## CATCH FUGITIVE IN NEW MEXICO

### Lewis Houchin is Being Taken Back to Illinois

### AN ALLEGED FIRE BUG

### It is Charged Prisoner Set Fire to Depot to Defraud Express Company.

Indicted under a charge of arson, Louis Houchin who was arrested a few days ago in eastern New Mexico, is being taken back to Pontiac, Illinois, where the alleged crime was committed. Acting Governor Nathan Jaffa yesterday honored the requisition of the governor of Illinois for the extradition and return to that state of Houchin.

Sheriff J. W. Morris, of Livingston county Illinois, who tracked the fugitive to New Mexico, captured him at Clovis, one of the new towns in Roosevelt county. However, he ran across his man purely by accident, although satisfied that the alleged fire bug had come to this territory. Photographs together with a description of Houchin were sent broadcast over the country and Sheriff Morris was informed that a man answering the description of Houchin had been taken into custody at Clovis. It proved to be a case of mistaken identity but fortunately while Sheriff Morris was there he happened to run across the real Houchin. Houchin was immediately placed under arrest, the officer having requisition papers in his pocket. He came here yesterday with his prisoner for the purpose of securing the extradition of Houchin and left last evening on his return to Pontiac, Illinois.

**Charged With Arson.**  
Houchin is alleged set fire to the Wabash railroad depot at or near Pontiac, Illinois, on the night of January 1, 1908, and it is for this alleged crime that he is being taken back to Pontiac. Two weeks later he disappeared when an indictment against him charging arson was returned by the state grand jury and fled to New Mexico where he considered himself safe from detection.

Houchin's motive in burning the railway station is explained in an alleged attempt to defraud the Pacific Express company out of \$25,000, but instead of getting rich quick he finds himself in the clutches of the law and a prison sentence if convicted staring him in the face.

**Wanted to Get Rich Quick.**  
Houchin is said to have left a package at the station to be sent by express to a given point and according to the story told by Sheriff Morris claimed the parcel contained \$25,000. That night the depot which was a frame affair and also contained the express office, caught fire mysteriously and was totally destroyed. Suspicion was finally fastened on Houchin. It is alleged he burned the station with the intention of destroying the package he had left at the express office that day and then attempting to make the express company pay him the money he alleged it contained. It appears that the parcel purporting to contain the large sum of money was not destroyed and when examined was found to contain nothing except paper.

## NEW DIVISION IN WAR DEPARTMENT

### Increasing Intimacy Between Regular Army and National Militia Re- sponsible for Its Creation.

Washington, Feb. 13.—In recognition of the growing intimacy between the regular army and the national militia, Acting Secretary of War Oliver has issued an order creating a new division in the war department to be known as the Division of Militia Affairs. Colonel E. M. Weaver of the coast artillery has been named as chief of the new division which will have jurisdiction over the armament, equipment, discipline, training, education and organization of the militia, the conduct of camps of instruction and participation in field exercises and maneuvers of the regular army and the mobilization and relations of the militia to the regular army in the time of peace.

### WARRANT ISSUED FOR FORMER CHICAGO BANKER.

Chicago, Feb. 13.—A warrant charging A. C. Tisdelle, a former banker of this city with receiving deposits after his bank was insolvent, were sworn out today. Tisdelle conducted a private bank which closed on January 22d.

## NEW ARMY RIFLES READY FOR MILITIA

### War Department Has Sufficient Supply at Hand to Equip Entire National Guard.

Washington, Feb. 13.—Acting Secretary of War Oliver, makes the important announcement that the war department at last is in position to completely arm the entire militia of the country, 100,000 strong, with the new high power army rifle or musket. The weapon is officially known as the model of 1903, rechambered for the ammunition of 1906, the distinguishing feature of which is the new sharply pointed light steel clad bullet with its enormous range and flat trajectory.

Governors of states may have the new rifle for the militia upon requisition and turning in the Krag-Jorgensen guns of the type used in the Spanish-American war, the first magazine shoulder arm regularly issued to the army.

The completion of this stock of arms will not close the great manufacturing armories, but they will be fully employed for a long time in making a stock of the new rifles to be held in reserve for the purpose of arming any volunteer army that may be called into the field in the future.

## NEW MEXICO GUARDSMEN TO USE NEW ARMS.

Adjutant General A. P. Tarkington has received advices from the war department, that the new Springfield rifles, model of 1903, will be issued to the territory in exchange for the Krag-Jorgensen rifles, with which the national guard is now equipped, in time for the new arm to be used at the beginning of the target season May 1st.

"The model 1903 rifle is the same as that now being used by the regular army and is an excellent rifle in every particular," said the adjutant general today. "The ammunition used with the new rifle is different from that used with the Krag in many particulars, the most radical feature being the sharp-pointed bullets which it is claimed give less resistance to the air and are of a much greater velocity than the Krag."

"The national guard of the territory has developed some excellent shots with the 'Krag' rifles during the past few years and it is predicted that they will make good with the new arms as soon as they have had the opportunity to become familiar with it."

## SILENT MEMBER IN THE HOUSE

### Pablo Ocampo, Philippine Delegate to Congress, Cannot Speak a Word of English.

Washington, Feb. 13.—Pablo Ocampo, delegate to Congress from the Philippines, has set a precedent in the House of Representatives. He has made no speeches, intends to make none, even if the members crowd around him and beg him to speak. He has no right to vote, but, being a delegate, he has a right to debate. This right he will not exercise.

The reason is simple. He can not speak a word of English, and there are no interpreters in the House.

Benito Legardo, the other delegate from the Philippines, speaks English. The two men have taken their seats.

## SEPARATE SOON AFTER MARRIAGE

### Now Mrs. Cleofas R. de Gonzales is Seeking Divorce From Husband Who Deserted Her.

Alleging that her husband has deserted her and does not support her, Mrs. Cleofas R. de Gonzales has filed suit for divorce from Jose Gonzales in the district court of Taos county. She asks for an absolute dissolution of the matrimonial bonds.

According to the petition they were married at Taos, on December 8, 1899, but only lived together until January, 1900, when the wife alleges she was abandoned by her husband and left to her own resources.

Attorney William McKean of Taos has been retained as counsel for the plaintiff.

## MAKING FAST TIME IN AUTO ENDURANCE RUN.

Albany, N. Y., Feb. 13.—Three of the six automobiles in the New York-Paris race, arrived here this afternoon. They were the American, Italian and one French car. Nothing has been heard from the other machines since last night. The American car arrived here first. The drivers experienced much trouble in the vicinity of Kinderhook on account of large snow drifts.

## ASSISTANT SECRETARY WILL BE PROMOTED

Washington, Feb. 13.—Governor Smith cabled today from Manila, that he intends to promote Frank W. Carpenter, assistant secretary to fill the position of executive secretary of the Philippines, a vacancy being created by the death of Arthur W. Ferguson.

## GARFIELD DEFENDS ROOSEVELT POLICIES

### Delivers Brilliant Address at Chicago

### REMARKS WELL RECEIVED

### Says President Has Saved Country From Possible Revolution.

Chicago, Feb. 13.—One of the first big guns of the Republican national campaign, was fired at the Lincoln Day banquet of the Hamilton club last night, by James R. Garfield, secretary of the interior.

The question of special privileges, Garfield maintained, was the uppermost problem of the day. He said the Republican party stood face to face with the proposition of carrying on the policies of President Theodore Roosevelt, in bringing the men of great wealth who break the laws to account or turning back the pages of history. The policy of the administration toward corporation evil-doers he said, had averted a serious situation that might have resulted in a revolution.

## LONG DEBATES ON CURRENCY BILL

### Present Indications Are That No Vote Will Be Taken on Aldrich Measure for Two Weeks.

Washington, Feb. 13.—According to a program being arranged by the Senate Republican leaders a vote will be had on the Aldrich currency bill in about two weeks. The indications are that there will not be a large number of Republican senators speak on the measure and that the speeches by the Democrats will be addressed carefully to objections raised by individuals to ascertain the features of the bill.

Senator Clay of Georgia, will speak tomorrow and Senator Clark of Arkansas, will speak early next week and Senators Culberson, Teller, Daniel, Tillman and Bailey within the next ten days. From present indications Senator Heyburn is the only Republican senator who plans to make extended remarks against the passage of the bill.

Senator Culberson today gave notice of two amendments to the currency bill. One providing that after November 1, 1908, every national bank shall keep on hand an amount equal to its reserve as now provided by law, and the other directing the secretary of the treasury to collect the interest on all government funds deposited in national banks as follows: At the rate of two per cent during August, September, October and November; four per cent during December, January, February and March and six per cent during April, May, June and July.

## EPISCOPAL BISHOPS FAVOR SALOON

### Heads of This Church in Wisconsin Declare Radical Prohibition Falls in Its Purpose.

Milwaukee, Wis., Feb. 13.—Both of the Episcopal bishops of Wisconsin, Bishop Webb of Milwaukee and Bishop Grafton of Fond du Lac, have declared themselves as opposed to the radical prohibitionists.

Bishop Grafton declared that prohibition by causing continuous violation of law, was more dangerous to the people than occasional cases of drunkenness. He added that he believes in low license for the sale of mild liquors, such as beer, and high license for the sale of stronger beverages.

Bishop Grafton declares he regards the dive and low saloon as a menace, but the orderly saloon has much to commend it, and he does not favor its being abolished.

## RAILROADS DECLARE QUARTERLY DIVIDENDS

### Directors of Union Pacific and Southern Pacific Systems Meet in New York.

New York, Feb. 13.—Directors of the Union Pacific Railroad Company today declared regularly quarterly dividends of 2 1/2 per cent on common stock and two per cent on preferred stock. The dividends are unchanged from the last previous quarter.

The directors of the Southern Pacific Railroad Company today declared a quarterly dividend of 1 1/2 per cent on common stock. The dividend is unchanged from the last quarter.

## MEMBERS OF DIET ENGAGE IN RIOT

### Wild Scenes Attend Passage of Jap- anese Budget

### ITS PROVISIONS LIBERAL

### Greater Part of Appropria- tions Devoted to Increase in Armaments.

Tokio, Feb. 13.—After an exciting debate lasting six hours and which finally developed into a riot on the floor of the House, the financial budget was passed today by a majority of 102.

The speakers on both sides occupied a long time and toward the last they howled at the chair, and charged favoritism. The opposition members demanded an apology. The chair suspended the session half an hour and upon resuming the chair apologized handsomely to the opposition.

Impressive speeches were made during the debate, all making a point of the feature that more than half the budget was expended in armaments.

## MEXICO WILL NOT BAR JAPANESE

### They Are Free to Come to Sister Re- public as Long as They Comply With Health Regulations.

Mexico City, Feb. 13.—The Mexican government has received no confirmation of the recent report of the action of the Japanese government relative to Japanese emigration to this country. No action, it is said, will be taken by this government in the premises either in the matter of immigration of the subjects of the Mikado or in the restricting of Japanese from crossing the border into the United States, as under the liberal laws of Mexico the Japanese, like other nationalities, are free to come and go as they please so long as they can pass the requirements of the board of public health.

It is also said that the United States has made indirect suggestions respecting the attitude of the Mexican government toward Japanese laborers, but no means has yet been devised, it is said, whereby the Mexican government can see its way clear to act in the matter.

It is a matter of comment that during the period when the American government has been most concerned in restricting the immigration of Japanese over the Rio Grande the largest importers of Japanese laborers into Mexico are American companies employed in mining. In order to stop the Japanese from crossing into the United States from Mexico it would be necessary to strike at the root of the evil, from the American standpoint, and to stop the importation of Japanese by large American companies rather than their admittance into the republic by the government.

## SCHWAB SAVES LOVEJOY HOME

### Puts Old Partner in Mining Deal and Prevents Sale of \$250,000 Residence.

Pittsburg, Feb. 13.—"Lovejoy's Folly," the residence of Francis T. F. Lovejoy, a \$250,000 residence, will remain in the name of its founder, Charles M. Schwab has come to the aid of his old partner in the Carnegie Steel company, taken him into a mining deal, from which Lovejoy will now realize \$100,000 or more. A mortgage for \$75,000 had been foreclosed and the mansion was to be sold. Creditors now agree to wait until Lovejoy realizes on the aid given him by Schwab. Lovejoy came out of the Carnegie company when it was absorbed by the steel corporation with \$2,000,000, which he lost in unprofitable mining ventures.

## VICTIM OF RAVISHERS IN SERIOUS CONDITION

East Las Vegas, N. M., Feb. 13.—Miss Margaret Carling, the Bell Telephone company operator, who was the victim of a brutal assault on last Monday night, is still in a serious condition as a result of the shock and maltreatment she received at the hands of her fiendish assailants. She positively identified as her assailants Felipe Garcia and Frank Brown, who were arrested on suspicion, and they are now locked up in separate cells in the county jail. Their preliminary hearing has been postponed pending the outcome of their victim's injuries. While great indignation prevails here it is believed that the law will be allowed to take its course.

## CITY PRESENTED WINTRY ASPECT

### Santa Feans Awoke This Morning to Find Town in Midst of Swirling Snow.

Old Boreas paid an unexpected and unwelcome visit to Santa Fe last night and tarried awhile this morning. When Santa Feans awoke from their slumbers today they found the town in the midst of swirling snow which had fallen during the night and was being blown hither and yon by wind. At first glimpse it looked like the genuine winter brand of weather but it was only an imitation as it was not accompanied by any tumble in the thermometer.

According to today's forecast a cold wave will prevail tonight in the northern part of New Mexico, while the weather indications for other sections of the territory call for either rain or snow. Friday will be generally fair, so the weather man says.

In Santa Fe the temperature at 6 o'clock this morning was 28 degrees and the lowest during last night was 22 degrees. The maximum temperature yesterday was 32 degrees at 1:10 p. m., and the minimum temperature 15 degrees at 6:40 a. m. The mean temperature for the day was 24 degrees and the average relative humidity 80 per cent.

## WEATHER ELSEWHERE IN NEW MEXICO

### Snow at Albuquerque.

Snow came last night to Albuquerque, says the Morning Journal, when at midnight the ground was covered an inch deep with the beautiful and the snow was falling so thick it was almost impossible to see across the street. Snow fell heavily all day yesterday on the Sandia and Manzano mountains. Albuquerque has had a number of slight flurries already this winter. The snow was wet and soft and will do immense good to the range and farms in the valley and on the mesa.

**Light Snow in the Estancia Valley.**  
Torrance, N. M., Feb. 13.—A light east wind was blowing and it was snowing hard here at 10 a. m. At other points in the valley, Willard, Estancia and Stanley, the wind is blowing hard with very little snow, though there is a heavy fall of snow in the surrounding mountains. At Cerrillos it is snowing hard and snowed all night.

**Over Foot of Snow at Las Vegas.**  
Las Vegas, N. M., Feb. 13.—As a result of a heavy snow storm which has raged in Las Vegas and vicinity since early last evening, the ground is covered to a depth of over a foot and it is still snowing very hard this afternoon.

## HAMMOND RESIGNS \$250,000 JOB

### Stated That Famous Mining Expert Has Severed His Connection With Guggenheims.

New York, Feb. 13.—It is stated officially here that John Hays Hammond, the celebrated mining expert, who was operated on for appendicitis at San Francisco yesterday, has severed his connection with the Guggenheim Exploration company by which he was employed at a salary said to be \$250,000 a year. It is said he has been succeeded by A. Chester Beatty, his first assistant.

### Hammond Denies Report.

San Francisco, Feb. 13.—John Hays Hammond, through his private secretary, denies that he has severed his connection with the Guggenheims. He states that his contract does not expire until March 1, and there will be no decision on a renewal or cancellation of it until then.

## OKLAHOMA BARS CRACKED CUPS

### Lower House Also Demands That Nine Foot Sheets Be Provided in all Hotels.

Guthrie, Okla., Feb. 13.—The lower house has passed a sweeping measure regulating hotels. The measure provides that every hotel shall be fitted with a prescribed fire escape. Nine foot sheets on the beds are specified, and, in regard to the dining room, the measure reads:

"No cup, dish, vessel or receptacle for food shall have cracks visible to the naked eye."

A bill providing that officers of corporations who conceal their books or statements shall be guilty of a felony and subject to not more than three or less than two years' imprisonment, has passed both houses.

The Ellis anti-lobbying bill, providing for jail sentences for lobbying has passed both houses.

## DEATH CLAIMS OLDEST MONTANA PIONEER

Dillon, Mont., Feb. 13.—Arthur Sullivan, 90 years old, a pioneer of southern Montana and at one time one of the wealthiest men in the state, died here yesterday.

## FORAKER EXPLAINS DEFEAT IN OHIO

### Asserts His Suppor- ters Laid Down Purposely

### IS STILL IN THE RACE

### Claims Results of State El- ection Will Tell An- other Story.

Washington, Feb. 13.—United States Senator Joseph B. Foraker last night gave out a statement as to the result of the primary elections in Ohio on Tuesday, when the Taft forces made practically a clean sweep in the selection of delegates to the coming Republican state convention. In his statement Senator Foraker says:

"Nobody should be either surprised or misled by the result of the primaries held in Ohio Tuesday. It has been common knowledge for weeks that the call for these primaries was of such character that my friends throughout the state refused to participate. Consequently there was no opposition to Taft delegates. Under such circumstances he would of course carry everything."

"That the result of the primaries does not indicate anything conclusive should be manifest from the fact that the total vote polled will not represent more than ten per cent of the Republicans of Ohio. There were only two districts in which there was any approach to a contest, and these contests were due to the fact that there were opposing candidates in each district for the nomination to Congress."

"In the Sixth district the Taft candidate was defeated by 100 to 25, while in the Fifteenth district, Mr. Dawes, the Taft leader and candidate for renomination, is probably beaten, according to the latest advices I have received. If there had been a primary in which we could have participated, similar results would have been possible if not probable all over the state."

"Recurring to the state convention, it should be borne in mind that it will be composed of representatives of only a fraction of the party. Not because the people have so decided, but because the course of the Taft managers was such as to bar everybody else out from participation."

## MORE PRIZES FOR THE BIG CONGRESS

### Delegate Andrews and Chairman W. S. Hopewell of Board of Control Secure Them.

Special to the New Mexican.  
Washington, Feb. 13.—Delegate Andrews and Chairman W. S. Hopewell, of the board of control of the Sixteenth National Irrigation Congress, today secured a promise from Secretary of the Treasury George B. Cortelyou to be present at the session of the Congress in Albuquerque this fall.

Senator Boise Penrose will contribute \$500 for the best mineral exhibit at the Interstate Industrial Exposition to be held in connection with the congress.

Delegate W. H. Andrews has offered a prize of \$100 for the best exhibit of cotton raised in New Mexico.

Chairman H. O. Bursum of the Republican Territorial central committee, will contribute \$100 as a prize for the best native chili.

United States Senator Stephen B. Elkins will likely attend the congress and deliver an address. He will also make a contribution for exhibits.

## PRESIDENT ORDERS TROOPS TO FAIRBANKS

### Presence of Soldiers Deemed Nec- essary to Preserve Order During Miners Strike.

Washington, Feb. 13.—By direction of President Roosevelt, Acting Secretary of War Oliver today ordered a company of Infantry from Fort Gibbon, in Alaska, to Fairbanks, in that territory, to preserve order during the miners' strike in that section. This action is taken upon representations made by the U. S. court in Alaska to the attorney general that the presence of federal troops is needed. Attorney General Bonaparte promptly brought the matter to the attention of the President and the necessary order for the movement of the troops was issued.

## WIDOW OF FORMER STATESMAN DEAD.

Indianapolis, Ind., Feb. 13.—Mrs. Eliza Gray, widow of former Governor Isaac H. Gray, whose death occurred while he was minister to Mexico, died here today at the age of 80 years.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest news paper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

### SHOULD HAVE NO VOICE IN REPUBLICAN POLITICS.

The New Mexican's Albuquerque morning contemporary is of the opinion that Delegate W. H. Andrews ought to be eliminated from New Mexico politics simply and solely because he has been the best delegate this territory ever had and has secured more benefits from Congress and the administrative departments for the Sunshine Territory than any other man; especially has he served Albuquerque faithfully and successfully. But then Delegate Andrews will not bend "the pregnant hinges of his knees" to those who control the policy of the paper. However, as that paper can not in the very nature of things and should not have any voice in the conduct of Republican party affairs, its venomous hostility to Delegate Andrews will not cut much ice. The Republican party of this territory at the proper time in fair and representative convention will make its nomination for the position and thereafter it will do the electing in November coming. That this year's political campaign will be a strenuous one is believed by every man who is acquainted with territorial political conditions and the great influx of new voters since November, 1906. The opponents and enemies of the Republican party are figuring that this new voting element is overwhelmingly Democratic and will vote any "yellow dog" ticket. That the new immigration is more Democratic than Republican in politics, as much of it did and does come from Texas and Oklahoma may be a fact, but so far it is only assumption and surmise. It is very likely that amongst the new settlers there are many Republicans and probably even a good many of them from Oklahoma who left that state because they became disgusted with the Democratic party's doings and Democratic administration methods there. New Mexico Republicans at any rate will be in this year's political campaign well organized and under first class leadership and determined to make a successful and winning fight despite the advice of yellow sheets and sore head would-be politicians.

### TAFT ONE OF THE MAKERS OF WORLD HISTORY.

In discussing the visit of Secretary of War William H. Taft, the Kansas City Times, a well conducted newspaper and quite independent in politics, calls him "a maker of history" and sketches Mr. Taft's recent record very intelligently and properly. It is well established that the longer Secretary Taft is in public office and the more important the questions of the times become "the bigger" a man is he found to be.

During the past twelve months Secretary Taft has certainly handled some important public matters with remarkable success and with great benefit to the country at large. Referring to these eminent services to the people, the Times says:

Secretary of War William H. Taft has recently made another tour of the world as the representative of the United States government.

"He went to Japan at a time when serious friction between that nation and the United States was threatened. Immediately the rumors of troubles ceased and action was taken to check coolie emigration. A radical native assembly had been elected in the Philippines and it was regarded with distrust by persons familiar with island affairs. As a result of the Secretary's visit the assembly appropriated a million dollars to public education—an American idea."

"Mr. Taft's journey across Asia and Europe and his conference with the Czar were followed in detail by the European newspapers, for the Secretary of War has long been recognized as a force, national and international."

"On his return to the United States he was at once called on to discuss the financial crisis, as spokesman for the administration, before a hostile Boston audience. Later he made a frank talk before a representative gathering of workmen at Cooper Institute, New York, and answered questions with such candor and good sense as to capture his hearers."

"These incidents of the last few months are recalled merely as reminders of the fact that Kansas City entertained this week one of the big men who are making world history."

### REPUBLICAN DIFFERENCES IN THE SOUTH.

There is some trouble among southern Republicans and indications are that there will be more or less strife and dissension before the election of delegates to the Republican national convention by Southern Republicans is over. They have already had one row in the state of Florida where contesting delegations were elected.

The situation brings again to the front the suggestion that representation in Republican conventions should be based upon the ratio of votes in the previous general election. There is much to this plan, although in some respects it would not be as just and as fair as it ought to be. Referring to the present status of affairs among Southern Republicans the New York Globe and Commercial Advertiser believes that the Florida politician who arranged and carried through the plan of sending two delegations to the Chicago convention wrote to the county chairman that he was acting as the agent of the friends of Senator Knox, Vice President Fairbanks, and Speaker Cannon. His letter, a copy of which is in the possession of the other side, says that "the delegation which we propose to send, even though it be on a contest, will be seated."

It may be safely assumed that this unblushing manufacturer of delegates had no authority from any of the men he named. Probably he had no more authority from them to run a dummy state convention than the other side had authority from President Roosevelt or Secretary Taft to put up a delegation in the interest of Secretary Taft. The Florida Republican politician is working for himself not for others. As elsewhere in the south, the party is thoroughly disorganized—is essentially a private enterprise.

Non-representative delegations from the south will be present at Chicago, for the call so provides, and their members will vote on the various roll calls. But it should be agreed on all sides that their influence should not be allowed to be determinative. It is time to bring forward again the plan of making convention representation proportional to Republican voting strength and to discontinue the practice of assigning a number of delegates double that of a state's representation in Congress.

### DEFINITE GAIN IN STATEHOOD SITUATION.

The Roswell Register Tribune, the leading and most widely circulated Republican paper in southeastern New Mexico looks at the statehood situation optimistically but sensibly, and treats it editorially in the right way. Says the paper:

"There is no ground for discouragement in the news that it will be impossible to secure statehood for New Mexico at this session of Congress, and that the leaders have abandoned the work under an agreement by which statehood is to be given us at the short session next winter. It is rather encouraging on the whole. For more than fifty years New Mexico has been fighting for its rights, and if the boon has been promised as stated, the goal is at last in sight and another year of waiting is comparatively nothing so little that Governor Curry and his supporters were wise to give up the fight for the present session, for while they might have been successful, the chances were all against them. It was a whole lot better sense to compromise on the subject, securing a sure thing and with merely a little more delay. The Register-Tribune does not believe, however, that there should be any let-up in the work of education for statehood, either on the part of the statehood league or of the press, but rather that there should be an extension of it. Such boosting advertises the territory and attracts investment and settlement, which are just as much to be desired under territorialism as statehood."

The city treasury contains in cash about \$5,000 for current expenses and improvements. This is quite a unique situation for the cash box of the town. If this money will be properly expended for improvements, for crossings, for extension of sewers, much good will be done and the city administration ought to receive due credit therefor. It is very refreshing indeed to learn that there is some cash in the city treasury for improvements.

### THE PANIC NOT A CAMPAIGN ISSUE.

It is gratifying to learn from expressions in speeches and in the press made by men who are in the public eye as candidates for the nomination for the presidency by both great political parties that the recent financial panic, its causes and effects, will not be included as an issue in the coming campaign. This, if carried out, will certainly prove beneficial to the business interests of the country and that means for the people at large. The threshing over of this straw could not be used to gain votes for either party. Considering this subject the New York Globe and Commercial Advertiser, a conservative and leading paper of the metropolis, representing the solid commercial and financial interests there, says:

"So far as it can be eliminated by the principal presidential candidates of both parties the panic seems eliminated as a political issue."

"Mr. Bryan has absolved the administration of responsibility. He commends President Roosevelt and urges his party friends in Congress to a vigorous support of the Roosevelt policies. Secretary Taft, as is natural, commends the administration of which he is a member. Governor Hughes exceeds both Mr. Bryan and Mr. Taft in commendation of the President. There is thus more than an implied agreement that the panic, while its causes may be discussed in an academic way, is not to be a political issue, with a debate over the question of the administration's responsibility."

"Nor need there be regret that things are turning out so. The main business of the American people is to get business back to normal. This would not be assisted by a campaign in which the panic were the principal topic of partisan debate. We are looking toward the future—we are not to be provoked from this attitude even by such a loud noise as was yesterday heard from Washington—a noise whose effect is to produce derision rather than horror—a noise over which the Democrats of Congress, as was their due, shrieked with laughter."

### SO THE PEOPLE MAY KNOW.

Chairman Tawney of the House committee on appropriations would like to know something concerning the expenses of the high toned "special assistants to the attorney general" and special sleuths of the Department of Justice who have been roaming around the great west at random drawing very handsome stipends and nice traveling expenses daily. Representative Tawney is one of the oldest and most experienced members of the House of Representatives and thinks that in his capacity of chairman of the House committee and somewhat interested in the financial conditions of the federal treasury, he "ought to know." The country is with him, especially the great Southwest, and would like to know also.

The greatest reception ever accorded any public man in Kansas City was that extended Monday night by the citizens of that city under the auspices of the Young Men's Republican club of the state of Missouri to Secretary of War William H. Taft. The auditorium was crowded to suffocation and it is estimated that over 15,000 persons were at the meeting and that 1,200 guests attended the dinner thereafter given in the secretary's honor. The reception was remarkably enthusiastic and cordial and the secretary's speech which was in defense of the Roosevelt policies captured his hearers and met with the greatest approval and applause. The big man from Ohio makes a very favorable impression wherever he goes.

McKinley county since its organization has had its county financial affairs managed by Republican officials. Results count and here they are: Without any increase in assessments the county has paid \$7,000 of its bonded indebtedness and has erected a fine courthouse and jail building at a cost of about \$30,000, and that without a bond issue or borrowing a cent. The proof of the pudding is in the eating and the above facts are certainly proof that the citizens of McKinley county build well and did the right thing when they voted for Republican candidates for county offices. They have done so well that they will repeat this action in the election this year.

The board of control of the 16th National Irrigation Congress is very lucky indeed in securing Willard S. Hopewell as chairman and Ralph E. Twitchell as secretary. These two officials are proving themselves great hustlers and it will not be their fault if the Congress and the industrial exposition that is to go with it will not be what it should.

There is ample money in the funds of the U. S. Reclamation service to pay for the construction, work and material of the Elephant Butte dam, reservoir and canal project for the next several years and no additional appropriations will be asked from Congress. This is very gratifying and now let the construction work proceed.

The political pot has been "sizzling" in Chaves county, a Democratic stronghold, for several weeks in anticipation of this year's political campaign. The reason is not hard to find. The county is rich and several of the county offices pay very handsomely.

## OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are  
located in the midst of the Ancient  
Cliff Dwellings, twenty-five miles west  
of Taos, and fifty miles north of Santa  
Fe, and about twelve miles from Bar-  
anco Station, on the Denver & Rio  
Grande Railroad, from which point a  
daily line of stages runs to the springs.  
The temperature of these waters is  
from 90 to 122 degrees. The gases are  
carbonic. Altitude 6,000 feet. Climate  
very dry, and delightful the year  
round. There is now a commodious  
hotel for the convenience of invalids,  
and tourists. People suffering with  
consumption, cancer, and other con-  
tagious diseases, are not accepted.  
These waters contain 1,686.24 grains  
of alkaline salts to the gallon, being  
the richest alkaline Hot Springs in

the world. The efficiency of these wa-  
ters has been thoroughly tested by  
the miraculous cures attested to in the  
following diseases: Paralysis, Rheu-  
matism, Neuralgia, Malaria, Bright's  
disease of the Kidneys, Syphilis and  
Mercurial Affections, Scrofula, Catarrh  
La Grippe, all Female Complaints, etc.  
Board, lodging and bathing \$2.50  
per day; \$15 per week; \$50 per  
month. Stage meets Denver trains  
and waits for Santa Fe train upon re-  
quest. This resort is attractive at all  
seasons and is open all winter. Pas-  
sengers for Ojo Caliente can leave  
Santa Fe at 9 a. m., and reach Ojo  
Caliente at 4 p. m., the same day.  
Fare for round trip from Santa Fe  
to Ojo Caliente \$7.40. For further par-

## CRYING FOR HELP.

Lots of it in Santa Fe But Daily Grow-  
ing Less.

The kidneys cry for help.  
Not an organ in the whole body so  
delicately constructed.

Not one so important to health.  
The kidneys are the filters of the  
blood.

When they fail the blood becomes  
foul and poisonous.

There can be no health where there  
is poisoned blood.

Backache is one of the first indi-  
cations of kidney trouble.

It is the kidney's cry for help. Heed  
it.

Doan's Kidney Pills are what is  
wanted.

Are just what overworked kidneys  
need.

They strengthen and invigorate the  
kidneys; help them to do their work;  
never fail to cure any case of kidney  
disease.

Read the proof from a Santa Fe citi-  
zen.

Mrs. M. S. Zimmerman, living at  
331 San Francisco street, Santa Fe,  
N. M., says: "I have an exceedingly  
good opinion of Doan's Kidney Pills,  
and my estimation of this remedy is  
based on personal knowledge of the  
great value it has proved to a number  
of my friends and acquaintances. Of  
this fact I am positive, that those who  
suffer from kidney complaint will con-  
sult their own interests by giving  
Doan's Kidney Pills a trial."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

SOLDIERING IN  
THE PHILIPPINES

Army Officer Formerly Stationed in  
This City, Addresses Interesting  
Letter to New Mexican.

Lieutenant-Colonel William Paulding,  
of the Eighteenth U. S. Infantry,  
who is now on duty with his regiment  
in the Philippine Islands, and who,  
during the early 90's and just before  
the abandonment of Fort Marcy, was  
stationed here as a first lieutenant in  
the Tenth U. S. Infantry, where he is  
well and pleasantly remembered by  
many residents of the town, has not  
forgotten his friends here.

Since leaving Santa Fe he has seen  
a great deal of active service and will  
soon be promoted to a colonelcy. His  
regiment, the Tenth Infantry, made a  
splendid record during the Spanish-  
American war and he was present  
with it in all of the engagements in  
which it participated. Since then he  
has seen service as a major and lieuten-  
ant-colonel in several states of the  
union and also in the colonial posses-  
sions. He writes the following very in-  
teresting letter from his far off station  
on Mindanao Island:

## His Letter.

"Camp Kithley, Mindanao, P. I.  
"Editor New Mexican:

"Since I have been here I have re-  
ceived several copies of the Daily New  
Mexican for which please accept my  
thanks. I assure you that I enjoy it  
very much, as I have always been fond  
of Santa Fe and hope when I return  
to the United States, to pay it a visit.

"We arrived here about six weeks  
ago, after a tiresome march up the  
hill from the coast, a distance of twenty-  
one miles, through the heavy tropical  
jungle on a very good road made  
by Major Bullard when this country  
was first opened up by our troops.

The rise from the sea is over 2,500  
feet, so you can see it was quite a  
climb, and a hard one as the men had  
been on the transport for over a  
month. However, we did not use up  
more than four men on the march and  
they were overcome by the heat which  
I assure you was beastly.

Hard Marching Through Jungle.

The road from Camp Overton was  
mostly through the dense woods and  
high grass which is much higher than  
a man's head. The forest is a jungle,  
so thick that you cannot walk through  
it. The trees are of many varieties,  
palms, coconuts and other kinds of hard  
woods, all overgrown with vines and  
orchids, and there are many kinds of  
wild flowers with ferns five and six  
feet high, tree ferns I think you  
would call them. The first day we  
only made nine miles, but I suspect  
the men thought they had marched  
twice that distance as they were not  
in very good condition for walking.

Just before reaching camp and before  
our wagons arrived, it began to rain  
as it often does in this country, so  
everyone was soaked in a short time.

However, one does not mind the rain  
much here and seldom takes cold, so  
I am told. We remained at this camp  
all that night and started out next  
morning at six o'clock for the post  
which we reached at 11 o'clock, tired,  
but very glad to be at home, if one  
can call this home. In my case it will  
be home for only a short time as I  
hope to be a colonel soon, if I am not  
one now.

Post Ideally Situated.

The post is located upon a hill with  
a glorious view down the valley of  
the Agus river to the Mindanao sea.

The valley, or at least the upper  
part of it, is well cultivated in small  
farms of rice, corn and sweet pota-  
toes, all owned by the Moros. It does  
not look in the least like the Philip-  
pines, but more like Berkshire Hill in  
Connecticut. The river is very rapid  
and dangerous, having a fall of about  
122 feet to the mile, making a  
magnificent water power. This  
river is the outlet of Lake Lanao  
which is about 15 miles  
long by 6 miles wide. On the lake are  
five small gun boats which were sent  
up here by the Spaniards for use  
against the Moros and were sunk by  
them when the Americans took pos-  
session of the islands, but were locat-  
ed and raised by General Leonard  
Wood when he was in command of  
this department. The post is a regi-  
mental post. Eight companies are in  
the post and two are down at Mur-  
ah, a sub-post about a mile away on  
the lake. The people do not like us,  
but they are afraid of us, and do not  
molest any one unless they want a  
rifle, and then they would not hesitate  
a moment to kill. A rifle is worth to  
them two hundred and fifty dollars in  
gold, so we have to have all our sen-  
tries double, one marching in front  
with a rifle and the other about twenty  
paces in the rear with a shot gun.

Treacherous Moros People.

"The Moro is an interesting individ-  
ual, that is, in a way. He is a fine  
fighter and a good hater. However,  
we know what to expect from them  
so are fully prepared at all times;  
then some of the Dado's are friendly  
and give information, if the bad men  
are up to anything and when they are  
the troops do not go out after them  
as that work is all under control of  
the native police, or constabulary, and  
they call upon the troops to come with  
them and help them out if they get in  
a tight place. In other words when a  
constabulary company goes out, a re-  
quest is sent to the post commander  
to have some troops at a certain place  
at a certain hour. If they are wanted,  
all right, if not they come home. Our  
troops have been out once since we  
have been here, but there was nothing  
doing, as the guide lost his way and  
did not reach the place they intended  
to.

"The climate is cool but very wet,

as we have rain almost every day or  
if not, then fog. One is obliged to  
sleep under two light blankets every  
night. It is very healthy indeed they  
tell me and is no more like the tropics  
than Santa Fe is like Kansas. We  
have some drawbacks. One is that the  
mails are very uncertain, only coming  
in about twice a month and you know  
that is pretty hard when one is so far  
from home. I think that I will send  
you a photograph of the view from the  
post down the valley, also one out on  
the lake."

Save Money by Buying Chamberlain's  
Cough Remedy.

You will pay just as much for a  
bottle of Chamberlain's Cough Remedy  
as for any of the other cough  
medicines, but you save money in  
buying it. The saving is in what you  
get, not what you pay. The sure-  
cure quality is in every bottle of  
this remedy, and you get good re-  
sults when you take it. Neglected  
colds often develop serious condi-  
tions, and when you buy a cough  
medicine you want to be sure you are  
getting one that will cure your cold.  
Chamberlain's Cough Remedy always  
cures. Price 25 and 50 cents. For  
sale by all druggists.

Many Sleepless Nights, Owing to a  
Persistent Cough. Relief Found  
at Last.

"For several winters past my wife  
has been troubled with a most per-  
sistent and disagreeable cough, which  
invariably extended over a period of  
several weeks and caused her many  
sleepless nights," writes Will J. Hay-  
ner, editor of the Burley, Colo., Bul-  
letin. "Various remedies were tried  
each year, with no beneficial results.  
In November last the cough again put  
in an appearance and my wife, acting  
on the suggestion of a friend, pur-  
chased a bottle of Chamberlain's  
Cough Remedy. The result was in-  
deed marvelous. After three doses  
the cough entirely disappeared and  
has not manifested itself since." This  
remedy is for sale by all druggists.

## HOT TAMALES.

Hot Tamales, Chile Verde, Chile  
Colorado, Pozole with Cuscutas, Me-  
nudo and Chicken Tamales are among  
the Mexican and Spanish dishes which  
are being served nightly at the up-to-  
date short order house, The Bon Ton  
Restaurant.

Grippe is sweeping the country.  
Stop it with Preventives, before it gets  
deeply seated. To check early colds  
with these Little Candy Cold Cure Ta-  
blets is surely sensible and safe. Pre-  
ventives contain Quinine, no laxative,  
nothing harsh or sickening. Pneumonia  
would never appear if early  
colds were promptly broken. Also good  
for feverish children. Large box, 48  
tablets, 25 cents. Vest pocket boxes 5  
cents. Sold by all dealers.

## "BOOTH'S OYSTERS."

The very finest in the land have  
just been received at the Bon Ton  
Restaurant. These are the very first  
of the season and can be found only  
at this place where they are up-to-date  
in everything. A trial will convince  
you.

Bert Barber, of Elton, Wisconsin,  
says: "I have only taken four doses  
of your Kidney and Bladder Pills and  
they have done for me more than any  
other medicine has ever done. Mr.  
Barber refers to DeWitt's Kidney and  
Bladder Pills. They are sold by The  
Ireland Pharmacy.

## PERSONAL MENTION

Charles C. Catron, assistant county attorney, spent yesterday in Las Vegas on legal business.

Luciano Maes and M. D. Maes of Las Vegas, were in town today. They registered at the Normandie.

Major B. Ruppe, Albuquerque druggist, is traveling in Roosevelt county and was a visitor in Texico last Monday.

Attorney A. B. Renahan returned last evening from Bernalillo, where he has been for a week attending to legal business.

Thomas Triego, who is in business at Alcalde, Rio Arriba county, attended to personal business here today and was registered at the Claire hotel.

Victoriano Casados, resident of San Ildefonso, in the northern part of the county, has been visiting relatives here during the week. He left today for his northern home.

Atencio Roibal, of Pecos, had a room at the Coronado hotel last evening. Mr. Roibal is chairman of the board of county commissioners of San Miguel county and has many friends and acquaintances in this city.

John B. Harper of Durango, chief engineer in charge of the construction of the Zuni river reservoir and ditch system in McKinley county, registered at the Claire hotel last night. Mr. Harper's office is now situated in this city.

Mrs. A. L. Morrison, Jr., and daughter, Miss Sylvia Morrison, returned home yesterday after a four months' visit in California. Most of the time during their absence they spent at Los Angeles. They also were at Long Beach, Ocean Park and Elsmore Springs.

Deputy United States Marshal Harry F. Bogh arrived in the city last night from Albuquerque, coming here to serve subpoenas on the prospective grand and petit jurors for the forthcoming term of the federal district court, which will convene here Monday, March 2.

Dr. Thomas P. Martin, the well known Taos physician, writes to friends that he expects to be in Santa Fe Monday next to take part in the institution of the new chapter of Rose Croix, Scottish Rite Free Masons, which will be instituted here on the evening of that day, provided his professional duties do not keep him at home. There is quite an epidemic of measles in Taos. The cases however, are of a mild character.

Samuel B. Cochran, a prominent citizen of Dallas, Texas, where he is in the insurance business, spent yesterday in the city and looked after insurance affairs. Mr. Cochran visits the city periodically, as the companies he represents do considerable business in the territory. He always enjoys his trips to Santa Fe and thinks despite an occasional snow flurry, that the Santa Fe winter climate is grand. Every time he comes to the city he finds it more interesting.

Colonel E. C. Abbott, assistant U. S. attorney, left this evening for Las Cruces where he will represent the United States in the cases of several Chinese who are held there on charges of being unlawfully in the United States. The cases will be heard before United States Commissioner W. A. Fleming Jones. Colonel Abbott on his return from Las Cruces will remain over in Albuquerque to be present at the meeting of the Republican Territorial central committee there on Monday next.

## OLD PALACE IS BEING RENOVATED

Suite of Rooms to Be Occupied by Governor Curry Will Be Ready About March 1.

Governor Curry shortly after his return from Washington, will be able to take up his residence in the Old Palace, in which a suite of rooms is being fitted out for his occupancy and will be ready about March 1. It is surprising what a marked change in appearance has been made with new wall paper and several coats of paint. The total cost of remodeling the apartments will not exceed \$400.

The suite which will be occupied by the governor consists of five rooms and a bath. Four of the rooms are located just east of the postoffice, which occupies the extreme west end of the building. The other room is in the rear of the main hallway, and the bath room is off from this.

Territorial Land Commissioner Robert P. Ervion who is also custodian of the Old Palace has had a force of painters and paper hangers working in the building for several weeks past. He is also fitting out new quarters in the historic old building for Stephen Watts Kearny Chapter, Daughters of the American Revolution and another suite of three rooms which he and his family may occupy.

One of the rooms which will be occupied by Governor Curry is known as the "Ben Hur" room, in which General Lew Wallace wrote the famous novel of that name which has been dramatized, while serving as executive of New Mexico.

## COURT SETTLES LAND CONTROVERSY

Judge McFie Finds for Plaintiff in Case of Estevan Sanchez et al Versus Cecilio Gutierrez, et al.

A decision finding for the plaintiffs was rendered today by Judge John R. McFie in the district court of Rio Arriba county in the case of Estevan Sanchez et al, versus Cecilio Gutierrez, et al, involving the ownership of a small tract of land in Rio Arriba county. The original plaintiff and defendant to the suit are both dead, having died shortly after the litigation over the property begun.

Estevan Sanchez sued in ejectment to recover the tract of land in question which was then in possession of Gutierrez and produced a deed signed by the defendant Cecilio Gutierrez and his wife conveying the property to him. Meanwhile Sanchez and Gutierrez both died before the case was settled. Ramon Sanchez, the father of Estevan Sanchez, being the only heir of his son, was made a party to the suit as plaintiff. Gutierrez's widow and children were made defendants upon the death of their husband and father.

The court finds that the deed produced in evidence by the plaintiffs was legally executed and delivered to Estevan Sanchez and that the claim of fraud in its execution is not sustained, whereat the possession of the land is awarded to Ramon Sanchez, who inherited the estate of his son.

## FUNERAL OF LATE ELEUTERIO GRIEGO

Remains Are Buried in Rosario Cemetery—Leaves Widow and One Small Son to Mourn His Death.

The funeral of the late Eleuterio Griego, whose death occurred Wednesday, took place at 8:30 o'clock this morning from the family home on College street, and at 7 o'clock at the Cathedral. Following the requiem mass which was celebrated by Very Rev. Anthony Fourchegu, the remains were buried in Rosario cemetery.

The deceased leaves a family consisting of widow and one small child, a daughter aged 3 years. His wife was formerly Miss Agapita Montoya. He was thirty years old and had always lived in Santa Fe. His death resulted from an acute attack of indigestion.

## WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain scenery, get a change, live a new and an fascinating life under new conditions, and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest mountains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and temperature identical with Santa Fe. Its streams swarm with trout and the woods and ranges are filled with game large and small. The ranchers live the life of the west. There are mountain lion, bears, deer, and wolves for the hunter. There are saddle ponies to be had for the asking, rooms in a big rambling ranch house with wide verandas, tent rooms or a cabin if you want it. The days are never dull. You see a great ranch and the genuine western life. Fresh milk, butter and eggs—all you can drink and eat. Sleep in blankets at night—fish in your shirt sleeves during the day. You couldn't spend more than \$9 a week if you tried. It's the place you are looking for. Accommodations for both men and women. Inquire this office or address THE VALLEY RANCH, Pecos, N. M.

## MINOR CITY TOPICS

Weather forecast for New Mexico: Rain or snow tonight and colder, with cold wave in north portion; Friday, generally fair; colder in east portion.

Tomorrow will be one of Dan Cupid's busy days. It's St. Valentine's.

In his change of ad today, Adolf Selligman, the Plaza merchant, announces a special sale in ladies' undergarments.

Captain Santos Esquivel, a prominent citizen of Las Vegas, who is well known in this city, is seriously ill at his home in the Meadow City.

Territorial Engineer Vernon L. Sullivan was at his office today for the first time in over a week, having just recovered from an attack of measles.

Willie Gonzales aged four years, died this morning of pneumonia at the residence of his parents Mr. and Mrs. Damacio Gonzales on Cerrillos road. He was a very bright and interesting child.

There will be a change of program at the moving picture show at the opera house tonight. The new films are said to be the best yet. The new illustrated song will be "Naath the Old Cherry Tree, Sweet Marie."

A "masquerade on roller skates" is a unique event that is scheduled at the skating rink for Wednesday, February 19. Prizes are offered for the most graceful couple, on roller skates, the most awkward couple, and the couple in the most attractive costumes.

Santa Fe friends will be pained to learn of the death of Etelano Rael, whose demise occurred at 11:30 o'clock Sunday night at his home in Antonchico. He succumbed to an attack of appendicitis following an operation. The deceased was forty years old. One son is the only survivor of the family. His wife died about eight years ago.

Ex-Surveyor General Edward F. Hobart, who is an enthusiastic farmer, recently presented the New Mexican with a parsnip that weighed six pounds and four ounces. In cooking and eating this vegetable it was found to be very fine, of excellent aroma and a fine uniform texture. General Hobart's hothouse is producing very fine vegetables these days.

St. John Brothers, the Pueblo plumbers and steam fitters, who had the contract for installing the plumbing and steam heating plant in the Central school building in this city, have opened a branch office at Las Vegas. ## DANGER OF CATARRH.

Unless Properly Treated With Hyomei  
Becomes Serious.

Catarrhal troubles are far more dangerous than they seem at first thought.

If you have catarrh, there is an irritated state of the mucous membrane and weakened tissues which afford an ideal lodgment and culture medium for disease germs, especially those of consumption.

You should get cured as quickly as possible before any dangerous germs that you may breathe lodge on the diseased tissue and work destruction in the throat and lungs.

The easiest, simplest, quickest, surest and cheapest way to cure catarrh is by the direct method, breathing Hyomei. This wonderful medicated air treatment does not drug and derange the stomach, but is breathed in, directly following and destroying all disease germs that may have been inhaled.

The unusual way in which Hyomei is sold by The Ireland Pharmacy is the best evidence of their confidence in the treatment and should dispel all doubt as to the curative properties. They agree to refund the purchase price to anyone whom Hyomei fails to benefit, and you do not risk a cent in testing its healing virtues. A complete outfit costs but \$1.00 if it helps you, not a cent if it does not do all that is claimed for it.

# The Studebaker.

For the Man Who Wants the Best

To him and to all who believe that quality is better investment than its counterfeit in buying a wagon, we will show beyond a doubt that the STUDEBAKER is as good as right materials, modern appliances in construction, and skilled workmen, who "Know How", can make it.

## The Great West

has been made since the first Studebaker wagon was made. Indeed the Studebaker wagon helped to make the West. It has been one of the most efficient aids to the advancement of civilization by making transportation easy for the pioneer. Many of the first men of the West took the Studebaker with them. They are still buying Studebakers, having learned their value by experience. The Studebaker is better to-day than ever before.

Studebakers also make a full line of all kinds of vehicles, harness, etc. They control entire output of the World Huggy Co. and make the "Lazer Line" of vehicles. All dealers handle Studebaker goods. Write us for catalogue, etc.

#### CHAVES COUNTY MURDERER IS RELEASED ON BOND.

Roswell, N. M., Feb. 13.—Samuel Huckaby, who a week ago assaulted J. L. Beard, a ranchman residing near Dexter and inflicted injuries upon the latter which resulted in his death a few days later, was arraigned before Justice of the Peace A. J. Welther here on the charge of murder. Huckaby waived a preliminary examination and was bound over to await the action of the next grand jury. His bond was fixed at \$5,000 which he promptly furnished and was released. He has returned to his ranch near Dexter. Huckaby is confident he will be able to clear himself when his case comes to trial as he claims his assault on Beard was made because the dead man had been unduly intimate with his 12-year-old daughter.

#### SIMPLE REMEDY FOR LA GRIPPE

La grippe coughs are dangerous as they frequently develop into pneumonia. #### ARRESTED FOR VIOLATING ANTI-GAMBLING LAW.

Las Vegas, N. M., Feb. 13.—In what way the new gambling law affects card games for stakes will be determined at the next session of the district court for San Miguel county, in this city, but if the court decides that a game with a "kitty" is illegal, it will be no joke for the defendant, for while the law will be tested, it is not a test case.

S. B. Johnson, better known as Deacon Johnson, formerly a porter at a local saloon was arrested yesterday for running a game in a dive on Fifth street. He was given a hearing before Justice of the Peace H. P. Brown who bound him over to await the action of the grand jury. His bond was fixed at \$200.

A weak stomach, means weak stomach nerves, always. And this is also true of the heart and kidneys. It's a pity that sick ones continue to drug the stomach or stimulate the heart and kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative, has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth and see. Sold by all dealers.

#### THIEVES VISIT HOME OF SAN MIGUEL COUNTY CLERK.

Las Vegas, N. M., Feb. 13.—Thieves entered the premises of County Clerk Apolonio A. Sena, 904 National avenue Tuesday night and took everything that was loose about the yard. They entered the corral and killed on the spot, three fat sheep and a lamb which Mr. Sena had brought up from his ranch at Chaparral and also stole all the washing off the line. Mr. Sena has been the victim of thieves three or four times since he came to Las Vegas to make his home. There is no clue to the identity of the miscreants.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This, the finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No twenty or thirty minutes boiling. "Made in a minute," says the doctor. Sold by all dealers.

The New Mexican Printing company will do your job work with neatness and dispatch.

### ENGINEER EXPERIMENT STATIONS

Bill Introduced in Congress to Provide Additional Instruction at Agricultural Colleges.

House Resolution No. 9230, introduced by Representative McKinley, of Illinois in the House of Representatives, is a bill providing for the establishment of engineer experiment stations at colleges of agriculture and mechanic arts. The bill is now with the committee of agriculture which is considering the same.

Under its provisions the sum of thirty thousand dollars annually is appropriated for the maintenance and work of such engineer experiment stations at agricultural colleges.

The following are the objects and the work that is to be performed at such stations:

"That it shall be the object and duty of said experiment stations to conduct such original researches or to verify such experiments as relate to the properties of materials employed in manufacturing, building, and constructional operations; the properties, physical and chemical, of fuels, fluid media, lubricants, and other substances or materials used in the generation or transmission of power; the efficiency and economic value of mechanical devices; the generation, transmission, and utilization of electrical energy; the engineering problems connected with transportation; the provision of suitable water supply for domestic and manufacturing purposes; the disposition of industrial, household, and city wastes; the engineering problems connected with public utilities; the economic methods of mining and preparation of ores and other mineral products; the methods of prevention of waste of all natural resources whose use is related to the science of engineering; and such other researches or experiments bearing directly upon the application of the mechanic arts and science of engineering to the industries of the United States as may in each case be deemed advisable, having due regard to the varying conditions and needs of the respective states and territories.

"That bulletins or reports of progress shall be published at said stations at least once in three months, one copy of which will be sent to each newspaper in the states or territories in which they are respectively located, and to such individuals actually engaged in manufacturing, engineering, or allied pursuits as may request the same and as far as the means of the station will permit. Such bulletins or reports and the annual reports of said stations shall be transmitted in the mails of the United States free of charge for postage, under such regulations as the postmaster general may from time to time prescribe."

A strong effort is being made by various agricultural colleges in the country to secure the passage of the bill. Delegate Andrews has become interested and the New Mexico College of Agriculture and Mechanic Arts will be greatly benefited by its provisions should it become law. The delegate writes that he is of the opinion that the bill will be enacted and probably at the present session.

### MADDEN FOUND GUILTY OF MURDER

Jury Returns Verdict of Third Degree in Sandoval County District Court—Ortiz on Trial.

Bernalillo, N. M., Feb. 13.—James M. Madden was found guilty of murder in the third degree by a jury in the district court here for the killing of O. P. Hovey, a school teacher, two years ago. The jury recommended clemency. This case occupied three days and was hard fought on both sides. Counsel for the defendant immediately filed a motion for a new trial.

The killing of Hovey was said to have been the result of a feud between the two men which had existed several years. On the afternoon of May 22, according to the testimony, Hovey drove to the home of Manuel D. Gonzales, where Madden was living. The evidence as to what took place just before the killing is conflicting. Witnesses for the defense testified that Hovey had beaten Madden and that the killing was done in self defense. A son of the man killed 13 years of age, testified that Madden shot his father as the latter entered the house. The body was found lying on the doorstep. Madden is 60 years old.

The case of Guadalupe Ortiz, charged with wife murder, was called yesterday. The killing took place in November, 1906, at Sandia, an Indian village in the Rio Grande valley, a few miles north of Bernalillo.

The case was given to the jury late yesterday afternoon.

### WILL BUILD ARMORY OF SANTA FE BRICK.

Albuquerque, N. M., Feb. 13.—A member of the Miller Architectural company announces that the plans and specifications for the new convention hall and armory would be ready to turn over to the committee or to the contractors for the figures for bids for the construction this week.

The work of excavating for the building continues. That part of the basement which will be used for a rifle range, 29x100 feet, is almost completed. Excavation for the boiler rooms will begin immediately.

It is believed that if the contract is let forthwith to a responsible contractor the building can be completed within four months, barring accidents and unlooked for delays caused by the tardy arrival of material. The building will be built of Santa Fe penitentiary brick. A very small part of it will be cement.

### BELIEVES TAFT WILL BE NEXT PRESIDENT

St. Paul Editor Says Big Secretary of War Will Have Walkaway at Republican Convention.

Albuquerque, N. M., Feb. 13.—That Secretary of War William H. Taft will be the next President of the United States is the firm belief of George Thompson, managing editor and owner of the St. Paul, (Minnesota) Dispatch, who was in the city for a few hours yesterday on his way with his family to California.

"The East is almost unanimous for the secretary of war as the Republican nominee for the Presidency and I believe he will be chosen as the candidate for the head of the ticket on the first ballot. There will be no doubt as to the result of the election in November."

The St. Paul editor is of the opinion that if Mr. Taft is the Republican candidate for the Presidency this fall, which he feels certain will be the case, the big genial secretary of war will poll a larger popular vote than President Roosevelt did at the last Presidential election in 1904.

Mr. Thompson was in Kansas City Monday and attended the big banquet given to Secretary Taft there that night by the Missouri Republican club.

### SEAL BRAND COFFEE.

It is easy to pay as much or more for coffee than we charge for Chase

& Sanborn's Seal Brand, but it is exceedingly difficult to get one of as good a flavor as delightful an aroma and as fresh roasted.

It is important that coffee should be fresh roasted. A twenty-five cent coffee freshly roasted is as good in the cup as a stale coffee that may have cost you twice as much. That's the reason Chase & Sanborn have a roasting plant in Chicago for western trade. It is the reason they guarantee every pound to be roasted the day of shipment and it is the reason we buy coffee in small quantities and advise our customers to buy in small quantities. SEAL COFFEE 40c per pound. Other grades of high class coffee that give excellent satisfaction at 25c, 30c, 35c per pound.

When arraigned this morning before Justice of the Peace Jose Ma. Garcia, charged with assault with intent to kill, Ramon Rael entered a plea of not guilty. The preliminary hearing has been postponed until tomorrow afternoon at 2 o'clock. Dalio Rodriguez whom it is alleged the defendant stabbed is still in a critical condition it is reported.

A large attendance is expected at the Valentine ball which will be given tomorrow evening in the new library building under the auspices of the Woman's Board of Trade. Tickets are one dollar each and quite a number have been sold. The basement in the new library building makes a splendid and commodious ball room, there being no posts or pillars to keep the dancers dodging, and the floor is of hard wood well polished.

Homeseekers are still arriving in goodly numbers in the Estancia valley and taking up homestead claims. The Santa Fe Central Railway today handled seven immigrant cars from Torrance consigned to various points in the valley. Scarcely a day goes by but what one or more cars loaded with household effects, farming implements and live stock are received from connecting points on this road billed to new settlers in that section.

## PARDON IS ISSUED TO CHARLES BELL

Acting Governor Jaffa Extends Executive Clemency to Young Man Convicted Year Ago.

Acting Governor Nathan Jaffa yesterday issued an unconditional pardon to Charles Bell, a young man who was convicted a year ago in the district court of Lincoln county, and sentenced to a term of four years in the Territorial penitentiary. He was released from prison today.

Bell's pardon was recommended by Judge Edward A. Mann, who sat at the trial when he was found guilty, ex-District Attorney Herbert B. Holt who prosecuted the case, and Sheriff J. W. Owen, of Lincoln county. It appears that he was not the instigator of the crime charged, that of the larceny of a horse, but was led to commit the crime by others.

## JUDGE WOULD BE GOVERNOR

William H. Wallace of Sunday Closing Fame at Kansas City, a Candidate on Democratic Ticket.

Kansas City, Mo., Feb. 13.—Judge William H. Wallace of the Criminal Court in this city, who has been making a vigorous campaign for Sunday observance, today announced his candidacy for the Democratic nomination for governor of Missouri. His platform declares for a "statewide and permanent enforcement of the Sunday and liquor laws."

## WISCONSIN DEMOCRATS GATHER IN CONVENTION

Milwaukee, Wis., Feb. 13.—The Democratic state convention for nominating delegates to the national convention to be held at Denver, was called to order this afternoon by State Chairman H. H. Manson who introduced chairman. Doherty sounded the keynote, lauding the principles of a government as "proclaimed by Jefferson and made resplendent and illuminated by the master intellect of William Jennings Bryan." At the conclusion of the speech the usual committees were appointed, after which an adjournment was taken until tomorrow.

## INTRODUCE NEW EMPLOYERS' LIABILITY ACT IN CONGRESS.

Washington, Feb. 13.—A comprehensive employers' liability bill was introduced both in the Senate and House today, in the former body by Senator LaFollette of Wisconsin, and in the latter by Representative Sterling of Illinois. The authors say the bill has the endorsement of all the railroad unions and is intended to meet the recent decision of the U. S. supreme court in which the employers' liability act of June 11, 1906, was declared unconstitutional.

## JUST PRAISE FOR DELEGATE ANDREWS

His Successful Work Before Pension Department Described By Thankful Veteran.

The following communication, giving just praise to Delegate W. H. Andrews for his successful efforts in behalf of New Mexico veterans, and which is written by one who has been benefited by the delegate's hard and energetic work, is published that the delegate may know his services are duly appreciated. The letter reads: "Editor New Mexican:

"As a veteran who participated in the war with Mexico before the great majority of the present generation was born I will be obliged if you will permit me, through your valued columns to thank our energetic delegate, W. H. Andrews, for his tireless efforts in behalf of the soldiers who served their country in her hour of need. No nation on earth is so generous to her soldiers and sailors, as America, and there is good reason for this generosity, as she owes her existence to them in the war of the Revolution and every war since then, has been fought for the preservation of our liberty, the honor of our flag, or the extension of the blessings of free government to other peoples.

"The pension laws of the United States are comprehensive enough to embrace all veterans upon their complying with the conditions prescribed therein. These conditions are easily complied with, but easy as they are, there are thousands of veterans who are ignorant of what is required of them to secure the pensions the government owes them and many of them are too poor to pay attorneys to procure, fill out and forward the necessary blanks to the proper departments, hence there are large numbers of deserving veterans (all of them old men now) who have never received their pensions. Any man who would tender his services without compensation to these men would be a benefactor to them and their families.

"The veterans of New Mexico have been long waiting for such a man and at last he has been found in the person of Delegate Andrews. Of course, it may be said that the people for whom he has procured pensions are his constituents and it is in the line of his duty to render them such services. While this is true, it is equally true that the delegates who have preceded him have failed or neglected to perform these services. How Delegate Andrews procures the names of so many New Mexico veterans, how he finds time to attend to their cases, and how he is so generally successful, I do not know, but we do know that he has secured original pensions for about 800 patriotic old men among us and to that extent he has aided them in procuring the necessities of life to comfort them in their declining years. Now, suppose the pensions procured by Andrews average \$15 per month. They will amount to \$12,000 per month, or \$144,000 per annum, a very neat little sum by the way. It will be remembered that this money comes here to stay and is expended among the business men of New Mexico.

"Permit me to state my own case. According to a recent law a certain class of veterans, of whom I am one, are entitled to receive the sum of \$20 per month on arriving at the age of 70 years. My attention was called to this by reading the New Mexican, which also stated that the necessary blanks could be procured, free at this office and that Delegate Andrews would use his best efforts to have claims allowed and forwarded on the records of the Pension Bureau. I procured said blanks, filled them out and forwarded them to Delegate Andrews. Before the next quarter day the claim was approved and the increase was duly paid. Previous to the filing of my claim I saw in some newspaper that about 150,000 claims had been already filed. Naturally I thought that several years would elapse before mine, in the ordinary routine of business could be reached, but through the kind and energetic services of Delegate Andrews it was reached and favorably acted on in less than three months for which I am exceedingly thankful to the delegate.

"Very respectfully,  
"A. L. MORRISON."

## ALL WELL ON BOARD BATTLESHIP FLEET

Washington, Feb. 13.—The navy department today received the following cablegram from Admiral Simpson of the Chilean navy on board the cruiser Chacabuco, which piloted Admiral Evans' fleet partially through Magellan Straits:

"Talcahuano, Chile, Feb. 13.—Admiral Evans requests me to inform the department that the fleet was bound for Callao via Valparaiso. Every thing was going on well and Admiral Evans is much better in health."

## LEASBURG DAM FORMALLY OPENED

El Pasoans Participate in Ceremonies Which Took Place at Selden Yesterday Afternoon.

El Paso, Texas, Feb. 13.—Between 850 and 900 people witnessed the formal opening of the Leasburg diversion dam at Selden, New Mexico, yesterday afternoon. The opening followed a basket picnic and luncheon on the banks of the Rio Grande.

The special train out of El Paso, packed up 400 people at Las Cruces, 100 at Dona Ana and about 100 at other points along the line and these, with the El Pasoans, made up the attendance. The weather was fine and the day was most enjoyable.

The ceremonies attending the formal opening of the headgates and the turning of the water into the dam, consisted of addresses by H. B. Holt, of Las Cruces, Felix Martinez, of El Paso, Judge James R. Harper, of El Paso, and R. L. Young, of Las Cruces. Mr. Holt and Mr. Martinez then took up positions on the dam, accompanied by Mr. Cault, division engineer in charge of the reclamation work, and Mr. Cault opened the gates and turned in the water. There was a cheer as the water rushed down the canal and on its way to the farms in the Mesilla valley below. The project will supply water for 20,000 acres of rich farming lands in the Rio Grande valley.

## FOR YOUR SUNDAY DINNER

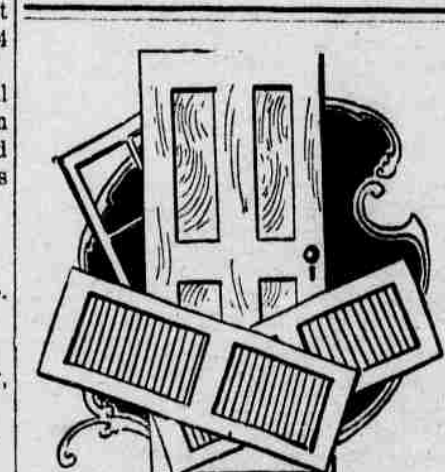

try the following delightful dessert:  
1 cup English Walnut meats.  
1 doz. figs, cut up fine.  
1 1/2 cups packed JELL-O, any flavor.  
Dissolve the JELL-O in a pint of boiling water. When cool and just commencing to thicken stir in the figs and nuts. Serve with Whipped Cream. Delicious. The walnuts, figs and JELL-O can be bought at any good grocery. This makes enough dessert for a large family and is very economical.
