ELEVEN OPINIONS HANDED DOWN

Busy Session of Territorial Supreme Court

SEVEN CASES ARE REVERSED

Escolastico Tais Who Was Convicted of Murder Will Be Given New Trial.

The Supreme court of New Mexico continued its session today. There were present:

Chief Justice William J. Mills, Associate Justice John R. McFie, Associate Justice Frank W. Parker, Associate Justice William H. Pope, Associate Justice Edward A. Mann, Associate Justice Ira A. Abbott, Jose D. Sena, clerk of the court, was at his post. The territory was represented by Attorney General James M. Hervey and the United States by United States Attorney David J. Leary. Deputy U. S. Marshal J. H. Smith was also in attendance, representing U. S. Marshal C. M. Foraker.

Eleven opinions were handed down this forenoon in one batch. Seven of these reversed the judgment of the lower courts and remanded the cases for new trials. The judgment of the lower courts in the other four was affirmed. It is expected that a number of additional opinions will be rendered tomorrow. Three cases were argued and submitted today. The following are the cases in which the opinions were rendered today:

No. 1101. Roman L. Baca, et al, plaintiffs in error, vs. Santiago Anaya, et al, defendants in error, and Florencia Perea, de Otero, intervenor and appellant, appealed from district court of Bernalillo county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Pope.

No. 1119. Escolastico Tais, appellant, vs. Territory of New Mexico, appealed from district court of Socorro county. Judgment of trial court reversed and case remanded. Opinion by Associate Justice Abbott.

No. 1132. Levi R. Thompson, et al, appellants, vs. Maria Inez Garcia de Snyder, appellee, appealed from district court of Bernalillo county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Pope.

No. 1186. Pecos Valley and North-eastern Railway company, appellant, vs. F. H. Harris, appellee, appeal from district court of Chaves county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Parker.

No. 1197. Eagle Mining and Improvement company, et al, plaintiffs in error, vs. Robert E. Lund, defendant in error, appealed from district court of Chaves county. Judgment of lower court affirmed. Opinion by Chief Justice Mills.

No. 1193. Territory of New Mexico appellant, vs. C. C. Lotspch, appellee, appealed from district court of Bernalillo county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Pope.

No. 1199. James J. Hagerman, appellant, vs. James M. Cowles, appellee, appealed from district court of Chaves county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Mann.

No. 1200. Puritan Manufacturing company, appellee, vs. B. Toti and L. Gradi, appellants, appealed from district court of Bernalillo county. Judgment of lower court reversed and case remanded. Opinion by Associate Justice Pope.

No. 1204. J. M. Sandoval, appellee, vs. George F. Albright, appellant, appealed from district court of Bernalillo county. Judgment of lower court affirmed. Opinion by Associate Justice Pope.

No. 1212. The Boulder (Colorado) Sanatorium, appellee, vs. Kate Vans-ton, appellant, appealed from district court of Chaves county. Judgment of lower court affirmed. Opinion by Associate Justice Mann.

No. 1213. Peter Sherman, et al, appellees, vs. Darius Hicks, appellant, appealed from district court of Chaves county. Judgment of lower court affirmed. Opinion by Associate Justice Pope.

The cases of the Territory of New Mexico vs. Tom Caldwell, et al, and Territory of New Mexico vs. Jim West were argued and submitted today. The case of the United States vs. Jesus Ma. Medina was argued and submitted yesterday afternoon.

Hugh J. Collins of Albuquerque today, was granted a license to practice law in New Mexico, having been admitted to the bar on a certificate showing previous practice elsewhere.

MURDERED PRIEST OUT OF REVENGE

Assassin of Father Leo Henrichs at Denver Gives Motive For Dastardly Crime.

Denver, Feb. 25.—Most of the priests connected with the Catholic church of this city believe Father Leo Henrichs who was murdered by Giuseppe Alo, a Sicilian anarchist, at the communion service at St. Elizabeth's church on Sunday morning, was a marked man from the time he arrived here last August. It is believed the plot to kill him was laid even before he left Paterson, New Jersey. Through the efforts of Chief of Police Michael Delaney it is hoped that at least thirty anarchists in various parts of the country will be placed under arrest within a few days. Chief Delaney said today:

"We have traced Alo and his band from the stone quarries of southern Italy and located most of them in the towns where they now live. After going to Spain and South America they came to this country and first of all of them lived at Paterson, afterwards scattering. We have located four who were detailed to work in Colorado. Alo was one of them."

Assassin Denies There Was Plot. Meantime Alo who is kept in jail at Colorado Springs in order to prevent a lynching, vehemently denies he belongs to any anarchist body, that wishes to murder priests or that there was a plot at the bottom of Sunday's shooting.

"I did the killing," he said, "on my own account because I hate priests of all kinds."

Body Lies in State. The body of the murdered priest was placed this morning in the sanctuary of St. Elizabeth's church which was re-blessed yesterday and will lie in state there until after the public funeral service tomorrow.

The Franciscan Brothers held a private ceremony over the body this morning after which the doors of the church were thrown open and during the day a constant procession passed through the church to look upon the face of the martyred priest.

Suffered Self-Imposed Penance. The Franciscan Brothers were surprised after the murder to learn that Father Leo wore next to his skin heavy chains to each link of which was attached a hook sharpened to a needle point. His body and arms were scarred showing he had been undergoing this unusual self-imposed penance for many years.

WOULD DISSOLVE RAILROAD MERGER

Oklahoma Executive Wants Rock Island and Frisco to Be Competing Lines.

Guthrie, Okla., Feb. 25.—Governor C. N. Haskell has sent a communication to Attorney General West in which he orders him to institute proceedings to dissolve an alleged merger between the Rock Island and Frisco railroads in this state. The letter recites that the interests of the two roads are pooled and under the same management and that they are in every sense competitive. The governor's story states that the people of the new state have the right to the benefit of the competition of competitive lines.

The letter demands that the proceedings demand a complete dissolution of the alleged combination and the perpetual maintenance of the two systems as distinct and separate roads.

Attorney General West stated today that he would immediately start the suit.

The Rock Island bisects the state with through lines both east and west and north and south. The Frisco has a line from the northeast to the southwest. Both roads have many branch lines.

BOSTON WOOL MARKET BELIEVED TO BE REVIVING

Boston, Feb. 25.—Local dealers believe that the wool market is reviving after many weeks of stagnation and declining prices hold fairly steady, especially in the better grades, but in other lines the dealers are disposed to shade quotations. Perhaps the largest sale reported was 400,000 pounds of Idaho wool at 20 cents or 56 to 57 on a scoured basis. Some half breeds sold at 60 on a scoured basis. Other wools continued dull.

MANY ARE INJURED WHEN EXCURSION TRAIN IS DITCHED.

Laredo, Texas, Feb. 25.—Thirty persons were injured by the partial derailment of an excursion train on the International and Great Northern railroad at Orville, 12 miles north of Laredo, last night. The excursionists most of whom were from Toledo, Ohio, were traveling under the direction of Charles Gates of Toledo.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

CHINA SEEKS AID OF POWERS

To Settle Trade Embroglio in Manchuria

NO ACTION TAKEN AS YET

Washington Hears of Activity in Chinese Diplomatic Circles.

Washington, Feb. 25.—Chinese diplomatic activity in European capitals and cable news announcing the calling of a conference of the great viceroys and provincial governors in Manchuria, all bearing upon the relations between China and Japan, and China and Russia, have led the state department to expect the delivery by Wu Sing, the newly appointed Chinese minister, of some special message on the subject soon after his arrival in Washington which should be in the course of a fortnight. In the meantime nothing tangible is before the state department beyond a protest by the American textile manufacturers and exporters against the blow delivered their trade by the Japanese administration of railroads in Manchuria. When the matter is formally brought to its attention it is probable that the state department will take some action but as far as can be gathered now there is no present intention of making any effort to secure joint action in the nature of a compulsion directed against Japan.

Chinese Minister at Berlin Gets Busy.

Berlin, Feb. 25.—Sun Paoli, Chinese minister at Berlin, received instructions some weeks ago from Peking to discuss with the German foreign office Japanese treatment of trade in Manchuria and to broach the possibility of the United States and Germany entering into a special agreement concerning the maintenance of equal trade opportunities in all Chinese territories. The foreign office has received his suggestions in a courteous but non-committal manner.

China's idea of a special agreement between the United States and Germany appears to rest in the belief that these two alone of the great commercial countries would likely seriously oppose Japan's disposition as China avers to discriminate in Manchuria in favor of her own merchants.

COAL ENTRIES ARE ORDERED REJECTED

Commissioner of Land Office Upholds Decision of Local U. S. Land Office in Sloan Cases.

Commissioner Ballinger of the general land office has rendered opinions affirming the decisions of the U. S. land office in this city in ordering the cancellation of certain coal land entries which it is alleged were illegally acquired by J. H. Sloan and E. M. Harter. The original entrymen in these cases were C. R. Huber, May Huber, W. E. Martin, George M. Murray, Emma Schneppe and Minnie Zimmerman. The defendants still have the right of a further appeal to the Secretary of the Interior. The coal land in question is in Sandoval county.

W. E. MARTIN ARRIVES IN NATIONAL CAPITAL

Special to the New Mexican. Washington, Feb. 25.—W. E. Martin of Socorro, clerk of the Third judicial district court, arrived here yesterday. Mr. Martin found many friends on the floor of the Senate and House of Representatives and also at the departments. He was cordially received by Secretary Garfield, Assistant Attorney General Purdy, First Assistant Postmaster General Hitchcock and Secretary Loeb. He also had an interview with Chairman New of the Republican national committee.

He has been invited to make an address at the National Educational Association and has invited that body to meet in Albuquerque next year.

BILL TO ALLOW ISSUANCE OF BONDS FOR NEW BRIDGE

Special to the New Mexican. Washington, Feb. 25.—Delegate W. H. Andrews today introduced in the House of Representatives a bill authorizing the board of county commissioners of the county of Bernalillo to issue bonds for the purpose of constructing a bridge across the Rio Grande to the amount of \$100,000, to run thirty years and to bear five per cent interest.

He also introduced a bill for the relief of Nathan Bibb, Sr., of Valencia county.

STOESSSEL ASKS FULL PARDON

Condemned Gen- eral Addresses Petition to Czar

CLEMENCY RECOMMENDED

Populace Demands That Other Officers in Russo- Jap War Be Tried.

St. Petersburg, Feb. 25.—Lieutenant General Stoessel, who on February 20, was condemned to death for surrendering the Port Arthur fortress to the Japanese during the Russo-Japanese war, has petitioned Emperor Nicholas for a full pardon. The trial court recommended that the death sentence be commuted to ten years imprisonment in a military fortress and that General Stoessel be expelled from the army.

The stand taken by the newspapers in St. Petersburg and other cities throughout the empire asking that General Kuropatkin and other officers in command of the army in the late Russo-Jap war be immediately placed on trial for cowardice, has met with popular favor and the populace has joined in the demand for their trial. The attempt made to make Stoessel the scapegoat for the disgrace brought about by the loss of the war is bitterly condemned.

So far no move has been taken by the government to place the generals named on trial but it is possible the present movement may grow to such proportions as to make such action necessary.

OPPOSE CHANGE IN RACING LAW

New York Commission's Report Dis-agrees With Views of Governor Hughes.

Albany, N. Y., Feb. 25.—The state racing commission in its annual report handed down in the legislature opposes any change in the racing law as recommended by Governor Hughes in his annual message.

James W. Wadsworth, as chairman declares it the unanimous opinion of the commission that no further legislation is necessary for the regulation of race tracks and that the present law carries out properly the purpose for which it was enacted.

Speaking of the pending Agee-Hart bill, the report says: "In our opinion the enactment of present proposed amendments would do serious damage to racing and would probably terminate it in a short time."

FUTILE ATTEMPT TO SINK SUBMARINE

Sea Cocks Opened and Vessel Damaged to Extent of \$22,000—Detectives at Work on Case.

Bridgeport, Conn., Feb. 25.—Simon Lake, president of the Lake Torpedo Boat company has just given out the following statement:

"An attempt has been made to sink the submarine torpedo boat Lake. Sea water was let into the interior of the boat by opening four valves. Her condition was discovered before she had entirely sunk. Loss is \$22,000 to her storage batteries which were damaged by salt water that flooded the battery deck. There is no insurance."

The vessel was being tuned up for submission to the navy department for a test. Detectives are at work on the case. This is the second attempt to wreck Lake's submarines.

Mr. Lake has declined to give out any further information. It has been learned, however, that the alleged attempt to sink the craft occurred about a fortnight ago in the night time. The submarine cost \$200,000.

JAPANESE EXCLUDED FROM PUBLIC SCHOOLS.

San Francisco, Feb. 25.—All Japanese over 21 years of age were excluded today from the Sausalito schools in accordance with a decision of the school trustees that no children over school age should have the privileges of the public schools. The trouble arose over a Japanese 21 years of age named Sung Cho who was engaged as a servant and essayed to spend his spare time in the primary department of the school. The principal refused to admit him and his employer, an attorney, appealed to the trustees. Their action resulted in the exclusion of other Japanese already in the schools. It is expected the attorney will take the case to the courts.

ARMY CAR TAKES LEAD IN BIG RACE

Selects Best Route and Avoids Insurmountable Snow Drifts Which Stall American Auto.

La Porte, Ind., Feb. 25.—The so-called army car carrying a message from General Grant in New York to Fort Leavenworth, Kansas, reached Michigan City early today and after a short rest, resumed its trip to Chicago.

From present indications it is almost certain that the army car will reach Chicago ahead of the American car in the New York to Paris race. The latter lost much time in northern Indiana last night, particularly after leaving Rolling Prairie, by taking the roads where the snow drifts were practically insurmountable.

The Italian car reached Rolling Prairie at midnight and after remaining there until 7:30 o'clock this morning, resumed its journey in a drizzling rain.

The French car left New Carlisle this morning. The rain is wearing away the snow.

WOULD HAVE HIS STATE OWN SALOONS

Governor Creel of Chihuahua Has a Plan For Solution of the Liquor Problem.

Chihuahua, Mexico, Feb. 25.—Governor Enrique Creel says just as soon as pressing matters are disposed of he may take up the solution of the liquor problem along the lines of the Gothenberg system as proposed by him while he was acting governor two years ago.

In brief this comprises a quasi-philanthropic corporation to take over, one by one, or as rapidly as possible, all the saloons of the state of Chihuahua, close many of them and conduct the others under strict state regulation and on such a plan as will conduce to temperance and morality. The profits of the company it is proposed will be limited to six per cent on the capital invested and all above that sum will be devoted to some other cause.

VACANCY FILLED ON COUNTY BOARD

Governor Curry Appoints Jose Ortiz y Pino as Commissioner, Vice J. L. Madrid, Deceased.

Jose Ortiz y Pino of Galisteo, was appointed this afternoon by Governor Curry as a member of the board of county commissioners of Santa Fe county from the second district to fill the vacancy caused by the death of Commissioner Jose Leon Madrid. There was no other applicant for the position. Mr. Ortiz y Pino was endorsed for the place by the Republican county central committee and his appointment meets with general approval. He will qualify at once upon the receipt of his commission which will be mailed to him this evening. The new county commissioner although still a comparatively young man is engaged in business at Galisteo and is widely known throughout the county as an estimable citizen. Mr. Ortiz y Pino although of Spanish-American descent speaks and writes the English language as well as he does Spanish.

FAMOUS COMPROMISE MINE SUIT SETTLED

Supreme Court of United States Affirms Territorial Court's Decision in Favor of Plaintiffs.

Washington, Feb. 25.—The United States supreme court yesterday rendered a decision affirming the ruling of the New Mexico supreme court in favor of the plaintiffs in the case of Dye and Childers versus Crary, et al. The case involves the sale of the valuable Compromise mining property in the White Oaks district of Lincoln county, that territory and has been in the courts for a long time. W. B. Childers was attorney for the plaintiffs and H. B. Fergusson for the defendants. The property was sold as the result of an attachment suit and the plaintiffs contended that the attachment was null and void, the court annulling the sale. W. B. Childers was deeded a one-half interest in the property.

MINING ENGINEER LOST IN MOUNTAINS OF ARIOZNA

San Francisco, Feb. 25.—Mystery surrounds the disappearance of William Werle, a mining engineer who was supposed to have come to San Francisco last October. Werle, who is a mining engineer, went to Arizona to install machinery in a mine located some miles from Ash Fork. He left a wife and two young children in Cleveland, and the last time that his family heard from him was when they received, on October 24, of last year, an accident ticket for \$5,000. August Poez, his partner, stated that he had left for this city.

DENVER PREPARING FOR CONVENTION

Open Headquarters at Leading Hotel

COMMITTEES GET BUSY

Half Million Dollar Audi- torium Will Be Completed in Time for Meeting.

Denver, Colo., Feb. 25.—Headquarters were opened in Denver yesterday at the Albany hotel by Sergeant-at-Arms John Martin of the Democratic national committee and the members of the sub-committee on arrangements which have charge of the plans for the Democratic national convention to be held here July 7th. Former Governor John E. Osborne of Idaho, is in charge of the headquarters for the sub-committee. The campaign headquarters of the national committee will be located in Chicago.

Preliminary arrangements have already been made of the work of the sub-committee on arrangements and the work of letting the contracts for engraving tickets, printing badges for delegates, alternates and members of the national committee is about all that remains to be attended to.

The new auditorium built by the citizens of Denver at a cost of \$550,000 is nearing completion and will be ready for occupancy June 27th. Arrangements for providing seats for the convention hall have been completed and folding opera chairs of the most improved pattern will be used throughout the building; 12,500 stationary chairs being provided and there are large spaces in the aisles where movable chairs may be placed. Sergeant-at-Arms Martin and Chairman Osborne have both stated that the arrangements made for the convention in Denver are superior to any ever made. The citizens of Denver have raised \$100,000 by public subscription to help pay the expenses of the convention. Of this, \$75,000 has already been paid to Chairman Thomas Taggart of the national Democratic committee and the remainder is ready when called for. A guarantee has been given by hotel and restaurant keepers of Denver to the Democratic national committee that the rates of lodging and meals will not be raised when the convention is held here.

WOMAN SHOTS HER ATTORNEY

Prominent Long Island Lawyer Suffers Fractured Skull at Hands of Fair Client.

New York, Feb. 25.—Charles M. Sanford, of Smithtown, Long Island, a prominent lawyer, was shot and seriously wounded in the head by Mrs. Jennie Bunt, of Brooklyn, in the corridor of the Garfield building in Brooklyn today. Sanford's skull was fractured by the bullet but he is expected to recover. Mrs. Bunt was arrested and declared the shooting was justified by Sanford's treatment of her and that it was an "act of God". Sanford said the woman had employed him in an action for divorce against her husband.

CALL ISSUED FOR GOVERNMENT FUNDS

Secretary of Treasury Cortelyou Asks Return of Thirty-Five Millions of Public Money.

Washington, Feb. 25.—Secretary of the Treasury George B. Cortelyou yesterday announced a call upon national banks for approximately 225 per cent of the public funds now held in inactive depositaries, having on deposit such funds in the sum of \$100,000 or more and 25 per cent of the public funds now held by active depositaries where the deposit is \$100,000 of such funds, or excess thereof and where such withdrawal can be made without inconvenience to the treasury department in the transaction of public business.

Under the call approximately \$35,000,000 will be returned to the treasury. Payments under this call will be made as follows: Ten per cent of the amount called on or before March 3 and the remaining fifteen per cent on or before March 23.

Secretary Cortelyou states that advice from all portions of the country are to the effect that this proportion of the government funds now on deposit with these national banks can be withdrawn without detriment to financial conditions in any section.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

WILL NOT GO SOUTH FOR YEARS.

Referring to Republican vice presidential nominations during the past fifty years and discussing the possibility of the nomination of a Southern man for the position at the Republican national convention next June, the Washington Post editorially gives an interesting historical account of such nominations which is timely reading these days and at the same time it is well to say that the tendency is not southward as yet and it may be a decade before the Republican party will seek a candidate south of the Mason and Dixon line. Says the Post:

"While the Republican party does not get half as much advice as the Democratic party, or the negro race, it receives an abundance of counsel, some of it good and much of it bad. The New York Post advises that the Chicago convention nominate a Southern man for vice president and that exhortation has greeted every Republican national convention since 1856.

"In 1860 Cassius M. Clay, of Kentucky, was a formidable candidate for vice president before the convention that nominated Lincoln, and his friends insisted that his nomination would take much of the force from the charge that the Republican was a sectional party. Four years later there is much reason to believe that Robert J. Breckinridge, a Southern man, would have been nominated for vice president on the ticket with Lincoln had he not held that his office of clergyman was higher than the office of vice president. Then it was that Andy Johnson was nominated, the personal selection of Mr. Lincoln, who sought to make the Republican party national.

"The quarrel Congress had with Johnson made the party more sectional than ever, and since 1864 there has been no formidable movement to put a Southern man on the Republican ticket unless it was in 1896, William O. Bradley, of Kentucky, got a fair vote for vice president in the Republican national convention of 1888, but at that time John James Ingalls' 'fat-frying' policy was rather new in which he advised the party to nominate for vice president 'some fellow like Phelps,' a man with a barrel.

"If Governor Wilson of Kentucky, had promptly and effectually smitten the night riders of that state he would be the very man for the tail of the Republican ticket. It is tradition that H. Clay Evans, a northern man of Southern citizenship, narrowly escaped the nomination for vice president in 1896.

"It will be years before the G. O. P. goes south to fill its ticket. If Hughes or Knox is not nominated for president, the chances are overwhelming that New York will get the nomination for vice president. That would be practical politics, as played by the Republican conventions of 1876, 1880, 1888, 1892 and 1900. Hobart, too, in 1896 was from a New York annex.

Morgan O. Llewellyn who has been surveyor general of the district of New Mexico for the past six years yesterday severed his connection with the office and retired to private life.

Mr. Llewellyn has faithfully and efficiently performed his duties and has made a good record as to honesty and capability. His retirement was caused by political considerations. He is a young man of powerful physique, of good brain and education and has been admitted to the bar. His retirement therefore from a rather soft public snap can not and should not be considered a misfortune or a calamity. With the flesh pots of office missing he will get down to business and to making a career for himself wherever he may settle. He carries with him the respect and good will of many friends and of those who had official relations with him.

"Out in New Mexico they are reported to be establishing a newspaper at ever water tank. Those heathen have no respect for the ethics of the profession."—San Antonio, (Texas), Express.

In New Mexico the people are intelligent and newspaper readers. In fact they must have newspapers in two languages to supply the demand. In Texas, it is different. In the rural sections they neither read nor care to read and believe in "where ignorance is bliss it is folly to be wise," and it is therefore not surprising that they roll up beastly Democratic majorities.

THEY SHOULD GO IN AND FIGHT

Fair minded and dispassionate observers of political affairs in New Mexico believe that under the rules for the government of precinct and county conventions for Republicans in New Mexico the Republicans of Bernalillo county ought to have fair and orderly primary conventions and a county convention at which the will and the legal votes of a majority of the Republicans of the county will govern. This was the purpose for which the rules were adopted by the Republican territorial central committee, yet it seems as if some citizens of Bernalillo county who profess to be Republicans will not abide by the lawful decision of the regular and legal body having authority and power to prescribe and direct the conduct and the management of such meetings. Although they have the chance under the rules to go in and win they will not take advantage of them but through their newspaper organ shout "corruption," "fraud" "we will be swindled," "we will be done up." That of course is not making a fight and is not standing up for their rights. If they continue this the Republican party at large in the territory can certainly have no sympathy with them.

The murder of an aged man in San Miguel county last week by three young ruffians for the sake of plunder is a very unlucky incident for New Mexico. Of course such crimes will occur in the most civilized and best administered communities and therefore nobody would be astonished that such a horrible crime should be committed in New Mexico but it is deplorable nevertheless and the promptest and most condone punishment should be meted out to the murderers and robbers. The demands of justice and the good name of the people of the territory make such action on the part of the courts very necessary.

The people of Raton and Colfax county have promised to give substantial aid and support to the 16th national irrigation congress. Colfax county is one of the richest, if not the richest in the territory, in mineral resources, in agricultural possibilities and in the production of first grade coal. The county is progressing very rapidly and its people are enterprising. From the resources of the county a first class, large and varied exhibit at the congress can and will be made. It is dollars to doughnuts that the people of Colfax county will acquit themselves very creditably in the matter.

New Mexico is improving in every direction. The advertising for the next national irrigation congress is evidently in first class hands and is being administered so that the territory in general and Albuquerque in particular, will derive the greatest possible benefit. As there are about six more months of this business the good that will result can only be approximated at this time, but it is growing and growing and growing, and in the right direction.

Santa Fe did not turn out to be a good place for recruiting stations of the U. S. Army or the U. S. Navy. The enlistments were few for the army and none for the navy. There are not many idle men in this city; of course there are a few. They would not enlist if they could and could not enlist if they would. They would be very undesirable material for the army and the navy as corner loafers, knockers and back biters could not by any probability make good soldiers or good sailors.

During the coming two months the several assessors in New Mexico counties should keep a sharp lookout for the tax dodging element which unfortunately is too great and too numerous in the Sunshine Territory. Some of the richest citizens in the territory when the tax schedules are examined appear like paupers. Fair and equitable taxation to all concerned—the commonwealth and the property owners—should be the watchword of the assessors.

A Detroit girl has sued a young man of that city for breach of promise, alleging that she has a broken heart and putting the damages at \$10,000. As the young man has nothing but his good looks it is hard to see where she expects to gain even if she receives a verdict in her favor. Possibly only the notoriety of the case.

FRIENDLY TO DELEGATE ANDREW.

With the exception of the Albuquerque morning sheet and a few Democratic papers, a very friendly feeling exists among New Mexico newspapers for Delegate W. H. Andrews. This is as it should be.

The delegate is a friend of the newspapers and deserves credit for his many successful endeavors in looking efficiently and carefully after New Mexico's interests in the Congress of the United States and before the departments. He does this so energetically and successfully that there is scarcely a week passes in which something good for New Mexico and beneficial to the people is not accomplished by him.

Referring to his official actions the Montoya Republican very pertinently and truly says:

"Delegate W. H. Andrews is continually at work for New Mexico and its citizens and no one is more conscious of the fact than the old soldier, many for whom he has either secured pensions or an increase of same. He never loses an opportunity to assist in any good work when called on, and it recalls the fact to mind that when he first ran for Congress from New Mexico, he was then termed the man who 'does things' and if we are now any judge, he has made good the name. No man could have worked harder or accomplished more, than Delegate Andrews. His activity, and influential associates have made it possible for him to carry his point where it was possible, almost to an instance and will be readily recognized by the thinking people, and they will not forget it soon either. Men who 'do things' are the men of today."

SUNK TO HIS OWN LEVEL.

"This bears out the popular impression that the investigations were secured by the Plunderbund in a somewhat ill advised attempt to lift the scalp of a governor who was making the territory too hot to hold them."—Albuquerque Journal.

"The scalp was lifted, the governor was roasted out by the fire of his own kindling, and New Mexico now has a life-sized chief executive. All's well that ends well."—Socorro Chieftain. The Plunderbund of Albuquerque unfortunately has not found the territory too hot and has not left the territory for the territory's good. The Plunderbund of which the Albuquerque morning yellow sheet is the spokesman and advocate consists of a little clique that controls the fat offices of the county of Bernalillo and the county printing now done by the Albuquerque yellow sheet printing office. As far as the ex-governor referred to by the yellow sheet is concerned he has sunk to his own level, and no one cares.

The Holly Sugar company of Colorado is anxious to put two or three beet sugar factories into New Mexico provided a sufficient crop of sugar beets will be guaranteed for a campaign that will keep the factories contemplated busy during the season. Attempts are being made to secure contracts from Colfax county farmers, on the Las Vegas land grant and from several sections in the Rio Grande valley to that effect. The movement is in the right direction and for the good of the territory it is hoped it will succeed. The successful cultivation of sugar beets is not as easy a task as growing alfalfa or wheat but there are many thousands of acres in the Sunshine territory where the cultivation would bring a fair remuneration for the farmers. At any rate a beginning can not be made any too soon.

Governor Guild of Massachusetts and Governor Fort of New Jersey are prominently mentioned as probable candidates for the nomination for the vice-presidency on the Republican ticket in June next. Guild seems to be in the lead and his selection would be very acceptable indeed to the Republicans of the great Southwest. Governor Fort, as far as the people of this section are concerned is scarcely known and that is a drawback in politics.

Reports from the grazing sections of New Mexico are pretty well agreed that ranges are in good condition and that the water supply is abundant. With another good snow fall or a rain or two between now and May this gratifying condition will likely continue and the cattle growers and sheep raisers of the territory will have a chance to make up for last year's losses which in some cases were very heavy.

Of late many new postoffices have sprung into existence in New Mexico and the last map issued by the post-office department showing the location of such in this territory makes much better showing and looks much more creditable than similar maps of several of the southern states. New Mexico is getting there so to speak with both feet.

It seems that archbishops and bishops of high church dignities of many of the religious denominations are not all of the same mind in the question of prohibition. Who shall decide where doctors of morality disagree?

The New Mexican Printing company will do your job work with neatness and dispatch.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are
located in the midst of the Ancient
Cliff Dwellings, twenty-five miles west
of Taos, and fifty miles north of Santa
Fe, and about twelve miles from Bar-
anco Station, on the Denver & Rio
Grande Railroad, from which point a
daily line of stages runs to the springs.
The temperature of these waters is
from 90 to 122 degrees. The gases are
carbonic. Altitude 6,000 feet. Climate
very dry, and delightful the year
round. There is now a commodious
hotel for the convenience of invalids,
and tourists. People suffering with
consumption, cancer, and other con-
tagious diseases, are not accepted.
These waters contain 1,686.24 grains
of alkaline salts to the gallon, being
the richest alkaline Hot Springs in

the world. The efficiency of these waters
has been thoroughly tested by the
miraculous cures attested to in the
following diseases: Paralysis, Rheu-
matism, Neuralgia, Malaria, Bright's
Disease of the Kidneys, Syphilis and
Mercurial Affections, Scrofula, Catarrh
La Grippe, all Female Complaints, etc.
etc. Board, lodging and bathing \$2.50
per day; \$15 per week; \$50 per
month. Stage meets Denver trains
and waits for Santa Fe train upon re-
quest. This resort is attractive at all
seasons and is open all winter. Pas-
sengers for Ojo Caliente can leave
Santa Fe at 9 a. m., and reach Ojo
Caliente at 4 p. m., the same day.
Fare for round trip from Santa Fe to

OUR MOTTO: To Have the Best of Everything in Our Line.

TWICE-TOLD TESTIMONY.

Santa Fe People Are Doing All They
Can for Fellow Sufferers.

Santa Fe testimony has been pub-
lished to prove the merit of Doan's
Kidney Pills to others in Santa Fe
who suffer from bad backs and kidney
ills. Let any sufferer doubt that the
cures made by Doan's Kidney Pills are
thorough and lasting, we produce con-
firmed proof—statements from Santa
Fe people saying that the cures they
told of years ago were permanent.
Here's a Santa Fe case:

Ruperto Martinez, living at 106 Grif-
fin Street, Santa Fe, N. M., says:
"Some five years ago I was a good
deal troubled with pain in my back
and had been off and on ever since I
was a young man. I had difficulty
with the kidney secretions and there
was a severe scalding sensation ac-
companying them. Procuring Doan's
Kidney Pills at Ireland's drug store I
took them and they cured me. My
back was made as strong as ever, the
kidneys were normal and natural and
I have not had any trouble since.
When I notice a slight symptom of
the trouble returning Doan's Kidney
Pills never fail to remove the diffi-
culty immediately. I have nothing
but words of praise for them and it
gives me pleasure to re-endorse them."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

MINES AND MINING.

Mining conditions at Oro,
Grande, Otero county, are on
the whole, as good as any new
camp in the southwest, and while it
is true that the financial panic affect-
ed this camp the result was not near
so serious as in some other sections.
The smelter of the Southwest Smelter
and Refining company continued in op-
eration throughout the entire season.
This naturally had the effect of stimu-
lating the development of new prop-
erties and although the price of copper
has been low the gold values of the
larger producers are sufficient to be
an important item. This fact has pos-
sibly been of more benefit to the camp
than is generally understood, for with
ores producing from \$3 to \$15 in gold
outside of copper and silver values,
the slump in copper was felt less than
in an exclusive copper camp.

The three leading producers at the
present time, the Nannie Baird, the
By-Chance and the Delusion are all
good gold producers, running several
dollars per ton. As they all carry ex-
cellent copper values also the com-
bined values are sufficient to bring a
good profit to the operators. There
are other properties which carry gold
values but which are not producing as
great a tonnage as the three men-
tioned.

The placer mill of the Texas Jarilla
Mining company has now been run-
ning steadily for the past month and
while the dirt so far put through has
been composed of heads, tailings and
surface dirt, the manager, E. G. Mor-
fett, announces that the values re-
covered so far will average about \$2 a
yard. Much better dirt is now being
uncovered and for the next twenty feet
to bed rock, it is estimated that the
dirt will run at least \$6 a yard. It is
known that in many places the dirt
will run far beyond this value but the
\$6 a yard basis is taken as an average
of what might be termed the better
gravel.

Mr. Nibbs who arrived here recently
from Massachusetts, has secured an
excellent property, a short distance
west of the Nannie Baird and is now
sinking a shaft. This shaft is
now down about 80 feet and is cutting
into some splendid sulphide. The in-
dications are that in a short time the
shaft will be in pay ore.

The two most promising properties
of the camp at this time are the By-
Chance and the Delusion. The By-
Chance is being worked by the South-
west Smelting company and is a gold-
copper producer. The ore is now be-
ing taken from the 90 level, several
hundred feet of tunneling and cross-
cutting having been done. This prop-
erty is now producing 40 tons a day but
arrangements are now under way by
which this production will be greatly
increased. The property has a solid
vein of about 35 feet which runs sev-
eral per cent copper and several dol-
lars in gold.

The Delusion, being operated by E.
D. Laker, is well up on the mountain
side just west of the Lucky Flat and
is quite similar to the By-Chance, pro-
ducing nearly the same class of ore
and running in values about the same.
The development work has not been
pushed as far as that of the By-Chance
the tunnel being in but about 50 feet,
but the showing at this depth is a
most remarkable one and the width of
the vein and the quality of ore is in-
creasing at every round of shots.

The First National Mining company
is now consummating a deal whereby
work will be started on its placer,
which lies immediately above the
ground of the Texas Jarilla Mining
company. This company also owns a
large acreage of copper-silver and
gold-bearing ground on the west side
in the very heart of the strongest min-
eralized section of the camp and has
done considerable development work.

The Monte Carlo is still pushing
its shaft down and reports excellent
ore, although not yet in shipping quan-
tity. It is expected the vein will soon
widen materially and thus bring them
into the producing class.

Cement For the Government.

Federal irrigation work in the west
this year will require about 125,000
barrels of cement. It is estimated that
up to the present time no less than
350,000 barrels of Portland cement
have been used by the government in
the concrete works of the irrigation
projects under construction. What is
believed to be the largest irrigation
work yet attempted by the government
will be begun next year; it is a dam
at Engle, New Mexico, to supply wa-
ter from the Rio Grande. Incidentally
this new dam is to solve the problem
that at one time caused bad blood with
Mexico. The water will be stored in
one reservoir, and American officials
will divide it equally between consum-
ers in the United States and Mexico.
The Engle International dam will, it is
said, eclipse the Roosevelt dam in Ariz-
ona, which encloses the biggest arti-
ficial reservoir in the world.

The Engle dam will be 255 feet high
from bedrock to the top of the parapet
walls, 180 feet thick at the bottom, 20
feet thick at the crest and the crest
will be 1,150 feet long, with a roadway
along the top. The reservoir which
the dam will enclose will be 40 miles
long, and contain 2,000,000 acre feet or
726,000,000,000 gallons of water for ir-
rigation purposes. The cost of this
mammoth work will be about \$7,000,000.

Bids for the cement that are being
considered by the government for this
year's supply are: United States
Portland Cement company, Independ-

ence, Kansas, 90 cents per barrel;
Marquette Cement Manufacturing
company, La Salle, Illinois, 95 cents;
Universal Portland Cement company,
South Chicago, 95 cents; Portland Ce-
ment company, Portland, Colorado, 98
cents to \$1.20; Peninsular Portland
Cement company, Woodstock, Michi-
gan, \$1.05; Western Building Material
company, Napa Junction California,
\$1.10; Alpena Portland Cement com-
pany, Duluth, Minnesota, \$1.30; Pac-
ific Portland Cement company, Devil's
Slide, Utah, \$1.60; Western Portland
Cement company, Belle Fourche, South
Dakota, \$2.18 per barrel delivered.

Many Sleepless Nights, Owing to a
Persistent Cough. Relief Found
at Last.

"For several winters past my wife
has been troubled with a most per-
sistent and disagreeable cough, which
invariably extended over a period of
several weeks and caused her many
sleepless nights," writes Will J. Hay-
nor, editor of the Burley, Colo., Bul-
letin. "Various remedies were tried
each year, with no beneficial results.
In November last the cough again put
in an appearance and my wife, acting
on the suggestion of a friend, pur-
chased a bottle of Chamberlain's
Cough Remedy. The result was in-
deed marvelous. After three doses
the cough entirely disappeared and
has not manifested itself since." This
remedy is for sale by all druggists.

A weak stomach, means weak stom-
ach nerves, always. And this is also
true of the heart and kidneys. It's a
pity that sick ones continue to drug
the stomach or stimulate the heart
and kidneys. The weak nerves, not
the organs themselves, need this
help. This explains why Dr. Shoop's
Restorative, has, and is promptly help-
ing so many sick ones. It goes direct
to the cause of these diseases. Test
this vital truth and see. Sold by all
dealers.

LAS VEGAS REMODELING
HIS COUNTRY HOME.

Las Vegas, N. M., Feb. 25.—Max
Norhaus is having his beautiful cot-
tage at Trout Springs entirely remod-
eled. The building has been more
than doubled in size and all modern
improvements are being installed.
There will be a fine heating system
and hot and cold water throughout the
house. One of the prettiest features of
the cottage are two beautiful large
fire places.

Save Money by Buying Chamberlain's
Cough Remedy.

You will pay just as much for a
bottle of Chamberlain's Cough Rem-
edy as for any of the other cough
medicines, but you save money in
buying it. The saving is in what you
get, not what you pay. The sure-
cure you qualify is in every bottle of
this remedy, and you get good re-
sults when you take it. Neglected
colds often develop serious con-
ditions, and when you buy a cough
medicine you want to be sure you are
getting one that will cure your cold.
Chamberlain's Cough Remedy always
cures. Price 25 and 50 cents. For
sale by all druggists.

A. M. Bergare, manager for New Mexico of the Colorado National Life Assurance company of Denver, spent yesterday in Las Vegas on insurance business.

George S. Klock, an Albuquerque attorney who has been here for two days attending the sessions of the territorial supreme court, returned home this evening.

Emilio Valles, a ranchero near Mountainair, who has been in the city for several days on personal business, will leave tonight for his home, going via Albuquerque.

Territorial Engineer Vernon L. Sullivan left this afternoon for Anthony, Garfield, Rincon and other points in the Rio Grande valley in Dona Ana and Sierra counties.

A. Melby, manager of the Hughes Mercantile company at Moriarty, registered at the Palace hotel last evening. Mr. Melby came to town on business for his company.

Mr. and Mrs. W. H. Jack of Silver City have gone East for a visit. They will be absent several weeks. Mr. Jack has large cattle and landed interests in Union and Grant counties.

Willard S. Hopewell of Albuquerque chairman of the board of control of the Sixteenth national irrigation congress, was a visitor today in the Capital, and was registered at the Claire.

O. A. Larrazolo, attorney-at-law at Las Vegas and prominent in Democratic political circles, today was a guest at the Claire hotel. Mr. Larrazolo visited the city on legal business.

Associate Justice Frank W. Parker, of Las Cruces, reached town yesterday and is a guest at the Claire hotel. The judge came to the city to attend this week's session of the territorial supreme court.

Mr. and Mrs. Paul Butler of Lowell, Massachusetts are in Las Vegas on a visit. Mr. Butler is the son of the late Benjamin F. Butler, during his lifetime a very prominent citizen of Massachusetts, who served as a member of congress and as governor of the state. Mr. Butler is in New Mexico looking after his interests in the Morn land grant which are quite extensive.

Judge H. B. Terrell formerly of Manila, Philippine Islands, where he successfully practiced his profession for several years and who for the past three months has been in Santa Fe looking for a location has decided to locate in Albuquerque and will open a law office there at an early date. Judge Terrell is a friend of Governor George Curry whom he met in the Philippines.

NEW MEXICO'S NEW SURVEYOR GENERAL

John W. March Assumes Duties as Successor to Morgan O. Llewellyn—Latter May Follow Law Practice

John W. March this morning entered upon the discharge of his duties as surveyor general of the district of New Mexico as successor to Morgan O. Llewellyn who has held the position for the past six years. Mr. Llewellyn formally turned over the office to the new surveyor general at the close of business last evening, the transfer having been made after the usual inventory and checking of accounts.

There will be no change in the personnel of the office force, as all of the employees are under civil service. Alan R. McCord will be retained as chief clerk, and Norman L. King as chief draughtsman. There are ten employees all told on the pay roll of the office, exclusive of the surveyor general. Of this number five are draughtsmen, two transcribers, chief clerk, stenographer and messenger. Mr. March himself is a civil engineer and surveyor by profession and was a member of the engineer corps that surveyed the route of the Eastern Railway of New Mexico which is more commonly known as the Belen "cut-off."

Mr. Llewellyn has not yet made any definite plans for the future but it is expected will engage in the practice of law. He was admitted to the bar about a year ago. He may either locate at Las Cruces, where he formerly resided, or remove to some place in Nevada.

The New Mexican Printing company has ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 75 cents, of the territorial road laws, price 50 cents, and of the territorial mining laws, price 50 cents per copy. These can be purchased by applying in person or by mail at the office of the company.

confirmation service tomorrow, (Wed-
nesday) evening at 7:30 o'clock. Seats
free and the people are cordially in-
vited to attend this service.

The Colonial supper this evening at
St. Vincent's sanitarium under the aus-
pices of the Sisters of Charity will
be a genuine old fashioned spread.
It will be served from 6 to 8 o'clock.
Everybody is invited and there will be
plenty to eat for all.

The reading room at the public li-
brary will be open as usual this week,
but just to receive books. No addition-
al books will be given out until the
middle of March, or until the books
and library furnishings are trans-
ferred to the new library building.

Fair weather and stationary temper-
ature says the weather forecast today
for New Mexico. The temperature at

MAY INVEST FUNDS IN SCHOOL BONDS

Secretary of Interior Approves of Pur-
chase of Agricultural College and
Military Institute Bonds.

While Governor Curry was in the
national capital on his recent trip he
consulted with Secretary Garfield of
the Department of the Interior relative
to the purchase of bonds to be
issued for improvements at the New
Mexico College of Agriculture and
Mechanic Arts and the New Mexico
Military Institute. These bond issues
will each be of \$25,000. Secretary Gar-
field granted permission for the in-
vestment of \$30,000 of the five per
cent fund derived from the sale of
public lands in the territory to pur-
chase the entire \$25,000 worth of bonds
put on the market by the Military In-
stitute and \$5,000 worth of bonds of
the Agricultural College. The Agricul-
ture College was also given permission
to invest \$20,000 of its own funds to
take up the remainder of the bonds in-
sued for this institution. These bonds
are guaranteed by future receipts
from sales and leases of land belong-
ing to these institutions and will not
have to be paid by the tax payers.

The Studebaker.

For the Man Who Wants the Best

To him and to all who believe that quality
is better investment than its counterfeit
in buying a wagon, we will show beyond
a doubt that the STUDEBAKER is as
good as right materials, modern appliances
in construction, and skilled workmen, who
"Know How", can make it.

The Great West

has been made since the first
Studebaker wagon was made.
Indeed the Studebaker wagon
helped to make the West. It has
been one of the most efficient aids
to the advancement of civilization
by making transportation easy for
the pioneer. Many of the first men
in the West took the Studebaker
with them. They are still buying
Studebakers, having learned their
value by experience. The Stude-
baker is better to-day than ever
before.

Studebakers also make a full line of all
kinds of vehicles, harness, etc. They
control entire output of the World Huggy
Co. and make the "Lizzer Line" of vehicles.
All dealers handle Studebaker goods.

WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain
scenery, get a change, live a new and fascinating life under new condi-
tions, and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest
mountains of the Rockies on the upper Pecos river; ideal altitude, 7,000
feet, and temperature identical with Santa Fe. Its streams swarm with
trout and the woods and ranges are filled with game large and small. The
ranchers live the life of the west. There are mountain lion, bears, deer,
and wolves for the hunter. There are saddle ponies to be had for the ask-
ing, rooms in a big rambling ranch house with wide verandas, tent rooms
or a cabin if you want it. The days are never dull. You see a great ranch
and the genuine western life. Fresh milk, butter and eggs—all you can
drink and eat. Sleep in blankets at night—fish in your shirt sleeves during
the day. You couldn't spend more than \$9 a week if you tried. Its the
place you are looking for. Accommodations for both men and women.

MRS. TEITELBAUM PROTESTS INNOCENCE

Widow of Murdered Merchant Demands Preliminary Hearing—Confessed Slayers Held Without Bail.

Las Vegas, N. M., Feb. 25.—Mrs. Virginia Teitlebaum, charged with the murder of her husband J. H. Teitlebaum, who waived preliminary hearing before Judge William J. Mills Saturday afternoon and was ordered confined in the county jail until the matter was taken up by the grand jury, claims that she did not understand what she was doing, and wants another hearing.

She says that she was asked whether she would waive the hearing and said yes, not knowing what was meant. She has employed as counsel, Attorney E. C. de Baca, who will ask that she again be brought before Justice Mills that she may plead not guilty. Judge Mills is at present presiding over an adjourned session of the supreme court at Santa Fe and in all probability nothing will be done until he returns. Mrs. Teitlebaum protests her innocence and many believe that she is guiltless and that Romero merely accuses her of sharing in the crime, that his punishment may be lighter.

Estevan Dominguez, Leandro Romero and David Encinas, who have confessed to killing Teitlebaum and who implicated his young wife, were given a preliminary hearing on Saturday before Judge W. J. Mills. They were bound over to await the action of the grand jury without bail.

FROM THE PINE WOODS.

Hyomel's Aromatic Air is Guaranteed to Cure Catarrh or Cough Nothing.

When using the Hyomel treatment, the air you breathe is like that on the mountains high above the sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breathed through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomel reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomel has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat are frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptom of catarrhal trouble, use Hyomel and see how quickly you get relief and cure.

The complete outfit costs but \$1.00 and is sold by The Ireland Pharmacy under guarantee to refund the money if it does not give satisfaction.

WESTERN CATTLE GENERALLY HEALTHY

Federal Inspector Says New Mexico Stock is Not Afflicted With Tuberculosis.

Albuquerque, N. M., Feb. 25.—F. L. Marshal who has arrived in the city from Washington to do special work for the bureau of animal industry under Dr. Innes, who has charge of the district comprising New Mexico and Arizona, made the statement that it was a remarkable fact that western cattle were almost entirely free from tubercular infection.

Until detailed to come to the southwest, Mr. Marshal was engaged in making post mortem inspection of cattle in the packing houses at Boston, Massachusetts. A question of what per cent of the carcasses inspected were infected brought forth the above rather flattering statement for western cattle.

"The per cent of animals infected depends largely upon where they come from," said Mr. Marshal. "We have a number of packing houses in Boston. We have one which kills only western stock. This house, I believe, has not had a loss in five years. Houses right across the street killing animals from the east are heavy losers. Conditions have anything to do with it. Stock raised in this western country are almost entirely free from tuberculosis, while animals raised in the east, stabled in old, poorly ventilated barns, standing on old manure, are full of germs."

Mr. Marshal said that the government is making a very careful investigation of all meats killed. The carcasses are inspected while they are yet warm.

RUSSIA TO SPEND BILLION FOR NAVY

Planning to Rehabilitate its Sea Fighting Force—Extensive Coast Improvements Also Planned.

St. Petersburg, Feb. 25.—Representatives of the Russian admiralty have submitted to the commission of national defense of the duma the financial outline of the much discussed naval program. The matter was discussed with open doors instead of in private as had been expected. The program is to be completed in 1927, and includes not only the construction of a fleet of battleships but also a certain amount of hydrographic work at several of the ports of Russia. The expenditures involved amount to \$1,078,000,000 and increase yearly from the \$43,500,000 already included in the budget of 1908 for the laying down of four new battleships to a maximum of \$12,000,000 in the year 1914.

A NIGHT ALARM.

Worse than an alarm of fire at night is the metallic cough of croup bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives and it is the only safe preparation for children as it contains no harmful drugs. Sold at The Ireland's Pharmacy.

FARMING ON AN EXTENSIVE SCALE

Newcomers From Minnesota Will Put Large Acreage Under Cultivation in San Miguel County.

Las Vegas, N. M., Feb. 25.—William Heckerth, John Brookman and Albert Splittboesser are three young men who have just started to work breaking up an 800-acre tract of the mesa ten miles from town. They are from St. Paul, Minnesota, and came here sightseeing with a land excursion on January 21 and were so well pleased that they returned to their homes and made immediate preparations to come back prepared to farm on a large scale. They shipped in from their Minnesota home four splendid 1,800 pound horses farm wagons, farm utensils, etc., including a 27-horse power Case engine and steam plow outfit, and will do breaking for any of the new settlers who desire their services.

They have about completed arrangements through the Tucker Real Estate company to break 1,000 acres for clients of theirs to whom they have sold mesa lands.

These men are experienced farmers and are enthusiastic about the prospects for grain crops on the mesa. They say there is no better land in the entire west.

They will go in largely for oats and spring wheat, but will diversify their planting and experiment with many different crops until they are satisfied as to which are the greatest money makers.

SANTA FE AND ROCK ISLAND TO OBEY NINE HOUR LAW.

Topeka, Kans., Feb. 25.—It was learned here today that both the Rock Island and Santa Fe railroads will increase their force of telegraph operators to comply with the new federal nine-hour law. At a meeting of Rock Island superintendents here it was decided to increase the number of operators in this, the southwestern district by fifty-six. Approval of this action has been received from Chicago. The superintendents of the eastern grand division of the Santa Fe met last week and decided on an increase and are now waiting to learn the number of new men allowed by the officials in Chicago. Officials here declare none of the smaller stations will be closed.

SIMPLE REMEDY FOR LA GRIPPE

La grippe coughs are dangerous as they frequently develop into pneumonia. START CONSTRUCTION ON FEDERAL BUILDING

Albuquerque, N. M., Feb. 25.—A. V. Anson, who has the contract for the building of the Albuquerque federal building, states that the actual construction of the new building would begin not later than March 1. Mr. Anson has just returned from Memphis, St. Louis and Kansas City, where he went to contract for supplies for the building of the building. The new building will be constructed of cement, stone and brick. The cement has been contracted for and some of it is already on the ground. It is coming from Iola, Kansas. Contracts for the brick and stone have not been closed.

The new building will cost \$90,000. The builders hope to have it completed before the holding of the Irrigation Congress.

Grippe is sweeping the country. Stop it with Preventives, before it gets deeply seated. To check early colds with these Little Candy Cold Cure Tablets is surely sensible and safe. Preventives contain Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 48 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by all dealers.

ALLEGED SWINDLERS HELD TO GRAND JURY

Las Vegas, N. M., Feb. 25.—M. O. Britton and Frank North, the two men arrested at Raton last week by Deputy Marshal James Smith, were bound over to the grand jury on the charge of using the mails to defraud and as a result were lodged in jail to await trial in default of bond. Britton and North are charged with ordering jewelry and silverware from Denver wholesale houses under the name of Allen and Allen, well known jewelers of Los Angeles, California, and having the goods sent to Raton, where they secured a tab of writing paper bearing the letter head of Allen and Allen, and this assisted them in carrying out the fraud.

MISTAKE CORRECTED.

Correct the mistake of risking pneumonia by neglecting a cough or cold when Foley's Honey and Tar will not only stop your cough but expel the cold from your system. Foley's Honey and Tar contains no opiates and is the best and safest throat and lung remedy. Sold at The Ireland's Pharmacy.

Minor City Topics

(Continued from Page Five.)

Reserved seats for the Elks' vaudeville show Friday and Saturday evenings can be procured at Fischer's drug store.

All trains reported on time this evening except the Santa Fe Central, which is one hour and a half late.

A good sized crowd witnessed the moving pictures at the opera house last night. The pictures are good and include quite a variety.

FULL HOUSES WILL GREET ELKS' SHOW

Program Consists of Clever Vaudeville Numbers With Laughable After-piece, "A Case of Suspicion."

Indications are that standing room will be at a premium at the Elks' vaudeville show which will be given at the opera house Friday and Saturday, February 28th and 29th. The proceeds will be applied to the fund the local Elks are raising with which to build a new theater. The advance sale of tickets has been large and insures the success of the performances from a money standpoint.

"There's Only One Street and That's Broadway," and "Pride of the Prairie, Mary," will be two of the song hits of the show, and these two specialties alone it is said will be worth the price of admission. The Broadway belles who will take part in the first number will be nine young girls dressed in the height of fashion and four young men as beaux with Miss Frances Huojos as soloist. In the other number there will be four girls and four boys attired in cowboy style. Another feature will be a song and dance by the "Kandy Kidds," who, off the stage are Misses Ramona Baca and Nellie Friday.

The performances will conclude with a one-act farce comedy entitled, "A Case of Suspicion," the principals in which will be Mrs. W. H. Bartlett, Mrs. Carl Bishop, Misses Ramona Baca, Nellie Friday, Genevieve Harrison, Edward Andrews, John R. McFie, Jr., Clarence Pierce, Edward Safford and Frank Keefe. Misses Mary McFie and Grace Smedley will be the accompanists.

The first dress rehearsal will be held tomorrow evening at the opera house after the moving picture show. The performance is being advertised by unique "lithographs" which are veritable "works of art." They were drawn by W. R. Smythe. In their execution he demonstrates that he is not only a good cartoonist but has poetic ability which his friends doubtless have not heretofore suspected.

The Santa Fe Central railway will make special excursion rates from Willard and intermediate points on its line on account of the show.

QUIET WEDDING AT CATHEDRAL

Miss Catherine W. Helping Becomes Bride of Joseph B. Hayward—Will Reside at Moriarty.

Quietly and in the presence of only a few friends, Miss Catherine W. Helping of this city, and Joseph B. Hayward, of Moriarty, were united in marriage at 7 o'clock this morning at the Cathedral. Very Rev. Anthony Fourchegu performed the ceremony while Rev. Jules Collin, assistant pastor of the Cathedral, officiated at the nuptial mass which was celebrated later.

Mr. and Mrs. Hayward will reside at Moriarty where the former is now engaged in business. Mr. Hayward was employed in this city until recently as a stenographer in the editorial office of the New Mexican and prior to that as a clerk in the general offices of the Santa Fe Central railway. He removed about a month ago to Moriarty where he opened a real estate and insurance office. His home was originally at Spirit Lake, Iowa. His bride is a winsome and accomplished young woman, who came here about two years ago from the east. She has followed dress-making as a vocation during her residence in Santa Fe.

Mr. Hayward's mother who arrived in the city about a week ago from her home at Spirit Lake, Iowa, was a guest at the wedding.

ANTI-SALOON FORCES WIN DECISIVE VICTORY

Chicago, Feb. 25.—The anti-saloon forces won apparently a decisive victory yesterday when Municipal Judge Heap ruled that the Sunday closing law applies to Chicago and that the juries in saloon cases have no authority to pass on that point. In his opinion the jury is to decide on its merits whether the saloon keeper kept his place open in violation of the Sunday closing law. Hitherto the saloon men have escaped on a plea that the law is void in Chicago.

Chicago, Feb. 25.—Upon motion of counsel for Stuyvesant Fish, Judge Ball has entered an order dismissing the suit brought by Mr. Fish to enjoin the voting of 281,231 shares of Illinois Central stock by the Union Pacific and the other securities companies. The costs were assessed on the complainants.

BILL TO ENLARGE THE PHILIPPINE COMMISSION.

Washington, Feb. 25.—The membership of the Philippine Commission will be increased by one member if a bill passed by the Senate yesterday becomes a law. Senator Lodge explained that this increase in membership was necessary to make the whole number nine, which would make easier the keeping of a quorum at Manila.

ELEVEN OPINIONS HANDED DOWN

(Continued From Page One.)

Escalante Tals together with one David Cuellar was indicted in the district court of Socorro county for the murder of an old woman, Mrs. Petra Sanchez de Torres, who was stabbed to death. Tals was tried and convicted upon the testimony of Cuellar who turned state's evidence. The jury returned a verdict of guilty of murder in the first degree. Cuellar testified according to the statement of facts in the opinion handed down today that Tals, at the point of a revolver, forced witness to murder the woman, threatening to shoot him unless he killed her. Tals disclaimed all knowledge of the crime and sought to prove an alibi.
