FOURTH OF JULY HOUSE PARTY

At Winsor Ranch on Pecos National Forest

GUESTS HAD FINE TIME

Miss Alexia Durant Hostess at Unique Out of Doors Function.

On the Fourth of July the first real house party in the history of the Pecos forest and its sojourners, as well as the inhabitants, was given by Miss Durant. The nation's birthday was also the birthday of the bright young woman who is well and favorably known in this city and also along all the settlements on the Pecos from Glorieta to the headwaters. The house party was a magnificent affair and those who had the good fortune to be present enjoyed it immensely.

Fishing was indulged in and target shooting and horse racing were among the past times and as there were several ladies there who had cultivated voices there was much agreeable and pleasant singing. Mrs. Thomas R. Stewart, the wife of the assistant supervisor of the forest, entertained the party with several songs of the South sung in a very sweet soprano voice.

A splendid assortment of pyrotechnical works had been imported and for an hour and fifteen minutes a very brilliant and attractive display was the result. About ten o'clock the hostess and the guests dispersed, all more than satisfied with the day's pleasure. Among the guests were Mrs. Thomas R. Stewart, Miss Florence Laidigh, of Kansas, Miss Mabel Harrison, Miss Margaret Harrison of Pecos, Mr. Sherrod, of Alabama, Mr. Cross of Alabama, Howard Wade, of St. Louis, Horace Johnitz, of St. Louis, Evan Vogt, of Glorieta, John Harrison, of Pecos and Robert Stevenson of New Haven, Connecticut.

Mr. Saunders and son and Miss Durant reached the city last evening, having come overland over what is now called the new Winsor trail which has been put in first class shape by a force of forest rangers under Forest Ranger Harry C. Viles. Although the trip was hard they enjoyed it. They reached here last evening about 4 o'clock and Mr. Saunders brought with him several messes of fine fish which he distributed to his friends. Mr. Saunders will return tomorrow to his St. Louis home while Miss Durant will remain on the Pecos for the remainder of the summer. She will be joined by her brother who will also spend part of this year with her at her cottage on the reserve. The young son of Mr. Saunders, William, will remain with his cousin, Miss Durant, until school time approaches. A cottage will be erected there where they will spend the remainder of the summer and next summer.

Mr. Saunders who has fished in many European streams, especially in France and Switzerland, thinks after several years of experience in fishing in the streams tributary to the Pecos and in the Pecos river that there is nothing finer in the fishing line than in that section, especially this year as the fine work of the fish commission in placing many trout into the streams named is bearing excellent results. The streams that are tributary to the Pecos are the Rio Mora, Winsor, Bear, Holy Ghost and Cow creeks. The Winsor creek and the Mora river form the Pecos. The section is a paradise for fishermen.

Miss Durant has a very comfortable cottage on the Pecos forest which she occupies most of the time. Mr. Saunders and his son were busy during their four weeks' sojourn catching fish, eating, telling stories, resting and sleeping.

MONTHLY MEETING OF SCHOOL BOARD

Contractor Instructed to Prepare the Plans For Renovation of Old Library Building.

The regular monthly meeting of the Board of Education was held in the high school building last night with the following members present: T. B. Catron, president; Jose D. Sena, Nicanor Baca, Manuel B. Salazar, P. F. Knight and Professor J. A. Wood, secretary.

The minutes of the previous meeting were read and approved.

Jose D. Sena chairman of the committee on buildings and grounds, reported the progress in parking the high school grounds and he was authorized to purchase 600 pounds of patent fertilizer to be put on the ground when the seed is sown. He was also authorized to purchase blue grass seed for the grounds.

Quite a lengthy discussion was had over the matter of the old library building. A Windsor, the contractor, made a report of the probable cost of putting the building in good shape. Making five suites of rooms, each suite with a sitting room, dining room, kitchen, two bed rooms and a bath room, the proposed cost for the improvement would be \$4,345.50. After further discussion Mr. Windsor was employed to get up plans and specifications to be ready in two weeks when it is proposed to advertise for bids for letting the contract. The board expects to have the building in first class condition about September 15.

F. E. Nuding of the Capital Coal Yard was present and submitted from various mines different qualities of coal. The board awarded him the contract to furnish eighty-five tons of Raton screen lump coal delivered, at \$4.50 per ton.

Mrs. L. A. Harvey sent in a bid for the old kindergarten building, recently used as a laundry. The board decided to sell the building to her on the following terms: Eight hundred dollars cash payment down and \$900 to be paid within three years at eight per cent interest. The payments to be secured by a mortgage on the property.

The treasurer's report was read and it showed a balance in the building fund of \$1,781.38; general fund, \$1,549.57; interest fund, \$607.84; sewer fund, \$380. In addition to this the schools have a deposit of \$2,000 in the Bank of Commerce in Albuquerque drawing five per cent interest.

COUNTY BOARD HOLDING SESSION

Commissioners Pass Upon Accounts for Quarter Ending June 30th—Appoint Janitor.

The board of county commissioners convened yesterday afternoon in the office of the probate clerk at the court house with all members present as follows: Chairman I. Sparks, Commissioner Jose Ortiz y Pino, Commissioner Jose Inez Robal and George W. Armijo, ex-officio clerk. Sheriff Charles C. Closson was in attendance also.

The minutes of the previous meeting were read and approved.

The board took up for consideration accounts against the county for the quarter ending June 30, 1908.

A resolution was offered by Commissioner Robal at the request of I. Sparks to disallow his claim for \$267 for expenses for his trip to New York in behalf of the county, in order that the courts may pass upon the question involved. The resolution was adopted.

On motion Tomas Quintana was appointed janitor at the court house for the next three months.

A resolution was adopted authorizing the county clerk to issue warrants to reimburse those parties who represented Santa Fe county in the statehood fight in Washington.

Attorney A. B. Renahan appeared before the board and made a demand for a levy to pay maturing and ordered interest on bonds of 1885 under the statutes of 1880, representing between \$1,300 and \$1,500, of over due coupons. Mr. Renahan said that he makes this demand especially for himself and generally for all persons interested in said bonds and coupons and he also demanded a levy for a sinking fund as provided by said statutes to be made at this meeting as the law requires. The matter was referred to the district attorney and will be taken up at the next meeting.

The bills of the New Mexican Printing company for publishing the delinquent tax lists for 1902, 1903, 1904, 1905 and 1906 were referred for further consideration with claimant's petition, with the request that a report be made at the next meeting after this present session.

The board declined to take any action on account of lack of jurisdiction in the matter of the resolution asking the board to pay certain sums of money to the Winter Grocery company, owned by W. F. Dobbins, deceased, late inspector of weights and measures.

The board continued in session today as a board of equalization.

"UNTERRIFIED" DEMOCRACY MEETS IN CONVENTION AT DENVER

Adjournment Out of Respect to Memo- ry of Late Grover Cleveland is Taken

TEMPORARY ORGANIZATION ONLY IS PERFECTED

No Nominations Expected Before Thursday and Work Will Likely Be Finished By Friday at the Latest.

Denver, July 7.—The Democratic national convention of 1908, which is to nominate candidates for the offices of president and vice-president of the United States in opposition to Taft and Sherman, the Republican nominees, opened at noon today. The early morning hours found thousands of delegates, alternates and spectators from all parts of the country streaming towards the great auditorium. The unusual feature of the first day's program was the plan to adjourn at an early hour as a mark of respect to the memory of the late ex-President Grover Cleveland, the last Democrat who occupied the office of chief magistrate of the nation. The adjournment, however, is not expected to delay materially the work of the convention, for today's session was planned to be preliminary in its nature, including only the call to order by Thomas Taggart, of Indiana, chairman of the national committee, the reading of the call of the convention by Secretary Woodson, the opening prayer by Arch Bishop Keane, of Wyoming, the announcement of the temporary officers by the national committee and their confirmation by the convention, the opening address by Temporary Chairman Theodore A. Bell and the announcement of the several committees as selected by the caucuses.

The doors of the auditorium were unbarred at 11:10 o'clock. The building was guarded by a cordon of police who prevented the crowd impeding the ticket holders. The Nebraska delegation was placed directly in front of the speaker. At 11:30 o'clock, when the hall was less than a third full the first music of the convention crashed from the upper balcony.

No Nominations Before Thursday.

The committees on credentials, permanent organization, rules and order of business, platform and resolutions, were announced and proceeded with their work after the convention had taken a recess until tomorrow.

The program for tomorrow provides for the completion of the permanent organization, the address of Permanent Chairman Clayton and report and adoption of the reports of the committees appointed today. It is expected that the nomination of neither the president nor vice presidential candidates will be reached before Thursday. That day the head of the ticket will probably be nominated and the selection of a vice-presidential candidate is expected to be postponed until Friday after which the convention will adjourn. There is no reason at present to expect the convention to extend beyond that day.

Temporary Officers.

The temporary officers of the convention were as follows:

Temporary Chairman.—Theodore A. Bell, of California.

General Secretary.—Urey Woodson, of Kentucky.

Assistant General Secretary.—Edwin Softon, of Washington, D. C.

Assistant Secretaries.—Charles S. Northern, Atlanta, Georgia; H. S. Richmond, Fremont, Nebraska; C. A. Nash

Perry, Oklahoma; Edwin Cahill, Springfield, Illinois; Will Reif, Rawlins, Wyoming and Frank B. Aoss, Indianapolis, Indiana.

Reading Clerks.—Will McEnery, Rock Island, Illinois; T. F. Smith, New York City; William E. R. Byrne, Charleston, West Virginia; C. J. Gavin, Denver, Colorado; Roes F. Horrocks, Little Rock, Arkansas, and Joseph L. Reilly, Indianapolis, Indiana.

Sergeant-at-Arms.—John I. Martin, of Missouri.

Chief Assistant Sergeant-at-Arms.—J. C. Fenn, of Indiana.

Chief Doorkeeper.—Eugene W. Sullivan, of Illinois.

Tally Clerks.—Ruby LaFoon, Madisonville, Kentucky; V. Allert, Langdon, North Dakota; E. E. Murphy, Leavenworth, Kansas; Thomas H. Lovelace, St. Louis; Thomas B. Collier, Memphis, Tennessee, and C. C. Ernst, Decatur, Indiana.

Messenger to Secretary.—W. V. Richardson, Danville, Kentucky.

Messenger to Chairman.—Ernest Brasley, Sullivan, Indiana.

Parliamentarian.—N. D. Crutchfield, of Kentucky.

Official Stenographer.—M. W. Blumberg, of Washington, D. C.

Chaplains.—Tuesday, (opening day), Right Rev. James J. Keane, Archbishop of Wyoming; Wednesday, Rev. C. F. Reimer, Denver, Colorado; Thursday, Rabbi Samuel Kerch, Seattle, Washington; Friday, Rev. P. T. Ramsey, Denver, Colorado.

Adopt Resolutions and Adjourn.

At 2:30 o'clock the convention adjourned until noon tomorrow. After Ignacius Dunn had read his resolutions on the death of ex-President Cleveland there were loud cries from the delegates for Judge Parker. He took the platform and said he had intended to introduce the resolutions which he read, but instead of insisting on a vote being taken on his resolutions he immediately seconded Dunn's resolutions which were then adopted. These resolutions read as follows:

"As it has pleased the Ruler of the Universe to remove from our midst Grover Cleveland, late President of the United States who was three times the candidate of the Democratic party.

"Be it resolved, that we, the delegates of this party in national convention assembled recognize in him one of the strongest and ablest characters known to the world's statesmanship and possessed of an extraordinary degree of the elements of leadership and by his able, conscientious and forceful administration of public affairs, reflected honor upon his countrymen, his party and

"Resolved, that we hereby express our deep sorrow at his death and extend our warmest sympathy and condolence to his family and that this resolution be spread upon the records of this convention and that a copy be forwarded to Mrs. Cleveland and;

"Resolved as a further mark of respect to his memory that this convention do now adjourn until 12 o'clock, noon, tomorrow."

JUDGE MANN OPENS COURT AT LINCOLN

The summer term of the district court for Lincoln county opened at Lincoln, the county seat yesterday, Judge Edward A. Mann presiding and Clerk Charles P. Downs in attendance. The docket is very heavy and it is understood that Judge Mann will hold court until it is cleared. There are 95 civil cases and 35 criminal cases on the docket. The accumulation on the docket was caused by the length of time that ensued between the last term of the court and the present, namely fifteen months. There were no funds available for court purposes. The present term will last probably three weeks.

TO CONSERVE FLOOD WATERS OF CIMARRON RIVERS.

East Las Vegas, N. M., July 7.—By damming the Cimarron river to a height of 140 feet with cement work and conserving its flow in a manner that will make a lake several miles in length, Mr. R. A. Morley of this city plans to irrigate 114,000 acres of land in Colfax county. All plans are completed and Dr. Morley is now in Chicago completing arrangements.

PHELPS-DODGE IN- DICTMENT DISMISSED

Government Finds No Violations of Provisions of United States Coal Land Laws Occurred.

United States District Attorney D. J. Leahy appeared before Judge John R. McFie in the First judicial district court of this territory, on the United States side, this forenoon and moved to dismiss the blanket indictment for conspiracy against Phelps-Dodge and company, Louis D. Ricketts, Charles A. Spiess and others. The connection of Charles A. Spiess as charged in the indictment alleged that he had prepared the entry papers for certain entrymen who had made entries of coal lands in the county of San Juan and was the attorney for Phelps-Dodge company.

A reporter of the New Mexican called on United States District Attorney Leahy and asked what he had to say concerning the case to which Captain Leahy replied that he had nothing to say "only that the United States after a careful investigation of the matter decided that the government was not justified in further prosecuting the case and therefore exercised its rights to dismiss the same as it had done in several other cases."

A large number of cases involving the same state of facts and which set up transactions exactly identical to the transaction alleged in the Phelps-Dodge conspiracy indictment were quashed by Federal District Judge Lewis of the Federal Court in the district of Colorado last winter. Judge Lewis holding that the transactions were not offenses against the laws of the United States, and not violations of the provisions of the coal land laws.

RUEF FURNISHES MAMMOTH BOND

Former "Boss" of San Francisco Puts Up Bail Aggregating Million and Half and is Released.

San Francisco, July 7.—Abraham Ruef was released from the county jail last night on bonds aggregating \$1,560,000, the largest amount ever given in a criminal case in this state. This sum is the aggregate bail upon the indictments returned by the October grand jury, charging Ruef with bribing the former board of supervisors in connection with the granting of franchises to public corporations and upon which he was taken in custody on March 8, 1907.

Twenty sureties, including Ruef's father and sister and himself, signed the bonds. It developed during the examination of his sureties before Judge Frank Murphy that Ruef owned real estate in this city which he recently transferred to his father and sister and upon which a real estate expert on the witness stand placed a value of \$1,095,566. Ruef's annual income from this property was \$16,900. His father and sister went his bonds to the amount of \$690,000, while the other securities qualified for \$870,000.

TERRIFIC HEAT KILLS SCORES

Twenty-One Deaths in Last 24 Hours in New York

HUNDREDS ARE PROSTRATED

Thousands Seek to Escape Sweltering Heat by Sleep- ing on Fire Escapes.

New York, July 7.—After a breathless, sweltering night during which many spent a sleepless night on cots on the fire escapes, the sun came up this morning with promise of greater discomfort. As early as 6 o'clock the streets were blistering hot and not a breath of air was moving. Thermometers on the street level registered 82 degrees at that hour with a constant movement upward. All night long there were calls on the hospitals to go to the aid of those overcome by the heat and humidity. When the early morning list of victims was made up it was found 21 persons had died as a direct result of the weather conditions of the past 24 hours. It is reported prostrations number hundreds and thousands not so serious were treated at their homes by physicians.

Four Deaths in Philadelphia.

Philadelphia, July 7.—Four deaths and more than 50 prostrations occurred in this city from the heat between noon yesterday and 10 o'clock this morning.

ATLANTIC FLEET ON ITS RETURN

Battleships to Com- plete Voyage Around World

FIRST STOP AT HONOLULU

Mighty Squadron Will Tra- verse Five Seas Before Reaching Home.

San Francisco, July 7.—A splendid picture of America's fighting strength on the sea was presented today when the sixteen battleships of the Atlantic fleet, led by the magnificent Connecticut with Rear Admiral Charles S. Sperry on the bridge, headed out of the Golden Gate and bathed their bows in the blue Pacific. In imposing array they passed beyond the headlands, out of the view of the thousands of cheering watchers on shore and started fairly on the long voyage through five seas from San Francisco to Hampton Roads—a striking demonstration of the power and efficiency of the United States navy.

Sixteen battleships were in the line, divided into four divisions and two squadrons. In the first division of the first squadron were the flagship of Rear Admiral Sperry, the Connecticut, and her sister ships, the Kansas, Minnesota and Vermont. This division, as well as the entire fleet is under the immediate command of Rear Admiral Sperry. The second division of the first squadron is commanded by Acting Rear Admiral Richard Walnwright, and consists of the flagship Georgia and her sister ships, the Nebraska, New Jersey and Rhode Island. Rear Admiral William H. Emory commands the second and third division, and is aboard of the flagship Louisiana. The Virginia, Ohio and Missouri also are in this division. The fourth division, under the command of Acting Rear Admiral Seaton Schroeder, is made up of the flagship Wisconsin and the Illinois, Kearsage and Kentucky. The Nebraska and Wisconsin formerly of the Pacific fleet, have taken the places of the Maine and Alabama of the Atlantic fleet which are on route to Hampton Roads as a special service squadron.

The fleet auxiliaries preceded the battleships by a week, and are now nearing Honolulu, where they will unload supplies and sail away for New Zealand before the arrival of the fleet at Honolulu. These auxiliaries are the Panther, repair ship; Glacier, refrigerator supply ship; Culgoa, supply ship; Ajax, collier; Relief, hospital ship, and Yankton, tender and despatch boat.

Due at Manila October 1.

The battleships which sailed today on the longest voyage ever undertaken by such powerful fleet during which they will completely encircle the world, from Hampton Roads to Hampton Roads, have a total tonnage of 186,100 tons. The fleet is capable of steaming on an average of ten knots an hour under any sea conditions and is following an itinerary which will bring the ships to Manila on October 1, 1908. The complete route from Manila to Hampton Roads has not yet been definitely announced, but it is expected that the fleet will arrive at its ultimate destination the latter part of February, 1909, when it will be joined at Hampton Roads by most of the other ships of the American navy then on the Atlantic coast, and this great fleet of war vessels, greater than that which gathered in San Francisco bay on the morning of May 6th, and greater than the one that assembled at Hampton Roads December 18th, when the present record-breaking voyage began and where it will again be reviewed by President Roosevelt just prior to his going out of office.

The fleet is scheduled to arrive at Honolulu on July 16th. Residents of that remote possession of the United States have prepared a magnificent and fitting reception to the officers and men, which will be of the nature of a reception and a belated Fourth of July celebration combined. It will be the first special entertainment of the fighting men since Puget Sound cities delighted to do them honor, and preparations have been making for months at Honolulu that no pleasing feature shall be lacking.

After a stay of one week in Honolulu, the fleet will proceed to Auckland, New Zealand. It is by special invitation of the New Zealand government that the American ships go there, and at this part the "Yankee" sailors will receive their first greetings from a foreign people since leaving South America. This greeting will be particularly cordial and the entertainment arranged for officers and men promises to be magnificent. The fact that this greeting will come at the end of the longest leg of the voyage

THE REPUBLICAN NATIONAL TICKET.

For President—William Howard Taft, of Ohio
For Vice-President—James Schoolcraft Sherman, of New York

REPUBLICAN HARMONY WILL WIN IN NEW MEXICO.

The Carlsbad Argus, published at the pretty county seat of Eddy county for nineteen years past, and although in a Democratic balliwick, sensibly and strongly Republican in politics, discusses in a very readable editorial the political situation throughout the country and the nomination of Taft and Sherman for president and vice-president on the Republican national ticket. It shows that in the country at large the Republicans are getting together and are rallying to loyal and united support of Taft and Sherman, indicating that they have concluded that harmony and cohesion will prove great factors in the election.

From national politics in the same editorial it turns to the territorial situation and makes a telling and insistent argument that harmony should prevail in Republican ranks in the Sunshine Territory and that the present delegate, W. H. Andrews is fully and justly entitled to support and that he should be re-nominated and re-elected, both on account of the eminent services he has rendered and on account of more he will be able to accomplish in the Sixty-first Congress.

The editorial arguments of the Argus are well taken and plenty strong and good enough to be given the widest circulation. The editorial is here-with re-published:
"With a platform which is Republican in all its provisions, and with a ticket which will be enthusiastically supported by every Republican, the party enters the national campaign of 1908 with every prospect of victory. Every one of Taft's recent rivals for the candidacy has promptly rallied to his support. Hughes, Knox, Cannon and Fairbanks will stump the country for the Taft and Sherman ticket. 'Now that the convention has spoken, I am for Taft,' says Foraker. This is the spirit that prevades all elements of the party. All the fighting inside the Republican lines which was to be done was finished in convention. The men who favored any one of the other aspirants are now just as ardently in favor of Taft's success as any of those who were with him from the beginning. There are no factional lines in the party. The fighting which the party will engage in hereafter will be against the Democracy, and will begin just as soon as the Denver convention has announced its ticket and platform. From President Theodore Roosevelt, Vice-President Fairbanks, Speaker Cannon and the various competitors of Mr. Taft in the convention down to the humblest voter in the party, every Republican is enlisted in the support of the Taft and Sherman ticket.

"A like feeling should pervade the rank and file of the G. O. P. in the territory regarding the election of a delegate to Congress, and by every right the candidate should be no other than our present delegate, Hon. W. H. Andrews, for as the presidential candidate fulfilled every duty to the country and his party, so has Mr. Andrews fulfilled every demand made upon him by his constituency. Having done his duty well, the people of New Mexico would indeed be ungrateful to turn him down for an untried servant. Not only that, but chiefly through his influence the national party has declared for statehood for New Mexico and no one man in the territory is better prepared to see that that plank in the Republican platform is carried out than is Mr. Andrews.

"As harmony in the ranks of the party, nationally, portends a great victory at the polls in November, so will it insure the return of a Republican delegate from New Mexico, and the Argus sees no good reason why the leaders of the party should not agree that Andrews is the man, and having agreed, triumphantly elect him."

CABINET POSSIBILITIES.

As the Democratic ruction at Denver this week, practically assures the election of Taft to the presidency, there is more than usual interest in prospective cabinet building. Of course, nothing official has come or is likely to come for a while from Candidate Taft himself but there is such a thing as the logic of political events and some of the surmises put forth by those in position to calculate to a nicety political futures come very near to the truth. Representative Burton of Ohio, according to these wisecracks, is to be secretary of state. Frank B. Kellogg of Minnesota, the renowned "trust buster" is to be attorney general. Of course, Frank H. Hitchcock, can be postmaster general if he wants to and Postmaster General George von L. Meyer is to succeed Secretary day.

REPUBLICAN SUCCESS AND STATEHOOD MUST GO TOGETHER.

The Belen Tribune is on the right track in the assertion that in order to obtain statehood Republican victory must be had in this territory on November the third next. It places the situation properly in the following editorial:

"If New Mexico expects to be admitted to statehood at the short session of Congress next winter, by the passing of an enabling act by Congress, it must roll up a big Republican majority this fall. This is the only way to see it, will Congress sit up and take notice of our demands? There must be no doubt of New Mexico coming in as a Republican state and that doubt can only be emphasized by such a majority as will be beyond all question of a doubt. The plank in the resolutions so unanimously adopted by the Republican national convention at Chicago: 'We favor the immediate admission of the territories of New Mexico and Arizona as separate states of the Union,' is a direct obligation upon the party from the entire Republican voters of the country, and if words mean anything, 'immediate' means at once, and no other question ought to take precedence of this main question when Congress meets next December. If the Republican majority now in Congress fails to obey the behests of its constituency at large in this respect, it violates a solemn promise which ought not to be forgiven by the party."

The Tribune might have made its position still stronger had it added to its editorial that Delegate Andrews should be re-nominated by the Republicans and elected by the people if they really and sincerely desire statehood.

IDLE THREATS BY FIRE INSURANCE COMPANIES.

The threat of the fire insurance companies that they will withdraw from New Mexico because of recent heavy losses is idle. They had planned to raise the present exorbitant rates still further but found legal obstacles in the way that led to the above threat. As a matter of fact, while there were more fires during the past few months than during previous periods of that length, the losses were comparatively small and did not reach in their sum total, the loss incurred often by a single fire in a big city. The annual statement of the superintendent of insurance shows that New Mexico is a very profitable field for the insurance companies, the losses paid, amounting year in and year out to merely a small fraction of the premiums collected. However, this should not prevent New Mexico communities from perfecting their fire fighting organizations and from assuring ample water supply at all times. In the meanwhile, efforts should be made to have fire insurance rates reduced to a more reasonable basis. It seems that the insurance business is run on a very extravagant scale and that the greater part of the revenues are eaten up by commissions and expenses other than the payment of losses.

THE ELECTION FRAUD HOWL WILL NOT COUNT.

The Deming Graphic talks sensibly when it asserts that the whine that will be made by Candidate Larrazolo that he was defeated two years ago by huge election frauds is simply political rot and will be of no effect with the voters. Larrazolo made the contest and had about 1,500 pages of testimony printed in which he and his attorneys claimed that 1,500 votes were fraudulently used against him. However, he made no effort to have the case investigated by the committee on elections and privileges of the House of Representatives of the 60th Congress and it went by default. The Graphic puts the case very well when it says:

"The main howl of the Democratic press in the territory this year against the Republican nominee for Congress will be election frauds, followed with the statement that such an outrage will be repeated. This is but a cloak with which to hide the inferiority and weakness of the hombre whom they are running as a candidate and will be considered by sensible-thinking people of both parties as the worst kind of political rot."

LET THERE BE A FAIR FIGHT FOR THE DELEGATESHIP.

Petitions convening the Republican territorial convention which meets here at an early date to nominate William H. Andrews as the Republican candidate for delegate to the Sixty-first Congress have been numerous signed in the county of Bernalillo. Latest accounts show about 4,300 voters have subscribed their names to these petitions and more are coming. Every subscriber pledges himself to vote for W. H. Andrews if nominated. This means "Vox Populi, Vox Dei." The indications are that the strength of the delegate for the nomination and for election is growing steadily. His friends and supporters ask nothing but a fair fight and no insidious and treacherous assaults in the rear in the Republican party. All they ask is a fair chance and this will be given to other candidates who aspire to the Republican nomination. A fair fight and let the best man win.

It is in the air that William Jennings Bryan will be the Democratic nominee at Denver but what will be will be. It is also in the air that William Howard Taft will be elected president of the United States on November the third next. What will be will be.

PERSONAL MENTION

Mr. and Mrs. J. B. Read have gone to Denver on a short visit to relatives. Bert Hubert, a citizen of Estancia, spent the day in the city on personal business. He was registered at the Claire.

Mayor H. O. Bursum of Socorro, who has been in El Paso for the past few days on business, returned home last night.

R. Gonzales, who lives near Cowles, on the Pecos river, was in town today on personal business. He stopped at the Coronado.

Delegate W. H. Andrews spent today in Las Vegas interviewing friends and looking over the political situation in the Meadow City.

J. M. Riley and wife of Lamy spent yesterday and today at the Claire hotel. Mr. Riley is superintendent of the Eaton land grant in south Santa Fe county.

Captain D. J. Leahy, United States district attorney with headquarters at East Las Vegas, was among the visitors in the city today. He stopped at the Claire.

Mark B. Thompson of Las Cruces district attorney of the Third judicial district, has gone to Lincoln, where the district court of Lincoln county opened yesterday.

Frank A. Pollock, of Minneapolis, Minnesota, who has been sojourning in Santa Fe for several weeks, left this morning for his northern home. He enjoyed his visit here greatly.

Mrs. W. G. Tight, of Albuquerque, wife of the president of the University of New Mexico in the Duke City, has gone to Los Angeles, having been called there by the illness of her mother.

Surveyor General John W. March returned yesterday from Estancia where he attended the Fourth of July celebration. He reports the Queen City's celebration a success.

Attorney General James M. Hervey and family returned yesterday from Roswell where he spent the Fourth. He was accompanied by his family who have been on an extended visit to Roswell.

Hon. Charles A. Spiess, Las Vegas attorney and a candidate for nomination for delegate on the Republican ticket, spent the day with his friends investigating political conditions. He had a room at the Claire.

John W. Sullivan of Hagan, superintendent of the New Mexico Fuel and Iron company coal mines there, reached Santa Fe yesterday partly on business and partly to visit relatives. He was a guest at the Claire.

Colonel R. E. Twitchell, secretary of the board of control of the Sixteenth National Irrigation Congress, returned to Albuquerque last evening from an extended visit to Denver and Chicago in the interest of the congress.

M. W. Mills, well known attorney, land owner and fruit raiser at Springer, Colfax county, registered at the Palace hotel today. He is an occasional visitor to Santa Fe on business. He is one of the best known men in northern New Mexico.

L. M. Ortiz, son of Jose S. Ortiz, a well known resident of northern Santa Fe county and who formerly resided at Albuquerque, but is now located at Chiriquito, spent yesterday and today in the city on a visit to friends and to transact personal business.

Mrs. Sullivan and Miss Sullivan, mother and sister of Mrs. H. C. Yontz, who live in a pretty orange grove, seven miles from Pasadena, California have arrived here and are guests at the residence of Mr. and Mrs. Yontz on the South Side. They will remain several weeks.

Mrs. Solomon Luna of Los Lunas, wife of Solomon Luna, president of the Bank of Commerce and chairman of the New Mexico Sheep Sanitary Board, has gone to Long Beach, California, where she will remain for the next six weeks or two months, domiciled at the Hotel Russell.

J. R. Farwell, civil engineer, some years ago a resident of this city, who has been in Los Lunas making surveys for an irrigation system which is to irrigate several thousands of acres of land in the Los Lunas valley, has finished his work and returned to Albuquerque.

Miss M. E. Disette industrial teacher of the Laguna, Pueblo Indians at the day school, at Pagnate, Valencia county, has returned to Santa Fe for the summer. She is accompanied by Doctor Laura Steele, missionary at Seboyeta, Valencia county, who saw missionary service in Turkey and Armenia, during the Armenian massacre of recent years.

Captain Jerome Kunkel, who owns a ranch near Glorieta and who has been in Kansas on a visit to relatives, reached the city Saturday and will spend the fall and winter mostly here and some time on his ranch near Glorieta. Captain Kunkel is one of the old timers in that region and a

veteran and officer of very good reputation during the civil war.

W. S. Hopewell, general manager of the New Mexico Fuel and Iron company and chairman of the board of control of the Sixteenth National Irrigation Congress, who has just returned from an extended trip to New York, Pittsburg and Chicago, spent yesterday and today in the city on business with President Robt. Law of the Santa Fe Central Railway and also looking after irrigation congress matters. He was registered at the Claire hotel.

Word has been received from Washington, D. C. that James C. Chaves, who for some time resided here, being a relative of the late Colonel J. Francisco Chaves, was married in Pittsburg, Pennsylvania, a few days ago to Miss Ala Smith, formerly a resident of Roswell, where the young man met his present wife while attending the New Mexico Military Institute. Mr. Chaves holds a responsible position in the clerical force of the national House of Representatives, which was procured for him by Delegate W. H. Andrews.

Irvin Ogden of Solano, Mora county, has arrived in the city and has taken a position on the editorial staff of the Daily New Mexican. Mr. Ogden is a newspaper man of many years experience and was the owner of an important weekly paper in one of the good sized towns in the state of Iowa, for a dozen years. He has a fine farm near Solano upon which he and his wife and child settled in March of this year. Mr. Ogden comes well recommended and proposes to make New Mexico the permanent home for himself and family. For the time being Mrs. Ogden and child will remain on the homestead near Solano. Mr. Ogden will do the city work on the New Mexican for the time being.

Jose S. Ortiz, a merchant and well-to-do farmer in the pretty valley of Chiriquito, northern Santa Fe county, was in town yesterday and today on business. He purchased goods for his store and also paid his subscription to El Nuevo Mexicano to which he is a subscriber and which he enjoys very much. It has been very dry in the Chiriquito valley and but little rain has fallen this spring but there is plenty of water for irrigation in the Rio Del Portero and the ditches have an ample supply. The fruit crop is not a good one except apples and there will be a sufficient crop of these to remunerate the growers. Mr. Ortiz has established himself in his mercantile establishment his son L. M. Ortiz. The young man speaks, reads and writes the English language fluently as he was for several years a pupil at the Manual school for the education of native boys at Albuquerque.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life; and these dimes and nickels will grow into a good large sum.

The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.

Making you free to do as you wish.

Making you and your family happy and contented.

MINOR CITY TOPICS

Weather forecast for New Mexico: Tonight local showers, cooler in south portion. Wednesday fair in west portion. Showers in southeast portion.

Mrs. Palen will not be "at home" to callers tomorrow afternoon.

Frequenters of the Plaza are warned against using the benches for a day or two as these have just been given a fresh coat of paint.

The city council will meet tonight at the court house. Quarterly accounts against the city will take up the biggest part of the session.

Company F, New Mexico National Guard, is holding practice drills every night this week preparatory to leaving for San Antonio, Texas, next Monday.

M. P. Kempenich, of Peralta, where he is in the mercantile business, has sold his clip from his own flock of sheep and the large amount of wool which he purchased a few days ago in Albuquerque. Prices are not available.

The recent term of the district court for Socorro county presided over by Judge F. W. Parker for the past four weeks was a very heavy one. The docket was nearly cleared. The term has closed and Judge Parker has returned to his home in Las Cruces.

The nice weather still continues with local showers in store for tonight. The maximum temperature yesterday was 82 degrees at 3 p. m. and the minimum temperature 55 degrees at 5 a. m. The average relative humidity for yesterday was 34 per cent. The lowest temperature during last night was 54 degrees. The temperature at 6 a. m. today was 55 degrees.

Frank A. Hubell, the well known sheep grower of Albuquerque, whose flocks range on the Gila forest reserve in Socorro county, has sold his wool clip to Brown and Adams, Boston wool dealers. A. Vanderwart, the agent of the Boston wool firm, arranged the sale. The price paid for the wool is not known but it is supposed to have been in the neighborhood of ten cents per pound and that Mr. Hubell received from twenty-five to thirty thousand dollars for his clip.

BUSY SESSION OF PROBATE COURT

Regular Session Held at Court House Yesterday—Will of Late Archbishop Presented.

The probate court for Santa Fe county was in session at the court house yesterday with Hon. Victor Ortega, probate judge in the chair, and George W. Armijo, clerk, in attendance.

The last will and testament of the late Archbishop Peter Bourgade was taken up for the purpose of probating same. A. B. Renahan, attorney for the estate, stated that Father A. Rabeyrolle had informed him it would be impossible for him to act as administrator and Attorney Renahan asked the court to name Bishop J. B. Pitaval and Very Rev. Anthony Fourchegu as administrators.

The request of S. Spitz to be released as guardian of Morton T. Seligman and Beatrice Grace Seligman was considered and the request granted.

Request of J. L. Seligman to be released as guardian of Richie and Otis Seligman was also granted.

In the matter of the last will and testament of Trinidad de Padilla, deceased, the court after having heard the evidence, letters of administration were ordered.

In the matter of the estate of Demetria Leyba it was ordered that the surviving administrator, Elegia Gutierrez, make a final report, preparatory to closing the estate.

In the matter of the application of Louisa Compos de Varreras for appointment as guardian to her insane husband, Estera Verreras, the court ordered that she be appointed as such guardian upon giving of a bond for \$300 for faithful performance of her duties.

In the matter of the information given by J. E. Gomez against Amada Maestas de Garcia, administrator for the estate of Juan Francisco Garcia, the court fixed the first Monday in September to hear the case.

TAKES A SHOT AT PEEPING TOM

Internal Revenue Collector H. P. Bardshar Could Have "Winged" Miscreant.

Last night Internal Revenue Collector H. P. Bardshar might have put an end to the career of a "Peeping Tom," who, for several months past, has been terrorizing the women of Santa Fe, but he had compassion on the fellow and only shot to scare him.

Mr. Bardshar and his wife were preparing to retire about 9:30 o'clock when Mrs. Bardshar heard a noise at one of the bedroom windows. She pulled back the shade and beheld a man crouched beneath the window. She called to Mr. Bardshar who grabbed an automatic shot gun and ran out onto the front porch. By this time the man was across the street.

Mr. Bardshar called to him to halt, but instead the fellow ran. The former shot to scare him, not wishing to kill the man.

A telephone call was sent into police headquarters and the sheriff's office, but when the officers arrived the man had made good his escape.

It is believed that the fright given the man last night will cause him to cease his nefarious work.

Range Reason

Probably every one that every looked at a range was told that it was a "Fuel Saver." Why so, because dealers realize that FUEL ECONOMY IS THE MOST Attractive feature in a range to any thoughtful buyer. Most of this economy talk is just talk, without reason but we can show you why the MONARCH will cut down your fuel bills. Ordinary cast iron and steel ranges Waste Fuel because bolts work loose, joints loosen, putty falls out and air leaks occur all over it.

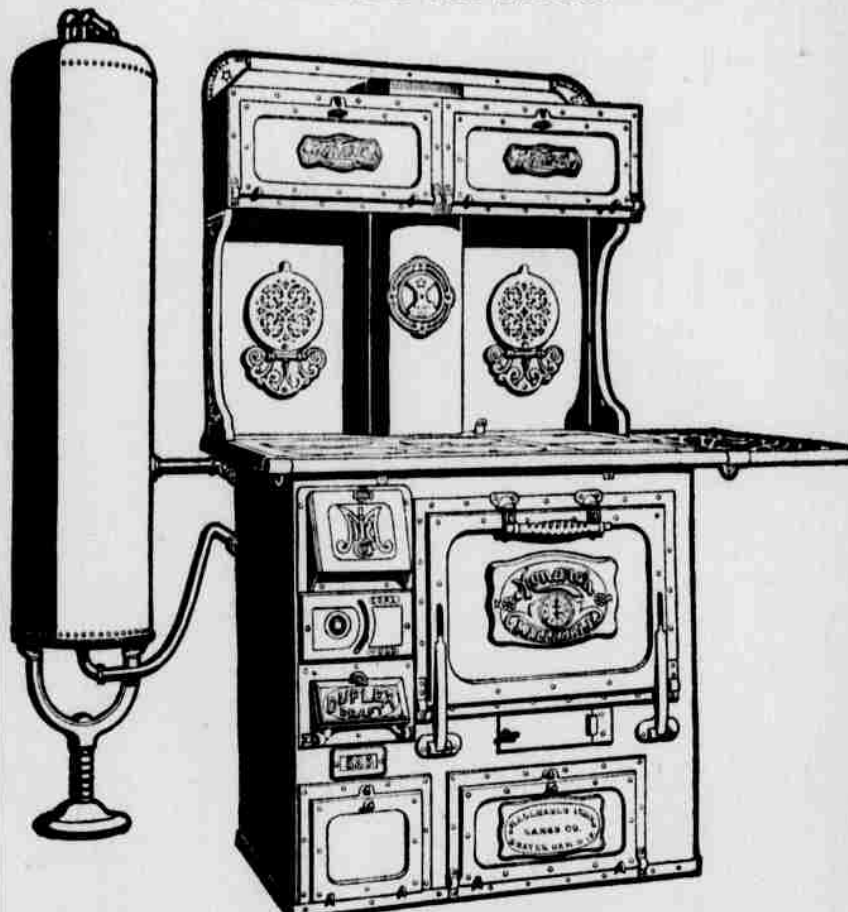

THE MONARCH MALLEABLE RANGES

Are built so they do not and never can have air leaks, for around every opening into the body of the range there is a Malleable Iron frame to which the STEEL IS RIVETED. No putty used or needed and they stay air tight.

THE STAY SATISFACTORY RANGE

POLISHED TOP, does away with blacking.
DUPLIX DRAFT, causes perfect combustion.
FULL ASBESTOS LINING, causes perfect baking.
OVEN THERMOMETER, easy to know your heat.
TRIPLE WALLS, PLANISHED STEEL, never soiled.
HEAVY VENTILATED, FIRE BOX LINING, great durability.
PIN EXTENSION WATER FRONT, large boiler capacity.
SMOOTH, DURABLE NICKLE, easily cleaned.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following prices:

Civil or Criminal \$2.75
Combined Civil and Criminal 4.00
For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

The New Mexican Printing Company has ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 75 cents; of the territorial road laws, price 50 cents; and of the territorial mining laws, price 70 cents per copy. These can be purchased by applying in person or by mail at the office of the company.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No. 20 or 30 minutes tedious boiling. "Made in a minute," says the doctor. Sold by Cartwright-Davis Co.

WEEKLY WEATHER BULLETIN

For the Week Ending Monday, July 6, 1908.

Santa Fe, New Mexico, Tuesday, July 7, 1908.

There was much less than the normal amount of rain during the week, and the weather, while moderately warm, was not as warm as is customary for this period of the year.

The mean temperature for practically every county was less than the normal. There were no temperatures that were especially low, or that were in any way injurious to vegetation, but through the week both the day and night thermometer readings were uniformly less than is usual during the latter part of June and the first of July.

The weather was partly cloudy, and scattered thunderstorms occurred in every county, except Grant and Luna. The precipitation, however, was generally light, and was of limited benefit; general rains are still needed. In several localities heavy hail and wind storms occurred on the afternoon of the 2nd. In portions of the southern half of Santa Fe county and in northwestern Eddy (in the vicinity of Hope) the hail did considerable damage, but in southeastern Guadalupe county the most serious damage was done, both by hail and wind. At Sunnyside three persons were killed and several were seriously injured. The property loss was considerable, but its exact extent is not known.

In Taos county streams are getting low; elsewhere they appear to be holding out well and there is plenty of water for irrigation.

Remarks of Observers.

Chaves Co.—Elk, Boyd Williams: Traces of rain fell on the 25th and 30th.

Colfax Co.—Springer, The Stockman: Considerable rain fell over the southern part of the county Wednesday (1st) afternoon.

Dona Ana Co.—Agricultural College, Prof. J. D. Tinsley: The afternoons and evenings were stormy, but there was only one shower; it amounted to 0.03 inch; the weather was hot, the maximum temperature being 102 degrees on the 1st.—Rincon, C. H. Raitt: Traces of rain fell on the 3d and 4th; the maximum temperature was 101 degrees on the 1st; the minimum was 57 on the 4th.

Eddy Co.—Carlsbad, W. H. Frankland: There has been a great deal of cloudy weather; the rainfall was light but it appears to have helped the valley very much.—Hope, N. L. Johnson: A rain on the 1st amounted to 0.70 inch; hail storms have occurred in this vicinity and have caused some damage.

Grant Co.—Lordsburg, J. H. McClure: Dry, warm weather continues.

Guadalupe Co.—Santa Rosa, J. L. Chapman: There were showers on the 30th, 1st and 2d.—Sunnyside: On July 2d, at 5:40 p. m., a very severe wind and hail storm occurred in southeastern Guadalupe county; the Commercial Club of Sunnyside (a town of 400 people) states officially that thirty-five houses were totally wrecked and all the others were damaged to a varying extent; three deaths were caused by the storm; the number of those seriously injured is not known definitely.

Lincoln Co.—Fort Stanton, J. E. Bergman: The weather has been dry and moderately warm.

Luna Co.—Gage, E. J. Tilley: The weather has been very warm and dry; the highest temperature was 101 degrees on the 29th; the lowest was 59 on the 1st.

McKinley Co.—Blackrock, Wm. J. Oliver: The week was very dry and unusually warm; there were no strong winds.—Manuelito, W. A. L. Tarr: The first part of the week was clear and almost calm; the latter part was cloudy and windy; there was no rain.

Otero Co.—Local showers occurred on several days of the week.

Quay Co.—San Jon, C. H. Miller: There were several light local showers during the week.

Rio Arriba Co.—Espanola, Frank D. McBride: The week was partly cloudy and there were several showers; the highest temperature was 91 degrees on the 29th and 30th; the lowest was 46 on the 4th.

Sandoval Co.—Casa Salazar, Isidoro Mora: Dry weather has prevailed.

San Juan Co.—Bloomfield, Fred LeClerc: The weather has been warm and rather windy; there were two or three light showers, but they were not heavy enough to be of any special benefit; the range is getting very dry; however, the river is high and there is plenty of water for irrigation.

San Miguel Co.—Las Vegas, Dr. Wm. C. Bailey: The days have been cooler; precipitation to the amount of 0.37 inch occurred, mostly in the early part of the week, and was of benefit.

Santa Fe Co.—Santa Fe, U. S. Weather Bureau: The weather was partly cloudy and cool; several light local showers occurred; there was a little hail on the 2d; in localities of the southern half of the county the hail was heavy and destructive.

Sierra Co.—Lake Valley, Wm. P. Keil: The week opened with warm, dry winds; there were heavy winds on the 2d and 3d and a thunder storm on the 3d; the total precipitation was 0.08 inch; more moisture is greatly needed.

Socorro Co.—Rosendale, W. H. Martin: 0.01 inch of rain fell on the 30th.

Taos Co.—Taos, G. A. Dennis: The hot weather and high winds have taken the snow, causing the Lucero to dry up, which will cause a hardship to users from that stream; water generally is becoming scarce.

Torrance Co.—Mrs. John W. Corbett: There was no rain during the week.

Union Co.—Folsom, Jackson Tabor: The weather continues dry and cool; there have been some local thunder showers, but no general rain; the maximum temperature was 90 degrees and the minimum was 48.

Valencia Co.—Laguna, Gus. Weiss: There has been no rain since June 27th.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other Remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It always can be depended upon even in the most severe and dangerous cases. For sale by all druggists.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor: Every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

DRINKING BOUT RESULTS IN KILLING AT OROGRANDE.

Orogrande, N. M., July 7.—As a result of a shooting scrape which followed a drinking bout here, Catarino Ramirez and Ramon Garcia are in jail at Alamogordo, and Francisco Barros is dead. Ramirez it is alleged did the shooting, while Garcia claims only to have been a witness. The accused men will have their preliminary hearing on July 11.

BRAKEMAN IS CUT IN TWO BY TRAIN.

Deming, N. M., July 7.—Brakeman Peterson, of the Santa Fe railway, while uncoupling the water car from a train at Nutt station, at 7:30 o'clock last evening, slipped and fell under the moving train. He fell squarely over the rails and was cut entirely in two before the train could be stopped. Peterson was a brother of Engineer Peterson of the Rio Grande division.

HERE'S THE PROOF.

But Besides Catarrh, Hyomei Cures Grip, Coughs and Colds, Croup and Asthma.

Read: If You are a Sufferer From Catarrh, Reason and Reflect.

"My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm, and was in a horrible condition. However, I am entirely cured solely through the use of Hyomei."

Dr. Philip Z. Hart, Laconia, N. H. Reader, this is one of thousands of testimonials praising the marvelous curative power of Hyomei. If you are a sufferer, why not try it. The Ireland Pharmacy guarantees it and will refund your money if it fails to cure. Hyomei is not a stomach nostrum; it is dry antiseptic and medicated air, and all you have to do to cure any disease of the nose, throat or lungs, is to breathe it in through the Hyomei inhaler. A Hyomei outfit, including a scientific inhaler, only costs \$1.00. Get one today. Subsequent treatment is only 50 cents a bottle. Get one now at The Ireland Pharmacy. They take all the risk. They guarantee it.

(Continued From Page Four.)

Probate Judge Victor Ortega, who yesterday presided over the sessions of the probate court, left this forenoon for his home.

Traveling Auditor Charles V. Sanford who has been in the central part of the territory on official business has returned to the capital.

H. M. Dougherty, one of the leading attorneys of central New Mexico who resides in Socorro, spent the day in the city in consultation with Mr. Cobbey. Mr. Dougherty is one of the members of the commission to revise the statutes and his part of the work was looked over this morning by Mr. Cobbey and himself.

Territorial Engineer Vernon L. Sullivan left today for the Pecos and Sacramento valleys in the southern part of the territory, where he will inspect the entire hydrographical survey of the Hondo river. On the 13th instant Mr. Sullivan will be at Lake-wood to hold a hearing on several applications for water rights and on the 15th a similar hearing will be held at Alamogordo. There are a dozen or more applicants who desire to appropriate the waters of that section for irrigation purposes and also many who are protesting against the granting of these water rights. Four or five attorneys will be present at the hearing and from all indications both sides put up a vigorous fight.

William F. Saunders and son, William, and niece, Miss Alexia Durant, reached the city yesterday from a four weeks' sojourn near the Winsor ranch at the Durant cottage on the Pecos National Forest. They are in splendid health and Mr. Saunders says he has never enjoyed an outing in his life as much as he has the one from which he is now returning. He is a very, very busy man in St. Louis and took this visit to the Pecos forest for the purpose of rest and recreation and to be ready for a hard fall and winter's work in the important positions which he occupies, namely, secretary of the St. Louis Business Men's League, one of the most important and influential commercial aggregations in the country, and secretary of the Lakes to the Gulf Deep Waterways association which is now arranging for another convention in Chicago for the purpose of pursuing the project of constructing a deep waterway from Chicago to the gulf via St. Louis.

Minor City Topics.

(Continued From Page Five.)

Reports were received here today of a heavy rain at and in the vicinity of Albuquerque last night, the precipitation at Albuquerque being over half an inch. A severe hail and rain storm is also reported to have occurred at San Marcial yesterday afternoon.

Pablo Gonzales, the well known hunter and fisherman of the Pecos, offers his services to parties of tourists, fishermen and campers, as guide and general camp man and handy man. Knows the trails and is thoroughly experienced in this kind of work. Has his own horse, will come to Santa Fe and other points and take charge of all arrangements for trips or camping in the Pecos country. Write to him at Cowles postoffice.

MORELL LAW TRAFFIC MANAGER OF CENTRAL

Announcement of Appointment of New Official Made Today—S. B. Grimshaw Resigns.

Important changes in the management of the Santa Fe Central railway have just taken place. Robt. Law has been elected president of the Santa Fe Central Railway company and of the Albuquerque Eastern Railway company subject to the merger of these two roads into the New Mexico Central railroad company which will take place September 3d. Mr. Law succeeded General Francis J. Torrance as president of the Santa Fe Central Railway company and of the Albuquerque Eastern Railway company. Under the new management the following circular by President Robt. Law was issued today:

"The Santa Fe Central Railway Company.
"The Albuquerque Eastern Railway Company.
"Office of the President.
"Santa Fe, N. M., July 7th, 1908.

"Effective this date, Mr. Morell Law is appointed traffic manager of these lines with office at Santa Fe.
"On September 3d, 1908, the above companies will have been consolidated and thereafter known as the New Mexico Central Railroad.

"ROBT. LAW,
"President."

The New Traffic Manager.
Morell Law, the new traffic manager, has been for the past several years general agent of the Colorado Midland railway and until recently was general southwestern agent of the Lackawanna lines at Kansas City, Missouri. He has been in the railroad service over fifteen years and bears a high reputation as a competent and experienced railroad man. S. B. Grimshaw, who for the past three years has been assistant to the president and general manager of the roads named, tendered his resignation this morning and Traffic Manager Morell Law took charge of the various

offices which will be under his control. President Robt. Law has assumed the duties of president.

Mr. Grimshaw May Remain Here.

Mr. Grimshaw when seen today by a representative of the New Mexican had not decided upon his future course. During his connection with the Santa Fe Central and the Albuquerque Eastern and his residence in this city he has become very popular and his friends are legion. It is hoped he will continue to make Santa Fe his home. However, he has received flattering offers from several railroads which should he accept would necessitate his leaving here. But he likes Santa Fe and does not desire to leave if he can make other arrangements. The New Mexican hopes this will be the case and that Mr. Grimshaw will continue to be a resident of this city. At any rate, Mr. Grimshaw will for the present take a much needed vacation. He bespeaks for the new management of the Santa Fe Central the same hearty co-operation that has been shown him by the business interests of Santa Fe.

ATLANTIC FLEET ON ITS RETURN

Continued From Page One.

around the world, when the men are worn by a stretch of seventeen successive days out of sight of land, will tend to make it all the more welcome.

To Visit Australia.

Perhaps the greatest of all the entertainments to be given the men of the fleet in any foreign city, however, will be waiting their arrival at Sydney, the great port of Australia, where the warships after leaving Auckland on August 15, will arrive on August 20. Half a million dollars is the sum the government of Australia and the people of Sydney have appropriated for the entertainment of the American sailors. Varied and many are the pleasing features the Australians have planned and placed in store for them, during the nine days of their stay at that port. The government will take an active part in these entertainments those in the official life of the colony vying with private citizens in efforts to display their hospitality. A series of elaborate social functions for the officers, and parades and excursions and sports for the enlisted men comprise the program.

Melbourne and Albany are two other ports of Australia where the fleet will stop, and where open-handed hospitality and lavish entertainment will be given the men. From the port of Albany the fleet will steam on September 17 for Manila, and it will arrive in these American waters, the last home port until Hampton Roads, on October 1st.

The reception to be accorded the fleet in Manila will be a striking one and the entertainment of the officers and men ashore will be as cordial and heartfelt, if not as elaborate, as the receptions at other places. The American colony in Manila is looking forward to the event with fervent anticipation. A large fund has been subscribed and committees are at work on the preparations.

Great interest is felt in the fleet's visit to Japan. Proceeding to Yokohama from Manila, the fleet will arrive there on October 17. Here, on October 24 it will be divided, the first squadron returning October 31 to Manila, where it will arrive October 29. The promise is that the welcome to be given the Americans in Yokohama will not be second in graciousness at least, to anything met with at any part previously touched; for it is upon the special invitation of the Emperor of Japan that the fleet goes there. Elaborate functions at court, and social affairs, will be held for the officers of the fleet.

To Stop at Chinese Port.

At Amoy, China, the reception will doubtless be the occasion of a great celebration characteristic of the Chinese. The two squadrons of the fleet will be brought together again at Manila on November 7th, and the departure thence for Aden, and the passage of the Suez will take place within the following few days, the exact date not yet having been determined.

The ships of the Pacific fleet, which assembled here previously to the departure of the battleships for Hampton Roads, will remain in this harbor until August 5, at which time they will start for Samoa and the Philippines, with the little black boats comprising the Atlantic and Pacific torpedo flotillas in tow. Preparatory to this summer voyage of the Pacific fleet, a squadron of the cruisers will take some of the torpedo boats in tow, and steam down the Pacific coast as far as San Diego by way of a test of the possibility of towing the little craft for long distances. The towing to Samoa and the Philippines is contingent upon the success of this experiment.

Admiral Dayton, now in command of the Pacific fleet, will retire on August 1, and it is considered probable that Admiral Swinburne will succeed him in command of the Pacific fleet and take it across the Pacific and back. Following is a complete list of the Atlantic fleet, the commanding officers and the formation of the various divisions:

Atlantic Fleet.

Rear Admiral Charles S. Sperry, commander-in-chief. First squadron, first division—Connecticut, (flagship of Sperry), Capt. Hugo Osterhaus; 24 guns, 16,000 tons displacement; 16,500 horsepower; speed 18 knots.
