ANARCHY MUST BE SUPPRESSED

President Sends Special Message to Congress

URGES LEGISLATION

Wants Law Enacted By Which It Can Be Stamped Out Entirely.

Washington, April 9.—In one of the shortest messages which he has yet transmitted to Congress, President Roosevelt today called the attention of that body to the necessity of further legislation on the subject of anarchy. With the message he transmitted a report reviewing the legal phases of the question by Attorney General Bonaparte. The President in his message says:

"When compared with the suppression of anarchy every other question sinks into insignificance. The anarchist is the avowed enemy of humanity and of all mankind and his acts are a deeper degree of criminality than any other. No paper published here or abroad should be permitted to circulate in this country if it propagates anarchistic opinions."

Besides his direction to the postmaster general to exclude from the mails such publications as "La Question Sociale," the President in a letter to the attorney general asking for an opinion on the legal phases of the subject says he has had that particular case called to the attention of the governor of New Jersey by Secretary of State Root and that the governor may proceed under the state laws.

The opinion of the attorney general which the President transmits to Congress embraces a discussion of the whole subject from many legal angles. His first conclusion is that the article in question which advocates the use of the dynamite in annihilating the police and soldiers that anarchy may prevail, constitutes "seditious libel" and is undoubtedly a crime at common law.

The President declares that there is no federal statute which makes such publication an offense against the United States and that the federal courts consequently have no jurisdiction in the matter. That there is full power in possession of Congress to make such publications criminal, the attorney general asserts and quotes Chief Justice Fuller of the supreme court and Associate Justice Field as authority.

REBATE GRANTED OIL COMPANY

Santa Fe Railway Official Admits Charge While Testifying in California Suit.

Los Angeles, Calif., April 9.—That the Santa Fe Railway company gave refunds amounting to almost \$38,000 to the Associated Oil company last summer on freight paid for shipments of oil in 1906, was admitted by Edward Chambers, assistant freight traffic manager of the road, in the hearing before the state railroad commission now in progress here.

This is the refund referred to in a message of President Roosevelt to Congress last January, in which the President quoted a portion of Mr. Chambers' letter authorizing the refund.

On June 10, 1907, a refund of \$36,750.75 was made to the Associated Oil company, in addition to \$7,293 that had been previously paid back to the company. This was on all shipments from the Bakersfield district to San Francisco Bay points between January 1 and November 15, 1906.

During that time the Associated Oil company had a rate of 25 cents a barrel on fuel oil from Bakersfield to San Francisco when the published rate was 27.8 cents. General Manager Porter of the Associated Oil company desired the rate kept secret but this President Ripley refused to allow according to Mr. Chambers, and it was finally abolished.

Change in His Appearance Caused By Illness Makes Him Unrecognizable.

Paso Robles, Hot Springs, Calif., April 9.—Lieutenant Evans has gone to Los Angeles to escort his mother, Rear Admiral Evans' wife, to Paso Robles, Hot Springs, and to prepare her for the freak change in appearance of the admiral. There is not very much resemblance between the invalid weighing barely 120 pounds and the vigorous man of 475 pounds of scarcely four months ago.

While his rheumatism has disappeared and the admiral has gained considerably in strength, his physicians today admitted there were other complications which retard his rapid progress and make permanent improvement very slow. They declined to go into the nature of these complications.

BUSINESS CHANGE AT CARRIZOZO

Citizens Take Steps to Dispense With Tenderloin District—Unfortunate Children Rescued.

Carrizozo, N. M., April 9.—The jewelry store of F. M. Rhomburg has been sold to J. R. Humphrey of this place. Mr. Humphrey has been interested in the business for over a year but now assumes full charge and ownership of the stock and business.

Dr. M. G. Paden, for many years a practitioner of White Oaks and for over a year located here, has returned from a four months' stay in New York where he took a special course in medicine and surgery. Dr. Paden is the local surgeon for the El Paso and Southwestern railway.

Rev. Joseph A. Land has resigned as pastor of the Baptist church here and will remove to the Estancia valley in a short time. He has sold his property here. Mr. Land's father is a resident of Mountainair, Torrance county, and in removing to the Estancia country he will be near his parents who are now quite aged.

J. J. Flannigan has bought a residence in the Donald addition of J. B. Baird.

The people of Carrizozo in general have been very much stirred up over the growth of the tenderloin district east of the railway track and the evidence of lawlessness on the part of the inmates of the houses. A mass meeting of the citizens was held last week at which public opinion was aroused and steps will be taken to remove the stigma from the town.

R. G. Parvin of Oklahoma City, has accepted a position with the Carrizozo Trading company. He will have charge of the dry goods department.

Nicholas, field worker, for the Children's Home Society of New Mexico, last week took a number of children from Calore, a few miles east of Carrizozo. The probate judge of Lincoln county was appealed to and when proof was submitted of the evil case of the children the officers took them in charge and they will be cared for and educated by the Children's Home Society. The taking of these children by the society has saved the county a considerable sum of money.

NAVAL BILL BEFORE HOUSE

Carries Total Appropriation of \$103,967,518

FOR NEXT FISCAL YEAR

Part of This Sum to Be Expended in Construction of More Submarines.

Washington, April 9.—The naval appropriation bill, authorizing the construction of two instead of four battleships and eight instead of four submarine torpedo boats, and carrying a total appropriation of \$103,967,518 for the naval service for the fiscal year ending June 30, 1909, was reported to the House yesterday by Chairman Foss of the committee on naval affairs.

The total appropriation recommended is \$22,518,831 less than the aggregate estimates submitted by the department and \$3,663,216 more than the amount appropriated for the fiscal year ending June 30, 1908.

The bill carries an item of submarine torpedo boats and an item of \$445,000 toward the construction of sub-surface torpedo boats.

Provision is made for the enlistment of six thousand men to man the following ships which are to be put in commission within the next few months: The California, Mississippi, Idaho, New Hampshire, South Dakota, North Carolina, Montana, Chester, Birmingham and Salem; and for 1,500 men required to man torpedo boats not now in commission.

SHIP-WRECKED SAILORS RESCUED

Crew of Abandoned Tank Steamer Picked Up in Mid-Ocean By Trans-Atlantic Liner.

Plymouth, April 9.—The steamer Majestic, which is due here today from New York, has reported by wireless telegraphy the rescue on April 5 in mid-Atlantic of the crew of the Norwegian tank steamer Helios, from Philadelphia, March 25, for Blaye.

The Helios was abandoned in north latitude 44, west longitude 39. She had encountered a terrific storm that lasted three days. Her bunkers were broken and she listed badly. Her cargo of oil invaded the stoke hold and its overpowering fumes compelled the crew to abandon the vessel.

The accident to the Helios occurred on Sunday last. There was great apprehension that oil would reach the fires, and a disastrous explosion result. One hundred and fifty tons of oil were pumped from the bunkers, but the task of removing the remainder of the oil was beyond the task of the crew. The hurricane, with the accompanying heavy seas, rendered it impossible to remove the hatches to allow the fumes to escape. Before leaving the vessel the sea cocks and hatches were opened to facilitate her sinking, as she was in the direct track of liners.

FINED \$32,200 FOR CONDUCTING LOTTERY

Government Deals Harshly With Kentucky Men Who Violated Law Prohibiting Such.

TO REPORT BUREAU OF MINES BILL FAVORABLY.

Washington, April 9.—The House Committee on Mines, which has been having hearings on various bills to establish a bureau of mines, will make a favorable report at an early date upon a measure combining the features of several bills which have been under consideration. It is expected that the measure which will be reported will provide for a bureau under charge of the department of the interior and connected with scientific work being carried on by the geological survey, which, under present methods, is partially equipped to carry on the work of a bureau of mining. Western advocates of the proposed bureau desire that it be located in some western city, either Denver or Salt Lake, contending that the headquarters of the bureau should be within easy reach of the mineral fields of the west.

TO RESTRICT GRAZING ON WATERSHEDS

Joint Investigation Covering Subject to Be Conducted By Washington Department.

Washington, April 9.—In order to reach a satisfactory agreement in regard to the proposed prohibition of grazing on the banks of streams supplying the various irrigation systems in the west, a joint investigation will be conducted by the departments of the interior and agriculture. The irrigator and officials of the reclamation service desire to restrict grazing on the watersheds which affect the irrigation of farm lands. Stockmen have vigorously opposed such restriction. In discussing the matter Secretary Wilson said:

"The protection of the watersheds and streams supplying irrigation reservoirs depends primarily upon the possibility of giving full protection to all areas where grazing is allowed. The fewer forest officials which there are to attend the grazing business on the national forests, the more land will have to be closed to grazing. Past experience has proven that stock can be allowed to graze, under proper regulation, on areas from which it would be necessary to exclude it if the range could not be properly patrolled."

The investigation will be conducted jointly by officers of the forestry service and the reclamation service, who will meet the stockmen and irrigators on the ground this summer and determine what restrictions, if any, will serve the best interests of the majority. Complaints are directed mainly against sheep grazing, but as the allotments for grazing have already been made for the coming season by the forest service, no change in allotments will be made until next year.

ANOTHER SCHOOL TEACHER MARRIES

Miss Carol Lindbeck Becomes Bride of Charles L. Ligenfelter—To Reside in Boise, Idaho.

The marriage of Miss Carol Lindbeck to Charles L. Ligenfelter was solemnized at the M. E. parsonage last night at 7 o'clock, by the Rev. E. C. Anderson pastor of the Methodist church of this city. The knot was tied in the presence of only a few of the most intimate friends of the contracting parties and immediately after the marriage ceremony the couple were driven in a carriage to the Santa Fe Central railway crossing where they boarded the 7:49 o'clock Santa Fe train for Boise, Idaho, where they will reside.

The newly married couple boarded the train at the crossing in order to avoid a shower of rice and old shoes which their friends, who were waiting at the depot were fully prepared to give them.

The bride is well known to many in Santa Fe having taught in the public schools in this city during the past two years. The groom, came to Santa Fe about a year ago from Boise, Idaho, to take a position as clerk in the local United States land office, which position he held until a few days ago when he resigned to accept a more lucrative position at his old home in Boise, for which city the couple left last night.

The best wishes of their many Santa Fe friends accompany Mr. and Mrs. Ligenfelter to their new home.

STEPS TAKEN TO BRING PAPER TRUST TO TIME.

Washington, April 9.—The House resolution introduced by Speaker Cannon requesting information as to what steps had been taken to prosecute the "paper trust" reached Attorney General Bonaparte today and was referred by him to Assistant Attorney General Purdy. It is understood that the reply will show that the department already has taken preliminary steps to bring "the paper trust" officials to trial on criminal charges and for that reason it will not be possible to supply Congress with detailed information which might jeopardize the success of the prosecution.

LEE'S SURRENDER AT APPOMATOX, APRIL 9, 1865.

Sheridan's victory at Salters Creek was most disheartening to General Lee and hastened his surrender very materially. In his dispatch reporting the victory to General Grant he (Sheridan) said: "If the thing is pressed, I think Lee will surrender." General Grant immediately transmitted the laconic dispatch to President Lincoln who replied as laconically: "Let the thing be pressed." Lee was sagacious enough to recognize the inevitable, result and telegraphed to Davis at Richmond that Petersburg must be abandoned forthwith. It was Sunday and the tidings reached Davis while at church. He lost not a moment in preparing to leave the city. That night was one of terror in Richmond. The mob broke into riot, and plundered warehouses and dwellings. To add to the confusion, Ewell, who commanded there set fire to the bridges and storehouses. The conflagration spread, and in a few hours a third of Richmond was in flames. Early next morning a small body of Union troops took possession of the Confederate capital and something like order was restored. When Lee evacuated Petersburg and Richmond, his purpose was to retreat to Danville where he hoped to unite with Johnson. The pressing necessity was to concentrate his forces; in all they numbered 40,000 men. His immediate purpose was to reach Burksville, at the junction of two railroads, 52 miles from Richmond. But unexpected disaster awaited him. He had marched with rations for only a single day though large supplies were collected in his rear. By one of those mishaps that cause such decisive results, he missed the supplies and there was no food for his army. After Sheridan had won the victory at Salters Creek and captured 7,000 prisoners the Confederate army plodded wearily on, striking back fiercely when assailed by the heads of the pursuing columns. But it was evident to both sides that the end was near. On the 7th of April, Grant wrote to Lee proposing to receive the surrender of his army. Lee replied that he did not think the case was hopeless; but wished to know what terms would be offered. Grant replied that he would only insist that the men surrendered should not take up arms against the government of the United States until properly exchanged. On the 9th of April, 1865, the two commanders met at Appomattox Court House, where terms of surrender were agreed upon. In his personal Memoirs, General Sheridan gives the following graphic account of the final surrender of General Lee:

"General Grant arrived about 1 o'clock p. m., Ord and I dismounted, meeting him at the edge of the town. He (Grant) remaining mounted, spoke first, to me, saying: 'How are you Sheridan?' I assured him with thanks that I was 'First rate,' when, pointing toward the village, he asked: 'Is General Lee up there?' and I replied, 'There is his army down in that valley, and he himself is over in that house (pointing to McLean's house) waiting to surrender to you.' The General then said, 'Come let us go over.' When I entered McLean's house General Lee was standing, as was also his military secretary, Colonel Marshall, his only staff officer present. General Lee was dressed in a new uniform and wore a handsome sword. His tall, commanding form thus set off contrasted strongly with the short figure of General Grant, clothed as he was in a soiled suit, without sword or other insignia of rank except a pair of dingy shoulder straps. Nearly all of the officers withdrew to await the agreement as to terms. When we re-entered General Grant was writing, and General Lee was quietly standing by. About 3 o'clock p. m., the terms of surrender were written out and accepted, and General Lee left the house, as he departed, cordially shaking hands with General Grant."

The number paroled was 28,805, of whom not more than 8,000 had muskets in their hands. The others had flung away their arms in their weary flight. A few days thereafter General Johnson surrendered his army to General Sherman, who after accomplishing his splendid "March to the Sea," swung round and marched into North Carolina; and thus ended the great Civil War, perhaps the bloodiest in all history. It may well be said that the Union victory was a gain to both sides, for if it had so happened that the Confederates had been victorious the end would not have been arrived

at as it was when the Union arms were crowned with triumph. No one can imagine and God only knows what would have followed but the chances are that by this time this glorious Union would be divided and subdivided into a number of small governments as helpless and despised as the Latin Republics of Central and South America.

But "there is a Providence that shapes our ends, rough-hew them as we will," and that Providence has had this Republic in its keeping since the beginning. If the American people are true to, and worthy of their mission, if they will banish fraud, public and private from their midst, their Republic will live until:

"The cloud-capp'd towers, the gorgeous palaces,
The solemn temples, the great globe itself,
Yea, all which it inherit, shall dissolve
And leave not a track behind."

AMERICANS SHOULD SEE AMERICA FIRST.

It is an all wind that blows no one any good. The United States is benefiting to some extent by the rioting and bloodshed in Rome, Lisbon and other European cities of attraction and which are considered great tourist resorts. Travelers with money do not care to go where there is danger to life and limb and it is reported that in one day recently 600 wealthy American tourists left Rome for other European cities there to enjoy life and view the attractions and beauties with more security and with greater ease of mind and conscience. Referring to this condition the St. Louis Times puts it right when it editorially says that reports from Rome say that 600 tourists hurriedly left the Eternal City Saturday because of rioting. J. Pierpont Morgan was warned by the authorities to remain in his hotel, and a state bordering on terror for a time existed.

The departure of 600 tourists of the ready-money American brand is enough to bring real alarm to the people of Europe. If the traveler becomes possessed of a fear that touring along the regular European lanes is dangerous he will stay at home and give more time to the Yellowstone Park and other wonder spots in his own country.

When, for any reason, there is even a slight falling off in the American traveler trade, every hotel from Aberdeen to Naples, and from St. Petersburg to Algiers feels it. The pinch finds reflection in every form of enterprise.

If we fall into the thought that touring in Rome and Madrid and Lisbon and Paris is dangerous, that the anarchist is likely to blow up ships and railroads and hotels, we will begin to think about remaining in the United States. Riots are bad in themselves, but for the European centers they will be worse in the effect they will have on prosperity. Even the lassoing of numerous American fortunes will not help much if the school ma'am and other Cook tourists give up the foreign fad for a few seasons.

SHOULD GIVE DELEGATE ANDREWS CREDIT.

Delegate W. H. Andrews appeared before the House Committee on Irrigation and Arid Lands yesterday and made a strong argument for the passage of his bill appropriating the sum of \$25,000 for the expenses of the Sixteenth National Irrigation Congress in Albuquerque. He is doing very hard work for the passage of the bill but it is very uphill work. Yet he may succeed. But this will get him no gratitude or thanks from the Albuquerque muckraker. This is in the pay of the clique that is hostile to the delegate because it could not use him and influence him to work against other sections of the territory for the benefit of the gang. It is hoped, however, that the decent and fair-minded citizens of Albuquerque will give the delegate credit for the hard and successful work he has done for Albuquerque and for the benefits he is trying to accomplish for the town.

Some very funny things happened last Tuesday in this city. One Democratic statesman in the Fourth ward was to have delivered 22 votes for the Democratic ticket. He only brought 9 and these were all rock-ribbed unterrified Democrats who would vote the Democratic ticket if it consisted of nothing but yellow dogs. Evidently this statesman was employed by the two or three shyster lawyers who afflict Santa Fe. He took his fee but as to delivering the goods that is another question.

ROOSEVELT CORRECT ON RACE SUICIDE.

The following homily by President Roosevelt in Leslie's Weekly, shows that he has not changed his views on "race suicide" one iota and he puts his case quite strongly when he says:

"Unless the average woman is a good wife and good mother, unless she bears a sufficient number of children so that the race shall increase and not decrease, unless she brings up these children sound in soul and mind and body—unless this is true of the average woman, no brilliancy of genius, no material prosperity, no triumphs of science and industry will avail to save the race from ruin and death. The mother is the one supreme asset of national life; she is more important by far than the successful statesman or business man or artist or scientist. I abhor and condemn the man who fails to recognize all his obligations to the woman who does her duty. But the woman who shirks her duty as wife and mother is just as heartily to be condemned. We despise her as we despise and condemn the soldier who flinches in battle. A good woman who does her full duty is sacred in our eyes exactly as the brave and patriotic soldier is to be honored above all other men. But the woman who whether from cowardice, from selfishness, from having a false and vacuous ideal, shirks her duty as wife and mother earns the right to our contempt, just as the man who, from any motive, fears to do his duty in battle when the country calls him."

THE POPULATION OF SANTA FE.

While the vote cast this week in the municipal elections is not a very reliable index of population figures, yet, it gives some idea of the relative population standing of New Mexico cities. The following was the total vote cast for mayor in different towns, as far as at hand:

Albuquerque	1909
Raton	1093
Santa Fe	993
Las Vegas	797
East Las Vegas	461

With the census year rapidly approaching, Santa Fe ought to annex those parts on the outskirts which are part of the city and yet are outside of the city limits. Thus far, the disinclination of the Water and Light company to pay its just proportion of taxes to the city which supports it and its high-priced officials, has kept out the suburbs but now that the Water and Light company has been ignominiously eliminated from Santa Fe's city government, no time should be lost in annexing these outlying districts. It would be deplorable, if the next census should again show that Santa Fe has less than 6,000 people when in reality it has a population of 8,000 or more. With a capital fight approaching before the census of 1920, every effort should be made to make a good official showing in the census of 1910.

A few lessons for the Republicans: The Albuquerque Journal supported the Republican ticket in Albuquerque, even though in a half hearted way, and the Republicans lost out. It opposed bitterly Gregory Page and other Republican leaders at Gallup and they won with handsome majorities; it opposed the Republican leaders of Santa Fe and the Republicans swept this city. It is the same story as that of the Silver City convention, where the men most bitterly libeled by the Journal were selected as the representatives of the Republican party at the Chicago National Convention. Why should any Republican subscribe for and support the Journal? Why should any one any longer consider it a Republican paper? Why should any one fear its influence after it has so convincingly demonstrated its impotence?

The News, published in the new and rapidly growing town of Clovis, in a very few words under the heading, "Andrews Suits Us," puts the political situation correctly and timely. Says the News:

"While there is to be a fight in the Republican ranks against the renomination of Delegate Andrews, it is not supposed to develop any particular strength. This opposition did not develop through any particular dissatisfaction of the official work of the delegate in Congress, but is the result of the bitter personal fight between factions of the party."

"Andrews has accomplished more than any delegate ever sent to Congress and is really the best man who we could send again."

A few would-be statesmen in this city who hold forth on the street corners and in the saloons and call themselves reformers do not look with favor upon the recent appointment by Governor George Curry of Major R. J. Palen as a member of the board having in charge the capitol extension and the construction of an executive residence in this city. They believe that Major Palen would not act fairly and squarely in the matter. They are so far beneath Governor Curry and Major Palen that it would be an insult to those two officials to mention the names of these shysters in the same article, hence this is not done. In the meantime the territorial administration is in safe hands.

In Socorro there was but one ticket at the recent city election. This was headed by Hon. H. O. Bursum for mayor, the latter having performed the duties of that office for the past two years so efficiently and honestly that no opposition whatever against him could be brought together. Socorro can be considered very lucky in this respect.

MOTHER'S FRIEND

CAPITALISTS MAY BUY LAND GRANT

Ex-Governor Bailey, of Kansas, and Party, Greatly Impressed With Lobato Tract.

Special to the New Mexican.
Albuquerque, N. M., April 9.—George Hill Howard, of Albuquerque, one of the owners of the Lobato land grant in this county, has spent the past few days in this vicinity showing ex-Governor W. J. Bailey, of Kansas, and a party of Topeka capitalists over the grant, with a view to negotiating a sale of the same to them. The prospective purchasers were amazed at the varied resources of the grant, which besides extensive tracts of timber, contains excellent farming and grazing land. The prospects for the sale of the grant are especially bright. Should the deal go through it would result in the development of one of the most extensive and fertile tracts of land in New Mexico.

The election of school directors in this district was held here on Monday. Henry Grant was elected for a term of three years and Isabella Martinez for a term of two years. There was no opposition ticket in the field and only eight votes were cast. The newly elected directors are Democrats.

A fine rain fell in this section the first of the week. It was greatly needed as all grain crops have been planted and these were in need of moisture. The prospects for an excellent fruit crop in this part of the territory are especially bright, unless a heavy frost should occur late in the spring.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Cartwright-Davis, Co.

FEDERAL COURT TO CONVENE IN MAY

Coming Term for Fourth Judicial District Will Be a Busy One—Many Cases Pending.

The territorial court docket is also a heavy one. The case of the territory against Leandro Romero, Estevan Dominguez, David Encinas and Mrs. J. H. Teitelbaum for the murder of the latter's husband will probably be set for hearing the first day. The case of the Territory against Felipe Garcia and Prudencio Martinez, for attacking Miss Margaret Carling will be set at the same time. A number of other important cases promise to keep the court in session for several weeks.

RATON OFFICER FOUND GUILTY OF EMBEZZLEMENT.

Raton, N. M., April 9.—Guy Howe, deputy marshal of the city of Raton, was found guilty by a jury in the district court here of embezzlement, for not having turned in fines collected from dens in the "Red Light" district, the money being paid by inmates of the places mentioned, for protection from the local police authorities. The trial of Howe and his subsequent conviction is the first under the recent indictments returned by the grand jury here against the mayor and members of the city council for extorting money from women residing in the tenderloin.

TO BUILD ROAD ACROSS MOUNTAINS

Delegate Andrews Introduces Bill in Congress Appropriating \$35,000 For Purpose.

Delegate W. H. Andrews has introduced in the House of Representatives a bill appropriating the sum of \$35,000 for the construction of a public highway in the Sacramento mountains in southern New Mexico. The full text of the bill follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the secretary of the treasury be, and he is hereby authorized and directed to expend out of any money in the treasury not otherwise appropriated, the sum of \$35,000, for the construction of a road across the national forest in the Sacramento mountains, in the Territory of New Mexico.

"Section 2. That the construction of said road shall be placed in the charge and under the direction of the secretary of agriculture."

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that make the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all druggists.

"BOOTH'S OYSTERS."

The very finest in the land have just been received at the Bon Ton Restaurant. These are the very first of the season and can be found only at this place where they are up-to-date in everything. A trial will convince you.

Chamberlain's Has the Preference.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by all druggists.

The following residents of northern Rio Arriba county with postoffice addresses at Ortiz, Colorado, which is just across the line, spent Tuesday and Wednesday here. They are sheep raisers and came to consult Forest Supervisor Ross McMillan of the Jemez National Forest upon which some of their sheep are grazing. They are all subscribers to the New Mexican. His paper was Republican in politics and as he did not care to remain in the Democratic state of Oklahoma he sold out and came to Santa Fe, where he will become a resident. Mr. Telin hails originally from what is known as the "Park Region," in northwestern Minnesota, one of the most beautiful sections in the northwest during the summer months. He served in an Ohio regiment during the Spanish-American war. He enlisted for two years as a volunteer at the age of 21 and after his service in Cuba he received an honorable discharge and returned to enjoy his civil rights and took up newspaper work. He is married and his wife and three children will come to Santa Fe at an early date and will go to housekeeping. Mr. Telin likes it here very much and hopes that the people whom he meets in his daily rounds will extend to him the right hand of fellowship and help him to gather the news. What he wants is the news first, last and all the time.

MINOR CITY TOPICS

Weather forecast for New Mexico: Clearing weather to night. Friday fair with warmer weather.

Santa Fe has a brand new water wagon. Do you want to climb on it? Mr. and Mrs. George H. Van Stone have moved into the Harding residence on Hillside avenue.

Aniceto Abeytia is reported as critically ill at his home in this city and little hope is entertained for his recovery.

At the time of going to press Santa Fe is having a nice shower. If the water wagon is the cause of this rain the council better invest in a sprinkler every month.

The regular weekly meeting of Santa Fe Lodge No. 2, I. O. O. F., will be held this evening at Odd Fellows hall at 7:30 o'clock. Visiting Odd Fellows are invited to attend.

Manager Edward Elie of the Santa Fe Grays baseball team is arranging for a game with the Browns of Albuquerque for Sunday afternoon, April 26th, to be played in Santa Fe.

Probate Clerk George W. Armijo issued a marriage license yesterday afternoon to Charles L. Lingenfelter, age 25, and Miss Carol C. Lindbeck, age 24, both of Santa Fe county.

The Great Southwest for April, gives Santa Fe a good send off and free advertisement. It was written by A. H. Broadhead, corresponding secretary of the Santa Fe Board of Trade.

The Estancia Valley was thoroughly soaked as far south as Torrance as the result of a heavy rain which visited that section beginning yesterday afternoon at 4 o'clock and extending throughout last night. Suffice to say that the farmers are jubilant. The rain came just at the right time as most of the crops have been planted and these were in need of moisture.

Miss Lucia A. Tyson, well known in Santa Fe, died in Denver, last Sunday evening. She lived here for three years and left for Denver about two years ago. During her residence in this city she gained many friends, who will be pained to learn of her death. She came to Santa Fe from Titusville, Pennsylvania, where her father is a prominent banker and financier.

The Democratic Territorial Central committee will hold its meeting in this city on Saturday for the purpose of fixing the date, place and representation at the territorial Democratic convention, which will elect six delegates to represent the New Mexico Democracy at the Denver convention. A. A. Jones of Las Vegas is the chairman of the committee and W. B. Walton, is the secretary.

The business men near the corner of Galisteo and San Francisco streets are vigorously complaining over the poor lights in that neighborhood. The street light at the corner of Galisteo and San Francisco streets has been out of commission fully two weeks. The business men of that vicinity, besides having dark streets claim they will have to pay full schedule price when the collector calls, although the light is out of commission. There seems to be plenty of room for improvements in the electric light service of Santa Fe.

Snow flurry early this morning followed by a nice shower and the day being cloudy chances for another shower are good. The maximum temperature yesterday at 2:20 p. m., was 56 degrees and the minimum temperature was 38 degrees at 5:30 a. m. The mean temperature was 47 degrees and a departure from normal two degrees. The relative humidity at 6 a. m., was 50 per cent and at 6 p. m., 61 per cent and the average relative humidity for the day was 55 per cent. The highest velocity of wind was 36 miles per hour from the southeast at 5:35 p. m. Lowest temperature during last night was 34 degrees. The precipitation for the 24 hours ending at 6 a. m., today was 0.22 of an inch of snow. The temperature at 6 a. m., today was 34 degrees.

NEW SCHOOL HOUSE IN RIO ARRIBA COUNTY.

At the annual school election held on Monday last in district No. 7, of Rio Arriba county, Hon. L. B. Prince and Andres Salazar were re-elected school directors.

As nearly every voter of the district was present at the meeting ex-Governor Prince took advantage of the opportunity to speak of the importance of erecting a school house, as that district, like most of those in Rio Arriba county, has heretofore had to rent a school room from year to year. He emphasized the various advantages arising from having a proper public school building and showed that its erection would work no hardship on the people as those who were not able to contribute in money could do so by bringing stone, adobe or vigas or help with their personal labor.

The suggestion was favorably received by all present and it was determined to proceed with the erection of a building as soon as possible, and a committee consisting of Cornelio Vigil, Silviano Salazar and Candido G. Salazar was appointed to select the most suitable location in the center of the district and report to the directors. This will be an improvement which has long been needed and will be of much advantage to the locality.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days' test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all dealers.

NOTICE.

Notice is hereby given that on the 31st day of December, 1907, in accordance with Section 26, Irrigation Law of 1907, W. A. Williams, of Kennedy, county of Santa Fe, Territory of New Mexico, made application to the Territorial Engineer of New Mexico for a permit to appropriate from the public waters of the Territory of New Mexico.

Such appropriation is to be made from Rio Galisteo, at a point in the NW 1-4, Sec. 2, Twp. 13 N, R 9 E, by means of diversion, and 25 cubic feet per second is to be conveyed to points in Sec. 34, and 35, Twp. 14 N, R 9 E, by means of a ditch and there used for irrigation.

The Territorial Engineer will take this application up for consideration on the 10th day of March 1908, and all persons who may oppose the granting of the above application must file their objections with the Territorial Engineer on or before that date.

VERNON L. SULLIVAN,
Territorial Engineer.

A Common Mistake.

Many women mistake kidney and bladder troubles for some irregularity peculiar to the sex. Foley's Kidney Remedy corrects irregularities and makes women well. Miss Carrie Harde, Bowling Green, Ky., writes: "I suffered much pain from kidney and bladder trouble until I started to use Foley's Kidney Remedy. The first bottle gave me great relief, and after taking the second bottle I was entirely well." Sold by The Ireland Pharmacy.

If you want anything on earth—try a New Mexican "ad."

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Santa Fe Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Santa Fe women know this. Read what one has to say about it: Miss Adela Arias, living at 106 Griffin street, Santa Fe, N. M., says: "The use of Doan's Kidney Pills in my case brought quick and thorough relief from kidney trouble, that has bothered me for some time. I suffered from a dull, aching in the small of my back, the attacks always being aggravated by colds. In addition to this I was often distressed by headaches and dizzy spells. My attention was called to Doan's Kidney Pills about three years ago and I procured a box at Ireland's Pharmacy. Their use proved all the claims made for them. Off and on since whenever occasion has required, I have used Doan's Kidney Pills and the quick and positive relief always obtained is what warrants my high appreciation of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CITIZENS TICKET WINS AT RATON

Physician Defeats Preacher For Office of Mayor By Narrow Margin of Thirty-four Votes.

Raton, N. M., April 2.—With the exception of two aldermen, the Citizens ticket was victorious over the Democratic reform ticket here in the most closely contested election in the history of the city Tuesday. Dr. A. R. Striecher, the Citizens' candidate for mayor, defeated J. A. Cutler, pastor of the Baptist church by the narrow margin of 34 votes. Mr. Huffine, the Democratic candidate in the Second ward was elected and Robert Campbell on the same ticket was successful in the Third. John Joerns, Citizens, was elected city clerk, over J. R. Hutchison, Democrat, by a narrow margin and Samuel Ruffner, Citizen, was unanimously chosen city treasurer, the Democrats having no candidate.

The following candidates for members of the board of education on the Citizens' ticket were chosen: John Morrow, J. F. White, R. H. Carter, A. R. Davis and C. J. Chavez.

No trouble of any sort took place at the polls but nearly 1,200 votes were cast during the day. Both sides were out in force. The Democrats paraded the streets with a banner on which was "Vote the Democratic ticket and Reform."

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

BASE BALL GAME HERE EASTER SUNDAY

Stanley Team Will Meet Local Aggregation at New Park—Farmers Have Good Club.

A spirited and well contested baseball game between the Moriarty and Stanley teams took place at Moriarty Sunday last. Many people from the surrounding section and from Stanley attended the game. Stanley won by a score of 2 to 1.

This has encouraged the Stanley team whose members will be in Santa Fe on Easter Sunday to play a game that will be well worth witnessing. The members are now practicing for the fray and are sanguine of success.

LONG CHASE AFTER HORSE THIEVES

600 Mile Trip of Arizona Rangers Results in Capture of Badly Wanted Man.

Bisbee, Ariz., April 2.—Captain Harry Wheeler of the Arizona rangers, with Rangers Chase, Gunner and Horan, have just returned here after a 600-mile ride in the Chihuahuan mountains after horse thieves who have been annoying the ranchmen. Captain Wheeler and his rangers were gone 29 days, were moving constantly and visited every canon and place of refuge over a wide territory.

Captain Wheeler brought back with him a Mexican caught on a stolen horse, and wanted for the murder of D. Silveria, a policeman at Polaris, a year ago. The Mexican, Andres Marino Guellmo, has been terrorizing the ranchers in the Chihuahuan mountains and recently beat a cowpuncher almost to death. He was armed with a carbine and six-shooters and had the district in which he was making his headquarters in terror. Captain Wheeler stated that it is his opinion the horse thieves are Mexicans or others who are rushing the stolen horses across the international line by night, making raids into the territory that has been suffering.

Special Agent of U. S. Land Office Confiscates Timber Which Was Illegally Cut in Union County

Special Agent Frank Grygla of the U. S. land office recently seized 5,000 fence posts which were illegally cut in Union county, by non-residents from Colorado. The offenders offered to compromise and settlements will be made in this instance. These parties claim to be innocent purchasers and were not aware of the fact that they were stealing timber from the public domain.

The department of the interior is making special efforts to stop all illegal cutting of timber and special agents are kept busy looking after the public domain. Additional arrests will likely be made. The department in each instance is willing to compromise, providing the offenders will pay for the timber taken, at a little higher price than they could have secured if had they purchased it legally.

KIT CARSON'S GRAVE AT TAOS

Burial Place of Noted Scout to Be Enclosed By Iron Railing Erected by Masonic Grand Lodge.

At the annual grand communication of the Grand Lodge of New Mexico of Free and Accepted Masons in October, 1907, on the suggestion of Superintendent Clinton J. Crandall, of the U. S. Indian Training School here, the Grand Lodge adopted a resolution providing for the erection of a suitable railing around the burial plot of the late Christopher C. Carson, one of the most widely known and successful Indian scouts in Colorado and New Mexico, from 1840 to 1860 and who served creditably and gallantly as a brigadier general of U. S. Volunteers in the various Indian wars between 1861 and 1865 in this territory and who was a member of Montezuma Lodge in this city.

General Carson died May 23, 1868, at Fort Lyon, Colorado, and will remain there buried in the cemetery at Taos. The plot and ground have been somewhat neglected but from now on they will receive better attention and care. A committee of three Masons has been appointed to look after the matter. Mr. Crandall is chairman; Solomon Spitz of this city and I. W. Dwire, of Taos, are the other members.

The railing has been ordered and will cost one hundred dollars. It is an iron railing with suitable gate which can be locked. A bronze tablet will be attached to the railing which will bear the inscription: "Erected by the Grand Lodge of New Mexico, A. F. and A. M., 1908."

A committee from Montezuma Lodge No. 1 of this city will likely proceed to Taos on the occasion of the erection of the railing and will hold suitable memorial services over the grave of the deceased brother.

FAITHFUL EMPLOYEE RETIRED ON PENSION

Jose G. Chaves Employed for Twenty-seven Years on Santa Fe Railway to Enjoy Rest.

Jose G. Chaves, of Los Lunas, Valencia county, who is one of the leading citizens of that county and one of the best known men in central New Mexico, was employed on the New Mexico division of the Atchison, Topeka and Santa Fe railway, as claim and adjusting agent, in 1881. He has been with the road ever since and has given the greatest of satisfaction.

He is a brother of Hon. Jacobo Chaves, superintendent of insurance, who now resides in this city. Both come of a very old and honorable family.

Mr. Chaves has visited Santa Fe quite often, and has many friends here. Desiring a needed rest and having reached the age of sixty-five years he has concluded to retire from actual service and has resigned.

The following letter from J. D. M. Hamilton, chief claim agent, explains itself. It is very complimentary and also just and deserving:

"Topeka, Kansas, March 26, 1908.
"J. G. Chaves, Claim Adjuster, Los Lunas, N. M.
"My Dear Mr. Chaves:
"Your favor of the 24th instant tendering your resignation as claim adjuster, and requesting you be placed on the pension roll, is this day received, and it is with regret that I accept same, and with honor I can recommend that your name be added to the list of those faithful employees who by their untiring industry and honesty have aided in building up one of the most important and influential commercial highways in our government. It has been with pleasure that I have had the privilege of having one of your fidelity and loyalty on the staff of the claim department. And as your work has been so ably and conscientiously fulfilled, I shall always look back upon the volume of business transacted by you in a region traversed by our line, where your education and influence have met with the approval not only after the inhabitants, but of every officer of the road with whom you have come in contact.

"Your years have brought a time in your existence when the scythe should be laid away and you privileged the opportunity to garner the work of the years gone by. It is my wish that the rest you have so well earned may be that of pleasure, health and success.
"Your letter with copy of this will be forwarded to Hon. Gardiner Lathrop, general solicitor, with my recommendations that your name be added to the pension roll. It will be my pleasure if necessity demands to call upon you to aid us in matters wherein we are of the opinion your services can in any way promote the interests of the company. While you will be absent from the department, still I shall cherish and hold in grateful remembrance the days you were of our number.

"Remember me kindly to Mrs. Chaves and when you are in this locality I shall be glad to have you call.
"With regards and best wishes I am
"Very truly yours,
"J. D. M. HAMILTON."
