COUNCIL HOLDS
BUSY SESSION

City Dads Order
Many Needed Im-
provements

NAME NEW PHYSICIAN

To Pave Lower San Francis-
co Street and Construct
Many Sidewalks.

Considerable business was transacted at a lengthy session of the city council last night among which was the passing of three ordinances: the selection of Dr. David Knapp as city physician; the suspension of Police Officer Ramon Jimenez; the adoption of the report of City Engineer Wendell V. Hall on paving a part of lower San Francisco street, and the fixing of the tax levy for the fiscal year ending April 1909.

During the session Councilman Baca moved that Camilo Padilla be appointed policeman, pending the investigation of the charges against Officer Jimenez. Upon being shown the law concerning appointments, which can be made by the mayor only, Councilman Baca withdrew his motion and stated that he did not wish to usurp the powers of that executive.

Trouble in Executive Session.

The appointment of Dr. James A. Massie, as city physician, which was made by the mayor at a previous session of the council, was not confirmed. In executive session Councilman George Armijo introduced a resolution naming Dr. David Knapp as city physician. Mayor Sena held that under Section 2466 of the Compiled Laws of New Mexico, he alone had the authority to appoint city officials such as the city physician. However, the resolution was adopted by the council. The legality of this action will be tested by Mayor Sena and his supporters in the council.

This Year's Tax Levy.

The tax levy was fixed as follows: For general purposes, 10 mills; for interest on city bonds, 1-2 mills; for support of city schools, 8-12 mills; for interest on city school bonds, 2-12 mills.

In order to grade the streets properly the council decided to purchase a plow and slip scraper.

A sidewalk in front of the Perea's property on Washington avenue will be put in at once. The council let the contract to Carlos Digneo for the sum of \$125.95.

To Pave Lower San Francisco.

The report of the city engineer for paving San Francisco street from the Claire hotel to Galisteo street estimated the cost of this improvement at \$2,091 including cost of engineering and superintending the work. Engineer Hall recommended either vitrified brick paving blocks on a concrete base or a concrete paving throughout. His report states that the cost, using either material, would be the same, twenty cents per square foot. The council instructed the city clerk to notify the property owners who will be assessed for this pavement, that a meeting will be held in the office of the probate clerk on June 23 at which time remonstrances, if there are any, will be heard.

Hereafter city officials need not report every month as has been the custom. As the reports are not acted upon every month but quarterly, it was thought useless to have them filed monthly.

Amusement License Fees Fixed.

An ordinance was passed and signed by the mayor fixing the license fee that circuses or menageries should be compelled to pay in Santa Fe. The fee is fixed at two hundred dollars and twenty-five dollars additional for every sideshow or attraction where an additional entrance fee is charged. These fees are good for one day only. Traveling shows or troupes performing in a hall will be assessed ten dollars a day and should they show in a tent the fee will be twenty-five dollars a day. Street fairs, Punch and Judy shows, and such monstrosities will be assessed twenty-five dollars a day. Moving picture shows will be assessed five dollars a week or fifteen dollars a month. Charitable and home talent productions are excluded from the payment of license.

Health Ordinance Passed.

An ordinance relative to the prevention of infectious and contagious diseases was amended in its wording and power given the mayor to have examined persons suspected of such diseases and further giving to the city marshal the authority to placard houses where such diseases are known to exist. A fee of two dollars a month, payable in advance, may be collected by the city marshal in or-

MINING EXPERT OUT
FOR VICE PRESIDENCY

John Hays Hammond Decides to
Waive Race at Urgent Solicitation
of His Friends.

Washington, June 2.—After consideration of the suggestion of his western friends John Hays Hammond has decided to enter the contest for the nomination for vice-president on the Republican ticket. He is being urged by his friends on the ground that he is a Californian by birth, has a very intimate knowledge of all problems, political and economic, affecting the United States and is now a resident of Gloucester, Massachusetts.

Mr. Hammond was formerly connected with the Guggenheim Mining company, but now has no connection with the smelting trust. Besides this Mr. Hammond has the advantage, it is urged, of a strong following among business men and this, it is considered, may be an important feature of his candidacy. For the past year Mr. Hammond has been engaged independently in his professional work as mining engineer without any connection with mining companies. Mr. Hammond is in Washington and it was after several conferences with his political friends that the decision was reached to make the announcement of his candidacy.

John B. Montgomery, of Colorado, left for Chicago today to establish headquarters in the Auditorium Annex in the interest of the candidacy of Mr. Hammond for the Republican vice-presidential nomination.

OPIUM FIEND DIES
IN TUCUMCARI JAIL

Dead Man Believed to Have Been Old
Time Pugilist—Will Result in
Investigation of Drug Evil.

Tucumcari, N. M., June 3.—A man giving the name of Thomas Butler, supposed to be an old-time heavy weight pugilist with a good record on both sides of the Atlantic, died in jail here Monday as a result of opium poisoning.

He came to Tucumcari last Wednesday and on Thursday was found in a box car in the local yards in a comatose condition. He was removed to the jail and the removal of his clothing revealed several ounces of opium, which, on his revival, he said he had purchased from a Tucumcari Chinaman.

He said he had lived in Denver but would give no further details. He was so weakened by the drug that he could not rally, but lingered until Monday. His body was badly scarred by knife wounds, showing he had in all probabilities been in many tight places. He was buried at the expense of the county.

One effect of his death will be an effort by the authorities to suppress the opium traffic, which is believed to be carried on by a Tucumcari Chinaman.

If Butler's story can be believed Tucumcari is a distributing point for the drug to consumers in this section of the Southwest.

LYNCH RE-ELECTED
BY SAFE MAJORITY

Syracuse, New York, Man Will
Continue as President of International
Typographical Union.

Indianapolis, June 3.—The result of the election of officers of the International Typographical Union was officially announced last night as follows:

President—J. M. Lynch, Syracuse, New York.

First Vice President—J. W. Hays, Minneapolis.

Secretary-Treasurer—J. W. Bramwood, Denver.

Agent Printers Home—George P. Nichols, Baltimore.

Delegates to American Federation of Labor—Frank Morrison, Chicago; Max S. Hays, Cleveland; Hugh Stevenson, Toronto, Ontario; T. W. McCullough, Omaha.

Trustees Union Printers Home—Anna C. Wilson, Washington; L. C. Shepard, Grand Rapids; Thomas McCaffrey, Colorado Springs.

The total vote cast for president was 21,076 for Lynch, and 13,361 for H. D. Hudspeth, of New Orleans, giving Lynch a majority of 7,715.

EVIDENCES OF RACE
SUICIDE IN ALBUQUERQUE.

Albuquerque, N. M., June 3.—The city physician reported to the city council forty-seven deaths and seventeen births for May and suggested that a new detention hospital was badly needed, the one in use being not serviceable for both male and female patients, and hardly serviceable at all.

PAYING TELLER OF NEW
YORK BANK KILLS HIMSELF.

New York, June 3.—Charles Muir, paying teller of the Forty-second street branch of the Corn Exchange bank, committed suicide today in the basement of the bank by blowing out his brains. No reason is given for his rash act.

SOUTH HONORS
JEFFERSON DAVIS

Celebrates 100th
Anniversary of
His Birth

HOLIDAY IN MANY STATES

Exercises in Observance of
Confederate Memorial
Day Also Held.

New Orleans, La., June 3.—With appropriate exercises the people of the South today celebrated the 100th anniversary of the birth of Jefferson Davis. The day was observed either as a whole or partial holiday in Kentucky, Florida, Georgia, Alabama, Tennessee, Mississippi, Texas, South Carolina, Louisiana and Virginia and varied between the entire cessation of business to the mere closing of the public schools. In Louisiana the day was observed as a legal holiday. In New Orleans it was made memorable this year by the dedication of the site here for a monument to be erected to perpetuate the memory of President Davis by the people of the entire South. The day was also generally celebrated as Confederate Memorial Day.

Observed in Kentucky.

Louisville, Ky., June 3.—Coincident with the impressive ceremonies marking Confederate Decoration Day, the 100th anniversary of the birth of Jefferson Davis was appropriately observed in Louisville today. Special trains took a large number of citizens to Fairview where a celebration was held at the birthplace of Davis.

Holiday at Memphis.

Memphis, Tenn., June 3.—Confederate Memorial Day in conjunction with the 100th anniversary of the birth of Jefferson Davis, was celebrated at Memphis today. All the banks and public buildings were closed in honor of the day.

Nashville Honors Confederate Dead

Nashville, Tenn., June 3.—Confederate Decoration Day was appropriately observed here today. The graves of the Confederate dead at Mount Olivet cemetery were covered with flowers and addresses made in honor of the occasion.

The Day Observed in Mobile.

Mobile, Ala., June 3.—The 100th anniversary of the birth of Jefferson Davis was appropriately observed in this city today in connection with Confederate Memorial Day.

BEING TRIED FOR
BRUTAL MURDER

Estevan Dominguez Faces Jury at Las
Vegas on Charge of Killing
Aged Merchant.

Las Vegas, N. M., June 3.—What promises to be the hardest fought case at this term of the district court was begun here this morning before Judge William J. Mills, when Estevan Dominguez, of Anton Chico, was placed on trial for the brutal murder of J. H. Teitelbaum, an aged merchant who was killed in cold blood last February at Teolote, this county.

Leandro Romero and David Encinas the alleged accomplices of Dominguez have already made full confessions admitting their part in the crime and they implicate Dominguez in the killing together with Mrs. Teitelbaum, the child wife of the dead man, who will be tried as an accomplice, immediately after the case of Dominguez is disposed of.

Dominguez will try and establish an alibi and has a large number of witnesses here from his home at Anton Chico for that purpose.

MISSISSIPPI RIVER
MAY GO ON RAMPAGE

Father of Waters Rising Rapidly at
St. Louis—Missouri is Also Getting
High.

St. Louis, June 3.—The Mississippi river is slowly creeping up to the danger line of 30 feet, the gauge this morning measuring 28.8. Two feet of water is now in some cellars of houses fronting the levee and the basement of the city harbor office at the foot of Market street is flooded to a depth of three feet. Reports from points along the Missouri river show that stream to be rising rapidly.

AMERICAN SMELTING
COMPANY PAYS DIVIDENDS

New York, June 3.—The American Smelting and Refining company today declared a quarterly dividend of one per cent on common stock and 1-3-4 per cent on preferred stock. Both are unchanged from the last quarter.

SOUTH LOSING
FAITH IN BRYAN

Louisiana and Mary-
land May Not
Endorse Him

FAVORITE IN ARKANSAS

Delegations From That State
and Nevada are Instructed
to Vote for Nebraskan.

Baltimore, Md., June 3.—The Democratic state convention met here today with considerable uncertainty as to who will be elected delegates-at-large to the Denver national convention. Two, Governor Austin L. Crothers and State Treasurer Vandiver are settled upon but the others are as yet in doubt. There is also some doubt concerning Bryan instructions.

Those who favor the Nebraskan for president claim at least half the district delegates which will be selected during the day. They also oppose the unit rule.

The party managers on the other hand declare that they control a majority and will be able if it is deemed expedient to send an uninstructed delegation to Denver and enforce the unit rule upon it.

Result Uncertain in Louisiana.

Baton Rouge, La., June 3.—The Democratic state convention met here today to choose delegates-at-large to the national convention at Denver. Simultaneously delegates are to be chosen also from the seven congressional districts to the Denver convention. It is probable Bryan will be endorsed by the resolutions but there is some doubt if the delegates will be instructed for him.

Nevada Democrats For Bryan

Carson, Nev., June 3.—The platform as adopted by the state Democratic convention held here yesterday to select delegates to the Denver convention expresses sorrow at the recent death of Governor Sparks, the platform endorses Governor Dickerson and promises him the party's support, renews the demand for tariff revision, denounces the Aldrich-Vreeland law recently enacted and commands railroad rate regulation. It calls for an amendment to the interstate commerce commission act and lands Bryan and instructs the delegates to vote for him as a unit.

Bryan Captures Arkansas Delegates.

Little Rock, Ark., June 3.—The Democratic state convention yesterday elected delegates to the national convention at Denver, adopted a resolution binding the delegates to the support of William Jennings Bryan as the party's nominee, besides disposing of matters of a routine character. The delegates elected comprise the so-called administration slate.

Porto Rico Delegates Uninstructed

San Juan, Porto Rico, June 3.—The Democratic convention of Porto Rico held yesterday elected H. P. Leante, H. P. Shaffer, C. F. Hill, J. B. Bateman, Joseph Usera and O. L. Lopez, delegates to the Democratic national convention to be held at Denver in July. The delegates are uninstructed.

OUTSIDER WINS
ENGLISH DERBY

Signorinetta a 100 to 1 Shot First,
With Primer Second and Llangwm Third.

London, June 3.—The English Derby, run at Epsom Downs today, was won by T. Ginstrell's Signorinetta, with the Duke of Portland's Primer second and Llangwm, owned by Barclay Walker, with Maher, an American jockey up, third. Eighteen horses ran. The betting on Signorinetta was 100 to 1 against, on Primer, 40 to 1 against and on Llangwm 100 to 8 against.

The stakes of today's derby were valued at 6,500 sovereigns. The Italian horse Signorinetta was considered a rank outsider but cantered home from the hot favorites, winning by two lengths. A neck only divided the second horse, Primer, and the third Llangwm. An immense crowd was in attendance.

FAMOUS RAILROAD BRIDGE
BUILDER DIES IN CANADA.

Montreal, Canada, June 3.—Sir Gillespie Reid, a widely known railroad bridge builder and capitalist, died here today. He built many large bridges in Canada and the United States, including the Colorado river bridge at Austin, Texas, in 1880, and all the iron and masonry bridges on the first 250 miles of the Southern Pacific railway west from San Antonio, Texas. Also the International and Great Northern railway bridge across the Rio Grande.

PROGRAM FOR FIRST
DAY OF CONVENTION

Chairman Harry S. New of the Repub-
lican National Committee, An-
nounces It.

Chicago, June 3.—The program for the first day's session of the Republican national convention to be held in this city on June 16 was announced last night by Chairman Harry S. New and Secretary Elmer Dover. It follows:

Convention to be called to order by Harry S. New, chairman of the national committee at 12 o'clock noon on June 16th.

Prayer by Bishop P. J. Muldoon. Presentation of the gavel to National Chairman Harry S. New.

Call of the national convention read by Secretary Elmer Dover. Introduction of the temporary chairman.

Address of the temporary chairman. Presentation of the gavel to the temporary chairman.

Election of other temporary officers. The selection of a committee on temporary organization, rules and order of business, credentials and resolutions.

Miscellaneous business. The gavel will be made out of wood from Fort Dearborn, according to the plans of the local committee on arrangements.

PRESIDENT HAS
NARROW ESCAPE

Horse He is Riding Becomes Fractious
and Turns Somersault, Landing
in Creek.

Washington, June 3.—President Roosevelt late yesterday afternoon had an exceedingly narrow escape from a serious accident while riding in Rock Creek park. Mrs. Roosevelt was with the President. The President was riding a new horse, a young animal. The party rode down through a cut in the bank and forded the creek and were ascending the bank on the other side.

Suddenly the President's horse reared on reaching the top of the bank and the President leaned forward to bring him to his feet again, but the animal stood straight up on his hind legs and then plunged over backwards into the creek with the President.

The latter dexterously slipped out of the saddle and fell into the creek. Neither the President nor his horse received the slightest injury.

OREGON SELECTS
DEMOCRATIC SENATOR

Result of State Primaries Indicates
Governor George Chamberlain
Has Won Over Judge Calk.

Portland, Ore., June 3.—Returns of Monday's election are still far from complete and it may be several days before the exact figures are available. Reports at hand today confirm last night's estimates. Governor Chamberlain, Democrat, will clearly have a majority of a thousand or more over his Republican opponent for the United States senatorship, Judge Henry M. Calk. It is practically certain that the legislature will have 52 members committed to the election of the People's choice for senator, which is six more than are necessary. Congressmen Hawley and Ellis are re-elected by fair majorities. Equal suffrage was lost by a heavy majority. Prohibition carried in many counties of the state.

GOOD COTTON CROP
IN NEW MEXICO

Tucumcari Ginners Expect Big Ship-
ments to Market—Rain
Needed.

Tucumcari, N. M., June 3.—If cotton isn't king in Quay county it is at least prince regent among the crops being grown in the new lands broken this year in the vicinity of Tucumcari. It is estimated that nearly 7,000 acres have been planted to cotton this year, while nearly as many more acres have been sown to wheat and all dependent upon the rainfall, as there is no irrigation here.

The acreage planted to corn is also quite large and the season's rains, if they come, and there seems to be some fear now that they won't because they are now two weeks overdue, will bring bumper crops and put this portion of New Mexico in the agricultural class.

RATON ATTORNEY AT
POINT OF DEATH

Raton, N. M., June 3.—William C. Wrigley, a prominent lawyer of this city and a former president of the New Mexico Bar association, is lying at the point of death at his home in this city with pneumonia.

AMERICAN TOBACCO CO.
DECLARES DIVIDEND

New York, June 3.—The American Tobacco company today declared a dividend of 1-2 per cent on preferred stock. This is unchanged from the last quarter.

BIG CELEBRATION
ON THE FOURTH

Will Eclipse Any-
thing Ever At-
tempted Here

COMMITTEES SET TO WORK

Business Men of Capital Hold
Meeting and Start Ball
to Rolling.

At a meeting of representative business and professional men of the city yesterday afternoon in the parlors of the Claire hotel it was decided that a celebration should be given in Santa Fe on July 4 that would eclipse anything the city has ever attempted in this line before.

Special trains will be run on all railways, reduced rates given, baseball games played, fireworks set off, horse racing, foot racing, band concerts, dances and every and any kind of amusement of a wholesome nature that can be desired, will be the order of the day.

Rough plans made by those who attended the meeting yesterday will mean the expenditure of fully \$800 and this amount will be raised in the opinion of those who are promoting the celebration, and it will be done easily. Committees were named to look after every and all details and the watchword will be "push" for the highest time ever known to the quaint capital of the Sunshine Territory.

Meeting Well Attended.

Those who attended the meeting yesterday, while not representing all lines of business in the Capital City, speak well for the success of the proposition. Everyone was there to push and to make July 4 in Santa Fe this year one long to be remembered. They were: S. B. Grimsbaw, W. H. Kennedy, A. J. Fischer, T. P. Gable, J. B. Wood, W. N. Townsend, Nathan Salmon, Edward Ehle, A. S. Barney, John P. Lyng, A. M. Dettelbach, William Gregg and S. B. Cartwright.

A temporary organization was formed and an executive committee named consisting of S. B. Grimsbaw, chairman, W. N. Townsend, S. G. Cartwright, Edward Ehle, A. S. Barney and G. H. Donart. This committee will see to it that some hustling is done and that nothing will be left undone to make the celebration a howling success.

Committees Appointed.

Other committees appointed are: On subscription: William Gregg, and W. H. Kennedy. Bands: Edward Ehle. Public Speaking: William Gregg and W. N. Townsend. Fireworks: S. G. Cartwright and W. N. Townsend. Dances: S. G. Cartwright and John P. Lyng. Balloon ascension, A. M. Dettelbach. Special trains and railway advertising, A. S. Barney, G. H. Donart and S. B. Grimsbaw.

While no definite action was taken it was the sense of the merchants' meeting that the Elks' band and the Perez band be retained to furnish music for the celebration. It was further decided, in a way, to have the fireworks exhibition in the northern part of the city near the Federal building. Two, if not more baseball games will be pulled off. One or more will be played on Saturday and the other on Sunday. Just what teams will cross bats has not been decided. It is the intention to have at least three dances in as many different places and all at the same time so that everyone who loves this sort of amusement will have the opportunity to become satisfied.

Nathan Salmon, who as everyone knows is an ardent admirer of good horseflesh, will attempt to match several horse races and it may be that some of them will be harness races. This matter is but talk and it may not be possible to secure entries for such amusements.

Railroads to Run Excursions.

The Santa Fe Central Railway company has announced that it would run an excursion train from Willard leaving the latter place the morning of the Fourth, which is Saturday and returning leave Santa Fe Sunday evening thus giving the excursionists an excellent opportunity to see Santa Fe. Baseball games will be played Sunday afternoon as a diversion and amusement to those who stay over.

What action the other roads will take in this matter is not known but they will be asked to run excursion trains and there is little doubt but what this will be done.

IOWA RENOMINATES
ALLISON FOR SENATOR.

Des Moines, Iowa, June 3.—According to the latest returns from yesterday's primaries Senator Allison is renominated for United States senator by a majority of fully 12,000 over Governor A. B. Cummins.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and as a large and growing circulation among the intelligent and progressive people of the Southwest.

OPENING INDIAN RESERVATIONS.

Commissioner E. Frances Leupp of the Indian office, who has now been in the service over three years, has made a splendid record and has certainly proven himself the right man in the right place. He is a brainy, energetic and far seeing man, full of energy and work and thoroughly experienced in Indian affairs. Under his administration the policy of discontinuing the tribal relations and opening reservations of Indians to white settlers has been followed with success and benefit to all concerned.

There is room in New Mexico in that line. The Mescalero-Apache reservation is much more than ample to support the 400 Mescaleros now there and also the Jicarilla-Apaches now on the extensive reservation in Rio Arriba county. The latter Apaches should be moved to the Mescalero reservation and their present reserve should be opened to settlement by homestead and desert land entry. On account of much intermarriage and too much consanguinity the Mescaleros are dwindling in numbers and the mixing of blood within the two tribes will prove beneficial to both.

Referring to the present policy of the Indian office to throw open Indian reservations to white settlers and to break up tribal relations of Indians the Denver Republican takes sensible and timely editorial notice holding that if the present policy of opening the Indian reservations to public settlement is continued, no doubt the present generation will see the last of Indian segregation. Several large reservations are to be opened to settlement within a year or two. One of the finest to be thrown open will be the Crow reservation in Montana, and not long ago, a delegation of Crow Indians, headed by Plenty Coos, chief of the tribe, went to Washington to protest against the sale of their land.

It is natural for the Indians to protest against the breaking up of their reservations, even as they protested against the invasion of the broad prairies by white men. But, if the case of the Crows is considered, it will be seen that no hardship is being worked. The Crows have always been a friendly tribe, but they have been one of the most difficult to wean from their Indian ways. It is only within the last five years that their tribal mode of living was broken up. Their tribal herd of cattle was separated by the Indian agent, Major S. G. Reynolds, and the stock was assigned to individuals. The Indians were given allotments of land, and every effort was used to make them live on those allotments and become prosperous farmers. So well has this work succeeded that now the Crows are self-supporting. They have learned the knack of farming, and even give an annual fair, at which their farm products are exhibited.

There are about 1,500 Crows living on a reservation that is nearly 100 miles square. There are thousands of acres that can never be used under the present system, save for grazing. Most of it is leased to white men who run cattle and sheep thereon. To take this land and open it to white settlement is not working a hardship on the Indians. On the contrary, the more white neighbors they have the more rapid will be the Indians' progress as farmers.

What is true in the case of the Crows is true of most of the other tribes. The policy of opening the waste lands of the reservations is a good one—good for the Indian as well as the white man. The reservation has never been anything but a makeshift and a source of scandal and laziness at the best. The sooner it is wiped out of the scheme of things the better for all concerned.

The Albuquerque Sun is as pessimistic as its only Democratic daily contemporary, the Roswell Record, about conditions within the Democratic party councils in New Mexico. While the Record has freely predicted that Delegate W. H. Andrews would defeat O. A. Larrazolo this fall, the Sun in denouncing the "Old Democratic Bosses," declares that there is not even a semblance of a Democratic party in the Territory and says, in speaking of Hon. H. B. Ferguson, the best and brightest of the Democratic leaders: "He lost the chance of his life to make Democracy at least a semblance of a party instead of what it is today—a laughing stock for all the Territory." The Sun evidently recognizes too, that Delegate W. H. Andrews will prove invincible at the polls in November, and is reefing its sails in good time to weather the impending squall.

THE GOOD ROADS QUESTION MOST IMPORTANT.

A recent editorial of the Daily New Mexican, calling attention of the board of county commissioners to the territorial law requiring them through the road commissioners to make provision for the erection of sign posts on the public roads and at crossroads, has evoked the following very timely editorial in the Las Vegas Daily Optic and which applies just as forcibly to conditions in Santa Fe and surrounding counties:

"One of the real needs of the public roads in New Mexico is road signs which will show travelers where they are going. We cannot reasonably expect to build our roads merely for the use of persons who have spent their whole lives in this country and know by instinct, or inheritance where all those roads lead. We want settlers, we welcome visitors. We ought to provide for pointing out to them their way when they are outside the city.

"If the names of streets at corners are a necessity in a city, where anybody who wants to know may ask a policeman or a passing pedestrian, how much more of a necessity are road signs where there is no opportunity to ask anybody for direction?

"This is a matter that should be borne in mind by the promoters of the good roads movement in San Miguel county.

"While the entire territory should combine in this movement to bring about good roads it is a fact that San Miguel and Mora counties are so closely allied in interest in this matter that their action should be with great unanimity. There is great travel between here and Mora. The next in advantage to an electric line to that point would be highways that could be traveled without killing the horses and jolting the contents out of wagons.

"Every business man and every farmer in the two counties is, or should be interested in this road question and should be ready and willing to make personal sacrifices that the roads may be improved."

ANDREWS' REMARKABLE SUCCESS.

The Tucuman News, the leading paper in the county of Quay, is of the opinion that the success of Delegate W. H. Andrews in landing the \$30,000 appropriation for the expense of the Industrial Exposition and Sixteenth National Irrigation Congress in Albuquerque, is remarkable and shows good reason for its belief in the following editorial in which it describes the efforts of the delegate to secure the passage of the appropriation. Says the News:

"Albuquerque is justly proud of the success of Delegate Andrews in carrying the amendment to the Sundry Civil Bill which gives the city \$30,000 for the Sixteenth National Irrigation Congress. Old members were surprised at the success of Delegate Andrews whose appeal to friends at the last moment resulted in victory for the amendment. It passed by a majority of twelve, every Democrat voting against it. The delegate went upon the floor of the House and made a personal canvass among his friends. When we consider that no such legislation has ever been enacted by a previous Congress and that the hitching on of an appropriation to a Sundry Civil Bill, is establishing a precedent the difficulty of its passage may be understood. The success of Delegate Andrews in the legislation he has accomplished during this Congress is remarkable."

The Logan Leader expresses the hope that New Mexico will soon be a state, in the following four-line paragraph:

"When, in the presidential chair sits Taft, and Delegate William H. Andrews is re-elected, New Mexico will soon be a state."

And follows it up with the following few lines which are also very expressive:

"Do you want to see New Mexico become a state? Well, why don't you sing praises to Andrews?"

The McKinley County Republican, published at Gallup in its last issue contains a very finely written and convincing feature story on the first page entitled, "W. H. Andrews Versus the Field." The article is about four columns in length and should be read all over this territory. It treats the present political situation in New Mexico and the claims for renomination and the services rendered in his present position by Delegate Andrews fairly, ably and very truthfully.

ONE SWALLOW DOES NOT MAKE SPRING.

The Las Vegas Optic, in a story in its issue of Monday last descriptive of the visit of Governor George Curry to the Meadow City, makes a statement which may be true as far as some citizens of Las Vegas are concerned. The paper states that there are several citizens of that town, who are of the opinion that Delegate Andrews will prove a weak candidate for the Republican nomination as delegate to the Sixty-first Congress. That may be so. But as one swallow does not make spring a few citizens of the Meadow City City no matter how important locally, will find it rather a hard job to run the Republican party of the Sunshine Territory. At the same time the New Mexican freely admits that these opponents of Delegate Andrews, even if they are Republicans, have a right to express their opinions but claims for the supporters of the delegate the same right which the latter will certainly exercise without fear and just as often as they feel like it and that seems to be quite often these days.

SCHOOL FOR THE FOURTH WARD

The Fourth ward should be given a modern school house. At present it has no building at all. The board of education holds in trust the necessary funds derived from the proceeds of the sale of lots on the Fort Marcy Reservation which was given the city for the purpose of permanent school improvements. It is idle to say that there are not enough pupils to fill the schools. If all the children who should go to school were compelled to do so, as the law requires, all the public and parochial school buildings, old and new, could not near house Santa Fe's children of school age. As it was, the rooms in the Central school building were overcrowded last year and one room of little ones was placed in the cellar where mixed odors of sewer and coal gas were not especially conducive to health and where, as one teacher asserted, they would have been caught as in a trap, in case of fire cutting off access from upstairs. Be that as it may, the taxpayers of the Fourth ward have a right to demand for their smaller children a modern, sanitary and conveniently located public school building.

Congressman Lilley, of Connecticut, who was the moving spirit in the Congressional investigation into charges of corruption and graft made by him involving the officers of the construction department of the navy and the Electric Submarine Boat Building company has appeared again in public print with a long statement that his charges were true and well founded and that the report of the House investigating committee in the case is erroneous and not based on facts. Mr. Lilley should go home and "take a header," stay submerged and keep his mouth shut. The country is tired of him and his constituents should vote to let him stay at home next November.

The following planks will in all likelihood appear in the Republican platform to be promulgated in the Chicago convention: To take an advanced step in the revision of the tariff, on the control of trusts, on amending the Sherman anti-trust law, on the currency question, and the question limiting the power of injunctions. It will also stand squarely for other policies which have been a success during the Roosevelt administration. The conditions of the country and the inclinations of the people favor the outlined policies and the voters will approve them by overwhelming majorities on election day November next.

The harmony that obtains among the Democratic bosses in the Sunshine Territory is not as thick as it might be. The Las Vegas-Albuquerque Democratic ring will control in the Roswell convention. Larrazolo will be the nominee for delegate to Congress, A. A. Jones, of Las Vegas will be named for member of the Democratic national committee and some Albuquerque Democrat, who belongs to the combine will be chairman of the territorial committee. It is all cut and dried and all that the delegates to the Roswell convention will have to say will be "si."

The Roswell Daily Record does not agree with the New Mexican's political views, for the Record is Democratic and the New Mexican is Republican, but the editor of the Record nevertheless admits in his editorial columns: "that the New Mexican has done some good boosting for the Pecos Valley, for the town of Roswell and for the New Mexico Military Institute." What is more, the New Mexican does not confine its boosting to one section, but to every part of the territory and especially its home city and county.

The private bank of Caetano Liotta in Cleveland, Ohio, failed yesterday because the cashier ran off with \$30,000 of the depositor's money. Here is another item that the Albuquerque morning muckraker should pick up and charge to the machinations and corruption of the Republican machine in this territory. This charge would have as much connection with the truth as have ninety-nine and a half out of one hundred of the libels and slanders published by the sheet during the past two years.

FAIR EXCHANGE.

A New Back For an Old One—How it Is Done in Santa Fe.

The back aches at times with a dull, indescribable feeling, makes you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the old back for a new and stronger one. Follow the example of this Santa Fe citizen.

Toribio Rodriguez, living at 110 Johnson street, Santa Fe, N. M., says: "Prior to taking Doan's Kidney Pills procured at Ireland's Pharmacy, I suffered off and on for several months from backache, and pains across my loins. Mornings when I would attempt to work, my back so distressed me that often I would have to sit down to obtain relief. Finally the pain became so constant that I could hardly endure it. I began using Doan's Kidney Pills and in a short time was entirely cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor: Every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

The seals and record books for notaries public for sale by the New Mexican Printing company at very reasonable rates. Seals for incorporated companies are also handled. Call at or address the New Mexican Printing company, Santa Fe, New Mexico.

The New Mexican Printing company will do your job work with neatness and dispatch.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,826.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 4 p. m., the same day. For further particulars address:

NEW MEXICO REPORTS VOLUME NUMBER 13

Just Issued From Press of New Mexican Printing Company—Essential to Every Attorney.

Volume 13, of the reports of cases argued and determined in the supreme court of New Mexico is now ready for distribution among the members of the bar. No law library in New Mexico is complete without it and to the practicing attorney it is absolutely necessary. Justices of the peace, U. S. commissioners, court officials and all others who are interested in the interpretation of the law, especially the New Mexico law, by the highest court of the territory, should have the volume at their elbow. It is compiled by Judge A. J. Abbott, the supreme court reporter, and federal attorney for the Pueblo Indians, and his experience on the bench, as practicing attorney and as the author of previous volumes of Reports, assures that volume 13 has been carefully edited and indexed. The typographical work and binding is by the New Mexican Printing company which is being complimented upon the fact that it is the best printed and best bound volume of New Mexico Reports thus far issued. The price per volume, \$2.70, is lower than that of any previous volume. To this 30 cents should be added for postage, if volume is ordered by mail. The edition is limited and orders will be filled in the sequence of their receipt.

Notice for Publication.

(Homestead Application No. 6445.)
Department of the Interior, U. S. Land Office at Santa Fe, N. M.

May 27th, 1908.

Notice is hereby given that Jesus Maria Sanchez of Espanola, New Mexico, who, on July 5th, 1901, made Homestead Application No. 6445, for the SW 1-4 SW 1-4, Section 26, Township 21 N, Range 2 E, N. M. P. Meridian, has filed notice of intention to make final five year proof, to establish claim to the land above described before the register or receiver at Santa Fe, N. M., on the 24th day of July, 1908.

Claimant names as witnesses:

Polidoro Olivas, of Cuba, N. M.;
Librado Sanchez, of Espanola, N. M.;
Espridion Olivas, of Coyote, N. M.;
Francisco Montoya, of Espanola, N. M.

MANUEL R. OTERO,
Register.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol for Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by The Ireland Pharmacy.

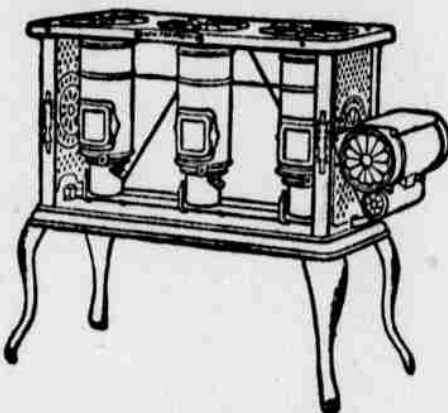

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price 25 cents. Samples free at all drug stores.

Subscribe for the Daily New Mexican and get the news.

You Will Need an Oil Stove

fire was burning. The quick concentrated heat of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

goes directly to boil the kettle or bake the bread, and none is diffused about the room to overheat it. Thus using the "New Perfection" is real kitchen comfort. Made in three sizes and fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp

Just such a lamp as everyone wants—handsome enough for the parlor; strong enough for the kitchen, camp or cottage; bright enough for every occasion. If not with your dealer, write our nearest agency.

SANITATION IN SANTA FE

(By H. S. DuVal, C. E.)

Our recently elected mayor called attention in his inaugural address to the afflicted condition of this city. He says, the public schools are suspended by reason of the scarlet fever, and declares that the disease must be stamped out, and some cleaning up has ensued, which is well enough in its way but inadequate in the extreme. The river bed, arroyos and acequias have all been made places of deposit for small dead animals, rotten rags, old shoes, castaway meat cans and every filthy thing imaginable, and it is very commendable that the administration has taken cognizance of these facts, for the last did not, and now we are burying the babies. Having no money to put in a regularly planned sewer system or even money enough to make a topographical survey to base a plan upon, it is a waste of means, time and terra cotta pipe, to be continuing the desultory laying of drainage pipes and calling it a sewer system. A sewer system to act as a machine must be planned as a whole, and not made by piece meal. Terra cotta pipe once down in Portland cement, as it should be, can never be removed, as the cement is stronger than the terra cotta, which will occasion a breaking up of the pipe; hence that business better cease until a general plan is adopted, and mapped out to go by. Automatic flushing tanks are machines of different construction; and a sewer system without automatic flushing tanks is simply a dangerous nuisance, a generator of poisonous sewer gas. The mere squirting of a little water through a hose into a sewer pipe, at irregular times, is a ridiculous parody on flushing. Sewage must be kept fresh by an abundance of water, and by the constant ascension of fresh air under the crown of the pipe while the sewage runs down; as it must never suffer to dry, putrify and emit sewer gas. However, the ability of the city to put in an efficient sewer plan is out of all financial possibility. What then can be done? Why, what nearly every town in civilized Europe and the United States has done at some period of its existence. By a strong ordinance well carried out, abolish cess-pools, and introduce the Pail and Dry Dust system. Fill up these innumerable pockets of pollution with which the city is so pestiferously infested, and thus force the old town, which is three hundred years old, to take its first steps in sanitary evolution. Then the feasibility of stamping out an epidemic becomes a practical problem; otherwise not.

In an article which the writer published in the New Mexican, some time ago, he fully explained, as a preliminary to this article, which he then had in contemplation, the difference between pervious and impervious soils; or water bearing strata, into which the wells dip and into which also, the polluted liquids of the cess-pools sink. While these poisons seep off, they leave filtered solids more poisonous, in the wells; as cess-pools have been known to poison the ground for hundreds of feet around them. The old story of the little Swiss village of Lausen, was published in full in that article; the substance of which was, a peasant from a distant city laid sick with typhoid fever in a cottage, beyond an intervening mountain; the slops and discharges were thrown out about the sick man's house and actually seeped under the mountain, and infected a common spring, from which all the inhabitants of the village drank; except a few families; whom it was noticed escaped the fever. Suspicion

was then directed to the spring; salt was deposited about the sick peasant's house in large quantities; and the spring at the village, in due time, became saturated; which established the underground connection. Now let it be noticed we have an arroyo running directly from Sunmount, into the very heart of the city, and a case or two on the line, of tuberculosis. What would be the effect on the well water of Santa Fe, if salt was stuffed into the innumerable cess-pools, into the newly made graves in the central cemeteries, and about Sunmount? We have little relief in knowing that the water company's franchise says that said company "shall furnish pure and wholesome water." Can pure and wholesome water be furnished from a reservoir where the water undergoes no filtration and is collected from a common grazing ground? For these reasons municipal attention ought to be called to that company; which would have been done long ago but for the fact that this company's local managers have enjoyed an unusual amount of social popularity. Some day a cattle epidemic will prevail on the watershed of the reservoir, and the company will wake up and find itself without a franchise.

A few days ago a funeral passed down College street. It consisted of a large wagon crowded with little children, almost smothered, in the midst of them, was a little white coffin, which contained a victim of scarlet fever; followed by a dozen callous looking men. Here was stamping out the fever with a vengeance. The children had better been at school and the men lead off by a police officer to the county jail, for the whole was a ringing crime against which there is no law. And this is no unusual sight. A lady of refinement and intelligence of the old stock of people, felt so shocked, that she attempted to remonstrate with these benighted parents against these funerals and got from them the following answer, "Ah, God will take care of his children." These poor ill informed people in their over-righteousness, have never been taught by priest or precept that statistics have demonstrated, that God has proven marvelously partial to sanitation and prudence. Every little soul that peeps down, like a star from the vault of Heaven, is an immortal witness to the good sense of the enlightened lady, and a ringing rebuke to those whose duty it was to see to their protection against bodily injury. Up and down the streets, we hear little boys with skinny hands, recent victims of scarlet fever; running about selling newspapers. If so, where is the sanitary board and what is it doing?

The architecture of the Santa Fe privy and cess-pool, is of the most abominable and unsanitary character. It consists of a deep pit, over which a tight house is erected, around which the earth is banked and packed to exclude all air and sunshine. Possibly some of the houses are located over abandoned wells. Who knows about this matter to deny it? May Heaven be blessed if there be some one.

The pail and dry dust system: This is the most popular sanitary system in England today; and has been resorted to at some time in the history of nearly every city in the United States, not excepting Washington city. But its inconvenience is causing it to give way to the more expensive water carrying or common sewer system. The pail and dust system, involves no municipal expenses; as every property owner furnishes his own pail

and dry dust, as well as lime, and fills up his own cess-pool. These pails are taken out between the hours of midnight and day, emptied, lined and returned by licensed scavengers at a nominal price, fixed by the city. Some times, rectangular wooden boxes are used in lieu of pails; but these are hard to clean, often leak and become absorbed with filth. However, they are frequently used for a while. And this is all there is about the pail and dry dust system; except manhood to enforce it.

Possibly New Mexico's climate, by reason of it being the driest, is the healthiest in the known world. But, it cannot perform its sanitary functions, if it be prostituted. Here eggs do not spoil after the manner of other countries; they simply dry up and undergo levitation. Dead animals on the plains, inoffensively mold away. A side of fresh beef may be kept and ate off of all winter. But God has put his mark on unsanitary communities. Who omits fumigation of infected houses, do not adopt rigorous sanitary measures, will as surely bring down his wrath upon them as the sparks fly upwards. For "cleanliness is godliness."

RIO ARRIBA DEMOCRATIC CONVENTION TOMORROW.

Abiquiu, N. M., June 3.—The Democrats of Precinct No. 11 held a meeting here on Monday for the purpose of choosing delegates to represent the precinct at the county convention to be held at Espanola on June 4th, which convention will select delegates to represent the county of Rio Arriba at the territorial Democratic convention at Roswell on June 10th. Henry Grant, Jesus de Jesus Duran and Jesus Maria Garcia were selected to represent this precinct.

Patrio Martinez has rented the building of the Chaves brothers here and will put in a saloon.

DeWitt's Witch Hazel Salve. It is especially good for piles, eB sure to get DeWitt's. Sold by The Ireland Pharmacy.

Bodily Sprained Ankle Cured.
Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no trouble with her ankle—E. M. Brummitt, Hampton, Tenn. 25 and 50 cent sizes for sale by all druggists.

The New Mexican Printing company has ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 75 cents; of the territorial road laws, price 50 cents; and of the territorial mining laws, price 1.0 cents per copy. These can be purchased by applying in person or by mail at the office of the company.

Kennedy's Laxative Cough Syrup is one that children like so well to take as it tastes nearly as good as maple sugar. It acts gently yet freely on the bowels and thereby it drives the cold out of the system. It is sold by The Ireland Pharmacy.

PERSONAL MENTION

Hon. Charles F. Easley left this morning for Taos on legal business. Governor Curry did not arrive this morning from the south as expected. Colonel George W. Prichard has returned from a trip to Socorro on legal business.

Pedro Chaves, Galisteo citizen, spent the day in the city on business. He registered at the Normandie.

Mrs. J. L. Zimmerman of Las Vegas arrived in the Capital today for a short visit to relatives and friends.

Louis Aragon, who resides near Estancia, Torrance county, was in town today on business and a guest at the Normandie.

Territorial Engineer Vernon L. Sullivan expects to leave in a few days for Cimarron and Springer to attend to official business.

Mrs. W. P. Metcalf of Albuquerque who has been on a visit to her sister, Mrs. H. S. Van Slyck at El Paso, Texas, has returned home.

Dr. H. A. Jastro, president of the Victorio Land and Cattle company left Albuquerque yesterday for Deming to look after company business.

Milo Hill, clerk in a mercantile store at Willard, is visiting in the city this week. Mr. Hill formerly resided in Santa Fe and is well known here.

Bloss Newman, a citizen of Stanley in the southern part of the county, was a guest at the Normandie hotel today. Personal business brought him here.

George A. Fleming, secretary of the Commercial club at Las Vegas, who has been in Chicago for several days on business, will return home tomorrow.

T. P. Moran an inspector in the Indian service, who has been in Valencia county looking after Indian affairs, went East yesterday to his station in Washington.

Joseph A. Sulzer, of Albuquerque, chairman of the Board of Penitentiary Commissioners, who was present at yesterday's session of the board, went home this forenoon.

Price Walters of Aztec, member of the Board of Penitentiary Commissioners, who attended the session of the board yesterday, was a passenger for his northern home this morning.

Willard S. Strickler, Jr., son of W. S. Strickler, vice-president and cashier of the Bank of Commerce at Albuquerque, has gone to Los Angeles where he will spend the summer.

M. A. Ross of Albuquerque, timber expert, passed through the city yesterday en route to northern New Mexico and southern Colorado to inspect timber tracts for eastern capitalists.

Mrs. Marion Lynch, mother of Mrs. Charles A. Spless, and the two children of Mrs. Spless, left Las Vegas yesterday for Santa Monica, California, where they will spend the summer.

Mr. L. Bernard and two daughters, and Mrs. Secundino Romero and two children, of Las Vegas, were passengers yesterday for California coast points, there to remain for the next two months.

John F. De Mier of Alamogordo, who has been in the city for the past few days serving as a member of the Board of Penitentiary Commissioners, went home at noon today via the Santa Fe Central and El Paso and Southwestern railroad.

Harry C. Viles, ranger on the Pecos National Forest, is in the city. He reports encountering very deep snow in the mountains on the upper Pecos and in coming to Santa Fe was compelled to take a circuitous route. The snow is melting slowly.

City, Oklahoma, is in Santa Fe on a six weeks' visit to Mr. and Mrs. J. V. Conway. Mr. Coombs is a brother of Charles Coombs, a former resident of this city but who is now living at Estancia where he is editor and proprietor of the Torrance County Leader, a bright weekly newspaper.

William F. Edwards of Chama, an engineer on the Denver and Rio Grande railroad, has been here several days, during which time the degrees of Ancient and Accepted Scottish Rite Free Masonry from the 4th to the 32d inclusive, were communicated to him by Dr. Charles A. Wheelon, 32, special deputy. Mr. Edwards enjoyed his stay here very much and left this morning for his northern home.

Harvey S. DuVal, an experienced drainage and sewerage engineer, has returned home from a few days visit to Albuquerque where he inspected drainage and sewerage conditions. On the third page of today's issue is published an article entitled "Sanitation in Santa Fe," written by Mr. DuVal, which is called to the attention of all citizens and property owners of this city and who have its interests at heart.

(Continued On Page Eight.)

NEW MEXICO-ARIZONA DIVISION LEADS ALL

Heads Ten Western Districts in the Amount of Work Turned Out Since January 1.

According to a bulletin issued by the General Land office the New Mexico-Arizona division ranks higher in the amount of work turned out during the months of January, February and March than any of the other ten districts in the western part of the United States. Compared to the average amount of work turned out in the past by the divisions the New Mexico-Arizona division, which is under Captain F. C. Dezendorf, chief of special agents of the general land office, is one hundred and fifteen per cent while the next ranking division, the California division, has an average of but ninety-five per cent.

In addition to the above showing by the local office, it must be considered that there are but six special agents working under Captain Dezendorf while at the California office there are eight. The Utah division has nine men working and the percentage of work turned out by this office is but 39 per cent.

This record speaks in glowing terms of the good work being done in the New Mexico-Arizona division. When it is considered that to make investigations in this district requires long trips both by rail and stage and sometimes by horseback, while in other western divisions investigations are more easily made, the record made by the Santa Fe office is praiseworthy.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life! and these dimes and nickels will grow into a good large sum.

The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.
Making you free to do as you wish.
Making you and your family happy and contented.

MINOR CITY TOPICS

Weather forecast for New Mexico: Tonight generally fair and warmer; fair and cooler weather Thursday.

Special meeting of Santa Fe Lodge No. 460, B. P. O. Elks, this evening. Mrs. A. M. Rodriguez, of Velarde, is at the Diaz Sanitarium taking treatment.

Luna county will hold its institute for teachers at Deming beginning next week. Superintendent J. F. Dodger, of the Deming schools, will conduct it.

It is proposed to re-roof the Rosario chapel and accordingly Henry Pacheco, this morning, made measurements. It is likely a tar roofing will be used.

The number of arrivals at the hotels yesterday were as follows: Palace, six; Claire, nine; Normandie, eighteen and Coronado four, making a total of thirty-seven.

Some big fish stories are coming in from up the canon. Reports are being circulated of fourteen inch trout being landed but none have appeared before the public measuring this large.

George M. Kinsell has mailed out announcements to the public that he is now engaged in the real estate business over Kerr's barber shop. Mr. Kinsell formerly was engaged in the butcher business.

Dr. Minor C. Baldwin, an organ soloist of wide reputation in America and England, will appear at the First Presbyterian church in a recital on the evening of June 11th under the auspices of the Woman's Aid Society.

A forest fire has been raging in the vicinity of the Ramon Vigil grant, west of Santa Fe several days. Forest rangers and officers are on the scene and judging from the lack of smoke in that vicinity it is likely that the fire is under control today.

The Rio Arriba county teachers' institute will begin next Monday at Tierra Amarilla with Miss Nora Brumback, of Santa Fe, conducting. Miss Brumback will leave the latter part of the present week for Tierra Amarilla as it requires two days to make the trip.

Cleofes Luna, who was arrested at Estancia by Mounted Policeman Julius Meyers for running a saloon without a government license, pleaded not guilty and was held to the grand jury. Such is the entry on the record in the office of Captain of Mounted Police Fred Fornoff.

Solemn High mass was sung at the Cathedral this morning at 8:30 o'clock for the repose of the soul of the late Archbishop Peter Bourgade. Father Fourchegn acting as celebrant, and Bishop Pitaval officiated at the last absolution. The Cathedral was filled with people.

Company F, Santa Fe's representation in the New Mexico National Guard, is being given instruction in marksmanship on the range. Some good scores are reported considering the fact that the boys are not used to the new regulation Springfield rifle which they received but recently.

Acting under instructions from General Manager S. B. Grimshaw, of the Santa Fe Central Railway company, Conductor E. E. Friday has closely examined every trainman in the employ of the company. This is done for two reasons, one in order to school the men so should they be called upon in case of emergency they would know exactly what to do and another reason is to comply with the law.

Superintendent Clinton J. Crandall is securing places as servants and chamber maids for a number of the Indian girls at the United States Indian Training School here. The girls are very well trained, clean and neat, and make admirable servants. They are content with moderate wages. They can remain in the places they secure for the next three months. Of course, people who employ them must keep a careful lookout for their well being.

The postal receipts of the local post-office show an increase of five per cent over the corresponding month last year. There were sold during the month 54,695 stamps, stamped envelopes and postal cards. The receipts were \$1,080.15. Of the stamps 11,261 were one stamp; 28,964 two cent, 1,470 higher denominations. Of envelopes 10,950 were sold and of postal cards 2,050. There were handled 1,770 registers, 930 being for local delivery, 603 locally dispatched and 237 handled in transit.

Two arrests made recently have been reported to Captain Fred Fornoff, of the mounted police, one being J. F. Olred, who was taken before a justice of the peace at Torrance by Lieutenant R. Lewis and pleaded guilty to violation of the Sunday law. He was fined ten dollars and costs which he paid. The other arrest reported was that of Francisco Lomora for cattle stealing near Quemado, Socorro county. He was arrested by Sheriff Leandro Baca and has been held to the grand jury.

Santa Fe Lodge No. 259, Fraternal Union of America, has just paid to the heirs of Joseph T. Lacombe, son of J. B. Lacombe, the young man having died recently, the sum of \$1,015 which became payable on the death of the insured member. The young man's death occurred about two months ago. His claim was immediately taken up by the secretary, David M. Gonzales, and so effectively and earnestly pushed that it was speedily settled. The deceased had been a member of the

LADIES

MISS. A. MUGLER

Southeast Corner Plaza.

order only a short time and had paid into its treasury but fifteen dollars.

Indians of the Tesuque, Santo Domingo and Cochiti pueblos were offering their wares for sale in Santa Fe yesterday. Several rare relics were in possession of the Indians. Among the most interesting was a skull which the owner said he took from one of the many passages in the cliff houses west of the city. The skull was peculiar in that the bones of the forehead of the head were not separated as is true in practically all races. The frontal, temporals and coronal suture are in one piece with this skull and join with the occipital farther back on the head than is true in ordinary cases. The skull is well preserved although it has been exposed and when found was uncovered. It is in the possession of J. S. Candelario, the curio dealer, on lower San Francisco street.

(Continued On Page Eight.)

CURE THE CAUSE.

How to Remedy Much of the Suffering in Santa Fe.

Half of the sickness and suffering in Santa Fe comes from a weak stomach. Cure the cause by using Mi-o-na Stomach Troubles and be well and happy.

Even the most chronic cases yield to Mi-o-na. W. C. Worrell, connected with the Lake Shore Railroad for years, says: "For fifteen years I had acute stomach trouble and nothing helped me. A friend recommended Mi-o-na and two boxes entirely cured me."

Cure the cause of your suffering and be well and happy.

If the stomach is weak and you have indigestion, flatulence, dizziness, headache, etc., get a 50-cent box of Mi-o-na from The Ireland Pharmacy. They give an absolute guarantee to refund the money unless Mi-o-na cures.

Phonographs.

"The Racket" has on sale the Victor line \$10.00, \$22.00, \$30.00, \$40.00, \$50.00 and \$60.00. 20 dozens new records to pick from. Hear your record before you buy and save express charges.

Delicious Banana Cream.

This recipe is highly recommended by one of our correspondents; try it for dessert to-morrow.
Peel five large bananas, rub smooth with five teaspoonsful of sugar. Add one teaspoon sweet cream beaten to a stiff froth, then add one 10c. package of Lemon JELL-O dissolved in 1½ teacups boiling water. Pour into mould and when cold garnish with candied cherries. Served with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c. per package.

V. R. STILES,
General Passenger Agent,

El Paso, Texas,

Chicago and Return \$45.25

The gay scenes of a large city, the glitter and sparkle of the theatre, the crowds at the fashionable restaurants, Vanity Fair's daily exhibit on the boulevards, the cool lake with its possibilities for recreation—are as alluring in fact as in contemplation. This is true of Chicago, particularly this June, because then the

Republican National Convention

will be held.

Tickets on sale June 12 to 14 inclusive, and on June 17 for trains reaching Chicago that date. Final limit June 30, the last day on which you may leave Chicago.
Stop-overs at and west of Missouri river points within going transit limit and final return limit.

All the Way

Santa Fe, New Mexico.

No Need of Suffering From Rheumatism.

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief it affords. 25 and 50 cent sizes for sale by all druggists.

The New Mexican Printing company is prepared to furnish cards de visite for ladies and for gentlemen on short notice in first class style at reasonable prices, either engraved or printed. Call at the New Mexican Printing company.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all druggists.

INCREASE IN CATTLE SHIPMENTS

Great Gain Shown During Month of May Compared With Same Period of Last Year.

Las Vegas, N. M., June 3.—Report of the secretary and treasurer of the New Mexico Cattle Sanitary Board, the headquarters of which are in this city, show a great increase in the shipments of cattle and hides during May over that of the same month last year.

Cattle shipments during the past month amounted to 19,519 head. Six thousand and fifty-two hides were shipped and 187 horses. During the month of May, 1907, 12,166 cattle, 4,895 hides and 552 horses were sent to markets outside the territory, an increase of 1,157 in hides and 7,353 in cattle.

The largest shipments were made from the following districts: Roswell, 6,027; Alamogordo, 3,105; Springer, 2,312; Socorro, 1,562; Tucuman, 1,466; Portales, 1,459; Bronco, Texas, 1,050.

The largest number of hides inspected for the month was by T. P. Tallo, of Gallup, 1,790 in all. M. G. Keenan of Springer inspected 742 and Thomas Moore of Fierro, 740.

During the month 137 brand applications were received against 143 for April, 1907.

The amount of \$13.50 was received from the sale of brand books during the past month.

Nineteen strays were reported for the month of April and \$458.50 was turned in by the regular and special men for strays sold during the past month.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera, and Diarrhoea Remedy made at Des Moines for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Uarcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor—Bemis Bros. This remedy is for sale by all druggists.

Perfect Fitting "Elastic" Book-cases are the only ones which successfully adapt themselves to the conditions of the modern home.

There may be certain limitations as to room, but whatever space is available can be utilized and beautified by an artistic arrangement of these cases, the only kind of sectional book-case made in two lengths, 34 and 25 1/2 inch lengths, and in three distinct types—Colonial, Standard and Ideal. Our catalogue illustrates in colors eight different finishes of quartered oak and mahogany.

We will call and measure any space in your house and give you the exact cost in any finish you may select.

New Mexican Printing Company, Local Agents, Santa Fe, N. M.

COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 21 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, also 25x145 feet laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, Commercial Club; a population of 1,500 people; several restaurants, etc. Belen is the largest shipping point for wood, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.
WM. M. BERGER, Secretary.

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop etc. etc.; also a first-class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage as security, for one year, with 8 per cent interest thereon.

Apply at once for map and prices if you wish to secure the choicest lots.

The Belen Town and Improvement Company

Rings Round Eyes

J-19-

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

WRITE US A LETTER

Write today for a free copy of valuable 64-page illustrated Book for Women. If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain sealed envelope. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

NEW MEXICANS BELIEVE IN LIFE INSURANCE

Distributions in This Territory for Year 1907 Totaled Over \$500,000.

Citizens of New Mexico evidently believe in the value of life insurance as is proven by the large amount of policies paid in death claims in this territory during the year 1907. Last year life insurance organizations distributed in the territory of New Mexico a total of \$503,137, according to the Insurance Press. This amount represents only the amounts paid to insured persons or their beneficiaries in the forms of death claims, matured endowments or other benefits under the policies of level-premium companies or the certificates of assessments organizations. The amounts paid by the regular companies in dividends to policy holders, on surrender policies and to annuitants are not included.

The following payments made in New Mexico classified by towns were as follows:

Alamogordo	\$22,500
Albuquerque	64,076
Anthony	2,000
Arroyo Hondo	3,000
Carlsbad	7,500
Central	2,000
Chama	12,910
Clayton	2,000
Cubero	2,000
Deming	1,810
Dexter	3,000
East Las Vegas	19,000
Farmington	5,078
Fierro	2,000
Las Cruces	3,000
Las Vegas	11,000
Los Padillas	10,000
Lynn	1,500
Melrose	1,743
Ocate	3,000
Park View	3,100
Raton	2,500
Rodeo	2,000
Rodey	2,855
Roswell	11,881
Santa Fe	33,421
Silver City	18,968
Socorro	5,715
Texico	3,000
Valencia	2,000
Watrous	12,992
Willard	5,500
Unclassified	219,493

Total \$503,137
The following payments of \$10,000 or more were reported to the Insurance Press:
Alamogordo—Arthur P. Jackson, \$12,000.
Chama—John C. Dalton, Jr., \$10,500.
Los Padillas—Vidal Chavez, \$10,000.
Santa Fe—J. S. Manderfield, \$10,000.

LOW RATES FOR IRRIGATION CONGRESS

Santa Fe Announces Schedule Which Will Be in Effect From Points in New Mexico.

J. M. Connell, general passenger agent of the Atchison, Topeka and Santa Fe Railway company, under date of May 27th, 1908, advises R. E. Twitcheil, secretary of the Sixteenth National Irrigation Congress and International Industrial Exposition, the following rates from Trinidad, Colorado, and all points south thereof in Colorado and New Mexico to Albuquerque and return, will be in effect during the Congress and Exposition. These rates are to Albuquerque and return and are as follows:

Belen	\$1.25
Bernalillo	.70
Bayard	10.00
Chapelle	4.55
Dillon	9.60
Domingo	1.50
Deming	9.25
Engle	5.65
El Paso, Texas	10.00
French	8.50
Fulton	3.85
Fierro	10.00
Glorieta	3.10
Hebron	9.30
Hanover	10.00
Isleta	.55
Jansen	10.00
Kennedy	2.40
Lynn	10.00
Las Vegas	5.30
Lamy	2.70
Los Cerrillos	2.05
Los Lunas	.85
La Joya	2.05
Las Cruces	8.45
Lake Valley	8.70
Maxwell City	8.70
Magdalena	4.15
Mesilla Park	8.55
Nutt	8.15
Raton	9.75
Ribera	4.15
Rowe	3.50
Rincon	7.10
Starkville, Colorado	10.00
Springer	8.10
Santa Fe	3.70
Socorro	3.05
San Antonio	3.45

Minor City Topics.

(Continued From Page Five.)

The Denver and Rio Grande train this evening is two hours and ten minutes late. The Santa Fe and Santa Fe Central on time.

In the report of the proceedings of the board of county commissioners in the issue of the New Mexican yesterday it was stated that Lee English's assessment was raised from 600 to 1,000 head of cattle. This should have read from \$600 to \$1,000 on cattle.

There will be a special meeting of the Santa Fe Board of Trade tomorrow, Thursday evening, at 8 o'clock, at the Water company's office, to receive the report of the committee on rooms. If the board concludes to open rooms for the accommodation of its members and visitors, it is hoped to have them ready for the June meeting.

The highest maximum temperature for this year was reached yesterday when the mercury ran up the tubes in the thermometers as high as 73 degrees which was at 2:30 p. m. The minimum temperature was 42 degrees at 5:10 a. m. The mean temperature for the day was 58 degrees. This is a departure from the normal of five degrees below the average. The relative humidity, average for the day was 21 per cent. The lowest temperature last night was 44 degrees. The temperature at 6 o'clock this morning was 52 degrees. The sun rose at 4:47 this morning and set yesterday at 7:16 p. m.

COUNTY BOARD STILL IN SESSION

Consideration of Assessment Returns Continues to Occupy Attention of Commissioners.

The Board of County Commissioners continued in session yesterday and today as a board of assessment. All members were present and Probate George W. Armijo at his desk. The following actions were taken:

Precinct Number 12: The Orendonk Live Stock company's assessment was raised from \$14,856 to \$24,947.80 on lands and live stock.

Precinct Number 14: Hon. Victor Ortega's assessment was raised from \$100 to \$500 on merchandise. Santos Ortiz's assessment was fixed by the board at \$150 on merchandise.

Precinct Number 20: The Argo Mining company's assessment was raised from \$100 to \$300 on real estate. Leonard Lewis's assessment was raised from \$5,600 to \$11,280 on real estate and mining machinery. Jose Dolores Nieto's assessment was made on 200 sheep at \$350. Candelario Nieto's assessment was raised on sheep from 45 to 100 head and the assessment of his personal property fixed at \$260 a raise from \$155.

In Precinct Number 22 Louisa Robal's assessment was reduced from \$175 to \$45.

Ramon Garcia y Romero's assessment was reduced from \$300 to \$100. Antonio Ortiz y Sandoval's assessment was reduced from \$340 to \$300 and exemption allowed.

The Caja del Rio Grant assessment was raised from \$12,555 to \$19,555. The Cherokee and Pittsburg Coal and Mining company's assessment was raised on real estate from \$7,358 to \$10,575.20.

Going back to Precinct Number 3: W. D. Astler's assessment was raised from \$50 to \$420; W. E. Curtis appearing as agent for Mr. Astler.

W. F. Astler's assessment was raised from \$75 to \$550.

H. B. Cartwright's assessment was raised from \$1,043 to \$1,183.

S. G. Cartwright's assessment was raised from \$1,680 to \$1,845.

Juan Delgado's assessment was raised from \$235 to \$415.

M. L. Decker's assessment was raised on real estate from \$60 to \$130.

The board will continue in session tomorrow and perhaps all week.

SPECIAL MEETING OF ELKS LODGE TONIGHT

Five Candidates Will Be Initiated Into the Mysteries of the Order—Banquet After Initiation.

There will be something doing at tonight's special meeting of Santa Fe Lodge No. 460, B. P. O. Elks. Five candidates will be initiated into the mysteries of Elksdom, namely Henry P. Bardshar, Frank P. Blandy, Ross McMillan, J. P. Lyng and N. C. Pollock. Following the ceremonies a banquet will be served in the lodge rooms. A full attendance of all members is requested at tonight's session by Exalted Ruler Thomas P. Gable.

INDIAN MURDERED FOR REFUSING TO TAKE A DRINK.

Laguna, N. M., June 3.—Angered because Santiago Vallo, an Acoma Pueblo Indian would not take a drink of fire water Dick Eagle, a Cherokee Indian from Oklahoma, deliberately shot and killed Vallo about four miles from Bluewater last Sunday evening. The Cherokee was arrested by Deputy Sheriff W. M. Jackson, of Grants, and taken to that place, where he will have a preliminary hearing before Justice of the Peace Simon Bibbo.

The New Mexican Printing company is prepared to furnish cards de viste for ladies and for gentlemen on short notice in first class style at reasonable prices, either engraved or printed. Call at the New Mexican Printing company.

TO CONVERT FEDERAL GROUNDS INTO PARK

Persistent Work of Three Years on Part of Collector Bardshar Has at Last Ended Successfully.

Bids will be received by Henry P. Bardshar, collector of internal revenue and custodian of the Federal building in Santa Fe, for the plowing, parking and seeding of the Federal building lawn comprising about six acres.

On its face the above announcement does not imply that it is the result of three years steady and hard effort upon the part of Collector Bardshar, neither does it carry with it the meaning of importance that the casual reader would suppose. But to the city of Santa Fe it means a beautiful park, with winding walks, grassy plots and shade-giving trees.

Collector Bardshar has been authorized by the department having in charge the care and preservation of public buildings, to advertise for bids for the work. He has further been notified that the position of an additional laborer will be created at a stipend of \$540 per annum for a period of five months annually, beginning May 1 and ending September 30.

The lawn about the Federal building outside of a small plot, is now a barren waste. It is enclosed by a fine stone coping and iron fence with large gates at all vantage points but owing to the barrenness of the enclosure it is far from being attractive. Three years ago when the present collector came to Santa Fe, and assumed the duties of the office, he became interested in making the enclosure more attractive and accordingly set to work with this idea in view. One after another his requests were turned down. He went before the officials of the Internal Revenue office, even to the secretary of the treasury, but was given but little encouragement.

With the majority of federal officers, perhaps, the matter would have been dropped, but not so with Collector Bardshar. At last he got the department that sees to the care and preservation of public buildings interested and took the matter to the point where plans and an estimate of the cost of beautifying the lawn were forwarded to it. But the estimate was too high and again Collector Bardshar found himself where he started. Nearly every channel of approach was exhausted but his tenacity showed itself again and the result is that it probably will be but a matter of a few weeks, possibly months, before work will be commenced to convert the Federal grounds into a beautiful park.

Should Collector Bardshar be unable to get a sufficient amount to pay for setting out trees he says that he will use from his own funds money to plant at least a few. But he is hoping that now since the government at Washington has taken the matter in hand it will not stop half way but reclaim the court as it should be.

While it may take several years to make the lawn and park as attractive as the collector has conceived, yet it is a start and with proper care, which under Collector Bardshar's supervision it will receive, it will become one of the most attractive spots in the Sunshine Territory. The Santa Fe Water and Light company has agreed to furnish all the water necessary to irrigate the lawn for five years free of charge.

OFFICIAL MATTERS

Federal Geologist Resigns.

L. G. Gillette, who has been geologist in the land office under F. C. Dezenendorff, chief of special agents, has resigned to accept a more lucrative position. Mr. Gillette is now at Colorado Springs.

Notaries Public Appointed.

The following notaries public have been appointed by Governor George Curry:

Samuel J. Stewart, of Roosevelt, Quay county.

John W. Ballow, of Elido, Roosevelt county.

Township Plat on File.

The Federal Land Office in this city has given notice that township plat 11 North, Range 7 East, is now on file in the office and that the lands will be open for entry on July 15, 1908. The township lies in southwestern Santa Fe county, just south of San Pedro and eight miles directly west of Stanley. The survey was made by Corbett and Smythe of this city.

NEW MEXICO MAN IN TRANS-CONTINENTAL ROMANCE.

Boston, Mass., June 3.—Edward D. Fry, of the Eagle Mining company, of Parsons, New Mexico, yesterday afternoon culminated a long trans-continental romance by being wedded to pretty Ethel W. Johnson, a former school mistress at Fall River, Massachusetts, and a much sought belle. The couple will make their home at Parsons.

LOUISIANA LEGISLATURE MAY PROHIBIT BETTING

Baton Rouge, La., June 3.—At a meeting of the joint judiciary committee of the Louisiana Assembly today the bill prohibiting bookmaking and other forms of gambling at race tracks received a favorable report. It passed it will in effect abolish the long racing season which has marked the winter in New Orleans for many years.

RICH RED BLOOD
NATURE'S SAFE-GUARD AGAINST DISEASE

Pure, rich blood and a free circulation is the surest protection against the diseases and disorders which are constantly attacking our physical systems. The healthy circulation of the blood prevents the entrance of disease germs, and filters out of the system everything that is not necessary or beneficial to the growth and development of the body; all life's forces are kept up by it, and every organ, nerve, tissue and bone is dependent on the blood for its nourishment and strength.

Healthy blood is filled with millions of little red corpuscles. These minute particles furnish its rich, red color, and are the carriers of nutriment and health to the different parts of the body; in other words the very life and vitalizing essence of the circulation. The destruction of these corpuscles by disease germs weakens and pollutes the blood, and anaemia, with its attendant evils of pale, chalky complexions, weak, run-down systems and malarial conditions, or perhaps some more definitely marked disorder, is the result.

Frequently the blood becomes infected with acrid, fiery humors, and Eczema, Acne, Tetter, or some other skin disease or affection makes its appearance, and is kept up with its itching and disfiguring symptoms. An excess of uric acid in the circulation causes a fermentation of the blood, and Rheumatism, with its pains and aches, is established in the system, there to remain, unless the poison is driven from the blood.

Old Sores and Ulcers are likewise dependent on bad blood. These places are kept open and in a state of irritation by the drainage of pollution which the blood is continually discharging into them. In fact there are few ailments which cannot be traced to impure or diseased blood, and our only safeguard is to keep the circulation in strong, healthy condition.

In all blood troubles S. S. S. has proven itself a perfect remedy, and is universally recognized as the greatest of all blood purifiers. It goes down into the circulation, and removes all poisons, humors and taints, and makes this life-stream pure and health-sustaining. It purifies and strengthens weak, deteriorated blood, supplies it with the healthful properties it needs, and establishes the foundation for good health. As a tonic S. S. S. has no equal, and will be found especially adapted

S.S.S.
PURELY VEGETABLE

to weak, run-down systems. One of the greatest points in favor of S. S. S., is that it does not contain a particle of mineral, but is made entirely of the extracts and juices of harmless, healing, cleansing roots and herbs. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles, are permanently cured by S. S. S., and so thorough is its work that no trace of the disease is left for future outbreaks. S. S. S. is for sale at all drug stores. Book on the blood and any medical advice desired will be sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

COUNCIL HOLDS BUSY SESSION

(Continued From Page One.)

der to reimburse the city physician for such duties.

New Sidewalks Ordered.

Another ordinance was passed ordering the immediate construction of sidewalks on the north side of Johnson street from the Denver and Rio Grande railway tracks to Grant avenue; on the east side of Sandoval street from San Francisco street to Water street; on the east side of College street from the bridge spanning the Santa Fe creek to Manhattan avenue; on the east side of Cerrillos road from Montezuma avenue to Hlecock street, on the east and west sides of Don Gaspar avenue from Manhattan avenue to the bridge across the Santa Fe river. All these sidewalks are to be four feet in width.

Mayor Jose D. Sena presided and the following councilmen were present: President T. P. Gable, George W. Armijo, R. L. Baca, Juan Moya, Manuel E. Ortiz, Petro Quintana and Dr. C. A. Wheelon. Councilman John H. Walker was the only absentee.

TERRITORIAL ENGINEER APPROVES APPLICATION

Wylie Farm and Live Stock Company Plans Extensive Irrigation Project.

The application for water rights and the plans for irrigation by the Wylie Farm and Live Stock company have been approved by Territorial Engineer Sullivan subject to the action of the interior department at Washington. The provision bringing in the interior department is made necessary as the project is planned to take water from the Rio Pecos and the water in this river has all been appropriated for government projects. But where irrigation ditches will not radically lower the stream the government is inclined to allow the appropriation to be made.

The Wylie Farm and Live Stock company was organized December 31, 1907, and its office is located at Roswell, Chaves county. The directors are Daniel C. Barnuff, William C. Reid and Arthur O. Miller, all of Roswell. This company proposes to put 717 acres of rich valley land under irrigation and considerable money will be invested, but just how much is not stated in the application for a water permit.

If you have anything to sell, rent or exchange use the "Want" columns of the New Mexican.
