PERSONNEL OF BIG DELEGATION

Going to Wash- ington to Boom State- hood

EVERY COUNTY REPRESENTED

Over One Hundred Boosters May Make Trip to Na- tional Capital.

Governor Curry today made public the personnel of the big delegation which will be sent to Washington to assist in securing the passage of an enabling act for New Mexico if there is a reasonable chance of the bill introduced by Delegate W. H. Andrews going through at the present session of Congress. Over one hundred prominent and public spirited citizens of the Territory have been appointed and more will be added to the list as their names are presented.

Among the statehood boosters who have been selected as delegates at large are four former governors of the Territory, five former delegates from the Territory in Congress, the six justices of the Territorial supreme court, the chairman of the Republican and Democratic Territorial Central Committees, the Republican national committeeman of New Mexico, and two erstwhile prominent residents of New Mexico. Every county in the territory is represented by one or more delegates, the largest number being from Bernalillo and San Miguel counties, which are the two most populous counties in New Mexico.

Governor Curry will leave Sunday evening for Washington, accompanied by Hon. Solomon Luna, who is a member of the Republican national committee from New Mexico. The governor had intended starting for the national capital on Saturday evening but postponed his going owing to the proposed junket to Silver City for which plans were perfected late yesterday afternoon. Hon. O. Bursum, chairman of the Republican Territorial central committee will join them a few days later in Washington.

To Ascertain Statehood Sentiment.

Governor Curry and Messrs. Luna and Bursum are going in advance of the big delegation for the purpose of finding out the sentiment of the Congressmen relative to the admission of New Mexico as a state and doing whatever preliminary work is necessary. If they find conditions in the national capital favorable, word will be sent to Secretary Nathan Jaffa as acting governor ordering the big delegation of statehood boosters to Washington. If there is little likelihood of the statehood bill being passed at the present session of Congress the other delegates will be instructed not to make the trip as Governor Curry does not want them to be out of pocket for nothing. All of the statehood boosters who have been commissioned as delegates with but a few honorary appointments have voluntarily agreed to go if necessary and at their own expense. Several newspaper writers will accompany the larger delegation if it is sent as correspondents for the various daily papers in New Mexico.

As stated yesterday the first commission as a delegate to Washington in the statehood cause was issued to Numa Raymond of Geneva, Switzerland, who formerly resided at Las Cruces. Mr. Raymond has agreed to make the trip from his far away home if he was appointed as a delegate and he is numbered among the delegates at large. The other delegates at large are:

Delegates at Large.
Ex-Governor Miguel A. Otero, ex-Governor L. Bradford Prince; ex-Governor Horbert J. Hagerman, ex-Acting Governor James W. Reynolds, ex-Delegate T. B. Catron, ex-Delegate Trinidad Romero, ex-Delegate Antonio Joseph, ex-Delegate H. B. Ferguson, ex-Delegate Bernard S. Rodey, Chief Justice William J. Mills, of the Territorial supreme court; Associate Justice John R. McFie, Associate Justice Frank W. Parker, Associate Justice William H. Pope, Associate Justice Edward A. Mann, Associate Justice Ira A. Abbott, Solomon Luna, Republican committeeman, H. O. Bursum, chairman of the Republican Territorial central committee, A. A. Jones, chairman of the Democratic Territorial central committee, and Felix Martinez of El Paso, formerly of Las Vegas.

The following are the delegates representing each of the twenty-five counties of the territory, so far appointed:

Union county—Eufacio Gallegos, Romualdo Martinez, Charles Schleter.

Valencia county—John Baker, William M. Berger, Silvestre Mirabel.

Others Who Will Go.

Chairman W. S. Hopewell of the Territorial Statehood League will accompany the big delegation if it is sent to Washington as will also Secretary Roman L. Baca. Mr. Baca was busy today filling out the commissions of the delegates which in addition to his signature contain the autographs of Governor Curry and Chairman Hopewell. The commissions are hand-somely printed on fine bond paper and will doubtless be saved by their respective owners as souvenirs of the statehood campaign of 1907-8.

MAKES PLEA FOR HOMESTEAD SETTLER

Governor Brooks of Wyoming Prefers Enforcement of Laws to Depart- mental Regulations.

Helena, Mont., Jan. 15.—At the convention of the National Wool Growers' Association today Governor Brooks of Wyoming delivered a plea for the homestead settler. He said he was vigorously opposed to the Brackett bill and expressed a decided preference for a rule by laws rather than by departmental rules and regulations. He urged the delegates to write their representative in Congress to oppose the measure and said that in the interests of the West and the homesteaders, the political parties should be forced to take a stand on the question.

Among the members on the committee on resolutions are the following: Arizona, H. E. Campbell or Flagstaff; Colorado, A. J. Ortiz; New Mexico, A. D. Garrett, of Roswell; Wyoming, Pat Sullivan, of Casper.

WALSH CASE ABOUT READY FOR THE JURY.

Chicago, Jan. 15.—Attorney John S. Miller concluded his argument in defense of John R. Walsh today in the trial of the former banker on a charge of misapplying the bank's funds. He took up the discussion of Walsh's investments, declaring the investments were a question of judgments entirely and that Walsh's judgment was not altogether bad. Edward C. Richter, associate counsel for Walsh, will deliver the final defending address to the jury.

ANOTHER JAPANESE MINISTER RESIGNS.

Tokio, Jan. 15.—Nakashoji, vice minister of communications, resigned today. He will be succeeded by Muzuka of the railroad bureau.

DEATH LIST MAY REACH 200

Scenes Attending Boyertown Horror Indescribable

VILLAGE BOWED WITH GRIEF

Bodies of Victims Charred and Mutilated Beyond Recognition.

Boyertown, Pa., Jan. 15.—Four improvised morgues contained this morning the bodies of 162 victims of the opera house fire. Undertakers from all the neighboring cities were pressed into service to care for the bodies as they were slowly brought from the theater ruins. To each body and the articles found on it were attached numbers for identification. Few bodies can be recognized by their features. When the morgues were opened today hundreds of people were waiting in expectation of finding the body of a loved one. It is possible that the death list may total 200.

Coroner Strasser said the scene at the burned opera house was the saddest picture he ever looked upon. "It is simply indescribable and I shall make a 'thorough investigation,' he said.

Picture Machine Did Not Explode.

Henry W. Fischer, the operator of the calcium light, escaped with severe burns. "The accident," he said, "was caused by a cap on one of the tanks blowing out. This startled the people. I finally got the leak repaired. Just as I had the people calmed the foolish action of some thoroughly frightened persons on the stage, caused the overturning of the oil lamps, which were used as footlights and a consequent spread of the flames, which nothing could avert."

That the victims of the terrible catastrophe were not all confined to the city of Boyertown is shown by the number of unclaimed teams at the local livery stables. Fully forty teams remained unclaimed in the stables today. They are said to belong to people residing in a radius of five and six miles of Boyertown who drove to this city Monday to witness the production of "The Scottish Reformation." There is not the slightest clue to the owners of a number of teams.

Steps Taken to Prevent Repetition of Horror.

New York, Jan. 15.—While it is now said that the terrible tragedy at Boyertown, Pennsylvania in which nearly two hundred lives were lost was not directly due to the explosion of a moving picture machine as at first reported, the report has called attention to the danger of those machines, many of which are daily and nightly in operation in New York and other cities. Chief Croker of the New York Fire Department says there is great danger of fire from these machines. Very often the fire department is called out on account of a blaze originating thus. The danger is the greatest in the small shows operated in stores unprovided with sufficient exits.

TELL OF THAW'S PECULIARITIES

Many Witnesses Describe Actions of Stanford White's Slayer Previous to Killing.

New York, Jan. 15.—Many witnesses, entirely new to the case, testified at the trial of Harry K. Thaw today and told stories of his eccentricities during the year immediately preceding the killing of Stanford White. All declared he impressed them as being irrational.

The most interesting testimony was that of C. Baggan, steward of the New York Whist Club, who told of Thaw's doings the day of the tragedy and who, under cross examination by District Attorney Jerome, gave amusing details of the whist game in which Thaw and several men of prominence participated.

KANSAS CITY NEGRO KILLS FORMER EMPLOYER.

Kansas City, Jan. 15.—Claude Brooks, a negro, was arrested last night at Carrollton, Missouri, charged with the murder of Sidney Herndon, who was found dead in his apartment here Monday morning. The negro was formerly employed by Herndon and knew he kept a large sum of money on hand. Herndon was connected with a prominent family of Tyler, Texas. He was a cripple. Brooks made a complete confession upon his return here today.

CORTELYOU BACK AT HIS DESK

Denies Rumor That He Has Quit Cabinet

FAR FROM WELL MAN

Reported He is to Become President of Knicker- bocker Trust Co.

Washington, Jan. 15.—Secretary of the Treasury George B. Cortelyou was at his desk today. At the White House it was said positively that nothing was known as to his reported resignation. Secretary Cortelyou's appearance at the treasury department is the first since his recent illness, which began about four weeks ago. He still shows evidences of having had a severe attack of la grippe, but expressed the hope that he can, from now on, attend to his duties without further trouble.

Brands Rumors as False.

Secretary Cortelyou stated that the story that he had resigned or that he would resign, was absolutely false and without foundation. He declared that he had no serious difficulties with President Roosevelt or with any member of the cabinet, and that he expected to continue to serve as secretary of the treasury. He denied he had been offered the presidency of the Knickerbocker Trust Company of New York or that he had conferred with J. Pierpont Morgan regarding it. He concluded by saying that he did not see Morgan on his recent trip to New York.

STOCKMEN PLEADED OVER SNOWSTORM

Will Provide Moisture For Cattle and Sheep Ranges—More Snow is Predicted Tonight.

The snow storm which prevailed last night and this morning was general throughout northern and central New Mexico. Two inches of snow or more were on the ground in this city and vicinity. More snow is predicted tonight, according to the official weather forecast.

Snow began falling yesterday evening here and continued at intervals all night and for several hours this morning. Considerable of the "beautiful" fell in the mountains to the north and west of Santa Fe. This storm was general Monday morning on the north Pacific coast and moved inland quite rapidly during the following twenty-four hours Santa Fe was affected only by the southern extremity, judging by local conditions.

Stockmen in the districts where the snow has fallen are feeling jubilant as it will provide moisture for the cattle and sheep ranges which were becoming dry. A few more heavy snows in the mountains will insure an amply water supply for next season.

In Santa Fe the temperature at 6 o'clock this morning was 25 degrees which was also the lowest registered during the night. The maximum temperature yesterday was 43 degrees at 3:10 p. m., and the minimum temperature 19 degrees at 1 a. m., the mean temperature being 31 degrees and the average relative humidity 69 per cent. The following telegraphic reports were received today from various points:

Denver—Hard snow storm here. Deep enough for sleighing. Raton—A heavy snow storm visited here during the morning but it is clearing now. Las Vegas—Snow flurries and cloudy. Albuquerque—Cloudy, but looks more like rain than snow.

The storm has extended as far south on the Santa Fe Central railway as Kennedy, where a light fall of snow occurred this morning.

LANGFORD AND BARRY FIGHT 10 ROUNDS TO DRAW.

Los Angeles, Jan. 15.—Sam Langford of Boston and Jim Barry of Colorado, fought ten rounds before the Pacific Athletic Club last night. Neither had sufficient advantage to earn the decision. Barry did the best work in the last three rounds.

NORTHWESTERN RAILWAY CUTTING DOWN EXPENSES.

St. Paul, Minn., Jan. 15.—A special dispatch received here says two hundred men employed in the Chicago and Northwestern railway car shops at Hudson, Wisconsin, have been placed on half time. During the last few weeks they have been working 40 hours a week.

WOMAN ATTEMPTS TO KILL LAWYER

Chief Counsel for Banker Walsh the Target—Wanted to Get Even for Fancied Wrongs.

Chicago, Jan. 15.—The case of Mrs. Thomas Metcalf, who last evening shot at banker John R. Walsh's chief attorney, Samuel R. Hamill, in the federal building, here parallels in some respects the case of Mrs. Annie M. Bradley of Salt Lake, Utah, who recently was acquitted in Washington of the killing of former U. S. Senator Arthur Brown.

Mrs. Metcalf has at different times consulted lawyers here with a view to bringing legal action against Hamill for alleged wrongs she has received at his hands. As in the case of Senator Brown, Mrs. Metcalf is said to have followed Hamill across the continent. Attorney E. C. Ritcher, of Walsh's counsel, in a statement today said the trouble grew out of claims which Mrs. Metcalf believed she had against an estate in St. Louis and which she wished adjusted by Hamill.

Fear is expressed by federal officials that in the event of the conviction of Walsh, the attempted shooting occurring as it did close to the court room, where the trial was in progress might be considered sufficient grounds for a reversal by the higher court by reason of its having disconcerted the jurors in the case.

Mrs. Metcalf, through her attorney, waived examination when arraigned before U. S. Commissioner Foote and was held to the grand jury in bonds of \$1,000. She stated after her arraignment that her correct name was Mrs. Beatrice Thomas and asked that further proceedings against her be conducted in that name.

THREE MORE GET DOCTOR'S LICENSES

Trio of Applicants Who Took Exam- ination Are Accepted By Terri- torial Board of Health.

Licenses to practice medicine in New Mexico were granted yesterday afternoon to three more physicians by the Territorial Board of Health, making a total of seventeen doctors accepted at the first quarterly meeting this year.

Those who were required to take the examination and passed were: Dr. John D. Davis, of Clarkville; Dr. Harry W. Sellers, of Carlsbad, and Dr. David D. Swearingen, of Melrose. Two others who were to have taken the examination decided to wait until the next meeting of the board which will be held April 13 and 14.

SHERIFF CLOSSON AS CITY MARSHAL

Will Fill Dual Position of County and City Peace Officer Until Another Chief is Appointed.

Sheriff Charles Closson was today appointed by Mayor T. B. Catron as city marshal of Santa Fe and will fill the position until the city council employs somebody else as head of the local police force. Who will be appointed regularly to fill the vacancy caused by the resignation of City Marshal James H. McHughes is not known but it is understood there are several applicants for the place.

PROMINENT LAS CRUCES MAN DIES SUDDENLY.

Las Cruces, N. M., Jan. 15.—Max Armijo, a member of one of the most prominent families in the lower Rio Grande valley and a wealthy land owner, died Monday in a hospital at El Paso, after a brief illness with appendicitis. The remains were brought here for interment. The deceased was a brother of Probate Clerk Isador Armijo and Catarino Armijo, cashier of the Bowman bank.

WEALTHY BAKER IS MURDERED BY HOLD-UPS.

New York, Jan. 15.—The body of Frank Nunno, a wealthy baker, was found beside his wagon on a lonely road near Ardsley last night. He had been stabbed in the neck evidently after a fierce struggle. He had a large sum of money when he left Ardsley. This money and his watch were gone.

NEW APPOINTMENT FOR LLEWELLYN ASSURED.

Washington, Jan. 15.—It is announced from the Senate that W. H. H. Llewellyn is to succeed General Anson Mills despite the story from the state department exonerating the latter and denying that he is to be replaced. It is said that Mills is to resign after a reasonable time. This is from a highly reliable source.

SENATORIAL DEADLOCK IN KENTUCKY LEGISLATURE.

Frankfort, Ky., Jan. 15.—The ballot at a joint session of the legislature today for U. S. Senator was without result. Beckham received 66 votes, Bradley 64 votes, scattering 5.

GOVERNOR GOING TO SILVER CITY

In Interest Irrigation Congress and Statehood

WILL LEAVE TOMORROW

Executive Thanks Friends for Assistance in Having His Nomination Confirmed.

In order that he may go on the junket to Silver City in the interest of the forthcoming meeting of the National Irrigation congress and also infuse a little more enthusiasm into the statehood campaign, Governor Curry has postponed his trip to Washington one day and will start east on Sunday evening instead of Saturday.

The governor will leave tomorrow evening for Silver City and will deliver an address at a public meeting there Friday. At Albuquerque on his way south he will be joined by Chairman W. S. Hopewell and Secretary R. E. Twitchell of the board of control of the irrigation convention together with other prominent men who are members of the local committee.

The plans for the trip have been under consideration for several days but were not completed until late yesterday afternoon at a conference between the governor and Mr. Hopewell.

The governor will return to Santa Fe to attend to whatever business is necessary here before his departure to Washington.

Thanks Friends For Interest in His Behalf.

New Mexico is indeed fortunate to have a man in the gubernatorial office who has the interests of the territory at heart as has Governor Curry. He foresees in the meeting of the national irrigation congress at Albuquerque next fall a convention which the next statehood itself will be of the utmost importance in advertising the territory's advantages and resources. It was due largely to his personal effort that the assistance of this territory generally has been enlisted in making the project the most successful of any yet held.

While working for the success of the irrigation congress Governor Curry is not losing sight of the statehood cause. In his trips throughout the territory he is enabled to feel the public pulse and become closer to the people, which is adding much to his popularity as an executive and as a private citizen.

President Roosevelt struck a popular chord when he appointed Governor Curry as executive of New Mexico and in ratifying his appointment yesterday the U. S. Senate stamped as idle gossip the rumors which were caused by the delay in his confirmation.

Governor Curry is appreciative of the interest taken in his behalf by his friends throughout the territory who sent letters and telegrams to the Senate committee on territories and individual senators urging his confirmation and the New Mexican is authorized by him to express his sincere thanks to all.

Personally the governor was not perturbed over the seeming delay in confirming him and would not have thought anything about it at all but for the silly gossip it created. He purposely postponed his contemplated trip to Washington on that account as he did not want it to appear that he was "hankering after the job." As a matter of fact the appointment as governor of the territory came entirely as a surprise to him and he accepted only at the personal solicitation of President Roosevelt. His official record is unsullied and beyond reproach. He has not only proven himself a man of great executive ability but what is more he is a man of the people and there interest is his interest.

TERRITORIAL SUPREME COURT

The Supreme Court of New Mexico continued in session today, reconvening this afternoon at 2 o'clock. There were present:

Chief Justice William J. Mills, Associate Justice John R. McFie, Associate Justice Frank W. Parker, Associate Justice William H. Pope, Associate Justice Edward A. Mann and Associate Justice Ira A. Abbott. Jose D. Sena, clerk of the court, was at his post. The United States was represented by U. S. District Attorney D. J. Leahy and the Territory by Attorney General James H. Hervey. Deputy U. S. Marshal Harry F. Bogn was in attendance representing U. S. Marshal C. M. Foraker.

This afternoon several motions were argued and two cases submitted on briefs. Court then adjourned until tomorrow morning at 10 o'clock.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

DOING WELL BY THE PEOPLE OF NEW MEXICO.

The Senate of the United States did well by New Mexico this week. The confirmation of the following appointments greatly desired by the people and one might truthfully say unanimously supported were made Monday and Tuesday:

George Curry—Governor of New Mexico.

Nathan Jaffa—Secretary of New Mexico.

William H. Pope—Associate Justice of the Supreme Court of New Mexico, re-appointed.

To be sure these confirmations were fully expected and occasioned no surprise. In politics, however, especially New Mexico politics, there is often "many a slip twixt the cup and the lip" and hence it is always well to have matters political and appointments to offices clearly and definitely settled. These three officials are genuine and true citizens of the Sunshine Territory and hope to be in the near future such of the Sunshine State.

Governor Curry has grown to manhood in this Territory coming here as a boy and his record for the past twenty-five years is so well known and so open a book and has been discussed so often that this need not be done again. Although governor of the territory but five months he has already achieved great good for the people. He is now working very hard to secure statehood and it may come under his administration. If so he will gladly own and out and make room for the next governor of the state to be what it may. He is not holding office for its sake, its power or its emblems, but for the good of all and doing his level best to be the best of all the people.

Secretary Jaffa came to New Mexico boy and engaged in mercantile business. He worked himself up step by step by industry, attention to business, square dealing and thorough business capacity. When he was appointed to the office of secretary he had obtained the cashiership of an important national bank and had become a partner in one of the largest mercantile firms in the Southwest. He has also proven himself a very valuable citizen who had taken great interest in educational affairs. By inclination and by education he is a first class office man and has also the soundness and stability and mental equilibrium which fit him for executive duties.

Associate Justice William H. Pope arrived in New Mexico fourteen years ago a young man and struggling lawyer and not in very good health. First he did newspaper work and then took up the practice of his profession. By energy, study and absolute correct behavior as a man, as a citizen and as a lawyer he built up a practice and attracted favorable public attention. He was appointed a judge of the court of the First Instance in the Philippine Islands at the time when such a position was not only delicate but also fraught with dangers. He performed the duties thoroughly and satisfactorily. Returning to the United States he was honored with the appointment of Associate Justice of the Territory of New Mexico which position he has now held four years and to which he was again confirmed on Monday. The record of Judge Pope on the bench during the past four years speaks for itself. Although a very young man for so high a place he has acquitted himself most creditably and satisfactorily. He has enforced the law in his district uniformly and impartially and his decisions prove that he possesses a mind that is, what lawyers call, legal and logical. He is very painstaking and very attentive to his work. His time is never his own but is always at the command of his official duties.

The appointment and confirmation of these three officials will conduce much to Republican success in this year's campaign which promises to be a hot and strenuous one. The Republican party of the territory can truthfully and honestly say to the people: Our President and the Republican Senate have given you some of the best, most competent and most highly respected citizens as officials and in these cases have fully recognized the principle of home rule and dealt by you justly and fairly. Such an argument in a political campaign must be to the benefit of the party that can truthfully use it.

FOR THE COMFORT OF THE TOURIST.

Under the heading, "Demands of the Tourist Business," the Denver Republican treats the great commercial value of the business to the Centennial state and discusses the question thoroughly. The reasoning and deductions referring to Colorado can be applied to New Mexico conditions with greater force and greater truth.

When the Republican says that Colorado will in a few years be the tourist center of this country and its Switzerland, it can be said with truth and justice that New Mexico ought to be a greater attraction to tourists, travelers, healthseekers, those in search of health and recreation, those who desire to get away from business cares, those who wish to enjoy the brightest sunshine, the clearest skies, the most health giving ozone atmosphere, those who wish to view the grandest mountain and plains scenery on the American continent, those who are interested in archaeology and ethnology and those who desire to spend a few days, a few weeks or a few months in the most interesting part of this great country.

To be sure much will have to be done by man for the material and personal comforts of the thousands and thousands of travelers who come here. More railroads must be built, railroad service must be greatly increased in comfort and effectiveness, many hotels in mountain resorts must be built, country roads must be improved, more and better done. This will be of time and is being done.

by the Denver Republican Colorado for New Mexico is behind the Centennial state in railroads, mileage and accommodations, and in the number and character of its hotels, describes conditions here. Says the Republican:

"It is only a few years ago that the Colorado railroads began advertising the scenic attractions of the state and in so doing made themselves a recognized source of income both for themselves and the business people of the valley cities and mountain towns. So satisfying has been the response to that advertising, so well has the attraction lived up to its advance notices, that now the railroads and people can rely with assurance that every summer will bring about 100,000 visitors to the state. That is about the fixed tourist flow to be expected and prepared for every season and the number should increase by natural momentum with the seasons.

"That the time will come when Colorado will be the recognized resort country of the United States seems to be guaranteed. There are many reasons why it should become America's Switzerland. It is to Europe, the retreat of the rest seeking and idle from the heat of summer, the place to which to flee when weary of the daily drudgery, and the attractiveness of the city becomes unendurable.

"To handle the tourist business railroads are being continually taxed to provide new equipment. The ordinary rolling stock in use the year around is not sufficient when the summer rush begins. Railroads dislike to lay out money in cars that they can use only a few months in a year, but the tourist trade requires the acme of comfort and best of service and unless the roads stand ready to meet the business on the basis on which they have invited it they are in danger of turning it away.

WELCOME TO THE TRIBUNE.

And still they come. New weekly newspapers are being established right along in the Sunshine Territory and this means more people, more business and more education. The latest venture is the "Belen Tribune," published at Belen, the future great town at the junction of the Eastern Railway of New Mexico, known as the Belen cut-off and of the Rio Grande division of the Santa Fe railway. The publisher and editor is William M. Berger who for twenty years was a resident of this city, part of the time in the insurance business, part of the time receiver for the U. S. land office here and for several years publisher and editor of a weekly paper, "The Capital." Mr. Berger is a fluent and interesting writer. Whenever the desire overtakes him he can make the political walk in ring with editorials that are rather refreshing and quite often caustic and incisive. He is a capable business man and there is every reason to believe that he has commenced the publication of the Tribune at the right time and in the right place. Politically, Editor Berger starts off as follows:

"Our politics shall be of the old vintage of true Republicanism—the grand old Republican party, yet we have a mental reservation right here—we are no ringster, and will not support ringster politicians, though they be an appendix to the party.

"We know machinery is necessary to party organization. We also know that a machine can be made to run true and square and do honest work; that's the kind we propose to stand by and support with our feeble efforts.

"Otherwise the Tribune will work for the best interests of its town and county."

It is a four page paper of six columns each and the first number is neat, newsy and attractive.

THE DUTY ON HIDES.

On another page of this issue the New Mexican publishes in full House Bill No. 108, introduced in the national House of Representatives by Representative John Sharp Williams, of Mississippi, a Democratic floor leader and boss. The object of the bill is to reduce the duty on hides under the present Dingley tariff law. Cattle growing is one of the principal industries of New Mexico and should the bill by Mr. Williams become law the value of every head of cattle for instance in this territory, would be reduced by several dollars. The cattle raising industry of New Mexico has not been very profitable of late and with a reduction of the duty on hides it would be placed in worse condition. Fortunately for the cattle raisers of this territory there is no chance for the passage of the bill but it serves as an example to show that the old time free trade ideas of the Democratic leaders are still very strong with them and will control their actions and legislative enactments should they ever regain any power in national politics by having a president, a majority in the House and a majority in the Senate. This, fortunately for the country, will not happen for a number of years and probably never again. The free trade spirit, be the cost what it may, is still the dominating influence in the Democratic party. That there should be some revision of certain schedules in the Dingley tariff law is true and that these will come is also apparent but they should be brought about by the friends of the policy that has brought this nation as much as any other cause and probably more so to the highest place among the nations on earth.

LEAHY, DAVIS AND ABBOTT.

The appointment of Colonel Edmund C. Abbott of this city to be assistant U. S. attorney under U. S. District Attorney David J. Leahy will meet with approval wherever the new appointee is known in this territory and especially in the First judicial district for which he was territorial district attorney for several years and in which he ably, conscientiously and courageously represented the counties of Taos and Santa Fe in the House of Representatives of the Assembly, serving two terms. District Attorney Leahy is to be congratulated upon the very good selections he has made in the cases of his two assistants. S. B. Davis, Jr., of Las Vegas and Colonel Edmund C. Abbott of Santa Fe. The three officials are of the younger citizenship of the territory, they are staunch Republicans as they ought to be, and have proven themselves during the time they have made their homes in New Mexico, worthy of preferment in their profession and in official life. Their appointments the New Mexican is glad to say, helps to establish that proper political service and standing by Republican party principles have been duly recognized in their cases. This is campaign year and the appointments of the right kind of Republicans to office will prove right and proper as well as beneficial to the Republican party. This is a Republican paper and has been so for forty years, and very naturally prefers Republicans in office if they are of the right stripe and the necessary ability, learning and moral standing in the community.

The territory of New Mexico is getting along finely without public gambling and with higher liquor license fees the result will be more gratifying.

Why will people continue to suffer
the agonies of kidney complaint, back
ache, urinary disorders, lameness,
headaches, languor, why allow them-
selves to become chronic invalids,
when a certain cure is offered them?
Doan's Kidney Pills is the remedy
to use, because it gives to the kidneys
the help they need to perform their
work.

If you have any, even one, of the
symptoms of kidney diseases, cure
yourself now, before diabetes, dropsy
or Bright's disease sets in. Read
this Santa Fe testimony:

Mrs. Bernarda Rivers de Escudero,
living at 106 Griffin St., says: "As a
good general tonic and in all cases of
trouble arising from the kidneys and
in the back, I know of no remedy
more worthy of confidence than
Doan's Kidney Pills. For about a year
I was bothered with a weakness and
a dull aching across my loins and
kidneys. I tired easily from any ex-
ertion and the pains were very dis-
tressing. Using nearly two boxes of
Doan's Kidney Pills which I procured
at the Ireland Pharmacy, the pains
were relieved, my back was strength-
ened and my health better in every
way. I am indeed grateful to Doan's
Kidney Pills for the great benefit I
have received from them."

CHAIRMAN SPARKS MAKES STATEMENT

Explains Action of County Board in Bond Matter

DELEGATION SHOULD GO

He Thinks no Effort Should Be Spared to Cancel Large Debt.

Chairman I. Sparks, of the board of
county commissioners of Santa Fe
county, in a statement here-
with appended, explains the ac-
tion of the county board in
appointing a committee to go
to Washington to aid in the passage
of a bill introduced in Congress by
Delegate W. H. Andrews to relieve
Santa Fe and Grant counties of their
railroad bond debt. The statement is
self explanatory and reads:

"It appears that there has been con-
siderable discussion, pro and con, con-
cerning the necessity of sending a
committee to Washington for the pur-
pose of aiding in the passage of a bill
introduced in Congress by our delegate,
the Hon. W. H. Andrews, intended to
relieve Santa Fe and Grant counties of
their railroad bond debt, the purpose
of said bill being to cause the govern-
ment of the United States to pay said
indebtedness. Also considerable dis-
cussion as to the wisdom of the board
of county commissioners in appropri-
ating \$1,200 of the county money for
the purpose of sending a committee
of four to the national capital to aid
our delegate in the passage of the bill.
I wish to state that at the beginning
of the year of 1907 the county of Santa
Fe had outstanding in bonds, unpaid
coupons and judgments resulting there-
from the sum of \$1,270,000. The interest
accrued on the above amount for the year
1907 is about \$52,000, thus bringing the
total amount of our indebtedness at
this time approximately to \$1,322,000.
It is unnecessary at this time to
undertake to give the history of this
debt; it can readily be seen that the
financial condition of this county is
indeed deplorable.

Taxpayers Must Help Themselves.
"I contend that we can never hope
for relief from this deplorable situa-
tion, unless the county itself, through
its lawful representatives bestir itself
and makes every effort possible at ev-
ery opportune time to bring about a
settlement. It is an old saying that God
helps those who help themselves. Let
it be not said that Santa Fe county
shows no disposition to help itself,
and has no claim for God's blessing.
"If this indebtedness should be com-
promised and refunded upon a basis of
forty cents on the dollar, with four per
cent interest, it can readily be seen
that the annual interest, even under
those conditions, would leave a bur-
den upon the property owners of this
county such as they could hardly bear.
A settlement upon this basis would
leave the coming generation in bond-
age.

"If we would be justified in putting
forth an effort to scale down this debt,
much more energy would be thrown
into an endeavor to have our good old
Uncle Sam, who is possessed of a big
heart toward all of his children and is
financially able, to bring relief to
those who are so hopelessly involved
and earnestly petition such relief. In
fact, this debt was validated by one
of Uncle Sam's legislative bodies
through the influence brought to bear
by the holders of the bonds. Surely a
greater injustice has never been done
to a helpless and struggling commu-
nity by act of Congress; surely the
Congress that so acted did not know
the great injustice that they were im-
posing upon us, and I can candidly be-
lieve that when this matter, by proper
representation, is properly brought to
their attention and the facts made
clear to them, that favorable consid-
eration can be had from both Houses of
Congress.

Governor Curry to Lend Assistance
"Governor Curry has long since vol-
unteered without solicitation to ren-
der the county of Santa Fe and its citi-
zens and Delegate Andrews every pos-
sible assistance to bring about the
passage of the bill that Delegate An-
drews has introduced for this purpose
and which it appears needs some
amendments. I have been advised by
high authority that the passage of this
bill, or one similar thereto, has been
discussed with some of the leaders of
both Houses, who were, of course, not
familiar with the indebtedness or the
means by which it was validated, but
when the facts were made known to
them, they promised to investigate
them and if found as represented, that
they would lend their support to a cor-
rection of the wrong.

"A committee from this county and
city would certainly go forth in behalf
of this cause armed in the right. I have
not the slightest doubt but that the
simple truth will be sufficient to bring
justice in the end. Especially do I
expect the support of our great and
just President of the United States
when the simple facts, as they exist,
are proven to him. I had the honor to

be a member of a very small delega-
tion who called upon the President for
his support in a very important mat-
ter to this city, that is—the granting
of the Fort Marcy Reservation to the
city of Santa Fe for the benefit of our
schools. The simple facts in the case
won our cause for us, notwithstanding
the opposition of two department
officials, who had jurisdiction over the
reservation.

Time For Action Is Now.

"This is certainly the opportune time
for making the effort, and I contend
that the promise of success more than
warrants the appropriation that the
county board voted to this cause. The
money so voted has been paid by the
tax payers of this county and has gone
into a special fund known as "the de-
linquent tax fund of 1901 and prior."
The money was not otherwise appro-
priated; it could not be put to a bet-
ter use than this as it is intended to
bring financial relief to those who
paid it, in proportion to the amount
that each tax payer paid. Twelve hun-
dred dollars is scarcely more than two
per cent of the interest annually ac-
cumulating upon the debt above re-
ferred to. I maintain that it would be
better for us to spend this postage
stamp, comparatively speaking, and
lose, rather than to pass the opportu-
nity and chance now afforded us for
cancelling the whole debt. I also main-
tain that any board of county com-
missioners of any county that would
allow such opportunity to come and
go, without making a desperate effort,
when the public's interests were being
jeopardized, would be wholly incom-
petent and should be dismissed from
office. I also hold that any man is unfit
for public office, who could be intimid-
ated and bulldozed into inactivity by
people who do not see public matters
as he does and are not responsible to
the public for their acts.

"From my viewpoint, there is only
one side to the question before us and
that is get busy, do everything to get
results; send a committee to the Na-
tional Capital; let at least fifty per cent
of that committee's expenses be met
by the county, let the committee know
that it is acting in behalf of the county
and that the county expects results; let
them know that we expect them to
remain there, at our command, un-
til we either win or lose, until the
matter is disposed of.

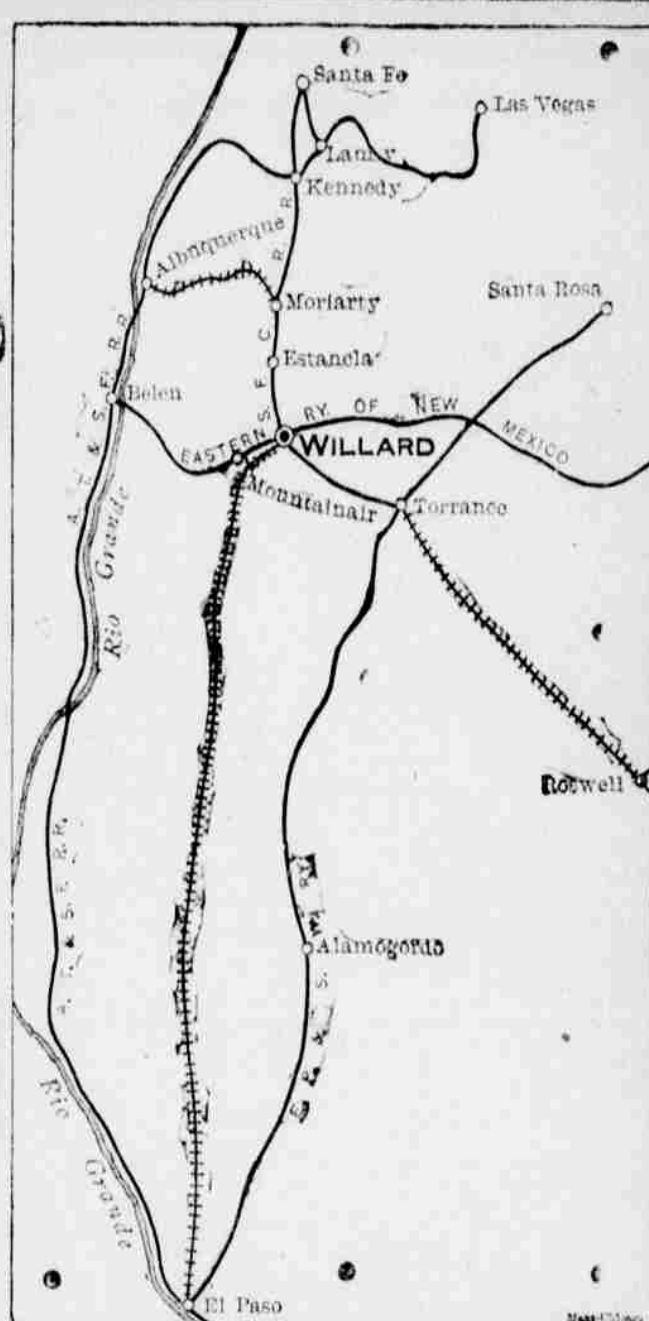

"The committee selected by the
commissioners, I believe, excepting
possibly your humble servant, the writ-
er, is especially well qualified for this
work. Their reputation for doing
things in legislative bodies has long
since been well established. They are
non-partisan, being two Democrats and
two Republicans.

"It seems to me that instead of the
adverse action that has been instigated
by a few of our citizens, endeavoring
to restrain the county board from act-
ing in this matter, the citizens so en-
gaged, would be much better employ-
ed if they were circulating a subscrip-
tion list for the purpose of increasing
the membership of the delegates which
should be at least eight or ten.

Money Could Not Be Put to Better Ad-
vantage.

"In order to accomplish results, a
committee going on behalf of the county
should go with the determination to
remain to the end, be that twenty days,
thirty days or forty days. The expenses
for a thirty days' or more stay will
be more than \$300 for each committee-
man. The county money, which the
board proposes to use for this purpose,
as before stated, has been paid in by
the taxpayers of the county. The rail-
road corporations, the mining and
smelting corporations, the grant own-
ers, the live stock men, the merchants
and owners of city blocks have all
contributed to this fund, in proportion
to the assessed valuation of their hold-
ings. It seems to me that in behalf
of the cause intended for the above named
business interests, that no fairer
or more just or equal manner of rais-
ing funds to defray such expenses
could be hit upon. I believe that the
action of the board was entirely proper
in making the appropriation. The
public subscription proposition has
been so much in vogue in Santa Fe
that it has become burdensome. If
such a means is resorted to to raise
the funds, we have many citizens who
would freely contribute to the expense
of the delegation to work for this
cause. However, collections based upon
subscriptions, are never equalized.
The man with the greatest amount of
public enthusiasm and least amount of
property will contribute more liberal-
ly, while on the other hand the man
with much property and little public
spirit, will contribute sparingly, if at all.
In fact, one prominent property own-
er, in expressing his approval of the
action of the board in appropriating
this money, stated that he would con-
tribute \$100 toward a fund for increas-
ing the membership of the committee,
of which he himself would not be one.
I know of other citizens who have
made fortunes in the city and county
of Santa Fe and have much more prop-
erty than the above referred to,
and would probably give five dollars;
in fact, they are actively engaged now in trying to
prevent the action of the board from
being carried out. Their property hold-
ings, however, have been removed
from Santa Fe county as rapidly as
they could bring this about. There is
much property of all classes and de-
scriptions in the city and county of
Santa Fe owned by individuals that
do not reside here and who could not,
therefore, be reached for the purpose
of securing subscriptions to this cause.

Committee Better Than Individuals

"While many good citizens have ex-
pressed an idea that they may go to
Washington and that if they do go,
they will be glad to render us any as-
sistance possible, I do not believe it
at all wise for the county to put much
dependence in such support. We, of
course, must appreciate every effort
from those people; however, if they go
in a disorganized way, upon other busi-
ness at their own expenses, we can-
not expect of them to put forth the
energy and use their time and money
in an endeavor of this kind. The com-
mittee having this work in charge
must be well organized and deter-
mined; they may hope for results and
decisions quicker than they come, their
business may require them at home,
and they may desire very much to be
at home, but they must not, under any
circumstances, abandon the cause at
the wrong time; they must be there to
answer to the questions of the com-
mittee of both Houses when called upon.

sioners."

Secretary Wilson says, "One of the
objects of the law is to inform the con-
sumer of the presence of certain
harmful drugs in medicines." The law
requires that the amount of chloro-
form, opium, morphine, and other habi-
tforming drugs be stated on the label
of each bottle. The manufacturers of
Chamberlain's Cough Remedy have al-
ways claimed that their remedy did
not contain any of these drugs, and
the truth of this claim is now fully
proven, as no mention of them is made
on the label. This remedy is not only
one of the safest, but one of the best

PERSONAL MENTION

Assessor Marcelino A. Ortiz left this morning for Albuquerque.

Oswald Digneo has returned from a visit to relatives and friends at Corona. Antonio Chaves, of Galisteo, purchased ranch supplies here today. He had a room at the Normandie.

W. R. Strasser, a mining man at Cerrillos, spent the day here on business. He was a guest at the Normandie.

Dr. and Mrs. Harry M. Smith of Las Vegas, returned today to the Meadow City after a visit of several days to relatives and friends at Corona.

J. P. McNulty, manager of the American Turquoise Company at Cerrillos, was a guest at the Palace hotel today. He came to the city on business.

Dr. Fred F. Doepf of Roswell left last night for his southern home after attending the meeting of the Territorial Board of Health of which he is a member.

W. M. Berger, editor of the Belen Tribune and general agent of the Belen and Willard Towaste Companies, spent yesterday here on business. He was a guest at the Claire.

A. Menett, Las Vegas commercial traveler who visits Santa Fe regularly twice a month, was here today on one of his periodical business trips. He was a guest at the Palace.

Dr. T. B. Hart left last evening for his home at Raton after presiding over the sessions here Monday and Tuesday of the Territorial Board of Health. He is president of the body.

P. F. McCanna of Albuquerque, territorial representative of a fire insurance company, arrived in the Capital on a flying business trip last evening, and returned this morning to the Duke City.

Dr. John F. Pearce of Albuquerque, vice-president of the Territorial Board of Health, left last evening for the Duke City, after attending the sessions of the board here Monday and Tuesday.

Mrs. Charles Corbet and Miss Mary Corbet, of Brookville, Pennsylvania, mother and sister of W. W. Corbet, who have been in the city for several days visiting him, left this morning for Los Angeles, California.

Dr. William D. Radcliff of Belen left yesterday afternoon for his home after spending several days in the Capital. He was here attending the sessions of the Territorial Board of Health of which he is treasurer.

Mr. and Mrs. R. Saxby, of Dowagiac, Michigan, who have been in the city for several weeks, left this morning for Albuquerque. Mr. Saxby has been appointed as territorial representative for a large school book publishing house in Chicago.

Dr. Henry O. Conaway of Glenn Falls Texas, who was granted a license to practice medicine in New Mexico at the recent meeting of the Territorial Board of Health, has returned home preparatory to removing to Farmington, where he will open an office.

Mrs. Terrell, wife of Judge H. D. Terrell, arrived yesterday in the city from New York and joined her husband who has been here for several weeks with a view of locating in New Mexico. Judge and Mrs. Terrell have rooms at the Claire.

Perfecto Jaramillo, sheep grower in the vicinity of Encino, has spent several days in the city visiting relatives. He left for home today via the Santa Fe Central. Mr. Jaramillo states that range conditions in his section are quite good and that sheep are doing very well.

Forest Supervisor and Mrs. Ross McMillan have returned from a ten days sojourn on the Jemez National Forest. Mr. McMillan inspected the conditions of the forest while Mrs. McMillan was the guest of Mrs. Hall, wife of Forest Ranger H. C. Hall, who is stationed on the Jemez National Forest.

R. C. McClure who for some years has been supervisor of the Gila National forest with headquarters at Silver City and who has been recently on duty in the Division of Forestry in Washington, has resigned and will go to Lexington, Kentucky, to practice law. Mr. McClure was a resident of this city some eight years ago, being then in charge of the Pecos National Forest.

Hon. L. Bradford Prince has received an invitation to attend and address

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though surely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 30 minutes, and the tablets simply distribute the unnatural blood pressure.

Brise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply common sense.

We sell at 25 cents, and cheerfully recommend

the Missouri River Navigation Congress to be held at Sioux City, Iowa, on January 22 and 23; and also to the Trans-Missouri Dry Farming Congress which will meet at the same time at Salt Lake City. It is probable that other business of a pressing nature will prevent his attending either of these important meetings.

J. H. Fulmer, of Mishawaka, Indiana, a prominent banker and citizen of the Hoosier town with a euphonious Indian name, reached the city yesterday and is here in consultation with Colonel George W. Prichard on legal business connected with the Eagle Mining and Milling company, located in the Parsons mining district, Lincoln county. Mr. Fulmer has visited in eastern New Mexico many times and is well acquainted there, but this is his first visit to Santa Fe. He finds this town very interesting and charming. He will remain here several days.

**NEW MEXICO IS
FOR ROOSEVELT**

So Declares Delegate Andrews—Territory Wants Statehood Immediately.

Washington, Jan. 15.—"New Mexico will elect a Roosevelt delegation to the Chicago convention," said Delegate William H. Andrews, of that territory in an interview given out here. "We are entitled to only two, I know, but there is little doubt that the territory will elect six delegates and that they will go to the convention."

"Under the call of the national committee only two votes will count, but I have no doubt that those two votes will go to Roosevelt. The people do not want any one but Roosevelt, and if the delegates from the territory vote for any other candidate, they had better get out of the territory when they return. I am sure I don't know who the convention will nominate; I only know the feeling in my section of the country, and that is all for Roosevelt. They believe in his policies and they do not care to trust the carrying out of these policies to any one else."

"Statehood? The people of New Mexico want statehood. They did not want joint statehood with Arizona any more than the people of Arizona wanted it; but they voted for it, because they were willing to take that in preference to none. But now that Arizona has shown its dislike of joining New Mexico, the people of my country are just as intense in their feeling for independent statehood as were the people of Arizona. We have a territory big enough and rich enough to be admitted to the union, and our population is growing more rapidly than any other section of the west."

WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain
scenery, get a change, live a new and fascinating life under new conditions,
and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest moun-
tains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and
temperature identical with Santa Fe. Its streams warm with trout
and the woods and ranges are filled with game large and small. The
ranchers live the life of the west. There are mountain lion, bears, deer
and wolves for the hunter. There are saddle ponies to be had for the
asking, rooms in a big, rambling ranch house with wide verandas, tent
rooms or a cabin if you want it. The days are never dull. You see a
great ranch and the genuine western life. Fresh milk, butter and eggs—
all you can drink and eat. Sleep in blankets at night—fish in your shirt
sleeves during the day. You couldn't spend more than \$9 a week if you
tried. It's the place you are looking for. Accommodations for both men
and women.

hall on Palace avenue. The following
officers were elected for the ensuing
year: President, S. Spitz; vice-presi-
dent, A. F. Spiegelberg; Secretary and
treasurer, Jerry Farris. The club also
elected W. W. Corbet, Clarence Pierce
and Carlos Creamer to membership.

Mrs. Maximo Martinez of 118 Galles-
te street had a narrow escape from
being burned to death last
night, and but for the pres-
ence of mind of her husband
a serious fire might have resulted. Mr.
Martinez is the proprietor of a gro-
cery and bakery on Galles street, and
the family home is at the same place.
While carrying a lighted lamp in the
rear of the store, Mrs. Martinez ac-
cidentally dropped it and it broke as
it struck the floor. Instantly the oil
became ignited from the wick and the
flames followed the spreading oil, lick-
ing it up. Mr. Martinez however, suc-
ceeded in smothering the fire with a
piece of carpet before any damage re-
sulted.

BELIEVED TO BE IN NEW MEXICO

Texas Fugitives From Justice Suspect-
ed of Having Stolen Saddles, Re-
cently at Roswell.

Two hundred dollars' reward has
been offered for the recapture and de-
lention in any jail of G. C. Bessing,
alias Bill Bessing, and C. G. Thomas,
who escaped on the night of December
25 last from Amarillo, Texas. Sheriff
J. E. Hughes of Potter county, Texas,
who offers the reward for the appre-
hension of the two fugitives, has sent
notices giving descriptions of the two
men, to the various sheriffs and po-
lice authorities in New Mexico.

Bessing is described as being light
complexioned, with a sandy mustache
and dark hair, and weighing about 130
pounds. Thomas is somewhat heavier
than Bessing, weighing about 150
pounds. He has brown hair, a florid face
and is smooth shaven. Both men, ac-
cording to Sheriff Hughes are cow-
punchers and have worked on ranches
in New Mexico and Arizona. The
charges for which they are wanted are
not stated.

On December 27 last, two saddles
were stolen from a store at Roswell
and Bessing and Thomas are suspected
of the robbery. They have been traced
to this territory it is reported and ter-
ritorial officers are on the lookout for
them.

The New Mexican Printing Com-
pany is prepared to do the best of
brief work in short order and at very
reasonable rates. Lawyers who de-
sire to have their briefs printed rap-
idly and correctly and to present them
to the Supreme Court now in session
here on time, should call on the New
Mexican Printing Company.

The Studebaker.

For the Man Who Wants the Best

To him and to all who believe that quality
is better investment than its counterfeit
in buying a wagon, we will show beyond
a doubt that the STUDEBAKER is as
good as right materials, modern appliances
in construction, and skilled workmen, who
"Know How", can make it.

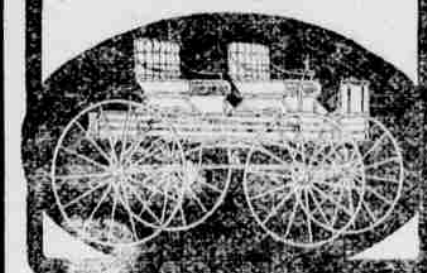

The Great West

has been made since the first
Studebaker wagon was made.
Indeed the Studebaker wagon
helped to make the West. It has
been one of the most efficient aids
to the advancement of civilization
by making transportation easy for
the pioneer. Many of the first men
in the West took the Studebaker
with them. They are still buying
Studebakers, having learned their
value by experience. The Stude-
baker is better today than ever
before.

Studebakers also make a full line of all
kinds of vehicles, harness, etc. They
control entire output of the World Buggy
Co. and make the "Tiger Line" of vehicles.

NOTICE TO SANTA FE COUNTY TEACHERS.

A regular teachers' examination for applicants for first, second and third grade certificates will be held January 24th at 10 a. m., at the Santa Fe High School, and all those wishing to teach in Santa Fe county, who are not already holders of certificates must be passed by the board. All holders of special permits must also attend this examination as their permits expire on the 24th of January, 1908, and failure to attend and secure proper certificates will disqualify them as teachers.

I would be pleased to have a large attendance at this examination, as there are several school districts at present not supplied with teachers, and these securing certificates will be assured positions.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by all druggists.

IMPORTANT SALE OF MINING CLAIMS

One of Largest Deals Consummated in Years Just Closed at Silver City.

Silver City, N. M., Jan. 15.—The Copper Gulf Development Company, which has for several weeks been consummating one of the largest mining deals in southern New Mexico for years, has closed a deal whereby it purchases something like 1,000 acres of the most valuable mining land in the Burro mountain mining district.

Almost fifty persons were interested in the selling of this mining property, as this many owned portions of the large tract embraced in the sale and this required considerable work and detail before the deal was closed. The Copper Gulf Company is backed by some of the biggest copper mining operators in the Arizona copper belt and the company has plenty of capital to carry on any amount of development work deemed advisable. It is understood that the name of the company will shortly be changed from the Copper Gulf Development company to the Copper Gulf mining company.

WORSE THAN ONIONS.

Bad Breath From Indigestion Cannot Be Overcome With Perfumes.

All of us suffer from bad breath—sometimes our own, but oftener of our friends.

Nine-tenths of this bad breath comes from some stomach trouble, and cannot be overcome by breath perfumes or any other palliative measures.

If you occasionally have a bad breath; if there is heart-burn, flatulence and acid gurglings of undigested food; if the stomach burns or smart; if there is sleeplessness, nervousness, headaches or any other of the many symptoms of indigestion, use Mi-on-a stomach tablets and get well.

Mi-on-a is not a mere digestive nor a physic, but a tonic remedy that strengthens the muscles of the stomach and bowels so that the flow of gastric juices is increased, and the food is digested naturally and does not stay in the stomach to ferment and poison the breath.

The Ireland Pharmacy has seen so many cures made by Mi-on-a tablets that they give a guarantee with every 50-cent box that the money will be refunded if the remedy fails to give satisfaction. They take the whole risk, and a box of Mi-on-a will not cost you a penny unless it cures you.

Rings Round Eyes

J-19-

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

CIMARRON HAS SPLENDID PROSPECTS

Surrounded By a Variety of Natural Resources With Rich Country to Draw From.

Cimarron, N. M., Jan. 15.—The wonderful resources and consequent development of southwestern Colfax county is making absolutely certain and necessary that a city of the first class be built up to supply the growing trade, make a market for the agricultural and stock products of the county and adjacent territory and provide a shipping point for the quantities of coal, lumber and more precious ores which fill the mountains and valleys surrounding this point. Cimarron is in the very heart of this rich region of country and is now and will be the natural metropolis of the Cimarron, Taos and Red river valleys.

The Red River valley which is located largely in Taos county but a short distance from Cimarron, is being brought more fully under irrigation this season. Fully fifteen thousand acres will be farmed this season. A reservoir and dam have been completed and ditches made to carry water over land that has not been under cultivation before. The water for irrigation is brought from Cabresto lake. The reservoir and ditch system are a community affair. The valley was settled first in the latter part of the eighteenth century and again in 1811, the first settlers having been driven out by the Indians. The present old settlers belong to the descendants of the families who came to the valley in the latter named date.

Another scheme is on foot for the building of the Red river reservoir and dam, which will furnish water for about 16,000 additional acres. The engineer of this project is George B. Paxton, who has been helping in the development of the valley for years. The money is being furnished by capitalists of Denver. The land which is to be irrigated is territorial land.

West of Cimarron stands a mountain range whose highest peaks reach an altitude of fourteen thousand feet, and this great range is the source not only of rich mines of gold and silver, copper, iron and coal, but more valuable still, splendid streams of water which will furnish the irrigation for hundreds of thousands of acres which only await the advent of capital and the skill of the hydrographic engineer to become the most valuable fruit and agricultural lands.

The St. Louis, Rocky Mountain and Pacific Railway Company is pushing

out from Cimarron to pass through the Taos country and on west to their Pacific terminus. Last week the last spike was driven by Chief Engineer A. G. Allen, for the Cimarron and Northwestern Railway which, starting from Cimarron, follows Ponil canon to the great lumber forests of Ponil Park. The railway has been in process of construction since last February and is 22 miles in length. The roadbed is excellent and there are over sixty-five bridges. This railway was built especially for the use of the Continental Tie and Lumber company to exploit their immense timber holdings in the Ponil district. There is lumber in sight for a quarter of a century within easy reach of the terminus of this road. The officers of the company are: T. A. Schomburg of Trinidad, Colorado, president; A. A. Miller, of Denver, vice president; William H. Delleker, of Denver, secretary and treasurer; H. G. Frankenberg, traffic manager of the railway and A. McElroy, superintendent of the lumber company. The company owns a large box factory and planing mill at Cimarron, but the saw mills will be located at Ponil Park.

East of Cimarron the French Land and Irrigation company has opened up a large tract of land comprising over fifty thousand acres which they are selling rapidly to colonists.

The town of Cimarron has grown in the last year from a little village on the south side of the Cimarron river to a city of fifty fifteen hundred people and a prophesy of three thousand in 1908. Railway shops and two lines of railways are located here, and eventually a thousand men will find employment in the shops, planing mill and box factories alone.

The many interests of this region would seem to make absolutely certain the future of this place. Other towns have grown to be important cities with but one or two natural resources, but few can count as many advantages as Cimarron, combined with its material advantages, rare beauty of scenery and a climate which is superb.

SILVER CITY AS A WINTER RESORT

Wealthy Easterners Building Homes There—Civic Improvements Order of the Day.

Silver City, N. M., Jan. 15.—Judge Joseph Thompson, of the New Jersey supreme court, who makes his home here during the winter months, has let the contract for a mansion to be built on the block directly south of the A. S. Goodell place. Messrs. Black and Atkins have taken the contract.

The residence will be one of the largest and most expensive in New Mexico. Silver City is rapidly becoming a favorite winter as well as summer resort for wealthy easterners. One of the latest to settle here is Dr. Penrose, a prominent Philadelphia physician, and a brother of Senator Penrose of Pennsylvania. Dr. Penrose has bought the residence of President C. M. Light, of the New Mexico Normal school. Professor Light will erect a new home for himself nearer the Normal grounds.

The county commissioners have decided to help the city and individual property holders to build a bridge across the Arroyo which now takes the place of old Main street. Over fifty thousand dollars have been expended in past years to control the floods which annually sweep down from the mountains and fill this Arroyo to overflowing, but the town has come to the conclusion that the outlay is only money wasted and will now content itself with bridging the chasm. The bridge will cost about six thousand dollars of which half will be paid by the city and county and the other half by property holders interested.

D. B. Robertson has recently sold his plumbing business to Arthur Ball. Mr. Robertson will engage in the hardware business, installing a large stock in the Card building on Bullard street.

County Treasurer Jackson Agce reports the tax receipts for the months of November and December to have been the largest in the history of the county compared with the corresponding months of other years. The receipts for the month of December were close to seventy-five thousand dollars.

The Methodist church of this place, Rev. J. M. Jackson, pastor is improving its fine property by putting down a cement sidewalk along its entire frontage of over two hundred feet. The walk will cost about \$500. The entire street facing the court house will be given an imposing appearance since the order made by the city council to all the property holders to put down walks.

Much improvement is going on in the city in the way of working the streets, putting down walks and building of residences. The buildings of cement sidewalks would be more universally observed by property owners were it not for the holdup prices asked by the contractors. The price per foot here is 25 cents, while the prices asked in most towns in New Mexico is a maximum of 16 cents per foot.

A new lumber company has been organized here to sell sawed lumber from the forests of the Gila National forest. The company which has named itself the Silver City Lumber company, has

purchased an immense amount of timber which the reserve has offered for sale north of Pinos Altos. George J. Salle is the manager of the new company.

Supervisor R. C. McClure of the Gila National forest reserve has resigned his position, and has removed permanently from this city to enter the practice of law at Lexington, Kentucky, where he will make his future home.

Mr. and Mrs. John Koski, long time residents of this city, have gone to Turlock, in the San Joaquin valley of California, where they will make their home, having purchased a large ranch at that place.

WOULD REMOVE DUTY ON HIDES

Democratic Representative Introduces Reprehensible Measure in Congress.

Following out the Democratic principle of free trade, John Sharp Williams, representative in Congress from Mississippi, has introduced a bill providing for the removal of duty on hides and leather goods. If passed this measure would prove a severe blow to stockmen of the west as it would reduce the value of every head of cattle. However, its chances for success are very remote. The bill is re-printed by the New Mexican for the benefit of those interested. It reads:

"A bill to reduce taxation on American citizens who use hides, leather, boots, shoes, saddles and harness."

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the following articles are from and after the passage of this act, freed from all import duties at any port of the United States when imported from any country which admits articles being the product and manufactures of the United States of America at their minimum rates of taxation, to wit: Hides of all animals, leather of all sorts, boots, shoes, saddles and harness. All laws and parts of laws in conflict with the provisions of this act are hereby repealed."

300 ENROLLED AT
A. AND M. COLLEGE

Boarding Houses and Dormitories at Mesilla Park Filled to Overflowing.

Agriculture College, N. M., Jan. 15.—The Agricultural College reopened on January 6th. About fifteen new students enrolled for entrance, which increases the enrollment to the three hundred mark. Every boarding house in the neighborhood is full to overflowing and the boys' boarding club is making strenuous efforts to take care of the large number. The situation will be relieved at the beginning of the third term, when the dormitory section of the Y. M. C. A. building will be completed. This will make room for about twenty young men.

J. E. Mundell, a member of the Senior class, has been appointed to the position of assistant in horticulture. Mr. Mundell will continue with his studies in connection with his new duties, graduating in May.

Owing to a number of applications, a beginners' class in stenography and typewriting will be started on January 27th, in addition to the regular class which begins the study in September.

A debate between the University of Albuquerque and the Agricultural College will be held during the month of February. The subject chosen is "Resolved that the United States should subsidize the merchant marine." Messrs. H. H. H. and J. H. H. will represent the college. The debate is to be held in Albuquerque.

Fort Bayard, N. M., Jan. 15.—The appropriation of nearly half a million dollars which has been recommended by Secretary of War W. H. Taft and the surgeon general of the army for the improvement of Fort Bayard Sanatorium is being anticipated by the building of much needed accommodations at this time which will cost considerable money.

A much needed addition to the water system is being constructed in the way of a large steel storage tank which will hold 300,000 gallons of water. Another large well is also being sunk. The well is 15 feet in diameter and much difficulty is being encountered on account of the strong flow of water which cannot be easily gotten rid of by pumps. As the well is sunk it is being walled by concrete blocks which are laid on a large caisson which cuts its way down as the center excavation is accomplished. The masons work from the top of the well as it descends.

Contractor J. A. Harlan has also received a contract for large coal bunkers which are to be built near the pumping plant. The bunkers will cost approximately six thousand dollars.

SANTA FE BOY
MIN'G IN CHILE

Son of S. S. Beatty Working for Large Corporation in South American Republic.

J. Claire Beatty, a son of S. S. Beatty of this city, is now located in Graneros, a large copper mining camp in the Republic of Chile, South America, where he is engaged in mining. In a letter to his father the young man describes the region in which he is located and predicts that in a few years Graneros will be known as the greatest copper mining region in the world. However, the climate of that region, which is quite cold owing to the altitude, retards to some extent the progress of the camp, which is situated in the heart of the famous Andes mountains. Young Beatty wishes to be remembered to all his Santa Fe friends, who it is safe to say he misses considerably in his new home in such a far away country.

IMPORTANT ARREST
BY MOUNTED OFFICER

Alleged Ringleader of Gang of Sneak Thieves Gets Heavy Jail Sentence.

(Special Correspondence of the New Mexican.)

Tierra Amarilla, N. M., Jan. 15.—Mounted Policeman J. B. Rusk has returned here from Pueblo, Colorado, having in charge one C. L. McKeel, formerly employed as a clerk in a store at Chama, whom he arrested on a charge of petit larceny. McKeel was given a hearing before Justice of the Peace Marshall at Chama who sentenced him to a term of 90 days in the county jail.

It is charged that McKeel was the ringleader of a gang of systematic sneak thieves who have been operating for some months past at Chama. All were employed either in the capacity of clerks or roustabouts in the stores robbed. Their methods were somewhat unique. While making a sham sale of some cheap article, it is alleged they would hand one another something of value, until McKeel, thinking he had enough to start a store of his own, left for Colorado.

It is alleged that he took with him not only the stolen goods, but also another man's wife. After he has served his present sentence it is likely he will be re-arrested on a more serious charge.
