CAMPAIGN IS ON IN NEW MEXICO

Santa Fe County Republicans Hold Convention.

MEETING LARGELY ATTENDED

Choose Delegates to Territorial Convention at Silver City.

Pursuant to the official call the Republican county convention convened at the courthouse in this city at 2:30 o'clock this afternoon and was called to order by Chairman Thomas B. Catron. Immediately following the opening of the meeting however, a recess was taken until 4 o'clock, when the permanent organization was formed and the delegates settled down to the business before them.

Owing to the fact that court was in session and the court room in use at the time set for the calling of the convention, the delegates assembled first in the sheriff's office. Chairman Catron then announced that court would adjourn at 4 p. m., and a recess was then taken until that hour so that the convention might meet in the courtroom.

The Santa Fe county convention marks the beginning of the political campaign in New Mexico. While today's meeting was simply for the selection of delegates to the territorial convention which will be held at Silver City on March 21, considerable interest was apparent and there was a large attendance of delegates from the outlying districts as well as the city precincts.

Primaries Held Saturday.

The Republican primaries in the four city precincts Saturday evening for the selection of delegates to the county convention were conducted for the first time in the history of the party in New Mexico under new and stringent rules and regulations which were intended to insure fairness and to secure an expression of the sentiments of the Republican voters on the questions submitted.

The proceedings were very orderly in the several precincts except in No. 18 where several drunken men created a disturbance and should have been promptly ejected. The meetings were largely attended.

In precinct No. 3, Juan Moya called the primary to order at the appointed time and he was elected as the permanent chairman. George W. Armijo was made the permanent secretary. The primary having duly organized the selection of delegates to the county convention was the next order of business and the following delegation was chosen: Jose Dolores Garcia, George W. Armijo, Seferino Alarid, Victor Garcia, Camillo Padilla, Jose D. Sena, Luis Moya, Nicolas Sena, Elauterio Ortega, and Telesforo Rivera.

In precinct No. 4 Juan J. Ortiz was elected as chairman, the meeting being held at the office of Justice of the Peace Ricardo Alarid, on Galisteo street. The following delegates were chosen from this precinct: Felipe Ortiz, E. C. Abbott, Ricardo Alarid, Miguel Baca, Jose Medrano, Tomas Romero, Frank P. Sturges, Manuel Rodriguez, y Valencia, Anselmo Armijo, Donaciano Urioste.

John V. Conway and John Shoemaker were elected respectively as chairman and secretary of the primary in precinct No. 17. Precinct Chairman Jose Amado Martinez called the meeting to order, and after the election of permanent chairman and secretary, the voters proceeded with the election of delegates to the county convention. Those selected were as follows: T. B. Catron, Celso Lopez, John Shoemaker, Charles C. Closson, Alberto Garcia and Ambrosio Ortiz.

In precinct No. 18 the primary was held at the courthouse. David M. Gonzales called the meeting to order as precinct chairman and was elected to preside over the primary, which was the largest ever held in the precinct. Seventy-four voters of the precinct were present by actual count. The following delegates were elected to the county convention: Dr. A. C. Wheelon, A. J. Fischer, P. F. Knight, John K. Stauffer, Lino Romero and M. A. Ortiz.

ITALIAN KING INTERESTED IN AMERICAN POLITICS

Rome, March 9.—King Victor Emmanuel yesterday received in private audience William Dean Howells, the American novelist, entertaining him in a most cordial manner for half an hour. The king was deeply interested in the presidential campaign in the United States and the cruise of the American fleet to the Pacific.

WELL DRILLERS ENGAGE IN DUEL

Two Men Seriously Wounded in Shooting Affray in Estancia Valley—Caused By Quarrel.

Special to the New Mexican. Estancia, N. M., March 9.—This morning at the ranch of L. F. Hatley, six miles from here, a probably fatal shooting affray occurred between several well drillers in the employ of J. E. Pauly on one side and L. E. Hatley on the other.

The attempt of Pauly to remove his machinery from the ranch where he had been engaged in drilling a well under contract, precipitated the shooting. Hatley claimed Pauly had not completed his contract and refused to allow him to remove the machinery, at the same time ordering Pauly and his men off the ranch. They refused and the shooting began.

When the smoke of the battle had cleared away, Wesley Halloway and Louis McKinley, two drillers lay on the ground seriously if not fatally wounded, while Hatley staggered into his house and fell into the arms of his brother Oscar Hatley, suffering from a bullet wound in the side and a shattered arm. Oscar Hatley, who ran to the door of the ranch house when the shooting commenced, was struck by a bullet which came in contact with a metal button and glanced off.

McKinley was brought here soon after the shooting and placed aboard the Santa Fe Central train bound for Santa Fe, where an operation will be performed in an attempt to save his life.

DISASTROUS FLOODS IN CENTRAL STATES

Continued Rains Cause Rivers to Overflow in Michigan and Ohio—Towns Inundated.

Detroit, Mich., March 9.—Flood conditions were in no sense improved today in the districts around Monroe, Albion and Battle Creek. In the last named city they are growing steadily worse. In Grand Rapids the crest of the flood on the Grand river is not expected until Wednesday.

In Battle Creek today twenty-five houses were surrounded by water and the Union Congregational church has been opened up as a shelter for homeless families. The Rathbun and Kraft planning mill on McAmble street in Battle Creek, a brick building, was undermined and fell into the Kalamazoo river yesterday. Firemen whose engines could get no nearer than a quarter of a mile fought a fire in the flood district for two hours yesterday from row boats.

The Grand Trunk railroad has abandoned train service through the city of Battle Creek and has weighed its several bridges with carloads of coal.

At Albion the Methodist church and also the Presbyterian church were closed yesterday being surrounded by water, and five stores collapsed into the Kalamazoo river. The stores were occupied by R. F. Church, Jeweler; Robert Corcoran, fruits; E. C. Dewey, groceries; the Morse Clothing company, and the Temple Moving Picture theater. All the stores were moved to places of safety. The Masonic lodge had rooms over two of the stores and will suffer by the disaster. The total losses at Albion will reach \$100,000.

Disastrous Floods in Ohio. Gallipolis, O., March 9.—A heavy rainfall has again started all the rivers of this section of the state to rising and the indications are for a disastrous flood. Many houses are flooded and many people had narrow escapes.

DRUNKEN INDIAN STUDENTS START RIOT AT SCHOOL

Pueblo, Colo., March 9.—A special from Grand Junction says:

As result of an outbreak of drunken Indians at the Teller government school late Saturday night, the jail building was set on fire, two of the disturbers narrowly escaped cremation, Disciplinarian J. E. Shields was murdered and the men responsible for the trouble are now in the county jail awaiting whatever action Superintendent Burton may deem necessary against them. The trouble started as the result of too much liquor which several of the boys of the school secured during a trip to Grand Junction.

ARRESTED FOR DISTRIBUTING INCENDIARY LITERATURE

Chicago, March 9.—The police yesterday arrested Emanuel Loebel, a garment presser, who was distributing some of Emma Goldman's circulars attacking Chief of Police Shipley for killing Lazarus Averbuch and demanding the right of free speech. In Loebel's room was found a quantity of anarchistic literature.

Assistant Chief Schuettler has obtained a sample of Averbuch's handwriting which corresponds with the writing on the envelope containing the decoy letter which the assassin took to Shipley's house.

AMERICAN FLEET IS HEARD FROM

Wireless Messages Report All is Well

A REMARKABLE OCCURRENCE

Battleships Will Reach Magdalena Bay on March 12 Barring Accidents.

Washington, March 9.—About the last place the navy department expected to hear direct from the Atlantic battleship fleet now in Pacific waters for at least six weeks was on the Atlantic coast, yet this is what happened: The navy department was informed today by the wireless station at Pensacola, Florida, that the following message from Rear Admiral Thomas in command of the second division had been received at that station:

"On board United States ship Georgia, 9 o'clock p. m., March 8, (via the United Wireless Telegraph company): Fleet's position this hour is latitude 14.37 north; longitude 102.01 west. Weather is fine and the ships are at present moving along at rate of 10-12 knots an hour. Fleet will probably reach Magdalena bay March 12th, two days ahead of their schedule. Cruise has been successful every way. Ships are in perfect condition and will be ready for record target practice immediately upon their arrival at Magdalena Bay."

The position of the fleet as given in the dispatch from the Georgia is off the Mexican port of Acapulco. This is regarded as a most remarkable performance considering that the wireless impulses had to cross Mexico, Texas and hundreds of miles of water.

Another Wireless Message. San Francisco, March 9.—The American battleship fleet came into direct communication with Mare Island yesterday, a message being received by wireless from the battleship Maine of Admiral Evans fleet which was fully 2,600 miles away. The message announced the death of a private in the marine corps.

SEVENTY FUNERALS HELD IN ONE DAY

Last of the Victims of Collinwood Holocaust Laid to Rest—Closing of Schools.

Cleveland, March 9.—In a storm of snow and sleet, Collinwood yesterday went on with the duty of burying the victims of the Lakeview school fire of Wednesday last. In all, seventy funerals were conducted. As there were not enough hearses to go around, street cars were pressed into service to carry the dead to the cemetery. Today memorial services in honor of the nineteen unidentified dead are held in the six Protestant and two Catholic churches of Collinwood. A cortege of twenty funeral cars then started for the burying ground. A band met the procession near the gates and led the way, playing Chopin's funeral march. Commander Eva Booth of the Salvation Army assisted in the services at the graves. Thousands of people witnessed these final services and one hundred policemen were detailed to preserve order.

Collinwood's school board, meeting daily since the fire, had another session today.

"We hold no one responsible for the fire and its attendant loss of life" is said to be the board's decision. Meanwhile the town council has ordered all schools closed until measures of safety have been adopted.

In Cleveland thirty-four public school buildings were closed today and will remain closed until repairs have been made. Fifteen hundred children are affected by the order.

FREEZE IN OKLAHOMA DAMAGES FRUIT CROP

Oklahoma City, Okla., March 9.—Ice formed last night, the thermometer standing 28 degrees above zero this morning. Many peach, apricot and plum trees which are in full bloom were badly damaged and the crop is undoubtedly badly injured.

DATE FOR ORCHARD'S TRIAL WILL BE SET

Boise, Idaho, March 9.—Harry Orchard, charged with the murder of ex-Governor Frank Steiensen, will be taken from the state penitentiary to Caldwell tomorrow and his case will be called. Probably the date for the trial will also be fixed.

KING ALFONSO COURTS DEATH

Refuses to Be Dis- suaded From Vis- iting Barcelona

DISPLAYS RARE COURAGE

Reports Say Anarchists Have Decreed Monarch Shall Die.

Madrid, March 9.—A dispatch has been received from the Spanish minister to Switzerland saying that anarchists of Geneva have decreed the death of King Alfonso and Premier Maura.

The Spanish ministry is bitterly opposed to the king's intended visit tomorrow to Barcelona which is described as a "wasp's nest." The king, with a display of old Bourbon courage has refused to be dissuaded. Queen Victoria will not accompany the king.

Barcelona Prepares For Visit.

Barcelona, March 9.—The city is being extensively decorated and no official effort will be spared to give King Alfonso a creditable and enthusiastic reception on his arrival here tomorrow. Nevertheless the greatest concern is felt as to the king's safety, owing to the activity of the Barcelona revolutionists and anarchists, who recently have created almost a reign of terror in this city. There have been five bomb explosions here since January 1 and not a single culprit has been captured. Placards were torn down by the police but the fear that an outrage will be attempted still remains.

Army Assembled For Occasion.

General Linares, who was in command of the Spanish forces at Santiago, and who is now captain general at Catalonia, will be in supreme command of the military arrangements and in conjunction with Inspector Arrows, late of Scotland Yards, and now chief of police here, is taking every precaution to insure the safety of the king, who will be his personal guest.

In addition to the troops who will line the routes wherever the king goes, practically all the civil guards in Spain, except a detachment in Andalusia, are concentrated here and three hundred policemen have been especially drafted for this service.

Police to Search Suspicious Persons.

Secret instructions have been issued to the police to search all persons wearing long Spanish capes, under which, as was the case in the Lisbon tragedy, arms might be concealed. This will be King Alfonso's fourth visit to Barcelona. He came here first with his mother when a baby on the occasion of the international exposition; next in 1903, when Premier Maura's life was attempted and again last fall. While here he will greet the fleet and inaugurate an extensive scheme of street improvement.

The Austrian torpedo boat destroyers Uroko and Schraff, the advance guard of the Austrian fleet, arrived here today.

CONVICTS MAKE DASH FOR LIBERTY

Montana Penitentiary Scene of Desperate Conflict—Guard Killed, Warden Wounded—Escape Prevented.

Deer Lodge, Mont., March 9.—Warden Frank Conley of the Montana state penitentiary was dangerously wounded and his first assistant warden, John Robinson, was killed when three life convicts, George Rock, W. H. Hays and another, whose name is not given, made a desperate attempt to escape at the prison yesterday. Robinson's throat was cut from ear to ear and the jugular vein was severed. Conley's throat was cut and he was also stabbed several times in the shoulder and groin before he was able to draw his revolver and shoot two of his assailants down. Convicts Hayes and Rock were both shot down by Conley after the latter had been seriously wounded. It is believed that the warden will recover. The attack on the prison authorities and the attempted escape, according to the prison authorities, has long been planned by Rock and Hayes, who were cellmates. Both were armed with pen knives the blades of which were sharpened like razors.

FINED FOR ASSAULT WITH DEADLY WEAPON

Special to the New Mexican. Kettner, N. M., March 9.—John Kenobb was arrested here by Mounted Policeman G. F. Murray charged with an assault with a deadly weapon. He is alleged to have become involved in an altercation and stabbed his combatant. He was fined \$100 and costs which he paid.

AMERICAN CAR LEAVES CHEYENNE

Hundreds of Miles Ahead of Its Competitors in New York to Paris Auto Race.

Cheyenne, Wyo., March 9.—After receiving necessary repairs the American car in the New York to Paris automobile race, left here at 11 o'clock this morning for Ogden. E. Linn Mathewson, of Denver, will drive the machine from Cheyenne to Ogden.

Accident to First French Car

Marshalltown, Ia., March 9.—The first French car in the New York to Paris race broke its drive shaft one and a half miles west of LeGrand, Iowa, last night. The crew secured teams to haul the car to this city. The car will probably be here for several days undergoing extensive repairs.

Italian Car Departs From Omaha.

Omaha, Neb., March 9.—After repairs, which took thirty-six hours, the Italian car in the New York to Paris race, left here for the West at 10 o'clock this morning.

SLAYER OF PRIEST PLACED ON TRIAL

Expected Hearing of Italian Anarchist Who Murdered Father Leo at Denver Will Be Brief.

Denver, March 9.—The trial of Giuseppe Allo for the murder of Father Leo Heinrichs of St. Elizabeth's Catholic church while he was giving sacrament on Sunday morning February 2nd, began today before Judge Greeley M. Whitford of the criminal division of the district court this morning.

Allo had already been arraigned and had pleaded not guilty so that the first business today was the securing of a jury. A special venire of 100 has been called, but as Attorney Robert H. Widdecombe, for the defense has indicated his intention of a severe examination of each prospective juror there is little chance that the box will be filled today.

It is expected that the actual trial will be brief, probably not lasting more than one day. There was no demonstration today when Allo was brought into court from the county jail.

TEXAS FARM SCENE OF FIERCE BATTLE

Negro Resist Arrest and Stands off Officers—Finally Kills Himself and Woman Companion.

Waxahachie, Tex., March 9.—Barred in a small house on the Gibbons farm, two miles south of Rocket, Willie Williams, a negro made a desperate resistance when Deputy Sheriff Hickman and Constable McAlpin went to arrest him yesterday on a charge of unlawfully carrying arms. When the officers walked up to the door and called for him the negro began shooting with a revolver. The officers exhausted their ammunition. When help arrived a charge was made and the door broken in. Williams and a negro were found lying on the floor dead. The opinion of the officers is that Williams killed the woman and then shot himself.

VACANCY ON REVISION COMMISSION IS FILLED

Attorney Julius Staab, of Albuquerque, was appointed by Governor Curry today as a member of the commission which is compiling and revising the statutes of New Mexico. He will accept the position and his commission was forwarded to him this evening.

Mr. Staab's appointment was made to fill the vacancy in the commission which was caused by the death of Hon. William B. Childers, who was also president of that body. Mr. Staab it is expected will qualify at once and enter upon his duties, taking up the work where Mr. Childers left off.

MANY FIREMEN HURT IN CHICAGO BLAZE

Chicago, March 9.—A score of firemen were injured, three perhaps fatally, by a fire early today which destroyed Apollo hall, a three-story structure at 256-262 Blue Island avenue. The total damage was \$85,000. The cause of the fire is unknown.

DEMOCRATS TO REPORT MINORITY CURRENCY BILL

Washington, March 9.—The Democratic members of the House committee on banking and currency today agreed to report to the House a minority currency bill introduced by John Sharp Williams as a substitute for the Fowler bill.

MAN WHO MANAGED PARKER'S CAMPAIGN DEAD

New York, March 9.—William T. Manning, manager of Alton B. Parker's presidential boom in 1904, died of pneumonia here yesterday. Manning was for a number of years engaged in newspaper work.

CONTRACT LET FOR DUKE CITY ARMORY

Albuquerque Builder Lands It—Will Also Serve as Convention Hall—To Cost \$20,000.

Albuquerque, N. M., March 9.—The committee of ten having in charge the letting of the contract for the \$20,000 National Guard armory and convention hall, at a meeting on Saturday night awarded the contract to Frank A. Stephens, a local contractor whose bid was the lowest, being \$13,339 according to original specifications. There were five other bids submitted. Work on the new building, which will have a seating capacity of 3,000 with over 100 square feet of floor space, will commence at once. It will be rushed to completion so as to be ready when the Irrigation Congress meets in the fall. The convention hall will be the largest in the Southwest this side of Denver.

FRAUD CASES GO OVER UNTIL NEXT TERM OF COURT

Washington, March 9.—The government prosecution of certain citizens of Colorado charged with having attempted to illegally obtain possession of coal and timber lands in that state will be heard by the supreme court of the United States after the disposal of other cases already set for the first Tuesday of the next term.

RELIEF FOR NEW MEXICO WIDOW.

Washington, March 9.—A bill introduced by Delegate W. H. Andrews of New Mexico, granting land to Anna Johnson, whose husband, a Chinaman, had expended about \$1,400 on the land was taken from the private calendar and passed; and has every prospect of passing the Senate at an early date.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and as a large and growing circulation among the intelligent and progressive people of the Southwest.

LOOK TO THE PUBLIC SCHOOLS.

The recent fearful catastrophe in the Collinwood public school in the suburbs of the city of Cleveland, Ohio, in which 174 children lost their lives has aroused the people and public school authorities all over the country to investigate the safety of public school buildings and to provide wherever proper appliances and exits do not exist for such. In several of the states boilers for heating purposes are not allowed within school buildings proper but must be housed in separate structures. Had this been the case in the Collinwood school the awful holocaust would not have happened.

This reminds the New Mexican that while the regular means of egress and ingress in the Central school building in this city seem to be ample yet regular fire escapes on the outside of the building from the second and third stories should be promptly provided. No time should be lost and too much care cannot be expended in the management of the heating apparatus of the building. It is understood that the pupils have become quite well acquainted with the fire drill and that should anything unforeseen happen it is believed they would promptly be marshaled and marched out without tumult and without danger. This is gratifying but nevertheless the addition of fire escapes to the building would add to its security and would make the many parents who have children attending this school feel more contented and safer. The cost is not at all large and should not be taken into consideration.

Right here it is well to state that the school rooms in the Central school building are overcrowded and that one room is housed in a poorly ventilated and poorly heated room in the basement. This should be relieved by the construction of a school house similar to the one in Ward No. 1 in Ward No. 4 where at this time many children of tender age have to walk over a mile to reach the Central school building. On cold and windy days this is a hardship on the little boys and girls who are compelled to do so. There is money in the school fund of the city and this should be expended for the purposes named. This would be the most laudable and best use it could be put to. Monies in the public school funds are not there to draw interest but to be used for the benefit of the people and the young who by law are compelled to attend public schools. Every facility to make this easy, comfortable, healthy and safe for the pupils and for the teachers should therefore be done.

In Illinois for instance there is a law compelling school authorities to provide every school building of more than two stories in height with suitable and ample fire escapes. In New York under a recent statute no heating apparatus is allowed within the school building proper. In New Mexico there are no statutes in such cases but there is no good reason why boards of education and school directors should not try such regulations of their own making. Overcrowding is always dangerous and great danger at that, is always more or less near in crowded school buildings, as the Collinwood fearful accident demonstrates. Above all heating apparatus of all public schools everywhere should be in charge of competent, cool-headed engineers not addicted to the blue bottle or frequent saloon visitor. Forewarned is forearmed.

The election for city officials in Santa Fe will be held on April 7. The official proclamation for its holding has been issued by the proper city authorities. The matter is of vast importance to the citizens and property owners of Santa Fe. A progressive, go-ahead and effective business administration which will make this a clean city, bring out its advantages climatologically and as a residence town, secure good service and reasonable rates for water and electric light, and enforce peace and order, bring about paving and sewer improvements will mean a great deal for its advance and growth. Stagnation and carelessness in city affairs have everywhere and at all times proven a great detriment. Other cities in the territory are moving rapidly to the front and Santa Fe should abandon the policy of non-progressive and "manana" which have unfortunately characterized it for years.

Governor Curry is an indefatigable worker for the territory and its best interests. He is now doing yeoman work for the success of the Sixteenth national irrigation congress.

TAFT AND THE OHIO PLATFORM.

The Ohio Republicans have done the Republican party of the United States a great service first by unanimously endorsing the candidacy of Secretary of War William H. Taft for the Republican presidential nomination and secondly in giving to the country a declaration of Republican party principles that is bound to have a very great and beneficial effect in the campaign. The platform of the Ohio Republicans contains many planks that will doubtless be adopted by the Republican national convention as setting forth fully and unequivocally the principles and policies of the Republican party of the nation.

Many of the leading newspapers of the country have come out in approval of these principles and policies. A straightforward and sensible expression of approval of the declaration in the platform appeared recently in the editorial columns of the Pueblo Chieftain, that bright and wide-awake paper saying that the Republicans of the state of Ohio, in presenting to the country the name of the man who will almost surely receive the nomination of the Republican national convention for the presidency, have done an important service in outlining broadly and tersely the principle elements of the party creed as it exists today.

The Republican voter that feels himself in doubt as to what his party actually stands for at the present time, and the independent voter that desires to judge which of the two great parties most nearly represents his own political ideals and principles cannot do better than to turn to this statement of Ohio Republicans, which will undoubtedly form the pattern for the Republican national platform this year.

This statement of political principles by the Ohio Republicans also has the very important advantage of having been exemplified in practice by two such eminent statesmen as President Roosevelt and Secretary Taft, the latter of whom has been a most important member of the Roosevelt administration and who has contributed in many important matters to the success of that administration.

FOR A GREATER NAVY.

The views of President Roosevelt upon the enlargement and betterment of the American navy are well known and certainly the consensus of the people approves the policy which it is understood will be openly promulgated by a message upon the subject to the Sixtieth Congress from the president at an early date. With the conditions and strength of the American navy as well as the American army the maxim "in time of peace prepare for war" must always be held in mind, by a nation no matter how powerful, no matter how great its general resources, and no matter how numerous its population. Indeed the greater the nation the greater must be its means for offense and defense. The St. Louis Times editorially makes timely and well considered comment in the matter holding that reliable Washington advices to the Times say that there is likely to be a special message on the subject of a greater navy, urging reasons for large appropriations. At the same time there come interesting developments in the inquiry by the committee on naval affairs.

The country wants a large navy. It is willing to spend money for peace and respect abroad. Peace means good times; respect abroad helps to the same end in that it will bring markets for our surplus crops and manufactures.

On the other hand, criticism of the navy and the disclosures made before the committee of investigators suggest that there are weak spots in our construction if not in the personnel. If such weaknesses exist they should be removed, and quickly. If the navy is not up on target practice it should be trained. If the ships are not safe in time of such practice and if the armor belts are not suited to offer adequate protection in time of war, the constructors should get busy.

What this country wants is a large navy, a safe navy and one that will be effective when the pinch comes.

What seems to be most needed in Santa Fe these fine March days is a sprinkling cart. The city administration will please take notice. There is an election ahead.

FOOD FOR REFLECTION FOR BERNALILLO COUNTY VOTERS.

Bernalillo county has a larger tax valuation than any of the other counties, which is only natural as it contains the largest city in the territory, and therefore derives a greater revenue than any of the others. Singularly enough, however, the disbursements for last year under the so-called good government league administration are larger and the receipts less than they were the year previous under an alleged "grafting" administration. The figures tell their own story.

In 1907 the receipts were \$263,007.71 and the disbursements, \$247,316.65, whereas in 1906 the receipts were \$271,796.42 and the disbursements \$247,281.72. From these figures it will be seen that not only was more money collected but also less was spent in 1906 than in 1907. The Republicans might use this little item to good advantage in the coming election to show up the false pretensions of the so-called reform element and good government leaguers.

It will probably be contended that the financial flurry interfered with the receipts during the latter part of 1907. Be that as it may the same argument can hardly be used to explain how it is that it cost the county more money for its actual running expenses in 1907 than it did in 1906.

Bernalillo county's assessed valuation of taxable property in 1907 was \$4,157,648, as compared with \$4,010,639 in 1906. This represents a net increase in the tax assessments of \$130,234 and less exemptions leaves actually subject to taxation, \$3,830,883. Under a so-called good government league administration with a net increase in the assessed valuations of over \$130,000, the receipts fall below that of the previous year and the disbursements are greater. There is indeed food for reflection for the voters of Bernalillo county in these figures.

FAIR PRIMARIES.

The rules and regulations for the conduct of precinct primaries and county conventions made by the Republican Territorial central committee at its session of February 18 last are comprehensive, fair and will bring good results. They should be changed in one point however and that is the hours of city primaries should be cut down from 5 to 9 to 7 to 9 in the evening. Two hours are ample for the purpose. It seems that the committee looked too much after the situation in Bernalillo county and in Albuquerque. This is not exactly fair to other cities in the territory. Republicans of the Duke City are not of such great consequence after all and the Republican party of the territory as a whole should receive more consideration. The New Mexican desires to see peace and harmony and union among Bernalillo county and Albuquerque Republicans but they should be given to understand that they are not the whole cheese by any means. For a good many years past there has been more or less trouble in Republican ranks in Bernalillo but this should not be allowed to have any undue influence in Republican councils and in Republican doings.

The elections next month for school district directors in the various country school districts will in many instances be a criterion of the growth of population in the sections of the territory that have more recently been settled by immigrants and homeseekers. In the counties constituting the eastern part of the territory the number of these districts like the number of new postoffices has increased at a great rate. The newcomers all come from states where district school elections are of considerable importance and where citizens attend such carefully and diligently. The school districts especially have increased very much in Union, Quay, Roosevelt, Chaves, Guadalupe and Torrance counties. The bulk of the immigration particularly during the past two years was in these counties. The results will be watched with interest.

The Republican primaries in the city Saturday evening passed off creditably except in precinct No. 18 where two or three drunken men were allowed to interfere with the orderly progress of the meeting and were not stopped by the peace officers. These men should have been promptly arrested and jailed, or at least ordered to leave. They committed breaches of the peace. There was no excuse for the dereliction of police officers in this respect and a change for the better hereafter is demanded by the decent people of the city.

The Republicans of Santa Fe county held a convention and selected nine delegates to represent them at the Silver City convention on March 21 this afternoon. This county therefore is the first to commence this year's campaign. It is reported that there are two Republicans from this county who desire to be named as delegates from the territory to the Republican national convention in Chicago and that they are ex-Governor M. A. Otero and Hon. Thomas B. Catron. It is likely that one of these two will be selected by the Republican territorial convention.

The House of Representatives has passed a bill for an increase of the pay of the officers and enlisted men of the army. The Senate will concur in this instance will meet with the approval of the people in all sections of this great nation except in the few benighted sections where copperheadism and backwardism are still the rule and not the exception.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are
located in the midst of the Ancient
Cliff Dwellings, twenty-five miles west
of Taos, and fifty miles north of Santa
Fe, and about twelve miles from Bar-
anco Station, on the Denver & Rio
Grande Railroad, from which point a
daily line of stages runs to the springs.
The temperature of these waters is
from 90 to 122 degrees. The gases are
carbonic. Altitude 6,000 feet. Climate
very dry, and delightful the year
round. There is now a commodious
hotel for the convenience of invalids,
and tourists. People suffering with
consumption, cancer, and other con-
tagious diseases, are not accepted.
These waters contain 1,686.24 grains
of alkaline salts to the gallon, being
the richest alkaline Hot Springs in

the world. The efficiency of these wa-
ters has been thoroughly tested by
the miraculous cures attested to in the
following diseases: Paralysis, Rheu-
matism, Neuralgia, Malaria, Bright's
Disease of the Kidneys, Syphilis and
Mercurial Affections, Scrofula, Catarrh
La Grippe, all Female Complaints, etc.
etc. Board, lodging and bathing \$2.50
per day; \$15 per week; \$50 per
month. Stage meets Denver trains
and waits for Santa Fe train upon re-
quest. This resort is attractive at all
seasons and is open all winter. Pas-
sengers for Ojo Caliente can leave
Santa Fe at 9 a. m., and reach Ojo
Caliente at 4 p. m., the same day.
Fare for round trip from Santa Fe to

CONFIRMED PROOF.

Residents of Santa Fe Cannot Doubt
What Has Been Twice Proved.

Its gratitude for complete relief from
aches and pains of bad backs—from
distressing kidney ills—thousands
have publicly recommended Doan's
Kidney Pills. Residents of Santa Fe,
who so testified years ago, now say
their cures were permanent. This test-
imony doubly proves the worth of
Doan's Kidney Pills to Santa Fe kid-
ney sufferers.

Eusebio Escudero, living at 106
Griffin street, Santa Fe, N. M., says:
"Some five years ago I made a state-
ment for publication referring to my
experience with Doan's Kidney Pills
after they had rid me of kidney trou-
ble by which I had been annoyed of-
ten and on for two or three years. Besides
this trouble other symptoms of kidney
complaint existed evidenced chiefly by
retention of the kidney secretions. My
condition caused me considerable
worry as I feared more serious results.
It was only a short time after begin-
ning to take Doan's Kidney Pills pro-
cured at Ireland's drug store that I
felt great relief and now that about
five years have passed without a sign
of symptom of kidney trouble, it is
a pleasure to confirm my former state-
ment. I believe Doan's Kidney Pills
are the best remedy to be had for any
disorder of the kidneys."

OLD SOLDIER
CORRECTS MISTAKE

Takes Exception to Article in New
Mexican Regarding Unearthing of
Buried Army Stores.

A few days ago there appeared an
item in the columns of the New Mex-
ican to the effect that while digging
a ditch on Washington avenue work-
men discovered some cannon balls and
fire arms. In this item there appeared
a mistake in that it was said that
these were supposed to be part of the
cannon, arms and ammunition buried
by the Confederates when they evacu-
ated Santa Fe in 1861.

The name of the Confederate com-
mander is given as Colonel Canby
when it should have been General
Sibley and the date in the article was
given as 1861, when it should have
been given as April 2, 1862.

The New Mexican has received sev-
eral letters from veterans regarding
these errors and one received this
morning is published herewith as it
will be of much interest to many old
residents of Santa Fe and veterans
throughout the territory. The letter
reads:

"Soldiers Home,

Los Angeles, Calif., March 4, 1908.
"Editor New Mexican,
"Santa Fe, New Mexico.

"Dear Sir:

"I enclose slip from Los Angeles
Times of the second inst., concerning
old canons dug up at old Fort Marcy.
General Canby was not in command
of the Confederates, it was General
Sibley, who commanded. General
Canby commanded the Department of
New Mexico. Can you send me a
copy of the New Mexican containing
an accurate description of the "find?"
I want it for publication. We have
quite a number of old soldiers here
who were under Canby's and Carle-
ton's commands. I presume you are
acquainted with Captain Filshie and
Lieutenant Morrison, Merritt and
others who are residing here. The
Home has a population of about twenty-
five hundred.

"Respectfully,
"E. S. MERRITT."

Prof. H. A. Howell, of Havana, Cuba,
Recommends Chamberlain's
Cough Remedy.

"As long ago as I can remember my
mother was a faithful user and friend
of Chamberlain's Cough Remedy, but
never in my life have I realized its
true value until now," writes Prof. H.
A. Howell, of Howell's American
school, Havana, Cuba. "On the night
of February 3rd our baby was taken
sick with a very severe cold, the next
day was worse and the following night
his condition was desperate. He could
not lie down and it was necessary to
have him in the arms every moment.
Even then his breathing was difficult.
I did not think he would live until
morning. At last I thought of my
mother's remedy, Chamberlain's
Cough Remedy, which we gave, and it
afforded prompt relief, and now, three
days later, he has fully recovered. Un-
der the circumstances I would not
hesitate a moment in saying that
Chamberlain's Cough Remedy, and
that only, saved the life of our dear
little boy." For sale by all druggists.

EXTENDING ITS
TELEPHONE SYSTEM

Roosevelt County Corporation Build-
ing 40 Miles of New Line—New
Exchange at Melrose.

Melrose, N. M., March 9.—The
Roosevelt County Telephone company
has let the contract for the building
of an extension to its toll line west of
Melrose which will connect the towns
of Idrea, Tolar, Talban, La Lande and
Fort Sumner. The line will be forty
miles long and will be a metallic cir-
cuit system. The company has also
given the contract to build a commod-
ious central for the reception of its
toll and local systems. The company
lost its exchange in the recent fire
which swept away a block of business
houses here.

The Presbyterian church here has
called the Rev. Willis Smith, who has
served the church for the past year
to be pastor for another year. The
Methodist pastor here is the Rev.
George Givens formerly of San Mar-
cial. Rev. Givens has just finished the
completion of a fine new dwelling for
himself.

This town was visited by one of the
worst wind storms which has ever
visited this section on last Thursday.
The wind did considerable damage to
buildings.

Professor J. D. Tinsley of the Ag-
ricultural College at Mesilla Park, de-
livered a lecture on dry farming to
the homesteaders Saturday. A large
attendance listened to his counsel.

Since the burning of the large ho-
tels of the town in the recent fire, the
accommodations have been insufficient
to house the large number of transient
visitors and homeseekers. The resi-
dents have opened their homes for the
reception of guests. Melrose offers a
fine opportunity for the investment of
capital in a good hotel.

Mr. John Riha, of Vinland, Iowa, says:
I have been selling DeWitt's Kidney
and Bladder Pills for about a year and
they give better satisfaction than any
pill I ever sold. I have used them my-
self with fine results." Sold by The
Ireland Pharmacy.

Weak Women

To weak and ailing women, there is at least one
way to help. But with that way, two treatments
must be combined. One is local, one is constitu-
tional, but both are important, both essential.
Dr. Shoop's Night Cure is the Local.
Dr. Shoop's Restorative, the Constitutional.
The former—Dr. Shoop's Night Cure—is a topical
mucous membrane suppository remedy, while Dr.
Shoop's Restorative is wholly an internal treat-
ment. The Restorative reaches throughout the
entire system, seeking the repair of all nerve,
all tissue, and all blood elements.
The "Night Cure," as its name implies, does its
work while you sleep. It soothes sore and inflamed
mucous surfaces, heals local weaknesses and
discharges, while the Restorative, ceases nervous
excitement, gives renewed vigor and ambition,
builds up wasted tissues, bringing about renewed
strength, vigor, and energy. Take Dr. Shoop's
Restorative—Tablets or Liquid—as a general tonic
to the system. For positive local help, use as well

CIVIC IMPROVEMENTS

Will Vote Bonds at Coming Municipal
Election to Amount of
\$45,000.

Carlsbad, N. M., March 9.—At a
meeting of the city council an ordi-
nance was passed authorizing the sub-
mission of a proposition to the voters
and tax payers of the city, at the com-
ing spring election, to vote bonds to
the amount of \$45,000, to be expended
as follows: \$25,000 to be used in the
installation of a sewerage system;
\$15,000 on street improvements and
\$5,000 for the better equipment of the
fire department. A motion was also
carried to donate a block of land, de-
signed as one of the city parks to the
school board, provided it will erect
thereon a high school building. The
crowded condition of the Carlsbad
schools has made additional room im-
perative.

The water has been turned into the
government canal and the farmers in
the lower valley are all working over-
time as a result. This warm weather
of the past two weeks has been excep-
tionally fine growing weather. The
peach and plum trees are in full
bloom and alfalfa and oats are grow-
ing fine. Without another cold snap
of freezing weather, the Pecos valley
will surpass all previous records this
season.

Lame Shoulder.

WHY DID YOU COME WEST?

To rest, recuperate, hunt, fish, breathe fresh, pure air, see mountain scenery, get a change, live a new and fascinating life under w conditions, and get food that needs no pure food law.

That's why you came west!

There is a beautiful little valley that nestles between the highest mountains of the Rockies on the upper Pecos river; ideal altitude, 7,000 feet, and temperature identical with Santa Fe. Its streams swarm with trout and the woods and ranges are filled with game large and small. The ranchers live the life of the west. There are mountain lion, bears, deer, and wolves for the hunter. There are saddle ponies to be had for the asking, rooms in a big rambling ranch house with wide verandas, tent rooms or a cabin if you want it. The days are never dull. You see a great ranch and the genuine western life. Fresh milk, butter and eggs—all you can drink and eat. Sleep in blankets at night—fish in your shirt sleeves during the day. You couldn't spend more than \$9 a week if you tried. Its the place you are looking for. Accommodations for both men and women. Inquire this office or address THE VALLEY RANCH, Pecos, N. M.

CUTTING OF TIMBER ON MORA GRANT STOPPED

Mora, N. M., March 9.—The heirs of the Butler estate, owning the Mora Grant, which lies principally in Mora county, have employed attorneys to look after their interests in the grant, and these attorneys, who are represented by Catron and Gortner, of Santa Fe, have notified several parties to stop cutting timber from the grant, until an equitable price could be derived at for the timber. The litigation which will probably result from this step will undoubtedly put a stop to the timber industry in that section for some time.

Unequaled as a Cure For Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson of Waynetowne, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

DOOM OF STORAGE EGGS IS SOUNDED

Roosevelt County to Recome Egg Producing Region of Southwest—Supply For Month 120,000 Dozen

Talban, N. M., March 9.—Talban and Roosevelt county are to be the egg producing region of the southwest. Heretofore the merchants in New Mexico, Arizona and western Texas have had to rely quite largely on the storage eggs of Kansas and east Texas but in the development of this region with its abundance of wheat, millet, Indian and kafir corn and a considerable quantity of grasshoppers, the egg market is about to shift from those long fortunate localities to a region right at the doors of the trade. While eggs have been selling at forty and fifty cents a dozen in El Paso and Albuquerque, good fresh eggs have sold here and at Portales for fifteen cents and the supply has been good all winter.

It is estimated that Roosevelt county hens produced during the month of February 120,000 dozen eggs, which with a good market, not considering home consumption, should have brought twenty-five thousand dollars into the county from the busy hen. The new line of railway west will open up a good trade for the produce of this county carrying its products to El Paso and even going into Mexico and Arizona.

Another source of income is in furnishing cream to the creamery at Roswell. H. P. Hobson, manager of the creamery at that place which has a capacity of two thousand pounds a day of butter, has been arranging during the past week to purchase all the cream that can be produced, making daily shipments from this point to Roswell. Receiving stations have been established at this place and all the larger points in the county. The quantity of milk produced from the grama range grazing is not so great as with alfalfa but the milk is richer, according to the analysis of the chemist in the Roswell creamery.

ROUSING MEETING HELD AT SPRINGER

Colfax County Promises to Spend \$15,000 On Its Exhibit at Irrigation Congress.

Springer, N. M., March 9.—Never in the history of Springer or this section of Colfax county has there been such a turning out as that of Saturday night when 2,000 citizens attended an enthusiastic mass meeting at the opera house which was held to arouse local interest in the coming National Irrigation Congress to be held at Albuquerque.

The speakers included Governor George Curry, Chairman W. S. Hopewell and Secretary R. E. Twitchell, of the Board of Control of the Congress, Messrs. M. W. Mills, Richards, Hartley Garcia, Fischer, Webster and Salazar. The citizens of Colfax county have promised to spend upwards of \$15,000 on their exhibit at the Congress and inter-state industrial exposition to be held in conjunction therewith.

The reception accorded Governor Curry was very cordial. He was among many old time friends who had known him in the early days of Colfax county and who saw to it that he was well entertained.

BUCHANAN MECCA FOR HOMESEEKERS

Hundreds Taking Up Land in Gamma Valley Near That Town.

Buchanan, N. M., March 9.—The railway station of Buchanan is becoming one of the busiest points for passenger traffic on the line of the Eastern Railway of New Mexico. Many settlers are filing on land near here but a large proportion of those coming in at this time are going into the Gamma valley, twenty miles south. The country town of Dunlap is located there and having a U. S. court commissioner, makes it a lively place. Fifty filings have been made there in the past two weeks. About a thousand filings or re filings have been made in the past six months.

The valley is made by the junction of two arroyos which run their flood waters into the Pecos river. The Bar V. ranch is located fifteen miles south. To the north is the big sheep range of the Salado Livestock company.

That a settler can make it go on this semi-arid land is well illustrated by the success of a man by the name of King who filed on a homestead 30 miles east and across the Pecos river six years ago. This man came in with seventy-five cents and unlimited hope and endurance. He would go away to work for enough to keep him going for a few months of development. While working at Roswell in the tree country he got hold of locust sprouts and other hardy growths. Today he has a fine farm, with a magnificent grove and orchard a herd of cattle, fine hogs and is an independent man.

CALL FOR REPUBLICAN TERRITORIAL CONVENTION.

A convention of the Republicans of New Mexico is hereby called to take place and to be held at Silver City at 2 o'clock p. m., on the 21st day of March, A. D. 1908; which convention is called for the purpose of selecting six delegates and six alternates to represent the Territory of New Mexico at the national Republican convention, to be held at the City of Chicago, on June 16th, 1908, which convention at Chicago has been called to be held for the purpose of nominating a candidate for president and vice-president of the United States for the Republican party.

The various counties are entitled to representation at said convention to be held at Silver City, on the basis of one delegate for each one hundred and fifty votes or fraction over seventy-five votes cast for the Republican candidate for delegate to Congress at the last election held November, 1906. This is as follows:

Bernalillo, 14; Chaves, 3; Colfax, 14; Dona Ana, 7; Eddy, 2; Grant, 5; Guadalupe, 4; Lincoln, 4; Luna, 1; McKinley, 2; Mora, 7; Otero, 4; Quay, 2; Rio Arriba, 9; Roosevelt, 2; Sandoval, 6; San Juan, 3; San Miguel, 13; Santa Fe, 9; Sierra, 3; Socorro, 11; Taos, 8; Torrance, 4; Union, 5; Valencia, 11.

In addition to the representation as given above, each county is entitled to one delegate at large to the convention.

A meeting of the members of the Territorial Republican Central Committee is also hereby called to meet at Silver City upon the 21st day of March, A. D. 1908, at 10 o'clock, a. m., for the purpose of considering any contests that might be presented before said committee.

The following rules for the govern-

ment and regulation of precinct primaries have been adopted by the Territorial Republican committee for the various counties in the Territory:

Rules Governing Primaries.

The following rules prescribed for the holding of precinct meetings and county conventions by the territorial Republican central committee will be observed in all cases where necessary:

1. The county committees shall fix the time and place of holding the primary meetings in each precinct and give six days' notice thereof by publication in some newspaper of general circulation published in the county, and by posting such notices by hand bills in six different conspicuous places in each precinct. The precinct chairman shall call the meetings to order and preside until the chairman of the meeting shall be elected.

2. The time fixed in all precincts in the county outside of incorporated cities, towns and villages, shall be at 10 o'clock a. m. and the said meetings shall be kept open a sufficient time for the orderly conduct of the business before same.

3. The place of each meeting shall be definitely located and shall be accessible to the voters of the precinct.

4. At or before the time when the chairman of any meeting shall call the same to order each faction in the precinct, if there be any, shall elect a leader to act for it upon the floor.

5. Each leader so elected shall name one teller and one challenger.

6. The votes shall be taken by ballot, and the ballot deposited in a box or other proper receptacle and shall be preserved and returned with a certificate of such election signed by the chairman and secretary.

7. If any vote shall be challenged by either one of the challengers the voter, whose vote is challenged, shall be required to make a declaration in substance and effect as follows:

"I, the undersigned, do hereby declare that I am a legally qualified voter of this precinct and a member of the Republican party in the territory of New Mexico, and a supporter of its principles, and I do hereby pledge myself to support in good faith at the ensuing election the Republican candidate for delegate to Congress and the nominees of the Republican party on the county ticket and vote for such candidates. (Signed) "

8. Blanks for such declarations shall be caused to be printed and distributed in each precinct by the county committee and furnished at each precinct meeting for use by the voters.

9. When such declarations have been made the vote of the person challenged shall be received and counted. All unchallenged votes shall be received without making such declaration.

10. Said declaration, when so made shall be returned by the chairman and secretary of the meeting, together with the ballots, to the secretary of the county committee, and shall be preserved by him until after the territorial and county conventions have been held for the use of said conventions, and by the county committee, for any contest that may arise over the election of any delegate and shall be permanently preserved.

11. The tellers shall count the votes and certify the results in writing to the chairman of the meeting, and the delegates receiving the highest number of votes shall be declared elected by the chairman and shall be recognized by any county convention

Captain Fred Fornoff left this afternoon for Albuquerque. From there tomorrow morning he will accompany the Albuquerque business men on their trade excursion in a special train through central and eastern New Mexico.

Minor City Topics

(Continued from Page Five.)

The remains of Little Sarah Rebecca Havill, daughter of George Havill of Joseph, New Mexico, were shipped Saturday evening to Mountainair. The child died at St. Vincent's hospital in this city after a brief illness. The deceased was only six years old. Her mother is dead.

SAD DEATH OF BRIGHT STUDENT

Morris Sykes Dies Suddenly of Pneumonia at Local Hospital—Was Attending St. Michael's College.

After an illness of only a few days of pneumonia, Morris Sykes, of Chambers, Arizona, a young student at St. Michael's college in this city, died at 8:30 o'clock last night at St. Vincent's hospital. He complained of having a cold Wednesday and pneumonia developed on Thursday. The sick lad was removed at once to the hospital and everything possible done to save his life but to no avail.

The dead boy was only fourteen years of age and matriculated at St. Michael's college at the beginning of the present term in September last. He was an exceptionally bright and studious lad and was a favorite both with the student body and the faculty. He was quite talented as a musician for one so young and played the violin with more than ordinary ability. He also sang in the choir of the college chapel and in the college glee club.

Mr. and Mrs. H. M. Sykes, of Chambers, Arizona, the parents of the deceased student, arrived here Friday evening in response to a telegram informing them of their son's critical condition. They were at his bedside when he died. The little fellow was their only son and they are bowed in grief over his sudden and untimely demise.

The remains were forwarded this afternoon to Albuquerque, where interment will take place.

KILLED TURKEYS OUT OF SEASON

Gavino Padilla of Manzano Fined \$50 and Costs For Slaughtering Two Birds Near His Home.

Charged with killing wild turkeys out of season, Gavino Padilla of Manzano was arraigned Saturday before a justice of the peace at Torreon. He entered a plea of guilty and was fined \$50. He paid his fine but the costs were remitted. Padilla is alleged shot and killed two wild turkeys near his home a few days ago but the birds were not confiscated. He was arrested on a warrant sworn out by Territorial Game Warden William E. Griffin.

CHANGE IN LOCAL WEATHER BUREAU

R. M. Hardinge is Ordered Back to Station at Grand Junction.—Successor Not Known.

Robert M. Hardinge who has been section director of the U. S. weather bureau in this city for the past year has been retransferred to the station at Grand Junction, Colorado, of which he had charge previous to assuming the management of the office in Santa Fe. Mr. Hardinge, however, does not expect to leave for his new post of duty until the latter part of the month. He has not yet been advised as to who will be his successor here.

Grand Junction is an important station of the weather service because of the fact that it is located in the heart of the fruit raising section of Colorado. Mr. Hardinge was stationed there two years prior to taking charge of the weather bureau office in Santa Fe. Grand Junction is located in a valley about twenty miles long and four miles wide and practically all of the land is in fruit orchards. During the spring time the fruit growers watch for the frost warnings sent out from the weather bureau office in Grand Junction and very seldom lose any growing fruit on account of freezing temperature.

If frost is predicted the warning is flashed over the long distance telephone to all of the orchardists, who stay up all night if necessary on guard in their orchards. During the early spring car loads of oil are distributed through the valley and poured on piles of waste in the orchards. When frost warnings are sent out the smudge fires under the trees are built and after the expiration of half an hour the entire valley becomes filled with smoke which drives away the frost and saves the fruit crop.

Mr. Hardinge has been granted a temporary leave of absence until the formal transfer is made and he turns the local office over to his successor.

CRIMINAL AND CIVIL DOCKETS ARE CALLED

Disposition and Setting of Cases in County Court For Trial Consumes Morning and Afternoon.

United States and territorial district courts reconvened today, Judge John R. McFie presiding. The territorial criminal and civil dockets were called today, which took up practically all of the time at the morning and afternoon sessions. Adjournment was taken at 4 p. m. in order to make way for the Republican county convention. Quite a number of civil cases were set for trial at the present term of the territorial district court but there will be few criminal cases tried. The two murder cases against W. W. Atchison have been set for trial next Tuesday. Atchison is under indictment for the killing of William M. Thayer and John Omara who were slain several years ago at San Pedro. Atchison claimed that he had been attacked by the two men, one of whom had fired a shot at him, and he was forced to shoot them in self defense.

In the United States court tomorrow the trial of Jacob Aurant will be taken up. The defendant is charged with the larceny of a letter from the post-office at Santa Cruz.

The territorial grand jury is still in session but has not yet returned any indictments.

MILLION DOLLAR TAX SUIT BEFORE IOWA COURT

Council Bluffs, Iowa, March 9.—Tax cases involving \$1,000,000 against the Portland Gold Mining company, of the Cripple Creek district in Colorado, went to trial in the district court here today. Congressman Walter I. Smith, of Iowa, and ex-Governor Thomas, of Colorado, are representing the mining company. The Portland Gold Mining company was incorporated in Iowa with headquarters in Council Bluffs and the present suit is an attempt upon the part of the state of Iowa to collect taxes on the capital stock of the company.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas slides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1-2x6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following prices:

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form.

GOOD BLOOD**NATURE'S PROTECTION AGAINST DISEASE**

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexions, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.
