of the Wells Fargo Express company, departed last night for Stillwater, Oklahoma, where he will be the guest of friends for several weeks. John Bell will act as local manager during his absence.

City Freight and Passenger Agent G. H. Donart, of the Atchison, Topeka and Santa Fe Railway, left last night for Stillwater, Oklahoma, where he will spend a month's vacation visiting relatives and friends. He formerly lived at Stillwater and his wife has been on a visit to her parents there for several months.

William Farah will leave this evening on the west bound Flyer for Walla Walla, Washington, having been summoned thither by a telegram received today informing him of the critical illness of his brother, M. Farah, who is located in that city. The message today was the first intimation Mr. Farah had of his brother's illness.

W. D. Piper, manager of the Piper Construction company, of Pueblo, Colorado, which had the contract for the erection of the Mary James Presbyterian Mission School for Boys, will leave tonight for Pueblo. Mr. Piper expects to have the building here completed in another month, after which he will begin work on a large building contract at La Junta, Colorado.

Edward J. McNulty, a former resident of this county and son of John P. McNulty, of Cerrillos, is now in Arizona. He is manager of the Aztec Turquoise Mining company at Chiricahua, Arizona. Mr. McNulty is thirty-two years of age and has been in the mining business from the time he was in short trousers, having been with his father in the Cerrillos mining district since the latter went there, something like twenty-five years ago.

BERNALILLO NEWS ITEMS.

(Special Correspondence.)

Bernalillo, N. M., Oct. 17.—C. F. Spader company, of Sandoval county, has opened a meat market in the building opposite the Noedel mercantile store.

Bonifacio Montoya is shearing his sheep, preparatory to sending them back to the range. He thinks that the wool clip will be fine and of heavy quality.

D. Lease has just completed the roof on his new dwelling house opposite the court house. It will make a valuable addition to the town.

William Noedel has had his store and dwelling repaired inside and outside, which will add greatly to the appearance as well as to the service. The Bernalillo depot of the Santa Fe Railway, has been for the past week undergoing a general cleaning, including papering and painting. It is the first thing in a long while that indicates that the Santa Fe knows that Bernalillo is on the map.

A new photograph gallery has been opened for business with a good showing in sight.

John W. Sullivan, superintendent of the Hagan coal mine was in town Wednesday and reports things in his camp in a flourishing condition.

The alfalfa crop was fine this year, but fruits and vegetables were not worth mentioning. Fortunately alfalfa brings a good price.

are 50 cents.

Santa Fe Lodge No. 2, I. O. O. F.
will hold its regular weekly meeting
this evening at 7:30 o'clock at Odd
Fellows' hall on lower San Francisco
street.

Word was received here yesterday
to the effect that a baby boy had ar-
rived at the home of Mr. and Mrs.
Elias Clark of Alcade, who are
well known in Santa Fe.

An important meeting of the Arch-
aeological society of this city, will be
held tomorrow evening at 8 o'clock at
the office of Judge N. B. Laughlin in
the Laughlin block. All members are
urged to attend.

Two funerals took place within an
hour of each other this morning from
the Cathedral, and in both instances
interment followed in Rosario ceme-
tery. The first funeral was that of
the late Mrs. Trinidad Garcia de Pa-
dilla and the second that of Mrs. Cruz
Chavez de Ortiz.

The Woman's Aid Society of the
First Presbyterian church promise
something unique tomorrow evening
in "A Trip Around the World." For 50
cents one can take the trip and visit
the countries of Ireland, Germany,
Mexico, Japan and America. At each
place a supper representative of the
country will be served.

Felix Sandoval has purchased from
the Larkin Read estate through Ben-
jamin M. Read, administrator, the
house and lot on Upper Palace ave-
nue, which is located in the rear of
the property of David Gonzales. It is
understood the consideration was
about \$300. Mr. Sandoval, who is a
porter at the Palace hotel is prepar-
ing to move into the house with his
family on Monday next.

The attention of contractors is cal-
led to a notice elsewhere in this issue
of the New Mexican asking for sealed
proposals for the completion of the
basement, second story and attic of
the administration building of the New
Mexico Reform School at El Rito. These
bids will be received by the Board of
Trustees up to 12 o'clock
noon, November 15. Plans and speci-

WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain
scenery, get a change, live a new and fascinating life under new conditions,
and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest moun-
tains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and
temperature identical with Santa Fe. Its streams swarm with trout
and the woods and ranges are filled with game large and small. The
ranchers live the life of the west. There are mountain lion, bears, deer
and wolves for the hunter. There are saddle ponies to be had for the asking,
rooms in a big, rambling ranch house with wide verandas, tent
rooms or a cabin if you want it. The days are never dull. You see a
great ranch and the genuine western life. Fresh milk, butter and eggs—
all you can drink and eat. Sleep in blankets at night—fish in your shirt
sleeves during the day. You couldn't spend more than \$9 a week if you
tried. Its the place you are looking for. Accommodations for both men
and women.

WM. M. BERGER, Secretary.

The Belen Town and Improvement Company

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc. etc.; also a first-class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage as security, for one year, with 8 per cent interest thereon.

Apply at once for map and prices if you wish to secure the choicest lots.

SPECIAL TAX FOR CERTAIN MEDICINES

Internal Revenue Commissioner Renders Decision Affecting Compounds Suitable For Use as Beverage.

Washington, D. C., Oct. 17.—Commissioner of Internal Revenue Capers has rendered a decision relative to the manufacture and sale of alleged medicinal alcoholic compounds, where, on analysis it is found that the said alleged medicinal compounds are suitable for use as a beverage.

Summoning up an elaborate opinion the commissioner holds as follows:

"That a special tax is required for the manufacture and sale of alleged medicinal alcoholic compounds, or for the sale of malt extracts manufactured from fermented liquors, the drugs used in the manufacture of which are not sufficient in amount of character to render the product unfit for use as a beverage; or in the case of cordials, extracts and essences, in which the amount of alcohol is greater than is necessary to preserve the properties or cut the oils, and hold same in solution.

Manufacturers of alcoholic medicinal compounds, malt extracts, flavoring extracts, essences and soda water syrups, who wish to avoid liability for special taxes must satisfy themselves that their products are within the limits herein confined; and those who put out alcoholic compounds of doubtful medicinal value or containing a questionable process of alcohol, must do so at the risk of being required to pay special taxes for the manufacture and sale of same."

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Michigan. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

TUCUMCARI NOW HAS TWO BANKS

Latest is Quay County Savings Bank With Capital Stock of \$15,000, all Paid Up.

A territorial charter has been granted to the Quay County Savings Bank which was organized recently at Tucumcari and incorporated with a paid up capital stock of \$15,000. This makes the second banking institution now operating at Tucumcari. The Tucumcari Trust and Savings Bank has been doing business for some time. It was incorporated originally with a capitalization of \$15,000, but the total authorized issue of stock was increased recently to \$30,000.

The Quay County Savings Bank, according to its articles of incorporation will begin business at once. C. H. Fischer, who is designated as the territorial agent upon whom process can be served as required by the incorporation laws, is the cashier of the new bank. The first board of directors is composed of A. A. Blankenship, Theodore W. Heman, John E. Whitmore, V. W. Moore, A. A. Blankenship and P. H. Sisney, all of Tucumcari, and Mrs. E. G. Boyd, of Chicago, Illinois.

MANY SANTA FEANS WERE VICTIMIZED

By Bogus Representative of Denver Firm—Alleged Swindler Arrested at Leadville, Colorado.

Early in the summer quite a number of Santa Fe housewives were victimized by a man who represented himself as a representative of the Denver Dry Goods Company, and who took their subscriptions to the Pictorial Review in connection with a catalogue of the Denver Dry Goods company.

This week the alleged swindler who operated here and who signed his name as W. H. Wilson to the receipts for money he received, was arrested at Leadville, Colorado, and heavily fined. Upon his release he was again arrested and will be taken to the different places where he operated in New Mexico, including Albuquerque, Las Vegas, Raton and this city, and again prosecuted. It is very likely that he will receive a term in prison as a result of his operations in this territory.

His offense was the collection in advance of 45 cents for a subscription to the Pictorial Review and the promise of a catalogue of the Denver Dry Goods company for whom he represented himself as working for. A Raton woman, who felt doubtful of the man's statement, wrote a letter to the Denver Dry Goods company of the work he had done there and a large number of subscriptions he had taken and the manager of the company, M. E. Brown, took the matter up at once pursuing the man, whose name is given as W. H. Wilson, until he was arrested.

NOTICE TO OUR CUSTOMERS.

DEER ARE PLENTIFUL IN SOCORRO COUNTY.

Albuquerque, N. M., Oct. 17.—Edward Farr, who is in the city from his ranch in western Socorro county, says that deer are more plentiful in the territory this year than in many previous years. On the Farr ranch on the Manges river there is a field of alfalfa, containing about ten acres. One morning recently Farr counted twenty-three deer in his field feeding on the alfalfa.

SIGHTS OF SANTA FE

A brief outline of Points of Interest in and about the City of Santa Fe. A Guide for Tourists.)

(July, 1907.)

The Plaza.—Under the care of the Woman's Board of Trade. Here Quate camped and set up the banner of Spain in 1598. Here the Pueblos in the uprising of 1680 burned the archives and historical records of the Province. Here De Vargas halted in triumph after taking the city from the Pueblos in 1692. Here General Kearny planted the Stars and Stripes in 1846. Most of the thrilling historical and gala events for the past three hundred years have centered here.

The Old Palace.—Without doubt the oldest governmental building in the United States. Date of construction variously set from 1598 to 1607. Occupied as executive building by Governors under the Spanish, the Pueblo, the Mexican and American regime, last occupied as a residence by the present Acting Governor James Wallace Raynolds. Ceded by the Federal government to the Territory, the present owner, but which has voted to recede it to the Federal government as a National Monument. It is at present occupied by the postoffice, the Histor-

ical Society Museum, the Daughters of the American Revolution and the Territorial Republican Central Committee.

The Historical Society Museum.—In Old Palace. Open free to visitors. From 10 to 12 a. m. and 2 to 4 p. m. on weekdays, and 2 to 4 p. m. on Sundays. Contains fine collection of New Mexico antiquities and the most complete library of books relating to the history of the Southwest to be found in the United States outside of the Congressional Library.

Ben Hur Room.—In Old Palace. Here Lew Wallace, while Governor of New Mexico, completed Ben Hur. Key given to visitors at the postoffice.

Soldiers' Monument.—In Plaza. Erected by the Territory. Much criticized because it refers to the Confederates as Rebels.

Lamy Fountain.—In Plaza. Erected by Woman's Board of Trade in memory of the late Bishop Lamy, who introduced the orchard industry at Santa Fe and surroundings.

Masonic Building and Hall.—On south side of Plaza. Oldest Masonic Lodge in the Southwest. Many interesting historic relics in lodge room. Kit Carson was a member of this lodge.

The Kearny Monument.—In Plaza. Erected by the Daughters of the American Revolution.

The Fonda.—At southeast corner Plaza. End of the historic Santa Fe Trail. Now Exchange Hotel.

WITHIN FIVE MINUTES' WALK FROM PLAZA.

Roman Catholic Parochial School.—On Water Street.

Public Library.—On Washington Avenue. Built and maintained by the Woman's Board of Trade.

Federal Building.—Headquarters of Federal Land Office, Internal Revenue Service for New Mexico and Arizona, Surveyor General, Weather Bureau, Forest Supervisor of Pecos, Jemez and Taos National Forests, U. S. Attorney for the Pueblo Indians, and other Federal officials.

Cathedral.—On Cathedral Square. Original structure commenced in 1612, destroyed in 1680. Modern structure not complete. When complete to have twin steeples and to be cruciform. Contains a number of paintings by old masters. Reredos behind altar was erected by Governor del Valle and his wife in 1761. Fine old paintings and rich vestments in rear of Cathedral. From here start annually the famous Corpus Christi and the historic De Vargas processions. In rear of altar two Franciscan Friars, murdered by the Indians, are buried.

Loretto Academy.—On College Street. Oldest School for Girls west of the Missouri. Quiet cemetery in rear.

Kit Carson Monument.—In front of Federal building.

The Court House.—On Palace Avenue. Contains County Offices and Court Rooms.

Loretto Convent.—On College Street. Occupied by Sisters of Loretto.

He can furnish you with anything from boiling meat and reasonably priced rolled roasts to beef tender loins or crown roasts of lamb for the most elaborate function. We are selling No. 1 steer beef. If you have been eating cow meat you would find a change grateful to the palate. Pork, mutton, lamb and veal at all times. Try our hamburger.

OYSTERS.

For the future we expect to have ample supplies of SEALSHIP oysters. The supply has so far not equaled the demand, but we are now assured of an abundance of those pure, clean, full flavored blue points, direct from Long Island.

CELERY.

Plenty of fine, crisp, nutty home-grown celery now, 5 cents per head.

GRAPES.

California and Native grapes are now the best fruit in the market.

We have Tokays, Corinths, Malagas, etc.

Minor City Topics.

(Continued from Page Five.)

The Guild of the Church of the Holy Faith will meet tomorrow afternoon at 2:30 o'clock with Mrs. Boyle. J. S. Candelario, the curio dealer, today shipped a large consignment of Indian wares to Francis E. Lester, who has a large curio establishment at Mesilla Park.

Judge John R. McPhee yesterday purchased from Swayne S. Beatty the vacant lot on the east of his residence property on Manhattan Avenue. The consideration is private.

Mrs. George W. Armijo is not in a dangerous condition as reported, according to word received today from El Paso, Texas, where she went for the benefit of her health. She is said to be improving and her complete recovery is but a question of a few days.

Train report at 3 p. m.: The Santa Fe branch line train will leave for Lamy at 5:30 o'clock to make connections with east and west bound trains: the Denver and Rio Grande is 1 hour and 15 minutes late and the Santa Fe Central is reported on time.

This afternoon in the district court, the case of Jose Silva versus David Baca, involving the title of five different pieces of real estate, in this city, was heard. Baca is the step-son of Jose Silva and claims the title to the property through his mother. Mrs. Silva has been living in Trinidad for some years. Silva claims possession through his wife, H. L. Ortiz is attorney for Jose Silva and Candelario Martinez appeared for David Baca.

Washington avenue is being improved and will soon be one of the prettiest residence streets in the city. Residents on the street complain, however, that on the east side a missing piece of sidewalk should be immediately constructed and that is the space in front of the lot owned by ex-Governor W. P. Thornton and the Perea estate adjacent to the Gallegos property. The city council should no longer delay in this matter. As the owners of the property do not show any inclination to comply with the ordinance, the city should have the sidewalk laid and the cost should be charged against the property.

TEACHERS' INSTITUTE IN RIO ARRIBA COUNTY

Mrs. Nora Brumback of this city is acting as instructor and conductor of the teachers' institute of Rio Arriba county, which is being held at El Rito. This is the last of the county institutes to be held this year in New Mexico. The Rio Arriba normal school opened on Monday and will continue two weeks. Assistant Superintendent of Public Instruction A. M. Sanchez will address the institute at one of the sessions next week.

STOLEN HORSES FOUND AFTER LONG SEARCH.

Trinidad, Colo., Oct. 17.—Dick Hittell has just recovered a fine team of horses stolen last March. At that time a negro named Bud Miller appeared in Raton, Colfax county, New Mexico, with the team, and hired a carriage. Later he sold the outfit at Sanford, Colorado, for \$185. The outfit changed hands several times afterward and one horse was located at La Jara, Colorado, and the other at Chama, Rio Arriba county, New Mexico. Mr. Hittell traveled several hundred miles in quest of his outfit and has finally recovered it.

DIVIDENDS OF BIG MINING COMPANIES SHRINK.

New York, Oct. 17.—The Amalgamated Copper company today declared a quarterly dividend of one per cent as compared with two per cent the previous year. This makes the annual rate four per cent as compared with eight per cent the previous year.

The Boston and Montana Consolidated Mining company today declared a quarterly dividend of \$2 per share and an extra dividend of \$1. This compares with the quarterly dividend of \$2 and \$10 extra, declared three months ago.

START MADE TODAY IN BALLOON FLIGHT.

St. Louis, Mo., Oct. 17.—The balloon flights are scheduled to be made this afternoon. The flights will be made for a distance and no attempt will be made to race. The aeronauts intend to remain up all night if weather conditions permit. The weather is fair and ideal for the test.

SOUTHERN MAN BISHOP OF WYOMING CHURCH DISTRICT.

Richmond, Va., Oct. 17.—The House of Bishops of the Protestant Episcopal church today elected Rev. Frederick Foulke Reese, D. D., of Christ school, Nashville, Tennessee, as the bishop of the missionary district of Wyoming.

The New Mexican Printing Company keeps on hand a large assortment of blanks are carefully prepared in accordance with statute and will be found satisfactory. DEDICATION OF METHODIST CHURCH

At Estancia Will Take Place On Sunday, October 20—Party May Attend From Santa Fe.

The First Methodist Episcopal church of Estancia will be dedicated on Sunday, October 20, according to an announcement made by the board of trustees. Rev. Samuel Blair, D. D., of El Paso, who is superintendent of the English Missions of the New Mexico district, will officiate at the ceremony and deliver the dedicatory sermon. The church building is a very creditable one for a town of the size of Estancia. The estimated cost is \$2,500, and the pews will cost an additional \$250. If a party of ten or more will go from Santa Fe to attend the dedication a special rate will be made by the Santa Fe Central Railway good leaving here Saturday and returning Monday. Santa Feans who intend going should leave their names and addresses with Frank Dibert at the Santa Fe Central general offices.

TO RECLAIM 5,000,000 ACRES IN 1908

Government to Push Work on Vast Reclamation Projects in Southwest During Coming Year.

Washington, Oct. 17.—Secretary of Agriculture Wilson has divided the irrigation and drainage investigations of the office of experiment stations into two sections and promoted Dr. Sam Feltier, irrigation engineer, stationed at Berkeley, California, to be chief of irrigation investigations, and C. G. Elliott, chief drainage engineer, to be chief of drainage investigations.

As the result of construction of irrigation works by the government and private parties it is expected that five million acres of land in the west will be opened to settlement in 1908. The office of experiment stations will make a special effort to aid settlers in adopting the most economical and effective methods. It has made plans for the drainage of two million acres, principally in states east of the Mississippi river, during the past year.

FINDS PARAMOUR IN WIFE'S ROOM

Husband Who Returns Unexpectedly Attacks Interloper and is Slashed With Razor.

Las Vegas, N. M., Oct. 17.—William Allison, a Santa Fe engineer returned to his home unexpectedly yesterday morning at 2 o'clock. Finding R. M. Sloan, a brakeman, in the room with his wife, he attacked Sloan vigorously. Sloan was getting the worst of the encounter, when he drew a razor, cutting Allison's throat from ear to ear, almost severing the jugular vein. Allison was hurried to the Santa Fe hospital, where it was said he has but a slight chance of surviving. Sloan was arrested and is held in the county jail without bail pending the outcome of his victim's injuries.
