HUNDREDS WILL ATTEND CONVENTION

Palace Hotel to Be Andrews Headquarters—Spies and Mann to Stop at the Claire.

M. S. Groves, chairman of the Republican committee of Eddy county, has telegraphed to Mein Host William Vaughn of the Palace hotel to reserve accommodations for five delegates from that county to the Republican territorial convention on August 18th. Martin Lohman, chairman of the delegation from Dona Ana county, has wired to reserve rooms for eight delegates from Dona Ana county and Delegate Andrews has ordered rooms for the Bernalillo county delegation and also for his headquarters.

Judge Henry L. Waldo of Las Vegas, has also wired for accommodations as he will be here during the convention. It now looks as if from 200 to 250 prominent citizens of the territory and delegates to the convention will spend Monday, Tuesday and Wednesday of next week in this city.

From Las Vegas comes the report that the Spies Republican club of that city, numbering one hundred members is preparing to visit this city during the Republican territorial convention.

A full delegation will be here from Chaves county, numbering eight, and rooms for this delegation have been engaged at the Palace hotel.

Taos, Rio Arriba and San Juan will also be fully represented and there will be over twenty delegates from these three counties.

SPIESS AND MANN HEADQUARTERS AT CLAIRE

The genial manager of the Claire, Thomas P. Gable, said to a representative of the New Mexican today that he wished he had about one hundred additional rooms, as rooms at this hotel are in great demand.

Delegate W. H. Andrews has engaged a suit of three rooms at the Claire for convention week.

Charles A. Spiess, of Las Vegas, who is a candidate for the nomination for delegate, has engaged a suite of three rooms at the Claire as has also Candidate Judge Edward A. Mann of Alamogordo. Both will make their headquarters at this popular hostelry.

Territorial Traveling Auditor C. V. Safford has wired the Claire from Aztec asking the management to reserve rooms for him.

W. E. Martin, of Socorro, has engaged rooms at the Claire and will arrive in Santa Fe Monday.

Chairman H. O. Bursum, of the territorial Republican central committee, has had rooms reserved at the Claire and will make his headquarters at that hostelry.

Among the San Miguel county delegation who have engaged rooms at the Claire are: John S. Clark, District Attorney S. B. Davis and M. M. Padgett, editor of the Optic, all of Las Vegas. Gregory Page and S. E. Aldrich of Gallup will be here next week and have wired for rooms at the Claire.

Treasurer Eugenio Romero of San Miguel county and Felix Esquibel have engaged rooms at the Claire hotel for convention week. They will arrive on Monday.

M. C. Mechem, of Tucumcari, has engaged three rooms at the Claire. Venecio Jaramillo of Rio Arriba county, has engaged rooms at the Claire for the convention.

The Lincoln county delegation will have its headquarters at the Claire. Rooms for the entire delegation have been engaged.

D. Martinez and wife, of Taos will attend the convention and have rooms engaged at the Claire.

O. C. Snow, of Las Cruces, has wired the Claire and engaged a room during the convention.

W. M. Taber of Glorieta, who is a delegate from Santa Fe county to the convention, and Mrs. Taber, will have a room at the Claire during the convention.

ANOTHER CHAPTER ADDED TO GOULD DIVORCE CASE

New York, Aug. 13.—The grand jury today found indictments accusing Mrs. Benjamin Teal, Harry M. Mousley, a private detective, and Julia Fleming, a seamstress, of attempting subornation of perjury in inducing Mable MacCausland to give testimony against Frank Gould in the divorce proceedings brought by Mrs. Gould. All the defendants are at liberty on bail on similar charges made by the district attorney. They will be arraigned in court tomorrow.

PUEBLO INDIANS IN SERIOUS ENCOUNTER

Special to the New Mexican. Bernalillo, N. M., Aug. 13.—Monday evening last a serious fight took place here between two Pueblo Indians, one hitting the other in the face with the butt end of his pistol and inflicting a serious wound. The assailant was arrested and held to appear before the next term of the district court of Sandoval county.

GRATIFIED WITH HITCHCOCK'S WORK

Judge Taft Says No One Could Do Better

HE IS A BORN MANAGER

Vast Amount of Labor Inci- dent to National Campaign Has Been Done

Hot Springs, Va., Aug. 13.—Extreme gratification over the showing towards a perfected organization made yesterday by National Chairman Frank H. Hitchcock was expressed by Judge Taft today.

"Yesterday's conference was really the first business meeting I have had with the national chairman since the organization for the campaign began," said Judge Taft at breakfast this morning. "The amount of work that has been done is surprising, but decidedly satisfactory. We took up one thing after another at one sitting of more than three hours. Throughout there was nothing but the most harmonious and unanimous conclusions reached. Particularly was this the case in the handling of the situation in Ohio. With Mr. Hitchcock's methods I am more than satisfied."

Representative Hepburn, of Iowa, who reached here today, had a conference with Mr. Taft, particularly on the situation in his state where normal political conditions have been disturbed by the death of Senator William B. Allison.

It developed today that Judge Taft during a recent ride, was thrown from his horse but fortunately escaped uninjured. The accident was due to the weak ankles of the horse. Taft is now in the market for another horse, possessing the necessary requirements of weight and strength to carry him.

SENATOR LAFOLLETTE PRAISES W. J. BRYAN

In Address Before Religious Assembly at Lincoln, He Expresses Admiration For Peerless One.

Lincoln, Neb., Aug. 13.—Before an audience of 600 people at the Epworth League Assembly here last night, Senator Robert M. LaFollette of Wisconsin, expressed great admiration and friendship for William Jennings Bryan, but insisted he, himself, was a Republican. The fight against the railroads to secure lower rates and no discriminations, he said, had been started back in the seventies by six Congressmen from Illinois, Iowa and Minnesota. These policies are not the products of the minds of either Bryan or Roosevelt, stated Senator LaFollette.

A man in the audience accused the senator of being a Democrat, but he emphatically denied it. He spoke for some time on the Aldrich-Vreeland currency bill, which he denounced as a vicious measure. After he had read the roll call on this measure, showing that Senator Burkett had voted for it and Senator Brown against it, some one in the audience asked:

"What is the matter with Burkett?" "You will have to decide that for yourself my friends," was the senator's reply. "I simply give facts. You will have to draw your own conclusions."

TERRIBLE DEED OF RELIGIOUS FANATIC

Insane Father Kills Son and Daughter and Then Takes His Own Life—Wife Escapes.

Los Angeles, Calif., Aug. 13.—Insane from a religious mania, H. J. Duffy, aged 60 years, today attacked and killed his son and daughter with an ax and then cut his own throat with a razor, inflicting fatal injuries. He also attempted to kill his wife but she escaped him. Duffy is said to have been on the verge of insanity for several weeks. A few days ago he purchased a lot in a local cemetery, explaining to the sexton that he wanted it for himself, his wife, son and daughter. Three days ago he went to an undertaking establishment and purchased a coffin for himself. Last night he attended a religious meeting and worked himself into a frenzy.

MINE BUILDINGS SAVED FROM FOREST FIRES

Cransbrook, B. C., Aug. 13.—The Sullivan mine buildings near Kimberly, are now safe from the forest fires that have been burning in this district. An area fifteen miles long and four miles wide, has been burned over. The timber loss in the Kootenai district is very heavy.

NEED A MILLION FOR THE CAMPAIGN

Democrats Must Put Up This Much for Bryan

PLANS ARE AGREED UPON

National Committeeman of Each State Must Do the Collecting.

Chicago, Aug. 13.—The Democratic national campaign fund of 1908 will be raised through appeals made to individuals for contributions. Each state under the direction of its national committeeman or the financial representative designated for the purpose, will determine its own method of raising money. This general plan became known today on the arrival of Chairman Norman E. Mack from the Lincoln notification meeting and it is understood to have the entire approval of Colonel Bryan.

The financial committee believes that between \$500,000 and \$1,000,000 will be required to finance the legitimate expenses of the coming Democratic presidential struggle. While no public solicitations have as yet been made by the national committee, contributions from various sources in no small amounts are being received daily at the Chicago headquarters.

Chairman Mack took up the work of organizing the speakers bureau today.

FARMERS CALL ON COLONEL BRYAN

Present Commoner With "Big Stick" Gourd and Campaign Contribution—Latter Tickles Him.

Fairview, Lincoln, Aug. 13.—Several hundred farmers from Otoe county, Nebraska, headed by H. H. Hanks, who came to Lincoln to attend the notification ceremonies, went to Fairview today and presented Colonel Bryan with a "Big Stick" gourd. They also handed him a campaign contribution of fifty dollars, subscribed by fifty-three of their number. In accepting the gourd and contribution Mr. Bryan assured his visitors that if elected to the presidency the "Big Stick" would not be in evidence, believing it was better to control them through love than through fear.

Speaking of the contribution made by the farmers, Bryan said:

"It is significant that you not only pay your own way to attend this notification but in addition make this contribution to the national campaign fund. One of the chief reasons for the delay of reform has been that a few great corporations have been supplying the Republican party with campaign funds and then controlling its policies after election. Our campaign fund is coming from the people and the people will control the administration in case of a Democratic victory this fall. This marks the beginning of a new political era in which the government will really belong to the people and will be administered by the people for their protection and for the advancement of the public welfare."

PRESIDENT INVITED TO NEW ZEALAND

Admiral Sperry Cables Roosevelt of Warm Welcome Extended Fleet—Executive Conveys Thanks.

Oyster Bay, N. Y., Aug. 13.—President Roosevelt has received the following cablegram from Admiral Sperry, commander-in-chief of the Atlantic fleet now at Auckland, New Zealand:

"The government and the people of New Zealand are extending to the fleet a remarkably enthusiastic and cordial reception. The prime minister and other members of the executive council, acting for the people have presented President Roosevelt, through me, a beautiful token and message of admiration and regard for him and his life's work, concluding with an earnest and cordial invitation to him to visit New Zealand."

The President today sent the following reply:

"I am greatly pleased with the telegram. Please convey to the prime minister my hearty thanks and expression of sincere regard, friendship and admiration which the people of this country entertain for the people of New Zealand. Extend my congratulations to the fleet."

\$50,000 LIBEL SUIT MUST GO TO TRIAL

Judge McFie Hands Down Opinion in Case of G. W. Prichard vs. Journal Publishing Company.

In the case of Colonel George W. Prichard against the Journal Publishing company of Albuquerque, for alleged criminal libel, in which the plaintiff asks for \$50,000 damages, Judge John R. McFie today handed down a decision and opinion upon the demurrer of the defendant, contending in substance that the complaint did not make out a case. The complaint contained six different counts or causes of action. The first four are based upon alleged libelous attacks made upon the plaintiff by the defendant in connection with the investigation of the charges against Arthur Treilford, former superintendent of the territorial penitentiary. The court sustains the demurrer as to these causes of action holding in substance that the plaintiff in such investigation did not act as attorney general, but acted practically as an aid to the governor, who in effect conducted the investigation, saying: "The governor right here requested the assistance of any other person, whether he was a lawyer or not but the services rendered would be an act of friendship, not necessary professional."

The fifth statement for a cause of action the court holds good and overrules the demurrer. It is based upon the following language printed in the Journal. "The attorney general (See opinion, page 3, last paragraph close to second line on page 4.) The court holds: 'There is nothing doubtful about the language; it is plainly stated that George W. Prichard, the attorney general of New Mexico has announced that while he was such officer he would prove individual rights of the people and if such existed and would not be governed by the laws of the territory in respect thereto, and that he was above the law.'

The publication of language, the court says, which would have the effect of endangering the official reputation of an officer and which injuriously affects his character and fitness for such official position is defamatory, libelous per se and it is not necessary to allege special damages.

The sixth count is based on a publication alleged to have been made in the Albuquerque Morning Journal as follows: "The paying teller of the New York bank who got away with some \$96,000 did not forget his good breeding at the grand finale, but shook hands all around like a gentleman. There is nothing like being a cheerful grafter. Prichard takes his so awfully graciously, you know."

The demurrer is overruled in substance though a strict interpretation of the innuendo is required. Citing authorities the court defines the word "graft" to be "an irregular means of support; a steal; or swindle; stolen goods; pocket-picking; dishonest gain acquired by private or secret practices, or corrupt agreement especially in positions of trust, as by offering or accepting bribes; 'Grafting, one who grafts; a swindler; dishonest person.'"

The court says: "It would appear therefore that to publish of a person that he is a grafter or takes graft means an attack upon his honesty and integrity as commonly understood. Such a publication if false and malicious as the complaint charges, is libelous per se."

A. B. Reichen of this city, is attorney for the plaintiff and Neil B. Field, of Albuquerque, is attorney for the defendant.

The New Mexican will publish the court's opinion in full in tomorrow's issue.

WRIGHT AEROPLANE MEETS WITH MISHAP

Inventor Tries Something New Which Results in Craft Being Slightly Damaged.

Lemans, France, Aug. 13.—The Wright Brothers aeroplane suffered an accident here this morning which will require several days and possibly a week to repair. After two superb flights, Wilbur Wright essayed a new and daring method. He stopped the motor at a height of 75 feet and made an effort to come to earth on a gradual descending glide. His calculations were not absolutely correct and the left wing of the machine came in contact with the ground, tearing the frame of the machine. Wright was uninjured.

Wright said he did not regard the accident as serious and explained that it was only incidental to gaining experience to acquire complete mastery of aerial navigation. Wright's flight this morning eclipsed all his former efforts. He made complete tours and soared over the tops of the trees. According to the official time he was in the air eight minutes and 53 seconds. He encountered a 15-mile breeze, but in spite of this, displayed greater mastery of the machine than he did in a dead calm.

WORK STARTED ON BIG PROJECT

Arroyo Hondo Irrigation System Taking Shape

TO BE MODEL OF ITS KIND

Will Consist of Series of Reservoirs Built on Natural Sites.

Work has been started in earnest on the preliminary construction of the Arroyo Hondo Irrigation System, six miles south of Santa Fe. The first dam will be built at the mouth of the rugged and picturesque Canon of the Arroyo Hondo, which begins just west of the Santa Fe Trail or Glorieta road, and extends almost to the Galisteo road, a mile east of the Lamy branch of the Santa Fe railway. The location of the first dam is in a natural rock gateway, narrow and almost 130 feet high, at the bottom of which flows the Arroyo Hondo, which at present has a considerable volume of water. Two other dams are to be built, but further up the canon, all three being located at the entrance to natural reservoir sites.

Erect Temporary Buildings.

On the north bluff of the canon gateway, a large frame building has been erected by Corbett and Smythe, the contractors who will build the dam. It will serve as a blacksmith shop and smithy, wagon shed and stable. On the south bluff, several teams with scrapers are at work grading for the abutment of the dam on that side. The dam itself will be 120 feet high and convex with the apex up stream. For seventy feet of this height, the natural rock will serve as an abutment on both sides, while above that, masonry will be constructed. The dam itself will be of concrete and from it will be irrigated several thousand acres of fertile lands extending all the way down to the Santa Fe river. Much of this land is in private ownership but there is also considerable public land under the reservoir and about ten homesteads have been filed upon lately in anticipation of the construction of the irrigation works.

The greatest problem that will have to be contended with is the large amount of silt that comes down the Arroyo Hondo. While this silt will serve as a fertilizer, it will also fill up reservoirs and ditches, unless it can be washed away by means of blow-holes which will be left in the dam and through which the silt is to be forced out of the reservoir by the water. It is five to fifteen feet to bed rock from the surface of the stream.

Site of Dam Beautiful Spot.

The dam is just a few hundred yards below the ruins of the prehistoric Pueblo village, the site of which is owned by ex-Governor L. Bradford Prince and Receiver of the Land office, Fred Muller. This has been in part excavated and interesting relics, such as pottery and stone tools have been taken out, some of which are in the collection of the museum of the Historical Society in the Old Palace. Systematic excavation would undoubtedly bring to light many more relics and remains of the prehistoric age, when large Indian pueblos flourished on the Santa Fe and Arroyo Hondo and Tesuque, within a few miles of Santa Fe. The nearby hills are finely wooded with pinon and cedar giving them a park-like appearance, and with a lake a mile long and half a mile wide, upon the shores of which is located this mysterious prehistoric pueblo, the Arroyo Hondo reservoir will be in the future one of the most attractive picnic spots for Santa Fe people, being as it is only six miles from the Plaza.

Three good roads, including the historic Santa Fe Trail lead to the Hondo from town, besides a number of trails. It is, however, in the fact, that the irrigation facilities will bring farmers to this country directly tributary to Santa Fe, and that it will be producing an abundance of grain and fruit, that the importance of the undertaking to the Capital City lies. This year, splendid crops of corn are being raised between Santa Fe and the Hondo, proving that the land south of Santa Fe, almost 300,000 acres of which are subject to homestead entry, is fully as fertile as that of the Etanacia valley and Quay county, which is attracting new settlers by the thousands. Being nearer to the mountains, this land also has more abundant rainfall, and with crops more suitable than Indian corn and with scientific dry farming, the large area of land now lying just south of Santa Fe, will in the near future produce abundant crops and sustain many families in comfort. The completion of the Arroyo Hondo reservoir will hasten the coming of this new era when Santa Fe will be a rich agricultural community with double its present population and wealth.

SPIESS OR ANDREWS, WHICH?

The challenge made by the Las Vegas Opic and under its lead, the Spiess bureau of publication, to the effect that Mr. Spiess at the polls will prove more popular and a better vote getter than Delegate Andrews is accepted with pleasure.

The Spiess newspapers all concede the ability and honesty of Mr. Andrews. They agree that he has made a splendid record as a public official. Then why not in all justice say, well done, good and faithful servant, receive your merited reward in a renomination?

But these Spiess newspapers say Andrews cannot be elected. That silly charge is their entire stock in trade. Who says he cannot be elected? The friends of Mr. Spiess. Why do they make this charge? Solely to make political capital for the candidate from San Miguel county. The New Mexican takes issue with their statements. It denies that Delegate Andrews cannot be elected. It asserts, if nominated, Mr. Andrews can and will be elected by an overwhelming majority. In fact he will have far greater strength at the polls than Mr. Spiess.

Two years ago, a fake reform governor, Hagerman, and his administration exerted a powerful influence against Mr. Andrews. The administration was against him fighting under cover "tooth and toe nail."

It is not so now, that source of opposition is annihilated and in its place will come the powerful support of Governor George Curry and his political friends and appointees.

The difference between a so-called Republican territorial administration working against Mr. Andrews and a real Republican administration at whose head is a wise and accomplished politician working for him is three thousand votes.

The removal of the fake reform governor lost to the Democrats the main factor which to a great extent lessened the Republican majority of two years ago. Mr. Andrews as a nominated candidate not only gains immensely by the removal of Hagerman but also by the appointment of Governor Curry.

These elements of opposition two years ago do not exist now.

Mr. Andrews has admittedly a splendid record as a public official. He is a politician of great resources derived from long political experience and he has always been a thoroughbred Republican in the front rank of the political battles.

What about Mr. Spiess? There are elements of political weakness that have never yet been discussed and which will not be unless he may be nominated.

True or otherwise, it will be charged against him that he came to New Mexico as a Missouri Democrat, that he held office in New Mexico as a Democrat, and that he changed from a minority party to a majority party to get office.

The New Mexican does not believe this charge, but it will be made and the cry of "turn coat" for office will be howled over the territory early and late by the whole Democratic gang. This is one element of weakness. Mr. Spiess has a public official, in many positions, a long and varied career.

When the Democratic press gang goes into this to find political capital, and begins its charge of rapid firing guns, it is certain then Mr. Spiess will be found immune?

May not the Democratic spell-binders find as much material against Spiess as they can find or have found against Mr. Andrews?

Andrews has been under Democratic fire for four years. He has been on the firing line and Democratic powder has been burned against him.

The campaign charges against him have been proven to be lies and the voters of New Mexico are anxious to give him a vindication. He is more than a thousand votes stronger than Mr. Spiess. The Republican party is not ungrateful. It knows what Mr. Andrews has done. It knows what he again can and will do.

It is time the foolish gabble originated in the interest of Mr. Spiess, that Andrews cannot be elected, should cease. There is nothing in it. The charge is campaign talk in the interest of a rival candidate.

Chairman Norman E. Mack of the Democratic National Committee last week published an interview that the success of a campaign is not entirely dependent on finances and he proves it, too, by showing that in the national elections in which the Democrats had the biggest slush fund, the Republicans had the biggest majorities, and on the few occasions when the Democrats had

hardly enough money to pay for the postage stamps used by the national committee, they elected their candidates or came nearer electing them than in the years of financial plenty. And yet, this week, Mr. Mack makes an impassioned plea for shrews of political war, that is for money and asks the common people to pony up according to their means. Evidently Norman Mack mistrusts the wisdom of his own logic occasionally.

THE IMPORTANCE OF THE 16TH NATIONAL IRRIGATION CONGRESS.

The Sixteenth National Irrigation Congress which will be held in Albuquerque commencing the 29th of September, has received already a great deal of splendid advertising and is getting more and more in the calcium light of public opinion. Many of the leading newspapers of the country have paid and are paying much kind attention and have given and are giving a great deal of well timed notice to the gathering and its great importance.

The Pueblo Chieftain, which has a very large and extended circulation in the Centennial state, republishes a remarkably well written and interesting editorial on the Congress which appeared in the St. Louis Times, one of the biggest and most influential evening newspapers in the great city of St. Louis. Editorials of that kind are worth untold money and will be found so by the officials of the Congress. The right kind of editorials in great newspapers like the Times and Chieftain must and will prove of great value in fixing the attention of many people, especially west of the Missouri river, on the forthcoming Congress and inducing them to attend it. Says the Chieftain:

"The National Irrigation Congress which will meet in Albuquerque on September 29, is already attracting attention throughout the entire country. In the states west of the Missouri river the importance of irrigation and the value of these annual gatherings have long been recognized, but only within the last year or two have the people of the Eastern and Central states come to recognize the necessity for the attention given to this work."

"Referring to the coming Congress the St. Louis Times says: 'An exceptionally important gathering will be the Sixteenth National Irrigation Congress, which will be held at Albuquerque for five days, beginning September 29th. The country has begun to take meetings of this character seriously. They have for their object the saving of the forests, the storing and staying of the floods, the reclamation of the deserts and the making of homes. A large order is this and one of vast importance.'

"The New Mexican Congress aims at the same ends that were sought by the conservation convention called by Mr. Roosevelt several months back. While it seeks, primarily, to further the cause of irrigation, it touches the broad principle that speaks for guarded resources. This and all other meetings of the same character ought to arouse keen interest and have the support of all the people."

"Notwithstanding the rather tardy support given the reclamation work by the people of the country, the government has already accomplished wonders in the arid west in the work of reclamation. Its efforts have been ably seconded by the residents of the arid west and today they find themselves in a position to furnish citizens of the Eastern states with object lessons in the advantages to be secured through irrigation. It appears that these have been necessary to arouse the people to the possibilities of these one-time barren plains."

"Now that they have been awakened it is to be supposed that the work of developing this Western country will be pushed forward at a much more rapid rate."

The Socorro Chieftain thinks that the people of New Mexico know a good thing when they see it and therefore the Republicans will nominate Delegate W. H. Andrews as their candidate for delegate to the Sixty-first Congress and the people will elect him. Remarks the Chieftain:

"Mr. Andrews is steadily and rapidly gaining in popularity and strength. There is no question about it. His nomination on the first ballot, if not by acclamation, is now a moral certainty. The adjustment of Republican factional differences in Bernalillo county makes his election equally a normal certainty. The people of New Mexico are not so slow that they do not know a good thing when they see it."

THIS BLOT ON SANTA FE MUST BE WIPED OUT.

Denver is a wide-open city; the men in charge of its municipal affairs are not squeamish nor do they lean to Pharisaism, yet they would not tolerate conditions in the residence portion of the city as are endured on lower San Francisco street nor far from the Spanish Methodist church and next to the residence of respectable people. This immorality is a blot upon the city's escutcheon that must be wiped out by the authorities and if there are lethargic, then by an aroused public sentiment. How would any member of the city administration like to have such a place next to residence?

U. S. Judge Lewis, who acquired fame by the firm stand he took to justice in recent government coal law fraud prosecutions, at Denver, this week sentenced a white slave procurer to three years in the federal penitentiary besides imposing a fine of \$500. In pronouncing sentence, Judge Lewis said, according to the Denver Republican:

"The American nation will not stand for a continuation of this white-slave traffic. I am going to punish you, not because I have any feeling toward you personally, but because you must be punished as an example to others."

"There does not appear to have been any mistake about the facts as brought out in the evidence," said Judge Lewis. "You took the woman to Silverton and remained over night there, and you must have known that she was in the house of shame. You know how she made the \$60 which she sent you, and you took her to Pueblo and sold her honor in saloons. There can be no extenuation for your crime, and we can never let things go that way in this country."

"We are going to let people of your stamp know that to ply their trade here means punishment."

"William Luke, the old man who runs the dance hall at Silverton, at which the girl was harbored, has been indicted for the offense."

And the New Mexican is certain that New Mexico has judges as firm and as stern when it comes to punishing this particular crime, as has Colorado. It is not long until the next grand jury meets and men and facts will be brought before it that will stamp out public houses of ill repute, if the city administration fails to do its plain duty before that.

A SENSIBLE VIEW BY THE QUAY COUNTY TIMES.

The Quay County Times, a live and progressive paper in the new town of San Jon, in the rapidly growing county of Quay, is published in a section where the population consists of newcomers who have settled there during the past six months. The Times evidently knows whereof it speaks when it places the political situation in its surroundings in the following plain editorial language:

"In this section of New Mexico are many newcomers from various parts of the union who have come to make this their permanent home, a good many Republicans and many Democrats. The latter are not so strenuous in their Democratic opinions as to oppose statehood. They came from the states and want self-government. We believe we are not overrating the situation when we say that in this section the Republican territorial ticket will receive a good majority, especially if Mr. Andrews secures the nomination for delegate; for the people have great confidence in his ability to accomplish things for New Mexico in the Sixty-first Congress. He is the friend of the common people, and every Republican voter should see to it that men who will stand by their constituents be sent to the county and territorial conventions."

HUBBELL WILL ACCEPT RESULT

Frank A. Hubbell, who for many years was chairman of the Republican central committee of Bernalillo county, made a strong and persistent fight to remain in power. He was beaten Monday last in the primaries, but went down with colors flying, and his line of supporters stoutly and strongly against the opposition. Mr. Hubbell knows full well that the majority rules and that this is the doctrine upon which government of the United States is based as well as all parties that are in it. His opponents in the Republican party were stronger and more numerous than his supporters. Both sides made an aggressive and splendid fight and the majority won. The New Mexican fully believes and that sincerely that Mr. Hubbell will accept the result and that he and his friends will support the Republican nominee for delegate, the legislative candidates and those for county offices. This means a Republican majority of at least two thousand in Bernalillo county and the success of the party in the territory. Bernalillo county Republicans will again become influential and strong in party management and in territorial affairs. The fight the New Mexican believes is over and all is well that ends well.

The Republican state convention of Colorado will meet at Denver on September 12, and as Colorado is no longer a doubtful state, it will nominate the successful state ticket. Colorado Republicans evidently believe in large conventions for there will be 1,105 delegates, and as many alternates. And why not? The larger the number of delegates, the nearer a convention gets to the people, and the more honors can be passed around to the workers. It is a policy that New Mexico Republicans should keep in mind. A political convention should be as large as can be conveniently wielded.

NEW MEXICO REPORTS VOLUME NUMBER 13

Just issued From Press of New Mexican Printing Company—Essential to Every Attorney.

Volume 13, of the reports of cases argued and determined in the supreme court of New Mexico is now ready for distribution among the members of the bar. No law library in New Mexico is complete without it and to the practicing attorney it is absolutely necessary. Justices of the peace, U. S. commissioners, court officials and all others who are interested in the interpretation of the law, especially the New Mexico law, by the highest court of the territory, should have the volume at their elbow. It is compiled by Judge A. J. Abbott, the supreme court reporter, and federal attorney for the Pueblo Indians, and his experience on the bench, as practicing attorney and as the author of previous volumes of Reports, assures that volume 13 has been carefully edited and indexed. The typographical work and binding is by the New Mexican Printing company which is being complimented upon the fact that it is the best printed and best bound volume of New Mexico Reports thus far issued. The price per volume, \$2.70, is lower than that of any previous volume. To this 30 cents should be added for postage, if volume is ordered by mail. The edition is limited and orders will be filled in the sequence of their receipt.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 4 p. m., the same day. For further particulars address:

Are You on Good Terms With Your Stomach?

Treat it right—its your best friend. Abuse it—and you'll find there's a limit. When the limit is reached, the stomach must rest. Kodol rests it.

That is what Kodol is for. The stomach cannot stop work; if it did you would stop existing. It cannot even take a vacation and "rest up"—except when it has Kodol to assist it.

Very likely you never gave a thought to how hard your stomach works. Most people don't until they have to. Sometimes, though, it costs less to do a little thinking before one has to.

Even the galley-slave of the ancients rested—at intervals. But the stomach of modern man works harder than the galley-slave, and it never rests—of itself.

Kodol, of course, will rest the stomach, but that is something nature didn't provide for. If people now-a-days lived the way nature intended, it wouldn't have been necessary to provide for it. But they don't that's the trouble.

Better keep on good terms with your stomach, if you can. Your health depends absolutely upon the perfect performance of the stomach's functions. Ever think of that—or why it is true?

The human body is composed of certain chemical elements. These are combined to form substances such as fat, protein, carbohydrates, mineral matter and water.

The food we eat is composed of exactly these elements. The stomach must disintegrate this food and correctly apportion it to the needs of the system. Looks like a lot of work for the stomach, doesn't it? No wonder it occasionally needs Kodol to help it do this.

The person who has the kind of a stomach that can do its own work continuously, without assistance has a good deal to be thankful for. Most people haven't that kind. That is why they require Kodol.

Kodol will do all the stomach's work for it, when necessary—giving it a period of complete rest. The rest that restores health. That's how Kodol cures indigestion—which is merely a good digestion "gone wrong."

People used to think that when they had indigestion they should stop eating or limit themselves to a prescribed diet. Others commenced purging with cathartics. All that is very disagreeable and unpleasant. Also, it isn't necessary.

Starvation or purging doesn't cure anything. Kodol doesn't cure anything either—but shows nature the right road, in short order. Kodol merely establishes complete and perfect digestion. It does this by digesting every particle of the food. The stomach then rests and cures itself. That is what was intended when Kodol was made. It couldn't be any other way.

Kodol is quite indispensable to a good many persons. To all, in fact, who haven't time in their daily lives for a careful selection of foods and diet. It very quickly enables nature to rectify any disagreeable effects of wrong eating.

Our Guarantee

Go to your druggist today and get a dollar bottle. We will then repay the druggist. This offer applies to the large bottle and to but one in a family. Every druggist knows our guarantee is good.

The dollar bottle contains 24 times as much as the fifty cent bottle. Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

TERRITORIAL NEWS NOTES

According to recent reports the post-office receipts at Las Vegas show an increase of twenty per cent during the month of July.

Messrs Howard and Worrel, who have been running the electric light plant at San Marcial for one month on trial, report their venture a financial success.

The late rains have revived the grass and most of Quay county looks like a wheat field. W. D. Bennett of San Jon says that valley will have more forage crops than last year and that there is going to be an abundance for every necessity.

Rice Johnson formerly porter at the Grand Central hotel at Roswell, died in that city a few days ago, death resulting from self-inflicted wounds made by slashing his throat and wrists with a razor and pocket knife. He is believed to have been demented.

Claude De Moss was arrested at Queen last week charged with obtaining goods under false pretenses. He purchased a saddle giving as part payment an order for \$25 on Aubrey Gist, but the latter refused to honor the draft and the arrest of De Moss followed.

W. B. Clark was found unconscious in his pasture near San Jon last week. He was riding one horse and driving the other when either the horse stumbled or was frightened and threw him, rendering him senseless for a time. As

a result he has a very lame shoulder and a bad cut on his face.

Fifty-four thousand dollars in money is quite a sum. This is the amount that the Benson pool of Carlisbad received for cattle shipped during the past few weeks. The Benson pool consists of the Benson Brothers, V. H. Lusk and son, G. M. Pendleton and a few other stock owners.

The Rio Grande has had another rise near El Paso, Texas, since the recent rains. The measurement taken showed a rise of over a foot Monday evening, but immigration officials who were on duty at the Santa Fe bridge station say that the water had risen considerably higher than this at midnight and receded before sunrise.

A man brought into Las Vegas last week from the little town of Conchas, two teeth and the knee-cap of a mastodon. These bones were dug from the ground near that place. They were found buried under seven feet of soil. It is believed that there are others that can be unearthed in the same locality and further investigations will be made.

J. M. Griggs this week brought one-half dozen stalks of corn to the Tucumcari News office, each stalk having two ears of well filled corn. Mr. Griggs told the News that not a drop of rain fell on his corn from April 18 to July 26, a period of ninety days, but said he, "I follow the Campbell system." I plow early and deep and I cultivate shallow and often and this corn is the result."

August time tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative improvement will be noticed. Of course, full health will not immediately return. The gain however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, heart and kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by The Ireland Pharmacy.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak for it. For sale by all druggists.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. Sold at the Ireland's Pharmacy.

PERSONAL MENTION

Miss Alexia Durant of Cowles, is registered at the Palace. She came to the city to visit friends.

Attorney E. L. Medler of Albuquerque has gone to the Jemez Hot Springs for a month's visit.

F. Fresco, a ranchero near Taos, was among today's arrivals in the city. He registered at the Coronado hotel.

R. S. Ballou of Moriarty, registered at the Normandie hotel last night. He came to the city on personal business.

President Robt. Law of the Santa Fe Central Railway has returned from an inspection trip over the lines of the road.

Dr. Moore and daughter, of Stanley, arrived in the city last evening on personal business. They had a room at the Coronado.

W. B. Hermes of Moriarty, was in the city today and had his name on the Normandie hotel register. Personal business brought him here.

Max Nordhaus, vice-president and general manager of the Hfield Mercantile company at Las Vegas, spent yesterday in Albuquerque on commercial affairs.

Gregorio Griego, a well-to-do farmer and well known citizen of Penasco, in Taos county, is a guest at the Normandie hotel. He came here on business.

J. F. Walker, of the Madrid mining camp in south Santa Fe county, arrived in the city last evening on mining business. He was registered at the Palace hotel.

George E. Ellis, a former resident of this city and now in the hotel business in Albuquerque, spent the day in Santa Fe interviewing friends. Mr. Ellis has considerable real estate here.

P. H. Knowlton, representing the Carpenter-Rice Paper corporation of Denver, spent the day here on business. He is a guest at the Claire. Mr. Knowlton finds business in his line improving.

John W. Sullivan, superintendent of the properties of the New Mexico Fuel and Iron company at Hagan, spent yesterday in Albuquerque. Mr. Sullivan has proven himself a reliable and competent superintendent.

Clarence Pierce, who has been employed for several years as clerk for the Seligman Brothers company, is in San Francisco on his vacation. The young man writes friends that he is enjoying himself greatly.

E. C. Knapp, attorney-at-law at Mountainair, was in Albuquerque yesterday on business. Mr. Knapp states that the people of that pretty little mountain town have made all arrangements for the success of the Chautauque, which will be held there in a few days.

Land Commissioner Robert P. Ervien returned last night from a several days' business trip to Clayton, the beautiful county seat of Union county. He says considering that the rains have not been as plentiful in Union county as elsewhere this summer the crops are looking fairly well.

Word was received in the Capital today that Judge Edward A. Mann of Alamogordo, and the Otero county delegation to the Republican territorial convention will arrive in Santa Fe over the Santa Fe Central Railway on Sunday evening. They will make the trip in a special Pullman, which has been engaged for the occasion.

Dr. and Mrs. James A. Rolls and Dr. and Mrs. H. M. Smith, of Las Vegas, who have been enjoying a several weeks' sojourn at Santa Catalina Island, across the bay from Los Angeles, have returned. They enjoyed their trip immensely. Dr. Smith acquired fame as a fisherman while away, having caught a 240-pound black sea bass.

Attorney Jesse G. Northcutt of Trinidad, Colorado, is in the city and has a room at the Claire hotel. He is general counsel for the Yankee Fuel company of Raton and came to the city on legal business. While in the city he called on Governor Curry and other officials at the Capitol. He will return to Trinidad this evening.

Archbishop Coadjutor J. B. Pitaval of Santa Fe, who was the guest of Rev. Father Paul Gilberton, pastor of the church of Our Lady of Sorrows in Las Vegas, has gone to Watrous, where he will make a pastoral visit. He expects to return to Las Vegas Saturday, and will officiate in the services of the church there Sunday morning.

William McIntosh, the Torrance county sheep raiser, is in Albuquerque on business. He feels good over the recent rains and water conditions and the ten thousand sheep he has grazing in the western part of that county are in fine shape. Considerable rain has fallen of late there and this has placed range and water supplies in good condition.

W. F. Tallant, of Portales, county surveyor of Roosevelt county, is in the city for the purpose of examining field notes and plats of the townships in his county with a view to making copies of the same for the use of his office.

A careful wife will always keep supplied with **BALLARD'S SNOW LINIMENT**

CURES COUGHS AND COLDS.

Hyomei Gives Relief in 10 Minutes—Cures Over Night.

Everybody knows, or ought to know that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose and throat will instantly allay the inflammation, and will effect a prompt cure.

Complete Hyomei outfit, including inhaler, costs only \$1.00 at The Ireland's Pharmacy, extra bottles, if afterwards needed, will cost but 50 cents.

Joseph M. Harbaugh, Heldredge, Neb., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."

NOTICE.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life; and these dimes and nickels will grow into a good large sum. The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.
Making you free to do as you wish.
Making you and your family happy and contented.

MINOR CITY TOPICS

Weather forecast for New Mexico: Showers tonight or Friday, with stationary temperature.

Santa Fe Lodge No. 460, B. P. O. E. Elks, held a well attended meeting at its lodge rooms last night.

The hotel arrivals in this city yesterday numbered thirty-six, namely, Palace, ten; Claire, fourteen; Normandie, eight; Coronado, four.

For sale, a mare about five years old, gentle and safe animal, with good man's saddle and bridle. Will be sold cheap. Apply the editorial office of the Daily New Mexican.

This evening La Banda de Santa Fe will give an open air concert in the Plaza. The band renders good music and as a rule those who have heard one concert, come out to hear another.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting at Odd Fellows hall this evening on lower San Francisco street. Visiting Odd Fellows are cordially invited to be present.

The following visitors to the rooms of the New Mexico Historical Society registered yesterday: M. S. Austin, G. Magerito, both of Minneapolis, Minnesota; C. L. Klein, of Chicago; Hugo G. de Froth, J. C. Parsons, both of New York City; Della J. Sisler, of Emporia, Kansas.

Yesterday was a beautiful day, the maximum temperature being 78 degrees and the minimum temperature 51 degrees. The average relative humidity for the day was 54 per cent. The lowest temperature during last night was 60 degrees and the temperature at 6 a. m. today was 60 degrees.

Dr. W. G. Shadrach of Drs. Shadrach and Tull, of Albuquerque, New Mexico, will be in Santa Fe August 17 at the Claire hotel and remain for ten or fifteen days for the purpose of doing any eye, ear, nose and throat work and fitting glasses. He will make regular visits to Santa Fe in the future, every two months, thus enabling him to handle chronic diseases. Office hours 9 to 12 a. m. and 1:30 to 4 p. m. Evenings by appointment. Referring you to any physician of standing in the territory.

Amado Gutierrez, manager of La Banda de Santa Fe, says that a flattering offer has been made to Professor Ramirez by the Duke City band of Albuquerque to act as leader and musical director of that organization and he says the people of Santa Fe should help the local band more generously that it may be able to hold Professor Ramirez in the Capital City. It is up to the people now. Santa Fe has one of the best musical organizations in New Mexico and since Professor Ramirez came here and took charge of the band it has improved a great deal.

Chaplain C. C. Bateman who will lecture at the Presbyterian church in this city on Friday evening, August 21, will have for his subject: "The Philippine Islands; Their People and Prospects." The lecture will be under the auspices of the Woman's Aid Society and an admission fee of 25 cents will be charged for adults and 15 cents for children to this interesting lecture. Chaplain Bateman is a good speaker and as he has spent several years in the Philippines he can tell just exactly what the conditions there are. The lecture will be demonstrated by means of a map of the Islands in colors.

Chronic Diarrhoea Relieved.
Mr. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack on the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and who have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by all druggists.

CATHOLIC LAWS ARE MODIFIED

Changes to Go Into Effect on November 3, This Year—America Reduced to the Canon Law.

On November 3 of this year by order of its author, Pope Plus X, the new apostolic constitution on the Roman Curia, will go into effect throughout all lands where the Roman Catholic church has a foothold.

To Americans special interest lies in the fact that the United States, Canada, England, Scotland, Ireland, Holland and the diocese of Luxembourg, hitherto known as missionary countries, are taken from the congregation for the propagation of the faith, or propaganda and reduced to the common or canon law, against which Martin Luther rebelled and which caused the religious reformation of Europe, involved, of course, with political reasons.

There is a great deal of mystery and speculation upon this provision of the new constitution, which comes with a codification of the canon law under direction of Pope Plus X.

The priesthood has in accordance with its well established policy kept quiet. Catholic publications in this country and elsewhere are making no comments whatever upon the new constitution.

At any rate it will effect ten million people in this country alone and is an international question of vital importance if it indicates change of any nature.

HAPPY RESULTS.

Made Many Santa Fe Residents Enthusiastic.

No wonder scores of Santa Fe citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Santa Fe by Doan's Kidney Pills.

Pasquale Yanni, living on College St., Santa Fe, N. M., says: "Some four years ago I gave a testimonial touching on the merits of Doan's Kidney Pills. I then stated that this remedy procured at Ireland's Pharmacy had positively relieved me of pain in the back, which had troubled me for some time. My trouble was aggravated by sitting at the bench and being in a stooped position, and on some occasions I was in misery. The claims made by Doan's Kidney Pills were positively carried out in my case, for not only did they give strength to the kidneys, thus freeing me from the backache, but they effected a cure that has been permanent up to this time."

FOREST RECEIPTS

TOTAL \$40,000

Under Increased Percentage New Mexico Will Receive a Much Larger Amount From This Source.

The sum of \$40,000 will be at the disposal of the next legislature for schools and public roads in the counties where national forests are situated. Chief Forester Gifford Pinchot has announced that of the twenty-five per cent due the territory from grazing fees under the new apportionment that New Mexico's share will be \$25,000, which sum has been placed to the credit of the territory. With the previous receipts from this source, amounting to \$15,000 the total amount that will be divided between the schools and roads where this money was collected will total \$40,000.

Up until a few months ago the territory received but ten per cent of the grazing fees collected by the government and the amounts received from this source were not so large, but since the new law was passed giving twenty-five per cent of the fees collected, the amounts to be received by the various counties affected in New Mexico will be a big boost for the schools and public roads.

Diarrhea Cured.

"My father for years has been troubled with diarrhea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle, of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured me and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by all druggists.

URGES LARGE ATTENDANCE AT IRRIGATION CONGRESS

Governor George Curry has addressed the commercial organizations in every town and city in New Mexico asking their co-operation in making New Mexico's attendance at the Sixteenth National Irrigation Congress and International Exhibit as large as possible. The governor in the letter that he has mailed asks members of commercial clubs and boards of trade to be represented at the Congress, besides the delegates that each organization is entitled to seat at the Congress.

No one is immune from kidney trouble, so just remember that Foley's Kidney Remedy will stop the irregularities and cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Sold at the Ireland's Pharmacy.

CAPITALISTS INSPECT ROUTE FOR EASTERN

Colonel W. S. Hopewell and Party Take Automobile Trip Over Proposed Line.

Albuquerque, N. M., Aug. 13.—Colonel W. S. Hopewell and party of Eastern capitalists, who were here this week on business connected with the early construction of the Albuquerque Eastern Railway, spent Monday and Tuesday inspecting the survey for the proposed line through Tijeras canyon. They made the trip in automobiles and ascended to the top of the mountain pass.

A. L. Richmond, of the Metropolitan National Bank of Pittsburg, who is interested in the reorganization of the Santa Fe Central and Albuquerque Eastern roads and who was one of the auto party, after the trip stated that he was favorably impressed with the Albuquerque Eastern proposition. He said it looked to him like the most profitable part of the merged Central and Eastern. He said that the Tijeras canyon route was a very heavy grade and meant the expenditure of a million dollars in construction, but would undoubtedly make the rest of the Central pay. Mr. Richardson said that the Hagan branch would be built immediately. The branch will be nineteen miles long and will be completed within four months. The construction of the Eastern into Albuquerque will follow.

Last night an informal reception was tendered the Pittsburgers at the Commercial Club. Ex-Governor Lyon left on the eastbound Limited for Pittsburg, while A. L. Richmond and J. E. Lybrand, accompanied by Robt. Law, president of the Santa Fe Central, and Colonel Hopewell, left this morning for Santa Fe, from where Messrs. Richmond and Lybrand will return East.
