OTERO COUNTY CONVENTION

Republicans There Instruct for Judge E. A. Mann

ELECT FIVE DELEGATES

Resolutions Endorse Good Work of Delegate W. H. Andrews.

(Special Correspondence of the New Mexican.)

Alamogordo, N. M., Aug. 7.—The Republican county convention of Otero county, called for Wednesday to elect five delegates to the Santa Fe convention, which convenes in that city on the 18th instant, at which time a delegate to Congress will be nominated and the legislative tickets for the various districts of the territory chosen, met pursuant to the call at the court house at 10 o'clock a. m. The meeting was called to order by County Chairman O. G. Cady, and after the business of the meeting was stated, F. J. Bush was unanimously selected as chairman of the convention, with Charles P. Downs as secretary. The committee on credentials, W. D. Tipton, J. J. Hill and E. E. Akers, reported, showing every precinct represented excepting precincts numbers six and eight. On motion, duly seconded and carried, the chair appointed the following committees:

Resolutions—G. C. Bryan, Charles Myers, J. D. Clements, Charles P. Downs and Celso Telles.

Permanent organization—E. E. Akers, Lacy Stimms, Frank Wertain.

Order of business—R. G. Mullen, A. Ambrose and A. E. Goakes.

The committee reported their recommendations to the convention, all reports being unanimously adopted. The resolution committee reported as follows:

The Resolutions.

"We, the Republicans of Otero county in convention assembled, pledge our faith to the principles of the Grand Old Party as promulgated in the platform adopted by the national convention at Chicago and the resolutions adopted at the last territorial convention at Silver City, and while, we, as citizens of this territory, are voiceless as to the election of president and vice president, yet we fully endorse the nomination of Taft and Sherman, who will lead the national Republican party to victory at the coming election.

"We heartily endorse the wise and patriotic administration of Theodore Roosevelt and recognize in him a man of the people, favoring good government and honesty and uprightness in the public service, as above partisan politics and party advantage, and rejoice that his policies are to be followed by his successor, Hon. William H. Taft.

"We recognize in Governor George Curry one who is in full sympathy with the people of New Mexico, and fully endorse his administration of affairs.

"We recognize the splendid services of our delegate in Congress, Hon. W. H. Andrews, and his manifest efforts in behalf of New Mexico and of his constituents.

"We demand immediate statehood for New Mexico, under her present name and within her present boundaries, and pledge ourselves to earnestly work to secure this end.

"We demand reform in the government and policies of the forestry service and favor a more liberal policy—one that, while it will fully protect our forests, yet will leave open for settlement and free range thousands of acres which are now reserved as forests, but which are in reality farming and grazing lands and which are being unjustly withheld from the use of the actual settlers, those upon whom we must depend for our material advancement; and our delegate in Congress is urged to use every means to secure this result.

"We favor the storage of all waste and surface waters by the government for the irrigation of our arid lands and a just and equitable division of the same to those only who put it to a beneficial use.

"As the representative of the Republican voters of Otero county, we pledge ourselves to use all honorable means to secure the nomination of the Hon. Edward A. Mann as our candidate for delegate to Congress on the Republican ticket; therefore be it

"Resolved: That the delegates selected by this convention be and they are hereby instructed to work and vote for the Hon. Edward A. Mann for the nomination of delegate to the Sixty-first Congress from New Mexico, and to use all honorable means to secure his nomination; and that they do so until released by him, the delegation voting as a unit at all times."

Delegates Elected.

RAPIDLY FILLING STRIKERS' PLACES

Canadian Pacific Importing Skilled Mechanics

PREPARED FOR TROUBLE

Japanese Trained in Shops Along Pacific Coast Given Employment

Winnipeg, Manitoba, Aug. 7.—It is beginning to be realized that the Canadian Pacific is preparing for a long struggle with the striking mechanics. The company's locomotives and rolling stock are at the present time in excellent condition. Besides three hundred Japanese mechanics, trained in the railway shops of the Pacific coast states, and in technical schools, are arriving and are being distributed where necessary.

Fifteen shop firemen or gang bosses walked out here last night, declining to work with imported men. No violence or disorder has been reported from any of the company's shops in western Canada.

Filling Ranks of Strikers.

Toronto, Aug. 7.—There was little change in the Canadian Pacific strike situation today. The superintendent of the Canadian Pacific at Toronto has notified the extra men to begin work at once, they taking the places of the strikers. They have agreed to obey rather than risk the loss of their positions. Officials of the company say they have received many applications for work. The strikers say that only one man was added to the force yesterday. It is asserted in good authority that within two weeks the Canadian Pacific Union Telegraphers will threaten a strike. Their struggle for better conditions have gone parallel with the mechanics and their claims are now before a conciliation board which is expected to make a report next week.

Strikers Deny Desertions.

Montreal, Aug. 7.—The Canadian Pacific strike situation was unchanged here today. The union officials deny that there have been many desertions from the strikers' ranks. They say the 250 men who went to work at the Angus shops yesterday are mostly unskilled laborers and that the company cannot secure skilled mechanics. The company's officials say they are flooded with applications from skilled workmen.

BERNALILLO COUNTY VOTERS URGED TO SUPPORT ANDREWS

Special Republican Central Committee Makes Strong Appeal To Voters

FULL CREDIT GIVEN DELEGATE FOR SPLENDID SERVICES

His Magnificent Work for Territory in General and Albuquerque in Particular Deserving of Recognition.

The action of the Republican county committee of Bernalillo county, consisting of Otto Diekmann, Alfred Grunsfeld and E. W. Dobson, representing the heretofore contending factions in the Republican party in that county, in issuing a call to the Republican voters of the county, detailing the eminent services of Delegate W. H. Andrews to the people of New Mexico in general and to the county of Bernalillo and the city of Albuquerque in particular, and acknowledging that the people of the territory, of the county of Bernalillo and of the city of Albuquerque owe him a great debt of gratitude for his splendid achievements, and especially in securing for Albuquerque two appropriations amounting to \$160,000, namely, for the federal building, \$130,000 and for the Sixteenth National Irrigation Congress \$30,000 and believing him to be entitled to renomination and re-election, Delegate Andrews, having the influence and friendship as well as promises of the leading Republican senators and representatives in Congress to pass a bill for an enabling act for the state of New Mexico now pending in Congress and being in every way worthy and well qualified, and calling upon the loyal and true Republicans of the county to place the name of Delegate W. H. Andrews as their choice for delegate to the Sixty-first Congress on their ballots, was most timely, judicious and in the interests of the people and of the Republican party of the territory.

The call also shows and demonstrates that the three members of the commission acted fairly and justly and for the benefit of all good Republicans in the county. The voters now have a chance to show their appreciation and the New Mexican has no doubts that the result of the primary election and of the convention will strongly favor Delegate Andrews and his clean record for just recognition.

The commission acted for the best interests of the party in Albuquerque and Bernalillo county, as Albuquerque and the county of Bernalillo have no better or truer friend than Delegate Andrews. At the same time it is proper to say, and it is just, that Delegate Andrews shows no factionalism or undue favor towards any section of New Mexico but acts for the best interests of the territory and with due regard to the claims and desires of every section of this great territory which he so ably, conscientiously and respectfully represented in the 59th and 60th Congresses.

The following is the call issued by the commission and the reply by Delegate Andrews:

The Call.

"Be it resolved, by the county Republican commission sitting as the county Republican committee in and for the county of Bernalillo, now assembled, that we most heartily endorse the candidacy of the Hon. William H. Andrews as the Republican nominee

New York, Aug. 7.—Chairman Frank H. Hitchcock, of the Republican national committee left today for Oyster Bay to be the guest of President Roosevelt Sunday. He admitted that he expected to have a talk with the president concerning the New York situation in regard to the gubernatorial nomination, but discouraged the suggestion that as a result of his conference they may be an official expression of preference by national Republican leaders regarding the renomination of Governor Hughes or the naming of a man to succeed him.

ATLANTIC FLEET OFF NEW ZEALAND

Battleships Due to Arrive at Auckland Sunday

CAUGHT IN BAD STORM

Warships Encounter Heaviest Seas Since Leaving Hampton Roads.

Auckland, New Zealand, Aug. 7.—The supply ship Cugoa, attached to the Atlantic battleship fleet, arrived at this port today. It received this morning the following wireless message from the fleet:

"Yesterday and today there was a fresh breeze which developed into a moderate gale with high seas. This morning the weather was the heaviest since leaving Hampton Roads and the ships pitched heavily. We will increase our speed to eleven knots an hour and expect to reach Auckland on schedule time. There were no fleet evolutions today on account of the rough weather. The position of the fleet at 8 o'clock last night was 360 miles from Auckland."

To Be Royally Entertained.

The American fleet on its arrival in Auckland harbor will anchor in two lines abreast of the city. On Sunday, the day scheduled for the arrival of the fleet, there will be no public display but official visits will be exchanged. On Monday, the admiral of the fleet and his officers will land and at that time they will be formally welcomed by Prime Minister Sir Joseph Ward, other members of the cabinet, and by representatives of the various towns and country districts. The city is today beautifully decorated for the event of the visit and the program prepared will keep both officers and men busy during their stay here.

CADETS TO ATTEND IRRIGATION CONGRESS

Crack Battalion From New Mexico Military Institute Will Go Into Camp at Albuquerque.

Special to the New Mexican.

Roswell, N. M., Aug. 7.—Arrangements have been perfected whereby the battalion of cadets from the New Mexico Military Institute is to go into camp for four days at Albuquerque during the Sixteenth National Irrigation Congress and Industrial Exposition. Funds for paying their transportation have been donated, therefore the expense attached to the trip will be very small.

School opens on September 1 and thirty days is considered sufficient time to get the battalion in good condition to make a splendid showing. The New Mexico Military Institute cadets have always been noted for their excellent drilling and appearance on parade. The band will be extra strong this fall and will add greatly to the entertainment of the visitors.

The battalion will be composed of 150 cadets divided into three companies and a band, besides the staff. The very best uniforms will be procured and every effort made to make the cadets appear well before the great crowd which is to assemble in Albuquerque.

The Institute prides itself upon being "The West Point of the Southwest" and is making plans to demonstrate its just claim to this title.

BRYAN'S CAMPAIGN BEGUN IN EARNEST

Chairman Mack Opens Headquarters

WILL GO TO LINCOLN

Talks Optimistically of Probable Result of November Election.

Chicago, Aug. 7.—The headquarters of the Democratic national committee in Chicago were formally opened here today on the arrival of Norman E. Mack, national chairman, who announced that from now until election day the Democratic national campaign will be waged actively throughout the country. Chairman Mack has issued a call to the heads of the various sub-committees of the national committee to meet him here Monday to confer on general plans for the campaign which have been outlined. Mr. Mack will leave Chicago Tuesday to attend the Bryan notification at Lincoln.

During the day Mack held conferences with Roger G. Sullivan, national committeeman from Illinois, and other committeemen and prominent Democrats. Mack said those parts of the country hitherto regarded as Republican strongholds are now debatable ground. The selection of Senator Culberson, of Texas, as chairman of the advisory committee, meets with general approval.

Mack Wants Special Rates.

Chairman Mack's first official act was to get in communication with the passenger officials of railroads entering Lincoln in an endeavor to secure a reduced rate for the Bryan notification ceremonies on August 12. Mack declared that inasmuch as the Central Passenger Association had granted a reduction for the Taft notification, a like consideration should be shown by the Western Passenger Association. The matter has not yet come up formally before the Western Passenger Association but it is certain that informal conferences on the matter have been held. Mr. Mack has not despaired of securing this concession and all possible pressure will be brought to bear on the general passenger agents concerned.

Bryan and Mack Talk Over Telephone

Fairview, Lincoln, Aug. 7.—W. J. Bryan and Chairman Mack of the Democratic national committee were in conference over the long distance telephone today. The subjects discussed were not disclosed by Mr. Bryan, but it is understood among other things they talked about was the matter of special rates upon the occasion of the notification ceremonies. Bryan is utilizing every spare moment preparing several set speeches he intends to deliver this month. One of the tariff question, at Des Moines, Iowa, is expected to be a positive declaration and it will be one of the most important utterances he will make during the campaign.

Denver, August 7.—Entries in the horse and cattle departments of the first annual Colorado Interstate Fair and Exposition to be held in this city September 7-12, closing August 15. To date the entries have been coming in very rapidly and all indications point to the largest exhibits in livestock ever seen in the West.

This is to be a pure bred show and G. C. Fuller, acting secretary said today that some of the finest herds and some of the finest bred horses in the United States would be here for the fair. Two buildings, each 75x285 feet and each provided with every comfort and convenience, have been built for the cattle and horse exhibits.

Entries in the harness races to be held during the fair week also close August 15. Each race is for a purse of \$500 and the card includes a 3-minute trot; 2:40 trot; 2:35 pace; free-for-all pace; 2:20 trot on a da 2:10 trot is now being filled. On the last day there will be a special harness event for the horses at the track.

THE REPUBLICAN NATIONAL TICKET.

For President—William Howard Taft, of Ohio
For Vice-President—James Schoolcraft Sherman, of New York

BERNALILLO REPUBLICANS SHOULD BE FOR ANDREWS.

The Republicans of Bernalillo county will get together. At least such are the strongest indications possible. They will vote on Monday next in their city and county primaries for delegates to the county convention which will elect delegates to the territorial convention which meets here August 18, to select a candidate of the Republican party for delegate to the Sixty-first Congress.

It is hoped, by all good and loyal Republicans throughout the territory, that fairness and regularity will prevail at the primaries and if the delegates then and there to be elected hold a peaceful, orderly and fairly conducted convention, then in that case it can be safely said that union has been accomplished between the contending factions and that the county can be depended upon to be in the Republican column next November by a very handsome majority and probably the largest in its history.

The Albuquerque Citizen, a loyal and strong advocate for true Republican principles and always working for the good of its city and county editorially views the situation in a very sensible manner in the following editorial:

"The Republican primaries in this county have been set for Monday, August 10, and that day will undoubtedly see a united Republican party at the polls, if all the promises made are sacredly kept.

"The Citizen urges all Republicans in this county to attend the primaries and show by their votes what their wishes may be in the matter of the nomination of a Republican delegate to Congress.

"It is well known that eighty per cent of the voters of this county have signed petitions demanding the re-nomination and election of W. H. Andrews. There is no question that public sentiment in this county is strongly in favor of the delegate who did more at one session of Congress than all his predecessors did at all previous sessions.

"It is, therefore, very important that the voters at the primaries next Monday should see to it that they vote for delegates to the county convention who are favorable to Mr. Andrews.

"It is well known that a few individuals who have allowed personal prejudice to dominate them instead of the good of this city and county are working hard to secure a delegation to the Santa Fe convention absolutely antagonistic to Delegate Andrews. They hope thereby to defeat his nomination regardless of whether or not it reacts to the lasting detriment of New Mexico.

"W. H. Andrews is a resident of this city and county, and during the last session of Congress he secured for his home community \$160,000 in cold cash, which is now being expended here.

"He is entitled to the support of his own county on the basis of honest gratitude alone, but when it is considered that what he has already done is only an index to what he can do and in addition, that he is the man needed in Washington to carry our statehood fight to a successful conclusion, the duty of the voter is very plain.

"W. H. Andrews is a resident of this city and county and any attempt to send a hostile delegation is an attempt to evade the will of the majority of the voters in this county and is a blow at the best interests of this city and territory.

"No matter who is successful at the primaries, the delegation to Santa Fe should obey all rules of honesty and fairness, be instructed for W. H. Andrews against the field."

SOUND ADVICE TO NEW SETTLERS.

Frank N. Page, U. S. Commissioner at Buchanan, Quay county, speaks very plain words to intending homesteaders in eastern New Mexico, that will disillusion a good many who dream of riches to be gotten in New Mexico without work or capital. But it is well to know the truth for the truth will hasten the day when scientific dry farming will supersede present day haphazard methods. Says Mr. Page:

"The truth about any country should be told, and to the people who have come to New Mexico and those who will come should not be misled by the lure of the 'locator' or the fairy tales of the railroad circulars. The truth is that rain in the arid region comes late, but when it does rain there is an abundance in many sections.

"Now, again, I can say in truth that the land in New Mexico is rich, all that is wanted is moisture, and where the land can be watered or rather irri-

gated, the land is very productive, whether the water is hard or soft.

"This is written especially to those men who have come and located and to those who expect to come, and again I desire to give my opinion, based on experience of twenty-eight years.

"The man who has a wind mill, a team, a few cows, poultry and a few hogs or sheep will do well, as he can irrigate a garden and small orchard and will not starve. He should raise kaffir corn, milo, maize and Mexican beans, and also broom corn. As the country develops a cash crop will be found by diversification.

"Now, it is my opinion that no one should come here and settle without some means. The settler should have a team and enough means for a start in livestock and poultry.

"It is also my opinion that every quarter section should not be taken up, enough free range should be left—and it will be in this section—to graze cattle, horses and sheep, especially in the summer months.

"I believe the farmers who come here will gradually go into sheep, in community herds, herding together in the summer and feeding their own herds through the winter. It costs less to raise a pound of wool than a pound of cotton. Every man who has had sheep in this section has made a small fortune."

WHY ROSWELL PROSPERS.

The enterprising citizens of the enterprising county seat of Chaves county, namely in the city of Roswell, have subscribed already the sum of sixty thousand dollars to the capital stock of the Altus, Roswell and El Paso railway which is to be constructed from Altus, Oklahoma, via Roswell to El Paso, Texas, and which when the project materializes will give Roswell a direct outlet to the sea board and connections with several important railway systems. In Roswell there is public spirit, and the citizens stand together for the benefit of the town and its advancement. These characteristics make towns prosperous, induces growth and bring capital and inhabitants to it. In the Capital City of New Mexico there is unfortunately a clique of backbiters, tax dodgers and knackers which opposes anything and everything beneficial to the city at large. It is not therefore astonishing that the progress of the Capital City, which should be very rapid and constant, is very slow and that the public spirited citizens and business men have all the harder task to perform on this account. This latter class is to be highly commended for the nerve and energy displayed in the serious task of building up this city. The less said about the injurious work of the knackers and tax dodgers the better probably for all concerned. However, as a matter of justice once in a while the situation must be brought before the people that they might know.

The Carrizozo Outlook is of the opinion that Delegate W. H. Andrews will be nominated on the first ballot at the Santa Fe convention on August 18th and gives its views editorially in short, but neat order, remarking that to the "Outlook" it appears that the nomination of Delegate Andrews at the coming territorial convention was assured. Many heretofore lukewarm and semi-interested people have avowed their final positions in the past few days, and each of them are found in the Andrews column. Instructed delegates are numerous mentioned in last week's papers and the senator has been gaining over his opponents steadily and consistently. He has every prospect of nomination and figures from an unprejudiced and well-informed source place his probable majority at from 25 to 35 and to his nomination on the first ballot. Discard in the camp of one of his most formidable opponents makes the path of Andrews more roseate hued.

One of the funniest charges made by papers in northern New Mexico that claim to be Republican in politics, but are really enemies of the party, is that Delegate W. H. Andrews and the Republican leaders committed election frauds for their own benefit in the counties in which these papers are published. The charges are more than laughable when confronted with the facts. In San Miguel county it is notorious and can be easily proven that the election frauds there were committed against Delegate Andrews and in favor of his Democratic opponent, the blue-blooded Spaniard, and where the books plainly and unequivocally show.

POLITICAL CONDITIONS IN EDDY COUNTY.

The Pecos Valley News, published at Artesia, the progressive town in northern Eddy county, describes the political conditions there in the present campaign in evidently correct and truthful manner. It says:

"Why can not Larrazolo do for New Mexico what Democratic congressmen have done for their districts?" Tucumcari Sun.

"That's easy. First, lack of opportunity, as he failed in the last election and is far from success in the one approaching. Again, if he had the opportunity, he has not the ability to manipulate affairs to the advantage of the territory. He has not been successful in his own private enterprises."

"The Republicans of the Pecos Valley are for Andrews and no other candidate can bring out the strength of the party in this locality as he can. There are many Democrats who are fully aware of the folly of electing Mr. Larrazolo and who will vote for Mr. Andrews in the election. There will be many more votes cast in the valley than there were two years ago and Mr. Andrews will receive a larger per cent of them than he did at that time. Notwithstanding the strenuous efforts made by the leaders to prejudice the people against Andrews, his record during the past two years has placed the stamp of untruth upon the charges preferred against him and the fair minded people of this section will see to it that Mr. Andrews has full credit for the work he has done for this part of the territory."

TAFT MORE INTELLIGENT THAN BRYAN.

Collier's Weekly, which is above partisanship but Democratic in its leanings, says very impartially this week in an editorial: "Our bench is far below that of England. The question is, will it be improved more probably by Mr. Taft, a Roosevelt liberal statesman, sensitive to public opinion, and yet of a careful nature, of judicial training, or by Mr. Bryan, a warm-hearted, honest and excellent man and speaker, who has advocated the popular election of all Federal judges, and the election of them for short terms also; whereas it is election and the shortness of their terms that makes so many of our judges serve the bosses now. Frankly, this cure seems to us as shallow a conception as free silver itself. A typical instance of Mr. Bryan's thinking is recalled by the 'Outlook.' It is claimed that it is impossible to suspend the laws of nature! He took an object from the table and held it out. 'I am suspending the law of gravitation at this moment.' Again, in Virginia, he once declared that all our political troubles would disappear if there were no corporations. The corporate form is something in which he discovers incredible iniquity. These things seem political Peruna to our vision. We do believe, and must assert that Mr. Taft has more intelligence than his opponents, and not less honesty, sympathy and kindness."

The work of preparing the grounds for the extension to the Capitol building and for the construction of an executive mansion has commenced, and judging by the character and standing of the citizens composing the commission which has this work in charge it will be promptly and energetically pushed. The appropriation is not large enough to do what is intended but it will do for a commencement and during the coming legislative assembly a larger appropriation must be secured. This can be accomplished if the citizens of Santa Fe will work harmoniously and unitedly for that object. Considering the character of some of the citizens there is a clique in Santa Fe that would even oppose the efforts of the loyal citizens of the Capital to procure such increased appropriation but their efforts must be discounted and the New Mexican believes they will be.

But ten more days to the holding of the Republican territorial convention in this city which will select the Republican candidate for delegate to the Sixty-first Congress from New Mexico. All appearances indicate that Delegate W. H. Andrews will be chosen as the candidate and he will be elected. It is easy to figure out that he will have a majority on the first ballot. Right here the New Mexican desires to remark that it sincerely hopes that it will be the last time the Republicans of New Mexico will nominate a candidate for delegate to Congress and that during the year 1909 the Republicans will elect two candidates to the United States Senate and two candidates to the House of Representatives of the national Congress. If Delegate Andrews is nominated and the election goes to the Republicans, both of which events are in the air, statehood will come to the sunshine territory during the coming year.

The coming legislative assembly should pass a primary election law. This subject is an important one in the United States and a number of states have adopted it. In most of the New Mexico counties the primaries are humbugs and a fake, as for instance in this county, and a primary law should be enacted that will give all citizens a fair chance to express their opinion in the selection of delegates and in the nomination of officials. The people are greatly interested in this matter and the coming legislative assembly will be urged to take action.

Kodol

For Dyspepsia and Indigestion.

If you suffer from Indigestion or Dyspepsia; if you are annoyed with gas on the stomach, fullness after eating, belching, sour stomach, heartburn, etc., a few doses of Kodol will relieve you.

If you knew as well as we do how good a preparation Kodol is for indigestion and dyspepsia it would be unnecessary for us to guarantee a single bottle.

But to get you to know how good it is as well as we know, we practically will purchase the first bottle for you.

You wonder, perhaps, how we can afford to make such an offer—it is because we have absolute confidence in the honesty and fairness of the public.

We know there are thousands of persons who suffer from indigestion and dyspepsia who would be grateful to us for putting them in touch with Kodol.

That is why. Furthermore, we know that after you have used Kodol your faith in the preparation will be equal to ours.

This proposition we make is not altogether unselfish, but it is actuated by the knowledge that the use of Kodol by you will benefit you as well as ourselves.

How could we afford to make such an offer to the public, and how could we afford to spend thousands of dollars to tell you about it unless we positively knew and were sure of the merits of Kodol.

We couldn't—it would bankrupt us.

But we know the merits of Kodol and we want you to know.

A perfect digester must contain many ingredients each in proper proportion.

It must be a liquid, because all those ingredients cannot be put into dry form.

It must be able to digest any food, or any mixtures of food, and completely.

Kodol does that even in a glass test tube.

No other digester can.

Kodol alone does all of the work. It stops all irritation, and gives the stomach complete rest.

It has taken us years to get a perfect digester, but we certainly have it now.

Please try it today at our risk.

It means more than relief. It means that the stomach will do its own work far sooner than you'll expect.

Kodol digests all the food you eat.

Eat what you want and let Kodol digest it.

Our Guarantee

Get a dollar bottle of Kodol, and do it today.

Don't delay. And if you can honestly say that you did not receive any benefits from it after you have used the entire bottle the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you.

Any druggist will give you Kodol on these terms, because he knows our guarantee is good.

The \$1.00 bottle contains 2 1/4 times as much as the 50c bottle.

Kodol is prepared at the laboratories of E. O. DeWitt & Co., Chicago.

TERRITORIAL NEWS NOTES

There are sixty-six teachers in attendance at the San Miguel county teachers' institute at Las Vegas.

The building occupied by the Home Bakery at Tucumcari, was burned last Tuesday afternoon. None of the contents were saved.

The people of Bernalillo are making big preparations for the observance of the Fiesta of San Lorenzo at that old town on the 10th of August.

A scientist has discovered a bug at Las Vegas which produces ten offsprings a day. Now we know what the matter with Las Vegas, says the Albuquerque Citizen.

The two laundries of Roswell have combined and if the combination means a trust and high prices there are many Roswell men who intend to quit wearing white collars.

Mrs. Cleofas Sangril, who lost her mind at Las Vegas a few days ago and fled to the mountains, was found by a posse in the hills near Kearney's Gap. She was brought back to her home and is at present a great deal better.

Antelopes are said to be so numerous around Kenna that they are becoming a menace to the crops. The Record advises the farmers not to violate the game law, but at the same time says they should not permit themselves to be devoured by the antelope.

The board of county commissioners

of San Miguel county, has appointed the following as delegates to the Sixteenth National Irrigation Congress and Industrial Exposition at Albuquerque this fall: Dr. F. E. Olney, George H. Kunkel, Eugenio Romero, Charles A. Spies and Albino B. Gallegos.

Donald M. Parker who came to Albuquerque several months ago and accepted a position with M. E. Porter, the photographer and Indian artist, is in jail in the Duke City charged with embezzling a considerable amount of money from his employer. Parker admits the charge of embezzlement. It is said.

Rev. J. M. Johnson, pastor of the Congregational church at Gallup, has resigned the charge and will leave shortly for Washington, D. C., to present his application for a chaplaincy in the regular army. Mr. Johnson has numerous friends who have strong political influence who are favorable to him and he has strong hopes of securing the position.

Carlsbad has decided to limit the number of saloons to one to every one thousand inhabitants. A good step, but the putting on of a very high license would have the effect of reducing the dives and making the saloon business more respectable. The bond of a guaranty company would have the effect of keeping out of the business those men who are always in evidence in breaking the laws.

Judgement has been rendered and filed in the district clerk's office in the San Miguel county tax suit against all persons delinquent for the year 1906, and an order of sale has been issued to the treasurer to make the sale of all property upon which there is such delinquent tax together with the penalty, if not paid within the time required by law. A similar judgment has been rendered in regard to the delinquent taxes of Mora county.

A fatal accident occurred at the mining camp of Tyrone, Grant county, a few days ago, which resulted in the death of Frank Truax, a miner. While ascending the main shaft to change shifts, Truax toppled over in the cage. Before his companions could rescue him his head had come in contact with some heavy timbers crushing his skull. The deceased was unmarried and upon advices from relatives in Illinois the body was buried in the cemetery at Tyrone.

Mrs. Emma W. Sheridan brought action for divorce in the district court at Albuquerque this week against her husband, J. J. Sheridan, alleging desertion and drunkenness. Sheridan is a member of the secret service department of the Santa Fe railway. Both parties are well known in Albuquerque where they have resided for many years. The law firm of Medler and Wilkerson appear as counsel for the plaintiff. The defendant has entered an appearance in the case.

Some miserable wretch cut the sinews of the hind leg of George Woodward's fine family horse last week at Melrose. The poor animal is now ruined for life and will have to be killed to relieve it. No man has the language to express his contempt for a person who would ruin an innocent animal to gratify a spite against its owner. Woodward cannot understand what he had ever done to any one to cause them to perpetrate such an outrage upon the poor animal.

A twelve-year-old Mexican boy was taken to Las Cruces from Rincon last Tuesday afternoon and is being held by Sheriff J. R. Lucero. The boy was found wandering in the foothills of Rincon by some cowboys and he was sent to Las Cruces for identification. He refuses to tell of his experience, but gives his name as Patricio Sato. He refuses to tell how he came to be wand-

ering in the foothills and will not tell the authorities where his parents live. He claimed that he had been five days without food when found by the cow men. He is being held at the county jail until his relatives are located.

THE STRENUOUS LIFE.

Pulls So Hard On the Stomach it Must Have Help.

The stress and strain of the strenuous life in both city and country makes stomach troubles. Five people suffer today where one did ten years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Santa Fe and other towns, should use Mio-na stomach tablets. Nothing else is as safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mio-na.

So reliable is Mio-na that The Ireland Pharmacy with every 50-cent box they sell, give a guarantee to refund the money unless the remedy cures.

A Faithful Friend.

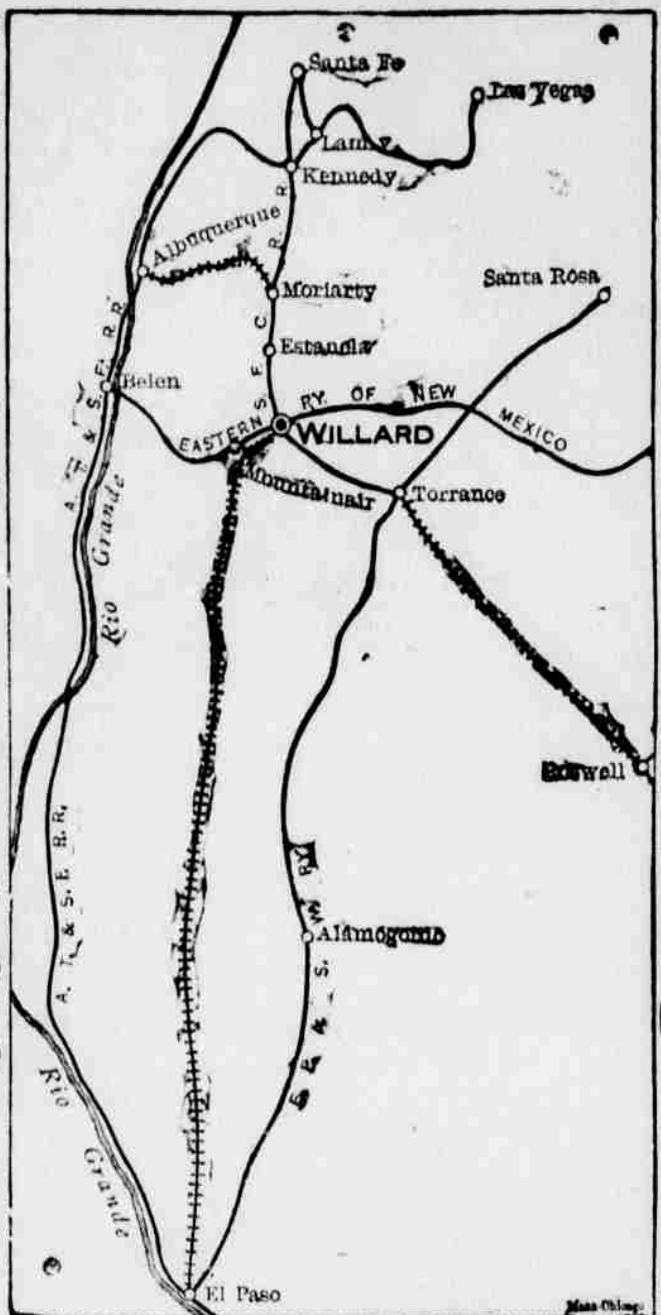

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak for it. For sale by all druggists.

RANGE REASON No. 2

Four-fifths of the service required of a range is the cooking done on the top. In view of this, think of the ADVANTAGE it would be TO YOU IF THE TOP OF YOUR RANGE HAD SOME REAL HONEST MERIT. The lids and cross pieces of

THE MONARCH MALLEABLE RANGES

Are made of the finest Malleable iron. They are polished as brightly as a well-worn steel rail. When first used these turn a deep blue color and thereafter they require no polishing, blacking or rubbing, as ordinary ranges do. These lids and plates will also withstand the effect of the intense heat without burning, cracking or warping, and, since the iron is very close grained in structure, it will heat through much quicker than cast iron. Therefore, a top that will heat more quickly, and conduct more heat rapidly, with less loss of heat WILL SAVE FUEL. It will do more, it will save your range and fire box and lengthen the life of the range.

THE STAY SATISFACTORY RANGE

MALLEABLE TOP—Unbreakable; never warped.

SANTA FE COUNTY TEACHERS' INSTITUTE

Will Convene in High School August 10th, and Continue in Session For Ten Days.

County Superintendent of Schools John V. Conway has issued a circular letter to school teachers notifying them of the time, place of meeting, etc., of the Santa Fe County Teachers' Institute. The letter reads:

"The Santa Fe County Teachers' Institute will convene in the high school room in Santa Fe, Monday morning, August 10th, 1908, and will continue ten days, Sunday excepted, closing on Thursday afternoon.

Sessions.

"There will be two sessions each day as follows: From 9 a. m. to 12 m., and from 2 to 4 p. m., or later if necessary.

Expenses.

"The only expense will be the regular fee of \$2 to be paid upon enrolling. A course of study, outlining the work, will be furnished to each member of the institute.

Text Books.

"Teachers should bring with them any text books which they may have, especially those adopted by the territorial board of education last June.

Examinations.

"Examinations for teachers' certificates will be held on Friday and Saturday following the institute.

Attendance.

"To receive proper credit, teachers must be in attendance every day, or furnish a doctor's certificate for absence on account of sickness. For a person to say that he or she was too busy to attend will not be taken as an excuse. The law must be complied with more strictly than it was years ago.

Conductor.

"Mrs. A. J. Smith of Belen, an efficient and well known teacher in the primary grades of New Mexico schools, has been engaged to conduct the Santa Fe county institute this year. Mrs. Smith bears a fine reputation as an instructress and those interested in school work in the Sunshine Territory and particularly in Santa Fe county, predict a first class institute this year. She has had years of experience in New Mexico and is a scholar of high standing. She will be assisted by excellent talent.

"A full and large attendance is most earnestly desired.

"Very truly yours,

"J. V. CONWAY,"

"County Superintendent."

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Santa Fe Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Santa Fe women know this. Read what one has to say about it: Miss Adela Arlas, living at 108 Griffin street, Santa Fe, N. M., says:

"The use of Doan's Kidney Pills in my case brought quick and thorough relief from kidney trouble, that has bothered me for some time. I suffered from a dull, aching in the small of my back, the attacks always being aggravated by colds. In addition to this I was often distressed by headaches and dizzy spells. My attention was called to Doan's Kidney Pills about three years ago and I procured a box at Ireland's Pharmacy. Their use proved all the claims made for them. Off and on since whenever occasion has required, I have used Doan's Kidney Pills and the quick and positive relief always obtained is what warrants my high appreciation of them."

RATON HAS LIVE COMMERCIAL CLUB

Plans Many Needed Municipal Improvements—Other News of Gate City.

Raton, N. M., Aug. 7.—The Commercial Club is doing some good work for the city. Besides its hard work for the extension of the Scenic Highway from Las Vegas to Raton the club is now boosting for two city parks and a viaduct over the Santa Fe railway to East Raton. The building of a viaduct would be a great benefit to the divided town and the club is receiving much support in its suggested improvements.

The colored population of Raton is large enough to support several congregations for religious services and the A. M. E. church laid the corner stone for a new chapel this week. The ministers from the various churches took part and Rev. William Reece, of the Methodist church, north, preached the sermon.

R. S. Jackson has resigned his position with the Crocker Mercantile company to remove to Des Moines, Iowa, where he will go into business. Thomas Brooks has been offered the position vacated by Mr. Jackson.

CERRILLOS SCENE OF NOTABLE WEDDING

Hundreds Witness Marriage of Miss Caroline Granito and Pedro Ortiz y Pino, Popular Couple.

(Special Correspondence of the New Mexican.)

Cerrillos, N. M., Aug. 7.—One of the most notable society events in Cerrillos in many moons was the marriage here on August first of Miss Caroline Granito, daughter of Rafael Granito, to Pedro Ortiz y Pino, son of Juan Ortiz, of Galisteo. The town was crowded with people from miles around, fully six hundred visitors attending.

The church was prettily decorated for the event. The bride was fashionably dressed in beautiful white silk and carried a huge bunch of roses. She is a beautiful and accomplished young lady and has lived most of her life in Cerrillos, where her father is an old settler, much respected and a successful business man. The groom, with his father and brother, conducts a general mercantile and sheep growing business at Galisteo. The Ortiz family is one of the oldest and wealthiest in the territory. The event was in all probability one of the largest of the kind in the history of Cerrillos on account of the prominence of both families.

A reception, banquet and dance followed the ceremonies and every one who attended reports a jolly time. Many beautiful and valuable presents were received from the hosts of friends of the couple. The bride and groom left on the night train for a trip through Colorado and the East to spend the honeymoon.

I have used it since that time and cured many on our trains, who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and who have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by all druggists.

SPECIAL INDIAN OFFICERS BUSY

J. E. Flanders and A. G. Pollock Vigorously Prosecuting Those Who Sell Liquor to Aborigines.

Special Officers J. E. Flanders and A. G. Pollock of the Indian office, who have been investigating charges concerning the illegal sale of liquor to the Indians on the Southern Ute reservation in southern Colorado and on the Navajo Indian reservation in San Juan county, have returned to the city after a month's sojourn in these sections. The violations of the law in this respect have been decreasing lately on account of the steady and successful prosecutions by the Indian officials which was inaugurated about a year ago.

Joe Martin, of San Juan county, is one of the men under arrest charged with several violations of the statute. He was examined before a justice of the peace and placed under bond of \$1,500 to appear before the grand jury in this district. It is said that he is an old violator. He is an Indian trader and is quite well to do. He has a ranch and trading store and is said to be worth about ten thousand dollars.

Mr. Flanders and Mr. Pollock have been in Denver where they were in consultation with the United States attorney for the district of Colorado as to the prosecution of offenders charged with illegally selling liquor to Indians in the southwestern part of the state of Colorado near the Ute Indian reservation.

A party of Eastern capitalists who are interested in the New Mexico Central railroad into which the Santa Fe Central and the Albuquerque Eastern will be merged on the third of September, reached the city this forenoon for a consultation with President Robt. Law of the road. The party consisted of ex-Lieutenant Governor Walter Lyons, one of the leading citizens and lawyers of Pittsburgh; J. E. Lybrand, a wealthy capitalist and influential railroad promoter of Indianapolis, and A. L. Richmond, one of the chief members of the Ferguson Construction company, one of the greatest contracting and railroad construction firms in the country with headquarters in New York.

After a consultation with President Law the gentlemen called on Governor Curry, with whom they had a pleasant interview and thereafter visited the editorial office of the Daily New Mexican. This afternoon they left on a special train for an inspection trip over the Santa Fe Central Railway. General Manager W. S. Hopewell of the New Mexico Fuel and Iron company, accompanied them.

SAN JUAN WILL BE FOR ANDREWS

Delegates to County Convention From Farmington Precinct For Him—Victory For Roosevelt Club.

(Special Correspondence of the New Mexican.)

Farmington, N. M., Aug. 7.—The Republican primary in Farmington precinct No. 5, was called to order last Saturday afternoon by Precinct Committee A. E. Dustin, shortly after one o'clock and the Republicans present elected a chairman and a secretary. The chairman was L. J. Gower and the secretary, J. Allen Johnson.

The mass meeting then adopted a motion making Mr. Gower a judge of the primary and permitting the faction represented by the Roosevelt Club to name an additional judge, a teller and a challenger and the faction represented by the Taft Club to do likewise. The Roosevelt Club faction named for judge, Edgar Corkins, for teller, U. Missingill for challenger, Frank Staplin. The Taft Club faction named for judge, George E. Allen, for teller, R. J. Davis, for challenger, A. M. Edwards.

On motion the mass meeting then adjourned as such and turned the primary over to the officers thus selected to be conducted by ballot in the same manner as general elections are held. The Roosevelt Club faction placed in the field a ticket containing the names of ten delegates to the county convention pledged to the support of an instructed delegation for Delegate W. H. Andrews. The Taft Club faction placed before the voters a ticket of uninstructed delegates. The polls were kept open until 6 p. m.

The result was a complete victory for the Andrews ticket which was composed of members of the Roosevelt Republican club. Every delegate on this ticket was elected and they are pledged to vote for delegates to be elected at the county convention to be held here tomorrow that will vote for the re-nomination of Delegate Andrews for Congress. The delegates to the county convention from Farmington precinct No. 5, are R. H. McJunkin, Larkin Beck, James A. Duff, John Graham, Joseph J. Ivie, C. H. OFFICIAL MATTERS

Temporary Capital at Albuquerque.

It is understood that Governor George Curry and his office force and Territorial Secretary Nathan Jaffa and his office force will be in Albuquerque during the sessions of the Sixteenth National Irrigation Congress and Industrial Exposition from September 29, to October 10 and that all official business which may occur during the two weeks mentioned will be transacted in the Duke City. This means the temporary removal of the capital from Santa Fe to Albuquerque. This is done for the purpose of enabling Governor Curry and Secretary Jaffa to meet the many senators, representatives, governors, officials and delegates from the various foreign countries who will attend the Congress. Many of these have indicated that they cannot visit Santa Fe and hence Governor Curry has concluded to move his office and the office of the secretary temporarily and for the time being to the Duke City.

S.S.S. CURES OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

OTERO COUNTY CONVENTION.

Continued From Page One.

ringing cheers, following which the names of the proposed delegates to the Santa Fe convention were presented, as follows:

Dr. G. C. Bryan, J. D. Clements, F. C. Rolland, Charles P. Downs, Perry Kearney.

No other names being presented to the convention, the rules were suspended and the above named delegates were elected by acclamation.

On motion of J. D. Clements, the chair then appointed a committee composed of J. D. Clements, W. E. Carmack and D. M. Sutherland to wait upon Judge Edward A. Mann and introduce him to the convention. The Judge appeared amid the enthusiastic and long-continued plaudits of the delegates, and also the large number of on-lookers, and in response to the wishes of the convention, delivered a short but spirited speech. He said he was proud of the support of the Republicans of Otero county; that he, and every voter in the party in this county, were Republicans first, last and all the time; that differences in opinion might at times exist, but when the time for action came the party was always united, always in the forefront for the welfare of the whole people, always to be relied upon to do the best thing for the real advancement of the entire country. He said he would use all honorable means to become the nominee of the Republican party of New Mexico for the office of delegate to Congress, but if the convention decided otherwise he would be one of the first to get into the fight and help elect the duly selected nominee. He spoke briefly, but conclusively, on the statehood question, the news of New Mexico generally, and in all impressed the convention with the fact that it had made no mistake in its resolutions to stand by Judge Mann. The applause was loud and long and the Judge with difficulty delivered his few remarks to the delegates.

It was in every sense of the word a harmonious and enthusiastic convention, the entire business before it being accomplished in about two hours.
