# SANTA FE NEW MEXICAN

VOL. 45.

SANTA FE, NEW MEXICO, WEDNESDAY AUGUST 5, 1908.

NO. 148

## BIG STRIKE ON CANADIAN PACIFIC

**Thousands of Shopmen Walk Out Along System**

**NO VIOLENCE AS YET**

**The Railroad Officials Claim They Will Win Controversy.**

Winnipeg, Manitoba, Aug. 5.—The biggest labor dispute which the industrial history of Canada has ever known culminated today in the form of a general strike when the employees of the mechanical department of the Canadian Pacific railway system from the Atlantic to the Pacific coasts, some 9,000 in number, laid down their tools and quit work because the decision of the conciliation board, which was appointed under the Lemieux act of the Canadian Parliament, was not in accord with what they wanted. The local end of the strike involved 1,000 men employed in the Winnipeg shops.

Bell Hardy, head of the Canadian Pacific railway lines' strike committee wired from Montreal today that 2,200 men had quit work at Angus and that the strike order had been obeyed by a man over the entire system.

**Men Walked Out Peacefully.**

Winnipeg, Manitoba, Aug. 5.—Without any demonstration, 800 employees in the Canadian Pacific railway shops here walked out this morning, the signal for a laying down of their tools being given by the blowing of the shop's whistle. Outside a large number of draymen were in waiting to carry away the boxes of tools, the men evidently believing the strike will be a prolonged one.

One hundred men, mostly firemen and apprentices, remained in the shops today. General Manager Berry claims the company will win out in the present strike. Eighty men are out at Kenora; forty at Ignace; forty at Clagary, and sixty at Moose Jaw.

Four hundred men also walked out in the Canadian Pacific shops in British Columbia, seventy-five in Vancouver and others at Laggan, Nelson and Cranbrook. All the strikers are shop hands, such as machinists, boiler-makers and the allied trades.

## SENSATIONAL JAIL DELIVERY AT CLAYTON

**Seven Desperate Prisoners Awaiting Trial There, Saw Way Out and Made Good Their Escape.**

Captain Fred Fornoff of the Territorial Mounted Police today received a dispatch from Clayton, Union county, stating that all the prisoners who were locked up in the county jail in Union county, escaped last night. In some manner they got hold of an axe, files and other tools and sawed the bars of the cages and then chopped a hole in the outer wall.

There were seven prisoners in the jail, among them being James A. Johnston, a notorious criminal who has been indicted on five or six charges for horse stealing, defacing brands, etc. Teofilo Sandoval who was in for alleged cattle stealing; Aniceto Romero, charged with stealing and killing cattle, and W. A. Copper, charged with stealing cattle.

Sheriff Gallegos and Ranger Beal of Clayton, with a posse, have gone after the escaped prisoners and officers in New Mexico and Colorado have been notified to be on the lookout for them. The officers feel confident that they will be able to recapture every prisoner who escaped.

## EDDY COUNTY REPUBLICANS ENDORSE DELEGATE ANDREWS

Special to the New Mexican.

Carlsbad, N. M., Aug. 5.—The Republicans of Eddy county met in convention here yesterday. Every precinct was represented and the convention was an enthusiastic and harmonious one. Stirling resolutions were adopted endorsing Delegate W. H. Andrews, the administration of Governor Curry and President Roosevelt and the candidacy of Taft and Sherman on the national ticket. Six delegates with half a vote each were elected to represent Eddy county at the Republican territorial convention at Santa Fe and these were pledged to vote for the re-nomination of Delegate Andrews first, last and all the time. The delegates elected are M. S. Groves, D. L. Newkirk, W. T. Reed, John N. Bolton, T. J. Sanford and Harry Hamilton.

## ROY AND SOLANO FOR W. H. ANDREWS

**Republicans of Mora County Appreciate Services of Present Delegate to Congress.**

Special to the New Mexican.

Roy, N. M., Aug. 5.—The Republican voters of Roy and Salano precincts in eastern Mora county, and there are several hundred of them, in their recent precinct primaries, turned down the claims of Charles A. Spless of Las Vegas to secure the Mora county delegation for himself as the Republican candidate for delegate to Congress, very hard and very cold and elected delegates to the Mora county convention who are absolutely and strongly in favor of Delegate W. H. Andrews for re-nomination.

In the Salano precinct the three delegates were instructed to vote for Delegate W. H. Andrews and to use every possible, legitimate effort to have the Mora county delegation to the territorial convention instructed for him for re-nomination.

In the Roy precinct convention the native vote was well represented but the element opposed to Spless was too strong for them.

A. S. Bushkevitz was elected chairman of the convention. Juan Navarro, the present probate clerk of Mora county and who has represented his district twice in the council of the legislative assembly, was present and did the best work he knew how in favor of Spless but after finding that the sentiment for Delegate Andrews was too strong, withdrew his motion to instruct for Spless. While the delegates were not instructed, a majority favor Andrews.

The meeting at Roy was held at the new Bushkevitz hall which is a very handsome structure. In the coming election Roy precinct can be counted upon for a vote of five hundred, composed mostly of new settlers, a majority of whom are Republicans, while Solano will poll from 100 to 150, also mostly new settlers and mostly Republicans.

The meeting at Roy was held Saturday, August 1st.

The following five delegates were elected to the Mora county convention: A. S. Bushkevitz, Juan Worth, Leandro Archeta and Guadalupe Garcia.

The chances for a great Republican majority in Mora county this year are very fine and if Delegate Andrews is nominated he will carry the full strength of the party. There will be no selling out and no treachery in this coming election as there were in the November, 1906 election. The Republicans may be sure that they will carry this county.

## NEW PRESIDENT OF NORMAL UNIVERSITY

**Board of Regents Elects Dr. B. S. Gowen as Successor to Dr. W. E. Garrison.**

Las Vegas, N. M., Aug. 5.—At a recent meeting the board of regents of the New Mexico Normal University elected Dr. B. S. Gowen to fill the vacancy created by the resignation of Dr. W. E. Garrison, who severed his connection with the Normal University to become president of the College of Agriculture and Mechanic Arts of Mesilla Park. Dr. Gowen is now busy familiarizing himself with the duties of his new position and the University will open for the fall semester on September 8.

Dr. Gowen is an educator of wide experience and under his regime it is expected the university will greatly improve in efficiency. The new president graduated from an eastern normal college, attended Yale University for several years, receiving the degrees of B. A. and M. A. and later attended Clark University where he took the Ph. D. degree under Dr. Stanley G. Hall. He has had much experience as an educator. He held positions on the faculty of Yale University for several years, was principal of Maryland College for Women and principal of the Winchester Normal College. Altogether he has had ten years experience as the head of important educational institutions, besides several years in subordinate positions.

## SPECIAL TRAIN TO SAVE CHILD'S LIFE

**Little Daughter of Attorney and Mrs. H. B. Holt of Las Cruces, Taken to El Paso For Operation.**

Las Cruces, N. M., Aug. 5.—While playing at home in the corral yesterday morning, Catherine, the little three-year-old daughter of Attorney and Mrs. H. B. Holt, met with a serious accident. The child was either kicked or thrown against the fence by a horse, and sustained a fracture of the skull just above the left ear.

Dr. C. W. Gerber was called to attend the child, but desired to hold a consultation and a special train was ordered from El Paso to take the child to that city. The train left El Paso about 1 o'clock and reached El Paso at 3 o'clock. The child, accompanied by the doctor and her parents, was immediately taken to a hospital where an operation was performed in an effort to save her life.

## FIRE DESTROYS ZEPPELIN AIRSHIP

**Disaster Overtakes Craft in Terrific Storm**

**INVENTOR ESCAPES UNHURT**

**Torn From Its Moorings by Wind It Catches Fire and Sails Away.**

Stuttgart, Germany, Aug. 5.—During a storm here today the Zeppelin airship broke away from its moorings, took fire and disappeared in the air. Several persons were injured. Count Zeppelin, however, is safe.

The airship descended on a plot near the village of Eherdingen, five miles south of this city shortly before 8 o'clock this morning, owing to a defect in one of its motors. After an examination, Count Zeppelin decided to send to Friedrichshafen for mechanics to make the necessary repairs.

In the meantime the craft was brought here. A terrific wind and electric storm arose and the airship was struck by lightning, which caused it to explode and it was totally destroyed.

## REGULAR MEETING OF CITY COUNCIL

**Busy Session at Court House Last Evening—Mayor Appoints Committee on Lands.**

The regular monthly meeting of the city council was held at the court house last night and was called to order by Mayor Jose D. Sena. Clerk Faundo Ortiz called the roll and the following members responded: George W. Armijo, R. L. Baca, Pedro Quintana, Dr. C. A. Wheelon and J. H. Walker.

The minutes of the previous meeting were read and approved.

The street commissioner presented the following report: Total amount of cash collected in Fourth ward, \$115; in Third ward, \$9. Days of work performed by teams in lieu of cash, 28; days of labor performed by persons, 150.

On motion of Councilman Baca the mayor was authorized to purchase the necessary posts needed for bridges and also to issue warrants in payment for same.

Councilman Baca moved that a committee on lands be appointed by the mayor, said committee to receive all applications for the purchase of lands belonging to the city, to examine titles given in behalf of the city heretofore, also all contracts for lands heretofore given, establish the boundaries of the Santa Fe land grant by placing proper monuments, and attend to all matters pertaining to lands belonging to the city; fixing the price on same, subject to the approval of the city council and to submit a proper ordinance to regulate the sale of land. The motion prevailed and the mayor appointed on that committee, the following councilmen: Baca, Walker and Armijo.

The following ordinances were presented and read and referred to the ordinance committee with instructions to report at the next meeting:

Ordinance regulating dairy farm or a dairy in the city limits.

Ordinance regulating corral feeding grounds and inclosures for the keeping of goats and hogs therein.

Ordinance prohibiting cabs, hacks, delivery wagons, express wagons and transfer wagons from standing on San Francisco street between the point of intersection of San Francisco street and Lincoln avenue and from said intersection of San Francisco street and Sandoval street.

Ordinance prohibiting the erection of wood or frame buildings on certain limits of the city.

Ordinance to revise Section 190 of an ordinance introduced by Councilman Armijo.

Councilman Armijo presented the resignation of Councilman Juan B. Moya of Ward 1 in writing and on motion of Councilman Quintana it was laid on the table for further consideration.

On motion of Councilman Baca the street committee was instructed to examine the street that runs east from Manhattan avenue and report at the next meeting.

It was moved by Councilman Baca that the ordinance committee be instructed to prepare a proper amendment to tax the opera house at the rate of \$75 a year and present same at the next meeting.

An adjournment was then taken until the next regular meeting.

## 18,000 KNIGHTS OF PYTHIAS IN PARADE

Boston, Aug. 5.—The principal event of today's program of the Knights of Pythias convention was the great parade, with about 18,000 in line.

## PRIMARY RESULTS IN THREE STATES

**Believed Stubbs Has Beaten Leland in Kansas**

**BRISTOW AHEAD OF LONG**

**Returns Coming in Slow—Close Race in Oklahoma.**

Topeka, Kans., Aug. 5.—While the results of yesterday's primaries throughout this state are not positively known the returns today indicate that Roscoe W. Stubbs has probably defeated Cyrus Leland for the nomination of governor on the Republican ticket.

Joseph L. Bristow, former assistant postmaster general, leads in the count for United States senator and it is believed that he will have a substantial majority over Senator Chester I. Long.

The probable defeat of Leland and Long are both great surprises as it was believed that Long would beat Bristow and that Leland would defeat Stubbs. However, the final returns may change the result perceptibly.

**Results in Oklahoma.**

Guthrie, Okla., Aug. 5.—U. S. Senator Thomas P. Gore, Democrat, and Dennis T. Flynn, Republican, had no opposition in their parties for the nomination of United States senator in yesterday's primaries. Flynn was formerly delegate from the territory of Oklahoma. The principal interest of the election centered in the race between Congressman Bird S. McGuire and Judge B. T. Hainer for the Republican congressional nomination in the First district. The indications are that McGuire received an overwhelming majority.

**Cowherd and Hadley in Missouri.**

Kansas City, Mo., Aug. 5.—Late returns from yesterday's primaries in Missouri indicate the nomination of W. S. Cowherd for governor by the Democrats. Attorney General Herbert S. Hadley was the only candidate for governor on the Republican ticket and he was nominated by acclamation.

## INSURANCE OFFICIAL VISITING THE CAPITAL

**Vice-President A. M. Gildersleeve of Colorado Life Assurance Company Likes Santa Fe.**

A. M. Gildersleeve, a prominent business man of Denver, and vice-president of the Colorado National Life Assurance company, which, although but a new company, is already doing an extensive and increasing business in Colorado, New Mexico and Arizona, is in the city on a visit and a guest at the Palace hotel. Mr. Gildersleeve came to look over the situation and to consult with A. M. Bergere, the rustling and successful general agent of the company for New Mexico. He is very well pleased with Santa Fe and will remain here several days, partly on business and partly to enjoy this magnificent climate and the many interesting, scenic, historical and ethnological attractions. On his travels from Denver south he found that business conditions were steadily improving. He is of the opinion that despite the present presidential campaign, prosperous times are ahead for the Southwest from now on.

Mr. Gildersleeve says that Colorado and especially its capital, the city of Denver, are growing constantly and in the right direction and believes that with statehood and the capital fixed at Santa Fe the people of New Mexico will certainly be in the swim and that immigration, capital and business enterprises will come here in large proportions and help the present inhabitants to make a great state out of this territory.

He called at the editorial office of the New Mexican and was supplied with accurate information regarding the capital and territory. He proposes to travel through New Mexico and become personally acquainted with its resources, business and people. He is a staunch Republican and is for the election of Taft and Sherman and believes that the people of New Mexico would make a great mistake were they not to give the Republican party tickets here their votes and elect the tickets by a grand majority, as if this happens statehood will be the speedy result and this seems to be at this time the greatest need of New Mexico.

## WHEAT TRADERS BID UP ALL THE PRICES

Chicago, Aug. 5.—Wheat traders, influenced largely by the hot, dry weather, bid up today. Prices of all options were more than three cents better than yesterday's close and the closing quotations were but a slight fraction below this.

## HOPEWELL DID SOME BOOSTING

**During Recent Trip to Washington He Told of Coming Irrigation Congress at Albuquerque.**

During the recent visit of Chairman W. S. Hopewell of the board of control of the Sixteenth National Irrigation Congress, to Washington, Mr. Hopewell was interviewed by a representative of the Washington Post and the following interesting talk with him appeared in the Post's column headed, "People Met in Hotel Lobbies":

"The Sixteenth National Irrigation Congress which will be held in Albuquerque, New Mexico will be the largest gathering of its kind ever held in this or any other country, according to Colonel W. S. Hopewell, of Albuquerque, who is in Washington to confer with government officials regarding the details of the Congress.

"Vice President Fairbanks, Secretaries Wilson and Garfield, Gifford Pinchot, forester of the agricultural department; Frederick H. Newell, director of the reclamation service, and other officials will be in attendance," said Colonel Hopewell, at the Shoreham.

"The convention will last for two weeks from September 29 to October 12, and an auditorium capable of seating 3,800 people has been erected by the city. It will, of course, be a permanent convention hall but the Irrigation Congress will be the first big gathering to meet there. We expect about 3,200 delegates to the Congress, many of whom will come from abroad.

Turner, the famous French engineer, has been delegated by President Fallieres to attend as the representative of the French republic, and King Edward has personally appointed a delegate, while Belgium, Holland, Germany, and, in fact, nearly every country of Europe, will be represented. From South America will come a great many delegates because the countries in that section of the world are perhaps more largely interested in irrigation than those of other parts.

"President Diaz of Mexico, is taking a deep interest in the meeting, and besides naming several delegates to represent Mexico, has ordered the famous Eleventh regiment band to Albuquerque to remain throughout the Congress. The band, you know, is the official band of Mexico and is the most noted musical organization in that country. I hope to obtain a detail of one of the best government bands of this country, so that we may not be outshone in a musical way.

"This Congress is the sixteenth annual irrigation congress. The first one held was, in fact, the first organized meeting that had as its object the conservation of our national resources. We expect great things from the coming Congress. The President is taking a deep interest in its success, and so are many other officials of the government, not to speak of the hundreds of prominent captains of industry who will attend and make addresses."

Right here it is well to recall the attention of the people of New Mexico in general and of the citizens of Albuquerque in particular that had it not been for the splendid work of Delegate W. H. Andrews in securing the appropriation of thirty thousand dollars for the maintenance and expenses of the Sixteenth National Irrigation Congress in the latter city, the successful holding of the Congress would have been a very serious and hard problem to solve. As it is and with the appropriation secured by the work of Delegate Andrews, the affair will be what it ought to be, namely, first-class.

## COAT OF MAIL SAVES THE SULTAN

**Would-Be Assassin Stabs Him, But Breast Plate of Armor Deflects the Blow.**

London, Aug. 5.—A special to the Exchange Telegraph company from Geneva, says the Sultan of Turkey was stabbed in the breast on Monday by a minor palace official. The coat of mail which the Sultan always wears deflected the blow. The would-be assassin was arrested. He had apparently been bribed to commit the act as he had a large sum of gold in his pockets and his baggage was ready for a flight.

## CHANGE OF WIND SAVES TOWN FROM FLAMES

Winnipeg, Manitoba, Aug. 5.—A special from Michel, British Columbia, today says that the wind which has been blowing from the west, driving the big bush fire before it and threatening the town's destruction, died out this morning and the town is now safe for a time. All the flats back of the Great Northern station started to burn when the wind stopped. The fire is still smoldering.

## POLICE KILL AND CAPTURE BRIGANDS

Tiflis, Aug. 5.—In an encounter between the police and brigands who have long terrorized the suburbs of the city, five of the latter were killed and many others captured today.

## BRYAN AND KERN TO TOUR COUNTRY

**Plan to Speak in All the Principal Cities**

**ITINERARY IS ARRANGED**

**Contrary to Previous Statements Peerless One Will Go on the Stump.**

Buffalo, N. Y., Aug. 5.—W. J. Bryan, Democratic candidate for president, will make several campaign tours which will embrace nearly all parts of the country. He will speak in most of the principal cities between the Atlantic and the Pacific coasts.

The candidate's itinerary is now under the management of Chairman Mack who today made known the general tour plan. John W. Kern, his running mate, will likely accompany Mr. Bryan on part of the trip and Chairman Mack hopes to arrange to have Kern speak with Bryan when he invades New York state. No dates have been set as yet.

Chairman Mack's announcement that Bryan and Kern will tour the country came as a surprise as the Nebraskan had repeatedly announced that he would not take the stump in the coming campaign, but would do most of his campaigning in the Democratic press of the country.

## BRYAN REVEALS CONTENTS OF ACCEPTANCE SPEECH

Fairview, Lincoln, Aug. 5.—William J. Bryan today outlined the subjects he will discuss in his forthcoming speech of acceptance. His speech is to be confined practically to these two questions: "Shall the People Rule?" and "Their Measure of Reward." Other issues such as the guarantee of bank deposits, tariff, trusts, etc., will be treated in several speeches he intends to make within the next thirty days.

"The notification speech," said Mr. Bryan, "will deal with but few questions. Having a letter of acceptance to write later and several speeches to make on important topics, such as the tariff, trusts, the banking question, labor question, imperialism, etc., it was not necessary for me to include them in this speech and I could not have done justice to any one question if I had too great a number.

"Our platform declares the overshadowing question to be 'Shall the People Rule?' and in this speech I will take up the admitted conditions and endeavor to show what has produced these conditions, how they can be remedied and how the people can be put into control of their own government. The only other subject discussed is 'Their Measure of Reward,' the aims of all just governments being to secure for each individual the reward to which his work entitles him.

"I shall, within the present month, discuss the tariff question, trust question and guaranty of bank deposits. My speech on trusts will be delivered at Indianapolis at the time of Kern's notification on August 25th. The one on the guaranty of bank deposits will be delivered at Topeka, Kansas, a few days afterwards. The day and place for the one on the tariff question has not as yet been fixed. At Chicago on Labor Day I shall discuss the labor question and at Peoria on September 9th, my subject will be, 'State and National Rights.'"

## ALLISON LEFT NO BLOOD RELATIVES

**Arrangements for His Funeral in the Hands of Intimate Friends—To Be a State Affair.**

Dubuque, Ia., Aug. 5.—Arrangements for the funeral of Senator William B. Allison will be completed today at a meeting of his friends. There is not a single blood relative to consult and the Allison home is in charge of a few intimates friends today.

Senator Allison devoted his life to public service and his sudden death is a fitting climax to the lonely man's life. His funeral will be public and friends from all over the United States will attend the services, including many of his colleagues in the Senate.

## CAVALRY TROOPS ARE LOST IN MOUNTAINS

Camp Emmett, Wyo., Aug. 5.—It is reported here today that troops of the Fifth Colorado state cavalry which was expected to arrive here yesterday are lost in the mountains. The report could not be verified, but if the troops do not arrive here today it is probable that scouts will be sent to their rescue.

## OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and as a large and growing circulation among the intelligent and progressive people of the Southwest.

## THE REPUBLICAN NATIONAL TICKET.

For President—William Howard Taft, of Ohio  
For Vice-President—James Schoolcraft Sherman, of New York

## INDIANS OF THE SOUTHWEST.

The most interesting as well as most attractive of the many booklets issued by the passenger department of the Santa Fe system, is entitled "Indians of the Southwest." Although first published in 1903, it is only lately that it has been given the wider circulation it has deserved on account of its literary merit and its advertising value. The book is beautifully printed on a good quality of paper, is profusely illustrated with half tones, vignettes and pen and ink drawings, all from life and illustrative of the Southwest in its ethnological aspects.

But greater than the mechanical execution, is the literary and scientific worth of this unique publication. It is from the pen of Professor George A. Dorsey, who has been a visitor in Santa Fe, and who is curator of Anthropology of the Field Columbian Museum and therefore an eminent authority on the life of the aborigines of this country. Professor Dorsey visited all of the Indian pueblos and reservations in New Mexico and Arizona and is the author of often quoted works on the Indian. He follows the Santa Fe line through Kansas, Colorado, New Mexico, Arizona and California, visiting every Indian tribe describing them in simple language yet with scientific accuracy and picturesque word coloring. Of course, most of the space is devoted to the Pueblos, and Santa Fe is given much prominence in the 224 page booklet, as a center from which it is most convenient to reach not only the Pueblo communities, but also the wonderful and numerous cliff dwellings of the Pajarito Park. In fact, of late, the Santa Fe is giving deserved prominence to the many-sided attractions of New Mexico's Capital City, advertising that is resulting in much good and that is very much appreciated by local people, being in such contrast to the neglect with which the Santa Fe formerly treated the most famous town on its line. It is earnestly hoped that this advertising campaign will be followed soon by new depots here and at Lamy, improvement in the train service between Santa Fe and Lamy, and such other improvements as would be in keeping with the dignity of the Santa Fe and the importance to it of this city, from the sentimental, the tourist and the commercial standpoints.

But this is a digression. "Indians of the Southwest" is not mere advertising literature. In fact, no one who reads it, would suspect that it was written or published for advertising purposes and it is therefore so much the more valuable. In many ways, the book is a classic, a reference volume, a much needed, popular treatise that will dispel many of the erroneous but prevalent ideas about the Indians. Of course, here and there are slight inconsistencies, such as for instance as saying in one place that Nambé is one of four pueblos that cannot be conveniently reached from Santa Fe and in another place, stating correctly, that Santa Fe is the only town from which Nambé can be conveniently visited. The book characterizes the collection of the Historical Society in the "Old Palace," as "somewhat scant," but that will be remedied by the archaeological museum which will be established with the relics to be taken this month out of communal buildings in the Pajarito Park by Professor Edgar L. Hewett. In one place, the author says that the Pueblos near Santa Fe are less interesting because of the admixture of Spanish blood, and yet, on another page, he says that Tesuque "is one of the purest Indian villages." But these are minor inconsistencies such as are often difficult to avoid in a publication like this. The many illustrations from photographs, are a joy to the eye, and the appended bibliography and map are interesting and of great service to the student. It is certain that no one will examine the book without feeling thankful to the author and to the Santa Fe Railway company for having published it, or wishing at the same time to take a trip to see the wonderful and mysterious land of the Southwest.

The acceptance speech of William Jennings Bryan it is announced, will be only 5,300 words in length; for this relief much thanks. But unfortunately for the people and for the voters the Peerless Nebraskan has announced that he will treat the questions of the campaign in separate speeches between now and election day, which means that the voters will be regaled with much oratorical trash and alleged eloquent addresses. This time the voters and citizens will stand Mr. Bryan's efforts better and more solidly than they have ever before. They have

heard him talk for twelve years and in two national campaigns, in which he was the presidential candidate at the head of the Democratic ticket and he certainly has made no great progress in securing a majority of votes for his ambitions so far and it looks very, very much as if election day next November will again be decided against him.

## POLITICS AND RELIGION

It would be a very grave and serious misfortune for this country were the practice of mixing politics and religion to come about in considerable proportion. One of the cardinal principles and leading doctrines of the constitution of the United States is the complete separation between the federal government and religion. During the existence of this government for a century and a third the doctrine of complete separation between the state and religion, and between politics and religion has been found correct and most beneficial. A change from this practice would never be allowed as it would only redound to injury and evil.

Referring to the attempt of certain supporters of William Jennings Bryan to mix politics and religion the Washington Post takes the right stand and sensibly and timely says that orthodoxy is striving furiously this year to get into politics. Every newspaper has received inquiries about the religious faith of one of the leading candidates for President, and a distinguished prelate of one of the Protestant Episcopal churches that claims to be unusually evangelical calls on all Christian folk to join with him to defeat William H. Taft, because he is a member of a church to which three of the American Presidents belonged—both the Adamses and Millard Fillmore.

Aside from that, Thomas Jefferson, the greatest of the Democrats, and Abraham Lincoln, the greatest of the Republicans, were free thinkers and rejected most of the gospels, and yet Jefferson and Lincoln are embalmed in history as two of the greatest of the Presidents.

In clause three, of Article six, of the Constitution of the United States it is provided that all executives and judicial officers of the Federal establishment and of the states shall be bound by oath or affirmation to support the constitution, but it is with this provision: "But no religious test shall ever be required as a qualification to any office or public trust under the United States."

If it is to be held that Mr. Taft is not fit for public office because he is a member of the Unitarian church, is not the passage we have cited from the constitution a dead letter?

Again, the first amendment, proposed by that Democrat even greater than Jefferson—George Mason—says: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof."

What is it but an established religion if a member of the Unitarian church is to be politically ostracized for the faith which he holds? The Unitarian church exalts Jesus Christ above all the mortals and teaches the moral truths of the Sermon on the Mount. And only a fanatic that would marry church and state will find fault with a public man for his membership in that church.

The Democratic party destroyed know-nothingism. Bishop Morrison's assault on Taft's religion is nothing in the world but pure know-nothingness. It would be prudent for Mr. Bryan to call the bishop off.

The Republican papers in the eastern counties of New Mexico in a section of the territory which is claimed by Democratic bosses to be overwhelmingly Democratic are doing yeoman work for Republican success in this campaign, and are making many Republican votes by their strong editorial work. This is in gratifying contrast to the conduct of the New Mexican papers in northern New Mexico which claim to be Republican and support Republican principles, but which give the party a dig in the ribs as often as chance offers. Evidently there are many good, staunch Republicans among the thousands of new settlers in eastern New Mexico and it is a very good thing for the territory that this is the case.

The city of Santa Fe is growing steadily but slowly. Had it more pushing, live and progressive property owners and citizens and a smaller number of knockers and muckrakers it would improve more rapidly and grow more quickly in population, in business and in modern comforts.

## ANDREWS WILL GET STATEHOOD

A very sensible, plain spoken and correct view of the present political situation regarding the nomination of a Republican candidate for delegate to the Sixty-first Congress is taken from the McKinley County Republican, published at Gallup, the county seat. It is worthy of reading, and the careful attention of all citizens of the territory who stand for statehood and desire to have a representative in Congress who has already done them a great deal of good and who is in a position to do still more good. Says the Republican:

"The importance of sending Mr. Andrews back to Congress as the delegate from New Mexico, for the general good of the territory, cannot be underestimated. Gregory Page, who has just returned home, states that when at Chicago attending the national Republican convention, he met several members of the Pennsylvania delegation in Congress and they made it plain that with Mr. Andrews back in his seat at the next term they would be under obligations to do all in their power to help him secure statehood for this territory. They also stated that all the influence they could bring to bear would be enlisted in the interest of New Mexico, but that with a new man representing the territory very little could be accomplished. Will the people of the territory be foolish enough to expect Larrazolo to accomplish anything at all for them in the face of the opposition of a large and solid Republican delegation like the Pennsylvanians from the Eastern states, who dominate the National House? The man who likes territorial government and would rather be a subject than a citizen will cast his vote for Larrazolo, but the patriotic, liberty loving, home loving American who wishes to become a citizen and have a say in governing his commonwealth will unqualifiedly vote for Mr. Andrews, the man who has proven that he can do things for the people and who has the support, which will enable him to continue to accomplish results. It is statehood for New Mexico which is needed at this time. Let the people re-elect Mr. Andrews and obtain it."

## CURRENT CAMPAIGN OPINIONS.

The San Marcel Standard prints the following very neat little editorials concerning the charge that the Democrats that vote for Larrazolo are bought. The paper puts the situation correctly saying that the insinuation that Democrats who support Andrews are bought may be true. The Democrats who are supporting Andrews are bought by their conscience, bought by their good business sense and by their loyalty to the highest good for New Mexico. If that be bought, thank God, it is better to be bought than to be sold like the supporters of Larrazolo. The Standard continues:

"The Albuquerque Sun considers Larrazolo's candidacy as a melo-drama but if he were elected it would develop into a real tragedy."

"Don't get so excited in the coming Congressional campaign that you lose your head and vote for Larrazolo, for if you do the chances are you will lose your vote, too."

"Lazarus begged for the rich man's crumbs and Larrazolo begs for the poor man's votes."

"Larrazolo and statehood is impossible, but Andrews and statehood is inevitable."

The Logan Leader published in Quay county in a new settlement which contains several hundred immigrants and homestead entrymen is evidently no believer in long editorials but puts itself straight on record for Delegate W. H. Andrews, in the following concise language:

"W. H. Andrews, candidate for delegate to Congress subject to the action of the Republican party at Santa Fe, August 18."

"Delegate Andrews' nomination is assured. He has enough delegates to nominate him on the first ballot."

"The Leader is for Andrews first, last and all the time and will see him nominated and elected."

It is said in Santa Fe political circles that the delegation from this county to the Republican convention will not vote for the nomination of Delegate W. H. Andrews on August 18th, next. The truth of this report cannot be traced and it is not believed that it is based on facts. That action would be a good deal in the direction of the man who cut off his nose to spite his face as that is about all the good it would do.

The Republicans of Santa Fe county stand a splendid chance for success in this coming election provided, clean, competent and well known citizens are nominated for legislative and county offices, and a vigorous, honest and thorough campaign is made. The clearer the candidates on the ticket the greater will be the majority and the better and more efficient will be the county government for the coming two years. He who runs may read.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

The New Mexican Printing company will do your job work with neatness and dispatch.

## THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico, Established in 1870  
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.  
LEVI A. HUGHES, Vice President. ALFRED H. BROADHEAD, Assistant Cashier

Capital Stock, \$150,000. Surplus and undivided Profits, \$63,500.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfer of money to all parts of the civilized world on as liberal terms as are given by any money transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on six months' or year's time. Liberal advances made on consignments of livestock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety deposit boxes for rent. The patronage of the public is respectfully solicited.

It will positively bring results.

## NEW MEXICO REPORTS VOLUME NUMBER 13

Just issued From Press of New Mexican Printing Company—Essential to Every Attorney.

Volume 13, of the reports of cases argued and determined in the supreme court of New Mexico is now ready for distribution among the members of the bar. No law library in New Mexico is complete without it and to the practicing attorney it is absolutely necessary. Justices of the peace, U. S. commissioners, court officials and all others who are interested in the interpretation of the law, especially the New Mexico law, by the highest court of the territory, should have the volume at their elbow. It is compiled by Judge A. J. Abbott, the supreme court reporter, and federal attorney for the Pueblo Indians, and his experience on the bench, as practicing attorney and as the author of previous volumes of Reports, assures that volume 13 has been carefully edited and indexed. The typographical work and binding is by the New Mexican Printing company which is being complimented upon the fact that it is the best printed and best bound volume of New Mexico Reports thus far issued. The price per volume, \$2.70, is lower than that of any previous volume. To this 30 cents should be added for postage, if volume is ordered by mail. The edition is limited and orders will be filled in the sequence of their receipt.

The New Mexican Printing company has ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 7 cents; of the territorial road laws, price 50 cents, and of the territorial mining laws, price 50 cents per copy. These can be purchased by applying in person or by mail at the office of the company.

## OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,625.24 grains of alkaline salts to the gallon, being the richest

alkalin Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 4 p. m. the same day. For further particulars address:

# Kodol

## For Dyspepsia and Indigestion.

If you suffer from Indigestion or Dyspepsia; if you are annoyed with gas on the stomach, fullness after eating, belching, sour stomach, heartburn, etc., a few doses of Kodol will relieve you.

If you knew as well as we do how good a preparation Kodol is for indigestion and dyspepsia it would be unnecessary for us to guarantee a single bottle.

But to get you to know how good it is as well as we know, we practically will purchase the first bottle for you.

You wonder, perhaps, how we can afford to make such an offer—It is because we have absolute confidence in the honesty and fairness of the public.

We know there are thousands of persons who suffer from indigestion and dyspepsia who would be grateful to us for putting them in touch with Kodol.

That is why. Furthermore, we know that after you have used Kodol your faith in the preparation will be equal to ours.

This proposition we make is not altogether unselfish, but it is actuated by the knowledge that the use of Kodol by you will benefit you as well as ourselves.

How could we afford to make such an offer to the public, and how could we afford to spend thousands of dollars to tell you about it unless we positively knew and were sure of the merits of Kodol.

We couldn't—it would bankrupt us.

But we know the merits of Kodol and we want you to know.

A perfect digester must contain many ingredients each in proper proportion.

It must be a liquid, because all those ingredients cannot be put into dry form.

It must be able to digest any food, or any mixtures of food, and completely.

Kodol does that even in a glass test tube.

No other digester can.

Kodol alone does all of the work. It stops all irritation, and gives the stomach complete rest.

It has taken us years to get a perfect digester, but we certainly have it now.

Please try it today at our risk.

It means more than relief. It means that the stomach will do its own work far sooner than you'll expect.

Kodol digests all the food you eat.

Eat what you want and let Kodol digest it.

### Our Guarantee

Get a dollar bottle of Kodol, and do it today. Don't delay. And if you can honestly say that you did not receive any benefits from it after you have used the entire bottle the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you.

Any druggist will give you Kodol on these terms, because he knows our guarantee is good.

The \$1.00 bottle contains 24 times as much as the 50c bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

from foreign sources containing approximately 182,530,132 pounds fine copper was imported for refining in this country.

"The greatest decrease in smelter output is shown by the returns from the three states that rank highest. Montana's production, which was 294,701,252 pounds in 1906, was but 224,263,789 pounds in 1907, and the state yielded first place to its rival, Arizona, whose production, however, showed a decrease of nearly 6,000,000 pounds from 262,566,103 pounds in 1906 to 256,778,427 pounds in 1907. Michigan still holds third place, with its production decreased from 229,695,730 pounds in 1906 to 219,131,503 pounds in 1907. Decreased production is also shown by the returns from Alaska, Oregon, Washington and North Carolina.

"Many of the other copper-producing states showed substantial gains. The output of Utah, the fourth state in point of production, was nearly 16,000,000 pounds in excess of that of 1906—66,418,370 pounds in 1907 as against 50,329,119 pounds in the preceding year. The production of California increased from 28,153,202 pounds in 1906 to 33,996,602 pounds in 1907; that of Colorado from 7,427,253 pounds in 1906 to 13,998,496 pounds in 1907; that of New Mexico from 7,999,842 pounds in 1906 to 10,140,110 pounds in 1907, and that of Idaho from 8,578,046 pounds in 1906 to 9,707,299 pounds in 1907. Nevada and Vermont also showed productive gains.

**Refined Copper.**  
"The production in 1907 of refined new copper of domestic origin was 781,271,427 pounds, a decrease of 103,410,960 pounds, or 13.2 per cent, from the production of 1906. The total output of refined copper (exclusive of domestic scrap, etc.) by domestic refiners in 1907 was 1,032,516,247 pounds. In addition to this production of refined copper 25,129,617 pounds were recovered during the year by the regular copper-refining companies of the country from domestic scrap, drosses, etc., and returns from practically all the known refineries of secondary materials indicate that 35,355,966 pounds additional were turned out by them as casting copper and in alloys. The copper produced from secondary sources in 1907 was therefore somewhat in excess of 60,000,000 pounds, or more than 7.5 per cent of the year's production of refined new copper.

**Stocks.**  
"Returns from all the lake and electrolytic refiners are practically complete and show the following stocks of refined copper on hand at the beginning and end of the year:

January 1st, 1908, 125,745,796 pounds; January 1st, 1907, 46,497,181 pounds. An increase during 1907 of 79,248,615 pounds.

"Undelivered sales are almost entirely excluded from these figures, and stocks carried by consumers and brokers have not been estimated. In addition to these stocks or refined copper there were at the smelters, in transit to the refineries, and at the refineries blister copper and material in process of refining to the amount of 135,310,239 pounds on January 1, 1907, and 175,254,659 pounds on January 1, 1908.

**Consumption.**  
The apparent consumption of refined new copper in the United States in 1907 was about 485,000,000 pounds, as compared with 685,000,000 pounds in 1906, and it is probable that in addition, most or all of the 60,000,000 pounds of reworked copper was consumed."

The New Mexican Printing company will do your job work with neatness and dispatch.

## CIVIL SERVICES EXAMINATIONS

Will Be Held Throughout United States This Fall For Many Government Positions.

C. or the secretary of the board of examiners at the following named places: Postoffice, Boston, Massachusetts, Philadelphia, Pennsylvania, Atlanta, Georgia, Cincinnati, Ohio, Chicago, Illinois, St. Paul, Minnesota, Denver, Colorado, San Francisco, California, Custom House, New York, New York, New Orleans, Louisiana, Old Custom House, St. Louis, Missouri.

### A Faithful Friend.

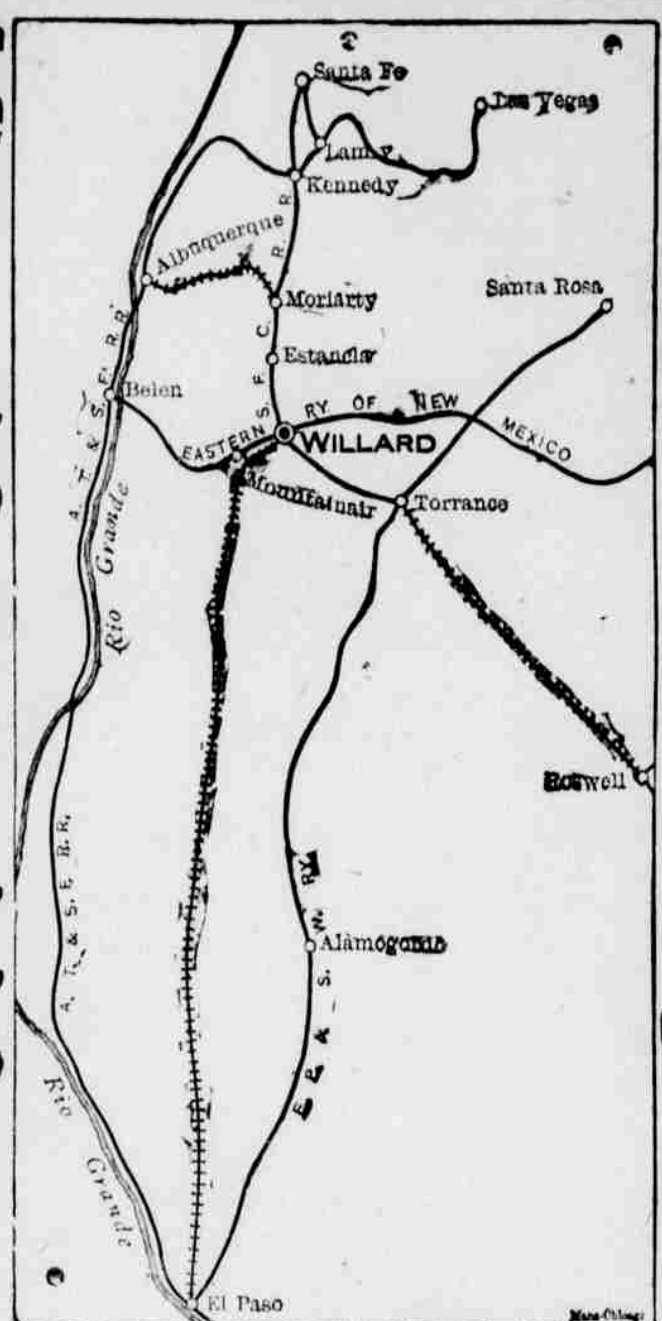

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak for it. For sale by all druggists.

The New Mexican Printing company has on hand a large supply of pads and tablets suitable for school work, the desk and also for lawyers. We will sell them at 5 cents in book form.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

## PERSONAL MENTION

Attorney W. D. Hayden of Las Vegas has gone to Wisconsin, his former home, on a visit to friends.

Gordon Goebel and Willie Goebel left yesterday on a trip to Mount Baldy to be gone two or three days.

Manuel Rivera, farmer in the vicinity of Espanola, was in town today on business. He stopped at the Normandy.

Mrs. B. Davis of Albuquerque, has arrived here on a visit to her sister, Mrs. R. H. Bowler and will remain several days.

L. Martinez and L. Vigil, residents of Espanola, spent today in the city on business. They were registered at the Coronado.

John W. Dorman, ranger on the Pecos National Forest, with headquarters at Glorieta, is in the city on a few days' visit.

Miss Nellie Shaffer of Madrid, is on a visit to Mr. and Mrs. Fred Alarid. She will spend a week or ten days visiting in this city.

W. H. Kennedy, Harry A. Snyder and Fred Valdez left yesterday on horse back for a few days' outing in the Truchas mountains.

Amado Lopez, citizen of Socorro, reached town yesterday and took a room at the Coronado. Personal business brought him here.

Pablo Trujillo of Chamita, who has a ranch near that town, was among yesterday's arrivals here. He came on business and had a room at the Coronado.

Judge Henry L. Waldo, solicitor for the Santa Fe railway in New Mexico, who has been in Kansas City on a visit to his family, has returned to Las Vegas.

A. R. Armijo of Albuquerque, arrived in the city last night for a short visit to his cousin, Probate Clerk George W. Armijo. Mr. Armijo is in the real estate business in the Duke City.

Max Nordhaus, president and general manager of the Hild Mercantile company, has returned to Las Vegas from a two weeks' trip to eastern and southern New Mexico on business for his firm.

Dr. J. A. Casner, wife and two children, have gone on an outing overland and will travel as far north as Taos and probably further. The doctor, being very busy in his practice, needed a little rest.

A. B. McMillen of Albuquerque, president of the New Mexico Bar association, will be in Santa Fe tomorrow afternoon to meet with the local entertainment committee at the office of A. B. Renahan.

Mrs. Leo Hersch and children have returned home from a few weeks' sojourn at Alcalde and Denver. They enjoyed the trip very much and Mrs. Hersch gained four pounds in weight and is feeling much better.

A party composed of Mrs. Robinson and the Misses Robinson of Chicago, Miss Canny, Miss Bean and Dr. C. A. Wheelon, left this morning for an outing at Nambé Falls, north of Santa Fe. The trip was made in a mountain buckboard.

John C. Sears of Raton spent yesterday in the city on insurance business. Mr. Sears is a former resident of this city. On Saturday last he was elected chairman of the Democratic county committee of Colfax county.

Dr. Oliver H. Hyde, who has been a frequent visitor to this city for the benefit of his health and who of late has been connected in an official capacity with the U. S. Army Sanitarium at Fort Bayard, is in the city on a visit to friends. He is greatly improved in health.

Mrs. S. K. Rush of Moriarty, accompanied by Mrs. L. F. Studyoin, of Quay

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

## The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life and these dimes and nickels will grow into a good large sum. The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

### AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.  
Making you free to do as you wish.  
Making you and your family happy and contented.

## MINOR CITY TOPICS

Weather forecast for New Mexico: Generally fair except local showers in the north portion tonight or Thursday.

Don't forget the dance at the opera house next Saturday night.

The hotel arrivals in this city yesterday numbered thirty, namely: Palace, four; Claire, four; Normandie, sixteen; Coronado, six.

Probate Clerk George W. Armijo issued a marriage license this morning to Henry E. Tarr, age 23, and Miss Olivia Sandidge, age 23, both of Stanley.

Members of the Santa Fe board of trade are urged to attend the annual meeting of the board at their rooms on Washington avenue Friday evening. Annual election of officers will occur.

Those registered at the rooms of the New Mexico Historical Society Monday were: Henry E. Tarr, J. M. Plowman, both of Stanley; Charles F. McCredie, of Fredonia, Kansas; K. M. Johnston, of Dallas, Texas; C. Rolland Ellis, P. C. Covington, both of Albuquerque.

The regular monthly dance of the Woman's Board of Trade will take place tomorrow evening at the library hall. Mrs. Solomon Spitz, president of the board, and her assistants, will see to it that those who attend have a pleasant time. Refreshments will be served. Tickets are 75 cents.

Mayor Jose D. Sena requests that all those parties who will be effected by the changes and amendments of the ordinances now in the hands of the ordinance committee to come before the council at its next regular meeting, the first Tuesday in September and explain their objections, if they have any, against the passage of said ordinances. Mayor Sena says that the council will be glad to hear from all citizens.

Manager A. M. Dettelbach of the opera house has succeeded in getting Santa Fe in the Crystal Vaudeville circuit and beginning with August 17th two performances nightly will be given at the opera house, excepting Saturday night, when there will be but one performance. The Crystal circuit includes some high-class vaudeville artists and Santa Feans are promised something new in the amusement line when the local playhouse reopens. The prices will be 15 and 25 cents.

Showers occurred in the vicinity of Santa Fe yesterday afternoon and last night but no rain fell in this city. There was quite a display of lightning along the northwest and west horizon during last evening. The maximum temperature yesterday was 81 degrees at 4:20 p. m., and the minimum temperature was 53 degrees at 4:40 a. m. The mean temperature was 67 degrees. The average relative humidity for the day was 60 per cent. The lowest temperature during last night was 55 degrees and the temperature at 6 a. m. today was 58 degrees.

Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

## SANTA FE COUNTY TEACHERS' INSTITUTE

Will Convene in High School August 10th, and Continue in Session For Ten Days.

County Superintendent of Schools John V. Conway has issued a circular letter to school teachers notifying them of the time, place of meeting, etc., of the Santa Fe County Teachers' Institute. The letter reads: Santa Fe County Teachers' Institute. "The Santa Fe County Teachers' Institute will convene in the high school room in Santa Fe, Monday morning, August 10th, 1908, and will continue ten days, Sunday excepted, closing on Thursday afternoon.

Sessions.  
"There will be two sessions each day as follows: From 9 a. m., to 12 m., and from 2 to 4 p. m., or later if necessary.

Expenses.  
"The only expense will be the regular fee of \$2 to be paid upon enrolling. A course of study, outlining the work, will be furnished to each member of the Institute.

Text Books.  
"Teachers should bring with them

FROM AUGUST 1st.  
Vitrified brick will be sold at \$12 per thousand and red or building brick at \$8 per thousand.

JOHN W. GREEN.  
Superintendent of Penitentiary.

## Big Drive in Summer Millinery

Such as Flowers, Veils, Baby Bonnets, Chip and other Summer Braid Hats, all will now be sold down in price.

**MISS A. MUGLER**

Southeast Corner Plaza.

any text books which they may have, especially those adopted by the territorial board of education last June.

### Examinations.

"Examinations for teachers' certificates will be held on Friday and Saturday following the Institute.

### Attendance.

"To receive proper credit, teachers must be in attendance every day, or furnish a doctor's certificate for absence on account of sickness. For a person to say that he or she was too busy to attend will not be taken as an excuse. The law must be complied with more strictly than it was years ago.

### Conductor.

"Mrs. A. J. Smith of Belen, an efficient and well known teacher in the primary grades of New Mexico schools, has been engaged to conduct the Santa Fe county Institute this year. Mrs. Smith bears a fine reputation as an instructress and those interested in school work in the Sunshine Territory and particularly in Santa Fe county, predict a first class Institute this year. She has had years of experience in New Mexico and is a scholar of high standing. She will be assisted by excellent talent.

"A full and large attendance is most earnestly desired.

"Very truly yours,

"J. V. CONWAY,  
County Superintendent."

## Typewriters.

Call at "The Racket" and see the new Royal Typewriter. Racket prices prevail, \$65.00. None better at any price. All latest improvements.

## TRY THIS FOR DESERT.

Dissolve one package of any flavored JELL-O in one pint of boiling water. When partly congealed, beat until light adding one cup whipped cream and six crushed macaroons. Whip all together thoroughly and pour it into a mold or bowl. When cool, it will jelly and may be served with whipped cream or any good pudding sauce. The JELL-O costs 10c. per package and can be obtained at any good grocer's.

## RANGE REASON No. 2

Four-fifths of the service required of a range is the cooking done on the top. In view of this, think of the ADVANTAGE it would be TO YOU IF THE TOP OF YOUR RANGE HAD SOME REAL HONEST MERIT. The lids and cross pieces of

### THE MONARCH MALLEABLE RANGES

Are made of the finest Malleable iron. They are polished as brightly as a well-worn steel rail. When first used these turn a deep blue color and thereafter they require no polishing, blacking or rubbing, as ordinary ranges do. These lids and plates will also withstand the effect of the intense heat without burning, cracking or warping, and, since the iron is very close grained in structure, it will heat through much quicker than cast iron. Therefore, a top that will heat more quickly, and conduct more heat rapidly, with less loss of heat WILL SAVE FUEL. It will do more, it will save your range and fire box and lengthen the life of the range.

### THE STAY SAFE FACTORY RANGE

MALLEABLE TOP—Unbreakable; never warped.  
DUPLEX DRAFT—Air admitted to entire fire box.  
FULL ASBESTOS LINING—Heat all retained within range.  
OVEN THERMOMETER—Amount of heat perfectly regulated.

TRIPLE WALLS PLANISHED STEEL—Perfect, durable construction.

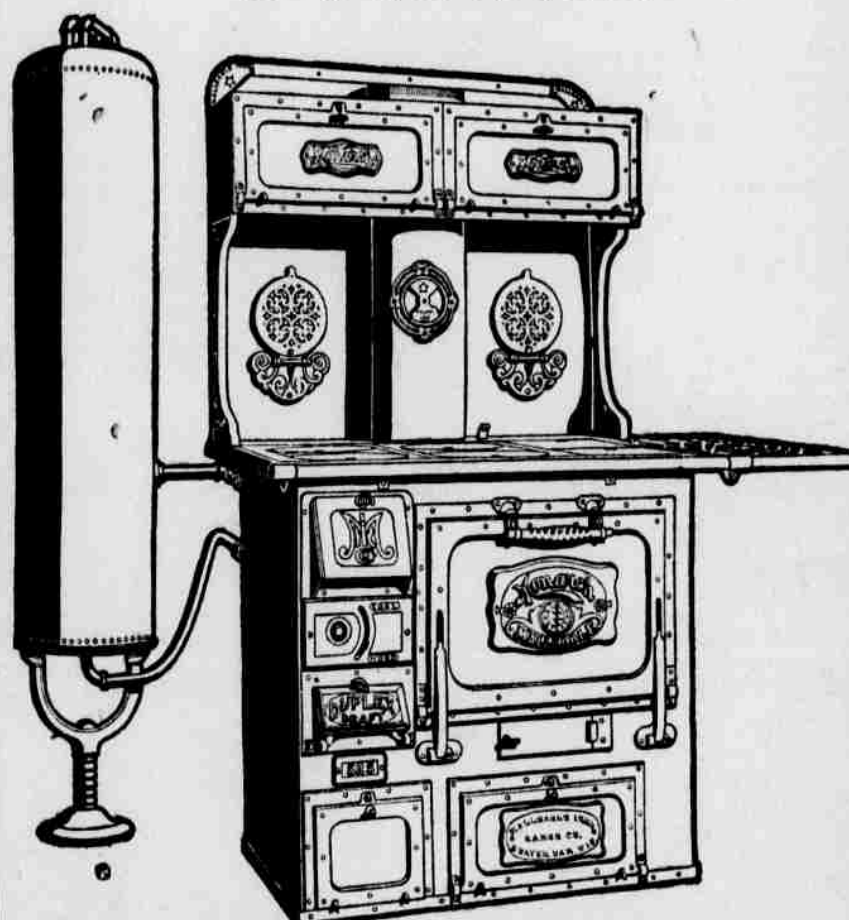

HEAVY VENTILATED FIRE BOX LINING—Quick fire, easily controlled.

PIN EXTENSION WATER FRONT—Rapid heating, fuel saving.

SMOOTH DURABLE NICKLE—A clean, highly finished surface.

We have the largest exhibit ever shown in the City.

WE CAN SAVE YOU MONEY.

You cheat yourself if you do not buy the MONARCH. Do it now.

# COME TO BELEN, N. M., Future Railroad Metropolis of New Mexico. Located on Belen Cut-off of Santa Fe R'y.

Belen is 31 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe System—leading East and West from Chicago, Kansas City, Galveston and points East to San Francisco, Los Angeles, El Paso and Old Mexico.

1,000 business and residence lots, also 25x145 feet laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, costing \$16,000; churches; large mercantile establishments; the Belen Patent Roller Mill, capacity 150 barrels daily; large winery; three hotels, Commercial Club; a population of 1,500 people; several restaurants, etc. Belen is the largest shipping point for wood, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

## The Belen Town and Improvement Company are owners of the BELEN TOWNSITE

JOHN BECKER, President.

WM. M. BERGER, Secretary.

## The Belen Town and Improvement Company

ALL FAST LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded (many of them improved by cultivation); no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, coal and wood yard, drug store, harness shop, etc.; also a first-class modern hotel.

Our prices of lots are low and terms on easy payments; title perfect; warranty deeds. One-third purchase money, cash. Two-thirds may remain on note, with mortgage as security, for one year, with 8 per cent interest thereon.

Apply at once for map and prices if you wish to secure the choicest lots.

## Your Passing Shadow

J-24

Women's troubles throw a cloud over their lives, which neglect may cause to become permanent. Make yours into a passing shadow by taking a medicine that acts directly on your womanly organs, the disorder of which has caused your womanly troubles. The right remedy for you, when you have headache, backache, nervous spells, dragging pains, irregular functions etc., is

## Wine of Cardui

Mrs. R. H. Lawson, of Sprott, Ala., writes: I suffered with female troubles for 12 years; tried 4 doctors; they did no good, so I took Wine of Cardui. I have taken 18 bottles, feel greatly relieved and am better than in 20 years." Sold by all reliable druggists, in \$1.00 bottles. Try it.

WRITE US A LETTER

Write today for a free copy of valuable 64-page illustrated book for Women. If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain sealed envelope. Address: Ladies Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

## TERRITORIAL NEWS NOTES

The Duran Commercial Club is now figuring on buying a chemical fire fighting apparatus.

San Antonio thus far this season has shipped 350,000 pounds of wool to the scouring mills at Albuquerque, and there is more to follow.

"Hello, Central" will soon be heard in Amistad. The poles for the new telephone lines are now nearly all in their places between Amistad and Nara Visa.

Justice of the Peace Isaiah Smith of Amistad has shown an enterprising spirit by building an addition to his court house and opening a public reading room for use every Saturday.

The San Antonio baseball team has a pitcher who throws a ball called a boomerang. The ball goes over the plate, twists around the batter's neck and returns to the short stop, thus requiring no catcher.

Joseph Gill of Amistad, has been induced by his friends to announce himself as a candidate for nomination to the office of superintendent of schools of Union county, subject to the approval of the Union county Republican convention.

Professor M. H. Brashear of Roswell, will direct the teachers' summer normal in Roosevelt county, which opens August 17. This will be one of the largest county institutes in the territory as Roosevelt county has built one hundred new school houses during the past year.

At the close of the Chaves county teachers' institute all the teachers in attendance voted to organize a correspondence course, with Mrs. J. M. Blalock, one of the conductors of the normal, as instructor. The first subjects to be studied are geography and United States history.

C. E. Cobley, an old man who arrived in Duran from Tucumcari some time Saturday night, was found in an unconscious condition at the round-house bath room Sunday morning. A doctor was summoned, but the man died a few minutes after his arrival. It is thought that he took poison to end his life.

Parties from Fruitland, Liberty and Meadows in San Juan county, have formed a syndicate and purchased a drilling machine in Durango with which they will bore for oil. The machine is capable of drilling a well four thousand feet into the ground and if there is any oil in that vicinity it will be discovered.

"Battling" Nelson, the world's champion lightweight pugilist, will arrive in New Mexico from Chicago this week.

The Dane will spend a few days at Perry, Quay county, where "Billy" Bonner, his chum, has a large ranch. "Bat" will do some hunting for a week or more on the ranch and will then start for San Francisco, where he will begin work for his third fight with "Joe" Gans.

Two amateur actors were arrested at Roswell on the charge of disturbing the peace. The two were rehearsing parts in the play, "A Family Quarrel" when a policeman entered the room where the rehearsal was going on and made inquiry as to what the racket they were making was about. One of the players answered, "Only a Family Quarrel," then the policeman pinched them. The lines in the play use the word "damn" in several different places, and the complaint of the neighbors was that the couple was using loud and profane language.

R. A. Hamby, a coppersmith in the employ of the Southwestern railway, was badly scalded and also had a leg fractured, while working in the roundhouse. He was working on top of the stationary engine in the roundhouse, when a steam pipe burst, scalding his right leg badly. To escape from the steam, he jumped to the ground, a distance of about sixteen feet, breaking his right leg just above the ankle. He was taken to the railway hospital in Alamogordo. Hamby's wife and little girl were at El Paso visiting at the time of the accident.

### What is Best for Indigestion?

Mr. A. Robinson of Drumquin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price 25 cents. Samples free at all drug stores.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound, \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901 and 1903, English and Spanish pamphlets, \$2.50; full leather, \$3; Sheriff's Flexible Cover Pocket Docket, single, \$1.25; two or more books, \$1 each; New Mexico Supreme Court Reports, Nos. 3 and 10 inclusive \$3.30 each; Compilation Corporation Laws, 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50; full list school blanks.

## Personal Mention.

(Continued From Page Four.)

President Robt. Law, of the Santa Fe Central Railway company, was a visitor in Albuquerque yesterday.

Clarence Pierce, clerk at Seligman Brothers company, has gone to Colorado Springs and Denver for a several weeks' sojourn. He is enjoying his annual vacation.

Chief Inspector D. D. Bronson, of the Southwestern district of the Forest Service, has returned to his headquarters at Albuquerque from a trip to Arkansas, where he made an official inspection of the National Forests in that state.

## Minor City Topics.

(Continued From Page Five.)

Train report: Santa Fe and Santa Fe Central trains reported on time this evening, while the Denver and Rio Grande train is three hours late.

Daniel Chapin Speak, the infant son of Mr. and Mrs. E. O. Speak, of 104 Grant avenue, died at the family home this morning at 8 o'clock. The child had been ill but a short time. The funeral announcement will be made later. The funeral services over the body of Walter, the infant son of Rev. and Mrs. F. J. Theimer, of Tesuque, were held at 2 o'clock this afternoon at the Church of the Holy Faith, Rev. W. R. Dye, officiating. Interment was in Fairview cemetery.

Superintendent of Public Instruction James E. Clark has gone over the examination papers of the teachers who attended the Tarrant county teachers' summer institute at Estancia and finds that every teacher who took the examinations passed.

Attorney General Herbert S. Hadley who will address the New Mexico Bar Association at Santa Fe on September 1, has just been nominated without opposition by the Republicans for governor of Missouri and in all probability will be elected.

O. C. Wison and company, agents for the Travelers Insurance company today handed a check to one of their policy holders for \$860, being the amount of claim for injuries sustained several weeks ago. This amount includes a doctor bill of \$100. The claimant is very much pleased with the prompt settlement and recommends the company to anyone.

ISSUE CONVENTION  
AND PRIMARY CALL

Republican Commission in Bernalillo County Performs Final Official Act at Session Yesterday.

The commission consisting of Otto Diekmann, Alfred Grunsfeld and Colonel E. W. Dobson, which, according to the request and desire of the two Republican factions in Bernalillo county, was named by Governor George Curry and Chairman H. O. Bursum, of the territorial Republican committee, met in final session yesterday and issued a call for the precinct primaries and county convention of the county of Bernalillo, which will elect sixteen delegates to the Republican territorial convention in this city on August 18.

The primaries will be held on Monday, August 10th, in the city precincts of Albuquerque, between the hours of 4 and 9 o'clock in the evening, and in the county precincts between 11 and 2 p. m. The county convention will be held August 14th, at 10 o'clock in the forenoon at the court house and will be called to order by Otto Diekmann chairman of the commission.

The chairmen of the different precincts and the challengers at the primary polls were chosen half and half from each faction and the list of names contained in the call shows that the selections have been made very fairly and carefully and with a view to obtaining fairness and decency in the primaries and an honest count of the vote and a correct and just declaration of the result.

The county convention will consist of 112 delegates and great interest is being taken in this affair by the Republican voters in the city of Albuquerque and in the country precincts and it is believed that every precinct will be represented and a lively convention will be held.

The result of the convention will be accepted by the Bernalillo county Republicans and the majority will rule. This will be the end of the long factional fight that has obtained in Bernalillo county for several years to the injury of the party in the territory, in the county and in the city of Albuquerque. The members of both factions have agreed to stand by the decision of the convention.

The results will be greeted with great interest by the Republicans throughout the territory. Should harmony, good feeling and genuine loyalty to Republican party principles prevail in the convention the Republican voters will doubtless be satisfied and will present a united front in the coming election, which action on their part will certainly mean the endorsement of Delegate W. H. Andrews as the Republican candidate for delegate to the Sixty-first Congress, and a Republican majority on the legislative and county tickets of not less than two thousand votes, which, if cast, will make the territory Republican in this campaign. The Bernalillo county central committee for the next two years will be named by the convention.

Subscribe for the Daily New Mexican and get the news.

STRONG RESOLUTIONS  
OF TAOS REPUBLICANS

Recent County Convention Praises Delegate Andrews, Governor Curry and Hon. H. O. Bursum.

The Republicans of Taos county in convention assembled at the court house in Taos on Saturday last, placed themselves squarely on record. The good work in Congress accomplished by Delegate W. H. Andrews, for whom the nine delegates from that county to the territorial convention were instructed to vote for, for re-nomination, was praised, as was also the efficient administration of territorial affairs by Governor George Curry. Hon. H. O. Bursum, of the Republican territorial central committee, was also complimented on his able handling of party affairs. The resolutions follow in full:

## The Resolutions.

"Your committee on resolutions begs leave to report as follows:

"We, the Republicans of Taos county in convention assembled congratulate the nation on the continued ascendancy of the Republican party in national affairs; we congratulate the people of the territory on the economical and careful administration of territorial affairs under the Republican administration; we congratulate the people of Taos county on the business-like administration of the Republican party which has relieved the county of all floating debt and placed it on a sound financial basis; we congratulate ourselves, that we are a part and parcel of the great Republican party which, in our nation, territory and county, has proven itself the bulwark of our prosperity, peace and well being.

"We endorse the conservative, wise and faithful conduct of the affairs of the Republican party in New Mexico by our able chairman, Hon. H. O. Bursum and congratulate him on his earnest efforts to build and hold as a potent factor in our territorial affairs the Republican party as it stands today, united and presenting a solid front to the enemy.

"We endorse the faithful and efficient work of our delegate, Hon. W. H. Andrews in the 59th and 60th Congresses. He has proven himself ever faithful and true to the interests of all the people of our territory without regard to race or political belief and his services have been especially valuable to our own county and to our people.

"We endorse the able, earnest and patriotic administration of our strenuous and noble president, Theodore Roosevelt.

"We endorse, in the most cordial and enthusiastic way, the platform adopted by the Chicago convention and the candidacy of the Hon. W. H. Taft of Ohio, and Hon. J. S. Sherman of New York, and predict their triumphant election in November.

"We endorse the splendid administration of the Hon. George Curry as governor of our territory and congratulate him on his efforts to bring to our territory a clean administration by able men working in union for the greatest development of the resources of our territory. His efforts should not be without reward and we send greetings to him as an earnest appreciation of his unselfish and faithful work in behalf of his constituency.

"We endorse the honest and capable administration of county affairs by the various officials elected and placed in office by the suffrages of the Republican party of the county and bespeak for our citizens a continuance of our prosperity under Republican administration.

"RAMON SANCHEZ,  
"GEORGE B. PAXTON,  
"HIGINIO ROMERO,  
"MANUEL CORDOVA,  
"J. D. MARTINEZ."

THE PEREZ BAND  
CHANGES NAME.

Local Musical Organization Hereafter Will Be Known as La Banda de Santa Fe.

At a meeting of the members of the Perez band last night it was voted to change the name of that well known local musical organization to the La Banda de Santa Fe. Henceforth the band will go by this name.

This band was organized in 1879 by the late Francisco Perez and since that time has borne the name of its organizer, who was also its leader for many years.

Recently the band was reorganized, more members added and a new leader employed. Since then it has been improving at a gratifying rate and is conceded to be the best musical organization in the territory.

The band at present numbers twenty-four members. Regular practice is being indulged in and the music lovers of Santa Fe should be proud of this organization and lend it the support and encouragement it deserves.

FEARFUL HEAT WAVE  
IN CHICAGO UNBROKEN

Chicago, Aug. 5.—Chicago today entered upon the twentieth day of the continuous intense heat wave and the fifteenth day without rain. Four deaths over night were reported. The temperature at 11 o'clock this morning was 84 degrees in the shade and the humidity, which intensified suffering, was 74 per cent at that hour.

The seals and record books for notaries public for sale by the New Mexican Printing company at very reasonable rates. Seals for incorporated companies are also handled. Call at or address the New Mexican Printing company, Santa Fe, New Mexico.

OLD SORES  
KEPT OPEN BY BAD BLOOD

Whenever a sore refuses to heal, it is because of bad blood. If the place existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the ulcer that would kill the germ; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result.

The impurities in the blood which keep old sores open, come from different causes. A long spell of debilitating sickness, which breeds disease germs in the system, is a common source. These morbid impurities get into the circulation, and the blood becomes a polluted,

## ENTIRE FOOT A SOLID SORE.

Some time ago I had a sore to come on my foot, and nothing I used would do it any good. It continued to grow worse and eat deeper into the surrounding flesh, until the entire foot was a solid sore, and gave me a great deal of worry and trouble. I tried almost everything I heard of, but got no benefit until I commenced S. S. S. In a short time after commencing this remedy I began to improve, and I continued to use it until it drove the poison from my blood, and completely cured this obstinate sore. I recommend it most highly as a remedy for sores and ulcers.

DAVID C. MILLER.  
242 W. 49th St.,  
New York, N. Y.

Local or external applications can not cure an old sore, because they do not reach the blood. Such treatment may reduce the inflammation, lessen the pain and discharge, and tend to keep the place clean, and for this reason should be used, but it can do no real good toward effecting a permanent cure.

S. S. S. cures sores and ulcers by purifying the blood. It removes every impurity and taint from the circulation, and completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the pain and inflammation leave, the discharge ceases, and the place fills in with firm, healthy flesh.

**S.S.S.**  
PURELY VEGETABLE

and is an absolutely safe medicine for persons of any age. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired because of the drain and worry of an old sore, will be doubly benefited by its use. Special book on Sores and Ulcers and any medical advice free. S. S. S. is for sale at all drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## POLITICAL ITEMS.

## Mora County Republicans.

The Republicans of Mora county will hold their convention for the election of eight delegates to the Republican territorial convention in Santa Fe on the 18th inst., at the county seat, Mora, on the 15th of August.

## Union County Republicans.

The Republicans of Union county will hold their convention at Clayton on August 11th, for the purpose of electing six delegates to the territorial convention which will be held in Santa Fe on the 18th inst., to nominate a Republican candidate for delegate to Congress.

## Larrazolo Will Speak in Union County

O. A. Larrazolo, Democratic candidate for delegate to Congress, will speak in Union county this month as follows: Ione, Sunday, 10th; Alamogordo, Monday noon and Central City, night of 17th; Bueyeros noon and Miera night, 18th; Clapham noon and Clayton night, 19th; Des Moines 10 a. m., and Folsom night, 20th.

## Chaves County Primaries.

The Republicans of Chaves county held their primaries last evening to elect delegates to the Republican county convention which will be held at Roswell on the 11th inst. The delegates elected to the county convention are all favorable to the candidacy of Delegate W. H. Andrews for re-nomination and it is assured that the four delegates to the Republican territorial convention at Santa Fe on the 18th will be instructed for him.
