On Jan. 28, government spokespersons told reporters that the remains of Bernard Michel Ferdinand Bereaud and Marie Antoinette Lucie Denisse had been positively identified after exhumation of grave sites at a public cemetery. The victims were tortured and killed in late December. The corpses were discovered days later, but were buried in the public cemetery when no one turned up at morgue to identify them. [See CAU 01/24/92 for previous coverage.] The spokespersons indicated that the bodies would be shipped to France for burial. On Jan. 29, police spokespersons said that French nationals Jean Phillipe Baul Bernard and Phillipe Lucien Andre Biret were arrested in connection with the murders. Baul Bereaud is Bernard Bereaud's cousin, and managed one of the restaurants owned by Bereaud and Perriard. (Basic data from ACAN-EFE, Agence France-Presse, 01/28/92, 01/29/92)
