HEARST WILL DICTATE POLICIES

**He is Official Head
of Independence
Party**

DELEGATES IN CHICAGO

**National Convention to Select
Ticket Will Open Its Ses-
sions This Evening.**

Chicago, July 27.—The delegates continued to arrive today to attend the national convention of the independence party which will assemble tonight at 8 o'clock in Orchestra Hall. William Randolph Hearst, who is to act as temporary chairman, has thus far been the dominant factor in the party's councils and his speech will sound the keynote of the party's policies throughout the coming campaign.

Thomas S. Higgs, of Massachusetts and Milton W. Howard, of Alabama, seem to be the leading candidates for the presidential nomination. Higgs being strongly supported by the Eastern delegations while the South and portions of the West are inclined towards Howard. According to Hearst, the fight is open and the nomination will not be dictated or influenced in any manner.

Charles R. Walsh, of Iowa, for many years secretary of the Democratic national committee will be permanent chairman of the convention. The platform, it is expected, will contain a radical declaration for an anti-injunction law.

Among the delegations arriving today was that of New Mexico. The Nevada delegates announced that they would make a strong fight for J. C. Hagerman for the vice-presidential nomination. The sentiment is strong among the delegates against fusion with either the Democratic or Republican party.

ANOTHER BIG MINING DEAL IN GRANT COUNTY.

Silver City, N. M., July 27.—Confirmation of the sale of the Consolidated Mining company's properties in the Mogollon mining district, consisting of the Little Fannie group, the Consolidated group, the Eberlie properties and several adjoining claims, comprising altogether about three hundred acres has been received in this city. This is the second big mining deal closed here during the past thirty days.

The name of the new corporation will be the Socorro Mining company with Cooney and Weatherby in active charge. The plans are to push development work as fast as possible. The main working shaft of the Little Fannie group is down 520 feet and will be continued to 1,000 feet. On the 500 foot level the ore body has been cross-cut and is 29 feet six inches wide. The ore is of high grade, two-thirds of its value being in gold.

The capitalization of the new company will be \$6,000,000. A 500-ton cyanide plant will be installed as rapidly as money can place it. An electric plant of 1,500 horse power will be located on Whitewater creek.

AMERICAN AUTO NEARS END OF ITS JOURNEY.

Berlin, July 27.—The American car in the New York to Paris race arrived here at 8 o'clock this morning. The German car arrived yesterday, but because it has violated the rules governing the race it will not proceed further, but will remain here. The American car will continue on to Paris where it will be declared the winner of the greatest automobile endurance race in the history of the world.

SEVENTEENTH ANNUAL PEACE CONFERENCE

London, July 27.—The seventeenth annual peace conference organized by the Society of Friends assembled here today. Over one hundred societies in sixteen different countries are represented. King Edward and Queen Alexandra received the delegates at Buckingham Palace. Several delegates present delivered addresses. King Edward made reply, and in conclusion said: "I pray the blessings of God may attend your labors."

BRYAN RECEIVES BIG OVATION AT DES MOINES.

Des Moines, Ia., July 27.—When William J. Bryan passed through this city early this morning he was greeted by a thousand people and was literally carried from the train to an express truck under the station shed. People cheered and fought through the jam to hear his five-minute speech. Bryan promised to come to Iowa during the campaign and speak at length.

RENDERS DECISION IN RIO MIMBRES CASE

**Court Finds for Defendants as to
Three of Points Made and De-
clines to Grant Injunction.**

Judge John R. McFie, presiding judge of the First judicial district court, today announced his decision in the case of the Rio Mimbres Irrigation company vs. Robert P. Ervien, territorial land commissioner, and the United States of America, wherein an injunction was prayed for by the irrigation company, restraining the territory and the land commissioner from cancelling the contracts for lands under an irrigation project, for violation of contract. The court finds in favor of the defendants and refuses to issue the injunction but at the same time holds that the plaintiff is entitled to its day in court to determine the equities in case of cancellation of the contracts. The opinion follows in full:

The Court's Opinion.
The case was before the court on a demurrer by the Territory and petition for intervention by the United States and not upon its trial merits. The decision of the court is therefore upon the pleadings.

The court finds in favor of the defendants as to three of the points made:

First. That while the grant by Congress conveyed the lands to the territory, three trust conditions were imposed for a violation of which a forfeiture might be declared on the option of the United States; first, the lands could not be leased in larger quantities than one section; second, they could not be sold for less than \$1.25 per acre nor more than 100 acres to one purchaser, and third, the proceeds of sales and leases must be used to secure the construction of permanent water reservoirs for the irrigation of the lands, that the funds must be used by way of investment or upon securities obtained and not by donation to private persons or corporations without any beneficial interest being secured, and all disbursements must be made upon approval of the secretary of the interior. It was further held that Congress had the power to impose such conditions.

Second. That the original contracts of June 7th, 1901 and of July 1st, 1901, were executed under the act of the legislature of 1899, as amended by the act of 1901; that both of these acts were repealed by the act of March 16th, 1905, which latter act constituted a new law for the disposition of these lands. That the contracts of December 5th, 1905 and of April 7th, 1906, while purporting to be extensions of the old contracts were, in law, new contracts and must be governed by the law of 1905, in force at the time they were executed. That inasmuch as they provided for the sale of the lands at \$1.50 per acre, while the new law made \$3 per acre the minimum price at which the lands could be sold, the contracts being in violation of this law and are void.

Third. The act of 1901 provided that the lands should be located and selected so that they might become subject to irrigation, that the territory might receive the benefit of the enhancement of their value but all of the contracts provided that the lands shall be sold for \$1.50 per acre for ten years and only to such purchasers as the Rio Mimbres company may present, thus depriving the territory of the benefit of the enhancement of their value for ten years after they become irrigable, the same time placing it in the power of the company to obtain all enhancement in value, by the provision that the lands cannot be sold to any other person than those who apply through the company, for ten years.

In the decision which sustains the demurrer upon some points the court states that while there seem to be equities in favor of the company, they cannot be reached at this time, but that they may be reached during the further progress, the equities being based upon payments made and work done under some of the contracts.

The court further holds that the merits of the litigation are between the territory and the company; that the United States is practically a nominal party, as it has not applied for a forfeiture for conditions broken, but as at least two of the trust conditions will be broken if the contracts are carried out under their present conditions, the United States is a party in interest and under the code and other laws has a right to be made a party in this litigation. The decision is an exhaustive one, covering thirty-one pages of type-written matter, covering every point in the case.

The company sought to enjoin the territory and commissioner of public lands from cancelling the contracts, but for the reasons stated the court declines to grant the injunction, but holds, that the company is entitled to its day in court to determine the equities in case of cancellation of the contracts.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

BIG IRRIGATION PROJECT ON THE ARROYO HONDO

**Dam and Reservoir to Be Constructed
on This Stream to Cost
\$60,000.**

WILL RECLAIM VAST ACREAGE OF FINE AGRICULTURE LAND

**Company Headed by Chicago Capitalists in Charge of
the Enterprise—Construction to Begin
Immediately.**

A contract has been let for the erection of a \$60,000 dam and reservoir on the Arroyo Hondo, six miles south of Santa Fe on the De Vargas Sebastian land grant, which is now in the hands of the Santa Fe Irrigation and Improvement company. This company is controlled by Chicago capitalists and Daniel J. Splane, of Chicago, is president and general manager of the corporation. For the past two months Civil Engineers Corbett and Smythe of this city have been at work making the preliminary surveys for the proposed reservoir and dam and they have just completed this work.

Corbett and Smythe have also secured the contract for the construction of the dam and canals. The dam will be located on the southwest quarter of Section 12, Township 16 north, Range 10 East. According to the plans and specifications the height of the storage reservoir will be 130 feet; length 600 feet; length of dam at bottom, 100 feet and it is to be constructed of reinforced concrete. The size of the headgate is to be a twelve-inch pipe. The width of the canal at the bottom is to be six feet. The total length of the main canal is to be six miles and the average grade, according to the estimates is one foot per each 1,000 feet.

The water from the Arroyo Hondo will be diverted into surface ditches, which are to be three feet wide at the bottom and five feet at the top with an average depth of three feet.

Over six thousand acres of the richest soil in Santa Fe county will be placed under irrigation from this reservoir. The land is being surveyed into five, ten and twenty acre tracts and after the construction work on the dam is well under way the land will be placed on the market.

The work on the dam will be commenced this week and cement and other material to be used in its construction have been ordered. The Santa Fe railway has a crew of men at work erecting a side track, where the material will be unloaded and then hauled by team a distance of one mile to the dam site.

Corbett and Smythe, the contractors, when seen by a New Mexican reporter this morning stated that they expected to have a crew of men at the dam site by Wednesday and employment will be given to at least twenty-five men.

President and General Manager Daniel Splane, who is now in Chicago, will arrive from the Windy City on about August 5th and will be on the ground until the works are completed. Mr. Splane is planning to sell most of the tracts surveyed to eastern people and will bring a party to inspect the project sometime this fall.

OTTO DIECKMANN IS THIRD MEMBER

**Governor Appoints Duke City Man to
Serve on Republican Central Com-
mittee of Bernalillo County.**

In conformity with the power vested in Governor George Curry to appoint a third member of the committee of Bernalillo county Republicans, which committee is to act as a Republican county central committee and to take the place of the two committees heretofore in existence and acting, namely the central committee of the regular Republican party and the central committee of the Independent Republican faction, Governor Curry has made such appointment by naming Hon. Otto Dieckmann, a well known citizen, a Republican and a business man of fine standing in Albuquerque, as such member. The action in making this appointment was solely guided by what he considered the best interests of the Republican party of Bernalillo county as a whole. His letter reads:

"Santa Fe, July 27, 1908.
"Sir—In accordance with resolution passed by the territorial Republican central committee, at its meeting held in the city of Albuquerque, July 10th, 1908, copy of which resolution is herewith enclosed, I appoint you as the third member of the committee referred to in said resolution.

"In making this appointment I have been governed by a desire to unite the Republican party in Bernalillo county, and I sincerely hope that you will work to that end. Your standing in the community both as a business man and as a party man warrants me in the belief that you will do this.

"Mr. Grunsted and Mr. Dobson, the other two members of the committee, are men of high standing, and I am satisfied that all three of you will be prompted by the single desire to unite your party and achieve victory at the November election. This can only be done by absolute fairness in the convention and by the nomination of strong, clean men for county and territorial offices.

"I am,
"Respectfully yours,
"GEORGE CURRY."
"Governor of New Mexico."
"HON. OTTO DIECKMANN,"
"Albuquerque, N. M."

ELECTROCUTED WHILE GETTING INTO BATH TUB

Manila, P. I., July 27.—Lieutenant Oswald, of the Twenty-ninth Infantry, met instant death here today by accidental electrocution. He had just stepped into a bath tub when he came in contact with a live wire, in turning on the lighting current.

RIO ARRIBA COUNTY FOR W. H. ANDREWS

**Prominent Citizen of Tusas Says He
Can Poll More Votes Than Any
Other Man.**

Juan P. Gallegos, who came to the city last week from Tusas, Rio Arriba county, to make an original home-stand entry on a piece of land located near Tusas, returned home this morning. He was seen by a New Mexican reporter while here and was asked about conditions in general in his county. Mr. Gallegos said that the crops were doing better than could be expected taking into consideration the dry weather. The recent rains have helped the crops some, but in that section of the territory rain has not been as plentiful as it has been elsewhere.

"What are you people going to do politically this year?" Mr. Gallegos was asked.

"Well," he hesitated, "I do not know."

"I suppose you are all Democrats?" the inquisitive reporter queried.

"Oh, no," was the reply. "The people of Rio Arriba county are true blue to Republican principals and in my neighborhood to my knowledge there are only two or three Democrats."

"How is the situation for delegate to the 61st Congress?" Mr. Gallegos was asked.

"Larrazolo will cut very little figure in our county this year as we are going to support the Republican nominee who ever he may be, but Delegate W. H. Andrews can poll more votes there than any other man the Republican party can put up as their candidate. The people of Rio Arriba county are anxious for statehood and they feel assured that our present hard-working delegate can and will bring it about. The people of our county appreciate the good record made by Delegate Andrews and in my opinion he is entitled to another term."

FORMER POPULIST LEADER WORKING IN BRYAN'S BEHALF

Des Moines, Ia., July 27.—General James B. Weaver, populist candidate for the presidency in 1892, joined William J. Bryan on the train at Colfax, Iowa, this morning and they talked over the political situation. Weaver is a strong friend of Bryan and joined the Democratic party some time ago.

FRENCH PRESIDENT IN RUSSIAN PORT.

Reveal, July 27.—The French naval division accompanying President Faillieres of France, who was to meet Emperor Nicholas off this port, entered the harbor here this afternoon.

REPUBLICAN VICTORY ASSURES STATEHOOD

**Every State Represented at Colorado
Springs Conference Pledged Sup-
port of its Representatives.**

(Special Correspondence of the New Mexican.)

Socorro, N. M., July 27.—Per instructions your correspondent called upon Hon. H. O. Bursum, mayor of this city and chairman of the Republican territorial central committee, who was a delegate from the territory to the Chicago national Republican convention and who also attended the meeting of members of the Republican national committee and chairman of state committees of western states and territories at Colorado Springs last week.

Mayor Bursum impressed your correspondent at this first meeting as a big man physically, with lots of brains, lots of nerve, lots of brawn and lots of good temper and geniality. He is a well read and thoroughly posted citizen and understands political conditions in the West and especially in New Mexico very thoroughly. He is evidently a keen observer and a man of solid judgment.

Referring to the recent meeting at Colorado Springs, Mayor Bursum was asked his opinion as to its advisability and its results and what effect the consultation and the action that would flow from it would have in the coming campaign. Mayor Bursum said:

"The meeting at Colorado Springs was a success. It brought the bonds of friendship and relationship between the states west of the Missouri closer than ever before. Chairman Hitchcock should be commended for inaugurating a new policy which gives prominent recognition to the great West as a potential factor in determining the destinies of the nation. For the first time in history has a chairman of the national committee traveled so far West for the purpose of inviting a conference from all of the Western states with reference to national policies. The national committee is taking a keen interest in the political affairs of the territory.

"The territory of New Mexico at this time is looked upon with the same friendship as that of the new voter. New Mexico is about to become a new voter in the electoral college. This fact is fully appreciated by the chairman of the national committee, therefore the keen interest to secure Republican supremacy in the territory. Every state, without exception, enthusiastically pledged the support of their representatives for the admission of New Mexico as a state.

"Should the West cast its electoral vote solidly for Taft, it will mean that present influences will control in the selection of the national administration for some time to come. The last convention was controlled without the support of New York, a majority of New England, Indiana, Illinois and Wisconsin. If the West makes good, she will continue to be in the saddle. Her importance will continue to grow. If she falls, eastern influence will again predominate. These facts were keenly appreciated by those representing the states west of the Missouri at the conference.

"The automobile accident was not at all serious. It may be possible that the machine was damaged, but the occupants were not even scratched. We had a splendid time and were magnificently entertained. We listened attentively to the ideas and suggestions made by the 'war horses' and for this unprecedented recognition we feel sincerely thankful to the national chairman, Hon. Frank H. Hitchcock."

TAFT READY FOR HIS NOTIFICATION

**Cincinnati Presents Gala Appearance
in Honor of Big Doings on
Tomorrow.**

Cincinnati, July 27.—Judge W. H. Taft spent a busy day here in verbal conferences and in making final preparations for the notification ceremonies tomorrow. All incoming trains today carried many state leaders, besides members of the notification committee and visitors. The decorations give the city a gala appearance.

PRESIDENT DIAZ GRANTS CONCESSIONS.

New York, July 27.—Arrangements are being made for the reception and entertainment of the Mexican commissioners who, with A. L. Santa Cruz chief of staff to President Diaz, will settle the dispute over American concessions in Mexico and at the same time will deliver valuable concessions which have been conceded by Diaz to the American promoters. They are expected here Wednesday.

PIONEER OF LAS VEGAS IS CLAIMED BY DEATH

Special to the New Mexican.
East Las Vegas, N. M., July 27.—Mrs. Anna Herzog, for thirty years a resident of this city, died at her home here this morning of hemorrhage of the brain. She was a native of Germany.

DUTCH MAY LICK CASTRO

**Cruiser Dispatched
to Venezuela Post
Haste**

RIOTING AT WILLEMSUEAD

**Angry Colonists Send Minis-
ter From Upstart Repub-
lic Home.**

Willemstad, Island of Curacao, July 27.—The serious nature of the situation that has arisen between the Netherlands and Venezuela was emphasized today by the issuance of orders to the Dutch cruiser Gelderland to proceed at once to Venezuela and protect Dutch interests there. The cruiser received orders to return to Venezuela a few hours after bringing Minister De Reus from that country. The departure of the Venezuelan consul from here has resulted in the cessation of the riots which grew out of the anti-Venezuelan demonstrations here Saturday and yesterday.

Great joy was manifested by the population here today when it became known that the Venezuelan consul, Senor Lopez, who took refuge in the German consulate after a mob of Curacao natives had stormed the Venezuelan consulate, had taken passage for Porto Rabello on a steamer that arrived last evening and which today proceeded for Venezuela. This afternoon the consul's wife and children were escorted to a steamer. They were not molested. The consul himself was saved from injury by troops. All is now quiet and the troops have been withdrawn.

SUCCESSFUL FARMING AROUND M'INTOSH

**Potatoes, Sugar Beets and Feedstuffs
Being Raised in Abundance—
Fine Rains Help Crops.**

Farmers in the McIntosh district in Torrance county promise to carry off the honors for the best crops in the Estancia Valley section this year. While all the crops they have planted have not been successful, yet the yields in some instances have been so gratifying, that all doubt as to the ultimate success of the valley as an agricultural section has been dispelled.

F. J. Barbee, formerly connected with the Santa Fe Central Railway company in this city, but who is now located at McIntosh where he is interested in a mercantile store, was in Santa Fe today, showing some samples of what can be raised in McIntosh and vicinity.

Among these samples were three varieties of sugar beets, the white, pink and dark red, the ordinary butter beet and potatoes. The samples were excellent ones and in every instance they were raised on unirrigated land. The potatoes were especially fine and according to Mr. Barbee this will be the banner crop of that section this season, as potatoes were planted in abundance. The samples he was showing were raised within half a mile of McIntosh on the farm of Mr. Eckley.

Mr. Barbee stated that the July rains have gladdened the hearts of the dry farmers there and have caused all crops to take on new life. On Saturday last a very heavy rain visited McIntosh and vicinity and the water for a time ran six inches deep in the streets of that town.

While the rains came too late to help the early wheat crop, they have saved the other crops and it is believed that enough foodstuffs will be raised to supply the local demand, although hundreds of new settlers are expected to locate in the Estancia valley this fall and winter. Even now the immigration is large for this time of the year.

The flour mill which is being built at McIntosh by a stock company composed of citizens there is rapidly nearing completion and will be finished in time to handle the fall wheat crop. It is to cost \$10,000 and the structure itself is very imposing, being three stories in height. It gives the little town quite a metropolitan appearance.

Mr. Barbee, although a new resident there, is one of the town's most enthusiastic boosters and believes that in a few years that section will be one of the banner agricultural districts in the territory and McIntosh one of the most thriving towns of the valley.

FAIRBANKS TO DINE WITH PRINCE OF WALES.

Quebec, July 27.—The Prince of Wales today visited the old French-Canadian village of St. Joachim. Vice-President Fairbanks has accepted an invitation to dine with the Prince at the Citadel tomorrow night.

THE REPUBLICAN NATIONAL TICKET.

For President—William Howard Taft, of Ohio
For Vice-President—James Schoolcraft Sherman, of New York

REPUBLICANS OF BERNALILLO COUNTY GETTING TOGETHER.

Referring to the efforts now being made for unity in Republican ranks in the county of Bernalillo, the Albuquerque Citizen in its issue of last Saturday discusses them very fairly and clearly and the reasoning in the editorial is pertinent and sound.

The Republicans all over the territory, those who desire statehood and who are loyal to their party principles, would be greatly pleased were the plans set forth in the editorial adopted and carried into effect as they should be. With cohesion and united action and tickets composed of honorable and well known citizens the Republicans would sweep Bernalillo county by the largest majority ever given there to their party.

Republican success in Bernalillo would also be a great factor in securing statehood and other beneficial laws from the Sixty-first Congress. The statehood sentiment is strong in the Duke City and in Bernalillo county as well as in all the counties in central New Mexico.

The plan for union is as fair as can be devised and it should be adopted. The Citizen's editorial is well worth reading and is deserving of serious and favorable consideration. The Citizen says:

"The appointment by Chairman H. O. Bursum of the Republican central committee of Colonel E. W. Dobson and Alfred Grunfeld, of this city, to represent the regulars and Independents appears to meet with general approval. The two were selected from lists of five each presented by the opposing sides, and they appear to have every qualification to insure fair play at the primaries, which is all that is desired.

"Much interest is shown in the appointment of the third member of the commission to be named by the governor. Thus far, Governor Curry has not intimated to any one who he will appoint.

"A suggestion has been made, which appears to find favor with both regulars and Independents, to the effect that the governor select the third man from some county in New Mexico, other than Bernalillo.

"The suggestion appears to be a good one, and the Citizen believes it should be brought to the attention of the governor before he finally decides upon his appointee.

"While there are a great many men in the county who could take the difficult position and handle it with absolute impartiality, there might be a disposition on the part of some one to offer unjust criticism and thereby create further disruption.

"On the other hand, if the governor selected a foreign member of the commission, who would know nothing whatever of the factional issues and who would be acceptable to all concerned, the position of the third member of the commission would be made a much easier one and the question of fair play at the primaries would be absolutely beyond attack.

"Another suggestion which would seem a fair one is that each side to the controversy name a judge, a teller and a challenger at the polls.

"This, it is believed, would tend to minimize the chances for any after charges or criticisms.

"These, however, are only suggestions, and the Citizen merely presents them for the consideration of the Republican voters.

"This paper is for harmony, first, last and all the time, if it can be honestly obtained, and is willing to acquiesce in anything reasonable towards that end.

"The appointment of the third member of the commission is a delicate job not only for the commissioner, but especially for the governor.

"If the governor is allowed to select a commissioner from some other county, which is his privilege under the resolution, adopted by the executive committee, his task will be rendered much easier, the commissioner will find his work much easier, and the chances for further disturbance over factionalism will be greatly reduced.

"The vital thing now is for every Republican to enter the present primaries in good faith, let fairness and not prejudice rule and for all to abide by the results, as shown by a majority of the Republican voters.

"If this is done, under a commission which will absolutely insure fair play at the primaries, the long standing differences in this county can be speedily wiped out.

"Let us all work for harmony."

THE RECORD OF DELEGATE ANDREWS A STRONG BULWARK.

The Sun, the new daily evening paper in the Duke City, despite three libel suits pending against it and connected to do it injury by the newspaper enemies in its town and in its party shines more brightly than ever and many of its editorial rays are plenty good and interesting enough, as well as timely and nifty, for republication in Republican newspapers. The Sun although consistently Democratic, nevertheless has the independence and good sense to recognize that the very best policy for the people of the territory in general and for the Republican party in particular is to re-nominate and elect Delegate W. H. Andrews. The Sun evidently is keeping track of public opinion and finds that this is very favorable to Delegate Andrews and is constantly increasing. The Sun is an ardent advocate of statehood and wants to be in the swim. In a recent editorial under the heading "Spies Heartbroken," the Sun, with characteristic nerve, places the situation before its readers from its standpoint in the following well written and well considered editorial:

"The Hon. C. A. Spies has returned to Las Vegas from Taos county, very much downcast at the result of his visit.

"The brilliant attorney has finished a hard-fought campaign. We can judge of his enthusiasm, when it got the better of his keen judgment. To cross swords with Andrews in this campaign would be considered foolhardy in men of less calibre than Spies, Mann and Catron.

"The record of Andrews stands like a mighty barrier against all comers.

"It was good that such a spirited campaign was indulged in, for it shows Larrazolo will be lost sight of when such men as Catron, Spies and Judge Mann come out for Andrews after the formal nomination.

"The silent delegate has made friends throughout the whole territory. He returns home to Albuquerque after having wound up his campaign. Nothing is now left but to wait for his nomination on the first ballot.

"A nomination with such antagonists debating every inch of ground with the venerable delegate is sufficient to show the people that in Andrews we have a determined and fearless fighter.

"Many were willing four weeks ago to predict his defeat. The Sun took up his cause in the face of widespread newspaper unfavorable predictions. We claim not a particle of credit for his assured nomination, but we feel proud that we had sense enough and courage enough to come out for a man whom we disagree with on national political principles.

"His advancement we considered the advancement of all the territory. After we become a state it is time enough to differ with his party on questions that will vitally interest us. For the present it is the duty of all Democrats to rise above nonsensical and artificial issues, as nothing of a Jeffersonian element is present except it is Andrewsward.

"It would be as logical for such men as Fitzhugh Lee, Hobson, Bagley and thousands of northern Democrats to have said at the outbreak of the Spanish war: 'This is none of our affair, let the Republicans attend to the Spaniards,' as it is for Democrats to say now: 'Statehood is none of our business; we want to elect Larrazolo in spite of our own loss thereby.'

TORRANCE REPUBLICANS SHOULD INSTRUCT FOR ANDREWS.

The Moriarty Messenger, published in a growing and enterprising village in the northern part of Torrance county, advocates that the Republicans of Torrance county send a delegation to the Republican territorial convention which shall be instructed to vote for Delegate W. H. Andrews as the Republican candidate for the next Congress. The reasoning of the Messenger is cogent, sensible and timely. The people of Torrance county are under great obligations to the delegate and should regard these in a fair and manly manner by aiding in his nomination in every way and thereafter in his election. It is too well known to need much iteration or reiteration that had it not been for Delegate Andrews there would today be no Torrance county and no Santa Fe Central railway, there would be no county seat of Estancia and the population of that section would be hundreds where it is thousands now. The editorial is worthy of dissemination and attention throughout the territory. The Moriarty Messenger says:

"The Republican territorial convention for the nomination of delegate to the 61st Congress has been called at Santa Fe on the 18th of August and the county of Torrance will be entitled to five delegates. We have already supported the nomination of Delegate Andrews for this position and do so again. We think the Torrance county delegates ought to be instructed to vote for him first, last and all the time. In the first place, if there is any official in our territory who is entitled to the credit and good opinion of the people of Torrance county it is certainly the delegate who was the first originator and promoter of the Santa Fe Central railway from Santa Fe to Torrance, 116 miles; who was the principal factor in the creation of the county of Torrance; who has helped many of our veterans, their widows and orphans in securing pensions to which they are entitled by urging the pension office to hurry up their claims and by constantly looking after them; who has carefully and diligently answered every letter and filed every request that was preferred upon him by residents of our county and who has in every way put himself out to serve his constituents in Torrance county. This delegate has also done splendid services for every other county and many of the leading towns in the territory by securing big appropriations for their benefit from Congress. Last but not least, he was the man who had passed for the Sixteenth National Irrigation Congress the appropriation of \$30,000 for the maintenance and support of the Congress, without which the Congress would have been a failure. He has secured for our territory an appropriation of 800,000 acres of school lands which, at the least calculation, today are worth five millions of dollars; he has introduced the bill containing an enabling act which, if passed, will prove a most valuable and beneficial law. His record as a delegate, as a man, as a citizen is of the best and while he is assailed and libeled, the people know that these assaults and libels are untrue and uncalled for and made by personal and political enemies or by ambitious candidates. The delegate's services have been pre-eminent and should be duly recognized by the people of New Mexico, especially by those of Torrance county, by recognition, renomination and re-election. The voters in this part of Torrance county fully acknowledge the truth of what we say about Delegate Andrews and we know they approve of our position. They demand of the Republicans of Torrance county that they send a delegation instructed for Delegate Andrews to the territorial convention and they will be very sure of carrying this county November 3d for the entire Republican ticket, from delegate to county surveyor."

THE CAPITOL EXTENSION ASSURED.

Alls well that ends well. The bonds to pay for the extension of the capitol building and for the construction of an executive residence in this city have been sold and considering that they bear but 4 per cent interest, is a very fair rate, namely 98 4-5 per cent. The grounds adjoining the capitol building on the north necessary for the extension and for the erection of the governor's mansion have been purchased and all is now ready for actual work. The plans have been drawn and it is understood that the clearing away of the old buildings now occupying the lots purchased, their grading and filling in, will commence at an early date. A large force of convicts in addition to private labor will be employed. A large amount of brick has been stored at the territorial penitentiary for the construction of the executive residence. The proposition hung fire for a long time and at different times it looked as if there was danger of its non-consummation. It is therefore all the more gratifying that all the difficulties and obstacles have been cleared away and that the people of New Mexico within another year will possess one of the handsomest and most commodious capitol buildings and finest executive mansions of any state or territory in the Southwest.

The Albuquerque Morning Muckraker Journal in its editorial columns of last Thursday's issue, revealed its cloven foot more pronouncedly than customary. In the same column in which it accuses President Roosevelt of another outrage, similar to that crime against civilization of which it accused him when he peremptorily removed a Russian autocrat from New Mexico's gubernatorial chair, it takes a fling at Chairman Frank H. Hitchcock of the National Republican committee, intimating that by fooling away his time in the West, he will probably lose the east as did President Harrison to Cleveland and thereby the presidency. Chairman Hitchcock will be careful hereafter to consult the Muckraking Journal when he moves about in the future for the Journal's outrageous attacks upon President Roosevelt and the Republican leaders of the Territory including Delegate Andrews, entitle it to special consideration from the hands of the Republican party.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor: Every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

SANTA FE COUNTY TEACHERS' INSTITUTE

Will Convene in High School August 10th, and Continue in Session For Ten Days.

County Superintendent of Schools John V. Conway has issued a circular letter to school teachers notifying them of the time, place of meeting, etc., of the Santa Fe County Teachers' Institute. The letter reads:

Santa Fe County Teachers' Institute.
"The Santa Fe County Teachers' Institute will convene in the high school room in Santa Fe, Monday morning, August 10th, 1908, and will continue ten days, Sunday excepted, closing on Thursday afternoon.

Sessions.

"There will be two sessions each day as follows: From 9 a. m., to 12 m., and from 2 to 4 p. m., or later if necessary.

Expenses.

"The only expense will be the regular fee of \$2 to be paid upon enrolling. A course of study, outlining the work, will be furnished to each member of the institute.

Text Books.

"Teachers should bring with them any text books which they may have, especially those adopted by the territorial board of education last June.

Examinations.

"Examinations for teachers' certificates will be held on Friday and Saturday following the institute.

Attendance.

"To receive proper credit, teachers must be in attendance every day, or furnish a doctor's certificate for absence on account of sickness. For a person to say that he or she was too busy to attend will not be taken as an excuse. The law must be complied with more strictly than it was years ago.

Conductor.

"Mrs. A. J. Smith of Belen, an efficient and well known teacher in the primary grades of New Mexico schools, has been engaged to conduct the Santa Fe county institute this year. Mrs. Smith bears a fine reputation as an instructor and those interested in school work in the Sunshine Territory and particularly in Santa Fe county, predict a first class institute this year. She has had years of experience in New Mexico and is a scholar of high standing. She will be assisted by excellent talent.
"A full and large attendance is most earnestly desired.
"Very truly yours,
"J. V. CONWAY,
"County Superintendent."

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being the richest

alkalin Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 4 p. m. the same day. For further particulars address:

Kodol

For Dyspepsia and Indigestion.

If you suffer from Indigestion or Dyspepsia; if you are annoyed with gas on the stomach, fullness after eating, belching, sour stomach, heartburn, etc., a few doses of Kodol will relieve you.

If you knew as well as we do how good a preparation Kodol is for indigestion and dyspepsia it would be unnecessary for us to guarantee a single bottle.

But to get you to know how good it is as well as we know, we practically will purchase the first bottle for you.

You wonder, perhaps, how we can afford to make such an offer—it is because we have absolute confidence in the honesty and fairness of the public.

We know there are thousands of persons who suffer from indigestion and dyspepsia who would be grateful to us for putting them in touch with Kodol.

That is why. Furthermore, we know that after you have used Kodol your faith in the preparation will be equal to ours.

This proposition we make is not altogether unselfish, but it is actuated by the knowledge that the use of Kodol by you will benefit you as well as ourselves.

How could we afford to make such an offer to the public, and how could we afford to spend thousands of dollars to tell you about it unless we positively knew and were sure of the merits of Kodol.

We couldn't—it would bankrupt us.

But we know the merits of Kodol and we want you to know.

A perfect digester must contain many ingredients each in proper proportion.

It must be a liquid, because all those ingredients cannot be put into dry form.

It must be able to digest any food, or any mixtures of food, and completely.

Kodol does that even in a glass test tube.

No other digester can.

Kodol alone does all of the work. It stops all irritation, and gives the stomach complete rest.

It has taken us years to get a perfect digester, but we certainly have it now.

Please try it today at our risk.

It means more than relief. It means that the stomach will do its own work far sooner than you'll expect.

Kodol digests all the food you eat.

Eat what you want and let Kodol digest it.

Our Guarantee

Get a dollar bottle of Kodol, and do it today.

Don't delay. And if you can honestly say that you did not receive any benefits from it after you have used the entire bottle the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you.

Any druggist will give you Kodol on these terms, because he knows our guarantee is good.

The \$1.00 bottle contains 2 1/4 times as much as the 50c bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Saturday and the tool took an ugly whack at his right hand.

The Republicans of Guadalupe county will hold their convention at Santa Rosa on August 14. Delegates to the territorial Republican convention will be selected at that time.

Good roads and streets are the main objects of the Willard Board of Trade at present. At a recent meeting it was proposed and approved that the club expend about \$1,200 for this purpose.

"With good rains and the happy outlook for Republican success at the polls, how could New Mexico, with all her varied resources and pretty girls, be better off, dear reader?" queries the Deming Graphic.

The Willard Mercantile company has sold about three-fourths of a million pounds of wool this year that it had purchased from the ranchers. The price received was much better than the firm expected it would be a month ago.

William Masterson was accidentally killed near Irma Tuesday. He heard something after his chickens and started out of a wagon after whatever it was, dragging a shotgun. The gun was cocked and went off, blowing the back of his head off.

The Rio Mimbres in Luna county, has been running bank full during the past week. In consequence the numerous irrigation ditches leading from its picturesque banks have been carrying the rolling waters over many parts of the valley with a glad joy.

S. E. Cummins, editor of the Cuervo Clipper, who was recently married, in the columns of his paper has the following item: "One of the new grooms around here is complaining already of his better half meeting him at the door with a pan of dishwater."

The Estancia Democrat is the newest craft to be launched on the journalistic sea in Torrance county. Miles Smith, late with the Estancia News, is one of the main promoters. This will make three newspapers for Estancia. Two, or at least one, too many.

The party of Hollanders who went from Maxwell City to Colorado two weeks ago to look for a location, have returned, and they do not give a very enthusiastic report of what they saw. They believe Maxwell City land is better than the land they saw in Colorado.

A dish washer named Lee, in the employ of E. N. Lyon, manager of the St. Elmo restaurant at San Marcial, took a sudden departure one day last week and took with him all of his employer's cash, a suit case full of clothes and valuables and other articles in all amounting to \$100.

Another case of "did not know it was loaded" is reported from Alamo-gordo. Two boys were left at home while their parents went to El Paso, and one of the boys took a shot gun, supposing it was empty and shot his brother's head off. When will boys learn to be careful with "unloaded" guns?

The Colfax county justice who sentenced H. B. Phillips to serve a term of sixty days in the county jail for beating a sixty days' board bill from the Seaberg hotel at Raton, had in mind a certain principle set forth in the Golden Rule, and is giving Mr. Phillips board in return for a board bill.

Work has begun on the San Pedro side of the Elmerdorf project, which will irrigate 15,000 acres of the richest soil in the world, adjoining San Antonio, Socorro county. This land is peculiarly adapted to wine grape culture, on which it is definitely stat-

ed a colony of Italian wine growers will soon settle.

H. F. Matthews brought in a sample of wheat to Estancia last week, which he thinks is just the thing for this country. It was raised on raw sod, broken in April, planted the first of May, and had no rain until the second week in July. It is an arid country wheat called the Seven Head Wheat of South America.

Frank Morelli was arrested in Albuquerque Saturday on a telegram from the chief of police of Sacramento, California, charging him with defrauding a woman, May Ward by name, out of one thousand dollars, which had been entrusted to him as bailiff. The alleged offense was committed several months ago. After coming to the Duke City, Morelli married an Albuquerque girl. He will be taken back to California to stand trial.

MINES AND MINING.

The Mining World in its latest issue contains a number of notes telling of the progress being made in several New Mexico mining districts. These being of interest to New Mexicans in general they are reproduced herewith:

"The \$40,000 smelting plant to be built at Socorro by the Pan American Federal Smelting and Refining company, is now an assured fact. The last of the \$10,000 worth of stock has been subscribed to by the citizens of Socorro and the 40-acre site tendered by the city has been accepted. The smelter will have a daily capacity of 100 tons and in connection with it will be a 5-ton concentrator for copper ores. The company will buy ores in the local market. Socorro will be headquarters for the entire system of smelters operated by this company.

"It is reported that a gold and silver find has been made in the hills north of Encino, Torrance county, and that a company composed of Encino people will sink a shaft.

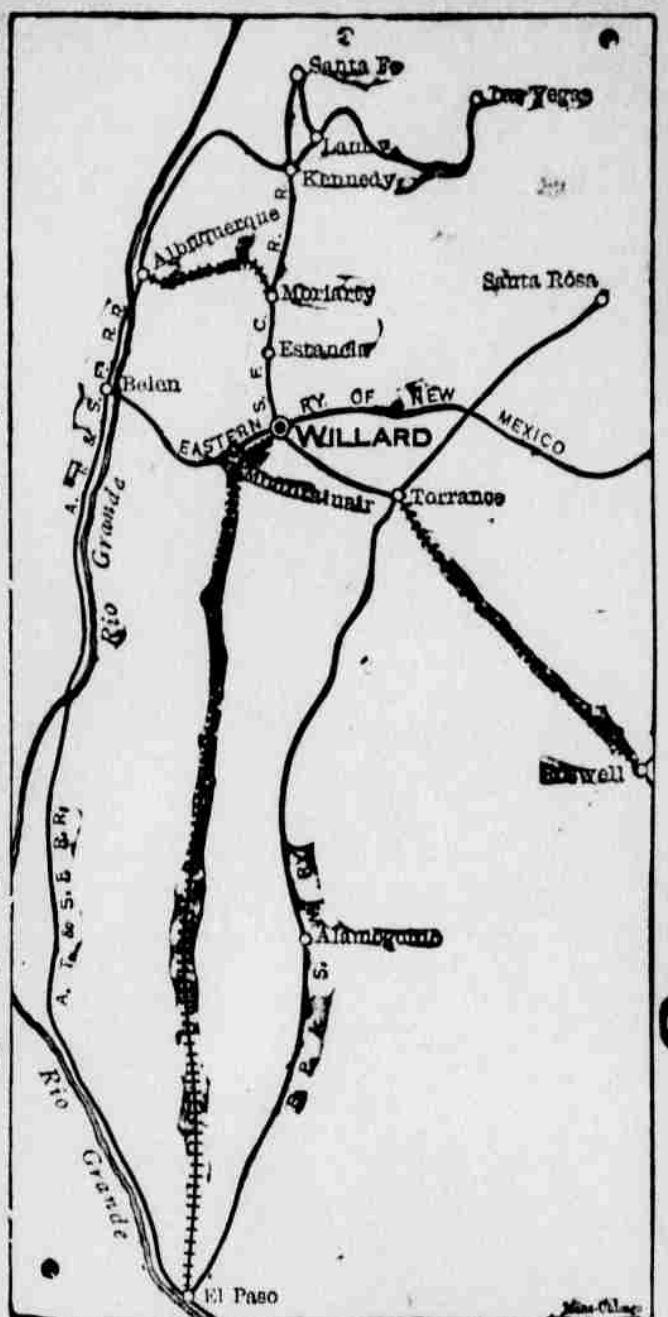

"Two rich gold strikes are reported from the Hachita gold field on the claims of Clark and Bennett. The values are free gold in quartz. The extent of the deposit is not yet known.

"Large bodies of magnetic iron ore, some of which carry paying quantities of gold, silver and copper, are being developed on the properties of the Oro Quay Gold Mining and Reduction company, 12 miles south of Ortiz station. The development is being done by the Colorado Fuel and Iron company, which has leased the properties.

"The mill of the Tri-Bullion Smelting and Development company on the Kelly mine at Kelly is running smoothly and regularly with a large saving of high grade product. A new ore body has also been struck at the bottom of the Traylor shaft at a depth of 390 feet, the extent of which is not known at present. General Manager Traylor states that the mining operations are opening up an amount of ore higher in grade and value and greater in extent than heretofore reported. A big body of rich ore has been developed on the fifth level and there is some fine sulphide ore in the Traylor crosscut. Regular shipments have been begun.

"John Taylor, of Denver, Colorado, has made a sale of 2,000 acres of copper lands in New Mexico 80 miles from Albuquerque, on the Santa Fe railway, to John H. Spring, of New York. The property consists of a mountain 200 feet high, with blanket veins of copper ore running in thick-

A Natural Commercial Center

STUDY THE MAP.

The natural point on the new A. T. & S. F. Cut-Off for the distribution of freight, having the advantage of the easy grades and short route to the East and West, and direct communication with all points in the Territory. Wholesale houses are coming to Willard as soon as the Cut-Off is open. Surrounded by a fine farming country. The purest water in New Mexico. The geographical center of Torrance county and of New Mexico. The water point on the great A. T. S. F. short line through New Mexico, Willard is a growing town. Willard will make a city. ness from 5 to 25 feet. The ore will be treated by the Ideal leaching process and a plan of 100 tons daily capacity will be erected. The process is said to recover 95 per cent of the copper in the ore at a low cost.

"It is stated on authority of Dr. Fayette A. Jones, that there are good prospects for the early construction of a new railroad, to be known as the Colorado, Columbus and Mexican, north and south, through New Mexico, tapping the timber tracts of the Mogollon, Datil and Zuni mountains, as well as opening up fertile agricultural land and rich mineral country. Two surveying parties are in the field and it is expected that construction work will be started in the fall.

"An important mining deal was effected during the past month by Messrs. Hovland and Smith, whereby the Comanche Mining and Smelting company's interests have been merged with those of the Copper Gulf Mining company. The Comanche is the largest producer in New Mexico and up to the time of suspending operations a few months ago the copper production of the territory was dependent almost entirely upon its smelter output. The company's assets include a 500-ton smelter, a 400-ton concentrator, a large number of copper and gold mines and a narrow gauge railroad 13 miles in length from Silver City to Pinos Altos. The smelter and concentrator are also located at Silver City. One and one-half million dollars have been expended for surface equipment by the company during the past four years.

"The new company to be formed will not begin operations for several months as the entire equipment will be overhauled and many important changes made. An immense tonnage of ore has been developed by the Co-

manche company and when the property is in full operation the output will be an important factor in the mining world. The railroad was built at a cost of \$300,000, the concentrator cost \$160,000 and the smelter \$250,000. The smelter has three furnaces, two old and one new.

"The Copper Gulf company, when organized, will be one of, if not the, largest holders of mineral ground in the Southwest. The holdings of the Comanche comprise 2,300 acres, in addition to 1,000 acres in the Chloride Flat country, a few miles from Silver City. There are two deep shafts on the property. There are four shafts down in the larger group, the Boone, Quawka, Klondyke and Comanche all of which contain 15,000 feet of levels, cross-cuts, tunnels, etc. A spur from the Santa Fe road will soon be constructed which will give better transportation, by which the four last named shafts can ship 500 tons of ore daily. The Copper Gulf company, has approximately 1,700 acres of mineral land in the district and, with the holdings of the Comanche it will have approximately 4,000 acres.

Boys' Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life.—William H. Stroling, Carbon Hill, Ala. There is no doubt but that this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

PERSONAL MENTION

A. C. Voorhees, a well known Raton attorney, spent the day in town on legal business. He registered at the Claire.

Rafael Granito, a Cerrillos business man, was noted on the streets of the Capital today. He has a room at the Claire.

W. P. Welles of Estancia, arrived in the city yesterday on personal business. He had a room at the Coronado.

Miss Jessie White and Will Bumer were among the Stanleyites in the Capital City yesterday. They registered at the Coronado.

E. Z. Vogt, of Glorieta, member of the Tabor-Vogt Mercantile company was in town today on business. He was a guest at the Palace.

Commissioner Fred Dennett of the General Land Office at Washington, is expected to arrive in Santa Fe on August 1, on an official visit.

Mr. and Mrs. Samuel Eldott of Chama, after a pleasant visit here as house guests at the Spitz residence, returned home this forenoon.

T. Buckingham of the Cerrillos mining district, registered at the Normandie yesterday. He spent the day here looking after business affairs.

Gregory Page, well known citizen of Gallup, who has been East for several weeks, was a passenger for his home yesterday on the California Limited.

Sheriff Cleofes Romero of San Miguel county, who has been in the southern part of the county on business, has returned to his home in Las Vegas.

Jerome Kunkel, well known and respected resident on the upper Pecos, was in town on a visit yesterday. He stopped at the Normandie hotel.

Hon. L. Bradford Prince was a passenger this morning for the Prince Sunshine ranch, north of Espanola. He will be absent from the city a couple of days.

Mrs. J. J. Jaffa and son of Roswell, have arrived in Albuquerque on a visit to relatives. They will visit Hon. and Mrs. Nathan affa in this city before returning home.

Max Nordhaus of Las Vegas, president and general manager of the Iffeld Mercantile company, and Louis Iffeld of Albuquerque, have gone to western New Mexico on a business trip.

J. M. Archuleta, a former resident of New Mexico, but now in business at Edith, Colorado, was a guest at the Palace hotel yesterday and today. Personal business brought him here.

Judge A. J. Abbott, U. S. attorney for the Pueblo Indians, went to the pueblo of San Juan, north of Santa Fe this morning, on business for the Pueblo. He will remain away several days.

H. C. Kinsell, of Stanley, a former resident of this city, now engaged in live stock raising in southern Santa Fe county, was among today's guests at the Claire. Personal business brought him here.

Thomas Moran, the celebrated landscape painter, who has been for several months at the Grand Canyon of the Colorado, engaged in painting a picture of the canon has left there and returned home. Mr. Moran was accompanied by his daughter. Yesterday they spent in Albuquerque.

Judge Matt G. Reynolds of St. Louis, who returned Saturday evening from a two weeks' fishing trip on the Conejos river, was a passenger for his eastern home Saturday night. He enjoyed himself greatly and feels much rested in mind and body. Providence willing, he will return next year for a similar outing.

Jose Manuel Velasquez, farmer and

Sold and Recommended by
FISCHER DRUG STORE.

sheep raiser at Coyote and probate judge of the county of Rio Arriba, was in the city today on business connected with the making of a home-stead entry on the Jemez National Forest. He has had possession of the tract which he desires since 1873 and has now come to complete his entry.

Charles E. Lange, who is in business at Watrous, Mora county, and Mrs. C. E. Watrous, his sister, reached the city Saturday evening and registered at the Palace. They left this forenoon via the Denver and Rio Grande for Rio Arriba county. The husband of Mrs. Watrous, is stationed there as a ranger on the Jemez National Forest.

Professor Edgar L. Hewett has returned from his trip to Europe and Egypt and will be in Santa Fe early next month. On August 15 he expects to begin his excavation in the Pajarito Cliff Dwellers' Park, thirty miles west of Santa Fe, which is to be done under the auspices of the American Institute of Archaeology and the Santa Fe Archaeological Society.

R. Uness, formerly associated in mercantile business with Nathan Salmon in this city and now of Albuquerque, and Andreas Farrah, also of Albuquerque, arrived in the city today and will leave tomorrow, together with Attorney General James M. Hervey, Nathan Salmon, Mrs. John W. Green, Miss Victoria Green, and Captain Hellfert, via Santa Clara for the Jemez Hot Springs, where they will spend three weeks. They will be in camp on the Rio San Antonio.

Santa Fe, New Mexico, July 4, 1908

THE COUNTY NORMAL INSTITUTE OF SANDOVAL COUNTY. NOTICE TO TEACHERS.

The County Normal Institute of Sandoval county will be held at the county seat in the town of Bernalillo, August 17th at ten a. m., in the convent of the Sisters of Loretto. All persons desiring to teach in the county of Sandoval hereafter must have certificates duly issued by the board of examiners of the county. No certificates will be given to any person to teach unless he or she has attended the normal institute of the county for at least two weeks. The institute will be conducted by Professor J. A. Miller, of Albuquerque.

J. FELIPE SILVA,
Superintendent of Schools of Sandoval county.
Bernalillo, N. M., July 20, 1908.

In The Early

or late Summer days there is nothing so stylish, handsome and dignified as a Prince Albert or Cutaway suit artistically made and elegantly furnished, such as a tailor who understands his business can fit you out with. If you are not "the glass of fashion and mould of form" there is no one that can make you so like.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life! and these dimes and nickels will grow into a good large sum.

The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.
Making you free to do as you wish.
Making you and your family happy and contented.

MINOR CITY TOPICS

Weather forecast for New Mexico: Local showers tonight or Tuesday, with stationary temperature.

The Mechanics defeated the Swastikas in an interesting game at the ball park yesterday afternoon. The score was 5 to 8.

The New Mexico Telephone company is now connected with the long distance line at Santa Fe and any one at Cerrillos can talk to any point reached by the long distance system here.

The band concerts yesterday evening and Saturday in the Plaza were enjoyed by a large crowd. The Perez band has another new member in the person of J. Hanson who is a cornet player.

Those having any articles suitable for the "rummage sale" at the Plaza fete to be held on August 6th, are requested to notify Mrs. Harroun who will send after the articles. The coming fete promises to eclipse all former ones.

The money order business of the local postoffice last week amounted to \$3,851.06. There were issued 117 orders, amounting to \$1,057.93; there were paid 138 orders amounting to \$1,467.13; and there were received \$1,326 of surplus from other offices.

St. Vincent's Sanitarium, which is growing in popularity as a stopping place for healthseekers and tourists who are sojourning in New Mexico, has been taxed to its utmost capacity during the past few days. At present there is not a vacant room in the Sanitarium.

The Denver and Rio Grande railroad announces a round trip rate of \$28.50 to Salt Lake City, Utah, on account of the annual San Juan excursion. The tickets are on sale August 11 and are good to return August 31. Further particulars will be cheerfully furnished by the local Denver and Rio Grande agent.

Francisco Jaramillo was arrested last week by Territorial Ranger Leandro Baca at Coyote ranch in the Ladrona mountains, in Socorro county, for killing cattle belonging to cattlemen. The prisoner was examined by the court and was released upon payment of the costs and settling for the cattle killed.

Hugh H. Harris, supervisor of the Mount Taylor National Forest, with headquarters at Albuquerque, who has been seriously ill at St. Vincent's Sanitarium for several weeks, is reported to be improving slowly. He is able to sit up and his ultimate recovery is now expected. This will be good news to his many friends both in Santa Fe and the Duke City.

Company F, First Regiment of Infantry, New Mexico National Guard, is expected to reach home tonight from the military encampment at Leon Springs, Texas. Although it was very hot during the encampment the officers and men all are reported well and as having enjoyed the military outing. They were in camp exactly ten days and participated in many military maneuvers.

J. S. Candelario's watch dog was given poison last evening, probably by parties who were going to get the dog out of the way with the intention of gaining admittance into the currio store. Mr. Candelario was up late last night and noticed that there was something wrong with the dog and called a veterinary surgeon in time to save the life of the canine. Mr. Candelario says that he would not take one thousand dollars for the dog.

The following letters and postal cards are being held at the local postoffice for postage or better address: New Mexican Agricultural Experimental Station, Agricultural College, New Mexico; Melquiades Ortiz, Sulphur, N. Mex.; Mr. E. C. Prooner, 2231 E. 84th St. S. E., Cleveland, Ohio; Miss Helen Rogers, North Brookfield, Massachusetts; Miss Katie Beckhar, 208 Commerce, E. Las Vegas, N. Mex.; Mrs. Knight, Senior Mosca, Costilla County, Colorado; W. A. Ralston, Dewey, Montana.

A pretty christening took place at Guadalupe church yesterday when the little girl of Mr. and Mrs. Luis Alarid was given the name of Josephita Maria Dolores. Mr. and Mrs. George W. Armijo stood as sponsors and in the absence of the Rev. Father Bassatt, the Rev. Father Hoffman of the Cathedral officiated. After the christening at the church a pretty reception was held at the house in honor of the little lady. The child is the grand daughter of Trinidad Alarid one of the oldest and largest families in the county. At the reception about sixty members of the family were present, besides the few invited guests.

The precipitation yesterday was 0.15 of an inch of rain. The maximum temperature was 83 degrees at 3 p. m., and the minimum temperature was 57 degrees at 5:30 a. m. The average relative humidity for the day was 63 per cent. The lowest temperature during last night was 59 degrees and the temperature at 6 a. m. today was 60 degrees. The maximum temperature Saturday was 77 degrees at 2 p. m., and the minimum temperature was 53 degrees at 5 a. m. The average relative humidity for Saturday was 64 per cent.

It was a strenuous time that the party had that left on Saturday evening at 7 o'clock for the top of Mount Baldy. Owing to the intense darkness, the ranger's cabin on the Lake Peak was not reached until midnight. At the first blush of dawn yesterday the trip was resumed and it took an hour

Big Drive in Summer Millinery

MISS. A. MUGLER

Southeast Corner Plaza.

and a half of hard climbing from the foot of the peak to reach the summit of Old Baldy, almost 13,000 feet high. But every one felt repaid for the effort for the view from Baldy is indescribably magnificent. The snow banks on the peak are still quite deep and a snowball battle was had. On the return, the Spirit Lake was passed and it was 9 o'clock last evening when the horsebackers returned, tired, but without having experienced any untoward mishap.

a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

RANGE REASON No. 2

Four-fifths of the service required of a range is the cooking done on the top. In view of this, think of the ADVANTAGE it would be TO YOU IF THE TOP OF YOUR RANGE HAD SOME REAL HONEST MERIT. The lids and cross pieces of

THE MONARCH MALLEABLE RANGES

Are made of the finest Malleable iron. They are polished as brightly as a well-worn steel rail. When first used these turn a deep blue color and thereafter they require no polishing, blacking or rubbing, as ordinary ranges do. These lids and plates will also withstand the effect of the intense heat without burning, cracking or warping, and, since the iron is very close grained in structure, it will heat through much quicker than cast iron. Therefore, a top that will heat more quickly, and conduct more heat rapidly, with less loss of heat WILL SAVE FUEL. It will do more, it will save your range and fire box and lengthen the life of the range.

THE STAY SATISFACTORY RANGE

MALLEABLE TOP—Unbreakable; never warped.
DUPLEX DRAFT—Air admitted to entire fire box.

FULL ASBESTOS LINING—Heat all retained within range
OVEN THERMOMETER—Amount of heat perfectly regulated.

TRIPLE WALLS PLANISHED STEEL—Perfect, durable construction.

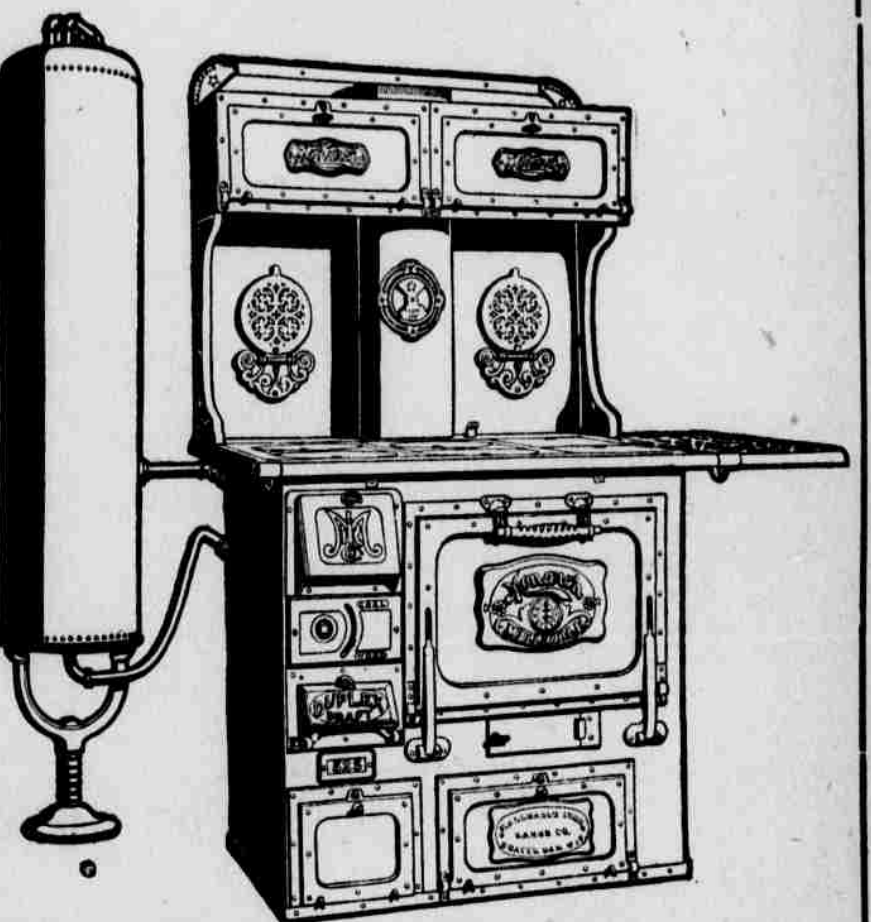

HEAVY VENTILATED FIRE BOX LINING—Quick fire, easily controlled.

PIN EXTENSION WATER FRONT—Rapid heating, fuel saving.

SMOOTH DURABLE NICKLE—A clean, highly finished surface.

We have the largest exhibit ever shown in the City.

POISONOUS PLANTS KILL MANY SHEEP

Forest Service Takes Steps to Prevent Further Losses From This Cause.

(Forestry Bulletin.)
A number of sheep were recently poisoned by eating choke cherry leaves while passing over a driveway across part of the Manti National Forest in Utah, and, though sheep drive-ways are not strictly part of the National Forest range, the government has taken steps to prevent further losses to the sheepmen from this one cause. Members of the force on the forests will co-operate with stockmen in cutting out the thickets of choke cherry bushes where they grow most densely, thus allowing the sheep to be hurried through them and in some cases the driveway will be changed so as to avoid the thickets altogether.

When the sheep enter this driveway they are hungry after a long trip over public highways, which form almost one continuous lane between cultivated fields. They eat the choke cherry leaves ravenously, though under ordinary conditions they would hardly touch them. The leaves contain prussic acid, and when an examination was made of the stomachs of several of the dead sheep, and they were found filled with the leaves, the cause of death was clearly established.

Stockmen throughout the West are coming more fully to recognize the benefits of government co-operation and range control. The whole grazing policy is to make the range better and to insure its equitable use. Restriction is practiced not for its own sake, but for the good of the range and of the stockmen who depend upon it. The range has deteriorated under unrestricted use, and so the government is making investigations under the direction of E. V. Coville, Botanist, Bureau of Plant Industry, Department of Agriculture, with a view to reseeding with better grass. Again, poisonous plants are often destructive to livestock, and in this case Dr. C. D. Marsh, of the Bureau of Plant Industry, is conducting a study to detect poisonous plants and suggest means of eradicating them. There are also heavy losses from predatory animals, but government hunters and trappers are busy reducing the number of mountain lions and timber wolves, which do most of the damage. Finally, there is the insignificant prairie dog, which selects the choicest grassy bottoms for its operations, strips them to the soil, and ploughs up the ground for its burrows. They have gone after the prairie dog now, however, and by the use of effective poison, will soon put an end to this pest.

RICH COAL STRIKE NEAR ALAMOGORDO

Alamogordo, N. M., July 27.—A. K. Gore has filed two mineral claims for coal near Alamogordo. One of Mr. Gore's employees noticed traces of coal, or "smut" as he terms it, on the surface, and followed the traces up hill until lost in a ledge of rock. Returning, he began excavating, and at a depth of fourteen inches, struck a vein one inch thick. At the present depth of 6 feet the vein is 14 inches in width. The coal is soft, of excellent quality and has no clinkers whatever, and burns to a perfect ash. The claims are located two and a half miles from Alamogordo and are only 300 yards from the main road.

Engraved cards de viste and wedding invitations a specialty at the New Mexican printing office. Any one standing in need of such will do well to call at this office and examine samples, style of work and prices.

It is an admitted fact that real estate, financial men and merchants all call at or address the New Mexican obtained by advertising in the New Mexican.

COMFORTING WORDS.

Many a Santa Fe Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Santa Fe readers.

Hilario Baca, living on Delgado St., Santa Fe, N. M., says: "I feel so greatly pleased with the results obtained from the use of Doan's Kidney Pills procured at Ireland's Pharmacy, that I am glad to recommend them. Off and on for three or four months I was subject to pain in my back, especially noticeable when I stooped, lifted or brought any strain on the muscles of my loins. Owing to the persistence of the annoyance I was led to believe that the cause was due to some derangement of the kidneys and accordingly used Doan's Kidney Pills. I soon noticed an improvement in my condition and before I had finished the contents of one box I was cured. I have not had an indication of kidney trouble since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CONTEST NOTICE.

Department of the Interior, United States Land Office.

Santa Fe, N. M., July 7, 1908.

A sufficient contest, affidavit having been filed in this office by Elias A. Blegenstaff, of Stanley, N. M., contestant, against Homestead entry No. 11753, made July 17, 1907, for the SW 1-4, Section 13, Township 11 N, Range 9 E, by David L. Vorhies, contestee, in which it is alleged that "said David L. Vorhies has never established residence upon said land nor improved it in any manner; and that he has wholly abandoned said land for more than six months last past" and that said alleged absence was not due to military or naval service in the employment of the United States in time of war, said affidavit having been filed April 17, 1908, said parties are hereby notified to appear, respond, and offer evidence touching said allegation at 10 o'clock, a. m., August 15, 1908, before Pryor T. Scott, U. S. Court Commissioner, at Stanley, N. M., (and that final hearing will be held at 10 o'clock a. m., on August 25, 1908, before) the register and receiver at the United States land office in Santa Fe, N. M.

The said contestant having, in a proper affidavit, filed June 19, 1908, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

MANUEL R. OTERO,

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by all druggists.

(Homestead Application No. 7548.)
Notice For Publication.
Department of the Interior,
U. S. Land Office, Santa Fe, N. M.,
July 6, 1908.

Notice is hereby given that Marcos Analla, of Galisteo, N. M., who, on June 22nd, 1903, made Homestead Application No. 7548 (Serial No. 0151), for SE1-4 NE1-4, NE1-4 SE1-4 and NE1-2 NE1-4, section 11, Township 14 N, Range 9 E, N. M. P. Meridian, has filed notice of intention to make final five-year proof, to establish claim to the land above described, before Register or Receiver at Santa Fe, N. M., on the 24th day of August, 1908.

Claimant names as witnesses: Juan Madril, Juan Ortega, Jose Alire and Simon Gonzales, all of Galisteo, N. M.

NEW MEXICO REPORTS VOLUME NUMBER 13

Just issued From Press of New Mexican Printing Company—Essential to Every Attorney.

Volume 13, of the reports of cases argued and determined in the supreme court of New Mexico is now ready for distribution among the members of the bar. No law library in New Mexico is complete without it and to the practicing attorney it is absolutely necessary. Justices of the peace, U. S. commissioners, court officials and all others who are interested in the interpretation of the law, especially the New Mexico law, by the highest court of the territory, should have the volume at their elbow. It is compiled by Judge A. J. Abbott, the supreme court reporter, and federal attorney for the Pueblo Indians, and his experience on the bench, as practicing attorney and as the author of previous volumes of Reports, assures that volume 13 has been carefully edited and indexed. The typographical work and binding is by the New Mexican Printing company which is being complimented upon the fact that it is the best printed and best bound volume of New Mexico Reports thus far issued. The price per volume, \$2.70, is lower than that of any previous volume. To this 30 cents should be added for postage, if volume is ordered by mail. The edition is limited and orders will be filled in the sequence of their receipt.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

The seals and record books for notaries public for sale by the New Mexican Printing company at very reasonable rates. Seals for incorporated companies are also handled. Call at or address the New Mexican Printing company, Santa Fe, New Mexico.

S/W

Perfect Fitting "Elastic" Book-cases are the only ones which successfully adapt themselves to the conditions of the modern home.

There may be certain limitations as to room, but whatever space is available can be utilized and beautified by an artistic arrangement of these cases, the only kind of sectional book-case made in two lengths, 34 and 25 1/2 inch lengths, and in three distinct types—Colonial, Standard and Ideal. Our catalogue illustrates in colors eight different finishes of quartered oak and mahogany.

We will call and measure any space in your house and give you the exact cost in any finish you may select.

COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, also 25x145 feet laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, Commercial Club; a population of 1,500 people; several restaurants, etc. Belen is the largest shipping point for wood, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.
WM. M. BERGER, Secretary.

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc.; also a first-class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage as security, for one year, with 8 per cent interest thereon.

Apply at once for map and prices if you wish to secure the choicest lots.

The Belen Town and Improvement Company

STANLEY ITEMS.

Stanley, N. M., July 27.—W. A. Harris has sold his property consisting of five residence lots and a house and barn to Jerome G. Grammer. Mr. Harris, who has been working at the blacksmith trade here, will return to his old home in Texas.

The weather has been almost ideal for farming during the past week. Everyone reports an abundance of moisture and the settlers are beginning to see visions of full corn cribs and generous sized hay stacks.

Rev. J. T. Carver of Estancia filled his regular appointment at the school house here Sunday.

The company which has just recently leased the Ortiz gold mines, west of Stanley, is putting in new boilers and other machinery, preparatory to starting active work on the property.

A dance was given at the school house last Monday night. The San Pedro orchestra furnished the music. The U. S. commissioners are kept busy these days handling commutation cases. Friday of last week was a record breaker in this line. Commissioner Scott had nine cases.

H. R. Peabody has just completed a well on his place west of town. He struck an abundance of fine water at a depth of 100 feet.

The Misses Seeley and Dot Williams of Altus, Oklahoma, have arrived in Stanley for a visit to relatives and friends.

Mr. and Mrs. J. P. Bogardus have returned to their home in Oklahoma City after a pleasant visit to Mr. and Mrs. E. D. Marshall.

Born to Mr. and Mrs. W. K. Sturgeon on July 16, a twelve and a half pound boy.

Grove Russell was severely cut on a barbed wire fence last week. He was driving the horses to the barn from the pasture when the horse which he was riding rubbed him against the wire fence.

Some remarkable stories are coming in just now, telling of the wonderful growth that all kinds of plants are making since the summer rains commenced. Perhaps the most significant is the way the alfalfa is shooting up. In one field by exact measurement, a growth of ten inches was made in just seven days.

The Ladies Progressive Club met on Wednesday of last week in social session with Mrs. D. C. Stevens with nineteen ladies present. Lemonade and cake were the refreshments served.

The case of Propper against Goodwin, in which Carlos Propper, a well known ranchman, living seven miles west of Stanley, charged W. A. Goodwin, a prominent merchant of Moriarty with grand larceny, and which was set for trial before justice of the Peace Ralph A. Marble, Monday morning of last week, was compromised before coming to trial. All costs in the case were paid by the plaintiff.

Professor D. S. Collins, who has been teaching the Stanley school during the past year, has proved up on his claim, about a mile from this city and will leave tomorrow for a month's visit to his old home at Newberry, Indiana. On September 1st, Professor Collins will return to the Sunshine Territory. He has been elected principal of the Carrizozo schools. Carrizozo has recently completed a new \$10,000 school building and will employ five teachers during the coming year.

RAINS GLADDEN HEARTS OF FARMERS

Pecos Valley Gets a Good Soaking—Lake Avalon Full of Water—Shipping Peaches to Market.

Carlsbad, N. M., July 27.—Big rains all over Eddy county have made glad the heart of the farmer and stockman. Crops are made now without any further irrigation and the stockman is assured of a good supply of winter grass and fat cattle next spring. Over four inches of rain has fallen here within the past week. Avalon dam, has 21 feet of water in it and is spilling into the Pecos; this is the first time this dam has been full since the completion of the work. Lake McMillan is over half full and rising rapidly. With the crops practically made without further irrigation and the reservoirs full of water there never was a better prospect for the future of the valley.

Homeseekers continue to come to Carlsbad every day and three farms changed hands last week. When a farm under this project is sold to a stranger, it does not mean as it does in many localities, that he is buying as a speculation. It means that this valley has a new family in it as the buyer must live on the land or in the locality.

Iowa parties were in Carlsbad last week looking over the situation with the idea of starting a creamery. The concern was promised 500 cows and arrangements are now being made to close the deal.

Carlsbad peaches are moving steadily to market now and are of excellent quality. Most of the crop is going to Colorado points where it is bringing from 35 cents to 70 cents per crate above the market.

Governor George Curry has appointed F. G. Tracy and E. P. Bujac as delegates to the National Irrigation Congress. A large number of people are expecting to go from Carlsbad to the congress at Albuquerque. The party will go from here in two or three Pullman sleepers which will be chartered from here and remain in Albuquerque during the congress and fair.

The people of Carlsbad are much interested in the dispatches from different parts of the country relative to the building of the railroad from Mangum, Oklahoma, through Carlsbad to El Paso, by the Rock Island. Carlsbad is in practically an air line between Mangum and El Paso. The country east of here has wonderful resources, good grades and little or no sand. West of here around the southern point of the Guadalupe mountains, is by far the lowest crossing into El Paso.

The New Mexican Printing company as ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 75 cents; of the territorial road laws, price 50 cents; and of the territorial mining laws, price 70 cents per copy. These can be purchased by applying in person or by mail at the office of the company.

The New Mexican Printing company will do your job work with neatness and dispatch.

OFFICIAL CALL FOR REPUBLICAN COUNTY CONVENTION.

At a meeting of the Republican central committee of the county of Santa Fe, Territory of New Mexico, held in the office of T. B. Catron, chairman of said committee, in the city of Santa Fe, Territory of New Mexico, on July 25th, at 2 o'clock p. m., it was resolved that a Republican delegate convention, of the Republicans of the county of Santa Fe, be held at the courthouse in the city of Santa Fe, at 2 o'clock p. m., August 1, for the purpose of selecting ten delegates to represent the county of Santa Fe, in the territorial convention, to be held in the city of Santa Fe on the 18th day of August next, to nominate a delegate for New Mexico to the Sixty-first Congress. It was further resolved that the precinct primaries for the election of delegates to the Republican county convention, to be held at the hour of 2 o'clock p. m., Saturday, August 1st, at the courthouse in the city and county of Santa Fe, for the purpose of selecting delegates from the county of Santa Fe to the territorial convention, to nominate a candidate to Congress shall be held at the places hereinafter named at the hour of 7 o'clock p. m., Thursday, July 30th, 1908, and that the number of delegates to such county convention shall be then selected, as below stated, to-wit:

Precinct No. 1. Pojoaque. Three delegates. Temporary chairman Teofilo Lopez. Place of meeting, school house.

Over Thirty-Five Years.
In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other Remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It always can be depended upon even in the most severe and dangerous cases. For sale by all druggists.

Personal Mention.

(Continued From Page Four.)

W. R. Martinez, of La Joya, was a guest today at the Claire hotel. He came to attend to private business affairs.

Governor George Curry, Territorial Engineer Vernon L. Sullivan and Captain John W. Green, superintendent of the territorial penitentiary, returned last evening from Raton, where they inspected the proposed road for connection with the Scenic Highway which is to be built from Raton to the Colorado line, there to join the road now under construction by the state of Colorado from the Raton mountains to the Wyoming line.

Delegate W. H. Andrews arrived in the city from Albuquerque today at noon and is in consultation with the political leaders of the Capital City. The delegate was met at the Santa Fe depot by Governor Curry, with whom he had a long conference. Delegate Andrews has just returned from a campaign tour through eastern New Mexico, where he visited Clayton, Tucumcari, Santa Rosa, Carrizozo and Las Cruces. He feels first rate and is well satisfied with the political situation.

Minor City Topics.

(Continued From Page Five.)

Good boy wanted by the New Mexican Printing company to learn a trade. Apply at the business office.

Train report at 3:30 o'clock this afternoon: Santa Fe and Santa Fe Central are report on time, while the Denver and Rio Grande is reported 30 minutes late.

Invitations have been issued by the Misses May and Florence Spitz for a dance at the Palace hotel on Friday, evening, July 31. It will be one of the social events of the summer season in the Capital.

The regular monthly convocation of Santa Fe Commandery No. 1, Knights Templar, will be held this evening at the asylum at Masonic hall at 8 o'clock. Visiting Sir Knights are cordially invited to be present.

About thirty-five couples attended the dance given by the Perez band at the skating rink Saturday night, and a very enjoyable time is reported. Ramirez's Symphony Quintette furnished the music for the occasion.

A meeting of the Archaeological Society will be held tomorrow, Tuesday evening, at 8 o'clock, in the office of Judge N. B. Laughlin, corner of Don Gaspar avenue and San Francisco street. Every member is urged to attend.

Leroy O. Moore, chief of the Sixth Division of Inspection of the General Land office, with headquarters in this city, has purchased the Amado Chaves place on upper Palace avenue. On the property is a nine-room house and one of the finest orchards in the Capital City. The deeds to the property will be delivered to Mr. Moore this week. The house will be extensively improved and thereafter Mr. Moore and family will take possession, which will be sometime in August.

THE "BREECHES"

BIBLE OF 1599

Ex-Governor L. Bradford Prince Purchases This Rare Book for His Collection.

Hon. L. Bradford Prince has just added to his collection of rare books an excellent copy of the celebrated "Breeches Bible." This is one of the best known rarities among books, and derives its name from the fact that the word translated "aprons" in the present version of the Bible, with which we are all familiar, is printed "breeches," so that the sentence in 3 Genesis, 7, reads: "And they sewed fig tree leaves together and made themselves breeches."

This was printed in 1599, in the time of Queen Elizabeth, and is what is called the "Geneva Version," which was one of the best translations before that of King James. The imprint is as follows: "Imprinted at London by the Deputies of Christopher Barker, Printer to the Queen's most excellent maiesty, 1599."

Most of the proper names in Genesis that begin with vowels are aspirated, as Hevah for Eve, Henoch for Enoch, Habel for Abel, etc.

Bound up with this Bible, are two Concordances printed in 1613, and the original edition of the Psalms in meter, entitled "The Whole Book of Psalms, collected into English Meter by Thomas Sternhold and John Hopkins," dated 1633.

WOMAN DROPS DEAD ON DOORSTEP OF HOME

Albuquerque, N. M., July 27.—Mrs. Tiofe Marquez of this city, dropped dead in the front door of her home yesterday afternoon as she was returning from a store across the street where she had obtained some groceries for the mid-day meal. She was 40 years of age and the cause of death was pronounced heart failure by County Physician Pearce. The dead woman leaves four children and her husband.

POTTER PALMER, JR., WEDS PAULINE KOHLSTADT. Chicago, July 27.—Miss Pauline Kohlstaadt, daughter of H. H. Kohlstaadt, and Potter Palmer, the son of William Potter Palmer, were married today.

POLITICAL ITEMS.

Climbs Into Andrews Band Wagon.

The Spanish American, published at Roy, Mora county, in its last issue, comes out strongly and unequivocally for the nomination by the Republicans of Delegate Andrews as delegate to the Sixty-first Congress and for his reelection.

Santa Fe County Convention.

At the session of the Republican central committee of Santa Fe county Saturday, the day for holding the county convention to select delegates to the territorial Republican convention on August 18th in this city, was fixed for Saturday the 1st of August. The primaries are to be held Thursday, the 30th of July.

Cannot Wrest Nomination From Andrews.

"It is developing that W. H. Andrews is gaining strength for the Republican nomination for delegate to Congress as the opposition proceeds with its work. It is becoming evident that neither Spless nor Mann can ever wrest the nomination from him."—Raton, (Coffey county), Reporter.

Grant County Convention.

The Republican county convention of Grant county will be held at Silver City on August the 1st to select six delegates to represent that county in the territorial Republican convention. The indications are that the Republicans of that county are very favorable to Delegate Andrews' candidacy and that the delegates will be instructed for him.

Sandoval County Convention.

The convention of the Republicans of Sandoval county for the purpose of nominating seven delegates to the territorial Republican convention at Santa Fe has been called to meet in Bernillo, the county seat, on July 29th. Sentiment in that county is for Delegate Andrews' nomination and the delegates, it is believed, will be instructed for him.

Delegate Andrews' Visit to Santa Rosa.

"Hon. W. H. Andrews, delegate to Congress, spent Wednesday, the 22d, in Santa Rosa. Soon after his arrival, in the early morning, a meeting was held at the courthouse. The meeting was organized by electing Don Celso Baca as chairman, Judge F. D. Morse in a short, but vigorous speech, welcomed the delegate to Santa Rosa and Guadalupe county, and introduced him to the audience. Mr. Andrews, in a well timed speech, which was received with applause, told what he had done in Congress for the good of the territory. The rest of the day was spent by the delegate in receiving the people throughout the county. Guadalupe county is for Andrews."—Santa Rosa Sun.

Luna County Republican Convention.

The Republican county convention of Luna county for the purpose of selecting two delegates to the Republican territorial convention at Santa Fe will be held on Monday, the 10th day of August. The primaries to select delegates to the county convention will be held on Tuesday, August 4th. Luna county heretofore has been strongly Democratic but it is believed that many of the new immigrants who have settled there during the past two years are Republicans and that the Republican strength there will show an increase on election day. The sentiment of the majority of the Republicans is for the renomination of Delegate W. H. Andrews. The candidacy of Charles A. Spless is considered a joke. Judge Edward A. Mann has friends who think well of him, but the chances are in favor of Delegate W. H. Andrews securing the delegation.

Larrazolo Meetings in Lincoln County

Candidate O. A. Larrazolo, the "Noble Spaniard" during the past week addressed meetings of the untiered Democracy in the following places in Lincoln county: White Oaks, Capitlan, Lincoln and Carrizozo. The meetings were poorly attended and the gist of the speeches of the Democratic candidate for delegate consisted of whines and complaints that he was swindled out of the election in 1906, that he was honestly elected and that although he did not push the contest he should have been seated. He also told the dear people that Bryan would be elected, that he, Larrazolo, would be elected, and that then New Mexico would surely come in as a Democratic state and that not a single Republican should hold office under the new state government. Also that he was one of the dear people indigent to New Mexico soil and that therefore he should be elected. He did not say much as to what he could or would accomplish in Washington, were he to be the delegate. He was afraid to broach that subject. Then the Republican party administration of New Mexico, Delegate Andrews and the Republican leaders got it "where Katy wears the necklace." Upon the adjournment of the meeting the Prohibition idea was completely ignored. How many votes Candidate Larrazolo made cannot be computed but the reports to the New Mexican indicate that they were mighty few and far between.

The New Mexican Printing company is prepared to furnish cards de visita for ladies and for gentlemen on short notice in first class style at reasonable prices, either engraved or printed. Call at the New Mexican Printing company.

S.S.S. MADE FROM ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

SALMON GRAYS

DEFEAT BARELAS

Santa Fe Club Closes Its Claims to Championship By Winning Sunday's Game.

The Salmon Grays returned from the Duke City last night with another scalp hanging to their belts. The strong Santa Fe team defeated the fast Barelas club in an interesting game by a score of 4 to 3 yesterday afternoon at Traction Park, at Albuquerque. Those who saw the game say that it was the prettiest exhibition of baseball that has been witnessed in the Duke City this season.

About six hundred fans turned out and they were treated to a real live game of ball. "Jim" Lopez was in the box for the Salmon Grays and he was invincible, as all Padilla's bunch could not find his surveys. "Bill" Pettus was behind the bat for the Grays and played an errorless game. Henry Alarid practically won the game for the Santa Feans. He was at bat four times, made three safe hits and had two runs to his credit.

At the end of the first half of the ninth inning the score was 4 to 1 in favor of the Ancient City team and the Barelas manager, Dan Padilla, was very much excited, when the Santa Feans made a few costly errors, allowing his team to score two runs, but these did not win the game for them. The score is as follows:

Barelas Grays.	AB	R	H	P	O	A	E
Perea, c.	4	2	1	7	2	2	
Alarid, ss.	5	1	2	4	4	0	
Hidalgo, p. and lb.	5	0	4	4	2	1

SPECIAL TERM OF COURT FOR RIO ARRIBA COUNTY

The special session of court for Rio Arriba county convened at the court house in this city this morning with Judge John R. McFie presiding. The first case to come up was that of Daniel Velarde, et al, versus H. Martinez, et al, it being an election contest. Attorney B. M. Read represented the plaintiffs. The question involved was whether a person, who was not a tax payer, had a right to vote in a school election. Judge McFie rendered a decision in favor of the plaintiff. A person paying poll tax is not considered a taxpayer according to law and property regularly listed for taxes must be on the tax rolls at least twelve months prior to the day of election.

The case of Daisy Basilio versus the Pontiac Gold and Copper Mining company was postponed until tomorrow on account of Attorney E. C. Abbott, one of the counsel, being out of the city.

MADRID MURDERER MAKES GOOD HIS ESCAPE

Sheriff C. C. Closson returned last night from the Madrid coal camp, where he was called to chase Clay Williams, who killed Gilbert Jenkins, a negro there, Saturday morning. Williams fled to the mountains and Sheriff Closson and posse hunted for him for nearly two days but could not find any trace of him. The murderer is still at large and is probably hiding in some cave in the nearby mountains.

OFFICIAL MATTERS.

No Change of Postmaster at Buchanan

A few days ago there appeared in an issue of this paper an item to the effect that Claude Becker had been appointed postmaster at Buchanan, Guadalupe county, to succeed Frank N. Page, who has been postmaster since the establishment of the office. The item was erroneous. Claude Becker was appointed notary public for Guadalupe county and not postmaster at Buchanan. The present postmaster, Mr. Page, addresses the New Mexican, asking for a correction and says that as far as he knows he is still acting as postmaster and serving Uncle Sam and the people as well as he can.
