According to a report released Aug. 6 by the National Statistics Institute (INE), in the first half of 1991 manufactures output increased 3% compared to the same period last year. In June 1991, sectoral production was up 7.6% over the 1990 figure. Manufactures sales receipts over the first six months of 1991 increased 5% compared to January-June 1990. The highest growth rates were recorded for rubber products, leather and footwear, and the publishing industry. (Source: AFP, 08/06/91)
